Mrs. H. C. Brumley

Pioneer Lady To Be Honored With Open House On Ninetieth Birthday

The Farmers State Bank will observe open house from 2 to 5 p.m. April 30th and May 1st honoring Mrs. H. C. Brumley, one of Clarendon's best loved pioneer women, on her ninetieth birthday.

Only a part of the painting done by Mrs. Brumley will be on display. These pictures will range in subject matter from original still life family portraits, flowers, landscapes, and animals to reproductions of well-known classics.

As a hobby, she studied the art of decorating cakes for weddings, anniversaries, announcements and birthdays. The high point in her cake decoration was the golden one she made and decorated for her own Golden Wedding Anniversary Party.

Mrs. Brumley was born Margaret Mims in Alexander, Texas in Earth County. She received her education in Wichita Falls and was married to Harry C. Brumley in 1892. They moved to Clarendon in 1898 where Mr. Brumley served as Sheriff of Donley County for several years.

The couple has two children; a daughter, the late Mrs. Pearl Goldston, and a son Rolle S. Brumley who lives in Clarendon when he is not attending to ranching duties in Miller, Missouri.

Mrs. Brumley has had a full active life with diversified interests. A motto that she has lived by has been "Keep your mind busy and you won't lose it so quickly."

You are invited to come to the Farmers State Bank Saturday or Sunday afternoon, view the Works of this talented lady, and spend a pleasant hour in her company.

CANDIDATE RALLY AT ASHTOLA CENTER

The Ashtola Community Center will meet Monday, May 2, at 7:30 p.m. There will be a candidate rally and pie supper. Everyone is invited to attend.

Local Jaycees And Jaycee-Ettes Attend State Convention

Five Jaycees and two Jaycee-Ettes were in Houston last week to attend the annual Jaycee State Convention: Bill Bradshaw, President; Glenn Wallace, Inter-Club Director; Bob Bell, Treasurer; Chauncey Hommel and Tom Higley, Directors; Jaycee-Ettes attending were Ann Hommel and Brenda Higley.

The convention was filled with business meetings and entertainment and both the Jaycees and Jaycee-Ettes were successful in carrying off a number of awards again this year.

Jaycees won awards in nine categories with a first place in Religious and Christmas Activities. The Cancer Award (third year in succession) for the most outstanding club in the state; four second place awards and four third place awards.

The Jaycee-Ettes won several honors: a first in Aid to Jaycees and two seconds, one in Civic Activities and the other in Other Jaycee-Ette Activities. Brenda Higley was honored as Most Outstanding President in Division J and Clarendon Jaycee-Ettes were named Most Outstanding Club in the same division.

REGIONAL IL CONTESTS HELD AT LUBBOCK FRIDAY AND SATURDAY

Regional Interscholastic League contests were held at Lubbock Friday and Saturday, April 22-23.

Donna Tomlinson was the only representative of the Clarendon Schools to qualify for the State contests. She won a first place rating in Typing. Her instructor in the local school is Roy Lewis, commercial teacher.

Mac McClellan qualified in preliminaries in the 220 dash but came in seventh in the finals. In Tennis Steve Stewart placed second in Boys Singles and Judy McAnear placed second in Girls Singles. In Girls Doubles Beth Bourland and Melinda Moore placed third.

FARM NEWS

from County ASCS Committee

WHEAT CERTIFICATION

Those of you who are participating in the wheat program and haven't certified your acreage, remember that May 1 is the final date to report your acreage. If you do not certify, the farm will be considered out of compliance and you will be ineligible for payments and other program benefits.

EXCESS WHEAT AND DIVERTED ACRES

If you have wheat on the acreage you plan to divert, that wheat must be mechanically destroyed by May 1. Any excess wheat must also be destroyed by the same date.

GRAZING DIVERTED ACRES

The final date to graze diverted acres is April 30.

ACP

We would like to encourage new participants in the ACP cost-share program. There are those who haven't carried out a practice in the last 5 years. We have a special budget set up for new participants above our regular budget for ACP. Come in and talk with us about a needed practice on your farm.

CAP

We have 17 C.A.P. agreements in effect at this time. This is out of 27 requests for agreements for the Cropland Adjustment Program. One request is pending. We are still accepting requests for agreements.

Wonderful Moisture Brings Smiles

That long-awaited rain began falling last Thursday evening to break the long, dry spell and smiles began to broaden as the moisture kept pelting down in a slow soaking manner. We had received .58 by Friday morning, another .44 was added by Saturday morning, .06 was recorded Sunday morning and then another .74 was added Monday morning to bring the total for the spell to 1.82 which is the total for the month. The total for the year is 3.22 as compared with 2 inches at this time a year ago.

Willard Knox at Lelia Lake reported a total of 1.91 for the spell. Hubert Rhoades reported 1.80 at Ashtola, C. C. Rich 1.70 at the Country Club and W. G. Johnson at Hedley topped the list with 2.90 inches.

More moisture was predicted for Wednesday night and Thursday, and more rain in a gentle form will be appreciated to get land in shape for planting and to bring range land into full growth as grazing is certainly needed at this time.

CC ATHLETIC DEPARTMENT TO BE FEATURED ON CHANNEL 10 TV

Coach Lawrence Overcast, Athletic Director of Clarendon College, will be the special guest of Larry Todd on his Morning Show Friday, April 29, at 7:35 A.M.

The program will be shown on Channel 10 KFDA-TV. The main topic of discussion will be the Hootenanny-Hullabaloo and pie supper benefit to be held on Tuesday, May 10. Funds raised by the entertainment will be used in the athletic program of the college.

Plan now to watch the Larry Todd Morning Show and to support the college Athletic Department by attending the benefit performance and pie supper in the college gym on the 10th, starting at 6:30 P.M.

QUALITY JOB PRINTING AT THE LEADER

QUALIFIES FOR STATE

Miss Donna Tomlinson won first place in Typing at the Regional Interscholastic League meet held the past weekend at Lubbock and was presented a gold medal. She will represent the region at the State meet to be held in Austin, May 7. Her instructor is Roy Lewis, Commercial teacher at Clarendon High School.

Two Killed In Plane Crash Here Saturday

Two men died as a result of the crash of a twin-engine jet here shortly after noon Saturday about 2 1/2 miles southwest of Clarendon.

William M. Majowski, 28, a pilot for the Rexall Drug and Chemical Co. of Los Angeles and James Darrell Sweep, 45, a safety inspector for the Federal Aviation Authority, were the two victims. The pilot was being checked out on an 8-passenger Lear Jet T23 on a run from Ft. Worth to Amarillo and return.

Teddy Ashcraft, son of Mr. and Mrs. James Ashcraft, saw the crash and explosion from the Ashcraft home in Southeast Clarendon. Ashcraft notified authorities and proceeded to the area where the plane crashed.

The jet completely disintegrated when it crashed. Personnel from Murphy Funeral Home proceeded with the task of picking up parts of the bodies which were in very small pieces.

Mr. Majowski's home was in New Bedford, Mass. He is survived by his wife, Mrs. Lynn Majowski and a son, Mark, age 7. Funeral services are scheduled for today, Thursday, in the Catholic Church in New Bedford.

Mr. Sweep, a veteran of World War II lived at Irving, Texas. His services are scheduled for today also at Black Funeral Home Chapel at Irving with interment in Devotional Gardens Cemetery in Dunn, North Carolina.

Local arrangements were under the direction of the Murphy Funeral Home.

JAYCEE CANCER CRUSADE TO BE CONTINUED SUNDAY

The final drive in the Cancer Crusade will be conducted Sunday afternoon, May 1, when Jaycees, assisted by Jaycee-Ettes will complete a door-to-door canvass of the town. A portion of the town was covered this past Sunday. Calls will be made this coming Sunday between the hours of 5 and 8 p.m.

Over \$300 has been contributed to date. This is much less than contributions last year which totaled around \$599. It is hoped that this year's drive will top that of last year.

Those wishing to, may mail their contributions to Dr. Joe Goldston, County Chairman, or to either of the local banks.

Citizens are asked to give generously to this cause that Cancer may eventually be wiped out. Your contribution may go a long way toward financing the research that will make this possible.

Former Resident Dies In Groom Hospital Friday

Miss Ethel Ruth Harvey, 66, of Chillicothe and a former resident of Clarendon died Friday morning, April 22, in Groom Memorial Hospital following surgery there several days earlier. Funeral services were held Saturday afternoon at Ward Chapel, Chillicothe, with Rev. Roy Canada, pastor of First Baptist Church, officiating. Burial was in Big Valley Cemetery.

Miss Harvey, a retired Bookkeeper, was born July 13, 1899 in Chillicothe and lived in Childress County some years before moving to Clarendon. She was the daughter of M. V. Harvey and the late Mrs. Harvey and a member of the Methodist Church. While living in Clarendon she compiled and had published a history of Clarendon College which she called "The Athens of the Panhandle."

Surviving are her father, M. V. Harvey, and a sister, Mrs. Grace Harvey, both of Chillicothe; and several cousins, among them the Willard Knoxes and the F. A. Floyds.

HOOTENANNY SET FOR MAY 10 AT CC

The Athletic Department of Clarendon College is sponsoring a benefit Hootenanny-Hullabaloo and a pie supper, an ideal food-and-fun-fest combination in the estimation of most people. The action will get underway at 6:30 p.m. on Tuesday, May 10 in the college Bulldog Fieldhouse. A pie supper will be the main attraction during intermission, with the college athletic director, Lawrence Overcast, acting as auctioneer. Coffee and cold drinks will be available at the concession stand.

Mrs. Jean Moore, college Registrar, will MC the program which will include various categories of talent ranging from folk singers to comedians. Anyone who would like to perform in the talent show is cordially invited to enter. All entries should be addressed to Hootenanny-Hullabaloo, Clarendon College, Clarendon, Texas, and must be postmarked not later than May 4. A pie per entry is the only entrance fee. Trophies will be awarded to the winners of the contest.

A host of State and area dignitaries are expected to be on hand Saturday afternoon when ground breaking ceremonies will be held at the Greenbelt Dam site north of town. The event will be held on the west side of the river at 2 p.m. and ample parking space is being prepared for all those wishing to attend. Local residents are especially urged to attend this historical event.

The final stages of the Greenbelt Dam project came fast and furious and this ground breaking event is being planned even though actual work has already started.

Bill Bradshaw, president of the local Jaycees, reported that the local club, along with the local Jaycee-Ettes and Jaycees from Childress and Quanah, were assisting in the arrangements for the ceremonies.

Invited to attend are Gov. John Connally, former Gov. Price Daniel, Lt. Governor Preston Smith, Senator Grady Hazlewood of Amarillo, Rep. Bill Heatley of Paducah, Rep. Grainger McIlhenny of Wheeler, Howard Drew of Fort Worth, A. F. O'Brien of Crosbyton, J. E. Sturrock of Austin, Manager of the Texas Conservation Association.

Joe G. Moore, Jr., Howard B. Boswell, Mills Cox, Robert B. Gilmore, Croner A. Pitts, Marvin Shurbet, Milton T. Potts and W. E. Tinsley, all of the Texas Water Development Board.

William E. Berger, Joe D. Carter, O. F. Dent, Lewis McDaniels and Frank Booth, all with the Texas Water Rights Commission. Also citizens and member cities, mayors and city councils.

State Senator Andy Rogers who has been involved in Greenbelt Legislation, will be one of the principal speakers along with Dr. S. H. Townsend, president of the Authority.

OFFICIAL MINUTES OF CITY COUNCIL

The City Council of the City of Clarendon met in regular session at 7:30 p.m. April 19, 1966, with the following present: Mayor R. L. Gilkey; Aldermen Basil Smith, John Jones, Fred Russell, and J. G. McAnear; City Clerk Linda Moore; and Chief of Police Gary Gerdes. Absent was Alderman Chauncey Hommel.

Minutes of the previous meetings of April 5 and April 9 were read. An amendment to the resolution regarding the establishment of trailer houses was passed as follows on motion made by John Jones and seconded by Fred Russell:

Be it resolved that the following set of rules are set forth as temporary measures regulating the establishment of Sewer connections for Trailer Houses in the City of Clarendon for the period until April 1, 1968, or until otherwise terminated by action of the City Council.

Two House Trailers will be permitted on private existing four inch Sewer mains. When tapping into city mains, ten (10) connections are permitted on a four inch main and there shall be no maximum number extended from a six inch main.

No lines shall be smaller than four inches and all pipes beneath traveled areas shall be clay pipe. Other synthetic pipe material may be used only under non-traveled areas. All pipe shall be covered by eighteen inches or more depth as may be approved by the city engineer.

There shall be a P-Trap with cap at each trailer connection and a Y-Connection at the main. The Sewer System shall be properly vented as determined by the city engineer.

Sewer and plumbing inspection fee for house trailers shall be in the amount of \$2.00 for the first and \$1.50 for each additional trailer. This fee shall be the responsibility of the property owner. Existing garbage ordinance shall be

complied with.

Mrs. Pete Kunz met with the Council in regard to 1964 taxes that were paid on Block 3, Lots 1, 2, and 3 by Mrs. Kunz and W. N. (Buddy) Ford. Motion was made by Fred Russell and seconded by Basil Smith that the City refund the money paid to the City by Mrs. Kunz on said property for 1964 taxes and that she pay the taxes due on the remainder of the property for 1965.

The City Clerk was instructed to contact Knorpp Insurance Agency in regard to a bill received on repairs to L. H. Price's car from Chamberlain Motor Company.

Chief of Police Gary Gerdes met with the Council regarding a remote radio unit for the fire station who is without a radio at this time. Action on the matter was tabled until a later date.

The City Clerk was instructed to mail a copy of the minutes of each meeting to the publisher of the local newspaper.

There being no further business to come before the council, the meeting was adjourned.

## BRONCHO COLUMN . . .

### SENIOR NEWS

On Wednesday, April 20, the seniors met to elect honor guards and ushers of the junior class for the pending graduation activities. Honor guards elected were: Carol Cornell, Janny Robinson, Jimmy Ribley, and Pete Campbell. Ushers are: Linda Palmer, Janice Riley, Gale Gray, Barry Tyler. The seniors also elected students of their class to be in the program on Class Night, May 20. Flashbacks of "the good old days" will be given by Shirley Hearn and Steven Stewart in the class history. The juniors' inheritance of all the seniors many talents will be disclosed when Lesse Rinsley and Wayne Leathers read the class will. Emily Neece and Donnie Lou Helton will give a look into the future by reading the prophecy.

The seniors are just beginning to realize how little time there really is. In trying to make these last few days some to really remember, they are keeping awfully busy!

### SENIOR BEACH PARTY

The seniors enjoyed an honest to goodness beach party last Wednesday night. The "beach" was furnished by Mr. and Mrs. Joe Robert Leathers at their

home in the country. Since the weather was rather cool, the seniors chose to wear something warmer than the expected bikinis and swimming trunks usually seen at beach parties. After a hay ride (without the hay) out there, they congregated at the creek. The first activity upon arrival was the gathering of fire wood for a welcome fire. Once they had thawed out and the parents gave the 'go' signal, they charged at the supper they had prepared. The nourishing meal consisted of many varieties of home made ice cream, cookies and brownies, and Cokes. When all that was digested, sophisticated games such as Red Rover, Hide-n-Seek, and Blind Man's Bluff were in order. A potato sack race between the boys and girls proved the girls to be the most honest and best players! An occasional sand fight interrupted the serious concentration of the kids.

A temporary lost (or hidden?) shoe was the least of the injuries resulting from the activities. During the Hide-n-Seek game several girls were viciously attacked by a cactus, some fell down while running, and others ran into a tree which they could not see in the dark. A few reported broken skin from all the sand that was being thrown around. Still others complained of sore shoulders, backs, and legs. One girl — poor tyke — complained the loudest when a bee got into her britches and

stung her! tisk! tisk! Such are the consequences of being a senior and enjoying it. The bravest of the bunch agreed to ride back into town on the trailer when the party began to break up. These brave souls regret their toughness. Had they known that their chauffeur was going seventeen miles out of the way and at an awfully uncomfortable speed, they wouldn't have been so daring! Besides the lumps they nearly froze to death even with all they used for cover and padding.

Hysterical laughter is still produced when those seniors remember their beach party. From all reports it must have been really, really great (just like the seniors!)

### SENIOR PERSONALITIES

Frankie Waldron was born March 10, 1948, in McLean, Texas. Frankie stands five feet tall, has red hair, and blue eyes. Frankie has attended the following schools: Olton Elementary, Hart Elementary, and Clarendon High School. Her favorite subject is Texas History. In the future Frankie plans to become a psychiatrist. Frankie's favorite colors are gray and pale yellow. Her favorite foods are shrimp and pizza. Frankie says this about her most embarrassing moment, "My most embarrassing moment was an incident in English class. Frankie says that her favorite type of person is rich and intelligent.

Bill Monk is the son of Mr. and Mrs. Claude Monk. Bill stands six feet one inch tall, weighs 175 pounds, has brown hair, and hazel eyes. Bill was born in Rusk, Texas. Bill has attended the following schools: Lelia Lake Elementary, Clarendon Junior High and Clarendon High School. His favorite subjects are history and math. After graduation Bill plans to attend Clarendon Junior College and Texas Tech. Bill says that bright colors are his favorite. Bill's favorite foods are pork chops, hamburgers, tea, and any kind of salad. Bill says that his pet peeve is when people get special favors when they do not deserve them. Bill said that his most embarrassing moment was when Emily Neece told a joke on Judy Greene and him. Bill

describes his favorite person this way, "He is tall, athletic, has sandy colored hair, and is one of the most well liked boys in high school."

### FINDING FAULT

Finding fault is such a losing game—  
Can turn a friend into a foe.  
Folks that might have us for a visit

We wonder if some of the folks who go about finding fault with everything wouldn't be pretty disappointed with life if they suddenly found themselves in a place where there wasn't anything they could find fault with.

Most folks who spend their time "Raising Cane", do so because they are not able to raise anything else.

Sometimes we find fault with life because we don't get what is coming to us—likely if we did we would really blow our stack.

It is hard to patiently listen to the other fellow find fault with us, but like a pill it helps a lot if it is sugar-coated with a little bit of praise.

It makes it a lot harder to have someone tell us what's wrong with our way of doing when we don't want to be like them.

People who look down on other folks may only be living on a "Bluff".

Sometimes it is better to admit that we have a few small faults than to run the risk of having folks find out we have some big ones.

### A SMILE

The nicest thing that one can wear When all dressed up in Sunday Best; Would be a smile upon our face— Then folks will call us "The Best Dressed"

Even crooked teeth look much better behind a cheerful smile. A smile will make a homely face to be right in style.

A smile will go a long way, even around homefolks.

### LIBRARY NOTES

#### EDITH BARNES

Twenty books have been given to the library to be dedicated to the memory of Mr. Currie C. Powell. These are all excellent ones about the past and present days in Texas.

The news story about the Indians of the San Ildefonso Reservation near Santa Fe closed out this year's National Library Week on just the right note.

Quoting from Wes Izzard's column "FROM A TO IZZARD", "The Southwest Indian Organization, headquartered in Amarillo, put it squarely up to the Pueblo Indians on the San Ildefonso Reservation near Santa Fe."

"We want to do something for you. What do you want?" "The Pueblo people called a council

meeting and talked it over." "They could have asked for color TV sets, or new houses, or tractors. They might even have asked for money. But they didn't. They asked for books. 'Get us some books' they said 'and we will build adobe library to house them.'"

"And that's this year's essay on National Library Week." Can you think of a better one? Thank you Mr. Izzard.

It is surprising the number of movies that are made from books you have already read or will read, fiction and once in a while even a non-fiction one. April's "Green Sheet", monthly pamphlet that is sent to the library, lists forty seven pictures, twenty five are from books.

We have Boris Pasternack's "Doctor Zhivago" and Katherine Ann Porter's "Ship of Fools". Both received plenty of nominations in the Academy of Arts and Sciences shindig but not Oscars where it really counts, for instance best actor, best actress and best picture. It is hoped the academy members who are doing the voting are not true representatives of our taste in the arts when it applies to really good literature and acting. Imagine a musical being selected as the best picture

#### THIS AND THAT

Campus Chatter  
by Jim Blackerby

The rodeo is over, Fine Arts Week with its full schedule has been the source of much entertainment, and the all school picnic is tomorrow. Themes have been

handed to the teachers for grading and notebooks are being prepared. All kinds of activity is rampant around the campus at this time of year. The end of the year is nearly here and all those little things that everyone was going to do, but didn't have time to, now have to be done. There is no time for playing around.

Last Friday, the campus seemed to be a part of the old West as the students donned Western togs for Western Day. The colorful costumes probably would have been out of place on the range,

but they surely looked good on the campus, and especially on the girls. The boys didn't look half as good as the girls.

The school picnic tomorrow will be lots of fun and everybody is looking forward to it. The tales of last year's picnic have reached the ears of the freshmen and they are excited about this coming event. If the picnic is anything like last year's event, everyone will want to do the same thing next week and every other week.

Many freshmen are having to shade their eyes this week, as well as some of the sophomores. The graduating sophomores are sporting flashy class rings and making sure that everyone notices them. The rings are pretty and the sophs are extra proud of their new acquisitions. These rings represent two rewarding years of study, marking the half-way point for many of the students in their formal education.

#### WHEN AND WHERE

College Picnic

The annual all-college picnic, sponsored by the Student Senate, will be held at Burson Lake Friday from 5:00 to 8:30 P.M. Hiking, boating, fishing, and swimming (for those harder souls who don't know any better) will be the order of the day, followed by a wiener roast, home-made ice cream and cake, and Cokes. All college students and their dates and faculty members and their families are invited to attend.

#### HERE AND THERE

Defynitions  
By Gwen King

Asked to define snoring, Lila Holman replied, "That which is called sheet music."

"A spanking," says Ronnie Wood, "is a process which takes less time than reasoning and penetrates sooner to the seat of memory."

"Music," says Brad Posey, "is

the only language in which you cannot say a mean or sarcastic thing."

Asked to give a definition for economics, Mr. Neece replied, "College professor talk for 'What happened to the money in the cookie jar?'"

#### WHO AND WHAT

##### Clarendon College Historian Dies

Clarendon residents and College personnel were saddened to learn of the death of Miss Ethyl Harvey, long-time resident of Clarendon and staunch supporter of Clarendon College. In recent years, Miss Harvey and her family had moved to Chillicothe, but she had maintained an interest in and a continued contact with old friends in Clarendon and the College. She wrote and published an interesting and extensive history of Clarendon College which was published in 1959 by the Clarendon Press. The title of her book, "The Athens of the Panhandle," has been adopted by the College in recent years as a descriptive term, and much of the background material in her book has been utilized by the school for publicity purposes. We are grateful for the research and effort she expended in documenting so thoroughly a history of our College.

#### BULLDOG KENNEL

LCC Net Team Tops Clarendon  
The Lubbock Christian College men's tennis team took a 6-0 Western Junior College Conference

verdict from Clarendon Tuesday. Three of LCC's points came on forfeits because Clarendon has only two players.

In singles, Randy McDonald downed John Lacy, 6-1, 6-1 and Don Robertson won from Rusty Scott, 6-1, 6-0.

The doubles match saw McDonald and Robertson defeat Lacy and Scott, 6-3, 6-0.

**Clarendon Splits With NMMI**  
Clarendon College won all its tennis matches with New Mexico Military Institute Wednesday, but gained only a split as the other three matches had to be forfeited. The Bulldogs have only two netters.

In No. 1 Singles, Johnny Lacy downed Earl Gartman, 2-6, 8-6, 6-1. Rusty Scott stopped Mike Lambart, 1-6, 6-4, 6-2. Lacy-Scott trimmed Gartman-Lambart, 6-4, 10-8 in doubles.

#### CC Personnel Officer In College Clinic

Mrs. Jean Moore, CC Student Personnel Officer, participated in a College Night program at Shamrock High School last Thursday evening. She, along with some thirteen other college representatives spoke to students and parents from six or seven area high schools concerning college plans and preparation. She reported a good attendance and an active interest from those who attended the clinic.

# Join our Hi-Yield Plan to greater net profits

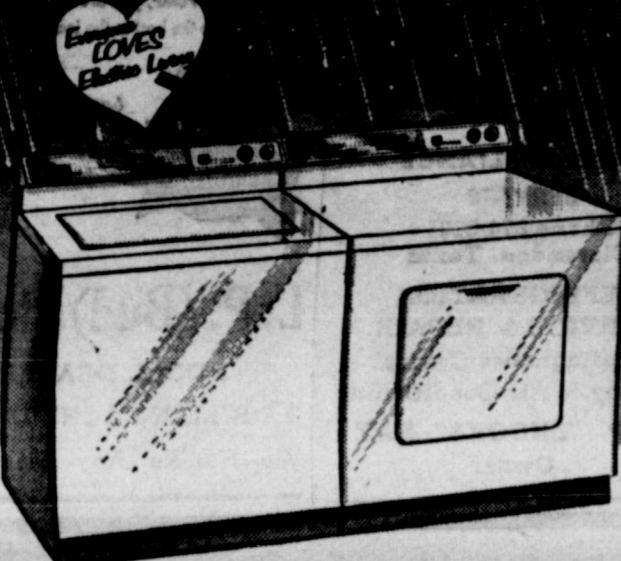

Join the program that has doubled average yields on whole farms in three or four years. The Hi-Yield plan was devised with you in mind . . . to bring you higher yields and greater net profits. We can sit down together and set up your own personal Hi-Yield program. We will make comparisons of past harvests. Set yield goals for your future. When spring arrives we'll start right in on your goals. Remember higher yields lead to greater net profits. But they both depend on a carefully planned crop management program. Stop in today and set up your Hi-Yield program—tomorrow's harvest will reward you for it.

- Sohigro's Hi-Yield plan includes**
- Soil testing
  - Analyze tests and make recommendations
  - Advise on weed, insect and disease control
  - Advise on seed and planting
  - Custom blending
  - Continual check-ups
  - Tissue testing
  - Help with yield checks
  - Hi-yield profits

## FOUL WEATHER FRIENDS

Wonderful in fair weather, too. When the weather is foul, as it is so often in winter, an automatic washer and flameless electric dryer guarantee a constant supply of fresh-smelling, fluffy-dry clothes. With your own automatic electric laundry, you just pop the family wash in the washer, set the dial and go about your other chores. Drying clothes is no problem either—pop them in—set the dial—then do some other little chore for the family, you have been "putting off." So remember, in fair weather or foul, your best friends are an automatic washer and flameless electric dryer.

## Miss Cheryl Fedric, Bride-Elect Feted At Tea-Shower

Miss Cheryl Fedric, daughter of Mr. and Mrs. Steve Fedric, bride-elect of Gary Adams, son of Mr. and Mrs. Raleigh Adams, was honored at a tea-shower Saturday afternoon, April 23.

Guests were greeted in the home of the hostess, Mrs. Frank Phelan, Jr. In the receiving line with the hostess were Mrs. Steve Fedric, mother of the bride-elect, Miss Cheryl Fedric, honoree, and the prospective groom's mother, Mrs. Raleigh Adams.

Mrs. William O. Mooring, co-hostess, presided at the guest book where friends registered.

Flowers throughout the entertaining rooms featured the bride's chosen colors of blue and yellow. The tea table was covered with a blue net, satin trimmed cloth, centered with blue Dutch Iris, yellow daisies, and Bridal wreath, flanked by yellow tapers and surrounded by Laliqne crystal birds. Refreshments of yellow peti-fours, applets, blue and yellow rose-shaped mints, nuts, and golden pineapple punch were served from cut-glass crystal containers to the guests by co-hostess, Mrs. T. M. Caldwell, Jr.

Following the visitation time, friends attending enjoyed with the bride the lovely linen-lingerie gifts sent and presented to the charming bride-to-be. —Rep.

## HEDLEY DELEGATES TO ATTEND STATE FHA MEET

Mrs. Sue Shields and students, Jamie Evans, Pam Myers, and Joan Leggett left today, Thursday, to attend the State Home-making convention to be held in San Antonio.

## Young Homemakers Enjoy Dinner Party Thursday Evening

The Clarendon Chapter of Young Homemakers entertained their husbands and guests in the dining room at Mrs. Bromley's Thursday evening, April 21, with a dinner and games party. Tables were centered with red carnations which is the flower of the organization.

Following the delicious meal the tables were cleared and Tri-poli, Password, and Forty-Two were enjoyed by Mr. and Mrs. Eddie Orsak, Mrs. Delbert Reed, Mr. and Mrs. James Semrad, Mr. and Mrs. Harold Lindley, Mr. and Mrs. Emmett Bobbitt, Mr. and Mrs. Bobby Cole, Mr. and Mrs. Keith Schollenbarger, Mr. and Mrs. Ronald Wood, Mr. and Mrs. Campbell Morris, Mr. and Mrs. Fred Bourland, and guests Mr. and Mrs. George Wayne Estlack and Mr. and Mrs. John Gillham. —Rep.

## BRIDAL SHOWER HONORS MRS. TINSLEY MULLINS

Mrs. Tinsley Mullins, the former Nancy Shaw, was honoree at a bridal shower Saturday afternoon in the Bank Committee Room at Hedley.

Misses Thava Davis and Janice Floyd dispensed punch from a table laid with a white linen cloth. A miniature bride and groom centering a floral arrangement of blue carnations and white bridal wreath in a crystal bowl provided the decor. Miss Brenda Winn presided at the register.

A lovely display of useful gifts was arranged. Ladies of the Methodist church served as hostesses. —Rep.

## Mrs. W. W. Noblet Hosts Annual Pathfinder Tea

Friday, April 22, Pathfinder celebrated its fifty-fifth anniversary with a tea in the home of Mrs. W. W. Noblet. Members and guests were welcomed by Mrs. Noblet and Mrs. C. T. McMurtry, club president.

Mrs. R. S. Brumley registered guests the first hour and Mrs. C. E. Bairfield the second. Lively conversation and a tour of Mrs. Noblet's unique and lovely home made the hours from 3 to 5 pass very quickly.

Tea was served from a table laid with a white linen cut-work cloth and centered with an arrangement of yellow rosebuds, yellow daisies, and candy tuft. Appointments were silver. Mrs. L. N. Cox presided the first hour and Mrs. Gayle Neal served through the second hour.

Sixty-four members and guests enjoyed this annual tea and were profuse in praise of Mrs. Noblet's generosity in offering her home for their enjoyment.

Hostesses for the afternoon were Mesdames Heckle Stark, Fred Buntin, George Benson, Joe Goldston, and W. H. Cooke III.

The next meeting is the final one for the 1965-66 club year. This meeting will be held May 13 at Patching Club House. —Rep.

## Hedley Sodalitas Club Observes Guest Day

The Sodalitas Club of Hedley observed guest day Thursday evening, April 21, with a salad supper in Lions Den.

The theme, "Around The World" was carried out with the hall decorated with maps and flags of all nations. The long tables were covered with white cloths and marked by yellow roses extending down the center. Globes and international dolls were placed at intervals to complete the decor.

After the invocation was pronounced by Sue Weatherly a delicious salad supper was enjoyed by guests and members.

Guests were dressed to represent international characters with some very clever costumes worn. Mrs. Letha Springer, club president, introduced Mrs. D. L. Kinnard and her sister, Mrs. Lucile Wright of Memphis, who presented the program. Mrs. Kinnard showed films of her world travels which were most interesting and were enjoyed by all. She was presented a gift from the club in appreciation. —Rep.

## CHAMBERLAIN CENTER NEWS

## LOCAL FHA DELEGATES TO ATTEND STATE CONVENTION THIS WEEK

Three members of the local chapter of Future Homemakers of America will attend the state meeting of the Texas Association of Future Homemakers of America to be held in San Antonio April 29-30. The meeting theme for delegates from the 1,406 FHA chapters throughout the state will be "Citizenship—Youth's Greatest Challenge."

Members of the Clarendon Chapter attending will be Beth Bourland, president, Sandra Longan, and Kathy Mears. Kathy Mears has been selected as voting delegate by her chapter with Sandra Longan as alternate. Beth Bourland will receive her State Degree.

Mr. and Mrs. Fred Bourland will accompany the girls to the San Antonio meeting.

## YOUNG HOMEMAKERS TAKE PART IN CLOTHING EVALUATION PROGRAM

Members of the Clarendon Chapter of Young Homemakers have accepted an invitation to participate in an evaluation of Clothing Construction units taught in the high schools of Texas. The purpose of the program is to determine their ideas of its usefulness as well as to help understand the emphasis that should be placed on Clothing Construction in Homemaking classes today.

This study is being directed by Mrs. Thelma Maxey, a graduate student in the school of Home Economics at Texas Technological College. Studies of this type are used to upgrade the Homemaking program and to keep the curriculum up to date.

## ASHTOLA NEEDLE CLUB

The Ashtola Needle Club met Thursday, April 21, at the club room. The hostess served sandwiches, cake, coffee, and tea to two visitors and fourteen members.

## NEW PORK CHOP COOKERY RESEARCH

A recent report on pork chop cookery research supported by the National Live Stock and Meat Board yields some interesting results, says Mrs. Glen Clyatt, Texas A&M University Extension consumer marketing specialist.

The research consisted of varying thicknesses and cooked by broiling, skillet-braising, and oven braising. The chops were cooked to varying internal temperatures or degrees of doneness and were evaluated for such factors as tenderness, flavor, juiciness, aroma, appearance and cooking loss.

In carrying out the research, loins similar in marbling, muscling and size of loin eye were selected and divided into three sections: shoulder, rib and center loin. The chops ranged in thickness from ½ to 1½ inches. More

than 75 pared loins were used in the study.

The study revealed that juiciness, moisture, cooking time and cooking losses seem to be the elements most affected by the variables utilized in the study.

In the broiling study, juiciness and moisture tended to increase in thicker pork chops, but the thicker pork chops also took longer to cook and had greater cooking losses. The quality factors — tenderness and flavor — were not affected by the internal temperature to which the chops were broiled, either.

Chops braised to 170° F. internal temperature were acceptable. Braising to a higher internal temperature increased cooking loss and time. Adding water in skillet-braising had little effect on eating quality, cooking loss or cooking time, but decreased the degree of brownness of the cooked chops.

In skillet-braising, it was observed that while braising chops to a higher internal temperature increased cooking time and loss and decreased juiciness, it increased flavor desirability slightly with some cuts used in the study.

Texas Water Pollution Control Board will send a representative to the Rio Grande Valley to consult on cleaning up the Arroyo Colorado Watershed from Harlingen area to Gulf of Mexico.

I wish to "Thank" each one who made my stay in the hospital easier. Too, for the many thoughtful deeds, the beautiful flowers, food, gifts, and many cards sent during these past weeks.

May God bless you for your kindness.

Mrs. J. N. Weaver

Words cannot adequately express our deep appreciation for the many kind and sympathetic acts that came to us at the time of our recent bereavement.

## STATE CAPITAL Highlights AND Sidelights by Vern Sanford

As State agencies charged with meeting the Federal deadline of submitting a Texas Water Plan by June, 1967, "wade" through all obstacles in the path of that plan, "water" is the topic at every turn in the capital city.

A unique statewide water plan of importance to all areas of Texas will be unveiled within the next few weeks.

In a brief preview, water experts revealed that the overall 50-year plan will cost more than \$2,000,000,000. Joe M. Kilgore, chairman of the comprehensive water planning advisory committee, said the proposals are "broader than ever before attempted by any government."

Joe G. Moore, Jr., executive director of the Texas Water De-

velopment Board, said the plan will propose redistribution of water from surplus areas of north-eastern Texas. Recommended diversion would follow the Trinity River, the Brazos River and a canal down the Texas coast.

Moore estimated cost of waste treatment facilities alone to bring stream "return flow" (for reuse) to acceptable standards at \$740,000,000. Figure would include regional treatment systems for both municipal and industrial wastes.

No other state, said Chairman Kilgore, has attempted to so include in one massive effort all aspects of water planning touching on its entire economy and cultural life.

ATTORNEY GENERAL SPEAKS  
—State Savings and Loan Depart-

ment has authority to decide whether a business not under its regulation may use the term "savings" as part of its name, Atty. Gen. Carr ruled.

In other recent opinions, Carr concluded that:

- Newly-authorized farm machinery exemption from motor vehicle inspection requirement does not necessarily include trucks and jeeps used on farms.

- Board of Economic Opportunity of Laredo and Webb County can hire relatives of its members without violating the State's nepotism laws.

- A constable who advertises he won't work traffic accidents has not neglected his duty, but an actual refusal to attend such accidents where there is reason to believe a violation has occurred does constitute neglect.

- A justice of peace may appoint counsel for an indigent in an examining trial, but a section of the criminal code permitting inclusion of fees for appointed lawyers in court costs is unconstitutional.

- Appropriations for construction of a museum building at Washington State Park cannot be used for repairing or restoring historic buildings already at the park.

- A person placed on probation cannot get fine and court costs back on completion of probationary period.

- Unclaimed property in hands of peace officers for 30 days is to be sold (does not apply to intoxicants or autos).

- Wilbarger County Hospital District (but not county commissioners) has authority to buy land for community center for mental health and retardation services to be operated by the state.

- July 20 deadline for setting tax rate is applicable to Brazoria County.

APPOINTMENTS — Gov. John Connally appointed Lewis H. Bond of Fort Worth, Robert W. Whipkey of Big Springs and William B. Blakemore of Midland to new State Judicial Qualifications Commission.

Connally named as representative to the 15th annual Legislative Work Conference on Southern Regional Education, July 27-30:

Sens. Tom Creighton of Mineral Wells, Jack Hightower of Vernon and Culp Krueger of El Campo and Reps. Don Cavness of Austin, Lee Duggan Jr. of Houston, Gene Fondren of Taylor, James E. Klager of Corpus Christi, Felix L. McDonald of Edinburg, Rayford Price of Frankston and Reed Quilliam of Lubbock.

Joe Edgar Wright of Brownwood, succeeds George L. Carver, who retired April 15, as head of the Texas Highway Department Planning Survey Division.

HEARING SET — State Supreme Court agreed to hear arguments on May 11 on petitions of two sulphur companies that Land Commissioner Jerry Sadler should be required to file their Pecos County claims.

Sadler maintains Duval Corporation of Houston and Piper Petroleum Company of Delaware are trying to get authority to mine sulphur for 50 cents an acre on state land worth \$2,000 an acre. He also contends 1895 and 1919 State laws under which the companies filed no longer are applicable and were replaced by sealed bid statutes in 1931.

Court ordered Sadler to postpone his scheduled May 3 opening of bids until it reaches a decision on the May 11 hearing.

DRAFT QUOTA DROPS — Texas' draft quota for June is the lowest in a year — 712.

Last June's quota was 670, according to Texas Selective Service headquarters. Allotment ran to nearly 1,000 for seven months starting in September, dropped to 979 in April and rose to 1,642 for May.

Nationwide quota for June (for the Army) is 15,000.

PLANNING PROGRAM IS LAUNCHED — First of "exploratory conferences" with major state agency heads will begin April 28 as a step toward development of a coordinated state planning program for greater economy and efficiency in overall government administration. Study was authorized by the 1965 Legislature.

Members of the governor's staff and the planning consultant firm of Harold F. Wise/Robert Gladstone and Associates will conduct interviews with Department directors. Firm was employed with part of funds from a \$65,744 Federal grant for purpose of developing information for the planning program.

### PREVENTION IS KEY TO CURBING ACCIDENTS

Kitchen safety is no accident. It requires careful planning and good work habits, according to Mrs. Wanda Meyer and Mrs. Elsie Short, Texas A&M University Extension home management specialists.

Here are some suggestions for staying safe in the kitchen.

Reduce the probability of a fall by wiping up all fat spatters and spills as soon as they occur. Avoid excess wax, and buff the floor well following each waxing.

Use a steady stool for reaching

high objects. If tightening all screws and bolts does not make the stool firm and steady, it's time to replace it.

Many burns—another cause of serious accidents—can be prevented. Store lifting tongs close to the cooking center. Pot-lifters for handling hot utensils should be kept close to the oven. Mitts serve well for this—just be sure they are well padded. Keep utensil handles and tea-kettle spouts turned toward the back of the stove and out of all traffic lanes where they might get upset.

Tighten all utensil handles reg-

ularly. A loose handle or one that turns is a frequent cause of burns the specialists caution.

Safe storage and careful use of knives and can openers can help reduce the possibility of cuts. Guard against fatigue. Remember that too much haste makes people more accident prone.

Store sharp knives separately, and preferably in a holder. Use a cutting board whenever possible. Establish the good habit of cutting away from yourself.

All electric cords, plugs and switches should be checked reg-

ularly. Repair or replace them as needed.

**DEFERRED GRAZING PROVES PROFITABLE**

May ranchers think of deferring grazing as a loss of grazing. Research and experience show that deferred grazing increases the amount of grass produced. One experiment carried out on blue gramma and buffalo showed the following results.

1. Ungrazed range produced 1800 pounds of dry grass per acre.
2. Grass clipped off every 6 weeks produced 1450 pounds of grass per acre.
3. Grass clipped every 4 weeks produced 1300 pounds per acre.
4. Grass clipped every 3 weeks produced 1100 pounds of grass per acre.
5. Grass clipped every 2 weeks produced 575 pounds of grass per acre.

The reason that ungrazed grass produces more is that 95% of the weight of grass plants comes from the carbon, hydrogen, oxygen and water in the air. These elements are taken in through the leaves. The more leaves you have the more elements that are taken in. Minerals from the soil make up about 5% of the weight of the plant.

Deferred grazing allows the low vigor plants to increase in size

and build a strong root system. This is especially true following brush control where you have stunted - low vigor grass plants. Experience and research show that if you have two pastures that will safely carry 20 head per pasture the year around, the 40 head can be put in one pasture during the growing season and the other pasture can be deferred during the growing season. After the growing season the 40 head can be put on the deferred pasture during the winter months. The local office of the Soil Conservation Service can assist you in working out a deferral plan.

**NEMATODES MAY DAMAGE PLANTS**

Most plants grown around the home and in vegetable gardens are subject to damage from plant parasitic nematodes. The most common type and perhaps the most damaging is the root knot nematode which causes knots or galls on the plant's roots. They can be controlled, says County

**CRAWFORD MARTIN**  
FOR ATTORNEY GENERAL

Agent Ronald Gooch, by the use of certain chemicals and cultural practices.

Nematodes just don't happen. They are brought in on infested transplants, in contaminated soil or on equipment. They may also be carried in water washing down a hillside.

It is easier to keep nematodes away from the home grounds than to control them once they become established, explains the county agent. Their elimination is next to impossible, once they are present in damaging numbers.

Chemicals have been developed which will reduce nematode populations and permit the growing of a crop for a season. These chemicals are known as nematocides and come in gas, liquid or granular forms. The county agent says the granular form is usually more satisfactory for use around the home since they are safe to use and are not damaging to most plants.

Growers may find these materials under such trade names as Nematode Killer, Nema-X or Nema-Kill. A one-pound can will usually treat about 120 linear feet of row space or 120 square feet in a block, says Gooch.

In the vegetable garden, the material should be applied in a trench 6 to 8 inches deep and immediately covered with soil. Gardeners are reminded that these materials are toxic to plants of the onion family and should not be used on rows where these crops are planted. Label instructions should be carefully followed.

says the county agent.

When plants in the home landscape need treating, Gooch suggests punching holes or digging a trench around the plant's base and applying the recommended dosage. Follow with a generous watering. Use the chemical at the start of the growing season. For more details, a visit with the county agent is suggested.

### EDITOR AND WIFE ATTEND PPA MEETING IN AMARILLO

Editor and Mrs. G. W. Estlack attended a meeting of the Panhandle Press Association held in Amarillo Friday and Saturday. An interesting program was presented along with a variety of entertainment.

Several outstanding speakers took part on the program. Opening the Friday morning program Paul Haney, News Director for NASA, gave a resume of the Space program from its beginning to the present time, showing films of various phases and offering those in attendance an opportunity to ask questions in regards to the space program and possibilities extending into the future.

Saturday morning the group of editors and those interested in the newspaper business were privileged to have a panel of educators headed by Superintendent Johnny Clark of Hereford discuss Schools and the News. Appearing on the panel with Supt. Clark were Supt. Ray Schultz of Olton and Supt. Freeman Melton of Panhandle. Supt. Clark stressed the need for a strong administration and the fact that the public should be kept informed in regards to the school program. He was supported on these points by others on the panel who took up the problems of whose responsibility it was for reporting school activities and the question of publicity regarding athletics.

After a delightful interlude of musical selections presented by the Sourdough Singers of Mador following the Saturday luncheon, the fine program was climaxed by an address by Lt. Col. John C. Hughes who gave first hand information on the war being waged in Viet Nam.

### Jaycee-Ettes Plan Free Eye Check For Pre-School Children

Members of the Clarendon Jaycee-Ettes will screen pre-school children ages four through six for visual problems on May 14. The screening will be held from 2 to 4 p.m. at the Cafeteria.

This program is being coordinated and co-sponsored by the Texas Society for the Prevention of Blindness and the Clarendon Jaycee-Ettes. Volunteers from the Jaycee-Ettes were given an 8-hour training course for this program on March 15 and 16 by Miss Betty Kimmey, Assistant Executive Director, Texas Society for the Prevention of Blindness, Inc.

The Texas Society stresses that

the volunteers were not taught diagnostic techniques, but were trained to administer a simple vision test to preschool age children. Failure of the test by a child is merely an indication that the child may have a visual defect. Letters will be sent to parents of these children recommending that their child be taken for a complete medical eye examination.

One of the major eye defects which should be detected and treated as soon as possible is amblyopia or "lazy eye blindness". This defect can result in permanent visual damage unless treated before a child reaches age seven.

Amblyopia is when one eye is defective and the child uses only the good eye, thus preventing the total development of vision

in the weaker eye. There will be no charge for this service and all parents are urged to bring their pre-school children for the screening program.

### FORMER RESIDENT RETIRES

Clifton Ingram, brother-in-law of Chas. Speed and a resident of Clarendon some 38 years ago, has recently retired as South Gate's Building Inspector. This marked the end of some 30 years of service with the city in California. Anticipating his retirement, Ingram has purchased a pickup truck and camper and he and his wife plan to see America. Included in their plans are a trip to Northern California, Wyoming, a visit with their three children, all residents of California, and fishing trips in coastal waters.

### PORTER AND LOWE EXPRESS APPRECIATION FOR WORK IN FIRE

Bill Porter and Bill Lowe are taking this opportunity to express their thanks and appreciation to the Clarendon Volunteer Fire Department for the prompt and efficient manner in which they responded to the fire at their ranch last week. They also express their appreciation for the help given them by neighbors. The aid of all helped hold the damage to a minimum.

2/Lt. David Pitts left Monday for Ft. Benning, Ga. for a three week training course and will then be transferred to Ft. Knox, Ky. He spent last week here with his parents, Mr. and Mrs. C. A. Pitts.

Leader Out-of-County Rate — \$4.50 a Yr.
