Her job is giving herself to others

If giving of oneself is living a full life as some philosophers have said, then one local lady in Clarendon has certainly had a full life. This lady is Inez Skinner, a former Green Thumb employee. Green Thumb is a program sponsored by Farmers Union nationally for people 55 years or older and living on low-income. The program provides employment of 21 hours a week to the worker in non-profit organizations providing a public service, such as libraries, a senior citizens, meals-on-wheels, nursing homes, county and city offices in rural areas. The organization provides the actual job while Green Thumb pays the worker to help out. Inez has been working at the Medical Center in Clarendon during her tenure with Green Thumb. She has proved herself such a valuable worker that the administrator Billy Ray Johnston hired her in November of this year.

Inez has been a hard worker all her life and all of it has been given over to help others more than for any reward herself. She is the oldest child of a family of nine children of Joe and Ida Skinner. Her parents both died before all the children were raised and Inez, herself, reared four brothers and sisters. Inez was born in Tioga, Texas in 1905. During her early school years, the family moved to Cottle county and after her seventh grade moved to Donley County just south of Lelia Lake. Inez says she has lived in Donley County sixty-one years. She enjoyed school very much but had to quit after the seventh grade to help her mother at home. "School is fine," Inez recalls her mother saying, "but you can learn just as important things working as you can there." And Inez began her life of working at almost any kind of job to help out the family that she helped rear.

After her parents death and some time later she moved her brothers and sisters into Clarendon where she began work as a cook at the Adair Hospital. While there she became interested in nursing to help those who couldn't help themselves. She took an LVN course but never took the final exam she said because she knew she would have to work split shift and some night shifts. She disliked this idea since she had to walk a mile or more to work each day and thus did not relish the thought of walking home at night.

Since then Inez had continued working along the same line, mostly working in nursing homes for at least 27 years. She even worked in the nursing home in Claude for a year, when extra help was needed. Her only transportation to Claude, since she still lived in Clarendon, was the daily bus to and

from work. Finally in about 1963, Inez set up her own nursing home in Clarendon. She was the administrator with a staff of five--three nurses, a cook, and house-keeping staff of one. Inez was not one designed to be a bureaucrat and stay busy behind a desk of paperwork. Most of her days were spent working with the patients, nursing them, talking with them, and caring for them much like a mother would her children. She usually had room only for about 18 to 20 patients and yet always full and a waiting list "as long as your arm".

When Inez sold the home, ostensibly to retire, in 1971, a state inspector told her that should she decide to start another home sometime she could easily be licensed since she had done such a fine job. However, like most people when they plan to retire, they end up not doing so. Inez has no exception, she continued to stay with bedridden or invalid patients in their homes for the next few years.

In 1977, the Green Thumb program came to Donley County. Inez was doing volunteer work at the Senior Center when she was approached by the then area supervisor of Green Thumb. She applied and was eligible. She began as an assistant activities director but then she became more of a help with the patients and nurses in other ways. She wheeled some patients into and from

the cafeteria at meal times and game times, read their mail for them or the newspaper, wrote their letters, kept their water pitchers full, sometimes mending their clothes, but most of all she visited with them bringing a smile to their faces or just plain satisfaction that she was there.

Inez may be a quiet, soft-spoken, slight, unobtrusive person but she is such as to cause a calming effect on some patients and always a very pleasant visitor to everyone. Inez has always been a worker and that's part of the reason she is still going and working at age 78. She says she probably wouldn't be if Green Thumb hadn't given her the opportunity to continue working where she felt she was needed and could help others. To Inez the best place to do this has always been nursing homes. Inez has been a great worker and one of the best examples of Green Thumb ideals. At this fall's Green Thumb training session, Inez was awarded a five year Safety Award for not having an accident.

Although Billy Ray has worked with Inez as her sponsor on Green Thumb, she is now his worker. And as he says, "My gain, Green Thumb's loss." This may be so, but it is the kind of loss Green Thumb doesn't mind. Green Thumb, in a sense, is like Inez--always trying to help others.

Nazarene Church to hold revival

The Church of the Nazarene will be conducting a Revival December 16, 17 and 18. Services on Friday and Saturday nights will be at 7:30 p.m. Sunday morning service will start at 11 a.m. and Sunday night service will be at 6 p.m.

Rev. Larry Smith, his wife, Sharon and their children, Loren and Debbie will bring

the message and do the singing. The Smith family has committed their lives to the active ministry of evangelism. Loren and Debbie travel with their parents.

Rev. Bill Hodges, The Nazarene Church minister would like to extend a cordial welcome to everyone to come and worship with them.

Santa
Santa Claus is coming to Hedley on the Fire Truck Saturday, Dec. 17 at 2 p.m. on Main Street.

4-H cornbread and bean supper

A "Cornbread and Bean" supper will be held on Friday, December 16, from 5-7

Valley basketball games. The meal will feature beans, cornbread, and homemade pie. Price of the tickets is \$3.00 for adults, and \$1.50 for students.

p.m. in the Clarendon School Cafeteria. The supper is sponsored by the Donley County 4-H Club and will be held during the Clarendon-

The public is urged to attend and help support the county 4-H club.

First Bank and Trust has been approved for state depository

Ann W. Richards, State of Texas Treasurer, has notified

Bronnie McNabb, President of the First Bank and Trust of Clarendon, that the bank has been approved as a State Depository to receive state deposits up to a maximum of \$1,500,000.00.

The approval is for a period of two years beginning December 1, 1983.

Chamberlain Community

The Chamberlain Community Center will meet Friday, December 16 at 7:00. They will have a covered dish supper and their Christmas Party.

Mr. and Mrs. Donald Ballew and Mr. and Mrs. Frank Corder will be hosts and hostesses.

MRS. CARLIE AND INEZ SKINNER

Santa will be in Clarendon 6 p.m. Friday

Santa Claus is coming to town. He will arrive in front of The Nook on South Kearney Street, Friday, December 16 at 6 p.m.

Because Rudolph has so many stops to make Christmas day and needs to rest for his long December 25 trip, the Clarendon Volunteer Fire Dept. has offered to assist Santa so he will arrive by fire truck. Gibson's Discount has given Santa candy to give out to the boys and girls.

After he has delivered his candy on Kearney Street, he will take up his station at the Guys and Dolls Salon, 320 S. Kearney. There he will talk to the boys and girls and for \$3.50 you may have your picture taken with Santa.

Bivens Pharmacy, Greene Dry Goods Co., The Nook, Stavenhagen Furniture, Bob's Variety Store, Sayes and Hensons stated they will stay open last that night for your shopping convenience. Gibson's will close at 7 p.m. All have a large array of merchandise suitable gifts for the whole family.

After Santa has departed, a choir, made up of local talent will sing Christmas carols on Kearney starting at 7:00. Starting at 7:30 the Clarendon High School band will play several selections of holiday music.

To show their appreciation for shopping Clarendon 35 merchants will be giving away merchandise and gift certificates. This past week you have been registering at participating stores each time you have shopped with them.

At 8 p.m. Katie Dvorak and her 4-H clowns will draw a name from each of the 35 boxes. You must be present to win. If your name is drawn and you are not there it will be discarded and another name will be drawn until a winner is present.

This is a list of the merchants and what you may be lucky enough to win if you shopped Clarendon this past week and you are present at the drawing.

1. Rattan TV - a \$50.00 gift certificate toward the purchase of any 19" or 25" TV.
2. Bivens Pharmacy - 2 \$25.00 gift certificates, excluding cigarettes.
3. Alderson Chevrolet - \$25.00 gift certificate which may be used toward any parts or service.
4. Gibsons Discount - 4 \$50.00 gift certificates, excluding groceries.
5. Greene Dry Goods Co. - \$20.00 gift certificate.
6. Senior Citizens - set of Christmas pictures, framed and ready to hang.
7. The Nook - \$50.00 gift certificate.
8. Osburn Furniture and Appliances, Inc. - 52" ceiling fan.

Gift certificates good idea for senior citizens

Have you wondered what to give to your grandmother. When folks have so many "things" they don't have room for more, you are hard pressed about what good thing to give them. Express your love for your special senior citizens by purchasing a gift certificate for a week of meals.

A card of six meals will get them five week-day meals and one Sunday dinner to be used any time they desire. We would like to ask \$7 for this card to help us pay back the government loan we receive to buy food for the meals.

In addition, we have cards for donations which you may make to the center tax free. We would like to suggest \$3.25 for the card for each gift certificate card you purchase. This \$3.25 helps the Donley Senior Citizens Center to pay for salaries, utilities, and a share of food costs. If you feel you can

donate a few dollars more for this card, we will record it as such on the card as your copy for income tax purposes.

Whatever the case, you may give this gift certificate to anyone who is 60 or older. They will bring the card down to us each time they wish to eat during the year, we punch out one of the numbers and give the card back to the bearer until the card is all used up. Then we keep the card for our records.

Wouldn't this solve your Christmas shopping problems and wouldn't it help provide a good, hot, nutritious meal to someone on your list? Think it over and then call 874-2866 or 874-2665 for further information.

Donley County Senior Citizens Association is here to help serve those who need us. If you are age 60 or over, please contact us for further information about a good meal, educational opportunities, trips and craft skills.

Have you met the Chamber Santa

This year the Chamber is sponsoring a Santa Claus Giveaway. There are six (6) Santa Clauses who will be walking around Clarendon incognito. Remember they will NOT be dressed as Santa.

It is up to each person reading this to ask any person they meet if that person is the Chamber Santa Claus 1983.

Each Santa will have a

designated amount of money on a card which may be spent in any business in Clarendon.

The amounts vary from \$5.00 to \$55.00.

NOTE: To all businesses in Clarendon. The Chamber asks all businesses in Clarendon to honor the cards presented for this giveaway and to contact the Chamber on 874-2421 for reimbursement as soon as possible.

Cheese will be given away at Community Action Friday

The Community Action will be giving away cheese Thursday afternoon and Friday morning December 15 and 16 in Clarendon and Friday afternoon December 16 in Hedley.

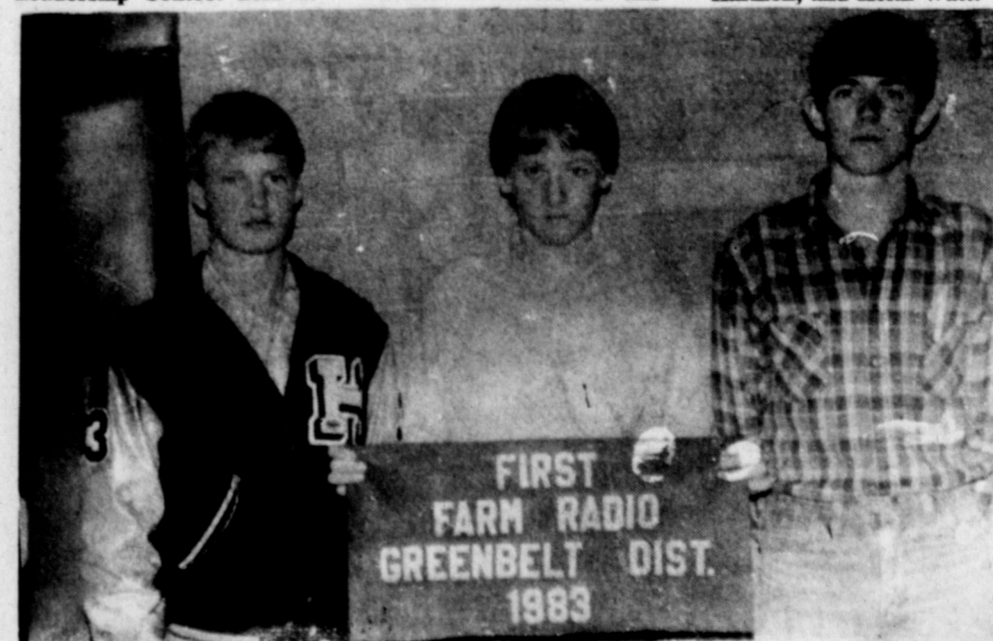

Guidelines for receiving cheese are based on income only. If you are a family of one, your yearly income should not exceed \$4,860, and for a family of two the yearly income should not exceed \$6,540. For additional family members, income should not exceed \$140.00 a month per person.

HEDLEY FFA QUIZ TEAM placed first at the District Leadership Contest held at

Clarendon College. This team placed 7th at the Area Contest. Members of this

team from l to r are: Deedra Word, Amy Shields, Karon Harmon, and Keith Watt.

RADIO TEAM 1ST GREENBELT DISTRICT. Kyle Allen, Jack Downer, Mitch Johnson.

Cinderella Girl Pageant planned for March

Plans are being made to hold a Greenbelt Cinderella Girl Pageant at Clarendon College. The pageant will be held in the Clarendon College auditorium, March 23 and 24 of 1984.

The gate proceeds will go to the college scholarship program. The pageant will include girls 3 thru 17 years old. They will be scheduled as the Cinderella Tots, age 3-6, Cinderella Mini Miss, ages 7-9, Cinderella Miss ages 10-12 and Cinderella Teen 13-17.

Girls living approximately 35 miles around Clarendon will be eligible. They will be

"The Star of Bethlehem" at Don Harrington Center

Amidst the holiday confusion, somewhere between the hustle of shopping, and the bustle of baking, there lies the desire to remember

why we celebrate Christmas. The Don Harrington Discovery Center in Amarillo is offering that opportunity to Panhandle residents. This

month's planetarium show, "The Star of Bethlehem" is an event for the entire family, which deals with Christ's birth and the origin of that most-famous star. This traditional retelling of the Christmas story uses an exact reproduction of the sky as it was that night 20 centuries ago in Bethlehem. You'll see where the star was

located, revel in its brilliance, and hear portions of the Christmas story read from the Bible. Follow the path that Mary and Joseph followed that night. See the events that took place in the heavens.

Hear the possible astronomical explanations for the appearance of the star. Was it a comet? A meteor? A supernova? Or was it a miracle? You decide.

"The Star of Bethlehem" will bring new and memorable dimensions to your family's celebration of Christmas. It is showing through January 2, 1984. Weekend showtimes are 2:00, 3:30 and 7:30 p.m. on Saturdays; 2:00 and 3:30 p.m. on Sundays. The Discovery Center will be open daily beginning December 19, and will have weekday shows at 11:00 a.m., 2:00 and 3:30 p.m. The Discovery Center will be closed on December 25 and 26. For more information, call the Discovery Center at (806) 355-9547.

In England, from the 7th to the 13th century, the year was reckoned from Christmas day.

Hardin to be initiated into Alpha Chi

Howard Wayne Hardin, a senior chemistry major at West Texas State University from Clarendon, is one of 56 new members of Alpha Chi, national scholastic society, to be initiated during the 50th anniversary year.

The Texas Zeta Chapter of Alpha Chi was founded at WTSU as the sixth chapter in June of 1923. To become members, students must be juniors or seniors in the top 10 percent of their respective classes with a grade point average of 3.5 or higher on a 4.0 scale, have completed at least 30 semester credit hours at WTSU and be enrolled for at least nine hours. Invitations are issued for membership.

1926 Book Club party

The Christmas season officially began for the 1926 Book Club at 4:00 p.m. in the home of Hazel Brandon with the annual Christmas Party. Mrs. Brandon's lovely home was decorated for the Yuletide festivities.

The program for the afternoon was given by Ruth and Paul Hancock, who had the privilege of visiting the Holy Land last January. Ruth selected slides centering around the birth of Christ and read appropriate Scriptures to go with them. She and Paul shared their impressions and their moments of inspiration at these various holy places. They were able to make their listeners feel as if they too were on a sacred journey to the places where Biblical history took place. Many, many thanks to the Hancocks for coming and sharing.

Following the program, the group was invited into the dining room by the hostesses, Mrs. Brandon, Frieda Tucker and Susie Shields. The pretty table was almost covered with arrangements of sandwiches, chips and dips, cookies, cakes, and candies. The ladies served hot punch and coffee. Everything was lovely and the goodies were delicious.

A merry time of gift exchanging was then enjoyed by all those present. A special gift was presented to the Hancocks by the president, Rachael Butler, in appreciation of the program.

After gifts were opened a time of "show and tell" rounded out the occasion for members Jesse Adams, Thelma Bairfield, Hazel Brandon, Rachael Butler, Dessa Day, Oressa Delaney, Ethelyn Grady, Carolyn Hamilton, Pauline Heath, Norma Jones, Evelyn Mann, Lockie Pitts, Susie Shields, Mary Thornberry, Frieda Tucker, Mary Hazel VanZandt, Betty Veach, Dorothy White, and visitors, Helen Phelps and the guest speakers.

Cinderella con't frm 1

girls from Clarendon, Howardwick, Claude, Conway, Groom, Lakeview, Goodnight, McLean, Quail, Memphis, and Hedley.

The overall winner will be judged on interview, dress, modeling sportswear, party dress, formal for teens, talent and beauty.

The Tots will not be judged on talent. The older girls may enter the beauty part of the pageant without entering the talent portion. This is a progressive pageant. Winners may go on to state then to international. State and international winners will receive scholarships.

The overall winner in each division will receive a crown, banner, trophy and their entry fee paid to the state pageant.

Talent winners in the three top division receive a banner, trophies and entry fee paid to state.

The beauty winners in all divisions will receive a crown banner, trophy and entry fee paid to state. Photogenic winner in each division wins a banner, trophy and entry fee to state. Any girl interested should send their name, age, birthday, and address to Jack Winget, Director Greenbelt Cinderella Girls Pageant, Rt. 1 Box 25-7, Fritch, TX 79036.

Lions usually spend 20 hours a day sleeping or resting.

The Clarendon Press, is published every Thursday, at 106 S. Kearney and entered as Second Class Mail at the post office at Clarendon, Texas.

J.C. and Helen Woody, publishers and Editors.

Subscription rates: \$13.00 a year outside Donley County and \$10.00 a year in Donley County.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

Apples keep longer if they don't touch one another.

NEWS OF HEALTH

Winter Skin Care Tips
If you are an outdoor sports buff, or even if you just like to take long walks on winter days, it's wise to take extra precautions before and after your jaunts, to maintain healthy, beautiful skin.

Icy winter months pose a serious threat to your skin's well-being. The combination of the elements, plus steam heat, tends to give skin an aged, weather-beaten look—which you should try to avoid.

When going outdoors, be sure to wear gloves and a hat to keep hands and hair protected from the elements. A light moisturizer under makeup will help prevent skin from drying.

After a day outdoors, a bath is a soothing way to relax.

THERE'S A LOT TO CONSIDER...

in choosing a source of agricultural credit.

Rolling Plains Production Credit:

- Understands agriculture, your needs and your problems.
- Provides a line of credit adapted to fit your operation.
- Has adequate loan funds from the nation's money markets.
- Is currently making loans from \$20 to \$2 million to qualified borrowers.
- Has capital structure to finance any size operation.
- Treats every operator with the same sincere courtesy.
- Has been pacesetter for agricultural credit for more than 50 years.
- Is owned 100 percent by its farmer-rancher borrowers.
- Uses all profits in building financial strength and lowering your interest cost.

Mothers march on birth defects underway

"Preparations for the 1984 MOTHERS MARCH on birth defects are well underway" according to Dona Goss, the 1984 MOTHERS MARCH chairman for Clarendon.

This will be Clarendon's first annual MOTHERS MARCH and will be conducted during the second week of January, 1984.

Believe it or not the

MOTHERS MARCH was actually started by two fathers in Arizona almost 30 years ago.

On October 18, there was a planning and educational meeting for area March of Dimes Chairmen in Amarillo. Dr. Mubariz Naqvi, Neonatologist and Associate Professor with Texas Tech Medical School and Clinical Director of the Newborn Intensive Care Unit of Northwest Texas Hospital, introduced several panhandle volunteers to the concept of HIGH RISK NEWBORNS. He stressed the fact that many times hospitalization might have been avoided if the mother would have been knowledgeable about some of the factors which might cause e.g. prematurity, a baby born too small too soon. He pointed out that birth defects represent the na-

tion's number one child health problem and in 1984 will strike one out of every 12 newborn infants with some form of mental or bodily damage.

The MOTHERS MARCH on birth defects has been one of the FOUNDATIONS major fund raisers. It refers to the door to door residential solicitation. However, the March of Dimes Foundation sees its strength also in the educational campaign which goes on at the same time. Because of the person to person contact, many more people can be reached and informed on which birth defects can be prevented.

If you would like to help by marching your block, contact Dona Goss. Her phone number is 874-3854. Many marchers are needed to make Clarendon's first march a successful one. A few minutes of your time may make the difference in a child's life.

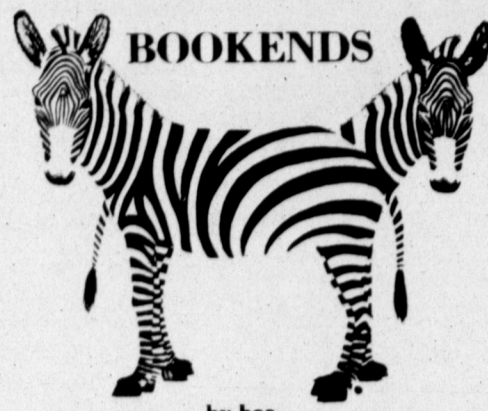

McAnear attends major conference

Rodney McAnear recently travelled to Omaha, Ne., to attend the 1983 Youth Beef Industry Congress held December 2-4, at Ak-Sar-Ben Field. Rodney is currently serving on the national board of the American Junior Shorthorn Association.

The 1983 Youth Beef Industry Congress was designed with three objectives in mind: 1) to bring concerned youth together working in the interest of the cattle industry; 2) to gain further knowledge and understanding of all segments of the cattle industry and how they interrelate; and 3) to increase awareness of producer and consumer bargaining power and open lines of communication between the two.

Speakers ranged from ranchers and farmers directly involved in beef production to personnel involved in marketing the product. Seventy youth from eleven beef cattle breed organizations attended the conference.

Rodney is the son of Mr. and Mrs. James McAnear, Clarendon.

by boo

Wings of Eagles by Ken Follett and *Evening Stars* by Barbara Matusow are two books I recommend for last minute Christmas presents. They are also available in our library. Follett's book is true adventure and Matusow's book tells about the evening newscasters and their rise to power.

At an author's luncheon in Dallas, I met Follett and Matusow and heard them talk about their books and writing in general. They autographed their books to me and I was as thrilled as any teenager getting a rock star's autograph. *Wings of Eagles* has been on the best seller list since its publication in September. It is a work of nonfiction, but Follett re-creates an adventure that equals the suspense of all his novels, including *Eve of the Needle*. Two years in the writing, he taped 100 hours of interviews. Every draft of the manuscript was read by the main characters to verify and ensure total accuracy. It is the story of a Green Beret colonel who came out of retirement to lead a secret raid into Tehran to rescue two Electronic Data Systems Corp. men held captive.

Ross Perot, head of EDS, approached Follett to write this book. At the author's luncheon Perot had reserved two of the tables with ten people seated at each one. His tables, right at the very front, were easy to spot as his aides, some of whom were body guards, all wore black suits, white shirts and black ties which is the standard uniform for EDS employees. In a room full of mostly women, it was hard not to notice Perot's presence. Follett was the last of four authors to speak and he talked for exactly three minutes. Whether he was really late for a plane or Perot didn't want him to say very much, we never found out. As Follett sat down all twenty Perot men and the boss rose and hurried out of the room.

Mildred Ritter Group met

Susan Henson was hostess to the Mildred Ritter Group of the United Methodist Church December 6, 1983. Susan, president, conducted a short business meeting. Betty Veach, a guest, graciously accompanied the group at the piano as they sang Christmas carols. Numbers were drawn for gift exchange. Delicious refreshments of Christmas goodies were served from a beautiful Christmas decorated table to nine members and two guests.

During the meeting words of memorial to one of the members were read and followed by silent prayer.

Memorial

On November 15, 1983, Pauline Lampkin was with us in her quiet way. She enjoyed participating in conversation and was willing to accept the office of recording secretary for the group for 1984. She had met with us only a few times, but we were becoming acquainted with her and happy to have her as one of us. She, as well as others of the group, agreed that dates for hostess and program leaders are subject to change because we never know so far ahead of time what the situation will be when our scheduled time to serve arrives. Then just one week later came the shocking news that Pauline had died in a car wreck. It was hard to believe, but what we heard was true. Now she will be missed by each of us in our circle, in church on Sunday morning and I am sure, by the college faculty and students. Silent Prayer.

Thompson and White on Dean's List

William S. Thompson, a student at Panhandle State University and Larry D. White of Wayland Baptist University have been included in the sixth annual edition of the National Dean's List, the largest recognition publication honoring college students, published by Educational Communications, Inc., Lake Forest, Illinois.

Students are selected for recognition by their deans or on their school's Dean's List. The 85,000 students included in the current edition are from 2,500 colleges and universities nationwide and represent one-half of one percent of the more than 8,000,000 college students in the country.

Later while waiting in the lobby, we spotted a disheveled looking Iranian-type man sitting in the corner on a divan where one could see nearly all of the main floor. Propped next to him was a large black carrying case for a guitar or similar size instrument. We left the hotel not knowing what was in that case. Could it have been something that was not musical at all? Could it have been something for Perot?

Anyone who watches television news and wonders how the commentators get their jobs and is interested in the history of TV news will enjoy this book. Matusow speaks from personal experience in the field of television news and from many interviews and much research.

Publishers approached the author to write the book. She was qualified and her clear understanding of her subject shows in her writing. In this study of the history of network news, the author shows in detail the power of the evening stars and how it came to be and how it continues.

The "stars" really started with Huntley and Brinkley and now they are as popular as Hollywood personalities. They have tremendous clout and are able to demand astronomical salaries such as Dan Rather's 25 million dollar ten-year contract. In order to keep Rather, CBS also hired twenty-five of the best producers in the business.

Mike Wallace of Sixty Minutes says, "Matusow has worked the beat. She knows what goes on behind the scenes. An engrossing profile of some of America's most influential journalists, warts and all."

Bookends will take an early Christmas holiday and will appear again after the first of the year. Sell Book Bug Bite pins to your family when they come home for Christmas. Right before Christmas dinner would be a good time to make the sale. Tell everyone to save books and paperbacks for us.

Merry Christmas and Happy New Year to one and all.

Edith Ballew Circle will wrap Christmas packages at Bivens

Do you just hate to wrap Christmas packages? Why not let us wrap them for you? The Edith Ballew Circle of the Methodist Church will be wrapping Christmas packages to your perfection at Salads N Such on December 3, 10, and 17 from 1:00-3:30

with all packages being picked up by 4:00. Please come by and let us take some of the load off of you.

Prices vary according to size. (If you have a box that will fit your package, please bring it along.)

Morrow researches with rabbits

Ongoing projects at Killgore Research Center, located in the central area of campus, may affect thousands of lives in the future. Projects are awarded research grants through state funds and private foundations. Killgore Research Center this year received about \$82,000 and Organized Research Grants will total about \$41,000 for the 1983-84 academic year, said Dr. Jim Woodyard, coordinator of Killgore Research Center. Research funds support projects for faculty members, graduate and undergraduate students and for purchased equipment such as a new beta counter. The funds also provide supplies, travel, computer use funds and about 17 grants each year, averaging about \$2,000. As a graduate student in pre-medicine, Joe Morrow of

Clarendon, who has been accepted to attend Texas Osteopathic School of Medicine in Fort Worth, began a project last September to study the development of allergies associated with nicotine withdrawal. Rabbits were selected as test animals explained Schram, because their size makes them easy to handle, and blood from rabbits may be taken and easily measured for hormone reaction. Morrow conducted his research with a \$1,075 Organized Research Grant and with Killgore funds and facilities. Rabbits in a control group were immunized and injected with a saline solution. Another group, the test group, included rabbits who received daily injections of nicotine. Six months of nicotine absorption through

the blood in rabbits is equivalent to 20 years of smoking for humans, Schram said.

An increased allergic

Drug urinalysis highly accurate and workable

Nearly two years ago, the Navy embarked on a dramatic "War on Drugs" to reduce the 50% drug abuse level among junior enlisted. It has come down to the 15% level because of one major testing system to monitor and accurately test drug users...the drug urinalysis campaign. Since the program began nearly two years ago, there have been significant improvements both in quality control of the laboratory and testing procedures and in the chain of custody to protect each individual urine specimen. The Navy runs 1.8 million urine tests a year. That's an average of 3 tests per year

response following nicotine withdrawal became evident after the six months of testing the 24 rabbits, said Schram.

per sailor from the Chief of Naval Operations down to the seamen recruits. Each sample is subjected to two different testing methodologies, both of which must be positive before the sample is reported as positive. There is currently a portable "field kit" used for an initial screening that will possibly be released to the public for general use. The new equipment will permit detection of the presence of lower levels of drug in the samples. Both of these developments may mean that everyone can be accurately tested at any time at any place for the presence of any drug in the urine. This could be a great breakthrough for police officers, schools, employers and the public in general.

At last, thanks to Navy technology and a determination to keep the fleet safe, we now have a means to check ANY drug user and take action.

Obituaries

Mrs. Blanche Juanita Garman Gambill

Funeral services for Mrs. Blanche Juanita Garman Gambill, age 68, were held at 10:00 a.m. on Friday, December 9, 1983 in the Calvary Baptist Church in Clarendon with Rev. Bill Hodges, Pastor of the Church of the Nazarene, officiating. Interment was in Citizens Cemetery with the arrangements under the direction of Robertson Funeral Directors.

Mrs. Gambill died at 10:30 a.m. on Tuesday, December 6, 1983 in Methodist Hospital in Lubbock. She was born April 28, 1915 in Royse City, Hunt County, Texas and had been a resident of Donley County since 1924. During her lifetime she had worked as a cook in several area restaurants. She was a member of the Calvary Baptist Church in Clarendon. Survivors include her

mother, Mrs. Dora Rippetoe of Clarendon; two daughters, Mrs. Oveta Nielson of Leveland, Mrs. Derenda Garrett of Lubbock; one son, Duane Garman of Clarendon; one sister, Mrs. Jewel Melton of Pasadena, Texas; three brothers, Clyde McCrary of Berthoud, Colorado, Calvin McCrary of Clarendon, John E. McCrary of Whitewright, Texas; seven grandchildren; and three great grandchildren.

Casket bearers were grandsons of Mrs. Gambill.

Mr. Henry M. Hasty Sr. Funeral services for Mr. Henry M. Hasty Sr., age 86, were held at 11:00 a.m. on Tuesday, December 13, 1983 in Lemons Memorial Chapel with Rev. Terry Owen of the Boswell Height Baptist Church in Plainview, officiating. Graveside services were at 2:30 p.m. at the Flomot Cemetery in Flomot, TX.

Mr. Hasty passed away Sunday at 7:55 a.m. in the Brentwood Manor Care Center in Lubbock. He was born November 14, 1897 in Texas. He grew up in Collin County. In 1922 he moved to Haskell, to Quitaque in 1925, to Lubbock in 1948 and to Plainview in 1954. He returned to Lubbock in 1976. He farmed until his retirement in 1948. He was a member of the First Baptist Church in Quitaque. He married Letha Emerson November 28, 1922 in Anson. She passed away in March of 1932.

Survivors include one daughter, Ava Young of Lubbock; three sons, Maurice of Plainview, Henry of Clarendon, Gerald of Plainview; two sisters, Ruby Pettit of Lubbock, Etta Ramsey of Blackwell, TX; 15 grandchildren and 17 great grandchildren.

K-9 Korp- Donley County Dog Club formed

A group of young people and their dogs met after dog training class Monday night, December 5th.

They decided to form a 4-H Donley County Dog Club for this area. It will be called the K-9 Korp. It will be for all breeds of dogs and youngsters. Adults are welcomed also.

The purpose of the dog club will be to help people learn to train and care for their dogs. They may also enter dog shows and promote breeding bloodlines for future income.

They elected Mike Moore as president and Dawn May as vice president and drill sergeant. Jenifer Davis will be secretary and treasurer. Cindy Hermesmeyer was

lected reporter.

The current members are as follows: Christy McAnear Dawn May, Michelle Chambliss, Mike Moore, Steven Davis, Cindy Hermesmeyer, Gwyn Tolbert, Kenny Tolbert, Laura McAnear, Jennifer Davis, Christie Helms, Matt Drager, Tracie Shields. Instructors are Vera and Bob Andis. Project Leader is Judy McCully and assistant is Eva Hermesmeyer. Friends, Celia Drager and Maurine Davis.

A special thanks goes to Vera and Bob Andis for their patience and free dog training classes. They raise and show cow dogs and have received top honors in the big dog show circuits. Thanks you two!

Monday night they filmed and ran a replay on a TV set-up of our dog training class. Oh gosh. You and your dog were right there on TV. A funny sight and lots of laughs and now we know we gotta improve.

Every kid needs a dog during their lives to be a buddy to, to share their ups and downs with, to care for and to love.

Remember dogs have feelings and needs also. Make sure warm shelter is provided and remember their drinking water freezes up and they can't live without water, warm shelter and food and lots of love.

The K-9 Korp Dog Club will not meet again until after the holidays.

Merry Christmas Everyone and a Prosperous 1984.

Broncettes Basketball

It's the Broncettes' fourth week of the basketball season and Clarendon is really "showin' em their stuff" on the court. The Varsity ladies began their week with a victory over Groom as the scoreboard showed the final standing to be 43-37. Linda Weatherton was high scorer with 12 points. Janet Risley lead the scoring for the JV loss (27-39) with 8 points.

Beginning on Thursday, the Lady Broncs traveled to Sanford-Fritch to participate in the 6th Annual Lake Meredith Classic while the JVers departed for the Childress Tournament.

In the Varsity's first game, against Phillips, the Broncettes prevailed. Scorers were Linda W., 20; Gayla C., 14; Connie G., 8; Kristen W., 8; Gina S., 10; Lynn W., 4; Shay N., 2; and Dondra H., 2; adding up to 68 Clarendon and Phillips 32. Linda W. and Connie Garman dominated the rebound statistics with 7 apiece. Friday, they vied with Sanford-Fritch but lost in a close game by 2 points, 39-41. Connie G., 16; Linda W., 9; Gina S., 8; and Kristen W., 6 were the lead scorers for that game and Gina Spier and Linda Weatherton had 10 and 9 rebounds respectively. On Saturday they battled with Stinnett for 3rd place but in

overtime, the Rattlerettes stole the title and left the scoreboard to read 30-31. Linda W. with 16 points led the scoring with Connie Garman, 6; Kristen Walker, 3; Gina Spier, 3; and Gayla Clifford, 2; adding to the score and Gina S. 13 rebounds and Connie G., 6.

The JV ladies had a bit of tough luck at the beginning of their tournament but ended on a good note. Thursday's game against Quanah gave Clarendon a strike on the loss side with a 30-35 ending and Kristi Page lead scorer with 10 points. In the 17-22 loss to the Childress JV on Friday, Janet R. led Clarendon with 6 points. The CHS JVers trounced over the Childress Freshman 33-17. Janet Risley also dominated the scoring for that game with 12 points.

The Broncettes will vie with Valley Patriots on December 16 and Gruver on December 20, both beginning at 4:00. Come support your home teams as they play on Bronco stomping ground.

The Lions Tale

by GENE ALDERSON

The Clarendon Lions Club held its regular meeting at noon on Tuesday at the Lions Hall. Twenty-six members, three guests and Lion Sweetheart Jessie Adams were present. Following the regular opening ceremony, Liontamer Messer introduced Arnold Cruze, T.V. Translator Engineer from Memphis who was the guest of Boss Lion Henson. Also visiting were David Smith, guest of Don Smith and Bill Todd, guest of Home Estlack. Boss Lion Henson told the club that a list of persons to receive Christmas groceries had been prepared and asked any club member who wanted to have a part in this project to bring non-perishable food to the club meeting on Tuesday, Dec. 20. Our program was brought by our Program Chairman, Billy Ray Johnston who gave us a number of facts about the Donley County Medical Center. It is licensed as an Intermediate Care Facility for 43 persons and has an average of sixty-two employees. The facility has received a "superior" rating by the Texas Health Dept. each year that the current administrator, Billy Ray Johnston, has been associated with it.

The Broncs second opposing team was Sanford-Fritch. The Broncs couldn't seem to get a hand on the ball. The game ended with the score 72-25 in favor of Fritch. The Broncs final opponent was River Road. They struggled to take control but couldn't quite pull it off. The game ended with the Broncs behind 80-53. Despite the loss, the Broncs made some outstanding plays. Some of the outstanding players were Richard Gaines, Rodney Smith, Dean Cearley, and Arlis Thomas.

The Broncs will play Valley here Friday night. We urge all fans to come and show their support.

Bronco Basketball

The Broncs started the week with a 63-59 victory over Groom. From the beginning, both teams exploded with hustle and effort. The Broncs fell slightly behind in the first quarter but quickly gained a marginal lead in the second quarter. By the end of the second quarter, the Broncs had attained a 31-21 lead. The Broncs slightly increased their lead to 47-33. Then in the 4th quarter the real battle began. The Tigers tried desperately to catch up but could not match the Broncs skill. With 4:23 left on the clock, Arlis Thomas fouled out. The tension began to mount as the score climbed to 59-56. In the last 12 seconds Doug Walker made two free throws making the score 63-58. The game ended with the score 63-59. High point man was Johnny Gaines with 14 points.

On Thursday the Broncs ventured to Sanford-Fritch to participate in the Fritch tournament. Their first opponent was Phillips. The Broncs took a 10-4 lead in the 1st quarter and a 22-17 lead in the 2nd. Their lead decreased to one point in the 3rd quarter as the score came to 36-35. In the 4th quarter the Broncs scored 28 points to Phillips 25 leaving the score at 64-59.

The Broncs second opposing team was Sanford-Fritch. The Broncs couldn't seem to get a hand on the ball. The game ended with the score 72-25 in favor of Fritch.

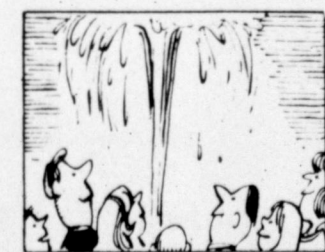

The Broncs final opponent was River Road. They struggled to take control but couldn't quite pull it off. The game ended with the Broncs behind 80-53. Despite the loss, the Broncs made some outstanding plays. Some of the outstanding players were Richard Gaines, Rodney Smith, Dean Cearley, and Arlis Thomas.

The Broncs will play Valley here Friday night. We urge all fans to come and show their support.

"Pick a Phone, Any Phone?"

Just because a phone will plug into your wall jack, it doesn't mean that it will work.

Why?
Well, for instance, let's look at a phone that will be used on a party-line. Since customers share a common line to the telephone company switching office, each phone has its own special ringing-cycle setting which allows the phone to know when it should ring on the party-line.

Even if you have a 'Private Line', you still may have problems.
Single-line customers may also have special dialing or ringing requirements that are not apparent. So, they purchase a new phone and sadly discover that it won't work. This is especially true for customers who may be considering a cordless telephone or even a universal dialing telephone, a clock radio that offers telephone access capability or any other special telephone service.

Trading in your dial phone could be asking for trouble.
Touch Tone® phone very own 'Touch Tone' phone could turn into tragedy if your phone line is designated for a dial or pulse phone. A pushbutton 'pulse' phone will work on most lines, since it also duplicates the signal of a regular dial phone. However, a

So, if you decide to buy a new telephone, take the time to stop by your neighborhood GTE Phone Mart and see if your particular line has any special limitations. It could possibly save you a lot of frustration and money.

Rebekah President visits Clarendon

The President of the Rebekah Assembly of Texas, Jessie Lee Vellie of Baytown, Texas, accompanied by her husband, James E. Vellie made her official visit to Clarendon, Friday night Nov. 11. Three Lodges of District #6 were co-hostesses for this occasion. The Presidents' Table was appointed with crystal and silver and a cake bearing her name. Her emblems The Bee Hive with the busy working bees and the tiny blue birds were on her table. The Hall was decorated with her pastel shades of silk flowers, candles, and crepe paper streamers. A delicious salad supper was served before Lodge opened.

Lodge opened in form, then all business was tabled and the Noble Grand Chair turned over to the President. The introduction of officers followed with the honors being given to Beatrice Rodgers of Clarendon. Dist. Deputy President of District #6 and the President of the Rebekah Assembly, Jessie Lee Vellie. Each member of the three Lodges attending introduced themselves. Each member was given a book, bearing the years work of Grand Master John Hubbard, Ode Fellows, I.O.O.F. of Texas and Jessie Lee Vellie President of the Rebekah Assembly of Texas. Her theme is Building Bonds of Brotherhood and Benefit. Her motto-Busy Bee's are Happy Bees. Her aim is to educate the members in the purpose of Odd Fellowship. Her guide is the Holy Bible. Her traveling emblem is the Blue Bird of Happiness. Her flower is the Camellia and her colors were pastel shades. Her songs - I Believe and How Great Thou Art. Her Alter song - May the Good Lord Bless and Keep You. Her

Scripture - Greater Love Hath No Man Than This, That a Man Lay Down His Life for His Friends. Each Lodge was asked to support their chosen projects for the year. Those for Clarendon Rebekah's 149 are - The Childrens Home at Corcoran, Texas. The Home for the Aged and The Nursing Home at Ennis, Texas. The President's Fund, The Kidney Foundation, The World Eye Bank and local civic affairs. She extended a cordial invitation for us to attend the Assembly in Dallas, March of 1984. She highly commended our District Deputy President Beatrice Rodgers of District #6 for her work this year.

A short school of instruction followed. Those attending were: Betty Veach, Mangum, Oklahoma Lodge #90; Memphis Rebekah Lodge 346, Margaret Snowden, Louise Snyder, Ableve Kennon, Edna Merrill, Mattie Jones, Faye Renell; from Shamrock Loving Kindness #386, Brother Ray Burcham and wife, Veda Burcham, Eula Tuck, Vera Morgan and Gladys Russell. Both Brothers attending Friday night were Odd Fellows and Rebekahs. Those attending from Clarendon Rebekah Lodge 149 were Lola Bartell, Lucille Boren, Clara Hammond, Inez Skinner, Beatrice Rodgers, Penny Butt, Norma Corrigill, Eadith Spivey, Lee Welch, Elanor Crossland, Margaret Ann Pettit, Irene Vinson, and Lucille Swinney.

The meeting closed with our Chaplain invoking the blessing. Everyone enjoyed an informal get together afterwards. The President was given a monetary gift from each Lodge and a floral arrangement of silk flowers bearing three of her tiny Blue Birds.

Jean Harlow and Clark Gable appeared together in six movies during the 1930s. The first movie was, ironically, titled *The Secret Six*.

Hedley Lioness Club meets

by KATIE DVORAK

Each and every first Thursday, a group of lovely ladies meets at the Hedley Lions Den for their monthly Lioness meeting. They are one of rare breed...Lioness. Most ladies organizations within the Lion's International are not registered as Lioness clubs. Hedley holds this distinction.

There were nineteen beautiful women sitting huddled around the tables in the cold Dec. 1 for the Lioness meeting. But they were soon warmed up as they partook of Louise's chili, jalapeno firey HOT dishes. Soon our breath began to flame, smoke leaked out of our ears and the tops of our heads prickled, but oh! Were we warm! Shirley, Louise, Pauline and Dorothy and Nina all made delicious food for us to enjoy. We drank gallons of tea as well.

Betty has practiced conducting meetings and we had one longer than five minutes this time. What she did was turn time over to Mahdeen. That'll do it every time! Mahdeen assigned all of us jobs and food for our annual Christmas party to be held December 12 at 7 p.m. in the Lions Den.

Dorothy and Betty will cook the ham. Louise, Evelyn, Jessie Mae, Zora and Sue will make cranberry salad. Eva, Nina, Dorothy, Mary Ruth and Helen will make potato salad. Betty Sue, Patty, and Alinda will make a vegetable dish. Mary Kay, Dorothy, Pauline, Marty, Jean and Juanell will make a broccoli casserole. Betty, Shirley, Darlene, Nora, Mahdeen and Katie will make desserts. Mary Ruth, Louise, Shirley will decorate and Helen, Sue, Dorothy, Jean will serve. Jessie Mae, Nora, Darlene, Pauline and Mary Kay will clean up. Any questions, call Mahdeen DeBord.

If you were invited as a Lions Club member or spouse of either a Lion or

Lioness, you will need to take notice!!! Bring a \$5 maximum priced gift for someone of the same sexual persuasion as yourself. If you are a lady, bring a gift for a lady not to exceed \$5 in cost. If you are a man, bring a gift not to exceed \$5 for a man. If you are not sure how you should do this, just bring chocolates marked To Katie and that will take care of it all.

We sang "Happy Birthday" to President Betty G. who celebrated her 39th birthday. Again. If we had a bucket, we could've carried a better tune. I could've sworn that I hear Auld Lang Sang being sung down the table.

If you folks in Hedley have any silverware that doesn't quite match your set at home, please look it over and if it belongs to the Lioness Club, we would appreciate it

back. We had a service for 100 but counted our silver

and we can't set a decent table for 50 anymore. We all went into the kitchen and counted spoons, forks etc. as though they were genuine silver. Unfortunately, they are that valuable to us and we sure like having them for others to use as well. Please help us find lost silverware and other things used down here.

We brought our usual big, entire page in the Hedley annual for the seniors.

We will try to have a color analysis for us next month presented by Laurie Hokum from Lelia Lake. It is very informative and you should be there!

About 7:30 Betty G. was asked "Are you done with the meeting?" and she said "I don't know" then looked around and everyone was leaving or already gone and she said "I guess so. Meeting adjourned."

Attaway, Betty! We love you!

Xi Lambda Xi meeting held

by KATIE DVORAK

Monday, Nov. 30 thirteen members of Xi Lambda Xi sorority met in the home of Susan Henson. Peggy Anderson was surprised to learn that she was not the new president. She presided out of an empty book, but didn't fool anyone! Half way through, we decided to elect her as President and then nominated and elected one of the absent members as VP, Carol Bryant Hinton. Carol, paint your rooms on any night but Monday from now on! That'll learn ya!

Susan took over for a rather complicated accounting of who owes for things as far back as the ice cream in July. We also have pecans out now.

A progressive dinner will begin at 7 p.m. at Dona Goss's home then up the dirt road a chuck hole or two to Maurine's house then all the way back into town to Katie Dvorak's house for dessert. Everyone will need to bring

some food item to one or the other home. Check with Dona Goss about that. We had to take two votes on the meat selection because three of us were discussing something and missed the vote. Pay attention and these meetings will get over quicker.

Beth Walker took and retook program/social changes until we decided to just pitch it. It's amazing that anyone knows who gives what when, but if all else fails, Beth has an instant program ready.

Don't forget to mark on your calendar December 12. That's when we meet for Secret Sister exchange at Frankie's house. If you don't know what to give your secret sister, give them a box of chocolates to give to Katie. Mark down a big red Dec. 13 at 7:30 for the ornament exchange with Alpha Upsilon Epsilon. They will graciously feed this hungry mass at the Patching Memorial house. So bring an extra special

ornament to say THANKS!

Katie gave a wonderful, delightful, well-presented program on Personal Speech (She is also the publicity-newspaper chairman). Everyone was enthralled to speechlessness except Becky and Maurine. Without them and Suzzette, the program would have been speechless.

FOR THE FIRST TIME IN THREE YEARS Katie won the door prize!

Refreshments were brought by Cliff Goss (is this becoming a tradition?) since Dona couldn't make our little party. Susan had a lovely table and the food was fantastic! We dug in and cleaned it out.

Those attending were: Susan Henson, Frankie Henson, Beth Walker, Peggy Anderson, Betty Veach, Pat McCombs, Maurine Butts, Becky Hill, Roxanne Strickland, Genella Eads and Katie Dvorak. We also welcome Jan Campbell who visited us with a possible intention of joining our ranks.

Stephen Brandon Thomas Deborah and Michael Thomas of Clarendon are pleased to announce the arrival of a son, Stephen Brandon. The young man was born December 10 at 7:15 at Northwest Texas Hospital in Amarillo. He weighed 6 lbs. 4 ozs.

Who's New

Proud grandparents are Mrs. Opal Thomas of Lelia Lake, Danyye Kaye LaRue of Clarendon and Add Naeley of Amarillo. Great grandparents are Mr. and Mrs. Berl Deaner of Amarillo and Great great grandfather, Mr. Lowell Rider of Amarillo.

AUCTION

10: A.M. - SATURDAY-DECEMBER 17
HOME w/ACREAGE-HOMEHOOD FURNISHINGS-ANTIQUE CAR-BOAT-TRAVEL TRAILER

Due to the death of Mr. Robert Odell (Bob) Parker, Mrs. Parker will sell the following with **NO MINIMUMS-NO RESERVATIONS-NO BID INS-NO BUY BACKS** (Exception: Real Property)

Location: Hedley, Texas. From Junction of U.S. 287 and Texas 203 (Yellow Blinking Light), Go 3 Blocks North to First Baptist Church, Then East 4 Blocks to Deadend, Then North to deadend, Then East to First House on Left.
Inspection: 9:00 A.M. to 5:00 P.M. day prior to sale. Real Estate available for earlier inspection by appointment through the auctioneers.

REAL ESTATE

(To Be Sold at 11:00 A.M. Subject to Owners Acceptance of Bid).
Legal Description: A 14.53 Acre Tract of land in Section 17, Block C-0, Rowe Survey, Abstract 595, Donley County, Texas.
Common Description:

Land: A 14.53 Acre tract of land situated on the outskirts of Hedley, Texas. This acreage is cultivated and contains the following described home.

Home: A wood framed stucco home containing approximately 1,385 square feet. The roof is eabled and has wood shingles. The floor plan includes 1 Large Bath, 2 Bedrooms, Kitchen, and Living Room/Dining Room Combination. The living room contains a very nice wood burning stove. The floors are hardwood and are fully carpeted with the interior walls being finished in combinations of panelling, paints, and wallpaper. This home is surrounded by 324' of 4" chain link fencing. A water well with a submersible pump provides ample water for gardening. The home is supplied with City water, gas, electricity, telephone, front gate mail delivery, and school bus service. The home is surrounded and shaded by trees including a Mimosa, Apricot, Pecan, Pear, Persimmon, Silver Leaf Maples, and Poplar Trees. An addition 10' x 18' galvanized metal tool shed is located behind the house as is a storm cellar.

Terms: Seller will carry balance of purchase price with twenty (20%) percent down payment. Balance to be due in 84 monthly installments bearing interest of 11% simple. If buyer can qualify for and will assume an existing Texas Veteran's Land Board Loan with a balance of \$12,009.96, seller will accept a ten (10%) percent down payment. Seller will furnish a policy of title insurance and will prorate taxes and insurance to date of closing. Possession to be at closing which shall be within 30 days of sale date unless delayed by title objections.

FFA CLARENDON QUEEN
Gina Spier

FFA HEDLEY QUEEN
Karon Harman

HONORARY MEMBERS are [l] Students, Kenneth Vaughan, teacher in Ranch Operations to [r] Tex Selvidge, Dean of President and Jerry Gage, at Clarendon College.

FFA Chapter exceptionally good at recent Greenbelt District Leadership competition

The Clarendon FFA Chapter fared extremely well at the recent Greenbelt District leadership competition. Out of 4 teams we had two firsts, one second, and a third. This is exceptionally good considering the stiff competition from the nine towns.

Competing in extemporaneous speaking we had Tim Cole who placed first. In Farm Radio the members were Jack Downer, Mitch Johnson, and Kyle Allen who placed first. In the Senior Chapter Conducting Team members were: Lee Smith, Russell Alexander, Mike Hook, Brett Harbert, Doug Hawkins, Lesia Fuston,

Mark Luttrell, Randy Crump, in their division they received a third.

In the Junior Chapter Conducting Team the members were: Joel Hodges, James Ariola, Dale Adams, Linda Hill, Monte Hollar, Jake LaGrone, Craig Wright, Neal Bellah in their division they

received second.

Our Chapter Sweetheart this year is Gina Spier. She represented our chapter at the District Competition extremely well.

We appreciate the communities support in our annual fall fruit sale. It was a big success.

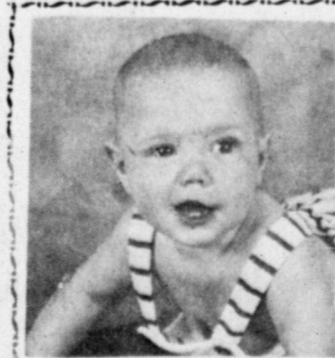

EXTEMPORANEOUS SPEAKING 1st Greenbelt District - Tim Cole

FACTS & FIGURES

From 1965 to 1979, the farm population declined from 12,363,000—6.4 percent of the nation's total population—to 6,241,000—2.8 percent of the population. Yet, farm output grew from \$43,457,000,000 in 1965 to \$148,202,000,000 in 1979.

It is said that Andrew Carnegie, one of the richest Americans ever, was offended by the sight and touch of money and never carried any.

Happy 1st Birthday Timothy Lyn McKinney
Love from Granny & PePa

POINTERS PAINTERS for

For more beautiful results, here are a few suggestions you might like to keep in mind the next time you paint a room.

First, when you get right down to it, the top is the place to start. Paint the ceiling first. Don't try to paint too wide a strip. The next strip should be started and lapped into the previous one before it has dried. If you are putting two coats on the ceiling apply the second coat and "cut in" at the juncture with the walls, painting approximately one inch of the wall. This gives a smoother transition when you paint the wall.

Start painting a wall at the upper left-hand corner

and work down toward the floor. Left handed people may find it more convenient to start at the upper right-hand corner.

After you've finished the painting, you can clean yourself up with the help of a new product, a heavy-duty pre-moistened wipe for hand and face cleaning. Called Wypolwet, it's part of the new Handy Beaver line from the Scott Paper Company. So is WypAll, an industrial strength wipe you can use to clean up any paint spills, clean your brushes and clean your window sills and woodwork before you paint.

Clarendon son Monarch Food king

Garre Reed is the District Sales Manager for Monarch Foods Service out of Amarillo. Garre is the son of Billie Johnson and is related to the entire LaGrone clan in Clarendon.

Monarch Foods is a division of Consolidated Foods which owns such companies as Sarah Lee, Shasta and dozens of other known name brands. They have 25 warehouses across the United States. Monarch Foods is the second largest food corporation in the entire United States.

Garre said he is very proud to be associated with a Food Service whose motto is "Integrity of person, purpose and product." "We work very hard to make our customers happy. Service is the main purpose. We don't just sell a product to sell it, we make sure our customers are satisfied, happy and pleased with what we have."

Monarch began it's business around 1920. They bought out Artic Foods in 1970 from Walsh Foods Service in Amarillo. Mr. Frank Walsh visited with this reporter and agreed that Garre and all of his representatives are highly trained individuals whose goal is to promote satisfaction above sales with their customers.

Erank Walsh started the foods program with the Senior Citizen programs in Amarillo and was instrumental in getting the nutrition programs a viable part of the Senior Citizens programs. As a result of his concern for the wellbeing of the participants, Monarch Foods is an established supplier for most of the Senior Citizens sites in the Texas area.

Garre was promoted to his present position in Sept. 1982. He worked his way up from truck driver...to trainee to sales representative to sales manager. "We believe that promotion should come from within the company itself," he explained, "because then the people know, respect and are familiar with the Monarch principle of business."

"I never dread going to work," Garre said with just a bit of pride. "Because I like doing what I do and I like working with the people involved." Garre finds that there is no part of the job that could be described as difficult or hard because all aspects of it are fun, enjoyable and highly rewarding. "When you satisfy folks, you are satisfied," he said.

Monarch foods supplies nearly all of the eating institutions in Clarendon from the college, schools, nursing home, restaurants and recently, the Donley County Senior Citizens Center has asked Monarch to help supply their food needs.

The Panhandle branch is the only division in Monarch that has its own meat market, thanks to Walsh foods. This means that the customers can request the size of steak and cut needed to their individual needs and can ask for and receive the kind of quality they expect. Quality control is highly possible because of the meat market so near the delivery sites.

There are on-going seminars, workshops, and special classes available to Monarch's people. Part of Garre's job is to provide training for the six people directly responsible to him. "My sales representatives become experts on cooking, preparing, cutting, food storage, sales, pricing and all aspects

of buying, storing, supplying and using our foods by the time they are field sales representatives." Garre said also they the company spends about \$27,000 on a trainee and invests 1 1/2 years of time on that individual before they are given a sales field to work. "We don't want someone out there representing our company that doesn't know his business well and can't accurately and responsibly represent the company."

Garre's area extends from Garden City, Kansas to Plainview, from Woodward, Oklahoma to the New Mexico line. He has six sales representatives and one trainee under his guardianship.

Garre is married to Marv from Clovis, NM for twelve years. They have a 10 year old daughter, Kimberly and currently live in Amarillo.

Ashtola-Martin News

By NAOMI GREEN

The Burl Hollar family visited with Mr. and Mrs. Bill Clark in Hydro, Ok Saturday and Sunday and attended two performances of the national finalist rodeo in Oklahoma City as their guest.

Mr. and Mrs. Van Gray and Buster Gray attended the 40th wedding anniversary in Amarillo of Mr. and Mrs. Winslow Gray Sunday.

Word has been received that Rev. Russell Morris, a former Ashtola resident who is now a Baptist Missionary in Moshi, Tanzania, is back in the states on furlough. He underwent open heart surgery at Baylor Hospital Monday morning. He is doing well at this time.

Bud Butler of Lelia Lake visited with the Bill Bennetts Sunday.

The extension Homemakers met for a luncheon and Christmas party in the home of Melba Risley. Members present were Connie Clifford, Mary Jane Smith, Anita Mooring, Ruth Mandrofsky, Maxine Hardin and hostess Melba Risley.

Mr. and Mrs. Doss Finley visited with Dora Joyner

Sunday afternoon.

Joe Kintell from Amarillo was a guest in the home of Dane Perdue Friday afternoon.

Richard Kelly from Seymour visited Monday afternoon with the Bill Bennetts.

Those spending the weekend in Pampa with Polly Burk for Christmas party were: Martiel Webb, Ed and Charlene Reynolds of Amarillo; Cody and Lorine McAnear, Marie McCracken and Flossie Reynolds.

Our friend, Hubert Rhoades entered St. Anthony's Hospital last week and will be undergoing surgery Wednesday.

Clint and David Green went skiing with the Mooring family last weekend. Katherine and Lindsey attended a ballet in Amarillo and spent the night with Robin Green and enjoyed the company of Patricia Doerrrie of Booker.

May Naylor of Crowell spent the night with her sister, Naomi Green, Saturday night. The two went to Amarillo Sunday and joined the Robin Green party, John Miller Morris of Austin, Ronnie Naylor of Granbury and Margeret Morris of Dallas had a C.B. Morris Company meeting.

Hedley News

by DARLENE BALL

A new club has been formed at Hedley, Hedley Homemakers. This is Hedley's first club and the 5th in Donley County. Officers are: Kathy Holland, President; Debbie Sursa, Vice President; Kimberly Potts, Treasurer and Barbara Collins Council Delegate. The group has 17 members and will meet the first Monday of each month under the guidance of Extension Agent Cherri Brown. The Hedley Homemakers will strive to serve their families, community and country well.

Hedley Senior Citizens Menu
Wed., Dec. 14-Fried chicken with gravy, sweet potatoes, green beans, lettuce and tomato salad, rolls and brownies.

Twenty-nine visitors in the home of Mr. and Mrs. Lloyd Molder Sunday, December 4 enjoyed dinner and helping put in a fireplace. Visiting from Amarillo were Mr. and Mrs. Ed Mobley; from Clarendon were Mr. and Mrs. Carroll Molder, John Molder, Vivian Moss, Mr. and Mrs. Gary Mays and family, Mr. and Mrs. Mike Garrison and family, Mr. and Mrs. Charles and family, Mr. and Mrs. John Shelly and family and Mr. and Mrs. Reece McDaniels and family.

WBY-BURKIDY?

Here are some interesting facts about your skin that you may not know:

- The skin of the average person, if it were spread out flat, would cover about 1.8 square feet.
- The skin is the largest organ of the human body.
- The skin of an adult weighs about six pounds.

• A piece of skin the size of only a quarter contains a yard of blood vessels, four yards of nerves, 25 nerve ends, 100 sweat glands and more than three million cells.

• It is most important to take care of your skin.
• Increasingly, men are adding after shaves and colognes to their regular skin grooming routine. That's one reason after shave gift sets, such as the Skin Bracer® Gift Collection by Mennen, are popular holiday items. The soothing, cooling and stimulating effect of Skin Bracer After Shave is also available in Spice Scent, a product that was recently introduced and is proving popular with men of all ages.

Peter the Great of Russia, in an attempt to encourage his subjects to adopt a Western look, levied a high tax on bears'.

BEAR CUBS Genus Kits Judges and awards as follows: Smallest, Brad Allen; Best Workmanship, Shane Ashcraft; Most Creative, Stephen Bivens; Most Unusual, Lee Gage; Most Useful, Robert Lee; Most Ingenious, Nathan Lowrie; Most Recognizable, Scott Myers; Most Imaginative, Wealy Slavin; and Most Unrecognizable, Lincoln Stewart.

16 complete EMT training

On Tuesday, November 29, sixteen Donley County citizens took their final exam to be certified as Emergency Medical Technicians by the Texas Department of Health-EMS Bureau. Mr. Mike Lindsley of the Health Department who is a Paramedic, was on hand at Clarendon College to administer the exam which ended thirteen weeks of training by the class. The class had begun on September 7 and consisted of 100 hours of classroom training, 20 hours at Northwest Texas Hospital in Amarillo in the Emergency Receiving Center, Respiratory Therapy Department, Intensive Care Unit, Coronary Care Unit, and Special Care Unit, and three emergency ambulance calls. The students were also required to be tested on three of the five skills they learned. They should receive their grades in approximately two weeks at which time they will be certified as EMTs for four years. They will be required to accumulate 100 hours of continuing education over the four year period to maintain their certification. EMT is the second highest level of training in the state of Texas, second only to the Paramedic certification which is approximately 500 hours in addition to the EMT certification. All of those in the class devoted their own time and effort to completing the class.

During the course of the class, students were taught such skills as bandaging, splinting, airway management, use of mechanical aids to breathing, adult and infant CPR, patient assessment, vital signs, medical emergencies such as diabetic problems, heart attack, heat and cold injuries, emergency childbirth, burns, all types of trauma related problems such as fractures, internal bleeding, shock, unconscious states, poisoning, stroke, etc. They were taught to recognize and treat all life threatening injuries and illness which they might even encounter. After they are certified, they will be able to perform all types of life-saving skills. The only skills which a Paramedic may perform other than those an EMT can perform are IVs, Drug Administration, Intubation, and Cardiac EKG Interpretation. An EMT can do all other skills a Paramedic can do.

Those completing the class were Stony and Liz Craft of Howardwick, Virginia Clifford, Margie Fricks, H.W. Harlan, Kyle Hill, Mary Jaramillo, Gary and Geneva Mays, Connie McAnear, Jo Dee Mincey, Jim Sharrar, Steve Smith, Mike Spier, Nancy Watson, and Mark Winsor all of Clarendon. Instructors for the class were Clarendon Paramedics Phillip Vargas and Patrick Robertson.

This is one of the largest EMT classes ever to be held in this area and the largest one to be held in Clarendon. Donley County is indeed fortunate to have so many citizens of this county. None of those taking the class were compensated for their attendance or were the com-

pensated for the care they provide to others. On the final night of the class it was announced that Geneva Mays was voted the top student by the members of the class. She received a personalized belt and EMT buckle provided by the instructors. Also, the class provided each of the instructors with a pen/watch for their help with the class. The instructors would like to thank the following people for their help in making the class a success, Dr. Ken Martin and Clarendon College Staff, the sorority and others who contributed full and partial scholarships for some of the students, the Clarendon and Howardwick Fire Departments, Associated Ambulance Authority Board of Directors, David Pitts, Connie Pitts, Texas Department of Health, Mike Lindsley, Northwest Texas Hospital, the students who participated in the class, the local patients who were so understanding of the students desire to learn, and anyone else who might have been accidentally over-

looked. With the completion of this class, the Health Department records indicate that there are now ECAs, twenty-four EMTs, and three Paramedics certified in Donley County. This is approximately one trained person per 100 population which is a very good ration compared to other areas of the state. 15 of the 33 Clarendon Firemen and 2 of Howardwick Firemen trained. What this means is that anytime a serious accident or illness occurs, the chances of a trained person being close by is very good. Texas Health Department records show that region 1, which includes the Texas Panhandle, has the highest number of trained personnel per population of any place in Texas and that they are trained at a higher level than other regions. Donley County is also getting quite a reputation in this region and in other regions for the quality of personnel and equipment available to take care of life threatening situations.

**Lakers
Homemakers
meet**

by ALICE HOOD
The Lakers Homemakers met Monday, December 12 to hold their last meeting for 1983 and to elect new officers for 1984.

Meeting was called to order, minutes were read and approved. There were no visitors. Members present were Lola Bartel, Lucille Boren, Alma Bingham, Penny Butts, Eleanor Crossland, Trudy David, Nell Derr, Alice Hood, Ruby Keith, Mary Matthews, Beatrice Rogers, Madaline Jones, Margaret Pettit, Lena Singletery, Alta Reynolds, Margaret Wells, Lela Whitehead and County Extension Agent (Home Economics) Cherri Brown.

Officers re-elected were Lucille Boren, Sec.-Treas.; and Alice Hood, Reporter. New officers elected were Trudy Davis, President; Lela Whitehead, Vice President; Madaline Jones, Council Delegate and Lena Singletery, assistant Council Delegate. Out-going president, Margaret Pettit was nominated for "Woman of the Year".

Council Delegate, 1983.

Lela Whitehead reported 1110 Donley County Extension Homemakers cookbooks have already sold.

After meeting was adjourned delicious refreshments, punch, tea and coffee were enjoyed by all. Each lady took a gift and some refreshments, numbers were drawn by each one. When their number was called they

selected a gift, the fun of this was the game played along with the opening of the gifts. We enjoyed Cherri Brown presence in our midst.

Pictures were taken by Alice Hood for the scrapbook.

We wish you all a very happy and safe holiday season.

ing Thursday December 15 at 10 p.m. to when ever. It will run through Saturday Dec. 17.

Most everyone will soon be celebrating our Savior's birthday and will be traveling or at least driving from town to town. We would like to take this opportunity to wish all a Merry Christmas and a Happy New Year. Drive safely.

Reminding everyone about our Christmas Dinner at City Hall Friday, Dec. 16 at 7 p.m. and if you bring small children have Santa Claus bring them a gift.

Band Boosters met

Band Boosters held their regular meeting December 5 at the band hall. There was a good attendance of band parents and their presence and help is appreciated.

The January Boosters meeting has been rescheduled for January 9 at 7:30 in the college auditorium. The public is invited and we know you will enjoy our bands.

There will be a booth set up in front of Greene Dry Goods December 16 for Late Night Shoppers. Band Boosters will be selling several different items. Be sure and drop by.

Howardwick News

By ALICE HOOD

Mrs. Max Hennigus mother, Stella Andrick, passed away in Shaddock, OK and will be buried in Darrouzett where she lived. She was 85 years old.

A.C. Porter, a brother-in-law of Willie Moore, passed away Wednesday evening. Willie met her sister-in-law, Edith Cullloys, of Guymon, OK in Amarillo Friday and the two flew to Goodyear, Arizona to attend the funeral Monday.

Our heartfelt sympathy and prayers are with these families in their time of sorrow.

Ralph Singletery is home from the hospital but had to return for another test Friday. He had a stroke during the Thanksgiving holiday.

Alma Bingham spent last week in Amarillo with her sick grandchildren. Her babysitter was called away due to a death in her family.

I am really sad to see Mrs. Bromley's Dining Room close its doors. Accent West ran a feature on her wonderful food and gracious hospitality a few months back.

The Ladies Auxiliary of the Howardwick Volunteer Fire Department will have their next meeting Tuesday, January 3, 1984 at 7 p.m. at the Howardwick City Hall. At the December 5th meeting they voted and it carried to hold meetings on the first Tuesday of each month.

The Howardwick Volunteer Fire Department will have a "Garage Sale" start-

GREAT MOMENTS IN AMERICAN HISTORY

Back in 1775, American militiamen battled the British at Concord and fired what Ralph Waldo Emerson called, "the shot heard round the world." After a running battle at Concord, the patriots laid siege to Boston, where the British had headquarters. An American expedition invaded Canada, seized Montreal and tried to capture Quebec. British plans to occupy the Carolinas met with disaster. Then, on July 4, 1776, the Second Continental Congress adopted the Declaration of Independence. It was a great moment in American history.

Other great moments were to follow in American military history. The actions of one National Guard unit, for example, are particularly remembered. That unit, the

It happened at Concord in 1775. American militiamen fired what many remember as "the shot heard 'round the world."

178th Infantry of the Illinois Army National Guard, was organized as the 8th Illinois Infantry in 1895 in Chicago. The regiment, composed of Black National Guardsmen, was redesignated as the 370th Infantry in 1917. It arrived in France in April 1918, when it, along with two other Black National Guard regiments, became the only American units attached to the French

Army in World War I. On June 21, 1918, the 370th Infantry was placed on the front line. Members of the 370th received 21 Distinguished Service Crosses and 68 Croix de Guerre during that time. The gallant unit will always be remembered.

A more recent moment in American history that will be remembered is the announcement by the Army of the formation of a new Army National Guard Mechanized Division. The new division, the 35th Infantry Division (Mechanized), will be the ninth Army National Guard combat division, increasing the number of Army combat divisions to 25.

Coal and diamonds are made of the same chemical element - carbon.

SEE YOUR DOCTOR
This information comes from Smith Kline and French Laboratories, a leader in high blood pressure research and therapeutics. Medical science has identified some of the factors that increase your chances of developing heart disease. Salt is one of these risk factors. Too much salt in your diet increases the risk of high blood pressure. High blood pressure is second only to smoking as a factor that increases your risk of heart disease.

See your doctor. Working with your doctor to eliminate or control coronary risk factors can help combat heart disease.

Tues., Dec. 20-Baked fish, vegetable medley, carrots, vegetable salad, applesauce cake.
Wed., Dec. 21-Chicken croquettes, sauerkraut & apple, squash with nuts, tossed salad, peppermint tapioca.

FLINT NOW!

Although stoves have been known to man for more than 1,000 years, their use of cooking food is actually fairly recent.

THEN: The Chinese were using stoves for heating their homes as early as the 700s. However, popular use of stoves for cooking didn't begin in America until the last century. Most of these early iron cookstoves used wood for fuel.

NOW: Cooking, today, can be a finely honed skill, thanks to new developments in microwave cookery. Today's ovens, using energy-saving microwaves, can roast

meat, bake a cake, simmer a sauce for pasta, cook a casserole and much more. New developments in utensils, made of Udel polysulfone, are making microwave cookery even better. They're chip and break-resistant, are very transparent to microwaves and clean with ease. They're even dishwasher-safe.

To remove stubborn coffee stains and smells you can fill any non-aluminum coffee-maker with water to full cup capacity, then add a teaspoon of borax for every cup. Let your pot percolate, then let it stand for 20 minutes and rinse thoroughly. For more information about the many uses of borax write to: "Magic Crystal Booklet", Dept. B, P.O. Box 75128, Sanford Station, Los Angeles, CA 90075.

FACTS & FIGURES

You can make your own household cleanser for walls and floors by adding a half cup of borax, half teaspoon dishwashing liquid and a tablespoon of ammonia to two gallons of warm water.

You can remove spilled food and odors from your refrigerator with a sponge and a solution of one tablespoon of a product such as 20 Mule Team Borax and a quart of warm water. Rinse with cold water.

A simple holiday gift for a favorite neighbor: decorate an empty coffee can to match her kitchen decor and fill it with some handy kitchen utensils...wooden spoons, a whisk, a new rubber spatula.

The silkworm spins a thread 12,000 times as long as his body. That's comparable to a six-foot tall man spinning a thread 15 miles long.

What's Your Opinion?

There's no one "right" answer, but the following health question is certainly important, and should be considered: How much health care is each person entitled to?

When treatment is very costly, as with Barney Clark or Karen Quinlan, or highly experimental, or difficult to obtain, who decides who will be treated and who will not? Who will pay the bill? And how do we measure the costs of lives lost and pain endured if treatment is not made available?

These questions become even more troublesome when we consider the skyrocketing costs of health care and the increasing age of our population. The older we are, the more medical treatment we require. And the numbers of the elderly are growing rapidly. By the year 2000, 12 percent of the population will be over the age of 65.

As a nation, we already spend 10 percent of our gross national product on health care—our largest single expenditure, surpassing even education and defense.

The cases of Barney Clark, Karen Quinlan and Jamie Fiske indicate our great need for a national health care policy that will provide guidelines for dealing with the complex issue of health care allocation.

As one step toward the formulation of such a policy, National Medical Enterprises, Inc. recently donated \$2 million to the University of Southern California to establish the nation's first endowed chair for the study of the relationships among law, medicine and public policy.

The Norman Topping Chair will study the financial and ethical issues affecting the cost, quality and equity of our health care as a means of determining a long-range health care policy.

The chair honors Dr. Norman Topping, a former Assistant Surgeon General of the United States and associate director of the National Institute of Health. Dr. Topping, now chancellor emeritus for USC, served as the university's seventh president.

The Norman Topping Chair is one example of the kind of action that needs to be taken now to shed light on questions that sooner or later will touch each of our lives.

National Medical Enterprises is one of the nation's leading health care providers. It owns, operates or manages 339 acute, psychiatric and long-term care hospitals.

QUICK QUIZ

Taking this little test can help you show how bright you are when it comes to the facts about producing electricity at nuclear power plants.

1. In round figures, how many nuclear power plants are licensed to operate in the United States? (a) 0 (b) 20 (c) 80?

2. What percentage of the nation's electricity is generated by nuclear power? (a) 0 (b) 5. (c) 13?

3. Nuclear waste will be buried in glass containers. (a) True (b) False?

4. There is no accepted method for disposing of nuclear waste. (a) True (b) False?

ANSWERS: 1. (c) About 80 nuclear power plants are licensed to operate and about 60 more units are in the planning or construction stages. 2. (c) Nuclear power provided 12.6 percent of the electric generation in 1982 and experts at Edison Electric expect that percentage to grow to almost 22 percent by 1990. Coal is the biggest source for electric generation, accounting for 53.2 percent in 1982. While coal and nuclear energy together account for two-thirds of all electric generation, that fraction is expected to be three-fourths by the year 2000. 3. (b) False. This is a myth probably spread by the fact that nuclear waste may be changed into a glass form before it is placed in a container for burial. The container would be made of thick-walled steel and would be put into yet another container, a heavy metal overpack. This package would be surrounded by a crushed rock backfill in a deep geological formation such as salt, basalt or tuff. 4. (b) False. The Federal government has determined that high level nuclear waste can be buried safely and permanently in deep rock formations which have withstood the elements for thousands of years. Congress put its seal of approval on the findings when it passed the Nuclear Waste Policy Act of 1982. That law not only sanctions disposing in geologic formation, it mandates it.

The word "lieutenant" comes from the Latin *Locumtenens*, meaning "in the place of". A Lieutenant-Colonel, for instance, is the colonel's deputy.

Lady Bulldogs win against New Mexico but lose to Amarillo

New Mexico Junior College was in Clarendon December 5 to match up against Clarendon College Lady Bulldogs in conference play.

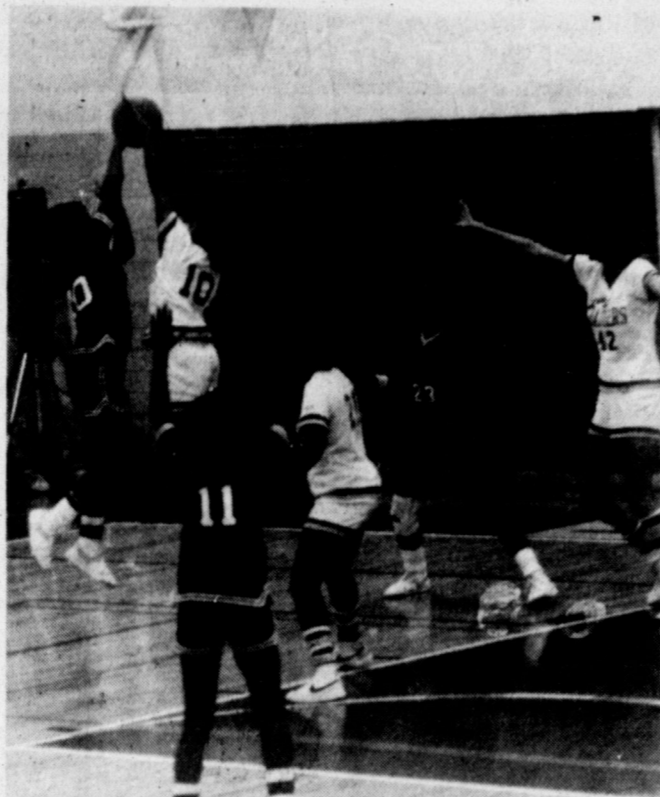

The first minutes of the game were plagued with turnovers as both teams lost the ball to their opponent many times. The score remained close throughout the first half with each team holding the lead but never more than 5 points. As the first half drew to an end the Lady Bulldogs took the lead by 4 but New Mexico added another basket to retire the half with the Lady Bulldogs on top by 2, 46-44.

The Lady Bulldogs came out the second half and stretched their lead to 14 points. Clarendon couldn't hold on to that as New Mexico came back within 1 point at the 8 minute mark. With under 5 minutes to play, New Mexico tied the score at 75. Again the Lady Bulldogs took the lead and managed to widen it to 6 to end the game 87-81.

December 8, the Bulldogs traveled to Amarillo to play the Lady Badgers of Amarillo College. This game marked the second time these teams have met this year as the Lady Bulldogs took the first one to claim the championship in an Amarillo tournament.

This game proved to be quite different as Amarillo jumped out to an early lead. AC was quick to hit the man under the basket for the easy shot building up a 20 point lead in the first half. But with less than a minute to play the Lady Bulldogs came back within 1 point. With a last second shot Clarendon tried to take the lead to end the half but the shot failed leaving them behind Amarillo 33-32 at half.

The Lady Bulldogs came out the second half and took their first lead in the game. But it didn't last long as Amarillo overtook the Lady Bulldogs. The Lady Badgers gradually increased their lead to take this game 73-66.

CLARENDON COLLEGE LADY BULLDOGS in their game against Lady Badgers of Amarillo College.

The Bulldog Scholar

by Dennis Knowles

Welcome back to the third edition of the Bulldog Scholar. This week has been very hectic for the students and teachers for this is final exam week for the 1983 Fall semester. Thus far no students have committed suicide over a test grade!

The 3rd Annual Student/Teacher Christmas banquet was held Tuesday, December 6 at the Clarendon College cafeteria. Attending were 240 people including most of the faculty, board of regent members and the students of CC. One teacher stated, "the cafeteria was packed to the hilt with people."

Welcome was given by Bright Newhouse, Chairman of the Board of Regents. After his welcome the student senate presented a skit imitating a group of actors and the director preparing for a play. The CC choir, under the direction of Mrs. Joburta Helms, sang a carol entitled "There is no Christmas Like a Home-Christmas." The members of the faculty was not to be excluded from the festivities. They selected a few songs and sang to the students. Vaughn Hall, dorm at CC, had a short presentation in which Dr. Ken Martin, a dean at CC, was given a "gag gift". This gift will probably be remembered for many years to come. Before the meal of turkey and dressing the teachers gave homemade candy to the students. The 9

to 5 girls, secretaries of the college, gave door prizes to the students who had the winning program. Sometime before the banquet, the 9 to 5 girls went around on the programs and colored in some part of the design. This determined who would receive a door prize. Mrs. Denny, chairperson of the business dept. at CC, stated "the most important aspect

of this banquet is the fact that everyone is involved in a good time together."

The Spanish Club also kicked off the Christmas holidays as 25 members rode around in pickups singing in Spanish to the citizens of Clarendon. The students who went will never forget the fun and fellowship they experienced. The food at Amiga's was really what topped off the evening. The members went into the new section of Amiga's cafe and had to sing to the other diners before they could eat. This was a fun evening. Spanish Club says: Feliz Navidad / Merry Christmas. Exert from the 1974 Bulldog

Banner
Dear Mr. Null,
As a parent of a Clarendon College coed and an interested supporter of campus activities I insist that my daughter read your paper every month also. I've tried to instill in her the desire for excellence, competition and clean-living that Clarendon College likewise stands for.

Recently though my daughter, an accomplished performer on the cello and zither, broke her engagement to a brilliant young banker and a few days later eloped with a shortorder cook, on the grounds he was likewise clean-living, athletically inclined and competitive.

I am distressed and confused by this. For that matter I don't even know exactly what a short-order cook is, although I gather it is not one of the higher-paying professions and my daughter has expensive tastes.

Can you offer any advice in this unfortunate-or so it seems to me-situation? E.K. McW.

Dear Mr. McW.
We on the staff must confess that the term "short-order cook" is unknown to

us, and it's possible that you misunderstood your daughter. Several years ago though there was a rather eccentric young lad here in Clarendon who lived in a pigsty because he preferred the company of young pigs to young people. As a result he could be smelled several blocks away. He was frequently referred to as a "shoat-odor kook" and for all we know this may be the same guy. Tell your daughter to stay upwind of him at all times!

Bulldog Banner Editors
Clarendon College would like to announce the last day to pre-register is Friday, December 16. The administration, faculty and students would like to wish everyone a safe and memorable holiday. Remember come and join the college campus for the Spring term of 1984. Happy New Year.

Bulldogs add another win to their record

Clarendon College Bulldogs added another win to their record December 5 when New Mexico Junior College was in Clarendon.

Most of the first half the score remained close but with less than 5 minutes to play the Bulldogs widened their lead to 10. As the minutes passed the Bulldogs overpowered New Mexico and ended the half with a comfortable lead 41-24.

The Bulldogs came out the second half and played the same pushing their lead to 20. New Mexico made a comeback attempt and came within 7 points but the Bulldogs refused to let them any closer as they claimed a

Coach Mondragon seems to be caught up in basketball.

Drawing by Pat Allen.

Clarendon College won a victory over New Mexico 82-75.

The Bulldogs' second game of the week was played in Amarillo against the Amarillo College Badgers. Anytime these two teams step out on the court together it promises to be exciting and this game was certainly no exception.

The Bulldogs held the lead most of the first half though it was tied many times. The Bulldogs never had more than a 4 point lead. The half was ended with both teams even at 31.

During the second half the Bulldogs managed to stretch out to a 9 point lead but soon saw that lead decreased with

Amarillo College coming back to tie the score at 60.

With less than 2 minutes to play the Bulldogs drove their lead to 7. With only 53 seconds left AC had come within 2 again and with 36 seconds left the Bulldogs held only a 1 point lead. With 29 seconds remaining the ball was turned over to AC on a Bulldog walking call.

With the ball in their possession, Amarillo College went down to take a 1 point lead. A.C. added a pair of freethrows to win 72-69.

Recipes in a Nutshell

MID-WEEK MAIN DISH MEAL

Mid-week menu planning requires imagination to avoid constant repetition of the same meals. One ingredient that will always keep dishes interesting is a shell filled with Planters Nuts. A full line is available in cans and jars, both salted and unsalted. The following recipe demonstrates their versatility.

- CRUNCHY MEAT STUFFED SHELLS**
Makes 26 shells
- SAUCE:**
1 tablespoon Planters Peanut Oil
1 clove garlic, crushed
2 (6-ounce) cans low-sodium tomato sauce
1/2 teaspoon basil leaves
- FILLING & SHELLS:**
1 tablespoon Planters Peanut Oil
1/2 cup chopped green pepper
1/3 cup chopped onion
1 pound ground beef
1/2 teaspoon garlic powder
1/4 teaspoon ground black pepper
1 egg
1 1/2 cups shredded low-sodium Cheddar cheese
3/4 cup Planters Dry Roasted Unsalted Mixed Nuts, chopped
26 jumbo shells, prepared without added salt

For sauce, heat peanut oil in medium saucepan over medium high heat; add garlic. Reserve 3 tablespoons

PROGRESS IN MEDICINE

Facts From The National RP Foundation Fighting Blindness

Nearly five million people throughout the world are affected by retinitis pigmentosa, also known as RP, a disease that involves the deterioration of the eye and vision.

Retinitis Pigmentosa - which usually begins with night blindness and progresses to an increasing loss of side vision - is the object of much research, both here in the United States and abroad.

A widely publicized Soviet experimental treatment for this eye disease raised much hope in the United States, but a team of American doctors reported that the treatment had no validity.

Researchers at the RP Foundation Fighting Blindness affirm that there is no conclusive scientific evidence that the Russian treatment, ENCAD, has value for patients affected by retinitis pigmentosa, and therefore, the Foundation cannot recommend this treatment. This conclusion was based upon a comprehensive review and evaluation conducted by Alan Lattes, M.D., Chairman of the Foundation's Scientific Advisory Board, and Eliot L. Berson, M.D., Director of the Berman-Gund Laboratory for the Study of Retinal Degenera-

Doctors are still seeking a treatment for retinitis pigmentosa, now that a Moscow theory has been discounted by U.S. doctors.

tions, during a 4-day fact-finding mission to Moscow's Helmholtz Institute.

"There is a lack of evidence that this is helping anyone," said Dr. Eliot Berson of the RP Foundation Fighting Blindness, after the fact-finding mission to Moscow.

"Not one of the 18 patients - whom we examined before they went to Moscow and have followed since they have returned - has improved and two-thirds of them have worsened," Berson reported. "I cannot recommend these injections to people with this disease."

The search for a treatment that will halt this inherited disease goes on, and when it is found will bring new light into the lives of millions of people throughout the world.

IT'S A FACT!

The microwaves that cook food aren't too much different from the energy waves produced by a bass drum. The drum's energy waves are long sound waves... those from a microwave are short. Microwaves cook by causing the molecules in the food to vibrate, creating friction which produces heat.

Nothing on the fair and square! Think round when it comes to microwave cooking. Your most efficient choice is a tube pan... it allows the energy to penetrate the food from all directions.

Turn clear water goblets into a holiday setting by inverting them and placing a colorful Christmas ball inside each. Place a tall red taper on top of each goblet base. Arrange greens all around.

Tired of peeling carrots? Drop them into boiling water. Let stand five minutes then drop them in cold water. The skins should slip right off.

Hard work, dedication and long hours are still essential to success in farming or ranching. But they no longer assure it. Today, it takes capital. And good money management with careful attention to cash flow. That's why there are Federal Land Bank loans on so many of America's best-managed farms and ranches. Long-term Land Bank financing is a dependable way to maintain a sound operation.
