UP, UP AND AWAY—Miss Texas, Molly Grubb, poses at Will Rogers Memorial Center in Fort Worth, a complex of significance to the 21-year-old Tyler lass. This is where she won her 1967 Miss Texas title, where she will give it away on July 20, and where she will join other honored dignitaries for opening day ceremonies of Texas Western Fair, Sept. 20.

Farm News

from County ASCS Com.

Mixtures

If you plan to plant a mixture of grains on your diverted acres, be sure that the mixture will be eligible cover. Any amount of Grain Sorghum in a mixture with Sweet Sorghum will be counted as Grain Sorghum. Higiari, which is a Grain Sorghum, in a mixture with cane will be counted as Grain Sorghum. If you are using such a mixture, it would count against your feed grain Permitted Acres and WOULD NOT be an approved cover for diverted acres. If you have any questions about the classification of a mixture, you should come by the office.

Destroyed Acreage

If you have lost your cotton or feed grain by adverse weather conditions and want credit for planted acreage for program payments, price support and history purposes you must: 1. File a request with the county committee for the planted acreage credit. 2. Pay the cost of a farm visit to inspect the acreage if a visit is required. The remains of the crop MUST NOT be destroyed and the acreage replanted to another crop until the county committee approves the request.

ACP The 1968 ACP funds have been exhausted. If you have signed up to carry out a practice at a time when no funds are available and later funds do become available an approval can be issued if work has not been started. Costs cannot be shared if the work has already been done. Producers who signed up before funds were exhausted and received approvals will receive cost - shares if practices are certified out according to specifications. Practices pending are primarily summer cover; these must be completed and reported by August 1. Be sure and have tickets showing purchase of seed, kind, amount paid, etc. It is anticipated there will be funds for practices carried out this fall—they will probably come out of the 1969 ACP allocation.

GRANDSON OF LOCAL RESIDENT TOURS EUROPE Bob Meador, grandson of Mrs. Emma Gregory of this city, and Mrs. Dovie Meador of Hedley is touring Europe this summer. He reports that the countries are very interesting and he finds the people very nice and hospitable. He has visited Germany, Austria, Switzerland, Bavaria, Belgium, Italy, France and he is now visiting England. He will return to Houston on the 17th of July and plans to visit in Clarendon the next week. Bob is the son of Mr. and Mrs. William O. D. Meador of Pasadena, Texas, formerly of this city.

Mr. and Mrs. Dennis Bradshaw and family of Plano are visiting Mr. and Mrs. G. W. Bradshaw. Mr. and Mrs. Dennis Bradshaw and family of Plano are visiting Mr. and Mrs. G. W. Bradshaw.

Robert H. Word

FORMER CLARENDONITE RECEIVES PROMOTION WITH TWA AIRLINES

Robert H. Word has been promoted to the newly created position of General Manager, Oklahoma City, for Trans World Airlines, Inc., John F. Truex, Vice President of the South Central Region, announced recently. "Mr. Word's appointment is part of TWA's reorganization plans to consolidate all customer service and sales activities formerly conducted separately by our sales and transportation personnel," Mr. Truex said.

Robert H. Word has been District Sales Manager for the airline here since September, 1966. A native of Clarendon, Texas, and a son of Mrs. W. G. Word of this city he joined TWA in 1941 as a clerk at Amarillo, Texas. He progressed through transportation positions including Station Manager at Prescott, Ariz., and District Operations Manager at Amarillo before transferring to the Marketing Division as District Sales Manager at Lisbon, Portugal in October, 1959, the post he held before moving to Oklahoma City two years ago.

Mr. Word lives at 333 N. W. 5th in Oklahoma City. He is the father of a son and daughter.

COUNTRY CLUB PLANS BARBECUE AUGUST 2

The Country Club of Clarendon will hold its annual barbecue Friday, August 2, at 7:30 p.m. The "Union of Sound" will furnish the music for teen dancing and there will be Bingo and swimming.

Tickets for your chickens may be picked up at Tunnell's Pharmacy and Goodman's Furniture. Each half will be 85 cents and the deadline for ordering the chickens will be Monday, July 29th.

All members and their guests are invited to attend.

McKNIGHT PICNIC SET FOR JULY 21

All residents, past and present, and any others who attended school at McKnight are invited to attend the Annual McKnight Picnic July 21 at Thompson Park, Section 61-62 in Amarillo.

Bring a picnic lunch. Drinks will be furnished. Don't miss it! Remember the date, July 21.

Remember the date, July 21.

Farm Safety Week Set July 21-27

The Donley County Farm Bureau president, C. C. Ayers has announced that this county, along with other areas will observe Farm Safety Week July 21-27.

This observance is to point out the many accidents and deaths resulting from farming operations and to stress safety campaigns in all phases of the operation.

President Johnson and Governor Connally have previously designated the same period as Farm Safety Week nationally and in Texas.

Last Rites For Mrs. Annie Lofton

Funeral for Annie Eliza Lofton, age 85, were held Saturday afternoon, July 13th, in the Church of Christ with Robert C. Jones, retired minister, and Tom Watters, pastor of the Church of Christ, officiating. Interment was in Citizens Cemetery with Murphy Funeral Home in charge of arrangements.

Mrs. Lofton died Thursday evening, July 11th, in Adair Hospital. She was born October 19, 1882 in Burnett County, Texas and was married to E. B. Lofton in 1905 in Callahan County. She lived at Alameed for 30 years before moving to Clarendon in 1955. She was a member of the Church of Christ.

Survivors include Miss Rosa Lofton, Mrs. Olin Castleberry, Mrs. Mildred Windom, Mrs. Oscar Castleberry, all of Clarendon; Mrs. Georgia Durham of Dallas; two sons, John Lofton of Racine, Wis., Nase Lofton of Dumas; eighteen grandchildren and nine great-grandchildren.

Bearers were grandsons Olin Castleberry, Johnny Nase Lofton, D. D. Lofton, Bill Lofton, Oran Durham and Bill Stavenhagen.

Clarendon Defeated By Childress, 9-2

The Clarendon Little League All-Stars lost their first tourney game to Childress, 9-2 at White Deer Monday night to wind up the season.

The Pony League will try their luck this Friday night at Groom when they tangle with the powerful Carson County team. The winner of that game will play in the finals Saturday night. Local fans are behind the boys to win even though they are going up against big odds.

CORNER STONE TO BE LAID AT COLLEGE

Clarendon Masonic Lodge 700 will conduct Corner Stone ceremonies at Clarendon College Saturday, July 27th at 10 a.m. The stone will become part of the Administration - Class Room building facing Highway 287.

The tube which will be sealed in with the corner stone will contain historical documents and other items.

The public is invited to attend this historical event.

L. R. Hagy of Amarillo and owner of the Hagy Ranch southeast of Clarendon, is shown signing the easement for the construction of floodwater structures on his ranch. This is a part of the Lakeview watershed project. Behind Mr. Hagy is John Gillham, attorney for the Lakeview watershed, Wm. M. Sowers, Work Unit Conservatorist of the SCS in Clarendon, and County Judge, R. E. Drennan.

Greenbelt Authority Holds Election

Dr. S. H. Townsend was re-elected president and W. Carroll Knorrp was re-elected vice-president of the Greenbelt Municipal and Industrial Water Authority at their regular meeting held at Childress Thursday night. James L. Kuhn was named treasurer and Wm. J. Lowe, secretary-pro-tem. Directors are Clifford Johnson, Hedley; Wendell Harrison, Memphis; Howard Stanley, Quannah and Merle Kincaid, Crowell.

Officers are elected for a term of one year. Plans are being formulated for the road route to the west side development area and more information regarding the development area should be forthcoming within the near future.

The next meeting of the group will be Thursday, August 15th at the Filter Plant.

PAUL EGGERS TO VISIT HERE THURSDAY

Paul Eggers, Republican candidate for governor, will visit in Clarendon Thursday afternoon, July 18th, as a part of a campaign tour through the Panhandle. Eggers is expected to arrive here at 3:30 p.m. and remain until 4:10 p.m. He will meet and visit with people of the area in the business district stopping first at the Leader office and continuing through the downtown business section.

SOME AREAS RECEIVE GOOD MOISTURE

Showers passing over the area early Monday morning left good moisture in some areas, especially the Ashtola community which received 1.60 inches. 1.10 fell at the Country Club, .29 here in town and .05 at Lolia Lake. This brings our monthly total to 1.29 and the year's total to 12.42 inches. The hottest day was Tuesday and the low Tuesday night cooled only to 75 degrees.

Leader Local Rate \$4.00 Per Year

Lakeview Watershed Project Is Given Field Level Review

The final field level review of the Lakeview watershed project was held last week at Memphis. This signified the completion of the work plan for the project which heads principally on the L. R. Hagy ranch southeast of Clarendon.

HEDLEY LIONS CLUB INSTALLS OFFICERS

The Hedley Lions Club met in regular session last week and installed new officers for the ensuing year as follows:

Allen Estlack, president; Kenneth Sams, 1st vice-president; Oneil Weatherly, 2nd vice-president; Hermie Moreman, 3rd vice-president; Gilbert Shrigley, sec.-treas.; Hobart Moffitt, Greeter; Kenneth Taylor, Lion Tamer and Winfred Doherty, Tailtwister. Directors are Jack Stafford, H. L. White, L. E. Bogue and Dave Sellers. Doyle Messer is the retiring president.

First meeting of the board was held Monday night, at which time Lions Club and Cotton Festival committees were appointed. Date of the 17th Annual Cotton Festival has been set for Friday and Saturday, October 11-12. Estlack will be general chairman and Clifford Johnson will be publicity chairman.

COLLEGE ENROLLMENT CONTINUES FOR SUMMER CLASSES

Dean Beryl Clinton announced Wednesday morning that a total of 78 had already registered for the second semester of summer classes at Clarendon College and this number is expected to grow considerably before the registration deadline Friday evening.

We believe there will be sufficient students to continue most all courses offered the first semester, Clinton added.

Leader Classifieds Get Results

Services Held For Andrew Jay Saturday

Funeral services for Andrew Jay, age 74, a retired mechanic, were held at 10:00 a.m. Saturday, July 13, 1968 in Murphy Memorial Chapel with Rev. W. R. Lawrence, pastor of the First Baptist Church, officiating. Interment was in Citizens Cemetery under the direction of Murphy Funeral Home.

Mr. Jay died on Wednesday morning at his home. He was born June 7, 1894 in New York City, N. Y., and married Mary Alice Branham on July 9, 1916 at Vernon. He moved to Clarendon in 1926 from Wellington. He was a veteran of W W II.

Survivors include two sons, Andrew L. Jay of Annandale, Va., John H. Jay of Dalhart, Texas; two sisters, Mrs. Estelle Eirman of Ingleswood, N. J., Mrs. Eleanor Ribner of Coral Gables, Fla.; one brother, Al Snider of Long Island, N. Y.; and two grandchildren. Bearers were Homer Estlack, Richard Tunnell, Mike McCully, Bill Greene, Jr., Basil Smith and Mack Butler.

HOSPITAL NOTES

Patients as of Wed., July 17—Mrs. Bertha Benson, Mrs. Irene Deaton and Barcus Antrobous.

Dismissals — T. H. Ringwald, Martha Fowler, Mrs. Carl Morris, Shay Ann Selvidge, Mrs. Willie Stinchcomb and Julie Wise.

Possibility of Special Classes For Retarded Children In Clarendon

There is a new state program for establishing classes in the Panhandle area to serve the mentally retarded or slow children that are not served by the public schools.

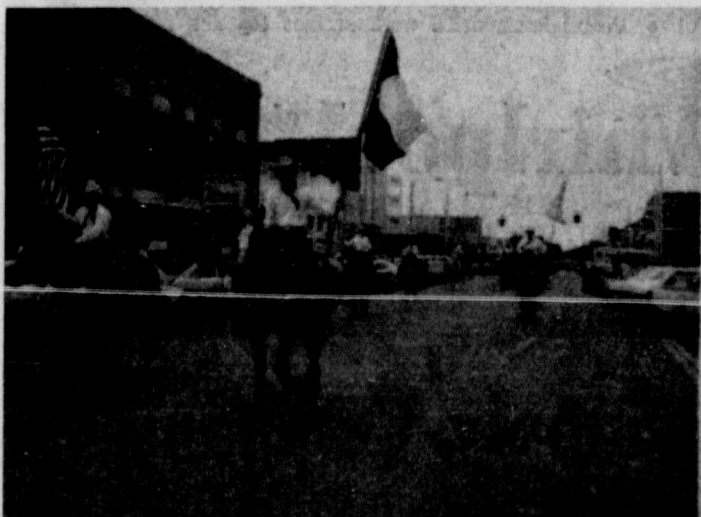

If the citizens in Donley County are interested enough and request it, the State is prepared to open a day class for retarded children in Clarendon on a cooperative basis. The State will pay a teacher's salary and furnish most of the equipment. The community must furnish a place for the class and volunteer teacher aids.

Mr. Burtis Hollis, Director of the Amarillo State Center for Human Development, spoke to members of the Clarendon Lions Club at their Tuesday luncheon and explained the new program.

A meeting will be held Friday morning, July 26, at 10 a.m. in Lions Club Hall. All interested in this program are asked to please be present.

SWIMMING FREE TO PUBLIC BELOW BRIDGE

Roy Hunter, Greenbelt Security officer, announced yesterday that the public may swim in the pools located below the Highway 287 bridge at the Greenbelt Dam site free of charge. You are asked to use caution and youngsters should be accompanied by adults for their own protection. Hunter added.

Celebration pictures crowded out last week included, left to right, Clarendon Riding Club, Old Model A in real traveling rig with collars and reins, lots of horseback riders make parade complete. Ted Tyler and Karen Alderson in the midget auto.

is in Methodist Hospital at Lubbock Thursday. The group returned to Plainview to spend the night with Mrs. Gladys Holly.

It is possible to misuse meat tenderizers. Adding too much tenderizer is not advisable because it is likely to result in meat that has a mushy, crumbly texture similar to that of tender liver. Meat is usually less juicy and harder to swallow.

We wish some professional or talented economist would give us a modern day interpretation of the Plan brought forth during the depression by a Dr. Townsend . . . Everyone except some of those old folks who were to profit by his dream plan laughed it to scorn . . . Now we wonder if by comparison it wouldn't seem pretty mild compared to some of the ideas being kicked around as being economy savers for this drastic day . . . For some two or three per cent gross sales tax on all transactions enough money was to be brought in to pay all people sixty-five

and over two hundred dollars per month, as we remember it . . . They had to retire, and they had to spend all the money to help prosperity . . . Honestly, in the light of this advanced day, it just doesn't seem nearly so fantastic.

One other plan being talked about among those that are concerned today is a public sharing in all corporate profits . . . It seems that some fifty per cent of all such profits would be paid out to all qualified voters on an equal basis instead of this going directly to the government . . . These folks would spend it a couple of dozen times with the government getting a slice each time . . . Now, this sounds illegal and unethical and about all the other words to me, but as we said at the beginning, just a few years ago from now this may seem a mild proposal . . . What is this old world coming to? Wonder where we fouled up? Fouled up, that is, with the old

traditional idea of earning your money by the sweat of one's brow . . . I would say that in our scramble to avoid any hard times or depressions during anyone's political tenure we have wound up in a situation impossible to fix without some fantastic scheme, or just going bankrupt and starting over . . . They tell me that there isn't enough real cash to pay the government and its people out of debt . . . And that if it was started then there would not be enough money left in the right hands to pay for the property that some would have to sell in order to pay their debts.

Honestly, we must have ourselves in quite a jam . . . Just about everyone is as far in debt as the government . . . No one has any property clear and paid for. The government owes more for us that we will have to pay than the equities people have in their home all put together . . . My, we are in one mess.

Thursday morning where she underwent surgery Saturday. She is doing nicely at this time and her many friends wish her a complete recovery.

BROADSTREETS HOST RELATIVES-FRIENDS

Mr. and Mrs. John F. Broadstreet entertained several relatives and friends the week end of July 14. Mrs. Broadstreet's family, a brother and six sisters, along with other guests enjoyed the occasion.

Present were Ben T. Harman of Jacksboro, Mr. and Mrs. Charlie Bailey of Goodnight, Mr. and Mrs. Homer P. Schrimmer of Abilene, Mr. and Mrs. Ray Lona of Ferrin, Mr. and Mrs. Virgel M. Stephens of Dallas, Mr. and Mrs. Mat F. Shaw of Mineral Wells, and Mr. and Mrs. August Zannoni of Pocatello, Idaho.

Others present were Mrs. E. F. Harman, Mr. and Mrs. J. E. Harman of Lubbock, Mrs. Tommie Tucker, and Will Broadstreet.

CHAMBERLAIN CENTER

Chamberlain Center will meet Friday night, July 19. Hostesses will be Roxie Barbee and Ola Bradshaw. Those who have freezers bring ice cream and others cake. We will play 42. Rep.

ASHTOLA NEEDLE CLUB

Ashtola Needle Club will have an ice cream supper Thursday, July 18, at 8 p.m. Bring freezer of cream or a cake. Rep.

A cup of fresh whole milk contains about 160 calories. A cup of skim milk contains about 90 calories.

CARDS OF THANKS

We want to thank all of my friends and neighbors of the community for their kindness and liberality during our misfortune and bereavement.
Martha Gardner family

COOK IS ENTITLED TO VACATION

The cook is entitled to a vacation from some of the kitchen chores to take advantage of the many types of ready-to-eat meats, suggests Gwendolyn Clyatt, Extension consumer marketing specialist.

The more popular ones include frankfurters, bologna, liver sausage, meat loaf, head cheese, ham loaf, pickle and pimiento loaf and many others. These ready-to-eat meats may be made of beef, pork, veal or lamb or a combination of two or more of these. Seasonings are many and varied, says the Texas A&M University specialist.

In many milk solids act as a binder.

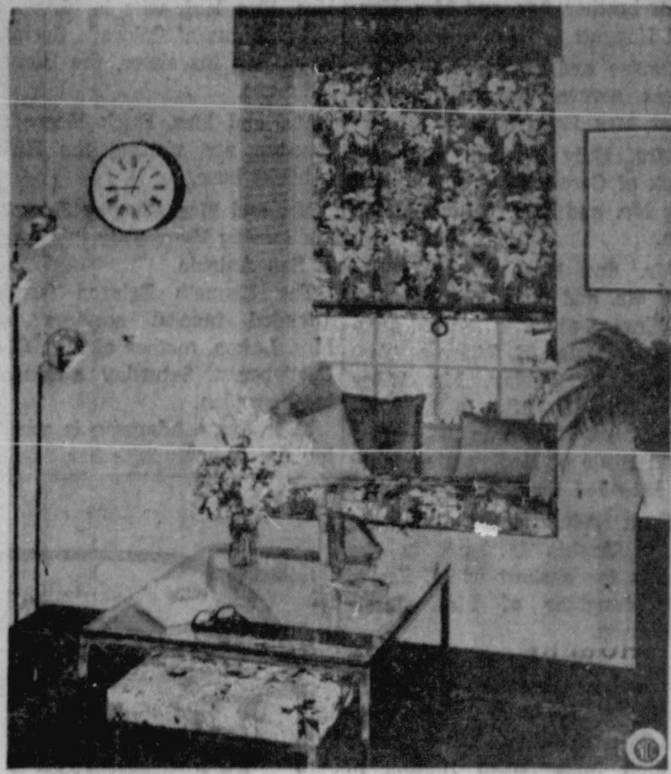

The label gives a list of ingredients in order of predominance, the name of the meat, the manufacturer's name and address, and the weight of the package (if prepackaged). Manufacturers try to maintain consistent quality.

Mrs. Clyatt says the meats yield about 5 servings per pound. Since they are perishable, keep them in the refrigerator. The proteins and vitamins in ready-to-eat meats are equally as nutritious as those in any meat cut.

Mrs. Clyatt's other suggestions for budget stretching this month include variety meats. Demand is greater for the tender steak cuts at this season so you'll find the economical beef choices to be round steaks, chuck roasts and steak and ground beef.

Best pork values are found on hams and picnics. Eggs are in plentiful supply at economical prices. Fryers continue to be bargain choices in most meat departments.

Watermelon highlights most produce centers since they are low in price. Cantaloupes, peaches, plums, grapes, black cherries, bananas, and nectarines are moderate to low priced fruit choices, according to the specialist.

SHADED TO PERFECTION—A laminated shade is the springboard for a charming window treatment that's easy to achieve. Floral-printed cotton has been ironed to Stauffer's new Tontine Tri-Lam shade cloth which is adhesive-coated and heat-sensitive. The fabric is simply ironed on to the shade cloth, and the heat activates the adhesive. The pattern is echoed in covers for window seat and bench cushions.

Fresh corn, green cabbage, carrots, radishes, green onions, salad tomatoes, blackeye peas, purple hull peas, potatoes and dry yellow onions are usually the economically priced vegetables.

When packing your cooler for a picnic put bottled and canned drinks in the ice where they'll keep coldest. Pack perishable foods such as deviled eggs, hamburger and tuna or chicken salad just over the ice, advise Extension foods specialists. Then pack your less perishable foods, such as steaks and hot dogs, on top. If you follow this procedure for packing, your cooler should keep your food satisfactorily, with a minimum of ice, throughout a summer day.

After that family picnic is over be sure and wash the inside of your cooler to prevent unpleasant odors. However, don't dunk an insulated cooler, water might damage the insulation or cause rust in steel models, explain Extension home management specialists. Store the cooler in a dry place with the lid partly open so it can air out.

DPS Investigates 3 Rural Accidents Here

The Texas Highway Patrol investigated three accidents on rural highways in Donley County during the month of June, according to Sergeant J. L. Dalrymple, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed, two persons injured, and an estimated property damage of \$3,800.

The rural traffic accident summary for this county during the first six months of 1968 shows a total of 25 accidents resulting in two persons killed, 19 persons injured and an estimated property damage of \$52,493.

"During the first six months of 1968 in Texas there were 1472 traffic deaths, or four less as compared to the 1476 traffic deaths for the same period of 1967," the Sergeant stated. However, if past trends continue the last six months will probably raise the 1968 total to one percent over the 1967 total of 3,367 deaths.

The Sergeant also stated that a training school for 120 new patrolmen with the Texas Department of Public Safety will start July 30.

To qualify for employment in the uniformed services of the DPS, a man must be between the ages of 20 and 35, not less than 5 feet 8 inches tall, have a high school education or its equivalent, be in sound physical condition and be a citizen of the United States.

All interested young men who can meet these qualifications are urged to contact the nearest DPS patrolman or DPS office for complete details concerning the position of a patrolman, training and benefits.

NEWS FROM Congressman Bob Price 18th District, Texas

I have now received more than 5,000 letters, telegrams and signatures on petitions expressing opposition to any further Federal gun control legislation. I have also received some 100 letters in favor of stiffer controls.

Each of these communications will be answered as soon as possible. In the meantime I have attempted to make my position perfectly clear in opposition to any further gun control legislation. Most of these, both pro and con, are thoughtful and sincere expressions of the writers' views. Other Congressional offices have also received a heavy volume of mail although the sentiments expressed in the northern and eastern sections of the country appear to be more evenly divided.

I might point out that the recently enacted Omnibus Crime Control and Safe Streets Act of 1968 contains the following:

1. Prohibits the sale of handguns by mail to out-of-state residents and to minors.
2. Requires all manufacturers, dealers and importers of firearms to be licensed.
3. Makes it a Federal crime for the following persons to receive, possess or transport firearms in interstate commerce: felons, the mentally incompetent, those discharged from the armed forces other than honorably, U. S. citizens who have renounced their citizenship and aliens illegally in the U. S.
4. Makes it a Federal criminal offense (punishable by a fine up to \$5,000 and imprisonment of up to 5 years) for violating any state or local law involving a firearms transaction.

Personally, I feel that proper and strict enforcement of present Federal laws and local and state laws now on the books or new ones that might be enacted are adequate to keep not only pistols but rifles and shotguns as well out of the hands of known criminals, mentally incompetents, minors and the like.

I am convinced that registration of all firearms by law-abiding citizens, the vast majority of whom would never use a gun against another human being except for protection of themselves or their families, would not solve the problem.

No law can prevent a gun from falling into the wrong hands. If the President's proposed firearms bill is passed and made law, we are only closer to that day when law-abiding citizens cannot have a gun in their homes.

We now have two very comprehensive Federal firearms acts on the books. These laws, the Federal Firearms Act and the National Firearms Act, prohibit felons, habitual drunkards, drug addicts and insane people from buying or possessing guns. These two laws also make possession

PROBLEM-SOLVER—The L-shaped window that turns a corner can be difficult to decorate effectively. Here the problem is solved by the use of handsome window shades. Applied cut-outs from cotton paisley fabric, used elsewhere in the room, create an interesting shade border. Fabric loops cradle a black rod that serves as a shade pull, and the shade cloth valance is trimmed with rows of black patent leather buttons.

of a gun by an alien illegal. But neither of these laws are being fully enforced by the Federal government. If all the provisions of these laws were enforced, the main problems of firearms — and that, of course, is their use by criminals — would be greatly reduced.

The man who assassinated President Kennedy was a dedicated Communist. The man charged with killing Senator Kennedy is an alien and the man who shot Martin Luther King is an escaped convict. There are Federal and state laws that prohibit any of these three from owning a gun. Could anyone really believe that these three murders would not have been committed if there were a restrictive Federal firearms law — even total prohibition of firearms?

I have no intention of supporting any proposed firearms legislation.

BOB PRICE
Member of Congress

TEXANS FIGHT ACCIDENTS THROUGH LOCAL COUNCILS

June 21 — Texans are apparently eager to reduce traffic accidents, Robert F. Miller, Dallas, Vice-President for Traffic Safety, Texas Safety Association, said today in reporting on recent efforts of the state-wide safety organization to establish local safety councils throughout the state.

"We have received an enthusiastic response from citizens throughout the state in our recent efforts to establish local safety councils," Mr. Miller said, and added:

"This is especially gratifying as safety experts have long thought that traffic safety improvement must come from the 'grass roots' level — the cities and towns where most citizens reside and many accidents occur."

He reported that the Texas Safety Association is now offering technical assistance to local groups throughout the state that are seeking to improve their community's safety climate.

It is estimated that some three million Texans live in communities where no form of local safety organization exists. Goal of the Safety Association is to help establish some 150 local councils to serve the safety needs of the citizens of these areas.

Staff members of the Safety Association recently have given assistance to citizen support groups to form local safety councils in Jefferson and Range Counties, which will include Beaumont, Port Arthur, range and satellite cities in the Golden Triangle; Calhoun County which includes Port Lavaca and other cities in that Coastal area; Titus County, which includes Mount Pleasant, and other East Texas towns; Palo Pinto and Parker Counties, which includes Mineral Wells and adjoining cities; and in the Border towns of Brownsville and Del Rio.

Organizational materials and guidance in developing effective accident prevention programs are being furnished to these groups of interested citizens.

"This same type of assistance is available to all other local groups wanting to take some con-

structive action to make their communities a safer place to live," Mr. Miller explained.

Local safety councils serve as a vehicle for community action on accident problems. Such a group can help find out what is causing accidents in the community seek solutions to these problems and act swiftly to correct them. Safety councils can not only affect an improvement in traffic accidents, but also improvement in other problem areas, such as home, work, school and recreation.

The Texas Safety Association is a state-wide non-profit organization devoted to accident prevention in all fields of safety activity.

For information on organizing a local safety council, contact the Texas Safety Association, 830 Littlefield Building, Austin, Texas 78701.

Relatives who visited during the week end in the O. C. Watson home were Mr. and Mrs. J. G. McConnell and son, Gordon, of La Junta, Colo. and Mrs. O. C. Watson, Jr., and Mrs. Jack Watson and Chrissy of Colorado Springs, Colo.

P & W Reports 1,099 Arrests In May

Game management officers of the Texas Parks and Wildlife Department issued 1,099 citations in May, 1968.

Leading the list were fishing violations with 660, of these 617 were issued for fishing without a license. There were 605 fishing violations in May, 1967.

Water safety violations were the second with 333 citations. Of these, 255 were failure to have a U. S. Coast Guard approved life saving device on board for each person in the boat.

There were 85 hunting law violations in May compared with 95 arrested in May, 1967.

Commercial fishing violations accounted for 20 arrests and there was one arrest for failure to appear.

There were no juvenile violations in May.

Fines and court costs accrued to the State in May due to game and fish violations totaled \$18,687.28.

FARM SAFETY WEEK

Agriculture currently ranks third among the nation's industries in accidental death rate. In 1967 about 8,000 farm residents were accidentally killed and nearly 750,000 more suffered disabling injuries. Traffic accounted for about 40 per cent of the deaths, followed by farm work and home accidents. The Texas Farm and Ranch Safety Council is asking all rural residents to participate in the 1968 observance of Farm Safety Week, July 21-27, and to join friends and neighbors in community programs to reduce accidents.

1969 WHEAT PROGRAM

The 1969 crop wheat program has been announced by the U. S. Department of Agriculture and features a national allotment of 51.6 million acres, down 13 per cent from '68. Diversion payments at the maximum rate authorized by law will be offered to farmers for planting less than their acreage allotment and diverting this land to conserving uses. Details on the program are or soon will be available from county ASCS offices.

Donley County Leader

LCB Rapped
Former Liquor Control Board Administrator Coke Stevenson, Jr., took the brunt of the blow from the report on the investigation of the LCB by Atty. Gen. Crawford Martin and the Department of Public Safety.

Attorney General found that Stevenson had not been watching the shop, had accepted expensive gifts from persons in the liquor and beer industries and had failed to see that the liquor laws were uniformly enforced.

Report refused to condemn the practice of legislators practicing law before the LCB and failed to condemn the three-man liquor board for not staying atop the shoddy operations of the agency.

Investigators said that most of the difficulties of the Stevenson administration now have been overcome under Acting Administrator O. N. Humphreys, Jr.

Legislature Winding Up
Bitter debate in the Senate slowed the pace of special session. Senate finally passed a sales-franchise tax increase and sent the revenue bill back to the House, which in turn sent it to conference committee to write a final version.

While Senate mulled taxes and mini-bottled liquor-by-the-drink bill, House passed bills to extend drinking curfew in large cities to 2 a.m. (local option in smaller towns); authorize semi-mandatory breath tests for drunk drivers; and triple out-of-state tuitions. (to about \$600 a semester) at state-supported colleges and universities. Resident student tuitions remain the same.

Appointments Announced
Gov. John Connally named Garrett Morris of Fort Worth to the State Highway Commission to succeed Hal Woodward of Coleman, a new federal district judge.
Connally selected Marion T. Key of Lubbock to replace Morris on the Public Safety Commission and named Jack Kullen of Waco to Woodward's chairmanship on the Highway Commission.

Other appointments by Connally include:
Ford Albritton, Jr., of Brayton to Texas A&M University Board of Directors; William H. Atkinson of Kenedy to Texas A&I University Board at Kingsville, re-appointments to Lewis W. Maples of Kingsville and Leo J. Weider of Victoria; and Robert E. Davis of Waco to Texas Library and Historical Commission with reappointment of Fred Hartman of Baytown.

Attorney General Rules
Pinball or marble machines which show number of free games won are illegal, Attorney General Martin has ruled.

In other recent opinions, Martin concluded that:
Cities under civil service police systems have no authority to create a police reserve of amateur friends of the force, but special officers can be summoned in time of emergency.

A commissioners court does not have to advertise for electronic services to prepare tax rolls when the annual charge is less than \$2,500 paid out of current funds.

A person cannot serve as di-

rector of Texas Turnpike Authority and political party precinct chairman (acceptance of Turnpike post would automatically vacate precinct chairmanship).

A motor carrier may not transport from gravel pits to processing plants under specialized motor carrier permit.

Company which delivers metal belongs to its customers for galvanization without additional charge is NOT transporting property for compensation or hire in violation of law.

Courts Speak
City of Midland cannot collect from the surety company of its contractor for defects in a swimming pool, but it may sue the contractor directly. Supreme Court held.

High court held four Houston attorneys and a society of lawyers can seek a court order against a Houston organization which aims to provide legal services to poor. Lawyers said they objected to Houston Legal Foundation's attorney referrals, advertising and interviewing of prisoners in jail.

Attorneys for an Austin boot-black will ask U. S. Supreme Court to review its ruling that a man can be jailed for repeated drunkenness. They argue alcoholism is a disease demanding treatment.

Tornado Defense
US Weather Bureau and Texas Department of Public Safety have initiated a program for improved public preparedness against tornadoes.

Program involves a "distant early warning system" by the bureau, then communication of the alert by the DPS and action by trained local officials to prepare the endangered communities.

Meetings with city and community officials, state and local law officers, disaster agencies and others will be held throughout the state in the future to work out the details necessary for the best possible protection of life and property, a DPS spokesman promised.

Grant Approved
A \$42,900 Federal grant has been approved for Valley View Park in the City of Dallas to provide additional outdoor recreation land for use of the general public, according to Will Odum, chairman of the Texas Parks and Wildlife Department.

These funds will be matched by the City of Dallas in an \$85,800 project to acquire 17.4 acres of land adjacent to the 8.7-acre existing park. The city park is located in the community of Northwood within the City of Dallas.

Odum said this project marks the 27th approval of funds for local, city, county and river authority parks in Texas since the Land and Water Conservation Act was passed in 1965.

Short Snorts
Rep. DeWitt Hale of Corpus Christi has called for a 12-member committee to study the Court of Conciliation of Los Angeles County, to see if such a plan can help keep Texas families together and the divorce rate down.

Ambassador Ed Clark of Austin and Sen. John Tower of Wichita Falls have been elected board of trustee members at

The strain of a long, hard-fought battle with a North Vietnamese battalion finally shows on the faces of a 101st Airborne Division company commander and his radio operator. (Photo by S/Sgt Earl VanAlstine)

Southwestern University of Georgetown.

Republican state representatives designated Rep. Charles R. Scoggins of Corpus Christi their floor leader.

Lt. Gov. Preston Smith appointed Sen. Tom Creighton of Mineral Wells to Senate finance sub-committee.

Railroad Commission raised the statewide oil allowable to 46.4 per cent of potential for July, compared with 45.2 per cent for June.

Sen. Jim Bates of Edinburg, president pro tempore of state senate, served as governor for a day last Saturday (June 29).

Application for Lone Star Bank of Austin has been filed with the Banking Department.

When the special session of the 60th Legislature called it quits and went home, its accomplishments seemed scant — from a cold statistical point of view.

During the 30 days of the session called by Gov. John Connally, the 150 House members introduced 32 bills, and the 31 senators kicked in 30. When all was said and done, only five House bills and no Senate bills were passed.

However, two of those House bills were the reasons Connally called the session in the first place. So their passage within the allotted 30 days gave an appearance of success to the session.

One, of course, was the bill making state appropriations for the fiscal year beginning September 1, and the other was the tax bill to raise the money to pay for all those appropriations.

Texas taxpayers will start feeling the bite October 1 when the one cent increase in the state sales tax, the one cent increase in the motor vehicle sales tax and the 50 cent per \$1,000 increase in the franchise tax go into effect.

Rep. Frank Lombardino of San Antonio sponsored the only other new law of interest to the average citizen. It prohibits the carrying of pistols or other concealed weapons into alcoholic-beverage establishments.

The two remaining pieces of legislation were concerned with the internal affairs of state government — transferring \$3,000,000 from the Operators' and Chauffeurs' License Fund to the General Revenue Fund and authorizing the Comptroller to transfer funds between items of his appropriation made by the 1967 Legislature.

Only other thing of substance that the two houses agreed on was creation of the Governor's Advisory Committee on Physical Fitness. This was done by resolution.

Each house did create interim committees to study certain problems and report back to the next Legislature.

Senate set up a committee "to study the problem of locating

and securing more land which could be set aside for parks and recreational purposes, the better utilization of existing parks and development of existing parks to accommodate more visitors."

House created interim committees to study the Texas Election Code, the financial relationship between permittees and licensees under the Liquor Control Act and the need for laws on organ transplantation.

Also, the lower chamber set up a Natural Fiber Study Committee and a Family Law Study Committee and asked the University of Texas Graduate School of Business to study the possible creation of a Texas Stock Exchange.

Courts Speak
Texas Supreme Court ruled that a water district — failed to be created by the voters in its original district — could not change its boundaries to include only those areas which approved it in that election. Court also said that the district's directors could not force the counties within its proposed area to pay its organizational costs.

In another case, High Court agreed that St. Louis Southwestern Railway Company of Texas should not be required to maintain its Texas general office and machine shops in Tyler.

Court agreed to hear October 2 appeals of two Dallas savings and loan associations which are seeking the same location for branch offices.

Auto Insurance Rates Rising
State Insurance Board experts have recommended an increase of about 2.8 per cent in auto insurance premiums.

Although statewide averages are misleading since rates are set by 40 different territories, liability coverage appears to be going up on 33 zones for most drivers. Young drivers face higher rates in 22 territories, lower in seven and the same in 11.

Biggest increase will be for comprehensive and collision policies where the insurance board staff has recommended a hike of 7.7 per cent and 7.1 per cent respectively. Insurance company spokesmen claim rising cost of parts and repairs has offset a better traffic accident record.

ALERT FOR SCREW-WORMS

The number of screw-worm cases in the Southwest continues to increase and is the highest since 1963. Weather conditions continue to be near ideal for the propagation of this costly livestock pest. Officials of the eradication program continue to emphasize the importance of livestock producers checking their animals at frequent intervals and submitting worm samples from all infested wounds. Knowing where the new cases are permits the dropping of sterile flies at the earliest possible time, the officials said.

NOTICE TO CREDITORS, Estate of Katie E. Boss, deceased.

Notice is hereby given that letters testamentary upon the estate of Katie E. Boss, were granted to me, Elmer Frank Lilly on July 15th 1968 by the County Court of Donley County, Texas cause Number 1639. All persons having claims against said estate will present them to Hershel A. Boss, 2411 South Aldridge, Amarillo, Texas, my agent.

Elmer Frank Lilly, Jefferson, Iowa, Executor. (26-1c)

water - soaked and turn dark brown. Bacteria progresses down the fruit stem, causing the infected area to become water-soaked and appear dark green.

Twig blight is similar in its spread to blossom blight. Infected twigs become green and look "oily." Bark sinks in and the wood underneath turns dark brown.

Gooch says that leaf blight occurs commonly on sucker growth and on non-bearing trees. Infection begins along the leaf and margin. Under optimum conditions, bacteria will extend from the leaf into the leaf stem and eventually into the twig.

To control fire blight, Gooch advises pruning infected portions of the plant four to six inches below the last visible symptoms. When cuts are larger than two inches in diameter, paint them with white-lead paint, prepared tree paint, or with a coal-tar creosote paint. Paint disinfects and protects the wound and cut, but take care not to cover live bark, reminds Gooch.

TREAT PEAR TREES FOR DISEASE FACTOR

Fire blight, a bacterial disease, is the most important limiting disease factor of pear culture in Texas. The disease also attacks as many as 75 other hosts, says County Agent Ronald Gooch.

Damage occurs as blossom blight, twig blight, girdling of branches or, in some cases, killing of entire trees.

In the spring, Gooch says, the disease first appears as blossom blight. Infected blossoms become

wiping clean at the end of each day.

Other control measures include the use of a bordeaux mixture, Zineb, and antibiotics. Gooch warns against over-dosage of these chemicals and says that directions should be followed carefully in their application. For detailed information with white-lead paint, prepared copy of L-726, "Fire Blight of Pear."

COTTON INSECT CONTROL COMPLICATED

Effective cotton insect control results from many decision-making operations. Weldon Newton, Extension entomologist, says methods and chemicals which formerly did an effective job on many cotton insects no longer are effective. Farmers must give consideration to many factors instead of just applying chemicals, continues Newton. He suggests a visit with the local county agent for detailed information on the factors and insects involved.

All pruning equipment should be dipped in a ten percent household bleach for two seconds to prevent spreading the bacteria from one cut to another. To prevent the bleach from corroding tools, Gooch advises dipping them in a light oil and

Light Bulbs... 9¢ at your Texaco Dealer.

Just drive into your participating Texaco Dealer's and you can get a 100-watt Ken-Rad light bulb for 9¢ when you fill 'er up with at least 8 gallons of Sky Chief or Fire Chief gasoline. Get another of these long-lasting light bulbs each time you come into a Texaco Dealer where you see the Light Bulb sign.

Why is your Texaco Dealer saving you money on light bulbs? It's his way of celebrating the arrival of money-saving Sky Chief, the brand-new gasoline that can drive down the cost of driving. New Sky Chief keeps harmful deposits from building up on engine valves better than any other leading gasoline. With fewer deposits, you can get better mileage—and that can save you money. The chance of an expensive engine repair job is much less, too. So drive in for a light bulb, fill up with new Sky Chief—it can drive down the cost of driving.

"Mary, let's make one more stop"

Psst! Don't let a flat get you down. Pick up a Texaco Tire Inflator-Puncture Sealer today. This handy "spare in an aerosol can" inflates flats in just 60 seconds—eliminates the fuss and muss of tire changing. Only \$2.98*—while they last. *Suggested retail price.

Top O' Texas Rodeo Set For July 24-27

The twenty-fourth annual Top o' Texas Rodeo featuring the Judy Lynn Show, is scheduled in Pampa July 24-27.

Judy Lynn and her eight-piece band will entertain at all rodeo performances and play for dancing in the National Guard Armory building Wednesday through Saturday nights. The Judy Lynn Show has been popular for several years at major rodeos throughout the nation. She is currently playing at Caesar's Palace on the Las Vegas Strip.

A street parade at 4 p.m. on Wednesday, July 24 will get the rodeo underway, with nightly performances scheduled at 8 p.m.

Elra Beutler & Son of Elk City, Okla., will furnish the stock and direct the arena where all of the regular RCA rodeo events will be included. A purse of \$3,800 plus all entry fees will attract the top cowboys and cowgirls of the rodeo circuit. A special prize of \$250 will be offered the All-Around Cowboy. An added attraction this year will be an amateur bareback riding contest with a purse of \$200 plus entry fees.

Senator Clem McSpadden of Claremore, Okla., will describe all events. McSpadden has been announcing rodeos since 1946. The International Rodeo Management Commission named him "Rodeo Man of the Year" for his Outstanding Efforts in Rodeo Improvement, 1967.

Quail Dobbs, one of the nation's most outstanding young rodeo clowns, will be pleasing the audiences in his role as a burlesque bullfighter as he protects the fallen cowboy from the enraged bull. Dobbs and his comedy car "Gemini 111/3" will be a special attraction at each performance.

A miniature rodeo for children ages 5 through 15 will be held on Tuesday, July 23, with performances at 2 and 8 p.m.

Ample free parking will be available. Tickets may be secured by writing the Top o' Texas Rodeo Office, Box 1942, Pampa, Texas, or by phone, Code 806 MO 4-3241.

Those visiting in the J. H. Helton home Sunday were Mr. and Mrs. Perry Williams, Gale and Debbie of Maderia, Calif., Mr. and Mrs. Freeman Helton and children of Oklahoma City, and Mr. and Mrs. Virgil Siddle of Clarendon.

Soil Conservation District News

More than a million acres each year are being diverted from agriculture to highways, housing and other uses. At the same time projections indicate that the needs for food and lumber and water will double before the end of the century.

Once beneath the asphalt crust, fertile soil is not likely to be retrieved. A form of erosion could confront the nation that would confront the nation that the natural dangers of wind and water.

Plainly there is a need for planning and land management to guarantee the best and most efficient use of each square foot.

The 3,000 soil conservation districts enrolling 2,000,000 farmers and ranchers provides an indication of the country's achievements in preserving, restoring and developing soil resources.

Conservation is a continuous task. We can never let up. Earlier civilizations were literally buried by the erosion of their agricultural land.

Water and soil conservation are inseparable in agriculture,

A U.S. Army H-37 MOJAVE helicopter lifts three HAWK missiles at Babenhausen, Germany. The Sikorsky-built MOJAVE from the 90th Aviation Company air-lifted, for the first time in Europe, a complete HAWK missile unit during a training mission. The Raytheon Company is the prime contractor for the HAWK missiles.

of course. Water conservation is the vital concern of city as well as rural dwellers. Plentiful supplies of water for irrigation, manufacturing and household uses must be developed, maintained and distributed equally.

In addition to soil and water, we need to be concerned about the air we breathe. The modern society puts a strain on this resource.

So it is that the problems ahead in resource development not only overlap town and country boundaries; they have become three-dimensional, encompassing land, water and air. These are the problems.

Mr. and Mrs. Larry Phillips and Mrs. Rodgers of Midland visited one day last week with Mr. and Mrs. J. H. Helton.

Pat and Mike Bradshaw of Plano, sons of Mr. and Mrs. Bill Bradshaw, have visited the past month with their grandparents.

Mr. and Mrs. Bob Paul of Syracuse, N. Y. visited the past week with her mother, Mrs. Sybil Jones and other relatives.
