Annual Donley County Steer Show Friday

Donley County 4-H Club members are putting finishing touches on their steers in preparation for the annual Donley County Steer Show Friday, December 31st at the Donley County Fair grounds.

The steers are to be in place by 10 a.m. Friday and the judging will start at 1 p.m. with Don Reeves of Warren Hereford Ranch, Canyon, doing the placing.

4-H Club members who will be showing animals in the show include: Henry and John Hermesmyer, four Hereford steers, one Angus steer and one Hereford heifer; Mike, Janie and Scott Martin, three Hereford steers; James Edward Potts and Gary McFall, one Hereford steer each.

This show is made possible each year by various business people of Clarendon and other individuals who contribute the premium money, stated Ronald Gooch, County Agent.

Everyone is invited to attend the judging of the steers and give your support to these young boys and girls, he added.

HIGH SCHOOL CAGERS BACK TO ACTION

As far as basketball is concerned, the holidays are over for the High School boys and girls teams as they get back in action Thursday night against Groom with the first game scheduled for 7 p.m.

Friday night, both teams journey to Hedley for games beginning at 7 p.m. and then entertain the Quail teams here Tuesday night at 7 p.m.

Coach Carl Irlbeck reported both teams in good shape for the contest and a good season standing so far with the Boys holding a 13-1 record and the girls a 10-4 record.

See these games and give our local teams your support. It helps a lot to know you are for them all the way.

1965 Building Permits Total Over \$82,000

Building permits for 1965 in Clarendon totaled \$82,600 according to information released Wednesday by the City and the Chamber of Commerce.

The largest single permit was issued to Christopher Associates of Amarillo for the construction of a brick veneer house for J. T. Moreland, for \$20,000 and the largest business permit was for \$15,000 for B. H. Higgins of Amarillo for the construction of an office building south of the post office.

The smallest permit was issued for \$600 to remodel a house by G. V. Mann.

The total does not show the complete picture however, as several pre-fab houses have been moved into Clarendon and a building permit is not required on them.

In 1964 building permits totaled \$175,184 which was \$93,184 more than the 1965 total.

1965 MOISTURE TOTAL EXCEEDS 1964

According to the records of our official weather observer, Clarendon has exceeded the 1964 moisture total so far by .37 inch with a total for 1965 of 19.38 inches as compared with 19.01 last year.

The current December total so far is .61 with two days to go. The December total last year was 1.22 inches. The average for December is .86 inch. The 30 year average for yearly moisture for Clarendon is 22.02 so we are winding up the year with a 2.64 deficit.

The lowest temperature for December has been 21 degrees on the 1st and 19th. The low high temperature was 34 degrees on the 27th.

Mrs. Faye Scoggins of Phoenix, Arizona spent the Christmas holidays with her daughters and their families, Mr. and Mrs. G. W. Estlack of Clarendon, and Mr. and Mrs. L. T. Whitlock of Amarillo.

Place A Value On Your Vote Today

(Editorial)

When an election comes up on some political candidate it's easy to fail to make it to the polls but when an issue comes up which means extra dollars in your pocket or bank account it's time for you to be more concerned and be sure your ballot is counted.

Your vote today, Thursday, December 30th, for the 60 cents college tax will mean money to you for that's 25 cents under the old 85 cent rate per \$100 valuation.

Some people have circulated the idea that if the issue is voted down, then there would be no money coming in and the college would fold. This or any other circulated rumor is untrue for there would be a tax and most likely, it would be at the old rate of 85 cents.

The college regents don't want the 85 cent tax rate any more than you or I when they feel that the 60 cent rate will get them by.

It all makes money sense for you to go to the Youth Center building in Clarendon today and vote for the lower rate. A laxity on your part could mean an additional expense if the issue fails.

Saturday, January 1st Is Closing Date

Saturday, January 1st, (New Years Day) is one of the Chamber of Commerce closing dates for Clarendon business firms and a majority of Clarendon merchants plan to take the day off so they and their employees may enjoy another long holiday week end and the big football games featured on TV New Year's Day

Plan to make your purchases for the week end early so no one will be inconvenienced.

Graveside Services Held Wednesday For W. W. Crawford

Funeral services for W. W. Crawford, former long-time resident, were held at Sweetwater Tuesday and Graveside services were held in Citizens Cemetery here Wednesday afternoon with Rev. Bob Ely, pastor of First Methodist Church, officiating. Local arrangements were under the direction of Murphy Funeral Home.

Mr. Crawford, 83, died Monday at Sweetwater where he has been making his home the past few years with a daughter, Mrs. Maude Carpenter. He was a retired painter and was a long time resident of Clarendon.

He is survived by two daughters, Mrs. Maude Carpenter and Mrs. Nina Gates of Dallas.

TANNER MAKES ANNUAL VISIT TO DONLEY CO.

Mr. and Mrs. Ben Tanner of Gustine, Calif. were Lelia Lake and Clarendon visitors Sunday and Monday after spending the Christmas holidays with relatives and friends in Amarillo. They left Monday to visit relatives in Oklahoma.

Mr. Tanner manages a large English Walnut farm at Gustine. He reported the Walnut crop on the farm he manages approximately 50 tons short of average but the quality was excellent. We can verify the quality as Ben left us a big bag of the delicious nuts when he visited the Leader office Monday.

Services Today For Miss Etta Harned

Funeral services will be held today at 2:30 p.m. for Miss Etta Harned, who died Wednesday morning in Adair Hospital, at the First Methodist Church with Rev. Bob Ely officiating. Burial will be in Citizens Cemetery with Murphy Funeral Home in charge of arrangements.

Miss Harned, 76, has been a resident of Clarendon since 1913 and operated a Millinery Shop here with her sister until 1929. Her sister, Ida, preceded her in death in January of 1959.

She is survived by a cousin, Mrs. Opal Gray of State College, Penn.

Last Rites Held Monday For Mrs. Vera James

Last rites in memory of Mrs. Vera Maude James, 66, a resident of Clarendon since 1959, were held Monday afternoon at the Friona First Methodist Church. The Rev. Russell McAnally, pastor, officiated. Burial was in Rowe Cemetery.

Mrs. James died Saturday in Adair Hospital after an illness of more than a year. She was born at Bayard, Iowa and at an early age moved with her family to Hereford. She was married to Charles M. James in 1919. They lived at Bigsquare near Lazbuddie until moving to Clarendon.

Surviving are her husband, four daughters, two sons, a sister, two brothers, 11 grandchildren, and three great grandchildren. Local arrangements were under the direction of Murphy Funeral Home.

ASC-SCS OFFICES TO HOLD OPEN HOUSE

ASC and SCS Offices will hold Open House at their new home, the building just directly south of the Post Office, all day Wednesday, January 5th. The public is invited to come in and inspect all of the facilities and housing. One of the employees will be on hand to give each and everyone a personal guided tour through the offices.

The invitation is extended everyone whether you do business there regularly or not.

Harlem Stars To Play Here Saturday Night

One of the more outstanding Negro all star basketball teams will invade Bulldog Gym for a game that promises to give Clarendon cage fans a rare treat.

The Harlem Stars headed by one-armed ace Boid Buie, will meet the Clarendon College Exes at 8 p.m. on January 1. Buie formed his all star team several years ago and they have toured the world performing before thousands of fans.

Buie has installed into his charges a style of basketball that will instruct as well as entertain. The members of the team are truly professional basketball men and many of them could be playing in the National Basketball Association if they wished, but they prefer to be the gypsies of the cage world.

Buie, pronounced "Bowie", answers the question of whether a one-armed person can play basketball or not. Injured in an accident in his youth, Buie devoted as much time as he could to the art of dribbling and making one handed passes. He practiced enough that he is now considered an expert in field goal shooting. Rarely does a game go by when he doesn't score at least 15-20 points.

It won't be all serious basketball however, as the team will probably devote 75 per cent of the time to comedy routines.

If you go to be entertained or impressed, you won't be disappointed at tip-off time Saturday.

Tickets will be sold at the gate for \$1.00 for students and \$1.50 for adults. Children will be admitted for \$.50. Proceeds will go to the Bulldog Athletic Fund.

Hedley Services Held For Nathan C. Willis

Nathan Clark Willis, 68, a resident of Hedley for 39 years, died Sunday at his home in Hedley.

Funeral services were held Monday afternoon at the Hedley Baptist Church with the Rev. Bob Estes, pastor, and the Rev. Wilton Lynn, pastor of the Hedley Methodist Church, officiating. Burial was in Rowe Cemetery.

Mr. Willis was born in Newton County, Mississippi and was a road construction worker. He was a member of the Hedley Baptist Church.

Survivors include brothers: Rube of Dalhart and Herbert of Weed, Calif.; and sisters, Mrs. Bert Stone and Mrs. Herman Kirkpatrick of Hedley.

Winners In Home Decoration Contest Announced

Winners in the Home Decoration contests sponsored by the Jaycee-Ettes were decided the evening of December 23rd. Competition was great and decisions were not easy ones to make.

Freddie and Ronnie McAnear were judged first place winners in the overall lighting contest. Their lighting was indeed beautiful and a tremendous amount of time was spent in securing the greenery and arranging the lighting. The Gary Barnhills and William O. Moores received honorable mention in this division.

Beverly Edgett was awarded the first place plaque in the Best Window and Door decoration. Her entry was that of the Three Wise Men. These figures were handmade by Mrs. Edgett and with the lighting provided a very unusual decor. The O. C. Watsons and Thomas Perkins received honorable mention. In the Watson window was a handmade angel with lighting and in the Perkins window was a beautifully decorated tree made to appear as though it were a picture.

Mrs. Delbert Robertson, chairman of the contest, on behalf of the Jaycee-Ettes expressed appreciation to all of those who called and entered the contest. Our town was one of the most beautifully decorated in the area. Many put in several long hours of hard work to make this possible. All of these lovely decorations helped make the holiday season a joyous one.

HOSPITAL NOTES

Patients as of Wed., Dec. 29—Ralph Keys, George Green, Tom Tucker, Mrs. Ruby Jordan, Mrs. A. T. Cole, Mrs. Della Broadstreet, and Harvey Jones.

Dismissals — Leo Smith, Mrs. C. J. Talley, Mrs. W. R. Harris, Donald Ray Fuller and Bob Anderson.

Today is the day for Donley County voters to go to the polls to set the tax rate for Clarendon Junior College. There is only one voting place in the county and that is at the Youth Center west of the Post Office in Clarendon. Polls open at 8 a.m. and close at 7 p.m.

The ballot reads: For or Against —Maintenance Tax at not to exceed the rate of 60 cents per one hundred dollar valuation.

If you are in favor of lowering the tax rate from 85 cents to 60 cents, then scratch through the against, leaving the FOR.

A good vote turnout is expected as a majority of people are in favor of lowering their taxes any way they can and this is the best way at the present time.

Those eligible to vote in this election are all qualified voters of Donley County WHO HAVE PROPERTY RENDERED AT THE DONLEY COUNTY TAX OFFICE.

Martin Services Held At Wellington

Funeral services have been set for 10 a.m. this morning in the First Methodist Church in Wellington for William E. Martin with Rev. Ellis Todd, pastor, and Rev. Davis B. Edens, pastor of the Denver City Methodist Church officiating.

Mr. Martin, 51, who lived in Wellington 25 years until he moved to Clarendon a year ago, died Monday in Adair Hospital. He was a farmer and a member of the Methodist Church.

Survivors include his wife, Lena; daughters, Mrs. Theda Wright of El Paso and Miss Mary Martin of Clarendon; a son, Boone of Amarillo; his father, George Martin of Grand Junction, Colo.; sisters, Mrs. Russell Stands of Hillsboro, Oregon and Mrs. Lucy Dixon of Chula Vista, Calif.; brothers, Kenneth of Pocatello, Idaho and Edward E. of Kettleman City, Calif.; and one granddaughter.

Burial will be in North Wellington Cemetery. Local arrangements were under the direction of Murphy Funeral Home.

Leader Local Rate — \$3.50 a Year.

Mrs. Tennie Mosley had five of her children home for Christmas Day. Present for the day were Mr. and Mrs. Clayton Mann, Mr. and Mrs. Monte Mann, Mr. and Mrs. Gene McBride and children of Edmond, Okla., Mr. and Mrs. C. T. McBride and sons of Amarillo; Mr. and Mrs. Harold McGinnis and Dale, Mr. and Mrs. A. J. Lundgreen, all of Amarillo. Also other grandchildren, Jerry and June McGinnis and great grandchildren, Mike and Mark.

Unable to be here for the occasion was a daughter, Inez Mathews of Sulphur Springs, Texas.

Mr. and Mrs. C. W. Martin visited in the home of Mr. and Mrs. Clyde Martin Christmas Day.

CHRISTMAS EVE PARTY HELD IN BAIN HOME

Mrs. Carol Spencer Conatser of Canyon entertained the afternoon of Christmas eve with a party for school friends held in the home of her mother, Mrs. Dollie Dee Bain. The girls enjoyed visiting, reminiscing, looking at old school pictures, and bringing each up to the present on every day happenings.

Refreshments of minature sandwiches, individual pumpkin and mince pies, Christmas cookies, hot spiced tea, and coffee were served from a beautifully decorated table. The table was laid with a white linen cloth and a centerpiece in gold with amber volte cups and lighted tapers.

Enjoying the occasion were Jamie Ross Hudson, Janie Ivey Crump, Sue Phelan Emmons, Judy Pittman, Jan Weatherly, Noble, Ann Weatherly, Marie Blackburn Risley, Shirley Mann Bobbitt, Connie Williams Coulter, and the hostess, Carol Spencer Conatser. —Rep.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

SPACE SIGNIFICANCE

The President's budget proposals are still carefully guarded secrets not likely to be divulged until his State of the Union Address and Annual Budget Message are delivered next month to Congress. Until these figures are released it is not possible to know in what areas the President might propose to make cuts in order to pay for the rising costs of the war in Viet Nam. You may expect, however, that Congress will give the next budget especially close scrutiny and probably will make cuts below the President's spending recommendations; it is customary for Congress to make budget cuts, although the reductions are never as great as many of us might wish. In the wake of the very successful Gemini 6 and 7 flights, a question uppermost in the minds of many persons is whether our space program is to be reduced. While it is too early to know definitely, I predict that because of their potential military importance, space projects will be pushed along at about the same rate, at a spending pace of more than \$5 billion a year.

The orbital rendezvous carried out by Gemini 6 when it came within 10 feet of the orbiting Gemini 7 on December 15 was one of the most important strides taken in our space effort. It advanced the goal of a manned lunar landing, the objective of our Apollo program. In Apollo, the plan calls for two astronauts to make a moon landing in a small craft, then to return to the main space vehicle in which a third astronaut will be circling the moon. Following their rendezvous, the three will return to earth.

The Gemini 6-7 rendezvous was militarily significant in that it advanced our objective of being able to overtake and inspect an object circling the earth in orbit. Possessing the ability is going to be vital to us in maintaining our defenses beyond the atmosphere. We know how orbital objects,

manned or unmanned, can be returned to earth with relative accuracy. The menace is obvious; nuclear weapons circling in space, awaiting orders to plunge earthward, could become the next form of threat to our security. We must be able to send astronauts into space to overtake, inspect, and, if necessary, destroy any threatening objects placed into orbit by an enemy power.

One of the objectives of the Gemini program is to build a pool of astronauts skilled in rendezvous techniques, which are said to be more complex than techniques required for docking space vehicles.

Our space program is directed at peaceful purposes. The planned moon landing is only one of many objectives, although it is perhaps the most spectacular. We should not lose sight of the fact that the scientific and technological advances that help make progress possible in non-military, peaceful projects also have a very great payoff in developing our defense capacity. Sixty-two years ago this month the Wright Brothers made man's first powered flight, and for years there was little thought given to military implications of aviation. Today we are very much aware of the military significance of space and dangers we would face if our own efforts were to lag behind those of the Communists. Just as the brave horse cavalry gave away to armored tanks, technological advances make it essential that we be ready with the proper response to any aggressive effective counter to a nuclear weapon hurtling down upon us from outer space; our defense against such a threat has to be mounted in space itself. We simply can not avoid the necessity of keeping pace in weapons development. As we look to 1966, we must recognize that we are not only locked in a tough "hot war" in Viet Nam but that we continue to face Communist adversaries in many continuing "cold" war problems. Space is one of them, and it is a program that cannot be slighted.

The Rogers family extends to you and your family our very best wishes for a happy and successful New Year.

About 110 persons will be killed in Texas traffic accidents during the 10-day Christmas-New Year holiday. That's the prediction of Col. Homer Garrison, director of the Texas Department of Public Safety.

In addition, the DPS chief says statistics indicate there will be 43 homicides and suicides. Also 42 deaths from accidents other than traffic. This means a total violent death toll of 195 if Garrison's predictions come true.

He appealed again to drivers to make an all-out effort to reduce the traffic toll by observing traffic laws and rules of safety.

Every available highway patrolman will be on duty throughout the holiday period, Garrison said. Several other organizations and state agencies are cooperating to focus attention on the need for safe-driving practices.

The annual Operation Death-watch will begin at 12:01 a.m. December 24, and will continue through 11:59 p.m. Jan. 2, to remind motorists of holiday travel. HIGHWAY BUILDINGS SOARS — Texas Highway Department expects to close out the year with total construction running more than \$329,000,000. It's the second highest year for road building in Texas' history. Last year's ex-

penditure for highways was more than \$340,000,000 — a record.

At contract lettings last week the State Highway Commission tabulated low bids of \$23,200,000 on 38 projects. About \$4,100,000 will go to develop or improve 125 Farm-to-Market roads.

Included were the following: Construction of a west frontage road on Interstate 35 from Laredo to near U. S. Highway 83 in Webb County, with an estimated cost of \$1,070,000;

Surfacing on a 19-mile section of Interstate 20 near Monahans in Ward County at an estimated \$962,000 cost;

Construction of a street type section of Farm-to-Market Road 105 in Vidor in Orange County, including grading, structures and surfacing;

Grading, structures and surfacing, estimated at \$1,600,000, aimed at making a complete expressway facility of 1.6 mile section of Interstate 35 near Elm Mott in McLennan County;

An estimated \$120,000 will go for embankments along U. S. Highway 59 in Fort Bend County near Sharpstown.

Commission heard a variety of new-project proposals including a Padre Island road and cause way from Port Mansfield; ramps

and overpasses on U. S. Highway 75 to aid industrial development in the Sherman area; construction of U. S. 59 through Montgomery County; a multi-lane divided U. S. 87 from San Antonio's east city limits to the Wilson County line; and expansion of highway routes in Del Rio.

LAND BOARD ACCEPTS LATE PAYMENT — State Veterans Land Board accepted overdue payment of \$11,490 from Irving millionaire C. D. Wyche on his land purchase of 1,109 acres in Dimmitt County and gave him 30 days to settle back taxes.

Land Commissioner Jerry Sadler said Wyche now has paid \$37,000 on his \$191,000 purchase. Sadler says the state will get all its money from the tract which once was involved in the veterans land scandals of a decade ago.

NEW RULES PROPOSED — Strong objections to new rules proposed by the State Board of Insurance have come under a lot of fire by representatives of the burial associations and other mutual associations.

Rules would require deficiency funds — those showing the gap between actual reserves to pay claims and the total amount of possible claims — to be inked down in bookkeeping.

Purpose is to find out what type of insurance has more policies out than there are dollars to pay, should these policies all come due.

APPOINTMENTS — Gov. John Connally has made four appointments to the State Advisory Hospital Council. It assists the State Health Department in administering the Hill-Burton hospital construction aid program.

Named were Joe Albritton of Houston, Ray Hurst of Austin, Frank Oltorf of Marlin, and Sister Elizabeth of Dallas. Hurst is a reappointment.

Hill Baggett of Lubbock was sworn in as a member of the Board for Lease of State Parks Land following his appointment by Atty. Gen. Waggoner Carr.

LEASES TOTAL MILLIONS — Board of Lease for University lands leased 45,471 acres for \$8,500,000 or an average of \$188 per acre. This was the most profitable oil-and-gas-lease sale by the agency in years.

Humble Oil Company bid

\$2,800,000 on a drilling block in Ward County. There a single tract brought \$338,000 and another \$336,000.

These receipts boosted the University permanent fund to over \$459,271,680. Of this sum \$35,700,000 was added in 1965. Next lease sale is set for June 23, 1966, in Austin.

COURTS SPEAK — State Supreme Court gave the City of San Antonio another chance to argue its case for water from Canyon Dam. This dam is located on the Guadalupe River near New Braunfels.

San Antonio is challenging the old Texas Water Commission's order which awarded the river authority 50,000-acre-feet of water per year from the reservoir. San Antonio challenges the lower court rulings that the Commission is authorized to allow G-BRA to make releases to cities downstream on the Guadalupe.

High court, in ruling on a case involving tax on vending machines at Fort Hood near Killeen, said the state cannot tax property on military reservations ceded to the federal government.

Court of Criminal Appeals affirmed the death penalty assessed Calvin Sellars in the torture robbery of Mr. and Mrs. Mair J. Schepps, wealthy Houstonites.

ELEVEN NEW SENATORS — It looks like Texas is going to have at least 11 new Senators after 1966 elections, and the redistricting of the state into 31 new districts.

Ambition for higher office, as well as redistricting, will contribute to the turnover, but the redistricting will account for most of it.

The new districts will pit some of the giants of the Senate against each other, as the once separate districts are now fused into one, and the Senators of the old districts must compete against one another under the new plan.

ATTORNEY GENERAL RULES — In three separate opinions, Attorney General Carr interpreted provisions of the controversial

new Code of Criminal Procedure which becomes effective January 1.

Carr held that: (1) A prisoner arrested at night does not have to be taken before a magistrate until regular daylight office hours.

(2) Examining trials must be made a matter of record, but the record can be prepared by a magistrate or anyone the magistrate appoints for the purpose.

(3) After January 1, State Mental Hospital heads cannot furlough, transfer or discharge patients committed on jury finding of insanity. When hospital chief finds a patient sane, he must thereafter notify the court which ordered commitment and await jury determination.

Carr, in answering a question raised by Comptroller Robert S. Calvert, concluded that the State Parks and Wildlife Commission can buy and fly a new \$72,700 twin-engine aircraft for official use.

He also ruled that an election judge who delivers returns to authorities within 24 hours after polls close is entitled to a \$5 fee.

Also that probation cannot be granted in drivers-license suspensions.

Those to enjoy Christmas dinner in the home of Mr. and Mrs. Roy Blackman were Mr. and Mrs. Billy Roy Blackman and family of Indio, Calif., Clyde Wilson, Mrs. Blanche Smith, and Mr. and Mrs. James A. McAnear and children of Brice.

Herman Cross returned home Thursday from Groom Hospital where he had spent several days due to pneumonia.

Mr. and Mrs. David Conatser of Canyon were holiday visitors in the home of her mother, Mrs. Dolie Dee Bain.

Mr. and Mrs. Theron Holland and children enjoyed Christmas dinner Friday in the home of Mr. and Mrs. C. W. Martin.

Miss Beth Gillham of Denver, Colo. is spending the holidays with her parents, Mr. and Mrs. J. R. Gillham.

Happy New Year Everyone... Sitting here behind our battered old typewriter it doesn't seem easy to think of any thing to write about a new year... It seems that almost everything has been said over and over again... We always write about new resolutions, and then later we can tell about breaking each one... Right off we can think of many many

things that would seem wonderful to do in the new year... It also seems that sixty-six is a year that should carry some special significance along with it...

Naturally we want to meet new friends and new people throughout the year. But, something seems to be tugging at our heart-strings, and sort of pulling at the two fingers that play havoc with the typewriter keyboard wanting to be written down... Even though the thought seems a bit hard to put into words on paper, but it has something to do with taking more time out to enjoy our old friends... Taking a bit of time to cut away the weeds of neglect from along the paths that lead to each others home. Perhaps even spending a few moments mending wires of misunderstanding that become tangled so often and mar our friendship fences... Along the walk if we could only make the kindness flowers grow a little more beautiful, and if we could make the welcome light on the gate a bit brighter perhaps 1966 could mean more to each of us along our way... Again, Happy New Year Everyone.

Small wonder most of the modern day ailments are called a virus. Who could either spell or pronounce the official name for them all.

The following is for those of you who through the years have enjoyed the writings of Miss Laura V. Hamner and would like to buy one of the few remaining copies of her book Light & Hitch... This week we received a letter from Mr. Calloway S. Crews of the American Guild Press who was the publisher of her book. As long as copies last he would like to ship you a copy for \$6.00 and as a special deal to help Miss Hamner he would send her one-half of the total price. If you would like to have full information of this offer, drop Uncle Zeb a card and we will send you the address of both Mr Crews and Miss Hamner who is in poor health in a hospital in Birmingham, Alabama.

Some folks don't appear to be doing anything and get up early and stay up late doing it.

Dear Uncle Zeb, Some of the TV commercials make me sick... What do they think the American housewife is, a moron? They even give the come-hitherish approach to these smelly old detergent ads... I doubt if my husband would even wash dishes with the model much less their product, and this sexy line of sweet talk surely wouldn't appeal to the housewife.

Signed Irritated Somewhat Dear Mrs. Somewhat, Don't under-rate the soap ads just because the approach is a bit slippery. Ask the hubby to bring home a pack and watch out for the brand.

IMPROVISED RAMROD Any sportsman who has done much hunting has been caught in the woods when he needed a ramrod and didn't have any.

You can make an improvised ramrod by cutting a straight sapling about 18 inches longer than your gun barrel. Whittle this down until it's slim enough to run through the bore. Then split one end and insert a piece of rag, such as a handkerchief, to serve as a swab.

COMPLETING 1965 ACP PRACTICES

We want to remind you that you must complete and report any ACP practice you have an approval for by 12-31-65. Due to the fact the 12-31-65 falls on a holiday you will actually have until January 3, 1966 to do this. However, we wish to urge you to complete and report the work as soon as possible due to the closing of the program year and budget purposes.

We will remind you also that all practices issued on the 1966 Concurrent Program Budget to cover work done in 1965 cannot be paid until July 1966 unless funds become available to transfer them back to the 1965 budget.

If you cannot complete the practice you will need to report the part of the work done in order for it to be eligible for payment.

Your usual cooperation will be appreciated.

SIGNUP FOR THE 1966 CROPLAND ADJUSTMENT PROGRAM

January 24, 1966 has been set as the date on which producers may begin filing requests for agreement to participate in the 1966 Cropland Adjustment Program. NEWS FROM CITY HALL

by R. L. Gilkey, Mayor

Today is voting day for Donley County. This is one of the few opportunities that a person has to vote a lower tax rate. I'm certainly going to vote and urge you to do the same. Let's have as good a voter turnout today as we did earlier this month. Your vote is a simple but effective way to fight for your belief and your freedom. We can't all be fighting a war in Viet Nam, but isn't that just what our boys are fighting for? Can you imagine what our soldiers would say if we didn't exercise our privilege to vote? No one can force us to vote, it is our freedom to vote and we must fight constantly to preserve that right. It is a right that we cannot leave to our children. We can only leave them the right to fight for freedom as we have done. Or we can simply be too busy to remember to vote—and we give away our freedom each time. Each generation must fight for its freedom and only each generation can give this freedom away. And only we can teach our children how to fight and preserve what freedom remains. (Now you know why I support local school administration, because it is controlled by us.) VOTE a single vote is so important. It's the only vote you have.

Have you heard the latest on the Greenbelt Dam? It is all ready to get off the ground. Within a month or two the contracts for construction are to be let, then work can begin.

If you have a lot or a large area that needs to be burned, the city will be happy to assist. Simply notify city hall of the area you wished burned, and it shall be done as time permits.

PLEASE—have a safe New Year. Accidents, injury and death are a poor way to greet 1966. Drive defensively and save your life.

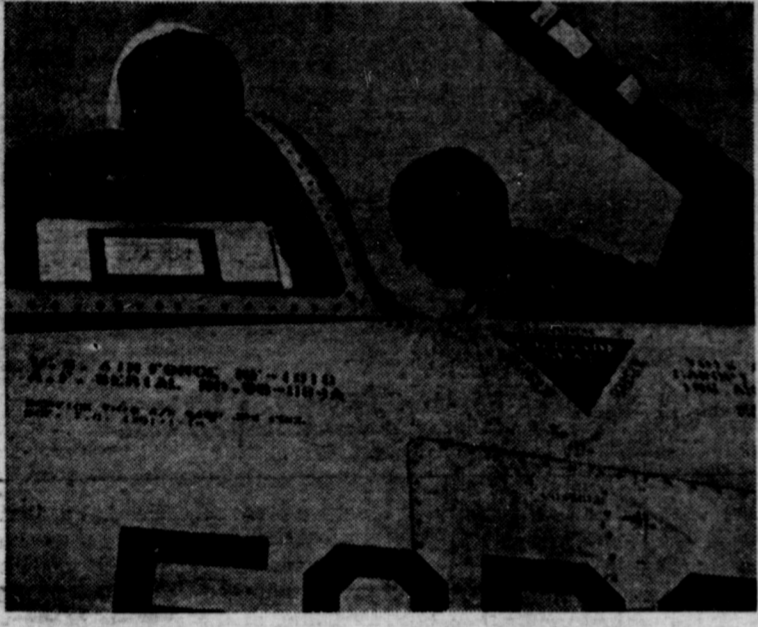

Holiday visitors in the home of Mr. and Mrs. W. W. Ashcraft were Mr. and Mrs. Faylon Watson and son of Lubbock, SP/5 Jimmy D. Ashcraft and wife of Ft. Hood, Mr. and Mrs. Wesley Ashcraft and sons of Plainview, Mr. and Mrs. Joe Sasser and children of Plainview; also Mr. and Mrs. Howard Christenson and children of Dallas, S. D., Mr. and Mrs. Fred Row and children of Clarendon, Mr. and Mrs. Gene Row of Memphis, Mrs. J. H. Ashcraft and Emma of McLean; Calvin Ashcraft and Mr. and Mrs. Bill Row of Clarendon.

CALL FOR AIR SUPPORT

An officer of the 101st Airborne Division calls for an air strike to hit Viet Cong positions near An Khe, Vietnam. Troopers of the 2d Battalion, 502d Infantry, are part of the Screaming Eagle's 1st Brigade (Reinforced), a 4,000-man force under the command of Col James Timothy, which landed in Vietnam in early August.

I'd like to say Thanks to each of you who have helped me by calling in your news items the past year. Please continue to call me in 1966.

Christmas comes but once a year, and when it comes it brings good cheer.

The reason that it brings good cheer, is that it comes but once a year.

Suppose it happened once a week, we would be too tired to write or speak.

But struggling with it once yearly, we've still got strength to say sincerely, Happy New Year.

THE AMA AND MEDICARE

July 1, 1966, the controversial medicare law will go into effect. It will provide payment for certain medical services to 18 million Americans who have passed the age of 65. As everyone knows, this measure was strongly opposed by the American Medical Association—for the reason that a great majority of the nation's physicians believe that it seriously endangers the quality of care that will be available.

Government officials, sensing the problems that lie ahead, invited the AMA to help write the regulations that will govern medicare. The AMA accepted. The Association's president, James Z. Appel, M.D., has said: "I feel that the only statesman-like and rational behavior of our Associa-

tion today, after the enactment of this law which we so strongly opposed is to try—in the most effective way possible—to bring about regulations and other implementing actions that will mitigate the baneful effects that we know are likely to occur...this law is certain to be one of the most difficult administrative problems in history unless the doctors of the nation exert their utmost efforts to help make it work."

The AMA, Dr. Appel went on to say, must offer amendments which will gradually mold the law in a sounder direction. And, he added, preparation must be made for the next and more crucial battle over the means of financing the health care of the entire population.

The AMA's position is progres-

sive and sound. The flaws that are implicit in medicare must be corrected. And the fight against more political domination of medicine, at the expense of standards, must be intensified.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

MINERAL PRODUCTION CONTINUES GAINS

For the seventh straight year, the United States in 1965 set new records for the value of its mineral production. Continuing advances may be expected next year. It is encouraging to note that growth rates in the values of all three major groups of minerals — fuels, metals, and non-metals — closely paralleled those of 1964, with fuels showing a value gain of 3 percent, metals a gain of 10 percent, and non-metals a gain of nearly 4 percent.

The strength of segments of the minerals industry, include the very important oil and natural gas industry, is a key factor in the country's general economic well-being. Of special interest to residents of the Texas Panhandle are 1965 figures related to oil, natural gas, and helium production. Some of the key points are as follows:

*The production of crude petroleum in the United States this year totaled 2,846 million barrels, valued at \$8.2 billion. The total demand for petroleum products averaged 11.5 million barrels daily, up 4.1 percent from 1964.

*The marketed production of natural gas in 1965 was 16,432 billion cubic feet with an average well head value of 15.5 cents per thousand cubic feet, representing a 5.7 percent gain in production and a .1 cent increase in average well head value.

*Helium consumption in the United States increased by more than 20 million cubic feet (a gain of approximately 4 percent) to an estimated 743 million cubic feet during 1965. The price from Bureau of Mines plants and the single commercial producer remained at \$35 per thousand cubic feet.

Since most of the Free World's supply is concentrated in the Panhandle area, helium is of special interest to us. In addition to the helium sold, more than 3.5 billion cubic feet of "crude" helium was supplied during 1965 by five privately owned plants for

purchase by the Bureau of Mines under the helium conservation program. This program was set up under legislation I had introduced in order to conserve helium that would otherwise be wasted when natural gas containing it is burned as fuel. After being removed from natural gas being piped to market, the helium is piped to the Cliffside gasfield northwest of Amarillo and stored for use later, as needed. Helium is vital to projects involved in our national security; about 75 percent of helium consumed this year was purchased by the Department of Defense, the National Aeronautics and Space Administration; the Atomic Energy Commission, and other Federal agencies. Helium is becoming increasingly important as technological and scientific progress advances the frontiers of weaponry and peaceful space exploration. It is expected that the helium stored at Cliffside will one day be essential to continued progress.

Other minerals are winding up the year as follows: Bituminous coal and lignite production was up 4 percent; anthracite continued a decline, down 10 percent below

Miss Georgia Gentry, a reader from Weaverville, North Carolina sends the following poem. It seemed a good beginning for our hopes for the new year. It is called:

Lamp Lighter
The little lamps of friendship
We light along the way,
Go shining on far down the years,
And brighten every day.

'Tis love that keeps them burning
In sympathy and trust,
God help us that no lamp goes out.

the 1964 figure; sulphur and fertilizer minerals showed gains, with recovery of elemental sulphur from natural gas and crude oil exceeding 1 million tons for the first time; clays, refractories, and other industrial minerals showed moderate gains; aluminum production was up sharply, rising 8 percent to a new high of 2.74 million short tons; the industrial demand for lead and zinc exceeded the new supply; copper faced continuing mounting demands and was in short supply despite increased production; gold production was the highest since 1960 and silver output was the largest since 1956; iron and steel were produced at record rates, with ore production rising 2 percent.

Good economic news — and a good start for the New Year.

Because we let it rust.

O. R. Stark Jr., our banker reader from Quitaque puts it this way: "When one has much to put in them, a day has a thousand pockets."

Our travelling salesman reader from Enid, Oklahoma G. D. Cochrum gives the same thought from his point of view: "Success thinks in terms of giving, not getting... The business man who thinks only of returns soon finds himself without friends among his prospects and customers."

Rev. Everett Miller, our past eighty years young reader from Lancaster, Wisconsin hits the all-time good note with a little motto card which he sent along with a tape recording of his singing and playing on the hand saw. We will long treasure the tape. The motto is: "REMEMBER — seven days without prayer makes one WEAK."

Captain Frank Dougherty of Lawton, who is a real captain in our books sends a little booklet of model prayers along with his Best Wishes. We liked the following so very much: "Thy Son, O God, has loved me enough to give him-

self for me. I know that He can save me from that which can so easily wreck my life. Help me to be so possessed by Him until I lose myself in surrender to him. Amen.

One reader whose name we have misplaced sent us the story of Trotty Veck, the little messenger from the story The Chimes by Charles Dickens. Along with the story was a little booklet full of cheerful and friendly thoughts. The following are samples:

"The person you always like to meet when you're looking down always leaves you looking up."

"If we want to stay young at seventy, we need to laugh with the old folks of twenty."

A noble epitaph—he kept his tears to himself and shared his laughter.

"He is my friend that speaks well of me behind my back."

"The most precious of all possessions is a wise and loyal friend."

Working out federal medicare insurance benefits in Texas may take awhile.

According to state officials, the Texas plan for those 231,819 persons on old age assistance rolls will require "some time" to develop. This because complexities in the act require further study.

Problem arises out of Title 19. It provides a \$3-a-month voluntary medical insurance program for the elderly.

This would supplement medical care available both to social security recipients and elderly persons who receive medical aid through state welfare programs.

Problem is whether old age assistance payments should be raised \$3 to take care of the premium, or whether the state should pay the premium separately. Either way, it will cost welfare recipients

nothing. Medicare is effective July 1, but a March 31 deadline has been set for voluntary enrollment in the basic hospital insurance for the elderly.

According to Commissioner John Winters of the Department of Public Welfare, it is not mandatory for everyone to sign up for the voluntary insurance feature of the program. However, all who participate in the medicare program do have to sign in. It's the only way those who receive Social Security can get the medical benefits. "But," says the Commissioner, "they can choose to do so without the insurance coverage."

FARMERS COOPERATE — Trans-Pecos farmers are cooperating well on two pest control programs in the area, according to

Texas Agriculture Commissioner John C. White.

In an effort to control the pink bollworm, White issued a proclamation to plow under cotton stalks in El Paso and Hudspeth Counties.

New Mexico State University ordered plow-ups in Chaves and Eddy Counties.

White said he has assurances of cooperation in the program.

Both proclamations followed a serious outbreak of pink bollworm this year in the two-state area.

ANTI-TRUST SUITS VIEWED — Texas officials are viewing with interest a \$30,000,000 damage suit filed in Oklahoma. It is for alleged price-fixing. Sued by the State of Oklahoma are 10 firms that have been selling the state asphaltic oil for highway construction.

Accountants for the Texas Highway Department now are checking records in Austin pertaining to the \$1,700,000 worth of asphalt oil purchased annually by the State of Texas.

In the Sooner State's suit, it is charged that the State of Oklahoma has been overcharged \$10,000,000 on asphaltic road oil purchases as a result of price-fixing by the ten firms over a five year period.

Says Texas' attorney general, Waggoner Carr, "We're interested in this suit. If we find anything

here, we will take appropriate action."

So far there has been no indication of price-fixing here.

ATTORNEY GENERAL RULES — State Aeronautics Commission has authority to spend appropriated funds for hardsurfacing and lighting landing strips at Falcon State Park (\$30,000) and Lake Whitney State Park (\$30,000) and for facilities in cooperation with local and federal governments (\$200,000), Atty. Gen. Waggoner Carr said.

In two other opinions, Carr: **Told District Atty. James A. Morris** of Orange Independent School Districts that incorporated cities and counties may individually employ the same private appraisal firm, and the county may contract to assess and collect taxes for the districts or cities.

Advised State Board of Barber Examiners it cannot require applicants for barber schools to appear before the Board for "educational fitness" check.

BANKS APPROVED — State Banking Board approved charters for new Frontier State Bank of Eagle Pass, Southwest State Bank of Brownwood and Friendswood State Bank (Galveston County).

Board rejected applications of proposed First State Bank of Keller and First State Bank of Covington.

RETAIL SALES UP — November retail sales in Texas brought the year's total figures up six per cent above the first 11 months of last year, says the UT Bureau of Business Research. November sales were down two per cent from October. But there was 14 per cent gain over November of 1964.

APPOINTMENTS — Governor Connally has appointed Grady O. Trimble Jr., Jasper attorney, to be district attorney of the First District, comprising Jasper, Newton, Sabine and San Augustine Counties. He succeeds Floyd Adlington, resigned.

M. K. Berry of Vernon now is a member of the Midwestern University Board of Regents. Governor Connally named him to succeed State Sen. Jack Hightower of Vernon, who resigned. Term expires February 25, 1968.

Connally announced, too, that soon after January 1 he will name a 15-member public school study committee.

Staffing of a "Texas liaison office" to coordinate statewide interest in Washington will be completed shortly, the governor stated.

House Speaker Ben Barnes has named an interim committee to study laws relating to agriculture, and to recommend needed improvements of benefits to farmers, ranchers and the entire state. Selected were: W. W. Lynch of Dallas, chairman; Dolph Briscoe of Uvalde; and State Reps. Milton J. Schiller of Cameron; Wayne Connally of Floresville; and Delwin Jones of Lubbock.

CONNALLY TO STUMP STATE — Gov. John Connally says that regardless of whether he has an opponent in the Democratic primary he plans to travel over Texas next year discussing problems and laying out a "broad and imaginative" program for the future.

His proposals will "encompass almost all areas of state government." They will include a \$1,000,000-bond-financed water development program, advances in education, tuberculosis control and mental retardation. Also "expansive and ambitious programs" for "woefully inadequate" state parks and recreation.

In commenting on the number of terms a governor may serve, Connally stated that he does not favor any limitation because the office is "weak enough" already. One of the "few strengths" a governor has, said Connally, is that he just may be around for another term.

HEART-FUND RIDE — Eddie Snell, a cowboy who is riding horseback from California to Washington, D. C. on behalf of the Heart Fund, was presented with an Honorary Texas Citation at the State Capitol by Governor Connally.

Snell, who lost an 18-month-old daughter with congenital heart disease a few years ago, does not accept money for the fund. But he encourages people to mail contributions addressed to Heart Fund, % Local Postmaster.

SEEK CANDIDATES — Texas Republicans will begin their serious talk of fielding 1966 candidates for state office at a meeting of their executive committee here January 7-8.

In addition to hearing a report from a candidates' committee, the SREC also will adopt its budget for 1966 and hear a report from Sen. John Tower on his recent tour of Vietnam.

EXPRESS YOUR VIEWS

The people are reading news items showing that state and federal governments are providing billions of dollars for a variety of welfare and spending projects that break all records.

There may be excuses for much of the spending, but one fact should be made clear in every newspaper report of so-called government largess — neither the state nor the federal government have a thin dime to give away that they don't first take from the overburdened private citizen taxpayer. Governments are just agents of the people.

Newspaper headlines and stories should stress: "The taxpaying private citizen, rich and poor, do the giving not the government." If this distinction was made in comment in the press, if the word "taxpayers" was substituted for the words "state" and "federal", "governors" or "presidents", more people would begin to realize that the money government "gives" is first taken from them in the form of taxes.

On much of the taxation, the people never get a chance to vote directly, but they have the right and obligation of expressing their views to their elected representatives, state and national, on

measures to tax their earnings and savings.

The more government mortgages the taxpayers' future thru extravagance and deficits, the more dies it feed the fires of inflation, higher prices and depreciated money.

HOW LONG DID IT TAKE YOU TO COURT YOUR WIFE?

Did you happen to see her ... walk up to her ... ask her to marry you ... call in the minister ... right on the spot?

Certainly Not

It probably took a lot of calls and trips, movies, flowers, candies, and a lot of putting your-best-foot-forward tactics. You had to sell yourself. She had to know all about you.

It's the Same with Advertising

You can't "woo" customers with one ad ... you've got to "call on them" over a period of time ... you've got to win their confidence and be convincing.

Constant Advertising

... wins the customer if it's truthful ... if it gives helpful information ... if it saves shopping steps ... if it is backed with intelligent, courteous and honest values.

Woo your customers steadily, consistently through the columns of The

LIBRARY NOTES

EDITH BARNES

A memorial gift has been given to the library to be dedicated to the memory of Mr. Hardy, Mrs. Allensworth's brother.

Our library is still very much the Gabie Betts Burton Library. It was so named in 1948 by the City and County in honor of Mrs. Gabie Betts Burton who among many other firsts was our first librarian.

Another memorial gift has been given to the library in memory of Mr. Currie C. Powell.

Any one who has ever read a Morris West book knows that he does extensive and painstaking research before he starts a new book. That makes the background of his novels historically, or is supposed to, correct. It is hard for a writer to be absolutely objective but unless he let his feelings carry him away we did not come out of the Diem affair smelling exactly like a bunch of roses.

Quoting: "Like its distinguished predecessors, 'The Devil's Advocate' and 'The Shoes of the Fisherman,' 'The Ambassador' is the fruit of long research and intimate experience by the author. It is a poignant book which brings into sharp focus the moral and political dilemmas of twentieth-century man and his scanty preparation to cope with them. And it is a book full of challenge for all those whose children's destiny is being shaped in the deltas and the paddy fields of Southeast Asia."

"Reinhold Neibuhr: 'The novel is a most fascinating account of all complexities of the struggle in Vietnam in fictional form. The author knows the situation in depth and detail. The tension between the shaky 'democratic' government and the military; and the tension above all between the local government and the baffled USA officials are all so vividly portrayed that I am persuaded by the novel that the best way of presenting a baffling and, to Americans, a hopeless situation

is to present it fictionally in a roman a'clef. A most impressive fictional interpretation by an author who knows a great deal about Indo-China.'"

A memorial gift has been given to the library to be dedicated to the memory of Mrs. Glenn Wallace.

FARM NEWS

from County ASCS Committee

NEW LOCATION

We are now in our new location just south of the Post Office. Open house was Wednesday, January 5, 1966. Thanks to everyone who helped us move and to each of you for your patience and understanding while we were in the process of moving. The new building is very nice and we know you will enjoy it almost as much as we will.

SOCIAL SECURITY NUMBERS

Last week forms were mailed to all producers who will be receiving payments through this office. This form is to be used to show your identifying social security number. Beginning January 1, 1966, this number must be entered on payment drafts issued in connection with the different farm programs. The numbers will be used by USDA in reporting such payments to the Internal Revenue Service. Please fill out the form and return it to this office as soon as possible. A postage paid self-addressed envelope is enclosed for your convenience. Your cooperation will be greatly appreciated.

REAPPORTIONED COTTON ACREAGE

We are now taking applications for release of cotton and requests for extra cotton acreages. The final date to file application is January 23, 1966. This isn't long off so don't let this date slip by.

PROGRAM SIGN-UPS

The sign-up for the Wheat, Feed Grain, Cotton, and Cropland Adjustment Programs will begin January 24, 1966. This is another change from the date originally announced. The sign-up date for Feed, Wheat and Cotton will end April 1 and the Cropland Adjustment Program will be on a first-come first-serve basis and eligible applications will be approved until acreages and funds are exhausted.

NEW GROWER COTTON ALLOTMENTS

The final date to request a new grower cotton allotment is January 17, 1966. If you think you might be eligible and want to do

so, come by and talk with us about it.

ACP PROGRAM

We are beginning our new year for the ACP. We are starting the year with a budget of \$47,928. This is about \$5,000 less than we had last year and we have already used approximately \$9,000 during 1965 on 1966 concurrent operations. You can see this means we will have to be very careful with our budget and see that every dollar spent buys 100% of the very best kind of conservation possible. We will be glad to talk about practices available and the needs for your farm at any time you can come by the ASCS office.

Mrs. Grace Stephens and Mrs. Neighbors of Matador, also Mrs. Edith Longan were dinner guests in the Harley Longan home Wednesday.

Mr. and Mrs. Robert L. Green of Temple visited his parents, Mr. and Mrs. Geo. L. Green, over the week end returning home Sunday.

New Year's visitors in the W. W. Ashcraft home Wednesday were Gene Row and Mr. and Mrs. J. C. Row and children, all of Memphis, Mr. and Mrs. Calvin Ashcraft and Fern, and Abbie Daniels of Vernon.

NEWS FROM CITY HALL

by R. L. Gilkey, Mayor

At Christmas we exchange greeting cards and a few words of news with our friends from afar. One of these friends is a marine. I wrote him of our "bleed in" by the college and our city. Here is his reply:

Da Nang, Vietnam
December 24th, 1965

Dear Dr. Gilkey:
I received your Christmas card. Thanks very much. I took the liberty of putting it on our bulletin board for all to see and underlined the last two or three lines. We all appreciate you, the citizens of Clarendon and the rest of the United States in standing

behind us all the way. We can't say enough in words how much we appreciate all you are doing in our behalf. All we can say is "Thanks". Knowing everyone is for us out here keeps our morale up.

I may never get to visiting Clarendon, although I would like to do so very much, so I could personally thank everyone. So do me and the rest of the servicemen here a favor and thank the fine citizens, and our very good friends, of Clarendon for us. We will appreciate it very much.

Sincerely,
W.G.S.

Mr. and Mrs. Herman Cross and Annette had as Saturday night visitors, Mr. and Mrs. Earl Moos and Jeff of Denver. They were returning from a holiday trip to St. Petersburg, Florida.

STEER JUDGING BECOMING MORE IMPORTANT

Relating live steer judging to production efficiency and carcass value is perhaps the greatest challenge facing the beef cattle industry. And back of the challenge, says County Agent Ronald Gooch, is the cost-price squeeze and beef consumers who want high quality, lean beef.

In order to assist stockmen in meeting the challenge, U. D. Thompson and L. D. White, Jr., Extension animal husbandman and assistant professor, Department of Animal Science, Texas A&M University, have prepared a bulletin, B-1026, "Judging Slaughter Steers." Copies of the publication are available from offices of your local county agricultural agents, Gooch said.

The county agent said the Texas Agricultural Extension Service

publication is illustrated with many pictures and drawing covering such important factors as muscling, finish, dressing percentage, value and carcass evaluation in determining live value of steers of desirable weights.

Considerable space in the publication is devoted to a discussion of terms relating to carcass evaluation and U. S. Department of Agriculture grades, live and dressed.

Stockmen who are interested in learning more about selecting beef cattle which will produce the kind of carcass and cuts demanded by consumers can pick up a copy of B-1026 at Gooch's office. And, he added, that other publications are also available at his office on many subjects relating to farming and livestock production.
