

Christal, Cornell and Lovelady winners in election

Donley County voters turned out very lightly for the Primary elections. A rather confusing issue, "Where do Republicans Vote?" came up...the solution was that, since the Republican Chairman declined to hold a Primary election, the Republicans could vote in the Democrat Primary. These figures include a few Republican votes as well. These are NOT the final election results they are only how Donley County voters placed their votes in the contested races. State Rep., Dist. 84-Whaley-691, Middlebrook-339.

May is National Foot Health Month

More than 11 million Texans will suffer foot problems at some point in their lives, according to figures released by the Texas Podiatry Association for National Foot Health Month, observed nationwide in May.

In an effort to reduce that figure, the TPA is alerting Texans this month to the fact that foot pain is not normal, and can usually be alleviated quickly and easily by a podiatrist. "It's a real problem," said Dr. Nelson, President of the Texas Podiatry Association. "The psychology of the American is, for some reason to ignore foot pain. Yet, if we had one-tenth the pain in another part of our body, we'd run to the doctor to find out what's wrong. Foot problems can cause pain throughout the entire body, and have serious repercussions."

Such repercussions often include reduced job efficiency, reduced physical activity, increased headaches and backaches, and, sometimes, complete immobility. Some sobering facts about feet include:

1. Clock Watching: tired feet can cause people to tire early on the job, become clock-watchers and be more susceptible to injury.
2. Athletic Injury: improperly balanced feet can cause the entire body to shift its weight to a posture that favors the problem. When an athlete runs, his feet hit the ground 800 times per mile; therefore, every wrong move is repeated thousands of times in a long run. Often the result is swollen tendons, strained knees, aching heels, bruised bones and sore backs.
3. Cranky kids: most foot deformities are passed down from generation to generation as genetic weaknesses. Since more than 40% of all children have foot problems by the time they're 6 years old, a child's foot can't be checked too soon.
4. Amputations: the foot has often been called the mirror of health because many symptoms of systemic

diseases, such as diabetes, arterial sclerosis, arthritides and heart disease, show up there first. Last year, more than 100,000 amputations of toes, feet and legs were recorded, many were among diabetics. Proper foot care and inspection is an absolute necessity for disease prevention as well as management.

5. Immobility: Unfortunately, foot ailments make it difficult and often impossible for Senior Citizens to work or participate in social activities. Indeed, 1/4 of all nursing home patients can not walk at all, another 1/6 can walk only with assistance. Many would be mobile today if they had taken proper care of their feet.

Contrary to popular belief, foot problems are not caused by shoes. Podiatrists report that most foot problems are caused by bone or muscle defects, infections, simple carelessness and, sometimes the type of work people do. Corns, calluses, ingrown toenails, excessive perspiration and itching indicate foot problems that may be aggravated, but not caused, by shoes.

The Texas Podiatry Association recommends that Texans take better care of their feet by:

1. Wearing shoes that don't cramp at the ball and toe areas of the foot.
2. Keeping feet clean by washing daily and drying thoroughly.
3. Soaking feet in warm water to relieve pain.
4. Checking frequently for corns, calluses, cracks, ingrown toenails and bunions.
5. Trimming toenails in straight lines rather than curved.
6. Visiting a podiatrist once every year for general check-ups, or more often if foot pain exists or a new athletic activity is undertaken.

Chamberlain news

Chamberlain Community Center will meet at a NEW TIME, 8 p.m., in the community center for a covered dish supper Friday, May 7.

Host and hostesses will be Mr. and Mrs. Roy Blackman, Mollie Dixon and Mr. C.T. Bates.

We sure do want to thank all of those who helped make our pie supper and candidate rally a success.

Fun After Fifty

Club meets

Fun After Fifty met May 1 for their regular meeting with twenty-one present. A brief business meeting was conducted by the president. Happy Birthday was sung to Gwen Putman and Ruby Keith. After a social hour of visiting and renewing old acquaintances, a covered dish luncheon was enjoyed by everyone. The next meeting will be June 5.

Revival at United Pentecostal Church

Wednesday, May 5th at 7:30 p.m., Elder and Sister Frank Slates, pastor of the Emmanuel Temple in Sherman will be ministering at the United Pentecostal Church. Beginning on May 9th.

Mother's Day at 7:30 p.m. nightly, the revival will begin with Reverend Don Sample of Sherman assistant Pastor of Emanuel Temple. The public is invited to come and hear these two great men and worship with us.

Mr. and Mrs. Frank Slates

CRIME STOPPERS

For an enterprising thief, Texas' oilfields offer an endless opportunity. Thirty-fifty million dollars worth of oilfield equipment was stolen in Texas last year. These losses are pushing the cost of pumping oil sky high, and that affects each of us.

The drilling boom in Texas has created a demand for materials which are hard to come by. Any tool, large or small, can catch the eye of a thief, as it represents a pocket full of money. This problem is running rampant in Texas and is hard to detect. Items are often taken to another state where they are stripped of serial numbers, given a fresh coat of paint and resold, sometimes back to the original owners.

The industry is fighting back with rewards, recovery systems and better identification methods. Governor

Clements and the Texas Legislature have implemented new laws to stop the growing crime wave in the oil patch - but they can't do it alone.

For the month of May, 1982, the Crime Stoppers Advisory Council is focusing its statewide "Crime of the Month" program on oilfield theft. Any citizen having information about oilfield theft is asked to call the anti-crime hotline at 1-800-252-TIPS. Cash rewards are available for information leading to the arrest and indictment of oilfield thieves. Citizens do not have to reveal their name, just their information, and they will be given a unique code number for identification purposes.

Let's get these people out of our society! Call 1-800-252-TIPS today to help stop oilfield theft in Texas.

Governor designates Nursing Home Week

Residents in more than 1,000 nursing homes across Texas will be honored during a special week to begin Mother's Day Sunday, May 9th.

During this week, which Governor Clements has designated as "Texas Nursing Home Week and Second Annual Life Festival," nursing homes will be holding Open House, and many will feature Life Festival celebrations.

Open House events traditionally include such festivities as Mother's Day dinners and teas, talent shows, barbecues, and country western music—a pleasant week of activities in which nursing home residents and their neighbors in the community may renew friendships and share some time together.

Many nursing homes will also conduct Life Festival celebrations, a potpourri of carnival-type games and activities designed to raise money for a worthy cause of public

interest. Beneficiary of this year's Life Festival proceeds is the Leukemia Society of America, Inc.

Sidney D. Rich, President of the Texas Nursing Home Association, said, "Many of our pioneer citizens live in nursing homes, and they want to feel a part of the communities they worked so hard to enrich."

Nursing Home Week affords an opportunity for community members to remember and salute these fine senior citizens by visiting them during their special week... and hopefully, all during the year."

Rich went on to say that while doing so, "Community members may be surprised to find that the facilities of today are quite nice places where steadily increasing numbers of our population are receiving concerned, professional care in safe, comfortable surroundings."

Larry Gatlin and the Gatlin Brothers, distin-

A PROCLAMATION BY GOVERNOR CLEMENTS designates Texas Nursing Home Week and Second Annual Life Festival beginning Mother's Day, May 9th, and suggests that period as an appropriate time for Texans to visit the residents of 1,029 licensed nursing homes in Texas. With the Governor for the signing ceremony were (l to r) Sidney D. Rich, President of the Texas Nursing Home Association which sponsors the event; Cecil Barcelo of Pearland, Chairman of the Board; Clements; and Andrew Ugor of Dallas, Chairman of the Public Relations Committee.

guished Texans who typify the warm family relationship which is the theme of this special week, are Honorary Hosts for Texas Nursing Home Week. The celebrated entertainers are donating their influence to urge visits to nursing home residents.

"Share your love—visit a nursing home in your area" is the official invitation to the public by Larry Gatlin and his brothers. Nursing homes are fill-

ing an important role in the health-care delivery system. In Texas there are several thousand more nursing home beds than hospital beds, emphasizing the growing importance of long-term care in a society with lengthening life expectancy.

Governor Clements, in his proclamation, encouraged "all who can to visit nursing homes in their communities and join in the observance of Nursing

Home Week and the celebration of the Second Annual Life Festival."

The Lions Tale

BY GENE ALDERSON

The Clarendon Lion's club held its regular meeting at noon on Tuesday at the Lions Hall. There were 26 members, Lion Sweetheart Jessie Adams and three

guests present. Following the regular opening ceremony, Lion Tamer Messer introduced Lion Tom Byrd, an investment broker from Pampa who was the guest of Lion Frank White. Boss Lion McCombs then announced that there would be a directors meeting at the close of our regular meeting today.

Our program today was brought by Lt. Henry Hufham, Commanding Officer of the Naval Reserve Center in Amarillo and by Petty Officer Barnes, Naval

Reserve Recruiter for this area. They gave a slide film presentation, "Your Navy—A Report to Shareholders." The presentation reviewed the status, roles and composition of the Navy, the threat imposed by Soviet sea-power and pointed to future Naval developments.

Following the program a drawing was held for four free tickets to the Amarillo Air Show on May 22, and 23. Winners were Lions Henson and Lovelady.

Calendar

Events

Fri. May 7, 8 p.m. Chamberlain Community Center to meet.

Beta Sigma Phi Founder Day

Xi Lambda Xi of Beta Sigma Phi was the honored guest of Alpha Upsilon chapter in the celebration of Beta Sigma Phi's Founder's Day. This year marks the 51st Anniversary of Beta Sigma Phi. The celebration was in the home of AUE vice-president Wanda Hill. The theme for the anniversary celebration was "Circle the World with Yellow Roses". Special-guests were Molita Greer who was chosen by Alpha Upsilon Epsilon chapter as their 1982 "Woman of the Year" and Mary Neal Risley, Xi Lambda Xi's 1981 "Woman of the Year". Our year in review was presented by chapter historian Tonya Owens for AUE and corresponding

secretary from Xi Lambda Xi, Katie Dvorak. This year Xi Lambda Xi chose as their "Girl of the Year" Genella Eads. AUE chose Tonya Owens as their "Girl of the Year" and Judy Bland as their "Pledge of the Year".

The program for the evening included Xi Lambda Xi member Pat McCombs leading the members in the Founders Day Pledge and AUE member, Pat White who shared with the members the Founders Day "Message from International". A colorful buffet of ham, vegetables and salads was served by Alpha Upsilon Epsilon and all present enjoyed the meal and the program.

The 1981 president of Alpha Upsilon Epsilon, Terry Floyd, was given this year's scrapbook. This celebration was very special and will be remembered for years to come by all members who were present. We would like to give a special "Thanks" to Wanda Hill for sharing her beautiful home with us for our anniversary celebration.

Ladies Golf

Of course the Ladies Golf Association has had monthly luncheons and play-days (weather permitting) all year but now the new season is upon us.

Officers for this year are: Billie Chauveaux, president, Kathryn Cain-VP, Maxine Hardin-Secretary, Dorothy Breedlove-Treasurer, Claudia Thompson-Tournament Chairman, Peggy Minkley-play-day Chairman, Evelyn Moore, Historian.

We had a luncheon on March 25 and planned a party for the ladies of the Country Club.

This "tee-off" party was held Thursday, April 1. It was quite well attended, and everyone seemed to enjoy it. Those who wished to join the association did so. Then Melba Vaughn and Dorothy Breedlove drew names for teams-Melba's "Molls" and Dorothy's "Dolls". Each person was to appear and sign her name on her teams list each week in April. At the end, Melba's "Molls" were declared winners and soon the "Dolls" will be hosting a party for them.

On April 14, Billie, Peggy, Dorothy, Claudia and Maxine went to Childress for the first of our Greenbelt Scrambles. Billie's team won first place, Maxine got a door prize and all had a good time. The next Scramble will be here May 6.

Quite a few of us entered the Man-Woman tournament April 23-24. Some of us were winners; others weren't.

Still off of our regular day another luncheon was held April 29. Plans were made for the Greenbelt Scramble Thursday May 6 and jobs were assigned for this tournament.

The LGA voted to replace the worn chair seats in the Club and under the able direction of Evelyn Moore, this is fast being accomplished. Much improvement and many less snags!

1926 Book Club

The 1926 Book Club held a book review given by Dessa Day April 26, 1982 at the Patching Clubhouse at 7:30 p.m.

About 25-26 were in attendance. This was planned as a memorial for Virgie Johnson, a former member of the 1926 Book Club. The admission was any donation you wanted to give.

President Betty Veach introduced Dessa Day and she presented a book review on THORPE by Marry Dutton. She brought so much more detail this time she presented it. It was excel-

lent; of course, Dessa put her personality into it.

Among our guests were Mr. Shy Johnson, Mr. J.R. Brandon, Mrs. Dema Justice members of the Xi Lambda Xi sorority of Beta Sigma Phi, and others. The Book Club would like to thank the public so much for supporting us in this endeavor.

Refreshments were served after the book review. The Social Committee did an excellent job serving cookies and punch and coffee and decorating the clubhouse with fresh flowers. Everything was very nice.

STATEMENT OF NONDISCRIMINATION

Greenbelt Electric Cooperative, Inc. has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operations of its facilities. Under the Assurance, this organization is committed not to discriminate against any person on the ground of race, color, or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

Any person who believes himself, or any specific class of individual to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D.C. 21250, or the Rural Electrification Administration, Washington, D.C. 20250, or this organization, or all, a written complaint. Such complaint must be filed not later than 180 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture of the Rural Electrification Administration extends the time of filing. Identify of complainants will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations.

State says 10% mix drink tax up 21% first quarter

After a brief business meeting, Zola Donald, professional affairs chairman presented the program on Friendship by reading the poem, "A Golden Chain of Friendship" by Helen Steiner Rice. The theme of friendship was continued with the showing of slides by Hazel Brandon. The slides were of her trips to Canada and she told of the friendliness of the people. The program was interesting, informative and the slides beautiful.

The meeting was concluded with the installation of the officers for 1982-84.

Members from Donley County attending were: Hazel Brandon, Evelyn Messer, Inez Blankenship, Zola Donald, Mabel Mongole and Edgar Mae Mongole.

State Comptroller Bob Bullock said collection of the state's 10% mixed drink tax during the first quarter of 1982 was up 21% over the same period last year.

Bullock said the state received \$34.5 million in taxes on the sale of mixed drinks during the first three months of this year.

He said his office is sending checks totaling \$10 million to 216 counties and 404 cities as their share of the gross receipts tax on mixed drinks for the first quarter.

The state's general revenue fund will receive the balance, \$24.5 million, of the tax money collected.

Texas cities and counties each receive a 15% rebate of the tax collected on mixed drinks sold within their boundaries under the law that legalized the sale of mixed drinks in the state.

The mixed drink tax is collected by the Alcoholic Beverage Commission and the city-county rebates are sent out quarterly by the Comptroller's office.

Bullock said first quarter tax collections represent the sale of more than \$345 million worth of mixed

drinks.

Donley counties total revenue was \$11,159.37. The counties 15% tax remittance was \$1,673.91. Total city tax revenue was \$592.50 and the 15% tax remittance was \$75.19.

Fad diets may be hazardous to your health

Some fad diets promise you will lose five to 10 pounds a week, but the recommended amount is one to two pounds a week, says Mary Sweeten, a food and nutrition specialist from Texas A & M. Beware diets that promise more than a healthy diet can offer. Consult your doctor for the safety of these fad diets.

Some current fad diets are the Cambridge diet plan, the liquid protien, the grapefruit diet, the Air Force low carbohydrate diet and any pills, liquids, powders or concoctions that will substitute a normal meal.

SODIUM AND SALT NO-NO's.

Salt, the common name for sodium chloride, is the largest single contributor of sodium to the human diet but only one of many sources of sodium found in foods. Sodium is also found in self-rising flour, monosodium glutamate, sodium saccharin baking soda and baking powder. If you need to cut down on salt, you should also be aware of these other sources of sodium in your diet.

Sodium is included in most processed foods and is present in water either because it occurs naturally or is added by the community water system or a water softener.

An estimated 23 million to 60 million people in the US have diseases or disorders that may require control of sodium or potassium, a common salt substitute.

Beware of "salt-free" products for they may contain high levels of sodium. If you are interested in knowing how much sodium a product contains, write the FDA, HFE-88, 5600 Fishers lane, Rockville, MD 20857 and ask for a free copy of "The Sodium Content of your Food."

BEWARE FALL

Falls in the home are the major cause of accidental death for people over age 65.

I want to thank everyone for their vote and support in the Election. I hope to merit the confidence you have placed in me. I am looking forward to working with you and for you as your next Commissioner.

THANK YOU VERY MUCH

C. W. (DUDE) CORNELL

Attending were: Genella Eads, Pat McCombs, Genevia Summers, Francis Johnson, Peggy Anderson, Gloria Gage, Susan Henson and Betty Veach.

Delta Kappa

Gamma news

Gamma Kappa Chapter of Delta Kappa Gamma met in Memphis May 1, 1982 in the Homemaking Department of the Memphis High School.

Hazel Brandon, president, presided and Marjorie Bain gave the invocation. Audry Tribble read the minutes and they were approved.

The first needles, historians say, were made about 30,000 years ago.

At General Telephone We're Not Simply Talking About Service Improvements We're Making Them In Clarendon

At General Telephone, better service isn't just a goal, it's a solid commitment. General Telephone spent over 354 million dollars in 1981 on capital expenditure projects (i.e. new electronic switches, expanded cable projects and modernization), and GTE will spend over 400 million dollars in 1982 to provide you the best telecommunications available.

For you, as a valued customer, this investment in service improvement is working as shown below. General Telephone is working hard to continually provide you with the best of service.

The Texas Public Utilities Commission (PUC) has established certain standards in public hearings, and our service results are listed against those standards.

	Texas PUC Standards	Most Current Figure
% customer calls answered promptly business office/repair service	90 / 90	99.9 / 99.4
% service order commitments met as promised	90	100
% local calls completed on 1st try	98	98.0
% direct dialed long distance calls completed on 1st try	95	98.0
% out-of-service trouble cleared within 8 working hours	90	100

* These results based on electronic testing

General Telephone **GTE**

Lemmons-Beasley engagement announced

Mr. and Mrs. Jimmy M. Lemmons of Brice proudly announce the engagement and approaching marriage of their daughter Melissa Ann to Sidney Allen Beasley. Parents of the prospective groom are Mr. and Mrs. Milton Allen Beasley of Memphis.

The marriage will take place June 18, 1982 in the First Baptist Church of Hedley.

Jackson receives award

Sharon Jackson, daughter of Mr. and Mrs. Kenneth E. Jackson, has been awarded the United States Achievement award in Home Economics. The Academy recognizes less than 5% of all American high school students. Sharon will appear in the US Achievement Academy Official yearbook. Sharon is the granddaughter of Mr. and Mrs. W.H. McDonald of Clarendon. Sharon lives in Kingston, OK and will attend OSU this fall where she will major in pre-medical science.

Stoned jeans the new look

The new look replacing pre-washed jeans are the "stoned jeans". They are abraded by ball or stone-like objects laundered with the jeans, says Ann Vanderporten, a clothing specialist from Texas A & M.

Melissa Ann Lemmons and Sidney Allen Beasley

On the water WITH TOM MASTERS

Buy A Boat Now

If you'd like to own a boat, this could be the best time in years to buy one. Here are five solid reasons why you should do it now.

1. **The Price Is Right.** Because of the economy, boat prices have remained about the same for the last two years. It's only a matter of time before they start going up again. It's a buyer's market. The "pipeline," as they say in marketing jargon, is full. And that means you have an excellent chance of striking a highly favorable price arrangement with a dealer.

As chief marketing man at Evinrude Motors, Jim

Riegler oversees a network of more than 2000 U.S. marine retailers. "In all my years in this business I think this is the best time to buy a new boat that I can recall," said Riegler. "Our prices to dealers on Evinrude outboards have gone up only slightly and Evinrude dealers are also holding down prices for their customers."

2. **Value.** Boats have a much better record of appreciating in value than automobiles. Quality has always been a watchword in marine manufacturing, and this tradition of quality helps protect your investment, if you take excellent care of your investment as well.

3. **Borrow The Money.** If you have a choice between paying cash or borrowing the money, you may find it better to borrow in spite of high interest rates. Let's take an example. Let's say

FISH TALES

BY KATIE DVORAK

A weed-eating fish, the white amur, is expected to reverse the spread of water weed that has clogged almost half of Lake Conroe's 20,000 acres.

Hydrilla, the exotic water-weed, grows at a phenomenal rate and is a hazard to motoring, swimming and makes it difficult for fish to breathe. It is also easily transplanted from lake to lake on the propellers of motors.

The white amur, used as a food fish in the Far East, should be compatible with game fish. Since it is not competitive for food and helps improve the environment needed by game fish and fishermen, it is hoped that fishing, boating and swimming will be improved.

Greenbelt's crappie population is productive and

working now. It's a good time to catch them, although only small stringers of them have been reported. The current state record for crappie is 4 lb. 9 oz.

Greenbelt's white bass have also begun to move. It may be that our rains have helped trigger them into moving into their spawning grounds.

"When there is little runoff to get the fish moving, the males and the females don't come together below the dams in any great numbers," Bob Bounds, Inland Fisheries management coordinator for the Texas Parks and Wildlife Dept. said. "They will appear for a day or two, then scatter again." But with our current rain, there will certainly be the movement needed to make it easier to catch the fish.

There were alot of fish caught Saturday, some nice sized stringers, Flip Broadlove and Steina Cain each had a respectable stringer. A little girl from Pampa caught a 8 lb Northern Pike Saturday and several were catching walleye.

Some folks may have noticed that the sign above The Clarendon Press has been changed to "J & J Auto Sales". We are not going into a side-line business, but we are moving.

J.C. Woody has been working on the building located between Ration's TV and Judy's Hair Design for the past several months. The remodeling job has taken a bit longer than was expected, and the new occupants of our old building have had to move in with us.

We will remain at our present location, sans sign, until we can complete our remodeling job.

The Clarendon Press will keep you informed about our move. You will be among the first to know when we change our location. The tentative date is sometime in June.

Now for some gossip. Lee S. funny face? Theresa P. is he going after someone else? Taralena C-Mamie? Denisee R-what's that noise? Dawn P. Gracefull! Russel A-big, mean and nasty!!

Colts Corral

BY KANDY FLOYD

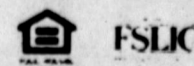

Hi colt Fans! This week the 8th grade has their plays. 8A will do their plays Wednesday at 1:00 at the high school auditorium. 8B will do their plays at 1:00 Thursday. Last Monday, the tennis team went to Wellington. Leland Howell went to the finals in singles. Also, last Monday everyone enjoyed the Colt sports banquet. Monday night the Jr. High and High School had a band concert. Tuesday, the 6th grade went to Coach Bromley's. Everyone had a real good time.

"Wouldn't it be nice if your money worked as hard as you do! It can at Vernon Savings."

This is great country around here. Full of good folks working hard and trying to make their money work for them. That's why the folks at Vernon Savings came up with the New Brand of Banking. It gives you the most banking for your money at one place. For instance, they can offer you certificates of deposit that pay you all the law allows. And Vernon Savings has a CD to fit your money plan. Long term or short term, high interest or higher interest. But always in your interest. And if you let Vernon Savings credit the interest you earn to your checking account, they'll give you free checking (No minimum balance). That's the New Brand of Banking. Only at Vernon Savings...where you can round up all your banking business at one place. Check it out. And tell 'em Rex Allen sent you.

JACK HIGHTOWER
13th District, Texas

HOUSE OF REPRESENTATIVES
WASHINGTON, D. C. 20515

Dear Friends,

It has been my honor to serve as your Congressman for almost eight years now. Before that, I served for twelve years in the Texas House and Senate. I am grateful for your continued support and for the faith you've shown in re-electing me as your advocate in Washington.

This year, I again need your help to continue our effort to provide you competent, personalized representation. With your help, I want to continue our fight to cut runaway government spending, balance the budget, rebuild our national defense and restore the economy to health. As a member of the House Appropriations Committee, I am in a unique position to translate your concerns into action.

I've traveled continually throughout our huge district and know many of you and your families on a first-name basis. I've answered thousands of your letters, visited you at home and at work, and spoken to your organizations. I've fought hard to find solutions for your problems. And I've spoken for you in the halls of Congress and throughout the large, impersonal federal bureaucracy.

We've accomplished a great deal together. There is still much to be done. We must reduce the federal deficit and balance the budget to lower interest rates and provide a stable, productive economy. We must strengthen the pillars that support the basic economy of the 13th Congressional District: agriculture, energy and small business. That means we must restore the profitability to farming and ranching and we must eliminate the excessive federal tax bite for the petroleum industry. We must lower the record interest rates that are strangling our small businesses. We must strengthen our defense so that no hostile nation can threaten the precious freedom we've won at so great a cost. And we must continue the fight to make government the Servant, not the Master, of our people.

The key issues in the November election are these:

1. Who has the personal experience, the knowledge of the district, and the legislative ability to fight and win your battles in Congress?
2. Who has the kind of respect and influence with the leaders of both parties in Washington and Austin that ensures your voice is heard?
3. Who has a proven record of legislative and personal accomplishment that will benefit the people of the 13th District of Texas?

We face difficult times, both as individuals and as a Nation. We do not expect to find any easy answers to the problems of our economy, or to the troubling domestic and foreign issues we face.

But I believe our greatest days are yet to come.

The dream of liberty that America represents must continue—will continue—and I am dedicated to representing the people of the 13th District in every forum and at every opportunity in order to perpetuate that dream.

My pledge to you is simple: Honest, tireless service. Competence. An Open Door. Solid, responsible, respected representation.

As we open our campaign, I know that I will be talking to many of you in the coming days. I will also be listening.

I ask for your continued faith, support and vote in the November election.

Sincerely,
Jack Hightower
Jack Hightower
(Not printed at government expense)

Yes! I want to keep a good Congressman like Jack Hightower on the job—
I am enclosing a contribution to help get your campaign started.
— 100 — 75 — 50 — 35 — 25 — 10 — 5 — other
— I want to help organize my county for you.
— I will contact others on your behalf.
— You can use my name on an endorsement list.
— I am not able to make a contribution now but count me as a supporter. I will do whatever I can to help.

Obituaries

JENNIE ANN STONE

Funeral services for Mrs. Jennie Ann Stone, age 91, were held at 1:00 p.m. on Tuesday, May 4, 1982 in the Clarendon Church of Christ with Tom Harguess, pastor, officiating. Interment was in Silverton Cemetery in Silverton with the arrangements under the direction of Robertson Funeral Directors. Mrs. Stone died at 1:55 p.m. on Sunday May 2, 1982 in Hall County Hospital in Memphis. She was born on May 17, 1890 at Mountain Home, Arkansas and was married to Tas Kirk Stone on August 15, 1909 in Cottle County in 1930 and had lived here since that time. She was a member of the Church of Christ.

Survivors include two daughters, Mrs. Louise Riley of Clarendon, Mrs. Sue Hardage of Altus, OK; three sons, Kenneth Stone of Amarillo, Lewis Stone and

J.T. Stone both of Clarendon; one sister, Mrs. Florence White of Dallas; five grandchildren; and three great grandchildren.

Casket bearers were Tommie Saye, Dennis Lindley, Donald Harlan, David Wilson, E.H. Rudder and Don Stone.

GUSSIE IDA HAMMER

Funeral services for Mrs. Gussie Ida Hammer, age 75, were held at 2:00 p.m. on Thursday, April 29, 1982 in Robertson Chapel of Memories with Don Stone, pastor of the Hedley Church of Christ officiating. Interment was in Citizens Cemetery with the arrangements under the direction of Robertson Funeral Directors.

Mrs. Hammer died at 8:00 p.m. on Tuesday, April 27, 1982 in Wilbarger General Hospital in Vernon following a lengthy illness. She was born November 1, 1906 at Stratford, OK and was married to Charles Hammer in May 1924 at Amarillo. She had been a resident of Wild-

orado since 1924 moving there from Oklahoma. She was a Baptist.

Survivors include her husband, Charles Hammer of Vega; two daughters, Mrs. Bessie Matheson of Vega, Mrs. Nellie Lane of Abilene; two sons, Johnny Hammer of Lawton, OK, Albert P. Hammer of Vega; six sisters, Mrs. Pairlee Cornett of Marlow, OK, Mrs. Nimmie Miller of Lawton, OK, Mrs. Oleta Hammer of Escondido, CA, Mrs. Nellie Hampton of Muskogee, OK, Mrs. Adeline Garcia of Las Vegas, Nevada, Mrs. Amaleta McCright of Roby; two brothers, Chester Willhite of Vega, Mayo Willhite of Gladwater; five grandchildren; and three great-grandchildren.

Casket bearers were Hayden Willhite, Martin Willhite, Martin Hammer, Walter Johnson and William McCright.

The Speaker Reports

by Bill Clayton

AUSTIN—The role of being an educator is a difficult one. Among many talents, it requires knowing "what" needs to be taught.

This is one problem that the Texas Legislature has faced each legislative session. Unfortunately, in past eagerness to teach our children everything of value, legislators added more and more requirements to our laws mandating what had to be taught.

This resulted in a problem of overload. The children received exposure to more branches of knowledge but they weren't learning such basic skills as reading, writing, and arithmetic.

During the last session of the Legislature, there was a long overdue backlash to this situation. Legislation was passed which eliminated previous course requirements and which set forth a procedure to establish a new core curriculum that concentrates instruction in twelve basic areas.

This legislation designates the state board of education to determine the essential elements of the new core curriculum. The state board is moving forward prudently on this assigned task. It has selected from across the state experts in various subject fields who have begun their research. Though a report is to be made to the next Legislature, the task will not be completed at that time. There will be

many opportunities for varied input in the decision-making process, but the legislation does require that the final decisions will be made by the state board, not by the Legislature as before.

It might sound like an easy task but there are varying adamant opinions as to what should be included in this curriculum.

We must remember that behind this strong sentiment is a similar desire to provide the best possible education for our children. There is no disagreement on that point.

The final decisions will require a phase-in method of implementation. Therefore, the effects of this legislation may not be felt for two to three years and not be finished for years after that.

I sincerely hope that the state board of education can determine a core curriculum which emphasizes basic skills and which will be acceptable to all concerned.

The common cold is communicable two days before to two days after symptoms appear.

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO: PHILLIPS ASHLEY,
 Defendant, Greeting: **YOU**
[AND EACH OF YOU] ARE HEREBY COMMANDED
 to appear before the 100th District Court of Donley County at the Courthouse thereof, in Clarendon, Texas by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 31st day of May A.D. 1982, to Plaintiff's Petition filed in said court, on the 10th day of December A.D. 1980, in this cause, numbered 4132 on the docket of said court and styled Sandra Judy Glenn Ashley, Individually and as next Friend and natural Guardian of her Natural Children, Teresa Lynn Ashley, Terry Wayne Able, Tracy Glen Ashley and Tammy Gail Ashley, Plaintiff, vs. The Home Indemnity Company, Defendant.
 A brief statement of the nature of this suit is as follows, to-wit: This is a worker's compensation suit brought by statutory beneficiaries following the death of James Douglas Ashley. If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.
 The officer executing this writ shall promptly serve the same according to requirements of law, and the minutes herof, and make due

return as the law directs.
 Issued and given under my hand and the seal of said court at Clarendon, Texas this 15th day of April A.D. 1982.
 P.C. Messer Clerk, 100th District Court Donley county, Texas. By Hazel Guy, Deputy. 16-4tc

PUBLIC NOTICE
 The Donley County Commissioners Court are accepting applications for a full time custodian of the Courthouse grounds, Old Courthouse, annex, and Highway Patrol building. Applications will be opened at the May 10th session of Commissioners Court. Blank applications may be obtained at the office of the County Judge. 17-2tc

AIR SHOW! MAY 22-23

AMARILLO INTERNATIONAL AIRPORT

Mark it on your calendar! May 22 and 23 are the dates to be at the Amarillo International Airport for the Amarillo Air Show.

Don't miss the daring young men in their flying machines: bi-planes, Shrike Commander, balloons and more.

"This air show is not Amarillo's first, but it's certainly shaping up to be the best," according to Jack Tarpley, Chamber of Commerce Aviation Committee Chairman.

The Amarillo C of C aviation committee is sponsoring the event.

"We are featuring world class performers and nationally acclaimed pilots only," Tarpley continued.

The Christen Eagles, Rockwell International's Bob Hoover, Jim Franklin's Flying Circus and the Navy parachuting Leap Frogs will stud the Amarillo skies with precision drills, daredevil acts, and breathtaking stunts.

"We will be featuring a professionally narrated show of world class acts," Eddie Blair, C of C air show chairman, said.

Sonny Everett has been retained by the Chamber to narrate the show. From Orlando, Fla., Everett has appeared in several movies and is considered a leading air show narrator in the U.S., according to Blair.

The Christen Eagles Aerobatic Flight Team will be performing in three specially built Christen Eagle bi-planes.

The Team has been featured on ABC-TV's "Wide World of Sports," and performed aerial maneuvers chained together for the weekly television show, "That's Incredible!"

Charlie R. Hillard is the team leader for the Eagles. His spectacular "torque roll" maneuver will be featured in the air show. During the feat, Hillard holds his bi-plane in a vertical climb through zero airspeed, maintaining a con-

tinual rolling maneuver all the way to the top of the vertical line and back down.

Flying right wing for the Eagles is Tom Poberezny. He recently directed the flying sequences in the motion picture, *Cloud Dancer*.

Flying left wing is Gene Soucy. From 1970-72 Soucy held the U.S. national unlimited championship.

Joining the Christen Eagles in the Amarillo Air Show, will be Robert (Bob) Hoover who is the corporate director of special projects for Rockwell International Corporation.

Rockwell is the prime contractor to NASA for the Space Shuttle.

Hoover holds the 1981 Fly-

ing-Tiger Award for his outstanding contributions to aviation.

One of America's foremost pilots, Hoover will perform in a World War II P-51 Mustang and in the business/utility aircraft Shrike Commander.

Joining these two top aerial acts will be Jim Franklin's Flying Circus, featuring daredevil car to plane transfers, aerial firewall crash and wing walking.

The Flying Circus performers, like the Christen Eagles, have been featured on TV's "That's Incredible!"

In addition the Navy Parachute Team called the Leap

Frogs will perform in the show. Their program will include 12-man mass jump formations as well as smaller jump formations.

Highlighting the ground displays will be the Confederate Air Force exhibit. Other static displays will be presented by aircraft manufacturers, and various branches of the military service.

The show will also sponsor demonstrations by experimental aircraft designers, including glider enthusiasts.

Sunday morning a balloon ascension from the airport will kick off the day's events.

The Eagles Aerobatic Flight Team takes its name from the airplanes it flies: three perfectly matched Christen Eagle I sport biplanes. This capable unlimited-category aircraft is powered by a 260 hp Lycoming engine, and it performs at a weight of 1262 lbs.

FOR SALE: (will show by appointment only) - nice 4 bedroom, 2 bath home 1 block from high school. Remodeling project mostly completed, including central heat & air. Woodburner fireplace. Landscaped front and back yard. Garden.

Joe T. Lovell - day 874-3556/night and weekend 226-3801.

Watkins new Chief of Operations

On March 18, 1982, the president announced his intention to nominate Admiral James D. Watkins to be Chief of Naval Operations. Admiral Watkins would succeed Admiral Thomas B. Hayward whose term expires June 30 of this year. Admiral Watkins is currently serving as Commander in Chief, US Pacific Fleet. Prior to assuming that command, he served as Vice Chief of Naval Operations beginning April 1979.

Marjuana users suffer impaired driving ability

According to the National Institute on Drug Abuse, marijuana users suffer from impaired driving ability and slowed reactions to dangerous situations. A publication by the Institute says that marijuana use delays a person's response to sights and sounds and affects the ability to perform sequential tasks. As a result, unexpected events, such as a car approaching from a side street or a child running from behind parked cars pose the most severe hazards. The greater the demands of a situation, the less able the marijuana user will be to cope.

The driver who doesn't feel "high" may still be under the influence of marijuana since its effects on driving last after the feeling of intoxication has passed.

Centennial issue to be finished by June 15th

We have been overwhelmed with the great response you have given to our Centennial Edition we are working on for Donley County's 100th birthday. Our deadline time is near. You will have until May 15 and not a day more to submit family histories, articles, pictures or whatever to be in the special tabloid edition. We will have the papers ready for sale by June 15.

The cost of this 256 page tabloid will be \$7.50. There will be an additional \$2 charge to mail the bulky paper anywhere.

A tabloid is NOT a regular sized paper. It is the same size as the Claude newspaper

or the Sunday supplement in the Amarillo newspaper.

One section will be just photographs. One will be those late-comer items such as late family histories. The bulk of the tabloid, however, will be consecutive pages.

This is a special issued and will not be a part of the regular Clarendon Press paper. There will be only one printing of this paper, and they will be on a first come basis. If you wish to reserve a paper you may do so by coming by the Clarendon Press.

It should be remembered that this special tabloid is NOT a part of the regular July 4th issue

REMOVE WITH CARE

Have you ever noticed the foot care section in your pharmacy? In this area is found an intriguing assortment of foam and moleskin pads of many sizes and shapes. These pads...designed to provide relief from the pain and discomfort of corns...are often medicated with corn removing substances.

Corn pads, plasters, and medications have been used by millions of individuals to remove corns or to provide relief of pain. There are times, however, when professional foot care should be sought (from a medical doctor or podiatrist). When the area beneath and around the corn is red and painful, infection may result from the application of corn removers. Individuals having diabetes or circulatory diseases may develop infections when using corn removers. These infections have led to gangrene and loss of toes and feet.

Uncomplicated corns can often be removed in the home when there is no inflammation and when other health problems do not exist. The directions on preparation labels should be followed exactly so that corns might be removed with no unpleasant consequences.

WE WANT TO BE YOUR PHARMACISTS!

JERRY HODGE MIKE BUTTS

Farm and Ranch news

Cotton growers meet at Childress

REPORTER NAOMI GREEN
Cotton growers of the area assembled at Childress to hear speaker, Charles Chinnes from Cotton Council Jessie Moore from USDA grading office and Weldon Murray, Texas and Oklahoma Cotton Growers Assoc. last Thursday.

The good news is that Lamesa has, through government grants and private investment, succeeded with twelve HVI testing machines in aiding farmers of that area to more correctly class and evaluate their cotton. This gives them an advantage in marketing to the mills if their cotton has the qualities mills need.

Approximately 5% of cotton graded nation wide is graded by machine. Presently machines are used to arbitrate between cotton buyers and the mills when there is a difference of opinion over contracts.

When asked if the HVI machines would speed the return of grade cards the answer was "Nothing will improve the efficiency of the Altus grading office if we have another season of interrupted harvest and ginning weather. The office ran two shifts of eight hours while gins were running 24 hour shifts."

The continued bad news is that HVI machines cost

\$100,000 per line. Lamesa had twelve lines grading 868,000 bales last year. It takes volume to even consider the expense. The Texas-Oklahoma Cotton Growers Assoc. was to have a representative in Washington Tuesday to seek financial assistance for purchasing the machines for the USDA office. Present government policy seems to want the title and control but leaves the burden of expense to the grower.

Although it is the mills that need the information to profitably use cotton, unless we can find a way to pass along the cost to the buyer or the mill, our cotton will in all probability be assessed fifty cents a bale if we get it now, or a dollar by the time we get there.

Modern techniques for spinning cotton have advanced so rapidly since open-end spinning, ten times more rapid with air jet spinning, that the name of the game in growing cotton is no longer just micronaire, length and condition, but STRENGTH.

When growers ask, "How do we grow Strength cotton?" the question was referred to the County Extension Agent. He reminded them that the question in the past had been volume. The answer was just beginning to be sought in each area

experimental plots.

Cotton samples need to be computerized before mills can identify and control the characteristic that effect cost of production and quality. While rayon manufactures can ask the mill what they need and then produce a fiber to suit the market, cotton is at the mercy of climatic conditions and harvest and ginning stress.

Cotton growers may well need to learn through computers, just as mills have

what they can do to produce a type of cotton that is needed in the market place. The machine being considered now for grading cotton is for the benefit of profitable milling cotton, without which there is no profitable market. In spite of the reply given from the USDA grading office, there is no question but what HVI machines and the date provided would speed and improve cotton's market position. Funding is the problem.

After compiling all the data and consulting with the USDA State Emergency Board, it was determined that our county could not qualify for this declaration. Even though the cotton production was short, the other crops and grassland brought the overall average far above the 30% loss needed to qualify.

Your local governing bodies have been working for several weeks in your behalf in this attempt to obtain this disaster declaration. However, it was just not possible to qualify.

If you have any questions, please contact any of the USDA Agencies.

Farmers and Ranchers benefit from tax act

For the majority of the farmers and ranchers in Texas, the Economic Recovery Tax Act will not provide any immediate economic relief.

It provides reductions in individual income tax rates, more rapid depreciation of equipment and more liberal investment tax credit and investment tax credit recapture rules.

However, farmers and ranchers with low net incomes or losses for 1981 will not benefit from these measures designed to boost

Sick worms don't eat much cotton

A virus called Elcar is being used to give cotton bollworms and tobacco budworms a Texas-sized tummyache. As a result, the worms eat less and Texas cotton growers are enjoying more earliness and increased yields...up to 180 lbs of lint per acre.

Elcar is a virus which attacks only bollworms and tobacco bollworms. It was recently introduced into the US by Sandoz, Inc., San Diego, CA.

The key to using microbials is to use them early in the growing season on first generation worms. It's also important to save your beneficial insects, if at all possible.

Biologists, say the experts, will normally kill most of the bollworm and

the economy.

The Economic Recovery Tax Act of 1981 was passed by Congress as one of the first pieces of legislation in the President's plan to put Supply-Side Economics into effect. The income tax cuts in the new Act are designed to induce economic growth by freeing money for investment in productive assets.

For further information, contact the Science Writer, Dept. of Agricultural Communications, Texas A & M University, College station Texas, 77843.

budworm production. The rest will be eaten by beneficials such as the Green Lacewing, an insect that feeds on worms and eggs.

Don't look for a quick kill with microbials, however. They're not as dramatic as conventional insecticides and farmers using them might not be particularly convinced. But they DO work!

Vaccinate for brucellosis

The reduced dosage of Strain 19 vaccine for brucellosis control is virtually as effective as the old strength which was blamed for causing some reaction problems. Dr. John W. Holcombe, executive director, Texas Animal Health commission, reports.

A program to encourage increased vaccination for brucellosis control is now in progress in Texas. Use of the reduced dosage is recommended in this effort.

The old strength of Strain 19 contained about 90 billion organisms. Experience over the years indicated this might be too large and could overwhelm the younger calves' immunity systems resulting in no immunity being produced. In older heifers, this large dose produced persistent vaccinal titers which occasionally resulted in a Strain 19 infection.

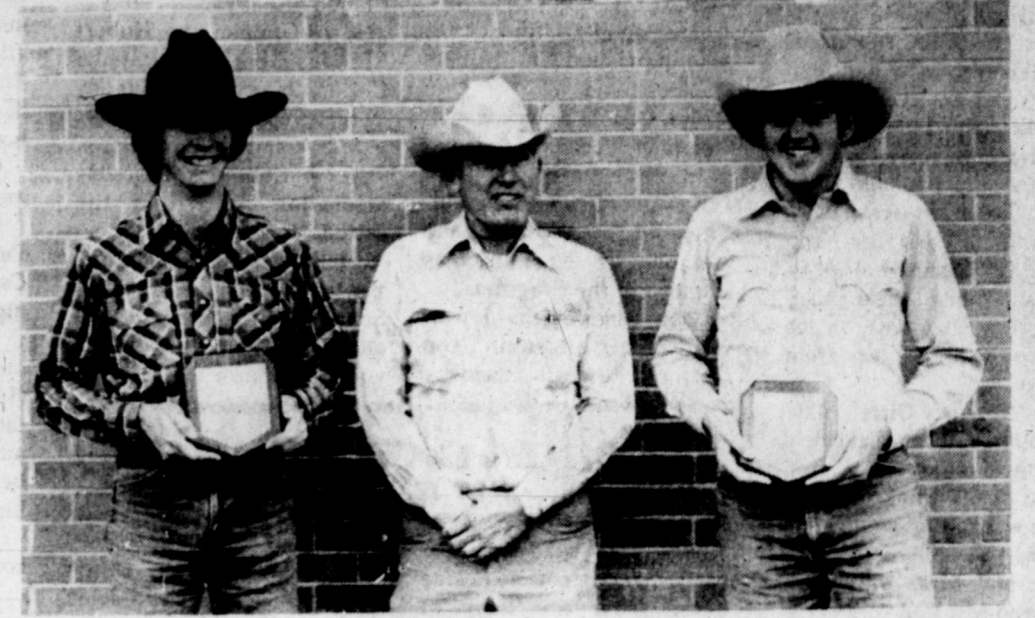

No disaster for Donley County

1981 was a very dismal year for the cotton producers in Donley County. In all probability, more money than ever in history was down at least 50%.

In an effort to help the farmers, the USDA County Emergency Board has been working to gather production records and other data needed to file application with the USDA State Defense Board and the Governor of Texas to have Donley County declared an emergency disaster county. This would enable farmers suffering from the losses to make applications for FmHA disaster loans.

To be eligible for disaster declaration, ALL crops and grassland must have suffered at least a 30% loss county

Dale Adams, Jack Moreman and Phil Stratley

CJC wins carcass evaluation contest

Clarendon College, ranch and feedlot operations class under the direction of Jack Moreman and Jerry Gage, which is made up of 22 students from Texas, New Mexico, Oklahoma and Colorado participated in the High Plains Carcass evaluation contest. Pens of fed cattle are evaluated on the basis of quality grade, yield grade, inches of fat over the loin and square inches of loin eye. This is basically what a fat cattle buyer for a packing plant would do before purchasing a pen of fat cattle for slaughter. The class evaluates these cattle on foot and then returns to the packing plant to see the same cattle on the rail after slaughter.

Clarendon College had two students that placed in the top three, Dale Adams, from Alamosa, Co. was the high

point individual and Phil Stratley of Estancia, NM was third high individual of the

contest, held during the Texas Beef Conference at Amarillo, April 15, 1982.

THANK YOU TO ALL MY FRIENDS AND SUPPORTERS OF DONLEY COUNTY

My sincere appreciation for the outstanding support and confidence you gave me in the May 1, Democratic Primary. I will continue to serve to the best interests of the County. Please feel free to come in the office at any time.

W. R. CHRISTAL
COUNTY JUDGE, DONLEY COUNTY

Ashtola-Martin News

By NAOMI GREEN

Joe Neal Shadle's grandmother Mrs. L.O. Dennis of Memphis recently had eye surgery on an eye duct in Amarillo. She is home and recuperating nicely. Sunday Joe Neal and Mr. and Mrs. Tom Shadle went to Memphis to visit Mr. and Mrs. L.O. Dennis and W.C. Dennis. While there they also got a visit with Ardes Valence who was up from Buffalo.

The "Country Girls" played volley-ball at Lakeview Saturday night and won second. They think this will be the wrap up game for this season.

Mr. and Mrs. Billy Jack Land and Mr. and Mrs. Pete Land were on a camper-bus tour in April. They visited Montie, Caroline and Amanda Land at Freer and went on down into Old Mexico for some sight-seeing.

Mr. and Mrs. Charlie Hearne's daughter, Shirley and her husband Mickey Thomas, Scott, Holly and Heather stopped Friday night enroute from Salt Lake City, Utah to Laredo where they will be making their new home. He is employed by Hal Burton Oil Company.

Lori Green of Amarillo spent the weekend with Larry and Jason, Sunday cousins from Lelia Lake, David, Clint and Lindsay and the Jerry Green family and Beth Payne from Amarillo joined Larry's family at lunch time at the Horace Green home.

Mrs. Harvey Lockwood from Claude had lunch with Mr. and Mrs. Skeet Brown Friday.

Betti McAnear played in the volley ball tournament with the "Country Girls" at lakeview Saturday night. Betti, Ginger and Audrey attended the shower Saturday afternoon honoring Betti's sister, Becky at the Barry Phillip's home in Clarendon.

Mrs. Claude Spivey went with a group from the Rebekah Lodge for an area meeting at Memphis. They met with the new State President of Rebekah Lodge, Edna Schuster, from Amarillo.

Albert and Janice Hollar from Paducah spent the night with the Burl Hollar family Sunday.

Mr. and Mrs. Claude Spivey were in Amarillo Thursday to get an appointment with Claude's eye doctor to have Claude's eye surger about the 18th.

Melinda Yarbrough of Canyon was a guest in the Lloyd Risley home Saturday

home from Amarillo on Sunday.

Mr. and Mrs. Lloyd Risley entertained their supper club Friday night. Mr. and Mrs. Lacy Nobles and Mr. and Mrs. Don Matherson from Claude attended.

Mike Graham and Hubert Rhoades were guests at the Clifford Jewett home Sunday at the evening meal.

Mary and Naomi Green were in Childress Thursday afternoon to attend the cotton growers meeting.

Melba Risley attended the Baptist Church at Memphis Sunday night and heard Seth and Tricia sing with the youth choir.

Lelia Lake news

BY JEANNIE LAUDERDALE

We're all glad to hear Larry Wade got to come home from the hospital Thursday.

Ronald Castner's brother-in-law, Bill Brown of Memphis, died from a heart attack Saturday night. The funeral was Tuesday afternoon. Jeanie and Phil Lauderdale stayed with Chiel Brown Saturday night, Shauna with Ronald and Mary.

Mr. Nolan Bagrow is in the VA hospital but we are happy to hear he is improving.

Richard Lewis's granddaughter, Nancy & Phillip Casto of Amarillo, visited with him Thursday.

Henry & Nadine Haste visited the Lauderdale's Wednesday night and played 42.

Visiting Hollis and Mary Bannister Sunday was their son and family, Mr. and Mrs. Kelsey Bannister, Tracy and Douglas of Amarillo and their daughter Sue and Jack Leeper of Clarendon.

Mrs. Eddie Floyd was given a birthday party at her sons, Johnny's, Saturday night. Attending Bobby's party was Johnny, Terry, Mandy and Steffanie Floyd, Jimmy, Karin, & Cathy Floyd of Skellytown, Lynn and Terry Floyd, Keith Floyd and friend Patricia, Mr. and Mrs. John Richey, Mr. and Mrs. F.A. Floyd of Lelia Lake and Eddie, of course.

R.O. and Alena Nelson visited with the Hasteys' Friday night and played 42.

David and Wanda Wilson visited over the weekend in Brownfield with his daughter Mr. and Mrs. Buddy Briscoe

Chamberlain News

By MRS. HAWLEY HARRISON

Chamberlain Community Center will have their regular meeting Friday night May 7th. Mr. and Mrs. Roy Blackman, Charlie Bates and Mollie Dickson will be our hosts and hostesses.

Come enjoy the fun and games.

Mr. and Mrs. Clyde Putman visited Bud and Carmen Wright Wednesday night.

Mrs. Minnie Cannon's sister's husband, Mr. Herman Patterson is in Lubbock Methodist Hospital and is seriously ill, but is better. Our prayers are with him for his recovery. He is

and family.

Saturday night the Henry Hasteys and Earl Shields had supper in Memphis then went on to Lakeview to watch Susie play in the volleyball tournament.

Sunday afternoon Audra Hoggard visited Katrina Leathers.

I want to thank you all for helping me with the news, please keep it up. Call me at 3869 or leave it with Mary Castner.

some better last report.

Kathryn Cosper and grandbaby of Amarillo visited Mr. and Mrs. Richard Dingler.

Mrs. Annie Thomason visited several days with her sister, Mr. and Mrs. Burton Springer of Bedford, and with Vivian and Kevin Phelps of Houston.

Mr. and Mrs. Richard Dingler went to Silverton Saturday night and attended

a one act drama sponsored by Paula Garvin.

Clara Mae Carter and Bradis Ballew visited Ruth and Nell Corbin Sunday afternoon.

Mrs. Minnie Cannon had a \$100 surprise and lovely visit with Mr. and Mrs. Roy Leonard Morrow Friday.

Mr. Wayne Lowe of Amarillo spent Saturday night with his mother, Genoah Lowe.

Mr. and Mrs. Henry Mann visited Mr. and Mrs. Hal Riley Sunday afternoon.

We were so sorry to learn of the death of Mrs. Jennie Ann Stone. Our sympathy goes to the loved ones and friends in their loss.

Mr. and Mrs. D.R. Koontz visited Flossie Reynolds Saturday afternoon.

Bud and Carmen Wright visited Mr. and Mrs. Junior Spier Saturday afternoon.

Frank and Gertrude Reid visited Clara Mae Carter Sunday afternoon.

Mr. and Mrs. Richard Dingler visited Donald and

Bradis Ballew Sunday afternoon.

Bud and Carmen Wright visited Mr. and Mrs. W.R. Chaney Saturday night and enjoyed dominoes.

Charles and Gladys Blackburn went to Amarillo Monday and visited Mr. and Mrs. J.T. Sykes and Mr. and Mrs. Lloyd Risley and children.

Two ships, the nuclear-powered aircraft carrier USS CARL VINSON (CVN70) and the Kidd-Class Guided missile destroyer USS CHANDLER (DDG 9960) were commissioned on March 13, 1982.

The battleship NEW JERSEY came out of drydock, continuing its modernization and reactivation. The nuclear-powered attack submarine ALBUQUERQUE (SSN 7060) recently launched a Trident I missile while at sea, the second Trident launch from an Ohio-class Submarine.

Fifteen ships completing construction since early 1981 have achieved early completions totaling 900 days and resulted in a savings of 91 million dollars in program costs.

Mrs. Carolyn Conrad, from Ralleg, N. Car., daughter of Mr. and Mrs. Mirza Crain of Claude, called Mrs. Bromley and had her fix a 60th wedding anniversary party, with Mrs. Jewell McGehee of

Clarendon and Reta Hubbard of Claude and Mrs. Alda Hudson of Clarendon as guest. The Crain's were married a high noon April 29, in Forth Worth

Donley County soil and water conservation sponsors fishing program

The Donley County Soil and Water Conservation District is sponsoring a fishing program for landowners and operators wanting to stock their farm ponds. The District has found a source where good quality fingerling fish are available.

The District feels they can be of benefit to landowners and operators of Donley County for two reasons: The first is that the Texas Parks and Wildlife no longer make fish available to the public for stocking private waters. The second reason is that few areas even have fish available and those that do can't

or won't deliver small orders. Also pond owners don't have time to travel to a hatchery and their time and gas makes the cost per fish too expensive.

The last week of May fish will be delivered to the SCS office in Clarendon. You must get your order in soon. Channel catfish, bass, bluegill and fathead minnows are available. Your local Soil Conservation Service personnel can provide proper counseling and advise on stocking your ponds. Come by 416 S. Earney, your local Soil Conservation Service or call 874-2339.

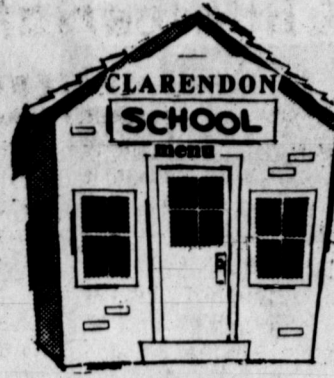

FAMILY FUN

One of the most popular games for children of early American settlers went by the unusual name of gee haw whimmydiddle. The

mechanics of this game are simple, but they still puzzle scientists today. All it took were two sticks with propellers attached to each end.

By rubbing the sticks together children could make the propeller on the end of one stick turn. Other games that delighted children and adults were whistles and windmills made from chestnut wood.

MAY 10th thru 14th
Monday, macaroni with cheese, English peas, carrot sticks, hot roll, peanut butter jelly, milk.

McCown makes spurs to help 4-H Club

Last July, Ike O'Neal won the beautiful silver spurs made by artisan Melton McCown for the Shriner's to sell for their Crippled Childrens Hospital.

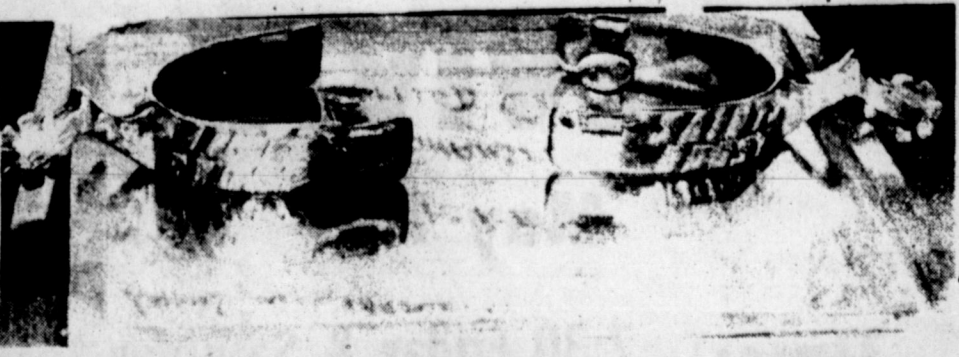

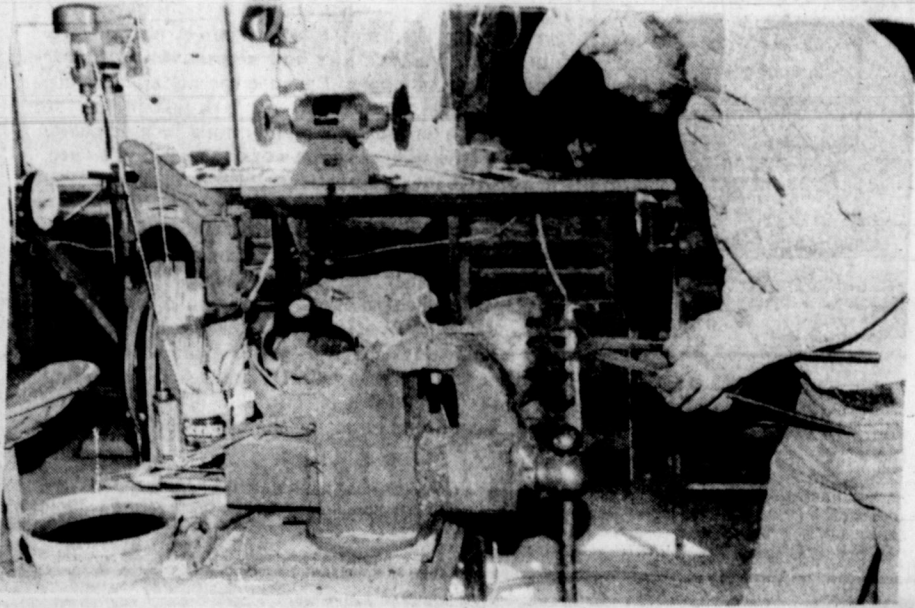

This year, Melton has once again made a beautiful pair of spurs, similar to the pairs he has made two years running for the Shriners, and their children. This year, Melton will support children again...the Donley County 4-H Horse Project will receive a pair of spurs to sell for their fund raiser.

McCown is one of two known artisans that make spurs from one piece of metal, usually a Model-T or

Model-A axel piece. He has made fancy spurs to be used as displays over mantle pieces, he has made many, many spurs for the working cowboy and he has made these special spurs.

These beautiful spurs are now on display in the Doney County Bank. Tickets will be \$1 a ticket from any 4-H Horse project member or their leaders. The spurs will be on display in other businesses during the months before July 4th.

The Clarendon 4-H horse project has been doing great things lately, with the income from this project, they can be expected to really gallop along to bigger and better projects!

TO THE VOTERS

I Wish to express my sincerely appreciation for electing me your Justice of Peace. I will do my best to uphold your confidence in me.

HOW TO HEAVE OUT THE "HEAVIES" IN YOUR DIET

FOODS	CALORIES SAVED*
Instead of 1 tablespoon margarine or butter, use nonstick fry pans	100
Instead of margarine, use jelly (1 tbs.)	60
Instead of a mixed alcoholic drink, have a glass of dry wine (3 1/2 oz.)	115
Instead of half "n" half or cream, use milk in coffee (1 tbs.)	20
Instead of whole milk, drink skim milk or 2% fat (8 oz.)	60
Instead of sour cream in recipes, use low-fat, plain yogurt (1/2 cup)	100
Instead of filled cookies, eat plain vanilla wafers or tea cookies (2)	60
Instead of fruit pie, eat a baked apple or a pear	300
Instead of ice cream or sherbet, eat ice milk (1 cup)	55
Instead of a blueberry muffin, have a slice of bread	55

Keep this chart on your cupboard door to remind you where the "heavies" are, and how to heave them out of our diet!

THANK YOU

I wish to express my appreciation for the people who voted for me in the May Primary. To everyone I'll always be thankful for so many years I have served as a public official, so no matter what the tally board may reflect, it is with a deep sense of pride and peace of mind that I have always tried to do my best and to serve everyone alike. With these thoughts in mind, I will never consider myself a loser.

Respectfully,
TRUETT BEHRENS

MOTHER'S DAY DINNER

Crown Mom "Queen for a Day," then treat her to a delectable dish that's sure to please. She'll truly be the guest of honor as Dad and the kids prepare Special Chicken For Mom developed by The Lipton Kitchens. The chicken is simmered to perfection in a delicate cream sauce, easily prepared with versatile onion soup mix, tarragon wine and cream. Hot buttered noodles, salad and a glass of wine for Mom complete this special meal... sure to be a treat for the entire "royal" family!

SPECIAL CHICKEN FOR MOM

- 2 tablespoons oil
- 2-1/2 pounds chicken pieces
- 1 envelope Lipton® Onion or Onion-Mushroom Soup Mix
- 1/2 teaspoon tarragon
- 1 cup water
- 1/2 cup white wine
- 2 tablespoons all-purpose flour
- 1/2 cup whipping or heavy cream

In large skillet, heat oil and brown chicken; drain. Add onion soup mix and tarragon blended with water and wine. Simmer covered 45 minutes or until chicken is tender. Remove chicken to serving platter and keep warm. Into skillet, stir in flour blended with cream. Bring to the boiling point, then simmer, stirring constantly, until sauce is thickened, about 5 minutes. Serve sauce over chicken. Makes about 4 servings.

HEATS ON

BY KATIE DVORAK

The Hedley Home Economics Department sent along some really great sounding recipe ideas. They served these foods at their recent FHA Banquet.

LASAGNE MARCHIGIANA

- 1 onion chopped cooking oil
- 1 1/2 lbs ground beef browned
- 2 large can tomatoes
- 1 large can tomato paste
- 1 C. water
- 1 tsp oregano
- 1 TBS chopped parsley
- 1 tsp sweet basil
- Parmesan cheese
- 2 tsp salt
- 1 pt cottage or ricotta cheese
- 1 egg
- 1 pkg lasagne cheese
- 18 oz. pkg. American cheese or Velveeta cheese grated
- 1 6 oz pkg. Mozzarella cheese, sliced
- 1 garlic clove chopped

Saute onion in oil. Add browned beef, paste, tomatoes, water and spices. Simmer 30 minutes or until thick. Add cottage cheese to slightly beaten egg. Set aside. Boil noodles in salted water until done. Drain. In a 3-quart greased rectangular casserole, layer noodles, cottage cheese mix, sauce, and sliced cheeses into two or three layers. Top layer should be sliced cheese. Sprinkle Parmesan cheese over all. Return to 370 oven

20 minutes or until cheese is melted. May be frozen.

SALAMI CHIPS

Salami, sliced wafer thin
grated Parmesan cheese
Arrange Salami slices on cookie sheet; sprinkle lightly with cheese. Bake at 350 for 8 minutes. Drain on paper towels.

SUPER SALAD BOWL

- 2 pkgs Good Seasons Italian Dressing Mix
- mixed salad greens to equal 3 qts
- large can artichoke hearts
- 2-3 large tomatoes
- 2 C garlic croutons
- 2 large avocados
- 4 hard boiled eggs
- salt and pepper

Make dressing according to directions. Wash greens. Drain artichoke hearts and cut in half. Marinate in some of dressing while greens are crisping. Peel tomatoes and cut into wedges. Peel avocado when ready to serve, cut into slivers. Separate yolks from whites, chop yolks separately. Tear greens into pieces. Put in wooden salad bowl that has been rubbed with cut clove of garlic. Mix, put croutons on greens, pour dressing over, toss. On top center, place egg yolk. Circle yolk with chopped whites. Circle whites with avocado slices, arrange spoke-fash-

CHOCOLATE CHEESE CAKE

- 18 chocolate wafers
- 1/4 C melted oleo
- 1 8-oz pkg semi-sweet chocolate
- 1 1/2 lbs cream cheese, softened
- 1 C sau

LEMON PAILLOTE

- 1 C vanilla wafer crumbs
- 2 TBS melted oleo
- 1 TBS sugar
- 4 3oz pkg cream cheese
- 1/4 C lemon juice

VEGETABLE POTATO SALAD

- 1 package Betty Crocker au gratin potatoes
- 3 cups water
- 1 cup water
- 1/4 cup bottled French or creamy Italian salad dressing
- 1/4 teaspoon salt
- 1/8 teaspoon pepper

2 eggs beaten
1/4 C sugar
1 C sour cream
1 TBS sugar
1 TBS grated lemon rind
Make the crust by mixing vanilla wafer crumbs, melted butter and 1 TBS sugar. Press firmly on bottom and sides of buttered 8" pie plate. For filling, blend cream cheese and lemon juice thoroughly. Add eggs and sugar and beat until smooth. Pour into crust. Bake 350 for 15-20 minutes or until firm. Cool 5 minutes. Mix sour cream, 1 TBS sugar and grated lemon rind. Spread over pie filling and bake 10 minutes longer. Chill in refrigerator 5 hours before serving.

Heat potato slices and 3 cups water to boiling in 2 1/2-quart saucepan. Reduce heat; cover and simmer until tender, 15 to 20 minutes. Rinse under running cold water; drain. Mix 1 cup water and the Sauce Mix in saucepan. Heat to boiling over medium heat, stirring constantly. Stir in salad dressing, salt and pepper; cool. Mix potatoes, zucchini, celery and green onions; fold in sauce mixture. Cover and refrigerate until chilled, at least 2 hours. Just before serving, mix in radishes. Serve on salad greens. 5 or 6 servings.

High Altitude Directions (3500 to 6500 feet): No adjustments are necessary.

Doing MORE...With LESS!

BUILD A \$20 PORTABLE DC ARC WELDER

Experimenter Dennis Burkholder, a staff member at MOTHER's Eco-Village, decided that—after scrounging up an old power mower, a set-aside Delco-Remy automobile alternator, and a weary but serviceable 12-volt deep-cycle battery—he had just about everything he needed to build a portable, intermittent-duty, low-voltage, DC welder for those infrequent in-the-field jobs he's called upon to do. Sure enough, after trying a couple of different combinations of the scrap components, he came up with what must be the least expensive (and strangest looking) arc welder ever assembled.

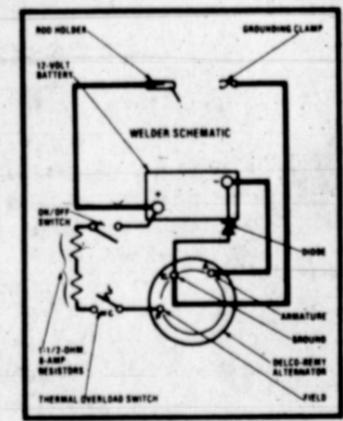

Essentially, the welder is powered by the roughly 50 amps that the Delco-Remy alternator is capable of producing... and is adjusted by varying the speed of the lawnmower engine. But the 12-volt battery is needed to balance out those surges that occur when the arc is struck or broken. Furthermore, Dennis found that the setup worked a lot more smoothly with two 1-1/2-ohm, 8-amp Chrysler product ballast resistors placed in series with the field of the alternator, to cut the field voltage to about 6 volts. (In fact, without the two resistors, striking an arc would nearly kill the 3-HP Briggs & Stratton engine!)

Considering that the parts for the project are almost all scavenged, the welder is amazingly versatile. For one thing, DC capability is often preferred for smooth sheet-metal work, and our lawnmower unit can have its polarity reversed for changing the penetration and spatter qualities of its arc! There are, however, a few limitations to the tool's capabilities. First, the maximum heat of the arc is about 50 amps, so the device won't penetrate more than about 1/4" into steel. In addition, it's best not to use the welder for more than about 20 minutes at a time... to avoid overheating the alternator (the thermal overload switch shown in the schematic drawing automatically tells you when enough is enough).

And finally, the unit's low-voltage DC current presents both an advantage and a disadvantage over conventional AC power. Because the voltage of a circuit determines the distance a spark will jump, the rod used with our portable welder must be held steadily close to the surface of the work to maintain an arc. But, because it is a direct-current welder, there's little tendency for the rod to become stuck.

Of course, the most astounding thing about Dennis's welder is how little it cost. The only components that our researcher was forced to buy were the resistors, which he located at the nearest auto parts store. And—even if your storehouse of valuable discards doesn't equal MOTHER's—you should still be able to purchase the resistors, wires, switches, pulleys (between 1:1 and 1.5:1, depending on the RPM rating of the alternator), and V-belt for less than \$20. When you think about it, a \$20 DC arc welder, with a built-in dolly, might be the workshop bargain of the year!

For FREE additional information on workshop projects and on THE MOTHER EARTH NEWS magazine, send your name and address and ask for Reprint No. 804 "How To Build a Forge" Mail to Doing MORE...With LESS!, P.O. Box 70, Hendersonville, N.C. 28791. Copyright 1982 THE MOTHER EARTH NEWS, Inc.

MARTIN BAPTIST CHURCH

IN AND AROUND HEDLEY

Hedley News

By LOIS LAIR

It's good to report that Gladys Howell is much better now after suffering a stroke. She is still in the Hall County Hospital.

The Senior Citizens of Hedley held a garage sale on Friday, Saturday and Sunday. They report it was a huge success.

Our good rain started on Friday and it was very welcome. The weeds, grass and gardens are green.

Mrs. R.K. Hall came home on Sunday from High Plains Hospital in Amarillo. She had eye surgery. Mr. and Mrs. Royce Hall of Clarendon spent the day with them.

A reminder: May 13 from 2-4 p.m. on Thursday is Blood Pressure day at the Senior Citizens center. Remind your neighbors.

They are still quilting at the center and have some beautiful quilts ready for sale. That would make a lovely Mother's Day Gift. Betty Dwight of Amarillo visited her mother and daughter and family, Lois Lair and the James Potts Jr's on Sunday and Monday.

Gladys Howell is showing some improvement after

suffering a stroke. Two of her children are still with her. The others will return next week. Louise Long and Lois Lair visited with her on Sunday afternoon at the Hall County Hospital.

Jimmy and Burl Owens of Amarillo and Mr. and Mrs. L.E. Naylor were Cassie Owens company over the weekend.

Ethel Holland of Plainview Monta Bill of Panhandle and Alfa Howard and Jean Bain of Sunray visited with Cassie Owens on Tuesday of last week.

Kirk Dwight of Amarillo attended the FHA banquet on Friday evening with Lindsay Kennedy. He spent the weekend with his sister, the James Potts Jr.

Mr. and Mrs. Billie Talley and little ones have moved back into their home in west Hedley. Understand Billie is now working at Pantex. It's nice to have them back.

Retha Timber Lee James Lee Potts and Flora Sanders went to Panhandle to a dance recital starring Dina Simson on Thursday night. The recital was intertaining and all had a wonderful time.

Hedley School

Emergency Procedures

With the tornado season upon us, parents worry about how safe their children would be if a storm hit during school hours. At our school we are very fortunate to have a nice large storm cellar for the children to go in if the need arises. Here is the Tornado Emergency Procedures Police of Hedley School.

EMERGENCY PROCEDURES

Hedley School will do everything possible in the event of severe weather to maintain the safety of our students. In the event of threatening weather, the school will maintain contact with our local justice of the peace. The following procedures will be observed:

1. If enough advance warning is received, school will be dismissed early in order that students may get home before the arrival of the threatening weather.

2. If enough advance warning is not received, students will be directed into the school storm cellar.

3. Everyone will remain in the cellar until the severe weather has passed.

4. Depending upon the time of day and the seriousness of the storm, school will then either resume classes or dismiss for the day.

5. If school is dismissed, every effort will be made to notify parents in order that younger children will not be left home unattended.

Drama class presents play

The Hedley High School Drama Class, under the direction of Mrs. Evelyn Messer, presented *The Tall Stranger*, a melodrama of the old west, in an assembly program at 10 a.m. on Tuesday, April 27.

The play was taken from *New Comedies for Teenagers*, a collection of one-act, royalty-free comedies, farces, and melodramas, by Earl J. Dias.

Members of the cast were: Bat Farr- Brenda Baker;

Penelope Priss, Kelley Woodard; Diane DeKoot, Melanie Hansard; Mamie Shanks, Robbie Guthrie; Pop Sickle, Randy Langley; Slippery Ellum, Bobby Johnson; Running Water, Scott Doherty; Ace High, Randy Barnett.

The entire school and a few visitors thoroughly enjoyed this light-hearted spoof of the old west, and would like to thank Mrs. Messer and her Drama Class for the entertaining break from daily routine.

Hedley has FHA banquet

The Hedley FHA Installation Banquet was held on Friday, April 30 at 7:30 p.m. in the Quail Community Center. An Italian theme was carried out. The tables were covered with red table cloths and decorated with red candles in beautiful brass candle holders. The head table had a lovely center piece of red roses accented by the red candles used in the installation ceremony.

Melanie Hansard served as Mistress of Ceremonies. The invocation was given by Shane Farris. Everyone enjoyed a delicious Italian meal consisting of Salami Chips, Lasagne Marchigiana, Super Salad Bowl, Italian Garlic Loaves, Chocolate Cheesecake, Lemon Papillote, and Ice Tea with Lemon wedges and Mint Leaves.

Scott Doherty gave an explanation of the FHA motto, Emblem and flower. The welcome was given by Pam Sullivan. Tim Taylor introduced the guests giving special recognition to several people who had been especially helpful to the chapter during the year. A report on the past year's activities

was given by Advisor Leslie Myers.

The installation of officers was a very beautiful and impressive ceremony. Newly elected officers who were installed are: President, Debbie Kennedy; V. President, Brent Hall; Secretary, Brenda Baker; Treasurer, Twannah Woodard; Reporter, Bobby Branum; Historian, Bobby Johnson; Parliamentarian, Thunder Denton; Sergeant at Arms, Mike Glover; Tellers, Debbie Clubb and Tonya Moore.

Out going officers who served very well in 1981-82 are: Pres., Melanie Hansard; V. Pres., Scott Doherty; Secretary, Linda Kennedy; Reporter, Pam Sullivan, Historian, Kim Taylor, Parliamentarian, Shane Farris, Sergeant at Arms, Cheryl Phelps. Tellers, Twannah Woodard and Randy Langley. Also, the 1981 and '82 FHA Beau is Scott Doherty.

After the installation Debbie Kennedy gave a tribute to the Seniors and presented each with a red rose from the center piece.

All present said the FHA Creed in unison then Melanie Hansard gave the closing ceremony.

After the banquet the tables were moved out and all present enjoyed a dance, with music provided by SLSR radio of Memphis.

Senator Bill Sarpalius Reports

ANOTHER SPECIAL SESSION

AUSTIN -- The Legislature will meet again beginning May 24 to repeal the state property tax and provide funding for schools that formerly benefited from it.

The state property tax was used to finance state colleges and universities that were not members of the Permanent University Fund (PUF). These are all of our state colleges except the University of Texas and A & M. There are 17 of them, including West Texas State and Texas Tech.

The tax was reduced to practically nothing in 1979. Midwestern State University, which was a beneficiary of the old tax, filed a suit to force the state to collect the tax at its pre-1979 level. Midwestern claimed the Texas Constitution requires taxes to be abolished by constitutional amendment, not through statute. They also claimed the Legislature's reduction of the tax to practically nothing was the same as repeal.

Many legal experts feel Midwestern has a good case and is very likely to win the lawsuit. If this happens, the state would have to collect back taxes from every landowner in the state. These back taxes probably would total about \$779.2 million.

If we pass a constitutional amendment to abolish the tax during the special session, and the voters approve it in November, then the state will not have to collect the tax.

Any proposed constitutional amendment we pass during the special session not only will have to abolish the tax, but also forgive back taxes. However, it will not authorize re-

funds. Also, we will have to find alternative financing for WT or Tech as your alma mater. We would like to hear your opinion of what we should do to make sure these schools have enough money to finance all the construction projects they need. Please write to Senator Bill Sarpalius, P. O. Box 12068, Austin, Texas 78711.

for the June 5 runoff, and will be in a hurry to get home and campaign.

Whatever the duration of the session and the issues involved, our concern will be for the schools in our district. We represent the Panhandle and the South Plains, and those areas will be number one this month in Austin.

We know many of you claim WT or Tech as your alma mater. We would like to hear your opinion of what we should do to make sure these schools have enough money to finance all the construction projects they need. Please write to Senator Bill Sarpalius, P. O. Box 12068, Austin, Texas 78711.

Hedley blood drive

This is our opportunity to help our community and ourselves by being volunteer blood donors. Thursday, May 13th from 1 to 3 p.m. at the Hedley Lion's Den, the Summer Blood Drive begins.

The next person to need blood could be you! There is no substitute for human blood! To assure that blood will be there when you need it, you are encouraged to become a volunteer blood donor.

A donor may give either for an established donor club which is used to help pay for blood charges incurred by any member of that church, community, school, hospital

or business club. It may give to family blood insurance, which insures the donor and his immediate family for 100% of any blood charges that the family might incur for a full year. Only ONE donation by any family member is required. Donations may go to personal credit to be used at your discretion during the next 12 months. Blood may be given as replacement credit to receive a \$10 credit for each pint of blood donated in the name of another individual to assist him or her in paying for blood charges during hospitalization.

Hedley FFA news

Mr. Messer, David Phelps and Billy Mullins attended the District meeting in Clarendon on Wednesday. This same group along with Mrs. Messer will leave for Lubbock on Friday, May 7 for the area convention.

Bible Lesson

John 10:29,30.
"My Father who gave them to me is greater than all; and no one can snatch them from the hand of the Father. I and the Father are one."

Jesus has just that no one will ever snatch His own from His hand, that He is the shepherd who will keep the sheep forever safe. This is a beautiful promise, may our lives reflect this.
W. Bryan Knowles.

JP report

Cases filed in April from DPS-34, from Sheriff's Dept.-14 for a total of 48. 48 Cases paid in April. Fines to County-\$1,234. State Tax-\$240. L.E.O. Fund \$48. April Total, \$1,522.

Elementary Track

If the weather permits there will be an elementary track at the school beginning at 1 p.m. on Friday, May 7. Buses will run following the track meet.

Fashion FORECASTS

One look that's running away with fashion these days is the running suit. Even the least athletic looks a little sleeker and slinkier in such a suit.

Now, the running suit has been given a dash of elegance. Pretty designs sparkled with rhinestone, are painted onto ladies and girls' running suits or cool, comfortable, 50% cotton and 50% acrylic.

Senior Citizens Schedule

LIGHTWEIGHT AC WELDER HEAVYWEIGHT PERFORMER

THUNDERBOLT

- Continuous amperage adjustment: Provides proper heat selection for better welds.
- Two wide welding ranges: High - 40 to 225 amperes Low - 30 to 150 amperes.
- Forced air draft cooling: Keeps welder components below critical operating temperatures.
- Power factor correction: Reduces primary input current, permits use of smaller wires and fuses.

Model 225vP only.
