Local School Board Elects Teachers For High School And Junior College

At a recent meeting of the Board of Trustees of Clarendon Public Schools and Junior College, the board elected teachers for the 1963-64 school year.

Kenneth D. Vaughan will continue to serve as Superintendent of Schools and President of the College. W. W. Pinkerton, formerly in the same position that Vaughan now holds, will become Dean of the College. Pinkerton has been head of the business department in the college the past two years. Other college teachers elected were Weldon E. Day, Don Dorman, Mrs. Lucile Naylor, Delbert Reed, W. S. Rees, Daniel Nutter, Mrs. Velma Weaver, and Mrs. Lorean Hart.

Morris Ledger will again be the High School Principal and high school teachers will include C. R. Brown, Mrs. Velma Bourland, Willard Edgett, Jack James, Mrs. Dema Justice, Roy Lewis, Jack Murphy, Art Sommerfield, Mrs. Claudine Todd and Mrs. Ethlyn Grady.

Stina Cain will continue as Elementary and Junior High School Principal and will have the following teachers: Mrs. Wilma Batson, Mrs. Nolan Barrow, Miss Inez Blankenship, Mrs. J. R. Brandon, Mrs. C. R. Brown, Mrs. Raechel Butler, Mrs. Steve Donald, Mrs. Allen Estlack, Mrs. Clyde Gilbreath, Jack Hall, Mrs. Mildred Hendrix, Mrs. Loyd Johnson, Mrs. Anne Kennedy, Johnny Leathers, Sam Lowry, Mrs. Edgar Mae Mongole, Mrs. Helen Jo Land and Mrs. W. W. Pinkerton.

Teachers who were elected but have already resigned are Mr. and Mrs. J. R. Williams and Miss Dianna Fowler. Bob Baxter and Bill Dunn asked the board not to consider them for re-election.

Red Pencil Mark Shows Time To Renew Again

Due to various complications we failed to get around to putting the red pencil mark reminder on subscribers papers that were due last month so we will be including the April and May expirations at this marking. If the red pencil mark appears at the top of this page, it is your reminder that your subscription is due.

Remember the subscription rate is \$3.06 for Donley County and \$3.57 for those living away from Donley County. Please let us have your renewal promptly so your name will not be dropped from our list.

SAN JOSE MISSION—Founded in 1720 during the height of Spain's power in the New World, this old San Antonio mission is the best preserved of any in the United States. Visitors at San Jose and four other missions (including the more famous Alamo) are enriched by a glimpse of Spanish colonial life in the Southwest.

Pinkerton To Head Athletic Conference

At the annual spring meeting of the Western Junior College Athletic Conference in Roswell, New Mexico, last week, W. W. Pinkerton of Clarendon Junior College was elected to the office of President of the Conference for the 1963-64 school year. Other officials elected were J. W. Dillard of Frank Phillips College, Borger, as vice-president and C. A. Robertson of Odessa as secretary-treasurer.

Members of the conference include Frank Phillips College of Borger, Amarillo College, Lubbock Christian College, South Plains College of Levelland, San Angelo College, Howard County College of Big Spring, Odessa College, New Mexico Military Institute of Roswell, New Mexico, and Clarendon College.

Cancer Drive Fails To Reach Goal

The Cancer Crusade project of the Jaycees and Jaycee-ettes has failed to reach the amount raised in previous years with only \$574.74 raised to date. The highest amount ever to be raised in this county was \$1,081.00 and the Jaycees would certainly like for this amount to be reached before they close out the project. They plan to have a door to door distribution of literature of cancer facts in the near future.

If you have not made your contribution at this time and would like to contribute, just make your checks payable to the American Cancer Society and mail to Chauncey Hommel, president of the Jaycees, or hold same until a Jaycee knocks on your door to give you the literature on cancer facts. The date of this door to door canvas will be announced in a later issue of the Leader.

CANTEEN RENOVATING COMING ALONG FINE

The Jaycees report that the job of renovating the youth center is coming along real fine with the large room nearing completion. The new ceiling and paint job being completed it was necessary for new curtains to be made and the Jaycee-ettes are taking on this project in fine style. The Jaycees hope to have the floors waxed and the furniture repaired and painted and placed in the dance room by the end of the week so the game room and rest rooms can be redone. The Jaycees have put in over 150 man hours to date with many more needed for completion.

GIANTS LOSE TWO PRACTICE GAMES

In pre-season Little League games, the Giants have played two games with Groom. The first game was played here on April 27 at which time the Giants lost by a score of 6-1. They journeyed to Groom May 4 and were defeated 9-2. Groom has a more experienced club but the Giants are showing steady improvement. Coaches are Fred Ketchum and Leon Gibbs.

FARM NEWS

from County ASCS Committee

ACP News
We would like to be able to order a good rain — surely we will get one before too long.

Twenty-seven applications for cost-share assistance to sprig bermuda grass were released. Our farmers seem to be quite interested in trying this grass. The cost-share assistance is \$1.25 per acre for seedbed preparation, and \$.75 per acre for seeding, sodding, or sprigging operation. Cost-share assistance is offered on 10 bushels of sprigs in normal rows, or 20 bushels of sprigs drilled or broadcast, at the rate of 50% of the actual cost of the sprigs, not to exceed \$10.00 per acre.

The time is near to carry out the brush control practice for those of you who are interested. We have several producers who are planning to do this work. Some of them are L. R. Hagy, Clarence Bairfield, Douglas Shelton, Virginia Browder, John B. Rice, L. Earl Breeding, Curtis J. Van Zandt, J. Alfred McMurtry, David C. Bennett, and Sim T. Reeves.

Please be reminded in Donley County the Texas Herbicide Law and Regulations apply. Producers and Vendors should be familiar with this Legislation so that complete understanding of the Law and Regulations will enable all concerned to be protected. We suggest you see your County Agent.

The summer legume practice has been added to our 1963 ACP Handbook. Assistance is offered on guar, chinese red peas, new era peas, and cowpeas — other than chinese red and new era. Rates are: seedbed preparation (for row seeding) — \$1.25 per acre, seeding operation — \$.75 per acre, and eligible seed — 50% of the actual cost, not to exceed \$1.50 per acre on row seeding, and 50% of the actual cost, not to exceed \$3.00 per acre on drilled or broadcast. This is a good practice and we hope more producers will take advantage of it. It is a good conservation measure as well as a soil builder and is especially good to be used on diverted acres under the Wheat Stabilization or Feed Grain Programs.

Come by the office any time and let us talk ACP (Agricultural Conservation Program) with you to see how it can work for you.

Wheat Meetings Set For May 14th

Two wheat meetings on the 1964 wheat program will be held in Donley County on the 14th of May says County Agent Flip Breedlove.

The first meeting will be held on the afternoon of the 14th of May at 2:00 p.m. at the Goldston Community Center. The second meeting will be held on the night of the 14th of May at 8:00 p.m. at the Lions Club Den at Hedley.

Two previous meetings have already been held at Clarendon. Mr. James Murphrey, Farm Management Specialist of the Texas A&M College Extension Service will explain the program. It will be explained from both sides of the program and will be in the objective only, and then farmers can decide for themselves how they wish to vote on the 21st of May on the program. Breedlove is urging everyone to attend one of these meetings. They are educational meetings and not intended to tell you how to vote, but to explain the program so you can better understand the operations of the program and then vote as you please.

Services Held Wed. For Fred Hoggatt

Funeral services were held Wednesday afternoon in the Hedley Baptist Church for Fred Hoggatt with Rev. Gene Grace, pastor, officiating, assisted by Rev. L. J. Crawford. Burial was in Fairview Cemetery in Memphis.

Mr. Hoggatt, 73, a retired farmer, died Monday in Groom Memorial Hospital. Survivors include his wife, three daughters, Mrs. Joe V. Eger, Quana, Mrs. Ray Altman, Hedley, Mrs. Dale Park, Abilene; four sons, J. O. of Hedley, Harold of Pampa, Ernest of Phoenix, Freddie of Amarillo, three sisters, one brother, 11 grandchildren and two great-grandchildren.

ELECTED PRESIDENT OF ASSOCIATION

At the recent meeting of the Panhandle Region of the Texas Funeral Directors Association, held in the Amarillo Club, Mr. Delbert W. Robertson was elected president to succeed Maurice Schuler. Delbert, 28 years of age, is one of the youngest men, ever to serve as president of the Panhandle Association, which consists of member funeral homes in the Panhandle area. He is employed by Blackburn-Shaw Funeral Directors of Amarillo.

Other officers elected were Frank Ellis, of the Singleton Funeral Home of Muleshoe, Texas, vice president, and Lyle Lacy, of The Boxwell Funeral Directors of Amarillo, Texas, as secretary & Treasurer.

Texas' Future Water Needs

U. S. SENATORS RALPH W. YARBOROUGH of Texas, left, and Clinton B. Anderson of New Mexico, co-authors of a bill passed by the Senate to help establish water research centers at state universities and land-grant colleges, study a chart on Texas' future water needs. The chart shows Texas population of 10 million will go up to 22 million by the year 2010; available jobs will rise from 3.5 to 8.5 million, and personal annual gross income from \$14.5 to \$64 billion. "While Texas needed only 2 million acre feet of water in 1958 for city and industrial use," Senator Yarborough said, "by the year 2010 more than 12 million acre feet will be required. Research can help provide more water at less cost. A total of \$563 million is to be spent on Texas for 30 major new reservoirs by 1975. We need to do more research and develop experts in Texas on Texas water needs."

BLOWIN' Out the CORNERS

After making a rush trip to Austin we were really convinced that the state capitol should be under the Panhandle. From some spots in the northern tip it would be closer to Pierre, South Dakota than to Austin. Well, almost anyway.

While visiting with one of our brother-in-laws who now resides in this city we had the pleasure of attending the church of their choice which was the Christian Methodist Church. This church is located near the State School for the Deaf. Several from the school were in attendance and we were moved all the more

by the service as we watched a very impressive man translate to them in sign language the words to the message as well as the songs. The Word of God, the sings, and the preacher's message seemed to bring the same joy to their hearts from the expressions of his hands as would have happened if they had been able to hear. It made one all the more thankful for every blessing that comes from God. And especially were we thankful that this blessing could come to them.

We have heard it said many times that if we could take home one good thought from each message that we hear it would be good. Dr. Edmund Heinsohn, Pastor Emeritus of the University Methodist Church, preaching in the place of Pastor John C. Gilbert, caused us to remember and bring home with us one such thought. He reminded us how we look into a physical mirror in order to see if we are physically altogether before coming

to church, and that we should look into the Bible as a spiritual mirror in order to determine whether we are spiritually altogether. We left the service pondering this thought. The thought still stays in our mind. It had been some half dozen years since we had visited the Capitol City. It is hard to believe that a city could grow so much in that time. Even the Internal Revenue is setting up more than a block of offices there.

Heard of one lady who professed loving her husband very dearly. She explained it this way; "If we should both die at the same time and I should open my eyes in the next world and not find him there — that would be Hell."

It is the things we learn after we know it all that really helps.

Ideas are a lot like grandchildren... our own are always the most important.

The reason that so many children are out on the streets at night is because they don't want to stay home by themselves. Actually, we believe that far greater than the need for more organizations to improve and take care of our children is for the entire family to spend more time together in the home.

We heard this someplace — a ship is safe in a harbor, but it doesn't belong there. It is the

same with our money in the bank. Most bankers would rather see us take our money, even borrow some to go with it, and put it all to work doing things for us. This was brought out two thousand years ago in the Parable of the Talents. It is always wise to have a savings to turn to in an emergency, but to bury our talents for fear of losing them, would be just about the quickest way in the world to do just that.

Corvair Monza Club Coupe

Who needs muscles?

Do you know how easy it is to take a corner with a Corvair or park one? Turn this newspaper sideways and it will give you a pretty good idea. The wheel handles just about that easily.

The Corvair's engine is in the rear, for not only greater traction, but more balanced weight distribution. And that's what makes the steering so completely effortless.

The engine is air cooled, too. No radiator. No water or antifreeze. No boiling over or freezing up to worry about. It takes the weather and the terrain as it comes.

So think about those trips to the beach this summer, those bright sunny days and balmy moonlit nights.

And besides, looking at it from a very practical point of view, it's Trade 'N' Travel time right now at your Chevrolet dealer's. He's got some beautiful buys.

But you had better hurry before somebody muscles in ahead of you. Spring's here. Summer's coming fast. And with these sporty good-looking Corvairs selling the way they are, he who hesitates will want to kick himself.

New Senior League Team Is Described

By JOHN PAYNE

The Clarendon Angels, a newly organized team in the Senior Baseball League played the Claude team in a practice game here Friday night. The Angels are composed of boys from 13-15 years of age. The following is a complete run down of the roster:

Pitchers: David Mooring — Throws a good live, fast ball, sneaky curve, and is also the top fielding pitcher. One of the team's best hitters will also play catcher and shortstop when not pitching.

Carroll Beard — Excellent hustler, throws hard, flashy fielder, and also a good hitter. He will probably play shortstop when not pitching.

Steve Stewart — Real fine competitor, left hander, throws a sneaky, fast ball. Tough hitter and will play in the outfield when not pitching.

Catchers: Barry Tyler — Good hustler, can develop into a real fine hitter with power; however, has trouble with erratic throwing. Will play the outfield when not catching.

Don Elliott — One of the best players on the team, pound for pound. Good hitter who knows the strike zone. He will usually get some wood on the ball. Been troubled by a sore arm. One of several fine 13 year old players. Also will be used in the outfield.

First Base: Charlie Smith — Fair fielder but must improve on ground balls; throws left, but bats right. Good solid hitter and in time should develop into one of the best hitters on the team. Also only 13 years old.

Pat Perkins — A big boy who doesn't realize his potential. Good mover, yet needs to improve throwing and fielding. Hard hitter. By mid-season he should be in top form. He is 13 years old.

Second base: Mac McClellan — This boy is the smallest boy on the team. He's also the quickest. Terrific glove man, good arm and range. Has a little trouble on the double play, but time will cure that. Real good hitter, hits the ball harder for his size than anyone on the team. Also only 13 years old.

David Hardin — Relatively new to the game of baseball. Hard worker and will develop into a good ball player. Fair speed, fair arm, and must learn to hit.

Third Base: Irving Mears — Hits a real long ball. Blasted a tremendous home run in our practice game last week. Needs to work on fielding. Strong arm and fast foot. Real good attitude. Needs to be a little more aggressive.

Bobby Thomas — Great arm, yet he still has to learn to settle down. Ground balls give him trouble. I think he will develop into a top power hitter as he has a real good swing. Only 13 years old.

Shortstop: Carroll Beard and David Mooring have already been mentioned.

Outfielders: Archie Smith — Tremendous arm. Can peg to home plate on the fly from any field position. Hits a real hard ball and fields fairly well.

Bobby Vinson — A youngster who hasn't played much. Tries hard and has a good chance to develop. He is also 13 years old.

John Sommers — Hits good, needs to work on throwing. Has a tendency to "clown" rather than play. Can make some outstanding plays on nearly impossible balls and then "goof" the easy ones.

Bill Monk — Good, steady player; throws fair and will hit when you need it. Looks 100% better than he did when I saw him last year. Good attitude.

J. C. Fields — Good player, good arm, needs to learn to hit. Fair speed and range.

Jimmy Schultz — Another boy who has just started. Throws right and bats left. Fair hitter and fielder. He must learn to throw. Has potential.

Clifton Elliott — Good hustler, throws good, bats fair; must learn to field ground balls. He is another 13 year old.

Merle Lewis — Can play any where. Fair hitter but strong thrower and good fielder. This boy can also pitch if needed. Another 13 year old.

Spooky Fields — Can really catch the ball, very quick; good arm. A real fine prospect.

TO THE PEOPLE OF THE 18th DISTRICT

By Congressman Walter Rogers

CONTINUING DRY SPELL

As you know, the past few months have been unusually dry over the High Plains. What are the prospects for improved moisture conditions? I took up this question with my friend Dr. F. W. Reichelderfer, Chief of the U.S. Weather Bureau. It is his estimate that the chances for a wet summer are one in two. Because science has yet to solve nature's weather-generation secrets, it is impossible to determine definitely whether the dry pattern will continue over the Plains for a prolonged period.

Despite the advances made in irrigation farming in the Panhandle and South Plains, the fact remains that our area's economic health is closely tied to the fortunes of our ranchers and dryland farmers, and lack of rainfall means decreased income for them. When they are hurt by dry weather, as many of our wheat farmers are this year (particularly north of the Canadian River), retail and wholesale business firms, service firms of all types, and banking institutions also are affected.

Since October of last year, the Panhandle has been in the grip of abnormally dry weather. The Weather Bureau station at Amarillo Air Terminal reports only 3.5 inches of precipitation from October 1 through April 30 — only 57 percent of the 30-year normal for that seven-month period at Amarillo. This is by no means a record. On the average, Dr. Reichelderfer reports, the October-April period is this dry or drier at Amarillo in about one year of every ten. The record October-April moisture shortage at the Amarillo station occurred in 1955-56 when the total precipitation for that period was only 1.70 inches.

Dr. Reichelderfer says that the immediate outlook for the Panhandle — up to mid-May — is for above average temperatures

with precipitation near normal or below normal. But for the period beyond mid-May, the Weather Bureau can't be certain. To date, science has not developed a reliable method to predict moisture conditions for as long as a season or a year ahead. "Such predictions," says Dr. Reichelderfer, "must await clearer understanding of the basic physical factors which produce the atmospheric circulation patterns which generate drought."

The Amarillo rainfall record shows that the March and April, 1963, precipitation totaled less than three-quarters of an inch. It has done this only seven times in the past 70 years. Three of these seven dry spring seasons were followed by normal or wetter weather during the summer, two of these dry springs produced mild drought during the summer, and in two of the summers severe drought developed. As Dr. Reichelderfer points out, this small sample does not produce results which are particularly conclusive either way. "However," he says, "it is known that this area has drought in about one year out of three, on the average. Therefore, one can reasonably surmise that drought is more likely this summer than in an ordinary summer because the chances for drought are about 1 in 2 this year, whereas the average expectancy is about 1 in 3."

One of the Weather Bureau researchers, Wayne C. Palmer, has been making a detailed study of drought. He has developed a method for evaluating drought severity. But so far, the results are in climatological terms — that is, they delineate and measure past occurrences of drought but don't solve the separate problem of drought prediction. The Weather Bureau has not as yet tested this drought analysis procedure in Texas, but Dr. Reichelderfer says some areas of the State, including the High Plains, will be studied in the near future. He told me, "Perhaps the results of this machine analysis will enable us to give

you some estimate as to the likelihood that another major drought of several years duration has begun."

"Right now, our guess is that this will not develop into a major drought like that of the 1950's, but we have precious little basis for such an opinion," said Dr. Reichelderfer. Let us all hope and pray for better, and wetter, conditions.

Meanwhile, the USDA Statistical Reporting Service analyst in Austin, Clarence Palmer, reports "critically dry conditions in the Northern High Plains," where strong hot winds have sapped moisture and retarded growth. Large acreages of wheat are being plowed out. Northern Low and High Plains soils remain critically dry.

By giving you this report, I am not seeking to encourage pessimism. Our people are well able to adjust to these periodic and not unexpected onslaughts of nature. But I think it is important that we all know what the situation is, as we head toward summer, 1963.

The American Medical Association says that it is a well-established fact that seat belts in your automobile can save lives and prevent or lessen injuries. An immense amount of scientific research, including actual collisions under controlled conditions, proves that the seat belt is the single most effective item of protective equipment now available to reduce the toll of traffic injuries and deaths. The AMA report adds that the belts should even be used for short trips, as to school or the neighborhood grocery.

At the Daytona 500 on February 24 Ford cars again proved their durability in 500 miles of accelerated wear-testing, and swept the first five places. Never in history has a single make dominated an event like this! The workout a car gets at the Daytona 500 easily equals the strain of 2 or 3 years' normal driving. Daytona gives dramatic proof that the 1963 1/2 Super Torque Ford is built to outlast all other cars! But see for yourself. 1926 BOOK CLUB CLOSURE YEAR WITH PRESIDENTS' DINNER

Members of the 1926 Book Club closed their club year with the annual Presidents' Dinner at Patching Club House Tuesday evening, May 7. The meal was served buffet by Ruby Bromley from a linen covered table centered with an arrangement of spring flowers. Guests were seated at quartet tables also covered in white linen and decorated with miniature nut cup trees, ball-shaped and accented by small yellow flowers. These served as individual favors.

Following dinner a musical program was presented by Mrs. Millard Word. Mrs. Word's program consisted of original music and poems. She played "Romance," "Aunt Mary's Music Box," and a waltz.

The business session was presided over by the retiring president Mrs. W. M. Crain. Old business was dispensed with and the new president, Mrs. A. J. Garland, introduced. Two new members were accepted: Mrs. Doyce Graham and Mrs. C. A. Pitts.

Hostesses for the evening were members of the social committee composed of Mrs. W. C. Thornberry, chairman, Mrs. Homer Bones, Mrs. W. N. Poole, Mrs. Frank White Jr., and Mrs. Fred Chamberlain, Jr.

Attending were Miss Inez Blankenship and Mesdames C. E. Bairfield, E. S. Ballew, Homer Bones, J. R. Brandon, Fred Chamberlain, Jr., L. N. Cox, W. M. Crain, A. J. Garland, Loyd Johnson, Otis Naylor, W. N. Poole, W. C. Thornberry, Frank White, Jr., Bill Williams, R. C. Bryan, Joe Ritter, and two guests, Mrs. M. R. Allensworth and Mrs. Millard Word. —Rep.

ALTA JUNE WATSON IS BRIDE-ELECT

Mr. and Mrs. E. L. Watson announce the engagement and approaching marriage of their daughter, Alta June, to Ted L. Shaller, son of Mr. and Mrs. Lee Shaller of Clarendon.

The bride-elect is a graduate of McLean High School and is employed at the American National Bank in McLean.

The prospective bridegroom is a graduate of Clarendon High School and is attending Clarendon Junior College.

Friends and relatives of the couple are invited to attend the wedding on June 7 at 7 p.m. in the First Baptist Church in McLean.

FILM TO BE SHOWN AT ASHTOLA FRIDAY

Everyone is sure to remember next Friday night will be the night for the pictures to be shown here at the center in Ashtola. We think you will enjoy these pictures, they were made by Mr. and Mrs. Jack Clifford who lived in Germany for some time while he was in the service, and they spent many week ends sight seeing and making pictures of the highway scenes, such as Berlin, Bonn, Berchtesgarden in Germany. Many interesting sights in Great Britain, Scotland, Switzerland with many of her beautiful mountain scenes, France. Scenes in Italy will include Venice, Rome, Naples, Capri, and the scenes of the French Riviera will be interesting.

Everyone is invited. We will have a sandwich supper. Bring sandwiches and sweets of your choice. Serving will start at 7:30. Drinks will be furnished by the host and hostess, Mr. and Mrs. Van Knox. —Rep.

DELTA KAPPA GAMMA MEETING HELD AT GOODNIGHT HOME

Gamma Kappa Chapter of Delta Kappa Gamma met at noon Saturday, May 4, at the ranch home of Miss Inez Blankenship at Goodnight for the final meeting of the school year.

Mrs. Velma R. Weaver of Clarendon conducted the ceremony observing the 34th birthday of the society of women teachers which numbered 1,785 chapters on March 21, 1963. She lighted a candle on the birthday cake in memory of Dr. Annie Webb Blanton, founder of the society, and chapter members lighted candles in tribute to other founders and leaders. Mrs. Weaver concluded the ceremony with a poem.

Chapter members from Clarendon were hostesses at the luncheon.

During the business session reports were given by committees on Constitution, Scholarships, and Scrapbook.

Miss Inez Blankenship of Clarendon, program chairman, introduced the program. "Our Challenging Founders" was presented by Mrs. Freda Peters and Mrs. Betty Welch of Wellington. "Our Challenging Thirty-fifth Year" was given by Mrs. Faye Pinkerton and Mrs. Velma Bourland of Clarendon.

Mrs. Weaver led the group in singing Delta Kappa Gamma songs, and introduced the song written by Miss Esta McElrath of Memphis which is to be used at the state convention. Mrs. Faye Pinkerton was accompanist.

Eight members of Gamma Kappa Chapter are to attend the Alpha State convention at the Granada Hotel in San Antonio June 7-9.

Local members attending the chapter meeting were Mesdames Lucile Naylor, Velma Bourland, Charlotte Word, Marguerite Goodner, Hazel Brandon, Velma Weaver, Faye Pinkerton, and Misses Inez Blankenship and Edgar Mae Mongole. —Rep.

The "City of London" is just one square mile in size.

MEMBERS OF LES BEAUX ARTS CLUB

A group of club members and one guest, Mrs. V. R. Drake of Midland, attended the May Day Style Show and luncheon at the YWCA in Amarillo. The decorations were beautiful — good food, a good style show and a good time was had by all.

Then on Friday Mrs. C. T. McMurtry, assisted by Mrs. W. W. Taylor and Mrs. John Bass, entertained the club in her home. After the opening business Mrs. McMurtry gave a report of the YWCA luncheon to those unable to attend. Various committee reports were given to wind up the year's business.

The annual June picnic was discussed, and it was decided to have a coffee instead. Mrs. Frank White, Jr., was put in charge.

The incoming president, Mrs. Gene Alderson, read her committee for the coming year.

Very delicious refreshments were served with Mrs. Taylor and Mrs. Bass presiding at the table — beautifully set with a blue and ecru linen cloth and an arrangement of lovely peonies to 17 members. —Rep.

JANIE IVEY HONORED WITH BRIDAL SHOWER

Friends and neighbors of the Chamberlain Community honored Janie Ivey, bride-elect of Morris Crump, with a lovely bridal shower Saturday, May 4, 1963, at the Chamberlain Community Center.

Marie Blackburn furnished background music. Agatha Wallin, Sharon Williams and Judy Pittman presided at the punch bowl. The table was laid with a white linen cloth and the centerpiece was a miniature bride and groom, surrounded by pink and white peonies.

Many lovely and useful gifts were received by the honoree. Approximately 40 guests registered and many friends who were unable to attend sent gifts.

Kingman Reef, approximately 1,000 miles south of Hawaii, is 150 ft. long by 120 ft. wide. It was discovered by Capt. W. E. Kingman in Nov., 1853.

MISCELLANEOUS SHOWER HONORS COUPLE

Claude DeBord and his bride-elect, Martha Hanna, were honorees at a miscellaneous shower at the Ashtola Community Center Friday evening, May 3, from 7:30 to 9:30 p.m. Mrs. Grady Henson served as hostess and introduced the guests to the honorees, his mother, Mrs. Bert DeBord, and Mrs. J. H. Howze, aunt of the bride-elect. Miss Linda DeBord registered the guests.

Refreshments were served from a table laid with a white nylon net cloth over blue. Centering the table was a floral arrangement in blue and white carrying out the bride-elect's chosen colors. Flanking the arrangement were blue tapers in crystal candelabra. Misses Pat Green, Roberta Partain, and Charlene Gray presided alternately.

The couple received many lovely gifts and a large group attended. Hostesses were Mesdames Grady Henson, Claude Spivey, Horace Green, Robert Partain, John White, Harold Graham, C. B. Morris, Vance Gray, Doyce Graham, and Hubert Rhoades.

IVEYS HAVE FAMILY GET-TOGETHER SAT.

Mr. and Mrs. A. B. Ivey entertained with a family get-together at the Chamberlain Community Center Saturday night, May 4. A barbecue steak supper was enjoyed by the following:

Mr. and Mrs. C. A. Wylie and three granddaughters, Mr. and Mrs. M. M. Wylie, Mr. and Mrs. Edd Wylie and two granddaughters, Mr. and Mrs. J. T. Wylie and daughter, Mrs. Glenn Thomas and two sons, Justin Shaw, Mr. and Mrs. B. R. Hall and two children, Mr. and Mrs. Wayne Ivey and four sons, all of Pampa; Mr. and Mrs. Crump and Morris, Mr. and Mrs. Travis Bolding and daughter, all of Memphis; and Mr. and Mrs. A. B. Ivey and Janie.

Mr. and Mrs. Jim McKee and children of Dallas visited the week end with his parents, Mr. and Mrs. George McKee.

STORK SHOWER HONORS MRS. DENNIS BRADSHAW

Mrs. Dennis Bradshaw was honoree at a Pink and Blue Shower Saturday morning, May 4, in the home of Mrs. Frank Reid. Receiving hours were from 9:30 to 11:30 a.m. Mrs. Larry Hopkins presided at the registrar.

Coffee and doughnuts were served from a table laid with a white linen cloth and centered with a small vase highlighted by a miniature stork filled with pink rosebuds. Sharon Williams dispensed coffee.

Approximately 25 guests registered. —Rep.

MRS. HELMS HOSTS GOLDSTON CLUB

The Goldston Club met in the home of Nora Helms Thursday, May 2. A covered dish luncheon was served to eight members and two visitors from Borger. Four other visitors came in the afternoon.

One quilt was quilted. Mother's Day pollyanna gifts were exchanged in the morning and in the afternoon everyone enjoyed a Lupperware party put on by Mrs. Loftin from Borger.

Mrs. Martin will have the next quilting at the center on May 16. —Rep.

FAMILY GATHERING HELD SUNDAY

Mrs. Emma Waggoner of Claude was honoree at a family gathering in the home of her sister and husband, Mr. and Mrs. B. E. Jones, Sunday afternoon. The occasion was her birthday. A beautifully decorated cake was baked by her daughter, Mrs. Leo Oles of Claude.

Helping make the occasion a happy one for Mrs. Waggoner were her son, Fred Waggoner, and daughter, Mrs. Leo Oles of Claude, also Mr. and Mrs. Roy McKee of Hedley, Mr. and Mrs. Truett Behrens, Elaine and Jerry, Miss Delores Bohannan of Canyon, and the hosts, Mr. and Mrs. B. E. Jones.

Mrs. Jackie Clark of McLean visited Thursday night with her mother, Mrs. John McClellan.

SENIOR CLASS ENJOYS PARTY

Members of the Senior class of Clarendon High School and their parents met at the Country Club Friday evening, May 3. To begin the evening's entertainment everyone enjoyed a wiener roast and visiting. After each had finished eating, the group went to the club house where they found a table decorated with a white cloth and centered with a platform covered in red satin and edged with gold ribbon, class colors. Atop the platform were dolls dressed in graduation caps and gowns, each holding a diploma. Each doll represented a member of the graduating class. Artificial orchids, the class flower, and fern were laid at random on the table. Silhouettes of graduates decorated the walls. Snapshots, group pictures and annuals dating back to their first year of school were on display.

After more visiting and laughs from the "old" pictures a history of the class was read and movies were shown. The movies began with the group's train ride to Memphis when class members were in the first grade and featured many of their activities through the years ending with a film of their recent play "Papa Says No." Slides were also shown of assemblies and Halloween party this year. Many memories were renewed and discussed.

Special guests were Mrs. C. R. Brown, one of the class's first grade teachers, Mr. Stina Cain, Jr. High principal, and Mrs. Bill Todd, class sponsor. It was almost like old times having Mrs. Brown and Mr. Cain with us again. Mr. Ledger, High School principal was unable to attend.

Before leaving for home each class member took the doll representing him or her and an orchid as a souvenir.

Mrs. J. G. McAnear and Mrs. Fontayne Elmore were hostesses. —Rep.

Mr. and Mrs. John Harp and Johnny of Amarillo and Earl Evans of Hereford visited his parents, Mr. and Mrs. C. B. Harp Sunday.

SENIOR CLASS HOLDS CLASS MEETINGS

During recent class meetings, the Seniors made several decisions regarding class night and commencement. Honor guards elected were: Ronnie McAnear, Timmy Ray, Janis Smith, and Deanna McAnear. Ushers will be: Glenn Judd, Rod Stone, Shirley Moss, and Connie Martin. The executive committee appointed the following as candle-lighters in the class night program: Steve Shelton, Teddy Graham, Larry Gray, Bobby Lewis, Dale Robinson, Connie Grady, Darlene Shields, Jeannie Gibbs, Jan Weatherly, and Clydean Gilbreath. Dee Williams was elected pianist. Judy Pittman and Steve Richerson were elected to write the class will, Sharon Williams and Danny Ray the history, and Janie Ivey and Billy Hearn, the prophecy.

A committee was appointed to plan the all-night party following graduation. It was also decided that the Playboys would provide the music for the graduation dance which will be May 23rd. —Rep.

Mr. and Mrs. Frank Reid visited Mr. and Mrs. Glenn Reid and Trena at White Deer Sunday evening.

BRISTOL, CONN., PRESS: "Our unemployment problem can be traced to the price-wage spiral. Until the public becomes sufficiently aroused to the point where it demands a halt to those inflationary practices, no quickie tax cut will solve our domestic problems. At the moment organized greed is having far too great a role to play."

AUSTIN — If the 58th Legislature's final version of a loan shark law is that which passed the House, folks who do business with the money men still would pay charges up to 500 per cent on the smallest, shortest-term loans.

Small-small loans — those under \$100 — would be regulated by an amendment to Corpus Christi Sen. Bruce Reagan's bill which provides that on loans from \$19 to \$35, the lender could collect a flat 10 per cent charge plus a \$3 handling charge for each month of the loan, up to more than two months.

In addition to this, lenders also could collect \$3.50 per month up to four months on loans between \$35 and \$70, and \$4 per month for up to six months on loans from \$70 to \$100.

The over-\$100 clause sets these rates per year per \$100: \$19 up to \$100; \$16, from \$100 to \$200; \$13 per \$100 between \$200 and \$300. This is scaled to the rate of \$7 per \$100 on loans between \$1,000 and \$1,500.

Rep. Joe Cannon of Mexia called the House-passed bill "a Robin Hood in reverse bill — it robs the poor and gives it to the rich."

A work-out on the measure — which carries 19 Senate amendments and 23 by the House — is expected in a Senate-House conference committee, but it won't take long if Gov. John Connally and Speaker Byron Tunnell have their way. Both want a loan bill passed this session, and neither wants an extended — or a special — session.

COLLEGE BILLS — Governor Connally, Speaker Tunnell and Lt. Gov. Preston Smith all are anxious to see the Pan American and San Angelo college bills passed. Bills finally were pulled out of the House State Affairs Committee, chaired by reluctant Rep. John Allen of Longview.

Allen threatened to resign over the pressure (committeemen kept him from doing so) because he couldn't see the money in sight to support the 20 colleges already in the state family.

NO TUITION HIKE IN SIGHT — Dallas Reps. Ben Atwell and Dick Morgan's college tuition increase bills may never come out of the House Tax and Revenue Committee. This, even though Atwell is chairman and Morgan is a member of the committee.

Atwell proposed a doubling of state college tuition, as endorsed by the Commission on Higher Education. Morgan offered a compromise of a 50-per-cent increase.

But word already had come "from above" that there will be no tuition hike this year. That virtually ended it.

NO MONUMENT FOR THE 49TH — A Senate resolution to place a monument honoring the 49th Armored Division of the Texas National Guard on the State Capitol grounds was all but killed by the House State Affairs Committee, after Alpine Rep. Gene Hendryx called it "a disgrace to every veteran who ever served overseas in every war that Texas ever participated in."

The former Marine said, "The greatest battle this organization ever fought was the battle of the canteen at Fort Polk, Louisiana." Seguin Rep. John Traeger defended the 49th, but the resolution was defeated by a vote of eight to seven.

However, a spark of life remains, since Rep. Ben Atwell used a device by which the resolution may be called up for another vote.

RAILROAD COMMISSION CHANGE PROPOSED — A plan to take the railroads and trucks away from the Railroad Commission has been proposed by Rep. Henry Grover of Houston, who told the House:

"Recent developments indicate that the Railroad Commission is overworked, and has more to do than it can handle."

Grover inferred that these indications are the slant-hole oil well scandals and the conflict-of-

interest resignation of former Commissioner William J. Murray, Jr.

Grover introduced H. B. 1041, to ease some of the workload by removing the commission's authority over the transportation industry, and leaving it with just oil and gas regulatory authority.

The "Texas Commerce Commission", to regulate railroads, bus lines, truck lines, and so forth, would be made up of three \$15,000-a-year commissioners.

Railroad Commission was set up in 1891 to regulate the railroads. But authority over oil and gas, since 1917, has caused most of its time and attention to turn in that direction.

CONGRESSIONAL REDISTRICTING — A crowd of witnesses from the late Speaker Sam Rayburn's 4th Congressional district is due to oppose the Congressional redistricting bill which would abolish the old 4th, and relocate it in South Texas.

Sen. Ralph Hall of Rockwall succeeded in delaying Senate committee action on the measure to May 7, so the opponents can come to Austin.

House passed the bill to the Senate, over protests from Rep. Don Hefton of Sherman. Delay on the hearing may put the redistricting proposal, authored by Rep. Rayford Price of Frankston, in jeopardy.

Governor Connally has said he saw no need for Congressional redistricting this session. He thought it could be handled in 1965.

Meanwhile, U.S. Congressman Ray Roberts, who now represents the old 4th, doesn't seem worried about losing his job. He's looking for a press liaison man for his Washington office.

AT-LARGE ELECTIONS SUGGESTED — Eighty Texas counties, in which two county precincts or more, represent a fraction of the total county vote, would be affected if a constitutional amendment by Rep. Lindsey Rodriguez of Hidalgo ever comes to a favorable vote by the public.

Under Rodriguez' plan, if the total number of votes cast in two or more commissioners' precincts amount to less than 20 per cent of the total vote cast in the election of all four commissioners, the commissioners in the small precincts would be required to run on a countywide-at-large basis.

Rodriguez described the most extreme example of a situation he's trying to cure — that in Kleberg County where two of the county's four commissioners' precincts "are behind locked gates" on the King Ranch, where 80 voters reside.

Witnesses from around the state appeared in favor of Rodriguez' proposal.

But Gaines County Judge Charles Lawrence said the County Judges and Commissioners Association is opposed.

ONE-DAY SESSION — A special, one-day (\$8,000) session of the Texas Legislature would be held on December 1, 1964, under a House-approved resolution by Rep. Bill Dungan of McKinney.

Purpose would be to swear in House members and elect a speaker. Aim is to enable the speaker to make appointments so the 1965 session could get underway immediately.

May we take this method of thanking our neighbors and friends for their kind expressions of sympathy in our bereavement. These expressions have been deeply appreciated.

SOIL CONSERVATION DISTRICT NEWS

Ranch Drought Plans A drought plan consists of a method of insurance for livestock for an adequate supply of feed for emergency use in case of a drought. Every rancher needs to be well acquainted with his entire setup and know where his feed for livestock will come from in case of an emergency.

Many of the larger ranchers are undergrazing, thus, leaving adequate forage for reserve. Others try to keep enough hay and cottonseed cake on hand from one year to the next to adequately supply their cattle for a period of time. Still, others have several steers in their herds which can be sold as needed.

Another idea on large herds is an annual culling of barren or old cattle. Before replacements are bought, a study is made of the approx. forage available for the next season. With this in mind, the replacements can be decreased or added to.

Many ranchers have seeded native grasses and intend to leave this for a reserve for an emergency. This will supply cheap abundant forage for livestock.

Another concept is supplemental improved pastures which can be irrigated to put out abundant forage. This water may normally be used for row crops such as cotton, but would be switched

to grasses during a period of drought.

One of the above plans should be a part of every rancher's annual forethought and serve as a guidance in preparation. These plans will not necessitate added cost, but will serve merely as insurance.

Your S.C.D. stresses the importance of this practice and its correct application. For further guidance contact your local Soil Conservation Service Office.

Mesquite Control — Spraying Mesquite has become quite a problem in some areas in our county and control measures are needed immediately. The best control in our county is by aerial spraying and recent results have proven very successful.

Where brush mixtures occur including one or more species, the species causing the most trouble will be the one used in determining the chemical to be used. On land following brush control, grazing should be deferred at least one growing season. If the range is in poor condition seeding should also be done.

In spraying mesquite the following factors should be understood:

- 1) Time of application — 40-90 days after first leaves appear.
- 2) Materials — 1/2 lb. 2-4-5-T in one gallon diesel fuel and water to make 4 gallons. Diesel fuel may be used in place of water if desired by the operator.
- 3) Techniques of operation — apply where trees are in full foliage; soil moisture to insure at least 30-day vigorous growth prior to spraying.

The Donley County Soil Conservation District stresses the importance of this practice and its correct application. For further information, contact your local Soil Conservation Service Office.

"OLD MASTERS" LIQUID WOOD Transforms Old Drab Mismatching Pieces of Furniture and Woodwork Into Beautiful Modern Wood. J & W LUMBER & SUPPLY

Postmaster's Corner

The week of May 20-25, 1963, has been designated Mailbox Improvement Week. Mounted mailboxes on star and rural routes with delivery and collection service are to receive special attention during this week.

Of course our first interest is to have a mailbox that will adequately protect the mail from the weather elements as well as neat in appearance. Boxes that are properly erected and maintained contribute to efficient, speedy delivery of mail. The patron's name should be clearly shown on the side of the box from which the carrier approaches. In the event the boxes are grouped, the name should be shown on the front of the box. There are still a few boxes that have not been moved to the right hand side of the road in the direction of the carriers travel. I feel sufficient publicity has been given this matter, and this will be the final notice.

Last week we attempted to correct all the addresses on the Social Security checks. I believe they are all corrected with the exception of maybe three or four. Most people were surprised to find it only took a minute, thanks to Mr. Curtis Watts with the Social Security Administration in Amarillo. If your check still comes incorrectly addressed, we want to know about it. If you are in receipt of ANY State or Federal check that is coming incorrectly addressed, we would like to know about that also. May I remind you again that we have plenty of change-of-address forms for informing your correspondents of your new address. Also forms for magazines and other related periodicals. It is very easy to misthrow a magazine or paper which is incorrectly addressed, and I know you are not too happy with us when we do that, so — if a periodical is worth spending your hard earned money for, then certainly it

should be worth having the publisher address it correctly.

I know you think we are throwing a lot of things at you all of a sudden, but once we get all these little problems ironed out, I think you will see a lot of improvement in your local post office and allow us to do a much better job in handling your mail.

BRISTOL, CONN., PRESS: "Bicycle riders who disregard traffic signals are breaking the law just as drivers would if they fail to stop. The rules of the road governing the use of vehicles on our streets and highways include the riding and equipment of bicycles as well. Parents should be sure that youngsters know the rules of safe and sane bike riding."

HIGH SCHOOL GIRLS WIN DIST. SOFTBALL MEET

The high school girls won the District 2-A softball meet which was held at Memphis last Saturday. These same girls won the district meet last year. The girls were disappointed in the fact that only one other school had entered the tournament this year, J. R. Williams says. Softball is a fine outdoor game and should be kept a part of the spring events.

The local girls' team was made up of freshmen and sophomores with the exception of Pat Green, a junior who saw a little action in the last inning. The catcher for the team is Leane Risley; pitcher, Marilyn Noble; first base, Carlyn Graham; second base, Charlene Gray; third base, Sandra Longan; shortstop, Marilyn Noble; left field, Ann Mills; center field, Beth Bourland; and right field, Karen Hill.

The scores were so far apart at the end of five innings that the game was called with a count of 47 for Clarendon and 11 for Memphis.

As further evidence of talent in the 9th and 10th grades, two young ladies named Melissa McCully and Melinda Moore recently represented the district in tennis at the regional meet at Lubbock and stood their ground fairly well against two senior girls from Panhandle. After the round trip to Lubbock and the playing of the match there, these two girls were seen on the tennis courts that same night playing under the lights getting ready for next year's competition.

SALVATION ARMY CAMPAIGNED POSTPONED

According to John Payne, campaign chairman, the Annual Salvation Army Campaign in Donley County has been postponed until Wednesday, June 5th.

FORMER RESIDENT DIES AT AUSTIN

Mrs. Edna Lott, 66, died in an Austin hospital March 31. She was a former long-time resident of Clarendon prior to moving to Austin a number of years ago. Funeral services for Mrs. Lott were held Wednesday of last week in Lytle, Texas, with burial in the Lytle Masonic Cemetery. She is survived by a daughter, Miss Jessie L. Lott of Austin, a son, John C. Lott of Lytle, and two grandchildren.

Mr. and Mrs. Herman Cross and Annette had as visitors Thursday night Mrs. Katrina Alexander of Beaumont, Mrs. Billy Bowden of Waco, Mr. and Mrs. E. F. Lemons, Mr. and Mrs. Zeno Lemons and family, all of Memphis.

Mrs. R. C. Bingham returned home Tuesday after a visit with her brother, Mr. and Mrs. C. W. Rudd, at Gainesville. Mrs. Rudd has been quite ill, but much improved at the present time.
