Number 27

EUREDA MAYS.

SHIRLEY OSBURN  
winner of Best of Show with daughter Dorcas.

## Art show winners

Mrs. Harold Bugbee from Canyon was the judge this year for the Art Show held in the library. There were many beautiful paintings to look at and judge, but Mrs. Bugbee chose Shirley Osburn's lion as Best of The Show. Chriss Cummins won first in water color, Eureda Mays won second with a snow scene and she also won third with a water scene. Trophies were awarded these ladies.

In the Figure category, Carolyn Altman won first, Eureda Mays second and Dessa Day took third.

Windmills, the ever popular topic, was represented by first place artist Eureda Mays, second place was a painting done by Roy Lee Helms, Betty White painted a third place winner and Eureda had a fourth place windmill as well.

Eddie Robertson always takes the abstract painting first place and she did again this year. Gail Johnson won second.

Flowers, a favorite still life, was the topic for Eureda Mays first place ribbon, Dessa Day won second and Eddie Robertson took third.

Indians, a good panhandle scene! Jeff Topper won blue ribbon here, Eureda Mays second and Pat Archuleta took third.

Still life category was won by Derlene Graham, second place went to Carolyn Altman and Dessa Day captured third.

Old buildings are abundant around our area. Painting a blue ribbon old building was Jeanice Weatherly, second place to Patsy Hill and third to Dorothy Shawhert.

Water scenes around here include water washing away cotton fields, but some beautiful scenes were painted by first place winner Eureda Mays, second to Dessa Day and third to Eddie Robertson.

Mountains, a foreign subject, were painted blue ribbon style by Eddie Robertson, who also won

second in that same area, with third going to Gary Bible.

Snow scenes were painted by winner Eureda Mays, second to Marvin Jones and third to Gail Johnson.

Landscape in general gave Shirley Osburn an opportunity to capture a blue ribbon, Diana Wiggs won second and Dessa Day third.

Western scenes were painted aptly by Steve Smith, followed closely by Judy Cole who took both second and third place ribbons.

Wild Animals category was won by Shirley Osburn (a scene of Rabbit?) and Roy Lee Helms won second, Pat Davis third and Carolyn Altman a fourth place.

Birds flew Pat Davis a first place ribbon, Roy Lee Helms second, Marvin Jones third and Shirley Osburn fourth place.

Water colors category was captured by Chriss Cummins second by Eddie Robertson, third Chriss again and fourth to Kimberla Rener.

Portraits were done in first place manner by Jeff Topper. Second place was won by Suzy burns, who also walked away with third and fourth as well!

Drawings were won first by Kim Anderson who also took second place. Suzy Burns took third and Connie McAnear took fourth.

Elementary children participated very well in this years art show. Amy Dewey took first place with her work. Kim Hodges took second and Kade Hodges took third in this category. Congratulations to these budding artists!

Chriss Phillips took first in the junior high division. JoAnn Clattenhoff stole the show with second, third and fourth place ribbons. Look out Eureda!

Russell Alexander, a youth we have been keeping an eye on ever since his first crayola painting on the bedroom wall, won the high school division hands down this year. Dale Phillips took second. Georgie Clattenhoff

won both third and one of the three fourth place ribbons awarded. Jan Kidd and Dale Phillips also won fourth place ribbons.

The show was a great success with many beautiful

paintings on display. If you missed the showing, please make an effort to attend next year! Donley County is blessed with some outstanding talent.

### Winners! Winners! Winners!

David and Penny Smith from Midland were up here visiting the Fred Carters in Clarendon for this fantastic July celebration and bought a few tickets on the silver spurs made and donated by Melton McCowen. And they won! The money went to the 4-H Horse Club to keep themselves in equipment and travel expense money to win at more parades.

"Piece of Candy Daddy", Messer won the ceiling fan given by the Donley County Extension Homemakers Clubs. He can use the fan to keep himself cooled down during the heat of the summer.

Mrs. T.W. McAnear won the beautiful star quilt made by the Lakers Homemakers Club of Howardwick.

Children and curing their pain is the sole function of the Shriners. Their goal this year was to raise \$5,000 to send to the Crippled Childrens Hospital and Burns

Institute. They excelled that goal by the sale of their tickets for the Case Knife collection most generously donated by Henson's for this purpose.

H.K. Fuqua of Amarillo won the beautiful collectors set but his heart was bigger than his need for the knives and he auctioned them off, giving the proceeds to the Shriners to increase their gift to the children of these United States! Bobby Boston finally took home the knives, knowing that his money wouldn't line anyone's pocket, but that it would go to those kids that needed it most.

Congratulations winners! Everyone is happy with a prize and the givers are happy with the profits. There were lots of winners this year judging from the smiles and laughter heard everywhere all day and night Saturday.

DAVID AND PENNY SMITH  
of Midland won the 4-H spurs.

### Sheriffs Report

#### ARRESTS

- 1 aggravated assault.
- 1 Criminal trespass.
- 2 Disorderly conduct.
- 4 Public intoxication.
- 3 DWI.
- 3 DWLS.
- 2 possession of controlled substance.

- 1 minor in possession.
- 1 evading arrest.
- 1 reckless driving.
- OFFENSE REPORTS**
- 1 theft over \$200 and under \$10,000.
- 1 burglary of a motor vehicle.

## Parade a big success

Donley County's 100th celebration and July parade was a smashing success. Thirty-four entrees came to make this parade better than ever and longer than before. Out of town judges were: Murleen Ryder from Cupertino, CA; Sharon Winfrey, Dallas and Virginia Browder, Memphis. Theirs was a difficult assignment.

Tascosa High NJROTC brought its famous marching troupe, the Navy Reserve was well represented, and our fabulous Clarendon Fire Dept. sounded off with all of it's might with several trucks vans and emergency vehicles followed by our special dynamic duo, Phil Vargas and Pat Robertson in their ambulance.

This year was a special treat, we were honored and thrilled to have several representatives of the Clarendon High band attend and give us music for their community. Thanks to some energetic youth who pulled this together and the Clarendon Press for making their float available, we saw and heard the Clarendon Band in our July parade!

Shriners are the backbone of our parade and they certainly made good again this year. The Khiva Oriental Band took first place with its rousing leader and unusual music. The Khiva Band took second trophy for providing us with good music as they rode along. Next year, CHS will take a trophy, it's certain!

The Khiva clowns kept us in stitches as they pulled a little train along. The Provost from Lubbock rode in a float and the Al Morrah Shrine Club built a float with the able assistance of Cleo Russell. Two local children and Burns Institute rode the float. We saw the evidence of what these beautiful men do with their money.

The Jr. High Cheerleaders rode next and then came the Little Miss and Master for Donley County followed by our Saints Roost Queen, LaDonna Hewett and her court.

Bill Sarpaluis and his family walked along in front of their mobil van. He always walks the parades, proof of his tireless energy and dedication to his area.

Foster Whaley rode in a car and waved to the cheering crowds.

Bob Wills Queen, Christine Williams from Turkey attended the parade. Michael McCully pulled a huge wooden cake made by Saw n Sew in Lelia Lake.

Security State Bank in Hedley took first place trophy with its beautiful cotton float to win a trophy and \$150 cash. Shields Fertilizer from Lelia Lake won the second place trophy.

Bob Bell also had his Bell Insurance float from Hedley entered in the parade. Hereford By-products had a car and First Bank & Trust entered Joe Lovell's car. Alderson Chevrolet had a new Camaro. Speaking of cars, the Antique car club, the Amarillo Longhorns, won the first place trophy with Doil Douthit's car winning second place.

The Class of '62 entered its kids in the parade to show what a productive class they were. A go-cart full of apples peddled its wares along the parade route. These kids from Canyon won the Little Buckaroos trophy.

Brownies and Girl Scouts rode floats and wore their T-shirts and the Tumbleweed had a little car in the parade

as well. Terry Braddock showed off trophies and his racing car from Southwest Speedway.

Kids on bicycles were a highlight to this parade. Jill and Jodi Kidd won that hands down with their gayla bicycle built for two and fantastic costumes. Cindy Pafume, Che Shadle, Jason Sharrar and Tully and Kelley Lefew were some of the decorated bicycles entered this year.

Clowns again, the Rattan TV 9 little clowns were dazzling in their colors as they pulled a little wagon. The Panhandle Clown Fire Dept. kept us laughing as they did a cute little routing for us putting out a fire along the way. Doug Smith was head clown in that pair.

A go-cart pulling a little wagon and a McAnear in a huge tractor filled in between the miscellaneous trophy winners, the Lucky 13 Restaurant from Groom, an antique wagon pulled by 2 longhorn steers.

Once again, Clarendon's own 4-H club won the first place trophy for their routine and costumes. Boys Ranch won second trophy with their huge turnout. The famous Palomino Santa Rosa Riding club of Vernon won best Over-All entry and a \$50 cash prize. They were stunning and loud! What a

### Fiddlers Contest

Bartow Riley of Childress fiddled his way to first place at the annual fiddlers contest held Saturday afternoon. His prize was enough to make Charlie Daniels green with envy! Riley won \$160 in cash, a silver engraved plate and the esteem of all his peers because this was not just a lucky day for this feller, this makes the fourth time Riley has won out of the 9 years he has entered our contest!

David Cunningham of Paducah tried to bow his way to first but captured a satisfactory second place instead His prize was a whopping \$110 in cash, enough to keep Cunningham in rosin for several years to come!

Gordon Shults of Mangum OK won \$75 in cash for third place and Eldon Davids of Oklahoma City, OK won fourth and earned his gas costs here with his \$55 cash prize. Oklahoma has some pretty good fiddlers, and that's a fact! But they just couldn't hold a hoe-down to Riley's hot bow strings.

The prize money was put up by the Donley County State Bank, the First Bank and Trust of Clarendon and Frank Derrick and Harvey Price. We sure do thank these gents for making it possible to hear top notch fiddlers at our shingding!

### Calender event

THURS. JULY 8 from 9:30 a.m. until noon Beltone hearing aid will be in Senior Citizens Center.

...

Mrs. Guy Pierce of San Antonio was visiting over the week end with her sister Mrs. Alta Adkins, also visiting in the Adkins home was Mrs. Pierce's son and his wife Mr. and Mrs. Coy Pierce of San Francisco, Calif. Guy Pierce was sheriff of Donley County in the early 1930's.

beautiful sight those horses were!

Among horse entrees were the Outdoor Entertainment Association Riding club, the Jr. Rodeo Queen and contestants and J.B. McDaniels 4 Palominos as well as several

miscellaneous horses and riders, all turning out to make this a grand parade indeed.

Thanks to the judges, announcers, and John Sarich who have helped make this an exciting year.

MINDY HOLLAR - Jr. Rodeo Queen.

### Les beaux arts club says thank you

The "Hangin' Judge" presented by Les Beaux Arts Club as a tribute to Donley County's 100th Birthday has been laid to rest for the time being. It was a great success thanks to so many. All members of the cast were real troupers and stars in every sense of the word. To each we say thank you for contributing so much. In our hearts each is an Emmy Winner.

Special thanks to Tommye Saye who stepped into the part of Zeb Tuttle and carried through so well without benefit of rehearsal and to Tunney Kent who was literally plucked from the audience at our first performance and who stood in so well as the hangman.

The children of Zeb Tuttle have not previously been mentioned by name. Buffie Hancock, Chris Simmans, and Charles Adkins deserve to be recognized and commended for playing their roles so well.

We thank Jo Pycatt of the Donut Hole for the delicious donuts she contributed for our dress rehearsal night. A

thank you to B.D. Hodge, custodian of the courthouse for his many courtesies.

We are grateful to Helen Ann Parker, choreographer for the can-can girls.

Thank you Nancy Selvidge for help with make-up. We appreciate the loan of can-can costumes. Thank you Clarendon College drama department, thank you mothers for making them look so good.

We salute Virginia Browder for writing the play and seeing it through.

Gold stars to Tommye Saye, Cliff Goss, Lynn Alderson, Paul Bivens, Harold Phelps, Paul Hancock and Bronnie McNabb for help with extra chairs.

To each of you who attended, we say thank you for your support and refreshing response to our performances.

Clarendon is a great town. We could have been the best play ever, but if you town-people had not supported us it would have been a flop, no matter how good the actors performed. So thank you Clarendon, we love you.

JIM HUTSON OF PRICE SUPER SAVE PRESENTS BARTOW RILEY first place

check and silver plate in fiddler contest.

### 4-H Record book Workshop July 30

The District 1 4-H record-book contest has set for July 30 in Amarillo.

To prepare 4-H'ers for the contest, there will be two workshops held in the Donley County Extension office.

The first workshop will be Monday, July 12 from 9:12

a.m. and the second workshop will be Wednesday, July 12, from 1-5 p.m.

All recordbooks must be turned in for the district contest by Friday, July 23. All 4-H'ers are encouraged to get busy and enter the contest.

Compiled by Tommie Saye-Cooperative Observer for National Weather Service, Clarendon.

ROBIN MARSHALL

STEVEN BIVENS

JASON SLAVIN

## Nothing slow about these turtles

What does a winning turtle eat? "Cantelope", says Steven Bivens, winner in the 5-8 year old category in this year's Annual Turtle Race sponsored by Henson's. Steve's turtle must have been tired of the whole thing, cantelope never mind, because as soon as his picture was taken with Steve, the turtle took a mighty grip onto Steve's hand and had to

be pried loose! It's not likely that turtle will be selected next year, you can't afford to have a mean strain in your racing stock! Robin Marshall was winner in the 0-4 year old group. Jason Slavin, winner of the 9-12 year old kids said he fed his turtle apples and his turtle didn't bite. "I trained my turtle for the race," Jason said with pride. "I

took him for long walks," and it must have paid off. Jason thought his turtle could possibly beat a rabbit in any race the hare chose to call. We think so too. Winners took home a \$50 savings bond donated by Henson's. Wes is a frustrated jockey but can't stay aboard anything higher off of the ground than a turtle, so he encourages these turtle races each year. The kids are glad that all of the owners at Henson's share in their thrill of the race, too. Thanks once again to Henson's and the turtles for making this another great race.

## Daze of our Lives

It would be great if I could keep my mind off the aging process, but it's tough when every day's mail brings you "Last chance at this rate" offers and mortuaries send out letters reminding you to "Take the burden off your family" by selecting your own going away plan.

I've thought a lot about it. Young people can't wait to mention their infirmities. They take to their aspirin and their beds, see the doctor. It is an event. Old people go square dancing with the senior citizens and take bus tours to Canada. But middle-aged folks like myself can't cope. We're too young to admit we're old, and too old to keep up. So we keep plugging trying to keep our mouths shut about all our inner parts moving when they're not supposed to and sticking in emergencies.

Heaven forbid that we would call attention to the fact that our eyelids have valances, our neck looks like an old stocking where a knee has been, and the only thing we can remember is what we've forgotten, such as best friend's birthdays—at three

in the morning when we can't do anything about them. (By morning we've forgotten what it was we remembered at three!) And it would be sheer torture for someone to pity us. People in our age bracket are aware of this. Like the other day at work when I slipped up and mentioned to lene that something was in my eye. She held a hand over her ear 'probably trying to stop the sharp pain shooting through) and said, "Well you have one good eye, see out of it!"

So I was surprised at the conversation that transpired between me and the "kid" I went to school with when we met in the grocery store the other day. Lord, he looked OLD! You couldn't tell more than a mile away that he'd had his teeth pulled, and once when he took his cap off to scratch his head I noticed how he'd pulled the three or four hairs he had left toward the front of his head. It was probably a compliment that he recognized me. "Goth, Jean," he said, "do you remember thoth good old dath in study hall?" We talked awhile and sort of fell back into that old camaraderie. He rubbed his hand over his left kidney, hesitated, and threw me off guard. "Do you ever feel good anymore?" he asked.

I jostled my cart back and forth with my foot so as to take the weight off the corn pulsating between my toes. "Oh, I feel FINE," I began, but he looked so pitiful I couldn't carry on. "Oh heck, Jack when I get up in the morning I keep saying to my legs, "Right leg—move! Left leg you gotta help. I wouldn't dare wear those stockings that want to go dancing at night. But there's hope. I can never get a pain to stay in the same place long enough to take it to the doctor."

He grinned and muttered, "Attention span's too short. Now, I'll tell you a secret. I juth had my teeth pulled." "No!" I exclaimed. (I don't think a little lie hurts if you're trying to make someone feel better, do you?) "Thath right," he said. "Do you ever have dithy spells?" "Couldn't walk without 'em," I confessed. "Your foot's hurtin' now,"

he said. "How could you TELL?" I jerked my foot off the cart. "Cauth your eyeth are throbbin'." I guess he knew he'd gone too far because when he turned to walk away he said, "Well, your sure LOOKIN, good!"

The whole encounter left me feeling so punk I could hardly stoop down to ask Helen why she was on her hands and knees in the middle of the grocery aisle. I knew she'd had a sudden catch in her back by the way she grimaced when she said, "I thnk I dropped a dime."

"Well," I patted her shoulder, "in case I forget, I just wanted to wish you happy birthday."

I figured she was close to my age, but I knew it when she said, "Oh, shut up."

I wonder what page of PASSAGES we're on. They say it gets better toward the latter part of the book.

Aug. 2

Final date

to certify crops

Whether you are participating or not participating in the acreage reduction program, farmers have until August 2nd to report their 1982 planted acres to the ASCS office.

Program participants are required to report crop acreages planted, the use to be made of the crops and cropland acreages to be set aside. Non participant farmers need to certify their crop acreages for future programs, such as proving a farm commodity yield and protecting the farm crop history.

ASCs will randomly check farms to verify that acreage reports are accurate. To be sure of planted acres, farmers can request measurement service for a nominal fee.

Crop certification is necessary before the farmer can receive price support loans or deficiency payments. The County office is open from 8 a.m. thru 5 p.m. Monday thru Friday. We hope you will come on in now and report. To date very few reports have been turned in.

## Cotton loan program 1982

Commodity Credit Corporation loan entries of 1981 crop cotton totaled 6,062,300 running bales through June 2 1982. Repayments have been paid on 1,671,100 bales. Loans outstanding on June 2, 1982 were 4,391,200 bales, of which 2,214,900 were producer loans and 2,176,300 were cooperative marketing loans. Entries of the 1980 cotton crop totaled 2,328,100 bales, repayments were 2,209,700 bales, and loans were outstanding on 117,900 bales.

**Tax Considerations**  
COLLEGE—Many farmers in Texas and other states are "selling out" because they see no way to survive financially. Of course, some farmers also sell their operations when they retire. Whatever the reason for selling, certain considerations can reduce tax dollars.

A major factor in selling a farm or ranch is timing, says Dr. Wayne Hayenga, economist with the Texas Agricultural Extension Service, Texas A&M University System. "Since selling the farming business will likely produce a large amount of taxable income, it's best to spread the income. One way to do this is to sell livestock in the fall, sell machinery the next spring, and perhaps wait another year to sell the land."

Delaying certain sales until specific time periods have elapsed can also reduce the tax burden, notes Hayenga. For instance, breeding animals acquired after Dec. 31, 1969, must be held for at least two years. Delaying the sale of such animals can qualify the income for capital gains treatment.

Another factor to consider is the allocation of costs to different assets," notes the economist. "An allocation of the sale price for land, buildings, growing crops, livestock and machinery should be agreed upon by both the selling and buying parties so that this will appear on the purchase contract. This will reduce many potential tax problems."

Also, on a farm held less than 10 years, part of the soil and water conservation expenses that have been claimed will have to be recaptured as ordinary income.

Investment credit is another thing to consider when liquidating a farm business, says Hayenga. Invest-

ment credit has to be recaptured if the sale results in items computed.

Regarding the method of sale, a farmer generally has three choices: sell for cash, sell on the installment method or a combination. The seller needs to determine his tax liability regarding each method before making a final decision. A large capital gain can mean additional taxes, notes the economist.

"When sale of a farm or some of its components thrusts a farmer into a considerably higher income bracket than over the past four years, income averaging can come to the rescue," says Hayenga. "This allows part of an unusually large amount of taxable income to be taxed in a lower bracket."

A farmer who sells his operation, which also includes his home located on the land, must allocate part of the selling price of the farm to the home, adds the economist. Special tax rules apply to the sale of a residence. If the farmer buys a new residence two years before or after selling the farm and home, only the gain from the sale of the old residence compared to the cost of the new residence is taxable.

Any sale of capital assets does not affect Social Security taxes or retirement benefits, notes Hayenga. However, sale of inventory items and growing crops does. Any item reported on Schedule F in the income tax return may affect Social Security benefits or taxes.

"When preparing to sell a farm, the operator needs to determine whether he still receives two-thirds of his gross income from the business of farming as required for tax purposes," Hayenga points out. "Gains from sales of farmland and depreciable farm equipment are not considered farm income. So a farmer who sells his business may find he no longer qualifies as a farmer and thus must file a Declaration of Estimated Tax."

Hayenga advises any farmer preparing to sell real property to visit with his tax consultant or accountant. Also, the Economic Recovery Act of 1981 provides numerous changes in tax laws, including depreciation and investment credit. A farmer should be familiar with these changes before selling his business.

## Summer Scholarship program at WTSU

Dr. Roy E. Thorman, director of the Texas Bureau for Economic Understanding summer scholarship program at West Texas State University announced that the Political Science Department at WTSU has received a grant from the TBEU to conduct a special summer program which will deal with the free enterprise system.

This 6-hour, graduate level program, designed mainly for social studies teachers, will be offered during the 1982 second summer term. There are approximately 30 scholarships to award. Those receiving scholarships will be able to enroll for six graduate credit hours, with the scholarship providing free tuition, fees, books, and, in some cases, free university housing!

The two courses making up this program will be stimulating and beneficial. "Political Systems and Capitalism" (POSC5912-1) and "American Government and the Free Enterprise System" (POSC5991-1) will both be

offered in the afternoon, with the latter beginning at 1:00. For the convenience of participating teachers, the courses will be offered on an accelerated bases. The entire program will last only about three and a half weeks. You will enjoy this opportunity to learn about the interaction between government and the free enterprise system in a relaxed, friendly, and professional seminar atmosphere. (The program will begin on July 9 and end August 4.)

You are urged, however, to make application as soon as possible as the number of scholarships is limited. (Although it is preferable that students take both courses, some 3-hour scholarships will be awarded.)

Those awarded 6 hour scholarships will be required to send a \$25 registration fee, and those awarded 3-hour scholarships will be required to mail a \$15 registration fee. (Checks are to be made out to: WTSU-POSC Free Enterprise).

BLANCHE GRAY was the oldest (88) at the Old Settlers Reunion.

MR. AND MRS. JIM Cannon of Crowell came the furthest for the Old Settlers Reunion.

MRS. S.J. TOLBERT had the most kids, 12 of them.

CLARENDON PRESS and The Donley County Leader, published every Thursday at Clarendon, Texas, 79226, Box 1110, 316 B South Kearney, and entered as Second Class Mail at the post office at Clarendon, Texas. J.C. and Helen Woody, publishers and Editor. Subscription rates: \$12.00 a year outside Donley County \$9.00 a year in Donley County. Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

### Cannon traveled far to be here

Jim Cannon of Crowell came the longest distance to the Old Settlers Reunion held Saturday morning on the square. Tunney Kent, MC once again for this long-held reunion, selected Blanche

Gray of Clarendon as the individual in attendance who had lived the longest in Donley County. Mrs. Gray has lived in the county 58 years and is now 88 years young herself. She thereby

won another prize for being the oldest Old Settler at the reunion!

Mrs. S.J. Tolbert of Clarendon had the most children, an even dozen! Three of them still live in Clarendon; Susie Kidd Geneviva Johnson and Velma

Bird. Everyone enjoyed the get-together and had a good time with Tunney leading them in memories and laughter. This annual event brings everyone closer together in friendship and fun.

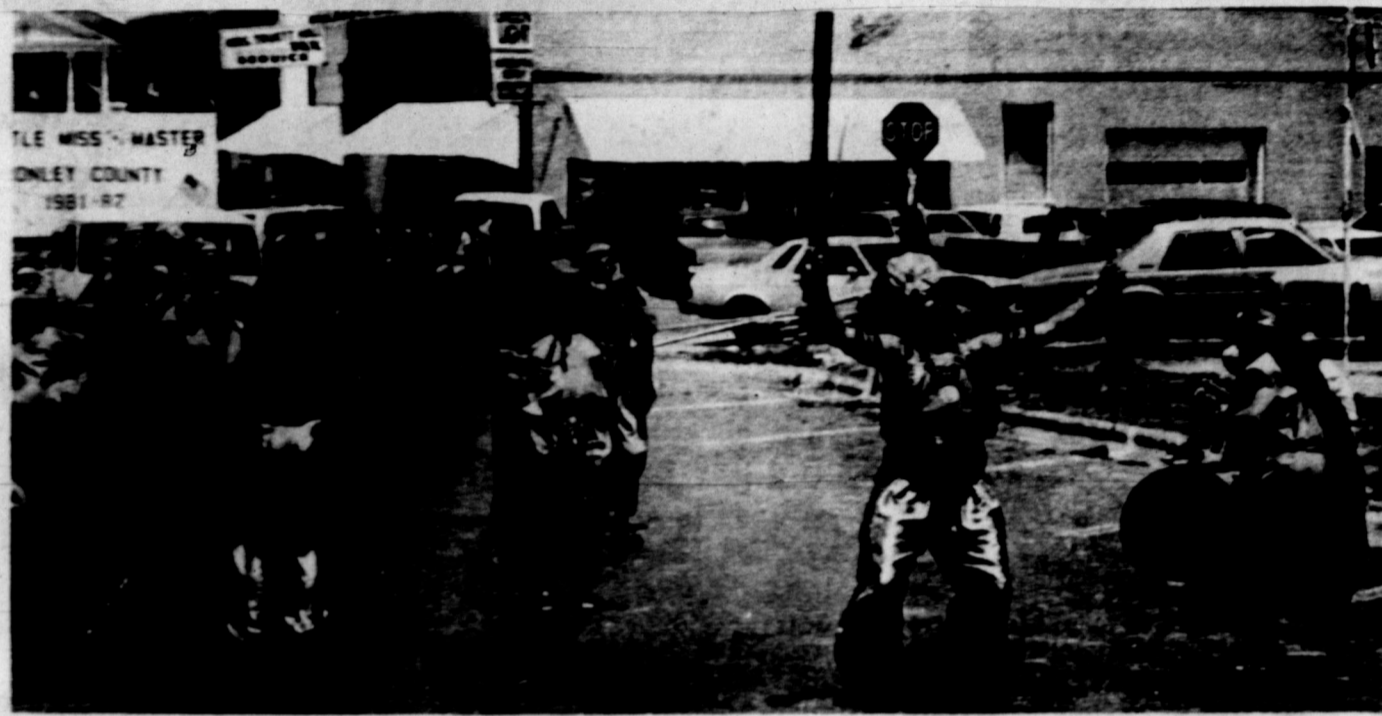

### Cheese Ready to give away

Donley County Community Action center will have cheese to give away beginning Friday from 10-6.

Those who will qualify are persons who receive aid for dependent children, food stamps, free school lunch program, anyone aged 60 or above and NOT financially able. Medicare, rental

subsidy, social security (if that is their ONLY income), persons with supplemental security income and those unemployed, those on workers compensation and those whose income must meet poverty guidelines.

Please contact Robbie Hill at 874-2573.

KHIVA ORIENTAL BAND.

### Chamber of commerce notes

On behalf of the Clarendon Chamber of Commerce, I thank each of you who participated in the July parade.

If we could have give each of you a trophy it would have been great. We had three judges who were from out of town, and were not biased. One was from California, one from Dallas, and one of you. Thank you all very much.

On the behalf of the Outdoor Entertainment Assoc. I thank all the fiddlers who

entered the Fiddlers Contest.

We had not selected judges for the fiddlers contest, instead the fiddlers themselves voted for who they thought should be the winners. Who else would be so qualified? We think that is as it should be.

We thank the First State Bank and Trust Co., the Donley State Bank, and Frank Derrick their money donations, and Harvey Price for donating the silver platter.

We thank Harold Childs for being such a great fiddlers chairman who encouraged the fiddlers to enter.

We are looking forward to next year, and hope you all return.

John A. Sarich.

Thomas Edison had a collection of 5,000 birds.

# Moment of meditation

**"LO, CHILDREN ARE AN HERITAGE OF THE LORD"**  
 Ps. 127:3 Every once in a while a very special experience comes to us, usually unexpectedly. We had one recently. Our granddaughter and her husband invited us to go camping in Colorado with them for a week during their vacation. We felt it was quite an honor to be able to spend that much time with a couple still in their twenties, but the real bonus was time with our four-year-old great-grandson. Since he has three other great grandparents and two sets of grandparents, the time Jimmy can spare us is limited. So this camping trip was very special.

We had time, lots of it, to explore the wonders of the Rockies and discuss the beauty of God's creation. We talked about the shades of green in the spruce, aspen and willow trees. We gathered pine cones and pressed wild flowers for show and tell time in his Sunday School class. We counted the kinds of birds, listened to their different songs and fed the chipmunks. We took pictures in snow banks and carried water from gushing

mountain springs. And we fished. Some of the fish were unawary enough to get caught and so became meals for us. Camp inconveniences, sunburn and altitude fatigue were all part of the package. The nights were cold and the sleeping bags were thin in the pop-up campers. Yet all of us were reluctant to return home and go our separate ways. Each of us sensed it was one of those special experiences of a lifetime. It was love given and received. It was sharing innermost thoughts around a campfire. It was a week of implanting ideals and attitudes which may still be bearing fruit three quarters of a century in the future for the Lord's kingdom. The teaching of our children to walk in the way of the Lord has been a command since the days of Abraham and the lives we touch are golden opportunities for planting the deep truths of life into open hearts. The Psalmist knew this when he burst into song, "Lo children are an heritage of the Lord." He could well have added, "And so are children's children unto the third generation."

MINDY AND MONTE HOLLAR.

## Monte and Mindy Hollar Place

Monte and Mindy Hollar participated in the District 4-H Horse Show in Amarillo, June 16th and 17th at the Bill Cody Arena. Monte placed 7th in Halter and made it to the finals in showmanship. Mindy placed

in the semi-finals in Western Pleasure and second in Halter. There were approximately 150 entries in the show and the top 20 horses will be eligible to go to the State 4-H show in Waco in July.

rutherford Cattle Co., building east of the courthouse or call 806-226-3921 or write Box 312, Claude.

There will be a parade beginning at 10 on the square and KIXZ will be there from noon until 2. There is a FREE barbecue at noon.

## Obituaries

### Buster Matthew Slater

Graveside services for Buster Matthew Slater, age 45, were held at 10 a.m. on Friday, July 2, 1982 in Citizens cemetery with Rev. Bill Hodges, Pastor of the Clarendon Church of the Nazarene, officiating. Interment was in Citizens Cemetery with the arrangements under the direction of Robertson Funeral Directors. Mr. Slater died on Sunday, June 27, 1982 at his residence in Amarillo. He was born January 2, 1937 in Clarendon. He had worked as a cowboy on several area ranches, and until recently, on the Porter Ranch before moving to Amarillo.

Survivors include his step-mother, Mrs. R.O. Slater of Amarillo; two brothers, Kenneth Wayne Slater of Salinas, OK and Leslie Eugene Slater of Tulsa, OK; and several nieces, nephews and cousins. Patsy Wallace Robertson was cousin.

## Charlie Joiner

Charley Joiner passed away June 27th in the Tulia Care Center, Tulia, Texas. Graveside services were conducted at 3 p.m. June 29th in the Silvertown Cemetery by Earl Cantwell. Mr. Joiner was a retired farmer who had lived and worked with his only surviving brother B.B. Joiner of Clarendon, until the early 40's. He moved to Tulia, and continued to live there until his death. He is survived by his brother B.B. Joiner and several nieces and nephews.

## 4-H News

The Donley County Extension Agents would like to say "Thank You" to the 4-H'ers and parents that helped with the 4-H Booth and the Country Craft Fair. The 4-H Club made a profit in excess of \$700 from the celebration and will use this money throughout the year to finance 4-H activities.

CLARENDON JR. HIGH CHEER LEADERS.

Mrs. Bill Bennett, Mr. and Mrs. Harold Houdyshell and family, Mr. and Mrs. Fred Butler, and Mr. and Mrs. Lonnie Paar and sons.

The Hollis Bannisters had as Sunday supper guests, Mr. and Mrs. Jack Leeper, Mr. and Mrs. Pat Cinciros and family.

Carolyn Courtney and Cindy from Slaton visited her parents, Ronald and Mary Castner and family Monday and Tuesday.

Ronald Castner and Judy Longan visited his mother, Ollie Kirkland in the Memphis Convalescent Home Friday.

Mrs. Andrew Henderson's niece, the Wayton Thompson family from Atlanta visited over the weekend with her and Andrew.

Mr. and Mrs. F.A. Floyd visited Wednesday and Thursday in Farwell, NM with Vivian and Alvin Mace in Portales with her brother, Noel Knox.

Visitors in the F.A. Floyd home over the 4th were Vivian and Alvin Mace, John Bob, Janice and Robert butler and Mrs. Harold Moffit and kids.

Mrs. Harold Broning and Mrs. Marvin Thompson were in Lubbock Monday and Tuesday. Harold and Loretas daughter Patty Browning had knee replacement surgery. We all wish her luck, this is her eleventh knee surgery.

Mr. and Mrs. J.B. McDaniel rode their horses and represented Lelia Lake beautifully in the Clarendon parade Saturday. Patrice Shields and Melody Moreman rode two of J.B.'s horses and carried the flags. J.B. and Yvonne Belle greeted the famous Santa Rosa Palamino Club from Vernon as they came into Clarendon to ride in the parade and entertain with their colorful drill at the rodeo. Vernon is J.B.'s and Yvonne Belle's "old home town" and among the group were some of their family.

Arthur Shields also represented Lelia Lake in the parade with a beautiful float and Shauna Lauderdale rode her horse Carmalita.

Joseph Priestley not only discovered oxygen in 1774, he also discovered the way to make soda water.

The Puritans, considering buttons a vanity, used hooks and eyes.

## CAR CARE

**KEEPER**  
 Tips For More Safety, Economy, Convenience

**Keeping Car Costs Low**  
 You can get more out of your car if you watch what you put into it. Experts recommend six practical, easy-to-follow maintenance tips that will help keep your car running better... and longer.

1. Automatic transmission: check fluid level regularly by reading the level stick located in the engine area. Change fluid approximately every 24,000 miles.

2. Engine oil: check oil to make sure it's at proper operating level by reading oil "dip stick" found near oil fill cap. Oil is vital to engine life of all gas and diesel powered cars. Kendall Super 100 SAE 5W-30 is one motor oil that meets the needs of the rapidly growing four-cylinder gas powered passenger car market and also works in six-cylinder gas engines. For diesel car owners, motor oil like Kendall's Super DSL has been specially produced for diesel engines.

3. Brake fluid: the level should be checked every few thousand miles or at six-month intervals.

4. Tires: check tire pressure frequently—at least once a month for normal driving, once a day on an extended motor trip.

5. Radiator: change the coolant once a year. Periodically add water to maintain proper coolant and water mix. Check radiator-hose at least every 12,000 miles for cracks and weak spots. Replace as needed.

6. Battery: keep it full. Check water level monthly in winter; weekly in warm, dry weather.

Following these tips can help put you... and your car on the road to economy.

Joseph Priestley not only discovered oxygen in 1774, he also discovered the way to make soda water.

The Puritans, considering buttons a vanity, used hooks and eyes.

## Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas, effective July 27, 1982, unless otherwise determined by the Commission.

It is expected that the requested rate schedule will furnish a 13.4 percent increase in the company's intrastate revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality served by Southwestern Bell, and is available for inspection in each of the company's public business offices in Texas. The Commission staff has contended in the past that all rates are subject to change as a result of Southwestern Bell's rate application.

### Notice to El Paso Area Customers

Effective January 1, 1982, Southwestern Bell adopted the Mountain States tariffs in effect for El Paso County. Southwestern Bell proposes to merge the separate El Paso tariffs with its tariffs applicable to the rest of Texas. The resulting new rate schedule is on file with the PUC and the El Paso area municipalities served by Southwestern Bell, and is available for inspection at our El Paso business office.

### Notice to Customers of Other Telephone Companies

The filing includes, but is not limited to, proposals to increase rates for interexchange private line and foreign exchange (FX) service. Changes in such rates would also affect customers of other telephone companies because such companies provide interexchange private line and foreign exchange service in accordance with rates specified in Southwestern Bell's tariffs. While Southwestern Bell has proposed no increase in long distance rates, any change in those rates would also affect customers of other telephone companies.

## Aviso Público

Southwestern Bell, en conformidad a las reglas del Public Utility Commission (Comisión de Servicios Públicos) de Texas, por la presente hace saber su intención de establecer un nuevo arancel para servicio de teléfono en Texas con vigencia a partir del 27 de julio, 1982, a menos que la Comisión haga otra determinación.

Se espera que el nuevo arancel que se ha solicitado rendirá un aumento de 13.4 por ciento en los ingresos intrastatales de la compañía.

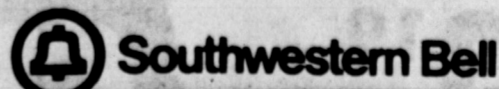

Una copia completa del nuevo arancel se ha archivado en las oficinas del Public Utility Commission en Austin, Texas, al igual que en cada municipalidad afectada y servida por Southwestern Bell, y cada una de las oficinas de la compañía para negocios con el público en Texas tiene una copia para lectura pública. En el pasado, la Comisión ha sostenido que toda tarifa está sujeta a cambios que resulten de la manera en la cual Southwestern Bell aplique sus tarifas.

### Aviso a Clientes en la Región de El Paso

Con vigencia a partir del 1o de enero de 1982, Southwestern Bell ha adoptado las tarifas de Mountain States efectivas en el condado de El Paso. Southwestern Bell propone unir las tarifas de El Paso con sus otras tarifas que se aplican al resto de Texas. El nuevo arancel que resulta de esta unión se ha archivado en la Comisión de Servicios Públicos (Public Utility Commission), al igual que en las municipalidades de la región de El Paso servidas por Southwestern Bell, y está disponible para inspección pública en nuestras oficinas de El Paso.

### Aviso a los Clientes de Otras Compañías de Teléfono

El registro incluye, pero no se limita a, propuestas para aumentar las tarifas para servicio de línea privada entre centrales telefónicas (interexchange private line) y servicio de central telefónica extranjera (foreign exchange FX). Cambios en dichas tarifas de servicio también afectarían a clientes de otras compañías de teléfono porque dichas compañías proveen los servicios ya mencionados en conformidad a tarifas especificadas por Southwestern Bell. Aunque Southwestern Bell no ha propuesto un aumento en las tarifas para larga distancia, cualquier cambio en las mismas también afectaría a los clientes de otras compañías de teléfono.

GIRL SCOUTS.

### RODEO SERIES

Millions of Americans will have the opportunity to see the best of the country's rodeo riders, thanks to a new television series *Rodeo ProTour USA*. The series will be shown on 98 stations west of the Mississippi through mid-October.

Bull riding is one event that will be featured in *Rodeo ProTour USA*.

Produced by the Professional Rodeo Cowboys Association (PRCA), the series will feature the finest rodeo athletes on the PRCA circuit. It will culminate with the *Rodeo ProTour Finals* in mid-October. The top four contestants in the five previously televised rodeos will battle it out in the series finals.

Among the events which will be shown are bull-riding, steer wrestling, bareback riding, and calf roping. All these competitions require skill, determination and perhaps above all, courage.

The show will be hosted by Bob Eubanks, known as an emcee of many game shows and a long-time PRCA team roper. Larry Mahan, six-time all-around world champion, will join Eubanks in the telecast booth.

To make a one-pound honeycomb, bees must draw nectar from about two million flowers.

## Texas Farm Bureau

Waco--Texas Farm Bureau President Carol Chaloupka has called upon U.S. Agriculture Secretary John Block to use his "discretionary authority" to make disaster payments to the hundreds of cotton and grain farmers in a 30-county area of West Texas hit in recent weeks by heavy rains and hail.

In a letter to Block, Chaloupka pointed out that an estimated 2 1/2 million acres of cotton have already been lost by the severe weather. In some areas, Chaloupka observed, cotton fields have been hit as many as five times, wiping out first, second and even third plantings. The most severe damage resulted from hail ranging in diameter from golf ball to baseball sized pellets.

Deputy Secretary of Agriculture John Ford inspected the South Plains area June 29 to receive a general assessment of the crop damage.

A decision on disaster

payments will not be known until an evaluation of the extent of damage has been completed, Ford told West Texas reporters and farmers.

Chaloupka said farmers would try to plant "secondary crops" such as grain sorghum, soybeans and Guar, aware that they are beyond the optimum growing season for such crops.

"These producers have suffered a major disaster at a time when most already in a tight financial bind," Chaloupka stated.

A relatively small number of producers in the devastated area have federal crop insurance because premiums have been excessively high for anticipated returns in the case of crop losses, Chaloupka observed.

Dr. James R. Supak, Lubbock, area extension agronomist-cotton, says the total cotton losses could be worsened by further moisture.

"I wish I could give you an accurate assessment of the

total damage, but that won't be known for at least a week after the rain quits," Supak stated.

"It's safe to say this has been a record-setter--the worst year for West Texas cotton farmers," Supak said.

Supak called 1982 an "unusually wet and humid (cotton) season."

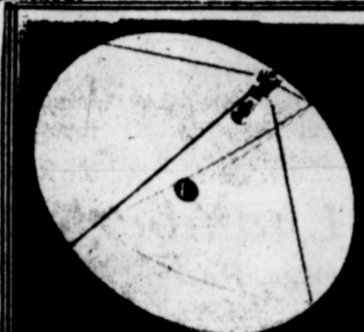

Historically, West Texas has been among the leaders in cotton-producing regions in the nation, averaging about 20-25 percent of the total U.S. yield, Supak said.

However, the weather could cut the cotton yield by half if the weather does not clear soon, Supak said. He expressed doubts that many farmers would attempt to replant cotton this year.

"I would imagine most (cotton farmers) are now looking to some alternate crops," specifically, soybeans, sorghum planting this and sunflowers, Supak said. Supak said even sunflower, soybean and sorghum planting this late would not hold prospects for any normal yield levels this year.

Sorghum, for example, must be planted beneath the

herbicide layer, because "herbicides tend to be toxic for sorghum," Supak explained.

### HICCUPS

Almost everyone has experienced hiccups. . .the result of sudden bursts of activity of the diaphragm and the muscles responsible for inhaling and exhaling air. Hiccups are annoying but, when they continue for long periods of time, represent a major health hazard. They can become fatiguing and prevent sleep.

What can be done to stop hiccups? A number of unproven measures have been recommended. . .These include holding your breath, standing on your head, drinking from the wrong side of a cup, taking nine sips of water (to "drown" the hiccup), and breathing into a paper bag. There are others and you may have your own "special" approach to stopping hiccups.

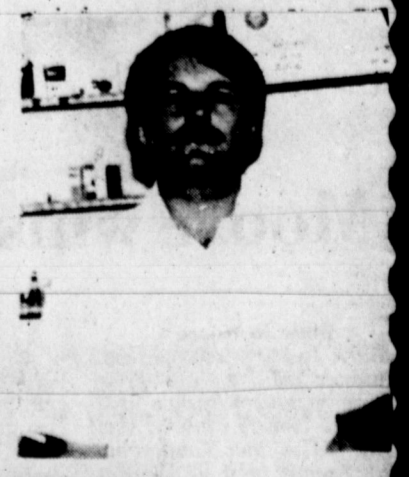

Very few scientific studies have been carried out in order to determine the cause of hiccups and the relative value of different forms of care. During the nineteen seventies, researchers concluded that hiccups can result from disorders of the stomach and intestine, from brain lesions, following surgery, and with use of certain drugs. We also know that hiccups occur for reasons that are not apparent.

One scientific investigation did conclude that individuals swallowing one teaspoonful of white granulated sugar often experienced cessation of hiccups. Other studies showed varying degrees of success with carbon dioxide gas and drugs such as quinidine and chlorpromazine.

ning and Nelda and J.D. Jones, Mike and Mary Kay Jones and Jeremy of Dalhart, Karen Foster and Tess came to Clarendon on Saturday for the July celebration with the Harrisons and will visit in Crowell with Franks father Mr. and Mrs. Jim Cannon before going home to Navasota.

### QUICK QUIZ

Here's a good chance to shine by taking this quick quiz about the sun. 1. The sun is how far from our planet (a) 93,000 miles (b) 930,000 (c) 93 million? 2. One result of prolonged exposure to the sun is a condition called solar keratosis which in some cases may become malignant if untreated. Symptoms are (a) itching (b) red, scaly patches, usually on the hands and face (c) freckles. 3. The sun's ultraviolet rays are strongest from (a) 10 a.m. to 11 a.m. (b) 11 a.m. to 3 p.m. (c) 3 p.m. to 5 p.m.

ANSWERS: 1. (c) Though the sun is 93 million miles away, too much exposure to it is harmful to your skin. 2. (b) Anyone with such symptoms should see a doctor. A prescription medication available in cream or solution made by Hoffmann-La Roche Inc. is often applied to the skin with good results for people who have solar keratosis. 3. (b).

MR. AND MRS. PHIL STRALEY

### Anderson-Straley wed

Kimbra Renea Anderson and Phil Spurgeon Straley were united in marriage May 18, 1982 at 5:30 with the Rev. Tom Harguess officiating. The ceremony was held at the First Baptist Church in Clarendon.

The bride is the daughter of Mrs. Peggy Anderson. The groom is the son of Mr. and Mrs. Lee Straley from Estancia, NM.

Maid of honor was Dwinna Treadwell of Pampa, bridal attendants to Kimbra were Stephanie Anderson, her sister, Renee Cosper from Clarendon, Jackie Cogburn from Shamrock and Sheronda Olson from Stratford, both are cousins to the bride.

The best man to the groom was Jay Waller from Lubbock, groomsmen attending were Kent Layman from Dalhart, Mozaun McKibber from Corona, NM, Dale Adams from Alamosa, CO and Phil Moreman from Clarendon.

The bride wore a formal gown of white organza designed with a Queen Anne

neckline accented by scalloped Aleacon lace. Her closely fitted bodice was overlaid with lace which was encrusted by pearls. Her long, sheer bishop sleeves were caught up at the wrist in deep lace cuffs. The skirt fell into a lace edged hemline. A trial of lace extended the length of the train which swept to the back fullness and fell to cathedral length.

She wore a matching lace coif accented by pearls. Her veiling of illusion was lace edged and fell to fingertip length.

Guests were seated by Mike Walendorf from Alamosa, OC, Riccy Oson, Lubbock and cousin of the bride. These gentlemen also were candlelighters.

Flower girl was Kim Gabel from Carrizozo, NM.

Kimbra is a graduate of CHS and of CJC where she received an AA and plans to attend Texas Tech. Phil graduated from Carrizozo high and attended NMSU then CJC where he received an AS and will continue his education at Texas Tech.

BILLIE JO MOORE

### Moore wins again

Billie Jo Moore, 8 year old daughter of Terry and Sherry Moore of Spearman has just returned from a week at the State JNTA and Cinderella Girl Pageant held in Denton at TWU. Jo won 11 trophies in JNTA competition. She lacked only 3 points winning another Sweepstakes trophy. She also won IMTA Photogenic on her photo. Sherry was very pleased over that. This makes 30 trophies, including Cameo Girl that she has won this past year. She didn't place this time in her

Cinderella Mini Miss Competition. But will try again next year. She is fixing to start studying dance acrobatics in Amarillo. She came home far from empty-handed though. Her great aunt Jane Hillman, Aunt Carrie Shaw flew down together to see her. Also Terry and Shawn flew down and came back with Jo and Sherry. Jo also turned 8 while down there. She competed with girls all over the state of Texas.

## Rodeo arena full of winners

Cowboys entered in the bareback bronc riding were happy to announce that Rupert Jameson from Dumas won first. Landon Carter from Hereford rode his bronc to a good second place time, while Bobby Adcock from Canadian bucked away with third place time in the event. Morris Timmons from Childress won first in saddle bronc riding. It was actually a tie place with Crock Chapman for that coveted slot. Greg Brumley from Wichita Falls placed third.

Bull riding is always the highlight event of the rodeo, a real crowd pleaser. Riding to first place this year was Eddie Roberts from Ft. Worth. Ray Mataska from Wichita Falls took second and Mark Crutchfield placed third from Dumas.

It seems that C & C Rodeo Association had a big bull without a name. Thirty folks submitted names to the Association for consideration. Emily McCary from Clarendon, submitted the

name PITA, which stands for "Pain in the, er...rearend". Emily won \$25 for her ingenuity.

Team Ropers that placed were Lyndon Morrow from Perryton and Quinton Hart from Guymon won first place. Luke Stephenson and Sid Howard from Canyon placed second. Jay Waller from Floydada and Jamie McNeal from Crosbyton placed third.

Jackie Buchanan from Big Springs won first in Calf Roping. Rod Cleveland from Claude won second and Robbie Graves from Pampa placed third in this event.

Girls entered in the barrel racing watched Susan Wilson from Plainview and Peggy Butler from Woodward, OK tie for first place in that event. Kelly Moore from McLean placed third.

There was no one individual with enough points to have won the saddle, so the Outdoor Entertainment Association will keep the saddle until next year.

Winners of the one and a half beeves given away were Willie Davis from Memphis the first night, Brenda Ford from Houston the second night and Lesia Holland from Wellington the third night.

## Price of Centennial gone Up

As announced last week, the price of the Donley County Centennial has gone up to \$10 a copy. This is because the initial cost and publishing price was set for a much smaller paper of only 99 pages rather than the 286 grew into. The Clarendon Press sold the first copies at the

announced rate. Now, however, in order to meet our bills, we must have the price set at a rate we can afford to sell. Considering the labor involved, this is really a bargain at that! The new price is \$10, mailing still costs \$2. Come by and get yours while they still last.

## WATER FACTS AND FANCIES

An average American family of four uses about 90,000 gallons of water. If that's hard for you to believe, it just goes to show the great reliability and ease with which pure water is received into your home. Drinking water is far and away the cheapest utility

people enjoy. While there may be periodic increases in water rates, water is actually free. According to the American Water Works Association, what people pay for is the processing, the gathering, treating, testing, pumping, storing, distributing and replacing that water utilities do 24 hours a day.

Many of us think of our water supply as being as vast as the ocean, but it isn't. Realistic pricing and conservation of water are

needed. Few of us think of water as a "manufactured product," but it is. A very valuable product that should be appreciated.

**F. W. WATSON - OWNER**

Rt. 1 Clarendon, Texas 874-3770

One vehicle is stolen every six minutes in Texas. The motives for these thefts vary from joyriding, stripping and reselling the vehicles, to a means of committing additional crimes.

Auto theft rings steal over 80,000 cars annually in our state. Last year alone, 350 million dollars worth of vehicles were reported stolen. Car thieves, like home burglars, generally have an easy time of it. Their thievery is made simple by car owners who obligingly leave doors unlocked, which occurs in four out of five cases of auto theft, or who leave keys in the ignition, which occurs in one out of five cases.

Vehicle theft is a serious crime that affects the entire community and results in higher insurance rates, property damage, injuries and loss of life from accidents. This crime has reached such serious proportions that it

**Have Pet, Will Travel**  
 If the thought of leaving a sad-eyed Fido or Fluff puts a damper on your vacation, why not take them along? Pets make wonderful traveling companions. They can also make the family vacation more fun by entertaining the kids and adding a little spunk to the home movies.

can no longer be controlled by law enforcement alone. Every citizen must exercise greater care over their property, thus preventing unnecessary crimes caused by carelessness.

For the month of July, 1982, the Crime Stoppers Advisory Council is focusing its statewide "Crime of the Month" on auto theft. Any citizen having information about auto theft rings is encouraged to call the anti-crime hotline at 1-800-252-TIPS. Cash rewards are available for information leading to the arrest and indictment of these criminals.

Help meet this problem head on by locking your car and pocketing the key. This can greatly reduce your chances of losing your vehicle to these thieves. Call 1-800-252-TIPS today and put an end to this activity in Texas.

Besides, having a pet tag along with you on vacation is easy! More than 6,000 hotels and motels across the United States accept well-behaved pets as guests. Including members of the country's largest chains!

Airlines allow dogs and cats to fly their friendly skies as well. And if your pet can fit comfortably into a small kennel, it can travel in the cabin with you. Be sure, however, to double-check all airline arrangements before you board the plane.

Dogs and cats also like to see the sights from the backseat of the family stationwagon. Make sure, however, that your cat is not allowed to frolic too freely in the backseat. It may dart out a crack in the door or window and disappear forever. Also, make sure that you never leave your pet(s) alone in a locked car—it can be extremely dangerous.

Finally, before you take off on that long-awaited vacation, consult a veterinarian to make sure Fido and Fluff are fit for the trip, bone up on the do's and don't's of traveling with pets, and be sure to make plenty of stops for fresh water and to pack a doggie bag of food.

For further information on traveling with pets, write the Pets Are Wonderful Council, 500 N. Michigan Avenue, Chicago, Illinois 60611.

This certificate must accompany all refund requests. No duplication or reproduction allowed. Offer expires September 30, 1982. Only purchases made within the U.S. and territories qualify.

THE KIDS OF THE members of the Class of '62.

## HEAT'S ON

BY KATIE DVORAK

Company has left and you are now stuck with left-overs and looking for something slimming and cool to fix. Salads are the best thing to consider as an easy way to clean out the refrigerator and stay cool.

### SALMON N RICE SALAD

- 3 C cooked rice
- 1 small can salmon, drained and flaked.
- 1/2 C celery slices
- 1/2 C cucumber dressing
- 1/4 C chopped pimiento
- 1/4 C green onion slices
- 1/8 tsp pepper
- 1 C cherry tomato halves
- 1/2 C chopped cucumber

Combine rice, salmon, celery, dressing, pimiento, onion and pepper; toss lightly, pack into a 4 cup ring mold. Fill center of mold with vegetable mix. Garnish with cucumber and serve with additional dressing, if desired.

You may use tuna instead of salmon or try canned chicken or potted beef.

### SPINACH SALAD

- 1 qt torn spinach
- 4 crisply cooked bacon slices crumbled
- 3 hard cooked eggs, chopped
- 1/2 C onion rings
- Italian salad dressing.

Combine spinach, bacon, eggs, onion and enough dressing to moisten; toss.

### CHUNKY GARDEN SALAD

- 1 1/2 C cucumber chunks
- 1 C thick celery slices
- 2 C cherry tomato halves
- 1/2 C radish slices
- 1/2 C pitted ripe olives
- 1 8 oz carton plain yogurt
- 1/2 C Italian dressing.

Combine vegetables, toss, chill and serve with combined yogurt and dressing.

### MAIN DISH SALAD

- 1 lb ground beef
- 1 16 oz can kidney beans, undrained
- 2 C chopped tomato
- 2 C chopped avocados
- 2 C shredded sharp cheddar
- 1 C green onion slices
- 1 8 oz bottle thousand island dressing

1 8 oz bag tortilla chips, broken  
Brown meat; drain. Stir in beans; simmer 10 minutes. Combine vegetables and meat mix; toss lightly. Add dressing and tortilla chips; mix lightly.

### CRUDITES

French terms sound better usually, than English, but Crudites means crisp, raw vegetables. Choose celery, cauliflowerets, radishes, carrot sticks, sliced zucchini and cherry tomatoes as an idea.

Traditionally, crudites are accompanied by a dressing or dip that is well seasoned. Roka brand blue cheese dressing can provide the creamy, but flavorful accent that's just right for fresh vegetables.

## Car Wash

The Calvary Baptist Church Youth Department will be having a car wash this Saturday, July 10, beginning at 10:00 a.m. Proceeds will go to buying gas to go to camp.

Please, bring your dirty cars and let us clean them up. Refreshments will be served in the Fellowship Hall while you wait.

**FOR SALE:** (will show by appointment only) - nice 4 bedroom, 2 bath home 1 block from high school. Remodeling project mostly completed, including central heat & air. Woodburner fireplace. Landscaped front and back yard. Garden.

Joe T. Lovell - day 874-3556/night and weekend 226-3801.

# THANK YOU

On behalf of the Outdoor Entertainment Association and all others involved in Clarendon's Annual Saint's Roost Celebration, we want to express appreciation to the hundreds who had a part in making this one of the most successful Celebrations ever. Without a doubt, this success can be attributed to the fact that hundreds of Clarendon and Donley County people, along with many friends from the entire area helped plan and then worked hard at their appointed task during the three

day celebration. We could not possibly single out any one or any group because there are so many of you. But please, everyone who had a part in any of the activities — the Rodeo, the kid events, the Western Parade, Old Settlers Reunion, Fiddlers Contest, County Craft Fair, and all the other activities that made it all a rip-roaring success — give yourself an extra pat on the back. Thanks for everything and let's look forward to an even bigger celebration in '83
