Large Turnout Of Voters Expected For First Primary Election Saturday

Funds Needed Now For Cemetery Care

The growing season has arrived and with it the responsibilities of keeping our Citizens Cemetery well cared for. Funds for this maintenance are provided by the contribution of family and friends of loved ones who are resting there. An appeal is being made at this time for contributions so that our Cemetery may be well kept throughout the growing period.

Contributions may be mailed to any of the trustees: Lee Bell, Homer Bones, or Chauncey Hommel.

Our cemetery has grown, at a rapid pace, and more and more work is required to maintain the grounds and graves so that they are in a well-kept condition at all times.

B. C. Antrobus has been working on a project to install markers on the graves of all Ex-Service men in the Cemetery. There will be about a hundred of these marked by Memorial Day. There are several yet unmarked and if you know of anyone interested in this, please contact Mr. Antrobus.

If you have not made your annual contribution to the Cemetery Fund this year, please do so as soon as possible so that the work schedule may continue.

TROOP 33 SCOUTS TO SPONSOR BAKE SALE SAT.

Troop No. 33 of the Boy Scouts will sponsor a bake sale Saturday, May 7, at Junior's Food Store. A variety of pies and cakes will be prepared for your selection.

This offers an ideal opportunity for Mother's to be relieved of week end baking as Sunday will be Mother's Day and this occasion usually calls for a special treat. Treat Mother by buying a cake or pie from this Troop of Boy Scouts. Proceeds will go toward financing Troop activities.

Donley County voters are expected to turn out in full strength to cast their ballot in the first Democratic Primary Saturday, May 7 due to the interest built up in several contested races on the local level as well as the state. This is also indicated by the 53 absentee votes which had been cast before the deadline.

Mary Cooke, County Democratic Chairman, announced that the Canteen and Lions Club Hall would be used to handle the voting in Precinct 2 which includes Clarendon. Those living West of Main Street will vote at the Lions Club Hall and those living east of Main Street will vote at the Youth Canteen. Both buildings are located to the west of the Post Office. The north building is the Canteen.

Richard Tunnell has announced the Tunnell Pharmacy will hold the election party as usual, posting results on the big blackboards in front of the Rexall Store as returns come in. A sample ballot is being published in this issue of the Leader thru the courtesy of Bill Todd for the convenience to voters who wish to look the list over before going to the polls.

In contested state races, John Connally is opposed by Stanley C. Woods and Johnnie Mae Hackworth in the governor's race; Preston Smith is opposed by Bill Hollowell for Lt. Governor; Waggoner Carr and John R. Willoughby are both new candidates for U.S. Senator; and James R. Crawford Martin and Franklin Spears are all new candidates for Attorney General; Jerry Sadler is opposed by Fred Williams for Commissioner of General Land Office; Paul B. Haring, P.S. Ervin and Byron Tunnell are candidates for Railroad Commissioner; John F. Onion and W. T. McDonald are candidates for Court of Criminal Appeals and J. M. Red Simpson is opposed by Warren E. Zimmerman for State Representative, 81st Legislative District. Grady Hazlewood, senator for this district is unopposed as is Cong. Walter Rogers.

On the county level we have five contested races which are expected to draw out the voters. There are three new candidates in the race for County Treasurer, Mrs. J. S. (Nina) Dale and Mrs. Yvonne King on the ballot and Mrs. T. W. (Dub) McAnear as a write-in candidate. There are four new candidates in the race for County School Superintendent; Listed on the ballot are Maurice Risley, M. L. (Bill) Todd and J. C. Stepp. Willard Edgett is a write-in candidate for the office. There are two in the race for Justice of the Peace, Precinct 2 with Carroll L. Lewis listed on the ballot and R. M. (Dick) Chunn, incumbent, running as a write-in candidate.

In the race for County Commissioner of Precinct No. 2, John W. Swinney, incumbent, is opposed by H. G. Bobbitt and Roy B. Blackman. Jess Finley, incumbent, is opposed by Bernard McClellan in Precinct 4. Other county races are uncontested.

Those who choose to vote for a write-in candidate are reminded to scratch all other names listed for the office at the time they write in the candidate's name or the vote will not be counted.

Every qualified voter is urged to go to the polls and vote Saturday for the candidates of your choice. This is your opportunity to express your desires in the operation of your government. Go to the polls early and help make it possible for an early tabulation of final results.

Mr. and Mrs. Geo. H. McCleskey of Lubbock visited friends and relatives in Clarendon through the week end. Mr. McCleskey is Justice of the Peace there.

Funeral Services Held Sunday For Cap Morris

Funeral services for Carl Bernard (Cap) Morris, a long-time resident and civic leader in Clarendon, were held at the First Methodist Church Sunday afternoon, May 1, with Rev. Bob Ely, pastor, officiating. Masonic graveside rites and interment were in Citizens Cemetery.

Mr. Morris, who was to have been honored at groundbreaking ceremonies at the Greenbelt Dam Saturday afternoon, died at his home in Clarendon Friday afternoon. He was 77 years of age. He was one of the first to visualize plans for the Greenbelt Dam project and was instrumental in seeing the dam reach the planning stage in about 1955.

Born in Chapel Hill February 8, 1889, Mr. Morris moved to Clarendon in 1908. He attended Clarendon College and on February 7, 1920 was married to Miss Lena Mae Miller in Clarendon. He was a veteran of World War I and served on the Ration Board during World War II. He was a past president and director of the Federal Land Bank, had served on the Donley County Soil Conservation Board for the past 15 years, and was a member of the National and the Southwest Galloway Association.

He was also a member of the Clarendon Masonic Lodge, Order of Eastern Star, American Legion, Clarendon Lions Club, and the First Methodist Church. He was preceded in death by his wife and a son, John Miller Morris.

Surviving are two daughters: Mrs. Naomi Green of Clarendon and Mrs. Mae Naylor of Thalia; a son, Carl B., Jr. of Seabrook; sisters, Mrs. Jack Meeker, Mrs. J. M. Jackson, and Mrs. Will Bowers of Fort Worth; brothers, Fred of Fort Worth, John of White Deer, and Louis of Samona, Calif.; also sixteen grandchildren.

Pallbearers were Marion Garland, Johnnie Leathers, Clyde Price, Jr., Chauncey Hommel, Maurice Risley, and T. M. Caldwell, Jr. Arrangements were under the direction of Murphy Funeral Home.

MOTHER OF DR. STEWART DIES IN WASHINGTON

Mrs. J. J. Stewart, mother of Dr. J. Gordon Stewart of Clarendon, died in Seattle, Washington Saturday night. Funeral services and burial were held there Tuesday afternoon.

Survivors other than Dr. Stewart include another son, two daughters, several grandchildren, and several great grandchildren.

VISITS LEADER OFFICE

William E. Berger of the Texas Water Rights Commission and publisher of the Hondo Anvil Herald at Hondo, Texas was a visitor Saturday in the office of the Donley County Leader. Estlack and Berger served as directors in the Texas Press Association and Berger is a past president of the association.

Approximately 200 area citizens and dignitaries braved the rain and cold weather to attend ground-breaking ceremonies at the Greenbelt Dam site last Saturday afternoon. As you can see here by the turned soil, many local citizens put a spade in the ground along with the dignitaries. Among dignitaries attending the ceremony were, left to right: Senator Andy Rogers, Clifford Johnson, Greenbelt directors; Howard B. Boswell, Austin and Marvin Shurbet, Petersburg, of the Texas Water Development Board; William E. Berger, Texas Water Rights Commission; Dr. S. H. Townsend, President of Greenbelt; Wendell Harrison, director; W. Carroll Knorpp, Vice-President of Greenbelt; James R. Nichols of Fresse, Nichols and Endress Engineers; W. J. Lowe, Greenbelt Attorney and Secretary; and State Representative J. M. Red Simpson. Cap Morris, one of the first promoters of the Greenbelt Water Authority, was to have been honored at the ground-breaking Saturday but died suddenly at his home Friday night.

Forty Girl Scouts and several of their leaders were in this group gathered at the Canteen Friday afternoon, April 29. All were in readiness to leave for Camporee held at Shamrock over the week end. For most of these Girl Scouts this represented their first Camporee. We understand that the cold, wet weather cut the Camporee short and the girls returned home before the scheduled time. Their spirits were not daunted though for they are eagerly looking forward to the next such event.

LOCAL MAN SERVING IN VIET NAM AREA
Pfc. Melvin Moore, Jr., son of Mr. and Mrs. Melvin Moore, Sr. of Clarendon, who has been serving with the 67th Medical Group in the Dominican Republic, left for Viet Nam March 6 and arrived there April 5.

Candidates for statewide offices are getting set for the final week of their campaign. Democrats will vote at their May 7 primary for seven statewide offices.

Spotlight has been on the race for attorney general. Candidates are Galloway Calhoun of Tyler, Crawford Martin of Hillsboro and Franklin Spears of San Antonio. Spears pledges efforts to improve law enforcement. Martin is emphasizing his 27 years' experience as a lawyer and his long service as state senator and secretary of state. Calhoun identifies himself as the "only real conservative" in the race.

All three candidates are eyeing the large number of voters who apparently are undecided despite their long campaigns.

Gov. John Connally, seeking a third term, virtually has ignored attacks on his administration by Stanley C. Woods of Houston. The third candidate for governor, Johnnie Mae Hackworth of Brenham, has not actively campaigned.

Bill Hollowell of Grand Saline, running as Wood's ticketmate, is opposing Lt. Gov. Preston Smith.

POPULATION—Texas is growing at the rate of 1.5 per cent a year, UT's Population Research Center reports.

An estimate of population shows that there were 10,366,141 Texans on April 1, 1965. This is a gain of 756,464 over the 1960 census.

Irrigated farming areas in the High Plains produced the two fastest growing counties — Randall and Deaf Smith. Respective growth rates are 7.7 and 7.1 per cent a year. Hartley County, in the top of the Panhandle, has gained 7 per cent a year.

But Texans still are moving to town. Study shows that the 21 metropolitan counties, which contain cities of 50,000 and more, gained 497,374 of the total. Only three of the 21 failed to gain. They are Midland, Ector and Cameron Counties.

POLLUTION — Population growth essentially is to blame for growing problems of stream pollution. For example, the State water plan, soon to be released, predicts that Fort Worth and Dallas will be discharging 750,000 acre feet of waste a year into the Trinity River.

This prediction has the Texas Water Pollution Control Board looking for ways to require cities and industries to treat their wastes so they will not cause pollution. Board must adopt a plan for maintaining good quality water in all Texas streams by June 30, 1967, or Federal agencies will take over the job.

Coordinating Board, Texas College and University System, has appropriated \$25,000 to be used with matching money from the Pollution Control Board, to devise a work plan for a \$4,000,000 study of how to keep the Galveston Bay System clean.

COLLEGES—Population growth produces more college students. Coordinating Board forecasts that enrollments in 17 state colleges and universities will double by 1978 — from 115,015 to 260,097.

This determination was made for the purpose of splitting up the \$156,000,000 Texans will pay in the next 12 years on the 10-cent per \$100 ad valorem tax to finance college buildings at the 17 schools. Schools in the University of Texas and Texas A&M Systems get their building money from their permanent fund endowment.

A \$20,000,000 bond issue to finance the first two years of student loans under an overall \$85,000,000 state program was approved by the Board.

HIGHLIGHTS & SIDELITES ... **TOURISTS** — Texas Highway Department reports that 12,688,000 tourists visiting Texas by car in 1965 spent \$613,148,000—16.4 per cent more than in 1964.

Governor Connally, pushing for tourism, pointed out that when air, train and bus visitors are added to the total, it shows that \$907,000,000 was spent by the visitors.

WT SPEECH AND MUSIC DEPARTMENTS ASSIST IN PRODUCTION

West Texas University Speech and Music departments will assist in the production of "Texas", the musical drama which will play this summer in the Pioneer Amphitheatre of Palo Duro Canyon. Members of the cast of "Texas" may enroll for one or more semester hours' credit in the production. It is hoped that additional departments of instruction at WTSU may join in the program in the future.

400 CANDIDATES LISTED FOR DEGREES AT WT

Some 400 students at West Texas State University have been listed as candidates for degrees by Dean Walter H. Juniper. Degrees will be conferred at the May 22 convocation.

Included on the Dean's list were Billy Thomas of Clarendon, candidate for the Master of Arts degree; Jon Leggett of Hedley, candidate for the Bachelor of Science; and Max Courtney of Wellington and a former Clarendon College student, candidate for the Bachelor of Science degree.

CARDS OF THANKS

We want to thank each and everyone for all the nice things done for us while Chester was in Memphis Hospital and since he has come home. May God bless you all.

Mr. and Mrs. Chester Martin

I wish to "Thank" each one who

made my stay in the hospital easier. Too, for the many thoughtful deeds, the beautiful flowers, gifts, and many cards sent during these past weeks.

May God bless you for your kindness.

Mrs. Clyde Gilbert

Mr. and Mrs. Darrell Brogdon and children and Viola Clifton, all of Amarillo were guests Sunday in the home of Mr. and Mrs. J. H. Helton.

LOCAL MAN SERVING IN VIET NAM AREA
Pfc. Melvin Moore, Jr., son of Mr. and Mrs. Melvin Moore, Sr. of Clarendon, who has been serving with the 67th Medical Group in the Dominican Republic, left for Viet Nam March 6 and arrived there April 5.

Pfc. Moore graduated from Wellington High School in 1961 and entered the service in January of 1965. He received his basic training at Fort Polk, La. and was sent to Fort Monmouth, New Jersey where he continued his training in Meteorology and Signal Training. He returned to Texas and trained at Fort Sam Houston, San Antonio before assignment to the Dominican area.

He also emphasized the need for more recreational facilities at major reservoirs during the dedication of Canyon Dam on the Guadalupe River.

AG RULINGS—A county sheriff or his deputies may not contract with an incorporated city to provide it police protection which are performed regularly by police officers or city marshals. Atty. Gen. Waggoner Carr so advised Galveston County District Atty. Jules Damiani Jr.

In other opinions Carr concluded that:

- In order to obtain a Texas license to practice chiropractic, it's immaterial whether an applicant has passed an examination conducted by the National Board of Chiropractic Examiners.
- Only the territory that was in Justice Precinct No. 2 of Denton County, when voters legalized sale of beer in 1935, legally is wet. Precinct was enlarged in 1948, taking in part of a dry precinct.
- Lamar County Hospital District has no authority to convey any of its land to the county as site for a building of house welfare agencies.

EMERGENCY PLAN ACCEPTED—A committee named to draw up a plan for management of natural resources in the event a nuclear attack knocked out federal controls presented its report to Governor Connally.

Areas covered by the plan include construction, economic stabilization, electric power, food, petroleum and gas, health, transportation, water, industrial production, housing and manpower.

Connally requested the Emergency Resources Planning Committee to remain in operation 60 days longer.

OEA APPROVALS—Governor Connally has announced approval of seven projects under the Economic Opportunity Act.

Projects are: Jim Wells County, \$69,198; Matagorda, Brazoria and Fort Bend Counties, \$64,560; Harrison-Panola Counties, \$24,217; Victoria, \$13,459; Cottle, Foard, Hardeman and Wilbarger Counties, \$11,046; Nacogdoches, \$7,692; and Castro County, \$27,477.

OIL OUTPUT BOOSTED AGAIN—Texas Railroad Commission raised the limit on all production to 35 percent of potential — highest point for the month of May in seven years.

Allowable was boosted due to increasing demand and decreasing stocks on hand.

New allowable is an increase of 75,700 barrels a day over April.

worms, can and will find a method to eradicate worthless brush. But let's not overlook the immediate brush problem.

Soil Conservation Service surveys show that worthless brush is increasing and is a problem on 82 percent of the range land area in Texas. Research has shown that a mesquite tree uses approximately 1800 pounds of water to produce one dry pound of mesquite.

On the other hand, sideoats grama, one of the most widespread and better forage grasses, uses only about 700 pounds of water per pound of dry matter, and ble gramma about 600 pounds. For every pound of mesquite produced approximately 3 pounds of grass could be produced. Other species of brush do not use as much water as mesquite, but this is water wasted that could produce good grass.

Government assistance is available for most approved methods of brush control. Technical assistance can be obtained thru the local Soil Conservation Service Office in determining the most economical method and proper time of control.

PEACE OFFICERS TO CONVENE AT BOYS RANCH

Thursday, May 12, the United Peace Officers of America will convene at Cal Farley's Boys Ranch for their 12th annual meeting. Officers are expected to be present representing a four-state area.

\$34 more profit from each bag you plant... PIONEER Sorghum

Official Texas A & M yield tests in the Panhandle prove it!

That's right... Pioneer hybrid 820 out-yielded 18 other top-rated hybrids by an average of 400 pounds per acre in official Texas tests. That's an extra 2,000 pounds of grain worth \$34 from each bag planted.

Hybrid 846 did almost as well in comparison with 12 other widely advertised hybrids of similar maturity. It beat them by an average of 300 pounds per acre.

These figures, based on more than 300 official comparisons from 1962-65, prove Pioneer hybrid sorghum is the high-profit brand. See me for more details and Pioneer seed.

SOIL CONSERVATION DISTRICT NEWS

It is nearing the time of year when Donley County ranchers and farmers should be thinking about brush control. Aerial spraying of mesquite should be done when plants are in full foliage; this is usually 40 to 90 days after first leaves appear. This is also true for sand sage brush and shinnery except full foliage will usually be about 30 days following first leaves. The reason for this procedure is that chemical sprays used in brush control are growth hormones that cause plants to grow themselves to death. Control measures should be applied during the most vulnerable period in the plants life. This period is just after the plants are in full foliage and just before they have had time to manufacture plant food in the newly formed leaves. The practice of mowing sand sage brush should be done during this period also.

Brush Control is not "Brush Eradication". Many ranchers that have brush problems are waiting for the day when a sure-fire method of brush eradication is perfected. Research is moving rapidly in this direction but is still a long way off. Any nation that is capable of sending rockets to the moon and controlling screw

Hundreds of Visitors Honor Mrs. H. C. Brumley at Open House

Art lovers of Clarendon were given a rare treat the afternoons of April 30 and May 1 when the Farmers State Bank honored Mrs. H. C. Brumley on her 90th birthday by sponsoring an exhibit of her works for the enjoyment of the public.

In an adjoining room hand painted china was shown from a table laid with a handsome lace cloth made by Mrs. Brumley over a period of two or more years. For this cloth, she made her own design and worked pieces of lace given as gifts from friends, into the design.

Assisting with the celebration were friends and members of the family of Mrs. Brumley. Mrs. C. E. Bairfield was hostess in the china room assisted by Mrs. Lee Nowlin of Plainview.

Refreshments of coffee and cookies were served in the Hospitality Room from a table laid with a green and white striped cloth and centered with an arrangement of spring flowers that were predominantly yellow. Yellow candles rose from the center of the arrangement.

Saturday afternoon, Mrs. Julia Dean Simmons of Dallas and Mrs. H. R. Beck were hostesses in the Hospitality Room. Sunday afternoon, Mrs. Joe McMurry and Mrs. George Benson served. Circulating hostesses were Mrs. Rolle Brumley and Mrs. Raymond Welch of Pampa.

EVENING SUMMER CLASSES FOR VETERANS AT CLARENDON COLLEGE

The Registrar's office at Clarendon College announces that summer evening classes have been scheduled which will be of particular interest to veterans who qualify for education or training under the Veteran's Readjustment Benefits Act of 1966. These evening classes will be especially beneficial to those veterans who wish to work during the day and attend college in the evening.

The act provides for financial compensation after June 1, 1966, for a veteran who enrolls in a course or courses at a college, vocational, business, high school or correspondence school. To be eligible for these benefits, a veteran must have been discharged or released from duty under conditions other than dishonorable and have active duty of more than 180 days, any part of which occurred after January 31, 1955. If less than 181 days, the discharge after January 31, 1955, must be for a service-connected disability. Consequently, veterans who do not have service subsequent to January 31, 1955 need not apply. A person who is in service is also eligible, if he has served on active duty for at least two years.

The maximum time for such benefits is thirty-six months of schooling. Any previous educational benefits received by the veteran will automatically be deducted from maximum allowed. If a veteran has served on active duty for less than three years, he may receive one full month of educational assistance for each month that he has served on active duty on or after February 1, 1955.

Patsy Robertson, president of the Jaycee-Ettes is shown working with Kim and Mark White, Sharon Owens, and John Nichols in the recent Jaycee-Ette Training Program to help detect minor eye problems in pre-school children. Instruction was given by Miss Betty Kimmey, Assistant Executive Director, Texas Society for the Prevention of Blindness.

Any veteran desiring application forms for the veteran program of education and a schedule of classes should contact the Registrar's Office, Clarendon College, Clarendon, Texas.

Many states prohibit the use of poison sprays on blooming fruit trees to protect the bees.

Pre-School Children Eye Check Free

The Clarendon Jaycee-Ettes and the Texas Society for the Prevention of Blindness are co-sponsoring a program in the Clarendon area to screen preschool children ages four through six for visual problems before entering school.

Free eye tests will be administered by the Jaycee-Ettes on May 14 at the High School Cafeteria.

Parents are urged to bring their pre-school age children during the hours from 2 to 4 p.m. for the screening.

On March 15 and 16, members of the Jaycee-Ettes were given an 8-hour training course for this program by Miss Betty Kimmey, Assistant Executive Director, Texas Society for the Prevention of Blindness.

These volunteers have been trained to administer a simple vision test to pre-school age children using the Snellen E chart.

No diagnostic techniques were taught and the volunteers will not attempt to make a diagnosis. When a child is unable to pass the test, letters will be sent to the parents recommending that the child be taken for a complete medical eye examination.

These pre-school vision screening programs are conducted throughout the State by the Texas Society for the Prevention of Blindness and volunteer groups such as the Jaycee-ettes.

TO THE VOTERS OF PRECINCT 2

In making my campaign for Commissioner of Precinct 2, I have visited and tried to contact each voter personally. If I have missed anyone it was unintentional. I have lived and paid taxes in this precinct for the last thirty-eight years. I feel that I know and understand the needs and desires of the people and am fully qualified to fulfill the duties and responsibilities of the office in a way that would be most beneficial to the people.

If I am elected, I assure you that I will, to the best of my ability, perform all the duties of the office in an honest, impartial, and business-like manner.

Your Vote and influence will be greatly appreciated on May 7, 1966.

TO THE VOTERS OF DONLEY COUNTY

During my campaign for County Treasurer of Donley County, I have made the rounds of the county and have missed seeing some of you personally to solicit your valued vote in the May 7 primary.

Even though I have not contacted you personally, I want you to know I will sincerely appreciate your consideration in my behalf when you go to the polls Saturday.

VOTERS

I have not had, nor will I have the chance to see all of You voters of Donley County personally. For this I apologize.

It does not mean that I do not want your vote... I DO WANT YOUR VOTE, and if feasible, your support.

The Sample Ballot I am sponsoring is not an attempt to show you how to vote, or for whom to vote, but simply an attempt to be of service to you, the Voters of Donley County.

I am interested in the welfare and progress of the schools of Donley County and I pledge my time, my ability, my experience, my education and all of my efforts to the job of doing the best that can be done for the office, the schools and Donley County.

News From Clarendon College

HERE AND THERE

Campus Chatter
by Jim Blackerby

Poo! The weather has the final say as we all come to know, sooner or later. The final proof for students on the Hill was exhibited last Friday when the school picnic was postponed because of severe weather predictions.

The picnic is now scheduled for this coming Friday at Burson's Lake. All college students and their dates are invited. Here's hoping that the weather has not inconvenienced anyone, and that the new date for the picnic is satisfactory to all.

Rumor has it that, although the official picnic was postponed, many students had a picnic anyway in various places—some close by and others far away. Many students visited Murphy's Canyon, before and after the time of the postponed picnic, and an enjoyable time was had by all. Others visited other places and one student reported seeing "the Phantom Goat Roper."

WHEN AND WHERE

Hootenanny Hullabaloo and Pie Supper

Students at Clarendon College are looking forward to the entertainment provided by the Hoot-

enanny-Hullabaloo and pie supper next Tuesday evening in the Bulldog Fieldhouse. The College Athletic Department is sponsoring the benefit as a fund-raising project. A large number of local entries are expected in the talent show, in addition to participants from the surrounding area. First, second, and third place trophies will be awarded. Several members of the local Jaycee-Ettes will serve as judges.

The only entrance fee is a pie for each act. The price of admission is one pie per family or \$.50 per person.

A dance in the old red gym will be held immediately following the Hootenanny with music furnished by the incomparable Velasquez Brothers from Wheeler.

HIGHWAY DEPT. NOTES

With 840,000 acres of right of way to care for, the Texas Highway Department needs all the help it can get.

That's why roadsides in Texas this time of year may look somewhat shaggy. Mother nature is lending the Department's maintenance men a helping hand by doing her spring planting.

Each spring, operators of the Department's mowing machines are under orders to skirt patches of wildflowers along the 66.5-thousand-mile Texas highway network.

This leaves intact breathtaking vistas of bluebonnets, indian

paint brush and other wildflowers.

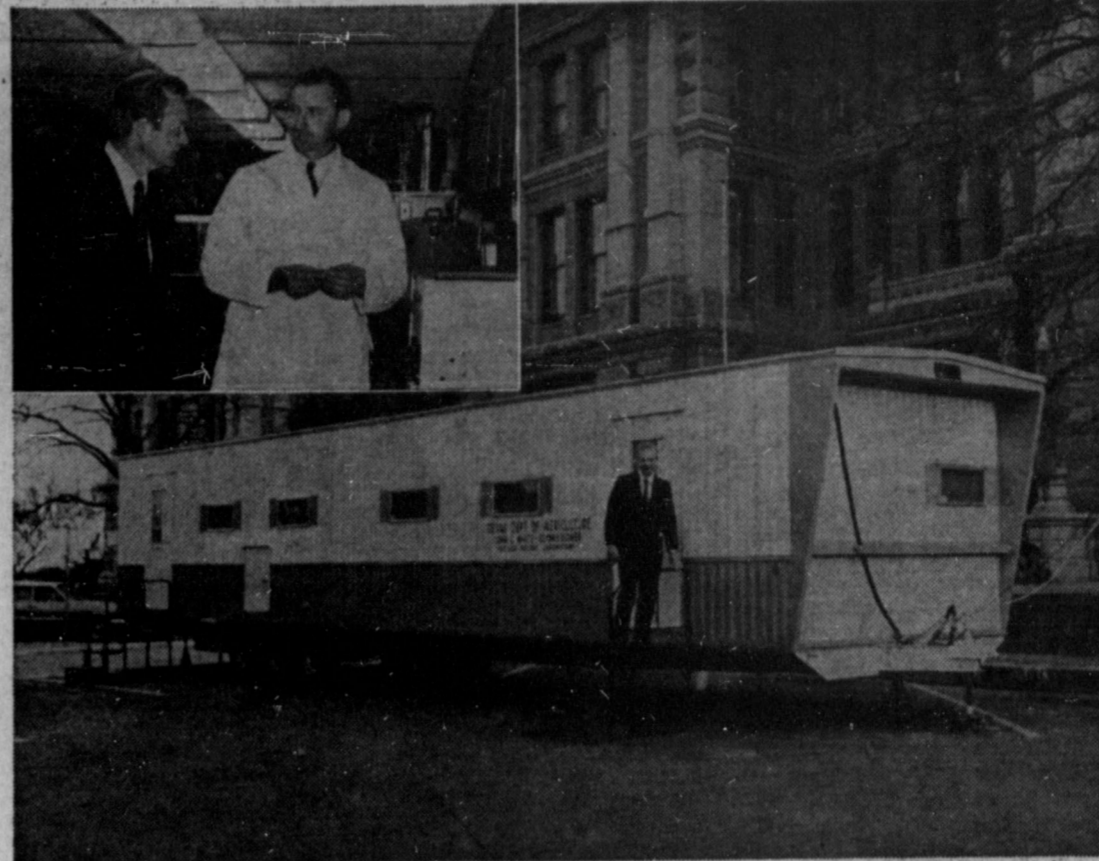

And it also lets nature take her course. The wildflowers are untouched until they go to seed and the pods ripen.

Only after the flowers reseed themselves do the Highway Department men give the roadsides the season's first complete and thorough manure.

Come next spring, these areas will be ablaze with wildflower blossoms again.

For three decades, the Texas Highway Department has been concerned with the appearance of its roadsides. The Department pioneered highway beautification.

And though "beauty is its own reward" there are practical rea-

sons for the program that has made the Texas Highway Department the state's biggest gardener.

By helping to retard erosion of slopes along the highways, wildflowers serve an important function in protecting the taxpayer's investment in the Texas highway system.

Natural flora along the highways are augmented by plantings of other trees and shrubs by the Department.

Together, these touches of roadside beauty act as hidden persuaders to drivers. A carefully-located tree or shrub subtly calls the driver's attention to a potential roadside hazard.

Coupled with the 1,100 safety rest areas, roadside parks and scenic turnouts on Texas highways, the plantings of man and nature combat "highway hypnosis."

In this way, beautification efforts play an important role in highway safety. They encourage the driver to take frequent breaks from the wheel, lessening fatigue and making his trip safer and more pleasant.

Marriage is a promise which once we make
Should never be taken lightly,
And all our life through thick and thin
Should treat each other rightly.

Marriage is something said to be the thing that reduces bushels

of kisses to just pecks.
Happy is the man who marries a good cook—has good digestion, and a fat bank account.

A successful marriage is usually the result of a good understanding. The husband understands what the wife wants and goes after it.

When one knocks the L out of lawful wedding ceremony then they may wind up with an "Awful wedded husband."

A good marriage is said to be when one gives the best years of their life to the one that made them the best.

Even though marriages are

made in Heaven the maintenance work has to go on here on earth.

I guess women are right to think more about how they look than how much they know. After all there are more stupid men than there are blind ones.

A good wife always helps the husband with the dishes.

Marriage is nothing more than a girl tying her beau into a knot.

It's alright to argue with your wife now and then. Otherwise she may not think you are listening.

Just because the modern girl has her hair tied up to look like a mop doesn't mean that she knows how to use one.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

THE REAPPORTIONMENT ISSUE IS NOT DEAD

There is still a chance for Congress to act favorably on the proposed Constitutional amendment to permit States to apportion one of two houses of their legislatures on factors of representation other than population. Although the Senate failed in recent days to muster the two-thirds majority necessary to approve the amendment, the issue will con-

tinue to be with us—and I, for one, will do my best to keep Congress informed of the damaging consequences or rigidly imposing the "one man, one vote" rule. In my view, the amendment is badly needed to correct the effect of the 1964 Supreme Court decision on legislative apportionment.

At the crux of the matter is this question: Should not a State have the right to take into account the particular economic, social, and political composition of the State in determining the proper apportionment of seats in the House of its State legislature? I say a State should have this right.

The Supreme Court declared that the Equal Protection Clause of the Fourteenth Amendment required that the States compose both bodies of their legislatures so that every member of each house represents substantially the same number of people. The Fourteenth Amendment was never intended to prevent a State from choosing the legislative structure it felt best served its citizens. In addition, it is clear from the record of the debate in Congress on

the amendment that its provisions were not intended to take from a State "any right that ever pertained to it." However, the policy of apportioning at least one body of State legislatures on factors other than population long preceded the enactment of the Fourteenth Amendment. Several had established legislative bodies along these patterns before the Constitution reflected the same theory of representation. As you know, the Congress is made up of Members of the House of Representatives from districts set up on lines of more or less equal population of the State. The State should have the right to the same type of government as has the Federal government.

The principle set forth in the Constitution for the national legislature is denied now to the States by the effect of the 1964 Supreme Court decision. Just as States have characteristics differing one to another, so have counties and geographical areas within States. We in Texas understand this problem clearly; the problems of the Gulf Coast are often different from the problems faced by the Panhandle. People in some areas, are, in the main, dependent upon agriculture. In others, shipping, mining, or lumbering or some other activity constitutes the dominant economic factor. Just as a legislator represents people and their social interests, he must also represent their economic interests.

The effect of the "one man, one vote" rule will be the reapportionment of legislatures to the detriment of more or less rural areas whose people will be left without

adequate representation. Representation in the State legislatures will be concentrated from high-density population areas — from the cities — bringing in the threat of boss-dominated political machines, of callous disregard for the needs of large geographical areas within States, of political corruption. In many States, legislatures drawn strictly on population lines will be able to ride roughshod over the rights and interests of the minority who, because they do not live in cities, can not make their voices heard. This process is now taking place

in many States. The lesson may soon be learned, making possible a renewed interest in enacting a

Constitutional amendment to restore legislative apportionment to proper, proven patterns. I am going to continue to do my best to further such legislation. And I shall continue to urge passage of an amendment to the Constitution to permit Congress to set aside Supreme Court de-

isions which two-thirds majorities in each house of Congress believe to be at odds with the Constitution. I've again introduced such a measure. Had this provision been in effect, an error such as was made in the legislative apportionment decision could have been corrected by Congress.
