Volunteer Firemen Hold Annual Election Meeting

The local volunteer firemen held their annual election meeting Thursday night, January 27 at the Fire Station following a steak supper at Sybil's Country Kitchen hosted by the City Aldermen and Mayor.

The following officers were elected for the coming year:

Chief, Bill Land, 2nd term; Assistant Chief, Richard Maxey, 2nd term; Hose Captain No. 1, in charge of Ford truck, Bob Kidd, 2nd term; Hose Captain No. 2, in charge of International truck, Bill Ridenour, 3rd term; Hose Captain No. 3, in charge of Seagraves truck, Ronnie Hill, 2nd term; Emergency Service Captain, in charge of new Emergency Service truck, Cecil McAfee, 1st; President, Hubert Kidd, former 2nd Vice President; 1st Vice President, Delbert Robertson, former President; 2nd Vice President, Ralph Hill, 1st term; Secretary - Treasurer, Frank Wooten, 2nd term; Chaplain, Lloyd McCord, 1st term.

Chief Bill Land, on behalf of the members of the department, expressed appreciation to the City Officials for their cooperation and support. Mayor Gilkey thanked the department for their service and improvements in efficiency and equipment during the past year. George Green, Fire Marshall, gave a report on Fire losses in the City during the past year.

DONLEY CLUB CALVES BRING GOOD PRICE

Business firms and individuals got behind the Donley County club calves at the Amarillo Fat stock show last week and made them sell for more money than they have in a good many years says Flip Breedlove who attended the show. The average paid for the club calves was 37c per pound.

Those buying calves at the show were the Farmers State Bank, Douglas & L. T. Shelton, Alfred McMurtry and Lawrence Hagy owner of the Bitter Creek ranch. The resale value of the calves to packers was 26.20 on the day of the sale, so this gave a nice premium to the club boys for their feeding programs.

Donley Steers Place Near Top In Amarillo Show

Donley County 4-H Club members placed near the top with their steers at the Amarillo Stock Show last week, according to Ronald Gooch, County Agent. James Edward Potts exhibited the 3rd place light weight Hereford steer. John Hermesmeier placed 7th with his light weight Hereford. Henry Hermesmeier, Mike, Jayne and Scott Martin all showed Hereford steers that placed on down the line in their classes.

The following 4-H club members sold steers in the auction: Jayne Martin, one Hereford steer, purchased by Harold Dunn for 39c per pound; John Hermesmeier, one Hereford steer, purchased by L. R. Hagy for 36c per pound; Scott Martin, one Hereford steer, purchased by L. R. Hagy at 38 cents per pound; Henry Hermesmeier, two Hereford steers, one purchased by Alfred McMurtry and Douglas Shelton at 37 cents per pound and one purchased by the Farmers State Bank at 38 cents per pound.

The 4-H members wish to thank all of the individuals and business firms that supported them at the Amarillo Stock Show.

The following 4-H members will be leaving today with cattle for the Southwestern Livestock Show in El Paso: John and Henry Hermesmeier, two steers and one Hereford heifer; and James Edward Potts, one steer. Show day will be Monday, Feb. 7.

INFORMATIVE PROGRAM SLATED FOR YOUNG FARMER MEET TUES. NITE

The Donley County Young Farmers will sponsor a program Feb. 8, 1966 at the high school vocational agricultural building at 8 P.M. The program will be presented by Flip Breedlove and Mike West. Topics to be discussed will be control of noxious weeds by flaming, control of insects, and alfalfa production. Mr. Breedlove has some very recent information regarding the potential of alfalfa production and processing locally. There has been considerable interest in the possibility of a dehydrating plant in Clarendon and many of the questions can be answered if interested persons would attend this meeting. The public is cordially invited to attend this program.

Funeral Services Held Tuesday For Ruth M. Richerson

Funeral services for Ruth M. Richerson, 58, Donley County School Superintendent since 1940, were held Tuesday afternoon, February 1, in the Church of Christ with Robert C. Jones, minister, officiating. Burial was in Rowe Cemetery at Hedley with Murphy Funeral Home in charge of arrangements.

Miss Richerson was born April 16, 1907 at Ring, Texas and moved to Hedley with her parents, Mr. and Mrs. S. C. Richerson, in 1915. She attended Hedley schools, Clarendon College, and received her B. S. degree from Abilene Christian College. She attained her Masters degree from West Texas State University and was a graduate student at the University of Texas. She taught school in Donley, Wheeler, and Gray counties and in the Berger school system before becoming Donley County Superintendent of Schools, serving in this capacity until her death.

Miss Richerson died Sunday, January 30th in Adair Hospital after a lengthy illness. She was a member of the Church of Christ, the National Education Association, American Association of School Administrators, American Texas Rehabilitation Association, Texas State Teachers Association, Texas Association of County Superintendents, National, County, and Rural Area Superintendents Association, and Delta Kappa Gamma. She also served a term as president of the Business and Professional Women's Club during its organization in Clarendon. She was listed on Who's Who of the Southwest and was an inspiration to all who knew her.

She is survived by three sisters: Miss Loyd Richerson, Miss Jeanne Richerson, and Mrs. Owen Moore, all of Odessa; two brothers, Glenn Richerson of Shamrock, and H. S. Richerson of Clarendon; two nieces, and four nephews.

Pallbearers were Carl Carter, Ira Page, P. C. Messer, Lonnie Cornell, James Shields, C. R. Hunsucker, M. O. Weatherly, and Loyd C. Johnson.

You may contact Miss Cooke at her home west of Broncho stadium for all particulars regarding proper filing etc.

Bulldogs Downed By South Plains & NMMI

Cold shooting by the Bulldogs enabled the league-leading South Plains College Texans of Levelland to roar past Clarendon 91-51 Tuesday night in Bulldog gym.

The Bulldogs trailing by a 40-21 score at halftime, were never able to catch up to South Plains.

Little Alvin Alexander was high scorer for Clarendon with 16 points and game honors went to Dwight Haley of South Plains with 17 points.

Last week Clarendon fell to New Mexico Military Institute to the tune of 96-71. Alexander was again the top scorer when he connected for 29 points.

The next home game on tap for Clarendon will be against Odessa Saturday night. Clarendon upset Odessa in their first meeting, 73-69. That has been their only win in conference play.

LAST RITES HELD MONDAY FOR PIONEER LELIA LAKE RESIDENT

Graveside services were held at 1 p.m. Monday in Citizens Cemetery, Clarendon for J. B. Reynolds, a pioneer resident of the Lelia Lake community for some forty years.

Mr. Reynolds, 93, died at a Gunter, Texas convalescent home Thursday. He had lived there for the past seven years and was a retired farmer.

Funeral services were held at the Central Church of Christ in Amarillo Monday morning.

Survivors include daughters: Mrs. H. C. Godfrey of Plainview, Mrs. Lois Patilla of Pittsburg, Pa.; sons, K. S. of Amarillo, James of Pueblo, Colo., and Joe S. of Phoenix, Arizona; brothers, E. N. of Elberta and John of Wellington; also 12 grandchildren and 9 great grandchildren.

LOCALS ATTEND JC OUTSTANDING YOUNG TEXANS BANQUET

Four local couples were in Dallas this past week end for the annual Texas Jaycees Five Outstanding Young Texans Banquet.

Special guest of the Clarendon Club was their nominee, Dr. Richard L. Gilkey and Mrs. Gilkey. Jaycees and their wives attending were: Mr. and Mrs. Gene White, Mr. and Mrs. Tom Higley and Mr. and Mrs. Chauncey Hommel.

Honored at the impressive ceremony held in the Great Hall of the Apparel Mart were Representative Ben Barnes, Lt. Col. Edward White, Senator Jack Strong, George Shrader, and William Hobby, Jr.

RUSSELL HOME BURNS THURSDAY NIGHT

A small wooden frame house belonging to Houston and Frank Russell was completely destroyed by fire Thursday night.

According to investigating officials, the fire apparently started when some kerosene was poured over some coals in a wood stove and the stove exploded.

Houston Russell was taken to Adair Hospital where he was treated for burns about his legs.

Poll Tax Sales Drop For General Election Year

According to a final tabulation, 1176 Poll Tax Receipts were issued to Donley County residents before the deadline Monday night.

This figure is discouraging when compared to the total in 1964, the last general election year, which hit a peak of 1505 poll tax receipts. 1965 was an off-clection year with a total figure of 934 receipts issued.

This figure does not include the over-age group who do not need a polltax or exemption but indicates the overall voting strength of the county will be some three hundred less than in 1964.

An all-out effort was made to bolster the total with the Jaycees setting up booths and manning John Jones trailer house on main street until late Monday night.

Services Held Monday For Cole Infant

Funeral services for Karla Rachelle Cole, 4 month old daughter of Mr. and Mrs. Bobby Cole, were held Monday afternoon at Murphy Memorial Chapel with Rev. W. R. Lawrence, pastor of First Baptist Church, officiating. Burial was in Citizens Cemetery under the direction of Murphy Funeral Home.

The infant was born September 10 in Groom Hospital and died Saturday night at Adair Hospital in Clarendon.

Surviving are the parents, Mr. and Mrs. Bobby Cole; a brother, Terry Neal of the home; grandparents, Mrs. Margaret Waldrop and Mr. and Mrs. L. A. Watson, all of Clarendon; great grandparents, Mr. and Mrs. W. D. Higgins, Mr. and Mrs. L. L. Waldrop, and Mr. and Mrs. C. I. Casteel, of Clarendon, and Mrs. Rosie Watson of Groom; also great-great grandparents Mr. and Mrs. John Jewell of Arkansas.

CLARENDON SCHOOL DISTRICT RECEIVES FEDERAL GRANT

A Federal grant of \$19,319 has been made to the Clarendon Independent School District for the purpose of improving the reading skills of deserving elementary school students. The funds were allocated through Titles 1 and 2 of the Elementary and Secondary Education Act of 1965.

School officials said teaching materials have been ordered for the new reading classes. Periods of instruction, with students in each class totaling between 8 and 12, will begin as soon as materials arrive.

Two instructors, Mrs. Lee Palmer and Mrs. Naomi Gilbreth, will teach the special reading classes.

CHS Cagers Now In No. 1 Position In District Play

The Clarendon High School boys and girls basketball teams now are in the number one position in District play. The record stands at 5-1 with the boys holding a season total of 24-2 and the girls a total of 18-7.

Tuesday night the local teams played at Memphis. The boys took an easy win with a final score of 87-57. Their lead was maintained throughout the game from the first quarter when the score stood at 27-14 to a halftime 53-33 and a third quarter total of 73-45. David Mooring paced the Clarendon group with 30 points. Odell Louis followed with 21, Archie Smith with 19, Richard Thornberry with 8, and Mac McClellan with 6. Carroll was high point man for Memphis with 17 points.

Clarendon girls also maintained a leading score throughout the game with totals of 8-2, 21-8, 38-12, and 53-24 by quarters. Sandra Longan hit the basket for 25 points, Judy McAnear racked up 10 and Christina Moore hit for 7. Sue Hill made 6 points and Donna Hill 5.

Janey Watson was high scorer for Memphis with 16 points. Friday night the locals hosted the White Deer teams adding wins to their records. The boys reached a final score of 49-35 in their game, leading the first quarter 16-9, the second 28-18, and the third quarter 39-25. Archie Smith hit for 13, David Mooring 10, Larnce Gardner and Odell Louis 8 each, and Richard Thornberry 8.

Troy Phillips hit the basket for 15 points for White Deer.

The girls won their game by a score of 43-37. Clarendon outscored White Deer in each quarter of play from 13-7 in the first quarter, to 28-16 in the second, and 33-26 in the third. Cheryl Fedric was high point girl for Clarendon with 25; Sandra Longan sunk 8, Sue Hill 6, and Judy McAnear 4.

Sandy Hubbard racked up 25 for White Deer.

Friday night of this week the local teams will host McLean. Game time will be 6:30. A B game will begin at 5 p.m. Tuesday night they will journey to Canadian. Game time there will be 6:30. These young people appreciate the support given them by all their fans.

JAYCEES TO SPONSOR SPAGHETTI SUPPER

BRONCHO CHIT CHAT

Lately up on the hill one can find all sorts of activity, especially during the noon hour. The snow on the ground is entirely too tempting for most students, so the obvious results were innumerable snow fights. The first snowball thrown inevitably brought a return, and pretty soon a minor war had broken out. It was actually dangerous to walk outside during this time there was no such thing as an innocent bystander because everyone was bombarded with tightly packed wads of snow. The faculty would wistfully look out of the windows and wonder how they could put a stop to the ruckus. Only the bell seemed to terminate the playing of the students, and when they tramped in the building, a sigh of relief could be heard from the teachers.

Farm Mortgage Department

1285 Avenue of the Americas, New York 19, New York

January 26, 1966

Mr. J. P. Pool P. O. Box 292 Clarendon, Texas

Dear Mr. Pool:

I am pleased to inform you that upon the recommendation of Mr. Stafford, Dallas Regional Manager, you have been selected as one of the Top-Ten loan correspondents for 1965.

Annually each of our ten Regional Managers selects ten outstanding loan correspondents from his regional territory for the Top-Ten Honor Roll. They do this to acknowledge your contribution and that of other correspondents to the success of Equitable's Farm Mortgage Department. We congratulate you for your outstanding performance in the field of long term agricultural finance.

Equitable has maintained its position as one of the largest farm mortgage lenders in the United States by advancing 126.5 million dollars in 1965. This was an increase of almost 12 percent over 1964. After loan repayments, our total outstanding loans on rural properties amounted to 653 million dollars at the close of 1965. This investment was made possible by the cooperation of many farm loan correspondents with our appraisers.

In appreciation for your assisting the Farm Mortgage Department to set a new record in farm mortgage loan advances, our appraiser will soon present you with your Certificate of Award and a gift suitable for use in your home or office.

Very truly yours, E. E. McLEAN Vice President

The above is the ninth consecutive year this commendation has been awarded to Mr. Pool in Clarendon whose office is located across the street from the Mulkey Theatre.

1926 Book Club Presented Program On International Affairs

The 1926 Book Club met in regular session at Patching Club House Tuesday afternoon, February 1. Hostesses were Mrs. C. A. Pitts and Mrs. Jack Clifford. Cake and coffee were served during the social hour which preceded the program.

Mrs. W. N. Poole, president, conducted a short business meeting prior to the program.

The program was presented by Mrs. J. R. Gillham who spoke to the group on "International Affairs." Her talk was most interesting as well as informative and concerned the world today, its problems, and some thoughts on what might be done about them. Attention was called to different sections of the world and their political and economic status in the twentieth century in relationship to other parts of the world.

Attending were Mesdames John Gillham, W. N. Poole, C. A. Pitts, J. N. Weaver, Bill Willits, L. N. Cox, E. S. Ballew, Jack Clifford, Otis Naylor, J. R. Brandon, W. C. Thornberry, Frank White, Jr., and Fred Chamberlain, Jr. —Rep.

QUIVIRA GIRL SCOUT COUNCIL HOLDS ANNUAL DINNER MEET

The annual dinner meeting of the Quivira Girl Scout Council was held in Pampa the evening of January 25, in the First Methodist Church.

A short program was presented, officers elected, and awards presented. Mr. Lawrence Neece of Clarendon was elected member-at-large.

Quivira Council covers a ten-county area — Gray, Hutchinson, Carson, Roberts, Hemphill, Armstrong, Wheeler, Donley, Collingsworth, and Hall with headquarters in Pampa. Approximately 400 adults are registered with the council which is serving 1,700 girls between the ages of 7 and 17. The Girl Scout program adapts activities related to arts, home, and out-of-doors to the changing interests and needs of girls from 7 through 17.

GIRL SCOUT TROOP 160

Mrs. Tom Cook's Girl Scout Troop 160 met at the Presbyterian Church Thursday afternoon with sixteen present.

The following Patrol Officers were elected: Shuana Hardin, Effie Mae Edwards, and Wanell Edwards. Susie Price was elected treasurer.

The girls have taken up knitting and Mrs. Homer Estlack is their instructor. Anyone who has Knitting Needles in size No. 11 and who would like to donate these needles to the Troop may do so. The girls will appreciate getting them.

Refreshments were served before adjournment. —Rep.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

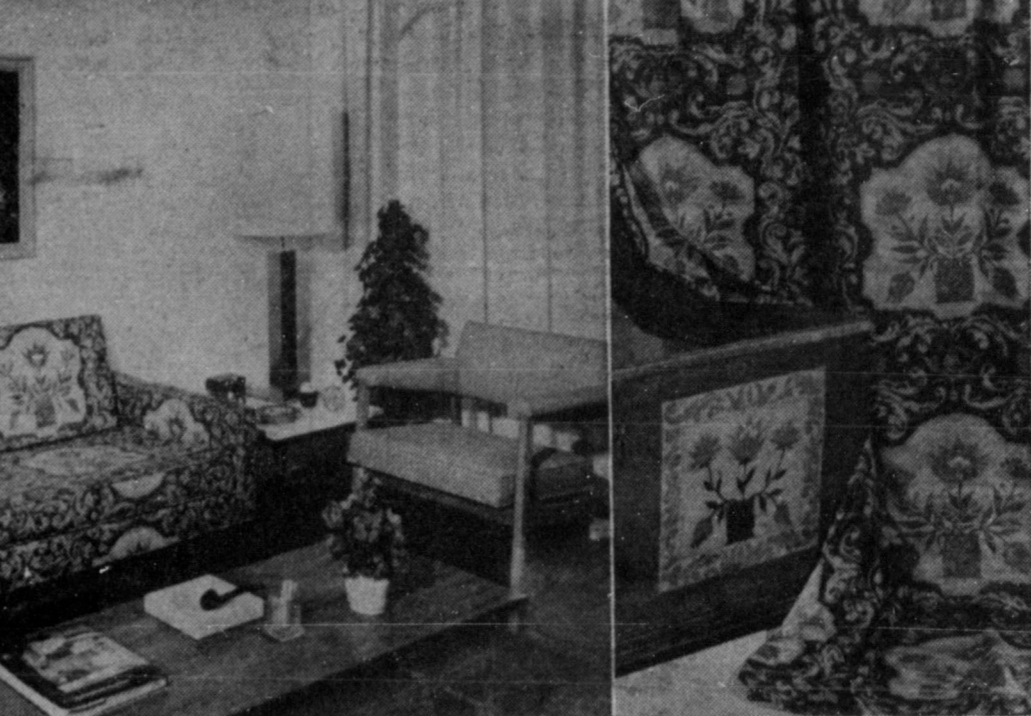

FARM PROGRAM ADMINISTRATION DEFIES CONGRESS

The responsibility of Congress is to pass sound laws. The responsibility of departments and agencies of the Executive Branch is to administer those laws well—and in line with the intention of Congress in passing them. Good lawmaking breaks down when it runs up against bureaucratic bumbling, mismanagement, or deliberate undercutting. As I have noted often, Congress is sometimes at fault for passing legislation so broad in scope that too many decisions are left to the discretion of administrators, who have been known to abuse their powers. And too often Congress is victimized by deliberate distortions of objectives intended under new laws.

As a case in point, I cite the farm program enacted last summer. The Department of Agriculture is administering this new law in such a way that substantial numbers of farmers are being hit in their pocketbooks—and this was never the intent of Congress in passing the farm bill. The problem has developed because of rules and regulations adopted by the Agriculture Department.

I am sending a letter to Agriculture Secretary Freeman to point up again the serious problems American farmers are facing because of what I am convinced is faulty administration of the new agriculture act. I am asking the Secretary to take necessary steps to correct the situation at the department level. If Secretary Freeman does not indicate a move to make corrections, Congress will be asked to enact new legislation to do the job.

Despite Secretary Freeman's announced objective in pushing for enactment of the new farm program, that of maintaining farm income, the effect on feed grain producers and others in the grain trade has been the direct oppo-

EARLY AMERICAN INSPIRATION—Illustrated at the right is the bride's dowry chest of Pennsylvania Dutch origin which inspired the cotton upholstery fabric on the contemporary love seat. It is colorful in gold and green on copper and is one of the fabrics in Greeff's new collection.

"American Legacy III," derived from source material in the Henry Ford Museum. The cotton material on the chair was inspired by a design in an 1850 home weaving pattern book. This living room proves that traditional and contemporary furnishings can be harmoniously blended.

site. An evaluation of regulations issued to county ASSC committees on November 19 made it clear that grain sorghum producers would face an average loss in total gross income of about \$3 per-acre. Soon after that, I and other Members of Congress made strong protests to Secretary Freeman asking that an adjustment be made in regulations. However, nothing has been done—and no explanation has been forthcoming.

Part of the problem lies in rules issued by the Department concerning the common High Plains conservation practice of skip-row cotton planting. Grain sorghum crops were planted, under past practices, in the "skipped" land—the land left fallow between two or more rows of cotton—and the practice was a sound, economical one from several standpoints. The Department's change in regulations in the way this land is measured for participation in farm programs is having a serious effect on the producers. Department officials were well aware of the problem the change would cause; they were also aware that the stated intent of Congress was

that no such change be made. Votes were won for the farm bill with the understanding that proposed changes in skip-row rules would be dropped. In acting on the Agriculture Department appropriations for the fiscal year, the House Appropriations Committee, stated in its report, "In the opinion of a majority of the Committee, the adoption of such changes would be a definite step backward, since it would result in a failure to fully utilize the results of extensive research in this area." In addition, informal assurances were given Members of Congress by Department officials that no skip-row rule changes would be made.

Secretary Freeman can make the farm program work as Congress intended. If he does not, I predict that Congress will reopen its debate on farm legislation—and that an increasing chorus of voices will be heard from Capitol Hill asking for Secretary Freeman's resignation.

Mr. and Mrs. Fred Helton and family of Amarillo visited Saturday with his parents, Mr. and Mrs. J. H. Helton.

"FB WEEK" PROCLAIMED—Governor John Connally is shown signing a proclamation designating Feb 7-12 as "Farm Bureau Membership Week" in Texas as Texas Farm Bureau Queen Cheri Lee Norman of Tahoka and TFB President C. H. DeVaney of Waco look on. During the special week, thousands of voluntary membership workers will call on their neighbors and ask them to join Farm Bureau. The state farm organization has a goal of 100,500 members in 1966.

A substantial tax increase will be needed next year to provide for fast growing state colleges and universities.

Frank Erwin, chairman of the Committee for the Governing Board of Texas Colleges and Universities, estimates that higher-education expenditures will go up \$100,000,000 for the coming biennium — above the present \$432,000,000 budget. That's a hike of nearly 25 per cent.

Some authorities feel that increased expenditures for education will run closer to \$170,000,000.

Erwin predicted that college-university enrollments will double by the early 1970's and admitted that the task of providing facilities for all appears virtually hopeless.

Texas, he said, must be as enthusiastic in support of new taxes

for education as they were in backing increased appropriations last year.

Other sources, said higher education budget looming next year may reach \$650,000,000. In that event about \$500,000,000 may have to come from direct taxation.

Should an increase as large as now foreseen become necessary, pressure almost certainly would be renewed to hike the \$50 a semester tuition fee required at state institutions. In the past, however, legislators have been quicker to raise taxes than tuitions.

After hearing the sobering story of the financial plight of the college, the Coordinating Board for the Texas College and University System settled down to its first meeting of the year.

Board authorized a local election on establishment of a new

junior college district to serve the Port Arthur-Nederland-Port Neches area, but postponed until July a decision on a similar institution for Scurry County.

Board members learned that Texas' new \$85,000,000 state-supported loan program for college students will be fully operative by next fall.

CANDIDATES FILING — A rash of entries in Democratic primary races for statewide offices indicates there will be plenty of action on the political front this spring after all.

Houston natural gas producer Stanley C. Woods, 43, announced he will take on Gov. John Connally and called for a supporting team of candidates to oppose other major incumbents. State Rep. Bill Hollowell of Grand Saline was scheduled to reveal this week whether he will join Woods' team as a candidate for lieutenant governor.

Hillsboro friends paid the filing fee for Secretary of State Crawford C. Martin for attorney general. Whether he gets opposition from State Sens. Franklin Spears of San Antonio and Galloway Calhoun of Tyler is in the hands of the State Supreme Court which has heard arguments on their eligibility to run.

Incumbents Treasurer Jesse James, Comptroller Robert S. Calvert, Agriculture Commissioner John White, Land Commissioner Jerry Sadler, Supreme Court Associate Justice Clyde E. Smith and Court of Criminal Appeals Judge W. T. McDonald are among those who have deposited their hats in the ring.

District Judge John F. Onion of San Antonio is opposing McDonald.

Liberals still are looking for a Democratic opponent to run against Atty. Gen. Waggoner Carr in the race for U. S. Senator.

State Rep. Paul Haring of Goliad already is actively campaigning for Byron Tunnell's seat on the Railroad Commission.

OIL ALLOWABLE EDGED UP — Texas' oil allowable has been edged up for the second month in a row — to 32.7 per cent of capacity for February.

The percentage factor applied by Railroad Commission adds up to a production ceiling of 3,100,000 barrels a day next month. January allowable of 32.6 per cent permitted slightly less. But it was the most promising start Texas oilmen have enjoyed in eight years.

Commissioners, after setting the allowable, went into conference with an Air Force general to learn what effect the accelerated fighting in Vietnam would have on petroleum demands. Best guess at the moment: not too much.

RECREATION GRANT SET —

Texas has established eligibility for a \$3,500,000 grant from the Federal Land and Water Conservation Fund for acquisition and development of state and local outdoor recreation areas.

Will Odom, chairman of Texas Parks and Wildlife Commission, said Texas' statewide outdoor recreation plan was approved by the Department of Interior's Bureau of Outdoor Recreation.

Funds will be allocated to the state for sharing among agencies on a city and county level. Included are water improvement districts and river authorities.

Texas' plan may include initial emphasis on development of existing park and recreation areas, particularly those located on lakes and streams.

Parks and Wildlife Department is preparing a manual of instructions for political subdivisions to guide them in making applications to share in the program.

PROJECTS APPROVED — Governor Connally has okayed three "Head Start" programs for needy pre-school children in Travis, San Patricio and Collin Counties.

He also cleared a \$102,078 federal grant for Community Action Program development in Dallas' war on poverty.

Travis County Head Start funds of \$199,247 (matched by \$23,761 in local support) will help train 616 children in Austin, Del Valle and Manor.

A San Patricio County project planned by a Sinton group will be financed by \$22,271 in federal money plus \$2,542 in local support and will provide a program for 50 children of Odem Independent School District.

McKinney Independent School District in Collin County will receive a \$43,132 federal grant (and put up \$5,383 locally) to operate a program for 100 youngsters.

DRAFT QUOTAS TOLD — State draft boards are scheduled to induct 1,372 single and married men without children during February.

Quota actually is less than January's 1,475 and December's 1,523 and represents Texas share of national call for 29,400 men. Inductees will be 19-25 years old.

Col Morris S. Schwartz, State Selective Service Director, em-

phasized that no married men with children or expected children, will be selected to fill the February call. But he warns that information on unborn children certified to by a doctor should be promptly transmitted to draft boards.

ATTORNEY GENERAL RULES — Community Mental Health Centers and state financial aid for them are constitutional. So held Attorney General Carr in an opinion requested by Dr. S. H. Frazier, commissioner of Mental Health and Mental Retardation.

In a separate opinion, Carr said the new Code of Criminal Procedure provides for sale, after 30 days, of abandoned or unclaimed personal property seized under search warrants.

Earlier Carr informed Agricultural Commissioner John C. White that labels on economic pesticides must carry either the name and address of the registrant of the product, the manufacturer, or of the person for whom manufactured.

MUSEUM PLAN REVEALED — A \$10,000,000 permanent Texas Institute of Living Culture is proposed by Governor Connally as the state's exhibit for the 1968 HemisFair in San Antonio.

Connally will ask the Legislature to appropriate an additional \$5,500,000 for the project.

He described the exhibit as a kind of super-museum, capable of future growth. It would depict the state's history and culture from the days of the cave man to manned space flights.

COLORFUL PLATES — Purchasers of Texas personalized or prestige license plates will get more for their \$10 additional fee this year. Plates will have a reflectorized silver background with up to six green letters or figures.

1965 TRAFFIC FATALITIES UP — An unexpected rash of traffic fatalities in December broke a year-long downturn in fatal accidents and pushed the 1965 traffic toll to a new high.

Previous record came in 1964 when 3,006 deaths were recorded. But during 1965, total deaths reached 3,018. The December death toll is the highest on record as 345 persons died.

FEBRUARY PLENTIFULS OFFER WIDE SELECTION OF FOODS

February offers a wide selection of abundant foods, according to the Texas Agricultural Extension Service.

Prunes, prune juice and canned red salmon spotlight the eight plentiful foods listed by the U. S. Department of Agriculture. Other February plentiful include red tart cherries, fresh oranges and grapefruit; onions, potatoes and sweet potatoes.

The 1965 California dried prune production is estimated at 170,000 tons, more than 30,000 tons above average, according to the USDA. So it's an ideal time to include prunes in your cookery.

Canned red salmon shows a sharp increase over the previous year. The 1965 pack was 2 million standard cases, compared to 832,000 cases packed in 1964. The salmon industry, U. S. Department of Interior and USDA are cooperating in the effort to move these heavy stocks into consumption.

Holdings of both frozen and canned red tart cherries are well above average — making abundant supplies of cherries for your enjoyment. Cherries add flavor and color to many an dessert, including pie for Washington's birthday.

Market news offices of USDA's consumer marketing Service report heavy movement of fresh oranges and grapefruit to local markets. Other fruits are expected

to be in much larger supply than last year. The seedless grapefruit crop is record large. They're ideal breakfast fruit.

Ample supplies of onions, potatoes and sweet potatoes will continue on through February. USDA reports shipping point prices of onions sharply below last year. The record fall potato crop will be supplemented by winter potatoes from Florida and California. Sweet potato production is up 17 per cent from a year ago.

 The Water Development Board will consider fixing the cost of the study at its February 15 meeting in Austin.
 Moore said the High Plains Underground Water District has data which will aid their members in filing their cost-depletion claims.
 The Texas Water Development Board, Moore said, has some information on water depletion in counties outside the district, but it is not as complete as that developed by the water district.
 Efforts to establish depletion guides are an outgrowth of a successful suit filed against the federal government by a Floyd County farm couple, Mr. and Mrs. Marvin Shubert, seeking a cost-depletion income tax allowance of \$300 for underground water

used in irrigation farming.
 The suit was filed in U. S. District Court in Lubbock on February 21, 1961.
 Federal Judge Joseph B. Donley ruled in favor of the Shuberts, and the depletion claim was upheld by the U. S. Fifth Circuit Court of Appeals last June.
 The Internal Revenue Service last November said it would follow the decision of the U. S. Circuit Court in the disposition of cases involving taxpayers in the southern High Plains of Texas who extract ground water from the Ogallala formation beneath their lands for irrigation purposes.

FLOYD COMPLETES GRADUATION REQUIREMENTS

Bro. Ray Bob Floyd, pastor of the Martin Baptist Church, is one of 13 seniors completing requirements for graduation at Wayland Baptist College. These seniors will take part in May 28th Commencement exercises.

Floyd will receive the B. A. degree with a major in religion and a minor in history. He is a graduate of Agnett, Oklahoma High School and attended Frank Phillips Junior College in Borger. His parents reside at Arnett.

NEWS FROM CITY HALL

by R. L. Gilkey, Mayor

The prolonged frozen snow has prevented reading the water meters for January, hence all water meters will be billed for only the minimum at this time. Appropriate adjustments will be made when the meters are read near the 20th of this month. If you use large quantities of water, expect a small bill this month and a large bill next month.

For those of you that have frozen water mains, we are doing everything we can to thaw the mains so that you will have water as soon as possible. If you have a line that freezes easily, remember that running water will not freeze. A matchstick amount of running water from a faucet will prevent a freeze-up of that line during cold weather.

The past week-end I had the opportunity to represent our city at a banquet honoring the Five Outstanding Young Texans for 1965. These men were true examples of "Individual Excellence". They were honored for their achievements. It was encouraging to realize that mankind is dependable, that the same type of men who planned, built, and preserved these United States continues to strive for their country. Without exception each of these five men had performed great service to the state of Texas in the pursuit of their ordinary and everyday business.

1966 will be an important year for Donley County, with city, county, and school board elections. All of these forms of local government will be searching for the best leadership available. There will be barely enough to go around. When you vote in any election this year, accept only the best for the job. Make your vote count.

In the weeks to come, I shall devote at least one article to each of these taxing agencies, explaining where they are strong and where they are weak and what you can do to improve them. These forms of local government use your tax money and are controlled by you. Accept nothing less than the best for your money.

SIGNUPS

Things have really been buzzing around the office the last several days. Signups for all the new programs began Monday of last week.

Seventeen applications for the new CAP program were taken the first day of the signup and some have come in since then. These will all be checked as soon as the weather is permissible and approved only if eligible. Applicants will be notified to come in to sign an agreement after the first applications are approved and field checks are made.

COTTON LOANS

At this time over 200 cotton loans have been disbursed by this office for the 1965 cotton crop. This represents approximately 4000 bales and more are coming in each day.

We want to thank each of you for being so patient and cooperative when you've been asked to wait. We appreciate it very much and hope to be completely caught up soon.

RELEASED AND REAPPORTIONED COTTON

Approximately 150 producers requested extra cotton. At the close of the January 28th deadline, none had been released in our county. This percentage doesn't look very good; however, we still have hopes of getting some extra cotton from the State Office.

APPEALS

Each of you who filed an appeal under any program should be hearing from us soon. The County Committee will give special consideration to each individual case.

SQUARE DANCE LESSONS PLANNED

To those interested in taking square dance lessons, contact L. L. Wallace.

Plans have been made to begin lessons Monday night, February 7th. There will be no charge. Beginning this month the Y Knot Twirlers will be meeting each Friday night, Audrey Brown, caller.

We wish to take this means of thanking friends and neighbors for the flowers, cards, visits, and many other kindnesses extended us during Mrs. Payne's stay in the hospital. Your thoughtfulness was sincerely appreciated.

Mrs. Williams Payne and family

To all of you who remembered me with cards, flowers, and other kindnesses during my stay in the hospital, I extend my heartfelt thanks. Your thoughtfulness was sincerely appreciated.

Mrs. R. D. Castner

Our heartfelt thanks to all who extended comforting sympathy and help in our recent sorrow. For the beautiful service, floral offerings, doctors and nurses services, prayers, cards, food and other kindnesses, we are deeply grateful.

The family of Ruth Richerson

To those who expressed their sympathy in so many beautiful and practical ways during our recent bereavement, we extend our heartfelt thanks.

SKIP-ROW PLANTING TO BE DISCUSSED AT HALFWAY MEETING

An open meeting on the results of skip row interplanting will be held at the High Plains Research Foundation at Halfway, Texas, February 10 at 10 a.m. The meeting will be held at the Hale County Exhibition Building located on U. S. Highway 87 south of Plainview.

The High Plains Foundation Farming System recommends two rows of cotton, skip one row, two rows of grain sorghum or castor beans, skip one row, and then back to two rows of cotton. The center has spent the past 8 years in research in perfecting this system of farming.

Several guest speakers will take part on the program.

HIGHWAY DEPT. NOTES

The Texas Highway Department's 1966-67 Highway Beautification Program, Texas' first major push under the recently-enacted Highway Beautification Act, was tentatively approved today by the Texas Highway Commission.

The \$10.8 million program, which will cover more than 300 projects throughout the state, will be submitted to the Bureau of Public Roads.

The program, subject to approval by the Bureau, will be submitted over an extended period. Project plans will go to the Bureau as they are completed.

As prepared by the Highway Department, the program represents Texas' first large effort toward compliance with the Highway Beautification Act of 1965 which was passed by Congress

and enacted into law last October.

The program proposes work on 321 projects at a total estimated cost of \$10,862,400.

Of these, 122 projects are on the Interstate System and will cost an estimated \$7,486,600.

One hundred and ninety-nine of the projects are on the ABC system — federal aid primary roads, federal-aid secondary roads and urban extensions of federal-aid systems. The ABC projects will cost an estimated \$3,375,800.

Of the projects proposed, 147 rest areas are planned; 19 scenic overlooks; landscape plantings for 133 projects; and right of way purchases for 64 projects.

Also, purchase of right of way easements for six projects; 68 comfort stations; 111 water systems; and lighting on 60 projects.

News From Clarendon College

HERE AND THERE

Registration Booms

The Registrar's office has been one of the busiest places on the Hill this week as a record spring enrollment has developed. A total of one hundred seventy full-time students were enrolled at the close of registration on February 8th.

"This figure compares very favorably with the total enrollment of 153 day students last spring," reported Mrs. Moore. "We're pleased to see the majority of our previous students re-enrolling and we welcome the approximately twenty new students who have registered for the spring semester."

Several other new students are expected to transfer to Clarendon College before the close of registration.

Doggett News

by Ricki Rowell
The Clarendon College Doggets

met in the college auditorium during the activity period, January 27.

Maudena Self was installed as the new cheerleader and Ricki Rowell as alternate. Ricki was also chosen to be the new reporter.

The Doggets are sponsoring a formal Valentine Dance February 14th at the Canteen from 8:00 to 11:00 p.m. We hope to see all college students at this event.

THIS AND THAT

Definitions

by Maudena Self

After the dance Friday night Suzan Huff stated that she had decided that dancing is the art of pulling your feet away faster than your partner can step on them.

During the break at the dance Mr. Williams caught Butch Brown making a blunderbuss. Butch was kissing the wrong girl in the dark.

When Jim Blackerby was asked the definition of a wolf, he said, "That's easy—ME. I enjoy life, liberty and the happiness of pursuit."

The other day Mr. Tucker's little girl called him Sugar Daddy. When he asked her what she

meant she said, "Well, a sugar daddy is a form of crystallized sap."

WHEN AND WHERE

Phi Beta Lambda
by Charlene Gray

The Clarendon College Chapter of Phi Beta Lambda sponsored a "Get Acquainted" dance at the Canteen on Friday night, January 28, with the Valasquez Brothers furnishing the music. The original dance was set for Monday night, January 24, in the old red gym, but it had to be postponed because of inclement weather.

Despite the bitter cold, a large crowd attended the party and everyone enjoyed getting to know the new students. Welcome to Clarendon College, you-all!

Bulldog Personality

Dennis Shugart, a former all-stater from Clayton, N. Mex. is one of the leading scorers for the Bulldogs this season.

Shugart, who lives at Gladstone, N. Mex., but attended school at Clayton is seeing starting time at post for Coach Lawrence Overcast's Bulldogs. While in high school, Shugart averaged 20

points per game and gathered an average of 12 rebounds per game.

BULLDOG KENNEL

Comments From The Coach's Corner

The Bulldogs opened up a new semester on a cold note—as cold as the weather. Inability to hit the basket has brought nothing but sadness and disappointment. And the week's not over. We've yet to face one of the strongest teams in our region, mighty New Mexico Military Institute. They are a sophomore ball club with unusual height and weight, which scares me to death. Their starters include three boys who stand 6-6 and weigh over 200 pounds, plus a boy who is just now returning to regular action from an injury and who was the leading scorer in the conference last year. In spite of his inability to play in many of the Conference games this year, Nelson is still carrying a 28 point average. These factors promise to give the Bulldogs all the competition they can stand.

In the game against the West Texas Frosh Tuesday night, the fact that we were shooting a frigid 28% from the floor took us out of the game early, and we never did find our way back. The hot-shooting Buffaloes, connecting with 55% from the floor, stampeded all over the Bulldogs.

We journeyed to Borger Thursday night to play a club which is having the same difficulty in winning as we are. We threw a strong defense at them which cut down their game average 25 points and gave us complete control of the contest for about thirty-five minutes. We maintained a 5 to 12 point lead and threatened to put the game away many times, but failure to hit easy, open shots led to disaster. The Bulldogs lost all poise and composure in the last few minutes of play, leading to a 4 point defeat by the lowly Plainsmen.

A bright spot in this week's play has been the performance of Ray Guerrero, which has brought many compliments from both high school and college coaches all over the area. The

Big Chief amazes everyone who knows basketball with his competitiveness, defensive ability, and range.

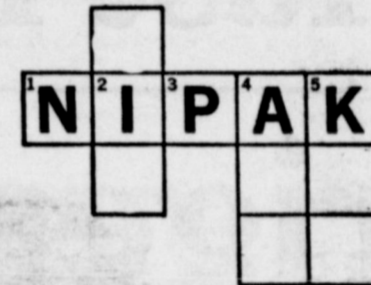

Even though we are having a very rough season, we still main-

tain an attitude of determined effort to enable our fans to take pride in us as a team. We want to thank the people of this area for the fine support they've given us. We hope they will be patient.

because, within the next year or two, I promise that we'll have a team that everyone will be proud of.

Attend the church of your choice.

What's the best 5-letter word for fertilizer?

And for wheat — NIPAK 45.

Get better wheat crops and earn bigger profits. Topdress your wheat with Nipak 45 right now — for greater yield and higher protein. Nipak 45 — 45% nitrogen fertilizer from Urea — gives you one-third more nitrogen per pound than any other form of solid nitrogen fertilizer — which enables you to handle less fertilizer and cover

more ground in less time. Nipak 45 is uniformly prilled, too. It flows easily, won't cake, clog — or corrode your equipment. Nipak also dissolves in the soil moisture and moves quickly to the root zone where it stays put until your crops need it. So for more grow power, ask your local Nipak dealer about Nipak 45. He can help you plan a complete fertilizer program because he can provide a complete fertilizer service.

Borden's Strawberries 'n' Cream ICE CREAM

Suppose you knew a secret berry patch where you could pick juicy bright strawberries at their sweetest moment. Slice and marble them through velvety-smooth vanilla ice cream. Then you'd know how Borden's Strawberries 'n' Cream came to be so delicious. Borden's—the ice cream with that old-fashioned freezer flavor.

For the hundredth time—this warning to the elderly; don't buy any kind of insurance from a fly by night salesman without a thorough check both on him and his policy. This latest gyp came to our attention last week. In one policy the big print read: "The

premium on this policy will never be raised", and then continued in fine print "and after age 65 will pay one-half the stated benefits." I don't see how they have the nerve to prey on our old folks.

Recently his foot doctor asked Uncle Jay Bob how he was getting along. He replied: "Well, I get along just fine sitting down, but when I try to get along my get alongs don't get along so well.

To a small boy the saddest sight in this cruel old world of sin; Is a sad little lost puppy dog With his worried tail tucked in.

Some folks say we should work eight hours, sleep eight hours and rest eight hours—but not at

the same time.

Experience is what we have after we have lost everything.

Motto seen on a certain cookbook: "What food these morsels be."

All that argument ever proves is that there are people present.

Making excuses is about as profitable as watering last year's crop.

A smile will go a long ways, even around home.

Prosperity is that short skip between the last payment and the first.

Poverty is the feeling we get when our neighbor comes home with a new car.

A woman don't have to be a good cook to roast her neighbor.

Captain Frank believes that; "What lies behind us, and what lies before us are tiny matters compared to what lies within us." Also, "We can never be too big to be kind and courteous, but many men are too little.

"Appearances can be deceiving—even a woman's thumb may have a man under it."

LIBRARY NOTES

EDITH BARNES

Three memorial gifts have been given to the library to be dedicated to the memory of Mrs. Nova Barker.

Thank you Pathfinder Club for your usual generous yearly check. For those who do not know it this club started the library in our school in 1915. They decided in 1923 to enlarge it and make it a community project. They have never stopp'd supporting it with their gifts of money, books and time.

"Three Saints and a Sinner" by Louise Hall Tharp is not a brand new book but is new in the library. This one, like her "The Peabody Sisters of Salem" is about a family, in this case the Wards. The only one most of us have ever heard of is, the first saint, Julia Ward Howe and that because she wrote "The Battle Hymn of the Republic," yet that was just one of her accomplishments, she was famous as a lecturer, writer of books, poetry as well as non-fiction and probably most important—she was a social reformer. All of this in a time when she had to do battle with public opinion, including her husband, against women taking part in anything outside of their homes.

She and Doctor Howe set some kind of a record as every one of their daughters became famous as writers and are still listed in the book, "Great American Writers 1640-1940."

The second saint, Louisa Ward, was the wife of Thomas Crawford, sculptor. His best known work is possibly the statue of "Freedom" on the dome of the capitol in Washington D.C. Their son Francis M. Crawford became famous in 1882 with his very first novel "Mr. Isaac." He went on to write many more and became not only internationally known but immensely wealthy. He refuted the old saw, "Three generations from shirt sleeves to shirt sleeves."

Annie, the third saint, married Adolph Mailliard, grandson of Joseph Bonaparte, ex-king of Spain and brother of Napoleon Bonaparte.

Sam Ward, brother of the Ward sisters and the Sinner in the title, was quite a character. It seemed that he had that personality that charms a brass monkey down out of a tree. He not only lost the fortune his father left him but two he made himself. Of course when he went down he lost money for those who had trusted him. By the time you finish the book you will feel that you know each member of the family well.

A memorial gift has been given to the library to be dedicated to the memory of Miss Etta Harned.

Hide of the boa constrictor, a South American snake, is used for making shoes.
