## Hundreds Sign Petition Opposing Proposed Water Legislation

The Donley County Farm Bureau met Tuesday night and reaffirmed their stand in opposition to proposed legislation authorizing the Greenbelt Municipal and Industrial Water Authority to acquire and develop underground water rights.

Maurice Risley, president of the organization, reported Wednesday morning that several hundred farmers, ranchers, business men and individual citizens had signed petitions opposing the proposed legislation. The local Chamber of Commerce, County Commissioners Court, Donley County Young Farmers, all passed resolutions in agreement with the Farm Bureau, in protesting the legislation in order to make it clearly known that Donley County residents do not want to take any chance of giving up any underground water rights.

Petitions which have been circulated read as follows:

Hon. W. S. Heatley, State Rep. Hon. Andy Rogers, State Senator Members of the Board of the Green Belt Municipal and Industrial Water Authority.

We, The Undersigned, Are opposed to any proposed legislation authorizing the Green Belt Municipal and Industrial Water Authority to acquire or develop any underground water or water rights, except for the existing water wells owned by any member city, for the exclusive use of such member city, or the replacement of any such existing water well for the exclusive use of such member city, not to be located outside the County in which said City is situated, nor more than one quarter mile from the existing well, and with a yield capacity not greater than the well being replaced.

"We understand that the proposed legislation is being rewritten at this time and copies of the proposed legislation are to be sent here for us to observe prior to introduction," Risley stated. If it is not up to our expectations, we will continue to oppose it," he added. We still contend that we are not opposing the surface water project in any way," Risley concluded.

The following is a quotation from the Tuesday issue of the Childress Index in answer to the various resolutions and petitions signed here:

"All I can say is to repeat what I have said before: We have no money to develop underground water and do not plan to seek any," said Dr. S. H. Townsend, president of the Authority.

"We seek the legislation to enable the Authority to use water wells of the various member cities if that water is needed."

## Stone Services Held In Hedley Baptist Church Monday

Mrs. Jane Texanna Stone, 88, a resident of Hedley for 55 years, died Saturday evening while visiting in the home of her son, J. T. Stone at Memphis.

Funeral services were held Monday afternoon at the Hedley Baptist Church with Rev. Robert Estes, pastor, officiating. He was assisted by Rev. Wilton Lynn, pastor of Hedley First Methodist Church. Burial was in Rowe Cemetery.

Mrs. Stone was born in Charleston, S. C. She was a member of the Hedley Baptist Church.

Surviving are two daughters, Mrs. Lela Hemelstrand of Hedley and Mrs. A. O. Proffitt of Lesley; three sons, Burt and Clyde of Hedley and J. T. of Memphis; a brother, Albert Harvey of Amarillo; 29 grandchildren; 70 great-grandchildren; and 11 great-great grandchildren.

## CITY TRAFFIC LAWS AND ORDINANCES TO BE ENFORCED

With the hiring of a new Chief of Police, the City Council is asking for the cooperation of residents of Clarendon and this area in abiding with the City laws and ordinances, as Police Chief Gary Gerdes has been instructed to enforce all city laws and ordinances.

Violators who have been ignoring no parking signs will be given tickets. One particular instance is the no-parking area on the FM highway south of the high school building. The Texas Highway Department has protested against parking on the highway in the plainly marked no-parking zone.

Also, when you see a stop sign anywhere within the City limits, it will be best to take a moment longer and stop. In fact, stay within the law and you have absolutely nothing to worry about.

## FORMER RESIDENT DIES TUESDAY AT IMPERIAL

Word has been received here of the death of Carl Peabody at his home in Imperial, Texas Tuesday. Funeral services will be held there today, Thursday at 2 p.m.

Mr. Peabody was a long-time resident of Donley County prior to moving away several years ago. He was employed by the County and City.

Among survivors are his wife and daughter of Imperial; sisters, Mrs. Joe Hall and Mrs. Glen Adkins of Clarendon; and Mrs. Guy Pierce of San Antonio and a brother, Clate Peabody of McLean.

## DEAN'S HONOR ROLL AT CLARENDON COLLEGE

Dean Weldon Day has released the names of those students listed on the Dean's Honor Roll for the fall semester at Clarendon College. Students included on the list are: Jimmy Blackberly of Clarendon; James Boliver of Hedley; John Colson of Wellington; Jeannine Hermesmeier of Clarendon; Larry Hight of Clarendon; Sylvia Lewis of Lakeview.

To be eligible for the Honor Roll, a student must maintain an average of 2.6 grade points per semester hour and must be carrying at least twelve semester hours.

## COTTON GINNING REPORT FOR 1964 CROP

According to a release from the U. S. Department of Commerce, Donley County ginned 1,838 fewer bales of cotton from the 1964 crop in comparison with the 1963 crop.

The report shows cotton ginned prior to January 16, 1965 in Donley County totaled 9,808 bales. The total at the same time in 1964 was 11,646 bales.

## DIST. FIREMEN ASS'N TO MEET HERE SAT.

Dalbert Robertson, president of the Clarendon Fire Dept., has announced that the Panhandle District Firemen's Association would hold their regular meeting here Saturday night at 7:30 at Jake's Steak-Out.

Leader local rate \$3.50

## LIONS CLUB NEWS

Doye Gray, Safety Engineer for the West Texas Utilities Co., Abilene, Texas, presented a film on Safety to members of the club at the regular Tuesday luncheon. The program was quite interesting and informing.

Gary Gerdes, Clarendon's new Chief of Police, was a guest of Mayor C. J. Lohoefer.

## City Council Has Busy Night Last Week

According to an announcement by City Administrator, M. B. Mitchell, the City Council accomplished a number of things at their meeting last Wednesday night.

The Council passed an Animal Ordinance which is being published in this issue of the Leader. All who have pets etc. should keep this copy of the ordinance, read it carefully and be prepared when it becomes law.

The Council called the City Election for April 6th at which time two Aldermen and the Mayor will be elected. The terms of Aldermen Basil Smith and Chauncey Hommel and Mayor C. J. Lohoefer expire and Smith and Hommel have announced for re-election. S. W. Lowe was named election judge.

The Council passed a resolution in connection with the Greenbelt Water Authority underground water legislation. They also passed an order cancelling all free water to City employees, City officials and Volunteer Firemen. A salary raise was given to full time city employees only to compensate for the free water they had been receiving.

The Council hired Gary Gerdes as Chief of Police on a full 24 hour basis.

## Former Resident Dies At Sunray; Services Saturday

Billy Ray Bell, an insurance salesman at Sunray, died of a heart attack Wednesday afternoon. He was a veteran of World War II and had lived at Sunray for the past four years.

Funeral services were held Saturday afternoon at the First Baptist Church in Sunray with the Rev. M. G. Upton, pastor, officiating. Burial was in Lane Memorial Cemetery there.

Mr. Bell, 40, was born in Hedley and was the son of the late Mr. and Mrs. C. C. Bell. Surviving are his wife, two sons and a daughter of the home; four brothers, Shelby of Clarendon, Houston of Panhandle, Eugene of Fritch, and Kenneth of Borger; also six sisters, Mrs. Sam Owens of Hedley, Mrs. Beatrice Long of Riverside, Calif., Mrs. Leo Holland and Mrs. Ben Howard of Sunray, Mrs. W. G. Holland of Plainview, and Mrs. Jean Bain of Huntington Park, Calif.

## RECEIVES SCHOLARSHIP

MISS MAUDENA SELF

Announcement was made this week by Mrs. Sandra Mooring, President, that the Mu Gamma Chapter of Beta Sigma Phi had voted to award a local girl with a scholarship to Clarendon College. The scholarship will cover cost of tuition for the Spring Semester. The happy recipient is Miss Maudena Self, daughter of Mr. and Mrs. George W. Self of Clarendon. Miss Self is a second semester Freshman at Clarendon College and a 1964 graduate of Clarendon High School. She expressed her appreciation to the local chapter of Beta Sigma Phi for its generosity, and Mr. Weldon Day, Dean of the College, stated that members of the organization were to be commended for this tangible evidence of their support of Clarendon College. Such service is of two-fold benefit: the recipient of the scholarship receives assistance and encouragement, and the cause of higher education is furthered.

Funeral services for Robert Cleveland (Bob) Johnson, were held Sunday afternoon, February 7th, in the First Baptist Church with Rev. W. R. Lawrence, pastor, and Rev. Wayland Boyd, pastor Pierce Street Baptist Church in Amarillo officiating. Burial was in Citizens Cemetery.

Mr. Johnson, 64, died Friday morning. He had been in ill health for several years. He was born at Whitt, Texas and came to Clarendon in 1936 from Bristow, Okla. On November 18, 1938 he was married to Mildred Lucille Dollar. Mrs. Johnson preceded him in death, June 9, 1941. Mr. Johnson worked as a section hand for the Fort Worth and Denver Railroad for 15 years prior to his death.

Survivors include a daughter, Mrs. Robbie Lou Hill of Clarendon; a step-daughter, Mrs. Joyce Nell James of Amarillo; three sisters, Mrs. Troy Tompkins of Jinks, Okla., Mrs. Paul Moore and Mrs. Herman Vinson, both of Clarendon; four brothers, L. L. of Perryton, Lee Roy and Albert B., Jr., both of Clarendon; and James E. of Goose Bay, Labrador; also seven grandchildren.

Pallbearers were Dr. George W. Smith, Harvey Price, Roy Crutchfield, Ernest Morrison, Ross Williams, J. H. Spier, Jr., Truett Behrens, and O. O. Hill. Arrangements were under the direction of Murphy Funeral Home.

L. L. WALLACE NAMED HEAD OF PANHANDLE SQUARE DANCE ASS'N.

L. L. Wallace, owner of Wallace Monument Co. here, was elected president of the Panhandle Square Dance Association at a recent meeting at the Bura Vista Cafeteria in Borger.

This is quite an honor for Mr. Wallace as he was chosen to guide the affairs of an organization which embraces practically the same counties as the 18th Congressional District. Mr. Wallace has been serving as Vice-President of District 2 which covers the area from Canadian southward and from White Deer to the Oklahoma line.

Mr. Wallace is joined in this honor by his wife, Mary, as offices in the organization are bestowed upon the dance couple.

## Bronchos Can Nail Down District 2-A Honors With Win Over Wellington

### Gary Gerdes Is New Chief Of Police

Gary Gerdes of Canyon was hired by the City Council last Wednesday night as the new Police Chief of Clarendon. This is the first time a full time Chief of Police has been named for our little City as these duties have been handled in the past by a City Marshall or in conjunction with the Precinct 2 Constable position. Constable R. C. Hill resigned his connection with the City in December.

Chief Gerdes took his oath of office last Thursday morning. He has been a peace officer for several years, having served on the Security Force at West Texas State University the past two years and prior to that time as a Sheriff's Deputy of Swisher County. It was while serving in this capacity that he received the Abe Suzzman award for police work in Swisher County in 1960. This is the highest award of this nature in the state.

Chief Gerdes is married and has a son, Bobby Darrell, age 6. They are making their home in the C. W. Bennett Jr. place in south Clarendon. The Leader joins other residents in welcoming this new family to Clarendon.

## W. H. Clay Buried In Quail Cemetery Sat.

W. H. (Bill) Clay, 67, a resident of the Quail community, died Thursday in Hall County Hospital at Memphis.

Funeral services were held Saturday afternoon in the Quail Baptist Church with the Rev. Vick Johnson, pastor, and Elder L. J. Crawford and Elder Elvis Pitts officiating. Burial was in Quail Cemetery.

Mr. Clay, a farmer, was born in Jack County and had lived in this area since 1917. He was active in Farm Bureau affairs, had served as a school trustee for 25 years, and was an ASC committeeman. He was married to Mary Burdine, October 22, 1922.

Surviving are his wife; a son, Alvie Clay of Amarillo; four daughters, Mrs. Addie Rene French of Chino Lake, Calif., Mrs. Mildred Langley and Mrs. Ayrilla White of Quail, and Mrs. Peggy Dawson of Amarillo; six sisters, Mrs. Lena Young of Lamesa, Mrs. Hassie Arnold of Tucumcari, Mrs. Adele Burdine of Melrose, N. Mex., Mrs. Alta Tyler of Muleshoe, Mrs. Shirley O'Hair of Quail, and Mrs. Cha Smith of Wellington; two brothers, Horace of Quail and Herbert of Muleshoe; also nine grandchildren.

## Last Rites For W. H. Adams Held In Memphis Church

Last rites in memory of Harvey Wellington Adams were held in the First Baptist Church in Memphis Sunday afternoon, February 7, with Rev. Bert Glascock, pastor, officiating. Burial was in Citizens Cemetery in Clarendon under the direction of Murphy Funeral Home.

Mr. Adams, age 76, died Saturday after an illness of about a year. He was a former resident of the Naylor Community. He has been a resident of Memphis since 1952 and was a member of the Memphis Baptist Church.

Surviving are his wife, Mrs. Maude Adams of Memphis; one daughter, Mrs. Estell Moreau of Amarillo; two sons, E. L. and J. C. Adams, both of Amarillo; five grandchildren and one great grandson.

Leader Classifieds Get Results

Coach Charlie Sullivan's High School Broncho basketball squad has a cinch on a tie for district honors and can nail down the district title Friday night by defeating Wellington in the last regular conference game.

After defeating Canadian Tuesday night, the Bronchos now have an unblemished record in conference play while Wellington has lost one game.

The Wellington girls team has already sewed up district honors with a two game lead and only one game to be played which will be against the local girls Friday night.

The games Friday night at Wellington will begin with the girls game at 6:30 p.m. Clarendon fans are urged to turn out in full force for this game and help give the local team the support they need to carry them on to victory. Make your plans now to go to Wellington Friday night.

In games played this past week the boys defeated McLean 60-58 in a close one last Friday night. Archie Smith was high with 25 points. In the girls game, the locals won 41-26 with Dorothy Richey high with 28 points.

Tuesday night, the boys defeated Canadian 62-37 with David Mooring high with 20 points. The girls defeated the Canadian girls 57-27 and Dorothy Richey was high again with 25 points.

## Services For F. C. Paulk To Be Held Friday

Funeral services for Floyd C. Paulk will be held Friday afternoon at 3 p.m. in the First Methodist Church with Rev. Bob Ely, officiating. Burial will be in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

Mr. Paulk, 73, died at his home here Wednesday morning following a lengthy illness.

Mr. Paulk moved to Donley County in 1938 from Dallas. He operated a service station business here for several years before his retirement. He was a member of the First Methodist Church.

He is survived by his wife, Ivy Paulk of Clarendon; three daughters, Mrs. Eva Shropshire, Mrs. Oma Jacobs, Mrs. Ara Bogue, all of Amarillo; four sons, Oby of Dallas, Ira of Amarillo, Ray of Dalhart and Leo of Borger; five sisters, Mrs. J. B. Spradling, Mrs. Lottie Smith and Mrs. Laura Snell, all of Dallas, Mrs. Gertie Martin of Greenville and Mrs. Donie Burton, Water Valley, Texas; two brothers, Louie Paulk and John Paulk, Athens; twenty seven grandchildren and 14 great-grandchildren.

Pallbearers will be Leonard Putman, Bill Lowe, Dick Valance, Lloyd Carmichael, Bob Kidd and J. R. Brandon.

## DOGETS TO SPONSOR VALENTINE DANCE

The Clarendon College Dogets are sponsoring a Valentine Dance to be held at the Canteen, Thursday evening, February 11. Dancing will begin at 8:30 p.m. Everyone is invited to attend.

Admission of \$1 per person will be taken at the door. Music will be furnished by the popular Velasquez Brothers of Wheeler, Texas.

**THE EQUITABLE LIFE ASSURANCE SOCIETY OF THE UNITED STATES**

FARM LOAN SERVICE

1285 Avenue Of The Americas, New York 19, N. Y.

January 29, 1965

Mr. J. P. Pool  
P. O. Box 292  
Clarendon, Texas

Dear Mr. Pool:

Each year ten loan correspondents from the Dallas Regional Office are selected by Mr. Stafford for the Top-Ten Honor Roll. I am pleased to announce that you have been chosen to receive this recognition for the outstanding cooperation you have given the Farm Mortgage Department during the past year. I wish to add my personal appreciation for your efforts and assure you that your association with the Society is highly prized.

Farm debt increased again in 1964, with the demand for mortgage loans maintaining the strength of recent years. Equitable's farm loan advances during the year topped the \$100 million mark for the first time, with new funds advanced reaching \$113.2 million, about 20% above its advances in 1963. Repayments received totaled \$65 million, resulting in a net investment gain of \$48.2 million. At the end of 1964 Equitable's outstanding farm and ranch loan investment stood at \$592 million.

As you know, this has been a period of growing capital needs for your farm and ranch customers. Your efforts toward helping them secure long-term credit fulfill an important service to them as well as to your community. Much of the credit for Equitable's continued progress in helping to meet the increasing financial needs of agriculture can, in fact, be attributed to your loyal and substantial contribution.

In the near future our appraiser will present you with a gift and an award certificate as an expression of our gratitude for your assistance in making 1964, a very successful year for the Farm Mortgage Department. You can be proud of your performance as a loan correspondent, and I am certain your community will be interested to learn of the award which you have earned.

Best wishes for a successful 1965.

Sincerely yours,  
E. E. McLean  
Vice President

#### CALENDAR

February 11—F.T.A. Teachers Tea, 4 p.m. Library  
 February 12 — Clarendon vs. Wellington, there, 6:30 p.m. B.B.  
 February 18—Local Unit TSTA, Cafeteria, 4:30 p.m.

#### THE SCHOOL LIBRARY

The Library is improving each day. This week three new unabridged Webster Dictionaries were added. Since September 1, 1964 there have been 503 volumes added. Most of these are new titles.

We wish to thank Terry Moore for the donation of 29 paper back books. The students will enjoy every one. Thanks to Mrs. Jean Moore for donating every issue of Reader's Digest for 1964.

"The student body and teachers

have made the Library a pleasure," said Mrs. John Justice, Librarian. She reported the Library being used more and more each day. Our circulation will average about 125 books each day in addition to reference work and reading of periodicals.

Mrs. Justice said, "The memorial list of books is appreciated. There have been books added which could not have been added otherwise. Thanks to all of the people who have participated in this program."

The public is invited to see our second year Library.

#### SENIOR PERSONALITIES

Karen Marie Hill was born February 24, 1947 in Memphis, Texas. She is now 5'4" and has black hair and brown eyes. She plans to become a housewife. Her pet peeve is boys who get drunk and her favorite record is "I'll Be There" by Jerry and the Pacemakers. Doris Day and Jack Lemmon are her favorite stars and her favorite movie is "Imitation of Life."

Mexican food is her favorite food and light green is her favorite color. She says her happiest moment will be when she receives her high school diploma. Her ideal boy is 5'7", has blonde hair, blue eyes and goes by the name of Wayne Lewis.

Ronald Clay Longan was born September 3, 1946 in Clarendon. He stands 5' 10 1/2" tall, has brown hair and green eyes. He says he would like to become a ranch manager. He plans to go to Clarendon Junior College two years

PASS THE AMMUNITION—Cases of blank ammunition are readied for loading aboard a CV-2 CARIBOU at a logistical base near Fort Gordon, Georgia. The 10th Air Transport Brigade is flying support for Exercise AIR ASSAULT II. More than 500 aircraft have taken part in the month-long maneuver involving some 32,000 troops.

and then to Texas Tech for two more years. Getting beat at something is his pet peeve. For recording artists he favors Rickey Nelson, Al Hirt and the song "Dear Heart." His favorite TV Star is Fess Parker and his favorite movie—haven't seen one that I liked—he says. Ro's and fruit cake are his favorite foods; red and blue his favorite colors. He says the happiest moment in his life will be when he gets out of college and on his own. As for his favorite girl—blonde hair, blue-green eyes, 5'2", very nice person and very good looking.

**N ONLY 40 YEARS**

We have lived in the jet age of international travel long enough to take it for granted. To the younger part of our population there's nothing at all remarkable about being able to go almost anywhere in the world in a matter of hours.

Yet, strange as it may seem to those whose memories do not go so far back, the first successful round the world flight took place only 40 years ago—a mere tick of the clock as history runs. A venture of the Army Air Service, it began on St. Patrick's day, 1924, at a California field. It ended six months and six days later, on September 23. Actual flying time for the 25,553 mile flight was 371 hours, which works out to the then respectable speed of about 70 miles per hour. All the rest of the time was accounted for by repairs and maintenance and other delays.

This was a great achievement which was to have a far-reaching significance. As Rolla Crick writes in the Portland, Oregon Journal, "The feat demonstrated that world air travel was feasible and it gave the fledgling American aircraft industry a boost at a critical period. . . . Too, it stimulated the public imagination and more and more people looked ahead to the day when they would be able to cross the ocean and continents by air. Soon our own international airline, Pan American, began blazing new trails to other lands, with a pioneering spirit that has never faltered.

Now we can travel 30,000 feet or more above the earth at 600 miles an hour in complete comfort. This is, indeed, an extraordinary age.

Gale winds range in speed from 39 to 46 miles per hour.

## Les Beaux Arts Club Meets At Club House

Les Beaux Arts Club met Friday afternoon at Patching Club House. Mrs. H. S. Hardin and Mrs. Frank White, Jr. were hostesses. Due to the absence of the president, Mrs. W. J. Lewis, Jr., Mrs. John Bass presided. Meeting was opened with Club Collect read in unison. After hearing Mrs. Glen White's report as secretary of the Club House Board, the club voted to pay \$20 on the upkeep of the Club House building. Mrs. Fred Clifford and Mrs. Morris Ledger were elected to active membership.

Mrs. Gene Alderson, Mrs. Tom Cook, and Mrs. Joe Lovell were asked to serve on a committee with others to investigate possible use of the old school buildings as municipal buildings. The program, titled "Art in Pewter," was presented by Mrs. E. O. Simmons. She gave a very interesting discussion and showed examples of antique and modern art in Pewter.

During the social hour refreshments were served from the dining table which was laid with a red cover and centered with an arrangement of red carnations. Mrs. John Bass presided at the silver service.

Attending were visitors, Mrs. Glenn White and Mrs. Heckle Stark; also members Miss Mable Mongole and Mesdames John Bass, Stina Cain, Tom Cook, W. K. Hardin, Joe Lovell, Lee Palmer, Tommie Saye, Forrest Sawyer, E. O. Simmons, J. D. Swift, W. C. Thornberry, C. T. McMurry, and the hostesses. —Rep.

Miss Mable Mongole visited the first of the week with Miss Helen Green at Dallas.

## MARTIN QUILTING CLUB

The Martin Quilting Club met Thursday, February 4th, in the home of Mrs. Dorotha Lee Reynolds. One quilt was quilted. Several received Valentine gifts. Those present were Hazel Edens, Lorene Helton, Blanche Higgins, Oddie Moss, Edna Osburn, Lois Stevenson, Annie Waldrop, Margaret Waldrop, Rosa Lee Watson, Velma Hearn, and the hostess. Visitors were Etta Moss, Flossie Reynolds, and Veta Tims.

Our next quilting will be Thursday, February 18, at the church. Everyone bring a sack lunch. —Rep.

## SURPRISE BIRTHDAY PARTY

Mrs. Mary Siddle entertained her sister, Mrs. S. J. Braddock, with a surprise birthday party in their home Wednesday, February 3rd. It was Mrs. Braddock's 84th birthday.

Those attending for lunch were Mrs. Della Smith, Mrs. Lou Watts and Buttons of Clarendon; Mrs. Frankie Adams, Mrs. Marie Howell and Doug of Amarillo.

A good time was had by everyone and all wished Mrs. Braddock a happy birthday and many more. —Rep.

## ASHTOLA NEEDLE CLUB

Ashtola Needle Club met February 4th. Cookies, tea, and coffee were served to nine members and one visitor.

Mrs. Bennett of the Fairview Community in Armstrong County showed Tupperware.

The next meeting will be February 18 when we will have an all day quilting. Everyone come and bring your thimble, needles and a covered dish. —Rep.

Leader local rate, \$3.50 a year

## GOLDSTON QUILTING CLUB

The Goldston Quilting Club met February 4th with Blanche Gray as hostess. Refreshments of coffee, punch, cake, and nuts were served by the hostess to Quata Phillips, Joy Roberson, Minnie Roberson, Bonnie Davis, Mazie Eichelberger, Nina Dale, Irene Pritchard, and Nora Helm. One quilt was finished. Irene Pritchard received a pollyanna. Next meeting will be with Bonnie Davis, February 18th. —Rep.

## CLINICAL FELLOWSHIPS GIVEN TEXAS DOCTORS

Ten Texas physicians have been awarded Clinical Fellowships and two advanced Clinical Fellowships by the American Cancer Society for 1964-65, it was announced today by B. L. Aro-noff, M.D., President of the Texas Division of the Society.

The Fellowships, which provide specialized training in cancer diagnosis and treatment, were awarded at mid-year to 245 young doctors and dentists in residency training programs at medical and dental schools and hospitals throughout the country.

"Objective to the Society's Fellowship program," Dr. Aro-noff said, "is to make available to more communities the latest techniques in cancer diagnosis and treatment." He called it a major factor in the Society's effort to save the lives of some 90,000 people who die each year because their cancers were not diagnosed in time and properly treated, and to ease suffering of cancer patients.

Currently the Society is spending more than \$1,000,000 on its Clinical Fellowship program.

The second year Advanced Clinical Fellowship went to Dr. Robert F. Jones, Department of Surgery, University of Texas Southwestern Medical School, Dallas, and the first Advanced Fellowship was given to Dr. Julian P. Smith, Department of Gynecology, University of Texas M. D. Anderson Hospital and Tumor Institute, Houston. A second year Advanced Fellowship provides a stipend of 8,000 and a first year \$6,000.

Ten Clinical Fellowships, carrying a stipend of \$3,600 each, were

awarded to five Texas institutions, which in turn appointed the individual Fellow. They are Baylor University Medical Center, Dallas, Dr. Kent Smith, Department of Pathology; M. D. Anderson Hospital and Tumor Institute, Drs. Jiau Shia Chiu and Daniel Somuano, both of the Department of Medicine, Dr. Michael Kornhauser, Department of Pathology, Dr. Ayten Cangir, Department of Pediatrics, and Drs. Darrell B. Wiley and Malcolm J. Thomas, Jr., both of the Department of Surgery; University of Texas Medical Branch, Galveston, Dr. Lowell E. Bast, Department of Surgery; and University of Texas Southwestern Medical School, Dr. James C. Terrell, Jr.

The Society's Clinical Fellowship program was started in 1948 with 19 young physicians. Since then, Dr. R. N. Grant, Director of Professional Education of the American Cancer Society, reports that more than 1,600 doctors and dentists have received training under the Fellowship Program. He said, "Many lives are being saved and much suffering is avoided because of the availability of these clinicians trained in diagnosis and treatment of cancer."

## TO THE PEOPLE OF THE 18th DISTRICT

By Congressman Walter Rogers

### CHEAP POLITICAL DEMAGOGUERY

I addressed my colleagues in the House of Representatives last week after I learned that I, along with other Democrats who serve in the House, had been subjected to a vicious personal attack in a press release issued by the Republican Congressional Campaign Committee. The press release, by rank distortion of fact and callously twisted conclusions, attempted to impugn the patriotism of those Members of Congress who differed with the primary GOP "party line" to embarrass the President of the United States at every turn regardless of cost. I made it clear in my remarks to

the House that I resent these tactics, that I mean to oppose them down the line, that I mean to expose the vileness of such smears.

My remarks, spoken before the House, are as follows:

Mr. Speaker, I have in my hand a newspaper release of the Republican Congressional Campaign Committee, which is one of the lowest, most reprehensible, most contemptible acts of any individual or group in my knowledge. The release is headed, "GOP Criticizes Rogers for Vote to Help Nasser." The release quotes Bob Wilson of California as stating that I voted against the best interests of the United States and on behalf of a Middle East dictator. This statement and conclusion I brand as a deliberate lie, and I would include in that category anyone of the Republican Congressional Campaign Committee who was associated with this action or knew about it. In my opinion the only thing lower or more contemptible than the act itself would be the people responsible for it. It was, without a doubt, the most irresponsible, unconscionable, and fraudulent act that I have witnessed in my experience since I have been a Member of the Congress of the United States of America.

The smear campaign that is being carried on by this Republican Congressional Campaign Committee, including Bob Wilson, its chairman, would exhibit at least some semblance of honesty, decency, and gentility by ceasing and desisting from this sorry practice that so resembles the Communist propaganda methods. However, if it is war they want, and they intend to continue their attempts at character assassination and to try to drag the names of Members of this Congress into the dirt, then I here and now serve notice on them that it is war they will have.

The truth about the vote on House Joint Resolution 234 is quite simple. It was a resolution making supplemental appropriations for fiscal year ending June 30, 1965, for certain activities of the Department of Agriculture. A Republican amendment was

offered to the resolution which had all the earmarks of the rawest kind of political demagoguery, and in my opinion was designed for the sole purpose of trying to embarrass the President of the United States in the eyes of foreign nations, both friendly and hostile. The amendment had nothing to do with foreign aid but was confined to the question of sale of surplus farm commodities to the United Arab Republic for local currency. The foreign policy of this Nation is vested in the President of the United States under the Constitution. The sale of surplus farm commodities, on which this Government is paying storage, has been provided for under Public Law 480. This authority has been used as a weapon in foreign policy to get hold of local currencies without this Country needing to use up any of its gold reserves for that purpose. The availability of local currencies to our Government is most important in dealing with all foreign nations. If we can obtain these currencies without spending gold, our position is strengthened and the drain on our gold reserve is reduced. The entire political situation in the Near East is highly explosive and must be dealt with on a day-to-day basis by the President of the United States. Not only the security of this Nation is involved, but also millions and millions of dollars of United States private capital investments. The Communists have long sought to gain control of the vast oil reserve under the control of the Arab countries. Nothing would please Nasser better than to be afforded a propaganda weapon which he could use to solidify the entire Arab world against the United States and subsequently justify himself in expropriating properties belonging to private investors of this Country, turning these over to our Communist enemies, closing the Suez Canal and helping the Communists to gain additional power on the continent of Africa. This is also a weapon that could also be used and no doubt would be against the Country of Israel and Jews all over the world.

In my opinion the amendment that was offered was designed not only for the purpose of embarrassing the President of the United States in the eyes of all foreign countries, but would take away from him a weapon that has been most effective in our conduct of foreign affairs and hand this weapon and more with it over to an untrustworthy, irresponsible, and despicable dictator in the Mid-East. The vote on the amendment to House Joint Resolution 234 called for a choice between the President of the United States and Abdel Gamal Nasser, a Mid-East dictator. Anytime this choice is offered me my vote will be cast for the President of the United States and his country, and let the chips fall where they may. If my Republican friends want to demagogue I would not deny them that right. However, I would hope in the future that they do not demagogue with the security of this country or the private interests of United States citizens abroad.

WALTER ROGERS  
Member of Congress  
18th District, Texas

## SCHOOL CAFETERIA MENU

## STATE CAPITAL Highlights AND Sidelights by Vern Sanford

Education still rates top priority in the State capital. But it was viewed in a new light after Governor John Connally revealed his program to the State Legislature.

Connally took the suggestions of his Committee on Education Beyond the High School that a strong coordinating board be created to administer State colleges and universities. He adopted its plan to put public junior colleges under that board and then told the Legislators the State should assume full financing of instructional costs of junior college academic programs.

**THREE - BOARD COLLEGE SYSTEM** - Real surprise in Connally's approach to higher education came in his proposal that all existing college and university boards of regents be abolished and the higher education institutions be regrouped into three systems.

Even this idea held an added surprise, since Connally recommended establishment of an agricultural and technical university in San Antonio, to serve all of South Texas.

Under the three system approach, there would be a University of Texas System composed of the University of Texas in Austin, Texas Western College, Arlington State College, North Texas State University, Texas Woman's University, University of Houston, Texas Southern University and all medical and dental units.

Texas State University System would consist of A&M University, Texas Technological College, PrairieView A&M College, Tarleton State College, Lamar State College of Technology, Texas A&I College, and the proposed San Antonio University.

A State Senior College System would include Midwestern University, Pan American College, East Texas State College, Sam Houston State Teachers College, Southwest Texas State College, West Texas University, Stephen F. Austin State College, Sul Ross State College and Angelo State College.

**ADULT ILLITERATE CLASSES** - Going from higher education to the most basic sort of education, Connally told the Legislature that 13 percent of the

citizens in Texas over age 25 are functionally illiterate.

He recommended that this situation be met with a program administered by the Texas Education Agency under the Poverty Act. It would offer basic education courses in public schools to at least 10,000 functional illiterates each year.

Governor also asked that vocational and technical education programs in public schools and junior colleges be stepped up to meet coming employment requirements.

**TEACHERS' PAY** - Connally by-passed a bill by TSTA designed to raise minimum teachers' pay by \$45 a month. Instead, he endorsed a plan already in the form of a bill by Sen. Jack Strong of Longview. It provides for step-wise raises, with sizable pay increases for experienced teachers, and up to maximum teachers pay some \$650 a year.

His recommendation that teachers be allowed to take summer graduate work at State colleges and universities, free of tuition, received big applause.

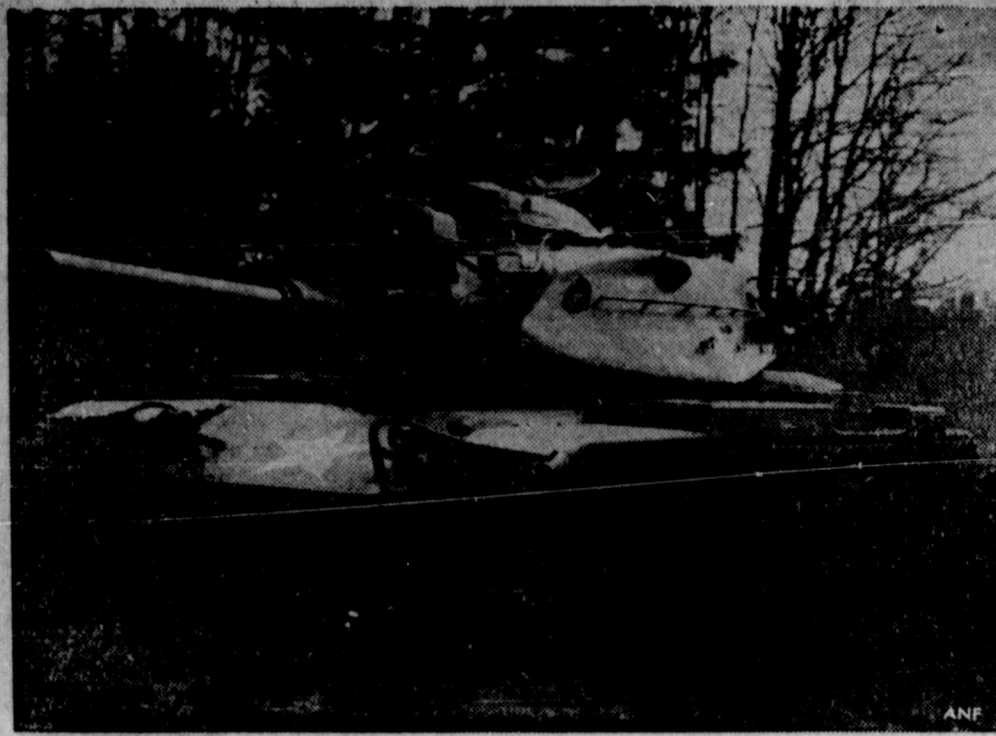

**WATER PLANNING** - Connally adopted the Texas Research League's design for a master State water plan and expanded powers of the Water Development Board. Next day, he requested a \$290,000 emergency appropriation to get the project underway.

He also asked the Legislature to pass bills enabling the Water Development Board to make loans for local development of underground water resources.

**OTHER RECOMMENDATIONS** - Governor Connally came out strong for drivers education programs in all schools, to be directed by the Department of Public Safety.

He urged passage of an Industry Safety Act; a one-cent cigarette tax increase in 1966; abandonment of the state property tax in seven years; support of the pooling of separately-owned oil and gas interests in a common reservoir; poll tax repeal; and legal rights for women.

Then he asked the Legislature to revise the 1963 Election Code and take out the provision denying the right to vote to those who move their legal residence from one county to another during the

**MUD PUDDLE** is no obstacle to the M-60A1 tank as men of the 34th Armor, 4th Infantry Division put the tank through road tests at Fort Lewis, Washington. The 52 ton goliath can ford water up to eight and a half feet deep when fitted with special equipment. Firepower consists of a 105 millimeter cannon, one .50 caliber and one 7.62 millimeter machine gun. Powered by a 750 horsepower diesel plant, the tank has a range of 250 miles and a top speed of 30 miles per hour. Chrysler Corporation is the prime contractor.

six months prior to an election.

Last, but not least, Connally recommended that election laws be changed to provide that the Governor and other state officials run for four-year terms, instead of two-year terms.

**HOUSE COMMITTEE** - Speaker Ben Barnes re-assigned Rep. Bill Healy of Paducah as Chairman of the House Committee of Appropriations and Rep. Ben Atwell of Dallas to the House Committee on Revenue and Taxation.

One of the most-thankless jobs, chairmanship of the Congressional and Legislative Districts Committee, went to Rep. Gus F. Mutscher of Brenham.

Rep. Dick Cory of Victoria will head the State Affairs Committee. Rep. Maurice Pipkin of Brownsville was named chairman of the Committee on Commerce and Manufacturers. Representative Pipkin also is vice-chairman of the Appropriations Committee.

Rep. Bill Dungan of McKinney was named chairman of the House Agriculture Committee; Rep. Bill Clayton of Spring Lake, Chairman of the Aeronautics Committee; and Rep. Menton Murray of Harlingen, chairman of the Committee on Conservation and Reclamation.

**LIQUOR BILLS** - Rep. Jake Johnson of San Antonio offered three rivals to the bill backed by Texas Restaurant Association to legalize the sale of two-oz. bottles of alcoholic beverages to diners.

Johnson introduced an "open saloons" bill, a straight across-the-bar drink measure and a small bottles bill for bars serving no food.

Two other legislators, Rep. Paul Haring of Goliad and John Traeger of Seguin, offered bills which would make it illegal to buy liquor for anyone under 21.

**HOUSE REDISTRICTING** - First measure to redistrict the the Texas House of Representatives has been unveiled by Rep. V. E. (Red) Berry of San Antonio.

Berry wants to take 20 House seats away from rural areas and give them to the metropolitan areas. Under his bill, Harris County would get eight more representatives; Dallas County, six; Bexar County, four, and Tarrant County, two.

Bill would match incumbent representatives from five districts in 1966 (if they want to stay in office): Jim Nugent of Kerrville vs. Terry Townsend of Brady; J. E. Ward of Glen Rose vs. Tom Holmes of Granbury; Bill Hollowell of Grand Saline vs. Jim Markgraf of Scurry; Lloyd Guffey of El Campo vs. Otha Birkenner of VanVleet; and Renal Rosen of Snyder vs. Roy Arledge of Stamford.

Berry aimed at 63,500 population per district with 10 per cent maximum variation.

**AG OPINIONS** - Atty. General Waggoner Carr has issued these opinions:

Jasper County commissioners court has no authority to call an election to abolish Jasper Hos-

pital District.

County Attorneys can represent themselves on trial of misdemeanor charges in other counties.

Classroom Teachers Association of Dallas is exempt from payment of franchise taxes as non-profit corporation limited to advancement of education.

A legislator employed on the Toledo Bend Project cannot re-

ceive his salary as an elected official but is not precluded from drawing expenses as a member of the Legislature and Texas Legislative Council.

Florida was purchased from Spain in 1819 for \$5,000,000.

It is better to use native shrubs for extensive plantings.

### TREATMENT OF LEUKEMIA

Treatment of acute leukemia in children - The remission rate (abatement of the symptoms of a disease) for children with acute leukemia is about 90 percent, and some 60 or more 5-year survivals have been reported. Complete remission can now be accomplished within a median time of 28 days. Without treatment, only 5 percent of children survive as long as one year. In the past, more than half of the stricken children died within four months. Much of the progress has been achieved through advances in the use of effective drugs in combinations and sequences. The same drugs given separately have been only partly effective.

Viruses and leukemia - Virus-like agents have been isolated from bone marrow samples of leukemia children and from those with other lymphoreticular diseases. When the agents were grown in tissue culture and injected into mice, changes were produced indistinguishable from mouse leukemia. A new vaccine against a virus which causes leukemia in mice has been developed. Three years ago, the first vaccine against a different mouse strain produced. The new vaccine differs from the first in that it has been produced from tissue cultures in test tubes, opening the way to mass produced vaccines.

Advances in radiation therapy - Localized Hodgkin's disease was treated with a six-million volt linear accelerator in one laboratory with nearly half of the pa-

tients in the study surviving free of disease for over five years. This suggests that at least some may have been cured. Another indication of the value of newer high-energy devices is among patients with head and neck cancer. The survival rate has doubled in the past 20 years. Inoperable lung cancer, usually fatal within six months following diagnosis, is also yielding to supervoltage radio-therapy in selected cases. Of 82 patients treated with high-voltage therapy, 48 survived more than a year. Twenty-four lived more than two years, and six were alive after five years.

Are we getting anywhere? The answer is YES!

Eggs offer outstanding nutritional value, and plentiful supplies point to the fact that they are excellent buys. Extension nutritionists and officials of the U. S. Department of Agriculture remind consumers. Buy them in quantity and use them generously in baking, the nutritionists say.

DETAILS GIVEN ON FIRST ANTI-POVERTY LOAN

The first loan to help a Texas low-income rural family raise their income and attain a better standard of living under President Johnson's War on Poverty Program was explained today by Lester J. Cappleman, State Director for the Farmers Home Administration.

Mr. Cappleman gave details on a loan being made to a family

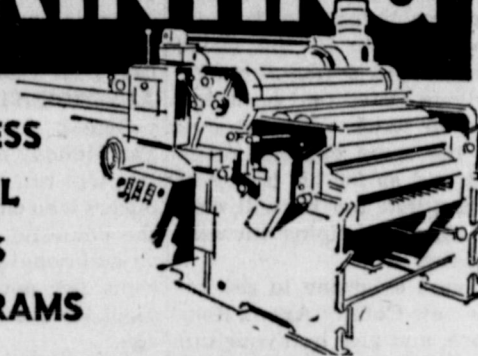

who operates a small farm near Long Branch, Panola County, which Secretary of Agriculture Orville L. Freeman today announced as one of eleven such loans being made throughout the country.

According to Mr. Cappleman, "The 1960 Agricultural Census showed approximately 375,000 rural families, both farm and non-farm, living in the country and in communities of less than 2,500 population, receive a gross income of \$3,000 a year or less from all sources. This means we have a real challenge in Texas in providing opportunities for these families to improve their level of living."

All of the loans bear a 4-1/2 percent interest. Economic Opportunity Loans may be made in amounts up to \$2,500 to finance small family businesses, trades, services, and farming enterprises.

Most thunderstorms generate in the daytime.

**Breedlove Expresses Appreciation**

Flip Breedlove, retiring after thirty years of service as County Agent of Donley County, takes this opportunity to thank all of the people in the county for the wonderful cooperation they gave him as County Agent.

In speaking of his retirement Breedlove said, "The success of the many programs in Agriculture, ranching and other types is due to the work and cooperation of the people of this county. If we have accomplished things in the past thirty years, it is certainly due to the efforts of every one, especially the committees that have helped to plan and execute the programs."

Continuing he said, "I certainly want to thank the Donley County Leader for printing our news articles, the Fair catalogues and the catalogues for the bull sale. This was of untold value in my work as County Agent. The same is true in regards to 'Cotton John' and his crew at KGNC and Channel IV-TV. Without all of this help our work would have been much harder. I can not thank every one enough for the excellent cooperation I have received, and my wife, Dorothy, and I want every one to know that we love living here because the finest people in the world are right here in Donley County."

Breedlove stated that he would continue to work with the bull sale in the same capacity as in the past and as for his hobby of barbecuing—that too he will continue along with helping out with civic affairs.

Flip urges everyone to get behind the new County Agent, Ronald Gooch, and give him your full support. He is a fine young man and is ready to help the people of the county in any way that is in his power.

Much of Breedlove's work from now on will be partially on

farms and ranches in his position as vice-president of the Farmers State Bank where he is ready, as always, to help you with your problems.

**FARM NEWS**

from County ASCS Committee

**FEED GRAIN SIGNUP**

Producers choosing to participate in the 1965 Feed Grain Program are now signing up at the Donley ASCS Office.

The program is basically the same as 1964. It is voluntary. It combines corn, grain sorghum, and barley into a single base. Participating farmers will qualify for diverted acres payments, price support payments, and will be eligible for price support loan.

The program is improved over the 1964 program by providing the opportunity for those complying in both the wheat and feed grain programs to substitute wheat for feed grain or feed grain for wheat. You must sign up to divert at least the minimum under both the wheat and feed grain programs to be eligible to substitute.

Those who signed up in the 1965 Wheat Program may revise their intentions anytime before March 26, 1965.

**COTTON DOMESTIC ALLOTMENT PROGRAM**

Signup for this program began Monday of this week also. It, too, will run until March 26. Producers who choose to comply with the domestic allotment will earn an additional price support of 4.35 cents per pound on the average yield for the actual planted acreage.

The provisions of this program have been revised. Only those farms on which the domestic allotment is smaller than the regular allotment will have to sign up before March 26. Small farms

(under 15 acres) in which the regular and domestic allotment are the same, are not required to sign up to be eligible for the additional price support payments.

Those farms signing up to reduce their regular allotment and comply with the domestic allotment must stay within the feed grain base for the farm.

**RELEASE AND REAPPORTIONED COTTON**

March 3 is the final date to release cotton acreage and also the final date to apply for additional cotton. Farmers who do not plan to plant all of their allotment, are urged to release such acreage to the County Committee, so that it may be reapportioned to farmers requesting additional cotton acreage. Cotton may be released for one year, or may be released permanently. Acreage reapportioned to other farms is on a year to year basis and does not affect the cotton history of the farm.

**Rep. Heatly Introduces Bill For Teacher Pay Raise**

The following is a statement by Representative W. S. Heatly, February 4, 1965.

I am today introducing a bill embodying Governor Connally's recommendations for a teachers pay increase. It is the companion to the bill introduced in the Senate by Senator Strong.

An excess of one-third of the total membership of the House have signed this bill as co-sponsors and many others have indicated their support.

I want to emphasize that this is a pay raise for teachers . . . not a delaying tactic, not a roadblock to anyone, and not an idle gesture. It is a bill designed to evaluate public education in Texas by attracting and retaining the experienced, skilled career teachers through higher salaries

and a continuing program of financial advancement.

The sponsors are confident that our bill will have the support of thoughtful educators who realize that Texas should attempt to correct first the great inequities paid for experience and training.

There have been considerable misinformation distributed about this pay plan. To clear the record, these points should be noted.

1. The minimum salary increases, the bill provides \$40,200,000 for the biennium, of which \$32,160,000 is state fund and \$8,040,000 is local fund assignments.

2. It provides \$2,400,000 in state funds to the teacher retirement system as a result of the increased salaries.

3. It provides \$10,000,000 in state funds for additional selective salary increases if matched

by the local districts.

4. It maintains the 80-20 ratio of state-local financing under the Minimum Foundation Program.

5. Whereas the state now pays the full cost of textbooks, the bill places this program under the Foundation program and its 80-20 ratio.

6. Whereas the state also pays the full governmental cost of teacher retirement (6% of total professional salaries up to \$8,400), the bill places this system in the Foundation program. As a result, the state share would be 4.8% and the local share 1.2%.

These two changes in the Foundation program would, of course, increase local participation in public school financing by approximately \$20 million for the biennium. I would point out to school trustees, however, that

textbooks and teacher retirement are as much a part of local school systems as teacher salaries, and there is ample justification that these costs be met on the same 80-20 basis.

I point out also that Governor Connally, on the sound theory that local government needs additional sources of revenue if it is to meet its responsibilities, has recommended repeal of the state's portion of the Ad Valorem tax. This bill also provides free tuition during the summer session at any public college or university for a teacher working toward an advanced degree.

Silk is obtained from several species of moth .

Seeds of the mistletoe are carried almost entirely by birds.

**FLYING GENERAL**—Maj. Gen. Delk M. Oden, right, discusses an air mobile operation supporting Republic of Vietnam forces with two Army aviators, Major Robert W. Huelmer, left, and CWO John W. Simpson, Jr. Commander of U.S. Army Support Command, Vietnam, General Oden is a rated Army aviator. Frequently he flies one of the helicopters supporting operations against the Viet Cong, and with his aide as co-pilot, flies the length and breadth of the Republic of Vietnam to coordinate activities of some 100 units under his command.

**CARDS OF THANKS**

We wish to express our sincere thanks to each and everyone who was so thoughtful during the illness and death of our dear husband and daddy. We appreciate the beautiful flowers, the cards, fine food, and your many prayers. May God bless each of you. The family of W. H. "Bill" Clay

It is with a deep feeling of gratitude that we take this means of expressing our appreciation for the many kindnesses shown us in the loss of our home by fire. We sincerely thank everyone for the many lovely and useful gifts we have received and especially those in the Chamberlain Community for the miscellaneous shower. Your thoughtfulness will always be remembered. Johnie Linville and family

**LIBRARY NOTES**

EDITH BARNES

A memorial gift has been given to the library dedicated to the memory of Mrs. Burlie Goldston. Right now there is quite a stew going in the literary world over

a new book "Hurry Sundown" by K. B. Gliden. It was only published about three weeks ago yet is already in its fifth printing. A book simply has to have something to have sold that many copies in that short span of time. A couple of weeks ago the Fort Worth paper said Otto Preminger has paid over \$700,000 for the

movie rights. "Life" puts it at a more conservative \$500,000 and that isn't exactly chicken feed. "Hurry Sundown" is a big book; in fact ours at the library is in two volumes. Our only reader of it or rather them so far has this to say and I quote: "Hurry Sundown" was a very good-although one has to wade through a lot of detail-in-

teresting story for me. There are a few too many characters to keep up with." One blurb goes so far as to say that it has the sweep of "Gone With the Wind" and the spirit of "Grapes of Wrath." Maybe so but that is a pretty strong statement only time will tell us if it is true or not. Quoting: "The first, and perhaps the final, response of any reader will be that "Hurry Sundown" is altogether a complete novel. It is strong in character, scene, theme and mood. It is noble in intent and true in result. It is written with taste and skill and undeniable devotion. It is, we feel sure you will agree, something special."

Also, we were blessed with a long letter from our preacher friend from up Wisconsin way. Rev. Mills is past eighty years and still active as a mountain trout. He preaches, is a gifted musician, operates a ribbon book mark printing shop and even writes poetry as you will see by the following. We were deeply impressed by this tribute which he wrote and mailed to Mrs. Winston Churchill;

**HE HAS GONE THE LAST MILE OF THE WAY**  
By Rev. Evarett Mills  
(A tribute to Winston Churchill)  
He has walked in the pathway of duty.  
He has toiled to the close of the day.  
The Prince of Peace he will meet in His beauty.  
He has gone the last mile of the way.

For his country he has earnestly striven,  
And has tried all it's way to obey.  
Now his soul has gone back to it's maker,  
He has gone the last mile of the way.  
He has gone the last mile of the way,  
Now he rests at the close of the day  
There is a glorious reward that awaits him-

of his last talks we liked this gem;  
"A man is what he is, because he was what he was."  
Speaking of Mr. Potts; he disagrees with the popular ad which says; "There is more iron in a tablespoon of beep-beep than in a whole pound of calf's liver... Tomie doesn't think this liver came from a Hereford calf or they couldn't make that beep beep statement....  
We can never appreciate the safe hold of the anchor unless we have known the cruel pull of the storm.  
Good horse sense is the product of a stable mind.  
Attend the church of your choice.

We like the good humor and common sense philosophy of our friend Tomie Potts of Memphis, Texas... He is and has for a long time been active in the work of the Hereford Breeders Association and raises some of the best "what am" for himself. From one

Uncle Jab Bob says we can learn a good lesson from the teakettle; when are up to our neck in hot water we can SING.

WEST GAS CO.

**If you're going to enter something like the Pure Oil Performance Trials, you might as well do it to win.**

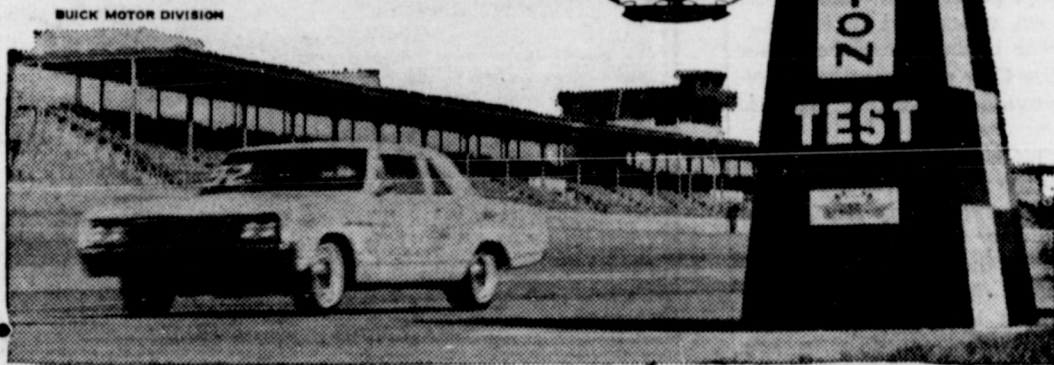

**So we did. Class IV—won by Buick Special.**

Down at Daytona Beach, we gave everyone another look at Buick's "Win Policy". A V-8 Buick Special won over stiff competition (sorry, boys!) in Class IV—in the 1965 Pure Oil Performance Trials. The winning Special was equipped with our 300 cubic inch Wildcat 310 V-8 and Super Turbine Transmission.

Remember that the drivers in the Performance Trials are skilled professionals, and the cars finely tuned standard production models. (If it can be said that the Special is "Standard" anything.) Also remember that the trials are an exhausting, carefully graded test of a car's all-around ability. In economy, acceleration and braking. Small wonder the Special came out on top. Handsomely.

(The specific detail? Our hero averaged 20.689 mpg in economy, to score second among 10 cars. It accomplished the acceleration test—from 25 to 70 mph—in 9.315 seconds, for a fifth. And took another second in braking from 65 to 0 mph in 172.0 feet. The cumulative result: we won all the marbles in Class IV.)

Now then, if you're going to enter something—like a car—you might as well do it to win, too. Your Buick dealer can introduce you to the driver's seat of a Buick Special.

**BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CLARENDON TEXAS:**

**SECTION 1.** There is hereby created the office of Animal Warden. The Animal Warden shall be appointed by the City Council and shall perform such duties and receive such compensation as shall be prescribed by City Council and this ordinance.

**SECTION 2.** It shall be unlawful for any person who owns, possesses or has the duty of caring for any animal, fowl or reptile in its natural state or any such animal, fowl or reptile usually confined to cages, pens or restrained by leashes, to permit any such animal, fowl or reptile to run at large on any public place or private property.

**SECTION 3.** The owner or other person having the responsibility of caring for any non-domestic animal, fowl or reptile shall not keep, maintain, or bring such animal, fowl or reptile within the corporate limits of the City of Clarendon, Texas except under conditions as shall be set by the Chief of Police.

**SECTION 4.** Any person who shall willingly or negligently fail to restrain by cage, pen, leash or other manner any animal, fowl or reptile shall be guilty of maintaining a nuisance.

**SECTION 5.** It shall be unlawful for the owner of any dog or cat to permit or allow such dog or cat to run or be at large upon any public highway, street, alley, court, square, park, sidewalk or other public land or public property within the corporate limits of the City.

**SECTION 6.** It shall be unlawful for the owner of any dog or cat to permit or allow such dog or cat to be at large upon any unfenced lot, tract, or parcel of land within the corporate limits of the City.

**SECTION 7.** For the purposes of this ordinance, the following words or terms shall have the meaning assigned to them in this section:

**At Large:** At large shall mean not under the control of the owner either by a rope, cord, chain or other suitable material attached to a collar or harness, or not restrained securely within an enclosure or fence.

**Person:** Person shall mean an individual, corporation, partnership or firm, whether composed of one or more individuals.

**Owner:** Owner shall mean any person owning, keeping, harboring, or having control of a dog, cat or other animal,

fowl or reptile.

**SECTION 8.** If any dog or cat within the city shall bite, scratch, or otherwise attack any person, and the person so attacked was not at the time trespassing on the property of the owner or person having control of such dog or cat, or if it cannot be proved beyond a reasonable doubt that the person so attacked was provoking or teasing such dog or cat, the Corporation Court of the City of Clarendon, Texas shall have the authority to order and hold a hearing and, if such Court shall determine at such hearing that such dog or cat is vicious or dangerous to persons or other animals the Court may order that such dog or cat be kept muzzled, or that such dog or cat be kept within a sufficient enclosure, or that such dog or cat be delivered to the animal warden to be destroyed.

**SECTION 9.** The act of permitting a dog to bark in such a manner as to unreasonably disturb the inhabitants of the community is hereby declared to be a nuisance.

**SECTION 10.** It shall be unlawful for any person to maintain or keep a dog or cat more than six (6) months of age on any premises within the corporate limits of the City, unless the dog or cat wears a collar or harness securely attached to its body to which should be securely attached a tag issued for the dog or cat by a licensed veterinarian, licensed to practice veterinary medicine in the State of Texas, showing that the dog or cat has been, within the current year, vaccinated against rabies as required by this ordinance and also securely attached to such collar or harness a license tag showing the dog or cat has been licensed by the Tax Collector.

**SECTION 11.** There is hereby levied on every dog and cat more than six (6) months of age, which is kept, harbored, or maintained by the owner in the corporate limits of the City, a license fee of One Dollar (\$1.00). Dog or cat license shall be issued by the City Tax Collector or by a veterinarian appointed for such purpose upon payment of the license fee and application made upon printed forms provided for such purpose which application shall state the name and address of the owner or keeper of such dog or cat and the name, breed, color, and sex of the dog or cat being licensed.

**SECTION 12.** Every person engaged in the commercial business of buying, selling, breeding, or boarding, or who owns, harbors or keeps three (3) or more dogs and/or cats in a kennel, shall pay an annual license fee of Ten Dollars (\$10.00), provided, however, that any person operating such kennels may elect to license dogs and/or cats as provided in this ordinance.

**SECTION 13.** Exemptions from licensing:

A. Hospitals, clinics and other premises operated by a licensed veterinarian for the care or treatment of animals are exempt from the provisions of the preceding article, except for such duties as are expressly stated.

B. The licensing requirements of this ordinance shall not apply to any dog or cat belonging to a non-resident of this City and kept within the City for no longer than thirty (30) days, provided all such dogs or cats shall at all times while in the City, be kept within a building, enclosure or fence or by restraint by owner.

**SECTION 14.** Upon payment of the license fee, the City Tax Collector or any other person designated by him shall issue to the owner of any dog or cat a tag for each dog or cat which is licensed.

**SECTION 15.** The City Tax Collector or any other person designated by him shall not issue any license or license tag for any dog or cat until the owner or person

in charge of such dog or cat shall have obtained and presented to such Tax Collector a certificate from a veterinarian, licensed to practice veterinary medicine in this state, that such dog or cat has been vaccinated for rabies during the year for which the license is applied.

**SECTION 16.** The City Tax Collector is hereby authorized to appoint a duly licensed veterinarian as deputy tax collector for the limited purpose of issuing dog and/or cat licenses under the supervision and direction of the tax collector. Such appointments shall be gratuitous and subject to all the provisions relating to the issuing of such dog and/or cat licenses.

**SECTION 17.** Each veterinarian appointed under the provisions of this ordinance shall account to the City Tax Collector periodically for all licenses issued and make remittance to the City Tax Collector for fees collected, at the times designated by such Tax Collector.

**SECTION 18.** Dog and cat license tags shall not be transferred from one dog or cat to another dog or cat, and it shall be unlawful for the owner or person having custody of any dog or cat to transfer such license tag from the dog or cat to which the tag was issued to any other dog or cat.

**SECTION 19.** The City Tax Collector or any other person designated by him is authorized to accept proof that a dog or cat has been vaccinated in the current year in another place rather than the City of Clarendon, Texas provided sufficient proof is given.

**SECTION 20.** It shall be the duty of the animal warden or any of his deputies or any city policeman on duty to seize or impound, subject to the provisions of this ordinance, dogs or cats found running at large in violation of this ordinance, whether in the immediate presence of the owner or custodian or otherwise.

**SECTION 21.** Any dog or cat found trespassing or running at large on any person's private property may be taken up by that person and delivered to the animal warden or his deputies; but no such person is authorized hereby to destroy such dog or cat, said authority for the destruction of any dog or cat being hereby specifically reserved to the

**CITY ORDINANCE**

(Continued from Page 10)

**SECTION 23.** The animal warden, his deputies and city policemen, are authorized to enter upon any unfenced lot, tract or parcel of land for the purpose of chasing and impounding any dog or cat running at large thereon.

**SECTION 24.** The animal warden or his designated deputies, upon receiving any dog or cat shall make a complete registry entering the breed, color, and sex of such dog or cat and whether licensed and the place and time of taking into custody. If the dog or cat has been licensed, he shall enter the name and address of the owner and the number of the license tag, and shall place a written notice in the mail to the owner thereof.

**SECTION 25.** It shall be the duty of the animal warden or any other person designated by him to keep a licensed dog or cat for a period of not less than five (5) days from the date of mailing notice to the owner as provided in Section 24 hereof. If, at the expiration of said five (5) days, such dog or cat has not been redeemed by the owner, it may be sold or destroyed.

**SECTION 26.** It shall be the duty of the animal warden to keep a non-licensed dog or cat for a period of not less than three (3) days from the date of impounding. If, at the expiration date of said three (3) days from the date of impounding, such dog or cat has not been redeemed, it shall be destroyed or sold as provided for in this ordinance.

**SECTION 27.** The owner of any licensed dog or cat impounded may redeem such dog or cat at any time prior to sale or destruction by the payment of One Dollar (\$1.00) impounding fee and One Dollar (\$1.00) per day for each day such dog or cat shall have been impounded, said impounding fee to double each time thereafter that the dog or cat may be impounded, in no event to exceed Two Hundred Dollars (\$200.00).

**SECTION 28.** The owner of any non-licensed dog or cat impound-

ed may redeem such dog or cat at any time prior to sale or destruction by having such dog or cat duly licensed, vaccinated against rabies and the payment of Two Dollars (\$2.00) impounding fee and One Dollar (\$1.00) per day board fee for each day such dog or cat shall have been impounded.

**SECTION 29.** At any time after the expiration of the period of time for redemption of an impounded dog or cat, as set out in this ordinance shall have expired, the animal warden or any person designated by him, may without further notice and without advertising in any manner, sell for cash, not to exceed expenses incurred, any dog or cat not redeemed or reclaimed. All dogs and cats not redeemed or claimed or sold after the period of time for redemption has expired, shall therewith be destroyed by the animal warden or any person designated by him.

**SECTION 30.** The owner of any dog or cat at the time it is impounded may, within thirty (30) days after such dog or cat is sold, redeem the same from such purchaser by paying to him the amount of purchase price paid by him to the animal warden and in addition thereto the licensing fee and vaccination charge, if any were incurred, and in addition thereto a charge of One Dollar (\$1.00) per day for the number of days from the time of sale to the date of redemption. At the end of thirty (30) days from the time a dog or cat is sold, the right to redeem shall expire.

**SECTION 31.** The animal warden or any person designated by him shall keep such records as are required to show in detail the disposition of all animals impounded and the money collected by him and such other records as are required by the City Council of the City of Clarendon, Texas. All money collected shall be delivered as required to the City Tax Collector, who shall deposit it to the general fund.

**SECTION 32.** Any person who shall interfere with or attempt to prevent the animal warden or

any of his deputies or any city policeman from catching or impounding any dog or cat running at large, whether on public or private property, shall be guilty of a misdemeanor.

**SECTION 33.** Any person who shall refuse to deliver any unlicensed or unvaccinated dog or cat to the animal warden or any of his deputies or any city policeman upon demand for impounding, shall be guilty of a misdemeanor.

**SECTION 34.** The owner of a dog or cat over six (6) months old is hereby required to have such dog or cat immunized against rabies by means of anti-rabies vaccine. The vaccination shall be administered by a duly licensed veterinarian. The veterinarian is to administer the vaccine and issue to the owner of the dog or cat a certificate of vaccination stating the name and address of the owner and the date of vaccination. The veterinarian shall also deliver to the owner of the dog or cat vaccinated a tag, on one side of which shall be stamped the words "rabies vaccine administered" or words of similar report, and the date of vaccination.

**SECTION 35.** When any dog, cat or other animal displays symptoms commonly associated with rabid dogs, cats or other animals, such condition of the animal shall constitute good cause for the animal warden or his deputies or any city policeman to reduce such animal to possession or cause the same to be done for observation.

**SECTION 36.** Whenever any person has been bitten by any dog, cat or other animal, the animal warden or the Chief of Police is fully authorized to order such animal to be impounded and/or quarantined for observation at such place as may be selected by the animal warden or Chief of Police.

**SECTION 37.** When any animal has been impounded by the animal warden or the Chief of Police, the animal warden or Chief of Police or any person

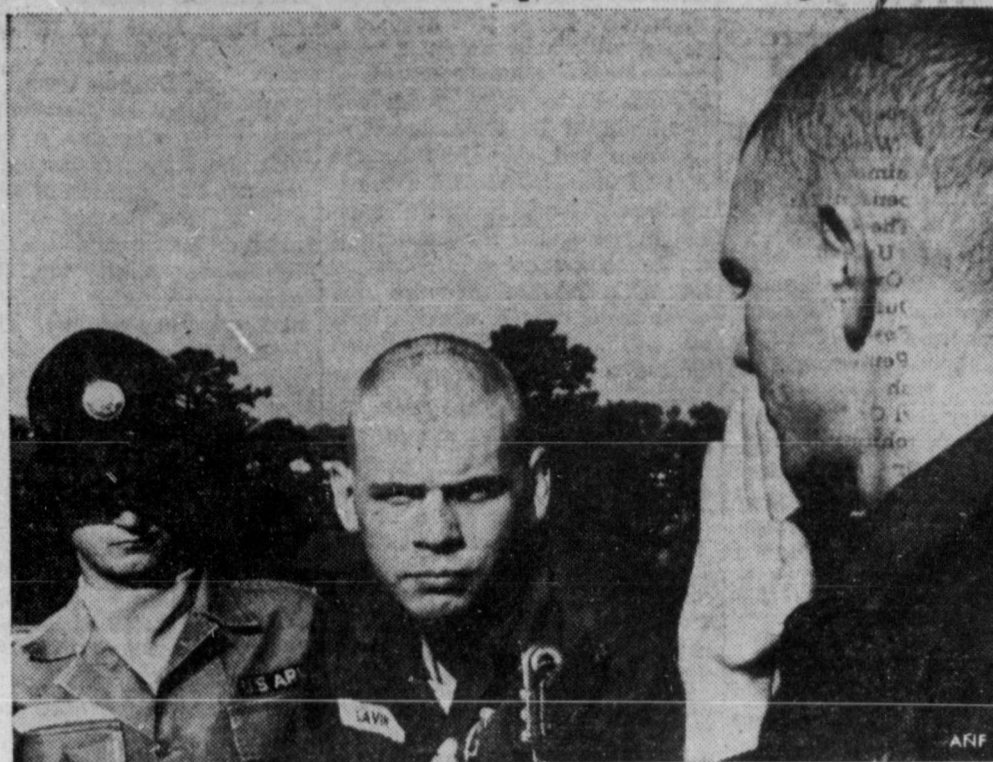

designated by them shall make such observations as are deemed necessary to determine whether such animal is infected with rabies. Such animal shall be kept for the purpose of observation for a period of not less than twelve (12) days from the date of confinement.

**SECTION 38.** If any animal impounded or reduced to the supervision of the animal warden or the Chief of Police or any person designated by them under the provisions of this ordinance, becomes restless, irritable, or shows signs of paralysis, it shall be killed under the direction of the animal warden, Chief of Police, or any person designated by them and the head sent to a proper laboratory for diagnosis.

**SECTION 39.** If at the end of the period of observation, any animal impounded under the provisions of this ordinance is normal and healthy, it shall be returned to any known claimant thereof, when a fee of Three Dollars (\$3.00) has been paid in full by the owner. When any dog or cat is impounded or otherwise retained for observation and tests for rabies or other diseases, and such dog or cat is currently not licensed or unvaccinated, such dog or cat shall not be returned to the owner or claimant at the end of the observation period unless such owner or claimant has caused the dog or cat to be duly licensed and vaccinated and fees therefor have been paid in full, as provided for in this ordinance.

**SECTION 40.** Whenever the animal warden or his deputies or any city policeman has good reason to believe that any dog or cat or other animal is infected with rabies, he shall notify the keeper, harborer, or person claiming any such animal of his belief and it shall thereafter be unlawful for any person having such notice to in any manner interfere with such officer or his authorized representative in taking possession of the animal for the purpose of examination to determine if such animal is in fact

**Recruits Learn Spirit of Bayonet**

**SHORT THRUST AND PARRY**—Drill Sergeant Donald Tucker (Barber, N. C.) observes as Private Lavin prepares to attack his unarmed opponent during bayonet training at Fort Jackson, S. C. The opponent will parry the thrust of the sheathed bayonet with his right hand and, provided he has learned his lesson well, take the weapon from Lavin, throw him to the ground, and deliver the "coup de grace." Bayonet training is extremely rigorous and builds skill, muscle, and confidence of the basic combat trainee.

infected with rabies or any other disease.

**SECTION 41.** When any person has been notified by the animal warden or his deputies or any city policeman that any dog, cat or animal in his possession or custody or control is infected with rabies, or is reasonably suspected of being infected with rabies, or any other disease, it shall be the duty of such person to immediately deliver such animal to the animal warden or to any person designated by him for the purpose of quarantining and observing of such animal.

**SECTION 42.** It shall be unlawful for any person to knowingly keep, harbor, or maintain any dog, cat or other animal within the corporate limits of the City which is infected with rabies, or to keep, harbor, or maintain any dog, cat or other animal after having been notified by the animal warden or his deputies or any city policeman that such animal is infected with rabies unless the animal is kept under directions and conditions required by the animal warden or the Chief of Police.

**SECTION 43.** Whenever in this ordinance an act is prohibited or is made or declared to be unlawful or an offense or a misdemeanor, or wherever in such ordinance the doing of any act is required or the failure to do any act is declared to be unlawful, where no specific penalty is provided therefor, the violation of any such provision of this ordinance shall be punishable by a fine of not exceeding Two Hundred Dollars (\$200.00), provided, however, that no penalty shall be greater or less than the penalty provided for the same or a similar offense under the laws of the State of Texas. Each day any violation of this ordinance shall constitute a separate offense.

**SECTION 44.** The sections, paragraphs, sentences, clauses, and phrases of this ordinance are severable, and if any phrase, clause, sentence, paragraph, or section of this ordinance shall be declared unconstitutional by a valid judgment or decree of a court of competent jurisdiction, such unconstitutionality shall not affect any of the remaining phrases, clauses, sentences, paragraphs, and sections of this ordinance.

**SECTION 45.** This ordinance shall be cumulative of all other ordinances upon the same subject.

**SECTION 46.** This ordinance shall take effect and be in force from and after its approval, passage and publication as required by law.

#### WHEN AND WHERE

**Phi Beta Lambda Hears**  
Walter B. Knorpp  
by Maudena Self

Mr. Walter (Buddie) Knorpp was guest speaker at a regularly scheduled meeting of Phi Lambda Chapter on Monday evening, February 1.

The Chapter thoroughly enjoyed Mr. Knorpp's lecture and presentation of old and modern money. There was a very good representation of Chapter members. Punk Campbell and Deanna Dean were guests.

#### Aggie Club Plans Rodeo

Plans for the Aggie Club rodeo have been approved and the date is set for April 23 and 24. Three performances will be held on

### Eanes Irrigation Service

Well Developing and Repairs  
PEERLESS PUMPS  
EDWIN EANES  
Naylor Route, Clarendon

Friday night at 8:00 P.M., Saturday afternoon at 2:00 P.M., and Saturday night at 8:00 P.M. respectively. There will also be a dance, to be held after the rodeo performances, with a good stomping western band. The rodeo will be produced by Glen Green of Amarillo and sponsored by the Aggie Club. The Athletic Department at the college will also assist in the rodeo. The purpose of the rodeo will be to raise money for Aggie trips, scholarships, and other functions. A queen's contest will be held to choose a rodeo queen.

Thirty-eight trophies will be given away, including one for the best points or time in each performance. Three average trophies will be given in each event for the over-all show. An all-around cowboy trophy and an all-around cowgirl trophy will be awarded. Two events must be entered for a participant to be eligible for the all-around trophies. The events will include bareback bronc riding, bull riding, tie-down calf roping, ribbon roping, barrel racing and pole bending.

Since this is our first attempt to have a rodeo, any Aggie Club member will certainly appreciate any advice or offer to help in any

**Plans Made For College Newspaper**  
by Deanna Dean

The campus at Clarendon College is buzzing like a beehive with the burst of activity being generated by a group of students who compose the newest organization on the campus—the College Newspaper Staff. The staff is made up of some twenty-two members, headed by Deanna Dean, freshman from Clarendon who has been chosen editor. Her assistants include Perry Gruhkey, sophomore from Adrian who is front page editor, James Boliver, sophomore from Hedley who will be in charge of the editorial page, Connie Williams, sophomore from Clarendon who will edit the society page, and Tommy Thompson, freshman from Sudan who will supervise the sports page.

A contest is now in progress for the purpose of selecting a name for the new college paper. The winning name will be selected by a committee of three faculty members, and the winner will receive two free tickets to the Barnhill Theater, courtesy of Mr. Gary Barnhill.

The staff announces that the first edition of the paper will be off the press by the first week in March, and asks for the support and cooperation of all students and staff members, so that this publication will be truly representative of the college as a whole.

#### THIS AND THAT

**Campus Chatter**  
by Steve Richerson

As I walk down the cheery halls of Clarendon College, I notice that not every student is all smiles. The question comes to mind—why does every one's face automatically sag just when he walks in the building?

The teachers all greet us with big happy smiles on their youthful faces. As we all get settled and begin to sing a few verses of "Good Morning, Dear Teacher," we realize how fortunate we are, and grin companionably as Punk Campbell and Johnny Glass present the teacher with an apple and a bouquet of golden sunflowers. As the day progresses, I notice down in the lounge, some sentimental sophs have carved their initials even deeper, and the freshmen stand by, awed by the "grandness" of the upperclassmen.

And of course everyone marvels at Jimmy Blackerby because somehow between trips to town, he has managed to pull a straight "A" average this year. It must make everyone's heart just burst with pride to see the long list of names on the Dean's Honor Roll.

And it must not be overlooked that the campus of Clarendon College is a favorite haunt of Dan Cupid, which calls for congrats to Anne and Wendell! But not everyone can be so lucky. With the ratio of sexes what it is, Mr. Cupid's skills are really tested. Oh well, that's life.

All this enlightening stuff, and still it isn't until the last bell rings on Friday that all the smiles get bigger and more genuine—I just don't understand it.

#### WHO AND WHAT

**Meet The Faculty**

Rev. W. R. Lawrence, pastor of the First Baptist Church in Clarendon, is the instructor of the Monday night Bible class. He has taught the series for ten semesters over a period of five years.

Rev. Lawrence earned his M.A. degree from Baylor University and holds a B. D. degree from Southwestern Theological Seminary. His major pastorates have been in Dalhart, Dumas, Lefors, and McLean, and for the last five years, he has been listed in "Who's Who of the Southwest." He is currently a director on the High Plains Baptist Hospital Board, a trustee of Wayland Baptist College, President of Pan Fork Encampment, and Treasurer of Panhandle Baptist Association. Rev. Lawrence is also a Lt. Col. in the Air Force Reserve, having served in active duty as a chaplain for six years in the Southwest Pacific and Korea, and has qualified as an Instructor in Military Reserve. He is very active in civic affairs, is a past president of the local Lion's Club, and is actively interested in Boy Scout work.

Rev. Lawrence's family consists of his wife, a married son and daughter who live in Amarillo, and four grandchildren. His hobbies include hunting and fishing, golf, and indulging the four grandchildren.

Ice almost two miles thick has been discovered in Antarctica.

**NATIONAL ELECTRICAL WEEK**  
FEB. 7-13, 1965

Things you rarely have to think about: sunlight, air, breathing and electricity!

Whether at 3 A.M. or 4 P.M., whenever you flip the switch, you find electricity there ready to serve you. An essential ingredient of modern living, dependable electric service has come to be taken for granted.

We take pride in this attitude, since being taken for granted is the most complimentary reference that can be made to our service. We shall always strive to maintain this reliable service and to have ready a plentiful supply of electric power to meet the needs of all our customers at any time.

Imagine not having an account at

**See us. We deliver: a lot of power, not promises.**

Even in our lowest-priced Chrysler models, 383 cubic inches of V-8 engine is standard. So is our big size — the factory doesn't build jr. editions. And nearly half our '65 models are priced only a few dollars a month more than some of the most popular small cars, comparably equipped. That figure includes power steering, power brakes, automatic transmission, radio and heater. When you get ready to plunk down the cash, remember: If you're going to pay the price of a Chrysler, get one. See us. We deliver.
