at your Texaco Dealer.

Just drive into your participating Texaco Dealer's and you can get a 100-watt Ken-Rad light bulb for 9¢ when you fill 'er up with at least 8 gallons of Sky Chief or Fire Chief gasoline. Get another of these long-lasting light bulbs each time you come into a Texaco Dealer where you see the Light Bulb sign.

Why is your Texaco Dealer saving you money on light bulbs? It's his way of celebrating the arrival of moneysaving Sky Chief, the brand-new gasoline that can drive down the cost of driving. New Sky Chief keeps harmful deposits from building up on engine valves better than any other leading gasoline. With fewer deposits, you can get better mileage-and that can save you money. The chance of an expensive engine repair job is much less, too. So drive in for a light bulb, fill up with new Sky Chief-it can drive down the cost of driving.

"Mary, let's make one more stop."

Pssst! Don't let a flat get you down. Pick up a Texaco Tire Inflator-Puncture Sealer today. This handy "spare in an aerosol can" inflates flats in just 60 seconds—eliminates the fuss and muss of tire changing. Only \$2.98*—while they last. Suggested retail price.
