## Celebration Plans Progressing On Schedule; Queen Contest In High Gear

Bill Porter, president of the Outdoor Entertainment Association, reports all preparations for the annual Fourth of July Celebration progressing on schedule with a busy eleven days ahead before the first Rodeo performance.

The Rodeo Queen Contest got off to a good start last week with nine attractive young ladies competing for this coveted honor. At a vote counting Tuesday afternoon, Carolyn Graham was leading the field with 1220 votes and Connie Grady was running a close second with 1195 votes. Other contestants reporting and their votes were Sharon Henson 875, Karen Hill 333 and Sue McCord 152.

The contestants and their sponsors are as follows: Sue Yankie—Vera Lewis; Sue McCord—Tunnell Pharmacy; Sharon Henson—Henson's; Carolyn Graham—Mutt's Cafe; Regina Borden—City Cafe; Karen Hill—Cornell Bros. Texaco; Connie Williams—Greene Dry Goods Co.; Brenda McAnear—Household Supply Co.; Connie Grady—Junior's Food Market.

The Queen Contest will close this year at 2 p.m. on July 2nd, so all the contestants can be presented at the Rodeo performances with the crowning of the queen on the Fourth.

There has been some confusion in regard to the Barbecue Tickets and the Rodeo. A separate charge will be made for each. The barbecue ticket will be good only for the barbecue dinner. Earlier in the year, a survey was made and it was mentioned that a charge be made for the barbecue and the ticket be good also for a rodeo performance. The Outdoor Entertainment officials, after much deliberation, found that this would not be feasible. When you purchase a ticket for any of the Celebration events, it will be good for only that event stated thereon.

Ray Palmer has four good seats left for the Rodeo and Pete Borden has a few car parking spaces left, so if you want either, better contact these men right away.

Tickets for the barbecue and rodeo may be purchased at Palmer Motor Co., Pete Borden's Boot Shop, Household Supply, West Texas Utilities Co. or Knorrp Insurance or from any of the Queen contestants. The contestants will receive 100 votes for each ticket sold whether it is for the barbecue, rodeo or dance Saturday night.

The two beautiful saddles which will be given to the top rodeo contestants are now on display in the window at Greene Dry Goods Co. The saddles have been donated by the Farmers State Bank, The Donley County State Bank, Knorrp Insurance and Chamberlain Motor Co. Buckle donations for rodeo contestants have been made by Palmer Motor, Cornell Bros. Texaco, Shelton Motor Co., City Drug, West Gady Co. and Lee's Cafe.

Additional beef donors this week are Jo McMurtry and Tom Bugbee. Flip Breedlove reports his barbecuing and serving crews all lined up for the big barbecue July 4th.

A group of Clarendon residents and ranchers of this area, headed by Bill Porter, Flip Breedlove and the Queen Contestants made the trip to Amarillo Wednesday night to video-tape the TV show which will be televised over KGNC-TV (Channel 4) Saturday afternoon on Cotton John's program.

Mrs. Robert Bain and children of Lubbock visited Monday and Tuesday with her parents, Mr. and Mrs. George Schollenbarger.

## City Financial Statement Appears In This Week's Issue

In this issue of the Donley County Leader you will find the audit report of our fiscal year ending March 31, 1962. We hope you will study this closely, but in case you do not, then we want again to call your attention to your tax dollar and where it goes.

You will find we collected a total of taxes in amount of \$41,269.51. Of this amount ten cents of each one-hundred dollar valuation went to Adair Hospital Fund, in amount of \$2510.03. They do not participate in the penalties and interest received. We paid \$24,122.50 for bonded indebtedness for bonds retired and interest. Some of the other fixed expenses of the City include insurance in amount of \$4265.35 and Social Security in amount of \$1216.38. This leaves the amount of \$9155.25 of your tax money to run the City for twelve months. So the rest of the money received must come from other sources. You will notice the largest income is from the water department. Of this amount we must keep up the fire department and streets, which have no revenue, and maintain the water wells, lines, equipment, salaries, etc. The sewer and garbage do not pay their way entirely, for there is a new garbage truck and Pak-Mor body to buy every four or five years, that runs into some six thousand dollars expense.

These are some of the major receipts and expenses. City Commission

## Little League News

By JOHN PAYNE  
Action was light in Little League play last week as play in the majors was halted due to scout camp.

However, in the minors composed of boys mostly between the ages of 8-10, last week proved that no one team has a direct hold on first place anymore.

The Dodgers won two last week as they bombed the Pirates 15-2, and then shelled the Indians 7-4. Shadle and Bennett were the winners as they both pitched fine ball.

In another upset the Pirates bested the Indians 8-7 in a thriller. Adkins was the winner in (See Little League on Last Page)

## GARAGE OFFERS COMPLETE RADIATOR SERVICE

Gayle Pycatt Garage announced this week the opening of what is believed to be the most modern equipped radiator repair shop in this area. All testing and repair equipment was purchased from Inland Manufacturing Company, Omaha, Nebr., world's largest manufacturer of radiator servicing equipment. The new shop is equipped to test and service radiators for all make cars, trucks and tractors.

Heading up the new department is Gayle Pycatt who recently returned from 2 weeks intensive schooling at the Inland Factory School, learning all phases of modern, scientific radiator repair.

Perhaps the most interesting piece of equipment in the new shop is a Flo-Tester which quickly indicates whether the radiator is plugged. This machine measures exactly the gallons-per-minute flow of water through the radiator, which is then compared with manufacturer's specifications for possible plugging. Visitors are cordially invited to inspect the new shop and facilities, it was announced.

## Post Office Dedication Is Set For Saturday

Clarendon's new post office will be dedicated at 2 p.m. on Saturday, June 23, 1962, Ass't. to the Postmaster Joe Bownds announced today.

The new facility, located at 4th and Kearney, is part of the Post Office Department's unique commercial leasing plan, the local postmaster explained.

Under this program, investment financing is used to obtain needed facilities which remain under private ownership, pay local taxes to this community, and are leased to the Federal Government.

At the same time, the need for large outlays of money from the Federal Treasury for construction purposes is eliminated.

Like most of the new postal buildings that are going up across the country, this post office is leased to the Post Office Department. This gives the Department some flexibility in adapting its building program to changes in mail volume, transportation and population, Ass't. to the Postmaster Joe Bownds said.

The Department is now concentrating on constructing new postal units only where they are most urgently needed. In areas where it is practical to do so, existing buildings are undergoing renovation.

"The fact that Clarendon has been chosen for a new post office reflects credit on our growing contribution to the economy and life of the nation."

Meanwhile, for the local postal (See POST OFFICE on Page 8.)

## Services Held Thursday For John C Holman

Funeral services for John Carl Holman, 65, former Donley County resident, were held Thursday afternoon in the Assembly of God Church with the Rev. Roy Eastland, pastor, officiating. Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

Mr. Holman was killed June 11 in Corpus Christi when he was struck by a car. He had lived there for the past 17 years.

Survivors include five daughters, Mrs. Ovide Bird of Butte City, Calif., Mrs. Orene Amerson of Amarillo, Mrs. Norma Jean Wilson of Oklahoma City, Mrs. Barbara Ann Delano of Sunray and Mrs. Linda Dale Stuebgen of Borger; three sons, Richard of McLean, Clyde of Stinnett and Charles of Borger; four sisters, Mrs. Sally Blackshire of Chickasha, Okla., Mrs. Mamie Banks of Tulsa, Mrs. Alley Rogers of Covington, Ky., and Mrs. Vinie Kessee of Truth or Consequences, N.M.; two brothers, Jake and Ivey Holman of Clarendon; 31 grandchildren and three great-grandchildren.

Pallbearers were Clifton Elliott, Gene Swearingen, Carrel Rippetoe, Claude Mills, Henry Butler and Lamin Garland.

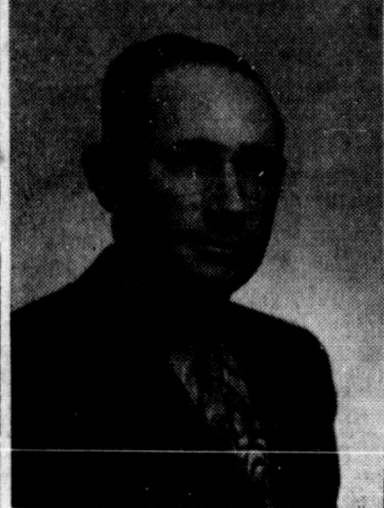

## CELEBRATION EDITION TO BE PRINTED NEXT WEEK

The annual Fourth of July celebration edition of the Leader will be published next Thursday, June 28, prior to the beginning of the celebration Monday night, July 2nd.

All advertising and news copy for this edition is requested just as early as possible as it is quite a chore to publish several extra pages.

Featured in the celebration edition next week will be numerous articles pertaining to rodeo events, explaining functions, rules, etc., which will be quite interesting and informative and will allow those not fully acquainted with rodeo rules and regulations to get more out of a rodeo performance.

## ELECTED PRESIDENT

L. L. WALLACE

## L. L. Wallace Elected President Of 3 State Monument Organization

L. L. Wallace, owner of Wallace Monument Co. here, was honored last week by being elected president of the Monument Builders Association of the Southwest when that organization held its annual convention at the Menger Hotel in San Antonio. Mr. Wallace had been serving as a director the past year.

This is quite an honor for Mr. Wallace and Clarendon as the membership of the association is made up of members from Texas, Oklahoma and New Mexico. There were 78 dealers from Texas and a number of dealers from Oklahoma and New Mexico attending the meeting along with wholesale dealers from Georgia, South Carolina and Barre Vermont. Mrs. Wallace and daughter, Francis, accompanied Mr. Wallace to the convention.

Mr. Wallace has been in the Monument business 32 years and has built his business steadily throughout the years. His firm serves the Panhandle area and has 20 field representatives. He has 11 employees on the payroll here which is considered one of the largest payrolls in Clarendon.

## Kick-Off Pre-Western Week Dance Sat. Nite

Ticket sales are going strong for the big Kick-Off Pre-Western Week dance Saturday night sponsored by the Outdoor Entertainment Association. President Bill Porter reported the biggest turnout in years was in prospect for the event.

Charlie Grimes' orchestra of Amarillo will provide the music and the admission charge will be \$1 per person. The dance will begin at 9 p.m. at the Legion Hall.

Above is the new post office building recently completed here which is the first building constructed specifically for Post Office use in the history of the Clarendon office. The first Post Office was established here Sept. 25, 1878, with John W. Record as the first Postmaster. He served in that capacity until July 14, 1879.

## Plans Almost Complete For Ranchers Barbecue To Be Held July 4th

With the Fourth of July just two weeks away, County Agent Flip Breedlove says that things are about ready for the barbecuing of the beef. The beef committee is now getting the beef together. Next week we will announce how much will be barbecued this year.

Bill Porter says that ranchers are donating the beef and the merchants are donating all the trimmings. Bill Ray says that Gunn Brothers of Amarillo will donate the five hundred pounds of beans to be cooked by Chief Bean Cooker, J. B. Melton. Mr. Ray also says that the bread companies serving this area will donate the bread for the Fourth of July.

A big crowd is expected this year even though there will be a charge of one dollar a plate for adults and fifty cents per plate for children. All old timers qualifying as old timers will be fed free as well as shut-ins and sick persons in the area. Mr. Porter also stated that serving of the barbecue would start at eleven a.m. on the morning of the Fourth of July.

Flip Breedlove, in charge of barbecuing of the beef, said that things were about ready in his department. Serving captains who will get their own servers and butchers and have charge of two lines each are: Ruby White, Ashtola Community; Roy Blackman, Chamberlain Community; Red Estlack; Molly Ritter; and P. C. Messer.

In charge of setting up the serving tables on the court house lawn is Lee Shaller. The committee who will help Breedlove with the barbecuing are: Pete Land, Hubert Rhoades, John White, L. Reid, H. Bones, Geo. Schollenbarger, Bill Lane, Doyce Graham, Bob Baxter, Ted Shaller and Lacy Noble. Breedlove said that the barbecuing this year would be done just east of his office next to the ditch at the south end of main street. Other and final committees will be named in next week's Leader. Breedlove said that everyone is invited to visit the barbecue pits during the cooking and look things over.

## Donley Crop Damage Estimated At 65 Percent; Planting Time Short

### Services Held Monday For Pioneer Rancher

Funeral services were held Monday afternoon at the First Methodist Church for John Dan McClellan with Rev. J. V. Patterson, pastor, and Rev. Charles Carmen, officiating.

Mr. McClellan, 82, died suddenly at his home here Sunday morning. He was born June 21, 1879, in Hill County and moved to the Texas Panhandle with his parents in 1890. He was active in ranch work until a few years ago when he retired. He operated his own spread south of Ashtola for a long number of years and later worked for the late W. J. Lewis, Jr., on the Rowe Ranch. He thoroughly enjoyed working with cattle and visiting with his many friends scattered over this entire area.

Survivors are his wife, Carroll; two daughters, Mrs. Don Thornberry and Miss Jackie McClellan, both of Clarendon; and one grandson.

Pallbearers were Johnny Hankins, George Thompson, Bill Thornberry, Willis Clark, Frank Derrick, Pete Borden, Bill Porter and Jake Chamberlain.

The family requests that all memorial be made to the American Cancer Society in care of Mrs. W. J. Lewis, Jr.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

### 4-H Members Will Attend Field Day

Twenty-five 4-H Club members from Donley County and their dads will attend the big Junior Hereford Breeders' Field Day on the Walter Graham ranch this Saturday, June 23, says County Agent Flip Breedlove. Mr. Graham's ranch is located about thirteen miles from UMBERGER on the Nazareth road.

The Field Day will feature a judging contest and lectures on handling of registered cattle and feeding and preparing cattle for the show ring. Breedlove said that a 4-H judging team from Donley County would take part in the contest and the prizes will be a registered hereford heifer, a stock saddle and a pair of boots for the highest point men in the contest.

A crowd of approximately one thousand 4-H and FFA members from over the Panhandle is expected to attend. Flip Breedlove, Lee Shaller and W. H. Cooke, III, will leave at nine a.m. this Thursday for the Graham ranch and cook one thousand pounds of beef, beans and fruit for the club members for their noon meal. The beef cattle field day has become an annual event for the Junior Hereford Breeders Association since it was first started last year on the Hess ranch in Donley County.

### Former CJC Student Killed Near Stanton

Lyndon Hightower, 21, of Stanton, Texas, and former Clarendon Junior College student, died Saturday morning when his car went out of control and crashed into a bridge abutment near Stanton. He was on his way home from an oil well rig where he had been working as a roughneck.

Hightower attended CJC here the Spring semester of 1961 and made his home with Mr. and Mrs. James Bain and Jimmie.

Services for Mr. Hightower were held at Stanton Monday of this week.

LEADER CLASSIFIED ADS GET RESULTS

Donley County farmers suffered additional damage this past week from torrential rains, hail, wind and blowing sand and planting time is running short along with the patience of many of our farmers who have already planted over as many as 6 times.

Cotton seed is beginning to become a problem also as farmers in Hall and Briscoe counties have been wiped out also.

County Agent Flip Breedlove made a survey of crops the first of the week and reported that approximately 35 percent of the cotton crop is still standing but in many instances has been damaged by either hail or blowing sand.

Crops south of town have been hit several times by hail and heavy downpours. Hail raking the area 3 miles south for the second time last Thursday night, stripped trees and broke out window panes in addition to crop damage. Dennis Lindley, who farms in the Windy Valley community southeast of town reported 3.70 inches of rain Monday and heavy damage to fields. The Brice area has received between 5 and 10 inches of rain the past week and the Antelope Flat area and Leslie and a strip on down through Hall County received the severest hail Monday afternoon that has been recorded for that area.

Chunks of ice too large for a gallon bucket were reported on the JA Ranch and Don Grady in the Antelope Flat area reported the hail beating large limbs from Mesquite trees. Light damage was received from hail here in town last Thursday night.

According to our official weather observer, our rain total for the year has surpassed the June total for 1961 with a total of 9.62 inches. The total of 9.20 inches was recorded through the month of June 1961. The total for the month of June this year so far with ten days to go is 5.52. In 1961 the total for the month of June was 3.53. Last Thursday night 1.96 was recorded and an additional .68 was added Monday afternoon.

Clarendon proper has been fortunate so far in regard to the severe hail damage with the big storm cells passing to the west or to the south. The Groom area was pounded Sunday night with baseball size hail and flooding occurred in the Washburn area and on the watershed of McClellan Lake. Traffic was held up between Claude and Amarillo Sunday night for about five hours and water is still across the highway in spots between Washburn and Amarillo.

### LOCAL LADY TO TOUR EUROPE

Mrs. W. W. Noblet left Wednesday for Oklahoma City to visit several days with her son, Bill and family, before leaving for a tour of Europe. She will be joined there by her sister, Mrs. Ruth Ellis, a teacher with the U.S. Army based in Korea.

Present plans call for Mrs. Noblet's departure from Oklahoma City by train on Sunday and from New York by plane June 27. She will travel with an alumni group from Christian College, Columbia, Missouri, her alma mater. The tour will take her through twelve European countries over an eight week period.

The Stock Pile Investment Club and The Count 20 Investment Club entertained with a Bon Voyage party in the home of Mrs. Jane Moore honoring Mrs. Noblet and Saturday evening Mrs. W. J. Lewis, Jr., Mr. and Mrs. W. J. Adams, and Mr. and Mrs. Ernest Kent entertained with a patio buffet party.

SUPPORTING CLARENDON'S INSTITUTIONS

**AUSTIN** — For the first time since 1872, Texas Republicans are presenting a strong threat to capture statewide and legislative offices from the Democrats.

Following his nomination for the Governorship on the Democratic ticket, John Connally took immediate steps to meet the challenge with a united front.

Connally invited all Democratic nominees for state and legislative office to a barbecue held June 16 at his family ranch near Floresville. Purpose: to make some campaign medicine.

The Saturday outing launched the campaign for the November 6 general election.

Jack Cox of Breckenridge, the

Republican nominee for governor, is backed by a slate of 20 nominees for the 23 seats in Congress; 15 candidates for the 31 state senate seats, and 86 candidates for the 150 seats.

Also there are candidates for county and precinct offices in many counties.

Lined up with Connally will be Waggoner Carr of Lubbock for attorney general, opposed by T. Everton Kennerly of Houston; Preston Smith of Lubbock for lieutenant governor, opposed by O. W. (Bill) Hayes of Temple; Jerry Sadler of Palestine for land commissioner, opposed by Albert Fay of Houston; John C. White of Wichita Falls for agriculture commissioner, opposed by Harry Hubbard of Marfa; Ben Ramsey of San Augustine for railroad commissioner, opposed by Bernold M. Hanson of Midland; Jesse James of Austin for state treasurer, opposed by Allen Lacy of Abilene; and Robert S. Calvert of Sweetwater for comptroller, opposed by Mrs. Hargrove Smith of Houston. Republicans are not contesting judicial seats.

The Constitution Party also has fielded a slate of candidates for state office, all but one of them from Houston.

**SPEAKERSHIP** — One of the more important offices in state government is the speakership of the house. Unlike the Senate, however, the people have no voice in the selection.

The speaker is elected by the 150 members of the house. Rep.

Byron Tunnell of Tyler laid out the names of 95 Democratic nominees who have pledged to support him, and called on his opponents for the speakership to withdraw.

Rep. C. W. Pearcey Jr. of Temple did. Another opponent, Rep. Ben Glusing of Kingsville, was defeated in the runoff primary, so he no longer is eligible. Rep. Alonzo Jamison of Denton remained in the race. He had claimed 61 pledges.

**FACULTY FIRING** — Dr. Rupert C. Koeninger's firing as professor of sociology at Sam Houston State College may cause Texas to be "blacklisted" by the American Association of University Professors.

No reasons were given when the board of regents for state teachers colleges fired Dr. Koeninger. Also no criticism of his teaching ability was brought out at the hearing.

The college professors association does not employ a strike or a picket line when it feels a professor has been done wrong. It merely "blacklists" the school by giving notice to other college teachers that it is not the best place to accept employment. Gradually, over the years, faculty members who feel Koeninger was done wrong will accept jobs at other schools which are not on the "blacklist."

**IN THE RED AGAIN** — Heavy payments of state aid to the schools in May pulled the state's main checking account — the general revenue fund — into the red again.

When May started, the deficit was \$73,934,636. But heavy collections of corporation and insurance taxes wiped out the deficit, which has been present for nearly four years. This put the

fund into the black by the middle of the month.

But when the school payments came due, it pulled the fund \$9,391,468 into the red at the end of May. Early June expenditures made the deficit \$28,015,980. It will go back into the black when sales tax payments reach the treasury in July.

**CROOKED HOLES** — State investigators from the Railroad Commission report that of the first eight oil wells in the East Texas Field tested, seven were "deviated" beyond the three percent allowed by commission rules.

The work is slow, so it may be months, or even years, before the extent of the crooked-hole drilling program in that giant field is known.

Atty. Gen. Will Wilson has filed one civil lawsuit, contending that a group of operators drilled four wells on a slant so the bottoms of the holes were on someone else's property, and that they plugged two more wells with cement before they could be tested.

Civil suits are being filed by oil companies against owners of nearby leases, contending that crooked holes have drained away oil which belonged to them. So far, eight such suits have been filed.

If court-type evidence is found by the commission's engineers and Texas Rangers, evidence will be turned over to U. S. Dist. Atty. Wayne Justice for possible prosecutions under the federal law — usually called the Connally hot oil act — which makes it a federal offense to move oil in interstate commerce after it has been produced in violation of state laws or regulations of the Railroad Commission.

**LAWYERS ELECT** — Buster Cole of Bonham was chosen as president-elect of the State Bar of Texas. This means he will take over as head of the group in July, 1963.

Lawyers elect a year ahead of time. This July, when the State

Bar meets in Mexico City, Leon Jaworski of Houston will succeed William L. Kerr of Midland as bar president.

**UNIVERSITY OF HOUSTON DEGREE PROGRAM** — A curriculum and degree program for the University of Houston, which becomes a state-supported school next year, was approved by the Texas Commission on Higher Education.

It calls for doctor of philosophy degrees in psychology, business and industrial psychology, chemistry, physics and chemical engineering.

Dr. Philip Hoffman, University of Houston president, appeared pleased. He said the Commission's adoption of a large portion of a "role and scope" plan was a "satisfactory recognition of the needs of Houston and the State."

Commission also agreed to consider at its July meeting the merger of the law and pharmacy schools at Texas Southern University with similar schools at the University of Houston. A Commission member said he didn't think the state could afford two schools of law and pharmacy so close together.

**GOVERNOR'S APPOINTMENTS** — Gov. Price Daniel announced these appointments:

Sol Parks and Mrs. Sally G. Pettus of Goliad as members of the Fannin State Park Commission. Parks succeeds Mrs. Louise

Donahue of Goliad for a term expiring September 5, 1967. Mrs. Pettus succeeds Walter Bluntzer of Goliad, resigned, for a term expiring September 5, 1963.

Jack Hightower of Vernon, O. L. Bell of Quanah, Ralph O. Harvey Jr. of Wichita Falls, Tom Craddock of Seymour and Dr. E. N. Jones of Dallas as members of the Board of Regents of Midwestern University, for six-year terms. Hightower and Bell are new appointees. Harvey was reappointed. Craddock and Jones are filling vacancies. Jones, secretary of the Christian Education Commission of the Baptist General Convention of Texas, is a former president of Texas Tech College.

as judge of the 109th Judicial District, which includes, Winkler, Crane and Andrews counties. He succeeds the late G. C. Olsen. A graduate of the University of Texas Law School and former county attorney of Andrews County, Austin won the Democratic nomination for the district judgeship on June 2.

Rev. Edward H. (Whitey) Campbell of Denton as a member of the Governor's Committee on Children and Youth. Rev. Campbell is rector of St. David's Episcopal Church in Denton. He also served Houston, Rockdale and El Paso churches.

Mr. and Mrs. Van Knox visited friends in Hedley Saturday night.

**TWICE AS MUCH COOLING**  
With the patented features of Paramount Coolers

Yes! This famous Paramount 5000 c.f.m. evaporative cooler gives you up to twice as much cooling because of these patented features:

- Many coolers lose as much as 70% of cooling efficiency because dust, dirt and salts clog the filters. Patented No-Clog Sta-Fresh Filters are guaranteed clog-proof, assuring 100% cooling efficiency all summer long.
- Filters saturated with water become heavy and often sag and settle from the top, drawing hot, unfiltered, uncooled air into the cooler which may create as much as a 70% cooling loss. Patented Grip-Lock Filter Holders are guaranteed to prevent sagging and settling of filters assuring 100% cool, clean, filtered air.
- Without correct water trough adjustment, sections of the filters remain dry, resulting in substantial cooling loss and costly service expense. Patented Free-Flo Visible Water Troughs with external adjustment assure 100% saturation, and 100% cooling for the entire life of the cooler.
- Added feature — Patented Window Closing Attachment lets you close and lock your window. Eliminates entry of dust, rain and drafts into your home.

started counting the economy cars which we met. Now and then one of the little bugs would jump by us going in the same direction and a good seventy miles per hour. It seems almost unbelievable . . . During the time we were counting one car out of ten was of the small gas saving variety, and almost nine out of ten of those in that class were Volkswagens . . . We just can't believe that the American businessman would let any foreign market move in with such success. No wonder my little grandson at the age of 18 months hollers out the name every time he sees one on the road . . .

According to O. R. Stark, Jr., of Quitaque; "Only the things we eat, wear and drink cost more these days, happiness is still the same old figure."

If you like a heartwarming story read Confessions of a Happy Man. You will laugh as you read one paragraph, cry with the next and thoroughly enjoy each one as you read the life story as told by Art Linkletter. Read it by all means. It can be found in the paper back editions.

Passing comment. On our re-

cent trip to Boys Ranch the thing that made the greatest impression was the good behavior of each and every boy. It is an outstanding compliment both to the boys, and to those who work with them . . .

Climbing up the ladder of success it is almost a must that we would keep our chin up. There are some social ladders that it is only necessary that the nose be upturned . . .

If you have not as yet ordered a copy of the book "Plowin' Out the Corners" there could be no better time than now, especially for Uncle Zeb. We sneaked by without having to eat a copy because the first box full lacked a few copies of selling in the three months which we set up as a goal in the discussion with our wife. But, we will still welcome your order. It has been selling over a wide area as a little gift item, especially to those who need a bit of cheery type thing. Those who receive a copy turn and order one to send a friend. Many of our letters are heartwarming. For instance, the mother of one of the candidates for Lt. Governor has ordered over a dozen copies to give away . . .

If you would like a few copies to use as gifts, send \$2.25 and we will mail you three books, all autographed and postpaid. End of commercial . . .

It would be hard to determine how far we are from our goal in life, until we are sure that we are headed in the right direction . . .

<b>CASH BALANCE—MARCH 31, 1962</b>		\$ 29,485.66
<b>CERTIFICATE:</b> We hereby certify that we have examined the accounts of the City of Clarendon, Texas, for the fiscal year ended March 31, 1962, insofar as such accounts relate to cash receipts and disbursements. We did not make a detailed audit of all transactions recorded during the year. We did, however, make comprehensive test checks of all transactions and secured verification of cash on deposit and securities on hand at March 31, 1962.		
In our opinion, subject to the above limitations and to the comments contained in our report under date of May 22, 1962, the accompanying combined balance sheet and statement of receipts and disbursements for all funds fairly presents the financial position of the City of Clarendon at March 31, 1962, and summary record of receipts and disbursements during the year then ended.

## TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

### HERE WE GO AGAIN —

On May 13, 1962, I wrote a newsletter about the Sugar Act in which I stated that there would probably be others in the future. My predictions in that newsletter as in previous ones are coming true. The House of Representatives was advised on the afternoon of June 14 that the Sugar Act had been decided upon in all details and would be presented to the House of Representatives for passage, as a formality. In other words, the duly elected Members of Congress are again being victimized by parliamentary procedure, in order to perpetuate a practice that has been most detrimental, in my opinion, to the farmers of this Country, to the consumers, and to both as taxpayers. Time

after time efforts have been made to extend the Act for long periods of time. These efforts have failed, primarily due to the opposition that has been mounted against such attempts when the time for action was very short. A pattern has been followed in the Congress, deliberate or otherwise, but nevertheless a pattern, which results in sugar legislation being brought before the House of Representatives just a few days before the expiration of the law. This creates a situation which provides the argument that unless the sugar legislation which has been approved by the sugar industry (perhaps a better name would be the sugar trust), utter chaos will result and many will go bankrupt. The fact is that the small compact groups that have a monopolistic stranglehold on the sugar business in this Country are not going bankrupt, for the reason that they have made so much money at the expense of the American farmer, the American consumer and the American taxpayer, that it would take many, many more things than the expiration of the Sugar law to even dent their assets. Each and every year the industry gets together and decides what the law will be. In holding the meetings at which these decisions are made, the producer of sugar in the United States is not consulted, but is advised as to what he will be allowed to have. This has progressed to the point that in recent years some of the present sugar producing areas of this Country have been reduced to the status of mendicants at the table of international sugar trade. Complexities are built into the law that totally discourage the average person who is unfamiliar with what is going on. For instance, the 3 million tons of sugar that were taken away from Communist Cuba have been divided up between other foreign countries, with not one pound being allocated to the American farmer. It is this gimmick in the bill that is being used at this time to argue that the bill should not be opened for amendment before the House of Representatives. In other words, the industry has written the bill, has handed it to a committee of the Congress of the United States of America with instructions that this is the bill that has been agreed upon. This bill, in turn, is handed over to the duly elected members of the

House of Representatives with the advice to take it or leave it. That is, permit the sugar industry to write their own legislation, deny the duly elected representatives of the people of this Country under the representative form of government from changing one letter or punctuation point. And the members of the House are told that unless they take this legislation, as the industry has written it, the alternative is utter chaos in the sugar business. The arrogance of these people in their refusal to agree to open and free debate on a matter so vital to this Nation is ample evidence to me that the whole matter would stand a thorough airing.

The assignment to American farmers of only one third of the sugar allotment taken away from Communist Cuba, could take out of production of surplus from Cuba. In other words, the

Yet, deaf ears are turned to every plea that this be done. It has been argued that the importation of sugar was necessary for consumer protection. When this argument was shown up as false, it was then argued that the foreign policy of this Country required importation from these foreign countries of 45% of our sugar needs. When this argument was effectively countered by facts and figures, the proponents of the sugar industry began to argue that it was necessary to continue this practice in order to prevent these countries from which it was being imported from going communistic. It was while this argument was being so freely used, our neighbors to the south under the leadership of Mr. Castro, went communistic. At that time we were buying one third of the sugar requirements of this Country from Cuba. In other words, the

## ATTEND YOUTH CAMP AT LAKE TEXHOMA

Last Monday morning, June 11, six boys and their pastor of the Calvary Baptist Church attended the Texoma Baptist Bible Youth Camp at Lake Texoma.

Rev. Hill reports that the youth camp was the best he has ever attended. There were 500 young people from Independent Fundamental Baptist Churches in Oklahoma and Texas. Out of this 500, 23 were saved, 4 surrendered to preach the gospel, five surrendered for the mission field, 36 dedicated their lives for full time service and 116 dedicated their lives to God.

One of the boys from Clarendon received Christ as his Savior. "It is hoped," Rev. Hill said, "that the boys will never forget the Bible sermons they heard preached each morning and night."

Besides the great spiritual services the boys enjoyed all kinds of recreation such as, miniature golf, baseball, volleyball, ping-pong, horse shoes, badminton and swimming.

Those attending the camp were Jessie McCrary, Danny Phillips, Donnie Schultz, Jimmy Schultz, Lonnie Blair, and James Brackett with their pastor, Bro. Hill.

Bro. Hill said the boys are already looking forward to youth camp next year.

Father's Day visitors in the Van Knox home were Mr. John A. Simmons, Mrs. Frank Henderson and son all of Dimmitt, John Kyle of San Francisco, Calif., Miss Nancy Smith of Hereford, Mr. and Mrs. Glenn Wallace and Tony and Mac Thornberry of Clarendon. Mr. and Mrs. G. J. Hinden called in the afternoon.

Mrs. Edgar Skypala and Patti and Mrs. Blythe and Sandy of Amarillo, also Mrs. Elaine Bryan of Claude attended the shower honoring Miss Andra Pinkerton Saturday morning and were dinner guests in the home of Mrs. G. W. Bradshaw.

Mr. and Mrs. Tommie Messer and Michael of Norman, Okla., were recent visitors in the home of Mr. and Mrs. P. C. Messer.

**AERIAL MESQUITE CONTROL RECOMMENDED FOR TEXAS**

College Station — There are several methods for controlling mesquite, but one of the most economical and practical for Texas is the aerial application of 2,4,5-T. This method is usually used on relatively pure stands of mesquite, explains G. O. Hoffman, extension range specialist.

For the aerial application of 2,4,5-T to produce the desired results, several factors must be present. There should be plenty of soil moisture to make the mesquite grow vigorously and produce a dense foliage. At the time of spraying, the foliage should be dark green. Hoffman says that this year the mesquite foliage is in the best condition in several years, and good results should be obtained from aerial control provided the moisture situation remains favorable. Also, if rain falls during the spraying season, it is advisable to wait until the new leaf tip growth has turned dark green. This usually takes about two weeks.

The chemical mixture to use for aerial control of mesquite is 1/2 pound of 2,4,5-T, 1 gallon of diesel oil, and enough water to make 4 gallons of mixture. This four gallons of chemical mixture should be applied to one acre in a manner that insures complete coverage of the foliage.

Hoffman says a miracle should not be expected. The total root kill under ideal conditions is 25 to 35%. The initial control will last from 5 to 7 years before spraying of the regrowth is necessary.

After the spraying, the pasture should be deferred to allow the grass to re-establish. Graze it during the winter, defer it the second growing season, then use it properly. The extra grass is what pays for the brush control practice.

If it rains in the mesquite country within the next two weeks, it may be advisable to spray every acre of mesquite in Texas, says Hoffman.

For more information on aerial control of mesquite, contact your local county agent.

**FACT AND OPINION**

Senator Barry Goldwater writes: "The one bright aspect of the steel price hassle, it seems to me, is that the whole affair has served to highlight and to dramatize the very grave problem faced by American industries which are saddled with outmoded and obsolete equipment. Private studies in this field indicate that presently there is some \$95-\$100 billion worth of this kind of equipment now being used by American industry in a time of heavy competition. And, against this, the Administration is proposing a piddling 8 per cent tax credit on funds scheduled for expansion and modernization."

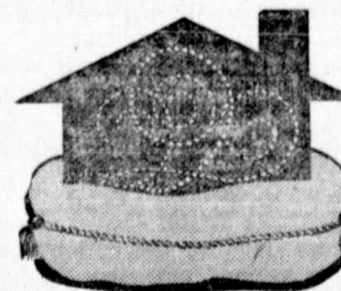

**Prevent Depredation in Camp**

Wild animals are a constant source of depredation in camp. They gnaw equipment because of the sweat salt they find on such items as axe handles, etc. They break open bags and damage cans in search of food.

Usually this occurs during the night, or when the camp is deserted.

You can prevent this aggravation by spraying your equipment and stores with nicotine sulphate. It is a chemical inoffensive to man, but repugnant to animals. Pests will give camps, so sprayed, a wide berth.

Mr. and Mrs. Frank E. Jones and Jeffrey Allen of Amarillo spent the week end with his parents, Mr. and Mrs. B. E. Jones.

It's Time to Side-Dress With

**SOL-U-PHOS. LIQUID FERTILIZER**

"The SOLUTION For Your Fertilizer Problem" Division of Goodpasture Grain & Milling Co., Inc.—Home Office . . . Brownfield, Texas

Side-dressing will really pay off when you side-dress with SOL-U-PHOS Liquid Fertilizer. SOL-U-PHOS will give your crops the plant nutrients needed at "dinner time," to carry them on into a fruitful harvest. Remember—every drop of SOL-U-PHOS is a chemical combination of plant nutrients in a neutral SOLUTION . . . this fact alone insures balanced fertilization for your crops. Don't deplete your land! Increase your crop yield, maintain high fertility with SOL-U-PHOS Liquid Fertilizers.

Everywhere you look, more and more farmers are "going modern"—they are switching to SOL-U-PHOS Liquid Fertilizer . . . why? They like the "filling station" type of operation . . . there is no heavy lifting needed . . . you get the correct analysis of plant nutrients without having to buy unwanted quantities of other nutrients . . . you don't have to have a field full of farmhands to get the job done . . . one man can easily side-dress up to fifty or more acres per day . . . you pay only for the plant nutrients delivered by your dealer . . .

D. F. Cook of Cook Grain & Storage is dealer for SOL-U-PHOS Liquid Fertilizer in the Clarendon area. Before you buy any fertilizer . . . talk to your friends and neighbors who have used SOL-U-PHOS . . . come in and get all the facts, then you will see why so many farmers are "sold" on SOL-U-PHOS Liquid Fertilizer . . . the fertilizer "made" for farming.

**TALKS UNDERWAY FOR SEASONS ON DOVES**

AUSTIN, With the outlook favorable for a good dove crop this fall, new season regulations are now being discussed, according to H. D. Dodgen, executive secretary of the Game and Fish Commission.

Dodgen is meeting in Corpus Christi Friday with representatives of the Lower Rio Grande Valley, to discuss a proposal for a change in the season dates in that area. Valley residents believe that the mourning dove season there should open earlier than the traditional October 1 date. They are also seeking to have the whitewinged dove season on alternate days rather than consecutive days, as in the past two years.

On June 26 there will be a national dove conference in Washington, to discuss dove population, length of seasons, and open date brackets on which the Game and Fish Commission can set up this year's hunting season in Texas. Representatives from all the states where dove hunting is permitted will be present at the conference in Washington.

Reports from the field now indicate, according to Dodgen, that a heavy brood stock of doves remains in Texas for nesting this year. Thousands of these mourners can be seen along the highways in practically every section of the state. Reports from the Rio Grande Valley also indicate a heavy whitewinged nesting population this

year. There have been no reports as yet from the Middle West as to the mourning dove situation, but generally there is a heavy migration through the Middle West to Texas during the fall and winter months. These are known as the "fat northern doves."

**Cleaning Bottoms of Boats**

One of the best cleaners you can find, and certainly the handiest, for removing scum from a boat bottom, is rough sand on a wet burlap rag.

Turn the boat bottom side up and scrub with the sanded rag. It does a great job.

**Highway Patrol Investigates Five Rural Accidents**

The Highway Patrol investigated 5 rural accidents in Donley County during the month of May according to Sergeant J. W. Wilson, Patrol Supervisor of this area.

These wrecks accounted for one person injured and an estimated property damage of \$7,895.000.

The rural traffic accident summary of Donley County from January through May of 1962 shows a total of 19 crashes. As a result of these crashes there were 1 person killed and 14 persons injured. The estimated property damage amounted to \$13,405.00.

Beginning with this month, the Texas Department of Public Safety lends its support each year to the national SLOW DOWN AND LIVE summertime Safety campaign which, as its name indicates, has as its objective the task of emphasizing the need for motorists to control their driving speed. Speed control is vital to Safety, because of the overcrowded condition of the highways caused by thousands of vacation travelers, most of whom are in a big hurry, since vacation time is usually all too short.

The veteran patrol supervisor said, "the hurry attitude frequently steers them into a speeding violation or, worse than that, a serious accident, or even death itself."

**GREAT CHALLENGE**

President Kennedy made a major speech at the recent 50th annual meeting of the Chamber of Commerce of the United States. This came hard on the heels of his drastic action in forcing steel to cancel a price increase, and was designed to allay fears that his Administration is "anti-business."

The Chamber's retiring president followed Mr. Kennedy. And he made a point of the utmost importance. He observed that "government intervention in price decisions in industry presupposes that this may be balanced by government intervention in the determination of the price of labor." But then he added these wise words: "It is a challenge to business leadership to make certain that both business and labor will remain free to make their own decisions without government intervention."

Without that freedom, the free enterprise system will wither and vanish. A government which is arbiter of prices and wages in a government which rules by decree, and which disregards the workings of the free market. Government - controlled prices and wages are a fundamental part of all totalitarian economies. This is certainly one of the great challenges of our times not only to business, but to government and labor.

dedication, the Postmaster announced that the following are among the guests expected to attend:

Mr. V. E. Bell, Real Estate Officer for the Post Office Department, Lubbock; Mr. J. M. Benesch, Postal Service Officer, Amarillo; Melvin W. Jackson, Owner of the Bldg., Dallas; and a host of postmasters and other postal personnel from over the Panhandle.

"Our patrons will derive more enjoyment from doing business here, their mail will be handled more efficiently and this building and its up-to-date equipment will enable our postal employees to work under the best of conditions," the Postmaster commented.

"The new facility," he added, "will be a link with a postal system that today has over 45,000 postal installations. This system serves more than 180 million Americans and handles over two-thirds of the world's mail. Our 580,000 postal employees are handling about 85 billion pieces of mail a year, including over a billion parcels," the postmaster added.

"National population increases will add nearly 3,000,000 people to the population in the next 12 months, with about one and a half million marriages and the establishment of 663,000 new households, including many in this community," the postmaster noted. "This will be reflected in increasing demands for more postal service here," he explained.

Mr. and Mrs. William Jones and family of Amarillo were visitors through the week end in the home of his parents, Mr. and Mrs. B. E. Jones.

This week's action is loaded and we should definitely have a leader in each division at the end of this week. Again, the League wishes to thank each patron who has helped us off to such a tremendous beginning.

Next Monday afternoon all players and officials who can be at Hart-Moore Field as we need to have a work afternoon of picking up rocks off the infield. If we have a good turnout it shouldn't take over 2 hours. Hope to see everyone about 2 o'clock Monday.

**Post Office Box Rent Due Again**

Rent on all post office boxes is due now and must be paid before July 1, 1962, to continue receiving mail in the boxes. Why not pay your box rent by the year and not be bothered with having to pay every three months. Rents are as follows:

- No. 1 Box 90c quarter; \$3.60 per year.
- No. 2 Box \$1.10 quarter; \$4.40 per year.
- No. 3 Box \$1.50 quarter; \$6.00 per year.
- No. 4 Box \$2.25 quarter; \$9.00 per year.

**FARM NEWS**

from County ASCS Committee

**PERFORMANCE WORK**

The training school for reporters and planimeter operators will begin June 21st. The office would like to request that each farmer go with the reporter to measure all commodities. If it is impossible for you to go with the reporter, please have a representative from your farm go with him. It is very important for you to show the reporter all diverted acres and any area where cotton was destroyed. A record of cotton destroyed is necessary for history purposes.

Please remember that once you have designated your feed grain diverted acres, you cannot move them or harvest a crop therefrom.

**NEW WHEAT FARMS FOR 1963**

Applications for new farm wheat allotments for 1963 must be filed with the County Committee prior to July 1, 1962. Additional Use of Diverted Wheat & Feed Grain Storage

FLAX, RAPESEED and MUSTARD SEED have been added to the list of crops that may be grown on acres diverted from the production of Wheat and Feed Grains. GUAR, SESAME, SAFFLOWER, SUNFLOWER and CASTOR BEANS are already on the permitted list.

The new law states that partial payments will be made as follows: Twenty per cent of the minimum rate will be computed for guar and sunflowers. Thirty per cent of the minimum rate will be computed for castor beans. Forty per cent of the minimum rate will be computed for sesame. No payment will be made for the planting of flax, rapeseed and mustard seed. Flax produced on diverted acreage will not be

eligible for price support. —Signup will not be reopened and stated intentions to divert may not be increased. —Producers may redesignate diverted acres only to the above listed crops. —Producers will be required to pay remeasurement costs. —Any of the above crops which are grown and destroyed thirty days before normal harvesting date may be considered green manure or conservation measures and original diverted acreage payment will be made. —If a producer elects to plant the entire diverted acreage to a permitted crop for which no payment will be made and an advance payment has been made, he will be required to refund the advance, but no interest will be charged. —Each producer who wishes to take advantage of these provisions should come to the ASCS County Office and request a change in his intentions not later than June 29, 1962.

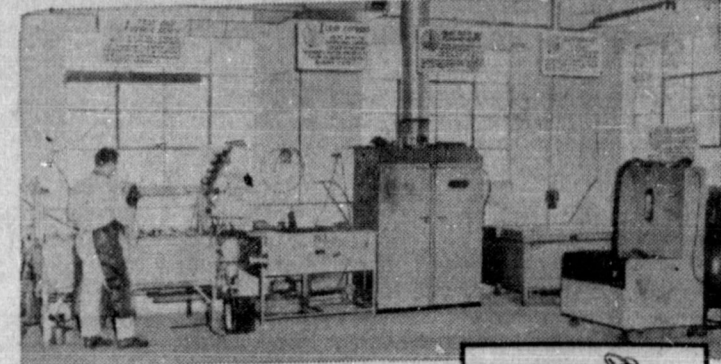

**COIN OPERATED LAUNDRY & DRY CLEANING PLANT NEAR COMPLETION**

Work is nearing completion on the new coin operated Laundry and Dry Cleaning Plant being installed in the building formerly occupied by the Clarendon Electric & Plumbing. The new business which will feature all new Frigidaire equipment, will be operated by Mr. and Mrs. Bud Sandlin and son, Lindy age 16, of White Deer. The three will attend a special school in Dallas this week.

The Sandlins have three other children, Janie 13, Danny 7 and Terry 5. They plan to move their home to Clarendon in the near future.
