CLARENDON GAS RATE REDUCTION UPHELD BY AUSTIN COURT

Mayor Connally, who had attended the trial, returned home Wednesday. He stated that Attorney General Gerald C. Mann assigned two of his most able assistants well versed in cases of this kind, to represent the state. They were Pat Goon and Hugh Buck. The Railroad Commission assigned their attorneys, Sam Green and Walter Ely, to assist, together with Judge Olin Culberson, the latter being director of the oil and gas division of the Railroad Commission.

The case was called for trial April 24th, Mayor Connally states, and after a motion for continuance by the City Gas company was over ruled. The case then came to trial before a jury. After the gas company had introduced all their evidence, the Judge instructed the jury to render a judgment for the state. "We think it a fine piece of work well done," the Mayor stated Wednesday.

It is not known at this time whether the gas company will appeal as it will likely be around June 1st before the final judgment in the case will be placed on record.

It is understood that the refund money due local patrons under the judgment of this court will draw six percent interest from the date the judgment was rendered.

The following information relative to the gas decision was received Wednesday from Rep. Gene Worley, the letter coming by air mail:

"Judge A. R. Stout, special judge presiding in 98th District Court in Austin Monday, sustained an order of the Railroad Commission against the City Gas Company of Clarendon, Texas, reducing gas rates at Clarendon from 70 cents to 51 cents per thousand cubic feet and calling for a refund of all moneys collected by the City Gas Company above 51 cents from February, 1933.

The refund due the domestic consumer of gas at Clarendon under the decision total approximately \$36,000, or about \$62.50 per meter in the city.

This appeal from the order of the Railroad Commission went to trial last Monday. The contention of the Attorney General's Department was upheld by Judge Stout that the rate order was just and reasonable and would afford the gas company a fair return on their investment. The gas company contended that the order was unjust, unreasonable and confiscatory.

The case originated in February, 1933, with a city ordinance passed at Clarendon reducing the rate from 70 cents per thousand cubic feet to 50 cents, and upon appeal to the Railroad Commission the Commission set the rate at 51 cents per thousand cubic feet."

WPA Higher Wage Plea Is Taken To Washington Wed.

Mayor Ross D. Rogers of Amarillo left by plane for Washington Wednesday armed with workmen petitions numbering over five thousand signatures. Mayor Rogers, a trustee of the organization, will attend a conference of the United States Conference of Mayors.

Mayor Rogers will appear before the House appropriations committee where the WPA budget will be under consideration next Monday.

Those employed on WPA projects in this section are asking the same rate of pay as given those of New Mexico. Some states have a still higher wage scale, but workmen appear to be content if they can secure the same consideration as workmen of the sister state.

MRS. SLOAN'S CONDITION SHOWS NO IMPROVEMENT

Confined to her bed the greater part of the time, the condition of Mrs. E. A. Sloan would indicate that she is showing little if any improvement, according to reports from her bedside. Relatives and friends are gravely concerned over her condition at this time.

GAS SUIT JUDGMENTS ARE PAID HERE MONDAY

Judgments obtained in the court of Judge W. A. Davis against the local gas company several weeks back, were paid Monday. The suit is said to have been based on an overcharge on the rate set by the Railroad Commission. G. F. Lane was awarded eighteen cents, and Judge R. Y. King a like amount. Judge W. T. Link represented the plaintiffs.

MRS. DAVIS GETS LARGEST CATFISH

Mr. and Mrs. W. E. Davis of near Brice, and well known over this country as among the oldest settlers, recently returned from a tour of the Pacific coast. Among the many interesting incidents of a trip filled with thrills, was a fishing trip by boat.

Mrs. Davis caught a 21-pound catfish with a line from the boat deck, but not until after she had discarded her coat and worried the fish down somewhat. She wanted to show the men how a West Texas woman could get the job done, though from a dry land section of the country.

They visited the big fair at "Frisco" and all points of interest between here and there. They were accompanied by relatives from Plainview.

HUDSON HOOKS UP WITH FSA AFTER THIS WEEK

As secretary of the Donley County Agricultural Conservation work for more than a year, L. A. Hudson met a lot of people and made a lot of friends in Donley. Next Monday he will be identified with the Farm Security Administration with headquarters at Hereford.

Hudson will be succeeded by another Collingsworth county man in the person of Harold Leach, who as an ex-school teacher has been identified with the AAA work over there.

ATTENDS DISTRICT MEET

Miss Eula Joyce Burleson in charge of the NYA project here, attended a district meeting at Ranger the last of the week. She returned Saturday.

TIDWELL MAKES COURTHOUSE LAWN BEAUTY SPOT

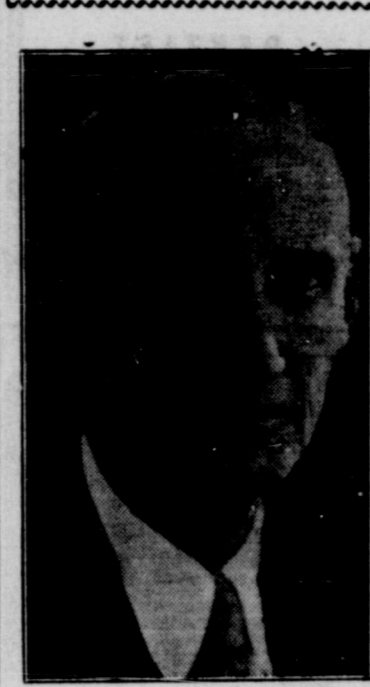

Many are the compliments paid O. H. Tidwell for the manner in which he, as caretaker, looks after beautifying the courthouse lawn. "I have plenty of water to keep the plants and trees growing," Mr. Tidwell said by way of explanation.

A number of new trees and evergreens planted out the past winter are now beginning to show up in fine trim, making of this lawn a civic asset and appreciated beauty spot.

MRS. BILL BROMLEY SHOWS EARLY IMPROVEMENT

Mrs. M. W. Mosley returned home the last of the week from Temple to where she accompanied her daughter, Mrs. Bill Bromley. Mrs. Mosley stated Wednesday that her daughter is improving nicely from a major operation, and will likely be able to return home the first of next week.

Historian

Chief speaker at the 18th annual meeting of the Panhandle-Plains Historical Society in Canyon May 12 will be Dr. E. E. Dale, above, head of the department of history at the University of Oklahoma. Dr. Dale, onetime cowboy, deputy sheriff, and homesteader, is an outstanding authority on the history of the cattle industry.

VISIT PARENTS SUNDAY

Someone the children and 'in-laws' of Mr. and Mrs. S. B. Kutch make it a point to get around to see the parents pretty often. Often as gauged by a lot of parents. Sunday Mr. and Mrs. Archie Hallmark and children of Shamrock, Mr. and Mrs. M. V. Lemons of Plainview and Mrs. Eva Atteberry and children spent the day in the Kutch home.

GONE TO MAYO HOSPITAL

Ralph Bourland of Quail is reported doing nicely in the Mayo hospital at Rochester, Minnesota following an operation Friday.

Wm. SPITZER IS SERIOUSLY ILL IN DENVER

Information received here informs his friends of the critical illness of Mr. Spitzer, in a Denver hospital following a major operation. He is said to be very low, which will be a source of genuine regret to a wide circle of friends in Donley county.

FORMER RESIDENT DIES IN VERNON

Came To Panhandle In 1900 When Gray County Ranch Became Her Home

Mrs. Jennie D. Gordon, 61, Panhandle resident for nearly 40 years, died at 11 o'clock Tuesday morning in Vernon a week after she was stricken with a heart attack. Mrs. Gordon was visiting a daughter, Mrs. Kelly Hamblin at Vernon, en route home from Gainesville where she had visited relatives when she became ill.

Mr. and Mrs. Gordon came to the Panhandle in 1900, settling on a ranch 20 miles east of Pampa where they made their home excepting for brief periods spent in Clarendon. Mr. Fred W. Gordon died in 1934.

Surviving Mrs. Gordon are two daughters, Mrs. Hamblin, and Mrs. Durwood Skelton, Clarendon, and one son, Fred Gordon, at home.

Funeral services were conducted at 2 o'clock Wednesday afternoon in the First Methodist church of Pampa by the Rev. J. H. Hamblin of Stamford. Burial was in Pampa Fairview cemetery by the side of her husband.

Pallbearers were Walter Jones, Laketon; Harley Talley and Bob Campbell, Miami; Marvin Daugherty, Hoover; Nathan Cox, Clarendon, and Ike Heare, Mobeetie.

HUNTS INDIAN RELICS

Chas. M. Lowry and son Sam were in McCulloch county Sunday where they collected a large number of Indian artifacts. The Lowry collection, father and son, is among the most interesting in the Panhandle.

SEVERAL CHANGES IN MAIL CARRIERS

One Carrier Missed Only One Trip In 4 Years And 4 Months

Missing one trip in fifty-two months is the record of Harvey Smith, carrier on Naylor Route. A flood caused that perfect score to have one mark against it. Mr. Smith will be succeeded June 30th by Donald Harlan, grandson of Mr. John Potter.

The route from here to Silverton must be covered daily, including Sunday. J. W. Smith has faithfully routed the mail over that line for five years, or will have done so June 30th. He was ill much of the time last year, but a "sub" got the job done to the satisfaction of all parties concerned. Roy Blackman was sub much of the time. Many times flood conditions made a trip practically impossible, but the rule of "the mails must go through" was Mr. Smith's rule that has been followed implicitly.

Mr. Smith will be succeeded by Aaron Tipton of Seagraves, recently adjudged low bidder on this contract route.

John Adduddle, who has been carrying the mail to Palo Duro, on the JA ranch property at headquarters for the past 4 years, will be succeeded by Glen Adkins after June 30th.

W. H. Combest again is the successful bidder on the Jericho route. On Route No. 1, Johnny Beard will continue as carrier.

G. G. KEMP DIES TODAY IN WICHITA

A message received here early this morning informed relatives that Mr. Kemp had passed away in a Wichita Falls hospital about 8 a. m. Mr. and Mrs. Sam Cauten immediately left to be with Mrs. Kemp.

Mr. Kemp had been ill for some time, suffering from diabetes, but became critically only a few days ago.

Funeral arrangements could not be learned up to the time of going to press.

For many years, Mr. Kemp, in a partnership with Senator George Moffett of Chillicothe, operated the Clarendon motor company here.

The wide circle of friends of Mr. and Mrs. Kemp in this section, will deeply sympathize with her in this sad hour.

LARGE NUMBER OF MASONS ATTEND AMARILLO MEET

Among the twenty-nine Masons to attend the district meeting attended by Grand Lodge officers in Amarillo Saturday and again that night, were John Blocker, Ed Hodges, M. R. Allensworth, Van Kennedy, H. Mulkey. Among the younger men were, Emmett Simmons, Wm. Hardin, L. A. Hudson, Frank Hardin, Heckie Stark, R. F. Wiedman, Mack Butler, Carl Peabody.

Others attending were E. R. Andis, W. H. Patrick, C. L. Polk, W. C. Slater, Hugh Brown, Bennett Kerbow, J. W. Adamson, L. E. Thompson, J. R. Brandon, Bert Smith, Clarence Bairfield, Jack Bailey and others.

ATTEND LIONS CONVENTION

W. H. Patrick, Homer Mulkey and Sam Braswell are attending the state convention of Lions clubs in El Paso.

LEGIIONNAIRES WILL HOLD ANNUAL CONVENTION

May 6-7, Saturday and Sunday of this week, members of the American Legion of the 18th District, with the Auxiliary, will be in convention at Childress.

State presidents of each organization are to appear on the program. Mrs. Frank Decker, well known in Clarendon, will welcome the ladies.

There are 35 Posts in the district, all of which are expected to have a fair representation in Childress. The usual courtesy of eats and entertainment will be extended the visitors.

SENIOR CLASS TO PRESENT COMEDY

"Life Begins At Sixteen" Is Title Play To Be Given May 5th.

The senior class is very proud of their play this year. It is a glorious, heart-warming comedy of youth; it captures the language, the spirit, the very soul of Young America as very few plays have ever succeeded in capturing it. In the large cast, only two characters are over twenty-one, and the majority of them are at that interesting and dramatic age of adolescence - sixteen.

The very young will love this sparkling comedy, because in its people they will recognize themselves - and members of their own "gang." Their elders will love it because, for a brief two hours, it will enable them to recapture the essence of their own youth—those glorious, glamorous, never-to-be-forgotten days when they were sixteen!

"Life Begins at Sixteen" will be presented on May 5, at the College Auditorium at 8 o'clock.

ALANREED SECTION RECEIVES HEAVY RAIN SUNDAY

Rain began falling east of Jericho late Sunday afternoon and extended east into Oklahoma. The fall at Alanreed is reported to have been three inches, and five inches at McLean. The rain continued throughout the night.

A tenant on the W. O. Hommel farm of 1251 acres reports a heavy rain three and a half inches south of Alanreed. Mr. Hommel had some 200 acres of sod broken out just before the rain. He also set out an eight acre orchard of mixed varieties of fruit, all of which got the benefit of the rain at an opportune time.

4th OF JULY MOVEMENT IS STARTED TUESDAY

A meeting was held Tuesday for the purpose of laying plans for an annual 4th of July celebration here. No definite plans were made except that a "cake and pie" festival is being planned. Prizes are to be offered the best cooks, and the food contributed to the 'feed' for the pioneers. Homer Mulkey, Allen J. Bryan and bandmaster Ray Robbins were selected as a committee to work up plans.

DR. KENT SPEAKS AT FFA BANQUET

Gillham And His Boys Are Highly Praised For Their Success

One-hundred and seventy-eight F. F. A. members, dads, and guests, including Vocational agriculture teachers, superintendents, and F. F. A. members from Claude, Memphis, Quail, Lakeview, and Estelline, attended the second annual Clarendon F.F.A. Father and Son banquet, Monday night at the Methodist church. The program featured the F.F.A. members with O. C. Watson, president of the local school board, and Dr. Harry L. Kent of Texas Tech, as the principal speakers.

Members of the local NYA residence project home served the banquet under the very capable direction of Miss Eula Joyce Burleson. Visitors and F.F.A. members and dads were loud in their praise of the preparation and serving of the food which featured fried chicken grown by the F.F.A. members as a group project.

President Joe Williams called the meeting to order, and the banquet was opened with the regular chapter ceremony. Gene Putman, a Lone Star Farmer, in the local organization, explained to the group that F.F.A. chapters were first organized in 1928, that there were three types of membership, and four degrees in F. F. A. work, and that F.F.A. work had

CURTIS THOMPSON NOW LEADS WITH EGGS

Yes sir! Curtis, a lad of 10 and in the Fifth grade at school, proudly walked into the Leader office Saturday and produced two eggs that set a new record this season. His eggs out-measured friend Bingham's last week in girth only.

The larger egg measured 6 1/2 by 8 inches. The small one, 3 1/2 by 4. Mr. Bingham's eggs were 5 1/2 by 6, and the smaller one 3 3/4 by 4 inches.

Curtis is a son of Mrs. Margaret E. Thompson, county treasurer of Donley county. He said red hens laid the eggs, but he was not sure as to the name of the variety.

LAWYERS OF DISTRICT IN SESSION AT MEMPHIS

Appearing as laymen on the program at the convention were J. Claude Wells, mayor and co-publisher of the Democrat of Memphis, and Rev. E. C. Cargill, pastor of the Presbyterian church.

"What is Wrong with the Legal Profession," a subject discussed by Wells is said to have furnished plenty of amusement and food for thought.

Judge W. T. Link spoke from a lawyer's standpoint to offset the effect of what the laymen had said to his brother lawyers. Judge J. R. Porter was the other attendant from here.

CLARENDON FOOD STORE HAS BIRTHDAY

Manager Alvin Landers is observing a "store birthday" this week with an enlarged advertising space in the Leader. He is offering special bargains just to show patrons of this popular store that he means to celebrate.

The Clarendon Food Store was started May 3, 1937 with Mr. Landers as manager. The business has grown right along necessitating the addition of fixtures and more help. Ray Kutch has charge of the meat market, a trade he has followed many years. Cecil Killough and Jimmie Watters wait upon the trade in any capacity that will render prompt and efficient service.

On Saturdays, a large force of help is employed to wait upon the customers coming from a wide area.

LANDRUM OPENS BLACKSMITH SHOP NEAR COURTHOUSE

One of the few old-time blacksmiths to come our way is E. J. Landrum. He has been on the job around forty years. In making a specialty of horse shoeing, one is taken back to the "good old days," because professional horse-shoers are scarce these days. As a blacksmith in Oklahoma, Kansas and Texas, several years being spent in Wise and Montague counties, Mr. Landrum feels like he can render his patrons a service that will please, and asks a share of your business.

MEMPHIS PARTY INVOLVED IN CAR CRASH

Harry Boswell, 24, of Memphis, was involved in a car crash here Friday forenoon when his 36 Plymouth collided with the new Mercury driven by Mrs. C. B. Morris. The crash occurred about a block west of the ice plant.

There was no personal injury resulting from the crash. Boswell agreed to pay for repairs and replacement parts of the Morris car which was estimated to be about forty dollars.

TO SPEAK AT PAMPA

James V. Curlee, minister of the Church of Christ will speak on a lecture program at Pampa Friday night at 8:00 o'clock.

REA has been advised that the Board of Directors has adopted the following rate schedule for farm and home service. Experience and careful study convince us that this schedule will give you service at the lowest prices consistent with the cost of operating your project. Under it you can afford to make full use of electricity through labor-saving and money-making equipment.

First 25 kwh, or less, @ \$2.45 per month.
Next 50 kwh per month @ 5.5 cents per kwh.
Next 125 kwh per month @ 2.5 cents per kwh.
Over 200 kwh per month @ 1.75 cents per kwh.

Rates on REA projects are based on costs. They must be high enough to cover all expenses and low enough to encourage liberal use of electricity. Among items that must be taken into account are interest and principal payments on the loan, taxes, power bought at wholesale, operation and maintenance, and an allowance for reserves.

Revenue from the minimum bills should assure your cooperative of sufficient income to meet most of its fixed costs. The 25 kilowatt hours a month which the minimum bill pays for will light an average-sized home adequately and operate an appliance such as a washing machine or iron.

Most families could operate a refrigerator with an additional \$2.45 worth of electricity. On a farm which had all these appliances, lighting the laying house for 100 hens would add only .25 cents to the monthly bill. Use of a milk cooler, in addition to household appliances and poultry lighting, would increase the bill only .15c a month for cooling 10 gallons of milk a day; and with these uses, an electric range to do the family cooking would consume about \$3.15 worth of electricity a month. In other words, under the proposed scale of rates, the more electricity you use, the less it will cost you per kilowatt hour.

SAM DARDEN CHAMPION WITH MANY OPERATIONS

Not many years ago, Sam was afflicted with sinus trouble. Various operations were performed on his head at Dallas, one of which included the removal and replacing the right eye. Just now he is partially recovered from an appendix operation. He came up from Lorenzo over the week end to visit his family at the home of Mrs. Darden's mother, Mrs. Emma Weatherly. He returned to Lorenzo Monday.

CONDITION OF AGED MAN SHOWS LITTLE CHANGE

There is no improvement noted in the condition of Mr. C. A. Bryan, who has been seriously ill at the home of his daughter, Mrs. W. A. Land, the past month. He remains in bed most all the time sleeping. He has been unable to walk since shortly after his fall on the sidewalk here which is believed to have been the cause of his present illness, Mrs. Land stated.

MUSIC CLUB TO PRESENT PROGRAM AT CHURCH

The McDowell Music Club will have an open meeting at the Methodist church Tuesday, May 9th, at 8 p. m. There will be choruses, quartets, solos and readings on the program which will give enough variety that every one will find something to enjoy.

This is the closing meeting for the year of 1938-39. Every one is cordially invited to attend this program of wholesome entertainment.

GOVERNOR MAKES TALK.

Speaking to a large audience at the recent unveiling of the San Jacinto monument near Houston, Gov. O'Daniel made his best talk. In fact his talk is too good to pass unnoticed. Below we give some of the excerpts from this talk which we think the most sensible heard in Texas in a decade.

Remarks of the Governor: "There is too much government interference in things which should be left to individual initiative."

The Governor said the trend in legislation is toward benefiting special groups and classes rather than the masses of the people.

Government regulation of everything is the first step toward dictatorship, he said, for only the people, acting with courage and intelligence, can regulate all things necessary to human happiness.

"If we are to build in this state the kind of commonwealth that the Battle of San Jacinto was fought to establish; if we are to have a government to serve the people rather than a government to dictate to the people, we must keep the functions of government within proper bounds," he said.

"Government has been forced to assume new responsibilities. It has been forced to assume added control over everyday business operation. It has been forced to deal with and provide for social conditions unknown 100 years ago.

"But," he continued, "Sam Houston did not pledge faith to the idea that government can or should regulate all things. He qualified his statement by saying that the people, acting with courage and intelligence, could regulate all things necessary to human happiness, and I am a firm believer in the statesmanship of that statement.

"I also believe that any attempt to leave out the qualifying clause and

have the government regulate everything is the first step toward the destruction of democracy and the establishment of dictatorship.

"I believe the type of government which adequately cares for the welfare of all its citizens and still leaves to them the maximum amount of freedom in business, freedom in religion, freedom for each individual to live his own life is the kind of government which most contributes to the general welfare of the average man."

Discussing the present-day trend toward class and group legislation, O'Daniel said this trend is in the wrong direction.

"The interest of the common citizens of this state will be served better if we utilize every available opportunity to promote the idea of the government doing effectively and aggressively these things necessary to promote the general welfare of all the people and to discourage government from tampering with those things which should be left to individual initiative," he concluded.

WHAT MAKES TEXAS.

"Made in Texas products" deserve more publicity and get less than any other one thing right now. Ornamental gourds, hand painted, could crowd Japanese toys out of many stores, were they advertised and pushed on the market.

Hide and pig, sheep, goat and fish skins are made into beautiful purses, baskets and many other articles that would find a wide sale among women buyers were the articles advertised and pushed on the market.

The lowly armadillo gives up his shell, and there are seven varieties in Texas, that baskets and various home decorations may please our public. Do you ever see them here? Not a one! They are not advertised, neither are they placed on sale in

the stores. Clothing made in Texas—even to summer suits—are not advertised. Do you ever see them? Hundreds of other state assets go begging.

Merchants are leery about taking on new things unless they are sure that such articles are reasonably well advertised.

COMMUNITY VARIETY.

Communities are like individuals, they go ahead or just wither away. Some of the citizens scratch their heads and think, while some just scratch and want to serve on committees, and never accomplish anything.

MIGHT TRY AN AUCTION.

A Hazelhurst, Miss. weekly carries the following classified: "Will sell a good buggy and a comfortable saddle." We take it from this that Maude has been swapped for Lizzie!

OVERCOMING HANDICAPS.

Often when one takes an inventory, he is given to self-pity. His first thought is to get help from

some source—just any source. He often asks others to do for him what they would refuse to do for themselves. With this in mind, let's consider the case of Mack Mosteller of Cairo, Georgia. A man with a family was made blind through an accident. Did he quit his mechanical work? Not Mack! He continues to operate his machine shop, and performs technical tasks that astound his patrons. They delight in helping the man who showed by his courage that he was willing to help himself.

PLANNED ECONOMY.

A young couple, evidently Scotch, are planning on getting married. She is a grass widow, and he a vegetarian.

SHADY BUSINESS DEAL!

A colored boy made a pot of money in Chicago's famed Black Belt recently in which many are from the South, when he carried his papers down the street he yelled: "Extra! Extra! Mussolini annexes Alabama!" The Black Belt instantly thought of the old South and fell for the racket.

ONE LITTLE DOT.

A period may be just a little dot, but it caused a fuss down in Arkansas recently when a "period failed to drop" on the Linotype. The local publisher failed to note the error in proofreading. The story had to do with a report of a missionary society circle. It read: "Circle No. 2 met with Mrs. J. M. Smythe Wednesday. Mrs. H. M. Walls was leader and gave an interesting talk on "personal

devils" Seventeen were present, including one visitor."

INSECT DIALOGUE.

This diddy is credited to banker Al Lemond by the American, published in Hale Center:

"A flea and a fly were trapped in a flue.
Said the flea to the fly, "What shall we do?"
Said the fly, "Let us flee!"
Said the flea, "Let us fly!"
So they flew through a flaw in the flue."

REWARD OF IDLENESS.

The young sprout who gets a taste of the festivities and gaieties of the modern whirl, who thirsts to drink at this gilded fountain, but who has limited means and an abhorrence for honest toil, becomes an easy prey to dishonesty, crookedness and crime, and is taking a short cut to the penitentiary. He may get a pardon right away, but that fact will not keep the folks from sending him down there when he deserves it. And they don't always get a pardon right away, either.

UNTHINKABLE HORRORS!

Recently, the writer noted an article in an eastern paper under a Boston date line. Except for the line of work of the author of the article, one would instantly come to the conclusion that the author of such

an article was engaged in a white slave traffic of the first magnitude. Here is the article as it has been appearing "back east" to be read by the effete—the educated and refined, and possibly by thousands of movie-crazed girls:

BOSTON—Dr. Paul Popenoe, general director of the Institute of Family Relations at Los Angeles, offers unmarried eastern girls Horace Greeley's famous advice—go west.

"There is a surplus of marriageable young men in the west and a shortage in the east," he said. "And any enterprising young eastern girl should caravan herself to the western centers where the men are."

But he advised husband-hunting girls to travel alone.

"When she goes with another girl, it makes it all the harder for the man," he explained, "because then he either has to entertain two girls or look around for a 'date' for one of them."

The author may not know it, but a girl traveling under the conditions which he suggested, has about as much chance to land a worth-while husband as a tallow-legged rabbit would have when chased through hell by an asbestos dog. Any man who would suggest such a course, and yet be competent to rate the position of "director" of the Institute of Family Relations, might be a smart man in the estimation of some, but really a fellow who could

suggest nothing better to a girl than he has, could be rated by the sensible only as a moron. If his brains were dynamite, he would not have enough to blow his nose. The slimy trails of the morons of the white slave traffic recruiting the under-world of the Pacific coast cover every highway west of the Mississippi. Feminine wrecks, diseased outcasts, brutal murders and dire want has been the reward of many trusting girls who "went west" but one time.

Texas is no worse, if as bad as some states, but here is what the Department of Public Safety has to say this week:

"Women motorists should keep doors locked to prevent anyone from forcibly entering and they should not under any conditions pick up hitch-hikers."

Old Settlers Reunion At Dumas 26th

Bill Rutheford, publisher of the Moore County News is telling the world about the Old Settlers' Reunion and Rodeo to be held in his town May 26th.

Prizes of \$25-15-10 will be offered to the best band in the parade, he says. Rodeo contestants will receive prizes. The best floats depicting old ranch days will come in for some of the money.

This is an annual affair largely attended. This year, more is being offered the sight-seeing public. The parade starts at 11 a. m. The Rodeo at 2 p. m.

Mrs. L. L. Wallace, Mrs. May Hagerty, and Miss Eula Naylor were Amarillo visitors Monday.

Mr. and Mrs. Doss Palmer and Mr. and Mrs. John McMahan attended a district meeting of Goodrich dealers in Amarillo Sunday.

Uses 1879 Dollar To Pay Marriage

ADRIAN, Mich., April 28.—For five years John B. Brattin of East Lansing kept an 1879 silver dollar for the express purpose of paying for his marriage license. Finally his day arrived. He turned the tarnished pocketpiece over to the Lenawee county clerk and received his license. He will marry Alice Jane Knight of Adrian.

DOCTORS WARN AGAINST COUGHS THAT POUND DOWN RESISTANCE

Constant Hacking From Colds Brings on Dangerous Illness

Doctors, faced with grim facts, warn that coughs, due to colds, which pound down resistance with their constant hacking often bring on dangerous illness, even pneumonia. Why take chances when Mentho-Mulsion is made for just such a cough? Mentho-Mulsion is a special combination of eight ingredients

that have been used for years in the treatment of coughs and simple bronchial irritations.

Phone your druggist at once! Note how the first dose of Mentho-Mulsion clears the congestion of your nasal passages and aids nature in expelling the phlegm from the throat and the irritation from the chest.

Mentho-Mulsion, now only 75c, is sold and guaranteed by good druggists everywhere.—adv.

SENIOR BEAUX ARTS CLUB

The Senior Beaux Arts Club gave their annual reception Saturday afternoon from 3:30 to 5:30 at the home of Mrs. T. H. Ellis. The lovely affair was featured by the presence of the Seventh District Federation President, Mrs. J. M. Rutherford of Chillicothe, and Mrs. Fay Porter Smith of Wellington, noted artist who showed a collection of her paintings. Mrs. Starr of Wellington was also a guest. She had one picture in the exhibit.

Guests were received by Mrs. W. G. Word and Mrs. Ellis. Others in the receiving line were Mesdames Rutherford, M. R. Allensworth, Smith, Bigger. The exhibit of paintings was enjoyed by the guests. Most of them were flower pictures with a

few landscapes. Mrs. Millard Word and Miss Maxine Ellis played piano duets during the afternoon.

Lovely refreshments of ice cream molded in the form of roses and lilies, mints, and tea and coffee were served from a lace-covered table centered with a beautiful bouquet of yellow and bronze tulips in a gold and white bowl. Gold tea services were used and white plates with gold hands further carried out the club-colors of gold and white. Mesdames Frank White, Jr. and J. D. Swift poured the first hour, and Mesdames W. H. Patrick and U. J. Boston the second. Misses Rosalie Grady, Ethel Drennan, June McMurry, Frances Grady, Vivian Taylor served.

Cut flowers of iris and snowball were used throughout the show as

decorations. All in the house-party wore formal gowns. Over one hundred guests called during the afternoon.

Mrs. Fay Porter Smith whose art was exhibited is a former resident of Clarendon and was a student of Mrs. J. W. Evans. Her work has been widely recognized over the state and several of her paintings have won prizes.

BLUEBONNETS MEET

Fourteen girls were present when the Baptist Bluebonnet girls met Thursday afternoon at the First Baptist Church.

We had two new members. Our lesson was "Batter Up" and "Keeping a Score Card." We had one visitor.

The devotional was Matthew 28: 18-20.

We sang our theme song "We've A Story To Tell To The Nation." We were dismissed by Mrs. L. L. Cornelius.

THINKING ALONG WITH THE NYA GIRLS

There is the six o'clock train! Wonder if there will be any mail from home this morning? It must be almost time to get up. What a short night! Yes, there is the knock on the door. That must be Pauline

and Hava going down to prepare breakfast. Now for the bath room before the others. That was a lucky break for me. Coffee for breakfast? Wish they would hurry. There is Opal's call 'Breakfast is served.'

CHUNN & CLAMPITT

Seven-fifteen. Wonder if we will get all these dishes washed and get off to work by eight o'clock? Didn't take so long. Now if I can get these curls combed! If Emma doesn't hurry she will not get the living room cleaned. Hope Lucille has the upstairs rooms finished. Wonder what the noise is across the hall? Oh, that is Laura V. collecting the laundry for today. All ready for work and ten minutes until eight.

Back for lunch. Wonder what Margaret and Mildred cooked for us today? Looks good. Tastes good, too. That must be the new girl we were expecting. What is her name? Oh yes, Lena. Wish I had her pretty red hair. More dishes to wash. Careful Polly. That water will spot your dress. Did some one say Shirley May is ill? She is better? That is fine. Am I the last one getting started back to work? That must be Bertha talking to herself as she straightens up the kitchen. Guess we do leave everything out of place.

Five o'clock and home again. It's sandwiches for supper, because this is date night. Well, anyway there will not be any dishes to wash. Guess I will have time to get some things washed out and those hose darned. It can't be that late! Bed time and those hose not darned. Spent too much time telling the girls about that good looking blond. What a day!

Much has been said about what the National Youth Administration is doing to help the girls get practical experience in a business way but very little has been said about their training and experience in running a modern home, with always a clean and neat house, well planned and served meals, which could not be done without each girl doing her particular task willingly, and most important, being punctual.

Two girls prepare breakfast. Two act as waitresses. Two wash dishes. One girl is housekeeper downstairs, one upstairs. All this is done before eight o'clock, so those who work in town or go to school can leave the house by eight. Two girls are responsible for the noon meal. Several help wash the dishes, and one sees that the kitchen is swept and everything in place after the girls have finished with the dishes. One girl is responsible for the laundry for the house.

The thirteen girls spending this month at the local NYA home are Shirley May Swan, Wheeler; Polly Parker, Childress; Bertha Walker, Hedley; Pauline Brown, Loco; Rava Gray, Wellington; Laura V. Drew, Shamrock; Opal Cooper, Wellington; Lucille Ward, Wellington; Opal Barnes, Wellington; Emma Mille, Follett; Margaret Perkins, Hedley; Mildred Lindsey, Wellington; Lena Boswell, Memphis.

GARDEN GLANCES

"America beautiful lies in the hands of the gardeners."

One does not realize how many species of shade trees are growing in our town, until observations of the various lawns are made. The tender foliage of each tree seems attempting to rival its neighbor in the delicate beauty of its greenery. The stately old black locust, pioneer from early days, are displaying their majestic beauty at the Frank White home. At the U. J. Boston home are

magnificent American Elms, and at the Harry Brumley home grey green Russian olive trees tower. Then in numerable homes have thorny locusts, Chinese elms, and huge ash trees. The evergreens are in two shades of green, and the pines with their tender green candles are more than attractive.

The tamarix on the Tom Connally lawn has very beautiful pink feathery plumage. The snowball bushes on the lawn of W. W. Taylor's, Tom Goldston's and the Massey's are revealing their unmarred grandeur. Several alley fences are over run with yellow roses, and some hedges are formed of this early flowering shrub.

The iris are cultivated in practically every yard. They grow readily, and are in gay clumps and at the

foot of shrubs, flaunting their gorgeous rainbow hues. Glance at these many carefully kept lawns, and secure your share of the enjoyment they offer.

WOOL FROM WHALE MEAT

Japan, beset with economic difficulties because of the war with China, is having trouble securing sufficient raw materials for textiles. To relieve the emergency Japanese chemists fermented raw whale meat with certain chemicals and made an artificial wool with considerable strength that even floats in water. By combining the fiber with cellulose an artificial silk textile was obtained.

Jimmy Cornelius of Memphis visited homefolks over the week end.

"THE MOST AMAZING TUBE EVER BUILT" Say, Thousands of Motorists

Think of it! This revolutionary new tube doesn't go flat even if you run over nails, tacks or glass

You save money with Goodrich Seal-o-matic because they eliminate costly tube and tire repairs. And because they help keep air pressure constant your tires give miles and miles of extra wear.

COME IN AND SEE THIS NEW SELF-SEALING TUBE TODAY!

Goodrich Seal-o-matic Safety Tube

"THE TUBE THAT NEVER LETS YOU DOWN"

PALMER MOTOR COMP'Y

Automatically Seals Its Own Punctures—Protects You Against Sudden Flat Tires!

THOUSANDS of motorists have already switched to this amazing new tube and are delighted with the way it ends puncture grief and assures countless miles of trouble-free driving. And no wonder! For this revolutionary new Goodrich Seal-o-matic Safety Tube actually seals punctures on running wheels!

This remarkable tube works on an utterly new principle—one of the most sensational engineering developments in the tire industry. It is lined with a new kind of plastic rubber compound. When a nail or other sharp object pierces the tube, this plastic gum surrounds it and sticks to it—keeps air from escaping. Then, when the nail is removed, the compound fills the hole, seals it up and keeps the tube from going flat.

Why not let us put these amazing Goodrich Seal-o-matic Tubes right into your present tires now? Then you'll be protected against sudden "flats" and the inconvenience of changing tires on the road.

LELIA LAKE METHODIST CHURCH

Services every 4th Sunday. Morning at 11 o'clock. J. G. Walker, pastor. Afternoon at 3 p. m.

FIRST BAPTIST CHURCH OF LELIA LAKE

V. W. Allen, pastor. Had a wonderful revival with Bro. Troy Sumrall doing the preaching. We had 13 conversions. The church was revived from within. We shall never forget the good help we had in the meeting, Bro. Sumrall, and

trust we will go on and do our best for God who has done so much for all of us. As your unworthy pastor I want to do more for His people and His church than I have ever done. God leading and you helping we can do more for Him. Let's all do our best.

CHURCH OF CHRIST

James V. Curlee, minister. Special attention is called to the sermon subject for Sunday morning at the local Church of Christ. The subject to be considered is "How Can We be Assured the Bible is From God."

Not only all members are urged to be present, but a cordial invitation is extended to all others who desire to have their faith strengthened in God's word.

METHODIST CHURCH

The home is the oldest and the most sacred institution among men. It was instituted of God in the time of man's infancy, and it has outlived the ravages of time. The door through which contracting parties go to establish a home is marriage. "Marriage" will be the sermon subject May 28, at 11 a. m.

Special services will characterize each Sunday between this date and the 28th.

H. C. Gordon, pastor

FIRST PRESBYTERIAN CHURCH

Sunday School—9:45 a. m. There will not be any church service this Sunday.

Young Peoples Forum—6:30 p. m.

Dr. Springall of Dallas preached at the Presbyterian church Sunday.

Mrs. Hedgketh of White Deer visited in the home of Mrs. Monica Harvey and other friends the past week. She returned home Tuesday.

'AMERICA' SUNG BY NELSON EDDY IN TENSE SCENE

Since motion pictures added sound, songs, both old and new, have been popularized from the screen. But a hymn is popularized for the first time by a film in "Let Freedom Ring," opening Wednesday at the Pastime Theatre.

It is the national hymn, "America" and Nelson Eddy sings it.

The scene depicts a Western saloon of the 1860's, and Eddy, technically under arrest for publishing a paper which has incited the railroad "hunkies" to rise against their employer, is appealing to these railroad workers to go to the polls and break the crooked political machine of Edward Arnold.

As the speech progresses it is evident that the men are disinterested and restless. Those in the rear start to edge towards the door. Others follow. Then at the far end of the hall a piano starts to play. Virginia Bruce, Eddy's sweetheart, breaks into the hymn in a last effort to stem the exit of these voters. Charles Butterworth, saloon pianist, accompanies her. A look of new hope comes into Eddy's face. His strong baritone catches up the song.

Eddy poured more feeling into this hymn than into any he has ever sung. It was the first time he has ever sung "America" for films, radio or concert stage. In every sort of dialect, Swedish, Cockney, Italian, the men joined him. The crew were spell-bound. After the recording stopped there was complete silence for a moment.

"That's it," said Conway huskily. "That's exactly the effect we want. That really meant something."

(19-p) Donley County Leader, \$1.50 a year.

METHODIST CIRCUIT NOTES

J. G. Walker, P. C.

Our revival meeting at Lelia Lake started Monday evening as we announced in last week's issue. The very first service was encouraging. The attendance was beyond our expectations, and there has been a steady increase in attendance and interest. Sunday evening nearly all the seats were taken. Bro. Allen called off his service for Sunday evening, and brought us a good crowd, for which we are very grateful to him and his good people.

Received Sunday one member by vows. We are expecting before the meeting closes to receive several others. Next Sunday all who are interested in Sunday school work at Lelia Lake Methodist church are invited to be present at 10 a. m. We are ordering literature this day and will have it present then.

Bro. Gordon has won the hearts of all who have heard him. We can hear nothing but praise for him. He is our friend and we love him.

We went to Bray Sunday afternoon for the Workers meeting, composed of McKnight and Bray people. It was a good program, and enjoyed by all present. The program was rendered mostly by home talent. Bro. Biggs and wife from Hedley were present and added much to the program. It is our plan to develop home talent, and then use it for further developments. Lots of good talent around Bray and McKnight.

The Clarendon Circuit is full of it. Of course, if it is not developed, not many will ever know about it. We think it will be a tragedy for all this talent to lie dormant. We know that if you should make a rapid development you would possibly soon get ahead of the pastor; but don't let that bother you, for there is a chance to change pastors once a year in the Methodist church. Remember also that your pastor is capable of development, and not too indolent to try.

Indolence seems to be the greatest fault of many of our people; and it is very fertile soil for the production of tares sown by the enemy of God and His church.

Remember we go to Ashtola next Sunday. Meet us there, with your heart full of love of God.

Garlic-Parsley an Aid in HIGH BLOOD PRESSURE

Medical reports say that Garlic-Parsley concentrate has a double action in reducing high blood pressure. First, it tends to relax tightened arteries. Second, it checks or inhibits decomposition of waste matter in the bowels, a contributory cause of high blood pressure. To get concentrated garlic and parsley in odorless, tasteless form, ask for ALLIMIN. These tablets, used at regular intervals, aid in reducing blood pressure and relieving headache and dizziness caused by excessively high readings. To learn what raises your blood pressure and for medical treatment consult your doctor. ALLIMIN is for sale by all druggists. Large box, 50c. Special economy size, \$1.00.

KENT—

grown in Texas until we now had 553 chapters in the state with 23,000 paid up members. Ray Bulls explained to the guests the hog program now being sponsored by the local chapter which has resulted in 54 registered females being found at the farm homes of the various members. Bulls also explained the set-up whereby the various members cooperate in a "boar circle."

Howard Gibbs pointed out the fact that the local chapter had won over \$1400 in cash prizes since the first of last September in the various shows. Forty-nine of the fifty members have exhibited stock in one or more shows according to Gibbs' report. Pete Morrow reported on the activities of the judging teams and the contests in which they have entered. Morrow said that thirty-five of the members had participated in one or more contests this year. The climax of the judging work for the season was reached when the milk judging team won the state contest. Junior Spier pointed out that the projects have had a total of \$9,600 income, with \$6,000 expenses leaving a total of \$3,600, including premium money, as net profit for the projects. Frank Cannon outlined the plans of the chapter for the 1939-1940 school year the chief of which is to make Clarendon a better community in which to live. Music was furnished the group by Kitty Ruth Baley, and the F.F.A. harmonica band.

Mr. Watson, in giving his views of vocational agriculture, stated that the course was one of his favorites, as the boys not only secured theory and book learning, but were able to learn things through the actual doing, that would better prepare them for their life's work.

Dr. Kent reviewed the early efforts to secure 4-H and vocational agriculture work in the schools, and the progress that the work has had in recent years. He explained the advantages of present day education over that of past years, and stated that he believed vocational work would have a big part in solving the agricultural problems of the day.

**BRONCS DEFEAT
"EXES" 25 to 6**

After overcoming a six point handicap imposed on them at the fourth play of the game, the Ponies steadily drove to a 25-6 victory over a composite team of eligibles and "Exes" Tuesday night under the lights.

The Bronchos received and lost the ball to the exes, who completed a pass to Ralph Grady who sped to the one yard line before being driven out of bounds by Johnny Grady. J. H. Green drove over two plays later for the first counter of the game.

The Bronchos struck back quickly when Johnny Grady took a lateral from Hartzog and raced to the 8-yd. line. Allison drove over and Huffman converted. The exes fumbled and within a few plays Melton went around left end for another Bronc score. The score at the half was 13-6.

In the last quarter the Broncs scored two times, once by Melton on a lateral and once by Pete Morrow on a plunge play.

The game was hard fought with both teams playing real football. This game signified the end of Spring training for the squad.
