

CAST OF "DEADWOOD Dick" to be presented at Clarendon College Nov. 21 and 22nd.

## Clarendon College to present

Here's the dramatic... of a bloodthirsty... with the lips of the old west... of six-gun heroes, and of redskins biting the dust; of lily-pure maidens, and black hearted gamblers, and of course, the never-ending "Game of Gold".

The Drama Department of the Clarendon College Fine Arts Center is proud to present its fall production "Deadwood Dick". This three act play will be under the direction of Ms. Leslie Schnauffer, written by Mr. Tom Taggart.

Performances will be given on Saturday, November 21 at 7:30 p.m., Sunday, November 22 at 2:00 p.m. and Tuesday, November 24 at 7:30 p.m.

The cast of "Deadwood Dick" consists of the six-gun heroes, Ned Harris played by Carr Vincent of Boise City, Okla. Wild Bill played by Jimmy Wyatt of Estelline.

The lily-pure maidens, Lily Blossom played by Paige Farrar of Claude, Rose Blossom played by Lori O'Rear of Wellington.

The villainous Blackman Redburn played by Vance Farrell of Pampa. And the owner of the Man-Trap Saloon Calamity Jane played by Kaylo Johnson of Wellington.

Also, the dignified law-maker Judge Nix played by John Riggins of Plainview, Tex. Pong Ping the squeaking Chinaman played

by... the assistant villain played by Steve Shepard of Wellington. La Paloma the Mexican adventurer played by Estelle Dambowski of Sara Vista, Arizona.

Annie played by Jeannie Vuich. Plano Patty played by Cynthia Salinas. Teetotal Tessie played by Kim Kelly.

First and second miners played by Jeff Hill and Kevin Green.

Cowboys include: Jim Bob Goldston, Doug Kelley, Bryan Diller, Ed Tom Campbell, Norman Norgan, Kyle Moore, Joe Williams, Ron

## Clarendon 14-0 over Wellington

By SPENCER HAYES  
The Clarendon Broncos clinched their second consecutive District 2-AA championship Friday by blasting the Wellington Skyrockets 14-0 in Skyrocket Stadium before a standing-room only crowd of over 2,500.

The Broncos' win was sparked by a 66-yard scoring pass from Brad Thompson to Junior Crump in the first quarter and a stingy defense that recorded its second shutout in four district games.

The Broncos had their troubles scoring throughout the game, largely because of the hard-hitting defense of the Rockets, heralded as one of the best in the Panhandle. Clarendon, in fact, scored its only touchdown in the first quarter after being turned away on its first two series. On the Broncos first possession they punted, but Wellington was forced to do the same. Then, on their second possession, the Broncos line of Keith Reese, John Smith, Ken Dorris, Mark McAnear, and Todd Muse broke Bobby Weatherton on a 55-yard option play to the 11 of Wellington. That play was called back to the Wellington forty, however, on a clipping call.

The Broncos continued to move on that drive until Weatherton had the ball forced loose at the Wellington five yard line. The Rockets recovered to stop the drive, but they were only serving to prolong the agony. After a short attempt at a drive, Wellington punted and Clarendon took over at their own 34. Then, on the next play, came the Thompson-Crump connection that put the Broncos ahead to stay. The kick was blocked, however, and the Rockets were still far from giving up. They were on the move after the ensuing kickoff when Hosea Hearn picked off a Rocket pass and returned it 15 yards to the Wellington 40.

Clarendon could not move any farther, however, bringing on another punt. Arlis Thomas then put the ball out on the Wellington 3 yard line

with a stunning "coffin corner" punt. Two plays later, Keith Reese and Brad McGuire teamed up on a safety, tackling the Rocket quarterback in the end zone. On the following free kick, the Broncos kept their field position, but failed to score. The drive ended on a fourth down intercepted pass at the Wellington 25.

The rockets had to punt, however, and this time Clarendon drove close enough for Thomas to drill a 25 yard field goal, giving the Broncos an 11-0 lead at halftime.

In the second half, Clarendon started by making Wellington punt, giving the Broncos the ball at their own 30. David Weatherton ran 20 yards to the 43, but that drive stalled like the others as Thomas put Wellington at their own 15. Wellington, however, could not be stopped forever, as they drove to the Clarendon 45, following the running of Tim Harris. But Bobby Weatherton stopped any chance of a Wellington score with an interception at the 15. Clarendon seemed to have lost its field position as Thomas had to punt three downs later.

But on the fielding of the punt, Brett Bryant delivered a bone-crushing hit to jar the ball loose and Craig Shields pounced on the loose pigskin to give the Broncos possession at mid-field. However, the Broncos could not move from there as Thomas carried out his duty again. Thomas performed beautifully in the kicking department, punting seven times for a 41.4 yard average, pinning Wellington three times inside of their own twenty.

The first part of the fourth showed only staggering hits as the two foes exchanged possessions before Wellington put together a final attempt at scoring. With seven minutes remaining, the Rockets still believe they could win.

A forty yard pass play put the Rockets at the Clarendon 40. Two plays later, Kenneth Warren took a pass from Wade Williams into the end zone. But that play was called back on a penalty, leaving the Rockets in poor shape. Two plays later, Jeff Helms sacked Williams on fourth down and Clarendon and its euphoric fans could smell a district crown.

With only 4:22 remaining, Clarendon drove on Wellington's dejected defense, using up the clock, and scored with only seconds left on Thomas's second field goal of the night, a 26-yard effort.

The Broncos totally dominated the statistical battle rolling up 304 total yards (230 rushing) to 139 for Wellington (only 38 rushing) Bobby Weatherton led all

rushes with 107 yards on 24 carries.

Generally, the game was one that was well-played, by both sides. Many of the Bronco players commented how hard the Wellington players hit. Wellington played as well as they ever possibly could. They were physically and emotionally high and ready to play the Broncos, who were 5-point favorites (by the Harris Rating System). But Clarendon was equally as ready to defend its district crown.

Clarendon is scheduled to play Panhandle in a bi-district game which will be held in Pampa. However, Clarendon has one more game in district play, against

Memphis. The Cyclone, one of Clarendon's fiercest traditional rivals, will be looking out Nov. 17

## Arts & Crafts at CC Sunday

Clarendon College announces a Handmade Arts & Crafts Sale, Sunday, November 15 at 2:00 p.m. in the Clarendon College School Cafeteria. The sale will be presented by The Clarendon College Art Department along with Claudia Thompson, O'Meada Scott and Bettie Phillips.

## Alpha Upsilon Epsilon donates \$1000

The Alpha Upsilon Epsilon Chapter of Beta Sigma Phi presented James Owens, treasurer of the Outdoor Entertainment Association with a \$1000 check to help convert the show barn into a Community Center. Pat White, treasurer for Alpha Upsilon Epsilon stated that the donation was made possible through the great success of the chapters' second Annual Little Miss and Master Donley County Pageant. Approximately 175 people attended the pageant, with proceeds at the door near the \$300 mark. Also \$600 in donations was taken in from the Donley County businesses for the pageant.

\$200 of this \$600 was spent on decorations and prizes for the pageant. The remaining \$400 was given to the Community Center Fund. To total out the \$1000 check the chapter had saved \$300 from their past pageants, Easter Egg Hunt and other fund raisers.

Alpha Upsilon Epsilon will be raising money for the Community Center throughout the next year or until the Center is completely finished. The chapter would like to extend a very big thanks to all of the businesses that gave donations for this year's Little Miss and Master Pageant and all of the people who attended.

PAT WHITE secretary of Alpha Upsilon Epsilon presents a \$1000 check to James Owens to help on the community building.

## Clarendon to play Memphis Friday

After a very good lesson for the Wellington Sky Rockets on the manner of playing defense (a 14-0 shut-out), the Broncos are home for their last game with the Memphis Cyclones. This game could produce several goals for the Broncos: (1) a win would give them a perfect regular season of 10-0. (2) a win would give them the District 2-AA Championship out right for the second consecutive year with a perfect 5-0 record. These are goals that will not win many games, but they will go a long way in building traditions for an athletic team.

Looking back for a second at the Wellington game. The Broncos played a team that had a new look, sportsmanship. The Rockets played football, there was very little trash as has been present in their program over the years. The athletes were good competitors, they played hard and clean. This is a compliment to the coaches on the staff of W.H.S. for turning a program around after so many years. Looking forward to Memphis, a team that came

into district at 4-1, ready to make a run at the District Championship, several key situations have hurt them. A

## Vaccinate children for safety sake

Free vaccination for childhood diseases such as polio, diphtheria, lock jaw, whooping cough, measles, rubella and mumps will be offered at the Donley County Community Action Corporation in the old Courthouse on the first floor. The clinic will be held November 30 from 10 a.m. until 2 p.m. Do not think that since you do not see these diseases that they are not a threat to your children. They are. Bring your children down and get them vaccinated against those crippling, deadly, and infectious childhood diseases. We have preventative measures, but you need to bring your children to the clinic to receive them.

12-0 loss to Wellington; an interception, a fumble, mental mistakes, then a 7-6 loss to Wheeler after playing Wellington so hard; then a 27-13 loss to Shamrock when they lost the Quarterback Ken Jones. These setbacks are things that they have faced and still are playing a very fine game.

This is the concern of the Broncos' Coaches, the fact that the Cyclones are going

to come to Clarendon with a win in their minds to end their season at 5-5; while the Broncos are going to have a mental relaxation after playing the Skyrockets so hard. Preparation for Memphis is difficult because they do so many things. The defense has played extremely well save only one game when they gave up over two touchdowns. The defense is lead

## Richards to exhibit art at

## Farmers State Bank & Trust Co.

Farmers State Bank and Trust Company in Clarendon will be giving a reception honoring artist Kirk Richards Sunday afternoon from 2 until 5 p.m., November 15, in the lobby of the bank. Everyone is invited to view these works of art.

Kirk Richards was born and reared in Amarillo. He received his academic degrees (BFA 1975, MA 1976) from West Texas State University and was one of ten artists from across the nation accepted in 1976 for training at Atelier Lack in Minneapolis, Minnesota. Atelier Lack is a non-profit school of painting and drawing taught in the atelier tradition of the French 19th century masters.

Mr. Richards is a member of The American Artists Professional League; his work has been exhibited at the League's 1980 Grand National Exhibit in New York City, and at art centers in the Minneapolis area. Since returning to the Amarillo area he has had a successful one man show at the American National Bank, won 1st

prize in the Wayland Baptist College "Hello Texas" regional competition and has accepted a part time teaching position at W.T.S.U. in Canyon.

Donley County voters gave their vote on all of the Amendments voted on, in the Nov. 3rd election, with the exception of Amendment 3 - which would have set up a governmental budget panel composed of top state officials.

This amendment was defeated in Donley County 141 votes for and 321 votes against. State wide this amendment failed 302,015 for and 471,386 against.

The only other amendment which failed state wide was amendment 4. This proposal would have dedicated half of the state's revenue surplus to a water development fund. It also would have raised the interest rate on state water bonds and allowed the state to guarantee \$500 million in water development bonds by local governments.

In Donley County voting was light, with only 459 voting out of the 2530 registered voters.

**Voting Results**  
State wide Amendment 1 (redevelopment tax exemptions) 471,373 for and 337,801 against. Donley County voted 240 for and 217 against.

Amendment 2 (land title) 630,015 for and 170,542 against. Donley County voted 378 for and 84 against.

Amendment 3 (spending panel) 302,015 for and 471,386 against. With Donley County voting 141 for and 321 against.

Amendment 4 (water development) 339,218 for and 457,204 against. Voters in Donley County voted 320 for and 144 against.

**GTE replacing cables**  
Approximately 4500 feet of cable has been replaced with new cable in various sections of Clarendon, according to J.H. Davis, division manager for General Telephone. The new cable will provide improved quality telephone service for customers in Clarendon, Davis stated.

Davis added that additional construction personnel have been working in Clarendon for the past few weeks to complete installation of the new cable facilities.

**GTE news**  
General Telephone residential or single-party business customers in Clarendon who discontinue telephone service and decide not to purchase their instruments can now return their phones locally if they want to save the charge if the company must send a person to pick up the phones.

The company announced in August that customers now have three options when discontinuing service: return the phone to the company, have the company send an employee to pick up the phones with a pick-up charge being applied, or purchase the phones.

"To make the return of telephones more convenient for those customers wanting to return them, we have installed a telephone return depository in Clarendon where they can return the phones and save the pick-up charge," J.H. Davis, Division Manager said.

David said customers will receive instructions on how and where to take instruments when they contact the business office to discontinue their service.

**Hospital report**  
Unice Land is the Hall County Hospital in Memphis.

If you're the lucky owner of a cast iron pot or dutch oven, don't throw it out... use it! The available iron in food can increase up to 400 percent when iron cookware is used. Cleaning it will be good exercise as well.

Amendment 5 (farm product tax exemption) 532,544 for and 232,799 against, while Donley County voted 364 for and 96 against.

**GTE updating and replacing cable Howardwick area**

To bring expanded and improved telephone service to General Telephone customers in Howardwick, north of Clarendon, workmen have been engaged in laying more than 5000 feet of cable and have replaced the D-960 central office unit with a new DMS-1 multiplexer, the latest equipment of this type available. The new unit has a capacity for 256 lines whereas the old unit only had a capacity for 96 lines.

**Consider the Navy Reserve Officer**

**Training Corps for your future**

The Naval Reserve Officer Training Corps (NROTC) offers a golden opportunity for qualified applicants, both Civilian and Navy enlisted, to gain a college education and earn a commission as an ensign in the United States Navy.

Once selected for the program, the candidate will receive up to \$30,000 in tuition, books, related fees and \$100 per month in subsistence allowance at one of 55 colleges or universities throughout the country.

Each step of the app-

lication process is controlled under a strict time schedule. Interested applicants should exercise personal initiative and ensure that their application is forwarded. The most critical aspect of the entire process is the taking of either the American College Test (ACT) or the Scholastic Aptitude Test (SAT) by early November. Results from these test must be received by the procession activity no later than the 31st of December of this year.

Once an applicant is academically qualified, his or her application is screened

harden. Due to the large volume of applications, the elimination process and notification of selection may take as long as six months.

Cut-off dates for the 1982 programs are rapidly approaching. Interested applicants should act quickly by contacting a recruiter in Amarillo or call toll free 800-841-8000.

The Navy Reserve Program is an opportunity that involved only two years of your time buy will reap many benefits in the long run. Investigate this opportunity and contact Jack Barnes at the Amarillo Navy Reserve Center, 374-3541.

This is a list of the names of folks who might have a book or two overdue at the Library. Please check around your home or at school for these books and be sure to turn them in immediately. Some of these fines are running mighty high. Some of the books have been out far too long. These books are NOT yours to keep, there are others waiting to read them. Let's all look around and get those books back to the library. If you keep a

book, you must pay a fine and the purchase price of the book. It is petty theft to keep a book.

The Library is doing exceptionally well in its new location. Last October, there had been 6365 items checked out. This year, there are over 9000 items checked out. There have been 2000 more people use the library already than ALL of LAST YEAR! That is great! IF YOU RETURN THOSE BOOKS ON TIME, that is

**holds meeting**

Meeting for the first fall meeting, the Donley Unit of the American Cancer Society convened at the Hospitality Room of the Farmers State Bank, Monday, October 26, at 6 p.m.

Four new board members were named. Diane Chamberlain, and Nita Manning, for Clarendon and Polly and John Sarich, who will represent Howardwick. Susan Rigler, Field Rep., from Amarillo was introduced to the group.

Reports were given by Spencer Hayes, Kaye Hayes and Genevieve Caldwell, on the conventions and other activities which met during the summer.

Several members of the Donley Cancer Unit were recognized for their service to the organization. Vera Lewis, was the recipient of a pin and certificate for her many years of work on behalf of the Donley Cancer Unit. Others the Farmers State Bank for their support in many ways; Helen Woody for the backing of the organization in her paper; Jeanice Weatherly for articles pertaining to public information; Kaye Hayes for her vitally important role as chairman of Public Education - a life saving service; Spencer Hayes for service in YAC (Youth Against Cancer) and Barbara Cosper for her consistent service as treasurer with the numerous related work.

Genevieve Caldwell, president of the Donley Cancer Unit received recertification

for the Donley Unit from Susan Rigler. Recertification is made when the unit meets all the requirements set forth by the National organization.

Present were Paul Bivens, Imogene Brumley, Naomi Phelan, Susie Shields, Kaye Hayes and Spencer Hayes. Also Jeff Walker, Diane Chamberlain, Genevieve Caldwell, Nita Manning, Jeanice Weatherly and Susan Rigler, Field Representative, of Amarillo.

January will be the next planned meeting for the Donley Cancer Unit.

An open house is being planned for the Harrington Cancer Center in Amarillo, later this month. Everyone is invited to make the tour through this facility, a monument to the dedication of many persons to the conquering of cancer.

...will be conducted through the mail or phone in person by field employees. Data collection will end in early January.

Doug Murfield, State Statistician, has urged farmers and ranchers to return the questionnaires promptly. He said all information reported is kept confidential and is combined with other reported information for state and county estimates. These estimates give Texas farmers and ranchers information on which to plan their production and marketing activity in a way that will be most beneficial to their individual operations.

**HOLIDAYS**

The ASCS office will be closed November 11, Veteran's Day and November 26, Thanksgiving.

**ASCS NEWS**

**INTERVIEW**

Applications for the new field must be filed within 15 days from the date harvest is completed and while evidence of the crop is present. If the farm is eligible for low yield, any farm stored production must be measured by a representative of the ASCS office. Sales documents must identify the farm from which it was harvested.

**COUNTY COMMITTEE ELECTIONS**

Soon you will be receiving a ballot listing the nominees for county committees. These ballots will be mailed November 27. If you feel you are an eligible voter, and did not receive a ballot, please come by the ASCS office. The returned ballots must be postmarked no later than December 7, 1981.

**CROP AND LIVESTOCK REPORTS FROM FARMERS AND RANCHERS**

The Texas Crop and Livestock Reporting Service will begin interviewing Texas Farmers and Ranchers in mid-November on 1981 final acreage, yield, and crop production and end-of-the-year poultry and livestock inventories for Texas and individual counties.

...interviews will be conducted through the mail or phone in person by field employees. Data collection will end in early January.

Doug Murfield, State Statistician, has urged farmers and ranchers to return the questionnaires promptly. He said all information reported is kept confidential and is combined with other reported information for state and county estimates. **HOLIDAYS**

The ASCS office will be closed November 11, Veteran's Day and November 26, Thanksgiving.

The oldest museum in the world is the Ashmolean Museum in Oxford, England, built in 1679!

Some people once believed that mountains were formed by an enormous underground serpent moving about.

**Open House**

You are cordially invited to the open house at the Donley County Jail, 3rd and Jefferson in Clarendon on November 22, 1981 between 1:00 p.m. and 5:00 p.m. Refreshments will be served.

Sincerely,  
William J. Thompson,  
Sheriff of Donley County.

**Sheriff's Report**

**HOLIDAYS**

The ASCS office will be closed November 11, Veteran's Day and November 26, Thanksgiving.

**Le Beaux Arts Club met**

The Le Beaux Art Club met on November 8 at 3 p.m. in the Patching Memorial Club house. We were greeted at the door by none other than Alice in wonderland.

Displayed in the Club room toy and dolls from "The Good Ole Days" to illustrate the theme, "getting ready for Christmas," there were toy soldiers, a wicker doll buggy holding a doll a rare charm. Around a child's antique ice cream table were chairs holding old fashioned dolls and a rabbit made from a quilt. A dolls' house and high chair and wicker chair, a wonderful train and more dolls and books all made a delightful display.

by Paul Richardson; a 185 Jr. LB; Ricky Macky, a 180 roverback, Chris Alland, Dan Penney, Adam Mejia, Chris Sims are other leaders of the front. On offense, Mackey and Richardson move to the

two running backs slot and Terry Foster will replace Jones at the man under slot. The offensive line is handled by Alland, Charles Waller a 240 guard, John Helms at center and Robert Mont-

gomery, a very fine receiver. All together they will be a very good opponent for the Broncos in preparing for the Bi-District game with Panhandle at Pampa's Harvester Field Friday, Nov. 20 at 7:30.

to spoil the Broncos' first un-defeated season since 1969.

The Broncos have been having a few injury problems as of late. Ted Sawyer fell two weeks ago with a broken arm, while Hosea Hearn saw only limited action after his ankle injury against Canadian. John Braxton sustained an ankle injury in the Rocket game, as well. Both Braxton and Hearn are expected to be healthy tomorrow.

Memphis comes to Bronc Stadium tomorrow with a 5-4 record and 1-3 in loop play. Game time is set for 7:30.

BY KANDY FLOYD

Hi again Colt fans! First of all I'd like to congratulate the Colt football team on it's super performance last Thursday when they defeated the Wellington Firecrackers 14-12. Congratulations!! Wednesday and Thursday the 8th grade made taffy and fudge in Science in order to learn the different types of crystallization. We'd like to tell the band they did a good job at the game Thursday. Keep up the good work. This week the Colts play

Hightower

voted no on

farm bill

Congressman Jack Hightower expressed harsh criticism of the 1981 farm bill just passed in the House. "Our problem," explained Hightower, "is that many people do not understand the reason, the philosophy, behind farm programs. Farm bills should be designed to assure an economic climate for agriculture that will make it possible for the farmer to continue to farm... This bill is a totally inadequate response to the very real crisis of our smaller farmers being squeezed out of business by low commodity prices, cheap foreign subsidized competition and the high cost of fertilizer, equipment, and loan money."

Hightower went on to explain several reasons for the failure of Congress to pass a more favorable bill. "First, we have an educational problem. Too many of our non-farm-state congressmen lack an understanding of agricultural problems and they see all this as a struggle between the farmer and the consumer. If the small farmer goes under, we'll see first a concentration of production in the hands of a few agribusiness corporations, then we'll see first a concentration of production in the hands of a few agribusiness corporations, then we'll see food prices go up more and more steeply."

The Congressman noted that farm-state representatives in Congress are heavily outnumbered by non-farm-oriented representatives, hence the difficulty in passing what Hightower called "solid, corrective, legislation." The legislation now will go to a conference committee made up of members of the House and Senate before going on to the President for his signature or veto.

Two free publications issued by the Internal Revenue Service explain federal tax rights and responsibilities for small business owners. Publication 334, "Tax Guide for Small Business," goes into detail on such subjects as setting up a tax records system, determination of net income, tax credits and business assets. Publication 583, "Recordkeeping for a Small Business," explains what a small business person needs to know to meet tax obligations, such as how to file forms and compute the tax.

Some studies have shown that people working at home put in 20 percent more time than those working at the office.

Player of the Week

ARLIS THOMAS

OFFENSE PLAYER

Arlis Thomas is a 6'2" 197 pound sophomore. Arlis kicked two very important field goals, 26 yards and 27 yards.

DEFENSE PLAYER

Arlis Thomas did an excellent job of kicking. He had seven punts for 41.5 yard average. His kicking kept Wellington deep in their territory and got our offensive team out of several close situations. This was in addition to playing a very good defensive game to help the Broncos shut Wellington out.

**A Moment for Meditation**

"The lines are fallen to me in pleasant places". Psa. 16:6  
The words above are my personal affirmation daily. I believe there are thousands of others who feel the same way. We particularly feel this appreciation on special days such as Thanksgiving, New Years, Easter and even on the fourth of July, but the knowledge is there all the time. The last part of Psalm 16:6 reads, "Yea, I have a goodly heritage." Those words carry a powerful thought. "Remember your parents, your grandparents, your patriotic forefathers, your christian friends who prayed for you on various occasions, your business associates, your family today." There comes to me a wonderful feeling of affection and gratitude for these influences in my life.

The reverence for God which permeated our home, the discipline of church attendance, and the concern for others less fortunate are my heritage and one that I have tried to pass on to my own children and grandchildren. In return they give me love and respect and as much of their time as they can. I believe when I pass from this life those principles which

my parents taught will live on in my grandchildren's lives because we guarded them carefully. In our world of violence and materialism, these qualities are the most valuable we can possess and then give to our descendants. The heritage that is ours can be theirs as well and when they reach the autumn of their lives they will be able to say with us, "The lines are fallen to me in pleasant places; yea I have a goodly heritage." \*\*\*

## Medical Center Halloween party

Friday, October 30, 1981 was a day of fun. We played bingo in the morning and had a Halloween Party that afternoon.

All of the employees brought a covered dish of Mexican food.

After the residents were served their lunch and all made comfortable, the employees had a Mexican lunch.

The party for the residents began at 4:00 p.m. Betty Godwin, one of our L.V.N. nurses, brought her accordion and we played the game "Name That Tune". The one that named the tune was given a prize. Then Betty would sing the song for them. Betty played about 10 songs.

Then we played the game of "Building a Big Black Cat" by answering questions. The answers were parts of the cat. This amused all.

A "Number Riddle Game" was played. Marie Hill helped with this game.

We all ate a cracker and the first one to finish received a prize.

Supper was served to all residents and each received a cup of Halloween candy or pop corn. Those to enjoy the party were: Nova Schaffer, Emma McClister, Rosa Bingham, Vera Floyd, Ira Stavenhagen, Blanch Smith, Pauline Bridges, Erma Lee Jones, Raymon Noakes, Clarence Welch, Nellie Day, Gladys Diggs, Charlie Lewis, Joe McMurtry, and his wife Archer, Frances Pollard, Susan Hardin, Orrie Link, Sallie Benson, George McKee, Clifford Decker, Orycha Swinney, Hazel Cummings, Terra Bass, Nova Nelson, Vera McMurtry, Eva Phelps, Ruth Dotson, Mayme Skelton, Martha Boon, Lucy Bishop, Novella Breedlove and Gertrude Rhodes.

Visitors for our party were Mrs. Joe McMurtry and her niece and Mrs. Beluah Carlisle. The Maranatha Club came

#### Patton named to honor roll at TSTI

Benjamin D. Patton was recently named to the Vice-President's Honor Roll at the Amarillo Campus of Texas State Technical Institute, according to Dr. James A. Bir. General Manager of the Amarillo Campus. Membership in the Vice-President's Honor Roll is attained by maintaining a 3.5 grade average.

Benjamin is majoring in Diesel Mechanical Technology and is the son of Mr. and Mrs. R.D. Patton of Hedley. He also graduated from Hedley High School.

Winter quarter registration at TSTI-Amarillo is December 1, 1981. For more information contact the Admissions Office at Texas State Technical Institute.

#### Trespassing Law Changed In Texas

With the approach of hunting season in Texas, both property owners and sportsmen should be aware of recent changes in state law regarding trespassing, the Texas Farmers Union states.

A person has committed criminal trespass if he has entered or remains on property or in a building and was notified that entry was forbidden or received notice and failed to leave the premises.

The law states the notice can be any oral or written communication from the property owner or a person who is acting under the owner's authority. Also, any fence which is designed to contain livestock is described under Texas law as a notice to a potential trespasser.

Signs which are posted on property or a building indicating trespassing is not allowed is sufficient notice of a violation.

Persons who violate the trespassing law are subject to a Class B misdemeanor if found guilty. However, if a person carries a deadly weapon in his possession and found guilty of trespassing, that violation is elevated to a Class A misdemeanor.

These changes in the trespassing law became effective September 1, 1981.

This information was brought as a courtesy to both property owners and sportsmen by the Texas Farmers Union.

Our word "panic" comes from the mischievous Greek God Pan, who was believed to delight in frightening travelers.

### STILL A BARGAIN

The cost of health care is increasing at an alarming rate. It is little wonder that there is a corresponding interest in the concept of self-care...taking care of self and family via prevention and treatment. Flossing teeth, for example, is self-care as is selecting wholesome foods and obtaining adequate rest and exercise. But also an important component of self-care is the prudent use of nonprescription medicines.

A recent British study indicated that 97% of symptoms of illness are treated by self. In more than half of the symptoms, nonprescription medicines are utilized. The Proprietary Association in the United States reports that ninety percent of the time, consumers are satisfied with the results obtained from the use of this group of medicines...and with a very few associated risks.

Nonprescription medicines (also called OTC drugs from the words over-the-counter) are used extensively by Americans. One might think that their cost would be a major portion of overall health care costs. Not true. Less than 3c of every health care dollar is spent on OTC's. These medicines are widely available for a variety of complaints. Best of all, they are a bargain in an era of escalating costs of care for self and family.

...have negative American television... Winners jump up and hug and his... and squeal and generally make complete... of themselves. And we... at home love it. Some... don't behave much... than they do, which... to mind one night... Hubby and I dropped... on the couch to watch the Newlywed Game. To refresh your memory this is where the boys go behind the curtain while the girls guess what they will say, then the boys take their turn.

"Let's play with them," Hubby pitched me a pad and pencil from the table at his elbow.

"Are you out of your head?" I gasped. "Surely you are aware that after the game these kids draw for the TV they've just won, take a LA-Z-BOY each and never speak to one another again. Their mothers wear black veils for six months after hearing the family name splattered nationwide and rich old aunts redo their wills."

"You're afraid I'll win," he taunted. "I know you like the back of my hand."

Naturally, I wouldn't back down after that. The game began with a question that guaranteed a good fight. "What," the emcee chants, "will your husbands say, to you, is their most irritating habit?"

"Cutting toenails without first placing foot in paper bag to catch flying debris," I wrote on my pad.

Hubby chewed his pencil. "Is toenails one word or two?"

"Cheating," I wrote.

"I never cheated in my life," he explodes as he peeks at my notation. "Where do you get off saying I cheat?"

I told him he cheated when he told me he traded for a transistor radio and when I asked what he traded he said money. "That's buying," I said.

"Beside the point," he grunted. "Don't talk until the end of the sequence. You're missing the questions."

"GENTLEMEN!" the emcee rolled his eyes suggestively and punted a question that would have made my male ancestors draw their Bowie knives. "You make a move to write an answer to that," I said, "and I will break your hand."

"Prude," he scribbled, and hid a smirk behind his hand. (Right there is where he blew it.)

"If..." the emcee leaned over the railing to look into

the eyes of those newly married young men, "you will could have her choice of any man in the world, ANY man, would you say she would still choose YOU?"

Hubby has never been a jealous man, but when I sucked in my breath and trembled "KING'S X" on my pad he lost interest in the game.

"Then WHO?" he roared. "Not Paul Newman still! Why, his eyes are fading out as white as his hair. I'm NOT jealous, just curious. Ricardo Montalban -- Fantasy Island? That fat Charlie up the street?" He faked a short laugh. "Billy Carter?"

You're missing the game, I yawned.

"Burt Reynolds' has a bum knee," he reminded me.

At midnight he was still at it. "Phil Donahue?" he guessed drowsily.

"Honey," I said for the fourteenth time, "I was putting you on. I wouldn't break in another man for all the tea in China. Go to sleep."

"You know," he raised up on his elbow, "you're right. Young marrieds are to insecure to handle those questions. They ought to be outlawed." He flopped back against his pillow, then popped back up. "Just where do you get off saying CHEAT!"

**Pecans arriving next week**

Xi Lambda Xi members of the Beta Sigma Phi sorority have annually sold delicious pecans to residents of the county. The shipment has been delayed this year past its normal time. The boxes of pecan pieces will be available the first part of next week. The best place to pick them up would be at Hensons but you may purchase them from any of the following members: Peggy Anderson, Carol Bryant, Katie Dvorak, Donna Edwards, Janie Finch, Gloria Gage, Susan or Frankie Henson, Genella Eads, Pat McCombs, Priscilla Greene, Betty Veach, Genevia Summers, Charlene Mays, Frances Johnson, Beth Johnston, Maurine Butts, Beth Walker, Becky Hill, Sandra Mooring, Pat Archuleta, Barbara Morrow, and Donna Mann.

The oldest known murals on man-made walls have been found in southern Turkey. They date back to 5500 B.C.

292 new boxes were installed this week in the Clarendon Post Office.

BILL WEDEMEYER, DIRECTOR

Fresh Meats" approved in 1965 has not been declared unconstitutional, but the Department of Health Resources indicate that it is unenforceable. In other words if they try to enforce the law it would be declared unconstitutional. The other law approved in 1975 restricting state agencies from purchasing imported meat is active. An attorney general's opinion stated:

This article and Article 4476-6b require that no state agency or subdivision may purchase beef or dairy products imported from outside the United States when purchasing these goods for governmental purposes and not for commercial resale; this policy applies to the purchase of beef and dairy products by state agencies or subdivisions from caterers and other food service providers, when the products are purchased for governmental purposes and not for commercial resale. (Opinion Attorney General, 1976, # H-889).

The reference to the dairy products is another law designated as Article 4476-6b entitled "Purchase of Imported Dairy Products by State Agencies and Subdivisions".

In summary, state laws have been thoroughly tried and ruled to be ineffective in requiring importers of meat to label their product as to the country of origin. Federal laws are successful in requiring importers to label meats at the point where the meat is accepted in the trade of the United States. It does seem possible to alter the federal requirement and program by way of regulations and/or legislation.

**Xi Lambda Xi met**

Beta Sigma Phi sorority met in the home of Pat McCombs on Monday, November 9th. The regular business meeting was called to order and the opening ritual was said in unison. Pat Archuleta was welcomed into the chapter as a transferee from another club. She will be a welcomed asset to the club and we will enjoy having her enthusiasm. Donna Goss will be the newest pledge to be considered for membership into the sorority. She will begin her rituals at the next meeting.

Pecans will be sold next week for \$4.50 a pound. Money for the Community Center has been set aside and will be presented to the Outdoor Entertainment Committee at a later date.

After the business meeting

was adjourned, and Katie found her shoe, the program was given. It had been elaborately prepared by Pat McCombs who had collected some antique household items that have either been replaced with modern electric conveniences or we have returned to a similar type utensil. She had a beautiful enameled gas iron, a flat iron and an electric steam iron. She had a scrub board and lye soap, a kerosene lantern, and a drip-O-lator coffee pot, the forerunner to Mr. Coffee! Pat also had on display some jars of her jelly, relishes, sauces, beans, and some dried fruits and vegetables to show that some things are still pretty much the same, just the packaging has changed. Donna Mann told some stories about how homes have changed.

Hostesses Pat and Priscilla Greene served wassal and coffee, lacy oatmeal cookies, butterscotch cookie bars, a lemon pound cake, finger sandwiches filled with

**A Fearless Future**

No one is exempt from crises, disappointments, sorrows and frustrations. But without being blithely optimistic, you can take things as they come. You can walk with courage because God walks with you. As St. Paul found out for himself, "If God is for us, who can be against us?"

Because God is your strength, you can face the future without fear.

**City Ordinances**

In the interest of public knowledge and to assure that all of the citizens of Clarendon are made aware of their City Ordinances, the Clarendon Press will print city ordinances. Some of these ordinances are obviously out dated, but the Clarendon Press feels that each and every citizen should be aware of their local laws and ordinances. The Press is not making any statement for or against these ordinances.

Zoning Ordinances began on page 329 and were designed "for the purpose of promoting the health, safety, or the general welfare of the community by regulating and restricting the height and size of yards and other open spaces, the density of population, the location, erection, construction, reconstruction, alteration, repair, and use of all buildings..."

These ordinances were designed to "lessen the congestion in the streets; to secure safety from fire, panic or other dangers; to provide adequate light and air; to prevent the overcrowding of land; to facilitate the adequate provision of transportation, water, sewerage, schools, parks, and other public requirements."

Definitions of terms such as "accessory buildings," and "alley" to "trailer house" and "yard" are carefully defined.

Clarendon has four districts. They are two residential districts, one central business district and an industrial district.

These ordinances include areas such as parking, signs, building use, yard space, garage space and location, and porches.

On pate 337 item 5 (c) concerns VISION CLEARANCE. On any corner lot on which a front or side yard is required, NO wall, fence or sign or other structure, or any plant growth shall be permitted or maintained higher than two (2) feet above the curb level within fifteen (15) feet of the intersection of the property lines.

**NUMB ARMS, LEGS Danger Signals**

There may be misalignment of vertebrae in the spine causing pressure on nerves, yet the patient experiences no pain in the back. Instead, a variety of sensations may be felt in other parts of the body. These include tingling, tightness, hot spots, cold spots, crawling sensations, electric shock sensations, stinging, burning, and others.

Here are nine critical symptoms involving back pain or strange sensations which are usually the forerunners of more serious conditions. Any one of these usually spells back trouble.

- (1) Paresthesias (see above)
- (2) Headaches
- (3) Painful joints
- (4) Numbness in the arms or hands
- (5) Loss of sleep
- (6) Stiffness in the neck
- (7) Pain between the shoulders
- (8) Stiffness or pain in lower back
- (9) Numbness or pain in the legs

These signals indicate that your body is being robbed of normal nerve function. Until this function is restored, you will, in some degree, be incapacitated. The longer you wait to seek help, the worse the condition will become. Don't wait! Should you experience any of these danger signals, call for in depth consultation in Layman's terms.

## exchange vows

Cheryl Dianne Minnie and Betty Lee Gerner exchanged wedding vows on Thursday evening, October 22, at the home of Mr. & Mrs. E. A. Wells, aunt and uncle of the bride, in Amarillo. Darrel Gilbertson, Pastor of the Beautiful Savior Lutheran Church performed the double-ring ceremony.

Parents of the couple are Mr. & Mrs. Royce Friable of Memphis and Mrs. Harold Gerner and the late Harold Gerner.

Pink roses, burgundy carnations, pink tapered candles, and greenery were used throughout the home.

Mrs. Jerry Lowe of Memphis, sister of the bride, was Matron of Honor, and Mrs. Eddie Eads of Clarendon was Bridesmatron. Johnny Gerner of Canyon attended his brother as Best Man. Eddie Eads of Clarendon was Groomsman.

The bride was lovely in a floor-length gown of Ecru hand crocheted over ecru. She carried a cascade bouquet of pink roses, burgundy carnations, and baby's breath.

At the reception following the ceremony, the table was decorated with a 3 layer cake in white, pink, and burgundy topped with a pair of wedding bells, pink roses, and burgundy carnations, and silver and crystal appointments. Presiding were Mrs. Johnny Gerner of Canyon and Misses Michelle and Melissa Lowe of Memphis.

Mrs. Gerner attended Memphis schools and is employed at Royal Chevrolet at Canyon. Mr. Gerner is a

## Hedley Lioness Club met

Mrs. Girlstown USA, Molita Greer, gave a wonderful program to the Hedley Lioness Club, showing us some of her unbelievably delicate and beautiful lingere. She passed around profile sheets on the 14 girls at Berger and the Club decided that they would see to it that each girl had a personalized Christmas and Birthday gift this year. They will also begin a collection box so that there might be extra gifts collected in the event there are more girls arriving at Berger Girlstown. Anyone in Hedley interested in helping with this project, contact Sue Weatherly at the Security State Bank.

The Lioness Club did pretty well selling their pies at the Cotton Festival barbecue; they put \$144 into their savings account. The Lioness' will donate a full

page to the Hedley yearbook again this year. They will NOT be selling pecans. The December meeting will be the Christmas party time.

Those members present were: Mildred Clendennen, Betty Williams, Evelyn Messer, Mahdeene DeBord, Sue Weatherly, Helen Lamberon, Sue Nivens, Marty Toliver, Leslie Meyers, Mary Ruth Whate, Patti Springer, Zora Stephens, Louise Stewart, Betty Gilchrist, and Katie Dvorak. Guests were: Molita Greer, Eva Cantada, Mary Kay Club, Lura Dell Helms, Pauline Kaufman, Jean Rowell, and Callie Stephens.

The Hedley Lioness Club welcomes all visitors to their monthly meetings held on the first Thursday of each month. Those interested contact President Patti Springer for details.

Mr. and Mrs. L.C. Keith of Howardwick are celebrating their 50th Wedding Anniversary Sunday, November 15th at 2:00 p.m. with a reception at Howardwick Community Center, and invite all friends to attend. Hosts for the celebration will be their children; Mr. and Mrs. E.D. Keith (Dean) and Mr. and Mrs. R.H. Harkins (Sylvia) and their grandchildren. Mr. Keith and the former

Miss Edna Keith were married in Clarendon on November 14, 1931. They moved to Collingsworth County in 1938 where they farmed until retirement in 1974. They then bought property in Howardwick, and have made that their home since. Mr. and Mrs. Keith had three children; Dean, Sylvia and Daryl (deceased), 15 grandchildren and 11 great-grandchildren. The couple belongs to the Assembly of God Church.

## Hedley News

By WILLIE JOHNSON

Wynfred Doherty was in Hall County Hospital.

Virgil McPherson attended Greenbelt Water Authority meeting at Quanah recently. Myrtle Kirkpatrick visited Willie Johnson last week.

Mrs. Willie Grey Tims of Clarendon last week visited Mr. Lyles who had fallen and broken his shoulder. Mr. Lyles is 101 years old and very active. Mrs. Tims also visited Mrs. Willie Johnson. Sue Weatherly visited Willie Johnson. It surely is nice having Hedley people visit me, then I don't seem so far away from home.

Wynfred Doherty, Hobart Moffett, and J. H. Painter visited Willie Johnson last week.

Others visiting Willie were

Mrs. Dick Moore, Gertrude Rasco, Mildred Jewett of Estellene, Mr. and Mrs. Roy Brown.

Mrs. Zoe Chesser passed away in Ft. Worth last Thursday. Memorial services were held for her at Hedley First Baptist Church Saturday, at 2:30. She was a long time resident of Donley County having lived in Giles and Hedley and having raised her family there. She had four children and one sister Rhea Rozell of Amarillo. Sympathy is extended to the family.

Olea Altman is moving to Memphis this week.

Virgil McPherson is making a lot of improvements at the Clifford Johnson home in Hedley.

## Some Federal Tax refunds still undelivered says IRS

Undelivered Federal tax refund checks for some taxpayers are waiting to be claimed, the Internal Revenue Service advises. Many of these checks remain undelivered because taxpayers

move and do not leave adequate forwarding addresses with the U.S. Postal Service.

Taxpayers who filed on time and still have not received their tax refunds should check with the IRS as soon as possible, because refund delays can also be caused by lost or stolen checks.

Other refund delays can be caused by errors or omissions on the tax return, such as illegible names or addresses.

When inquiring about a delayed refund, the IRS suggests that taxpayers provide the names and addresses as they appear on the return, the social security numbers, the type of form(s) filed, the correct names and addresses if different from those shown on the return.

Generally, an undelivered refund check can be reissued within four to six weeks.

## 66th Legislative District in tact after redistricting except Wheeler Co.

In the recent State Redistricting of the House of Representatives, State Representative Foster Whaley, Pampa, retains all of his 66th Legislative District in tact except Wheeler County, which was lost to J.W. Buchanan, State Representative, Dumas. In addition, Whaley receives Crosby and Dickens Counties plus approximately 12,000 rural constituents along the North and East side of Lubbock County.

An earlier proposal paired Whaley and Bill Heatly from Paducah. They were unpaired as indicated on the accompanying map.

However, Representative Walter Grubbs of Abilene announced he was moving out of the city limits of Abilene to another part of his District in Taylor County that had been annexed to Heatly's District.

In effect, Heatly is now paired with Representative Walter Grubbs who is a popular representative in the 61st Legislative District.

Heatly would retain only 26,193 population of his old District. Grubbs would have over 70,000 constituents left over from his old District. It appears this will be an interesting political year.

## New material may replace asphalt

COLLEGE STATION — A transportation researcher says within 10 years an experimental highway material using sulfur may begin to replace asphalt in many of the nation's roads.

The new mix, a plasticized sulfur called sulphlex, could be particularly superior to current asphalt binders in the massive interstate highway system which is now 25 years old and is beginning to show signs of major disrepair, said Dr. Dallas Little, a civil engineer and researcher for the Texas Transportation Institute.

Little said in smaller roads where the layers of highway material were both thinner and fewer in number, traditional asphalt might prove superior.

## GIRL SCOUTS

By CRYSTAL HAVENS

### First Grade Brownies

On November 4th, 1981, a magic day for Troop #120, fourteen girls received Brownie pins: Kimberly Altman, Claire Boston, Dottie Bryant, Sheri Hall, Stella Jaramillo, Ginger McAnear, Laura McAnear, Amy McCord, Jenny Naylor, Dorcas Osburn, Krista Percival, Misti Seago, Tracy Shadie, and Tracie Sheilds. These young ladies worked hard to learn basic Girl Scout foundations in order to get their prized pins. Soon they will be selling Girl Scout calendars and pocket planners. Their own troop will make a profit from this work. We are also working on our Ready Helper patches. Brownies learn from helping and having fun. Thank you, Parents, for all your help!

### Second Grade Brownies

Troop 29 welcomed seven new Brownies November 3, 1981, with presentation of Brownie pins. Those receiving pins were: Cindy Hermsmeyer, Christina Nixon, Christy White, Jodi Kidd, Tamara Martin, Lani Douthit, and Scharla Leeper. Leshel Calloway will receive her pin at the next meeting.

This troop has also had a Court of Awards ceremony where nine girls received their one year Participation Patches and their Ready Helper patches. Those receiving were: Toni Breiting, Renee Erdmann, Kelly Edwards, Kim Hodges, Crystal Riley, Suzzette Henson, Regina Watson, Kim McAfee, and Taylor-Ann Harbert. Awards were mailed to Michelle DeLozier, and will be mailed to Patyue Floyd when we get her new address.

Second graders are going to work on their Friend-Maker and Discoverer patches this year.

We listened to what Minde had to do and what all we did. Here is what some of us did: Minde made a time capsule, Audra made a bird feeder, Michelle made a railroad track, Krystal had to sing a song and it was baa-baa-black-sheep. Crystal had to try and write down when thinking day is.

### Strong discipline deters crime

COLLEGE STATION —

State Attorney General Mark White recently told school administrators meeting at Texas A&M University that stronger discipline in the public schools will be a major ingredient for curtailing the number of people that go to prison.

"The Texas Department of Corrections has over 30,000 prisoners confined today, which is the largest prison population of any state in the country and more than all the federal prisons put together," White said.

White said one fourth of Texas prison inmates are 22 years old or younger, "and 99 percent of these youngsters' problems started back when they were attending school."

"Sometimes we wait too late in the education game to identify the problems associated with the lack of discipline," he said. "We should not only work towards stronger discipline, but perhaps we should educate students at an early age to show them what the criminal justice system really is."

# Four big success

Feats and Doyie Messer, took the 50 persons back to their camp and they turned a convoy into Hodge to the Lines Den where Zebbie Land served a great barbeque, sponsored by the SWCD.

After the meal, Dr. Hiethschmidt gave an excellent discussion on the Savory system of cell grazing. "Short duration," he explained, "is one herd on a multipasture, and the herd is moved at various intervals to graze in one area two times a year." The Savory method is different in that it is a short duration method of grazing, though you might be expected to double the number of cattle per acre, and you have more pastures and rotate the herd faster using heavier rates of stocking per pasture.

This is a very new and exciting method of grazing to this country. In Africa, from where Dr. Savory comes, this method has been used for over 13 years with success. John Lovell has built one of these systems, adapting it to his needs. The Savory method teaches that "the effect of one cow on 1 acre is not the same as 1000 cows on 1000 acres," and because of this principle, it is impossible to double the number of animals per acre and move them quicker.

You must stay on top of this method on a daily basis, however. Because it does work, with individual modifications, it could be a great boon to the ranchers in this area.

Any questions concerning this innovative measure can be answered by contacting Ronnie Gooch at the Donley County Agents Office, 874-2141.

The tour was very beneficial and informative. If you missed it, see Jack Moreman for information on his herbicide control measures for goldaster and shinnery. It will certainly be worth a cup of coffee!

## Brownie Halloween

## Carnival a success

BY CONNIE HAVENS

Brownie Troop 111 wants to thank all of the witches, ghosts, goblins and monsters for making their carnival a success Halloween night.

The troop raised \$200.35 which will be used toward doing something for the handicapped and elderly Clarendon. We hope to accomplish this before the year is out.

Winners for costumes were: Jodi Kidd for scariest with her witch costume. Most Original: Billy Bob Hoggard for his incredible Hulk. Silliest: Crystal Havens with her pumpkin costume. Most Original for the "older kids" was Tami Swinney and Mark Dicker-

son. Dean Cearly won the pumpkin with 838 M & M's by guessing 829.

A special thanks to Edlon Thomas for donating the dry ice for our Spook House and to Mr. and Mrs. Warren Hardin and Carrie Moss for their help and these high school students for making the Spook House such a success:

Tami Swinney, Dyanne Johnston, Mark Dickerson, Dean Cearly, Lynn Alderson, Wendy McCombs, Wayne Chamblis, Dianne Havens, Kay Bell, Billy Perry, Jerry Morris and Toni Michaels. I also want to say Thank you to Brownie Troop 111 parents and the girls, you did a great job.

## News from Troop 33

Boy Scouts Troop 433 will hold another workday this Saturday the 14th from 8:30 a.m. until 4:30 p.m. We need desperately to complete the demolition of the house at Carhart and E. Third. We are urging all dads of the troop to please show up for work.

We have had several generous donations from the following group and individuals from Clarendon towards our Scout house project. Mr. and Mrs. Carl Pitman, Mr. Forest Sawyer, Mr. J. P. Rhoades, Mr. and Mrs. Duane Myers, The Church of

Christ, The Episcopal Church, and Mrs. Deana Day.

## Upcoming deer season appears promising

The upcoming deer season promises to be everything that last year wasn't.

Good forage and better than normal weather conditions should result in better quality deer than a year ago and more of them.

Hunters can even expect better antlered deer from the improved nutrition which is a major contributing factor to their condition.

"Last year's drought effectively reduced the deer numbers in over-populated areas," explains Dr. Dwight Guynn. "This year there is more food for each animal which translates into good antler growth for bucks and higher fawn crops for does."

It's getting harder each year to predict the type hunting season that hunters can expect. Weather conditions and food availability are major considerations. With a good acorn crop and lush

green forage available, deer will feed mostly at night and bed down during the day, making hunting more difficult.

An early frost or scarce food conditions during the season usually cause deer to roam more during daylight hours to seek food. Deer would then be more visible and available to hunters.

Deer season opens in most Texas counties at sunrise on November 14. Good hunting!

## Fun After Fifty meets

Fun After Fifty Club met at the Lion's Club Hall Saturday, November 7, for their regular meeting. The 31

members present spent the time visiting. Everyone always enjoys the time spent that way.

A bountiful Thanksgiving dinner was served at the noon hour. Tenny Smith did a fantastic job cooking the Turkey and dressing. The trimmings were brought by the members.

Everyone had a wonderful time and left looking forward to our meeting next month, December 5. We will have a Christmas dinner at that time. Make your plans now to be there.

## Attractive Christmas gifts available at post offices

Postmaster Robert G. McCombs of Clarendon recently announced release of the U.S. Postal Service's 1981 Commemorative Mint Set and the latest edition of Stamps & Stories, a Postal Service book on stamp collecting for the new collector as well as the experienced philatelist.

The 1981 Mint Set album contains all the 40 commemorative and special stamps issued by the U.S. Postal Service during 1981 (including the 1981 Christmas stamps and a description of each).

The 1981 Commemorative Mint Set is the most recent in a series of annual sets released by the Postal Service each year prior to the holiday season. The cover of the \$8.25 Mint Set features a montage of artwork related to the commemorative stamps. Inside the album are clear strips of acetate in which to mount and protect the collection.

The new full-color eighth edition of Stamps & Stories--The U.S. Postal Service Encyclopedia of U.S. Stamps, is on sale and is priced at \$3.50, the same as last year's book. The 280-page book provides interesting philatelic information such as 1981 market values for the novice and experienced collector. It includes information on price trends of selected stamp issues, catalogue numbers and current prices for souvenir pages and commemorative panels, and an index listing of every U.S. Commemorative stamp ever issued.

Stamps & Stories, designed to introduce non-collectors to stamp collecting, also contains more than 100 stories about U.S. stamp subjects and designs.

Moreman who showed up for the Donley County Extension farm and ranch tour fell right at home high atop the bales of hay as two trailers staged up for the transportation of the guests. The Hedley High School Agriculture class turned out in full force to learn of the many ways to control goldaster and brush. The Clarendon College Ag class as well as several ranchers from the area climbed aboard the bales of hay for the tour.

Ronald Gooch, County Agent, gave a brief introduction of the guests who were: Dr. Pete Jacoby from the research station in Vernon, the range and brush research expert; Dr. Rodney Hiethschmidt from Throckmorton experimental ranch; Don Reeves, the Extension Agent from Wellington; Ray Null, Farm Demonstration Assistant from Wellington; Dr. J.F. Cadenhead, Area Extension Range and Brush Control Specialist from Vernon.

The Jack Moreman ranch had been divided into several experimental areas to show the effects of 2-4-D on goldaster, the problem weed that is taking over much of the rangeland grass areas. Goldaster excretes a toxic poison which will kill or prevent growth of grass in the immediate area in which it grows. With control of goldaster, the native grasses will come up and spread.

Moreman sprayed 1 lb. of 2-4-D using a ground sprayer equipped with a cluster nozzle with the top nozzle plugged. Effective swath width was approximately 20 feet. Picloram and 2-4-D in a 1:8 ratio was used, 12 gallons per acre. Dr. Jacoby has been using variations of this mix in his research at Vernon. No noticeable difference in the mix has shown up, so the 1 lb. treatment seems to be most effective and economical for our area.

Gooch remarked that "goldaster is a serious problem all over the panhandle. 10-12 years ago we first saw it in soil bank fields, but now it is in native ranges. It hurts the grass production. If something is not done, alot of this grass will be stunted or killed."

Graslone 10P (10% tebuthiuron) at a 1/4 lb. active ingredient per acre was used to control weeds on another plot of grass. A cyclone spreader was used for the pellets resulting in a very effective kill of shinnery and an excellent control of goldaster. Elanco Products produces the Graslone. There are only a few approved applicators. The closest applicator to our area is Harold Hardcastle Ag Air in Vernon. Application must be done by air and an Elanco representative must be present. A beneficial side effect of using Graslone to control shinnery is that after the shinnery has died, the grass around the clump will look like it has had a shot of nitrogen because of the decayed plant matter infused into the soil. The cost per acre might be around \$25-30 considering the price breaks for larger areas to be sprayed and other variables.

An interesting plot of Old World Bluestem grass was seen. The seeds were obtained through the Plant Materials Center, Knox City. The variety Moreman planted is PMT-587 and is a good drought resistant strain, in fact, it doesn't do well in wetter areas. Bluestem has great potential for tighter soil types than does the lovegrass. It is high in fiber content as well as protein for cattle. If a combination of Bluestem and lovegrass are used in a rotation measure, it will be a most beneficial combination for cattle production.

Another plot showed some mesquite control using a pelleted herbicide by Dupont, the Velpar 20% gridballs at 6 foot intervals. The 1/2 acre plot received 2 1/2 pounds of the 20% gridballs, approximately 615 balls were used for an average ground coverage of nearly 35.5 square feet per gridball. The estimated cost per pellet is 2c, including cost of labor. This plot cost \$12.30 to control the mesquite.

The pellets are not labeled for rangeland use yet. But it could be possible in the future to have brush control on an individual basis, putting a pellet near the tree you want to remove. This would cost about 11c a tree to individually treat, including labor cost. It might be necessary to defer the area while treating because the pellets are about the size of a peach pit and would be attractive for a cow to eat. The pellets would not harm the cow, but everywhere she defecated or urinated, the chemical would still be present and she would effectively kill plant and brush growth as she walked.

Sage control was observed on the Chester Lambert ranch which Moreman manages. The area was pretty well over-run with sage clumps and the grass was pretty sparse due to goldaster and over-grazing. Last spring, the area was sprayed with a pound of 2-4-D per acre. This measure also cleared the goldaster problem. Native grasses were already beginning to make a comeback. Moreman said that "these seeds are in the soil, but you'll never see them unless you defer the range or spray for goldaster to let them come back. One reason that you heard stories about feeding cattle only on grass without supplement was because there was such a good combination of native grasses. One would stay green until another died down, so there would always be green grasses for them to graze. We overgraze too much for us to see these grasses now."

The tour had loaded from the hay wagons onto buses to see this sage control plot. After this stop, the two drivers, Otis
