Two Scouts Receive Eagle Awards Here Saturday Night

The three local Scout troops held a combined Court of Honor in conjunction with an Eagle Scout Presentation Saturday night in the City Hall.

Frank Phelan was Master of Ceremonies and Tex McCoy, Assistant Council executive made a talk on Scouting and what it means to be an Eagle Scout.

Clyde Price, Jr., and Bill Land presented the Eagle Awards to Freddie McAnear and Kenneth Price. Mr. Land pointed out that the Eagle Badge in dollars and cents cost very little, however, the meaning and honor that is bestowed with this high award is priceless.

Freddie and Kenneth started out in Scouting as Cubs and have gone through Boy Scouting and into Exploring Scouting together. Both boys have attended Camp Ki-o-wah where they received the Order of the Arrow at the same time. They were in attendance at the last National Jamboree in Colorado Springs and in 1962 went with a council group on a Canadian canoe trip.

The fine character of these two young men and the activities they have participated in is evidence enough to the wonderful opportunities and accomplishments which Scouting offers to all boys in Clarendon.

BAND PARENTS TO MEET MONDAY NIGHT

Fall Barrow And Lamb Show Held

The fall barrow and lamb show was held Sunday afternoon at 5:30 p.m. at the local stock yards. Due to lack of facilities and panels the show was held just before loading the stock for the Dallas Fair.

The results were: Heavyweight barrows — 1. Wayne Leathers, 2. David McAnear, 3. Tommy Waldrop, 4. John Sommers, 5. Gale Gray.

Medium Weight Barrows — 1. Tommy Waldrop, 2. Tildon Kirkpatrick, 3. Henry Hermesmeier, 4. Tommy Moffett, 5. John Spivey, 6. Kelsey Bannfister, 7. John Sommers.

Lightweight Barrows — 1. Henry Hermesmeier, 2. Lanny Moffett, 3. Tildon Kirkpatrick, 4. Tommy Waldrop, 5. Gale Gray, 6. John Spivey, 7. David McAnear.

The Grand Champion Barrow was a middle weight Duroc that was owned by Tommy Waldrop. The Reserve Champion was also a Duroc owned by Henry Hermesmeier. Tommy Waldrop was the breeder of all three first place winners.

Dale Robinson had the Grand and Reserve Champion lambs. The boys will exhibit their livestock in Dallas this week.

Officials Warn Of Fall Screwworm Buildup

Flip Breedlove, County Agent, says there is no longer any doubt that Texas will experience an increase in screwworms this fall. The buildup that officials of the Southwest Screwworm Eradication Program warned about is a reality.

Officials at the sterile fly production plant near Mission say that more than four times as many infestations are now being reported weekly as a month ago. Producers in a number of counties where no screwworms have been reported for months are now discovering cases. Recent rains over most of the state and plenty of animal wounds are credited for the upswing in cases.

Eradication workers are concerned about the increase because it necessitates using more sterile flies for treatment of individual cases. This is at a time when all available flies are needed in the barrier zone between the United States and Mexico to protect the Southwest from being infested by migrating flies.

Of particular concern to eradicators are reports that many farmers and ranchers are no longer using smeared and sprays for screwworm prevention and treatment. This makes their livestock "sitting ducks" for screwworm attack during the fall.

In spite of the upsurge of cases, the September total of 439 was still far below the September, 1962, tally of 3,967. However, officials said, early eradication will depend on the co-operation received from livestock producers. They should continue to treat animal wounds, collect larvae samples and report cases promptly to the county agent.

LOCAL JAYCEES DEFEAT SHAMROCK 8 TO 6

The Jaycees of Clarendon and Shamrock tangled in a football game here last Friday night in Broncho Stadium with the Clarendon Jaycee Pot Bellies coming out on the top end of the score.

It was a defensive battle all the way as the score indicates. The Shamrock Jaycee No Winds scored first, early in the fourth quarter, and the Pot Bellies, not to be outdone, came roaring back driving the full length of the football field and then scoring on a pass from Payne to Valance. This tied the score and the Pot Bellies faked a field goal and completed a pass from Payne to Baten, for two points which made the score 8 to 6.

Many jarring tackles were made and if you were down town on Saturday you probably saw some of the Jaycees moving about mightily slow trying to recover from bruises and soreness which they received from the game. The statistics of the game showed the Pot Bellies to tally 199 yards rushing on nine first downs, and the Shamrock Club 215 yards on six first downs.

The two teams will meet again on November 1st in Shamrock which will be the open date for the Shamrock Irish.

The Jaycees wish to thank you who came to the game, and those of you who didn't miss seeing the crowning of the most beautiful girl in Clarendon as queen as well as a top notch football game. They would also like to thank Basil Smith, Richard Maxey and H. C. Shaw for serving as referees and the school officials, board and coaches for the use of the facilities and equipment. Also those who carried the chain and those who might have helped in any other way.

Mr. and Mrs. George Green are visiting relatives at Palo Pinto, Trinidad, and Temple.

DOORS OPEN FOR 65th YEAR

The Athens of the Panhandle opened its doors for the 65th year with students covering a wide area from the Davis Mountains of Texas to the State of Mississippi. With an increase of enrollment, addition of several new courses to the curriculum, and added facilities, Clarendon Junior College is looking forward to its most successful year yet.

This column is to be featured every week to keep the public informed of the progress and activities of the year. It is the hope of the staff to be able to give you the inside story of Clarendon Junior College. The staff for this year includes: Lucille Cooper, Turkey, and Claire Matlock, Alpine, Co-Editors; James Boliver, Sports Editor; Douglas Seale, Wellington, James Starky, Quitaque, Presly Yarbrough, Claude, Jerry Whitfield, Dodson, Ted Shaller, McLean, Dieth Dishman, Lella Lake, Sue McCord, Clarendon, Billy Spier, Clarendon, and Susan Cox, Hedley, Reporters; Mr. Daniel Nutter, Sponsor.

FRESHMEN UNDERGO INITIATION

"I'm so low, so gosh darn low, that it would take a diving act of providence to raise me to the supreme heights of stupidity, Sir!" Those were the noble words of the freshman class chanted during the week of initiation. The freshmen prove to be good sports putting on a parade downtown and a laugh-a-minute show before the student body. All ended well in good spirits with a watermelon feast and a dance at the Youth Canteen. Let it be known that the Class of '65 is green no more and on the way to becoming scholars in their chosen course of studies.

OFFICIAL MEMORANDUM

By JOHN CONNALLY Governor of Texas

GREETINGS: Newspapers have played a vital role in the history of the United States and of the State of Texas. They have become so much a part of our daily lives that we often take for granted the talent, dedication, and hard work which go into the publication of a single issue.

Our Constitution proclaims the rights of freedom of speech and press, but we must remain vigilant against all who would stifle these freedoms which are so essential to all Americans.

Almost from the time printing was invented, newspapers have been instrumental in advancing justice and individual liberty. Texas newspapers are striving to fulfill this great responsibility of leadership, and it is fitting that we recognize their efforts with a special commemorative period each year.

THEREFORE, I, as Governor of Texas, do hereby designate the period October 13-19, 1963, as NEWSPAPER WEEK in Texas, and urge all citizens to give due recognition to the achievements of the hundreds of daily and weekly newspapers in our State.

In official recognition whereof, I hereby affix my signature this 11th day of September, 1963.

Hedley Cotton Festival Enjoyed By Many

By Mabel Bridges, Hedley Correspondent

The 12th Cotton Festival has passed into history. It was a good Festival. Friday, Old Settlers' Day, was enjoyed as old friends met for a visit. This year the crowd was smaller, but the pioneer spirit was enjoyed over a cup of coffee as days of yesterday were relived.

Gifts from the oldest lady and gentleman present were presented to Mrs. Mattie Beach, 95 years, and H. P. Wilson, 81 years old. Joe Everett, a former Hedley boy, traveled 1800 miles from North Carolina to attend the Festival. He was presented a gift for traveling farthest. Mrs. W. I. Rains, only living founder of Donley Co. Pioneer Association, was presented a beautiful pot plant.

The new Masonic Hall was a topic of conversation as visitors arrived on main street Saturday.

The editor of the Memphis Democrat, J. Claude Wells, and his lovely wife of Memphis were in town for both days of the celebration. Mr. and Mrs. Wells arrived in Hedley Sept., 1910, and published Hedley's first newspaper, The Hedley Informer. He sold the paper to Ed Boliver, Sr., and moved to Wellington in 1917 where he was in newspaper business until 1925. He bought The Memphis Democrat where he and Mrs. Wells still live. Mr. Wells has been in the newspaper business 60 years. The Informer is still Hedley's only paper, published by Ed Boliver, son of the late Ed Boliver, Sr.

George W. Estlack of The Donley Co. Leader, the only county paper in Donley Co. was in town to help with the celebration. The Estlacks are pioneer newspaper folks and are always welcome in Hedley. The Leader is read each week by a number of Hedley people who like to keep up with what goes on over the county.

The bale of cotton the queen candidates sold tickets for went to a Childress man.

Hedley business people gave away quite a nice lot of useful merchandise. This is their way of saying thanks to the people for another good harvest.

An art exhibit was displayed by several persons. Miss Zona Adamson was in charge of this exhibit.

The flower show displayed many beautiful flowers grown in Hedley. A large arrangement of unusual permanent flowers were beautiful. Thirty ribbons were awarded to exhibitors for 1st, 2nd and 3rd places.

The cemetery fund received \$137.00 from donations and the (See FESTIVAL, last page)

JAYCEE-ETTES ORDER LITTER CONTAINERS

It was announced this week that the Jaycee-ettes have completed their project regarding litter containers for main street. All of the ads to be placed on the outside of the containers have been sold and containers have been ordered. The City will be responsible for installation when they arrive.

Jaycee-ettes appreciate the splendid cooperation given them by the merchants who have helped them out by placing advertisements on these containers.

FATHER OF LOCAL LADY DIES AT PECAN GAP

Mr. and Mrs. James Bain were called to Pecan Gap last Monday due to the grave illness of her father, W. W. Sandlin.

Mr. Sandlin died early Wednesday morning and funeral services were held at Pecan Gap Thursday afternoon. Mr. and Mrs. Bain returned home Friday.

Bronchos Travel To McLean For First Conference Game Friday Night

LIONS PANCAKE SUPPER FRIDAY, OCT. 25

Start that diet right now and be ready to fill up on pancakes, bacon or sausage at the Lions Club Pancake Supper, Friday, October 25, says Flip Breedlove, chairman of the pancake committee.

The Lions will start serving the pancakes at 5:30 p.m. and will continue serving until 7:30 at which time there will be a shut-down until after the football game with Canadian. The price for the tickets will be 75c and are now available from any member of the Lions Club. Proceeds from the supper will go to the Lions fund for the blind.

LOCAL RESIDENT BURIED AT MEMPHIS TUESDAY

Funeral services for Mrs. Ava Louise Toms, 47, of Clarendon were held at 10:30 a.m. Tuesday in the Spicer Funeral Home Chapel in Memphis with the Rev. Billy G. Hill, pastor of Calvary Baptist Church of Clarendon officiating. Burial was in Fairview Cemetery, Memphis.

Mrs. Toms died Saturday evening in Adair Hospital in Clarendon. She had been a resident of Clarendon for the past five years.

Survivors include her husband, Elmer W. of Clarendon; one daughter, Mrs. Etta Frances Sims of San Antonio; her father, J. H. Kauffman of Seminole, Okla.; a half-brother, B. Kauffman of Fort Worth; and a half-sister, Patricia Kauffman of Oklahoma.

COLTS TO HOST MEMPHIS TONIGHT

Clarendon Colts will play Memphis Jr. High here at 6:30 Thursday. Admission will be 50c and 25c.

In last week's game they were beaten by Wellington, 14-6. Mac McClellan made the Colt's only score.

LEADER CLASSIFIEDS GET RESULTS

Following an open date last Friday and two weeks of vigorous workouts the Clarendon Bronchos will travel to McLean Friday night for their first conference tilt of the season. Remember the earlier starting time of 7:30 p.m. as all conference games start 30 minutes sooner than non-conference engagements.

Coach Jack James stated that his squad had been working hard in preparation for the Tiger encounter and the main thought being stressed by the boys is to bring home another win and this one is much more important as it will be a conference affair.

Jack Robinson, who has been showing much improvement in the Bronco backfield, will possibly be out the remainder of the season due to a shoulder injury, coach James stated. Otherwise, outside of possible virus and cold attacks, the rest of the Bronco squad should be in top shape, he added.

The drubbing McLean took at the hands of the Wheeler Mustangs last Friday night is no indication that they are a weak bunch and we are looking for them to put up the stiffest battle of the season against the Bronco Friday night, Coach James stated.

With Robinson out of the lineup, Coach James stated that he would probably start either Grady or Wilkinson along with Ronnie Longan as half-backs, Teddy Graham at full and Mooring as quarterback.

His probable starting line-up for the line will be Dennis Stewart and Lester Welch, ends; Douglas Bradshaw and Larry Gray, guards; Ronnie McAnear and Steve Shelton, tackles and Kenneth Price at center.

Mrs. Ronnie Tyra and baby of Spearman are visiting in the homes of Mrs. Paul Smith and Mr. and Mrs. Gerald Noble. Ronnie came for the week end.

Yarbrough in White House Ceremony

Senator Ralph Yarborough, left, accepts pen from President Kennedy used in signing the medical education bill, which provides for federal building funds on a sharing basis with the states and includes a loan program to help keep medical and dental students in school. The bill includes \$170 million for construction of medical and dental school facilities and \$30 million a year for loans to students in these schools. It costs \$20,000 to \$30,000 to send a student to medical or dental school and there is a growing shortage of medical personnel. This bill had strong support in the medical and related professions. Senator Yarborough was invited to the White House signing ceremony as one of the principal Congressional backers of the bill. As a member of the Senate Education Subcommittee, he was a co-sponsor of the bill.

LIBRARY NOTES:

EDITH BARNES

A memorial gift has been given to the library in memory of Mr. Gene Noland.

A good biographer should be able to write about his subject with a degree of objectivity. If he is unable to make his subject a human being, because none of us are all saint or all sinner, he should do something else.

W. A. Swanberg in his "Citizen Hurst" has written a biography that tells both the good and the bad that went into the making up of the complex William Randolph Hearst. He frankly admits that there were two Hearsts. "One a 'Doctor Jekyll' the other 'Mr. Hyde'! As Jekyll he could rescue an impaled toad, overwhelm his friends with generosity, fight for 'the people.' As Hyde he could descend to lies, chicanery and cruelty."

In the final analysis few can find too much of "Doctor Hyde" in Mr. Hearst. He was a tyrant who either ruled or tried to rule every one he came in contact with. He made his rules and no matter what he did he was always able to rationalize it to his own satisfaction.

Quoting: "A meticulously documented study, 'Citizen Hearst' is lively with hundreds of anecdotes. But the great achievement is that Mr. Swanberg has calmly portrayed a baffling, controversial and important American figure. He has fixed Hearst in place, and that is a major achievement."

Mr. Swanberg has not only written a highly readable book, one you will enjoy but one that covers the history of the United States before and during Hearst's time. This covers a lot of ground as he lived to be eighty eight years old.

Again you wonder why so

many history textbooks are dull and boring, when this same collection of actual happenings just as authentic as any text can come alive and make for such good reading.

The library has the latest edition of a good coin catalog. It may come as a surprise to some folks that the big prices paid for coins are those which were especially minted in Philadelphia for collectors and have never been in circulation.

NEWSPAPERS ARE TOP SALESMEN

Television, like radio before it but to a far greater degree, has brought about major changes in the advertising picture. It has been an aggressive competitor with the other media, and its appetite for the advertising dollar, with the cost of producing even Grade B programs running to comparatively astronomical sums, seems insatiable.

But the power of the written word still gets top recognition.

An announcement from Sears, Roebuck and Company will interest those who like to read as well as to stare. It expects to spend more than \$60 million for newspaper advertising this year. Last year the figure was \$58 million, which represented 71.2 per cent of Sears' total retail media expense. The balance went to advertising through circulars, magazines, radio and television, and other media.

A spokesman tells the story: "This is tangible evidence of our continuing faith in the potency of newspaper advertising."

From the day Sears opened its first retail store, the company has made greater and greater use of newspapers. It is obvious that Sears store managers continue to regard the newspaper as their major medium for more than historical reasons. Their evaluation is based on the day-to-day results in their stores."

Television advertising is a catch-as-catch-can affair — you have to be looking at the set at the moment and it's gone in an instant. Print is durable and the prospective buyer can scan and consider it at his leisure.

SOIL CONSERVATION DISTRICT NEWS

Farm And Ranch Planning

The objective of farmers and ranchers in developing and for applying conservation on their land is well expressed in a basic policy adopted by the National Association of Soil and Water Conservation Districts, a part of which includes the following. "There is a need for a complete conservation plan for every farm and ranch in the nation to provide a conservation and land use program fitted to the response of each operating unit. As a mat-

ter of good business, a farmer or rancher can do a better job of farming or ranching with a conservation plan than without one. Piecemeal and uncoordinated efforts cannot be fully effective. When each acre is protected according to its individual needs, the cost of production is reduced and per acre yields are normally increased."

When a farmer or rancher requests assistance from his district, a technician of SCS goes over the unit with the operator. The soil, water and plan resources are studied in detail and the conservation problems and needs are analyzed. Alternative treatments are developed that would result in getting the needed protection and desired production

on the land.

Information from all sources is considered in developing the alternatives. Research data of the Texas Experiment Stations and research foundations, and the experiences of the operator and his neighbors are used in developing possible solutions. Financial assistance available from various sources, such as cost-sharing of the ASC program and loans from the Farmers Home Administration are considered in the ways and means of applying the plan. Crop allotments are important in developing possible cropping systems.

From the alternatives or possible solutions, the cooperators select those treatments that best fit their individual needs and

sources. Decisions made by the operator are recorded in a conservation plan which is the blue print for doing the job. The cooperator signs an agreement with the local SCD, which indicates his willingness to apply his plan with assistance from the District. The Donley County SCD has the technical assistance available to furnish each cooperator in the county the technical assistance needed to develop a complete conservation plan on his place, and is available at any time for this purpose.

Windbreaks

The purpose of windbreaks are to protect soil resources, control snow deposition, prevent wind damage to farmsteads, to provide shelter for livestock, and food and shelter for wildlife.

Field windbreaks are planted in crop fields to help control wind erosion and lessen the drying effect of wind on the soil. They conserve slow moisture needed in low rainfall and light soil areas. Because of the large amount of "edge" in relation to acreage, field windbreaks are

especially valuable in providing wildlife cover. They create homes for insect eating birds close to cropland, where they can do the most good.

Farmstead windbreaks are planted around farm buildings to protect them from winter wind and snow. Two kinds of windbreaks are used in various parts of the United States. In the prairie areas shrub-hardwood windbreaks are common; in formerly forested areas pine windbreaks are used. Both kinds are usually planted at right angles to the prevailing wind. To prepare the ground for planting you should plane and harrow it in the fall, and then harrowing should be done again in the spring. In the Great Plains, you should summer-fallow a year ahead of planting shrub-hardwood windbreaks usually consist of from 4-12 rows. In 4-row windbreaks, the outer 2 rows are shrubs and conifers and the inner 2 are hardwood trees. Windbreaks containing 8 or more rows should have shrubs or conifers in the outer 4 rows.

You should protect all wind-

breaks from fire and grazing at all times. They should be cultivated regularly the first 2 years in the east and for at least 5 years in the west.

The Donley County SCD will be glad to plan with you on any windbreak plantings or management.

kinds of peoples, with very different cultures. What is good for America is not necessarily going to be good for other people. We cannot export all the values that we ourselves love and cherish."

Protect Shotgun Barrel

Goose hunters shooting from pits on sand bars, or dirt pits in fields, constantly must check shotgun barrels for sand or dirt. Avoid this nuisance by covering muzzle with a single sheet of toilet tissue, held in place by a rubber band behind the sight.

1926 BOOK CLUB PRESENTED REVIEW AT TUESDAY MEETING

Members of the 1926 Book Club met at Patching Club House Tuesday afternoon, October 15, with Mrs. Bill Williams, vice-president, presiding. Mrs. Fred Chamberlain, Jr., and Mrs. C. B. Morris were hostesses and during the social hour served refreshments to 14 members and two guests: Mrs. Hancock and Mrs. Mulkey.

A delightful review, "Consider Miss Lily" by Alyene Porter was presented by Mrs. C. E. Bairfield. Alyene Porter also wrote the book "Papa Was A Preacher," a favorite in book stores for 18 years. "Consider Miss Lily" first reached book store shelves in the spring of 1962 and within three weeks was a best seller. The story is that of a young lady, daughter of a preacher, who insisted on attending dramatic school and becoming an actress. She convinced her father of her sincerity by telling him that the theatre was a cathedral of the spirit concerned with good and evil. Setting for the story is in Dallas. Mrs. Bairfield in her charming manner brought out the serious as well as the humorous happenings related in the story.

Members adjourned to meet the first Tuesday in November.

PATHFINDER CLUB HEARS PROGRAM ON MEDICINE

Pathfinder Club met Friday afternoon, October 11, at 3 p.m. at Patching Club House. Seventeen members were present. Mrs. John Bass, president, presided.

A most informative program on medicine was given by Mrs. C. G. Stricklin. Both Mrs. Stricklin's father and husband were medical doctors. Of special interest was an invitation to attend the graduation ceremonies when her father completed the course of study at St. Louis College of Medicine with the class of 1890. She also read the menu served at a banquet honoring the graduating class. Some trends in modern medicine were discussed including the use of ice in present day treatments. Theme of the meeting was "A healthy body is the guest chamber of the soul."

Mrs. Lee Holland and Mrs. L. N. Cox were hostesses and served refreshments during the social hour. —Rep.

C.H.S. BEAUTIES AND BRAWNS TO BE PRESENTED THURSDAY

"Autumn Leaves" will be the theme of the high school assembly program to be presented Thursday, October 17, at 1 p.m. when the student body selects the Beauties and Brawns from their various classes.

In a recent election, Connie Martin and Teddy Graham were elected "Mr. and Miss CHS". They will be presented to the student body at this time also. Bonnie Rogers will be mistress of ceremonies to introduce these celebrities and to conduct the election. Melissa Patterson will play background music for the talent numbers which will follow the presentation of candidates. Karen Hill, dressed as Jack Frost will break the spell of this autumn party when she reveals the winners to the audience.

The annual staff of Clarendon High School invites each of you to attend this presentation and election at 1 p.m. October 17 in the College Auditorium.

CHAMBERLAIN HOLDS COMMUNITY MEETING

The Chamberlain Community met on Friday night, October 4,

for their regular meeting. A very small crowd was in attendance.

Games of "Forty-Two" and visiting were enjoyed by all present.

Pie and coffee were served by the hostesses Mrs. Hughes and Mrs. J. D. Jones, Jr.

President Richard Dingler requests the presence of everyone at the next meeting as he wants to discuss the Annual Bingo Party.

The next meeting will be October 18 with Mrs. A. O. Hott and Mrs. H. A. Harrison, Sr., as hostesses. Please bring cookies for your crowd; drinks will be served by the hostesses.

BIRTHDAY PARTY

Little Melanie Stepp enjoyed her second birthday in the home of her grandparents, Mr. and Mrs. Earl Fox, Sunday afternoon. Her mother and daddy, Mr. and Mrs. Carrol Stepp, helped with the entertainment.

A beautifully decorated birthday cake was the center of attraction on the birthday table. Ice cream and cake were served to Terry, Billy, and Cathy Britten, Marla Owens, Randy Thomas, and the honoree. The guests took home favors of balloons, color books, and clown hats.

Others attending the party were Mr. and Mrs. Duke Fox, Mrs. C. M. Meyer, Mr. and Mrs. J. B. McDaniel, Mr. and Mrs. J. C. Stepp, Mr. and Mrs. Earl Fox, and Mr. and Mrs. Carrol Stepp. —Rep.

Cub Scout News

The Clarendon Cub Scouts held their monthly pack meeting at the First Christian Church on Monday, September 30th, with 58 scouts and parents in attendance. Mrs. Bailey Estes and her den won the attendance banner for the second time in a row and should they win next time it will be theirs to keep.

The den mothers and leaders of the Cub Scouts are planning big things for Halloween which you will not want to miss for it will be family fun for everyone.

The Cubs enjoyed a film on Marineland of the Pacific which was entitled "The Whale That Became A Star."

Mr. and Mrs. B. L. Jenkins of Amarillo visited Sunday in the home of Misses Edgar Mae and Mable Mongole.

Mr. and Mrs. W. C. Ragan are visiting in Waco this week.

MOBIL SKY REVUE, featuring daring aerialists in death-defying circus acts high above the Mobil Stage, will be presented at 2 and 7:30 p.m. daily throughout, the 1963 State Fair of Texas, October 5 through 20 in Dallas. Overseeing each performance is Big Tex, who towers 52 feet above the crowds who watch the free stage shows at the State Fair.

Spur Field Day Set For Friday, October 25

Paul T. Marion's "cow cafeteria" will highlight the Rolling Plains Experiment Station's annual fall field day at Spur, Texas, on Friday, October 25, County Agent Flip Breedlove announced today. Marion is superintendent of the Spur Substation and personally directs all beef cattle research activities there. His pet project features a feedlot breeding herd that has never been on pasture. Visitors will see these cows and their 4th calf crop at weaning time, Breedlove said.

Other items of special interest to area ranchman will include reports on brush control research, water conservation practices and cow and calf operations on native pastures.

The Field Day program will get underway with a tour of the station from 9 to 12 a.m., followed by a "dutch treat" chuck wagon lunch.

Afternoon speakers will include E. D. Robinson, station range scientist; W. J. Waldrip, superintendent, Texas Experimental Ranch; Dr. Morris Bloodworth, head of A&M's Soil and Crop Science Department; J. K. Riggs, animal husbandry professor; and H. O. Kunkel, associate director, Texas Agricultural Experiment Station.

The day's activities will be concluded with a question and answer session.

FAIRBURY, ILL., FOREST NEWS: "It is about time that a halt be called on some of this increase in taxes which is being imposed on the American public at every turn of the wheel. Federal, State and Local taxes are constantly rising until the poor overburdened guy who foots the bills hardly knows where to get the money to meet his obligations."

CARDS OF THANKS

I wish to take this opportunity to thank my friends for the cards, letters, flowers and many other kindnesses extended to me during my illness and stay in the hospital. May God bless each of you.

Roy Roberson

The kindness and sympathy of neighbors and friends in our recent sorrow will always remain with us as a precious memory. Our sincere thanks and gratitude for all those comforting acts.

Elmer Toms

We wish to express our sincere appreciation to all who showed us such kindness and love during our recent time of sorrow in the loss of our loved one.

LEGAL NOTICE

All interested persons are advised that the construction of additional traffic lanes are being planned by the Texas Highway Commission on U.S. Highway 287 from near the East city limits of Clarendon through Hedley. The contemplated additional traffic lanes will parallel the present traffic lanes in the rural portion to provide a divided highway similar to that now built from Clarendon West. These divided lanes will transition to each other within the cities of Clarendon, Lelia Lake and Hedley. These city sections will have the present paved streets widened sufficiently to provide for four traffic lanes.

Preliminary drawings showing the proposed location are on file at the Resident Engineer's office in Clarendon and at the District Engineer's office in Childress. Any interested citizen may request that a public hearing be held respecting such proposed location and the economic effect of such location by delivering a

TO THE PEOPLE OF THE 18th DISTRICT

By Congressman Walter Rogers

A \$1.5 Billion Appropriation Cut

The House sliced another substantial amount — \$1.5 billion — from the latest appropriation bill coming before us. The measure, which reached the House floor Thursday, provided funds for activities in this fiscal year of the 26 Federal agencies, bureaus, boards, commissions, corporations and offices grouped according to government parlance as the "independent offices." The bill provided \$13.1 billion, \$1.5 billion less than had been submitted in budget requests. To accomplish the recommended reduction, the Appropriations Committee had done its work well. It had heard 450 witnesses and compiled 4,000 pages of testimony in subcommittee hearings stretching over four months.

The committee cuts sustained by the full House amounted to an overall reduction of 10.6 percent in the budget requests. This is in line with the kind of substantial reductions Congress must make if we are to attain the goal I've long pursued of balanced budgets and a reduced public debt.

The \$5.1 billion budget approved for space activities (the budget for the National Aeronautics and Space Administration) had been cut by \$600 million in committee and that cut was sustained by the House. Also approved by

a House majority was an amendment to forbid the use of any funds in this year's space budget on any joint venture with the Soviet Union in an effort to send a man to the moon. Other amendments adopted to the bill bar the use of any funds to pay salaries of a study group for creation of a domestic peace corps or national service corps (a legislative proposal that appears to be dead, at least for this Session of Congress), and to reduce by \$100,000 funds requested for salaries and expenses by the Federal Power Commission.

Three other regular appropriations bills remain to be reported to the House before this Session can end. They are the military construction bill, the foreign aid bill, and the public works bill. Action on these appropriations must await the disposition of the authorization bills which provide for the programs.

So far this year the House has cut \$4.7 billion from budget requests considered in the nine regular appropriations bills for the fiscal year which began July 1. Four regular bills have been cleared by both the House and Senate and sent to the President, those providing money for the Interior, Treasury, Post Office, Labor, Health-Education and Welfare, and Defense departments. The defense appropriation, at \$47.2 billion, is the largest of all appropriations and represents well over half of all Federal money to be expended.

The chairman of the House Appropriations Committee, Honorable Clarence Cannon of Missouri, estimates that an earlier outlook remains valid for final congressional budget reductions

of approximately \$5.4 billion. In my newsletter of August 10, I predicted that the budget will have been cut by \$5 or \$6 billion when all appropriations matters have been disposed of.

A reduction of at least another \$1 billion may be expected in the foreign aid appropriation, a cut that added to past actions would bring reductions approved by the House to \$5.7 billion. I will continue my efforts to eliminate the foreign aid program entirely. If this could be accomplished, and the bipartisan support for the foreign aid program indicates that the odds are against it, the resulting \$4.4 billion reduction in the budget coupled with cuts previously made would all but insure a balanced budget. A budget deficit of \$9.2 billion had been expected based on original budget proposals. As you can see, if the House cuts already made were added to complete elimination of the \$4.4 billion foreign aid request, the total budget slash would amount to \$9.1 billion — and I feel sure that another \$100 million could be chopped from other pending bills in order to achieve a balance.

Congress could in this fiscal year come within easy striking range of assuring a balanced budget — a goal that has been reached in only six of the last 34 fiscal years.

"Once you've typed on an electric portable, you'll never type on a manual typewriter again!"

- 5 repeat actions
- Fastest typing
- No pounding
- Even typing
- 10 clear carbons

Electricity lets you underline a full row of words just by holding down the key, rat-tat-tat, just like that. The same is true for dashes, spaces, dots and the letter "X" for crossing out.

Electricity lets you type as fast as you want even if you're a speed champ. And there's no jumbled letters, no jumpy lines, no uneven spacing.

Electricity does the work for you. There's no pounding the keys. And you can adjust the touch from featherlight to the same as a manual's.

Electricity gives you an expert's even touch on the keys. All letters are typed with the same even blackness... your typing looks perfect.

You adjust a dial and can make up to ten carbon copies. More important, the tenth is just about as clear and readable as the first.

SMITH-CORONA CORONET—Crjsp, modern styling. Four decorator colors. Full office keyboard. Choice of many type styles. Lightweight all-steel carrying case. ONLY \$10 DOWN.

"cake walk." Thanks to every one who helped in any way to raise this money for a worthy community cause. Mr. Weatherly invites any one to look over his books. They are open at any time for anyone to see. Go to the cemetery to see how your money is spent. Again, Thanks to everyone.

The big parade was viewed by a large crowd Saturday at 1:30. Colorful floats, beautiful girls and bands paraded through Hedley. Bands from Memphis, Clarendon, McLean, and Matador Drum and Bugle Corps added to the entertainment.

Winner in Class A floats: 1st place, Moffitt Hardware (theme, "Round the World with Cotton"); 2nd place, Security State Bank (theme, "Banking on Cotton"); 3rd place, West Texas Utility Co. (theme, "Cotton Goes Everywhere"); Class B: Sodality Club, first; Garden Club, 2nd; Class C: Decorated car, H&M Variety Store, 1st; Shaw Conoco, 2nd. A beautiful float was entered by First Baptist Church and received honorable mention. Grand prize float honors went to Sodality Club (theme, "In the Swim with Cotton") The float was 100% cotton.

Climaxing the two-day celebration was the Queen Coronation. Miss Katrina Snelson, an 18-year-old senior at Hedley High School was crowned Queen of the 12th Annual Cotton Festival Saturday evening in the high school auditorium. Katrina was crowned by Steve Stephens of Amarillo, District Lions Govern-

nor. She is the daughter of Mr. and Mrs. W. M. Snelson, Hedley cotton farmer. Runners-up among seven other participants were Brenda Winn, daughter of Mrs. Vione Winn, 2nd; Ricky Rowell, daughter of Mr. and Mrs. A. J. Rowell, 3rd.

Everyone went home tired and happy over a good Festival. Already plans are being formed and talked for next year's Festival.

FARM NEWS

from County ASCS Committee

Final Payments

Final payments are still being made on the Wheat Stabilization and Feed Grain Programs. If you have not received your payment, you may come by the office at any time and do so. We have received clearance to go ahead and make payments to farmers who have sweet sorghums.

If for some reason you do not want your final payment at this time, please come to the office and sign a statement to that effect for our files.

Grain Sorghum Loans

The county loan rate for grain sorghum grading No. 2 or better is \$16.9 per cwt. If the grain is stored in a warehouse, the warehouse storage charges will be deducted from the loan rate. ALL grain sorghum produced on the farm is eligible for loan this year. An eligible farm is one which participated in the 1963 Feed Grain Program by diverting land from the production of feed grains.

Secretary Of Agriculture To Be In Lubbock

Secretary of Agriculture, Orville Freeman, will be in Lubbock, Texas, at the Municipal Auditorium at 2:00 p.m. Monday, November 4, 1963. This will be the last of 13 meetings Mr. Freeman has scheduled to find out what the farmer says and thinks of farm programs. Mark your calendar and try to attend this important meeting. Why not get a neighbor to go with you?

Emergency Grazing And Haying

Permission to graze and harvest hay on soil bank land has been extended through December 31, 1963. Be sure to come in and sign up before you begin grazing or baling hay.

FIRE PREVENTION WEEK BIG SUCCESS

Fire Chief B. L. Graham reports Fire Prevention Week in Clarendon was a big success with the members of the department working very hard to stress the importance of fire prevention.

Over 30 entries were entered in the poster contest among the 4th and 5th graders. All the posters were very good which made the judging very difficult. Members of the department met at the fire station with their wives on Thursday night and had a chili supper which was thoroughly enjoyed by all.

It was estimated that over 200 people attended the Open House on Saturday night which followed the parade on Saturday afternoon.

Chief Graham and all the members of the department wish to thank all who helped make Fire Prevention Week of 1963 here in Clarendon a success, and ask that you strive for fire prevention in the days to come.

DONLEY COUNTY YOUNG FARMERS

The Young Farmers met for their regular meeting Tuesday, Oct. 15, 1963.

Doug Burgess of Brice brought the group a very interesting talk on cotton defoliation. Farmers were advised not to defoliate too early.

A business meeting was then held and the meeting was adjourned. —Rep.

Mrs. George Garrison of Boise City, Okla., has been visiting her mother, Mrs. Frank Whitlock and on Thursday helped her celebrate her 82nd birthday.

Mrs. M. C. Goodner of Amarillo was a week end guest in the home of Misses Edgar Mae and Mable Mongole.
