J. R. Gillham Honored At Baylor Law School

Dean William J. Boxwell of the Baylor University Law School named J. R. Gillham as the winner of one of the top honors announced at the annual Baylor University Law Day Celebration held at Waco Saturday, April 14th. Gillham was named to receive the annual cash scholarship award given to the highest ranking student for his first three quarters in Baylor Law School. The award included the students entering the school in the September and November quarters in 1960 and in March and June quarters in 1961, and is based on the scholastic ranking.

Beginning with a breakfast honoring the members of the Texas Supreme Court and reaching a climax with the annual "Law Day" banquet and dance, the annual event was the most successful in recent years. The program was under the direction of the student bar of Baylor University and was participated in by approximately one thousand students and attorneys from the "Heart of Texas."

Donations Needed For Rowe Cemetery

It is time to begin work again on Rowe Cemetery. The cemetery is in good condition, but it takes a great deal of work to keep it that way. This work is entirely paid for by voluntary contributions; any help you can give on this good cause will be appreciated and you will be given a receipt upon request.

Donations may be addressed to M. O. Weatherly, City Secretary, or Security State Bank.

Retiring members of the board are Homer Estlack and Clyde Hudson. Estlack has been serving the board as president and Hudson as vice-president.

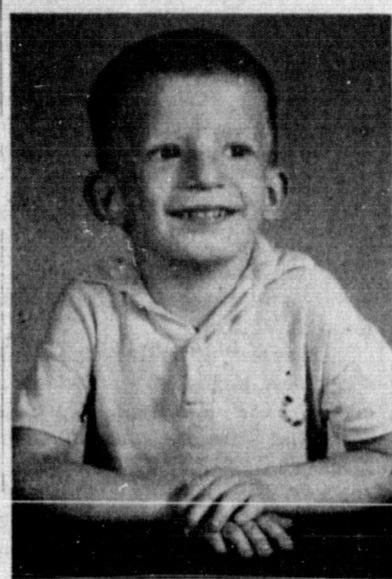

Sims PTA To Sponsor Program April 27th

What is Alcoholism? What is an Alcoholic? How does one become an Alcoholic? These, among others, are questions which will be answered on Friday, April 27, by Mr. Charles Flurry, Youth Director of the Louisiana Moral and Civic Foundation, Inc., Baton Rouge, Louisiana. Mr. Flurry's appearance is being sponsored by Sims P.T.A. in an effort to further alcohol education among the youth of our community and to hold back the tide of alcoholism developing in our nation.

The problems created by alcohol are numerous, tragic, and costly, and those problems are the responsibility of every parent and citizen in our community. We wring our hands; we moan "Why doesn't somebody DO something?" or we mutter "There ought to be a law!" We run around confusedly in circles talking about "Alcoholism is a modern disease" and about "rehabilitating the alcoholic," — but we seem to be too stupid and too preoccupied with money-making and social pleasures, and too near drowning in a turbulent sea of scientific terminology to plan, or even to think at all about PREVENTION of alcoholism.

We need to get the facts regarding alcohol to our young people in high school and college, because we sincerely believe that the only scientific way to solve the problems created by the consumption of alcoholic beverages is to present the facts — the truth. Mr. Flurry will be presenting these facts in a graphic and challenging manner as he speaks to the student body at 8:30 Friday morning. At 10:00 a seminar will be held for all interested parents who would like to know more about ways of preventing alcoholism and its attendant diseases, economic waste, and human tragedies.

LEADER CLASSIFIEDS GET RESULTS.

Richard Leathers, five year old son of Mr. and Mrs. Johnny Leathers, is looking forward to a happy, normal life after undergoing open-heart surgery at Texas Children's Hospital in Houston on March 27th. A hole the size of a fifty-cent piece located between the lower chambers of the heart was closed with a dacron patch.

As the surgeon phrased it, "Richard is now a little veteran" — having already been through two other major operations. Richard and his parents wish to take this opportunity to thank those who remembered them in prayer and those who sent cards and gifts. They would also like to thank the Junior Chamber of Commerce for replacing the blood used.

Junior Tennis Teams Take Two First Places

Coach J. R. Williams' junior tennis teams took two first places at the district junior tennis meet at Lefors last Monday.

Richard Bell, representing Clarendon in junior singles play, took first place by defeating Terry Lesley of Memphis, 2-6, 6-1, 6-1.

The Clarendon girls doubles team of Regina Borden and Lynn Bourland defeated Memphis in the finals of this event, 2-6, 11-9, 6-3.

Other Clarendon students participating in the meet were Sharon Henson in girls singles and Douglas Bradshaw and Timmy Ray in boys doubles. Sharon lost to Lefors and Bradshaw and Ray also lost to Lefors.

Bulldog Netters Play Howard Co.

The Clarendon Junior College Tennis Team will end their regular season play today when they meet the Howard County Jayhawks at Big Spring.

The Bulldogs so far have posted a 2-3 season record. They hold wins over Amarillo College and Frank Phillips College and have lost to Odessa, Lubbock Christian College and San Angelo.

Bob Browning will be in the number one singles position today with Kenneth Housden in the number two spot. Browning and Housden will team to form the number one doubles team and Dennis Bradshaw and Howard Talley will combine for the number two doubles.

FRESHMAN CLASS TO SPONSOR BAKE SALE

Jaycees Sponsoring Appearance Of Ink Spots In Concert Monday Night

Little League Season To Begin In May

By JOHN PAYNE

The Clarendon Little League met last Thursday night and made more preparations in the organization of a sound Little League for the youth of the city.

It was decided the season was to begin between the respective days of May 14 and June 1. Because of the various school engagements at this time of year, the date will probably be on or about the last week of May.

Practice has already gotten underway with much enthusiasm being shown, both on and off the field. However, we are still in dire need of more Little League workers. We need scorekeepers and umpires as well as a man who would dedicate himself to maintenance of the playing field.

Last Friday night a district meeting was held at the Community Center in Hereford. One of the National Directors from National Headquarters in Williamsport, Pa., was the principal speaker. Much vital and needed information was acquired from this meeting as Clarendon had a representative at the meeting. A cordial welcome was extended to us from Williamsport on our becoming affiliated, and Clarendon as a whole, should indeed be proud of being accepted into a national organization such as Little League Baseball.

The next Little League meeting will be held this Thursday at the City Hall beginning at 6 o'clock. Everyone interested make plans to attend, if at all possible.

Bulldog Tennis Team Defeats Amarillo

The Bulldogs of Clarendon Junior College defeated the Amarillo College Badgers in tennis here last Thursday afternoon by a score of 4 to 2.

Kenneth Fulton of Amarillo defeated Bob Browning of Clarendon in number one singles play, 5-7, 6-0, 7-5. Kenneth Housden of Clarendon defeated Jerry Pybus of Amarillo, 6-0, 6-1. Browning and Housden teamed to defeat Fulton and Pybus, 6-3, 6-0, and Dennis Bradshaw and Howard Talley of Clarendon defeated Bevard Hargrave and Billy Files of Amarillo, 6-1, 6-3, in doubles play.

The Clarendon Jaycees are sponsoring the appearance here of the world famous singing group, the Ink Spots, on Monday night, April 23, in the College Gym at 8 p.m.

The Jaycees scheduled the Ink Spots appearance here in an effort to bring some of the better programs to Clarendon which ordinarily stop in the large cities only. The concert to be presented here by the Ink Spots will be a treat indeed for the citizens of this area and the Jaycees are looking for a large turnout.

All members of the Jaycees have tickets available for the concert at a reduced price at the present time which will be a saving over the door price next Monday night. Reserved seats are now \$1.75 but will be \$2 at the door; General admission are \$1.25 instead of \$1.50 at the door and student tickets are \$1.00. Children 10 years or under, accompanied by their parents, will be admitted free.

Proceeds from the concert will be used in promoting the Clarendon Little League. Plan now to attend the concert, enjoy the good singing and help your Little League.

Services Held Wed. For Mrs. J. L. McMurtry

Funeral services for Mrs. Beulah Dodson McMurtry were held Wednesday afternoon in the First Methodist Church with Rev. J. V. Patterson, pastor, officiating, assisted by Rev. Baldwin Stribling.

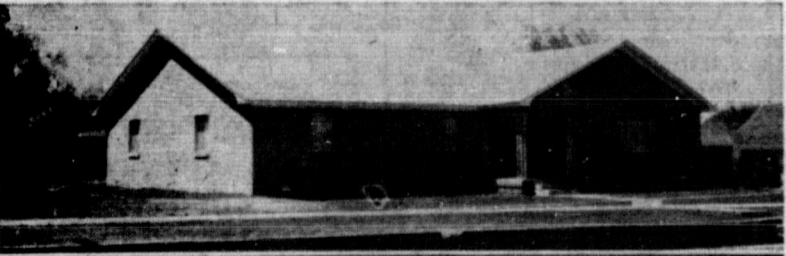

Mrs. McMurtry, 73, died in Adair Hospital here Monday evening after suffering a heart attack earlier in the day. She was the widow of James L. (Jim) McMurtry, prominent rancher and banker, who died here January 1, 1960. She had been a resident of Clarendon since 1911.

Mrs. McMurtry was prominent in church, civic and club work and was a member of the First Methodist Church.

Survivors include a son, Alfred McMurtry of Clarendon; two daughters, Mrs. Ray Palmer of Clarendon and Mrs. J. W. Collins of Amarillo and nine grandchildren.

Pallbearers were Cap Morris, George Benson, Charlie Bairfield, Forrest Sawyer, Carroll Knorrp, Heckle Stark, Frank White Jr., and Clifford Allison. Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

5 Rural Accidents Investigated Here During March

The Highway Patrol investigated 5 rural accidents in Donley county during the month of March according to Sergeant J. W. Wilson Patrol Supervisor of this area.

These wrecks accounted for three persons injured and an estimated property damage of \$2,745.00.

The rural traffic accident summary for Donley County from January through March of 1962 shows a total of 10 crashes. As a result of these crashes there were no persons killed and 7 persons injured. The estimated property damage amounted to \$3,590.00.

With the coming of April, motorists will be getting back out on the highway to enjoy the invigorating atmosphere and colorful country side. The patrol supervisor pointed out that this will cause highway travel to be multiplying by leaps and bounds. He urges motorists, pedestrians and all street and highway users to know and obey traffic laws, regulations, ordinances and their application, and pledge their continuous vigorous support of these laws, so that accidents may

be prevented and safety universally promoted.

ROY MABERY CANDIDATE FOR COMMISSIONER, PRECINCT NO. 2

As a candidate for County Commissioner, Precinct 2, I want to state to the people of this county my willingness to work and devote the time necessary to it.
I promise if elected to serve the people to the very best of my ability and will maintain honesty in all my work and dealings with and for all concerned.
I think we should be conservative and save the taxpayers all we can and still maintain the county in the very best of shape.
I believe we should, if at all possible, employ citizens of this

county in all our undertakings for the county instead of hiring out of county labor.

I think, if we should be fortunate enough to get enough money appropriated by the state to build more Farm to Market roads, we should locate them where they would benefit the greatest number of people.

I think we should cooperate with all offices and officers of the county and city.

Your vote and influence will be greatly appreciated.

Roy Mabery (Pd. Adv.)

Open House And Reception Held Sunday At The New Methodist Parsonage

Approximately 350 attended the Open House and Reception at the new Methodist parsonage Sunday afternoon from 3 to 5 p.m. Sponsors were the Womens Society of Christian Service. Mr. John Bass, builder, and L. N. Cox, building committee chairman, greeted the guests at the door and directed them to the living room where they were received by Rev. and Mrs. Patterson, Mrs. Bass, and C. E. Bairfield.

Punch and cookies were served from a table draped with a linen cloth with inserts of lace and embroidery and centered with a beautiful arrangement of Easter lilies. Mrs. Redell Henson and Mrs. Frank White, Jr., laded punch the first hour and Mrs. Don Thornberry and Mrs. Ray Palmer the second. Presiding over the register were Mrs. Glen Wallace and Mrs. J. L. McMurtry.

Others in the house party who assisted in directing the guests throughout the home and calling attention to the interesting details were members of various organizations of the church. Each room with its built-in features and new furnishings was shown with pride. A number of complimentary floral arrangements had been sent which added to the beauty of the home.

Out of town guests attending included the following: Rev. Lee Stanford, Quanah; Mr. and Mrs. Rayburn Smith, Rev. and Mrs. C. B. Melton, Mrs. R. W. Caperton, Shamrock; Rev. and Mrs. C. M. Ryan, Mel; and Anita; also Mr. and Mrs. R. B. Terrell.

Ralls; Mr. and Mrs. Benton Moreman, Groom; Miss Mavis Hudson, Mr. and Mrs. John Bass, Jr., Darba and Sue Moss, Chas. D. Murphy, Amarillo; William Clark, Miami.

JR. H.D. CLUB ENJOYS UNIQUE PROGRAM

The regular meeting of the Junior Home Demonstration Club was held at Patching Club House Thursday afternoon, April 12. Cherry blossoms and red buds were used in an attractive table arrangement.

The president, Cleo Crutchfield, presided. Business concerned the final three meetings of this club year.

An unusual program was enjoyed by all. Members wore homemade hats. Some were pretty, some funny, some clever and colorful. Cleo Crutchfield wore a beautiful hat and carried a matching bag. These were made by Cleo.

Attending were three guests, Mrs. H. T. Warner, Mrs. Roy Beverly, and Mrs. Jean Hester. Members present were Cleo Crutchfield, Leona Henson, Nona Lewis, Irene Mann, Hazel Noble, Edith Spivey, Wilma Spier, Cula Jo Trout, Letha Smith, Dollie Wilson, and the hostesses, Gladys Hommel and Ona Tatum. —Rep.

Delta Kappa Gamma Tea Honors Retiring And Future Teachers

Delta Kappa Gamma, society for women teachers, met Saturday afternoon, April 14, in Travis School Cafetorium, Memphis, Texas, at 2 p.m. The meeting was in the form of tea to honor retired teachers and future teachers.

The tea table was centered with an arrangement of iris and lilacs. Other spring flowers and potted chrysanthemums decorated the entertaining area. Punch, cookies, and mints were served during the social hour.

Anna Mae Foster presided. The meeting was opened with prayer by Reba Stroehle. Retiring teachers and future teachers were introduced and each was given a red rose. Jeanine Gray and Fredda Bourland of Clarendon were included in the group of future teachers. Fredda Bourland received the grant in aid given to a high school senior girl planning to teach and who has the highest scholastic standing and participation in school activities.

Brunetta Morris was program leader, her subject "The Near Look and the Far Vision." She introduced Suzanne Pettijohn who in a very clever manner reviewed "Goodbye Mr. Chips."

Anna Mae Foster paid tribute to the memory of Frankye Jefferies after which there was a moment of silent prayer.

Velma Weaver led the group in singing two Delta Kappa Gamma songs before the meeting was adjourned.

Twenty-seven members, three retired teachers, and five future teachers were present. Attending from Clarendon were Velma Bourland, Velma Weaver, Edgar Mae Mongole, Fredda Bourland, and Jeanine Gray.

The next meeting will be May 5 at Wellington. —Rep.

Mr. and Mrs. Vinace Dyer of Pampa visited Saturday evening in the home of Mrs. Claris Lefew.

1926 Book Club Presents Program

The 1926 Book Club met at Patching Club House Tuesday afternoon, April 17, with the president, Mrs. Nelson Seago, presiding. Meeting was opened with Club Collect. Brief reports were made concerning the district meeting of Federated Club Women which was held at Shamrock last week.

Mrs. C. B. Hudson and Mrs. Fred Chamberlain, Jr., were in charge of the program. Mrs. Hudson introduced Mary Cooke who presented her dancing pupils in several numbers. Mrs. C. B. Hudson, pianist, provided the musical accompaniment for the program.

A group of tiny tots composed of Regina Knorpp, Shauna Harding, Karen Miller, Terry Saye, and Pat Baker presented the first portion with each tot leading a number. Included in the presentation were "I Make By Bow," "Where Do The Chicks Go At Night," "Mr. Frog Steps Out of His Pond," "Did You Ever See A Rabbit Climb A Tree," "The Rose Bush Baby," and "Wee Folk Plastique."

A tap number, "Sidewalks of New York," was given by Karen Lowrie, Cynthia Williams, Kattie Cooke, and Jeanne White of Hedley. "Naughty Scarebugs," a song and dance, was given by the tiny tots. Betty and Becky Hudson entertained with a song and tap dance titled "Me and My Shadow."

Two ballet solos were presented. The first "Japanese Sandman" by Kattie Cooke, and the second, "Swanee River" by Melissa Cooke. In conclusion a ballet, "Forest Sprite," was presented by Karen Lowrie, Becky and Betty Hudson, Melissa and Kattie Cooke, Cynthia Williams and Jeanne White.

Entertaining rooms were decorated with spring flowers and the Easter motif. Accenting the piano was a miniature wheelbarrow filled with Easter eggs and pushed by a bunny. Rabbits and chocolate Easter eggs were given the children. Punch and

cookies were served. Hostesses for the afternoon were Mrs. Loyd Johnson, Mrs. Nelson Seago and Mrs. Bill Williams. Approximately forty members and guests attended. —Rep.

Midway Club Has Dinner Party

On the evening of Thursday, April 12, Mr. and Mrs. Rosco Sand of Wellington entertained the Midway Club and their husbands and guests in their lovely home with a dinner and "42" games.

Those making the trip over to Wellington and enjoying the delicious dinner and games of "42" were guests: Mr. and Mrs. Pete Sand and Mrs. Maude Palmer; Club members: Mr. and Mrs. G. D. Hillis, Mr. and Mrs. Loyd Moreland, Mr. and Mrs. Earl Myers and grandson, Jimmie, Mr. and Mrs. W. C. Scott, Mr. and Mrs. Glen Williams, Mr. and Mrs. Quinn Aten, Mr. and Mrs. Clarence Ayers and grandsons, Wayne and Lary, Mrs. Beulah Sanders, and Mr. and Mrs. Leonard Wall.

Guests of Mr. and Mrs. Rosco Land were Mr. and Mrs. Clarence Cason.

Everyone had such a good time and hope we can enjoy the Land's hospitality many more times. —club rep.

PRESBYTERIAN WOMEN'S MEETING HELD

Presbyterian Women met at the Church Wednesday afternoon with Mrs. J. Gordon Stewart, president, presiding. She opened the meeting with prayer and a thought for the day.

The lesson was presented by Mrs. Millard Word. Her subject was "Education Without Boundaries."

It was announced that several ladies would attend the Presbyterian to be held at Brownfield Tuesday and Wednesday of this week. Planning to make the trip are Edna Smith, Mrs. Bill Montgomery, and Mable Mongole. Ten members were present. —Rep.

Mu Gamma Chapter Holds Meeting

Mu Gamma Chapter of Beta Sigma Phi met in the home of Mary Neal Risley on Thursday night, April 12. Opening Ritual was given in unison led by Mary Risley.

Plans for the Founders Day Banquet was discussed to be completed at the next meeting. It was voted to have a bake sale at Junior's Food Market on Saturday, April 21, the proceeds to be placed in the General Fund and used perhaps in the fall to assist in cleaning and redecorating the Youth Center.

Closing Ritual was given and drawing for the raffle, which was won by Glenn Bromley. Those present were: Hazel Guy, Glenn Bromley, Ginny Garland, Helen Crawford, Bert Garland, Ann Hommel, Frankie Henson and the hostess, Mary Neal Risley.

Glenn Bromley brought a wonderful program entitled "Thought as Tools for the Art of Life."

Ginny Garland was hostess in the absence of Bert Garland on March 22nd. There were eleven members present. Evelyn Mann presented the program, "Action as Tools for the Art of Life." The entire meeting was taped and each member was quite surprised when Ginny reversed the tape to learn of her contribution to the meeting.

ASHTOLA COMMUNITY CENTER NEWS

A short business meeting was held before the 42 party began on Friday, 13th of April. All

will be in our community on the morning of April 25. Everyone in our community please meet at the school house at 10:30 to greet these workers as they arrive. Bring basket lunches and plan to stay with us through the lunch hour. We know the men are very busy at this time but we hope they will at least take time to come to the school house for lunch. The menu planned was fried chicken, deviled eggs, salad, beans, any kind of dessert you care to bring.

We hope everyone will come and bring any of your family that is available and able to enjoy a good meal and some fine company. The youth of our community enjoyed a social at the community center on Saturday evening.

Cub Scout News

The Cub Scouts will have their April Pack Meeting on April 30, Monday night, at 7:00 p.m. at the First Christian Church. This pack meeting will have an awards ceremony and a Cotton John film. The name of the film is not known at this time.

Many boys have worked on their badges and arrows during these weeks since the banquet. They need to take their books to their den mother so she can check them over and order their awards. The den mothers must turn their lists of awards in to the Cubmaster by Wednesday, April 25. Parents, please help your boy with his achievements and electives and make sure his den mother knows exactly what awards he has earned. It is a bitter disappointment for a boy not to receive an expected award.

Boys, invite your friends, and especially your grandparents to this pack meeting. This will be the last indoor pack meeting until fall. Summer fun is just around the corner!

Safe Speed

We are all familiar with the signs along the highways placed there by the proper authorities, indicating the "speed limit" in miles per hour. They are there for a definite purpose — our own protection.

The "speed limit" as shown on the sign is not necessarily the "Safe Speed." It is the maximum speed permitted by law under ideal conditions. It is never permissible to drive at a speed greater than is reasonable or prudent, considering the dangers that may exist on the road. The operator of a motor vehicle must be able to recognize special hazardous conditions and to slow down at intersections, curves, hilltops, road repairs and for pedestrians.

"Safe Speed" also varies according to the ability of the driver, the condition of the vehicle, the condition of the road, the time and the weather.

All too many operators of motor vehicles drive faster than the legal "speed limit" or "Safe Speed." It is one of the most common violations of safe driving principles, as evidenced by the many accidents that result in personal injury, death and damage to property. A motor vehicle traveling at a high rate of speed will obviously cause greater damage when it collides with another object, whether moving or stationary, than will one moving at a lower speed.

The "Safe Speed" is always a rate of travel that will make it certain a vehicle can be stopped within the space between a moving vehicle and any object or obstruction that it is approaching, regardless of the condition of the vehicle, the surface of the highway, the weather or any other contingency.

When operators of automotive equipment bear in mind these fundamental principles of "safe speed" and govern their driving accordingly, the inevitable result will be fewer injuries and less property damage.

HARMON
BY JOHNNY HART

It's different... I like it!

Seems like everyone's trying Dr Pepper these days. And no wonder. It's completely different — not a cola, not a root beer, but a happy blend of many fruit flavors. That's why so many people say, "It's different — I like it!" Try it soon!

"Once you've typed on an electric portable, you'll never type on a manual typewriter again!"

Coronet

- 5 repeat actions
- Fastest typing
- No pounding
- Even typing
- 10 clear carbons

Electricity lets you underline a full row of words just by holding down the key, rat-tat-tat, just like that. The same is true for dashes, spaces, dots and the letter "X" for crossing out.

Electricity lets you type as fast as you want even if you're a speed champ. And there's no jumbled letters, no jumpy lines, no uneven spacing.

Electricity does the work for you. There's no pounding the keys. And you can adjust the touch from featherlight to the same as a manual's.

Electricity gives you an expert's even touch on the keys. All letters are typed with the same even blackness... your typing looks perfect.

You adjust a dial and can make up to ten carbon copies. More important, the tenth is just about as clear and readable as the first.

SMITH-CORONA CORONET—Crisp, modern styling. Four decorator colors. Full office keyboard. Choice of many type styles. Lightweight all-steel carrying case. **ONLY \$10 DOWN.**

AUSTIN — The hundreds of candidates who are running for places in the Texas House of Representatives and the Texas Senate have plenty of problems. But when the victors get to Austin they'll have a new one. Big question will be "where to park their cars?"

Lack of parking facilities on the Capitol grounds causes a maddening game of musical chairs — or musical cars — at each legislative session. Speaker of the House James A. Turman says the problem is "growing more acute each day."

So, Turman appointed a committee which may have the longest title in the history of the statehouse: The Interim Committee To Study State Owned Lands

Around the Capitol Concerning the Possibility of Converting Such Into Parking Lots.

Rep. Obie Jones of Austin was named chairman. Two other Austin members, Reps. Wilson Foreman and Charles Sandahl, will serve on the interim study committee.

CUT THE PROPERTY TAX? — For three years now a legislator-citizen study committee — the Texas Commission on State and Local Tax Policy — has been mulling the possibility of state abandonment of the property tax. Texas Research League has helped with the study.

The committee should have recommendations ready for legislative action in the January session. Outcome may rest on voter pressure between now and the November general election.

Under the current system, schools get 42 per cent of the property tax dollars; cities take 29 per cent; counties, 18 per cent; and the state government and special districts only get five per cent each. Texas Municipal League has urged the state to abandon the ad valorem tax and let the cities increase their property taxes. Hale-Aikin committee asked the state to abandon the tax and let the schools levy it.

Tax experts often have declared that county assessors might place higher values on property, if they felt more of the ad valorem tax dollar would stay in the county.

COLLEGE FUNDS SHORT — Presidents and business managers of Texas' 19 state-supported colleges and universities were stunned this week when Texas Commission on Higher Education reported they will get only 54 per cent of the funds they requested to meet increased enrollment in 1963.

Administrators had set their future needs at \$2,770,951. But the Legislature only appropriated \$1,500,000 to supplement teaching salaries for enrollment increases. So the commission's staff promoted the fund among the 19 schools.

Dr. F. L. McDonald, president of Lamar State College of Technology in Beaumont, didn't take the news quietly. "This is one of the reasons why we are never able to raise salaries," he protested. He said the colleges are never allotted enough money, and "have to dig it up."

While the 19 presidents are trying to balance their budgets, Commission on Higher Education will be studying requests from three more colleges which

want to join the state system: Odessa, San Antonio and Laredo junior colleges.

Recommendations will be made when the 58th Legislature convenes.

NEW SHELL GAME — Land Commissioner Jerry Sadler predicts that Texas never will yield control over any part of Padre Island to the federal government. He charged that some Texans have been "deceived" by talk of an 88-mile-long national park there.

He said the U. S. Senate did not approve a park, but a "National Seashore Area."

"This status," says Sadler, "would keep Padre Island and Laguna Madre in an undeveloped state."

Sadler urged Attorney General Will Wilson to push recovery of Laguna Madre acreage from private owners before they convey their rights to the U. S. Department of the Interior.

Meanwhile, U. S. Congressman Joe Kilgore of McAllen said the House National Parks Subcommittee will make an on-the-ground survey of the island from May 11 through May 13. They will return to Washington, D. C., to consider legislation on May 14.

READING PUBLIC GROWS — Dr. Dorman H. Winfrey, State

librarian, announced an increase of 13 public libraries in Texas and more than a quarter of a million books on library shelves throughout the state.

He said library service has improved to the point where there are now 106 branch libraries, in comparison to 97 in 1960. More than \$4,400,000 was spent for library construction last year, "possibly the biggest library building year in more than three decades."

Dr. Winfrey gave much of the credit for library development to the Rural Library Service Division of the Texas State Library. It operates bookmobile services throughout the state; furnishes books for libraries in cities and communities of less than 10,000 population; and provides consultants without charge.

But many of the achievements can be claimed by communities — like Taylor, Rockdale, Navasota and Alvin — where citizens get out and raise the money for library building funds.

HIGHEST HIGHWAY LETTING SET — State Highway Engineer D. C. Greer said the highway department's April bid letting will be the biggest this year. Low bids are expected to total some \$28,600,000.

The April 24-25 letting will involve 952 miles of Texas highways and cover contracts for 422 miles of U. S. and State highways; 148 miles of farm-to-market roads and 382 miles of seal-coat work.

"We are leading the nation in miles of interstate, primary and secondary highways," Greer stated, "and we want to keep that lead."

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

FOREIGN TRADE — Washington is buzzing at the present time on the subject of Reciprocal Trade. It all centers around H. R. 9900, which is the proposed Trade Agreements Act to be presented to the Congress in the near future. The first Trade Agreements Act was passed in 1934. Many words have been spoken and written on the subject since that time, and it can be expected that much more will be said and written during this session of the Congress. It is a measure that has a direct effect on as many businesses and individuals as the Tax Bill. These effects vary. Hence, there are many reactions, both good and bad.

In a recent release, Secretary of Commerce, Luther H. Hodges, made the following statement: "Today the Soviet Union and members of the Communist Bloc are engaged in a campaign to 'bury us' through economic warfare. They are increasing their trade throughout the world. They feel that through trade they can generate alliances and allegiances. Our country must counterattack with a trade offensive of its own, and exports must be our weapon."

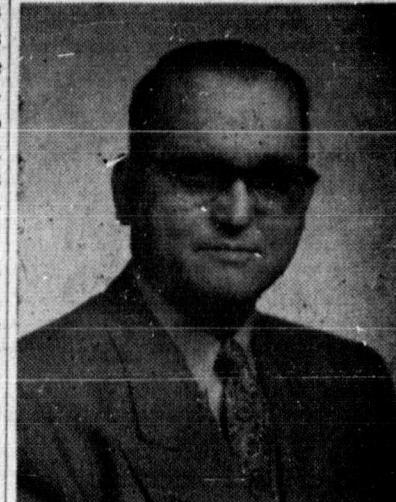

Everyone can appreciate the many complexities of this problem and the many, many facets of each problem involved, each of which could require many pages to discuss. It occurred to me that many might want some of the facts and figures with relation to our own 18th Congressional District of Texas. This Congressional District includes 28 counties in the Panhandle of Texas. During the 1960-61 crop year the United States exported \$4.9 billion of agricultural products; \$66.4 million of these products came from the 18th District of Texas. Included were \$62.1 million for field crops, \$4 million in livestock and livestock products, \$241 thousand for vegetables, and \$5 thousand for fruits and nuts.

The Panhandle also exported some manufactured goods to the tune of \$28 million in 1960. There were eleven establishments exporting more than \$25,000 each. These establishments employed 3,737 workers out of a total number of manufacturing workers of approximately 12,000. The major exporting industries in the 18th District are chemicals and allied products, petroleum, primary metals, food and kindred products, and non-electrical machinery. The exports of these manufacturers represented over 16% of their total value of shipments. The equivalent share of agri-

culture exports from the 18th District is more than three times as large as the equivalent share of competing imports. The imported agriculture products to our District are largely tropical or semi-tropical products such as coffee, tea, spices, bananas, rubber, etc.

These figures will afford you some idea of the overall problems faced by bringing into focus the effect of foreign trade on our own District. The problem that will be faced by the Congress is to create a proper balance between imports and exports to meet the needs of the American consumer at a cost he can afford to pay without impairing the particular industry or segment of the economy in which the consumer makes his living. This problem is made more difficult because of the emerging European Common Market and the greater industrialization of Japan. Our world markets in agriculture, manufactured products, and raw materials will be vigorously challenged by this new economic community and Japan. We will also be measurably challenged in these markets by the Soviet Union and the Communist Bloc countries. However, this latter challenge will not be as serious now as it is expected to become later on. This is due to the fact that the Soviet Union cannot equal the quality of goods produced in this country, nor the amount. The satellite countries do have abilities in quality products, but the limited production facilities create a situation where most of these are absorbed within the Soviet orbit. This can be expected to change in the future. Hence, we must not only gird ourselves for the challenge to be mounted by the Common Market countries and Japan, but we must lay the predicate to meet the additional future challenge of the Soviet.

CARL ALLMOND, CANDIDATE FOR COMMISSIONER, PRECINCT 2, DISCUSSES POINT NUMBER 9

It is my belief that merchandise, equipment, and contracts should be placed on a bid basis. This would eliminate any partiality between the suppliers and purchaser.

GRASS ROOTS OPINION ASHTON, IDAHO, HERALD:

"For all too many years the idea has been fostered that there is something wrong about profits. For too many years attacks have been made on business. Business has been harassed with higher taxes, necessity to collect withholding taxes, pay unemployment, meet the demands of unions for shorter hours and more pay. Private enterprise has been a whipping boy of federal planners starting back in the Roosevelt era — planners whose avowed program was to create more employment by federal planning in industry, pump priming and so on. Whose real purpose, many businessmen felt, was to drive them out an substitute socialization."

ELLIS, KANSAS, REVIEW:

"It's a tough world for the American businessman. Everytime he comes up with something new the Russians invent it a week later, and the Japanese make it cheaper."

Let's Look At The Record
OUR DISTRICT NEEDS FAIR REPRESENTATION IN AUSTIN

It is the DUTY of a CANDIDATE to present the facts and issues in a campaign. It is the duty of all good citizens to judge these and vote their conscience.

ALEX SAIED

SAIED will make an HONEST effort to economize in Austin — as a business man Alex Saied knows how — No one could do worse in this department than Alex's incumbent opponent—

SAIED Pledges —

1. NOT to SPEND YOUR tax dollar by using state vehicles and airplanes and pilots for his personal use.
2. To ECONOMIZE in expenses used to maintain legislative operation.
3. TO DO EVERYTHING POSSIBLE TO REVERSE the headlong rush towards complete socialism and spend and tax and spend and tax as exemplified by his opponent — —
4. NOT to be a KEPT legislator — living it up as a guest of, and living off of the various big money and lobbyists interests.

Alex Saied — will fight for legislation — instead of just talk — on these subjects —

1. Tighter laws on the sale & distribution of filthy literature.
2. Tighter laws on bootlegging, and gambling.
3. Tighter laws on narcotic peddlers.

Alex Saied will introduce and fight for legislation to:

1. REQUIRE ALL LEGISLATORS AND STATE OFFICIALS TO REVEAL THEIR INCOME AND SOURCES OF INCOME.
2. Control communists and other subversives.

ALEX SAIED — Veteran, small town business man, Outstanding Civic Leader, Deacon, and a man you can Trust.

Cost of Government — A Brilliant ???? record. (taken from official state records, newspapers & statements of various officials).

CHAIRMAN OF APPROPRIATION COMMITTEE & AUTHOR of SPENDING bill for 1957 and 1958.

This HEATLY bill broke (for the first time) the one BILLION DOLLAR barrier in Texas State government spending.

In setting this unprecedented high level rate of spending — This Heatty bill RAISED state spending from approximately \$900,000,000 to \$1,100,000,000 per term.

This Heatty bill RAISED the COST of State SPENDING more than 22% at one stroke.

Other Heatty Economies ????
SPENT MORE State MONEY than any member of the Texas House of Representatives last year (stamps; telephone calls, secretaries, etc.) — A HOT contender for, or winner of, this honor every year of his service in Austin.

Frequently connives to have the Department of Public Safety's airplane and pilot and patrol cars serve his personal use and convenience — AT TAXPAYER'S EXPENSE.

THIS list of Heatty ECONOMIES (?) could go on and on — campaign money and time limit us farther HERE.

HEATLY'S PROVEN RECORD —

1. Oil lobbyist in Washington.
2. Boon companion of utility and oil lobbyists — frequent guest of, and user of their airplanes, hotel accommodations, and other facilities.
3. Voted against legislation allowing small oil operators a larger share of TEXAS production.
4. Voted consistently against all honest efforts to place tax on those who take 2/3 of our natural gas out of state.

FARM NEWS

from County ASCS Committee

1962 FEED GRAIN PROGRAM

Producers who intend to participate in the 1962 Feed Grain Program should keep the following points in mind:

1. Must not be grazed after May 1, 1962.
2. No crop may be harvested from diverted ac. in 1962.
3. Diverted ac. must be protected from wind and water erosion by an adequate cover, or by summer fallowing if approved by the County Com. Acceptable cover crops include perennial or annual grasses, perennial or annual legumes.

4. If you wish to be approved to use summer fallowing as a conserving use of diverted acreage it will be necessary for you to make a written request to the County Committee.

5. All acreage designated as diverted acreage which is later reclaimed must be devoted to a conserving use and otherwise treated as diverted acreage until such time as it is officially reclaimed.

ACP PROGRAM

Funds are still available for carrying out needed conservation measures on your farm. Now is the time to consider tank and terrace construction and aerial or ground control of competitive shrubs (mesquite, sage, and shinnery). There are time limits to some of these practices; check with your ASCS office for information.

Rates have been set for cost-share on the Summer Legumes practice; 50% of the actual cost of the seed, not to exceed \$3.00 per acre on normal row planting. Eligible seed are:

1. Guar
2. Chinese red peas

3. New era peas
 4. cow peas
- All of these are eligible for planting on diverted acres.

DEADLINES TO KEEP IN MIND

May 1, 1962: Deadline to dispose of any wheat in excess of the farm's maximum permitted acres for harvest, and to pay any applicable service charge.

May 1, 1962: Final date which designated diverted acreages may be grazed.

ANY TIME: If you have designated in the field more acreage for diverted ac. than is shown on your Intention to Participate, the excess ac. may be reclaimed by requesting its release, and paying the necessary service charge, any time during 1962. However, until such time as it is released any excess acreage must be devoted to a conserving use and otherwise treated as diverted ac.

FARM-STORAGE FACILITY LOAN PROGRAM

An eligible borrower shall be any person who as tenant, shareholder, or landowner-operator, produces one or more of the price support commodities, and establishes a need for the proposed facility for the storage of such price support commodities. The maximum term of the loan will be five years from the date of the disbursement of the loan. The applicant shall pay on the date the application is filed with the county office, a service charge of \$5.00 or one percent of the loan, whichever is greater.

The maximum amount to be loaned on any new farm storage facility costing 40 cents or less per bushel capacity shall be 95 percent of the actual out-of-pocket cost of such facility.

Loans will be made only for the purchase or construction of moveable or immovable storage facilities. The structure must be for use solely for the storage of the price support commodities,

which are produced by an eligible borrower on the land with respect to which application for a loan is made.

The principal of the loan shall be repayable in equal annual installments with interest at 4 percent per annum on the unpaid balance. You will be required to maintain the facility in condition and available for the storage of the price support commodities until the loan is paid in full.

1961 WOOL APPLICATION DEADLINE FOR FILING

April 30th is the last day for filing applications for payments for the 1961 marketing year under the wool payment program. The payments for the 1961 marketing year cover shorn wool and unshorn lambs marketed not later than March 31, 1962. Later marketings will be eligible for payments for the 1962 marketing year.

SCHOOL CAFETERIA MENU

Tuesday: Hamburger on a bun, lettuce and tomatoes, pickles and onions, potato salad, raisin cup, cookies, ½ pint milk.

Wednesday: Sliced ham, candied sweet potatoes, green beans, cranberry sauce, hot rolls and butter, ½ pint milk.

SOIL CONSERVATION DISTRICT NEWS

DIVERSION TERRACES

Diversion terraces are used to divert excess water from cropland, from gullies in pastureland, and to break up the concentration of water on long, gentle slopes. A diversion may be used to divert water into or away from earthen reservoirs. Also, this type of structure may be used to divert water into a system of water spreading terraces on very flat cultivated land.

Often the diversion terrace is used to put more water into a stock tank. It may serve the purpose of healing gullies on rangeland as well as furnishing additional water for the livestock dam.

One other type of diversion, the level closed end diversion, serves to hold water on the land until the water can be absorbed by the soil and evaporated. This type is used on small drainages where there is no satisfactory outlet for the runoff water. This level closed end diversion has been the most expensive type to construct.

Two government cost share programs are available to help install these diversions. One is the Great Plains Conservation Program and the other is the ACP Program.

Blowin' Out the Corners
By Uncle Zeb

Dr. James H. Jauncey, pastor of the First Christian Church of El Paso, Texas, gave members of the Panhandle Press Association an unusual viewpoint of Communism in his speech at their Convention. His subject "Communism On The Run" right off gives an inkling of his approach. A native of Australia, now a naturalized citizen of this country, a former scientist in both countries having worked

along side Communist scientists when we were allies with Russia, he seems to have a first hand knowledge of the subject.

He told the editors that under Communism they would not have to worry about copy; plenty of propaganda would be furnished to them with orders to print it. Neither would they need worry about a place to live, this would be furnished also, but they might not like it. Everyone would be assured a job; likely one they didn't want. But, if they were only after security, Communism had its point. He assured them that the Communists are finding out by experience that people prefer Freedom to Security.

Two and a half million people from East Berlin have left Security for Freedom in risking their life in order to reach West Germany. He told the editors that Krushchev is worried because he doesn't know what Castro will do next — neither does Castro. According to Dr. Jauncey: "If a man can't keep from going broke in a free system, then he deserves to go broke."

"Under our system Man being the image of God is due the greatest amount of freedom possible. To the Communist Man is only a puppet."

"Communism is a miserable failure everywhere in the world. The Leaders are finding it more difficult to hold the people in line. This accounts for a new found crisis on every hand . . ."

Getting married solves many problems, most of which never would have happened if we had stayed single. But who would want to live all their life with only simple little problems like the laundry losing a button or having to make up ones own bed when we can find real challenges like how are we going to pay the rent, and helping to prove that two can live as economically as one.

We talked to one person who was against marriage on the grounds that no man could support both a wife and the government at the same time.

Laying all jokes aside a man's greatest fortune in life is his wife. This is taking for granted that he married the right one. Of course, if he made a mistake then he has a real problem.

Talking about picking the wrong one there is an old saying that; "The lass with the most wo'ers fares the worst." We have seen incidents that almost seemed that way.

There is another saying to the effect that we should never trust a woman that will tell you her age. That, a woman who will tell her age will tell anything.

We knew a man who boasted that when he got married he would be the boss or know the reason why. Now he is married and he knows the reason why.

Lad: "Darling, will you marry me?"

Lass: "No, but I shall remember you always as a man of good taste."

Seriously, most of we men owe much of our success to the help of a good woman, and on top of that there is no telling how many failures they have kept us from being.

One Farmer reported that his hogs were so poor there wasn't enough meat on their bones to keep one European from turning Communist for more than a week.

We remember a neighbor who used to say that; "You can argue with a woman, but you can never win." The wife would get back at him with; "A back seat driver is no worse than a dining table cook."

Long range forecasts; wheat crop short, women's dresses shorter, bank accounts shorter.

Did you ever visit with someone who said; "Ma, I reckon we ought to go to bed, so these folks can go home?"

Then there was the joke about the farmer whose wheat was so short that he would have to lather his field before he could cut it.

Harvest is just around the corner, Payday, right around the bend; Looks mighty like the income, Won't keep up with what we spend.

"Is your crop suffering from the dry weather?"
"It did something awful just before it died."

Harvest time, harvest time; things get so unsuttin' Can't rest day or night, thinkin' I ought to be cuttin'.

The hen that lived to a ripe old age believed; "An egg a day will keep the ax away."

GOOD SUBSTITUTE GAFF
Next time you leave on a fishing trip, without your gaff, look for a bailing hook such as farmers and ranchers use. In fact, most farmers will lend you one. Such hooks can be bought in most country stores at small cost.

CHEMIST ADVISES ON SOIL CONDITIONERS

College Station — New products such as soil conditioners continue to appear on the market. Some may have merit, points out J. H. Valentine, area extension soil chemist, while others are of questionable or no value.

Benefits claimed for the use of such materials may be stated in vague or misleading terms and based on opinion or pure fancy. It is usually unwise to purchase a material which bears no guarantee as to its formulation, adds the chemist. By not stating what is in the product, the seller is in no way liable, and existing laws such as those governing fertilizers have no jurisdiction over the manufacturer or seller, explains Valentine.

The primary soil conditioner for most soils is organic matter. Soil containing a modest one percent have 20,000 pounds of organic matter per surface six inches, says Valentine. Most Texas soils, he adds, have no known bacteria deficiency since an estimated 400 to 500 pounds of live bacteria are found in an acre furrow slice of soil. This population rises and falls depending upon the amount of residue returned to the soil and moisture and temperature.

Contrary to some claims made

for conditioners, Valentine states, there is no known practical procedure for changing soil texture since texture refers to the size of the individual soil particles. Structure of clay soils can be improved by the addition of certain materials but the cost may run as high as \$400 an acre, the chemist said.

Valentine suggests that farmers and others consider the product carefully before buying and if a purchase is made, not to expect the material to substitute for the plant food elements commonly supplied by commercial fertilizers.

PLAY YOUR FISH
Never "horse in" a fish! Chances are you'll lose it.

Instead, "play your fish." So long as your line is tight and the rod bowed, the fish has little chance of throwing the hook.

END RESULT OF DICTATORSHIP

When government owns almost everything, bosses everything, and makes all the decisions, what do the masses of plain people get?

Answer: The short end of an ever-shortening stick.

Take, for example, the new Cuban rationing system recently announced by Fidel Castro. Most Cubans will be allowed — according to a Reuters dispatch from Havana — three-quarters of a pound of meat per month per

person, half a pound of fish for 15 days, six eggs a month, two ounces of butter a month and, to make up for this incredible diet, larger quantities of the bulk foods, such as beans, rice and potatoes.

According to Castro, this is, primarily, the result of a "brutal economic blockade" — imposed, of course, by the United States. A more accurate description is that it results from the imposition of bureaucratic fiat, with the inevitable waste and incompetence, on a nation, an economy, and a helpless, terror-ridden people. Dictatorship always produces one thing — scarcity for the masses.

Depend on it to give you an honest day's work for a long, long time and not cost much to run or keep up. It's a Chevrolet.

Trucks aren't all alike. This Chevrolet has double-wall roof, doors and side panels. It has suspension that helps it last longer by reducing road shock. It has a non-skid wood body floor. It has as tough a tailgate as you'll find. It has an all-welded frame made of high-quality steel. Most important, it has a name everybody respects because they know it stands for quality. When you make up your mind to buy, get this one. We know you'll be happy with it.

HAVE YOU LOOKED INTO CAMPER BODIES? This is a fine way to enjoy the outdoors comfortably and at low cost. Many Chevrolet dealers are showing camper units now. Drop by and investigate this great way to make a truck do double duty. A strong Chevrolet is your best bet for work or play.

See your Chevrolet dealer for trucks that keep working and working and working and working!
