SERIOUS WRECKS — One person was killed and several were injured in two separate wrecks near Hedley Wednesday afternoon. C. R. Barnett, a Wichita Falls airman, was killed in a two car wreck one mile east of Hedley and several minor injuries occurred in a five-car wreck one mile west of Hedley at about the same time. Injured in the fatal wreck, top photo, were Larry M. Brnum and Andrew J. Monyham, both airmen at Wichita Falls and Mr. and Mrs. Edward G. Udry of Denver, Colo. The injured were taken to Memphis. In the multi-car wreck, investigating officers had not completed their reports at press time.

First Snow of '66 Falls Tuesday Night

The first measurable snowfall of 1966 fell here Tuesday night with a nice 3 inch blanket covering the area Wednesday morning. The snow will be more beneficial from the moisture standpoint since there was no blowing. Our official weather melted out a total of .24 inch moisture from the wet snow.

The snow was quite cooperative in waiting until the present time allowing farmers to harvest the majority of their cotton crop which has been exceptionally late this year.

This .24 inch of moisture is the total for January so far and also for the year. The moisture total for January last year was .20 and the first snow fell last January on the 9th. The 30 year average moisture total for January is .78 inch.

JAYCEE WEEK — Clarendon Mayor Richard Gilkey, seated right, presents a signed resolution to Clarendon Jaycee president Roland Hill, proclaiming this week as Jaycee Week in Clarendon. Watching the ceremony are Jaycees Bill McMinn, Bright Newhouse, Owen Johnson, Chauncey Hommel and Gary Gerdes.

Poll Tax A "Must" To Vote In County, District Or State Elections

State Democratic Party officials are most concerned that Texas voters are under a false impression that they no longer have to pay their poll tax in order to be able to vote in the 1966 elections according to Will D. Davis, Chairman of the State Democratic Executive Committee.

"Nothing could be further from the truth," Davis said. "A poll tax receipt or a valid certificate of exemption is still the only 'legal tender' acceptable as an admission ticket into the voting booths of Texas."

The three federal judges who will decide the U. S. Department of Justice law suit to abolish the poll tax in Texas as a requirement for voting also have admonished Texans that they had better pay the \$1.75 tax levy before the January 31st deadline if they desire to vote this year according to Mary Cooke, Democratic County Chairman for Donley County. Miss Cooke said that the judges have indicated that no final decision is probable for several months.

Payment of poll taxes for federal elections is no longer required, but poll tax payments for state and local elections are still necessary. All statewide officials, the Governor, the Lieutenant Governor, the Attorney General, the Justices of the Supreme Court, one of the 3 judges of the State Court of Criminal Appeals, the State Comptroller, the State Treasurer, the Agriculture Commissioner, the Land Commissioner and one of the three members of the Railroad Commission are to be elected in 1966. In addition to these offices, due to the redistricting accomplished by the 59th Legislature, all seats in the Texas Senate and House of Representatives will be up for election during the primaries and general election of 1966. In addition to these statewide and district offices, many other district and county offices must be filled this year.

Failure to pay the poll tax before the January 31st deadline will prevent any voter from participating in the election of state, district and county officials. Partial qualification as a voter is possible through the obtaining of a "Poll Tax Not Paid" certificate, with which the holder may vote only for the offices of U. S. Senator and U. S. Representative in the elections of 1966.

Ask to pay this tax when you are paying other taxes as it is not included in your tax statement.

GRADY JONES INJURED IN TRACTOR ACCIDENT

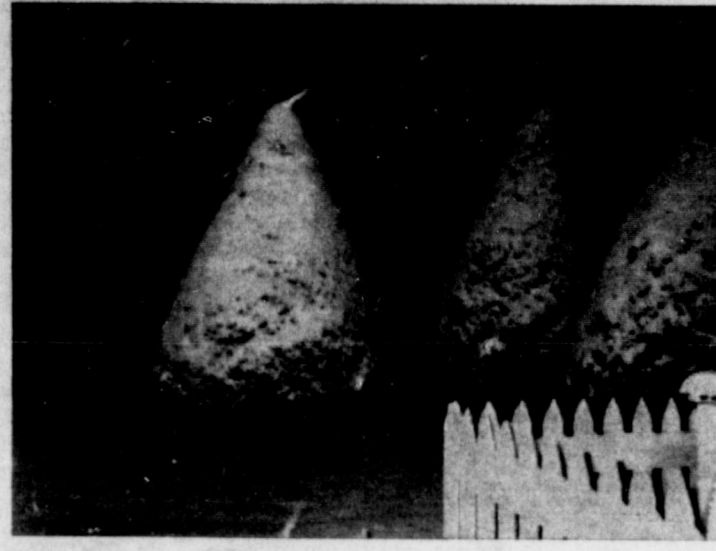

Grady Jones, who farms southeast of Lelia Lake, received serious injury last Thursday afternoon when his tractor and stripper ran over him while stripping cotton. A neighbor youth was nearby and summoned help.

He was rushed to Groom Memorial Hospital by a Murphy Funeral Home ambulance for treatment of his injuries which included a broken right leg, 7 fractured ribs and possible internal injuries. He was reported some improved late Tuesday. His many friends wish him a speedy recovery.

MARTIN BAPTIST ANNOUNCE YOUTH REVIVAL

Rev. Ray Bob Floyd has announced that a Youth Revival will be held at the Martin Baptist Church beginning Saturday night at 7:30 p.m. and continuing thru Sunday services including a service at 6:30 p.m. Sunday evening. A basket lunch will be served at the church at the noon hour.

Royce Denton of Estelline will preach for these services and Leon Meyers of Plainview will lead the singing. Emphasis will be placed on the Young People of the Community. Everyone is invited.

First Snow of 1966 created a beautiful sight here Wednesday morning. This photo was made early and the falling flakes of snow are visible but somewhat enlarged by the camera.

Oscar (Cap) Anderson, Hedley Farmer, Dies Of Heart Attack

Oscar (Cap) Anderson, 58, of Hedley died of a heart attack while at the Hedley Gin Thursday morning.

Funeral services for Mr. Anderson were held at the First Baptist Church in Hedley Saturday morning with Rev. J. L. Williams of Tarrell, Okla., officiating. He was assisted by Rev. Bob Estes, pastor of the Hedley Baptist Church. Masonic graveside rites and interment was in East View Cemetery at Vernon, Texas Saturday afternoon.

Mr. Anderson was born March 11, 1907 at Vernon and was married to Miss Bernice McDaniel at Frederick, Okla., September 28, 1928. They moved to their present home in 1932. He was a member of the Lelia Lake Baptist Church and of the Hedley Masonic Lodge.

Surviving are his wife of the home; a daughter, Mrs. Romaine Gouge of Crane; his mother, Mrs. Nellie Anderson of Vernon; a sister, Mrs. Gladys Smith of Vernon; and two grandchildren.

Pallbearers were W. B. Wiggins, Ellis Chenault, Frank Murray, Forest Morton, A. J. Garland, and Walter Johnson.

RED CHECK TIME ROLLS AROUND AGAIN

Red Check time has rolled around again and this week's issue will carry a Red Check to the upper right hand corner of your paper if your subscription has expired or will expire during the month of January. We will appreciate your prompt renewal so that we may comply with postal regulations.

Before the next issue of the paper is mailed all papers bearing a 1965 subscription date will be taken from the list unless arrangements have been made otherwise. Please check the date to the right hand side of your name and see that the proper date is there, the first figure being the month and the second the year. Errors are made and we certainly expect to correct any that are made. Please notify us should this be the case.

Once again we remind you to send in any change in address promptly as we are charged 10 cents for each paper not delivered whether it be here in Clarendon, another state, or overseas.

ARE YOU ONE OF 400?

Are you included in the fraction less than 400 who have paid their poll tax? If you are not, then it is time that you make a special effort to go to the tax office and pay your poll tax so you will be able to vote in 1966.

Time is drawing short as January 31st is the deadline. This is a general election year and other important issues may be called to a vote. Be sure you are included when the final count is made.

Mayor Gilkey Proclaims Jaycee Week

This week is "Jaycee Week" in Clarendon, according to a proclamation signed last week by Mayor Richard L. Gilkey.

Mayor Gilkey presented the proclamation to Jaycee president Roland Hill. It stated:

"Whereas, the civic bodies and service organizations of Clarendon and the departments of the Clarendon city government recognize the great service rendered to Clarendon and Donley County by the Clarendon Jaycees, and

"Whereas, the United States Jaycees and its affiliated state and local organizations have set aside the week of January 16-22, 1966, to observe the founding of the Jaycees and to commemorate such founding by the selection of this week as Jaycee Week in the United States, and

"Whereas, this organization of young men has contributed materially to the betterment of Clarendon throughout the year, and

"Whereas, the Clarendon Jaycees have demonstrated many times that they are one of the more outstanding Jaycee chapters in the State of Texas,

"Therefore, I, Richard L. Gilkey, Mayor of the City of Clarendon, do hereby proclaim the week of January 16-22, 1966, as Jaycee Week in Clarendon, and urge all citizens of Clarendon to give full consideration to the future services of the Clarendon Jaycees.

JR. HIGH CAGERS SPLIT GAMES WITH WHITE DEER

Junior High Basketball teams played White Deer Thursday night. The girls were defeated by a score of 11-57. The boys upset White Deer 62-31. This leaves the girls standing at 1-1 in District play. The boys hold a 3-0 standing.

Monday night the Junior High boys and girls will play in Groom at 6:30 p.m. Thursday night the 7th and 8th grade boys will play Memphis at Clarendon.

Leader Local Rate — \$3.50 a Year.

According to a tabulation of the West Texas Gin at Hedley, Paymaster Gins here, Lelia Lake and Martin, the total number of bales of cotton ginned from the 1965 crop now totals 12,767 bales with approximately 300 bales still in the fields.

The 1965 crop is expected to exceed last year by a third when the final count is made as an estimated two thousand bales have been ginned outside the county at Quail, Wellington, Memphis and Brice. What the actual net figure will show is to be seen when the individual farmer figures up his expense of growing and harvesting his cotton.

Registration Dates Set At Clarendon College

Registration at Clarendon College will begin at 9:00 A.M. Monday, January 24, and continue through Tuesday, February 8. Classes begin at 8:30 A.M. on January 25. Registration for evening classes will be held at 7:00 P.M. on Monday, January 24th and will continue through February 8. Evening classes begin at 7:00 P.M. on Tuesday, January 25.

In light of the increased enrollment, the Registrar's Office is anticipating a large number of new students for the spring semester. More part-time jobs will be available under the expanded College Work-Study program and car contracts are still available for commuting students. These two financial aids, added to the low enrollment cost at the small West Texas Junior College help to explain why so many students are taking advantage of the two-year basic program which it offers — courses which transfer readily to any other college and which offer a solid foundation for future work.

Any student who plans to enter Clarendon College for the first time should contact the Registrar's Office immediately for registration information.

Mr. and Mrs. Sammy Jacobs of Clovis, N. Mex. spent the week end with their grandparents, Mr. and Mrs. Sam Spradlin.

LIGHT WEIGHT RATIORS

Experienced sportsmen, out for only a day or two, do not tire themselves by lugging along a lot of reavy cooking stuff. Instead they package a supply of raisins, chocolate chips, and nuts before leaving home. Secured in a plastic bag, these eatables afford plenty of concentrated nourishment that is light to carry. And of course Texas "jerky" can't be beat for energizing, concentrated food.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

Congress will have reconvened by the time you receive this newsletter. Fresh from visits with constituents in home Districts and States, Members of the House and Senate foresee another rigorous Session, one that will be marked by historic controversies over fiscal management as Congress and the Administration seek a proper balance between defense and domestic expenditures. A few months ago it appeared that this second Session of the 89th Congress might be able to concentrate, as a principal task, on seeking corrections in programs enacted in past sessions and which need to be improved. However, the priority of Congressional attention has shifted to problems associated with the war in Viet Nam.

With one exception, my committee assignments will be the same as they were during the First Session of this Congress. The new responsibility was imposed by my appointment as Chairman of a special House subcommittee to investigate the recent electrical power "blackout" in the North-eastern United States and other such power failures occurring in the Country. The subcommittee held meetings in December to plan the investigation and to receive testimony from the chairman and members of the Federal Power Commission following their initial study. I feel that our subcommittee's assignment is one of the most important projects of this Congress. It is vital to national security as to the health and well-being of residents of all sections of the Country that the case of these power failures be determined with certainty and that steps be taken to see that they can not happen again. The last phase of our subcommittee's work may be to shape legislation to accomplish this goal.

I will again in this Session preside as Chairman of the Subcommittee on Communications and Power, one of the five subcommittees of the House Committee on Interstate and Foreign Commerce. The subcommittee has initial House jurisdiction over legislation affecting interstate and foreign communications, including the Nation's radio and television industry and telephone systems; petroleum and natural gas, including the interstate oil compact; interstate electric power; and the U. S. Weather Bureau. A problem of continuing interest before the Communications and Power subcommittee is the extent and nature of regulation that should properly be applied to community antenna television (CATV) systems. Hear-

ings begun in the first session of this Congress will be resumed this year.

Again this year I will serve as chairman of the Subcommittee on Irrigation and Reclamation, one of the six subcommittees of the House Committee on Interior and Insular Affairs, and the subcommittee which during my tenure of service has shaped such important legislation of the Texas Panhandle as that providing for the Canadian Dam and Aqueduct and the recreation development of Lake Meredith. The jurisdiction of the Subcommittee includes multiple purpose development of the Nations water resources and related policies; the saline water program; water rights; and interstate compacts relating to apportionment of irrigation waters.

I will also be serving this year on the newly formed Public Land Law Review Commission, a 19-member body composed of Members of the House and Senate citizens appointed by the President. The Commission was established by Act of Congress to study Federal laws and policies affecting our vast public land holdings and to determine policies for the future that will insure wise utilization and development. I'm looking forward to the challenges and work of the year ahead.

Recent Visitors: Mrs. Laura Jo Skaggs, White Deer; Charles L. Ford, formerly of White Deer now of Wilmington, Del.; Ray Cliver, Amarillo.

HILLTOP NOTES

News From Clarendon College

CAMPUS CHATTER

by Jim Blackerby

The classrooms and halls of Clarendon College are silent today and tomorrow. Just yesterday these walls contained tense, anxious students, scurrying from testing room to testing room, pouring over last minute notes, anxiously trying to remember last minute details. Now semester tests are over and the students have gone home. The only sounds within the walls of CC now are a typewriter clicking in the of-

ice, the scratch of a pen grading papers, the shuffle of papers in the English room, and the clink of coffee cups in the teacher's lounge. The once noisy student's lounge is now filled with an eerie silence except for the swish of the janitor's broom and the thud of books resounding lightly from the back room.

Meanwhile, the students are at home, tensely awaiting the grades that are to be mailed. The results of the semester's work, as portrayed by the final grade, will determine whether or not some of the students return to the Hill or try something different. Many students will surprise their parents by rising early each morning in hopes of beating them to the mail box. The grade reports will be good for some and bad

for others, and there are probably a very few that are indifferent.

Next week, activity will burst upon the college building as registration for the spring semester begins. New students, new faces will be added to the old ones, and a few of the old ones will be gone. The former students will be missed, but the new ones will gradually take their place.

If the spring semester can better the record of the fall semester it will have to go some. All in all the people making up the student body during the fall semester were as fine a group of students as one could wish for.

Phi Theta Kappa News

by Jim Blackerby

Two members were initiated into Phi Theta Kappa a nationwide junior college honor society, last Thursday evening in the Community Room of the Farmer's State Bank. The two members were Maudena Self of Clarendon and Conny Mack Moore of Lakeview. These new members are to be congratulated for their efforts in attaining membership in Phi Theta Kappa.

Following the installation, a short business meeting was held and officers were elected for the spring semester. Bobby Colson of Wellington was elected President and will assume his duties at the beginning of the spring semester when Charles Floyd of Wellington, the current President, leaves for Tech. Connie Moore was elected Vice-President; Maudena Self, Secretary; and Jimmy Blackerby, Treasurer.

The awards will be announced at the TJCTA Convention to be held in Austin February 18-19.

BULLDOG KENNEL

Comments From The Coach's Corner

"Our recent trip to Ft. Worth and Altus was half-way successful—we lost one and won one. We were not really pleased with the way we played at Ft. Worth. We had beaten them before and should have again. The Bulldogs were cold from the field, shooting only 29% of field goal attempts. We lost the rebound game completely, snagging only 18 to their 40 for the night.

"The only outstanding and consistent player was Alexander. Little Alvie scored 18 points and played a good all-around game. We came away disappointed with our performance and the 71-65 score.

"When the starting whistle blew at Altus, it looked like another Ft. Worth fiasco for the first thirty minutes. We toyed with the idea of either winning or losing.

I couldn't decide which the boys intended to do. We'd get the lead and lose it—over and over again. There was absolutely no continuity of play. Even though we had more height than Altus, we were losing the board game.

"Finally, in the last ten minutes of the game, we fielded five boys who could play together. We started making baskets and winning the board game. We completely dominated the court after that and overpowered the Altus fellows, stretching a one point lead to twenty-four at the final whistle. "This game, with its 96-72 score, produced several highlights—the 96 points is a season high as far as the team is concerned, the highest number of field goals was made, and we tallied the highest individual score—Alexander with 32 points.

"It's difficult to win on the road, regardless of whom we play, yet half of our victories have come from road games. The boys are more consistent than in our own field house, which is very unusual. We don't shoot well at home—a mystery to me. We can't hit our own baskets, but our opponents seem to have no difficulty. This quirk in per-

formance destroys our home court advantage.

"Looking to the game with LCC on Saturday night, we will have to play 50% better than we did at Ft. Worth and Altus if we even get in the running with our neighbors to the south. They are a top-notch ball club in the conference, having defeated Ft. Worth twice by close scores. We could win the contest—it just depends on whether the boys are clicking or not. Lubbock has a scoring average of 96 points per game with a record of 8 wins to 6 losses—which is, to say the least, somewhat better than our 4-10 record. They have the leading scorer in the conference in 6-2 Evans who has averaged 26.5 points per game. They have a sophomore ball club—a fast-break-breaking ball club—the kind that has given us trouble all year. "I just hope that we can keep our team in the county for a few hours—long enough to entertain our guests—before we're run completely off."

Bulldog Personality

One of the bigger men on the court, point-wise, is former Amarillo Caprock cager Dennis Strat-

ton. Though only 6-2, Stratton has made up for the lack in skyscraper size to dump plenty of points in the bucket for the Bulldogs.

The postman is a freshman and, while in high school in Amarillo, averaged 13 points per game for coach Cliff Merhtens. In the rebounding department, he pulled down an average of seven per contest.

Stratton's parents are Mr. and Mrs. W. H. Stratton of Amarillo.

Exciting news from FRIGIDAIRE ELECTRI-CLEAN OVEN!

From dirty... to clean AUTOMATICALLY

NO MORE MESSY CLEANING

Q. What happens to the dirt?
A. The Electric-clean oven heats up to about 900°. At this temperature oven soil is turned into a loose ash and vapor. The vapor is vented thru a special air purifier.

Q. How can it clean the racks & drip bowls?
A. Frigidaire uses a special heat-resistant porcelain enamel for both the oven liner and cooking unit drip bowls. The racks get cleaned right along with the rest of the oven.

Q. Is there any hand cleaning left to do?
A. Possibly there will be a small amount of loose ash that may remain after cleaning. This can be whisked out easily.

Q. What about safety features?
A. As soon as the temperature rises above broiling heat, oven double-locks itself. It can not be re-opened until the temperature returns to conventional oven heat. Frigidaire uses extra insulation and its electrical system and high heat process are UL approved.

Q. How expensive is it to operate?
A. This full-size oven cleans itself for about the price of a cup of coffee—much less than the cleaning cost of special chemical oven cleaners.

This unique Frigidaire Range may seem too good to be true. But, true it is and you may see it at your nearest WTU showroom.

We wonder sometimes what has happened to the courageous minority. Everyone seems to be trying to get on the bandwagon. It seems that everyone is in a hurry to get on with the scheme of things and no one has time or the courage to seek out the right and steady course any more.

This thought line came to mind the other day as we were thinking about modern day jury ser-

vice. It brought back to mind the first jury case we were ever picked on. It was of a serious nature and carried a penitentiary sentence. One of the fellows and myself hung the jury for a day and night. Right now I don't remember the person or the issues involved, but in thinking back it caused a proud feeling to have at least once in my life been a member of a courageous minority. The other fellow and myself meant to stay there until the judge sent us all home not forsaking our convictions. At the time some folks reminded me that I was taking a stand with a hard-headed fellow. Now, I wish there were more like him.

Too many times the jury panel is made up of folks too perturbed about their own problems—too much in a hurry to even consider the plight of some supposedly erring creature. I will hasten to say

that my own feelings seem to have changed since that first case. Our minds become so entangled with things until we can't seem to stop long enough to consider another's plight. This could become a dangerous thing. Anyway, if we were being tried we would want our lawyer to really question these impatient folks like us before picking one of us on a jury.

It's awful hard to keep ahead of all our neighbors, and ahead at the bank at the same time.

Some folks who always go around trying to make the whole world right would be awfully disappointed if they couldn't find anything wrong to find fault with.

Aunt Bee thought that uncle Mort was improving in his general behavior until she discovered that it was only his excuses that were getting better.

When some folks pray it sounds like they are asking for the works—only thing is they don't wanna' have to.

We are getting old when we know most of the answers but can't think of any new questions.

He wrote: "...the proudest possession I own is the green beret given to me by an A team in a heavy combat zone." The combat zone being Viet Nam as he went there after he finished at Fort Bragg, to get more material for his book.

Quoting: "Here in an explosive book, are the previously untold stories of a group of true-life heroes—the men of the hush-hush U. S. BRONCHO CHIT CHAT

This week is much more relaxed compared to the hectic activity of last week. The students and teachers are in the process of adjusting to the second semester of this year. It's kind of fun because so many have changed several of their classes and it is amusing when a person comes to class and sits there thirty minutes and then realizes he is in the wrong room! It hasn't been all fun though, because the report cards were handed out yesterday and from the groans heard, not all the reports were good ones. Oh well, here's to this semester. Good luck! BASIS OF COMPARISON—All models are two-door hardtops equipped with V-8 engine, automatic transmission, power steering, power brakes, radio and heater. Monthly payments have been computed on manufacturer's suggested retail price, 1/3 down and 36 monthly payments. Not included are the extras you pay for on practically any new car: whitewall tires, deluxe wheel covers, destination charges, state and local taxes, interest, insurance, and licensing fees.

The hard facts are all in the chart. You can practically pay the price of a Chrysler and get a lot less car all the way around. Or, you can come in and move up to the Chrysler class for far less money than most people suspect. Confidentially, which choice makes the most sense to you, a little car or a full-size Chrysler?

PERSONNEL OF LOCAL COCA-COLA PLANT TO ATTEND ROSWELL MEET

The world's largest soft drink business will be operating with a skeleton crew Saturday, January 22, 1966 in Clarendon and Memphis and the surrounding area to enable personnel of the Coca-Cola Bottling Companies to attend a unique sales meeting in Roswell, New Mexico. Carl H. Allmond, manager of Memphis Coca-Cola Bottling Company in Clarendon, said that 3 employees and 2 members of their families would accompany him to Roswell.

The sales extravaganza which they will attend will bring a 10-member cast of dramatic actors and actresses with original music, lyrics and dances to present the upcoming merchandising plans for products of the Coca-Cola Company and the approximate 1,000 U. S. Bottlers. The program has been designed to appeal not only to the salesmen but to other members of the bottling plant organizations and their families.

The meeting at Roswell is one of the three being presented simultaneously at three different locations in the United States by three different "road companies" of musical cast and Company officials. Altogether, this marketing presentation will reach 41 cities and more than 30,000 people in Coca-Cola bottling plants.

Those attending from Clarendon and Memphis will be Mr. and Mrs. Carl H. Allmond, Mr. and Mrs. Bill Chilton, Richard Maxey, and Chas. G. Weir.

Instead of heating their swimming pools Arizonians install cooling equipment.

NEWS FROM CITY HALL

by R. L. Gilkey, Mayor

Several persons have asked a few questions concerning last week's article. No statement was made concerning a City Administrator simply because we have not found a person suitable for this position yet. A good City Administrator, however, would be a great asset to our city.

Several persons also questioned the increase of the water bill with the added garbage charge. Since this one dollar garbage charge was added to our water bills in the 1950's, the city has given increasingly greater garbage and trash pickup service for no increase in cost. Labor costs alone have increased greatly in the past ten years. One simply cannot purchase much labor for one dollar. Also within the past ten years our population has decreased alarmingly with subsequent decrease in funds in which to operate the city. It is honest with ourselves we quickly realize that we not only must meet our present bills and obligations today, but consider the future of our city as well. At present garbage and trash pickup is simply too costly. A moderate increase will prevent too great an operating deficit.

Balancing a budget and maintaining services with decreased income can only attest to the effectiveness of your city government over the past ten years.

Similarly the county government has faced a similar problem. With the loss in county population the past decade with its subsequent loss of income, the county has not found it necessary to raise its taxes as yet.

In fact only the school district and the college have a truly adequate tax base, and that is remarkably low as compared to most communities. And we want good schools, we have them, and we're proud of them. I think that we're all glad that the college hassle is over. The college is now on firmer footing than we ever thought possible a year or so ago, and on an acceptance basis to everyone I think. We can start pulling together again for the good of the community. The last half of the '60's has just started. It should be the best half—for our country, our county and our city.

COTTON MARKETING NEWS

Cotton harvesting in the area has entered into the downward stretch, according to K. E. Voelkel of the USDA Memphis Classing office. Quality continued to be lower however Pressley tests continued high. There were 27,000 samples processed through the office last week. This brings the season total to 177,000 compared to 162,000 last year.

Light Spotted was the predominant grade. Method of harvested accounted for a five per cent reduction in grade. Staple length ranged from 13/16 to 1 inch. Mike readings showed 34 per cent in the 3.6-4.8 range.

Average prices paid ranged from 27.50 to 24.15. Cottonseed price was \$47 per ton to farmers at gin points.

Leader Local Rate — \$3.50 a Year.

L. D. ATEN JR. HONORED WITH TOP ASCS OFFICE IN STATE

The Lamb County ASCS has been selected as the outstanding office in Texas and the South Central Area of the country for the Aug. 1, 1964 to July 31, 1965 period and was presented with the awards Tuesday night of last week at a banquet hosted by the Littlefield Chamber of Commerce and businessmen of the county. L. D. Aten Jr., formerly of Lelia Lake, is manager of the Lamb County office. He received his initial training here under the supervision of Mrs. Mildred Ritter.

The Lamb County office, headed by Aten, is the first Texas office to win the regional award, others have received honorable mention.

The selection was based upon improvements made during the year as well as the sustained high quality performance by the county. The state award carried with it individual awards and a cash prize of \$100 for each employee.

HENRY HERMESMEYER WINNER AT CHILDRESS 4-H SHOW

Henry Hermesmeyer, Donley County 4-H club member, was selected as the champion showman at the Greenbelt Junior Cattle Show in Childress Saturday, according to Ronald Gooch, County Agent. He received a new show halter for winning this honor. Henry also exhibited the first place middle weight steer of the show and the second place senior heifer calf in the Hereford heifer division.

John Hermesmeyer exhibited the second place light weight steer. There were approximately 100 head of cattle entered in the show.

The Amarillo Stock Show will be held January 22 through 26. Six Donley County 4-H club members will be showing steers at this show. They will include: John and Henry Hermesmeyer; Mike, Jayne and Scott Martin; and James Edward Potts. The steers will be judged on Monday, January 24th, starting at 8:30 a.m. The sale of steers will be on Tuesday, January 25th at 2:00 p.m. These 4-H club members would appreciate any support possible from local individuals and business people for their steers sold in this sale.

The astronomical measure of a light year equals six trillion miles.

Tuesday — Hot Dog on bun, potato chips, ranch style beans, applesauce, cake milk.

Wednesday — Turkey and dressing, gravy, creamed potatoes, green beans, pumpkin pie, cranberry salad, milk.

Thursday — Meat balls with tomato sauce, blackeyed peas, cabbage slaw, hot rolls, butter, honey with peanut butter, milk.

Friday — Bean Chalupas with Taco sauce, corn, peach pie, milk.

Under state regulation, associations have no ceiling on the dividends they may vote. However, interest returns have been running about 4 1/4 to 4 1/2 per cent.

Federal regulations adopted in December have boosted allowed dividends up to 5 1/2 per cent on time deposits.

GIANT PARKS PLAN IN OFFING — Most extensive state parks and recreation plan in Texas history may be submitted to the Legislature next year, says Governor Connally.

He may ask the lawmakers to approve a \$25,000,000 to \$50,000,000 land purchase program for parks during the next biennium. Total budget for parks this biennium is only \$5,400,000. However, that is more than has been spent on the system for the past 10 years.

In mid-December Connally said he will tour the state during 1966 discussing needs and plans—including an "expansive and ambitious" parks-recreation development.

State Parks and Wildlife Department announced recently that additional facilities are being planned for all types of outdoor recreation including boating, fishing, water skiing, canoeing, golf, sailing, bicycling, sight-seeing, horseback riding, golf, hunting, "rock hounding" and nature study.

CONNALLY APPOINTS—Governor Connally has appointed A. L. Dear, executive vice president and general manager of the Palestine Savings and Loan Association, as a member of the Upper Neches Water Authority.

Dear, 54, succeeds Eugene Fish of Palestine, for a term expiring Jan. 1, 1971. Fish was one of the men who pushed Lake Palestine to a reality, but died before it could be completed.

BOAT REGISTRATIONS DUE SOON—More than 200,000 motorboats are subject to registration by April 1 under Texas' new Water Safety Act, so warns State Highway Engineer D. C. Greer. Present certificates expire on March 31.

New law authorizes the motor vehicle division of the Texas Highway Department to issue certificates for boats operating in state waters. Same division handles license and title procedures for autos.

Renewal notices covering boats already registered now are being mailed out, along with a brochure outlining the Water Safety Act. Under its provisions, state game wardens now have full authority, for the first time, to enforce water safety statutes.

New registration will cover a two-year period. Fees range from \$3 for boats less than 16 feet long, to \$12 for those 40 feet or longer.

Safety equipment requirements include lighting, horns, bells, fire extinguishers and flame arresters. Also required are rear view mirrors on boats towing skiers.

One of the big sleeper battles of the Texas political scene during 1966 will be for control of the state Democratic party machinery.

Some observers think this brewing struggle is behind the fuss between U. S. Sen. Ralph Yarborough and Gov. John Connally. Few think Yarborough has any intention of running against Connally for governor, as some have suggested.

But there is every reason to believe that Yarborough will be the key figure in any all-out liberal Democratic effort to wrest control of the State party committee from hands of the governor's friends.

Shifting population patterns and legislative redistricting tend to shorten long odds against a liberal victory in this year's conventions. Half the 6,000-plus delegates to the September state Democratic convention will come from 12 major counties where liberals are gathering strength.

Furthermore, the big counties will have more members on state party committees. This is because of the Senate redistricting act, which added senatorial representation in Bexar, Dallas, and Harris counties.

A personality clash at the top

Clarendon College Photo—Leader Engraving

NEW MEMBERS — Two new members of Phi Theta Kappa, a national honor organization affiliated with Clarendon College, were initiated into the organization last week. The new members are, front, Conny Mack Moore of Memphis and Maudena Self of Clarendon. Mrs. Joan Hamilton, organization sponsor is to the right. Officers who conducted the meeting were, left to right, back row, Bobby Colson, and Charles Floyd, both of Wellington and Jimmy Blackerby of Clarendon.

leadership level is necessary to whip up enthusiasm for convention warfare. The feuds between Connally and Yarborough most likely will provide the spark that sets off the 1966 version of a familiar state Democratic fight.

Stakes are high, for not only is the party committee an effective power base but a powerful instrument in the process by which delegates are selected to the future (1968) presidential nominating convention.

Not since the administration of Coke Stevenson has a Texas governor lost control of the state Democratic party machinery.

BIG SAVINGS AIDED — State Finance Commission has adopted new regulations, effective January 1. Rules allow higher interest to depositors with big savings accounts and an interest break for late depositors in Texas chartered savings and loan associations.

Old rules required uniform interest rates for all savings accounts in the associations. This new variable interest order, still partially subject to approval by the Federal Home Loan Bank Board, is aimed at placing the state-chartered savings associations in a better competitive position with banks federally-chartered savings associations.

One provision would allow "time account certificates" for investors who will keep \$1,000 or more in savings for at least a year. Other regulations would provide for paying a full month's dividend on money deposited by the 20th of the month instead of the 10th and for a full month's dividends on money withdrawn during the last three business days of a dividend period.

BUILDING GAINS — November building throughout Texas increased seven per cent, despite a traditional decline during the 11th month.

Report from the UT Bureau of Business Research also shows total construction for the month came to \$133,631,000, a figure exceeded only during August and in November, 1964. Texas building during 1965 did not set a record. Record belongs to 1964.

U. S. Department of Commerce sees a nationwide 11 per cent increase in non-residential building for 1966, but only a "small advance" in private housing construction.

COUNTIES ATTACK PROBLEMS — Texas counties now may get busy planning to solve their complex problems on a regional scale with state and federal aid.

Atty. Gen. Waggoner Carr paved the way with an opinion saying the State Health Department is authorized by a 1961 act to "arrange planning assistance" when counties request it.

Cities and counties may pool problems and resources in a broad planning program under an act passed last spring.

Health Department has served as the administering agency for small cities in the past, and will continue this function. Federal funds are available for part of the cost — normally two-thirds for cities and up to three-fourths for cities in depressed areas.

Although no Texas county has a master plan in effect, some have been awaiting the green light from the attorney general so the federal agencies could provide the needed money.

Bexar, El Paso, Ector, Grayson,

Jefferson, Nueces, Harris, Tom Green, Orange, Tarrant, Dallas, Denton and several other counties are expected to join the program. Applications are made to the Health Department.

GATESVILLE BUILDINGS — Architectural drawings have been made for a \$497,370 training unit for 240 boys at Gatesville School for Boys.

A second construction project hasn't reached the architectural stage. This is a \$41,160 addition to the Academic Building at the school.

ATTORNEY GENERAL RULES — Attorney General Carr has ruled that the Texas Water Development Board may pay the tuition fees of two employees to attend an eight-day course in Earth Control and Investigation conducted by the Bureau of Reclamation, Denver Laboratories. Tuition total would be \$300.

In other rulings, Carr said: ●Firemen who participate in firemen's relief and retirement fund can draw out all payments made prior to August 23, 1963, when leaving fire department employment.

●Special service charges and penalties assessed against small accounts by depositories cannot be considered in determining whether deposits are dormant and subject to escheat by state.

FARMER'S TAX GUIDE NOW AVAILABLE

The 1966 edition of the Farmer's Tax Guide, prepared especially for farmers to use in working up their 1963 income tax reports, is available at local county Extension offices or from offices of the Internal Revenue Service, reports County Agent Ronald Gooch.

It would be hard to place a value on this publication, explains the county agent. It is written and illustrated for farmer use and is just about a must for tax filing purposes, Gooch adds.

One of its most useful sections is the example return. On this sample tax return, Schedules B, D, and F are used. Also the major form of all, Schedule 1040, is shown with the completed return and computed tax. Each step in preparing the return is illustrated and explained, Gooch says.

Every tax payer who received two-thirds of his gross income from farming is due to file his return and pay the tax by February 15, 1966, unless he files an estimate and pays this amount by January 17, 1966.

Beaumont is French for "beautiful hill."

TOP EDUCATOR TO SPEAK AT CHILDRESS FEBRUARY 2

Dr. Richard D. Batchelder of Newton, Mass., president of the National Education Association, will be speaker at an area-wide dinner meeting to be held in Fair Park Auditorium at 7 p.m. the evening of February 2. Tickets will be \$2.50 each.

The dinner is sponsored by the Childress Teachers Association with Administrators, Teachers, and Patrons of West Texas schools invited to attend. Reservations and remittance should be sent to Mrs. R. B. Austin, Wilson School, Childress, Texas no later than January 26th. Tickets will be sent immediately.

People of the area are indeed fortunate to have this opportunity to hear Dr. Batchelder. He is the first NEA president to have been educated under the GI Bill of Rights and at 40 is one of the youngest presidents in the 108 year history of the association. He is the father of three children, has served as a classroom teacher, and is serving as headmaster of his school.

Mr. and Mrs. W. B. Ayers have returned from Dallas where they were called by the death of Mrs. Ayers' sister, Mrs. Nellie Taliaferro last week.

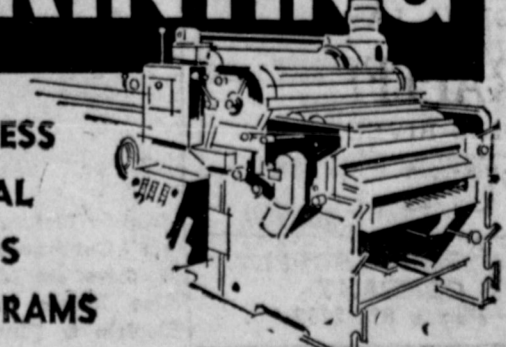

Mark Irl is the name given the little son who arrived January 14 to make his home with Mr. and Mrs. Jim Bain of Waco. The young man, who weighed 6 lbs., is the grandson of Mr. and Mrs. James Bain of Clarendon.

CHS Boys Win; Girls Split Games Played Past Week

The Clarendon High School Bronchos took a pair of games from Memphis Friday night in Broncho gym.

The Clarendon girls started off the action with a score of 15-7 at the end of the first quarter, and stretched their lead to 33-4 at halftime. Coming out strong after intermission they built up a third quarter advantage of 42-6 and carried it on through for a final tally of 57-12. Cheryl Fedric led the scoring for Clarendon hitting the basket for 26 points while teammates Christina Moore contributed 9, Donna Hill 6, and Judy McAnear and Sandra Longan 5 each. High scorer for Memphis was Betty Vick with 5 points.

In the boys game the action got off to a slow start with Clarendon holding a slight 3 point lead of 11-8 at the end of the first quarter. From there the action picked up and the Bronchos carried a 29-18 lead into the dressing room at half-time. The teams played a close third quarter with Clarendon holding the lead at 43-32 before the Bronchos pulled away in the final quarter to win the contest, 64-37. Pacing the Bronchos was Archie Smith with 25 points followed by Richard Thornberry with 17, and David Mooring with 9. High point man for Memphis was Cornish who hit for 20 points.

In games played with McLean Tuesday night, the boys won 76-25 and the girls lost 42-44 by route of the free throw line.

The boys jumped off to a fair lead in the first quarter 12-9 and stretched their lead to 39-9 at the half and 60-19 at the end of the three-quarter period. David Mooring was high point man for Clarendon with 22, Gardner and Louis followed with 14 each. Hester was high for McLean with 8.

In the girls game, it was a close affair from start to finish with McLean leading 8-9 at the end of the first quarter and the score tied 19-19 at the half. The locals went ahead 29-28 at the end of the third quarter but too many fouls in the fourth period and good shooting from the free throw line put McLean ahead 44-42 for the final score. Cheryl Fedric was high for Clarendon with 19 and Sandra Longan had 18. Pam Burnette was high for McLean with 23.

Clarendon's next games will be with Canadian here Friday night at 6:30 and at Wellington next Tuesday night at 6:30.

The girls now have a 15-7 season record and stand 2-1 in conference play while the boys boast a season record of 21-2 and now are 2-1 in conference action following a one-point loss to White Deer last week.

CHAMBER OF COMMERCE DIRECTORS MEET MONDAY NIGHT

Directors of the Clarendon Chamber of Commerce decided to participate on a 50-50 basis with the City of Clarendon on the refurbishing of a room in the Red Brick School Building during their regular monthly meeting Monday night in the Chamber office. A limit of \$1,000, with the Chamber paying \$500 was set by the directors. The room will be used jointly by the Chamber and the City Council for meetings.

In other business, the Chamber will investigate the possibility of holding a Feb. 22, "George Washington Birthday Sale" in Clarendon and the directors were shown recent industrial forms from the West Texas Utilities Company of Clarendon.

Ballots were authorized to be mailed to all Chamber members to elect new directors for the coming year. The ballots must be returned by Feb. 1, at which time they will be counted and the results announced at the next meeting. The new directors will elect officers and a banquet date and plans will be made for the coming year.

LCC Chaparals Dump Bulldogs 104-70

Shooting a torrid percent in the first half, the Lubbock Christian College Chaparals trounced the hosting Clarendon College Bulldogs 104-70, Saturday night in Bulldog gym.

Their hot shooting, plus an effective full court press, pushed the Chaparals into a 56-28 first half lead and they were never threatened.

Lubbock missed but four attempts from the field in the first half, one of the finest shooting efforts ever seen in the gym. The Chaparals held Clarendon scoreless for about three minutes before taking a 13-0 lead before the Bulldogs dented the scoring column. Try as they did, the Bulldogs could never close the gap.

Lubbock had five players score in the double figures with two of them hitting over 20 points. They were paced by Robbie Evans who scored 28 points and Bubba Harris who added 22 points.

Clarendon was led by Dennis Stratton who dumped in 14 points.

The Bulldogs will not see action until January 27, when they travel to Frank Phillips in Borger. The long layoff is for semester finals which started Monday.

LITTLE LEAGUE MEETING ANNOUNCED FOR JAN. 20

All persons interested in the Little League program are asked to meet Thursday night, January 20, at 7:30 p.m. at the City Hall.

The Little League program has been carried on in our community for the past several summers and affords the youth of our community recreation as well as providing them with a "busy" program.

It takes the concentrated effort of everyone to keep a program of this type alive. Each summer more and more youth are taking part and this coming summer will be no exception. With the two fields now available for play schedules are completed earlier affording time for vacations and team play works off much faster.

"All interested persons are urged to attend this meeting so that tentative plans can be formulated and needed equipment considered so that all may be in readiness when the playing season arrives," stated Billy Jack Land who headed the Little League staff this past season.

WEATHERFORD COLLEGE FRATERNITY DONATES BLOOD FOR USE IN VIET NAM

SCHOOL CENSUS NOW BEING TAKEN

The Donley County School Census is now being taken and it is most important that every young person of school age, whether it is the child who will be six by September 1 or the young person who will be 18 years, be listed on this census. This listing determines the amount of money our local schools will receive from the State funds throughout the year as each pupil listed entitles our school district to approximately \$85 school aid.

A census blank is being sent to each home by a student from each family. Parents should check with their children for this blank, fill it in, and return it promptly to the school. All who do not have children in school but who will fall within the school age limits,

and have not received these blanks to fill out are to contact the School Administration Office and forms will be provided. This must be completed by the end of the month, stated Supt. Kenenth Vaughan.

FRATERNITY OFFICERS ELECTED AT WEATHERFORD COLLEGE

Newly elected officers of Tau Kappa Epsilon, social fraternity at Southwestern State College, Weatherford Okla., will assume their duties at the beginning of the spring semester. Heading the slate of officers this year as president will be Dwight McAnear, son of Mr. and Mrs. J. G. McAnear of Clarendon.
