

# Mayors Message to citizens about water bond

In the Spring of this year you were asked to consider an extensive water improvement project. The City Government proposed borrowing \$500,000 from Farmers Home Administration at 5% interest, to be paid over a 40 year period in equal annual payments of \$29,000. To meet this payment, the monthly service charge was

to be raised from \$14.00 to \$24.00. On May 19, 1981, an election was held, for or against the issuance of \$500,000 Water Works System Revenue Bonds. This proposition carried. Soon after the election, we were told that loan assistance would not be available for our water project until after

October 1, 1981, which is the beginning of Fiscal 1982 for FmHA. On October 9, 1981, we received a letter from Mr. Lynn Futch, FmHA State Director, informing us that recent action by Congress had increased the interest rate on water and waste loans to 12 1/4%. If we borrowed \$500,000 at

12 1/4% interest for 40 years, the annual payment would be \$61,858. This would mean a monthly service charge of over \$50.00 for each household. This did not seem reasonable to us. If we only borrowed \$240,000 we would stay within the \$29,000 annual payment \$24.00 a month minimum service charge.

However, in this case we could do less than half of the work proposed. This did not seem reasonable to us either. A special called meeting was held on November 17, 1981, with all members of the City Council present. After much discussion and a careful study of the facts as we know them at this time, the following motion was made

by Alderman Tex Selvidge: "I make a motion that we do not approve the \$500,000 loan proposal at 12 1/4% interest from FmHA, and that we table this water project until such time as we can borrow money at a reasonable rate of interest, in order to complete the entire project as voted on by the citizens of Clarendon."

This motion was seconded by Alderman Richard Bell. This motion passed unanimously. If you have questions or suggestions concerning this project, please contact us at any time. Meanwhile, we, the elected officials of this City, will continue to strive toward progressive, but responsible,

solutions to the problems of this community. Respectfully, Shirley J. Clifford, Mayor; Leonard Selvidge, Alderman; W.W. Lovelady, Alderman; Lloyd McCord, Alderman; Richard Bell, Alderman; and James Kuhn, Alderman.

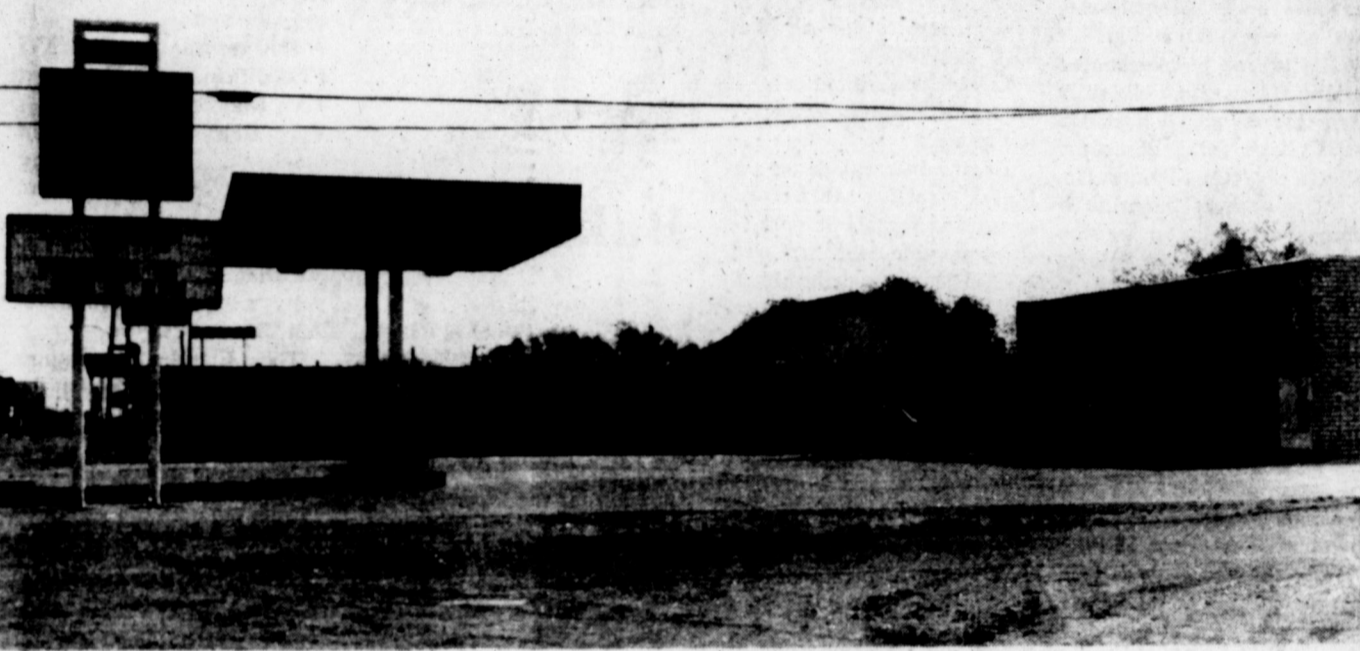

"To hope is to enjoy." Jacques Delille

WILL-MART OPEN for business last Thursday

## Will Mart Opened for your convenience

Manager Jack Daniels announced that Will Mart is open for business as of last Thursday and will be having their open house in the near future.

Daniels has been a resident of Clarendon since 1978 in the grocery and restaurant business during those years. Now his position as manager of Will Mart will combine both of those talents and experiences.

Will Mart features in-store eating. "Many folks don't yet realize that they can come in and eat," says Daniel. There is a snack bar as well as student type desks where folks can come in, sit down and eat their deli or pastries purchased in the store.

The deli offers lunches, each Thursday you can have a combination Mexican plate. The food is served all day long. You can purchase smoke-o-roma barbecue, cold sandwiches, flavor crisp broasted chicken and corn, hot links, Polish sausage, burritos, or a variety of salads such as potato, cole slaw or macaroni.

You may want to call in an order for your food. The number is 874-3376.

In addition to the deli, Will Mart features a fresh daily bakery. Ann Calloway received training from a pastry chef in Pampa for three weeks to learn the arts she displays each day.

You can have turn overs, brownies, cinnamon Danish bow ties, cookies, cream or jelly filled donuts, plain or frosted donuts, long johns, cinnamon rolls, fresh baked

bread, rasin bread and french bread or onion rolls. There is also a self-serve fountain soft drink or coffee bar to go along with those pastries. In fact, if you should want to buy a "Bottomless Coffee Mug" for 99c, you can have a large cup of coffee FREE each time you buy a pastry, or even a can of dog food...any purchase and that mug of coffee gets refilled...FREE.

Will Mart carries all of your needs from tobacco to gas.

The gas is Diamond Shamrock regular, no-lead, ethyl or deisel. The gas pump is opened 24 hours a day and accepts the following cards: Diamond Shamrock, Master Card, Visa, Carte Blanche, Bank Americard or Insta-Comm and Comm.

## Beauty & Brawn Pageant Nov. 30

Clarendon High's annual search for the beauty and brawn will be underway Monday, November 30 at the Harned Sisters Auditorium at 7 p.m. The lovely gals and burly guys will entertain the public in this lively evening. Cost for adults will be \$1.50 and students need bring only 75c at the door. Come one, come all and help support your Clarendon beauties and brawnies!

Check as well as Dial-a-check. Truckers will enjoy the large, spacious parking lot.

The famous iced drinks are currently available in Dr. Pepper or orange pineapple. These flavors change periodically.

Another great feature is the marquee out front. It is available to all civic organi-

zations, high school and college sports or other groups on a space available, first come, first serve basis.

Will Mart employs nine local folks.

Call in your order for bakery goods, deli goods or barbecue for parties. Daniels also said he can smoke turkeys, think about that for your Christmas turkeys.

ANNETTE WATSON

## Annette Watson FTA District XVI President

It is not very often that a Freshman has the initiative, stamina, know-how or ambition to challenge all of the "seniors" at a convention her first year. But that is exactly what Annette Watson did! She delivered a wonderful program, one that out-campaigned her opponents hands down. When it was over, everyone was impressed with that "junior" FTA'er! Her sponsor, Miss Betty Veach said calmly, "Annette has plenty of time to be president several more years...she is just a freshman." and the jaws dropped. The West Texas State University campus in Canyon was the place for this exciting event, the District XVI FTA Convention, Tuesday, Nov-

ember 10. Fifteen chapters from area high schools attended.

Mr. and Miss FTA Speech contest was the first event held, the winners won a \$100 scholarship to the Texas college of their choice.

Clarendon's FTA chapter scored another victory with placing third in the Scrapbook competition. This is a long, tedious, involved project that requires much imagination and many, many hours of work. The Yearbook another involved project, took second place in District competition! Dianne Havens, 1981-82 District XVI Historian presented the awards, with a little more enthusiasm for her Clarendon Can't Page 2

# Broncos beat Panhandle 49-28

By SPENCER HAYES

Hosea Hearn exploded for a career-high 309 yards and four touchdowns to carry the Clarendon Broncos past the Panhandle Panthers for the bi-district championship before 4,000 fans at Pampa's Harvester Stadium Friday night.

Hearn lashed through the Panthers defense following dominating blocks by the Bronco line. The win advances Clarendon into Regional-final action, where the Broncos will challenge the Hale Center Owls.

Clarendon, however, did not dominate from the beginning. After the opening kickoff, the Broncos drove into Panther territory but fumbled. The Panthers then drove to midfield punting the ball to inside Clarendon's 5 yard line. And, as luck would have it, the Broncos lost the ball on the very next play. It then took only two plays for Shawn Fryrear to put Panhandle on top, 6-0.

On the ensuing kickoff, David Weatherton took a handoff from Junior Crump and returned it 50 yards to the Panther 40. Following the quarter change, Bobby Weatherton dragged two Panthers into the end zone. After Arlis Thomas's kick, Clarendon led 7-6. That score by Weatherton was to be the first of six unanswered touchdowns.

Clarendon scored on its next possession when Weatherton dove in from two yards out to make it 14-6. Clarendon's final score of the half came with only thirty seconds left as Hearn took the pitch from Brad Thompson and breezed in for a 21-6 lead.

In the first half, the Bronco defense held Panhandle's potent passer Tod Mayfield to less than 50 yards through the air, and the cats had trouble moving the defense, which was anchored by nose-guard Billie Perry's 10 unassisted tackles. However, on the first play of the second half, Stacy Rusk took a pass from Mayfield and raced 74 yards before being dragged down by Hearn at the two. Panhandle seemed sure to score, but on fourth down and inches from paydirt, Scott Newland drilled Fryrear two yards from the line of scrimmage to give Clarendon the ball. That goaline stand, according to Thompson, was the key to the victory. "With a touchdown there", Thompson said, "Panhandle was right back in the game".

But a touchdown didn't come, and, although Clarendon didn't drive to score, they called on Thomas to punt from in the end zone, and he put them near midfield. Clarendon soon got the ball back, however, and drove to score on a 4-yard plunge by Weatherton. Panhandle then started to fumble, mainly because of Perry, who caused three

fumbles and Bryan Hill, who caused one - Clarendon took the ball close to midfield and in only three plays scored when Hearn bounded 48 yards as the ecstatic Clarendon crowd roared its approval. From that point on, a Bronco victory was almost certain.

Hearn scored again after the change of the quarter on a 19-yard jaunt, following a block by Junior Crump, who

GREENHAND CHAPTER conducting Area I [front row l to r] Wayne Chambliss, Mitch Johnson, Lynn Alderson Back row Tim Cole, Dean Cearley, Carl Cox and Rodney Keown.

## FFA Sr. & JR. Teams win area

Milton Mann is the sponsor of the Clarendon High School Future Farmers of American organization. He has had his job cut out for him this year and has excelled in that job. The Senior Chapter Farmer and the Junior Greenhand Chapter both took first place in the Area I Conducting competition held in Canyon last Saturday.

Each team had to conduct a meeting, in the proper Parliamentary procedure, then problems were posed to the team members to see how they would handle difficult situations. Both teams will go to the State competition in Huntsville next week. Members of the Senior conducting team are: Dyron Howell; Steve Shallar; Jack

Downer; Richard Gaines; Ray Lindley; Arlis Thomas; and Ken Dorris. Members of the Junior Conducting Team are: Tim Cole; Lynn Alderson; Mitch Johnson; Carl Cox; Wayne Chambliss; Dean Cearley and Rod Keown. Good luck at State and remember which end of the gavel is up!

## Turkey Winners Ready for Thanksgiving

Twenty businesses around town graciously purchased turkeys to be given at a drawing held Friday, November 20. The winners of these delicious turkeys were drawn at the following stores: Alderson Chevrolet-Ivon Goodman; Bain's Fountain & Gifts-Lloyd Molder; Biven's Pharmacy-James McKinney; Bobbie's Craft Shop & Automotive Supply-Bud Hermesmeier; Bylow Foods-Joe Strickland; Charlie's Grocery-Gloria Gage; Clarendon Auto Supply-Gary Mays; Dairy Queen-Charlene Ford; Gibson's Discount Center-Edie Robertson; Greene's Dry Good Co.-M. Petit; Guys

& Dolls Beauty Salon-Jaci McAnear; Hensons-Ruby Keith; J & W Lumber-Charles Pentit; Judy's Hair Design-Mrs. G.A. Myers; Mike's Gibson Pharmacy-Jack Dickerson; The Nook-T.T. Allred; Osburn's Furniture & Appliances-Steve Smith; Phil's Cleaners-Barbara Hewitt; Salem II-Frank Rairez and The Tumbleweed-Margaret Waldrop.

Thanks to these fine merchants, these twenty families will enjoy Thanksgiving dinner with a fine turkey.

\*\*\*  
 "The best answer to anger is silence." German proverb

West Texas Utilities Company has filed for a general increase in its retail rates, citing inflation, high interest rates, and an essential major construction program as the reasons for the action.

The official filing was made Wednesday in Clarendon by Jerry Chambliss, local manager.

Chambliss said the application is a systemwide request for higher rates. Simultaneous filings were made in other incorporated towns for retail customers within their jurisdiction and with the Public Utility Commission of Texas for an increase to retail customers outside incorporated towns. The filing with the PUC also includes customers in eight incorporated towns which have ceded jurisdiction to the PUC.

WTU filed October 15 with the Federal Energy Regulatory Commission for a rate increase to wholesale cooperative and municipal customers.

The proposed rates would produce an increase in total revenue of \$32,256,983. This amounts to 15.4% based on adjusted revenues of \$209,402,398 for a 12-month test period ending September 30, 1981.

WTU requested that the new rates become effective January 1, 1982. Chambliss said that a rate increase granted WTU last year "did not get the job done." That increase was for an average 8.3% and was only the second in the Company's entire history.

"The relief you granted us has been overrun by inflation and high interest rates and the need to build additional facilities," Chambliss said.

Growth in demand for electric energy, caused by a steady increase in new customers and higher usage by old customers, is forcing WTU to expand its facilities.

WTU's newest power plant was completed in 1977, and since then the summer peak demand has grown to a point termed "uncomfortably close" to the system

generating capacity.

The current construction program includes a coal-fired power station at Oklaunion, near Vernon. Although ownership of this plant will be shared by two sister companies in the Central and South West Corporation, Oklaunion will be the most costly project ever undertaken by WTU.

So far, WTU has lagged well behind most of the industry in increasing its rates. A recent report from the Public Utility Commission shows WTU's rates to be second lowest in the state among investor-owned companies and fifth lowest among all utilities.

Under the proposed rates, an average bill for basic

residential service would be increased by 19.1%. For example, a residential customer using 600 kilowatt-hours per month would pay \$40.95, compared to \$34.39 under the present rates—a difference of \$6.56. This would include fuel costs.

The city has several options in responding to WTU's request. It may deny the increase, suspend the increase for a certain period of time, or approve the increase. The city also has the option of denying the request and ceding future jurisdiction to the Public Utility Commission. Eight municipalities in the WTU service area chose to cede jurisdiction last year.

DIANNE HAVENS FTA President

winners than the others on that young man... certain that she could challenge anyone for THAT office as well!

The first general session was presided over by Tod Mayfield, 1980-81 District XVI President. Karl Travis, state president of FTA brought greetings from state and told of the upcoming State Convention in February. Annette kept her eye

the Texas Adult Probation Commission.

In the 25-county area, there are 26,000 alcoholics with the majority being male, but the female rate is rising, according to Cooke.

## LVNA

## Bake Sale

LVN Association is having a Thanksgiving bake sale Wednesday, November 25th at 9 a.m. at Gibsons. We will have all kinds of pies, cakes and goodies. Just what is needed for the Thanksgiving holiday.

We have some very good cooks in our Association, so come in and visit with us and pick up a pie or cake. Leave the baking to us.

on that young man... certain that she could challenge anyone for THAT office as well!

Fifty-five voting delegates from the FTA chapters were seated in the second general session to elect the District officers for 1982-83. In addition to our president Watson, Vice-president Amy Morris of Tulsa; Recording Secretary Sandy Kingham of Panhandle; Financial Secretary Kim Tye of Kress; Historian Theresa Lowry of Borger and Parliamentarian Nena Barber of Canadiar were elected.

The retiring District XVI FTA officers are: President Tod Mayfield, Panhandle; Vice-President Melinda Stephens, Tulsa; Recording Secretary Sandra McKee, Childress; Financial Secretary Kim Tye, Kress; Historian Dianne Havens, Clarendon; and Parliamentarian, Jan Dennis, Canyon.

The Clarendon Chapter will be preparing to go to the state convention with great gusto.

Attending from Clarendon were: Carl Watson, Muzzy Hayes, Annette Watson, Dianne Havens, Dyanne Johnston, Wendy McCombs, Toni Michels, Kay Bell, Rosia Arias, Pat Ritchie, Tony Kuhn and Miss Betty Veach, Advisor.

## DWI Education program

In an effort to cut down on alcohol-related traffic accident deaths in the State of Texas, a mandatory DWI education program has been enacted by the legislature, and goes into effect Jan. 1.

The course is coordinated through Amarillo College in cooperation with Clarendon Jr. College for a 25-county area in the Texas Panhandle. Bill Cooke of Amarillo is program coordinator for Amarillo College Safe Driving Practices.

Cooke said the program is designed to educate persons convicted of driving while intoxicated on the effects of alcohol.

The current class schedule consists of four 2 1/2-hour sessions, with each class being made up from 15 to 25 DWI offenders placed there by a judge through the probation departments.

Each person is pre-tested and post-tested with the computed results given to the probation department at the end of the course.

At the conclusion of the course, a test is given to see what the offenders have learned.

Cooke related anyone who has been convicted of a DWI offense, and is in the course, must pass the test, or their license is automatically suspended for at least a year.

"We do not judge the offenders, but help them to identify with their own problems," said Cooke.

Cooke further said, "If we CLARENDON PRESS and The Donley County Leader, published every Thursday at Clarendon, Texas, 79226, Box 1110, at Highway 287 and Jefferson Street and entered as Second-Class Mail at the post office at Clarendon, Texas.

J.C. and Helen Woody publishers and Katie Dvorak, Editor.

Subscription rates: \$10.00 a year outside Donley County \$8.00 a year in Donley County.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

can keep them out of autos, we can save lives."

In 1980, Texas motor vehicle traffic deaths reached a record high for the fourth consecutive year, a five percent increase of the previous high in 1979.

Cooke said 50 percent of all traffic fatalities are alcohol related.

Deaths in rural motor vehicle traffic accidents accounted for 56 percent of the statewide death toll with a DWI factor contributing to 659, an increase of 18 percent over 1979.

In this area alone, 127 were recorded as highway fatalities, 23 percent of all statewide fatal accidents involved DWI, 27 percent of all rural fatal accidents involved DWI, according to official reports.

Cooke said alcohol is not a stimulant as most people think, but a depressant. "Alcohol will let you do things you wouldn't normally do. A person loses his inhibitions, and has a change of personality while under the effects of alcohol," he said.

Cooke, a recovering alcoholic himself said, "There are many people really interested in the program, and I resent the program not being utilized when we have the means to help people with a drinking problem."

In the 25-county area, there are 26,000 alcoholics with the majority being male, but the female rate is rising, according to Cooke.

In order to get the program started a grant was approved for the first year, but that financial aid has been used. The course will now cost a fee of approximately \$310 for each class.

Cooke noted the fee is to pay for the instructor, and program expenses. The client is responsible for the fee, and there is no taxpayers' money involved in the expense.

The program designed to rehabilitate persons who have driven while intoxicated is jointly approved by the Commission on Alcoholism,

the Texas Department of Public Safety, the Traffic Safety Section of the State Department of Highways and Public Transportation and

## Image Of The Beast Coming

IMAGE OF THE BEAST from Mark IV pictures, a powerful motion picture about the Great Tribulation period predicted in Bible prophecy, will be shown at Clarendon Church of the Nazarene on 29th November at 6 p.m.

This intense, 90-minute drama depicts the stark realities of the sufferings to be undergone by those alive during the years of tribulation.

As the movie begins, the Rapture has removed Christians from Earth, a new world government has been established and those who refuse to take its computerized "mark" are being executed.

As the viewer sees the prophecies take place, the Gospel is clearly presented along with the urgency of making a decision for Jesus Christ while the opportunity still exists. As one of those "left behind" after the Rapture laments, "I was truly sincere, and I was sincerely wrong."

The movie is uncompromisingly realistic. Yet it leaves hope. The harsh reality of God's judgement is contrasted with the gentleness of His love for His people. Even children can understand the Gospel as they see a little boy facing death with a bold new saving faith in Jesus Christ. This movie is recommended for children when viewed with a Christian adult.

The intensity of this fast-moving drama will grip viewers as God's Word is revealed. It is hard-hitting movie with an impact that cannot be forgotten.

# Howardwick Council meeting

The Howardwick City Council met in regular session at the City Hall on Saturday, November 14, 1981 at 8:30 a.m. Members present were Mayor Waldon Moore; Aldermen Neal Mann, Leon May, Charlie Prickett and Lawrence Whitehead with Alderman Carol Cole absent. Others present were City Attorney Pat Slavin, City Secretary Connie Milam and fifteen (15) guests.

\*The meeting was called to order and the guests were welcomed.

\*The invocation was led by John McVicker.

A motion to approve the minutes of the October 10, 1981 regular monthly meeting was read.

\*A motion to approve the minutes of the October 26, 1981 special called meeting was read.

\*City Attorney Pat Slavin read proposed ordinance #47, "An ordinance declaring growth or accumulation of weeds and/or brush over twelve (12) inches in height a fire hazard, providing for the removal of same by the City of Howardwick, Texas at lot owner's expense and providing for reimbursement and fine". The questions of whether and why this ordinance is needed if the City wants to not have to notify each owner individually if and when his property becomes a fire hazard and to have a punitive element. He also stated that if an occasion arose that a fire hazard did in fact exist when weeds and grass were below the twelve (12) inch height, the City could by resolution declare that a fire hazard did exist at any designated height. A motion to adopt said ordinance, made by Prickett and seconded by Whitehead, carried 3 voting yeas and 1 (Mann) abstaining.

\*The problem at the gravel pit concerning the water line there was discussed. Action will be taken to solve the problem.

\*The October 1981 financial report was approved as read.

\*The question of whether all City property has been winterized was discussed. The statement was made that all property has been winterized except the community building and that it will be winterized now as it is not rented again until spring.

\*Lois McVicker, president of the Laker's Homemakers Club, asked if the City would allow them to install a ceiling fan in the City Hall at the club's expense and stated that they hoped that other organizations might want to do the same so that all could be installed at the same time. Permission was granted. Meeting adjourned.

# Country Squire Dinner Theatre

Dorothy McDonald and Archie Dwyer star in the Country Squire Dinner Theatre production of *Love And Kisses* that opens December 1 at the Amarillo theatre.

McDonald and Dwyer portray Carol and Jeff Pringle, average parents with a suburban home and two children. Son Buzzy is a high school senior planning to spend the summer working for his father before going to the university. Daughter Elizabeth is getting married, and her elaborate wedding plans rival those of Prince Charles and Lady Diana.

In the middle of Elizabeth's wedding preparations, Buzzy comes home and announces that he married his girlfriend during their lunch hour. The ensuing confusion is

the basis of this comedic tribute to matrimony. Jeff and Carol try to offer advice and support to both their children and the results are often hilarious.

McDonald comes to the Country Squire following an eight week engagement at the Harlequin Dinner Playhouse in Santa Ana where she co-starred in *The Marriage-Go-Round* with Steve Meyer.

She has appeared in several Country Squire productions including *The Rake-maker and Not Now, Darling*. Ms. McDonald now lives in Los Angeles, but said she enjoys returning to her native state of Texas.

Dwyer calls Amarillo home and he also has appeared in other Country Squire productions. His most recent performance was in *Janus* with

Virginia Mayo. Other cast members for *Love And Kisses* include John Glenn, Maury Eskin, Sheridan Wright, Stephen Berrier, Robin Goodhue and Jerry Brewer.

*Love And Kisses* plays each Tuesday through Saturday at the Country Squire. Curtain is at 8 p.m. following a buffet meal that begins at 6 p.m.

Special Sunday hours are 4 p.m. for the buffet and 6 p.m. curtain time.

The Country Squire Dinner Theatre, now under new ownership, is located at Interstate 40 and Grand in Amarillo. Call 372-4441 for reservations.

## Accurate Record Keeping Good for Taxpayers

Keeping accurate financial records for income tax purposes should be as important as keeping a record of the family car.

When the time comes for filing a federal tax return, good records can avoid the difference between filing an accurate return or an inaccurate one, the Internal Revenue Service says.

Good records can also insure that taxpayers take all the deductions and benefits they are entitled to.

Taxpayers are not required to use a specific recordkeeping system, however, receipts, cancelled checks, bills, old returns and other written documents are essential in proving expenses. Tax records should be kept at least three years after the return is due or filed, or two years after the tax was paid, whichever is later.

An exception to the three-year retention rule is a property transaction, such as the purchase of real estate. These records should be kept for as long as they are helpful in determining the basis of

Requirements and Tax Publications. Taxpayers can obtain the best publication by mail by using the handy order blank contained in the tax package, or calling the IRS Tax Forms/Information number listed in the local telephone directory.

Would you believe a set of twins, each weighing more than 700 pounds? Billy Leon and Benny Loyd McCrary, who performed at fairs and other affairs as Billy and Benny McGuire, were the heaviest twins on record. In November, 1978, Billy weighed in at 743 pounds; Benny, 723 pounds. Both had 84-inch waists.

Every new 1982 Zenith color television comes from a final assembly plant in either Springfield, Missouri or Chicago, Illinois. They come through the Zenith Manufacturing System. That system establishes a quality standard unique in the industry. Zenith center in Glenview, Illinois is the hub of the whole system. There, the research, design and engineering staff formulate long-lasting performance specifications for each component part of every new Zenith. In the Glenview laboratories, Zenith is moving television into the future.

**Public Hunt for Mountain Sheep**  
 (Barbery) sheep and feral goats will be held at Caprock Canyons State Park in Bristow County Jan. 2-16.  
 The Texas Parks and Wildlife Commission, meeting in Austin Nov. 5, authorized the 14-day hunt which will be conducted similarly to the hunt held there last year.  
 The hunts will be conducted to provide recreation and help control numbers of the introduced aoudad sheep and feral goats which compete with native mule deer herds at the park. Staff members told the commission the hunt will have minimum impact on park activities as visitation during January is very limited.  
 Hunters will be selected by

public drawing at 10 a.m. Dec. 9, 1981. Applications for the hunt must be received by 5 p.m. Dec. 3. Application forms may be obtained by writing the Park Operations Branch, Texas Parks and Wildlife Department, 4200 Smith School Road, Austin, TX 78744.  
 A fee of \$350 will be charged each hunter for the two-day hunt, which begin at noon the first day and end at noon on the third day. Hunters selected for last year's hunt will not be eligible. Bag limit will be one aoudad sheep per hunter. A total of 56 permits will be issued.  
 Hunters also are reminded that they will be required to wear a minimum of 400

### Hints for Homemakers

TIPS TO HELP YOU

With the Christmas holidays fast approaching, it's time to consider ways to freshen and clean the home environment. Here are a few simple techniques for improving the quality of indoor air:

- Clean floors, woodwork and furniture with cloths and mops moistened with water or mineral oil.
- Keep closet doors and bedroom doors closed

to avoid unpleasant odors and dust from other rooms such as the kitchen.

- Keep windows closed.
- Consider one of the new air cleaning machines such as the Pollenex Pure Air "99" TM which helps to remove pollen, dust, smoke and household odors from the air.
- Top radiators with a pan or tray of water to raise humidity.
- Avoid using aerosol-propelled cosmetics and cleaning agents.
- Try vinegar as a substitute for more toxic cleaners.
- Use white, non-perfumed paper products such as toilet paper, paper towels and facial tissues.
- Use washable fabrics for curtains and drapes, throw rugs, bedspreads and table cloths.
- Vacuum floors, furniture and draperies once a week.

### MORE ANSWERS! THE MOTHER EARTH NEWS

### PUTTIN' UP MATERS

If you rescue what's left of your green tomatoes before that first frost gets to them, you can extend your garden harvest for a couple of weeks.  
 The green fruit can be placed on windowsills, counters, and tables... and will continue to ripen off the vine. On the other hand, you may prefer to wipe the fruits clean, wrap each one in newspaper, and then pack them in cardboard boxes to be stored where they won't freeze. Check the tomatoes for ripeness each day by gently squeezing the fruits and removing—for immediate use—those that feel soft.  
 Or you can do as several of our readers have suggested and simply uproot whole tomato vines just before frost, shake off the dirt, and hang the plants upside down indoors. The fruits will then ripen in their own time... if you're one of the people for whom this trick works well.  
 And if none of those techniques appeal to you, there's yet another possibility: Tomatoes will often grow and produce all year if planted indoors in big pots and judiciously pruned to manageable size. If you're venturesome—and have plenty of space near a large south window—go ahead and give it a try.  
 Once you've brought in that last-minute crop, you'll probably want to preserve the beauties that are ripe when picked. The boiling-water-bath canning method is the most commonly used process for putting up tomatoes. Unfortunately, some regions seem to have a constant shortage of jars during the canning season.  
 However, some commercial food products—mayonnaise and other salad dressings, mustard in large quantities, etc.—come in jars that fit one or another of the standard-sized canning lids (regular, wide mouth, or No. 63). These can frequently be used as substitutes for proper storage jars, though many home economists discourage the use of such containers for any canning methods other than the boiling-water bath.  
 But in some areas, it's lids—not jars—that are really hard to find. Well, good news! Large numbers of commercial glass containers are fitted with self-sealing tops, and both the jar and the lid are reusable.  
 Any time you come by a jar with a metal twist-off lid, look inside the cover. If you find a built-in plastic ring, you're in luck. That band can be softened by heating, and the top—properly handled—will then reseal its matching container.  
 At canning time, keep such lids in boiling water until you're ready for them. Then place the tops on the appropriate jars (now filled with hot produce), screw them down firmly (but not too tightly), and process the batch in the usual way. The containers will self-seal as they cool.  
 Fair warning: Canning with resealable commercial jars and lids is definitely not recommended by experts. All the same, many folks have done it successfully... and have experienced no more failures than occur with regulation equipment.  
 After all, "waste not, want not" is an old adage that still applies in these days of high food prices. If you take a little time, you can "waste not" either your last-minute tomatoes, or your supply of glass containers.

### Senator Bill Sarpalius

### Reports

### CRACKDOWN ON CRIME

AUSTIN — We are fortunate to live in the Panhandle and the South Plains. We do not have to worry about crime to the extent that people who live in other parts of the state have to worry about it.  
 But crime in Texas is a problem, and it's a statewide problem. Crime anywhere in this state is a problem everywhere in this state.  
 We wish we could do more to strike at the roots of crime. We wish we could pass a law that would strengthen families, that would give people the old-fashioned virtues that made this country great. We wish we could legislate sincerity, hard work and honesty.  
 But we cannot. The values that make most people turn away from crime and lead honest, productive lives are taught in the home, not ordered in the Legislature. What we can do in the Legislature is make crime less attractive, last session by passing a bill that allows oral confessions to be used in court in the trial of criminal defendants. The confessions must be recorded on film or videotape.  
 People talk a lot these days about criminals' rights and victims' rights and how these rights are always in conflict. Maybe they are, but we always thought a trial was a search for the truth — and justice.  
 Truth and justice should be well-served by this new law, because it requires oral confessions to be recorded, either on film or video tape. That way, the confession will be seen in court exactly the way it happened, with no chance for one side or the other to doctor the truth.  
 Whether the defendant is guilty or innocent should be readily apparent from a viewing of the confession. Of course, we don't anticipate that many juries will be seeing taped confessions of innocent defendants — that would be a waste of time.  
 So we expect this law allowing oral confessions to be a great help for law enforcement. For one thing, if a defendant knew the prosecutor had his confession on film or tape, he would be less likely to push for expensive and time-consuming legal delays.  
 Trying to make the state, including our system of criminal justice, work better, is what we are working for in the Legislature. We know many of you have experience in the field of criminal justice, and have ideas on how to improve that field. We would like to hear from you. Please write to Senator Bill Sarpalius, P.O. Box 12068, Austin Texas 78711.

## A Moment for Meditation

By INEZ G. LAWRENCE  
"Giving thanks always for all things unto God." Eph. 5:20

Gratitude is a scarce commodity most everywhere. If you doubt it look closely at the Third World countries who shout, "Yankee Go Home". They are the ones who have been given the most United States aid. But are they grateful? No. Or take the drifter who piles his car full of children and mooches from town to town off the charitable organizations. Does he try to find a job to support his family and then do his part toward aiding the less fortunate? I have yet to see an example.

However, ingratitude filters down even into our families. It really is an individual attitude and one that grows sourer with each season. We all know persons who never like anything they receive. It is either too large or too small, the wrong color, not the right brand, or they already have one like it!

There is no appreciation for the thought behind the gift or for the money and time spent in the selection of it. Such response to our overtures of love is dampening, to say the least. Surprisingly, Christians are some of the worst offenders in this area. The more we have, the more we expect. We act as if we were an elite upper class placed here on earth to receive things.

There are only three basic physical needs: food, shelter and body covering. So if we have those, we certainly owe thanks to God. If we think we have provided these ourselves, remember that physical health is a gift from God. If one else can give life. If we have illness, there should be thanks for medicine and physicians to ease the pain. If there is death in the family, we must always give thanks for the family members that remain to love us, as well as for the memories of the deceased one. If there is

aching loneliness because there is no family member nearby, there is always the Twenty-third Psalm and John, Chapter 14. In reality there is no condition that cannot produce thanks to God for something within the framework of the tragedy. It is time then, to stop and count our blessings. When we do that gratitude will overflow our hearts for life, family friends, and most of all our relationship with God.

## CAR CARE TIPS

### TAKING THE BUGS OUT OF CAR CARE

The bugs cars run into on the highway (or is it vice versa?) can do serious damage to a painted automobile surface. Bugs have a high level of body acid that can stain a car's finish.

That's why it's important to be extremely meticulous about cleaning bugs off with a commercially available bug remover, particularly after a car has been driven a long distance at high speeds. Be doubly vigilant about removing bugs when the weather is hot, because heat can actually bake bug acid into a car's paint.

Another important way to protect against the adverse effects of bug acid is to have a protective paint sealant professionally applied. This will put a thin, protective coating on a car that will shield it until the bugs are removed.

For a free, 24-page Guide to Longer Lasting Cars, send a self-addressed, stamped envelope and 25 cents for handling to Gary Goranson, Tidy Car Inc., 3918 Broadway, Cheektowaga, NY 14227.

A paper bag can be taped to your sewing machine to collect small scraps. They're great for stuffing toys and occasional pillows.

BROWNIE Girl Scouts planting flowers around Medical Center Nursing Home.

## Chain saw dangerous tool

Skilled with a chain saw? Do not take it for granted! A recent government study shows that operators with more than six years experience with chain saws have more accidents than novices.

With cool weather coming on, economy minded Texans will be busy with chain saws cutting wood for winter. Now is the time to review safe ways to use the equipment, according to Nelson Mueller, Texas Safety Association vice president for home and leisure activities.

Follow these guidelines for safe chain saw operations:

1. Review the owner's manual for safety and operating instructions.
2. Perform routine maintenance tasks to insure the saw operates properly. Be sure the chain does not move

while idling and that the chain brake works.

3. Do not allow children or animals near while cutting. All operators should be mature, properly instructed individuals.

4. Dress in close-fitting clothes. Wear a safety hat, shoes, gloves and hearing protection.

5. Fuel the engine in a well-ventilated place. Refuel only after the engine has cooled. Do not re-start the engine until all spilled fuel has dried.

6. Do not start the engine on your knee or leg.

7. Be certain your body is in a completely stable position before cutting. When felling a tree, plan for a safe escape away from the falling tree's path.

8. Hold the saw firmly with

both hands while cutting. Run the saw at full throttle when cutting to avoid kick-back.

9. Do not operate the saw in a tree, on a ladder or any unstable place.

10. Turn off the saw when setting it down and when moving from one work place to another.

Nelson Mueller, safety and health administrator for Alcoa in Rockdale, says experienced operators should redouble their efforts to cut safely this year. He points to a recent government study which shows experienced operators of chain saws have more injuries than novices. One accident could wipe out any money saved by cutting wood yourself, Mueller says.

## City Ordinances

In the interest of public knowledge and to insure that all of the citizens of Clarendon are aware of their City Ordinances, the Clarendon Press will print city ordinances. Some of these ordinances are obviously out dated, but the Clarendon Press feels that each and every citizen should be aware of their local laws and ordinances. The Press is not making any statement for or against these ordinances.

To build, a permit for that erection or enlargement of any building shall be issued by the Building Inspector (Bill Weatherly). AFTER the plans have been filed first in that office.

Vacant lots cannot be used as occupied until a certificate of occupancy has been issued by the Building Inspector.

Any changes in zoning, or any changes of property use must go through the Board of Adjustment for consideration and approval.

If a violation of these Ordinances should occur, it is the duty of the Building Inspector to enforce them. Violation may result in a \$100-a-day fine.

In 1966 all of Rosenfield St. between blocks #34 and 35 were closed. The alley in block 35 was closed.

In 1967 the Airport Advisory Board was created to be composed of seven members to be residents of Clarendon and to be appointed by the mayor.

Most of the 36 feet of Patrick St. (formerly Scott St.) near lot #6 in Block 179, was closed in 1967.

Baking soda quickly removes spatters and traffic grime from windshields, headlights, chrome and enamel. Wipe with soda sprinkled onto damp sponge and rinse.

## NUMB ARMS, LEGS Danger Signals

There may be misalignment of vertebrae in the spine causing pressure on nerves. The patient experiences no pain in the back. Instead, a variety of sensations may be felt in other parts of the body. These include tingling, tightness, hot spots, cold spots, crawling sensations, electric shock sensations, stinging, burning, and others.

Here are nine critical symptoms involving back pain or strange sensations which are usually the forerunners of more serious conditions. Any one of these usually spells back trouble.

- (1) Paresthesias (see above)
- (2) Headaches
- (3) Painful joints
- (4) Numbness in the arms or hands
- (5) Loss of sleep
- (6) Stiffness in the neck
- (7) Pain between the shoulders
- (8) Stiffness or pain in lower back
- (9) Numbness or pain in the legs

These signals indicate that your body is being robbed of normal nerve function. Until this function is restored, you will, in some degree, be incapacitated. The longer you wait to seek help, the worse the condition will become. Don't wait! Should you experience any of these danger signals, call for in depth consultation in Layman's terms.

## Senator Bill Sarpalius Reports

### WHY BE THANKFUL?

AUSTIN -- As we enjoy this Thanksgiving week, we should remember we have a lot of reasons to be thankful. We live in the best country in the world -- a free country.

As we sit down to enjoy our traditional Thanksgiving dinner, we should remember nearly two-thirds of the world will go to bed hungry tonight.

We live in what well may be the most prosperous nation on the face of the planet. We may be looking back and thinking times were a little better a short time back, but this is still probably the most prosperous time in human history.

In short, we may be the most prosperous people in the history of mankind. As you read this in the newspaper, we can all be thankful we have free newspapers to read. As we spend time with our families on Thanksgiving day, we can be thankful we have a system of government that allows families to stay together, and that allows them to live wherever they want.

As we hear about cutbacks in the federal income tax, we can be thankful Texas

has no income tax to cut back. As we hear about federal budget deficits, we can be thankful the budget of the state of Texas runs a surplus.

People are moving into Texas in record numbers. They know we have a lot of reasons to be thankful here, and they want to join us. Whether they come from the north or come from the south over the Mexican border, they come for one reason -- the opportunity to better themselves. That chance to do what we want to do to improve our situation is the real source of our strength.

As we give thanks for all the material things we have today, let us not forget the reason we are prosperous. We have freedom and opportunity. That is all we really need. Freedom and opportunity have made this country great. Let us give thanks for living here.

We are thankful for the opportunity to serve you. If we can do anything to help you, please write to Senator Bill Sarpalius, P.O. Box 12068, Austin, Texas 78711.

## Hints for HOMEMAKERS Information To Help You

Buying milk in a Gallon 2-pak package can keep it fresher than buying that same amount in a gallon jug.

Although the trend for some years has been towards purchasing milk in economy-size gallon jugs, consumers have been unhappy with unwieldy sizes and problems of keeping such a large amount fresh.

Now come answers to these problems in the form of the convenient gallon 2-pak, two paper half gallon cartons held together by a neat and handy carrying handle and sold as a gallon package.

The big difference is size. Once home, the 2-pak easily separates into two cartons. They are much easier to

store than jugs, even fitting into most refrigerator doors. One can be kept in the refrigerator sealed and chilled until needed. This maintains freshness. The one in use is much easier to pour, especially for youngsters.

There's another plus: when each carton is empty, just flatten it out and toss it in the garbage for easy disposal.

A real advantage for homemakers.

Services for Otis Eugene  
Hickman, 74, of Hartville,  
Missouri, were held at 1 p.m.  
Tuesday, November 17, 1981  
in Pleasant Hill Freewill  
Baptist Church.  
The Revs. Wilbur Cravens  
and Russel Wiyrick officiated  
at the services.  
Burial was in Pleasant Hill  
Cemetery under the direction  
of Wood Funeral Home.  
Mr. Hickman died at 1:30  
p.m. Sunday in his home  
after a sudden illness, ap-  
parently of a heart attack.  
A life long Wright County  
resident, he was a retired  
farmer and stockman and a  
long time member and  
deacon of the Pleasant Hill  
Freewill Baptist Church.  
Survivors include his wife,  
Ruth; a daughter, Mrs. Jack  
Daniel (Lynne) of Clarendon;  
a son, Jim of Independence,  
MO; six grand children; five  
great-grandchildren; and two  
brothers, Wayne of  
Shoshone, Idaho and Kermit  
of Crocker, Mo.

DEC. 12 Bazaar at center all day.

## Rewards, Bonuses

## Taxable Income

Taxpayers should include as income on their 1981 federal tax returns rewards and bonuses paid to them for outstanding work, the Internal Revenue Service says.

Rewards and bonuses include prizes such as a paid vacation trip awarded for attaining sales goals. If the prize or award is in the form of goods or services, its fair market value is the amount the taxpayer much include as income.

If the employer chooses to pay the bonus or award at a future time, it is not taxable until made available to the taxpayer, the IRS says.

If an employer distributes at Christmas or other holiday time turkeys, hams, or other items of nominal worth, the value of these gifts is not taxable. However, if the employer distributes cash, gift certificates or similar items that may be easily exchanged for cash, the value of the gifts is taxable.

Further information is detailed in Publication 525, "Taxable and Nontaxable Income." It is obtainable free by calling the IRS Tax Forms/Information number listed in the telephone directory under U.S. Government.

## Beauty Advice

### Tips From Experts At

Elizabeth Arden

No matter what a woman's age or skin type, there are specific do's and don'ts for skin care and makeup that will help her look her best.

If your hair is gray or white use plenty of color on the face, in soft, flattering shades.

While the selection of skin care and makeup products is highly individual, here are some helpful beauty guidelines for the mature woman from the experts at Elizabeth Arden.

DO:

- Adopt current makeup trends, conservatively, to yourself.
- Wear a daytime moisturizer under makeup—it protects the skin and helps makeup "set" better.
- Use a moisture-rich foundation in a shade matching the skin on the throat.

• If your hair is gray or white use plenty of color on the face, in soft, flattering shades, to avoid a washed out appearance.

DON'T:

- Keep using the same makeup you used when you were 25—it will look dated make your look older.
- Use too dark a shade, or thick cream formula of foundation — too heavy foundation only emphasizes lines and wrinkles.
- Wear blusher too low—it makes skin look dragged down.
- Make brows pencil-thin or over-arched—it looks dated and unflattering.
- Use opaque powder or too much powder—it can emphasize lines.

• Use opaque powder or too much powder—it can emphasize lines.

• Use opaque powder or too much powder—it can emphasize lines.

• Use opaque powder or too much powder—it can emphasize lines.

• Use opaque powder or too much powder—it can emphasize lines.

• Use opaque powder or too much powder—it can emphasize lines.

• Use opaque powder or too much powder—it can emphasize lines.

• Use opaque powder or too much powder—it can emphasize lines.

• Use opaque powder or too much powder—it can emphasize lines.

Tuesday Beef stew with veg., cheese wedges, buttered spinach, cornbread, jello and milk.

Wednesday Steak with gravy, fried okra, mashed potatoes, corn, green beans and milk.

Friday Barbecue on bun, lettuce and tomatoes, pickles, French fries, pudding and milk.

## Why settle for less? Choose Frigidaire Quality And Dependability...

**Frigidaire 30" Range**

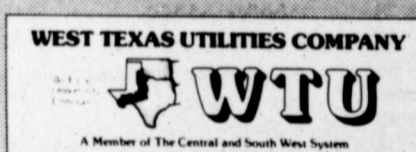

Offer you so much more in

- Value
- Quality
- Dependability

You can program the oven to start baking or roasting at the time and temperature you desire. — even tell it when to stop — thanks to automatic Cookmaster controls.

Put the drudgery of oven cleaning behind you. The Electric-Clean oven can clean itself automatically.

For better, more uniform broiling, a self-cleaning Broiler Shield reflects heat from the broiler unit away from the top of the oven and back across the broil area.

Qualified Factory-Trained Servicemen Offer You The Finest In Appliance Service

Free Candy Canes

Chopper Will Land On Our Parking Lot

BY KATIE DVORAK

Deer season and the fall turkey season have officially opened in our area. That means, hopefully, you will be bringing home some game to fill the freezer. It doesn't mean much unless you know how to prepare the meat.

In addition to the turkey, you will be hunting quail, pheasant, duck, geese and possibly squirrel. So let's sample some recipes for wild game.

**TURKEY**

**Turkey Pie**

- 2 C cooked wild turkey, chopped
- 1 pkg frozen mixed vegetables, cooked and drained
- 1/2 tsp salt
- 1/8 tsp pepper
- 1 can condensed cream of chicken soup

**pastry**

- 1 1/2 C flour
  - 1 tsp salt
  - 1/2 C shortening
  - 3/4 C uncooked oats
  - 8 to 9 TBS water
- Preheat oven to 375 degrees. combine filling ingredients and set aside. To make crust, sift together flour and salt. Cut in shortening until mixture resembles coarse crumbs. Add oats and mix lightly. Add water one TBS at a time until pastry forms a ball. Divide dough in half. Roll out half on a lightly floured board to form a 13" circle. Fit loosely into a 9" pie plate. Fill with turkey filling. Roll out other half of dough to form a 12" circle. Make a few narrow slits in the center for steam to escape and place over filling. Trim, turn edges under and flute. Bake approximately 40 minutes until top crust is brown.

- 2 pig stews
- 6 TBS oleo
- 2 C turkey or chicken broth
- 1 C evaporated milk
- 1/2 C sherry
- salt and pepper
- Worcestershire sauce
- Grated Parmesan cheese

Cook broccoli until tender according to package directions. Drain. Arrange in a greased, shallow baking dish. Melt oleo and stir in flour. Add turkey stock, milk and wine. Cook, stirring constantly until mixture is thickened and smooth. Continue cooking and stirring for two or three minutes. Season to taste. Lay pieces of turkey over broccoli in baking dish. Cover with cream sauce. Sprinkle generously with cheese. Bake at 400 degrees about 20 minutes.

**SQUIRREL**

- Squirrel with Mushrooms**
- 1 squirrel, disjointed
- 1/2 C flour
- 1 tsp salt
- 1/4 tsp pepper
- 6 strips bacon, diced
- 1 clove garlic, minced
- 1 tsp thyme
- 1 TBS tomato paste
- 2 C chicken broth
- 1 C mushrooms

Dredge squirrel in seasoned flour. Cook diced bacon over moderate heat and remove browned bits. Saute squirrel in bacon fat until browned on both sides. Add garlic, thyme, paste and broth. Cover and simmer one hour until tender.

**PHEASANT**

Chicken recipes also work well with pheasant, which has white-meat breasts and wings and dark meat legs. Broil or bake young birds and braise or stew older ones. The bird's age can be determined by its claws-young birds have short, round claws and older ones have long, sharp claws.

**Roast Pheasant in Cream**

- 1 young pheasant, cut up
- 1 C sweet cream
- oleo or fat
- 1/4 tsp poultry season
- 1/4 tsp pepper
- 1/2 C flour
- 1 tsp salt

- 2 eggs, well beaten
- 1 1/2 C water

Mix salt and pepper into flour. Heat fat in deep skillet. Dip pheasant into eggs, roll in flour and fry until brown. Add 1 1/2 C water, sprinkle with poultry seasoning, cover and simmer 45 minutes. Add 1 C cream and simmer 15 minutes. Do not cook dry. More cream or water can be added if needed.

**QUAIL**

Quail meat is white and tends to be dry, so give it a coating of bacon or other fat and frequent basting. The skin adds to the flavor and moisture if it is left on the bird

**Skillet Quail**

- 6 quail, split down back
- 2 TBS oleo
- 1/8 C sherry
- 1/2 C soy sauce
- 1 can tomato sauce (8 oz)
- 1/2 C sugar

Melt oleo in skillet. Place split quail in breast up. Cook at medium to medium-high for 10 minutes with lid on skillet. Combine remaining ingredients in small saucepan and bring to a boil, stirring until sugar dissolves. Pour sauce over quail and simmer covered for 15 minutes.

**DOVE**

Dove season is over, but if you have some birds stuck away in the freezer, here are a couple of recipes to try.

**Braised doves in mushrooms**

- 1 stick oleo
- 3 TBS green onion
- 1 C fresh or canned mushrooms
- 1 C wine
- 1/4 C Worcestershire sauce
- salt and pepper
- 6 doves

Brown seasoned doves in oleo until golden brown. Remove birds and saute onions and mushrooms. Add Worcestershire sauce and wine and return birds to skillet. Cover and simmer 1/2 to 1 hour.

**Doves Amandine**

- 12 to 16 dove breasts
- giblets (optional)
- 1/2 C chopped onions

- 1 C water
  - 4 TBS almonds, blanched
  - parley sprigs
- Season doves and roll in flour. If giblets used, parboil hearts and gizzards 30 min. then roll in flour. Brown doves and giblets in hot oil. Add onions and saute briefly. Add wine, water and almonds and cover. Simmer 45 min. Serve over noodles.

**WATERFOWL**

Duck meat is dark and best served rare. Any gamey flavor in wild goose comes from the fat and skin, so baste the bird with butter, oil or bacon grease instead of its own drippings.

**Duck Breast Curry**

- 5 TBS oil
- 2 finely chopped onions
- 3 finely minced garlic cloves
- 3 bay leaves
- 2 TBS ginger
- 1 cinnamon stick
- 1 dash salt
- 2 C rice
- 4 uncooked, boned duck breasts cut in small pieces
- 1 TBS curry
- 1 TBS crushed red pepper
- 1 med. can garbanzo beans
- 1 tsp paprika
- 3/4 C water

Heat oil in large skillet. Add onions, garlic, bay leaves, ginger, cinnamon, salt, curry and pepper. Keep the heat as high as possible without burning the oil, stir the mix until starts to brown. Reduce heat and cover skillet for 3 min. Add meat and 1 1/2 C water slowly, stirring constantly. Simmer 45 min, stirring occasionally. Serve over rice.

**Honeyed Duck**

- 1 duck
- 1 tsp salt
- 1 tsp ginger
- 1 tsp ground basil
- 1/4 C honey
- 1/4 C oleo
- 3 TBS orange juice
- 2 tsp lemon juice
- 1 tsp orange peel
- 18 tsp dry mustard
- 18 tsp salt
- 1 or 2 oranges
- cornstarch

Clean duck and dry. Combine 1 tsp salt, ginger and basil; rub half of mix on inside. Heat honey, oleo, orange juice, lemon juice, peel, mustard and salt until oleo melts. Rub two or 3 TBS

of this on inside. Slice unpeeled oranges 1/2" thick and stuff duck with as many as possible. Pour four or five more TBS of honey mix into duck. Truss duck and rub rest seasoning mix on outside. Place bird on large piece of foil and pour remaining mix over duck. Wrap duck in foil and seal edges with double fold. Roast at 425 for 1 1/4 hour. Unwrap, baste with drippings and bake 10 to 15 min. until brown. Place on hot platter and pour drippings into saucepan. Thicken with cornstarch.

**Saucy Goose**

- 1 goose, dressed
- 2 apples, peeled and sliced
- 1 can applesauce
- 1 tsp cinnamon
- 1 tsp nutmeg
- 1/2 C corn syrup
- 1/4 C currant jelly

Place two peeled and sliced cooking apples in cavity of goose. Bake in 350 oven 20 min. per pound. While baking, baste frequently with sauce made of applesauce, jelly, cinnamon, syrup and nutmeg heated. Serve sauced as gravy.

**Broiled Goose Breast**

- 1 goose breast, boned
- 1/2 C wine vinegar
- 1/4 C cooking oil
- 1/4 C soy sauce
- 1/4 tsp fresh pepper
- 1/4 C currant jelly
- 1/4 C water
- 1 1/2 TBS Dijon mustard
- 1 tsp lemon juice
- 1 tsp soy sauce
- 1/2 tsp steak sauce
- salt and pepper

Combine vinegar, soy sauce, oil and pepper. Marinate goose filets for 2 1/2 hours, turning often. Remove meat from marinade and place on foil in broiler pan. Broil filets five inches from heat for 10 minutes on each side. Slice each fillet thinly, diagonally against grain. Combine last seven ingredients for sauce. Heat and ladle over each slice of meat.

**Friendship Quilting club met**

The Friendship Quilting Club met in the home of Louise Aten Wednesday, November 11, in an all day meeting. A delicious meal was served at the noon hour. In the business meeting it was decided to have the next meeting in the home of Florene Bennett of Ashtola December 9. This will be the Christmas meeting with the

# Leffew-Kearns Nuptials Solemnized In Stinnett

Miss Patricia Annette Acres, Stinnett, became the bride of Paul Kearns, son of Mrs. D.R. Leffew, Scott's Mr. and Mrs. Paul F. Kearns

MRS. PAUL KEARNS

of Dallas, in a ceremony at 5 p.m. Aug. 22 in the First Baptist Church of Stinnett. Reading the vows was the Rev. W.R. Lawrence, pastor of the First Baptist Church of Phillips.

Mrs. Ralph Batenhorst was pianist and Keith Bryant was vocalist. Both are Stinnett residents.

Mrs. Debbie Richardson of Stinnett was honor attendant and Mrs. Charles Billington of Berger was bridesmatron.

Miss Melanie Batenhorst of Stinnett was flower girl.

Will McFeeters of Clementon, N.J. was best man. Pete Dabbenigno of Woodbury, N.J. was groomsmen.

Ushers were Mike Leffew of Austin and Bill Stubbs of Corpus Christi.

After a wedding trip to Hawaii, Mr. and Mrs. Kearns will be at home at No. 1, 1601 Ocean Drive, Corpus Christi.

Both are certified public accountants. Mr. Kearns is employed by Alanco Drilling Co. and Mrs. Kearns works for Peat, Marwick, Mitchell and Co.

Mr. and Mrs. D.R. Leffew are formerly from Clarendon. Patricia is the granddaughter of Claris Leffew of Clarendon.

## New Chamber of Commerce Officers

New Chamber of Commerce officers have been elected recently. Serving a three year term are: Paul Bivens from Bivens Pharmacy; Charles E. Deyhle Jr. from Deyhle's Veterinary Services Inc.; Jerry Chambliss at WTU; Jimmy Braddock at Cornell-Braddock Shell. Serving a one year

vacancy term is Owen Johnson.

WTU; Jimmy Braddock at Cornell-Braddock Shell. Serving a one year vacancy term is Owen Johnson.

We trust these men will be doing a great job serving their community and the business community. Theirs will be a grave responsibility

this year as we face the Donley County Bicentennial season.

## Crime Stop Program

Citizens may often witness all or part of a crime without being aware of what they have seen. Consequently, they may unknowingly possess key information that could aid the police in solving the crime. In other instances, citizens do not contact the police with information out of fear that if they reveal their identity they will expose themselves, or their families, to acts of retaliation by the criminal. In most of these instances, these citizens will not come forward with information unless they can be absolutely assured that they will be provided complete anonymity by the police. Finally, citizens may not come forward with needed information because they lack the knowledge of how or whom to contact in the police organization.

The Crime Stoppers program, a state program created in June, to assist local Crime Stoppers programs, provides a method of overcoming these limitations by involving the citizens in the solution of felony crimes. Through the Crime Stoppers program, citizens who have knowledge of a specific crime are encouraged, either for civic or monetary reasons, to come forward to the police with this information, and remain completely anonymous. In this way, the citizen is assured that his identity will be protected and that any information relayed will be utilized.

1. The establishment of a reward system which will pay for information leading to the arrest and indictment of persons involved in felony crimes.

2. The dramatical reenactment of an unsolved "Crime of the Week" to be included in a nightly television news broadcast, radio spots and newspaper arti-

cles. These two measures will help the program be more successful and will augment the local Crime Stopper programs, not replace them.

Only those informants providing information leading to arrest and indictment of cases for which a state reward has been offered are eligible for a state reward.

A toll-free inward hotline will be established and manned 8 hours a day, 5 days per week by Council Staff. An answering machine will respond to calls on the hotline during all off-duty hours, holidays, and weekends.

This plan will help all of us to "Take a Bite Out of Crime" and to help protect our local community without threat to family or life. This is a good way to prevent crime for the safety of all of us...use it!

## Shelter seeking wildlife cause problems

Cool, wet fall weather means predators and fur-bearing animals are on the move, searching for food and denning areas.

During this annual movement, foxes and coyotes

often move into areas where food and cover may be scarce or difficult to secure. In many such instances they turn to livestock, poultry and crops as a source of food and often cause serious economic losses to farmers and ranchers.

Skunks, raccoons and opossums also are noted for moving into farmsteads and urban areas. They frequently occupy barns, haystacks and garages as well as crawl spaces under houses and in attics.

Harvesting these animals for fur during the winter can serve several purposes.

First of all, it can reduce damage in both urban and rural areas. Also, harvesting of problem animals and others in excess numbers can benefit other wild species by preventing the spread of disease and excessive competition for food and shelter. Rabies, tularemia, distemper and mange are some of the diseases which appear to spread more rapidly in high populations of flesh-eating animals and may cause serious hazards to humans and domestic animals.

As a consequence, sport hunting and trapping can be beneficial for a number of reasons beyond the harvest of valuable furs. They can improve relationships with livestock producers and urban residents by reducing wild animal damage, assisting in management of

natural resources, and providing excellent opportunities for education in wildlife behavior and management.

The Texas Agricultural Extension Service can provide information on types of damage caused by wild animals and methods to control and harvest such species. Slide sets on identification of predator kills, control methods and related information are available from Extension wildlife specialists. County Extension agents also can provide more information.

## Harlan's Flowers remembers Bronco girl supporters

Friday afternoon word was passed at the High School for all of the twirlers, cheerleaders, flag girls and the drum majorette to report to the principles office. Groans went up and down the hall as anxious girls began to slowly emerge from various classrooms. But when they arrived at the office, a real treat was in store for all of them. Harlan's Flowers had presented each and every girl a big, beautiful mum complete with long streamers of maroon, silver and white with a silver "C" on the mum!

Our thanks to Harlan's for showing their support to these girls. They spend many hours working on their routines, hours in rehearsals, hours freezing on the side lines, hours getting school work done so they can attend practice, games and trips. They lead us in cheers, encourage us with routines, inspire us with their enthusiasm. Harlan's Flowers and many others recognize their great role in the success of their team.

## Thompson to Preach

The United Pentecostal Church would like to invite the public to come hear former Pastor Lawrence Thompson preach Wednesday night November 25. Services will start at 7:00 p.m. So come and enjoy the word of the Lord.

Sunday night services have also been changed from 7:00 p.m. to 6:00 p.m.

We will be starting a revival mid December to be held by Rev. Troy Lovelady of Louisiana. There will be gospel singing done by his family. Further notice will be given as to exact date of revival later.

## DQ Kid missing

Many of the Clarendon merchants placed booster signs every half mile along the route to Pampa. The DQ Kid evidently hitched a ride with someone on the way home. His friends at the Dairy Queen wonder if you could help the Kid find his way back to the store so that he can be used again for State. Thanks for giving him the ride from Pampa!

## HEART "TONIC"

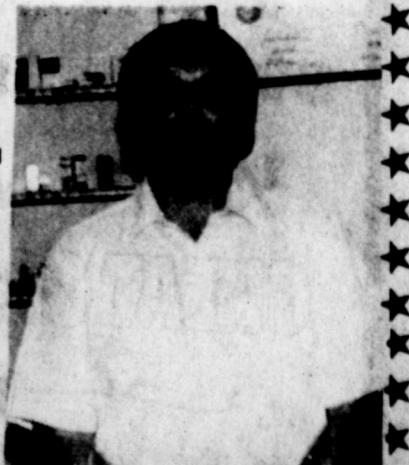

A group of some of the most useful medicines available for our use today comes to us from plants. These medicines cause the ailing heart to pump blood in a smooth, regular manner. The diseased heart that is rapidly and inefficiently pumping is slowed...each stroke pumping more blood to the demanding body. These medicines could be thought to "rejuvenate" the heart...to give it new life.

These medicines...collectively called the digitalis glycosides...include several individual medicines. Some of the most common are digoxin, digitoxin, and deslanoside. The digitalis plant leaf is ground, standardized, and made into tablets and called digitalis leaf. All of these products are better known by their various trade names.

The major uses for the digitalis glycosides are treatment of congestive heart failure and certain cardiac arrhythmias (when the heart does not beat in a "regular" or "normal" manner). In these conditions, "digitalis" is truly a lifesaver. But even lifesavers have their problems...digitalis is no exception. These potent medicines can cause toxicity (severe adverse effects) if taken in doses slightly larger than those commonly used. The digitalis preparations must be used exactly as directed by the physician...no more, no less.

**PHARMACISTS!**

THESE MEN ARE WORKING hard pouring the floor to the new community center building

## Community Center Receives \$1850

James Owens received another check for the Community Center Project that the Outdoor Entertainment Association has tackled as its long-range project for the community.

President Genella Eads handed him a check for \$1850. \$1000 of that was from her Xi Lambda Xi Chapter of the Beta Sigma Phi sorority. \$850 of that money came from the combined efforts of all three chapters of the Beta Sigma Phi sororities this fall with their Harvest Hoedown benefit dance held in Oct.

All three of the sororities have pledged to the Outdoor Entertainment Association another check for \$1500 which is in a combined CD.

James Owens announced that the floor has been poured. "Ronnie Baker strutted his stuff", Jim said,

"and did a beautiful job finishing that floor."

Earl Morrow donated \$271.00 toward the cement bill.

Forrest Sawyer donated \$100 toward the sand used for the concrete.

Bud Lovelady is currently drawing up the plans for the restrooms. "As soon as he gets those plans done, we'll go to work installing them," Jim said. "If we can get people to come to work, we can have it done by the first of the year."

If you want to donate something toward YOUR community Center, but are limited in funds, don't forget those muscles and donate some of your time. These are both welcomed donations!

If you have money you would rather donate, contact James Owens or the Donley County State Bank.

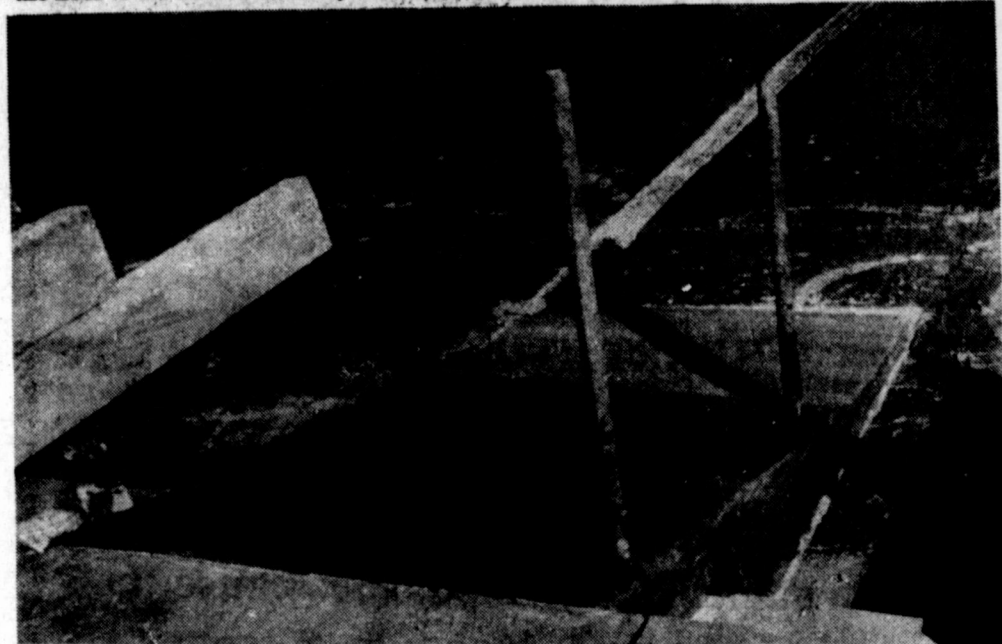

GENELLA Eads presents a check to James Owens for \$1850 to help with the new community center building.

THANKSGIVING MEAL IN 1777 FOR SOLDIERS IN GENERAL WASHINGTON'S ARMY WAS ONE-FOURTH PINT OF RICE AND A TABLESPON OF VINEGAR!

TODAY'S ARMY HAS MORE THAN 20,000 FOOD SERVICE PERSONNEL WITH ARMY TAUGHT SKILLS SUCH AS COOKING, BREAD BAKING, MANAGEMENT, FOOD SERVICE SUPERVISION AND HOSPITAL FOOD SUPERVISION!

Have you notice the new ramps on main street.

## Soil & Water conservation

Continuing present nationwide soil and water conservation trends would mean serious future conservation and farm production problems, according to a U.S. Department of Agriculture (USDA) report.

The finding is based on an analysis of the condition and trends of the soil, water and related resources of the United States. The analysis was part of a report required by Congress in the Soil and Water Resources Conservation Act of 1977 (RCA), explains Donaho, district conservationist for the Soil

Conservation Service (SCS) in Clarendon.

The analysis shows that the demand for food and fiber produced in the United States would increase while technological advances in agricultural production would decrease.

Without better technology to boost production, the demand to produce more food and fiber will mean that more acres of marginal land will be farmed. The result will be increased soil erosion rates and other resource problems. If this happens, the productive capacity of

American agriculture would decrease and production costs would increase.

The report says that these resource problems need to be addressed most quickly: Excessive erosion rates, upstream flood damages, groundwater depletion, and deteriorated water quality.

To project future conditions, the USDA analysts used a computer model to simulate the nation's agricultural productivity related to erosion. Although the model's results can't be taken as absolute indicators of what will happen, they do show the relative direction of American agriculture and the possible magnitude of future resource conditions and problems.

RCA Appraisal Part II, the second of three major RCA documents, contains the detailed analysis of the trends in the use and condition of America's soil and water resource base. A copy of this and other RCA documents is available for reference use at SCS and Agricultural Stabilization and Conservation Service offices throughout the state.

A short leaflet summarizing the RCA findings and proposed conservation program is also available at these USDA offices. The leaflet contains a pre-addressed, postage-paid response form that may be used to send comments to USDA. Responses should be mailed by January 15, 1982.

RONNIE BAKER was the contractor for pouring the cement floor in the new community center.

**you and the LAW**

PRESENTED BY THE STATE BAR OF TEXAS

Q: Several weeks ago, I filled out an application for Notary Public. I have received several letters regarding liability insurance on myself. Can you tell me what this is all about?

A: State law requires all notaries to be bonded in the amount of \$2,500 to insure faithful performance of their duties. These bonds may be purchased from insurance companies qualified to underwrite this particular risk. Purchase and deposit the bond with the Clerk of the County where you will serve. Before your commission will be issued, there will probably be a filing fee charged at your County Clerk's office.

Q: I am an artist who draws pictures from photographs published in books and magazines. People who have viewed my works have offered to buy them. Would I be violating any copyrights on the photographs if I sell the drawings I have made?

A: The copyright laws reserve to an author the exclusive right to reproduce his work and prepare derivative works. A painting based on the expression of a photograph may be considered a derivative work of the original copyrighted article. The original photographer retains the only right to paint or produce a

derivation but you may be able to obtain permission from the copyright owner to make such paintings. You are infringing whether or not you sell these pictures. The sale itself only affects the amount of damages.

The first "recording artist" was Harriet Atwood, an assistant to Thomas Edison. She played "Mary Had a Little Lamb" on the piano when Edison sang into the first record which he invented.

JUNIOR HIGH COLT FOOTBALL TEAM

**Football fm p 1**  
had also picked off a Mayfield pass earlier in the game. Hearn's score was Clarendon's sixth straight and put the Broncs on top 42-6.

Panhandle would not give up, however. Following Mayfield's passing arm, the Panthers took advantage of a relaxed Bronco defense and brought on the air force. Mayfield went wild, passing for more than 150 yards in the final quarter, including a 76-yard bomb to rusk.

Clarendon wasn't finished scoring either, however. Almost as an encore, Hearn dashed through the Panther defense, which had given up only two touchdowns in 10 previous games, for 50 yards and his fourth touchdown.

The Panthers scored a meaningless touchdown with only one second remaining to give the game its final score.

Panhandle saved embarrassment only because of Mayfield, who hit 17 of 27 passes for 345 yards and three touchdowns. Mayfield was wearing maroon all night, though, as he was sacked nine times, including

four by Thomas. The front three of the Bronco defense did a job on the weaker Panther offensive line all night, as Thomas, Perry and Brad McGuire combined for 27 tackles.

Mayfield's counterpart, Thompson, also looked exceptionally sharp passing, rare as the pass was Thompson hit six of seven passes for 81 yards.

The Broncos will take on Hale Center at 7:30 Friday in Kimbrough Memorial Stadium Friday in what will surely be Clarendon's toughest foe yet. According to Clarendon assistant coach Dudley Keim, the Owls are a very balanced team, both offensively. They are a team with speed and have an offense that passes 35% to 40% of the time. In the final Harris poll, Clarendon was ranked fourth and Hale Center sixth. Hale Center is 10-1, coming off a bi-district victory over Kress, 42-6.

## Pep Rally down town Friday

It isn't often that Clarendon has the opportunity to take its Football Team to State! In honor of this fantastic occasion, to boost the spirits, to boost the morale of the team, to let our fellows know that ALL of the town is behind them, there will be a street pep rally Friday.

Clear the streets and gargle salt water! Kearney St. at 3:40 at Friday will be the biggest, loudest pep rally you have ever seen...or heard!

Our law enforcement officers will escort the boys out of town...honorably! Get behind your Broncs and come to the pep rally, Friday, November 27 at 3:40 p.m.

Scouts receive

## Girls Basketball Win 56-38

By SPENCER HAYES

The Clarendon Broncettes opened their basketball season last Tuesday, thrashing the New Deal Lions, 56-38, but then dropped their second contest to Childress, 38-36.

Clarendon took on New Deal at the Valley High School gym to contest last year's runnerup at State. The game was close throughout the first half with the lead switching hands on numerous occasions. Vanessa Calloway scored Clarendon's first seven points and Kelli Hardie pumped in the next five, and those two paced the Broncettes throughout the first half. Hardie and Calloway combined for 18 points in the half as Clarendon broke to the dressing room with a 22-21 lead.

In the second half it was all Clarendon more specifically, it was all Angelia Gardner. Gardner, who scored 18 of her game-high 20 points, got position on the boards to lead the Broncettes in rebounds with 11. Clarendon widened its lead to 10 by the end of the third stanza, and at one time led by 22 before finally finishing the Lions off, 56-38.

The Broncs looked impressive indeed in downing New Deal, but two days later at Childress they portrayed a

As you always hope, the Clarendon Broncs came out on the left hand side of the score 49-28, the big difference in the game was a goal line stand at the 1 foot line and then a move by the offense to a point that at one time the game was a 42-6 score.

The Bronchos were emotionally ready to play Panhandle, they were a match better team defensively than Panhandle a team that has given up on 2 touchdowns by the defense all year.

The team, the students and the fans were very excited to say the least, but it is a week to week ordeal now. These same people must stay very much the same way for the games to go. The coaches want to say a big "Thanks" to all the people in Clarendon for the support and loyalty to our team, without you we would not be able to have the teams for our programs. It is a tremendous help to know that the students are the type that discipline is a way of life

## Regional game

Hale Center Owls-Bronco 4AA Champions are our next opponent. It would be a good description of the Owls to say they are a combination of River Road size and Wellington quickness. They are the best by far of the teams we have played, but that is expected at this point of a season. Good team playing each other and the game being decided by a break in the offense or defense or even in the kicking game.

The Owls are led by several outstanding athletes: The offense Mitch Johnson a 6'0" 165 lb senior is a hard-nose running back, along with Joe Davis 6'0" 180 lb junior running back. The most outstanding athletes are the tight end Dewanye Wade 6'4" 180 lb senior who also doubles as a linebacker and David Pardo 6'0" 205 junior defensive tackle and offensive guard are the teams main leaders.

Overall the team has speed, speed and aggres-

## LOCAL

Mrs. Coy Pierce from Sunnyvale, CA spent the weekend with Mrs. Glen Adkins and Mrs. Laura Peabody from Memphis. She came up on Saturday. They went to McClean Saturday afternoon to see Eva Peabody and Imogene Longino Luern Carter.

## Affairs of Life

OUR GRATITUDE FOR THIS THANKSGIVING SEASON

What a glorious encounter to partake of the infinite blessings bestowed upon this planet from the Heavenly Father who is the Creator of "ALL." He is omnipresent, omnipotent, and omniscient. Rev. 19:6

We express our sincere thanks from the depth of our hearts.
