Chamber Of Commerce Banquet Tues. Night

The annual Clarendon Chamber of Commerce Banquet will be held Tuesday evening in the school cafeteria at 7:30 p.m. M. B. Mitchell, City Administrator, will serve as master of ceremonies.

James A. Covell, economic development representative for General Telephone Co. of the Southwest, will be the guest speaker for the occasion. After an intensive six months training program in all phases of the company's operations, Mr. Covell was assigned for 6 months to the public relations department. He was named to handle the company's economic development program in 1961. In September 1962 he was elected a director of the Texas Industrial Development Council and was elected sec-treas. of the Texas Industrial Development Council for the year of 1965.

Basil Smith, president of the Chamber, stated that the annual Achievement Award would be presented to a member organization and a musical program is in store for those who attend.

Tickets for the banquet are now on sale and may be purchased from J. R. Gillham, Basil Smith, Frank Phelan Jr., Gene Alderson, G. W. Estlack, E. O. Simmons, F. E. Chamberlain, H. M. Breedlove, John Payne, Richard Tunnell, Cecil McAfee, Jr. Spier, George Thompson, C. A. Pitts or Mrs. Mildred Ritter.

PLANS MADE FOR ANNUAL SALVATION ARMY CAMPAIGN

What does the Salvation Army mean to Clarendon and Donley County?

Through the unselfish work of your local volunteer Salvation Army Service Unit Committee you have provided Immediate Emergency Aid to local people and deserving transients who are less fortunate than yourselves and your children.

Clarendon can and has helped provide the following: Food, Lodging, Shoes and Clothing, Medical Care, Eye Glasses and Services to members of the Armed Forces.

Each year you are allotted the right to send two boys to Summer Camp. If the need should arise you have the use of two homes and hospitals for Unwed Mothers, and many other welfare services.

Walt Knorrp has accepted the chairmanship of the annual 1965 fund raising campaign. The campaign will get under way at a kickoff Breakfast on Thursday, March 25th, at 7:00 A.M. at Jake's Steak-Out. The county-wide goal is \$1200.00.

The Donley county committee is composed of the following; C. J. Lohoefer, Chairman; Bill Todd, Vice-Chairman; Van Kennedy, Treasurer. Other members are: C. A. Pitts, William J. Lowe, Sheriff Lonnie Cornell, Rev. W. R. Lawrence and M. O. Weatherly of Hedley.

Kenneth Vaughan will be in charge of the school solicitation. Walt Knorrp will have 35 local citizens who will assist him in the local solicitation. The names of the workers will be announced at a later date. M. O. Weatherly will be in charge of the Hedley solicitation.

FARM NEWS

from County ASCS Committee

SUBSTITUTE CROPS ON DIVERTED ACRES

USDA has announced that farmers who take part in the 1965 feed grain and wheat programs will have an opportunity to plant substitute non-surplus crops on diverted acres. The plantings on wheat cropland can be done on that acreage voluntarily below the farm's effective 1965 allotment.

The substitute crops eligible under the 1965 programs are guar, sesame, Safflower, sunflower, castor beans, and flaxseed, plus mustard seed on feed grain acreage.

If safflower or flaxseed is planted on the diverted acreage, no diversion payment will be available for that acreage; where other substitute crops are planted on the diverted acreage, the diversion payment will be reduced.

FEED GRAIN SIGNUP

The signup for the 1965 feed grain program is now under way and will continue through March 26. Wheat growers who signed up last fall may also modify their program intentions until the closing date except that such growers do not have the option of signing up to overplant and store the excess wheat.

Advance payments are now available to growers signing up to participate in the feed grain program. This payment will represent one half of the estimated total diversion payment to be earned under the 1965 program. The rest of the diversion payment and all of the price support earned under the program will be made next fall.

1965 COTTON PROGRAM

The signup for this program started February 8 and will continue through March 26 also. As previously announced, operators of small farms—where plantings need not be reduced below the farm allotment in order to participate in the domestic allotment program—do not need to sign up in order to qualify for payment.

On larger farms, however—where the domestic allotment is less than the effective allotment—an intention to participate must be filed before March 26. Advance payments are available to farmers who sign-up and request such payments.

AGGIE CLUB ASKS HELP WITH RODEO

Members of the Aggie Club of Clarendon College will be contacting local merchants to give them an opportunity to make donations toward the purchase of trophies and feed needed for the rodeo which the club is sponsoring in April. All such donations will be recognized and provide good advertising for participating merchants. "It is not our intention to miss anyone but if we fail to contact you and you wish to have a part in our rodeo please get in touch with any Aggie member," stated Perry Gruhkey, reporter for the club.

MAKE UP YOUR MIND!

(An Editorial)

You will soon have an opportunity to voice your opinion as far as City affairs are concerned. It is time for you, as an interested citizen, to make up your mind and choose the type of City government you think is best for Clarendon.

Regardless of the outcome of this City Election, it is time to make up your mind to support the type of City Government designated by a majority vote.

Make up your mind to take an active part in choosing your City government, the men who are responsible for its success or failure and seek not the least course of resistance.

A town can not progress on petty grievances, biased information or personal gains. Opinions may differ but it is the results that count.

The basic difference in the Commission form of government and the Aldermanic form of government is whether or not you want three or six men to run your city affairs. A mayor will make up the 3rd or 6th man in either instance, and a city clerk or administrator can be used in either instance allowing candidates to run on a community service basis.

Deadline For Filing For City Offices Is Saturday

The deadline for filing for Alderman or Mayor is Saturday of this week. The City office will be closed Saturday so those who make up their mind late should contact Mrs. Dessa Day, City Clerk.

Up to press time Wednesday, only one candidate had filed for Mayor and that was Dan Carter, local Cafe operator; Aldermen who have signed up for re-election are Basil Smith and Chauncey Hommel.

If you want to get into hot politics, then pitch your hat in the pot.

JAYCEE & JAYCEE-ETTE BANQUET SET FOR MARCH 23rd

The Clarendon Jaycee and Jaycee-ette installation banquet will be held at 7:30 p.m., on March 23, in the CHS cafeteria, according to an announcement made Wednesday morning at the regular directors meeting of the club.

Tickets will go on sale next week for the banquet and dance to follow. They will be \$1.75 each, according to club president Hubert Kidd.

Cub Scouts Blue And Gold Banquet Set For Thursday Night

Clarendon Cub Scouts will host their annual Blue and Gold banquet Thursday night, tonight, at 7 p.m. at the High School Cafeteria. Speaker for the evening will be Mr. John Brewer. The Cub Scouts will be in charge of the program with each den presenting a skit. Following the banquet awards will be presented to the deserving Cubs.

Cecil McAfee, local Cub Master, hopes there will be a big turnout for this banquet. Cub Scouts, Den Mothers, and parents have worked very hard this year and hope to see you there.

DAN CARTER ANNOUNCES CANDIDACY FOR MAYOR

Dan Carter, owner and operator of the City Cafe, has authorized the Leader to announce his candidacy for the office of Mayor of the City of Clarendon.

In making his announcement, Mr. Carter stated that he was a candidate for this office under the Aldermanic form of government subject to the City Election April 6, 1965. Your vote and influence will be appreciated, he added.

EVANGELIST

REV. EUDELL STROUD

Revival At Church Of Nazarene March 8-14

Rev. Dan Wright, pastor of the Church of the Nazarene has announced a Revival at his church beginning Monday March 8 and continuing thru March 14th. Services will be held each evening at 7 p.m.

Rev. Stroud, pastor of the Edge-wood Church of the Nazarene in Jonesboro, Arkansas, will be the special worker for these services.

The church and its pastor extend a cordial welcome to you and your friends. Be sure to attend each service, for there will be spiritual songs, special music, dynamic gospel message, and the presence of God, Rev. Wright concluded.

JUNIOR CLASS TO PRESENT PLAY FRIDAY NIGHT, MARCH 5

The Junior Class of CHS will present their play, "Call Me Darling," Friday night, March 5th, at 7:30 p.m. in the College auditorium. Included in the cast are Shirley Hearn, Neida Stepp, Leane Riskey, Linda Hill, Judy Greene, Sue Hill, Donnie Helton, David Mooring, Richard Thornberry, Melinda Moore, Emily Neece, and Dwayne Lamber-ton.

Admission will be 50c for adults and 25c for students. The public is invited to attend.

BLUSTERY WEATHER NETS .11 MOISTURE

The blustery weather which blew in early Monday morning netted a total of .11 inch in moisture and approximately 1 inch of snow. A majority of the snow melted as it fell here but on top blowing conditions were quite bad.

March came in like a Lion so maybe it will go out like a lamb.

Candidates For School Trustee Position Are Shy

At last report from the School Administration office, only three candidates have filed at press time Wednesday for the three spots on the school board. W. E. Goodman and Bill Mooring have filed for re-election, and E. W. Barbee.

At the same time only two candidates had signed up for the county board at the County Supt. office. Billy Christal is a candidate for County School Trustee at Large and G. W. Estlack signed up for re-election for Trustee of Precinct No. 2. Candidates for Precinct 3 and 4 were expected before the end of the day.

Mrs. Lois Roberson and baby of Denver, Colo. and Mrs. Rachel Reischer of Eaton, Colo. spent last week with their parents, Mr. and Mrs. C. E. Beach. Mrs. Edith Longan and other relatives.

A group of over fifty Clarendon Citizens representing organizations, clubs and individuals met at the City Hall last Thursday night to name a Board of Governors for the Clarendon Development Board.

Dr. Chas. E. Deyhle was elected president of the board and in turn appointed chairmen of the various committees as follows: Recreation — Frank Phelan Jr.; Beautification — Mrs. Edna Smith; Youth & Parks — Horace McClellan; Health & Welfare — P. C. Messer; Library Board — C. J. Lohoefer; Downtown Beautification — H. M. Breedlove.

This Board will meet tonight to get the ball rolling toward full organization of all committees, preparing the constitution and by-laws and outlining the development program in general.

The development program centers around the old elementary and Jr. High school buildings and making them useful instead of having them destroyed. Since the transaction of the building is involved, the City of Clarendon and the Clarendon School Board will serve on an equal status with the Board of Governors.

More complete plans in connection with this citizens, non-political organization should be forthcoming after the conclusion of the meeting tonight.

Leader Installs New Engraving Equipment

The Donley County Leader installed new engraving equipment this past week end at an expenditure of well over \$4,000 to improve the facilities of the Leader plant and to be able to give its subscribers and customers an added service in the way of news picture coverage.

The machine, known as the Photo-Lathe Automated Engraver, scans original photos which have been placed on a revolving cylinder and simultaneously cuts the scanned image into a metal plate attached to a second cylinder.

Some of the pictures made on this machine appear in the Leader this week although they are not the best reproductions we are proud of our accomplishments so far and feel sure the quality will improve as we learn more about the operation of the machine.

In addition to continuous tone photographs, the machine also produces black and white printing plates from pen and ink drawings, charts, maps and advertisements on a hard cellulose acetate material and will offer advertisers additional advantages.

The Photo-Lathe will be operated by members of the Leader staff. Basically, the device is a simplified lathe to which has been added high fidelity Phonograph amplifiers and optical scanning and cutting heads. Once started, the machine is entirely automatic and operates unattended, shutting off its own switches upon completion of each plate. The machine was invented by William J. Barron, of Graphic Electronics, Inc. LaSalle, Illinois.

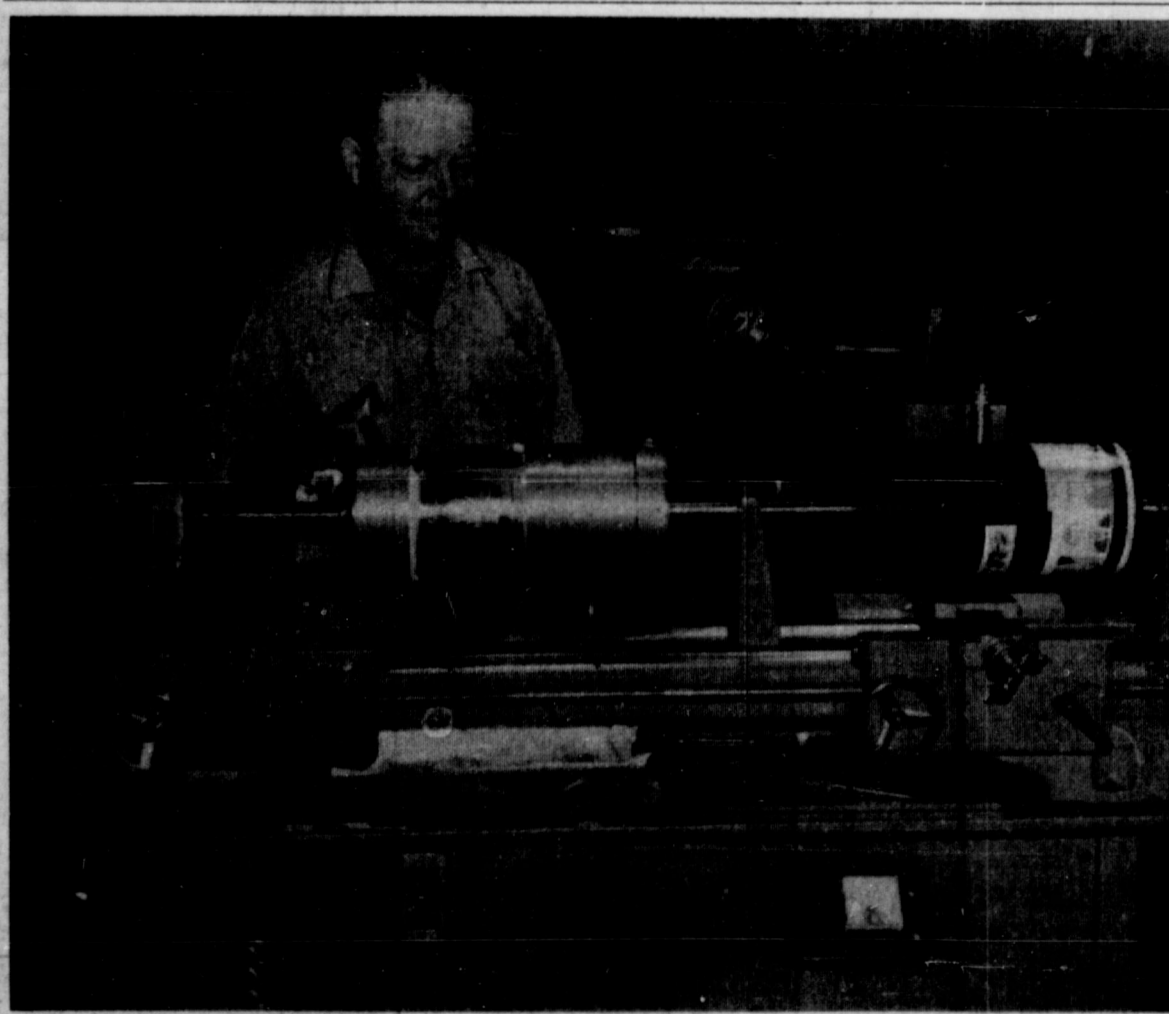

LOCALS PLACE ON 2-A ALL-DISTRICT TEAM

A meeting of District 2-A coaches was held here last Wednesday at which time the boys and girls all-district basketball teams were named.

Coach Charlie Sullivan was pleased with the placing of two boys and two girls on the first teams and one each on the second teams.

Boys named on the first team were David Mooring and Archie Smith. Odell Louis was named on the second team.

Girls named on the first team were Dorothy Richey and Jeanette Rampy. Beth Bourland was named on the second team.

We're not bragging on top reproduction of our picture plates this week but it has been quite a chore to iron out the bugs etc. of our new Photo-Lathe Engraving Machine shown here with Editor G. W. Estlack operating the new equipment.

Pathfinder Presented Program On Mental Health

Hostesses Friday afternoon for Pathfinder Club were Mrs. Joe Lovell and Mrs. W. J. Lowe. During the business session, Mrs. Frank Phelan, Jr. made explanations concerning plans for the city beautification program and distributed printed material regarding the financial situation of the city and the forthcoming city election.

Miss Mable Mongole, program leader, presented Mrs. T. V. Walker of Amarillo, director of the Texas Panhandle Association of Mental Health who brought an informative address on "Mental Health." Mrs. Walker explained the great need for a better understanding of this illness, the need for better facilities for the treatment, and some of the plans under way for meeting these needs. The primary concern of the association now is the new hospital for children which will be available by 1966 in Amarillo. An excellent display of brochures, posters, and pictures were used to illustrate her talk. Accompanying Mrs. Walker were Mrs. C. D. Foote, also of Amarillo and treasurer of the Mental Health Association.

During the social hour when cherry pie and coffee were served members and guests were privileged to enjoy several handpainted pictures on the walls of the dining room loaned by Mrs. Lovell's mother, Mrs. Lloyd Nelson of Claude.

Present were guests: Mrs. T. V. Walker and Mrs. C. D. Foote of Amarillo, Mrs. W. S. Montgomery,

and members Mesdames C. E. Bairfield, George Benson, H. T. Burton, T. M. Caldwell, Jr., L. N. Cox, Joe Goldston, J. H. Howze, S. W. Lowe, Joe Lovell, Frank Phelan, Jr., Heckle Stark, C. G. Stricklin, and Mable Mongole. —Rep.

Gov. John Connally passed the first legislative test of his program for improving higher education.

House of Representatives overwhelmingly approved the bill to name an 18-member commission to decide which colleges and universities shall teach what, to assign fields of teaching, and to take over state supervision of academic work in the 32 junior colleges.

There were many amendments to the bill by Reps. Dick Cory of Victoria and Charles Wilson of Lufkin. But none diverted the bill from its original purpose as laid out by the Governor's Committee on Education Beyond the High School.

Shoals lie ahead, because some strong senators are against such a delegation of powers, or oppose some phase of the bill as passed by the House. Sen. W. T. Moore of Bryan will handle the measure in the Senate. He expects to move on it within the next week or so.

Sen. Dorsey Hardeman is opposed to some of Connally's program. This has led to talk of pressure tactics. Forces of Speaker

Ben Barnes, who support Connally, may hold up action on Hardeman's bill to transfer San Angelo College to state-supported status on September 1.

Hardeman, long a power in the Senate, heads the Senate Finance Committee which will make the fiscal decisions on many programs. This key position makes it vital to Connally that he have acquiescence, if not support from Hardeman.

The San Angelo Senator, who represents a West Texas region as big as some states, demonstrated his power twice recently. He blocked, at least temporarily, a rule change designed to delay or defeat the \$45 a month teacher pay raise proposed by the Texas State Teachers Association. He also amended the "equal rights for women" bill to make the measure inapplicable to present statutes. Amended bill passed with Lieut. Gov. Preston Smith breaking the 15-15 tie. Sponsor Senator Moore said this amendment ruined the legislation.

REDISTRICTING — All bills to reapportion congressional, state senatorial and legislative districts

will go to standing subcommittee in both the House and the Senate.

Rep. Gus Mutscher of Brenham decided to try for objectivity. He picked chairmen from opposite sections of the State from the section subcommittees will be studying.

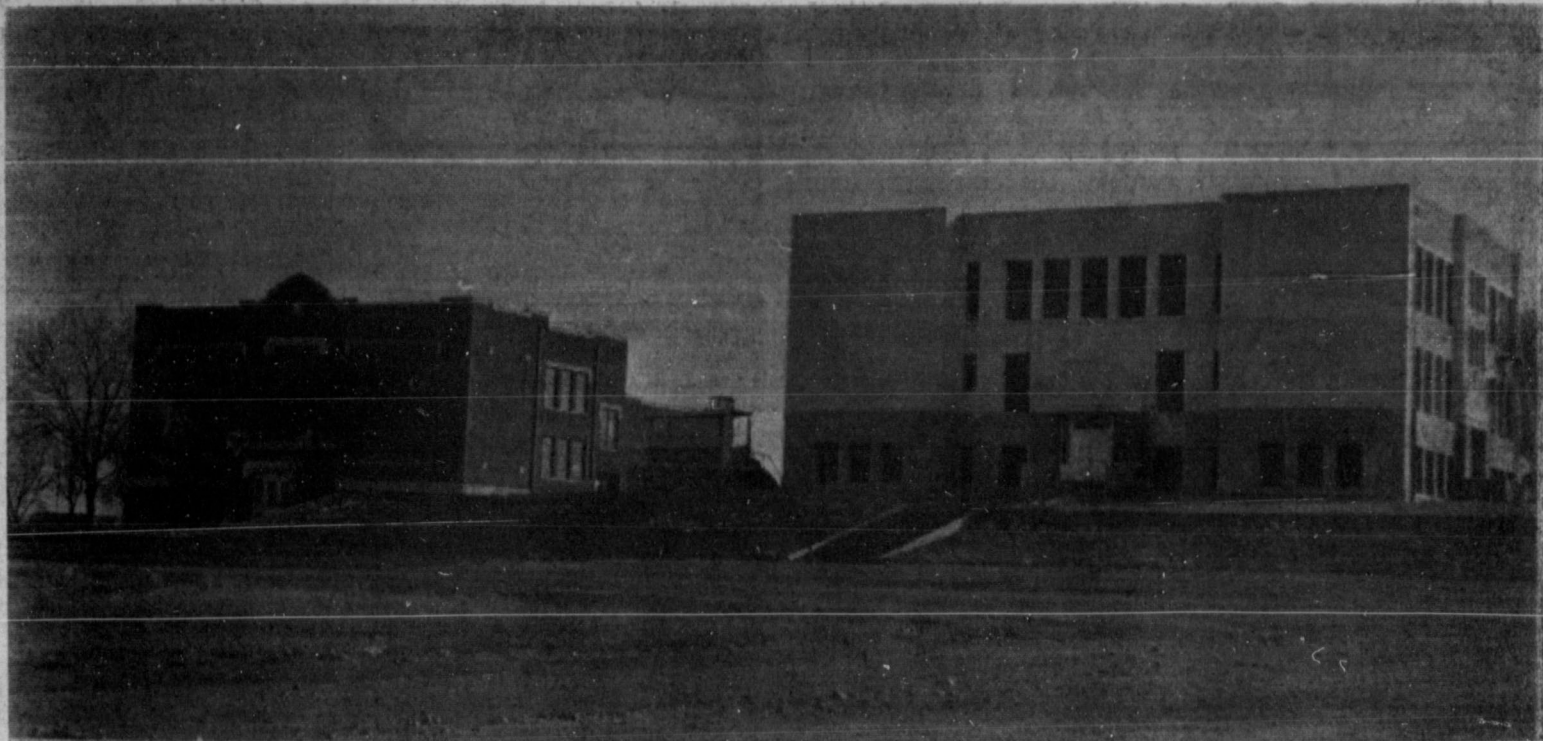

He named Rep. Gene Hendryx of Alpine to the Area I subcommittee handling redistricting of East Texas; Rep. Menton J. Murray of Harlingen to the Area II subcommittee on North Texas; Rep. Red Simpson of Amarillo to the Area III subcommittee on South Texas; and Rep. James Slider of Naples to the Area IV subcommittee on West Texas.

Senate subcommittee on State Senate redistricting measures is heavy with representation from the western part of the State and the lower Gulf Coast. At the insistence of the committee at large, Sen. Louis Crump of San Saba, chairman of the Senate Redistricting Committee, appointed himself chairman of the study subcommittee.

Then he picked Sen. Dorsey Hardeman of San Angelo; Sen. Criss Cole of Houston; Sen. Bruce Reagan of Corpus Christi; and Sen. William T. Moore of Bryan to serve with him.

Senator Crump also will head the congressional redistricting subcommittee composed of Sen. Ralph Hall of Rockwall; Sen. Abraham Kazen of Laredo; Sen. Martin Dies Jr. of Lufkin; and Sen. George Parkhouse of Dallas.

HOG CHOLERA ERADICATION — Representatives or several farm organizations joined

members of the Texas Animal Health Commission and the U. S. Department of Agriculture in supporting legislation to regulate hog cholera eradication measures before the Senate Agricultural Committee.

Sen. Andy Rogers of Childress is author of the bill and also chairman of the committee.

Those appearing before the committee were Charles Huff, Farm Bureau Federation; W. M. Burnett, Farmers Union; E. M. Regengrecht of Bryan, representing swine breeders of the Animal Health Commission; and Dr. S. B. Walker, executive director of the commission.

REGULATORY AUTHORITY BILL RUNS INTO TROUBLE — A bill by Sen. Tom Creighton of Mineral Wells to give the State Parks and Wildlife Commission complete regulatory authority over hunting and fishing in all 254 counties ran into temporary trouble in the Senate when a vote to suspend rules for its consideration failed. Vote was 18-13 for suspension, but a four-fifths majority is required.

About 150 of the State's counties now are under the Commission's jurisdiction. Governor Connally asks that all 254 be included.

ECONOMY COMMISSION — A commission study which experts testified could result in savings up to \$8,000,000 a year in state government operations has House approval and now is in the Senate.

Called the "Little Hoover Commission", the survey is aimed at achieving "economy and efficiency" in the executive branch of the government.

Rep. Dick Cory of Victoria is the author.

TB PROGRAM URGED — House and Senate committees heard convincing arguments that tuberculosis can be eradicated in Texas within a decade through new drugs and treatment methods and an intensive program of care, case finding and follow-up.

Senate Public Health Committee immediately approved setting the program in motion in a group of South-central Texas counties around San Antonio and Mexican border counties from El Paso to Brownsville.

House committee placed the bill in a friendly subcommittee for a week's study.

Plan would call for State Department of Health to take over all hospitals and consolidate the entire program in a special division. Contract care of patients near their homes where possible is an important part of the program.

OIL — Oil production will be down a bit in March. Railroad Commission cut allowables 11,000 barrels a day after hearing discouraging forecasts of need for Texas oil during the month.

Oilmen got House committee approval of the oil and gas pooling bill backed by several oil associations. Strong opposition had been voiced by the Texas Farm Bureau, but the committee approved it with only Rep. Amando Canales of San Diego opposing the vote.

Rep. Wayne Gibbens of Breckenridge hopes to get it through the House this week. It was passed by the Senate two weeks ago.

In simple terms, the bill would allow landowners or leaseholders who do not have enough land to obtain a drilling permit from the Railroad Commission to get the Commission to order adjoining operators to bring the small tract into a pool. Likewise, owners of large tracts can force the pooling of small tracts for oil and gas

development. TOURISTS BOOSTERS ORGANIZE — Representatives of commercial tourists attractions have formed Texas Attractions Association to assure visitors a fair return for their fun dollar.

Claude Cox of Arlington is president; James T. (Happy) Shahan of Brackettville, vice-president; and Raymond Czichos, Wimberley, secretary-treasurer. Board of directors includes Don Russell of San Marcos, Tom Bolton of Dallas, and Karl O. Wylar Sr. of El Paso.

Governor Connally in a speech to the Texas Tourist Council called on Texas businessmen to help develop new attractions and boost existing ones.

COTTON — Legislation by Sen. Jim Bates of Edinburg and Rep. Menton Murray of Harlingen to restore the pink bollworm control law to full effectiveness is nearing final passage.

Agriculture Commissioner John C. White asked for the bill, changing an "and" to an "or". Cameron County court declared the present law invalid, after 40 years of enforcement.

TO THE PEOPLE OF THE 18th DISTRICT

By Congressman Walter Rogers

THE THREAT TO FAMILY FARMING

"Don't let them sell us out!" a Panhandle farmer wrote to me recently. Like many of our people, he senses a developing crisis in American agriculture. The crisis is developing because more and more non-farm Americans apparently are becoming convinced that the United States can get along very well without farmers. We are told that farmers as we have known them are not needed, that flesh-and-blood farmers, farmers with families and farm houses and mortgaged tractors, are inefficient, unproductive, a drain on the American taxpayer. We hear increasing talk that the solution to what these "experts" term the "farm mess" is to promote corporate farming. They say, in effect, that all of our farm problems could be solved if agricultural production were handled by corporate farms on vast acreage, their policies set by absentee boards of directors, their operations directed with cold and scientific efficiency by hired managers overseeing crews of specialists. They prescribe the doom of rural America—not only of family farms and family farmers but also of the cities and towns which now serve primarily as the distribution and trade centers for the Nation's farming areas.

The exodus from the farms of America has been going on for a generation. In 1940, there were 6,350,000 farms in our country. Now there are 3,500,000 farms. In ten years, the number of agricultural workers employed and the number of farms in the U. S. have declined by almost a third, and the decline in farm numbers has been mostly in small farms. In the past decade well over half of the rural counties experienced a net loss of population. We all have seen this trend in our own Panhandle.

Should it continue at this pace, encouraged and accelerated by a combination of economic punishment and unwise government policy, the depopulation of rural America would be completed, as would the corporate takeover of American agriculture. In the lifetimes of boys now busy in 4-H and FFA activities. Now, today, only one of every ten boys growing up on American farms can expect to earn his living as a farm operator.

The challenge is to preserve

and develop economic opportunity in rural America. The challenge is to enable people who want to stay on the farm and in their home communities in rural America to make a decent living there. Farm programs enacted by Congress have been designed to this end, in recognition of the fact that before a hungry world America's agriculture is our greatest success story, and in recognition also of the fact that our free enterprise system is best exemplified by the family farm. Congress has not enacted farm programs as a handout, as welfare programs. The purpose has been to assist that segment of our economy most vulnerable to the abuses of industrialized segments to attain and maintain fair levels of income. And yet, each passing election returns to the House and Senate fewer and fewer members with any real comprehension of the meaning, worth, and problems faced by our farmers. The shift of population has shifted representation to the cities and suburbs and away from rural America. In the 89th Congress, fewer than one-third of my colleagues in the House of Representatives speak for districts in which more than half the population is classed as "rural."

The farmers, and the folks who supply their goods in nearby cities and towns, are suffering a loss of voice in Congress and in their State legislatures. Recent Supreme Court rulings on legislative apportionment hasten this trend. As I have in the past, I urge all of my friends in agriculture to be well aware of these shifts and to recognize that fights on behalf of the farmer are becoming more and more difficult to win in Congress. The days of the famous Congressional "farm bloc" of the 1930's are dead and gone—and Congress is now dominated by the "big city bloc" with little sympathy or understanding for our rural people.

Thomas Jefferson called farmers "the chosen people of God." I wish that more of our fellow Americans could see farmers in that light, could appreciate the wonderful bounty in food they provide, could help preserve strength, stability, and opportunity in rural America.

Mayor Lohoefer Explains Action In Calling City Election

Considerable adverse comment has been made in regard to my calling the election to change the City form of government. Last year about the same time I was petitioned to call an election to change the form of City Government to the Aldermanic. Those presenting the petition were insistent that the election be called prior to the regular City Election which was scheduled for April 7. I called the election to change the form of government for March 17, 1964.

Last week I was petitioned to call an election to change the City form of government to the Commission type. I felt that the people who signed this petition were entitled to the same consideration as those who signed the petition last year.

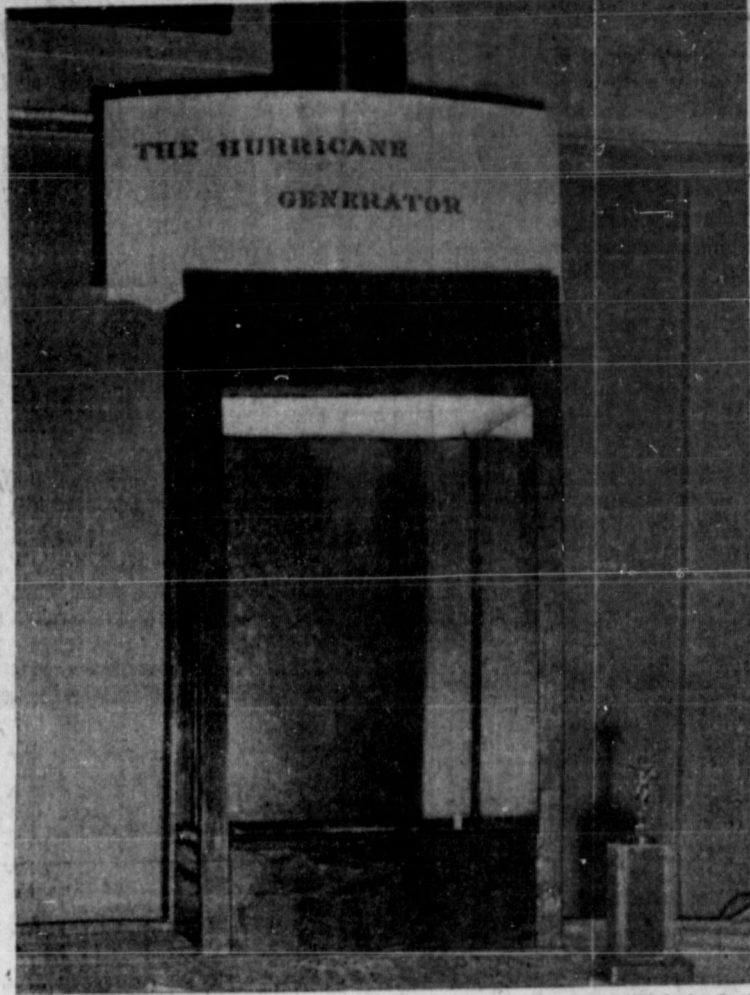

In statements made by the City Council last week it was pointed out that this election would cost the city an additional \$150. In searching city records, the largest expenditure I could find for holding a city election in the past was \$98.50. I had not planned on a fancy \$150 election.

In spite of all that has been said and is being said, I still believe in giving the same consideration to all of our people and not catering to a select group.

Sincerely,
C. J. Lohoefer
Mayor City of Clarendon

lines. Julius N. Weaver has installed 1666 linear feet of Asbestos-cement Underground Pipe.

WATERWAYS

The need for permanent sod waterways to dispose of excess water without causing erosion to cropland is truly great. Vegetated Waterways are usually installed in the main drainageways through the cropland where it is apparent that the water flow is causing serious erosion. If used

in connection with terrace systems and field diversions, runoff water is carried to safe points of release with a minimum of erosion. They are a protection to natural floodways through cropland.

Usually, a cover of perennial vegetation is the most satisfactory cover for the waterway and should be used to protect the floodways from erosion. Perennial grasses are seeded in a dead litter that can be established by

drilling fibrous rooted annual sorghums. Alfalfa may be seeded in Waterways if the slope is very flat and the width is sufficient to keep the velocity less than two feet per second. Bermuda may be sprigged without dead litter cover if there is sufficient irrigation water to hasten a turf.

12 EQUAL PAYMENTS

NEW FROM WTU

* EQUAL PAYMENT PLAN For WTU residential customers

...is the new approach to a time-tried method of bill paying. Each month you pay one-twelfth of your annual electric service charge. West Texas Utilities Co. makes an estimate of your total electric use for one year, based on your past record, or, with new accounts, records of similar requirements. They divide the total into 12 equal, even-dollar payments. Monthly and yearly review of your account keeps the estimate as close to the actual metered usage as possible. If this review shows a material change in your use of electric service...up or down, due to unusual weather or the addition of some major appliance...you will be notified that a change of estimate is in order. Your 12th payment will be adjusted to balance your account for the Equal Payment Plan Year.

Equalize your monthly payments for electric service now. Visit your WTU office for the complete details.

News From Clarendon College

AGGIE CLUB RODEO

by Perry Gruhkey

The Aggie Club is busy working to organize what we feel will be the biggest and best rodeo that Clarendon has enjoyed for a long time. We have been securing feed, clowns, announcers, and judges for the April event, and can guarantee there will be some really rank stock with good riders to handle them. There will be a number of very speedy calf ropers and we hope some pretty

cowgirls to ride the barrel races. Everyone will want to make it a point to take in the big rodeo. Let's all get western that week and have a rip-snortin time. Whoopee!!

Dafinitions

There will be fewer jokes in the column this week because everyone is lazy after returning from a very short vacation last week. There are always a few, however, who crack one or two funnies no matter how low everyone is feeling.

Johnny Glass says "horsepower" is the power that put horses out of business.

Kenny Willingham believes a "bathing beauty" is one worth

"wading" for. Wondall Luttrell defines a "low neckline" as something he can look down on at the same time. Jane Denny uses the sign, "etc." to make others believe she knows more than she does. Jimmy Blackerby says that to be a failure is the quickest method known for making money.

HERE AND THERE

College Newspaper Named
The winning entry for our "Name the College Newspaper" contest was submitted by Jane Denny of Vernon. Her suggestion, selected as the winner by a panel of teachers, was BULLDOG BANNER. The prize for Jane's winning entry was two theatre tickets, courtesy of Barnhill Theaters. The first edition of the paper is to go to press next Friday. We are all eagerly awaiting the results of our first journalism efforts in a long while.

Campus Chatter

Flash - Perry Gruhkey has been grounded for two weeks due to a late engagement. We all hope him out and around very soon. Kappy Wise and Gary Laubhan were having a water, pillow, hide-each-other's-mattress fight down at the dorm the other night. Mr. Casteel heard about it and decided to play referee. About two hours of standing in the corner, he decided it would be better to let the boys have their fun.

How about it Johnny, Jerry, Pee-Wee and Perry? Have you started a new fad up here on the hill? That fad is fine, delicate art of quadruple dating. I'll bet it's a lot of fun, but probably hard to get everyone home at exactly 11:00.

Someone has found a new parking place adjacent to the football field.

The reason this is such a good one, is that people can only watch you from one side. But I still think Murphy's Canyon is a good place.

WHEN AND WHERE

The sophomore class has planned a party for March 9th, to be held in the Country Club clubhouse at 7:30. Games of forty-two and cards will be played and refreshments of sandwiches, cookies, and cokes will be served. All

We were impressed with the following thoughts expressed by comedian Jack Benny at the funeral of Nat King Cole; "Sometimes death isn't as tragic as not knowing how to live. This nice man knew how to live—and he knew how to make others glad they were living."

Rev. Mills says; "An apple a day will keep the doctor away. An onion a day keeps everybody away. A verse of scripture a day keeps the Devil away."

WHO AND WHAT

CJC Student of the Week

Our student of the week is Mrs. Jeannine Hermesmeier, a member of the Student Council. Her hobbies are basketball, volley ball and horseback riding. She is majoring in Business Administration and minoring in English. Jeannine is a very busy and talented girl. She is secretary of the Student Council, Secretary of the sophomore class, Aggie Queen, member of Phi Theta Kappa, the Degetts, and is on the school Newspaper staff.

She was born in Memphis and has lived in Hedley and McLean before coming to Clarendon during her Junior year in high school. She is completing her second year in Clarendon College and plans to attend West Texas State University to obtain her degree.

When asked what her pet peeve was, she replied: "I have none." Now, that's what we call the right attitude!

In addition to her many activities on campus, Jeannine is a housewife, being recently married to Frank Hermesmeier, and she also works part-time at the Welfare Office.

live close enough to God to have influence.

It's a funny thing about life—folks work themselves to death trying to get to where they can take it easy.

It is no compliment to have someone say that you haven't changed a bit... We know in our heart that we should have.

When we are young we want to change the world, when we get old we are afraid the younger generation will.

The church shouldn't be so popular... It attracts many people but often reaches only a few.

It is possible to spend a life-

time making true friends by our deeds and actions and then to destroy them in a moment with our careless words.

Like the radio, if our heart is out of tune with the station we cannot receive a clear message. Hate and prejudice become the static that drowns out the planned program for our lives.

Some won't mind your not agreeing with them so much if you won't remind them of the fact.

The Wabash River was named for the Indian word "Ouabache" meaning white.

See us. We deliver: a lot of power, not promises.
Even in our lowest-priced Chrysler models, 383 cubic inches of V-8 engine is standard. So is our big size — the factory doesn't build jr. editions. And nearly half our '65 models are priced only a few dollars a month more than some of the most popular small cars, comparably equipped. That figure includes power steering, power brakes, automatic transmission, radio and heater. When you get ready to plunk down the cash, remember: If you're going to pay the price of a Chrysler, get one. See us. We deliver.
