PLANS SHAPING UP FOR ANNUAL JULY 4th CELEBRATION

Bill Porter, president of the Outdoor Entertainment Association, announced yesterday that plans were progressing on schedule for the annual celebration here July 4th with prospects in view for one of the best celebrations ever held here. This big event is less than a month away.

The annual Rodeo Queen contest is scheduled to get underway this week end with Mrs. Bill Bradshaw, Mrs. Ed Sawyer and Mrs. Bill Porter in charge. Mrs. Bradshaw has planned a Coke party for all girls interested in being contestants at her home tonight, Thursday, June 7th, at 8 p.m. All young ladies between 16 and 19, unmarried, are eligible as contestants. The contestants will be sponsored by local business firms and ranchers.

Porter reported that Ranchers and individuals had wholeheartedly donated beef for the barbecue July 4th on the court house lawn. A charge will be made for the barbecue this year as plans have been formulated to use at least half the proceeds from the barbecue and rodeo to construct a community swimming pool which is certainly needed for the residents of this area. The charge will be \$1.00 for adults and 50c for children.

The big kick-off Pre-Western Week dance that always precedes the celebration has been set for Saturday night, June 23rd, with Charlie Grimes' orchestra booked to furnish the music. Tickets for the dance are now available from any of the directors of the association at \$1 per person. Directors having tickets are Bill Porter, W. B. Knorrp, Lee Palmer, Ray Palmer, Pete Borden, C. A. Pitts, Bill Todd, Pete Bromley, Dick Shelton and W. J. Adams.

Ray Palmer is all lined up to handle your needs for box seats at the rodeo and all interested in these choice seats should contact Ray right away. Pete Borden is in charge of the car parking spaces again and reports these are beginning to go fast.

Advance tickets for all rodeo performances and the barbecue will go on sale this week end at Palmer Motor Co., Pete Borden's Boot Shop, Household Supply Co. and the West Texas Utilities Co.

The Jaycees are in charge of the Parade July 4th and are making plans for the most outstanding parade in history. The Jaycees also have the project of painting the bleachers, etc., at the rodeo grounds and report the job coming along fine.

Jaycees To Have Charge Of Parade On July 4th

The Clarendon Jaycees will have charge of the parade the 4th of July and wish to announce that the parade will be divided into four divisions this year, with prizes to be awarded in each division.

Division 1: will be the High School Band division with trophies being given the first and second place high school bands.

Division 2: will be the business floats division with \$35.00 being awarded first place and \$15.00 second place.

Division 3: will be all civic and women's clubs division with \$35.00 being awarded for first and \$15.00 for second.

Division 4: will be community floats division with \$35.00 being awarded for first and \$15.00 for second place floats.

We think that by dividing the parade into divisions as we have done that the competition will be on a more equal basis and those entering floats will have a chance to secure part of the expense involved in the building of a float. We encourage each and everyone to start their floats as soon as possible and some member of the Clarendon Jaycees will be by shortly to sign up your entry.

The Jaycees are at the present time engaged in repainting the rodeo bleachers and pens for the Outdoor Entertainment Ass'n, which must be completed before the first of July. We have had several work nights this past month and will need to have several more in order to complete this project on time. If you are contacted to work on this project please be present at the work nights as each and every Jaycee will be needed before completion of this project.

We wish to express our appreciation to individuals who helped us work on our Little League project and also to individuals who gave us used pipe and loaned us equipment we needed to construct the backstop and fences.

The Jaycees are also selling advertisements in a rodeo program for the rodeo on July 2nd 3rd and 4th of July.

Flip Breedlove reports that he has his barbecuing crew all lined up for the big barbecuing job July 3rd.

COTTON PERFORMANCE
Personnel from this office will attend a meeting in Quanah on June 12th to receive instructions on 1962 Cotton, Feed Grain and Soil Bank field measurements.

Cotton and Feed Grain fields will be measured as soon as possible after the meeting in Quanah and after reporters for our county can be schooled on performance.

WHEAT PERFORMANCE
Our sincere thanks and appreciation to all wheat producers who cooperated with representatives from this office in getting a fine job of the field measurements done.

1962 Wheat Marketing Cards are prepared and ready for all wheat producers. Remember — only those producers who participated in the Wheat Stabilization Program are eligible for CCC Loan on this year's wheat.

If you plan to summer fallow your diverted acreage and seed to small grain or to cover crop this fall, be sure to have the county committee's approval.

CJC Dean's Honor Roll Announced

Seven of the fourteen students who achieved the magic point 6 or A-grade average for the last nine weeks of the second semester of this school year were Clarendon enrollees. Four of the seven were sophomores and three were freshmen. The sophomores were Pauline Heath, Kenneth Housden, Norma Jones, and Ruth Melton.

The freshmen from Clarendon whose grade average qualified them for a place on the Dean's Honor Roll, uniquely were all men, as follows: Philip Abel, Dennis Bradshaw, and Johnny Rattan.

These Clarendon folk were joined in this coveted honor by Mrs. Anne Long of Childress, a sophomore. Freshmen from the area whose hard work and diligence to duty gained them the special recognition of selection to the scholastic hierarchy are: Sharon Davis and Jon Leggit, both of Hedley; Martha Hanna from Rockport, Texas, a niece of Mr. and Mrs. J. H. Howse of Clarendon; Mrs. Beth Lennon, an honor graduate from Hollis High School of Hollis, Oklahoma. Mrs. Lennon graduated from high school as Onetta Elizabeth Buchanan. Jessie Marie Romo (Susie) of Wellington, Texas, and the recipient of an Academic Scholarship in teacher preparation, made possible by the gratuity of the citizens of Clarendon. (See HONOR ROLL, Page 8.)

Results Of Little League Games For Past Week

Clarendon's Little League is in full swing now. Last week the White Sox and Yankees played one of the most exciting games you'll ever see anywhere, and the Yanks were victorious, 7-6, although they had to chill a strong last inning rally by the White Sox.

L. Gardner pitched a terrific game until he tired in the last inning. Gardner, the hardest thrower of the Little Leaguers, struck out 11 and gave up 7 hits. Included were home runs by Mac McClellan and Mike Leonard. Leonard pitched nearly as well as Gardner as he gave up just 6 hits and fanned 8. Fields, who is a wonderful catcher for the Yanks, had a home run and single in 3 official trips to the plate.

Another game in the majors saw the Cubs gain vengeance with (See LITTLE LEAGUE, Page 8.)

Jaycee Of The Month Is Selected Here

The executive board of the Clarendon Junior Chamber of Commerce has selected Hubert Kidd as Jaycee of the Month for the month of May, for his outstanding job on the Jaycee Little League project. Hubert also has very good attendance records at regular meetings and other Jaycee activities. He was very instrumental in getting a Jaycee Club organized here in Clarendon by serving as temporary membership chairman until the Club could be organized.

Hubert is one of the directors and is serving as director of our youth and sports projects for this Jaycee year.

FORMER RESIDENT DIES IN AMARILLO

Funeral services were held in Boxwell's Ivy Chapel, Amarillo, Friday morning for Marion A. Hahn, 69, a former resident of Clarendon. The Rev. H. Evans Moreland of St. Andrew's Episcopal Church officiated. Burial was in Citizens Cemetery, Clarendon.

While a resident of Clarendon, Mr. Hahn was employed by an oil company.

Surviving are his wife, Mary; a son, Alfred A. Hahn of Houston; two daughters, Mrs. Don Evans of Klamath Falls, Oregon, and Mrs. A. A. Watkins of Amarillo; a brother, Earl Hahn of Girard; two sisters, Mrs. Benton Stanley of Lorenzo and Mrs. B. J. Kelleit of Midland; four grandchildren; and eight great-grandchildren.

Mrs. Baxter Faust of Amarillo visited through the week end in the home of Mr. and Mrs. Bill Allen and Jerry and attended the shower honoring Miss Donna Estlack Saturday morning.

Rev. J. V. Patterson Returns To Local Methodist Church

Rev. J. V. Patterson, who has been pastor of the Methodist Church here the past year, was re-appointed to the local church at the close of the Northwest Texas Conference of Methodist Churches at Big Spring last Friday.

Rev. C. R. Hankins, who has been pastor of the Lelia Lake Methodist Church, was returned to that church also. Rev. Robert Gill is the new pastor of the Hedley Methodist Church.

Rev. John A. English received re-appointment as District Superintendent of the Childress District.

LOCAL WATER SYSTEM RECEIVES STATE APPROVAL AGAIN

Mayor H. T. Burton was in receipt of a letter June 1 from G. R. Herzik, Jr., C. E. Chief Environmental Sanitation Services with the State Department of Health reporting that the City water system had been approved by that department.

As a result of our representative's evaluation of conditions existing at the time of inspection, it pleases us to advise you that your city continues to operate and maintain its public water supply so as to warrant continued approval by this department, Herzik, stated.

Your interest in our Water Supply Sanitation Program is sincerely appreciated, and we would like to convey the thanks of our representative for the courtesies extended him at the time of inspection, Herzik advised.

CJC Summer Session Announced

The first summer session of school at Clarendon Junior College got underway last Monday night. This session will continue until July 13. The second session of the summer term will begin July 16 and conclude August 24.

The American History 213 class officially began last Monday night. Almost enough students were present and enrolled in Government 213 to begin that class. However, Friday night June 8, at 7:00 p.m. the next meeting and next enrollment of the Government 213 class was re-scheduled.

Other classes which will have the final enrollment on Monday night of next week at 7:00 p.m. will be typewriting and accounting. These classes are only about half filled. Any person who would like to take either typing or bookkeeping or both, during the summer sessions, please contact Dean Abel immediately, and be present to begin with the classes on Monday night, June 11, at 7:00 p.m. The enrollment period will be in room 301 of the college building.

The next enrollment night for additional students in American History 213, which is American History from 1783 to 1865, will be Thursday night, June 7, at 7:00 p.m. This enrollment will be in room 301 of the college building.

The second summer session will accommodate the same classes, but will teach the second semester of work in each of them, and will add any class which has at least 10 students desiring to enroll for the term.

Mr. and Mrs. J. R. Brandon spent the week end in Amarillo and Plainview.

Voting Light In Second Primary Election; J. W. Swinney Wins Commissioner Race By Three Votes

Country Club Will Be Scene Of Barbecue

This Thursday night, June 7th, at six p.m. at the Clarendon Country Club registered beef cattle breeders, buyers, commercial breeders and all those who have helped with the Rolling Plains Registered Beef Cattle Association bull sales will gather for a big barbecue. W. H. Cooke, III, president of the association says that about four hundred will attend from all parts of the Panhandle of Texas. This figure is set by the response from the invitations mailed out by the association.

Flip Breedlove, secretary and manager of the bull sale, says that Mr. Paul Marion, Superintendent of the Spur Experiment Station will be the speaker. Mr. Marion has been in charge of the beef cattle experiments at the station for the past eighteen years. The Farmers State Bank of Clarendon is host for the occasion.

FRANK WHITE III TO TOUR RUSSIA

Frank White, III, son of Mr. and Mrs. Frank White, Jr., of Clarendon, will be one of 40 persons touring Russia this summer as a Lisle Fellowship Winner. White was graduated with a Masters Degree in Chemical Engineering at Texas Tech and will leave the United States June 27 aboard the S. S. Aurelia.

The group will tour East Germany, Poland, Czechoslovakia, the Soviet Union and Central Asia, returning to the U. S. September 10.

White took two courses in Russian while a student at Tech and this language background helped him to qualify for this fellowship. The tour is being conducted under the Cultural Exchange Agreement between the United States and the Soviet Union.

HOSPITAL NOTES

Patients as of Wed., June 6: Mrs. F. A. White, Mrs. W. S. Hearne, Mrs. J. R. Hillman, Guy Sibley, Lee Holland, Mrs. Richard Tunnell, Mrs. Carl Naylor.

Dismissals: Mrs. Pearl Terry, Mrs. Etta Reynolds, Mary Sue Rhodes, D. C. Peden, Mrs. A. B. Johnson, Mrs. Martha Carter, Ethel Brown and Dennis Bradshaw.

Voting in the second Democratic Primary last Saturday was light with approximately 975 voters going to the polls in Donley County. This brought about closer contests throughout the state and on the local level.

In the Precinct 2 County Commissioners race, John W. Swinney edged out H. L. Riley, incumbent, by only a three vote margin. Swinney received 383 votes to Riley's 380 votes. In the Justice of the Peace race, R. M. (Dick) Chunn received a total of 417 votes to Homer Estlack's 343.

All winners in the state races also carried the ticket in Donley County. John Connally received 511 votes for Governor while Don Yarborough received 456. Connally received the high total in the state. Preston Smith received 739 votes to James Turman's 207 in the Lt. Governor's race. In the Attorney General race, Waggoner Carr polled 695 votes and Reavley received 212 votes. In the congressman-at-large race, Joe Pool received 498 votes and W. W. Bean received 409 votes.

County Agent Warns Farmers Of Insects

Now is the time for all cotton farmers to begin to watch their young cotton for thrips, fleahoppers and the possibility of boll weevil just beginning to move in from pastures into the young cotton. County Agent Flip Breedlove says that regular checking of cotton fields can prevent a great deal of damage by insects before they get started. Cotton spraying guides for all types of insecticides is available at the county agent's office.

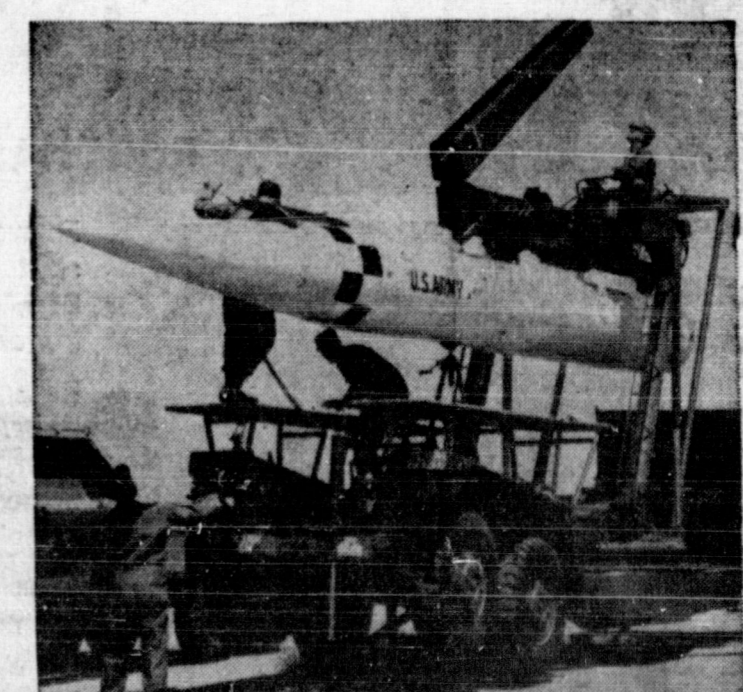

Breedlove says that many farmers already have the spraying guides when they attended the agriculture clinic in April and heard the hour long talk by Mr. John Thomas, Extension Entomologist on cotton insect control. Early season insect control can be the best money you ever spent in insect control and it can insure that cotton stalk to load up a great deal better.

Any one needing any information on insect control can drop by the agent's office. All types of insecticides are available at your local dealers in Clarendon and Hedley.

Mr. and Mrs. Bob Clifford and children of Amarillo visited relatives here Sunday.

INFANTRYMEN ON THE DOUBLE. The 49th Armored Division men running to board an M59 Armored Personnel Carrier are participating in Exercise IRON DRAGON. The exercise, held at Ft. Polk, La. from May 1 through May 15, tested the combat readiness of the division. The 1st Armored Division, one of two new permanent Regular Army divisions activated in February, is scheduled to assume the mission of the Texas 49th Armored Division. The 49th Armored, after release from active duty in August, will continue its training activities in the Reserve Components program. (FMC Corp. produces Army's M113.)

SERGEANT MISSILE—TESTED AND PROVEN. During May, the first SERGEANT Missile Battalion was activated at Ft. Sill, Okla. It is composed of a headquarters battery, two missile batteries (each with one launcher), and a medical detachment. Sperry Utah Engineering Laboratories is prime contractor for the SERGEANT.

Need a brand new industry in your town?

If so, let us remind you that recreation is our biggest industry.

So... let's dream awhile! If you're overlooking the potentials that a new lake offers you're missing a huge bet.

Outdoor pleasure seekers are increasing by the thousands each year, in Texas alone. People are becoming more conscious of the need to relax, to relieve tension, to entertain guests, or to just plain have fun after the day's work ends and during the week end.

With more and more people working fewer hours recreation will continue to be a problem. Cities that solve that problem by providing recreational facilities close by will grow in size. Biggest opportunity the small town may have to increase its income, as well as its population, very well could be the construction of a new lake or some other type of crowd-pulling outdoor recreational facility.

So, if your town needs to build back lost population... to take it way from the big cities, or swipe some from the nearby villages — consider new recreational facilities as the lure.

Include a "come on" that appeals to boaters, skiers, fishermen, swimmers, skindivers, hunters, trap shooters, the bow and arrow boys and girls — all phases of appeal to the outdoor lover... and you'll have it made.

Few cities can build a setup like "Six Flags." Not many can develop a center of recreation such as San Marcos' now famous Aquarena, or its Wonder Cave... or the Caverns of Sonora in West Texas.

But it must be remembered that these things didn't just happen. They were brought about by alert citizens with vision. Men and women did it who saw the possibilities that these natural "resources" offered to the community as well as to the individual owners. Townspeople helped create interest in these projects.

Very few businessmen can go

it alone. They need help. Maybe not financial so much as inspirational.

If your town needs a boost, start dreaming a little. Then dream a lot! Dreams do sometimes come true — especially if you help them along a bit.

Maybe you don't have an Alamo to draw tourists. But maybe you do. Look around. Dream a bit.

Advertising has done much to sell tourists on "stopping over." Have the City Dads investigated the possibilities of the historic features of your town? Have you?

Galveston didn't become a tourist mecca overnight. Neither did Palo Duro Canyon in the Panhandle. Or Dam B in East Texas. Or Lake Mathis near Corpus. Or the beautiful impoundment at Texarkana.

In fact none of the outdoor attractions of Texas developed without encouragement and hard work.

Stop for a moment and try to think of a natural lake in Texas. There is none. All are artificial — man-made impoundments.

Most people are amazed when they see the beautiful hills of the Highland Lakes Area of Central Texas. Small mountains really. They have been there for thousands of years — but only in relatively recent years have they zoomed in popularity.

It all began with dams — followed by lakes.

Now seven (7 mind you) large and beautiful lakes greet the visitors who come to see and enjoy the view. Many stay for weeks to fish and hunt, to live in attractive cabins, or to camp out along the shores in this scenic wonderland. Each year hundreds of these visitors return — to stay.

It doesn't take a great deal of selling to attract the outdoorsmen. Just let it be known and the recreation hungry people sell themselves.

Again we say — don't overlook any possibility your town may have to offer the outdoorsman, be he a wallet-filled tourist or a boat-towing member of the Isaac Walton League.

GRASSROOTS OPINION

HAWLEY, MINN., HERALD "J. Edgar Hoover is concerned with the leniency shown by judges toward the hardened, habitual criminals. Out of 167 criminals on the FBI's 10 most wanted fugitives bulletins since 1950, there are 140 who have received leniency. 'Suspended sentences, paroles and probations are meted out to murderers, rapists and depraved thugs as though they were merit badges,' Hoover says. 'Our legal machinery in some areas has long since departed from its primary purpose — the protection of society.'"

REFUGEES OR SPIES???

Those who advocate opening our shores to refugees from Red China are no doubt prompted by the precepts of the Christian religion in which they were reared. Their attempts to adhere to the Golden Rule are commendable, but could prove very dangerous if followed. Let me say, in the first instance, that I would VIGOROUSLY AND UN-EQUIVOCALLY OPPOSE any attempt to admit Red Chinese

into this Country for any purpose. The Red Chinese are not Christians. If they follow the teachings of Marxism, they have no religion other than the Communist doctrine. They do not understand the Christian principles by which we live, hence would suffer no remorse of conscience in using our charity to help defeat us. In fact the evidence is overwhelming that the Communist world has followed a definite pattern for several years to employ our Constitution, our laws and our moral code as weapons against us. There are several excellent examples. They have widely used, in fact abused, the guarantees of the Constitution in the exercise of freedom of speech, freedom of the press

and freedom of religion. One of the best examples is their open and defiant use of the Fifth Amendment, both in the courts and before Congressional Committees. These actions, although perhaps within the letter of the law, have certainly not been within the spirit. The exercise of these freedoms by the Communists and the use of the Fifth Amendment as a protective measure have not been for the purpose of preserving individual rights as was intended by the framers of the Constitution, but on the contrary, for the purpose of promoting and augmenting an ideology diametrically opposed to government by law. These people have long realized that the American concept of fairness presupposes the good faith of the individual. This creates an open invitation to any society that is devoid of a moral code or any group that subscribes to the policy that the "end justifies the means". This has been proven by the actions of the Communist Party members in this Country since the decision of the Supreme Court on October 9 last year. This decision upheld an order by the Subversives Activities Control Board requiring the Communist Party and its members

to register. The Party immediately went underground and will unquestionably use every protective device of our Constitution and laws in an attempt to defeat the Supreme Court decision. On December 1, 1961, the Party as an organization was indicted on twelve counts charging failure to register with the Attorney General as a Communist action organization. The members of the Party also refused and failed to register and ceased to be identified with the Communist Party. However, the Attorney General this week filed petitions against ten persons labelling them as Communists and ordering them to register under the 1950 Internal Security Act. Identified in separate petitions are:

William L. Patterson of Brooklyn, Chairman of the Party's New York District.

Betty Gannett Tormey and William Albertson, New York Party Committee and Board Members.

Arnold Samuel Johnson, national legislative director.

Miriam Friedlander and Louis Weinstein, Committee members of New York.

Albert J. Lima, of Oakland, California.

Roscoe Quincy Proctor, of Berkeley, California.

Dorothy Healey, Southern California District Chairman of Los Angeles, and

Burt Gale Nelson, of Seattle, Washington.

Communists are against our form of government. Whether they be white, black, yellow, tan or green, they are still Communists. If starvation reduces them to beggars, it does not change their basic principles. There are no doubt many among

the 670 million peoples in Communist China, who would repudiate Communism, but how are these to be screened, and who is to do the screening? How are we to know the difference between a bona-fide refugee and a Communist spy? Who is to say that the Chinese Communists have not created the refugee problem, well knowing the charitable instincts of the American people, with premeditated design to create an avenue through which infiltration could be practiced. There is an old Chinese proverb "when you bow, bow low". It would be well for those in the Western world to study this proverb in the light of history. It might cause them to hesitate before being so free in offering the material wealth of others and risking the freedom of all in an attempt to solve a problem not of our creation.

LIBRARY NOTES

EDITH BARNES

Two more memorial gifts have been given to the library in memory of Mrs. J. L. McMurtry.

In the June "Red Book" there is an article that needs to be read by all adults, then practiced on children!

Quoting from Norman M. Lobenz' "The Plot To Abolish Childhood," "A report that will infuriate parents who believe that a child can't get too much of clubs, classes and culture.

When I was a boy most parents asked little more of their children than that they be 'good' or 'well behaved.' Anything beyond that, such as high marks in school or being elected to

head a team or club, was a bonus. Today's parents, however, have more elaborate expectations. Their children are under pressure to be smart, to be popular, to be star athletes if they are boys or the femme fatales of dancing school if they are girls.

To achieve these successes young people — and I am talking specifically about grade schoolers, from about 6 to 14 years of age — are expected to work hard. They are inoculated, seemingly at the same early age as they get their protective shots, with the virus of competitiveness. They are given grown-up goals, and are urged to think and to act like grownups in order to reach them. In short, these children are being prematurely forced out of their normal child's world into a world of adult pressures and responsibilities. Although childhood is traditionally supposed to be a time when one guiltlessly can — and should — go out and do nothing, today's young-old child is busy from morning 'til night with club meetings; athletic practice; special tutoring, etc., etc.

In short a child will grow up in inverse ratio to the amount of undue pressure exerted upon him to do so. Instead of rushing

him into a synthetic adulthood long before he is ready for it, we must give him time and the freedom to develop according to his own pace and abilities. We must get use to seeing him as a person in his own right, rather than an appendage of ourselves to be used for our own satisfactions. We must give him back his childhood."

The above is only a small part of the article. It would be well to get a copy of the magazine and reread it ever so often. To check and see if you were doing some of these things without knowing it!

Mesdames Barrow, Donald, Gilbreth and Miss Mongole have been joined by Mesdames: Butler, Pinkerton and Miss Blankenship this summer in giving their rooms a membership in the library. It is hoped that parents realize how much this can mean to their children.

"Many a man thinks when he has invented a phrase he has solved a problem." —Sir Herbert Williams.

TWICE AS MUCH COOLING

with the patented advantages of

PARAMOUNT COOLERS

Yes! This famous Paramount 1000 c.f.m. evaporative cooler gives you up to twice as much cooling because of these patented features:

- Many coolers lose as much as 70% of cooling efficiency because dust, dirt and salts clog the filters. Patented No-Clog Sta-Fresh Filters are guaranteed clog-proof, assuring 100% cooling efficiency all summer long.
- Filters saturated with water become heavy and often sag and settle from the top, drawing hot, unfiltered, uncooled air into the cooler which may create as much as a 70% cooling loss. Patented Grip-Lock Filter Holders are guaranteed to prevent sagging and settling of filters assuring 100% cool, clean, filtered air.
- Without correct water trough adjustment, sections of the filters remain dry, resulting in substantial cooling loss and costly service expense. Patented Free-Flow Visible Water Troughs with external adjustment assure 100% saturation, and 100% cooling for the entire life of the cooler.
- Added feature — Patented Window Closing Attachment lets you close and lock your window. Eliminates entry of dust, rain and drafts into your home.

Highway partolmen, sheriffs, judges and just plain citizens gather from a five state area to mingle with the nearly 300 boys and to have an all around good time while at the same time making their plans to help in every way possible to make Boys Ranch an even more wonderful home for boys.

Nine years ago the idea began in the mind of Sheriff Gene Collins of Channing and others to get together a group of officers from over as large an area as possible with two closely knit ideas in mind. One, to each year carry out some worthwhile money raising project to help the Ranch. Two, would be to build a greater confidence and relations between the officers of the law, and the boys, some of which may have had a brush with the law at some time. It could have only been when they were brought to the Ranch or on some occasion when there had been trouble in the family.

The first project carried to a

successful conclusion by the group was that of spearheading the campaign to raise \$225,000.00 to build a new school building. Other campaigns have followed in succession. Founder Cal Farley points with pride to the school building which was one of the first modern permanent type buildings to help landscape and beautify the Ranch. Following this beginning many groups and individuals have added project after project to make the dreams of Mr. and Mrs. Farley nearer and nearer completion.

It would be impossible to rate the second part and the effect of this program on the lives of many fine boys at the Ranch.

Albuquerque, New Mexico . . . Sanchez has gone to the mountains . . . and many of his cousins have moved to the valley . . . At least there must be quite a number both places. Not only is Albuquerque growing and changing with the tide of many modern cities, but so many of its citizens are moving out of town. Up on the cliffs of the nearby mountains and down into the val-

ley for miles and miles up and down the river . . .

Beautiful homes seem to almost hang like the nest of a bird up the steep slopes of the Sandia Mountains. Each seeking the privacy of being away from the hustle and bustle of the city rush. This we see as we look to the east of town. Looking up and down the river for miles and miles we find little settlements springing up on small tracts of land. Some will have only a half acre to call their farm but mostly three and five acres make up the little ranch.

History is said to repeat itself. We used to go to school and were told to burn the midnight oil to get some education. We dreamed of saving our money so that we could go to the city and seek our fortune. There we would find the bright lights and all the modern conveniences. Now just a part of one life time later we find almost everyone in the city dreaming of a place in the country. Thinking of a cow, a horse, some chickens, and perhaps a garden. More than all this just to get away from the rush and bother — from the high taxes and other worries. One thing worried us most of all; in many cases they were so clustered together that they still had the town appearance . . . If Sanchez settled near town, the city had already gathered him up again . . .

A lady stood at the back of the church shaking hands with the preacher. She was overheard complimenting him on his sermon for the day:

"That was such a good sermon . . . Everything in it was true, and the fine thing about it was that it fit almost everyone that I know."

WARDENS WARN, WILD ANIMALS NOT FOR PETS

AUSTIN — Warnings that individuals who catch young wild birds for pets or harm protected birds will be prosecuted, have been issued by the law enforcement division of the Game and Fish Commission.

"We get complaints every day that persons have been picking up young of the wild, particularly fawns," says J. B. Phillips, law enforcement coordinator. "This is strictly against the law and wardens have been instructed to make arrests and file cases."

Every day complaints come in that fawns have been picked up, some of them when the mother deer is close by. He pointed out that the wild animal usually takes care of itself much better if left alone.

At the same time, complaints also are being filed against persons catching protected birds or destroying nests. Among them

were several filed in Austin against persons who invaded a swallow rookery on the Highland Lakes with air rifles and sling shots.

Baby birds are used to bait trot lines. If the bird is a protected species complaints are filed and the guilty person usually is given a stiff fine.

Numerous arrests have resulted from pictures appearing in newspapers of persons displaying a baby animal.

Mr. and Mrs. Doyce Graham and Mike attended graduation ceremonies at Texas Tech last week end in the Coliseum at Lubbock. Their son, Doyce, Jr., received his Bachelor of Science Degree with a major in Agricultural Science. 995 young men and women received degrees at this time. For the Baccalaureate exercises their speaker was Dr. John W. Lancaster, of the 1st Presbyterian Church, Houston.

Then on Monday night, the 36th annual Commencement Address was delivered by Mr. Fred H. Moore, president of Mobil Oil Company, New York City, with the conferring of degrees by President R. C. Goodwin. Dean James G. Allen was master of Ceremonies at a very interesting program. They also had a nice visit with Miss Beth Gillham there, who graduated with honors, receiving a Bachelor of Science degree in Home Economics.

GRASSROOTS OPINION
LIBERAL, KANS., SOUTH-WEST DAILY TIMES: "The nation's farmer overwhelmingly oppose tighter government controls, if a poll of readers of the nation's largest farm magazine is any indication. Only four per cent of over 50,000 Farm Journal readers who sent in ballots voted in favor of compulsory quotas advocated in the farm program being pushed by the present Administration."

Prenuptial Courtesies Honor Miss Estlack

Miss Donna Jane Estlack, bride-elect of Jerry Lee Allen, was honored at a miscellaneous shower given in the lovely new home of Mrs. Billy Goodman Saturday morning, June 2. Receiving hours were from 9:30 to 11 a.m.

Guests were presented by Mrs. Goodman and presented to the honoree, her mother, Mrs. Homer Estlack, and Mrs. Bill Allen. Miss Judy Benson registered the guests. Miss Helen Hartzog and Miss Janice Pinkerton entertained at the piano throughout the morning.

The refreshment table was laid with a white linen, cut-work cloth and centered with an arrangement of blue carnations and white daisies in a silver centerpiece. Outlining the floral piece was a pearl trimmed fluted edging of white meline with silver accents and to the center were two silver hearts joined by a cupid's bow. Assorted sweet rolls and doughnuts were served with coffee and tea. Miss Paula Adams and Miss Karen Knorpp alternately presided at the silver service. Also included in the house party were Misses Fredda Bourland and Sue Yankie.

Approximately sixty guests registered throughout the morning and many lovely gifts were sent by those unable to attend.

Hostesses for the courtesies were Mesdames Dick Vallance, George Thompson, L. L. Wallace, Billy Goodman, Bill Lane, Norris Spurgeon, A. J. Emmons, G. W. Estlack, Pauline Watters, C. A. Pitts, G. W. Bradshaw, John McClellan, and Lee Bell.

Senior girls gathered at Lee's Dining Room Tuesday, May 22,

for a 12:30 luncheon and linen shower to honor Miss Estlack. Attending were the honoree, Fredda Bourland, Sue Yankie, Judy Benson, Peggy Jackson, Paula Adams, Andra Pinkerton and Jeanette Blevins.

On Wednesday, May 30, Miss Estlack was honoree at a swimming party at the Country Club. Hostesses were Janie Tyra, Frances Wallace, Lee Ellen Seago, and Jackie McClellan. Also present were Frances Kennard, and Judy Kotara. Hostesses presented the honoree with a loaf pan, pie pan, and two cake pans. The group returned to the home of Janie Tyra for refreshments and bridge.

Mrs. Dennis Kotara entertained with a Mother-Daughter luncheon in her home near Panhandle Monday, May 28, honoring Miss Donna Estlack.

The serving table was covered with a white damask cloth and centered with a white China flow-basin filled with blue and white flowers and flanked with white China swans. The guests' places were marked at quartet tables covered with white cloths and centered with miniature vases filled with dainty blue flowers.

The guest list was composed of the bride-elect's chosen attendants and their mothers: Mrs. L. L. Wallace and Frances, Mrs. John McClellan and Jackie, Mrs. Allene Estlack and Dana, Mrs. Lee Bell and Lee Ellen Seago, Rowena Allen, Mrs. Homer Estlack and Donna, and Mrs. George Thompson and Judy Kotara.

Mrs. Kotara was assisted in her hostess duties by her mother. After lunch the group enjoyed games of bridge and pleasant chit-chat.

M. W. HATLEYS CELEBRATE GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. M. W. Hatley of Clarendon celebrated their fiftieth wedding anniversary Sunday, June 3rd, with a covered dish luncheon, the cutting of the traditional cake, and an old-fashioned sing-song. Festivities were held in Lions Club Hall in Clarendon.

The Hatleys were married at Lampasas County June 2, 1912, and are one of the pioneer families of this area having moved to Brice in a covered wagon in 1924 from Lampasas County. In 1930 they moved to the Goldston Community and lived there until they moved to Goodnight in 1936. In October of 1946 they took up residence in Clarendon and lived and worked at the Clarendon Country Club until August of 1960. At that time Mr. Hatley retired and he and Mrs. Hatley moved to 814 E. Fourth in Clarendon.

The Hatley's son, R. V., of Amarillo and grandson, Richard Von of Borger, with their respective families were present for the occasion as were numerous friends, neighbors and relatives from near and far. All helped to make the occasion a completely happy one.

BOOK CLUB MEMBERS ENJOY BREAKFAST

Members of 1926 Book Club were entertained with a breakfast in the home of Mrs. Clyde Hudson Tuesday morning, June 5. Hostesses were Mrs. Clyde Hudson, Mrs. W. N. Crain, Miss Inez Blankenship, and Mrs. A. J. Garland.

The buffet table was centered with an arrangement of roses and guests were seated at quartet tables.

Attending were two guests: Mrs. H. L. Palmer of Goodnight and Mrs. Marion Garland. Members present were Mesdames C. E. Bairfield, E. S. Ballew, Homer Bones, J. R. Brandon, Billie Christal, L. N. Cox, C. B. Morris, Otis Naylor, J. R. Porter, W. N. Poole, Nelson Seago, Frank White, Jr., W. E. Clifford, Joe Ritter, J. N. Weaver, and the hostesses. —Rep.

ASHTOLA NEEDLE CLUB NEWS

The Ashtola Needle Club met Thursday, the 31st, in the Club Room after missing our last club day. Pollyannas were revealed and new names were drawn.

Neoma Green, the hostess, served cake, peaches and whipped cream with coffee and iced tea to 13 members and 4 children. We planned our trip to Boys Ranch, which is June the 10th. Everyone is urged to go as we would like to have a good crowd. Bring a picnic lunch, which we will spread together. We will gather under the trees across the creek toward the church. We plan to leave home at 8 o'clock.

Last Thursday was our last meeting in the afternoon until September. We will have our ice cream supper and chicken barbecue as planned, and will have a called meeting to quilt a quilt. —Rep.

KNOX REUNION

Children of the late Mr. and Mrs. C. G. Knox who attended the Knox Reunion were Mr. and Mrs. Van Knox of Ashtola; Mr. and Mrs. Willard Knox, Mr. and Mrs. Gerrol Floyd and daughter, all of Lelia Lake; Mr. and Mrs. Noal Knox and daughter, Mrs. Wesley Linders and her infant daughter, all of Portales, N.M.; Mr. and Mrs. Cecil Dodson, Bob, Billy and Doug, Mrs. J. P. Reynolds and grandchildren, all of Amarillo; and the host and hostess, Mr. and Mrs. Bonner Howard and Judy and Bettie.

Only one brother was absent, Mr. and Mrs. Hugh Knox and family of Vega, who are attending the World's Fair.

GOLDSTON COMMUNITY CENTER NEWS

Everyone is invited out to an ice cream supper on Friday night, June 15, at the Center. Those who have freezers bring cream and others bring cake or cookies. We will play 42.

Ladies bring your daddies out for this will be the night for the fathers to help them celebrate their day. —Rep.

PARTY HONORS TWO BRIDES-TO-BE

The Single Girls Class of the First Baptist Church entertained with a party in the home of Agatha and Carolyn Wallin Monday evening honoring Miss Andra Pinkerton and Miss LaVeta Helms, brides-to-be.

During the course of the evening, Miss Elaine Behrens read a poem "What A Wife Should Be and What A Husband Should Be."

Refreshments of punch and cake were served from a table centered with a miniature bride. Each of the honorees was presented a gift from the class.

Attending were Andra Pinkerton, LaVeta Helms, Elaine Behrens, Agatha Wallin, Sharon Williams, Paula Adams, Carolyn Wallin, Mrs. W. W. Pinkerton, Mrs. G. W. Bradshaw, Mrs. Helms, Mrs. Wallin, and Mrs. M. P. West. —Rep.

GOLDSTON QUILTING CLUB MEETING

The Goldston Quilting Club met in the home of Johnny Bryson Thursday afternoon, the 31st. One quilt was almost finished.

Refreshments of cake and punch were served to Oma Brock, Maudia James, Quata Phillips, Joy Roberson, Bonnie Davis, Ola McBrayer, Irene Pritchard, and Blanche Gray by the hostess, Johnny Bryson.

The club will meet at Ola McBrayer's next Thursday, the 7th, to work on some quilts.

The next regular meeting will be with Bonnie Davis, the 14th of June. —Rep.

ASHTOLA COMMUNITY CENTER NEWS

Due to an error on the part of your reporter — the Ashtola Community Center Meeting will be Friday night, April 8, at 9 o'clock. Allmen who own livestock are especially urged to come out to this meeting as there will be a short program on Animal Health. Bring your dominos and cake for your party. —Rep.

FHA Records Show Success For 12 Years

Mr. L. J. Cappelman, State Director of Farmers Home Administration, recently stated, "The Rural Housing Loan Program was started in Texas some twelve years ago and the records show the success of the Program. Up to December 31, 1961, some 2,730 loans have been made and not one penny has been lost or written off as uncollectible."

"More than \$20,440,000 has been advanced in Texas in Rural Housing Loans and the principal and interest payments made, total over \$8,845,000. Over 24 percent of these loans have been paid in full. Payments of principal and interest on the 2,064 loans outstanding total over \$4,561,000, or 104 percent of the amount that has become due," Mr. Cappelman said.

"This is a remarkable tribute to the financial integrity of rural families and their ability to manage their financial affairs," the State Director said. "Loans under this program are made only to those who cannot obtain financing from conventional sources. As a result, the 2,730 Texas families who obtained these loans have had to be extra diligent in meeting their repayment obligations."

"This repayment record of rural housing loan borrowers is also a tribute to the judgement of the 654 Texas FHA Texas County Committeemen who assisted in evaluating the soundness of these loans," the State Director said.

"This program provides benefits throughout the entire rural-based small town economy and the overall economy of these counties," he added. "Contractors, small businessmen supplying contractors, and building trades workers all benefit through increased business. Their stepped-up activity in turn stimulates the entire rural economy. The approximate \$4,800,000 the Farmers Home Administration

in Texas will make available this year is the equivalent of several new industries in terms of more jobs and greater purchasing power."

A survey made in an Alabama County showed that the \$281,906 loaned to 28 borrowers under the Rural Housing Program in 1961 provided 37,324 hours of work to local labor, and \$195,720 for the purchase of electric supplies, bathroom supplies, and other building materials. Of this amount, \$81,620 was spent for materials produced or manufactured in the county, such as lumber and cement blocks.

CARDS OF THANKS

I am grateful to all my friends for the many kindnesses shown me during my recent illness. Especially I wish to say "Thank You" to my third grade class for their lovely gift.

Mrs. J. R. Williams

AUSTIN — Eight tired men sat down Saturday night — but not to relax.

John Connally and Don Yarbrough have battled it out for governor. James A. Turman and Preston Smith are the two tired men in the race for lieutenant governor, possibly the most important job in state government. Waggoner Carr and Tom Reavley competed for attorney general. Woodrow Bean and Joe Pool were the busy men seeking nomination for Congressman-at-large, a state wide seat in Congress which likely will be abolished within two to four years.

Following last Saturday, they can rest a bit before taking up their campaigns against the Republican nominees who are expected to make the strongest bids since 1874 in the general election on November 6.

But no matter how the general election turns out, Texas will have new men in the three top state offices — beginning next January.

STATE AND SYMPHONIES CLASH — A new order from the State Comptroller's office struck a discordant note with supporters of Texas' 13 symphony orchestras when they were informed that their productions will no longer be considered exempt from the 10 per cent admission tax.

The Dallas Symphony society was first to be taxed. They paid \$12,999 back admission taxes under protest.

Now symphony groups in Houston, San Antonio, Abilene, Amarillo, Austin, Corpus Christi, El Paso, Fort Worth, Lubbock, San Angelo, Tyler and Wichita Falls are under surveillance of the Comptroller's staff.

Actually, no one ever told the symphonies that they were exempt from the ticket tax. But they so considered themselves under a clause in the law passed in 1936 exempting "charitable" and "educational" organizations. They never were informed otherwise.

With the advent of the new sales tax law, an enlarged staff in the State Comptroller's office was mandatory. Interpretations and rulings were necessary. One rule defined "charitable" and "educational" organizations in such a manner that collectors started hitting the symphonies for back admissions taxes.

Sen. George Parkhouse of Dallas said he thinks exemption of symphonies and similar organizations was "the intent of the 1936 law." He has promised to support redrafting of the state amusements tax law to exempt non-profit cultural institutions.

The Dallas society's payment "under protest" may pave the way for a court decision. State Comptroller Robert S. Calvert said he'll welcome one. "Frankly, I don't know if symphonies should pay an admission tax," he admitted, "but I don't think they can be called a charity."

WATER PROGRAM ACCELERATED — Speed with which federal water projects are coming into final stages is shown by the fact that the Texas Water Commission has reviewed 17 federal projects since September 1, with two more coming up for hearing June 11.

Chief Engineer John Vandertulip said that projects already reviewed by the commission have a total first cost of \$325,366,000 of which \$192,052,000 is federal. Those projects are up for congressional authorization or financing this year, so odds are fair that work by federal agencies in Texas will be accelerating greatly in the next two or three years.

Water Commission will hold hearings on June 11 on two U.S. Corps of Engineers' projects — Plum Creek and the Sabine-Neches Waterway improvements. The latter project, which calls for deepening of existing channels to accommodate super-tankers, totals \$20,830,000 federal cost; and \$1,548,000 non-federal. LIVESTOCK CONTROL FUNDS SUPPLEMENTED — R. G. Garrett, executive director of the Texas Animal Health Commission, notified Gov. Price Daniel

that nearly \$9,000 of a \$10,000 appropriation for livestock tuberculosis control program has been spent. Remaining funds virtually are exhausted.

So the governor approved a \$5,000 emergency grant to boost the commission's program to August 31.

Animal Health Commission now has 69 herds of cattle under quarantine due to tuberculosis. Plans call for completion of testing in 15 counties as well as additional testing in 19 more counties.

36TH COMMANDERS PROMOTED — Governor Daniel announced the promotion of the Texas' 36th Infantry Division's two top commanders. Amarillo Attorney Everett S. Simpson, commander of the division, was promoted to major general, and Ralph M. Krieger, an Abilene businessman, was named to the rank of brigadier general.

Simpson, one of Texas' most decorated soldiers, participated in every major engagement that the 36th Division was involved in in World War II. In the same campaign, Krieger won the Combat Infantryman's Badge, Bronze Star, and Legion of Merit.

SHORT SNORTS Billie R. McElroy of Austin, firearms trainin specialist for the Texas Department of Public Safety, won the Elihu Root medal for marksmanship for training civilian marksmen.

Texas Education Agency revealed that more than 100,000 Texans now have completed the Civil Defense "Education for Survival" course, leading the nation in adult participation in this program.

Miss Ruth LaVerne Gallman of Temple, education coordinator at Scott and White Hospital School of Nursing, was named to the State Board of Nurse Examiners.

Governor Daniel appointed C. D. Acker of Jacksonville, H. T. Latham of Stephenville and Paul

D. Lindsey of Dallas to the Texas Finance Commission.

Fruits Of Highway Robbery One of Fidel Castro's first acts when he came to power in Cuba was to confiscate the refineries of United States oil companies and establish a government monopoly of the oil business. That happened in 1960. It's interesting to see what has happened.

Since the 1960 take-over, Cuba has been able to drill only 15 wells. None of these have found oil in commercial quantities.

The confiscated U.S. refineries, which handled the bulk of Cuba's capacity, are experiencing frequent shut-downs. These are due to a shortage of spare parts and replacement equipment, and to a lack of competent engineers and technicians.

Large percentages of Cuba's tractors, trucks, buses and automobiles are out of service. One reason is a scarcity of lubricants and gasoline of irregular quality. Last fall the government ordered service stations not to change lubricants in vehicles, but only to add a sufficient amount to keep motors running.

It is one thing for a country to confiscate a business — which is a form of pure highway robbery, in that the owners have small chance indeed of payment for their property — but it is a very different thing to keep it going. And scarcity is a hallmark of totalitarian regimes. Cuba, after all, had oil aplenty when American enterprise was providing it.

GRASSROOTS OPINION VIRGINIA, MINN., MESABI DAILY NEWS: "Our government is spending hundreds of millions of dollars annually in disease prevention, in research and in other ways which involve health, so much so that it is not strange that many citizens are wondering how necessary it is to give to the various drives and canvases for funds for this and for that association. There must be a fearful amount of duplication. This was not so before the government entered the field."

Mr. and Mrs. Walker Jones of Lampasas visited the week end with his uncle and aunt, Mr. and Mrs. M. W. Hatley.

GRASSROOTS OPINION

HAYWARD, WISC., RECORD:

"United States House of Representative members defeated by five votes an attempt to cut off THEIR right to send unaddressed or 'junk mail' to voters at taxpayers' expense, the roll call vote being 197 to 192. Here is another example of how the 'untouchables' can fool the public with the old saying, 'Don't do as I do, do as I say.' It is not unlikely that they probably spent a good portion of the day expounding the theory of 'economy in government' and turned right around and passed this provision."

CHECK YOUR FLIES

Check the bite of your flies if you have trouble keeping the striking bass on the hook.

Some of the heavier flies have too small a space between hook and fly. This causes the hook to fail.

Spread hook point farther away from the fly body if you have this trouble.

GRASSROOTS OPINION
PORT HURON, MICH., TIMES HERALD: "... the Post Office department is operating at a deficit of \$850 million a year. There are probably two major reasons for this... The first reason is that the Post Office Department is charged for a high proportion of costs that should be charged to other departments of government or which should be charged to public service... The other reason is that the Post Office has failed to adopt the newer and more efficient methods and practices that private businesses have been forced to adopt — or face failure."

"Once you've typed on an electric portable, you'll never type on a manual typewriter again!"

- 5 repeat actions
- Fastest typing
- No pounding
- Even typing
- 10 clear carbons

Electricity lets you underline a full row of words just by holding down the key, rat-tat-tat, just like that. The same is true for dashes, spaces, dots and the letter "X" for crossing out.

Electricity lets you type as fast as you want even if you're a speed champ. And there's no jumbled letters, no jumpy lines, no uneven spacing.

Electricity does the work for you. There's no pounding the keys. And you can adjust the touch from featherlight to the same as a manual's.

Electricity gives you an expert's even touch on the keys. All letters are typed with the same even blackness... your typing looks perfect.

LITTLE LEAGUE . . .

(Continued from Page 1.)
The Yanks by blasting them 12-3. Walks told the tale in this game, played in a cold, drizzling rain. The Cubs were allowed only 2 hits, but they made the most of 12 bases on balls plus 4 Yankee errors.

Sloan pitched a masterful 2 hitter with 8 strikeouts. The losing pitcher was M. Lewis who couldn't find the plate with the ball. B. Reese pitched well in relief of Lewis.

Due to the postponement of Thursday's games as well as Friday's second game, this is all the games we have played as yet. Here are the standings at this early date:

MAJOR LEAGUE		
	W	L
1 Yankees	2	1
2 White Sox	1	1
3 Cubs	1	1
4 Gold Sox	0	1

In the minors, the Indians of Coaches John Lamberth and Ronnie Tyra stand all alone in first place.

They've beaten both the Pirates and Dodgers, the latter by a thrilling score of 5-4 last Friday night.

After the first week of play in the minors the standings read like this:

MINOR LEAGUE		
	W	L
1 Indians	2	0
2 Pirates	0	1
2 Dodgers	0	1

Battling leaders at this early stage in the majors are:

	AB	H	Pct.
1 M. Leonard, WS	7	5	.714
2 M. McClellan, WS	8	5	.625
3 Fields, Yanks	7	3	.428
4 C. Lewis, Yanks	7	3	.428
5 W. Reese, Yanks	10	4	.400
6 J. Moore, Cubs	5	2	.400

Homeruns: M. Leonard, 2; M. McClellan, 1; Fields, 1; C. Lewis, 0; W. Reese, 0; J. Moore, 0.

Players must have been at bat at least 4 times to qualify.

The feature games this week will pit the White Sox against the surging Cubs at 7:30 tonight (Thursday) and the Dodgers battling the Indians Friday at 6:00.

The schedule for this week is as follows:
Thursday, June 7—
Pirates vs. Indians, 6 p.m.
Yanks vs. Gold Sox, 6 p.m.
Cubs vs. White Sox, 7:30 p.m.
Friday, June 8—
Dodgers vs. Indians, 6 p.m.
Cubs vs. Gold Sox, 7:30 p.m.

RILEY THANKS VOTERS OF PRECINCT NO. 2

It is my desire at this time to thank the people who supported me and gave me their vote in the democratic primaries. I enjoyed seeing and visiting with everyone during the campaign and all courtesies extended were appreciated very much.

I want the people of Precinct No. 2 to know that I appreciated the cooperation I have received during the time I have served as county commissioner. I will continue serving you to the best of my ability during the remainder of my term and will always maintain a strong interest in the welfare of our county.

Sincerely,
H. L. Riley

TO THE VOTERS AND FRIENDS

I wish to express my appreciation for the wonderful support you gave me in electing me as Justice of the Peace, Precinct 2. Thanks for the hospitality shown me by all during the campaign. I shall endeavor to merit your confidence in performance of the duties of the office. Thanks,
R. M. (Dick) Chunn

Mrs. Layton Gillespie, Gary and Mike of Memphis visited in the home of Mr. and Mrs. Bill Allen and Jerry Friday.

ESTLACK THANKS VOTERS OF PRECINCT NO. 2

I want to thank everyone who supported me and gave me their vote in the primary election Saturday. I received much pleasure in visiting with and renewing old acquaintances along with meeting new friends during the campaign for Justice of the Peace, Precinct No. 2. Again I want to sincerely thank each of you for your consideration and support.

Homer Estlack

JOHN SWINNEY THANKS VOTERS OF PRECINCT NO. 2

Naturally, I am pleased with the outcome of the race for Commissioner of Precinct No. 2. I realize it was not a personal victory and I want to thank everyone who supported me in any manner during the campaign. I want the citizens of this precinct to feel free to express their views to me on any matter concerning this precinct or the county as a whole. Again, I want to thank each of you for your support in the election.

John W. Swinney

HONOR ROLL . . .

(Continued from Page 1.)

completes the list. "Susie's" very fine work in making the Dean's Honor Roll consistently throughout the school year, while working more than half-time as receptionist and secretary to Dr. Jones of Wellington, yet taking a regular college load of 15 or more semester hours of work each semester, gained her a renewal of her scholarship for the 1962-63 school term.

Dean Abel, in announcing this honor roll group wishes to commend the entire student body for the very fine year of work they did as a loyal cooperative group of fine students.

IDENTIFICATION OF SCREW-WORMS HELP ERADICATION PROGRAM

Are they really screwworms? The only sure way to identify a screwworm is to collect maggots for microscopic examination by a specialist. This is why livestock producers are asked to collect worms from every infested livestock wound.

Success of the eradication program will depend, in part, on positive identification of as many cases as possible. These records are vital in the day-by-day execution of the program. Cooperation in Donley County to date has been excellent, but County Agent Flip Breedlove also stressed the importance of continued cooperation.

Although the largest number of wounds infested with maggots are infested by those of the true screwworm, other kinds of maggots may be involved. This has been confusing to some producers.

The true screwworm is only one of a large group of flies, most of which are referred to as common blow flies. However, screwworm maggots infest only the wounds of living warm-blooded animals.

Some of the maggots infesting wounds may be maggots which breed primarily in carcasses. When they are found in living animals, carcass-breeding maggots are usually found feeding on soiled wool or in wounds containing decaying blood and tissue.

The true screwworm is distinguished from common blow fly maggots by two dark parallel air tubes. These tubes are readily visible in full-grown maggots of the screwworm but are scarcely visible in the maggots of other blow flies. Screwworms have a pinkish tinge when they have completed feeding and are about ready to leave the wound. Most

common blow fly maggots have white, yellow, or gray colors.

However, microscopic examination by a specialist is the only sure means of identification. Producers should continue to collect 10 or more worms from deep in each wound and take them to their county agent.
