COYOTES BEAT THE KILOWATTS

In Double Header At Cisco Sunday, 7 To 6 And 5 To 4--Possible Winners League Pennant

The Baird Coyotes kicked the Cisco Kilowatts into the cellar last Sunday, on the latter's field, by taking both ends of a double-bill, Baird winning the first game seven to six, with Bennett on the firing line, while the second game went to Baird five to four, with Bond on the hill.

This being the last time the Coyotes and the Kilowatts will meet this season, Baird's record is clean so far as Cisco is concerned, as the Coyotes have been victorious in all contests with the Kilowatts.

Bennett, for Baird, has an enviable record for this season. He has worked in seven full games, winning all of them. He also acted as relief pitcher on two other occasions.

Baird is now one-and-a-half games ahead of Moran, who is in second place, and three-and-a-half games ahead of Breckenridge in third place.

The Coyotes only have three more games scheduled for this season: Next Sunday at Moran; the following Sunday Moran will be here and the Putnam Spudders will be here Sunday, September 7th, for the last game of the season.

Baird can cinch the pennant by winning two of the three remaining games, regardless of whether or not Moran and Breckenridge should win all of their remaining games.

Thursday, August 21st, at Tee-Pee Park, the Coyotes and the Moran team will lock horns, in an exhibition game, for the benefit of Catcher Coker of Cisco, who suffered a broken ankle in the game at Cisco, two weeks ago.

Coker was a very popular player and one of the best receivers in the West Texas League. All the players bemoan Coker's misfortune, and it behooves the Bairdites to support this game in a fitting manner, since the entire receipts will be donated to Coker. Baird and Moran should put up a stiff game, and it will give the Baird fans a line on the strength of the two teams who are scrapping for the pennant.

Be sure and attend all these remaining games, as the Coyotes need your money and your enthusiastic cheers.

Eastland improved its position Sunday on its own grounds, when it defeated the Putnam Spudders, 5 to 4.

Breckenridge was practically eliminated from the pennant class on the same day by Moran, on the former's field, when Allen Bumpers, pitching for Moran in his usual form, defeated Breckenridge by a score of 15 to 7. Breckenridge, to no avail, used four pitchers to stop the slaughter.

Result of Last Sunday's Games:
At Cisco: Baird 7, Cisco 6; Baird 8, Cisco 4. At Eastland: Eastland 5, Putnam 4. At Moran: Moran 15, Breckenridge 7.

Next Sunday's Games.
Baird at Moran, Eastland at Putnam, Cisco at Breckenridge.

OLD BAIRD TEACHER HERE ON A VISIT

Mrs. P. G. Huffman of Clarendon, is visiting her brother, Percy Roberts and family, here. Mrs. Huffman has many friends in Baird, who are always glad to welcome her. Mrs. Huffman is the widow of the late Rev. P. G. Huffman, one of the best men who have held a pastorate in Baird.

Brother Huffman was Pastor of the Methodist Episcopal Church, South, here for two years, 1919-21. He died the year after leaving Baird and Mrs. Huffman accepted a position in Clarendon College, whither she will return next Monday, to resume her duties.

Mrs. Huffman taught two sessions in the Baird Public Schools, while her husband was pastor, and was one of the very best teachers in the school.

BANDMASTER JULIUS MARTINEZ TO INSPECT THE BAIRD BAND

Senor Martinez has a national reputation as a musician, and is a proficient band instructor and leader. His wife, the Senora Martinez, is also an accomplished musician, specializing on the saxophone and drums. They have toured the country together with their own concert band, and have a splendid reputation as entertainers.

FLIRTED WITH DEATH BUT LUCKILY ESCAPED

An alarm of fire, at 5:15 o'clock, Wednesday evening, resulted in an auto collision that only by an accident might have proved fatal.

"Doc" Dubberly hopped into his auto, and with little Oscar Jones on the running board, dashed west on Mac Bell Avenue. As he turned north on the first street west another car, driven by C. M. Mills, containing two male passengers, dashed north just as Doc's car made the corner turn.

Seeing that a collision was imminent, Doc stepped on the gas, but just a moment too late.

The Mills car crashed into the side of his, bending the fender, but glancing off and plunging into the yard of the house occupied by Ticky Albin, smashing the fence and burying its nose under the gallery, which had to be prized up before the car could be extricated.

By a miracle the occupants of the two cars escaped with only minor injuries.

Miss Bess Holmes, who has been visiting her cousins, M. J. and C. B. Holmes and families, left Monday for Cisco, where she will visit friends before returning to her home in Gatesville.

Mr. and Mrs. Roy Pippin and little daughter of Dothan, visited relatives and friends in Baird Sunday. Mr. Pippin is an army buddy of Robert Estes and Joe Arvin, of Baird, all three belonging to Co. C, 111th Engineers, and saw some active service in the World War.

They left on the Sunshine Special Sunday evening for Van Horn to visit Mrs. Harding's parents, Mr. and Mrs. J. R. Price for a short time before going to Brawley, California, where they will make their home.

Henry Lambert received a message Friday that his nephew, Baxter Lambert, had died that morning in a sanitarium in Dallas. The body was taken to Roby, the home of the deceased, for burial. Baxter Lambert was serving his fourth term as sheriff of Fisher county. The Commissioners Court has appointed the wife of Sheriff Lambert to fill out the unexpired term.

Mr. and Mrs. Oscar Jones, of Amarillo, and their daughter, Mrs. Lane Dupree, of Midland, made a short visit to Mrs. J. W. Jones and W. E. Gilliland and family Wednesday morning. They had spent several days with Oscar's sister, Mrs. Tom Windham, at Oplin and were on their way back home. Oscar wanted to get home in time to vote Saturday. He voted for Lynch Davidson in the first primary and will vote for Mrs. Ferguson tomorrow. Mrs. Windham, Mr. and Mrs. John Jordan and Miss Zula Jordan, accompanied them to Baird.

Indications are that the anti-Klan ticket will sweep Callahan County like a prairie fire tomorrow, but don't take anything for granted. Vote and get your neighbor to vote.

ABUSE NOT ARGUMENT

Is Like A Kicking Gun Liable To Damage The Shooter More Than The Target

The joint debate at the Tabernacle Wednesday night was the largest and liveliest political gathering we have had in this section during this campaign.

Rev. L. N. Stuckey of Abilene, supporting Judge Felix Robertson, challenged Attorney J. M. Wagstaff, also of Abilene, supporting Mrs. Miriam A. Ferguson, to meet him here in joint debate, and the challenge was accepted.

The Tabernacle will seat 1200 people comfortably, but all seats were taken, the aisles were crowded, many found vantage points on the big stage and there was a large assemblage outside unable to gain admittance. A total of two thousand was the number estimated as present.

The editor of The Star did not attend the Tabernacle meeting, but he had a reporter present, he interviewed many who were present and, from all accounts, it was about the liveliest crowd ever assembled in Baird at a political meeting, not excepting the Hogg-Clark campaign in 1892 or several gatherings here in the bitter prohibition campaign during the ten years' fight over the county.

Rev. Mr. Stuckey was accompanied from Abilene by a number of friends, some say two hundred or more.

Judge J. R. Black presided and introduced the speakers.

Rev. Mr. Stuckey opened in an hour and fifteen minutes' speech. Lawyer Wagstaff had one hour and a half hours' speech, with fifteen minutes' rejoinder for Rev. Mr. Stuckey.

Several amusing incidents occurred. One was the return of a Klan hood to Rev. Mr. Stuckey, said to have fallen out of the latter's automobile, on the way from Abilene to Baird.

Rev. Mr. Stuckey followed the usual lines of Robertson's supporters, repeated all sorts of charges made against Ferguson for the past ten years, and dodged the real issue of the Klan in this campaign.

Judge Wagstaff neatly smashed these charges by replying that any sensible man knows that if Ferguson were guilty of these charges he would have been serving as a convict in the penitentiary today.

As to the one about the Kaiser's money, if the Government had the proof, Ferguson would have been hanged as a traitor during the war, and Wagstaff insisted that his reverend antagonist should apologize for these mistatements. No doubt the reverend gentleman believed them, but every one of them were false.

We regret that such debates occur, because they only stir up bitterness among neighbors and friends.

We did not attend the debate and are glad of it, for reasons not necessary to state here. The result is certainly not gratifying to either Robertson or the Ku Klux Klan. The crowd was overwhelmingly for Mrs. Ferguson and the net result, so far as we know, is one vote gained for Mrs. Ferguson by Rev. Mr. Stuckey's intemperate speech.

Abuse is not argument and never converts any one.

If Brother Stuckey thought that he had smashed the Ferguson forces here, in his speech Wednesday night, he will have another think coming Sunday morning.

In many past campaigns in Texas religion has been dragged in the dirty cesspool of politics, but never to the extent that it has in the past four weeks. We are glad that this is the last day of the campaign, and hope that Texas will never again witness such another slanderous, dirty campaign as this one. Some of the language used in this campaign—principally by Robertson—ought to be barred from print.

Robertson, the Klan anointed candidate for Governor, in his speeches denounces Ferguson's supporters as mostly bootleggers and other kinds of disreputable characters. Great campaigning for a man who thinks he is big enough to be Governor of this great State!

You are regaled daily with statements from Klan sources that Ferguson villifies and abuses his opponent. If he can hold a light to Robertson in this runoff campaign, we have failed to see it.

Robertson's speeches are made up of villifications of Ferguson and his supporters. Every act of Ferguson's life, public and private, is used—twisted and distorted by slanderous tongues—chief of which is Felix D. Robertson.

Why don't some of Robertson's good friends inform him that it is Mrs. Miriam A. Ferguson and not James E. Ferguson that is the candidate for Governor. Felix does not seem to know who is his opponent.

Don't mistake the issue. It is a Visible Republic against an Invisible Empire!

That is the issue, regardless of what you think of either of the candidates. In fact, the issue is so great that the masses of Democrats, like the editor of The Star, are forced to choose between having a woman for Governor or a man controlled by a secret political cabal, shown to be in a hopeless minority in Texas, that has fastened its tentacles upon the machinery of the Democratic party.

For one we do not hesitate to vote for a good Christian woman against a man, no matter how good he may be, but controlled by a secret political machine that owes allegiance to a self-styled Imperial Government, located far away from Texas, who care nothing for our State or people, only for the rich picking they gather from its members in the Imperial Province of Texas—just a Province in the Invisible Empire—not a Free State in the greatest Republic on earth.

That will be the result if you fill the State Capitol at Austin with Klansmen.

POLITICAL STRAWS

Political straws show which way the wind is blowing, so political letters show the trend of political thought in Texas just now.

The Dallas News of Monday reported that it had received such a flood of letters boosting the two candidates for Governor that it was impossible to publish them, but published a list of the letters and the name and address of each writer.

For Robertson there were 26; for Ferguson 42. Thirteen of the Robertson letters were from recognized Klan centers, such as Dallas, Waco, Austin, San Antonio and Beaumont. Strange to say none were from either Fort Worth or Houston, two of the strongest Klan towns in Texas outside of Dallas.

For Mrs. Ferguson the letters were from small towns, but seven of them were from Dallas, the home of the Klan nominee, Robertson, while only six were for the Klan candidate. Mrs. Ferguson had two from Fort Worth and one each from Wichita Falls and Austin. Nearly all the others were from small towns.

Here is another straw: Jim Ferguson has the largest crowds to hear him of any candidate in this or any other campaign in the past twenty years. At Waco, the native town of Felix Robertson, Ferguson spoke to an audience of nearly ten thousand persons.

Felix came along a week later and they gave him an uproarious welcome, but he had only four thousand to hear him, despite all the efforts of the Klan.

Ferguson, in some small East Texas town, the name of which we do not recall, had six thousand to hear him. The population of this town was given at 700, but the crowds came from surrounding counties.

At Greenville Ferguson had a crowd of ten thousand gathered to hear him. Four thousand is Felix's limit, and that was at his native town, Waco. That crowd was equalled so far only at Temple, the home town of Ferguson, and at Austin—all three Klan towns.

Of course, old stagers know how an organized minority can work up crowds, but when Ferguson, who has no money, except what his friends voluntarily donate, and has no State organization to boost for him, can draw bigger crowds than Felix Robertson, with an organization in nearly every county in Texas and money galore to help him, it shows that Texas sentiment is against the Klan, no matter how the election turns out.

This campaign also shows that sentiment against the Klan in Texas is growing in Dallas, Fort Worth, Waco, Austin, Houston, Galveston, Beaumont and other lesser Klan centers, while in the country, in most counties away from Klan influence, the voters seem to be almost solidly against the Klan, the modern successor of the secret Know Nothing Party, that the Democratic party smashed in 1856.

A Mr. Olsen of Waco, spoke in Coleman for Robertson last week. He denied that the Ku Klux Klan was in politics. In view of the notorious fact that the Klan is in politics and has been in politics in Texas for the past two and a half years, we wonder if this man really does not know the meaning of the word politics, or did he take the Coleman people for a set of chumps?

The Klan may not be in politics, but the Klan is chock full of politicians and so, what is the difference? If the Klan is not in politics, then Texas has no political parties and the Democrats, Republicans and Ku Klux Klansmen are only members of benevolent societies and all the politics they indulge in is to elect their members to office.

*Mrs. Miriam A. Ferguson, of Temple, Texas, is opposing Felix Robertson of Dallas, self-confessed Klan candidate, for the governorship of Texas. She is a member of the Episcopal church, mother of two splendid daughters and a woman of rare common sense and executive ability. Her candidacy is endorsed and being actively supported by every one of the seven other candidates for governor eliminated in the first primary.

ANTI-KLAN TICKET

If you want to swat the Ku Klux Klan, vote the following ticket:

For Governor: Miriam A. Ferguson.

For Lieutenant Governor: The two candidates for Lieutenant Governor, Barry Miller and Will C. Edwards, are neither of them Klansmen.

For Attorney General: Dan Moody.

For Comptroller: Sam Houston Terrell.

For Chief Justice the Supreme Court: C. M. Cureton.

For Railroad Commissioner, six-year term: Clarence E. Gilmore, present incumbent.

For Railroad Commissioner, four-year term: Lon A. Smith.

Save this list for reference and be sure and vote the right ticket.

The only man regularly stumping the State for Robertson is Cyclone Davis. We always kinder liked Cyclone, but, like Atticus Webb of the Anti-Saloon League, who has had fine picking for years as a Prohibition spellbinder, he just can't see anything but Prohibition in any political scrap and, furthermore, neither are in this scrap for their health.

Cyclone is the only speaker of note to openly defend the Klan, but, like Robertson and all other Klansmen, he is doing his level best to fool the people by telling them that Prohibition and not the Klan is the issue.

The Klan in politics is the issue and Klan speakers know it, and that is why they dodge the issue—the real issue—and yell "Prohibition!"

Tom Love, Democratic National Committeeman from Texas by the grace of the Texas Klan, says that the success of the anti-Klan ticket in Texas will injure the National Democratic ticket in the general election.

Tom Love is talking through his hat and he knows it. He is only trying to carry out his bargain with the Klan for Texas's vote for McAdoo and to elect himself National Democratic Committeeman from Texas.

The defeat of the Klan ticket will do more to help the National Democratic ticket North than anything that Texas can do just now. If the Ku Klux Klan nominates their ticket it means heavy Democratic losses in the East and North. The Democrats to win must carry New York, New Jersey and Maryland, and without these it seems now that it is impossible for our party to win.

The anti-Klan sentiment in these three States named is so strong that Klan success in the greatest Democratic State in the Union means disaster to the Democrats north of Mason and Dixon's line.

With LaFollette in the race we can really expect little from the Middle West, but must look to the Eastern States.

We Deliver to Any Part of the City

It is not a question of whether there are any good men in the Ku Klux Klan, but the question tomorrow is: "Shall a secret political party control this great State, or shall the unhooded and unbridled Democrats of Texas rule?"

No unprejudiced man denies that there are not many good men in the Klan. We are satisfied that there are many good, conscientious men in the Klan, but we doubt if any of them joined it with the idea that it was or would ever become a secret political party.

That the Klan is in politics is unquestioned, despite the denials of Klan speakers. They selected a full ticket in the first primary, from United States Senator on down the line. Klansmen know this is true, so why do the Klansmen deny it?

Abusing Ferguson is the only dope Robertson and his friends have. Remember, that Mrs. Ferguson, not Jim Ferguson, is the candidate.

Remember, too, that Robertson boasted before the first primary, that he was endorsed by the Klan; in fact, he was brought out by the Klan, but didn't tell you that, and now he does not mention the Klan, because he knows that if the voters ever wake up to the real danger of complete domination of the State by the Klan, that tomorrow night, when the polls close, his name will be Dennis, not Felix D. Robertson, nominee of the Democratic Party, by the grace of H. W. Evans, Grand Wizard at Atlanta, Georgia, who travels over the country like a real Emperor!

U. S. TO AID IN ENFORCING DAWES PLAN

CO-OPERATION OF AMERICA IN CONTROL OVER GERMANY IS PLANNED, PREMIER SAYS.

COVERS THE WHOLE PLAN

Points Out That Paris Will Gain Through Successful Operation of Dawes Plan

London.—M. Herriot, the French Premier, made a long statement to the press representatives in London with a view, as he explained, to clarify the conclusions of the conference to his country.

He thought that after a month of complex technical discussions and incidents calculated to hide essentials, unbiased Frenchmen in the interest of their country would welcome such an explanation.

The statement covered the whole recent history of the reparation problem, leading to the initiation of the Dawes plan, and is clearly intended to influence the coming debates in the French Chamber. He emphasized that the Dawes scheme does not eliminate sanctions in case of bad faith. Quite the contrary, he asserted, but it leaves to the governments the care of determining their procedure should sanctions become necessary.

"We have re-established the inter-Ally front in London in the event of Germany failing to keep her engagements," he declared.

M. Herriot then outlined all the provisions of the Dawes plan having to do with guarantees to the Allies and therefore to France, the foremost being the provision of the German bank which will receive reparations payments, by a general council, the members of which will be foreigners, including the Frenchman. That was the first guarantee; other guarantees were taxes, railways and industrial bonds.

With regard to taxes, he said it would be inadmissible and contrary to the treaty for a German taxpayer to pay less than a French taxpayer. The railways he regarded parts of the scheme, where the work of the experts had been bolder still. He pointed out that the railway commissioner who will control the entire railway operations will be in all probability a Frenchman. All these he considered important guarantees for France.

"Germany," continued the premier, "is subjected to the whole system of control, and without doubt for problems of this importance there is no solution which can escape criticism and avoid all uncertainty. But progress has been made over the former system, the illusory nature of which has been shown by experience.

"The United States has agreed to re-operate in the control to be exercised over Germany. Germany is not required to undergo this control passively, but to accept it freely. The method is longer and more difficult to apply, but henceforward Germany cannot say she is yielding to force alone. She has entered into engagements with the whole world, with the United States as with France. Should she fail to meet the engagements thus contracted, the honor of all the Nations who entered into these engagements with her would compel them to rise against her."

Explosives enough to fill a freight train forty miles long are to be given away by the Government to farmers for clearing land, and to State Governments for highway construction.

The air mail service from New York to San Francisco, which began operations with night flying on July 1, was, in the main, successful from every standpoint during the first thirty-one days.

The evening of Aug. 15, twenty-four hours after the Republican notification ceremonies here, has been decided on as the time for President Coolidge's departure for Plymouth, Vt., for a ten-day vacation. The president will be accompanied by Mrs. Coolidge and their son, John. They will be the guests of the President's father, John C. Coolidge.

Real estate in Saxony with the mark at low rates of exchange, has been tempting to foreign buyers, many of whom have embraced their opportunity. The foreign buyers include 343 Americans and more than 200 Swedes.

It has been decided that the permanent establishment of the Free State army shall consist of twenty-seven battalions, nine brigades and three commands. FEAR SUDAN REVOLT; CRUISERS ARE DISPATCHED

British Troops and Airplanes Are Reported to Have Left Cairo As Reinforcements.

London.—In connection with the trouble in the Sudan, the admiralty has ordered the battleship Marlborough to leave Zara, Dalmatia, for Alexandria. The light cruiser Weymouth, en route for Colombo, Ceylon, was ordered to Port Sudan, where she has arrived, and the sloop Clematis is on her way for the same port.

The London newspapers are making a big display of the disturbances in the Sudan, which they contribute to a conspiracy by interested persons in Egypt aiming to oust the British from the Sudan and establish Egyptian rule over it. Agitation to this end has been in progress for some months, the main organizers being, it is said, the White Flag Society of Cairo.

It is recalled that the Egyptian Premier, Zagloul Pasha, told the chamber in June that Egypt would insist upon complete evacuation of the Sudan by Great Britain and afterward the British Ministers announced in Parliament that the British on no account would renounce their responsibilities to the Sudan and the Sudanese.

The editorial writers, while not believing that the present trouble will necessarily have serious consequences, foresee a possible regrettable delay in settling the Egyptian problem and even a conceivable cancellation of the impending negotiations with Zagloul Pasha. Editorial opinion strongly supports the Government in its Sudanese policy.

The Times says: "Either to admit the Egyptian pretensions to the Sudan or to leave the Sudan to the Sudanese would be an inconceivable folly and iniquity."

The latest dispatches from Khartoum and Cairo state that the actual casualties in the clash at Athara were four killed and fifteen wounded, that no Egyptian troops were present and that the troops who fired the shots were Sudanese Arabs, acting apparently without orders and under extreme provocation from the rioters. British troops and airplanes are reported to have left Cairo to reinforce the garrison at Khartoum.

SECRETARY OF STATE OFFER IS DECLINED

Wide Difference in Salary One Cause of Johnson's Rejection.

Austin, Texas.—Primarily because of the wide difference in salary, Finis K. Johnson will not relinquish his present position of chief of the blue sky division of the State Department to accept the Governor's appointment as Secretary of State. Mr. Johnson was to have succeeded S. L. Staples, who will become State Treasurer under appointment of the Governor to take the place of C. V. Terrell, who retires to become Railroad Commissioner to fill the unexpired term of W. M. Splawn. The latter resigned to become president of the University of Texas.

While Mr. Johnson has been hesitating to accept his appointment as Secretary of State since the Governor's appointment, it was not definitely known until recently that he had notified the Governor of his declination. The Secretary of State's salary is \$2,000 per annum, while that of chief of the blue sky division is \$3,600. Mr. Johnson reached the decision that to decline the appointment would be better to him personally and also the public, as he has been in charge of the blue sky division ever since the law creating it became effective ten months ago, during which time he has had experience which enables him to properly administer the law.

The Governor has not yet made another appointment of Secretary of State. There is a rumor that Gen. Henry Hutchings, chief clerk of the State Department, is being considered.

The airplane duration record of 37 hours 15 minutes 48.8 seconds, made by Lieut. Lowell H. Smith and Lieut. J. P. Richter, U. S. A., in 1923, was broken by the French Aviators, Coupet and Drouhin, in a flight which lasted 37 hours 59 minutes 10 seconds.

MAJ. DAVID DOOLE, 91 DIES IN MASON HOME

Oldest Mason in State and Veteran
of Three Wars is Called.

Antonio, Texas.—Major David
Doole, who plotted the National Cem-
etery at Fort Sam Houston, a veter-
an of the Civil War, the Indian Wars
and the Mormon Rebellion, the old-
est Mason in Texas in point of ser-
vice and for a half century a res-
ident of Southwest Texas, died Sun-
day at his home in Mason, Mason
County, 91 years and eight months
old.

Major Doole was born in Belfast,
Ireland, Nov. 25, 1832, and came to
the United States with his parents
when he was 8 years old. The fam-
ily settled in New York, where he
grew to manhood. At the age of 18
years he enlisted in the army and
served throughout the war as a mem-
ber of the Union forces. After the
close of the war, he was sent to
Arizona, where he participated in
some of the early fights with the
Apaches and other tribes of the
Southwest. He also aided in sub-
jugating the Mormon rebellion.

Major Doole became a Mason in
1853, while serving in the Army in
New York State. Since coming to
Texas he has played a prominent
part in Masonic work of the State.
He was a member of the Master
Masons and also the Chapter and
for many years was district grand
master.

MOBILIZATION OF TEXANS ORDERED

The National Guard is Not to Be
Mobilized at Any One Desig-
nated Point.

Austin, Texas.—Mobilization of the
Texas National Guard units and all
citizens of military age has been
ordered by Gov. Neff in a proclama-
tion just issued, in keeping with the
request of President Coolidge for
proper observance by the various
States of defense test day. The Gov-
ernor said "without regard to their
personal views the people of Texas
should always gladly comply with a
reasonable request made of them
by the president of the United
States."

All Texas citizens of military age
are called upon to co-operate with
the units of the regular army, the
National Guard and organized re-
serves in carrying out the provisions
of the National Defense Act.

The Adjutant General of Texas is
directed "not only to assemble for
drill and patriotic purposes all the
National Guard units of the State,"
but also to co-operate with county
and city officials and the civilian
population generally in arranging
proper patriotic programs.

The National Guard is not to be
mobilized at any one designated
point, but the various units will as-
semble at their respective home sta-
tions and follow a program yet to
be arranged. An officer from the
Eighth Corps Area, United States
Army, will arrive in Austin from
San Antonio soon and work out Na-
tional Guard plans with the Adju-
tant General's Department.

Governor Neff's proclamation
reads:

"The President of the United
States, in keeping with the law
known as the national defense act,
passed at the suggestion of Gen.
Pershing and with the approval of
Woodrow Wilson, providing for the
mobilization in times of peace of all
the organized and unorganized mili-
tary forces of the United States has
named Sept. 12 as the day on which
should be assembled for patriotic and
informational purposes all those citi-
zens of the several States who are
qualified for military service. Sep-
tember 12, 1924, the day selected
this year to give to the provisions
of this national defense act a practi-
cal test, is the sixth anniversary of
the significant St. Mihiel drive made
by our army in Northern France, as
it is also the day designated for
the retirement of Gen. John J.
Pershing as commander in chief of
the army of the United States.

"President Coolidge has requested
that the Governors of the several
States ask the military organizations
and the civilian population to co-
operate in defense test day in assem-
bling the military man power of the
Nation as a peace-time test of our
national mobilization law and as an
indication of the part each com-
munity would play in time of emer-
gency in the defense of our country.
Without regard to their personal
views, the people of Texas should
always gladly comply with a reason-
able request made of them by the
President of the United States.

"Therefore, in keeping with the
request of our President, I take
this method of reminding the people
of Texas of the purposes of this
day and call upon the citizens of
the State of military age who de-
sire to do so to co-operate with the
units of the regular army, the Nation-
al Guard and the organized reserves
in carrying out the provisions of
our national defense act.

"The Adjutant General of the State
has been directed not only to as-
semble for drill and patriotic pur-
poses all the National Guard units
of the State, but he has also been
requested to co-operate with all
county and city officials and the
civilian population generally in ar-
ranging proper patriotic programs
of music, addresses and drills in
keeping with the purposes and the
spirit of this defense test day. I am
sure the people of Texas will readi-
ly respond, as they have always
done, to any suggestion coming from
the President of the Nation.

"PAT M. NEFF, Governor."

Crops Aided by Light Rain
Marshall.—The first rain since
June 20 fell on appreciable areas

In this county recently, when the
precipitation was only sufficient to
lay the dust, it was greeted with re-
joicing by long-suffering farmers, who
said it will be of material benefit
to crops.

Falls County Needs Cotton Pickers.
Marlin, Texas.—A brisk demand
for cotton pickers is noted in Mar-
lin this week. Polls are popping
open as fast as cotton stalks and
other vegetation, including leaves
of some trees, wither under the hot
sun.

Water Well Has Oil Trace
Denton, Texas.—A water well on
the Ed. F. Bates farm in the north
east part of Denton County, is re-
ported to be showing oil at a depth
of 174 feet. The first showing was
found at seventy-seven feet and it
has continued to increase as the
hole was sunk lower. Mr. Bates said
he would have the oil cased out of
the well, but that he would assist
in donating money for a test for
oil in that vicinity. Other water
wells on his place have had to be
abandoned on account of oil.

COOLIDGE ACCEPTS G. O. P. NOMINATION

That is Stressed as Well as Plans
for Peace in Response to Mon-
dell's Notification.

Washington.—In stately Memorial
Continental Hall, President Coolidge
Thursday formally accepted his nom-
ination as the presidential candidate
of the Republican party.

The nominee definitely opened
his campaign with a recital of the
accomplishments of the administra-
tion and a promise of "a Govern-
ment of common sense."

Honesty and economy in the Gov-
ernment at home and peace abroad
were set forth by the President to
his audience of party leaders and the
general public as principles on which
he will seek election.

The address was devoted largely
to a review of the accomplishments
of the administration during the last
four years, and contained a specific
program for the future, in which
the president outlined his views in
characteristic short, pungent sentenc-
es.

Detailing his views, the President
announced he favored:

The principle of protection.
The child labor amendment.
The permanent Court of Interna-
tional Justice.
Further limitation of armaments.
Enforcement of the prohibition
laws.

Support by the Government in en-
couraging American citizens and re-
sources to assist in restoring Euro-
pe.

Promises to call world disarmam-
ent conference as soon as Dawes'
reparations plan is put into operation.

Proposes to use every possible
effort to resist corruption in of-
fice and to prosecute grafters with-
out favor, but without malice.

Will continue efforts for tax re-
duction and tax reform.

Favors membership in world court.

Opposes race and religious prej-
udices in Government.

Against artificial supports of spe-
cial privilege and monopoly.

Says main need of agriculture
now is co-operative effort, reorgan-
ization of freight rate structure, good
business, good wages and European
settlement.

Intends to appoint agricultural
commission to report legislative pro-
gram to Congress in December.

Further economy in Government
is imperative because Federal and
local taxes now take \$300 a year
from each American home.

Has ordered Republican National
Committee to incur no deficit in
campaign; must pay as it goes.

Warns campaign contributors they
must not expect governmental fav-
ors for party assistance.

Says that, although we will hear
much about liberal thought and pro-
gressive action, the people want a
Government of common sense.

Unsuitable shoes are responsible
for one-third of the ills of women, ac-
cording to Dr. Ethel Brenham, lead-
ing worker in the ranks of British
labor women. "It makes me weep,"
Dr. Brenham said, "to see the bulg-
ing swollen ankles, misshapen calves
and flattened toes of the high-heeled
girl of today.

A. F. OF L. TO WORK FOR LA FOLLETTE

Candidate Notified Labor Organiza-
tion to Give Full Support.

Washington.—Officially notifying
Senator La Follette of Wisconsin of
the indorsement of his presidential
candidacy and that of his running
mate, Senator Wheeler of Montana,
by the American Federation of La-
bor's executive council, a committee
headed by Frank Morrison, secretary
of the federation, declared that "every
honorable effort" would be exerted to
bring about the election of the inde-
pendent candidates.

"We are instructed to say to you
for President Gompers," Mr. Mor-
rison told Senator La Follette, "that
we are for you and for Senator
Wheeler, that we are for you with-
out restriction and that so far as
the 1924 presidential tickets and
platforms of the two old parties
are concerned, we have burned our
bridges. The fight is on.

"Our examination of the platform
has shown us beyond question that
both the Republican and Democratic
platforms are unacceptable—a word,
by the way, that seems not to be
clearly understood in some quarters.
We hope to make it better under-
stood as time passes.

"What applies to platforms ap-
plies to candidates. We find in other
cases no hope for the wage earners
of the country. We find the candi-
dates of both parties wholly un-
acceptable.

As our report makes clear, we
have found the platform upon which
you are a candidate for President
and upon which Senator Wheeler
is a candidate for Vice President
is more acceptable to labor more
nearly meets labor's aspirations
and more nearly meets the needs of
the great masses of our people and
in particular those for whom we
speak, than does any other plat-
form now before the people."

Faced Sea in Small Boat Lost

Manila.—It is believed that Ira
Sparks of Peru, Ind., who sailed
from Honolulu in January for the
Holy Land in a twenty-three foot
dory, perished off the coast of Zam-
boango. A deserted boat named
"Dauntless Honolulu," has been
found stranded on Gatusan Island
on the eastern coast of Zamboango,
according to a telegram received
by Constabulary headquarters. There
was no trace of Sparks.

Alsace Stirred By Church Laws

Berlin.—New trouble is brewing in
Alsace-Lorraine—this time for France.
From one end of the provinces to the
other monster mass meetings are
being held to protest against the
actions of the French Government.
At these meetings impassioned ora-
tors exhort the population to resist
"unto death" or "to fight to the
bitter end." A special party, the Al-
sacian party, has been formed, which
demands in huge posters, nailed to
the walls, complete autonomy for
Alsace-Lorraine.

Abandon Plan to Invade Ozarks

Springfield, Mo.—Eugene Everett,
attorney representing Japanese buy-
ing in California, who proposed to
establish a colony in the Ozark re-
gion, announced the plan had been
abandoned because of opposition by
citizens.

Corn Average, Cotton Fine

Bonham, Texas.—R. E. Toler, who
lives in the Lannius neighborhood,
was in Bonham and declared corn
in his section to be an average, and
says the cotton is very fine.

Questionnaire May Cost Degree

New York.—Miss Ethel Goldsmith,
psychologist of the Cincinnati Juve-
nile Court Hospital, who sent out
a questionnaire dealing with emotion
and sex to summer students of Col-
umbia University to obtain mat-
erial for her thesis for a doctor of
philosophy degree, may be unable
to obtain her degree this year be-
cause of the publicity given the ex-
periment. Aroused over the distri-
bution of the questionnaire, the uni-
versity authorities have confiscated
all copies of the questionnaire.

One thing, in all the slime and slander against Jim Ferguson, no one has ever accused him of being a drunkard or a man of immoral character, and that is more than some of his enemies, who are fighting him so bitterly, can truthfully claim for themselves.
