CLIMAX IN FIVE-YEAR-OLD GAS RATE FIGHT DUE WITHIN NEXT FEW DAYS

Statement By Mayor T. F. Connally Says Company Has Not Appealed Railroad Commission's Order To Date

Whatever decision is made by the City Gas Company, Clarendon natural gas consumers may feel certain of a climax in the five-year-old rate fight by the end of January, Mayor T. F. Connally said today.

The local patrons have been anxiously awaiting a statement from the company since the first day of January when the Texas Railroad Commission ordered a domestic rate reduction from 70 cents per thousand cubic feet to 51 cents per thousand cubic feet.

The order, effective January 1, was retroactive from February 1, 1933 and demanded a refund from the patrons of the difference, between 70 and 51 cents that date.

Connally said he had been advised this week by Jerry Sadler, new Railroad Commission member that the company had not (so far as Sadler knew) filed an injunction against the Railroad Commission for setting the rate.

A restraining order would have to be secured before the next billing before any charge over 51 cents could be made, Connally stated.

Sadler told Connally, the Mayor said, that officials of the Gas Company had talked to him leaving the impression that one of the City Commissioners is in favor of some sort of compromise. To this statement, the mayor asserted, he replied that the city council, as a whole, were in favor of letting the case stand in the hands of the Railroad Commission.

BAGBY RATES FIRST PLACE IN INSURANCE MAGAZINE

In the January number of "Life Insurance," a magazine of national circulation, appears an interesting article on life insurance written by Geo. B. Bagby of Clarendon.

Not only does the article contain the "meat" of the subject from a practical standpoint, but was evidently so judged by the editor who gave the article first place in the magazine.

Mr. Bagby has represented the United Fidelity Life Insurance Company of Dallas here for about eleven years. Year after year he has led the field in production for which he has been honored with trophies, trips and other consideration at the hands of the company. He was made a member of the company board a few years ago, a position appreciated by himself and a large number of friends.

JAMES E. RICHEY IS BURIED IN AMARILLO TUESDAY

Less than two weeks after the death of his wife, Mr. Richey passed away in a Clovis hospital Monday. Funeral services were conducted by Bishop E. C. Seaman with the Masons, Eastern Star and Security Benefit Association members attending in groups.

He had been a resident of the Panhandle some 45 years, and had resided in Amarillo 31 years. For the past several years, he was an employe of the Santa Fe railway company.

Miss Zelma Richey is the only survivor of the immediate family. Mrs. Richey who passed away recently, was a sister of Mrs. Homer Mulkey of Clarendon.

NEW EQUIPMENT ADDED TO CLARENDON HATCHERY, NOW LARGEST IN SECTION

With 167,000 Capacity Incubators, Over 500,000 Eggs Expected to Be Hatched By System This Season

With an increased hatching capacity to 167,000 chicks, the Clarendon and Shamrock hatcheries have opened for the 1939 baby chick season, Frank White Jr., manager of the stores announced this week.

An eleven thousand turkey egg incubator has also been added to the equipment of the local plant to make the system the largest hatcheries in the Panhandle.

Over 1,400 birds have been U. S. approved (blood tested) under the direction of Eugene C. Carter, A&M College expert, and the hatchery has employed James Akagi, of Japan, a chick sexer.

Akagi comes to the hatchery well schooled in the Japanese secret of separating the male and female chickens twelve hours after birth. In this way, White said, patrons wishing a certain number of roosters or hens may buy them shortly after hatching at a great savings to the customer.

White said he expects to hatch at least 500,000 eggs this season.

SUGAR TOO DURNED HIGH, HE SAYS

Errors are seldom allowed to escape the Leader force, but one escaped last week in the advertisement of the Parsons grocery. M. S. Parsons was made to quote "10 pounds of sugar for \$1.25." It should have been 25 pounds instead of 10. Anyway, a whole lot of folks got on Mr. Parsons and caused him to wonder just how many hundred read the grocery ads in the Leader each week.

Committee Selected For League Meeting

INTERSCHOLASTIC EVENTS TO BE HELD HERE

Donley county teachers met at the County Superintendent's office Saturday to formulate plans for the 1939 interscholastic league meet.

Clarendon was chosen as the site for the meet and dates will be set at a meeting of the executive committee Tuesday.

The executive committee selected by the instructors: Director General, G. W. Kavanaugh; director of declamations, Mrs. L. B. Owens; director of extemporaneous speech, Lu McClellan; director of debates, Ineva Hedrick; director of spelling, Geraldine Pratt; director of ready writers, Willie Anna Garmon; director of rural schools, C. E. Buck; director of athletics, Emil Hutto.

Other officials: director of arithmetic, Bill Todd; director of music memory, Mr. Carr; director of picture memory, L. B. Penick; director of RRR, Kenny Lane; director of typewriting and shorthand, W. C. Larimer; director of choral singing, Ralph Stewart; director of girls athletics, L. B. Penick; director of story telling, Miss Harlin; director of tiny toy story telling, Mrs. Batson; director of rhythm, Lucille Polk; director of rural basketball, Harry Hartzog; director of wild flower contest, C. W. Howard.

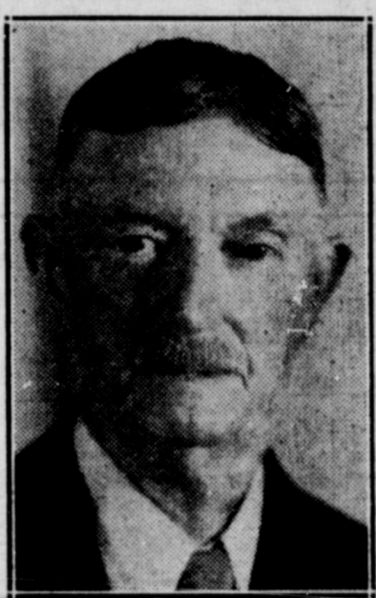

Dates for the meet this year will be chosen at a meeting of the executive committee Tuesday night to be held at the residence of G. W. Kavanaugh.

Members of Clarendon Church of Christ to Give Radio Program Sunday Over KPND

A delegation from the Clarendon Church of Christ will be in Pampa Sunday for a radio program over station KPND from 3 until 4:30 o'clock.

The program will be delivered from the auditorium of the Central Church of Christ where congregations from over the Panhandle will meet.

Featuring congressional singing, talks will also be delivered by ministers from the various churches. H. V. Crumley, local minister, will give a short talk.

J. W. Morrison, co-founder of the Farmers State Bank, who was elected as chairman of the board of directors at the January meeting. He has previously held the offices of president and vice-president.

Mr. Morrison came to Clarendon in 1902 from Hall county and has been extensively interested in ranching and banking since that time.

J. H. Hurn, whose likeness appears above, became a director on the Board of the Farmers State Bank in 1930, and was elected a vice-president in January of this year.

Mr. Hurn came to Wheeler county in 1903 and to Clarendon in 1916. He owns extensive farm property in Wheeler, Donley, Armstrong and Oldham counties, and is a church and civic leader of Clarendon.

Re-Financing Old Bond Issues Will Save City \$2,000

LAST OF 1913 ISSUE RETIRED; INTEREST RATE LOWERED ON OLD SEWER BONDS

An ultimate saving of approximately \$2,000 to city tax payers was announced today by Mayor Tom F. Connally following a bond transaction Wednesday involving purchasing and re-financing \$21,000 in securities.

Through purchase, the city retired \$3,000 of a water bond, issued in 1913 and drawing 5 per cent interest.

Eighteen-thousand dollars of a 1908 sewer bond issue was re-financed from five per cent to 3 and one-half per cent.

Through the interest payments of the water bond, Connally estimated approximately \$650 would be saved as the bonds would have been outstanding for 14-years longer.

The reduced interest rate of the sewer bonds should amount to at least \$1,400 in savings before maturity date, Connally believed.

Billy Hunter head of the famous dance band that will play here Tuesday night for the President's Birthday Ball.

All revenue from the dance, outside of actual expenses, will be donated to the National and State foundations for the fight against infantile paralysis.

DONLEY COUNTY FOWLS GIVEN BLOOD TEST STANDARDS

Long known as the home of prize-winning poultry, Eugene Carter, official state agent, is winding up his task of blood testing some 15,000 fowls in this county. Twenty-eight varieties are shown on his list and represent near two hundred separate flocks.

Mr. and Mrs. H. T. Burton and daughter Nelda Sue were in Amarillo Saturday. Mr. Burton attended the Superintendent meeting.

LOCAL PASTOR IS CONDUCTING REVIVAL AT McKNIGHT

An interested attendance is noted at the church services in the revival that was begun at McKnight Monday night. Rev. J. Perry King, pastor of the local Baptist church is preaching. He has served that community before, and it was upon the urgent invitation of a number of the good citizens of that community that he is serving them at this time.

Local Farmers Are Losing Money By Overlooking Acres

Pointing out that residents of Donley County are losing thousands of dollars by overlooking an opportunity for growing vegetables and commodities for home consumption, County Agent H. M. Breedlove asserted this week that farmers in this section should take advantage of their "neutral acres" under the 1939 government farm program.

"We have been neglecting a great opportunity by not taking advantage of our neutral acres, which may be adapted in any manner chosen for home use, and still not affect government payments," the agent stated.

"These neutral acres constitute more than 20 per cent of all the tillable land, and may be used to grow all varieties of vegetables or other foods for home use, thus giving farm families the opportunity of having full pantries of balanced foods, both canned and dried.

A unique garden irrigation system which conserves water is the title, Breedlove pointed out. This also is the ideal method of irrigation. The should be laid only 8 inches deep.

LADY IS INJURED WHEN SHE SLIPS ON ICY STEPS

Mrs. Harriet Kilgore, employe of the local Index Project at the Court house, was painfully injured Monday morning as she came to work, by slipping and falling on the icy entrance to the Courthouse. She was taken to the office of a local Physician who advised that she retire from work a few days, after which he thought she would be able to return to work.

FATHER OF LOCAL MERCHANT DIES IN HUBBARD CITY

Mr. and Mrs. B. F. Kirtley and son Basil left today upon receipt of a message informing them of the death of Mr. Kirtley's father at Hubbard City. A. C. Kirtley was one of the oldest pioneer residents of that section.

Mrs. T. F. Connally returned to Clarendon Friday night after visiting in Canyon with her daughter and family, Mr. and Mrs. Westmoreland.

Texas Crime Passes Cost of Education

WACO, Jan. 21.—Texas spends \$60,000,000 annually for crime prevention, seven times the amount paid to educate youth, State Superintendent L. A. Woods told trustees and superintendents gathered here for six Central Texas counties today. He said 100,000 children of school age not in school, "Put them in the school rooms," he asserted, "and the penitentiary will be practically cleared."

FARMERS WHO WISH TO PLANT COTTON FOR FIRST TIME IN '39 MUST NOTIFY OFFICE

Donley county farmers who wish to plant cotton for the first time in 1939 and who are participating in the federal farm program must notify L. H. Hudson at the county agent's office immediately. Hudson said no application would be accepted after the deadline, February 15.

COWBOY RIDES AGAIN BY HELP LOCAL ARTIST

MINIATURE WESTERN RIDER BRINGS OUT SKILL OF YOUTH OF 18

In the mind of the average youth who loves outdoors, there is pictured his hero of the western plains. Kermit Sloan, aged 18, gave vent to that imagination in carving with a knife a horse and cowboy. The product atop a showcase in the Donley County Museum attracts a lot of attention because of the consummate skill portrayed.

The black horse with four stocking feet looks proudly straight ahead. The bridle is a perfect imitation, the reins in the left hand of the rider. The saddle is a swell fork so nearly perfect that it may be unhooked and removed. The cinchas carry out the idea as well as the saddle, which appears as one of the Frazier or Pueblo type. Some preferred wood stirrups to prevent crushing. These are of metal, shaped naturally.

The hero from head to toe, sombrero and boots, chaps and brown leather jacket pictures the type of man of the west. A bone-handled six gun rests in a holster on the right hip. A saddle gun, perhaps a 30-30, is slung under the left saddle skirt as in natural life.

The entire model is a work of art, and required three months in the making. The man's name? Wild Bill, perhaps. Shall the horse be known as "midnight"? They will fit together and complete the wonderful picture of a day when real men rode the plains.

NEW LICENSES FOR DRIVERS MAY BE DELAYED

Possibility that issuance of new drivers licenses in Texas will be delayed until the legislature acts on a proposed new licensing law was expressed by state highway officials in Austin.

However, if such is the case, the present licenses will be honored after April 1 until the new law becomes effective.

All of the approximately 2,500,000 licenses now held by drivers in the state will expire April 1 of this year. The present law provides for issuance of new licenses, but no arrangements for issuing the licenses have been made.

Under the proposed new law, a fee of \$1 for a two-year license would be assessed to cover expenses of an additional force of workers to issue the new permits.

TRACTOR FIRM GETS THIRD CARLOAD FRIDAY

The Allis-Chalmers distributors, Brumley & Rundell and whose advertisement appears in this issue of the Leader, received their third car of tractors Friday. This number did not include those brought down from Amarillo, Mr. Brumley stated Wednesday.

Rep. Eugene Worley of this district has been placed on four committees in the Texas House of Representatives this term. He was also made vice-chairman of the important Banks and Banking committee. Other committees of which he is a member are the Commerce and Manufacturers, Federal Relations and Judiciary committees.

LOCAL MINISTER TO SPEAK AT PROGRAM IN CLAUDE

H. V. Crumley, minister of the Clarendon Church of Christ, will speak at the Claude church tonight at the lecture program that is being held this week. The local minister will talk on the "Establishment of the Baptist."

A quartet composed of Mrs. J. Frank Heath, E. G. Hayes, Bob McGowan and Mr. Crumley, will also attend from the local church.

WELLS LISTS THREE POINT PROGRAM FOR BETTERMENT OF FARM INDUSTRY

Civic Leaders of Clarendon And Neighboring Towns Gather Here For Annual Chamber Banquet Monday

JAPAN SPREADS DISEASE

Dr. Thomas Farran, surgeon general of the Public Health Service, has placed an embargo on shaving brushes from Japan because anthrax outbreaks in America have been traced to this source. Further suggestions would warn the public against buying any form of Japanese made goods that could be made to carry disease. It is believed that this form of "undeclared" war with America is now in progress.

Rapping hard at "curb stone farmers" H. Deskin Wells, president of the Texas Press Association and Wellington Editor, declared before a Chamber of Commerce banquet crowd here Monday night that "there is no future for the small agricultural towns without 'balance', which includes a year-round work program for farmers."

Wells said the man who worked four or five months on a cotton crop and rested the remaining days in the year, is doomed.

Over 100 civic leaders of Clarendon and neighboring towns gathered at the First Christian Church for the annual dinner.

In concluding his address, the prominent Panhandle editor spiritedly charged that house cleaning should begin at home, both locally and nationally, and cobwebs should be brushed from our store windows before we censure others.

The west is paying an inherent debt for the south's vain struggle in the Civil war, Wells said, and both are curbed by the northeast, the section which gained power over a century ago with the first tariff act.

In voicing his belief that the south and west must some day remove this sectional discrimination, the editor declared that while eighty per cent of the nation's wealth is deposited in eastern banks, less than one-tenth of the country's natural resources lie in the northeast.

In the election of directors, Geo. Norwood, Sam Brasswell, Ralph Andis and J. R. Porter were selected for officers. Holdover directors are L. E. Thompson, J. H. Miller, J. T. Patman, H. T. Burton and vice president M. R. Allenworth.

Clarendon Mayor Tom F. Connally delivered the welcoming address with Fletcher Upshaw, Sr., of Amarillo responding. The Rev. George T. Palm, presiding pastor of the Clarendon Methodist District, pronounced the invocation.

The chamber of commerce plan of work for 1939 was outlined by Frank White Jr., president of the local chamber, who also briefly reported on last year's activities.

Visitors were introduced and winners of the Christmas decoration contest were awarded prizes by J. R. Gillham, secretary. Mrs. George Ryan received the loving cup for the most attractive residence and Mellinger & Rosenwasser received the trophy for the best window decorations.

Two quartets, one composed of girl singers from Clarendon Junior College and another, a mixed quartet from the college, entertained with songs. In the girls quartet were Jane Williams, Jo Wells, Jo Word and Marie Morris. The mixed quartet was composed of Jane Williams, Jo Wells, Raymond Woods and Robert Wilson.

O. C. Watson was toastmaster for the banquet. Delegations were present from Memphis, Amarillo, Wellington, Groom, Pampa and Claude.

COLLEGE CAGERS LOSE

The Clarendon Junior College Cagers dropped a 27 to 21 decision to the Hedley independents at the local gym Tuesday night. The locals started slow and were never able to overhaul the Hedley lead. Williamson, Clarendon star, was out of the game.

JA Ranch Head Leaves Saturday

Leaving here next Saturday, Monte Ritchie, manager of the JA Ranch, expects to visit the skiing centers of Europe. That will include Germany, Poland, Austria, France, Switzerland and Italy.

He expects to spend some time with relatives in England, his old home before coming to this section a few years ago.

In his younger days, he was a contestant in many of the places he expects to visit on this trip. Sun Valley Idaho and northern New Mexico offer skiing but not on the extensive scale that Monte Ritchie requires. He knows where higher mountains and more snow exists, and means to go just there.

Clarendon Amateur Captures First Place In Photography Contest

Ernest Hunt, Clarendon amateur photographer, last week was advised of winning first place in a photo contest conducted by the Rural Radio magazine.

Hunt's picture, entitled "Reflections" will appear in the February issue of the publication. The picture was of tree shadows reflected from a lake.

Plans Shaping Up For Birthday Ball

To the music of Billie Hunter and his famous band, Donley county residents will celebrate the President's birthday Tuesday night, January 31, dancing at the Opera House.

Admission price is one dollar for each couple, and proceeds will be used to aid in the national fight against Infantile Paralysis.

Local sponsors of the President's ball are the Rhythmair Club. Dancing will start at 9 o'clock and everyone is cordially invited.

Mrs. Grover Ingram of Panhandle, who has been visiting her sister, Mrs. J. R. Bartlett and family, returned home Wednesday.

Mr. and Mrs. Sam Lowe had business in Clovis Tuesday.

CITIZENS URGED TO BUY A BUTTON AS "MARCH OF DIMES" NEARS END

Response Gratifying In All Communities, Chairman Says, As War On Infantile Paralysis Gains

PAY YOUR POLL TAX NOW

While there will be no elections this year, there is little doubt but what there will be other elections. There will likely be state amendments to be voted upon. Then, too, there will be a mayor election in April. You never realize the value of a voting privilege until you are facing an election without the privilege of voting your opinions.

VISITS DOWN STATE

Mrs. R. A. Chamberlain is visiting her daughter, Mrs. J. D. Browder in Ft. Worth. She will spend some time with her daughter, Mrs. Whit Carhart in Greenville before returning. She left here Friday.

MRS. LEWIS HERE

Mrs. Willie Newbury Lewis of Dallas, authoress of "Between Son and Sod" was in Clarendon this week at Price's Book Store where she autographed the volumes.

All communities are responding greatly to the plea of the organization, "Join the March of Dimes to Make the World Safe for our Children." Cooke said, with Hedley favorably matching the pace set by Clarendon.

"There is still much to be done, the chairman asserted, and every man, woman and child in this county is urged to lend their wholehearted support in contributing liberally in the support of this just cause."

Money for research work and hospitalization of stricken children is being raised this year by the sale of the buttons at 10-cents each, and by dances and other benefits.

Under the sponsorship of the Rhythmair club, a benefit dance will be given at the Clarendon Opera House Tuesday night, January 31. All proceeds will be given the National and State foundation.

MEMBER OF PANHANDLE PRESS ASSOCIATION

RADIO STATIC CORRALED.

To Major Edwin H. Armstrong, professor of electrical engineering, Columbia University, goes the honors for having evolved a system or method that will discard static and other interference in radio. A specially constructed transmitter is required. His system will not outmode present day radio sets. It is anticipated to work a complete change in radio broadcasting and reception within a few months.

STILL OUR COUNTRY.

We may find occasion to criticize a few things, but still this is our country. With all the turmoil in several other nations just now, it might be a good idea for us to remember that practically every other nation on the globe outside of possibly one or two, envy us for our opportunities, our right of the ballot, shorter working hours and more pay, modernized services and conveniences, high standards of living and the right to worship as we choose. We might check up on our good fortune in having a Constitution that guarantees us free speech and a free press. This is not a flag-waving spiel. It is a cold fact. There may be those in this nation

who would prefer to try a radical change of some kind. There might be others who may think other nations have better plans than we. After all, if the flood gates were opened to immigration, millions would come to America to make their home within a year. There must be something here that is not found in other nations to cause them to violate our immigration laws to slip in by the hundreds. This still is our country. We shall obey the laws as they now stand, and those we don't like will have our efforts toward making a change. We do not claim a perfect economic set-up. Therefore, we should strive for improvement, but that improvement must be based upon a consideration for bettering humanity rather than upon hate and envy.

OLDEST COLLEGE IN TEXAS TO CELEBRATE

Mary-Hardin Baylor college of Belton, first woman's college west of the Mississippi, will celebrate its 94th anniversary February 1st. The school was first named for Judge R. E. B. Baylor. Within recent years, the name "Mary Hardin" was added because of a large contribution of Mr. and Mrs. Hardin of Wichita Falls.

Oscar Anderson of Hedley recently returned from the Thornton & Minor Clinic in Kansas City, very much improved in health.

PALMER MOTOR COMP'Y

Confederate war at its close and went to work. He still milks cows and does odd chores. There's an example of industry for any man, young or old.

The Albany News has been revived through the purchase of the plant by R. B. Boyle, formerly of Silverton. The old sheet is looking right respectable, thank you, and gets right up on the front seat with the state's leading weeklies. Albany has a newspaper ahead of the town right now, and Boyle will keep it that way as the old burg continues to expand.

Many a man has been "made" by his enemies, and "unmade" by his friends.

There continues to be quite a contrast between the prayers of the chaplain of the national congress, and the actions of its members. Ain't there some way to inject it into 'em?

It may be true that some women hate to grow older, and even go so far as to lop off a few years of their rightful age. Not so with a business firm. Recently, the writer saw a letterhead printed out of town that called attention to the fact that the "firm has been under the same family management since 1885." With no other advertising except the letterhead, very few people know that because the older ones who did know it, have died. But there is no question but what age of seniority means something to a business firm, provided, of course, that the firm has kept abreast of the times.

When the sun shines, it shines on all. So it is with business. When business is good, all are benefited. The modern age has no place for envy.

The healthy cuss the doctors, and the steadily employed cuss the bosses. But the sick and the unemployed are looking for both.

It is not so much to brag about

one's ancestors coming over on the Mayflower as it is to boast about their having sense enough to stay here.

Since "love" is the bugle call of civilization, I never could see where "war" had any right to butt in.

It's hard to find out what a successful man makes. He doesn't want people to know lest they want to borrow money. His wife doesn't want them to know because it might handicap her social ambitions.

We need more Christmases during the year where "presents" are limited to praise and encouragement.

Business today gets on the job at six, to meet the customer at eight who does not show up until ten, that business might pay a batch of dinky taxes.

Dr. Drafco recently refused a \$500,000 offer to exhibit the Quins at the New York "world's fair." He just as readily turned down the suggestion that the Quins be taken to see the King and Queen of England next spring when they visit Quebec. He says they can't afford to run the risk of disease, no matter who or what might come. The Doctor is right.

There is a story of an oil rich Panhandler making a tour of southern Europe. Finally he looked upon the "Leaning Tower of Pisa." After giving it the once over, he said: "The

guy that built that silo must have been drunk."

Down in Edwards county where they produce goats with a wide frame and silken fleece and call its meat "chevon," one guy has trained a goat to sing and has asked for a place on Major Bowe's amateur program.

Turn to page 58, Kitchen Companion, and try making pancakes that are pancakes. That cookbook continues to bring praises to Mrs. Bigger after all these years. Try that recipe, folks. No foolin'.

HUDGINS
Mrs. S. M. Harp

On account of several of our community being on the sick list and the cold weather there were not many of us at Sunday school Sunday as we only had 25 but we hope for a bigger and better school next Sunday.

Mrs. S. M. Harp spent last week with her sister near Hedley who has been sick.

Mrs. Estil Goodgoin took dinner with her mother Mrs. L. M. Putman Sunday.

Mr. and Mrs. Ewing and Sadie Beth spent Friday night at Brice.

Mr. and Mrs. W. A. Pierce and children were callers in the Ed. Tal-

ley home Sunday afternoon.

Marzell and H. R. Cowan took dinner with Freida and Junior Putman.

Bill Perdue and Roy Pierce spent Sunday with Sidney Harp.

Mr. and Mrs. W. A. Pierce visited until bed time with Grandma Perdue who is on the sick list.

Mr. and Mrs. Lacy Noble and baby spent Friday night in Clarendon.

Thelma and Martha Mae Pierce spent Saturday night with Jewel Pierce of Chamberlain.

Mr. and Mrs. D. Jacobs spent Sunday afternoon with Mr. and Mrs. O. L. Jacobs.

Mr. and Mrs. Jack Whitt and little daughter Charleann of Clarendon spent Sunday with Mr. and Mrs. O. L. Jacobs.

There is to be a social at the school house Friday night, lets all go and try to build up our community.

There were only a few at singing Sunday night but we had a good singing so lets all go next time.

MUSEUM SIDELIGHTS

In spite of inclement weather, the Donley county Museum continues to attract visitors. A few interesting exhibits have recently been added to the Museum a petrified chopping

block showing ax marks, found by Alfred Estlack at the spot where cross-ties were made in 1854 in St. Augustine county, Texas, is one of the new additions. Another is a fossil sea-egg found on the top of a high ridge in Kimble county, probably a million years old. This was found and loaned to the Museum by A. L. Mudge of Junction, Texas. Mrs. T. H. Peebles has given a towel rack that was used in her family in 1878. The Museum organization is proud of its display of fans, and is asking

for additional contributions. Has any one an old palm-leaf fan, or one of more artistic make? Bring it and place it in the attractive collection already on display. The Museum is still open each Monday afternoon, and the public is cordially invited.

Mrs. F. G. Patching has returned home after a short visit with her daughter, Mrs. Cragg at Borger, and another daughter, Mrs. J. H. Harris, at Claude.

Funds Are Granted For Canyon Museum

Canyon, Jan. 23.—Paleontological surveys, excavations, and restorations sponsored by West Texas State College will be continued under a new WPA allocation of \$27,336.

First announcement of the grant came to Dr. J. A. Hill, president of the College, from Senator Tom Connally.

A similar allocation for historical research was made recently, and work will start soon under the direction of Dr. L. F. Sheffy, head of the department of history. A \$27,000 application for continuance of the archaeological project supervised by Floyd V. Studer of Amarillo is pending. Mr. Studer, business man and curator of the Panhandle-Plains Historical Society museum, is the leading authority on location of sites for archaeological research in the Panhandle.

Work in paleontology has been done during the past year in Randall, Donley, Hemphill, and Lipscomb counties. Mrs. Margaret Johnson is project superintendent and Prof. C. Stuart Johnson the sponsor's representative. Scores of important scientific finds have been made. A laboratory crew has catalogued, preserved and in some instances restored fossils of animals long extinct. G. T. Sundstrom, chief preparator, recently completed a restoration of a mastodon.

The museum rapidly is being filled with fossils of much scientific value and popular interest. Its collections from this area are not equalled by any other institution. Exchanges with other museums and universities are adding to the completeness of the collections. Dr. Johnson is writing many technical papers for scientific journals.

Think!

YOUR home, furnishings, automobile and other possessions are valuable. They should be insured; not only against fire but every hazard that threatens. But think before you choose the type of insurance. There is a difference.

Consider this: 4 out of 5 property owners choose Capital Stock Company Fire Insurance because it provides definite protection at a known cost; because it is backed by financial surplus and capital stock as well as legal reserves; because it maintains local Agents for quick, courteous service when you're in trouble.

That's the kind of insurance YOU want! That's the kind of insurance WE supply.

Girl's Agonies From Burning About to End

MEMPHIS, Tenn., Jan. 16.—Lola Mae Smith's physicians said today that the agonies she has endured for five months while her scalded, mutilated body was being remodeled, were about to end. Within a year, they believed, she will be able to walk. Already, she is able to use her hands. Her face, remade from skin grafted from her back, has not even a scar to show for the accident that nearly killed her and left her "hopelessly" disfigured.

The girl is 12. She lived at a cabin on a plantation near Marion, Ark. A gallon can of boiling tar exploded as she stood beside it.

Her legs were burned to the bone. They shriveled and were drawn back into such a position that her heels almost touched her hips. Her hands, burned black and useless, fell back so that her fingers touched her wrists. Her face was almost burned away. She could not move, her death seemed certain and physicians said even if she lived she would never talk because her mouth would be misshapen.

At the Baptist Hospital, she was put under a tent. Heat from four light bulbs was played constantly on her body. She was fed intravenously for a month. A series of grafting operations was started. Nurses massaged the burned and grafted parts of her body. The child tossed and screamed in pain that never abated.

After a month, however, she was able to eat light foods. Five times skin was taken from her back to cover her face, hands, arms and legs. After three months her body began to respond. Her hands healed. Soon she was able to move her arms and legs and wiggle her toes.

Her hair and eyebrows grew back.

When the bandages were removed from her face after the last grafting, not a scar was visible, nor was there any impediment in her speech.

By the time she is discharged, physicians said, she will be normal.

WORK BEGINS ON LUFKIN, TEXAS NEWSPRINT MILL

Actual construction of an emergency landing field four miles west of Clarendon has been started under the direction of the government's Civil Aeronautic Authority.

The field will cover approximately 235 acres of ground with two runways of between 3,000 and 4,000 feet. The field will be equipped with course and boundary lights which will be switched on by a time clock.

Principally the station is to serve planes on the Amarillo and Wichita Falls route.

Mr. and Mrs. Robert E. Miller, who have resided here for the past several months, have moved to Lubbock where Mr. Miller is employed.

Mrs. Eula Cox, Mrs. Goodner and son Tommy and Misses Edgar Mae and Mable Mongole were in Amarillo Saturday.

paralysis, knocking on hospital doors for treatment. This fact was revealed here today in a letter to George Waverly Briggs, state vice chairman for the Celebration of the President's Birthday, Jan. 30, from J. J. Brown, director vocational rehabilitation, Austin.

The actual count shown in the summary of all counties shows that the state has a listed total of victims seeking treatment of 816 children. Seventy-one counties out of the total of 254 of the state report no hospital cases. El Paso county leads with 51 waiting cases; Dallas follows with 51, and Bexar takes third with 29 patients.

Counties with ten or more waiting patients are Bell, 10; Cass, 11; Fannin, 12; Harris, 15; Jefferson, 28; Limestone, 11; Lubbock, 11; McLennan, 24; Navarro, 19; Nueces, 10; Tarrant, 17 and Travis 11. "This table should prove to Texans how necessary their support is to relieve suffering," Mr. Briggs said. Then quoting from the Brown letter, he read: "The attached list gives you by county the number of children on the waiting list ready to be sent to the hospital, but no money is available to send them." This statement by Mr. Brown shows conclusively how essential this drive for funds is, and I consider it a challenge to every Texan."

SYPHILLIS FAST BECOMES MENACE

SCOURAGE IS SPREADING AT ALARMING RATE

AUSTIN, Jan. 23.—A public health axiom, often proved, states that "public health is purchasable and within natural limitations any community can determine its own death rate." To no other serious communicable disease can we apply this axiom with more dramatic results than syphilis," states Dr. Geo. W. Cox, State Health Officer.

In the first place no more serious disease is as widespread as syphilis. Annually we have twice as many cases of syphilis as tuberculosis, 13 times diphtheria, 28 times typhoid and 50 times infantile paralysis. Secondly the attack of syphilis is devastating. It is a killer and no part of the body is immune. Syphilis cuts off life in early adulthood at man's greatest period of productivity. Annually in America syphilis steals one million years of life from the normal life span of its victims, but before it kills, syphilis seriously wounds and tortures, bringing blindness, deafness, chronic illness, crippled minds

DONLEY COUNTY LEADER READER LIST CONTINUES TO GROW DAILY

Publication Appeals to All Classes Making It An Ideal Medium Through Which The Merchant May Reach the Masses

The advertising patronage of the Leader has increased over forty percent the past six months. Advertisers find it an ideal medium through which to reach the buying public. Only those who pay for their paper are prospective purchasers of the commodities advertised.

While the subscription renewals are heaviest about Christmas time, the hundreds who buy the Leader by the year find that plan most conven-

ient and seldom permit their names to be dropped from the list through neglect to renew.

A number on the list below are new readers. The greater are those who pay for and read the Leader year after year. The management continues to give this reader public the very best weekly it is possible to produce. With the recent addition of new machinery costing hundreds of dollars, the Leader has a bright

future for further improvement. This publication owes its success to that vast number of loyal friends including merchants, individuals, rural news reporters and a loyal force in the plant.

Here are the more recent names to be placed on the list. They buy the Leader for personal reasons.

Mrs. A. T. Cole, D. F. Wadsworth, J. F. Jones, Ernest Jones, W. M. Mace, Mrs. R. L. McBryant, Mrs. Laura Springs, R. Y. King, F. E. Chamberlain, Roy Jewell, W. G. Word, Mrs. C. E. Thompson, H. L. McElvany, Mrs. M. M. Noble, E. W. Adam, J. H. Hurn, Bill Rutherford, Carl V. Williams, Addierene Pharr, Elba Ballew, H. L. Benson, Mrs. M. C. Reid, W. A. Poovey, R. O. Thomas, Guy Pierce, Pink Rogers, Roy Blackman.

Mrs. E. W. Bromley, Thomas Sinclair, H. L. Davenport, Mrs. O. L. Fink, Mrs. J. E. Humphrey, Rev. H. C. Gordon, Williard Skelton, Joe Goldston, H. A. Harrison, M. V. Harvey, J. T. Mayo, Lloyd Risley, W. H. Youngblood, E. H. Gerner, J. G. Walker, J. S. Dale, J. W. Moffett, H. S. Mahaffey, A. O. Heffner, C. H. Reynolds.

Clifford Davis, Cal Merchant, H. T. Warner, Fred Buntin, Mrs. R. L. Bigger, Frank Kendall, J. B. Estes, N. L. Murff, R. C. Bingham, H. W. Lovell, J. H. Nance, W. Z. Borron, Miss Della Wood, C. B. Morris, Joe McMurtry, C. D. McDowell.

Howard Stewart, J. D. Swift, Isadore Mellinger, Frank White, Jr., Mrs. T. Jones, L. T. Burton, J. D. Wood, Irvin Alderson, R. C. Holley, Mrs. J. B. Turnbow, Ed Wheeler, S. G. Adamson, Miss Ruth Thompson, D. O. Stallings, Dr. O. L. Jenkins, Glenn Williams, Mrs. J. H. Gillespie, Frances Forrest, F. W. White, O. L. Jacobs, Van Kennedy, G. D. Cross, Joe Bownds, D. W. Clamplitt, Carl Barker, J. L. Upton, Nathan L. Cox, Dr. M. H. Rhoades, Frank Hardin.

Mrs. Bertha Benson, Jim Morgan, Scott Reneau, J. F. Oiler, D. E. Stevenson, F. E. Caraway, W. W. Mosley, W. M. Grooms, H. A. Wright.

These people represent the best class of citizens. They buy thousands of dollars worth of commodities every year. Add to this one list alone, the hundreds of others who buy the Leader, and one does not wonder that the Leader advertising list is growing, or that the general quality of the publication is improving.

The management wants to neighbor with you. He wants to help you as an individual, as town, as a rural community. As in the past, this publication is owned by one man and is not controlled by any prejudices, factions, cliques or political organization. The Leader is dedicated to

Florence Rice, Jeanette MacDonald, Nelson Eddy, Frank Morgan in "Sweethearts"

the upbuilding of the trade territory for the benefit of humanity with no enemies to punish or special friends to reward.

METHODIST CIRCUIT NOTES

J. G. Walker, P. C.

Held two services at Lelia Lake Sunday. Not largely attended. I'm not blame for that. Looks like they won't give us a chance. If you give us a chance and we fall then you will be justified in absenting yourselves from our services. To let us die without giving us a chance to live seems almost an unpardonable sin. From what we have learned of the once condition of Lelia Lake Methodist church this sin of neglect has been going on for quite awhile. "How shall we escape if we neglect so great salvation?"

Had a real good service at Naylor in the evening. The attendance there was small, but weather conditions looked a little gloomy at that hour. Next Sunday (5th Sun.) we will preach at McKnight at 11 a. m., and hold a works meeting at 2:30 p. m. Then preach 7 p. m. at Bray. The Baptist will hold services at McKnight in the evening.

We are feeling good over the work that is being done and planned at

the parsonage. It will soon be covered and a better job could not have been done. The McKnight ladies are ready to begin the inside repair and renovation of one room. The Goldston ladies are planning to work soon on another room, and we are sure that the other churches are just waiting to know that the roof is completed. This work is going to be done, and I feel that no one will be satisfied without helping some. We are real anxious for the work to be completed and will appreciate all the haste made by any one.

When we get things properly organized in and around the parsonage home, then we will have more time to visit and attend to other responsibilities.

"Every Winter had Terrible Colds"

Nurse's Grateful Letter
"I want to thank you for the wonderful cough and cold medicine, BUCKLEY'S MIXTURE. I bought the first bottle last winter, for the old gentleman whom I am taking care of, for he had had terrible colds every winter. The first dose helped, and after the third dose cold was gone—it does such quick work." Mrs. C. Davis.
Don't take chances, for even the most stubborn, racking cough swiftly yields to the powerful influences of BUCKLEY'S MIXTURE (triple acting), the largest selling medicine for coughs, colds and Bronchitis in all of cold Canada. LOCAL GLOVES TEAM TO MEET ESTELLINE IN FINAL BOUT

The bout with the Estelline gloves team Thursday night will be the final match for the locals this spring. The bout will be held in the College Auditorium at 7:30 p. m. Ten bouts and a negro feature bout will make up the program for the final event.

In their first meeting, the Estelline crew won six of nine fights, with one draw, and two decisions in favor of the local group. The bouts will be matched on a weight basis and definite pairings have not been made, but fighters who will likely

see service include Bailey Estes, Clyde Peabody, Bob McWhorter, L. B. Hartzog, Pete Morrow, Raymond Johnson, Carl Morris, Johnny Grady and Led Jay.

AT THE FIRST BAPTIST CHURCH

J. Perry King, Pastor

 There is Always Worship Fellowship :: Service

Christianity is supposed to be unselfish, and is unselfish, but people are selfish. We are all selfish and are sinful to the extent that we are selfish. It is seldom that people do things from an unselfish standpoint. Therefore, this appeal for people to go to church. Go for your own good. Be good to yourself by being in your place in your church on Sunday. Yes, your church needs you, but you need the church a great deal more than the church needs you. One hurts himself when he fails for any excuse to be faithful to his church. Do not let anything or any body cause you to be unkind to yourself. Give your soul a chance. Grow in grace. Overcome the world. Be victorious. Make progress. It can best be done by keeping step with the eternal.

The First Baptist Church is always happy to help you along the way. Regular services Sunday. Worship with us if you will.

Miss MacDonald and Eddy Coming In "Sweethearts," February 1, 2, 3rd.

Filmization of Famed Victor Herbert Operetta In Technicolor Marks Fifth Co-Starring Appearance of Screen's Most Popular Singing Team

Frank Morgan, Ray Bolger, Florence Rice In Glittering Supporting Cast

The outstanding musical treat of the new movie season comes to the Pastime Theatre next Wednesday, Thursday and Friday with the fifth co-starring appearance of Jeanette MacDonald and Nelson Eddy in "Sweethearts," filmization of the noted Victor Herbert operetta and marking the first appearance of the popular singing team in a Technicolor production.

The new picture also marks a departure upon the part of Miss MacDonald and Eddy from such of their previous triumphs as "Naughty Marietta," "Maytime" and "Girl of the Golden West," in being a modern comery, the screen play having been adapted from the Herbert operetta by the famed comedy writers, Dorothy Parker and Alan Campbell.

W. S. Van Dyke II and Hunt Stromberg, respective director and producer of "Naughty Marietta," again joined forces on the filmization of "Sweethearts" which boasts a supporting cast of such distinguished stage and screen headliners as Frank Morgan, Ray Bolger, Florence Rice, Mischa Auer, Herman Bing, Reginald Gardiner, Fay Holden, Allyn Joslyn, Olin Howland, Lucile Watson, Gene and

Kathleen Lockhart, Berton Churchill and little Terry Kilburn, boy star of "Lord Jeff."

Victor Herbert's lovely music abounds in the picture with Miss MacDonald and Eddy heard in eight musical numbers, among them "Mademoiselle," "On Parade," "Wooden Shoes," "Every Lover Must Meet His Fate," "Summer Serenade," "Pretty as a Picture," "Sweethearts" and "Little Gray Home in the West." Miss MacDonald dances with the limber-footed Ray Bolger, new and original Alvertina Rasch ballets and striking chorus ensembles are other highlights in a picture filled with music and color.

The story depicts the famed singing team as a happily married couple who are the reigning musical comedy stars of the Broadway stage. In order to thwart their desertion of Broadway for the beckoning realms of Hollywood, their producer Frank Morgan, resorts to a strategy in which a "play within a play" becomes a pivotal factor. Morgan almost loses his stars to the films, in consequence, but all ends happily amid singing, dancing and laughter.

SALESMAN PLAYS IMPORTANT PART

FINDS MARKET FOR MANY KINDS OF PRODUCTS

DETROIT, Jan. 14.—The time is fast approaching when sleazemanship will be generally recognized not simply as a major cog, but as the very power plant, of the economic machine.

This is the conviction of W. E. Holler, general sales manager of Chevrolet. In an interview here this week, the man whose organization has sold nearly 12,000,000 new and used cars in the past five years declared that without volume selling, volume production whose benefits are so universally recognized today, would be unknown.

Mr. Holler characterized the salesman's profession as among the most worth-while of all, judged from the standpoint of its benefits to mankind at large. "In furthering the dis-

tribution of goods to men and women whom they will benefit, the salesman is performing a job for which the world has real need," he said. "He is rendering a legitimate service, of which he has every right to be proud. And this conception of selling is coming to be more and more general as time goes on."

Mr. Holler explained that by "selling" he did not refer to hit-or-miss operation nor to trick expedients whose long-haul worth is open to serious doubt. "By 'selling,'" he said, "I mean up-to-date, scientific salesmanship, the type which should properly be classified as a profession, since its successful conduct requires not only natural aptitude but long and serious study as well."

"Scientific selling involves thorough knowledge of human nature, careful planning based on that knowledge, and persistence of a rare kind. In fact, the requisites are so strict that salesmanship, in my opinion, becomes one of the most exacting of all occupations today."

"The engineer, the production man, the doctor, the dentist, the lawyer, all have fairly clear sailing, as compared with the salesman. The trail has been well blazed in each of those fields. The scientific approach has been applied to selling only within recent years, and the individual entering this field today finds his course far more uncharted than do men in most other fields."

"To the man naturally equipped for selling, its numerous obstacles will appear, not as excuses for letting down, but as challenges to greater effort. And the man who sticks to selling, with that attitude of mind will make a real contribution to the economic well-being, not only of himself, but of the nation at large."

PALO DURO MAY BE CROSSED BY A NEW ROADWAY

A new road through the Palo Duro Canyon from Claude to Wayside is planned by the Armstrong County Commission.

The Canyon is approximately 10 miles wide at the place where the proposed road would cross. Members of the commission are reportedly in favor of building a bridge across the stream in the canyon. This would be a few miles below the southeast corner of the property included in Palo Duro State Park.

According to Bill Howren, Potter County engineer, who was engaged by the Armstrong commission to lay out the proposed road, the crossing would be at one of the most picturesque places in the hundred-mile long canyon.

Excuse me, Ladies, I'm on my way to beat a rug

SPORTS COMMENTS: Reddy Kilowatt, whose kitchen battles have made him famous in many thousands of West Texas homes, last year chalked up another victory against Meanie Drudge, nemesis of the fair sex. In a grudge fight from start to finish, Reddy electrified a huge crowd composed mostly of women. His great range of blows to Meanie's bread basket had the customers shouting with joy. The knock-out came when Reddy ironed him out ready for the vacuum cleaner. As the dim light went out in Meanie's glaring lamps, many hundreds of homes were properly illuminated by the I-E-S shiners Reddy introduced. "Give me frigidaire," Meanie cried as he went down for the full count. The fans were turned on... but too late for Meanie Drudge. What he needed then was not a ventilator but a warming pad. Meanie was out, cold as an electric refrigerator.

It took a toaster to bring Meanie around... that and a shower with an electric hot water heater providing the warm glow of life. First thing he did was yell for a cup of coffee made in an electric percolator. Next he wanted nourishment. "Bring on the food mixer!" he yelled.

Sports writers gathered around his table looking for a convenient outlet. "Fellows," Meanie announced, "you can quote me as saying I'm a reformed man. From now on I'm living the modern way... the electric way."

AN INSTITUTION WITH A NATIONAL REPUTATION FOR THE TREATMENT OF CHRONIC DISEASES

This is to let you know that I, Ed Hammond, of Granfield, Oklahoma, was down and could not walk on account of sciatic rheumatism. I was an invalid for three years. I went to Rochester, Minn., and they did not do me any good. I tried doctors everywhere I could hear of, but did not get any relief. I finally heard of the Milling Sanatorium. I went there, staying three weeks and went home sound and well. It has been over six years since. Milling treated me and I am still well, and working every day.

F.F.A. JUDGING TEAMS TO COMPETE IN TULLIA CONTESTS

The Clarendon F.F.A. poultry and crop judging teams will participate in the annual invitation judging meet at Tullia, Saturday, January 28.

The poultry team will be defending a cup won last year by a team composed of Joe Williams, Beatty Hillman, and Homer Charles Speed. The poultry team will be selected from a group of five who have been working overtime this week in an effort to be ready for the contest. Those working for the team are Pete Morrow, Carl Morris, Jr. Spier, Harice Green, and Howard Gibbs.

The crop judging team will be composed of members who have never participated in a contest. Ray Isham, Rex Shannon, and Gene Putman will make up the team; Rex Moore will serve as an alternate.

Other judging teams have started to work for the spring contests. Johnny Leathers, Joe Williams, and Maschil Cole are working out for the dairy products team. Bailey Estes, Homer Hardin, Lee Christie, Frank Cannon, Clyde Peabody, Geo. Reeves and Carlton Gordon are working out for the dairy and livestock teams.

The test well near Hedley was drilling at 4,295 in Canyon lime at noon today. Geologists say it looks better every day.

Mildred Martin and Manti Graves were in Amarillo Sunday.

Laura V. Drew spent the week-end in Shamrock.

Mr. and Mrs. F. A. Buntin were Amarillo visitors Tuesday.

Elmer Kennedy, Lelia Lake stock farmer, had business here Tuesday.

Mrs. Eula Cox left Thursday for Hillsboro for a few days visit.

Mrs. L. L. Swan of Wellington, Kansas is here visiting friends.

Mrs. Will Lewis of Dallas visited relatives and friends the past week. She left today for her home.

L. E. Vardy, prominent real-estate and loan man of Memphis, was transacting business here Wednesday.

Albert Bruce of Amarillo, land owner of the Martin Community, was in Clarendon on business Wednesday.

Mrs. C B Ingram is home from Denton where she has been visiting her daughter Mrs. Gross.

Mrs. J. D. Stocking is visiting her daughter, Mrs. McConnell, at Panhandle.

Mr. and Mrs. J. S. Harrison of Panhandle spent the week end here in the home of her uncle, Cal Merchant.

Mr. and Mrs. B. R. Mears of Lubbock have taken an apartment at the W. A. Land home.

CLIMAX IN FIVE-YEAR-OLD GAS RATE FIGHT DUE WITHIN NEXT FEW DAYS

Statement By Mayor T. F. Connally Says Company Has Not Appealed Railroad Commission's Order To Date

Whatever decision is made by the City Gas Company, Clarendon natural gas consumers may feel certain of a climax in the five-year-old rate fight by the end of January, Mayor T. F. Connally said today.

The local patrons have been anxiously awaiting a statement from the company since the first day of January when the Texas Railroad Commission ordered a domestic rate reduction from 70 cents per thousand cubic feet to 51 cents per thousand cubic feet.

The order, effective January 1, was retroactive from February 1, 1933 and demanded a refund for the patrons of the difference, between 70 and 51 cents since that date.

Connally said he had been advised this week by Jerry Sadler, new Railroad Commission member that the company had not (so far as Sadler knew) filed an injunction against the Railroad Commission for setting the rate.

A restraining order would have to be secured before the next billing before any charge over 51 cents could be made, Connally stated.

Sadler told Connally, the Mayor said, that officials of the Gas Company had talked to him leaving the impression that one of the City Commissioners is in favor of some sort of compromise. To this statement, the mayor asserted, he replied that the city council, as a whole, were in favor of letting the case stand in the hands of the Railroad Commission.

BAGBY RATES FIRST PLACE IN INSURANCE MAGAZINE

In the January number of "Life Insurance," a magazine of national circulation, appears an interesting article on life insurance written by Geo. B. Bagby of Clarendon.

Not only does the article contain the "meat" of the subject from a practical standpoint, but was evidently so judged by the editor who gave the article first place in the magazine.

Mr. Bagby has represented the United Fidelity Life Insurance company of Dallas here for about eleven years. Year after year he has led the field in production for which he has been honored with trophies, trips and other consideration at the hands of the company. He was made a member of the company board a few years ago, a position appreciated by himself and a large number of friends.

JAMES E. RICHEY IS BURIED IN AMARILLO TUESDAY

Less than two weeks after the death of his wife, Mr. Richey passed away in a Clovis hospital Monday. Funeral services were conducted by Bishop E. C. Seaman with the Masons, Eastern Star and Security Benefit Association members attending in groups.

He had been a resident of the Panhandle some 45 years, and had resided in Amarillo 31 years. For the past several years, he was an employe of the Santa Fe railway company.

Miss Zelma Richey is the only survivor of the immediate family. Mrs. Richey who passed away recently, was a sister of Mrs. Homer Mulkey of Clarendon.

NEW EQUIPMENT ADDED TO CLARENDON HATCHERY, NOW LARGEST IN SECTION

With 167,000 Capacity Incubators, Over 500,000 Eggs Expected to Be Hatched By System This Season

With an increased hatching capacity to 187,000 chicks, the Clarendon and Shamrock hatcheries have opened for the 1939 baby chick season, Frank White Jr., manager of the stores announced this week.

An eleven thousand turkey egg incubator has also been added to the equipment of the local plant to make the section the largest hatcheries in the Panhandle.

Over 1,400 birds have been U. S. approved (blood tested) under the direction of Eugene C. Carter, A&M College expert, and the hatchery has employed James Akagi, of Japan, a chick seer.

Akagi comes to the hatchery well schooled in the Japanese secret of separating the male and female chickens twelve hours after birth. In this way, White said, patrons wishing a certain number of roosters or hens may buy them shortly after hatching at a great savings to the customer.

White said he expects to hatch at least 500,000 eggs this season.

SUGAR TOO DURNED HIGH, HE SAYS

Errors are seldom allowed to escape the Leader force, but one escaped last week in the advertisement of the Parsons grocery. M. S. Parsons was made to quote "10 pounds of sugar for \$1.25." It should have been 25 pounds instead of 10. Anyway, a whole lot of folks got on Mr. Parsons and caused him to wonder just how many hundred read the grocery ads in the Leader each week. Approximately 8,000 men, women and children read the Leader every week, estimating each paid subscriber to have the average number in family.

Committee Selected For League Meeting

INTERSCHOLASTIC EVENTS TO BE HELD HERE

Donley county teachers met at the County Superintendent's office Saturday to formulate plans for the 1939 Interscholastic League meet.

Clarendon was chosen as the site for the meet and dates will be set at a meeting of the executive committee Tuesday.

The executive committee selected by the instructors: Director General, G. W. Kavanaugh; director of declamations, Mrs. L. B. Owens; director of extemporaneous speech, Lu McGlellan; director of debates, Ineva Hedrick; director of spelling, Geraldine Pratt; director of ready writers, Willie Anna Garmon; director of rural schools, C. E. Buck; director of athletics, Emil Hutto.

Other officials: director of arithmetic, Bill Todd; director of music memory, Mr. Carr; director of picture memory, L. B. Penick; director of RRR, Kenny Lane; director of typewriting and shorthand, W. C. Larimer; director of choral singing, Ralph Stewart; director of girls athletics, L. B. Penick; director of story telling, Miss Harlin; director of tiny toy telling, Mrs. Batson; director of rhythm, Lucille Polk; director of rural basketball, Harry Hartzog; director of wild flower contest, C. W. Howard.

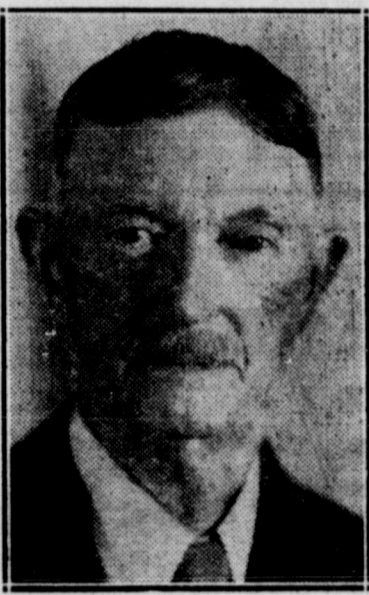

Dates for the meet this year will be chosen at a meeting of the executive committee Tuesday night to be held at the residence of G. W. Kavanaugh.

Members of Clarendon Church of Christ to Give Radio Program Sunday Over KPND

A delegation from the Clarendon Church of Christ will be in Pampa Sunday for a radio program over station KPND from 3 until 4:30 o'clock.

The program will be delivered from the auditorium of the Central Church of Christ where congregations from over the Panhandle will meet.

Featuring congressional singing, talks will also be delivered by ministers from the various churches. H. V. Crumley, local minister, will give a short talk.

J. W. Morrison, co-founder of the Farmers State Bank, who was elected as chairman of the board of directors at the January meeting. He has previously held the offices of president and vice-president.

Mr. Morrison came to Clarendon in 1902 from Hall county and has been extensively interested in ranching and banking since that time.

J. H. Hurn, whose likeness appears above, became a director on the Board of the Farmers State Bank in 1903 and to Clarendon in 1916. He owns extensive farm property in Wheeler, Donley, Armstrong and Oldham counties, and is a church and civic leader of Clarendon.

Mr. Hurn came to Wheeler county in 1903 and to Clarendon in 1916. He owns extensive farm property in Wheeler, Donley, Armstrong and Oldham counties, and is a church and civic leader of Clarendon.

Re-Financing Old Bond Issues Will Save City \$2,000

LAST OF 1913 ISSUE RETIRED; INTEREST RATE LOWERED ON OLD SEWER BONDS

An ultimate saving of approximately \$2,000 to city taxpayers was announced today by Mayor Tom F. Connally following a bond transaction Wednesday involving purchasing and re-financing \$21,000 in securities.

Through purchase, the city retired \$3,000 of a water bond, issued in 1913 and drawing 5 per cent interest.

Eighteen-thousand dollars of a 1908 sewer bond issue was re-financed from five per cent to 3 and one-half per cent.

Through the interest payments of the water bond, Connally estimated approximately \$650 would be saved as the bonds would have been outstanding for 14-years longer.

The reduced interest rate of the sewer bonds should amount to at least \$1,400 in savings before maturity date, Connally believed.

Local Farmers Are Losing Money By Overlooking Acres

Pointing out that residents of Donley County are losing thousands of dollars by overlooking an opportunity for growing vegetables and commodities for home consumption, County Agent H. M. Breedlove asserted this week that farmers in this section should take advantage of their "neutral acres" under the 1939 government farm program.

"We have been neglecting a great opportunity by not taking advantage of our neutral acres, which may be adapted in any manner chosen for home use, and still not affect government payments," the agent stated.

"These neutral acres constitute more than 20 per cent of all the tillable land, and may be used to grow all varieties of vegetables or other foods for home use, thus giving farm families the opportunity of having full pantries of balanced foods, both canned and dried.

A unique garden irrigation system which conserves water is the tile, Breedlove pointed out. This also is the ideal method of irrigation. Tile should be laid only 8 inches deep.

LADY IS INJURED WHEN SHE SLIPS ON ICY STEPS

Mrs. Harriet Kilgore, employe of the local Index Project at the Court house, was painfully injured Monday morning as she came to work, by slipping and falling on the icy entrance to the Courthouse. She was taken to the office of a local physician who advised that she retire from work a few days, after which he thought she would be able to return to work.

FATHER OF LOCAL MERCHANT DIES IN HUBBARD CITY

Mr. and Mrs. B. F. Kirtley and son Basil left today upon receipt of a message informing them of the death of Mr. Kirtley's father at Hubbard City. A. C. Kirtley was one of the oldest pioneer residents of that section.

Mrs. T. F. Connally returned to Clarendon Friday night after visiting in Canyon with her daughter and family, Mr. and Mrs. Westmoreland.

Texas Crime Passes Cost of Education

WACO, Jan. 21.—Texas spends \$60,000,000 annually for crime prevention, seven times the amount paid to educate youth, State Superintendent L. A. Woods told trustees and superintendents gathered here for six Central Texas counties today. He said 100,000 children of school age not in school. "Put them in the school rooms," he asserted, "and the penitentiary will be practically cleared."

DONLEY COUNTY FOWLS GIVEN BLOOD TEST STANDARDS

Long known as the home of prize-winning poultry, Eugene Carter, official state agent, is winding up his task of blood testing some 15,000 fowls in this county. Twenty-eight varieties are shown on his list and represent near two hundred separate flocks.

LOCAL PASTOR IS CONDUCTING REVIVAL AT MCKNIGHT

An interested attendance is noted at the church services in the revival that was begun at McKnight Monday night. Rev. J. Perry King, pastor of the local Baptist church is preaching. He has served that community before, and it was upon the urgent invitation of a number of the good citizens of that community that he is serving them at this time.

COWBOY RIDES AGAIN BY HELP LOCAL ARTIST

MINIATURE WESTERN RIDER BRINGS OUT SKILL OF YOUTH OF 18

In the mind of the average youth who loves outdoors, there is pictured his hero of the western plains. Kermit Sloan, aged 18, gave vent to that imagination in carving with a knife a horse and cowboy. The product atop a showcase in the Donley County Museum attracts a lot of attention because of the consummate skill portrayed.

The black horse with four stocking feet looks proudly straight ahead. The bridle is a perfect imitation, the reins in the left hand of the rider. The saddle is a swell fork so nearly perfect that it may be unbuckled and removed. The cinchas carry out the idea as well as the saddle, which appears as one of the Frazier or Pueblo type. Some preferred wood stirrups to prevent crushing. These are of metal, shaped naturally.

The hero from head to toe, sombrero and boots, chaps and brown leather jacket pictures the type of man of the west. A bone-handled six gun rests in a holster on the right hip. A saddle gun, perhaps a 30-30, is slung under the left saddle skirt as in natural life.

The entire model is a work of art, and required three months in the making. The man's name? Wild Bill, perhaps. Shall the horse be known as "midnight"? They will fit together and complete the wonderful picture of a day when real men rode the plains.

NEW LICENSES FOR DRIVERS MAY BE DELAYED

Possibility that issuance of new drivers licenses in Texas will be delayed until the legislature acts on a proposed new licensing law was expressed by state highway officials in Austin.

However, if such is the case, the present licenses will be honored after April 1 until the new law becomes effective.

All of the approximately 2,500,000 licenses now held by drivers in the state will expire April 1 of this year. The present law provides for issuance of new licenses, but no arrangements for issuing the licenses have been made.

Under the proposed new law, a fee of \$1 for a two-year license would be assessed to cover expenses of an additional force of workers to issue the new permits.

TRACTOR FIRM GETS THIRD CARLOAD FRIDAY

The Allis-Chalmers distributors, Brumley & Rundell and whose advertisement appears in this issue of the Leader, received their third car of tractors Friday. This number did not include those brought down from Amarillo, Mr. Brumley stated Wednesday.

Rep. Eugene Worley of this district has been placed on four committees in the Texas House of Representatives this term. He was also made vice-chairman of the important Banks and Banking committee. Other committees of which he is a member are the Commerce and Manufacturers, Federal Relations and Judiciary committees.

LOCAL MINISTER TO SPEAK AT PROGRAM IN CLAUDE

H. V. Crumley, minister of the Clarendon Church of Christ, will speak at the Claude church tonight at the lecture program that is being held this week. The local minister will talk on the "Establishment of the Church."

A quartet composed of Mrs. J. Frank Heath, E. G. Hayes, Bob McGowan and Mr. Crumley, will also attend from the local church.

JAPAN SPREADS DISEASE

Dr. Thomas Parran, surgeon general of the Public Health Service, has placed an embargo on shaving brushes from Japan because anthrax outbreaks in America have been traced to this source. Further suggestions would warn the public against buying any form of Japanese made goods that could be made to carry disease. It is believed that this form of "undeclared" war with America is now in progress.

JA Ranch Head Leaves Saturday

WILL VISIT WINTER SPORTS RESORTS OF PRINCIPAL COLD COUNTRIES

Leaving here next Saturday, Monte Ritchie, manager of the JA Ranch, expects to visit the skiing centers of Europe. That will include Germany, Poland, Austria, France, Switzerland and Italy.

He expects to spend some time with relatives in England, his old home before coming to this section a few years ago.

In his younger days, he was a contestant in many of the places he expects to visit on this trip. Sun Valley Idaho and northern New Mexico offer skiing but not on the extensive scale that Monte Ritchie requires. He knows where higher mountains and more snow exists, and means to go just there.

Clarendon Amateur Captures First Place in Photography Contest

Ernest Hunt, Clarendon amateur photographer, last week was advised of winning first place in a photo contest conducted by the Rural Radio magazine.

Hunt's picture, entitled "Reflections" will appear in the February issue of the publication. The picture was of tree shadows reflected from a lake.

Plans Shaping Up For Birthday Ball

To the music of Billie Hunter and his famous band, Donley county residents will celebrate the President's birthday Tuesday night, January 31, dancing at the Opera House.

Admission price is one dollar for each couple, and proceeds will be used to aid in the national fight against Infantile Paralysis.

Local sponsors of the President's ball are the Rhythmaire Club.

Dancing will start at 9 o'clock and everyone is cordially invited.

Mrs. Grover Ingram of Panhandle, who has been visiting her sister, Mrs. J. R. Bartlett and family, returned home Wednesday.

Mr. and Mrs. Sam Lowe had business in Clovis Tuesday.

PAY YOUR POLL TAX NOW

While there will be no elections this year, there is little doubt but what there will be other elections. There will likely be state amendments to be voted upon. Then, too, there will be a mayor elected in April. You never realize the value of a voting privilege until you are facing an election without the privilege of voting your opinions.

VISITS DOWN STATE

Mrs. R. A. Chamberlain is visiting her daughter, Mrs. J. D. Browder in Ft. Worth. She will spend some time with her daughter, Mrs. Whit Carhart in Greenville before returning. She left here Friday.

MRS. LEWIS HERE

Mrs. Willie Newbury Lewis of Dallas, authoress of "Between Son and Sod" was in Clarendon this week at Price's Book Store where she autographed the volumes.

Rapping hard at "curb stone farmers" H. Deskin Wells, president of the Texas Press Association and Wellington Editor, declared before a Chamber of Commerce banquet crowd here Monday night that "there is no future for the small agricultural towns without 'balance', which includes a year-round work program for farmers."

Wells said the man who worked four or five months on a cotton crop and rested the remaining days in the year, is doomed.

Over 100 civic leaders of Clarendon and neighboring towns gathered at the First Christian Church for the annual dinner.

In concluding his address, the prominent Panhandle editor spirit-edly charged that house cleaning should begin at home, both locally and nationally, and cobwebs should be brushed from our store windows before we censure others.

The west is paying an inherent debt for the south's vain struggle in the Civil war, Wells said, and both are curbed by the northeast, the section which gained power over a century ago with the first tariff act.

In voicing his belief that the south and west must some day remove this sectional discrimination, the editor declared that while eighty per cent of the nation's wealth is deposited in eastern banks, less than one-tenth of the country's natural resources lie in the northeast.

In the election of directors, Geo. Norwood, Sam Braswell, Ralph Andis and J. R. Porter were selected for officers. Holdover directors are L. E. Thompson, J. H. Miller, J. T. Patman, H. T. Burton and vice president M. R. Allensworth.

Clarendon Mayor Tom F. Connally delivered the welcoming address with Fancher Upshaw, Sr., of Amarillo responding. The Rev. George T. Palmer, Presiding Elder of the Clarendon Methodist District, pronounced the invocation.

The chamber of commerce plan of work for 1939 was outlined by Frank White Jr., president of the local chamber, who also briefly reported on last year's activities.

Visitors were introduced and winners of the Christmas decoration contest were awarded prizes by J. R. Gillham, secretary. Mrs. George Ryan received the loving cup for the most attractive residence and Mellinger & Rosenwasser received the trophy for the best window decorations.

Two quartets, one composed of girl singers from Clarendon Junior College and another, a mixed quartet from the college, entertained with songs. In the girls quartet were Jane Williams, Jo Wells, Jo Word and Marie Morris. The mixed quartet was composed of Jane Williams, Jo Wells, Raymond Woods and Robert Wilson.

O. C. Watson was toastmaster for the banquet. Delegations were present from Memphis, Amarillo, Wellington, Groom, Pampa and Claude.

COLLEGE CAGERS LOSE

The Clarendon Junior College Cagers dropped a 27 to 21 decision to the Hedley independents at the local gymnasium Tuesday night. The locals started slow and were never able to overhaul the Hedley lead. Williamson, Clarendon star, was out of the game.

RADIO STATIC CORRALED.
 To Major Edwin H. Armstrong, professor of electrical engineering, Columbia University, goes the honors for having evolved a system or method that will discard static and other interference in radio. A specially constructed transmitter is required. His system will not outmode present day radio sets, it is announced. By placing a special circuit in the radio to detect the type of transmission sent out by the station desired, gets the job done.

New machines are already being made to use the new system as well as the old, but the new method is expected to work a complete change in radio broadcasting and reception within a few months.

STILL OUR COUNTRY.
 We may find occasion to criticize a few things, but still this is our country. With all the turmoil in several other nations just now, it might be a good idea for us to remember that practically every other nation on the globe outside of possibly one or two, envy us for our opportunities, our right of the ballot, shorter working hours and more pay, modernized services and conveniences, high standards of living and the right to worship as we choose. We might check up on our good fortune in having a Constitution that guarantees us free speech and a free press. This is not a flag-waving spiel. It is a cold fact. There may be those in this nation

who would prefer to try a radical change of some kind. There might be others who may think other nations have better plans than we. After all, if the flood gates were opened to immigration, millions would come to America to make their home within a year. There must be something here that is not found in other nations to cause them to violate our immigration laws to slip in by the hundreds. This still is our country. We shall obey the laws as they now stand, and those we don't like will have our efforts toward making a change. We do not claim a perfect economic set-up. Therefore, we should strive for improvement, but that improvement must be based upon a consideration for bettering humanity rather than upon hate and envy.

OLDEST COLLEGE IN TEXAS TO CELEBRATE

Mary-Hardin Baylor college of Belton, first woman's college west of the Mississippi, will celebrate its 94th anniversary February 1st. The school was first named for Judge R. E. B. Baylor. Within recent years, the name "Mary Hardin" was added because of a large contribution of Mr. and Mrs. Hardin of Wichita Falls.

Oscar Anderson of Hedley recently returned from the Thornton & Minor Clinic in Kansas City, very much improved in health.

The Albany News has been revived through the purchase of the plant by R. B. Boyle, formerly of Silverton. The old sheet is looking right respectable, thank you, and gets right up on the front seat with the state's leading weeklies. Albany has a newspaper ahead of the town right now, and Boyle will keep it that way as the old burg continues to expand.

TEMPLE OF TRUTH
 By the Apostle

 Every committee in Congress is referred to in print as being "powerful." Only a few are powerful—too dang'd powerful.

The ramrod of this column is old-fashioned in many ways. About this time of the year he craves hominy along with his buttermilk. Does any one know where a bushel of hominy corn can be had? After reading "A Million Guinea Pigs," the breakfast cereals have lost their flavor. Get that book from your school library and read it. You'll quit eating a lot of trash after you read that book. It was published under authority of the United States government to protect you, and you, and you!

Goober hulls and horsehide glue may look pretty in a bright package, but it isn't fit for children to eat. Older ones ought to learn better. I didn't until I read "A Million Guinea Pigs."

Great minds run in the same channel. The O'Daniel headings in the Leader and the Lynn County News were practically the same last week.

Down near Moran in Shackelford county lives Uncle Bill Garrett, aged 92. Uncle Bill came home from the

Many a man has been "made" by his enemies, and "unmade" by his friends.

There continues to be quite a contrast between the prayers of the chaplain of the national congress, and the actions of its members. Ain't there some way to inject it into 'em?

It may be true that some women hate to grow older, and even go so far as to lop off a few years of their rightful age. Not so with a business firm. Recently, the writer saw a letterhead printed out of town that called attention to the fact that the "firm has been under the same family management since 1885." With no other advertising except the letterhead, very few people know that because the older ones who did know it, have died. But there is no question but what age of seniority means something to a business firm, provided, of course, that the firm has kept abreast of the times.

When the sun shines, it shines on all. So it is with business. When business is good, all are benefitted. The modern age has no place for envy.

The healthy cuss the doctors, and the steadily employed cuss the bosses. But the sick and the unemployed are looking for both.

It is not so much to brag about

one's ancestors coming over on the Mayflower as it is to boast about their having sense enough to stay here.

Since "love" is the bugle call of civilization, I never could see where "war" had any right to butt in.

It's hard to find out what a successful man makes. He doesn't want people to know lest they want to borrow money. His wife doesn't want them to know because it might handicap her social ambitions.

We need more Christmases during the year where "presents" are limited to praise and encouragement.

Business today gets on the job at six, to meet the customer at eight who does not show up until ten, that business might pay a batch of dinky taxes.

Dr. Dafoe recently refused a \$500,000 offer to exhibit the Quins at the New York "world's fair." He just as readily turned down the suggestion that the Quins be taken to see the King and Queen of England next spring when they visit Quebec. He says they can't afford to run the risk of disease, no matter who or what might come. The Doctor is right.

There is a story of an oil rich Panhandler making a tour of southern Europe. Finally he looked upon the "Leaning Tower of Pisa." After giving it the once over, he said: "The

guy that built that silo must have been drunk."

Down in Edwards county where they produce goats with a wide frame and silken fleece and call its meat "chevon," one guy has trained a goat to sing and has asked for a place on Major Bowe's amateur program.

Bill Perdue and Roy Pierce spent Sunday with Sidney Harp.

Mr. and Mrs. W. A. Pierce visited until bed time with Grandma Perdue who is on the sick list.

Mr. and Mrs. Lacy Noble and baby spent Friday night in Clarendon.

Thelma and Martha Mae Pierce spent Saturday night with Jewel Pierce of Chamberlain.

Mr. and Mrs. D. Jacobs spent Sunday afternoon with Mr. and Mrs. O. L. Jacobs.

Mr. and Mrs. Jack Whitt and little daughter Charliann of Clarendon spent Sunday with Mr. and Mrs. O. L. Jacobs.

There is to be a social at the school house Friday night, lets all go and try to build up our community.

There were only a few at singing Sunday night but we had a good singing so lets all go next time.

MUSEUM
SIDELIGHTS

In spite of inclement weather, the Donley county Museum continues to attract visitors. A few interesting exhibits have recently been added to the Museum A petrified chopping

block showing ax marks, found by Alfred Estlack at the spot where cross-ties were made in 1854 in St. Augustine county, Texas, is one of the new additions. Another is a fossil sea-egg found on the top of a high ridge in Kimble county, probably a million years old. This was found and loaned to the Museum by A. L. Mudge of Junction, Texas. Mrs. T. H. Peebles has given a towel rack that was used in her family in 1878. The Museum organization is proud of its display of fans, and is asking

for additional contributions. Has any one an old palm-leaf fan, or one of more artistic make? Bring it and place it in the attractive collection already on display.

The Museum is still open each Monday afternoon, and the public is cordially invited.

Mrs. F. G. Patching has returned home after a short visit with her daughter, Mrs. Cragg at Borger, and another daughter, Mrs. J. H. Harris, at Claude.

Funds Are Granted For Canyon Museum

Canyon, Jan. 23.—Paleontological surveys, excavations, and restorations sponsored by West Texas State College will be continued under a new WPA allocation of \$27,336. First announcement of the grant came to Dr. J. A. Hill, president of the College, from Senator Tom Connally.

A similar allocation for historical research was made recently, and work will start soon under the direction of Dr. L. F. Sheffy, head of the department of history. A \$27,000 application for continuance of the archaeological project supervised by Floyd V. Stoder of Amarillo is pending. Mr. Stoder, business man and curator of the Panhandle-Plains Historical Society museum, is the leading authority on location of sites for archaeological research in the Panhandle.

Work in paleontology has been done during the past year in Bandall, Donley, Hemphill, and Lipscomb counties. Mrs. Margaret Johnson is project superintendent and Prof. C. Stuart Johnson the sponsor's representative. Scores of important scientific finds have been made. A laboratory crew has catalogued, preserved and in some instances restored fossils of animals long extinct. G. T. Sundstrom, chief preparator, recently completed a restoration of a mastodon.

The museum rapidly is being filled with fossils of much scientific value and popular interest. Its collections from this area are not equalled by any other institution. Exchanges with other museums and universities are adding to the completeness of the collections. Dr. Johnson is writing many technical papers for scientific journals.

Girl's Agonies From Burning About to End

MEMPHIS, Tenn., Jan. 16.—Lola Mae Smith's physicians said today that the agonies she has endured for five months while her scalded, mutilated body was being remodeled, were about to end.

Within a year, they believed, she will be able to walk. Already, she is able to use her hands. Her face, remade from skin grafted from her back, has not even a scar to show for the accident that nearly killed her and left her "hopelessly" disfigured.

The girl is 12. She lived at a cabin on a plantation near Marion, Ark. A gallon can of boiling tar exploded as she stood beside it.

Her legs were burned to the bone. They shriveled and were drawn back into such a position that her heels almost touched her hips. Her hands, burned black and useless, fell back so that her fingers touched her wrists. Her face was almost burned away. She could not move, her death seemed certain and physicians said even if she lived she would never talk because her mouth would be misshapen.

At the Baptist Hospital, she was put under a tent. Heat from four light bulbs was played constantly on her body. She was fed intravenously for a month. A series of grafting operations was started. Nurses massaged the burned and grafted parts of her body. The child tossed and screamed in pain that never abated.

After a month, however, she was able to eat light foods. Five times skin was taken from her back to cover her face, hands, arms and legs. After three months her body began to respond. Her hands healed. Soon she was able to move her arms and legs and wiggle her toes.

Her hair and eyebrows grew back. When the bandages were removed from her face after the last grafting, not a scar was visible, nor was there any impediment in her speech.

By the time she is discharged, physicians said, she will be normal.

JANUARY

The Keys of the ages I hold in my hand,
The gateways of time I guard fast,
With one turn of the wrist and a drop of the bolt
I bar the way back to the past.

The moments are fleeting—I bid you begone!
Nor squander one moment of sunshine or shower
Busily plucking from rare roadside bloom
Fragrance for each pain-shadowed hour.

I give you the light of the stars by night,
The sun and the winds by day,
With the comforting hand of a friend well loved
To guide you along the way!

WORK BEGINS ON LUFKIN, TEXAS NEWSPRINT MILL

Actual construction of an emergency landing field four miles west of Clarendon has been started under the direction of the government's Civil Aeronautic Authority.

The field will cover approximately 235 acres of ground with two runways of between 3,000 and 4,000 feet. The field will be equipped with course and boundary lights which will be switched on by a time clock.

Principally the station is to serve planes on the Amarillo and Wichita Falls route.

Mr. and Mrs. Robert E. Miller, who have resided here for the past several months, have moved to Lubbock where Mr. Miller is employed.

Mrs. Eula Cox, Mrs. Goodner and son Tommy and Misses Edgar Mae and Mable Mongole were in Amarillo Saturday.

paralysis, knocking on hospital doors for treatment. This fact was revealed here today in a letter to George Waverly Briggs, state vice chairman for the Celebration of the President's Birthday, Jan. 30, from J. J. Brown, director vocational rehabilitation, Austin.

The actual count shown in the summary of all counties shows that the state has a listed total of victims seeking treatment of 816 children. Seventy-one counties out of the total of 254 of the state report no hospital cases. El Paso county leads with 51 waiting cases; Dallas follows with 51, and Bexar takes third with 29 patients.

Counties with ten or more waiting patients are Bell, 10; Cass, 11; Fannin, 12; Harris, 15; Jefferson, 28; Limestone, 11; Lubbock, 11; McLennan, 24; Navarro, 19; Nueces, 10; Tarrant, 17 and Travis 11.

"This table should prove to Texans how necessary their support is to relieve suffering," Mr. Briggs said. Then quoting from the Brown letter, he read: "The attached list gives you by county the number of children on the waiting list ready to be sent to the hospital, but no money is available to send them." This statement by Mr. Brown shows conclusively how essential this drive for funds is, and I consider it a challenge to every Texan."

SYPHILLIS FAST BECOMES MENACE

SCOURAGE IS SPREADING AT ALARMING RATE

AUSTIN, Jan. 23.—A public health axiom, often proved, states that "public health is purchasable and within natural limitations any community can determine its own death rate." To no other serious communicable disease can we apply this axiom with more dramatic results than syphilis," states Dr. Geo. W. Cox, State Health Officer.

In the first place no more serious disease is as widespread as syphilis. Annually we have twice as many cases of syphilis as tuberculosis, 13 times diphtheria, 28 times typhoid and 50 times infantile paralysis. Secondly the attack of syphilis is devastating. It is a killer and no part of the body is immune. Syphilis cuts off life in early adulthood at man's greatest period of productivity. Annually in America syphilis steals one million years of life from the normal life span of its victims, but before it kills, syphilis seriously wounds and tortures, bringing blindness, deafness, chronic illness, crippled minds

DONLEY COUNTY LEADER READER LIST CONTINUES TO GROW DAILY

Publication Appeals to All Classes Making It An Ideal Medium Through Which The Merchant May Reach the Masses

The advertising patronage of the Leader has increased over forty percent the past six months. Advertisers find it an ideal medium through which to reach the buying public. Only those who pay for their paper are prospective purchasers of the commodities advertised.

While the subscription renewals are heaviest about Christmas time, the hundreds who buy the Leader by the year find that plan most convenient and seldom permit their names to be dropped from the list through neglect to renew.

A number on the list below are new readers. The greater are those who pay for and read the Leader year after year. The management continues to give this reader public the very best weekly it is possible to produce. With the recent addition of new machinery costing hundreds of dollars, the Leader has a bright

future for further improvement. This publication owes its success to that vast number of loyal friends including merchants, individuals, rural news reporters and a loyal force in the plant.

Here are the more recent names to be placed on the list. They buy the Leader for personal reasons.

Mrs. A. T. Cole, D. F. Wadsworth, J. F. Jones, Ernest Jones, W. M. Mace, Mrs. R. L. McBryant, Mrs. Laura Springs, R. Y. King, F. E. Chamberlain, Roy Jewell, W. G. Word, Mrs. C. E. Thompson, H. L. McElvany, Mrs. M. M. Noble, E. W. Adam, J. H. Hurn, Bill Rutherford, Carl V. Williams, Addierene Pharr, Elba Ballew, H. L. Benson, Mrs. M. C. Reid, W. A. Poovey, R. O. Thomas, Guy Pierce, Pink Rogers, Roy Blackman.

Mrs. E. W. Bromley, Thomas Sinclair, H. L. Davenport, Mrs. O. L. Fink, Mrs. J. E. Humphrey, Rev. H. C. Gordon, Willard Skelton, Joe Goldston, H. A. Harrison, M. V. Harvey, J. T. Mayo, Lloyd Risley, W. H. Youngblood, E. H. Gerner, J. G. Walker, J. S. Dale, J. W. Moffett, H. S. Mahaffey, A. O. Heftner, C. H. Reynolds.

Clifford Davis, Cal Merchand, H. T. Warner, Fred Buntin, Mrs. R. L. Bigger, Frank Kendall, J. B. Estes, N. L. Murff, R. C. Bingham, H. W. Lovell, J. H. Nance, W. Z. Borron, Miss Della Wood, C. B. Morris, Joe McMurtry, C. D. McDowell.

Howard Stewart, J. D. Swift, Isadore Mellinger, Frank White, Jr., Mrs. T. Jones, L. T. Burton, J. D. Wood, Irvin Alderson, R. C. Holley, Mrs. J. B. Turnbow, Ed Wheeler, S. G. Adamson, Miss Ruth Thompson, D. O. Stallings, Dr. O. L. Jenkins, Glenn Williams, Mrs. J. H. Gillespie, Frances Forrest, F. W. White, O. L. Jacobs, Van Kennedy, G. D. Cross, Joe Bownds, D. W. Clampitt, Carl Barker, J. L. Upton, Nathan L. Cox, Dr. M. H. Rhoades, Frank Hardin.

Mrs. Bertha Benson, Jim Morgan, Scott Reneau, J. F. Oller, D. E. Stevenson, F. E. Caraway, M. W. Mosley, W. M. Grooms, H. A. Wright.

These people represent the best class of citizens. They buy thousands of dollars worth of commodities every year. Add to this one list alone, the hundreds of others who buy the Leader, and one does not wonder that the Leader advertising list is growing, or that the general quality of the publication is improving.

The management wants to neighbor with you. He wants to help you as an individual, as town, as a rural community. As in the past, this publication is owned by one man and is not controlled by any prejudices, factions, cliques or political organization. The Leader is dedicated to

METHODIST CIRCUIT NOTES

J. G. Walker, P. C.

Held two services at Lella Lake Sunday. Not largely attended. I'm not blame for that. Looks like they won't give us a chance. If you give us a chance and we fail then you will be justified in absenting yourselves from our services. To let us die without giving us a chance to live seems almost an unpardonable sin. From what we have learned of the once condition of Lella Lake Methodist church this sin of neglect has been going on for quite awhile. "How shall we escape if we neglect so great salvation?"

Had a real good service at Naylor in the evening. The attendance there was small, but weather conditions looked a little gloomy at that hour.

Next Sunday (5th Sun.) we will preach at McKnight at 11 a. m., and hold a works meeting at 2:30 p. m. Then preach 7 p. m. at Bray. The Baptist will hold services at McKnight in the evening.

We are feeling good over the work that is being done and planned at

the parsonage. It will soon be covered and a better job could not have been done. The McKnight ladies are ready to begin the inside repair and renovation of one room. The Goldston ladies are planning to work soon on another room, and we are sure that the other churches are just waiting to know that the roof is completed. This work is going to be done, and I feel that no one will be satisfied without helping some. We are real anxious for the work to be completed and will appreciate all the haste made by any one.

When we get things properly organized in and around the parsonage home, then we will have more time to visit and attend to other responsibilities.

"Every Winter had Terrible Colds"

Nurse's Grateful Letter

"I want to thank you for the wonderful cough and cold medicine, BUCKLEY'S MIXTURE. I bought the first bottle last winter, for the old gentleman whom I am taking care of, for he had had terrible colds every winter. The first dose helped, and after the third dose cold was gone— it does such quick work." Mrs. C. Davis. Don't take chances, for even the most stubborn, racking cough swiftly yields to the powerful influence of BUCKLEY'S MIXTURE (triple acting), the largest selling medicine for coughs, colds and Bronchitis in all of cold Canada. Get a small bottle at any drugist anywhere. Safe and satisfaction guaranteed always.

AT THE FIRST BAPTIST CHURCH
J. Perry King, Pastor
 There is Always Worship
 Fellowship :: Service

Christianity is supposed to be unselfish, and is unselfish, but people are selfish. We are all selfish and are sinful to the extent that we are selfish. It is seldom that people do things from an unselfish standpoint. Therefore, this appeal for people to go to church. Go for your own good. Be good to yourself by being in your place in your church on Sunday. Yes, your church needs you, but you need the church a great deal more than the church needs you. One hurts himself when he fails for any excuse to be faithful to his church. Do not let anything or any body cause you to be unkind to yourself. Give your soul a chance. Grow in grace. Overcome the world. Be victorious. Make progress. It can best be done by keeping step with the eternal.

The First Baptist Church is always happy to help you along the way. Regular services Sunday. Worship with us if you will.

Miss MacDonald and Eddy Coming In "Sweethearts," February 1, 2, 3rd.

Filmization of Famed Victor Herbert Operetta In Technicolor Marks Fifth Co-Starring Appearance of Screen's Most Popular Singing Team

Frank Morgan, Ray Bolger, Florence Rice In Glittering Supporting Cast

The outstanding musical treat of the new movie season comes to the Pastime Theatre next Wednesday, Thursday and Friday with the fifth co-starring appearance of Jeanette MacDonald and Nelson Eddy in "Sweethearts," filmization of the noted Victor Herbert operetta and marking the first appearance of the popular singing team in a Technicolor production.

The new picture also marks a departure upon the part of Miss MacDonald and Eddy from such of their previous triumphs as "Naughty Marietta," "Maytime" and "Girl of the Golden West," in being a modern comedy, the screen play having been adapted from the Herbert operetta by the famed comedy writers, Dorothy Parker and Alan Campbell.

W. S. Van Dyke II and Hunt Stromberg, respective director and producer of "Naughty Marietta," again joined forces on the filmization of "Sweethearts" which boasts a supporting cast of such distinguished stage and screen headliners as Frank Morgan, Ray Bolger, Florence Rice, Mischa Auer, Herman Bing, Reginald Gardiner, Fay Holden, Allyn Joslyn, Olin Howland, Lucile Watson, Gene and

Kathleen Lockhart, Berton Churchill and little Terry Kilburn, boy star of "Lord Jeff."

Victor Herbert's lovely music abounds in the picture with Miss MacDonald and Eddy heard in eight musical numbers, among them "Mademoiselle," "On Parade," "Wooden Shoes," "Every Lover Must Meet His Fate," "Summer Serenade," "Pretty as a Picture," "Sweethearts" and "Little Gray Home in the West." Miss MacDonald dances with the limber-footed Ray Bolger, new and original Alvertina Rasch ballets and striking chorus ensembles are other highlights in a picture filled with music and color.

The story depicts the famed singing team as a happily married couple who are the reigning musical comedy stars of the Broadway stage. In order to thwart their desertion of Broadway for the beckoning realms of Hollywood, their producer Frank Morgan, resorts to a strategy in which a "play within a play" becomes a pivotal factor. Morgan almost loses his stars to the films, in consequence, but all ends happily amid singing, dancing and laughter.

SALESMAN PLAYS IMPORTANT PART

FINDS MARKET FOR MANY KINDS OF PRODUCTS

DETROIT, Jan. 14.—The time is fast approaching when slesmanship will be generally recognized not simply as a major cog, but as the very power plant, of the economic machine.

This is the conviction of W. E. Holler, general sales manager of Chevrolet. In an interview here this week, the man whose organization has sold nearly 12,000,000 new and used cars in the past five years declared that without volume selling, volume production whose benefits are so universally recognized today, would be unknown.

Mr. Holler characterized the salesman's profession as among the most worth-while of all, judged from the standpoint of its benefits to mankind at large. "In furthering the dis-

tribution of goods to men and women whom they will benefit, the salesman is performing a job for which the world has real need," he said. "He is rendering a legitimate service, of which he has every right to be proud. And this conception of selling is coming to be more and more general as time goes on."

Mr. Holler explained that by "selling" he did not refer to hit-or-miss operation nor to trick expedients whose long haul worth is open to serious doubt. "By 'selling,'" he said, "I mean up-to-date, scientific salesmanship, the type which should properly be classified as a profession, since its successful conduct requires not only natural aptitude but long and serious study as well."

"Scientific selling involves thorough knowledge of human nature, careful planning based on that knowledge, and persistence of a rare kind. In fact, the requisites are so strict that salesmanship, in my opinion, becomes one of the most exacting of all occupations today."

"The engineer, the production man, the doctor, the dentist, the lawyer, all have fairly clear sailing, as compared with the salesman. The trail has been well blazed in each of those fields. The scientific approach has been applied to selling only within recent years, and the individual entering this field today finds his course far more uncharted than do men in most other fields."

"To the man naturally equipped for selling, its numerous obstacles will appear, not as excuses for letting down, but as challenges to greater effort. And the man who sticks to selling, with that attitude of mind will make a real contribution to the economic well-being, not only of himself, but of the nation at large."

PALO DURO MAY BE CROSSED BY A NEW ROADWAY

A new road through the Palo Duro Canyon from Claude to Wayside is planned by the Armstrong County Commission.

The Canyon is approximately 10 miles wide at the place where the proposed road would cross.

Members of the commission are reportedly in favor of building a bridge across the stream in the canyon. This would be a few miles below the southeast corner of the property included in Palo Duro State Park.

According to Bill Howren, Potter County engineer, who was engaged by the Armstrong commission to lay out the proposed road, the crossing would be at one of the most picturesque places in the hundred-mile long canyon.

Excuse me, Ladies, I'm on my way to beat a rug

SPORTS COMMENTS: Reddy Kilowatt, whose kitchen battles have made him famous in many thousands of West Texas homes, last year chalked up another victory against Meanie Drudge, nemesis of the fair sex. In a grudge fight from start to finish, Reddy electrified a huge crowd composed mostly of women. His great range of blows to Meanie's bread basket had the customers shouting with joy. The knockout came when Reddy ironed him out ready for the vacuum cleaner. As the dim light went out in Meanie's glaring lamps, many hundreds of homes were properly illuminated by the I-E-S shiners Reddy introduced. "Give me frigidaire," Meanie cried as he went down for the full count. The fans were turned on... but too late for Meanie Drudge. What he needed then was not a ventilator but a warming pad. Meanie was out, cold as an electric refrigerator.

It took a toaster to bring Meanie around... that and a shower with an electric hot water heater providing the warm glow of life. First thing he did was yell for a cup of coffee made in an electric percolator. Next he wanted nourishment. "Bring on the food mixer!" he yelled.

Sports writers gathered around his table looking for a convenient outlet. "Fellows," Meanie announced, "you can quote me as saying I'm a reformed man. From now on I'm living the modern way... the electric way."

MINERAL WELLS, TEXAS

AN INSTITUTION WITH A NATIONAL REPUTATION FOR THE TREATMENT OF CHRONIC DISEASES

This is to let you know that I, Ed Hammond, of Granfield, Oklahoma, was down and could not walk on account of sciatic rheumatism. I was an invalid for three years. I went to Rochester, Minn., and they did not do me any good. I tried doctors everywhere I could hear of, but did not get any relief. I finally heard of the Milling Sanatorium. I went there, staying three weeks and went home sound and well. It has been over six years since. Milling treated me and I am still well, and working every day.

The Clarendon F.F.A. poultry and crop judging teams will participate in the annual invitation judging meet at Tulia, Saturday, January 28.

The poultry team will be defending a cup won last year by a team composed of Joe Williams, Beatty Hillman, and Homer Charles Speed.

The poultry team will be selected from a group of five who have been working overtime this week in an effort to be ready for the contest. Those working for the team are Pete Morrow, Carl Morris, Jr. Spier, Harice Green, and Howard Gibbs.

The crop judging team will be composed of members who have never participated in a contest. Ray Isham, Rex Shannon, and Gene Pultman will make up the team; Rex Moore will serve as an alternate for the group. Roy Bulls will also probably make the trip as an alternate.

Other judging teams have started to work for the spring contests. Johnny Leathers, Joe Williams, and Maschil Cole are working out for the dairy products team. Bailey Estes, Homer Hardin, Lee Christie, Frank Cannon, Clyde Peabody, Geo. Reeves and Carlton Gordon are working out for the dairy and livestock teams.

The test well near Hedley was drilling at 4,295 in Canyon lime at noon today. Geologists say it looks better every day.

Mildred Martin and Manti Graves were in Amarillo Sunday.

Laura V. Drew spent the week-end in Shamrock.

Mr. and Mrs. F. A. Buntin were Amarillo visitors Tuesday.

Elmer Kennedy, Lella Lake stock farmer, had business here Tuesday.

Mrs. Eula Cox left Thursday for Hillsboro for a few days visit.

Mrs. L. L. Swan of Wellington, Kansas is here visiting friends.

Mrs. Will Lewis of Dallas visited relatives and friends the past week. She left today for her home.

L. E. Vardy, prominent real-estate and loan man of Memphis, was transacting business here Wednesday.
