Donley County State Bank Named As Depository For Greenbelt Money

The Donley County State Bank of Clarendon was the top bidder for Greenbelt money last Thursday night in a meeting of officers and directors of the Greenbelt Municipal and Industrial Water Authority at Childress.

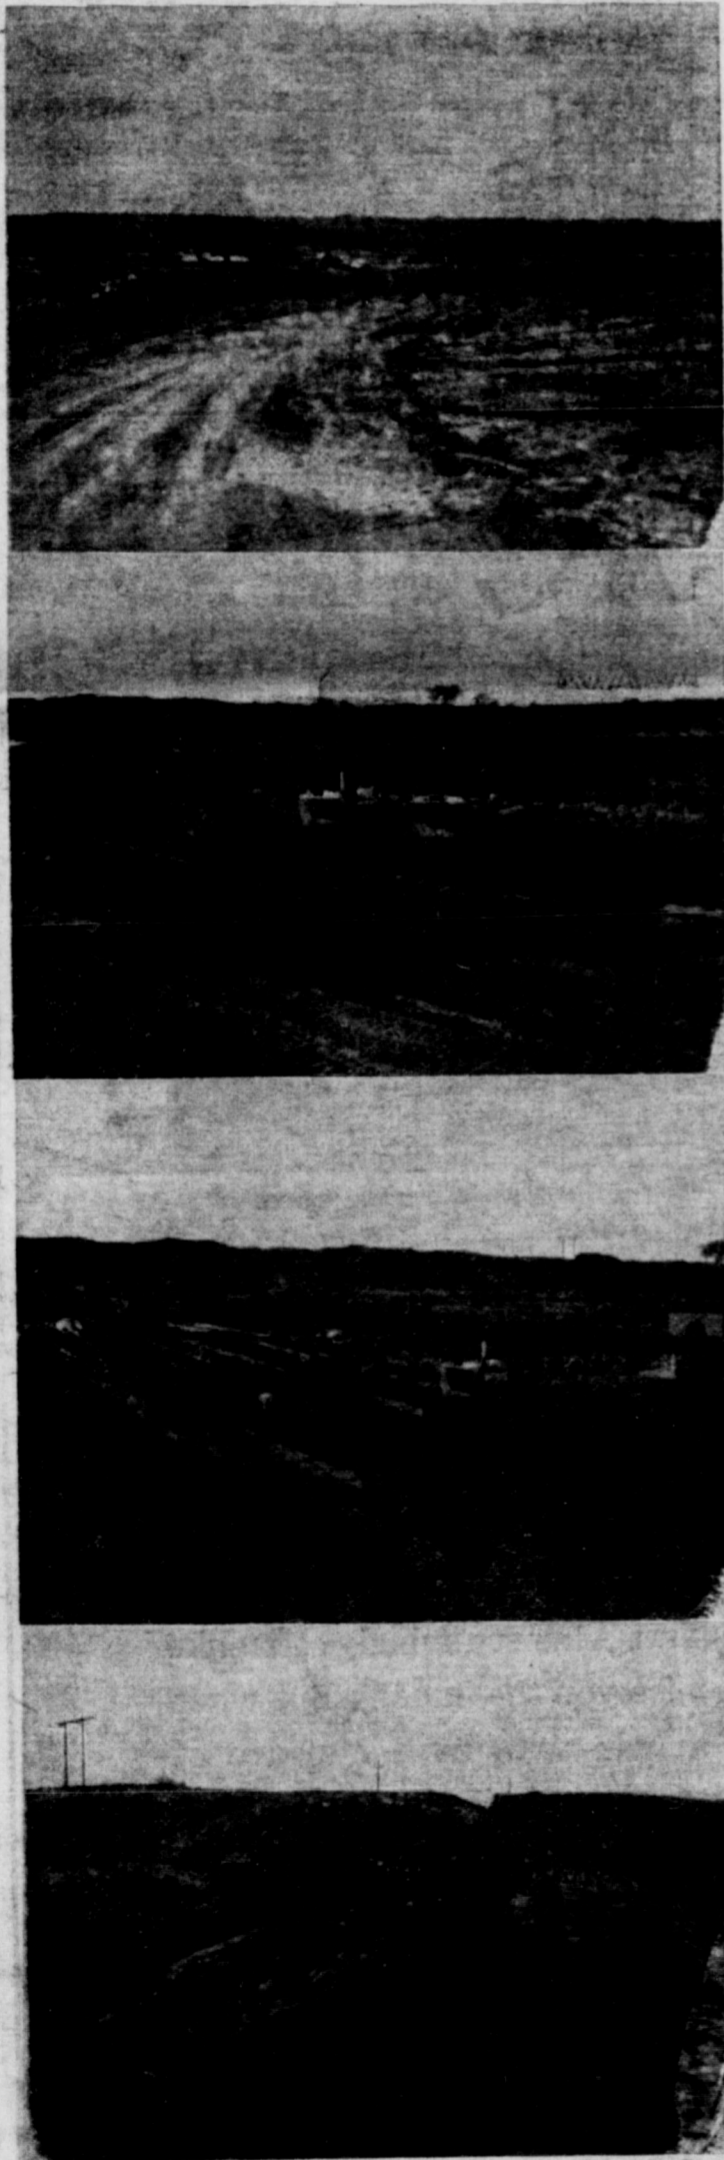

The Donley Bank was not only the top bidder for the \$3,631,162.12 Construction money but also for the regular operating account of the Greenbelt which takes in the money from sale of water etc.

Actual work is underway on the dam with official work orders being issued to the R. N. Adams Construction firm Monday of this week.

More machinery and additional personnel are expected to be arriving on the damsite this week. Greenbelt resident engineer on the dam project is Lamar Arker.

Bill Lowe, attorney for Greenbelt, reported that the first shipment of pipe for the pipeline was presently scheduled for sometime in May and that the pipe would be strung out before work is started on the ditch work. Work on the filtering plant is scheduled for later in the year.

People Appreciate True Facts

(Editorial)

We have received numerous comments regarding the publication of the Council Minutes from City Hall last week which were unaltered true facts. The majority of our fine citizens appreciate this public service.

One City Alderman has remarked this past week that this was the first time the Leader has published anything free for the City. I think if that Alderman had stopped to inquire or observe bills sent to the City Hall that the Leader has not charged one red cent for the column "News From City Hall" by Mayor Gilkey, which has been published almost every week the past year. In fact, the lineage for this column the past year, if figured at our regular advertising rate, would have totaled \$588.00. This was a public service along with numerous other articles regarding City business and affairs. In many instances, pure advertising was included in those articles but no charge was made. We felt that if the Mayor could take time off from his busy schedule to write the column, we could print it as a public service... and the Mayor is still welcome to publish his column under the same arrangement.

People would like to see more true facts published in the minutes of the City Council instead of verbal agreements that never appear in the minutes. They would like to see a more detailed report on what and where their money is being spent. We believe there is a good possibility that this will be forthcoming in the near future. They would also like to see the \$1 garbage fee removed as there certainly is a possibility of a petition being circulated again to call another election to see if the people want the form of government changed back to the Commission type.

City Hall Moved To New Quarters

City employees completed the job of moving the city business offices to the new City Hall in the old red school building last Thursday. This new location is two blocks south and one east of the First Methodist Church and directly south of the west side of the City Park.

The new quarters for City offices is modern in every respect and we feel sure that the City Council will announce a formal opening so local citizens may see the fine job of remodeling that has been done along with the landscaping outside.

We understand that the old city office space will be used as a part of the Donley County Museum.

Editor Chosen Member Of International Platform Association

Editor G. W. Estlack has been notified that he has been chosen as a member of the International Platform Association. To be eligible for membership one must be recommended by the Committee on Associates. Serving on this committee were Drew Pearson, Edgar Bergen, Hal Holbrook, and Ambassador Enrico Tejera.

The International Platform Association is the professional association of those engaged in the lecture, concert, and entertainment field, and distinguished men and women of our nation's top echelon in many diverse fields. Over ten percent of the members of the U. S. Senate are I.P.A. members as is President Johnson, Vice President Hubert Humphrey, and many foreign Ambassadors accredited to the U. S.

Early greats included William Jennings Bryan, Theodore and Franklin Roosevelt, William Howard Taft, Will Rogers, John Kennedy, Henry Ward Beecher, Ralph Waldo Emerson, Susan B. Anthony and others.

SEN. GRADY HAZLEWOOD VISITS IN CLARENDON

Senator Grady Hazlewood visited in the Leader office Wednesday and with friends over town. He has no opponent, democrat or republican, in the coming election.

In years past, Donley County was a part of Senator Hazlewood's district. Under the new re-districting program, Donley County has again become a part of the Senator's district.

Senator Hazlewood stated that he was pleased to have the privilege of representing the people of this area once more.

Fine Arts Week At Clarendon College

Fine Arts Week is being observed at Clarendon College during the week of April 25th and all residents of the area are invited to visit the school campus at this time. An exhibit of Great Religious Art from the National Art Gallery, Washington D. C. is now on display in the College Library through April 29th at regular library hours.

Monday, April 25th, Thomas Thompson of the Amarillo Globe-Times will speak in the College Auditorium at 9:30 a.m. and following the program coffee will be served in the Library.

A book review is to be presented by Mrs. Mildred Ritter at 11:30 a.m. Wednesday, April 27th. She will review the novel THE SOURCE by James Michner. Those of you who have had the privilege of hearing Mrs. Ritter speak are aware of the fine program that is in store for you. The program will be presented in the College Auditorium. That same evening Jean Anouilh's BECKET starring Richard Burton and Peter O'Toole will be shown at 5 p.m. and again at 7:30 p.m. at the Mulkey Theatre. Admission will be 75c per person.

Concluding the week's activities will be a musical program in the auditorium Friday morning at 10:30 a.m. and again at 11:30 a.m. This program will be presented by "The Bellingers" from Wayland College, Plainview.

It is hoped that attendance will be good for these fine programs.

FIRST BAPTIST JUNIOR CHOIR TO STATE JUNIOR CHOIR FESTIVAL

The Junior Choir of the First Baptist Church has been invited to sing at the State Junior Choir Festival to be held Saturday, April 23, in the Trinity Baptist Church of Amarillo. Seventeen Junior Choirs from this area will participate. Only those choirs which received a superior rating in earlier adjudication are invited to sing.

Following the judging in Amarillo, there will be a concert of the combined choirs. The Junior Choir of Clarendon is composed of 25 members and is under the direction of Mrs. Wm. R. Lawrence. Kay Pfeiffer is the pianist.

DONLEY FARMERS UNION TO MEET FRIDAY NIGHT

The Donley County Farmers Union will meet Thursday night at the High School Ag building. Meeting time has been set for 7:30 p.m. This is the regular monthly meeting. Refreshments will be served.

BARRY WOOD

Revival Services At First Baptist Church Start Sunday

Revival Services will begin at First Baptist Church of Clarendon Sunday morning April 24th. Rev. Barry Wood of Fort Worth, Texas will be the Evangelist and Mr. Bill Michael of Joplin, Mo. will be in charge of the music.

Bro. Wood is a graduate of Oklahoma Baptist University and Southwestern Baptist Theological Seminary. He is a Staff Evangelist of Exchange Avenue Baptist Church of Oklahoma City. Bro. Frank O. Baugh, son-in-law of Van Knox, recommends him very highly. Some of you will remember him as the Evangelist who was with us here in Clarendon two years ago.

Bill Michael also received his training in Oklahoma Baptist University and Southwestern Baptist Theological Seminary. He is a native of Joplin, Mo. He has sung for Baptist Assemblies and revivals since he was 18 years old. He has sung for "The Baptist Hour" as a soloist and with their choir.

During the week-days of this revival, we will have early morning services beginning at 7:00 A.M., followed with something to eat. The evening services will begin at 7:30 P.M. Everyone is invited to attend. The nursery will be open at all services.

FRIDAY SET FOR DOG VACCINATION DAY

Friday of this week, April 22, has been set as the day for Dog Vaccination. Both the vaccination and City tag may be taken care of at the same time. Pets should be taken to the south side of the Courthouse lawn from 4 to 6 p.m. on that day.

This is an annual program sponsored jointly by the City and the local Veterinarian. If taken care of at this time the charge for both will be \$3 whereas if you wait until later the cost to you will be \$4.

You are urged to protect your pets, your family, friends, and others by having your pets vaccinated for rabies. The City tag is not a permit to allow your pet to become a public nuisance. It has been pointed out that the Dog Ordinance will be enforced.

CANCER CRUSADE CONTINUES IN THIS AREA

The Cancer Crusade continues in this area with plans for completion by the end of the month. Ashtola and Martin communities have finished their contacts with work continuing in the Hedley, Lelia Lake, and Clarendon areas. Jaycee-Ettes had tables set up at both local banks Tuesday of this week where contributions were accepted. They will assist Jaycees in a door-to-door campaign to be conducted Sunday evenings, April 24 and May 1, from 5 p.m. to 8 p.m.

Last year's campaign netted only a sum near \$599. "It is hoped that this amount will be topped in this year's Crusade," stated Dr. Joe Goldston, chairman. Give generously!

2 1/2 Million Dollar Water District Plan Approved By State Board Friday

Aggie Club Rodeo Set For Friday and Saturday

The Clarendon College Aggie Club will present the second annual Clarendon College Rodeo at the local rodeo grounds east of town this coming week end. The first performance is set to get under way at 8 p.m. Friday, April 22. Two performances are scheduled for Saturday, April 23, the first at 2 p.m. and the second at 8 p.m.

The rodeo this year promises to be even better than that of last year. Each event will have 15 head of stock per performance contrasted to 12 last year. Contestants will represent some twelve colleges and twenty area towns and schools. Livestock producers will be Ratten Rodeo Company of Happy, Texas.

All area riding clubs have been invited to participate in the Grand Entry as well as individuals on horseback. Special entertainment will be provided during the evening performances by Jay Riley and his Western Band from Amarillo. A Queen's contest will be held following the afternoon performance.

There will be dancing each evening following the rodeo with Jay Riley and his Band providing the music.

Admission to the rodeo will be \$1 for adults and 50c for children.

Funeral Mass Read Wednesday Afternoon For Robert L. Harvey

Funeral mass for Robert Laster (Bob) Harvey, 66, was read at 3 p.m. Wednesday, April 20, in St. Mary's Catholic Church, Clarendon, with Rev. Joseph John Magana, pastor, officiating. Interment followed in St. Mary's Catholic Cemetery with Murphy Funeral Home in charge of arrangements.

Mr. Harvey died Sunday afternoon, April 17, in St. Anthony's Hospital in Amarillo after being ill for several weeks. He was born October 4, 1899 in Clarendon and married Bess Blackwell November 18, 1929 at Sulphur, Oklahoma. He had been a resident of Clarendon for 45 years and was a retired house painter. He was a member of St. Mary's Catholic Church in Amarillo.

Survivors include his wife, Bess of Clarendon; one brother, B. W. Harvey of Englewood, Florida; and several nieces and nephews.

Pallbearers were Glen Adkins, Andy Andrews, Henry Mann, Carl Bennett, Raymond Mosley, and Henry Tatum.

The Hall and Donley Counties Water Control and Improvement District Number 1, was granted a priority for flood control structures on five creeks in the two counties, by the Texas State Soil and Water Conservation Board at its meeting held at the State headquarters in Texple, Texas on Friday, April 15th. A planning party to make an economic survey and a detailed engineering plan for the project was approved by the State Board. Paul Montgomery, chairman of the Board of Directors, and John R. Gillham, Attorney for the Water District, were informed by the State Board that a planning party would be assigned immediately to the project.

The Hall and Donley Counties Water Control and Improvement District Number 1, was created by a special act of the Texas Legislature, and consists of approximately 50,000 acres in Donley County and 100,000 acres in Hall County. Tentative plans call for the construction of 10 to 15 large dams and reservoirs in Donley County and the channeling of the flow of water through John Mann, Bitter Oaks, Brushy, and Pole Cat Creeks in Donley and Hall Counties to the Prairie Dog Fork of the Red River. The J. A. Ranch, the Hagy Ranch, the Molesworth Ranch, A. J. Bryan, P. B. Gentry, A. B. Spaulding, The Finch Ranch, and the Sexauer Ranch are the only Donley County Land owners in the water district.

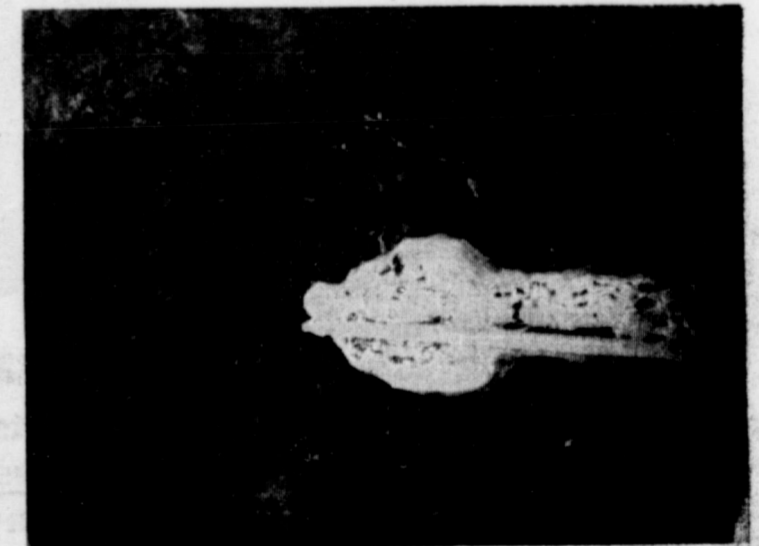

The Water Control and Improvement District is sponsoring the flood control and water conservation project in cooperation with the Commissioners' Court of Hall and Donley Counties and the Soil Conservation Service of Hall and Donley Counties. The project will be carried out by and under the direction of the Texas State Soil and Water Conservation Board with the assistance of the U. S. Soil Conservation Service and will be a Federally financed project costing approximately two and one half million dollars.

**From The Office Of
Sen. John G. Tower**

It is a matter of grave concern to me that continual federal deficit spending — the paying out of dollars the government does not have — has driven the cost of living ever upward. For a majority of Texas wage earners, 1965's income tax cuts have been more than offset by the ever-increasing cost of living and by increased Social Security Taxes.

A normal Texas family will have to earn more money this year just to stay even with its purchasing power of 1965. If your family income was \$6,000 back in 1963, you will have to earn \$175 more just to maintain your 1963 standard of living.

Just a brief look around us shows us that our dollar which was worth 100 cents in 1955 is now an 85-cent dollar. It takes more dollars to buy the things we need.

In the last ten years our food dollar has dropped to 85 cents.

Our rent dollar is now an 87 cent dollar.

Our clothing dollar is now a 93-cent dollar.

Our medical-care dollar is a

73-cent dollar.

Our home-building dollar is an 82-cent dollar.

Our college-cost dollar is now a 76-cent dollar.

Our car-repair dollar is now an 80-cent dollar.

A loaf of bread costs 17 percent more.

Bacon has jumped 61 percent Milk costs 14 percent more.

TV-repair costs are up 17 percent.

A man's winter suit costs 23 percent more.

A pound of round steak has gone up 22 percent.

A woman's cotton house dress costs 10 percent more.

Wool rugs have gone up 13 percent.

Laundry costs are 43 percent more.

Doctor fees for a house visit are up an average of 38 percent.

A semi-private hospital room has jumped 80 percent in cost.

In total, it now costs you \$11.16 to buy what you could get for only \$10 just six years ago.

These drastic increases in the overall cost of living did not happen automatically. They happened because of unwise government policies—policies that have substituted compulsion for free-

dom and thrown the free market out of kilter by attempting to substitute for it a federally-planned economy.

Most Americans look forward to progressive pay raises as they pursue their jobs from year to year, becoming more proficient and more productive. They expect—and quite rightly—to use those increased earnings to improve their standard of living; to buy things they need and want; and to send their children to college.

Certainly, they do not expect their federal government to rob from them by its unwise policies that improved standard of living. Yet this is precisely what inflation is doing.

HEDLEY NEWS

Mrs. Mabel Bridges

The Revival meetings at First Baptist and Hedley Methodist Churches last week closed Sunday. Both churches report good preaching and quite a lot of interest. Several were added to the church roll.

Mr. and Mrs. T. H. Gilcrest were called to Lubbock Friday due to their son-in-law's serious illness.

Charley Johnson received word Monday his uncle had died of a heart attack very suddenly at Blue, Okla. Charley, Walter and other relatives attended the funeral.

SOIL CONSERVATION DISTRICT NEWS

The practice of conservation cropping system continues to increase in popularity in Donley County. Cotton farmers are discovering that some form of soil improving crop is one of their best investments. Some farmers are sowing small grain where irrigation is available while

others are fertilizing their maize stubble then following it with cotton.

The small grain not only protects the land from blowing but increases the organic matter which helps the soil take up water faster. If there is any residue left on the surface by mid summer it tends to insulate the soil keeping the ground temperature from 15 to 30 degrees cooler than bare ground. This depends upon the amount of residue left on the ground. It's needless to say what effect this has on a growing crop that is running short of moisture.

Harold White of Hedley is doing a good job of conservation farm-

ing. He sows rye in his cotton stalks to control the erosion and to build up the organic matter and fertility in the soil. He plows up the rye in the spring before

AGRICULTURAL EXPORTS ON THE RISE

Recently in this newsletter I again stated my emphatic opposition to expanding trade in any way, shape, manner, or form with Communist nations, which are bent on freedom's destruction and which seek to be strengthened toward that end by obtaining

manufactured and agricultural products from the West. While continuing my vigorous opposition to trade with Communism, I am in full support of cooperative efforts by Government and private enterprise to expand trade with our friends in the world.

Dramatic gains have been made in U. S. agricultural exports. Latest estimates are that our agricultural exports in the current fiscal year will reach a record high of \$6.5 billion — and some believe that by 1970 our annual exports of farm products could grow to \$8 billion.

Exports now account for one

out of every six dollars that American farmers earn from the sale of their products. Exports of farm products constitute about one-quarter of all U. S. exports—and, obviously, are very important in the nation's balance of payments situation. Farm products sold for dollars totaled \$4.5 billion last year when our dollar-costing imports of agricultural products totaled \$4.1 billion. The 1966 ratio is forecast at \$4.7 billion in dollar-earning exports to \$3.9 billion in imports costing U. S. dollars.

Japan at one time received massive donations of U. S. food. Its economy is now booming and Japan is now the No. 1 foreign buyer of the products of American farms. Its food purchases are soon expected to top one billion dollars a year. Japanese feed grain imports this year will be about 5.4 million tons, of which the U. S. will supply about 3.9 million tons. The amount we will supply is alone more than the Japanese expected their feed grain imports to total in the year 1970. In Japan as elsewhere in the world rising incomes are enabling more and more millions to enjoy better diets; the upward trend of gross national product in major industrial countries such as Japan is paralleled by the upswing in our

dollar exports.

Another important factor in the increase in farm exports is the increase of world population. The threat of famine hangs heavy over some areas, such as India, where in addition to supplying vast quantities of grain we are seeking to encourage programs to increase India's production of greater proportions of needed foodstuffs.

I have continually urged the Department of Agriculture to push our overseas sales efforts, and very important to the present level of exports has been the work of groups such as the Grain Sorghum Producers Association headquartered in the Panhandle. There is a total of 45 agricultural and trade organizations cooperating with the Department of Agriculture to promote exports in some 70 countries.

While this effort has been going forward, the Department of Commerce in March took a backward step by imposing export limitations on cattle hides, calf and kid skins, and leathers made therefrom. The regulations were put into effect by the Department of Commerce, which holds authority to grant export licenses, in order to "protect the domestic economy from the excessive drain of scarce materials," according to its announcement. The reason for the restrictions apparently is mainly a desire by leather goods manufacturers to have a steady supply of raw materials at low prices. At any rate, I protested strongly to the Secretary of Commerce as did other Members of Congress and cattlemen and others whose livelihoods were affected. Because of the protests, the Department of Commerce has called for a hearing in Washington on April 18, and I hope very much that

following the hearing the Department will rescind its March order. At a time when we are doing our best to encourage dollar exports of farm products, the action affecting hides is directly contrary and damaging to the livestock industry.

The 1926 Book Club Observes Guest Day

Members of 1926 Book Club observed Guest Day at their meeting in Patching Club House Tuesday afternoon, April 19. Speaker for the occasion was Samuel Arguez, a Cuban refugee.

After the invocation was pronounced by Rev. W. R. Lawrence, Mrs. E. S. Ballew introduced Mr. Arguez who is a student at Wayland College, Plainview, Texas, and a part-time minister pastoring small Baptist Churches in the area.

Mr. Arguez spoke of his experiences under Communism in Cuba, how the people were being treated there, food shortages existing, and conditions prevalent throughout the country. He is the son of a Baptist Minister from Cuba and came to this country with his family as refugees in 1961.

During the social hour refreshments were served from a table laid with a cloth with small green and white stripes. An arrangement of spring flowers provided the decor. These flowers were placed in a milk glass container to correspond with the milk glass punch service. Punch, assorted tidbits and sweet treats were served with Mrs. W. N. Poole presiding.

About twenty members and thirty guests were present. Hostesses for the afternoon were Mesdames C. A. Pitts, W. C. Thornberry, W. R. Christal, E. S. Ballew, and L. N. Cox. —Rep.

Mrs. C. E. Underdown and her daughter, Mrs. Troy Wiley of Amarillo visited the week end with Mrs. Underdown's sister, Mrs. Lena Adair at Shawnee, Okla. and her brother, Jesse Waddle at Okmulgee, Okla.

The kindness and sympathy of neighbors and friends in our recent sorrow will always remain with us as a precious memory. Our sincere thanks and gratitude for all those comforting acts.

The family of Mrs. W. F. Walser

I wish I knew how to fully express my deep appreciation for all of the kind and thoughtful things done for my family and me when my son, Millard Word passed on.

The many different expressions of love and friendship meant more than words can convey. They were truly a source of strength and my heart is filled with gratitude to each and all of you.

Most Sincerely, Charlotte Word

I want to thank everyone who voted for me in the recent City election for Alderman. Your vote was appreciated.

Walter Hughes

I want to take this means of thanking all of you who were so helpful in plowing my land and offering other services during my illness. I sincerely appreciate all that has been done for me.

District 2T-1 Lions Hold Week End Meet At Hereford

Lions Clubs of District 2T-1 met in Hereford the past week end. The Clarendon Club, a member of the District, was represented by George Thompson, president of the local organization. Other Clarendonites attended various phases of the week end activities.

Over 850 people were on hand to attend the barbecue which was held on Friday evening. The Clarendon Club contracted to prepare the food and Flip Breedlove, George Thompson, Pete Land and others cooked the meat here while others of the local club prepared the trimmings at Hereford. Billy Goodman, Ronald Goeth, and Joe Bownds were on hand to help Breedlove and Thompson serve the food. In a report made at Lions Club here Tuesday, it was announced that something over \$400 was cleared on the project.

Mr. and Mrs. H. M. Breedlove were on hand for Friday's activities. Following the purchase of Alaska by the U. S. from Russia in 1867, the first government vessel into the territory was the Revenue-Marine, (forerunner of the Coast Guard) cutter Lincoln.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

Texas has some 615,000 new voters as a result of the March 3-17 free registration period.

Turnout was six times larger than state officials had predicted and could be an indicator of a dawning new era in Texas politics.

More than half the total came from four big counties — Harris with an estimated 100,000; Dallas with 96,017; Bexar with 88,100 and Tarrant with 50,662.

Gubernatorial candidate Stanley C. Woods and two members of the State Democratic Executive Committee are attempting to intervene in the federal court action resulting from the poll tax suit and force reopening of the registration period. They are urging the court to allow registration up until 30 days before each election.

Atty. Gen. Waggoner Carr is strongly opposing the motion—arguing that all Texans interested in voting this year had ample opportunity to sign up during the 15-day period provided by the Legislature.

Federal judges have promised a decision—after they review evidence—on whether the period should be lengthened.

Carr has submitted a 7,500-page report (including 3,500 articles from 500 Texas newspapers) to support his claim that everybody who wants to vote got a chance to qualify.

APRIL ALLOWABLE RAISED—Texas Railroad Commission, at a time when oil demand usually lightens, has raised statewide oil allowable for April to 33.7 per cent of potential.

Increase was the seventh straight monthly boost. Only once before in the last 20 years has April allowable been higher than March.

New allowable permits maximum production of 3,199,550 barrels a day. March operation was under 33.2 per cent of potential factor, permitting production of 3,170,316 barrels daily.

FEDERAL FUNDS — Texans hope to have eight new programs approved by the federal government by April 1 to launch a venture to promote technical service for business and industry.

Under the State Technical Services Act of 1965, programs approved by the U. S. Department of Commerce would make available new scientific and technological discoveries to inquiring businesses, industries and commercial enterprises.

Texas now is seeking \$144,000 for the last quarter of this year to get the requested programs started at Texas Woman's University, University of Texas, Texas A&M University and Southern Methodist University.

Federal funds fully support these planning programs. These eight fields have been suggested in proposals submitted to the Commerce Department:

Texas A&M — Training formation specialists, chemical engineer workshop; electronic corporation managers, primary metal industry and petroleum industry workshops.

University of Texas — Continuing education for engineers. Southern Methodist — Technical information services, North Texas.

Texas Woman's University — Activation analysis workshop. **DRAFT QUOTA DOWN** — Col. Morris S. Schwartz, State Selective Service director, says 979 men will be called to fill the April draft quota. This is the lowest call since August, 1965.

Monthly calls in the period from September through March ranged from a low of 1,068 to a high of 1,523.

Pre-induction physical and mental examinations will be given to 3,905 men during April. This also is a reduction from March, when 5,515 were tested.

During the same period, he said, men classified as students rose from 85,000 to 104,000. At the end of January there were 106,000 men classified in 2-S as students.

EDUCATION COMMISSIONER NAMED — Dr. Jack Kenny Williams, Clemson University dean and academic vice president, is Texas' new Commissioner of Higher Education, at a \$40,000-a-year salary.

Coordinating Board, Texas College and University System unanimously selected Dr. Williams, offering him \$15,000 more than the governor makes. Some \$17,500 of the total salary will come from private foundations or from members of the coordinating board itself. On August 1 Dr. Williams will assume his far-ranging duties — coordinating activities and planning of 22-state supported senior colleges and universities and public junior colleges.

Board set hearings for April 4 on staff recommendations for new role and scope of state educational institutions to overhaul and strengthen the system. Final decision is due April 18. East Texas State University is protesting proposed loss of its doctoral programs and reduction to college classification. Texas Southern University wants to hang onto its law school, which the Board staff feels should be eliminated.

After requesting an attorney general's opinion on its responsibilities to pass on college buildings financed by general revenue, Board approved \$1,800,000 library addition for Texas College of Arts and Industries, Kingsville, and endorsed purchase of Rosemont Apartments and land by San Angelo State College, San Angelo, for \$350,000. Apartments are being used for student housing.

IMPORTANT ADDITION — Securities Commissioner William M. King believes a recent decision by the Texas Court of Criminal Appeals is an important addition to the legal protection afforded Texas investors against fraudulent practices in the sale of securities.

Court held that misrepresentation of material facts in offering securities for sale is a crime under penal provision of the Texas Securities Act.

SHORT SNORTS
Gov. John Connally has announced approval of Community Action Program grants for El Paso (\$246,988); Dallas (\$46,905); Waelder (\$21,015); and Lockett (\$649).

Land Commissioner Jerry Sadler has announced that more than 515,000 acres of submerged lands off the coast of Texas and more than 16,000 acres of uplands and riverbeds, most of them in far West Texas, will be offered for oil and gas leases at the Lease Sale to be held in the General Land Office on May 3.

UT's Bureau of Business Research reports February retail sales for state were up three per cent over February, 1965.

ARMSTRONG COUNTY 4-H MACHINERY SALE SET FOR APRIL 30

The annual Armstrong County 4-H Club Farm Machinery Sale will be held at Claude, Texas Saturday, April 30. This sale has attracted state-wide attention with gross sales reaching \$15,000 in a single year. Proceeds help finance activities of Armstrong 4-H Clubs.

A small commission is collected on all items sold or passed out. Auctioneers will be Wildon Hundley and Doug Britten of Claude, and Meade Michael of Canyon who will donate their services for this event.

Anyone wishing to consign equipment for this sale may do so by contacting Bo Wheeler, County Agent, Claude, Texas.

TIME EXTENDED FOR MEDICARE SIGN-UP

"Older people in the Panhandle area who did not sign up for the voluntary doctor bill insurance under medicare before the close of the first enrollment period on March 31 have been given a little more time," Travis Briggs, social security district manager, announced today.

In legislation signed by President Johnson last week, Congress has extended until May 31 the deadline for enrollment by persons 65 and over. This protection supplements the basic hospital insurance provided persons 65 and over.

"Older people who have not yet applied for their medicare benefits should get in touch with the Amarillo social security office now," Briggs said.

FARM NEWS

from County ASCS Committee

NOTICE OF PROGRAM PARTICIPATION

Last week, notices were mailed to you who are in the 1966 cotton, feed grain, and/or wheat programs. In these notices, you were told the number of permitted acres and diverted acres you signed for each program. Be sure and save these letters as they will come in handy during the year, especially if you have several farms.

WHEAT DISPOSITION

If you are participating in the 1966 wheat program, remember that May 1 is the final date to turn in the wheat acreage on your farm. This is necessary whether you are measuring your crops or whether your crops are measured by someone from the office. Failure to report your wheat acreage by the above date will result in the farm being considered out of compliance, and therefore, ineligible for payment. Don't let this date slip by.

The May 1 deadline also applies if you are participating in the feed grain program and have barley seeded. This barley acreage must be reported.

HIGHER ACP RATES FOR LOW INCOME FARMERS

Beginning with the 1966 program, a rate of 80% has been approved. This applies only where it is determined that: (1) the farmer is largely dependent on the farm for his livelihood, (2) the estimated gross annual income does not exceed \$3,000, and (3) an increased rate is essential to permit the farmer to perform needed practices.

If you are interested and think you could qualify, come by and talk with us about it.

TWO RURAL ACCIDENTS IN DONLEY COUNTY IN MARCH

The Texas Highway Patrol investigated 2 accidents on rural highways in Donley County during the month of March, according to Sergeant J. W. Wilson, Highway Patrol Supervisor of this area.

These crashes resulted in an estimated property damage of \$850.00.

The rural traffic accident summary for this county during the first three months of 1966 shows a total of 16 accidents resulting in 2 persons killed, 4 persons injured and an estimated property damage of \$6,325.00.

Career employment in the uniform services of the Texas Department of Public Safety is now being offered young men between the ages of 21 and 35. "More than 100 of these positions of trust and public service are open for qualified men," the sergeant stated. "They include opportunities for advanced education, excellent physical conditioning and a permanent career of serving mankind."

Applications and full information can be obtained by contacting any Department of Public Safety patrolman or station. June 6 is the deadline for accepting applications for the examination to qualify men for the August 9 training school.

Willard Edgett Is Write-In Candidate For County Supt.

I have announced that I am a Write-In candidate for Donley County School Superintendent of Schools. I am 44 years old and have had 18 consecutive years of teaching experience in the state of Texas, 7 of which were spent in the Clarendon Public Schools. I am a home owner and taxpayer of Donley County, a legally qualified candidate, and have no other outside interest to detract me from the position if elected.

My wife, Beverly, has been employed at Adair Hospital since 1957. I would like to make this area my permanent home, as I believe in its future and am vitally concerned with the advancement of education in Donley County. If elected I promise to do everything within my power to advance the educational advantages in Clarendon and Hedley.

I graduated with a BS degree from Texas Tech in 1949 and received my Master of Education from Tech in 1954.

The people's vote and influence will be greatly appreciated. Willard Edgett

PCA STOCKHOLDERS TO MEET APRIL 23

The 32nd Annual Meeting of the Stockholders of Rolling Plains Production Credit Association will be held in the High School Auditorium in Stamford, Texas on Saturday, April 23, according to J. L. Hill, Jr., Manager. Registration will begin at 11:00 a.m., lunch will be served from 11:15 to 12:30 and the business session will start at 1 p.m. One item of business will be the election of 5 directors.

When the Stamford and Memphis associations were merged

March 1, 1965 to form Rolling Plains PCA both Boards of Directors were consolidated into one Board composed of 10 members. This group recently voted to reduce the number of directors from 10 to 5. The nominating committee placed the names of all ten directors in nomination with two competing from places 1 through 5. The five winning directors will draw for length of term; 1 for one year, 2 for two years and 2 for three years. The nominees are: Place 1—L. M. Bartlett and J. C. Emmert, both from Wellington; Place 2—John E. Glover, Chil-

dress and W. W. George, Turkey; Place 3—Lasater Hensley, Guthrie and W. C. McClendon, Paducah; Place 4—C. G. Burson, Sr. Haskell and J. C. Moorhouse, Benjamin; Place 5—Mack T. Claiburn, Anson and J. F. McCulloch, Stamford.

Rolling Plains PCA provides agricultural credit for about 1750 farmers and ranchers in 17 counties of the Rolling Plains area of Texas with the headquarters office in Stamford.

TIME AND LABOR SAVER

Cattlemen may save time and money by feeding protein supplement twice a week during the winter rather than daily feeding. Research conducted by animal scientists of Texas A&M University indicate twice weekly feeding is as satisfactory as daily or thrice weekly feedings. This doesn't mean feeding less protein supplement — just feeding larger amounts less often. Up to 60 percent savings in time and travel were registered.

Library Conference To Be Held Here Thursday Evening (Today)

In cooperation with Governor John Connally's Conference on Libraries, a Post-Conference district informational meeting for Hall, Donley, Collingsworth, and Childress counties will be held during National Library Week in Clarendon College Auditorium. Time of the meeting is 7:30 p.m., Thursday, April 21, today.

Mr. Daniel Nutter, Clarendon College Librarian is National Library Week chairman for this 4-county district and has announced the agenda and panel members that will be on this program.

K. D. Vaughan, president of Clarendon College, will welcome the group. Mrs. John Coleman of Wallington will serve as moderator of the panel. Taking part on panel discussion will be Mr. Nutter, Mrs. Emmett Simmons, Mrs. J. A. McDonald of Childress, and Mrs. Ben Ratliff of Wallington.

Your presence is needed at the Post-Conference meeting because of your interest in progress and your ability to change things in your community. This meeting can help you make the needed changes in your local library facilities. The problem of library development is as close to each individual citizen as his dream that his child may some day be admitted to a university. Good library facilities can determine whether or not that dream comes true. May you, the public, be counted on to participate in this Post Conference and in the future development of Texas libraries.

The week of April 17-23 has been proclaimed Library Week in Texas by Governor John Connally, and all Texans are urged to become better acquainted with the services and needs of their libraries.

CHS Varsity Qualify 7 For Regional Track Meet

The CHS varsity qualified seven for the Regional Track Meet at the District meet which was held Thursday, April 14, at McLean. Wellington placed first with 135 points; Memphis, second with 126; White Deer, third with 99; Clarendon, fourth with 73; and Canadian, fifth with 53 points.

Local entries placed as follows: 100 yard dash: McClellan, fifth; 440 yard dash: Land, third; 220 yard dash, McClellan, third, and Easterling, fourth; 880 yard dash, R. Thornberry, fourth; Mile Run, S. Thornberry, sixth; 180 Low Hurdles, Odell Louis, second; 440 Relay: Clarendon, fourth; Mile Relay: Clarendon, second.

The Regional Interscholastic League Meet will be held at Lubbock this coming week end. Qualifying for regional was the Mile Relay Team composed of McClellan, D. Mooring, M. Land, and R. Thornberry. Archie Smith is alternate on this team. Easterling qualified for the 220 yard dash, and Odell Louis for Low Hurdles.

TEMPERATURE PLUMMETS 52 DEGREES

It was a bit early Wednesday morning to tell just how much damage the 30 degree temperature Tuesday night had done to the fruit and tender plants but it was expected to be heavy with another freeze expected Wednesday night.

This 30 degrees was quite a contrast to the 82 degrees recorded Tuesday afternoon. A fifty-two degree variation in such a short time is typical of West Texas weather.

We are still very short in the moisture department with only a slight trace being recorded Sunday afternoon.

Free Eye Check To Be Offered Local Youth 4-6 Years Of Age

An eye check for all children four to six years of age will be given free of charge at the Cafeteria on May 14th from 9-12 a.m. and 2-4 p.m. First grade children will be screened Friday morning, May 13th, from 9-11 a.m. at the Cafeteria with written permission by their parents.

The tests will be administered by members of the Clarendon Jaycee-Ettes who were given an 8-hour training course by Miss Betty Kimmey, Assistant Executive Director, Texas Society for the Prevention of Blindness, on March 15 and 16 in Clarendon, Texas.

This project is being co-sponsored by the Clarendon Jaycee-Ettes and the Texas Society for the Prevention of Blindness in an effort to locate preschool age children with visual problems before they enter school.

Today, experts know that a condition known as amblyopia or "lazy eye blindness" threatens the sight of as many as one in 20 American youngsters. It is the leading cause of partial blindness in our children, however, in recent years we have learned that amblyopia is almost 100-percent preventable.

The amblyopic child's eyes may look straight and bright and clear. They appear normal in many types of medical examinations. The child can play, look at television, even begin to learn to read in a seemingly usual way. But by the time he gets his first real eye examination, the damage may be irreparably done.

But time is a factor. Visual development ends by the age of six or seven. After that the amblyopic eye can no longer learn. And since it may take a year or two to correct the weak eye, experts say the child with amblyopia should be found by the time he is three or four.

All parents with preschool age children are urged to take advantage of this free screening program on May 14.

Mental Health Seminar Draws Wide Interest

About thirty-five persons attended the Mental Health and Retardation Seminar held at the High School Cafeteria Tuesday evening, April 19, which was sponsored by the Clarendon Young Homemakers in conjunction with the Panhandle Mental Health Association.

Much light was shed on the subject of Mental illness by outstanding speakers from throughout the area principally from Amarillo. It was pointed out that 10 years ago Amarillo had only one Psychiatrist. Amarillo now has five working in this field. This is due to the work of interested citizens in the Amarillo area.

Dr. Richard Gilkey of Clarendon and others stressed that this community should be aware of its need for special education classes and other facilities for the mentally ill. Plans were discussed at this meeting for the forming of an association for Mental illness in our area.

Dr. Gilkey welcomed those attending the meeting and served as moderator along with Mrs. T. Z. Walker of Amarillo, executive director of the Texas Panhandle Mental Health Association.

The Young Homemakers organization was well pleased with the attendance at this meeting and in the interest shown by the community in this problem.

JAYCEES TO HELP IN CANCER DRIVE

The Clarendon Jaycees and Jaycee-Ettes will have their annual Door-to-Door Cancer Drive on Sunday evenings April 24th and May 1st from 5 p.m. to 8 p.m.

During the next two weeks there will be around 100,000 house-to-house Crusaders telling their neighbors about the hopeful side of cancer.

The Jaycees ask that you have a "Checkup with a check", and make your contribution to the American Cancer Society.

Jaycee Ronnie Hill, Crusade Chairman asks each citizen to give generously to the Cancer Society that they may combat this dreaded disease.

Thank you and we will be seeing you on the next two Sunday evenings.

MAYOR'S PROCLAMATION

WHEREAS, the expanding population of Texas is creating daily demand for construction of public facilities, such as schools, roads, hospitals, airports, water and disposal facilities, as well as recreational centers such as parks and swimming pools;

WHEREAS, such facilities can be obtained only by the consent of the taxpayer;

WHEREAS, municipal bonds are playing a growing role in our communities by underwriting such needed facilities;

Now therefore, I, Richard L. Gilkey, do hereby designate the period from April 17th to April 23rd as Municipal Bond Week. I urge all our citizens to take this opportunity to familiarize themselves with the objectives and goals of our community to provide for such needs and to recognize the value of municipal bonds as a builder of a better society for us, now and in the future.
