Pre-Registration Dates Set At Clarendon Junior College

The Registrar's Office of Clarendon Junior College has announced that pre-registration will be held from August 17-26. Office hours will be from 9:00 to 5:00, Monday through Friday, 9:00 to 12:00 on Saturday. The purpose of pre-registration is to allow those students who have indicated their intention of attending Clarendon Junior College to register, to have ample time for consultation, and to complete their schedules prior to the regular time of registration. Such an arrangement is an advantageous one, particularly for the freshman student who often feels bewildered and frustrated with his first experience of registration in college, and who might find classes which he wishes to take already filled and consequently closed.

Mr. Weldon Day, Dean of the college advises those students who are eligible for pre-registration to take advantage of this convenience offered by Clarendon Junior College.

City Council Hires Engineering Firm To Prepare Plans And Estimate For Sewer And Paving Improvements

The City Council met in regular recessed session August 4th with Mayor C. J. Lohoefer and five Aldermen present. Action was taken toward improvements in the sewer system and proposed city paving as follows:

Motion was made by Alderman Basil Smith that the City hire Hatfield Engineering of Amarillo to present plans and estimate for a sewer line extension in East part of town; and to present a recommendation for improvement for a drainage ditch in West part of town on Highway 287, which crosses at J. C. Hill Cafe; and to present estimates for curb and gutter and paving for approximately one-hundred blocks of paving for the City of Clarendon. Motion was seconded by Alderman Chauncey Hommel. Motion carried on call of the question and after full discussion, with all voting 'aye'.

Bids on a pickup for the City of Clarendon, with a 1957 Chevrolet pickup as trade in, were opened and found as follows: AAA Motor Co. \$1,448.90; Chamberlain Motor Co. \$1,781.05; Alderson Chevrolet \$1,593.76; Palmer Motor Co. \$1,688.31. Motion was made by Alderman Gene White that the City accept the bid of AAA Motor Co., which being the lowest and best bid received, for a 1964 International 1/2 ton pickup with trade in of 1957 Chevrolet, the amount to pay difference to be \$1448.90. Motion was seconded by Alderman Basil Smith. Motion carried on call of the question and after full discussion. Mayor Lohoefer declared the meeting adjourned, subject to re-call.

Services Held Wed. For Mrs. J. B. Masterson

Funeral services were held Wednesday afternoon at the Hedley Methodist Church for Mrs. J. B. Masterson, pioneer Hedley resident, with Rev. Wilton Lynn, pastor and Rev. S. A. Wolfe of Goodlett, Texas officiating. Burial was in Llano Cemetery, Amarillo, Texas under the direction of Spicer Funeral Home of Memphis.

Mrs. Masterson, 81, died Monday evening in a Memphis Hospital. She had been a resident of Hedley since 1908. Mr. Masterson, who preceded her in death July 7, 1959, was engaged in the Dry Goods business in Hedley for many years.

Mrs. Masterson was a member of the First Methodist Church and the Hedley Eastern Star.

Survivors include four daughters, Mrs. Golden Alexander and Mrs. Levenia Strickland, both of Albuquerque, N. M., Mrs. Dannie Bernardin and Mrs. Loyce Lindsey, both of Amarillo; two sisters, Mrs. Willie Byrd and Mrs. Ninnie Coffey of Ardmore, Okla. and three grandchildren and three great grandchildren.

Pallbearers were Hobart Moffitt, L. D. Moore, Alva Simmons, W. A. Pierce, Gayle Reed and Bill Ray.

Large Crowd Expected For Registered Beef Cattle Barbecue

County agent Flip Breedlove says that around four hundred guests are expected for the Rolling Plains Registered Beef Cattle Association barbecue. Invitations have been mailed out by the organization to bull buyers registered breeders and officials of the sale and those who have assisted with the organization. The Farmers State Bank of Clarendon is host to the organization for the barbecue. Bill Bradley, president says that Hereford breeders, Angus Breeders and Galloway breeders from all over the Panhandle will be present at the meeting.

The barbecue will be held at six thirty P.M. at the Clarendon Country Club, August 18th. The Honorable Walter Rogers, congressman from this district will be the speaker for the occasion. Flip Breedlove, Pete Land and Hubert Rhodes will be in charge of the barbecuing. Breedlove says that from the return letters, from the invitations sent out, there will sure be about four hundred present.

This meeting will let registered breeders and commercial stock men and bull buyers get together and talk over their cattle problems and just have a good visit.

Junior Hereford Breeders To Hold Field Day

The Junior Hereford Breeders Association of the Panhandle of Texas will hold its annual field day at the Hess Registered Hereford ranch one mile south of McLean Saturday, August 15th. Flip Breedlove, county agent, Pete Land, and Hubert Rhodes will barbecue for the occasion. Approximately one thousand 4-H club members and FFA members are expected to attend.

Flip Breedlove will also be on the program to discuss feeding of beef cattle, fitting cattle for the show ring, and grooming cattle for the show ring. Dr. C. E. Deyhle, veterinarian at Clarendon will be on the program to discuss diseases of beef cattle and tips from a veterinarian on how to handle cattle on the show circuit. Dr. Deyhle has made this type of discussion before and the group asked that he make this presentation again this year.

Breedlove said that approximately twenty 4-H club members from Donley County will attend the field day this Saturday. 4-H club members will also enter a judging team for the field day. Registration will be at 8:30 a.m. Saturday morning.

Mercury Climbs To A Sizzling 109 Friday

Last Friday, August 7th, went on record as being the hottest day of the summer so far with a sizzling 109 degrees being recorded by the local weather observer. The mercury tapered down to 104 Monday and a much more pleasant day Tuesday with a high reading of only 91 degrees. The low Tuesday night was 63 degrees and the most pleasant night for sleeping under natural breezes in quite some time.

Dry land crops and range land are suffering for a much needed beneficial rain which could possibly come before this issue of the Leader reaches you. At least, rain is forecast for Wednesday night.

So far this month, no moisture has been recorded here in town. Last August, moisture started on the 10th with .15 and wound up with a total of 2.37 inches. Maybe we will get a repeat.

Mr. and Mrs. Bob Clifford and family of Plainview are spending a few days with his parents, Mr. and Mrs. Walter Clifford.

Former Resident Dies In Arizona

A former resident of Clarendon, Charles (Cub) Hedgpeth, died Monday morning at his home in Yuma, Arizona. Services and burial were in Yuma.

From Clarendon, Mr. Hedgpeth moved to Danville, Ill., where he lived for several years before moving to Yuma six years ago for health reasons.

He is survived by his wife Laura; a daughter, Mrs. Don Brown of Danville; a son, Edward N. Hedgpeth of Danville; two sisters, Mrs. Tom C. Brown of Amarillo and Mrs. H. W. Buchanan of White Deer; a brother-in-law, W. N. Hodges of Hereford, and five grandchildren.

Military Services Held For Alfred Taylor

Military funeral services were held at graveside in the Citizens Cemetery Friday, August 7, at 6:00 p.m. under the auspice of the Naval Reserve from Amarillo. Rev. Bob Ely, pastor of the First Methodist Church, officiated. Arrangements were under the direction of the Murphy Funeral Home.

Mr. Taylor was born December 18, 1912 in Clarendon, the son of June W. and Loxt Boles Taylor. He attended Clarendon schools and entered the United States Navy where he served for 20 years until retirement. He had been in ill health for several years before his passing. He moved with his family to Amarillo in 1960 and passed away in the Veterans Hospital there Wednesday, August 5. He was a member of the Methodist Church.

Surviving are: Four sisters, Mrs. June Bray, Mesa, Arizona; Mrs. Madalyn Kelly, Borger; Mrs. Annie Mae Eaton, Baytown, Texas; and Mrs. Jean Range, Shamrock; two brothers, Ennis W. Taylor, Bethesda, Maryland and Robert W. Taylor, Amarillo.

REVOLUTIONARY HELICOPTER—This artist's concept of the XV-9A illustrates a revolutionary propulsion system which is scheduled for test flights this fall. Rotation is produced as high energy gas is forced through the three hollow rotor blades and out the tips. The system is based on a principle first demonstrated in Alexandria nearly 2,000 years ago by Hero, the Greek geometer and writer. Hughes Tool Company's Aircraft Division developed the test copter.

This Brooklyn cowboy's approach to the art of rodeoing brought a lot of good-natured kidding from some of the youngsters at Cal Farley's Boys Ranch, but on September 6th and 7th, the new boy will be ridin' with the best and don't be too surprised if he wins a pair of new spurs. The 20th annual Boys Ranch Rodeo is the biggest Labor Day event in the Texas Panhandle, and the high point of the year for the 325 boys now making their home at the Ranch.

The last several platforms of the two major parties have been more or less of the "Me too variety" . . . This year the issues are clear cut and the planks reach toward different philosophies. For this reason our predictions are for a do or die campaign battle between the two

contestants. The outcome may seriously affect the daily lives of every citizen, and of those yet unborn.

The individual may be deciding whether we are to continue having more government in all facets of our daily lives or whether we turn back the clocks and place again upon the individual the problem of shifting for himself. We may be deciding whether we are joining most of the nations of the world in the drift toward a planned national economy, or whether we set our sights on the goals of our forefathers which meant that the individual was to sink or swim by his own initiative. I think these two goals are in the thinking of those who plan the two philosophies. I use the words "May

be deciding" because I wonder if anyone can lead us in any direction except the one we have been going. We may have already become accustomed to a certain amount of parental care from the national government and may never be willing to let go.

On the other hand there are indications of some sort of a ground swell from the grass roots. It seems to be ever so strong even among the young folks—that of a return to more individual responsibility and freedom. There are many questions as of this hour and few answers. Will we be led in that direction subsidies and helps from the government? Will this zeal and dedication continue to grow after election or after it has met with some hardships? These are perplexing questions and it is not easy to come by the answers.

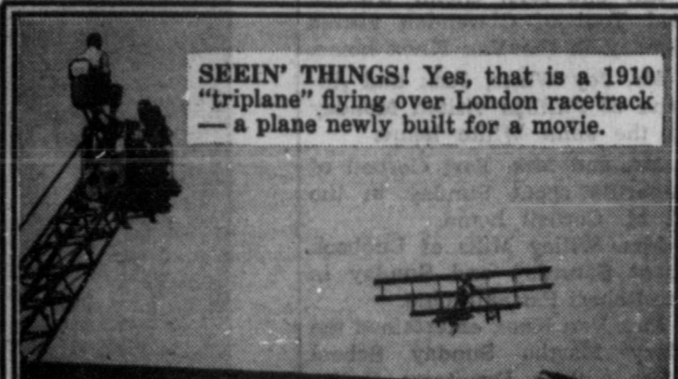

In the next few months before election we need to weight ever so carefully, and pray ever so fervently for the right guid-

Certainly you do, that's because your air conditioning system is working harder, your refrigerator is working harder and all of your other electric appliances are performing tasks which, without them, you would have to do. Let's face it--there's no substitute for all the comfort and convenience that electricity can give. Besides, the average WTU residential customer is paying an average of 17% less per KWH than in 1953---isn't that a happy thought?

and in deciding the issues involved. Many of our founding fathers gave their lives to bring about our freedom. All others were willing to pay that price. The fact that it came to us as a gift, and this aggravated by the horrors of a serious depression, has caused us to give up many rights for the sake of more protection and security from the hand of government. We need to decide if it was all worth the cost. We need to ask ourselves: Can we afford to sacrifice more of our personal freedom? Also can we afford to pay the price it will take to return to our 1932 stratus? More than this we need to grasp seriously and desperately for the answers.

It is my honest opinion that America stands at an important crossroad. If we soundly smack down the forces of so-called ultra conservatism this fall it is very doubtful that we will ever again be given the chance to turn back. If the road we are travelling never runs into serious trouble will have no regrets. If, as some say, we are headed for a financial collapse and the takeover by some dictator, then we will wish we had turned aside from the easy road. We have some three months to think about our decision. Let's hope we make the right one.

Imagination was given to man to compensate him for what he is not, and a sense of humor was provided to console him for what he is.

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.

SENATE JOINT RESOLUTION NO. 6 proposing an amendment to Section 5 of Article VII of the Constitution of the State of Texas so as to

remove the authorization to transfer not exceeding one percent annually of the total value of the permanent school fund to the available school fund.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Section 5 of Article VII of the Constitution of the State of Texas is amended to read as follows:

"Section 5. The principal of all bonds and other funds, and the principal arising from the sale of the lands hereinbefore set apart to said school fund, shall be the permanent school fund, and all the interest derivable therefrom and the taxes herein authorized and levied shall be the available school fund. The available school fund shall be applied annually to the support of the public free schools. And no law shall ever be enacted appropriating any part of the permanent or available school fund to any other purpose whatever; nor shall the same, or any part thereof ever be

appropriated to or used for the support of any sectarian school; and the available school fund herein provided shall be distributed to the several counties according to their scholastic population and applied in such manner as may be provided by law."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors at an election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment to remove the authorization to transfer not exceeding one percent annually of the total value of the permanent school fund to the available school fund."

"AGAINST the Constitutional Amendment to remove the authorization to transfer not exceeding one percent annually of the total value of the permanent school fund to the available school fund."

Section 3. The Governor of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.

SENATE JOINT RESOLUTION NO. 10 proposing an Amendment to Section 51a of Article III of the Constitution of the State of Texas by adding a new Subsection to be known as 51a-2; giving the Legislature the power to provide, under such limitations and restrictions as may be deemed by the Legislature expedient, for direct or vendor payments for medical care on behalf of individuals sixty-five (65) years of age or over who are not recipients of Old Age Assistance and who are unable to pay for needed medical services; providing for the acceptance of financial aid from the Government of the United States for such medical payments; providing that the amounts paid out of state funds shall never exceed the amount that is matchable out of Federal funds for such purposes; providing that certain means relating to the correction or remedying of abnormalities of vision shall be included within such medical care service or assistance; providing for the necessary election, form of ballot, proclamation, and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51a of Article III of the Constitution of the State of Texas be amended by adding thereto a new Subsection to be known as Subsection 51a-2, which shall read as follows:

"Subsection 51a-2. The Legislature shall have the power to provide for direct or vendor payments for medical care on behalf of needy individuals sixty-five (65) years of age or over who are not recipients of Old Age Assistance, and who are unable to pay for needed medical services; providing for the acceptance of financial aid from the Government of the United States for such medical payments; providing that the amounts paid out of state funds shall never exceed the amount that is matchable out of Federal funds for such purposes; providing that certain means relating to the correction or remedying of abnormalities of vision shall be included within such medical care service or assistance; providing for the necessary election, form of ballot, proclamation, and publication.

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the General Election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to the Constitution giving the Legislature the power to authorize vendor payments for medical care on behalf of needy individuals sixty-five (65) years of age and over who are not recipients of Old Age Assistance, and who are unable to pay for needed medical services; providing for the acceptance of funds from the Federal Government for the purpose of paying such medical assistance; and providing that the amounts paid out of state funds for such purposes shall never exceed the amount that is matchable out of Federal funds; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision."

"AGAINST the Amendment to the Constitution giving the Legislature the power to authorize vendor payments for medical care on behalf of needy individuals sixty-five (65) years of age and over who are not recipients of Old Age Assistance, and who are unable to pay for needed medical services; providing for the acceptance of funds from the Federal Government for the purpose of paying such medical assistance; and providing that the amounts paid out of state funds for such purposes shall never exceed the amount that is matchable out of Federal funds; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have the same published and held as required by the Constitution and the laws of the State of Texas.

MARY MARTHA SUNDAY SCHOOL CLASS

The Mary Martha Sunday School class was entertained in the home of Mrs. Van Knox Tuesday at 8:30 with a demitasse coffee. After coffee, donuts and visiting, the president, Mrs. James Smith, called the house to order for a business meeting and reports.

Meeting was opened with prayer by Mrs. Nora Leathers. Mrs. Lora Ragan brought a very timely and interesting devotion. The theme of her message was "What should a dedicated Christian show in his way of christian living?" She chose for her scriptures Galatians 6-9 and Corinthians 8-12. She mentioned a number of miscellaneous questions and answers that the Christian is confronted with each day of his life and then closed with a lovely poem entitled "Book of the Golden Trumpet" by Miss Esta McElarth of Memphis. Meeting was dismissed with prayer by Mrs. Mary Myers.

The next meeting will be with Mrs. H. S. Mahaffey, Sept. 1. Present were one visitor, Mrs. H. S. Mahaffey, and members Medames M. C. Rumpy, Sally Benson, Myrtle Woods, Annie Leathers, Nora Ragan, Mona Churchman, and the hostess, Lillie Knox.

ASHTOLA NEEDLE CLUB
The Ashtola Needle Club met Thursday afternoon, August 6, for a business session at the Community Center. The president, Lillie Knox presided. Minutes of the previous meeting were read and approved.

It was an all day meeting with a demonstration by Vena Hudson. The demonstration was on making magazine racks from tile and plow discs. The following members and visitors attended: Sue Rhoades, Alberta Edens, Vena Hudson, Lillie Knox, Lena Mae Graham, Gladys Gresham, Joe Harp, Lavada Dunn, Johnnie Poovey, Alene Partain, Helen Catoe, Leita Dill, Dorthea Riley.

August 20 we will have our annual chicken barbecue at the Community Center. Everyone is invited to come. Bring a half chicken for each member of your party and have them there by 1 o'clock. Also bring anything else you want to eat and dishes and silverware for your party. All be there and ready to eat by 7 p.m. August 20. —Rep.

TO THE PEOPLE OF THE 18th DISTRICT

By Congressman Walter Rogers

AS ADJOURNMENT NEARS

Friends and foes in foreign lands have often miscalculated the ability of Americans to unite in common purpose when our national security is threatened. But it should come as no surprise at home and abroad to see our people unite suddenly and solidly behind our Commander in Chief when our rights and our freedom are insulted.

At this writing, it is impossible to forecast events in the next few days arising from the crisis in Southeast Asia. But, as our leaders have repeatedly warned the Communists, aggressive challenges have been, will be, and are being met—and met decisively. The action taken by our President and our armed forces following the Tonkin Gulf torpedo boat attacks should signify clearly to all that the United States means to stand firmly by its commitments.

President Johnson made several statements that should receive careful attention abroad as statements of unified, bi-partisan American purpose. These declarations sum up the unified

American attitude: "There is no threat to any peaceful power from the United States of America. But there can be no peace by aggression and no immunity from reply." And: "Let no friend needlessly fear, and no foe vainly hope, that this a Nation divided in this election year. Our free elections, our full and free debate, are America's strength, not America's weakness."

The resolution passed overwhelmingly by Congress declared: "The Congress approves and supports the determination of the President, as Commander in Chief, to take all necessary measures to repel any armed attack against the forces of the United States and to prevent further aggression."

Since this is the end of a term of Congress, all bills not favorably acted upon by the Congress end up in the legislative graveyard. This means that such measures must be reintroduced at the next term of Congress and the same long hard road through committee hearings, the Rules Committee, and debate before the full House and Senate must be again pursued. Hence, every Member of Congress is most anxious to secure passage of all of the legislation he has introduced. This is what makes the closing days of a congress so hectic and chaotic.

Although there are many measures that need to be passed affecting the entire country—such as a proper adjustment of the sugar quotas so that the American farmer can produce more of the sugar needed by our country; legislation providing protection for the United States cattle industry against excessive beef and meat imports; the final versions of the appropriations bills; and many other measures—there is one action that is of tremendous importance to the whole nation. I refer to the need for approval by the Congress of a resolution submitting to the States an amendment to the Constitution permitting the States having bicameral legislatures to apportion one house of such legislature on factors other than population. Unless this is accomplished, the strength of rural districts and sparsely populated areas will be

lost, and these people will be at the mercy of the big-city machines.

The international situation may require that Congress remain in session into the autumn. In that event, many decisions will be reached on pending measures that otherwise would have to be put over to next year. This 88th Congress has been a constructive, productive one: Up to August 1, the Congress had passed 388 public bills. The Senate had been in session 331 days and the House in session on 297 days. House members introduced 15,272 measures of all types; Senators introduced 3,691 measures of all types.

Recent visitors included Jim Hutchins of Amarillo, with sons Kim and Kelley; Mr. and Mrs. James Witherspoon and Mr. and Mrs. Austin Rose, Jr., of Hereford; Mr. and Mrs. Jim Walker of Amarillo; the Arthur Beck-

er family of Follett; Charline Hiatt of Amrillo; and Alex de Schweinitz of Canyon.

DURING ABRAHAM LINCOLN'S TERM AS PRESIDENT, THE QUOTATION WAS MADE AT A CABINET MEETING THAT GREENBACKS BEAR THE WORDS "IN GOD WE TRUST" AS DID SILVER COINS. LINCOLN SAID THAT IF ANY LEGISLATOR WERE TO BE PUT ON THE BILLS IT SHOULD BE THAT OF PETER AND JOHN "SILVER AND GOLD HAVE I NONE, BUT SUCH AS I HAVE I GIVE THEM."

THE CHIEF BASIS FOR BANKING HAS ALWAYS BEEN THE LENDING OF MONEY, WHILE MONEYLENDERS HAVE BEEN WITH MANKIND FOR A VERY LONG TIME, BANKS AS WE KNOW THEM TODAY ARE OF COMPARATIVELY MODERN ORIGIN. TEXAS PRESS ASSOCIATION

AUSTIN TEX.—State Supreme Court took a recess last week after handing down a heavy volume of new rulings including one which in effect upheld the 1959 open beaches law.

High court declined to hear arguments attacking the law guaranteeing free access to the beaches and oceans. It left standing a Houston Court Civil Appeals decision stating the public is entitled to use Gulf Coast beaches from the water to the vegetation line.

In other cases, the court: Permitted Texas Liquor Control to continue regulation exporters along the Mexican border during court attack on a law authorizing such control;

Set down arguments by State Board of Optometry Examiners to force Judge Dallas Blankenship of Dallas to rule on Dr. Ellis Carp's suit challenging its ethical practices order of 1959; Overturned a contempt judgment against the city manager and mayor of Hurst, Tarrant County, in connection with a condemnation case involving land for drainage easements;

Agreed to review an Austin district court decision denying a state savings and loan charter to Metropolitan Savings Association of Houston;

Refused review of a \$1,000,000 lawsuit in Hutchison County brought by union members who claimed they were fired for following orders of their officials in a 1958 strike at Phillips Petroleum Company plants in the Texas Panhandle;

Refused a state AFL-CIO request to enjoin alleged "pro-employer lobbying" by Texas Employment Commission, leaving in effect lower court opinions.

Third Court of Civil Appeals overturned a district court ruling blocking Upshur Rural Electric Co-Op from building a \$9,000,000 power plant near Ore City. However, it held the co-op cannot sell power to non-members.

APPOINTMENT ANNOUNCED—Gov. John Connally appointed James S. Naismith of Corpus Christi and Donald C. Klein of Odessa to the State Board of Registration for Professional Engineers. Col. Thomas C. Green of Austin was reappointed executive secretary.

Connally also reappointed Edwin Bueck, Edmund Hajovsky and Alfred Neumeyer Jr. of Hallettsville to the Board of Directors of Lavaca County Flood

Control District No. 3. He selected James Bozka, Hallettsville banker, to fill the unexpired term of Robert Gindler, resigned. SCHOOL TRANSFER UPHELD—Hockley County school board's approval of the transfer of 25 students from Witharal Independent School District to schools in Levelland, Littlefield and Anton was upheld by Education Commissioner J. W. Edgar.

Witharal authorities asked the commission to prohibit the transfer which has been requested by parents of the children.

REDISTRICTING "WORST YET"—Sen. George Moffett off Chillicothe believes redrawing of state congressional districts is the hardest job ever to face the Texas Legislature. Moffett is chairman of a special committee studying the problem.

Moffett, who holds the all-time record for continuous service in the Legislature (34 years), spoke out on the eve of his committee's fourth hearing in San Antonio.

Committee waded through five new redistricting plans at the Bexar County hearing. Fifth hearing will be held in Lubbock on August 20.

Sen. Louis Crump of San Saba meanwhile announced he has called on Texas congressmen to support federal legislation authorizing states to retain full authority over both congressional and legislative apportionment.

BURIAL ASSOCIATION RATES TO RISE—State Board of Insurance has issued a notice to statewide and local aid associations and burial associations that they must adopt, by November 1, rates which will produce enough income to build their mortuary funds to the point where they can back up all benefits promised policy holders.

This action followed a hearing by the State Burial Association Rate Board at which State Insurance Department actuaries expressed alarm that many small local mutual and burial associations were not collecting large enough premiums to pay all potential claims.

Many associations already have voted to increase rates and two have obtained board approval.

Under the order, each of the 528 associations must appear before the Insurance Board between now and July 1 1965, and prove they have rates in effect which will bring mortuary funds up to the reserves

HELPFUL "SCIENTISTS"—A group of trainees from Fort Sill, Okla., gives science and Mother Nature a helping hand by building a fire under a wet bulb thermometer. The device indicates when it is too hot for training. Captain Rowe A. Haywood, right, the Battery Commander, asks for a square count—even if the extra heat is all in fun.

required by law. LEGISLATIVE INTERNS—Seven State government trainees who will participate in the 1964-65 program to interest qualified persons in government careers have been appointed by Speaker of the House Byron Tunnell.

Program is co-sponsored by the Texas and the Ford Foundation. First-year "interns" are Charles William Hoehne, Sshulenburg; William G. Reid, San Marcos; Jo Ann Pankratz; Jonathan S. Day Houston; and Edward Lamar Farley, Delhi, La.

ALAMO HIGHWAY—State Highway Commission heard requests from a group of Texans representing cities from Texarkana to Round Rock. They asked that a route through their area be called "the Alamo Highway," and sought recommendations on ways to bring it to top condition by 1968.

Alamo Highway Association is made up of prominent boosters from cities and villages along U.S. 59 from Texarkana to Marshall; S.H. 43 from Marshall to Henderson; U.S. 79 from Henderson to Round Rock and I.H. 35 from Round Rock to San Antonio.

F. B. Elliott of Jacksonville, president of the association, said "1968" will be a banner year in which to attract people from all over the east and the north to follow the Alamo route to the HemisFair in San Antonio and to the Olympics in Mexico City."

Highway Commission did not grant the request immediately. But its members, Herb Petry of Carrizo Springs, Hal Woodward of Coleman and Jack Kuitgen of Waco, expressed interest in the tourist attraction idea.

WATER AID—Texas Water Commission has been busy trying to help communities suffering from

the extreme drought.

In little more than a week's time, the Commission sent one of its members, H. A. Beckwith, to Brackettville to help that city drill a water well when Las Moras Spring went dry; granted Thorndale a permit to pump 20 acre feet of water from the San Gabriel as an emergency measure; and secured a Kerr County court order restraining irrigators in the county from using water from the Guadalupe River and its tributaries for anything except domestic, municipal and livestock purposes.

NEW ANIMAL HEALTH DIRECTOR NAMED—Texas Animal Health Commission has picked Dr. S. B. Walker to replace Dr. R. G. Garrett as Executive Director of the commission when the later retires to his Taylor farm in October.

Dr. Walker now is a supervising veterinarian for the Animal Health Commission. He received a bachelor's degree from Texas A&M in 1955, and his doctor of veterinary medicine degree in 1959. He's a native of Hillsboro. CONDEMNATION CASE CLINIC SET—Atty. Gen. Waggoner Carr's department will sponsor a three-day seminar on the trial of condemnation cases November 5-7. Carr is extending invitations to district county and city attorneys, district and county and all attorneys who represent condemning authorities.

Among the speakers will be State Highway Engineer DeWitt C. Greer, former Atty. Gen. John Ben Shepperd, Supreme Court Justice James R. Norvell, George Thompson of Sweetwater and Carr.

EXTRADITION HEARING HELD—Secretary of State Crawford Martin will recommend to Gov. Connally whether the

governor should grant extradition of Melvin Lane Powers to Florida to face murder charges.

Martin conducted an extensive hearing on the request of Florida Gov. Farris Bryant to extradite Power, 27, who is charged with the stab-slaying of his wealthy uncle-by-marriage Jacques Mossler, 69. Defense Counsel Percy Foreman fought the request.

SHORT SNORTS—Parks and Wildlife Commission granted a special October achery season on buck deer in 28 counties. . .GOP congressional candidate Des. Barry of Houston plans to appeal a State Board of Insurance ruling that his truck line, Galveston Truck Line Corp. must pay an extra-high rate for insurance because it is licensed by Federal permit only, and not by the Railroad Commission. . .1964 is a measles year for Texas according to the State Health Department which reported 68,914 cases so far this year, compared to 17,978 in 1963. . .State Securities Board granted applications this week from eight firms to sell \$2,800,000 worth of stocks. . .Attorney General Carr ruled that county mutual insurance companies qualified to write casualty insurance statewide may write all lines of automobile insurance on all motor

LOCALS ATTEND WORLD'S FAIR

We are sorry that so many errors appeared in this item in last week's paper. The article should have read as follows:

Mr. and Mrs. J. R. Brandon, Mrs. Julia Heuer, and Miss Etta Harned returned home after a trip to the World's Fair. While away they visited West Point, New York; the Franklin Roosevelt Home at Hyde Park; Niagara Falls, Mammoth Cave, Kentucky and many other attractions. While at Niagara they crossed into Canada and viewed the falls from that point. All report a most enjoyable trip.

ATTEND FAMILY REUNION

Mr. and Mrs. George Schollenbarger, Mr. and Mrs. Butch Schollenbarger and Chris, and Mr. and Mrs. Robert Bain and family attended a family reunion of the I. M. Roper family at Darrouzett Saturday night and Sunday. All of the immediate family were present with the exception of one brother. All reported a most enjoyable time.

ATTEND FAMILY REUNION

Mr. and Mrs. F. A. Floyd, Mr. and Mrs. Eddie Floyd and boys, and Mr. and Mrs. Dickie Moffett of Hedley attended a family reunion at Childress over the week end. About 100 were present.

Mr. and Mrs. George Schollenbarger made a business trip to Lubbock Friday.

read enjoy being read to, just asw their teachers.

Victor Lasky has written a book, "J. F. K. The Man & The Myth" which is more interesting and better reading than a lot of fiction. He refutes the idea that so many of us have, that is, if it has to do with anything political it must be as dull as dish water and only the most dedicated will try to wade through any article book or what have you to try and learn how we can vote a little more intelligently.

It is a fore gone conclusion that thinking people are going to ask themselves if, as a cynic said along time ago, we don't get a lot better government than we deserve.

It is too well documented for there to be any doubt but that he knew something about politics, politicians and us the voting folks.

Even if his bias shows when he writes about Ex-President Eisenhower and Ex-Vice-Presi-

dent Nixon it is still an impressive book.

Quoting: "Victor Lasky has marshaled facts, studied the opinions and comments of political experts from both right and left, and drawn on his own experience as a veteran political observer to write this full scale study of John F. Kennedy. Many of the commentators and politicians whose public statements, quoted in the book, helped Lasky form his judgement will be the most infuriated by it."

"You may agree—or disagree—But you won't be able to stop reading it—or talking about it." To keep the record straight—"J. F. K. The Man & The Myth" had been published and was in its twelfth printing long before the late President Kennedy was assassinated.

Two more memorial gifts have been given to the library to be dedicated to the memory of Mr. Millard Word.

DEPT. RELEASES NEW TRAVEL FOLDER AUSTIN — No matter what the season, it's FUN to vacation in or visit "Texas, America's Fun-tier," declares the latest travel publication of the Travel and Information Division of the Texas Highway Department.

The point should be well taken by visitors — once they take a look at the four-color folder, rich in information and abundant with color photographs showing the scenic, historic, and recreational wonders of the Lone Star State. The folder, sporting a red-white-and-blue cover in line with the colors of the flag of the Lone Star State, is aptly titled "Texas, America's Fun-tier."

"This folder," said Tom H. Taylor, Director of the Travel and Information Division, "answers a need for providing hundreds of thousands of visitors with a compact and informative introduction to the vacation pleasures abounding in the Lone Star State. The folder is also designed for distribution to delegates attending conventions in Texas," Taylor said.

"We hope it will whet their traveling appetites to inquire more about 'America's Fun-tier.' Anticipating this need, we've listed the Travel Division, Texas Highway Department address on the folder inviting prospective visitors to make further inquiries about the Fun-tier State. The folder emphasizes that Texas offers a brand of fun for everyone regardless of the season.

It may be the mountain country of West Texas... the lush, green country of North Texas... those forested acres of East Texas... the hill and lake country of Central Texas... or the subtropical vacationlands of the Gulf Coast-South Texas region.

Choose spring, that magic time when a parade of wildflowers blanket hill and valley, and anglers and picnickers take to lake and forest. Or summer, when the special lure of the seashore is answered by swimmers and beachcombers. Or fall, ablaze with the red and gold of autumn foliage by day, and a hunter's moon at night. Or winter, no sit-by-the-fire time, but a season when sport fishermen test rod and muscles against the flashing silver tarpon on the sunny Gulf.

Taylor said the new folder will be fulfilling another important need — an economical piece to provide to school children who are always clamoring for literature on Texas.

FISH BAITING DOES THE JOB AUSTIN — Making the fish come to you instead of the reverse is perfectly legitimate in Texas waters, according to Marion Toole, coordinator of inland fisheries for the Parks and Wildlife Department.

And here's one official suggestion to accomplish the conquest, as made by Toole in acknowledging an inquiry from an Austin man:

"There are two or three different methods of attracting fish. One is to cut quite a large amount of fresh willows which are wired together to form some large mats. These are weighted with rocks and submerged, piling mat upon mat to create brush about four feet high. This will bring in minnows, sunfish and crappie.

"Some people buy bales of alfalfa hay which they sink by attaching large rocks to the bales. These of course will also produce basic fish food that will attract

cigarette or match out your car window, why not light a \$20 bill and toss it out instead? Of course you wouldn't think of doing such a thing. However, each time a grass fire destroys the cattleman's pasture, it is costing you as well as him. For each acre of forage burned, \$20-\$50 worth of grass is lost, says G. O. Hoffman, Extension Range specialist at Texas A&M University.

The grass you see when traveling is the winter hay crop for the stockman. It helps supply beef for you as a consumer. Throughout the year he has worked hard to produce this grass, which is more than just "cow feed." In addition to producing tasty steaks and lamb chops, it provides food and cover for wildlife, holds soil moisture, prevents run-off into lakes and streams and certainly gives the country-side a better face than does a black cover of burned grass and trees.

This grass doesn't belong just to the rancher — you also have a stake in it. When hunting season rolls around, you will want a big fat buck to hunt and large coveys of quail for the dog to point. Without grass and cover these won't be around. Now, you want plenty of healthy fish, a good place to swim and water ski or just relax and picnic. If someone had burned the acreage around your favorite lake last year, you wouldn't have these now, or did some careless person ruin your summer recreation spot for this year?

After a look at just a few things grass does for you, won't you help the farmer and rancher keep the grass by helping control grass fires? He has done his part by providing fire lanes around his pastures. Now you take your share of the responsibility in conserving one of our most valuable natural resources — grass.

CARCASS CONTESTS ARE MEAT SHOW WINDOWS

COLLEGE STATION — Livestock shows are taking on a new look, with carcass classes being as important as show ring judging.

A hoof-carcass class is one of the most practical ways of comparing meat animals and showing producers the type of meat that consumers are demanding, says Frank A. Orts, Extension meats specialist at Texas A&M University.

To be a blue-ribbon winner in a carcass show, an animal should have a carcass weight of 1.25 pounds per day of age, with an abundance of muscling and lean meat and just enough fat to make the meat flavorful and juicy. Carcasses should grade USDA choice and yield at least 48 percent of their weight in boneless, closely trimmed round, loin, rib and chuck.

Hoff-carcass classes have caused hogs to change quite a bit from their cousins of a few years back, and in time, carcass shows will do the same for cattle and sheep, Orts says.

Carcass contests are held at many Texas livestock shows so breeders can compare their meat animals. Among shows with carcass contests are the State Fair of Texas, Southwestern Exposition and Fat Stock Show, the San Antonio Stock Show and several regional shows.

Domestic Cotton Allotment

Every cotton producer should check the final planted acres of cotton on his farm or farms to see if he might be eligible for domestic allotment price support payment. You may find you are so near your domestic allotment that you will want to destroy the small amount of differences in order to be eligible for the extra 3½ cents per pound on the normal yield for the planted cotton.

To be eligible for the payment you must be within your domestic allotment by September 1, 1964, and you must not be in excess of your feed grain base.

If you are already within your domestic allotment, please come to the office and sign your application for payment.

1965 Wheat Allotment and Normal Yield

The work on the 1965 wheat allotments is complete and we will mail notices as soon as possible after approval from the State Office. There is a small increase in the allotments for 1965. Yields are a little less. The allotments will already have the 10% reduction taken off as it was in 1964.

1964 Wheat Payments

If you are participating in the 1964 wheat program and are not in the feed grain program, please come to the office and sign your "Application For Final Payment."

Payments to producers participating in both programs will be made as soon after all final measurements are made as possible but not earlier than Sept. 2, 1964.

"Be yourself, but make sure that "self" is worth being."

Fire Lanes

Due to the drought, there may be a need for fire lanes to be built on soil bank land. This will be permitted provided it meets the approval of the County Committee. The producer will be required to establish these lanes at his own expense and will not be required to refund any cost-shares paid for the cover which is destroyed.

Application for the establishment of fire lanes must be made at the County ASCS Office.

SOIL CONSERVATION DISTRICT NEWS

CONSERVATION CROPPING SYSTEM

Good cropping systems are grown in a combination with needed cultural and management measures. They include the use of rotations that contain grasses and legumes, as well as sequences in which the desired benefits are achieved without the use of such crops.

The purpose of a good cropping system should meet the needs of the soil during critical periods when erosion usually occurs. It should aid in the control of weeds, insects, and diseases, and fulfill the needs of the farmer for an economic return.

A good cropping system requires the minimum amount of soil improving crops in rotation, the minimum amount of high residue crops in the rotation period, and the minimum amount of cover crops in the rotation period.

The management of crops, tillage, residues, cover, and their fertility assure, cover, and in the system doing a good conservation job.

The Donley County Soil Conservation Service will furnish the farmer any needed information on a good conservation cropping system.

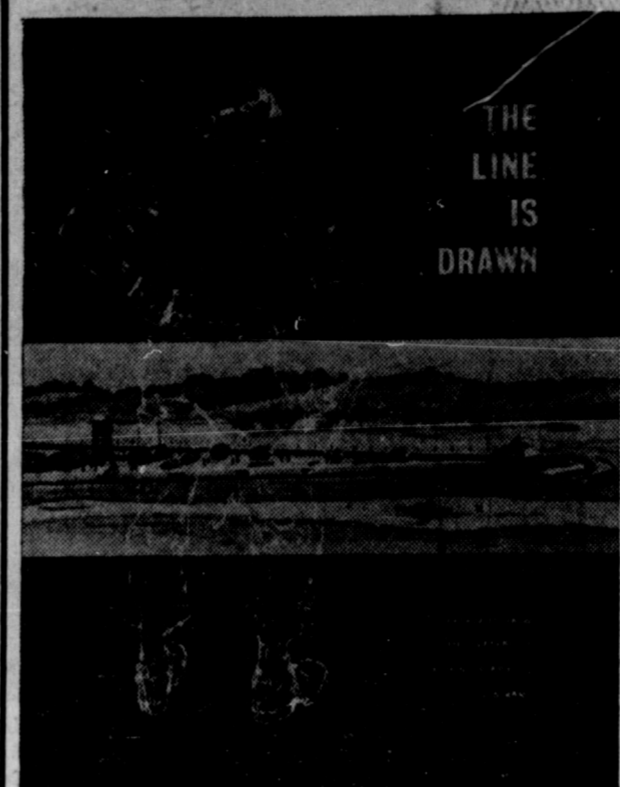

PREPARING OLD FIELDS FOR GRASS SEEDING

There are several old fields in Donley County which were turned back to rangeland, but never were seeded. In most cases, the vegetation is of an inferior type and can be grazed for a short time during late spring. This does not allow much grazing for what the fields are potentially capable of producing. To improve these areas, there are several approaches to seed-

ing the areas back to native grasses. First, there is usually much competition in the form of silver cholla, the acorns, and droopseed, along with annual weeds and grasses. The problem will be how to control this competition to allow the seeded grasses to become established and to maintain adequate cover to protect the land from blowing.

In most sandier soils, a complete start should be accomplished. The land should be deep-plowed, drilled to sorghums for cover, and allowed to firm for the winter and spring seedings. On tighter soils a shallow sweep or disking will be best, in order to undercut the perennial vegetation. In areas where it is determined that competition will

Top o' Texas Rodeo To Be Held In Pampa August 25-29

W. D. Price, Jr., president of the Top o' Texas Rodeo Association, announced today that plans are complete for the 20th Annual Top o' Texas Rodeo, scheduled for August 25-29 in Pampa. The Kid Pony Show will be held on Tuesday, August 25 at 2:30 and 8:00 p.m. and will see boys and girls between the ages of five and fifteen contesting in their respective divisions.

The rodeo proper will begin Wednesday, August 26, with performances at 8:00 p.m. daily through August 29. A giant street parade will be held on Wednesday at 3:00 p.m., led by the Amarillo Air Force Band.

Butler Bros. of Elk City Oklahoma will be in Pampa for the third year with their string of wild bucking horse and bulls to test the ability of top cowboys from over the nation. Contesting under the rules of the Rodeo Ass'n., the cowboys will vie for \$3,500.00 in prize money plus all entry fees. A purse of \$300.00 will be added to entry fees for the G R A Barrel Race. Cy Taillon, prominent rodeo announcer, of Denver, Colorado will be at the microphone.

An official American Quarter Horse Show is scheduled for Friday, August 28 at 9:00 a.m. in the rodeo arena, with thirteen Halter Classes, eight performance classes, and three Open Youth Classes.

The popular Beef Calf Scramble Contest will also be a fea-

ture of the show on Thursday, Friday and Saturday nights.

The Pampa High School Band, under the direction of Fred Stockdale, will provide a thirty minute concert at 7:30 p.m. nightly, and will cue the rodeo.

Rodeo dances will be held nightly, Wednesday through Saturday in the National Guard Armory building, featuring Lou Walker and his Wester Play Boys.

Rodeo headquarters are located in the Chamber of Commerce office in the Hughes Building.
