Mrs. Bert Powers of Duncan, Oklahoma sends a dollar with the hope that we still have a copy of our book for sale.... She was reading about it in a January copy of the Sunshine magazine for the year 1963 ... How time does fly, as it was then that the kind editor plugged our book and until this day we still get orders. This is a real compliment to the way folks hold on to back issues of this wonderful magazine. We hope she keeps our book for such a long time.

Mrs. John F. Valenta, another reader, sends in several of our favorite sayings. They are well worth sharing with you; "God has two dwellings; one in Heaven, and the other in a thank-

ful heart." " Let not the mistakes of yes-

terday nor the fears of tomorrow spoil today." "If you can't be thankful for

what you receive, be thankful what you escape "He that does good for good's

sake, and seeks neither praise nor reward, is sure of both at last.

Mrs. Valenta hails from Burlington, Kansas....She reads about our book in the Shaker Magazine edited by our friend from Rte. No. 5 in Muscatine, Iowa Dont jump to any conclusions for this is not a magazine to boost the The Beatles Gloria, the editor promotes among other things the sale of salt and pepper shakers. It would be a long story, but a good one, how we wound up being carried in this publication..

From Nancy Morchel's newsy column we lift the following: "To live for the most there is in life must mean that we cannot live to ourselves alone. If we wish real success we must work and build together."
