TERRAPIN RACE WINNER

Terrapin Race Is Big Affair Here

The annual Terrapin race event held here each year during the July 4th Celebration is getting bigger and better each year and the way it looks now we may have at least three hours of racing next year, stated Hershel Heath, sponsor of the event.

There were 275 entries in the races this year and that's a lot of Terrapins. The pavement was hot and the Terrapins really put on a show in each race.

John Morrow was the first place winner and received the \$50 bond given by the Chamber of Commerce; Karlton Shaw was second and received the \$25 bond; Tommy Leeper was 3rd and took the \$10 cash award.

We usually have a pickup load of Terrapins to carry to the country after the races but we didn't end up with a single Terrapin this year, Heath stated. The kids apparently grew attached to their Terrapins and took them home, he added.

The crowd to witness the races was the largest ever and adults were just as much enthused as the youngsters. It was even suggested that a new age bracket of 50 years and older be set up, Heath concluded.

LOCALS ATTEND LIONS INTERNATIONAL IN CALIF.

Mr. and Mrs. L. L. Wallace and Mr. and Mrs. George Thompson left Saturday morning to attend Lions International meeting in Los Angeles, Calif. Enroute they will visit Las Vegas, Nevada. They will be away two weeks.

Appellate Court Rules In Favor Of College

The 7th Court of Civil Appeals in Amarillo Tuesday handed down a decision in favor of the Clarendon Junior College board of regents in a suit filed in 1954 contesting an election to increase the tax rate.

The suit protesting the election was filed in February of last year by Edward D. Sawyer, who contested the election on the grounds that the college board of regents had no right to call such an election and that the college had no right to levy or collect taxes and that widespread voting irregularities took place.

District Judge Charles Reynolds, in 100th District Court here, ruled in favor and Sawyer appealed to the higher court. The opinion handed down on Tuesday by the Appellate Court upheld Judge Reynolds' decision.

RECORD NUMBER OF OLD TIMERS REGISTER JULY 3RD

A record number of Old Timers registered at the Mulkey Theatre Saturday morning when 275 signed the register. Around 250 signed up last year. Mayor Richard Gilkey was speaker for the occasion.

Mrs. N. L. Jones, a pioneer resident of the area, took the prize for the oldest present. Mrs. Jones is 94. Mrs. Alma Ayers Martin, a former resident of the county, captured the prize for having traveled the greatest distance. Her home is in Brownsville, Texas.

Other prizes went to Mrs. M. L. Putman for the largest family, and to Mrs. Walter Taylor, the oldest Donley County Old Timer having lived in Donley County the greatest number of years.

A special serving line was set up for this group at the barbecue. Everyone reported a wonderful time with lots of visiting and reminiscing.

RAY DAVID WINS OLD FIDDLERS CONTEST

The Old Fiddlers Contest got off to a slow start Saturday afternoon and it appeared that no contest would be held due to the lack of contestants but once the music started interest mounted.

Ray David took first prize of \$15. Ray has lived in the Clarendon area for some time and is the son of Joe David who took third place for \$5. Both have taken any number of prizes in fiddling contests over the country. Jack Pritchard won second prize of \$10.

Visitors look forward to this event each year and the entertaining program presented by these contestants when each tries to out-do the other.

City Administrator Tenders Resignation

The following notice was handed the Leader office Wednesday morning by M. B. Mitchell and is self explanatory within itself.

July 7, 1965
Mayor R. L. Gilkey, M. D.
City of Clarendon, Texas
Dear Sir:

It is with deep regret that I tender my resignation as City Administrator. I find that I can not continue in my duties under the present circumstances. When you do not respect your superiors and you have lost the confidence of your men, then you have reached that point where leaving is the only solution. I have tried to do my duties to the best of my ability. Evidently that is not good enough in view of our last council meeting. I am a man of free will and have the choice of employment; therefore, I am resigning effective immediately.

Since I have been here seven(7) months I feel that I am entitled to some vacation time.

I have been offered employment with the Office of National Opportunity, Executive Office of the President, in Washington, D. C. and I am advising them of my immediate availability.

Very truly yours,
signed M. B. Mitchell

Miss Janice Riley Crowned Rodeo Queen

Miss Janice Riley was crowned queen of the annual July 4th celebration at the Saturday night rodeo performance by Lee Palmer, president of the Outdoor Entertainment Association. She was also presented a dozen red roses by Mrs. Delbert Robertson on behalf of the Jaycee-ettes, the organization which sponsored the Queen Contest, and will be recipient of a \$50 gift certificate from John's also presented by the Jaycee-ettes.

Miss Riley is the daughter of Mr. and Mrs. J. D. Riley and a granddaughter of Mrs. Ruby Bromley. She is also a great granddaughter of the late Mr. and Mrs. Milt Mosley, and the late Mrs. E. W. Bromley, pioneer residents of the area.

Gift certificates good for \$25 at John's were presented runners-up in the contest by the Jaycee-ettes. First runner-up was Miss Sherol Shelton. She was followed by Miss Pam Crawford, both of Clarendon.

The young ladies taking part in the contest sold tickets to the various activities held throughout the three-day celebration and in this manner received points determining the winner.

VISITS GRANDMOTHER

Dr. Pat Leathers visited his grandmother, Mrs. Joe Goldston and Dr. Goldston last week. Dr. Leathers has just completed his year of Internship at Santa Clara County Hospital, San Jose, Calif. He was enroute to Pensacola, Fla. where he will be inducted in the U. S. Navy Air Force as Flight Surgeon.

Top Quarter Horses In Show Here

Jimmy Garland, chairman in charge of the Registered Quarter Horse Show here last Thursday, was more than well pleased with the number of entries and the class of horses entered in the show, especially since this was the first to be sponsored by the Outdoor Entertainment Ass'n as a part of the July 4th celebration.

Garland reported 97 horses entered in the contest, two of which were high point animals in the nation. Some horse raisers stated that there were some of the finest Quarter Horses in the show they had ever seen.

The Grand Champion Stallion of the show was Veto Nick, owned by George Brown, Dumas, Texas. Reserve Champion stallion—King Lee Blondy, owned by Fred Marshall, Arch, New Mexico.

The Grand Champion mare was Aledolita Bar, owned by Mary Ann Parris, Lubbock, Texas; Reserve Champion mare was Trouble Step, owned by Eugene Thompson, Kansas City, Mo. (High point mare in the nation).

Grand Champion Gelding—Sonaro Sorrel, owned by Cal and Pat Lemon, Des Moines, Iowa. (High point gelding in the nation). Reserve Champion—Jo Clay East, owned by W. H. Tippett, Tell, Texas.

Junior Reining — 1st Tater Dusty, owned by Johnny Burson, Silverton, Texas; 2nd—Poco Pepino, owned by Doyle Morris, Memphis, Texas.

Senior Reining—1st Poco Man Dan, owned by Roy and La Nelle Yates, Amarillo, Texas; 2nd—Dell's Fleet, owned by Kay D. Goss, Maud, Okla.

Western Pleasure — 1st, Bar's Choice, owned by Jack Kastman, Lubbock, Texas; 2nd—Poco Man Dan, owned by Roy and La Nelle Yates, Amarillo.

Junior Cutting—1st, Miss Come Three, owned by John Trimmir, Hale Center, Texas; 2nd—Pine Bluff Tony, owned by Dave Mayfield, Lawton, Okla.

Senior Cutting—1st, Senior Jet, owned by Trice Electric, Oklahoma City, Okla.; And—Redskin Tater, owned by Johnny Burson, Silverton, Texas.

Restricted Ranch Cutting—1st, Lusk Joe, owned by Buddy Lowry, Hoover, Texas; 2nd—Bar's Choice, owned by Jack Kastman, Lubbock, Texas.

We appreciate the attendance at the show and the interest shown and we are already looking forward to a larger show next year, Garland concluded.

Annual Three Day Celebration Is Big Success Here In Every Department

Second Summer Session Begins Monday At Clarendon College

Registration for the second term of summer school at Clarendon College will begin July 12. Hours for registration will be regular office hours and from 6:30 until 8:30 p.m. July 12-19. Classes will begin at 6:30 p.m. July 13.

Classes that are now functioning and will continue thru the second summer term include:

Art 213: Creative Hobbies; Chemistry 114: General Chemistry; English 113: Freshmen English; English 213: Sophomore English; Government 213: State and Local; History 213: American History; Math 100: Commercial Algebra.

Special effort has been made to begin a class in Accounting Principles (B.A. 214) for the second term. This will meet Mondays, Wednesdays and Fridays at 6:30 p.m. to 9:45 p.m. The course will be four semester hours, and it includes the fundamentals of double entry bookkeeping, closing entries, sole proprietorship, etc. and a practice set. Further information may be obtained from the Dean's office at the College, (telephone 874-3552).

Registration for the first term exceeded all previous records at the college, and it is expected that a large group of students will be on hand for registration for the second term, July 12.

Parade Lends Color To Celebration

A large crowd was on hand to view the parade Saturday morning which added color and atmosphere to the celebration. The parade was sponsored by the Clarendon Jaycees.

Owen Johnson, parade chairman, reported winners in the various divisions as follows:

Business division—1st Harlan's Flowers, Saye's, and The Borden Co.

Riding club division — 1st, Leather and Lace Riding Club of Pampa; Childress Riding Club and Silverton Riding Club.

Civic and Community Club division—1st Boy Scout Troop No. 37; Church of the Nazarene Bible School; Perryton Jaycees.

Special Individual Entries — Model A Club of Amarillo.

Best decorated bicycle—Pam Cook, daughter of Mr. and Mrs. Tom Cook.

The annual July 4th Celebration Thursday, Friday and Saturday was a great success in every department even though the crowd was not quite as large as usual due to neighboring towns remaining open on Saturday and lots of work to be done in the fields.

Approximately five thousand were on hand for the free barbecue Saturday noon and the stands were filled at the rodeo Saturday night.

The dances at the Rodeo Grounds were well attended all three nights with over 800 enjoying the open-air dance floor Saturday night. Proceeds from the dances will be used to complete the Rodeo Headquarters building at the Rodeo Grounds.

The parade sponsored by the Jaycees was one of the best and quite colorful and moved along in good order before a crowd of thousands of visitors.

Flip Breedlove and his barbecuing crew did an excellent job and many visitors reported it was the best they had ever turned out. It was a hot job throughout the day Friday and this entire group along with Fred Clifford and his bean cooking crew are to be commended for their efforts.

Ernest Kent reported the highest registration of Old Timers in several years and said it was one of the most enjoyable get-togethers yet with everything, including the serving of the barbecue, going along perfectly.

Lee Palmer, president of the organization, and other officers and directors have expressed their desire to thank everyone who assisted with the celebration in any manner and helped make it one of the most enjoyable yet. We would like to single out each individual who helped but we know someone would be missed and we value and appreciate the efforts of everyone, he added.

Bill Todd, secretary of the Association, is asking everyone who has an account against the organization, to turn their bill in to him just as soon as possible so a complete tally can be made of the entire celebration.

The list of rodeo winners was carried to Amarillo by the Rodeo Promoters and we understand they will be returned for publication next week.

Mrs. J. R. Batson, Donna and Mack, and her brother, Sam King, spent the week end with their brother, Mr. and Mrs. H. R. King and family, at Canyon and enjoyed an outing at Buffalo Lake.

TO THE PEOPLE OF THE 18th DISTRICT

By Congressman Walter Rogers

SOIL SURVEY PROGRESS

I recently received from Mr. H. N. (Red) Smith, the State Conservationist who directs activities of the Soil Conservation Service in Texas, a report on the progress being made in the 18th District toward completing soil surveys. These surveys constitute detailed physical inventories of soil conditions, showing depth, structure, drainage, stoniness, slope, erosion, and other features of each kind of soil that determine its use and capability. Soil surveys are carried out on a nationally coordinated basis in cooperation with other Federal agencies, the State agricultural experiment stations, other State agencies, county governments, and a number of local organizations.

I'm glad to say that good progress is being made. In four of the 28 counties of the 18th District, the mapping has been completed and the surveys published. In six other counties, the work is completed and publication should follow shortly. Work in other counties is in varying stages.

With each county listed alphabetically, and with the percentage of land area mapped and a target date for completion indicated for each county, the situation in the District is as follows: Armstrong, 100%, published; Briscoe, 50%, 1970; Carson, 100% published; Castro, 50%, 1967; Childress, 100%, published; Collings-

worth, 100%, complete; Cottle, 32%, 1966; Dallam, 44%, 1967; Deaf Smith, 100%, complete; Donley, 14%, 1968; Gray, 100%, complete; Hall, 100%, complete; Hansford, 100%, published; Hartley, 23%, 1972; Hemphill, 100%, complete; Hutchinson, 16%, 1972; Lipscomb, 39%, 1968; Moore, 53%, 1968; Motley, 14%, 1969; Ochiltree, 100%, complete; Oldham, 35%, 1971; Parmer, 26%, 1969; Potter, 27%, indefinite; Randall, 99%, 1965; Roberts, 20%, 1973; Sherman, 0%, indefinite; Swisher, 34%, 1966; and Wheeler, 40%, 1967.

The primary purpose of the soil surveys is to make available to land owners and farm and ranch operators the facts on which to guide development of basic conservation plans. With a soil map and its interpretation, plus related information, a technician of the Soil Conservation Service is able to provide farmers and ranchers with proper planning assistance. Although soil surveys are being used mainly in developing and managing farm and forest lands, they provide information for other purposes. County and community planning officials use soil survey information to help locate areas that are suitable for housing, schools, shopping centers, roads, parking lots, industry, parks, and recreational areas. Bankers, insurance officials, and loan companies find soil surveys helpful in determining the soundness of proposed investments in land. Engineers use soil surveys in locating and designing highways, airports, sewers, pipelines, buildings, and other structures.

In past years, a number of attempts have been made to reduce funds available for soil conserva-

tion programs, including soil surveys. I have always supported proper appropriations for soil conservation work, recognizing the great work done over the years in the Texas Panhandle, and have on several occasions helped lead fights to restore threatened cuts to appropriations. It now appears that the SCS appropriation for Fiscal Year 1966 will provide approximately the same amount of money as was available for the program in 1965. Many of us have been concerned because a \$20 million cut was threatened under legislation to be offered increasing the extent of financial participation by cooperating soil conservation districts, landowners, and operators. However, this legislation has not as yet been submitted to the Congress and its fate, when it is submitted, is very much uncertain. Certainly we can ill-afford to handicap the soil conservation movement. Our treasured soil resources must be preserved.

SOIL CONSERVATION DISTRICT NEWS

PASTURE PLANTING

Time is here for anyone interested in establishing a permanent pasture. Bermuda grass, Swith grass and Indian grass are the 3 most adapted pasture grasses in Donley County. Johnson grass is also widely used. Bermuda-grass pasture under proper growing conditions and management will produce more forage per acre than any other pasture.

At the same time it will require more expense and management to produce this additional forage. There has been widespread talk about the value of Bermuda grass as a pasture, but anyone qualified or who has had successful experience with this type pasture can tell you that the main factor is how it is managed. It is getting the proper amount of water at the right time, it is getting the proper balance of fertilizer, it is being rotated properly! All of these factors are a must in using Bermuda-grass pasture.

Switch grass and Indian grass are also very popular as pasture. Initial establishment is lower and management is not as intense as on Bermuda-grass pasture. Indian and Switchgrass pasture will stand more dry weather than Bermuda-grass, but at the same time, they will not produce the forage that Bermuda-grass can. Both Switch and Indian will produce top quality pasture, when irrigated or used on dryland, with a well balanced program of fertilizers.

Johnson grass pasture is also a good pasture, easy to establish, but requires careful management such as proper grazing and renovating to insure a good stand.

All of the above pastures are good and it depends on the type setup an individual has and the amount of investment acre return that he expects to get out of them.

If anyone is interested in developing a pasture the local Soil Conservation Service personnel will offer any technical assistance that they have in providing an individual in the establishment and cost of a pasture.

A mammoth pageant will be staged Monday, Tuesday, and Wednesday nights at Younger Field. There are 300 members in this cast alone. A fireworks display will be presented each night. A rodeo will be presented Thursday, Friday, and Saturday nights followed by a Rodeo Dance each night.

Rodeo registration may be made at Swisher Electric Co-op, Phone WY5-4751. Jubilee headquarters is at 121 E. Broadway.

TEXAS JOINS SPECIAL FALL TEAL SEASON

Texas will participate in a special nine-day experimental teal hunting season this year, according to J. Weldon Watson, Executive Director of the Texas Parks and Wildlife Department.

This state-wide season will be conducted to evaluate the effects of an increased harvest on teal which normally pass thru Texas prior to the opening of the waterfowl hunting season.

The season will be open to hunters holding a "teal hunting permit" and the Texas Parks and Wildlife Commission has set the period of September 4 through September 12 as the dates for this experimental season. The daily bag limit will be 4 teal with a possession limit of 8. The number of permits will be unlimited and will be issued upon application to the Parks and Wildlife Department, John H. Reagan Building, Austin, Texas, during the period from June 25 through August 2. Applications can not be accepted after August 2.

Each hunter participating in this special season will be required to have the regular Texas hunting license and Federal Duck stamp, in addition to the "teal hunting permit".

Watson pointed out that the primary purpose of this season will be to determine if teal can stand the additional hunting pressure, to study the effects of the shoot on other ducks and to collect information concerning the hunters' ability to identify various waterfowl.

Identification of the teal will be absolutely necessary as the season on other waterfowl will be closed and possession of other species will be considered a violation of the law.

Sam King, formerly of Dallas, is visiting his sister, Mrs. J. R. Batson, Donna, and Mack. He is being transferred to Washington.

Hill-Lewis Vows Exchanged In Church Ceremony

In a double ring ceremony read Friday evening, June 25th, in the First Baptist Church, Clarendon, Texas, Miss Karen Marie Hill became the bride of Walter Wayne Lewis. The Rev. W. R. Lawrence, pastor, officiated.

The bride is the daughter of Mr. and Mrs. Orin Lee Hill of Clarendon. Parents of the groom are Mr. and Mrs. Carroll Lewis, also of Clarendon.

Vows were exchanged before an altar centered with an archway of greenery and flanked by baskets of white gladioli and tiered candelabra bearing white tapers. Baskets were accented by orchid bows.

Miss Mary Louise Caldwell, organist, played a prelude of nuptial selections and accompanied Mrs. W. H. Wood of Childress, Texas, cousin of the bride, who was soloist. Mrs. Wood sang "One Hand, One Heart," and "He."

The bride, given in marriage by her father, was attired in a floor length dress of imported Chantilly lace fashioned with a high neckline of sheer illusion and trimmed in flower appliques attached to a sweetheart neckline of lace. The long sleeves tapered to points over the hands. The full skirt flared from a fitted bodice. To the front of the skirt were several layers of sheer illusion with flower appliques bordered on each side by a lace panel extending from waist to the floor. A cascade of re-embroidered sheer ruffles flowed down the side and back ending in a cathedral length train. Her shoulder length veil of sheer illusion fell from a pearl coronet headpiece. She carried a white Bible topped with a white orchid and stephanotis.

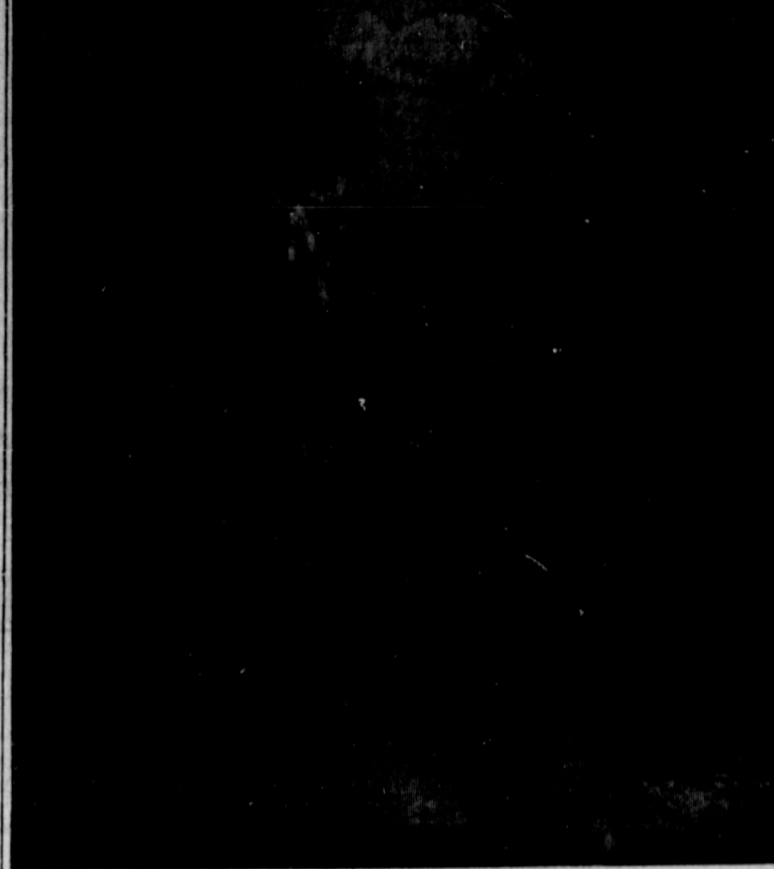

Miss Donna Hill attended her sister as maid of honor. Bridesmaids were Miss Carolyn Graham of Bovina, Texas, Misses Nelda Stepp and Sue Hill of Clarendon. They wore dresses of orchid eyelet embroidery fashioned with an empire waistline and a line skirt. Their headpieces were orchid bandeaus with a short veil. The maid of honor carried a bouquet of orchid asters centered with a white rose while bridesmaids carried a single white rose. Flower girl was Renae Moore of Canyon, Texas.

Bobby Lewis of Borger served as the groom's best man. Groomsmen were Ernest Lewis and James Allen of Clarendon, and Roddy Waites of Memphis. Orvial Bennett of Amarillo assisted groomsmen in ushering duties.

Immediately following the ceremony a reception was held in Fellowship Hall of the church. The refreshment table was laid with an ecru lace cloth and an arrangement of orchid gladioli. Appointments were crystal. The tiered wedding cake topped with a miniature bride and groom was served with punch. Assisting in the houseparty were Mrs. James Allen, Mrs. Orvial Bennett of Amarillo, Mrs. Bobby Lewis and Miss Theresa Phillips of Borger, and Mrs. Larry King. Guests were registered by Miss Lana Waites of Memphis and Miss Linda Fancher of Amarillo.

For a traveling costume the bride chose a two piece beige costume with matching accessories and the orchid from her wedding bouquet.

Both the bride and groom are graduates of Clarendon High School and the groom attended Clarendon College. The couple will be at home in Clarendon.

REHEARSAL DINNER HONORS HILL-LEWIS WEDDING PARTY

Mr. and Mrs. Carroll Lewis were hosts at a rehearsal dinner at Jake's Steak-Out Thursday evening honoring the Hill-Lewis wedding party. Tables were laid in white with greenery extending the full length. The center table was marked by four candles lighting a miniature bride and groom surrounded by white carnations.

Twenty members of the wedding party attended.

Two of the three redistricting plans passed by the last Legislature soon will come under courtroom attacks.

In a legislative redistricting case in Houston, motions will be filed asking that the new plan for dividing Texas into 150 districts for the House of Representatives be declared unconstitutional.

State Republican Chairman Peter O'Donnell Jr. has announced that the Harris County plaintiffs in the Congressional redistricting case, headed by George Bush, will drop out of active roles in the case, because that county was treated fairly in the redistricting plan.

But the Republicans plan to bring in new plaintiffs from Dallas, Bexar, Tarrant, Midland, Ector, Jefferson, Orange and Brazoria Counties to try to con-

vince the three-judge federal court in Houston that the new law violates several apportionment principles.

On legislative redistricting, state Reps. Jake Johnson of San Antonio and Robert C. Eckhardt of Houston, who joined in the suit which led to present reapportionment procedures being declared unconstitutional, will ask the court to say that the new plan violates the U. S. Constitution, too.

Main attack is expected to be purely on the question of whether county-wide districts with more than one legislator serve to discriminate against minority racial and political groups.

No attack is expected on the plan passed to divide the Texas Senate into 31 new districts.

AUTO RATES TO GO UP—A State Insurance Board public

PHOTO BY HIGLEY'S LEADER ENGRAVING

A large crowd gathered to enjoy the Old Fiddlers contest on main street.

hearing confirmed the earlier warning that auto insurance rates will go up an average of some 13.4 per cent on August 1.

Actually, new rates for property damage, liability and collision lines carried by most motorists will be increased more than 20 per cent in most areas.

A rising toll from traffic accidents is blamed for the hike.

Insured drivers paid \$404,000,000 in premiums last year against \$198,000,000 settled by companies

on claims. Another \$16,000,000 in pay-outs is pending. Board decides premiums should go up when more than 63 cents of the premium dollar goes to pay claims and adjustment costs.

BUILDING, SALES DOWN—Texas building and retail sales dropped off in May, according to UT's Bureau of Business Research.

Sales fell off about one per cent from the April level, in contrast to a normal seasonal gain of about three per cent. The January-May total is four per cent above the same period for 1964 but has not kept pace with the nationwide increase. Trade is expected to improve with repeal of federal excise taxes.

Building authorizations decreased 13 per cent last month to the second-lowest level in the last 12 months.

COURT SPEAKS—State Supreme Court affirmed Court of Civil Appeals finding that the two-year-old law which placed

bonded liquor exporters along the Mexico border under state regulations is unconstitutional.

In two separate opinions — from Harris and Matagorda counties—court held that holders of hurricane insurance policies which specifically excluded water damage coverage could not collect for flood water damages to their homes from the Sept. 11, 1961, Hurricane Carla.

AG SPEAKS—Atty. Gen. Waggoner Carr held that San Marcos Consolidated Independent School District cannot use Martindale District tax assessments for 1965, though the districts have consolidated. All property throughout the district must be assessed at an equal and uniform rate, Carr concluded.

In other opinions, the attorney general ruled:

Banking Commissioner J. M. Falkner may not approve a credit union as a depository for other credit unions;

Dallas County Junior College may contract with the county tax assessor-collector to assess and collect its ad valorem taxes; and

In time of national emergency the governor has authority to direct implementation of the emergency resources management plan, to order state agencies to assume their responsibilities and to create a "state executive reserve."

APPOINTMENTS—Gov. John Connally has named Dist. Atty. Edwin F. Berliner of El Paso to

the new 171st District Court, which goes into operation on September 1. He appointed W. Barton Boling, El Paso lawyer, to succeed Berliner as district attorney.

Connally appointed Garrett Morris, Fort Worth attorney and insurance executive, to Texas Public Safety Commission to succeed Jake Jacobsen, Austin attorney who recently joined President Johnson's staff. Morris is a native of Nocona.

Commission establishes plans and policies for Department of Public Safety, state law enforcement agency.

By—Vern Sanford

An outdoorsman knows that even on the darkest night, there is a little luminous quality that will permit him to see when his eyes are accustomed to it.

By this tiny bit of light, an experienced angler can approach his favorite weed bed, stop within casting distance of it, toss his plug to the edge of it, and entice the lunkers.

But he must be ready to react quickly.

You'll enjoy night fishing. Everything is still and quiet. There is just a little splash when your top water bait hits the water, and maybe a gurgle when you twitch it now and then. But you're never really ready when there comes a cow falling in the creek.

That's what it sounds like, in the still of the night, when a lunker hits. It'll scare the living daylight out of you.

Your first thought is "careful." You want to set the hook. But you also want to avoid unnecessary tension on the line.

I wouldn't worry too much about hook-setting when a big bass hits a topwater lure. Usually, he has tried to swallow the thin, or kill it, and is well hooked.

If he's not on when you start hauling the line, wait a minute. He may have simply smashed it with the idea of stunning the thing. Now! Move the lure slightly, from time to time. . . a light twitch now and then. If no strike reel in slowly and cast

again. He'll come back for dinner.

Night fishing demands that you be ready when the big bass strikes. Be sure he's hooked, then bring him in quickly. Don't let him wind your line around moss or a submerged tree. . . if you can help it. That's his life-saving trick. At the same time, don't apply so much tension that you tear the hook out of his mouth.

It all sounds complicated. . . which it is. Also it involves judgement on your part. But in case of doubt, put on the pressure. When it's a bigmouth bass you're dealing with, you may have to horse him in. Don't give him any slack line—day or night.

What about fishing for white bass?

Here's another fish that will take your lure at night. It's really his preferred feeding time. However the minnow is his favorite meal.

In the spring, whites migrate upstream and move out into the tributaries of large rivers and lakes seeking shallow water for spawning season.

Find the right place and you can load the boat with white bass.

You are looking for a spot where there is a current and the bottom is sandy or rocky. A stream running into a lake is perfect. Or a river dam where power is generated creating a swift tail race, will do very well. Otherwise, locate a spot in the lake where a sand bar rises

to 15 feet or less from the top. Fish one of these locations in spring and summer, using minnows, spoons, or jigs, and you will be rewarded with a fine string of sandies. Night fishing for whites in summer is a good and growing sport.

If you don't know where the white bass stay in summer, ask a fishing buddy, your friendly tackle shop man, or a good camp operator. You will learn that the white bass favor a certain area.

Go there at night, equipped with a Coleman lantern, a bucket full of silver shiner minnows and patience to wait 'em out—and you'll have a full evening of fun.

You won't have much trouble finding the place, for other boats will be there too, with lanterns lighted. Often it looks like a small town on the water, as fishermen gather to bring in the white bass.

When you are anchored and ready, fire up the lantern. Use a reflector shield, if you have one, to direct the bright light onto the water and not in your face. Aluminum foil will serve temporarily.

This illumination will attract small flying insects, and they in turn will attract shad, and shad will attract white bass. That's the theory—we won't argue with it. All we want to do is catch fish.

If the theory is based on truth, and it may well be, we don't care how many other boatmen are in the place — the more the merrier, in fact. More lights, more insects, more shad, more white bass. There's plenty for everybody when sandies congregate.

All you have to do, in this night fishing for white bass routine is hook on a minnow, let it down to the proper depth, sit back in the boat and relax. But strike your rod tip! These boogers strike like lightning—but lightly.

Nigh fishing for crappie is an exciting game too, particularly in the summer.

I've been on a lighted dock where all hands took their limit in the last hours before sun-up. Here again, we're minnow fishing.

However, crappie will react to other baits, such as cut bait, small spinners, and what have you.

Whether you go to a commercial lighted dock, or set out your own, you must have the lights for night fishing. Same principle applies to crappie as in night fishing for whites. The lights attract the fish—so if you're going for crappie, be equipped with a lantern.

Finding the right depth is essential here, too.

Most crappie anglers will use spinning gear with a split shot, let the minnow down to the bottom and slowly reel in. When the first fish is captured by this method, the depth is established and you know where the fish are. They're a clannish bunch. So go back to the same depth every time and catch your limit.

Good buymanship covers many factors in purchasing food. It means shopping carefully and using all the food knowledge you have available; and keeping in mind the likes, dislikes and nutritional needs of your family, says Extension Consumer Marketing Specialists Mrs. Gwen Clayatt. Additionally, it means an honest assessment of the value of your time for both cooking and shopping. Reading labels and taking time to do a little calculation to determine cost per pound or cost per serving are other buymanship factors.

How long the giant Galapagos tortoise lives is uncertain, but scientists estimate from growth rings around the plates on their backs that some are over 150 years of age.

NEWS FROM CITY HALL

by R. L. Gilkey, Mayor

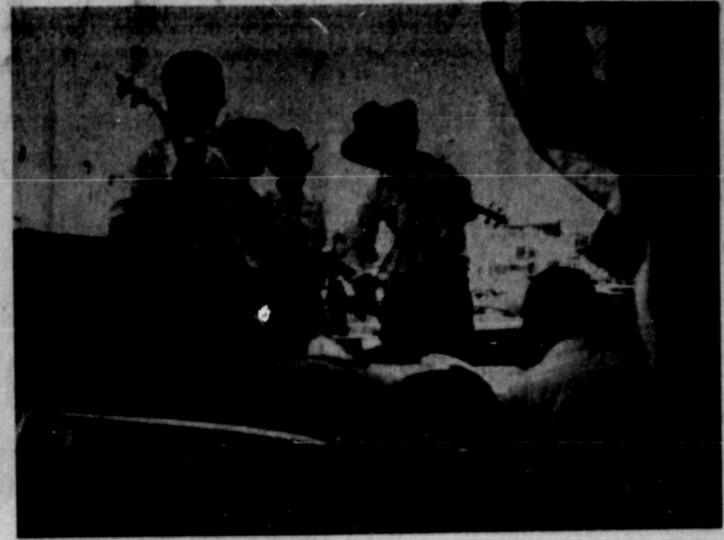

A lot of interest has been shown concerning the new "Clean-Up Ordinance." Many citizens have already called the city offices requesting that weeds in vacant lots be cut and stagnant pools of water filled. The city is now able to notify owners of such properties and is in the process of doing so. Thanks for your interest in keeping our city clean and healthy.

The need for additional sewage lines in several parts of town was brought up at the last council meeting. At present we are investigating the possibilities of putting in this additional sewage line which is urgently needed by some of our citizens.

In a meeting with the superintendent of schools, the aldermen voted to deliver water to the school district at as close to cost price as feasible. Previously, the school district has paid the standard water rates. It was felt that the city should not make a profit on the sale of water to the school since it is a tax supported agency.

Did you notice the mosquito fogging machine in action last week end? (We sure need it). This aerosol application did not seem too effective. Since our "dusting machine" is only a year or two old, we are attempting to obtain a new type powder which will be more effective against mosquitoes and less toxic to humans. This machine is capable of good mosquito control. The powder is a disadvantage, but with a new type it may be less bothersome.

At this time everything is running fairly well at City Hall. But since progress is painful, part of the pain will come this month when we file suits for de-

HEATLY HONORED AT STATE BAR CONVENTION

Rep. W. S. (Bill) Heatly was among those honored at the annual banquet of the State Bar Association held in the Texas hotel, Dallas, Friday night, July 2nd.

Mr. Joyce Cox of Houston, president of the State Bar Association, presented Heatly with a plaque in appreciation for his outstanding service as technical advisor to the executive committee of the State Bar of Texas on Legislative matters, 59th Texas Legislature.

VISITS IN ROSWELL

Mr. and Mrs. C. A. Pitts spent the week end with their son, Lt. Donald A. Pitts at Roswell, N. Mex. Donald accompanied them home enroute to his new assignment in Omaha, Nebraska. In Omaha he will train in Computer Data work.

Mr. and Mrs. Claude E. DeBord of Dawn, Texas visited here Sunday.

LOCAL COMMUNITIES HAVE SHARE OF ACCIDENTS

The Ashtola-Martin area has had its share of accidents thru the holiday week end.

Thursday afternoon Clarence Reynolds received painful burns on the hand when he attempted to aid a neighbor, Mrs. Walter Hutchins, in starting her car. The car and garage caught fire. The blaze was extinguished but not before Reynolds' hand had been burned. His hand is improving but still wears some large, full blisters.

The same afternoon, Raymond Waldrop was injured when his horse "spooked" and reared or fell backwards on him. He is a patient in Adair Hospital where he is recovering from injuries to his back and pelvis. At last report he was in traction.

Ruby White received less serious injuries in a fall from a ladder. She received severe bruises to her knee but no bones were broken. She was taken to the hospital but we are happy to report that she is now at home.

OFFICE NEWS

Beginning this week we will have Bob Weatherly working in our office as an Office Manager Trainee. He will be with us several months at which time he will become an Office Manager in some ASC office. Mr. Weatherly, his wife and two small children will make their home here and we know you all join us in welcoming them to our city. Let us invite you to stop by the office and meet Mr. Weatherly when you have the opportunity.

1965 PERFORMANCE

This year, we again ask for your cooperation in calling to the attention of the reporter any and all planted crops, diverted acres, deductions and all acreage which was planted to a crop and was destroyed by adverse weather conditions. We want to remind you that any planted peanuts must be reported so be sure to point them out to the reporter.

GENERAL

One of our Donley County producers made the front page of The Oklahoma Journal last month. We are real proud of Pete Land as he is not only a good farmer but the kind of fellow who will take time to lend his services for a good celebration.

Pete and his wife joined the Spearman Wagon Train that went to Oklahoma City to help dedicate the Cowboy's Hall of Fame. They rode in the parade and Pete helped with the chuck wagon cooking. He tells us they had a wonderful time and got the red carpet treatment. We appreciate Pete for his hard work and willingness to help in all local celebrations.

Dr. James Swift of Wichita Falls visited Sunday with his parents, Mr. and Mrs. J. D. Swift.

CLAUDE CELEBRATION SET FOR JULY 22-24

The annual Caprock Roundup will be held in Claude July 22, 23, and 24 with the highlight of this year's celebration being the 75th anniversary of the establishment of Armstrong County. Special recognition will be given to old timers who were living in the county in 1890 when it was formed.

Festivities get under way Thursday evening at 8 p.m. with an amateur rodeo in Legion Park followed by a dance in Legion Hall. The big day of the three day event will start at 9 a.m. Friday, July 23rd with registration of old timers at the court house, a street parade at 10 a.m., selection of the Farm Bureau queen, free barbecue, rodeo and dance. Rodeo stock will be provided by Glenn Green of Amarillo. Everyone is invited to attend all or any part of the annual celebration.

Invitations are extended clubs and organizations to participate in the street parade Friday morning. Prizes will be given for the best float. Rodeo headquarters will be set up in Claude a few days before the rodeo.
