## Watershed Project For Lake Creek Area To Be Discussed August 25

There is a possibility of a Watershed being constructed in the Lake Creek area if enough interest is shown in the project. The Lake Creek area has in years past been flooded by spring rains and heavy run off during other periods of the year, some 66,000 acres being affected.

All land owners and other interested persons are asked to meet Monday evening, August 25, at 8:30 p.m. at Lelia Lake Community Center to discuss such a project. E. W. Barbee is serving as temporary chairman. The project would be co-sponsored by the Donley County Soil and Water Conservation District and the Commissioners Court.

A Field Review will be held September 9-12 to determine the feasibility of such a project. If feasible, then a planning party will come in to work out the structure of the program.

Barbee, working with Monte Sowers, local Soil Conservationist, urges all persons to be affected and all interested citizens to make plans to be present for this meeting Monday night.

## Public School Budget Calls For Increased Tax Rate For '69-'70

At a public hearing on the Budget for 1969-70 the Clarendon Board of Education, meeting in regular session Thursday, August 14, set the tax rate at \$1.50 for local maintenance and \$0.40 for the Interest and Sinking Fund, based on 33 1/2 percent of the fair market value. The previous rate was \$1.70, divided \$1.29 for local maintenance and \$0.41 for the Interest and Sinking Fund. The total assessed valuation for 1969-70 is \$11,906,555.00.

The Public School System is a victim of higher prices along with everything else and it was necessary to raise the tax rate to keep up with inflationary costs plus teacher pay raises passed by the Legislature in order to keep current and to avoid deficit financing.

The total budget figure as adopted by a unanimous vote of the board is \$471,731.00. Most all other schools in the area have had to raise their tax rates even higher due to higher inflationary costs evident in their particular districts.

It is costing more and more each year to educate each child and this is one more reason why each parent should make it a point to see that their child or children receive proper encouragement to get the most from their educational opportunities.

## Former Resident Dies In Houston Hospital Wednesday, Aug. 13

Mrs. Dorothy Jo Walters of Midland and Dallas, daughter of J. E. Ryan of Clarendon, died in Methodist Hospital in Houston Wednesday, August 13. Funeral services were held at Memorial Christian Church in Midland Friday, August 15 with burial in Midland.

Mrs. Walters grew up in Clarendon. She died of cancer and other complications following an illness of some length.

Survivors include her husband, George W. Walters of Dallas; four sons, Jon of the Dallas home, Jerry Walters of Camp Walters at Mineral Wells, Charles of Dallas, and George Ryan Walters of Midland; her father, J. E. Ryan of Clarendon; three sisters, Mrs. Don Hillis of Clarendon, Mrs. Jerry Huffman of Shamrock, and Mrs. Kathleen Mickelson of San Antonio; one brother, John Ryan, Jr. of Houston; and three grandsons.

J. E. Ryan, Mrs. Don Hillis and Mrs. Jerry Huffman attended services.

## Boys Ranch Prepares For Labor Day Event

The boys at Cal Farley's Boys Ranch are expecting a record attendance for their 25th annual Boys Ranch Rodeo during the two performances that will be held over the Labor Day weekend, August 31 and September 1.

All of the Ranch's 348 boys will have a part in the rodeo with more than 100 riding professional rodeo animals under R.C.A. rules. Top honors will go to the Senior and Junior All-Around Cowboys with trophies also awarded to boys with the best rides on bucking broncs, Brahma bulls, steers, calves and stick horses.

Boys not competing in the rodeo arena will have jobs as ushers, chute helpers, concession helpers, or working at some assignment necessary to the rodeo's production. Making their first rodeo appearance will be members of the Boys Ranch band under the direction of Mr. Richard Kidwell of the Amarillo Public Schools System.

For rodeo fans arriving early to picnic, giant-size barbecue beef sandwiches will be prepared and served for \$1.00. The barbecue concession is expected to be one of the biggest attractions of the rodeo. The only outside participation in the rodeo will be riding clubs of the area appearing in the Grand Entry. The Boys Ranch Rodeo is considered the only one of its kind in the nation.

Advance tickets for either performance at 2 p.m. on Sunday and Monday are available at the Boys Ranch office, P. O. Box 1890, or by calling 372-2341. Reserved box seats are \$2.50. General admission is \$1.50 for adults and 75¢ for children and servicemen in uniform.

## Pre-Registration For College Students

The Registrar's office of Clarendon College has announced that pre-registration of students will be held during the period of September 2-13. Office hours will be from 9 a. m. to 5 p. m. Monday thru Friday and 9 a. m. to 12 noon on Saturday.

The purpose of pre-registration is to allow students to complete their class schedules prior to the time of regular registration. Such an arrangement is an advantageous one, particularly for the student who often feels bewildered and frustrated with his enrolling in college. It also allows ample time for consultation and insures his admittance to classes which might otherwise be filled or closed.

Leonard Selvidge, registrar, advised all freshmen students to take advantage of this convenience offered by Clarendon College and complete their registration before the September 13th pre-registration deadline. Most important . . . Veterans that will attend school this fall on the G. I. Bill will need to take advantage of this pre-registration.

from County ASCS Com.

### 1970 Wheat Program:

Secretary of Agriculture, Clifford M. Hardin has announced a 1970 Wheat program aimed at strengthening the U. S. position in world markets and at continuing the effort to bring wheat production into line with needs. Five important features are:

1. The national average price-support loan level will be \$1.25 per bu. This is unchanged from recent years.

2. A diversion program at the maximum rate of 50 percent of the county loan rate. This feature will allow producers to tailor their plantings by diverting up to one-half of their acreage allotments while maintaining incomes through diversion payments.

3. The national wheat acreage allotment is 45.5 million acres. This is a 12 percent reduction from the 1969 national allotment.

4. Wheat marketing certificates per bushel reflecting the difference between wheat parity on July 1, 1970 and the average loan rate will be made on 48 percent of the allotment.

5. The option under which a producer may substitute the planting of wheat for feed grain, or feed grain for wheat will again be available.

Other features will be much the same as those for the 1969 crop. Whether barley will be included in the feed grain program will be announced later.

Small allotment farms with the 1970 allotments 19.2 acres, or less will be able to divert the entire allotment for payment.

To become a 1970 wheat program co-operator, a farmer will need to sign up in the program, remain within his allotment (unless overplanting or substitution options are used) devote to a conserving use an acreage equal to 3.3 percent of his 1970 allotment, as well as the acreage diverted for payment, and the acreage of conserving base. He needs to remain within his acreage allotment on any other allotment crops on the farm, and within the permitted wheat acreage on any other farm in which he has an interest.

Compliance: We are in the process of making farm spot checks. These farm spot checks picked at random, are made on 15 percent of the farms certified under each commodity. The spot checks so far have shown that you producers have done an excellent job of measuring your crops.

We will begin mailing the final cotton and feed grain payments to you as soon as the checks are received by this office after September 2. If you have wheat, that payment may be made earlier.

Mr. and Mrs. Harvie Jones and sons spent the week end at Fort Worth and Dallas.

## Sen. Yarbrough To Visit Here Friday

A visit to Clarendon has been included in Senator Ralph Yarbrough's tour of the Panhandle area this week. His visit here will include a two-hour stop-over and a luncheon at Lions Club Hall Friday, August 22.

In addition to the luncheon at Lions Club Hall at 12 noon, Senator Yarbrough will tour the local hospital, Clarendon College and the Greenbelt Lake area.

His main purpose here will be to inspect community projects and his time will be too limited to discuss individual problems. Following his visit to these various projects, he will have a clearer view of the needs and problems confronting our community.

Local citizens will visit with the Senator and honor him at the noon luncheon which is open to the public. Tickets are available from Mary Cooke, County Democratic Chairman, Ernest Kent, C. J. Lohofner, Clarence Hamilton, Mary Wallace, and Naomi Phelan. The price per plate is \$1.50. The deadline for purchasing the tickets is noon today, Thursday. Those who do not prefer to eat are welcome to attend also.

Senator Yarbrough will be accompanied here by his wife and Mr. and Mrs. Frank Rapstine of Amarillo.

Senator Yarbrough was elected to the Senate in a special election in April, 1957 and was re-elected to full terms in 1958 and 1964. He is currently chairman of the Senate Labor and Public Welfare committee. He is also a member of the Post Office and Civil Service committee, Special Committee of the Aging and the Select Committee on Nutrition and Human Needs.

It is anticipated that a large crowd will be on hand to welcome the Senator when he visits here Friday from 12 noon to 2 p. m.

## Services Pending For J. N. Riley

Funeral services are pending with Murphy Funeral Home for John Nelson Riley, 82, prominent farmer who died at his home northeast of Clarendon early Wednesday morning.

Mr. Riley had been a resident of Donley County since 1907, moving here from Kaufman County. He was married to Besie May Doom December 24, 1908 in the Windy Valley Community.

Survivors include his wife of the home; four daughters, Mrs. Orene Ziltener, Mrs. Cathleen Countryman, Mrs. Ina Epperson and Pauline Riley, all of Lander, Wyoming; three sons, Bruce Riley of Tulsa, Glenn Riley of Belen, N. M., Jack Riley of Amarillo; two sisters, Mrs. L. L. Palmer, Alameed, Mrs. L. P. Brooks, Terrell, Texas; one brother, J. F. Riley of St. Petersburg, Florida; nine grandchildren and ten great-grandchildren.

## New Vehicle Program Of Inspection To Begin September 1

The 1969 Texas Legislature has provided for a year-round Motor Vehicle Inspection program. Beginning September 1, 1969, the present 1969 inspection stickers will have a numeral insert corresponding to the month of issuance that will be inserted on the face of the sticker corresponding to the month of issuance. The sticker will be placed in the lower left hand corner of the windshield.

All 1969 stickers bearing a numeral insert will expire at the end of the month a year from now, 1970. All 1969 stickers bearing no numeral insert will expire on April 15, 1970.

Beginning January 1, 1970, the inspection stickers issued will have an orange background and bear an insert numeral corresponding with the 1970 month of issuance and will expire at the end of the month of issuance in 1971. The inspection sticker design will change in January of every year to a new base design.

The Legislature added two items to be inspected—the exhaust system and the exhaust emission system. The new inspection fee will be \$2.00.

## WEATHER REMAINS HOT AND VERY DRY

The mercury climbed to a new high for the year last Wednesday with a sizzling 106 degrees but cooled off a bit over the week end only to climb back to 103 Tuesday of this week—100 degrees or more has been recorded 13 days of the first 19 days of this month. The other six days ranged from 97 to 99.

The bad part is that only .12 inch of moisture has been recorded for the month so far here in town. Some parts of the county have received beneficial moisture last week with Jericho receiving around an inch and a half inch at Goldston. Two new trailer homes were blown over and heavily damaged in a strong wind at Shamrock. This was the same storm that passed thru Shamrock and heavily damaged their hospital.

## TWO CLARENDONITES TO RECEIVE DEGREES

Clyde Steven Richerson and Judith Pittman Burlin will be among the 1,200 who are candidates for degrees at the University of Houston's summer commencement exercises to be held Friday, August 22, at 7:30 p. m. Mrs. Burlin will receive the BS degree in Psychology and Mr. Richerson the BS degree in Biology.

Richerson's parents are Mr. and Mrs. H. S. Richerson of Clarendon while Mrs. Burlin's parents are Mr. and Mrs. Carl Pittman, also of Clarendon.

## ARCHIE SMITH TOP BACK AT McMURRY

Archie Smith, a former star athlete in the Clarendon schools, will be a top running back with the McMurry College Indians of Abilene this year. Smith, a 207-pounder, and a junior student, will fill the slot of tailback.

Head football coach Buddy Fornes expects some 60 prospects to check in for training Tuesday, August 26.

Mrs. G. W. Estlack visited her mother, Mrs. Faye Scoggins of Phoenix, Arizona in the home of her sister, Mrs. L. T. Whitlock, in Amarillo.

## HOSPITAL NOTES

Patients as of Wed., Aug. 20—Evelyn Warren, Mrs. Emma Gregory, Janice Easterling, Mrs. Clyde Slavin, Mrs. Bill Allen. Dismissals—Tom Stotts, Charlie Swinney, and Mrs. Carmen Wright.

## Registration For Fall Term Of School To Begin Monday

### Cotton Irrigation Cutoff Date Here

"Irrigating cotton later than the recommended cutoff date can be a costly practice," says Leon New, area irrigation specialist with the Texas Agricultural Extension Service.

Late irrigation will produce excessive vegetative growth, delay maturity and set late bolls which will be caught by the first freeze, explains New. This will lower the micronaire, and with higher discounts for low "mike" cotton this year, up to \$21.75 per bale, several dollars per acre could be lost through late watering.

"August 20 is the irrigation cutoff date for cotton north of Lubbock," says New. "Cutoff south of Lubbock can be delayed until August 25."

For late maturing varieties such as Acales, the cutoff date should be a little earlier, but cutoff can be delayed a few days with early varieties.

"Early maturing varieties irrigated after September 1 will be pushed to reach maturity," points out New. "Research shows that water applied after September 1 seldom contributes to yield and will often lower lint quality."

These irrigation cutoff guides have been established from research on the cotton plant's growth pattern and water requirement. The results were then related to late season temperatures by geographical locations, explains the specialist.

"These cutoff dates will normally allow sufficient time for cotton fibers to fully mature prior to the established frost dates. A vegetative growth surge caused by late irrigation will often delay fiber maturity. Late irrigation may reduce rather than increase yields," New says.

"Even with this year's hot dry summer, these cotton irrigation guides apply. Following them can mean extra dollars at harvest time—from pumping cost savings and high quality cotton," concludes the specialist.

## ANNUAL FARM BUREAU BARBECUE FRIDAY NITE

Jay Gould, president of the Donley County Farm Bureau, has announced that the Farm Bureau will have its annual barbecue Friday, August 22, at 7:30 p. m. at the Lelia Lake Community Center.

Members are asked to leave a half chicken for each member in their family and a half for each of your guests planning to be present at the Locker Plant in Clarendon or the Locker Plant in Hedley not later than noon Friday, the 22nd.

Two young people from Hedley, Carol George, daughter of Mr. and Mrs. J. R. George, and Johnny Hill, son of Mr. and Mrs. Junior Hill, who have recently attended the Farm Bureau Citizenship Seminar at Waco, will present the program.

## GRANDDAUGHTER IS HONORED AT GREENBELT BOWL

Miss Linda Kay Smith, daughter of Mr. and Mrs. Bert Smith of Amarillo and granddaughter of Mrs. Victor Smith and Mrs. Tennie Smith of Clarendon, was chosen "Miss Congeniality" at the Greenbelt Bowl football game in Childress Saturday. Miss Smith was sponsored by her brother, Gale Smith, who played in the All-Star game and was a member of the West team.

Mr. and Mrs. Basil Smith, Mrs. Victor Smith, Mrs. Tennie Smith and Mrs. Yvonne Constantin of Clarendon attended the game.

Mrs. G. W. Estlack visited Mrs. Nettie Curry in Palo Duro Convalescent Home in Claude Thursday morning.

The Clarendon Public Schools will open Monday for the 1969-70 school year. Classes will not begin until Wednesday, the 27th, but students must register Monday and Tuesday, reported Arling Cordell, Superintendent of Schools.

High School Principal Jeff Walker urges that all high school students make their plans to be on hand at their designated times for registration. A library fee of \$2.00 will be required of all high school students.

Wednesday, August 27, will be the first day of classes and will also be the first day the school buses will make their regular routes and the first day the cafeteria will be open to serve school lunches.

The calendar for the beginning of school is as follows with the designated registration time etc.:

- AUGUST 25—General Faculty Meeting 9 a. m.
- Sectional Meetings 10 a. m.
- Senior Registration 11 a. m. to 1 p. m.
- Junior Registration 2 to 4 p. m.
- Bus Drivers Meeting in Administration Bldg., 2 p. m.
- AUGUST 26—Sophomore registration 9 a. m. to 12 a. m.
- Freshman registration 1 to 4 p. m.
- Elementary registration 9 a. m. to 4 p. m.
- AUGUST 27—School begins 9 a. m.
- SEPT. 1—Labor Day Holiday.

## Make Plans Now For Fertilizing Wheat

The time is once again approaching to consider plans for fertilizing wheat to be planted this fall.

Since most soils vary in their ability to supply plant nutrients, the most logical starting point for determining fertilizer needs is the soil test, says Ronald Gooch, Donley County agricultural agent. By sampling early, the report will be received in time for making the final decision as to what kind and how much fertilizer to apply.

Nitrogen is the fertilizer element likely to be in shortest supply, points out Gooch. Organic matter as measured by soil tests is one of the guides for determining how much nitrogen will be needed. However, such factors as the amount and stage of decomposition of previous crop residue, physical condition of the soil, ability to irrigate adequately and intended grazing practices will all influence the nitrogen need of the crop.

Data at the South Plains Research and Extension Center clearly indicates that where wheat is grown on Pullman soils for grain only, the time of nitrogen applications is of little importance. However, adds Gooch, when wheat is to be grazed, all or part of the nitrogen should be applied preplant to stimulate early growth. Adequately fertilized wheat forage can contain 20 per cent protein or 3 per cent nitrogen on a dry basis.

Insufficient phosphorus can also limit wheat production, the agent points out. Profitable response has long been evident on many of the sandy and mixed land soils. Yield increases have been noted on Pullman soils shown to be deficient by soil testing.

Since phosphorus does not move appreciably with soil moisture, it must be placed in the soil where it will be within reach of the permanent roots. Therefore, preplant application is recommended. Wheat plants utilize much of the phosphorus when they are young.

Gooch urges all wheat growers to send in soil samples as soon as possible. Complete information on sample collection and mailing is available at the county Extension office.

Leader Out-of-County Rate \$5

Clarendon High School Cheerleaders: Candy Skelton, Dianne Cornell, Jayne Martin, Annette Alexander, Carrie Neal, and Shelia McAnear attended Cheer-

leaders School on the SMU Campus. The school covered a five-day period with 1,000 girls attending.

Competition was held daily

with all girls competing. The Clarendon group won three second places and one third, the best Clarendon has ever done at the school.

## Shires-Jones Nuptials Solemnized Friday Aug. 15 In Amarillo

Double-ring vows were exchanged Friday evening, August 15, 1969, in Kingswood Methodist Church in Amarillo for Miss Donna Jo Shires, daughter of Mr. and Mrs. W. A. Shires of Amarillo, and Cecil Gene Jones of Amarillo, son of Mr. and Mrs. C. P. Jones, Jr. of Clarendon. Rev. J. W. Patterson, former pastor of the First Methodist Church in Clarendon, officiated.

Given in marriage by her father, the bride wore a street length sleeveless dress of white linen with a white lace redingote. Her mantilla of white lace was secured by an antique pearl tiara and she carried white orchids atop a white prayer book.

Attendants for the bride were Miss Sandra Sims of Amarillo, maid of honor, and Mrs. Mary Ann Reese of Woodward, Oklahoma, bridesmaid. They wore street length dresses of yellow linen fashioned with a sleeveless bodice and a lace ruffle collar. Each carried a nosegay of white daisies.

Jerry Allen of Stratford was best man. Jerry Doerfler of Amarillo was groomsman and Matt Turner of Amarillo was usher.

Mrs. Jo Ellen Pfeiffer, a former Clarendon resident, was organist and played a selection of traditional wedding music.

Following the ceremony, a reception was held at the Continental Club of Holiday Inn, West. After a wedding trip to points of interest in Arizona and New Mexico, the couple will be at home at 310 North Bellevue in Amarillo.

The bride, a graduate of Caprock High School, is employed as bookkeeper-receptionist by Roberts Construction Company. The groom attended schools in Clarendon and is assistant manager of Hannah's Old Time Pie Shop in Amarillo.

Out-of-town guests included: Miss Elizabeth Ann Honea and Mr. and Mrs. Morris Stephens of Clarendon.

## White-Hermesmeier Nuptials Solemnized In Groom Ceremony

In a double-ring ceremony Saturday evening at the Groom Immaculate Heart of Mary Catholic Church, Betty Graham White became the bride of Martin Hermesmeier. Father Carlson officiated at the twilight ceremony read before an altar decorated with pink and white gladioli.

The bride is the daughter of Mrs. Harold Graham of Clarendon and the late Mr. Graham. Parents of the groom are Mr. and Mrs. Charles Hermesmeier of Groom.

Tapers were lit by Randy Quirk and Howard Britten. Organist was Ruth Homer.

The bride, given in marriage by her brother, Allen Ray Graham of Panhandle, wore a pale pink lace street length dress and coat accented by pink accessories and carried a bouquet in white.

Attending the couple were Linda Kay Bell and Bill E. Homer, Ushers were J. R. Graham and Robert Hermesmeier.

Mrs. Graham, mother of the bride, and Mrs. Hermesmeier, mother of the groom, wore blue complimented by a corsage in white.

A reception in Parish Hall followed the ceremony. A pink and white decor was carried out.

Dennis Quirk presided at the register. Derlene Graham served the wedding cake while Ann Homer dispensed punch.

After a short wedding trip the couple will reside in Amarillo where the groom is employed by Bell Helicopter. REPORTED.

## Miss Sherol Shelton, Redell Johnston Wed In Memphis August 8

Miss Sherol Diane Shelton, daughter of Mr. and Mrs. Dick Shelton of Clarendon, Texas, became the bride of Redell Johnston, son of Mr. and Mrs. W. H. Johnston, also of Clarendon, in a ceremony read August 8, 1969, in the home of the bride's grandmother, Mrs. C. C. Meacham, Memphis, Texas.

The double ring vows were exchanged against a background of white gladioli and candle-labra with Rev. David Hamblin, pastor of the Memphis Methodist Church officiating. Tapers were lit by Ferial Shelton, brother of the bride.

Mrs. R. S. Patrick of Memphis, pianist, presented a prelude of nuptial selections and accompanied Miss Adele Barnhill of Clarendon as she sang "O Perfect Love."

The bride presented in marriage by her father, wore a street length dress of white embroidered cotton with white lace trim. The A-line dress featured long full sleeves with lace trimmed cuffs and a lace trimmed neckline. She wore a coil of white satin ribbon and carried a bouquet of white and pink carnations atop an antique Bible covered in white lace. All of the time-honored traditions were observed even to a sixpence in the shoe.

Attending the bride as maid of honor was Miss Linda Longan of Clarendon. Miss Longan wore a pink street length dress with white lace trim fashioned along the A-line. She wore pink accessories and a coil of pink velvet ribbon. Her bouquet was of pink and white carnations.

Johnny Linville of Stinnett attended the groom as best man.

For her daughter's wedding, Mrs. Shelton chose an aqua and white knit sheath with black accessories. Mrs. Johnston, mother of the groom, wore a beige knit sheath with black accessories. Each wore a corsage of white carnations.

A reception was held following the ceremony. The refreshment table was highlighted by a four tiered wedding cake topped with wedding bells. Appointments were crystal and silver. An antique banana stand held a floral arrangement in pink and white. Presiding at the table were Mrs. Mike Eddins of Amarillo and Misses Carol Chamberlain and Laveta Formway of Clarendon. Miss Pam Crawford of Clarendon registered the guests.

As a traveling costume, the bride chose a pink linen A-line dress with pink accessories and the corsage lifted from her bridal bouquet.

Mrs. Johnston attended Clarendon schools and will be a sophomore student at Texas Tech this fall. The groom attended Clarendon College and is now employed by Southwestern Public Service Company.

## Walls-Heathington Reunion Held Here Sunday, Aug. 17

A reunion of the Walls and Heathington families was held Sunday, August 17, in the home of Mr. and Mrs. Theron Holland of Clarendon. Visitors were here from eight states.

Attending were Velma Heathington and Mary Cleaver of Tulsa; Nancy and Jason Milton of Norfolk, Va.; Mr. and Mrs. Sam Childers, Nancy, Dianne, and Sammy, also Mr. and Mrs. W. B. Johnson of Sand Springs, Okla.; Mr. and Mrs. Jim Cox, Tom Dell and Jimi Ellen, Mr. and Mrs. Lee Walls and granddaughter, Mr. and Mrs. Johnny Walls, all of Ft. Worth; Mrs. Dan C. Baldwin, Tamara and Nancy Brook of Abilene; Mr. and Mrs. Norman Hutson and Nesa of Perryton; Mr. and Mrs. Jim Finerty and family of Limestone, Maine.

Others included Mr. and Mrs. Buddy Williamson of Clovis, N. Mex.; Mr. and Mrs. Gene Walls and granddaughter of El Paso; Mr. and Mrs. J. E. Boyter of Woodward, Okla.; Mr. and Mrs. W. R. Hill of Harrison, Ark.; Verda Evans and Pluma McCarty of Plainview; Mr. and Mrs. H. H. Shields, Mr. and Mrs. Afton Hawthorne and family of Lelia Lake; Delores Leavett and children of Veda; Berniece Donathan of Wadoodo; Mr. and Mrs. Buster Shields, Johnny and Theresa of Stinnett; Mr. and Mrs. A. K. King, Mark and Patty of Fritch; Mr. and Mrs. Ed Watson and Mr. and Mrs. Bill Watson, Jr., Dean and Billy Ray, Mr. and Mrs. Ben Heathington, all of Amarillo.

All present were Mrs. Della Mae Bell and Laura Sue Clifton of Bakersfield, Calif.; Johnny May Walls of Yuma, Ariz.; Mr. and Mrs. Orvil Clark of Albuquerque, N. Mex.; Mr. and Mrs. C. A. Walls and family of White Sands, N. Mex.; Mrs. Kitty Walls, Jiggs Walls and Linda of Lakeview; Mr. and Mrs. Buddy Evans and son of Hereford; Mr. and Mrs. Bill Hill and Shelley, Mrs. Lena Smith, Mr. and Mrs. David Holland, Mr. and Mrs. Theron Holland, John, Jerry, Laura, and Leann, all of Clarendon. Rep.

Mrs. Lloyd Carmichael visited Monday with Mrs. Ruby Annis who is on the sick list.

Guests in the home of Mrs. Edith Longan Sunday were Mr. and Mrs. Forrest Cloyd and Ray Glen and Mr. and Mrs. J. C. Longan of Pampa.

Others attending included Mrs. Lucy Taylor, Rosemary, Robert and Mark of Memphis; Mr. and Mrs. Wayne Parker of Wellington; Mrs. Janice Cook and Pam of Morton; Mr. and Mrs. Billy Porter, Mike, Michelle, and Melissa of Silvertown; Mr. and Mrs. Donnie Collins, Robert and Glee of Electra; Mr. and Mrs. Carson Turner, James, Wesley, Brian, and Curt of Weatherford; Mrs. W. J. Walker, Leola and W. J., Jr. and Mr. and Mrs. Raymond Stone, Donald and Brenda of Hereford.

Visiting Saturday afternoon were Mr. and Mrs. Charles Brown, Gary and Gayle of Amarillo. Rep.

Dr. and Mrs. James C. Graham and son, Todd, of St. Louis are visiting his parents, Mr. and Mrs. Doyce Graham. They all attended the wedding of Betty White and Martin Hermesmeier at Groom Saturday night.

QUALITY JOB PRINTING AT THE LEADER

## Walker Family Had Reunion Sunday In City Park Here

The T. J. Walker family reunion was held in the City Park at Clarendon Sunday with a large group present for the occasion and everyone reporting a fine time.

Present for the gathering were Mr. and Mrs. Burnice Porter and James of Skellytown; Mrs. Maggie Hobgood of Borger; Mr. and Mrs. Charles Turner of Spur; Mr. and Mrs. R. L. Smith of San Angelo; Mr. and Mrs. Kenneth Morrow, Rosey Harper and Allen of Clarendon; Mr. and Mrs. Ira K. Morrow, Danny, Joe, and John, Clydeane Kelly, and Earl B. Morrow, all of Amarillo; Mr. and Mrs. John Morrow, Johnny and Paula of Friona; Mr. and Mrs. Norma Stewart and Cassandra of Iowa Park.

Others attending were Mrs. Lucy Taylor, Rosemary, Robert and Mark of Memphis; Mr. and Mrs. Wayne Parker of Wellington; Mrs. Janice Cook and Pam of Morton; Mr. and Mrs. Billy Porter, Mike, Michelle, and Melissa of Silvertown; Mr. and Mrs. Donnie Collins, Robert and Glee of Electra; Mr. and Mrs. Carson Turner, James, Wesley, Brian, and Curt of Weatherford; Mrs. W. J. Walker, Leola and W. J., Jr. and Mr. and Mrs. Raymond Stone, Donald and Brenda of Hereford.

Visiting Saturday afternoon were Mr. and Mrs. Charles Brown, Gary and Gayle of Amarillo. Rep.

Dr. and Mrs. James C. Graham and son, Todd, of St. Louis are visiting his parents, Mr. and Mrs. Doyce Graham. They all attended the wedding of Betty White and Martin Hermesmeier at Groom Saturday night.

Others attending included Mrs. Lillie Burton of Sweetwater; Mrs. Armenta McArthur of Houston; Mrs. Nadine Goodwin of Paducah; Mrs. Lula Hendrix of Waco; Mrs. Bessie Waymick of Ranger; Mr. and Mrs. Bob Oldham and Mrs. Joy Somerville and sons of Canyon.

Guests of the family were Mrs. R. R. Stotts and Mrs. G. T. Foster of Memphis, and Mrs. T. T. Fain of Canyon who is 93 years old and was an inspiration to all present.

## Williams-Oldham Reunion Held In Foster Home

Mr. and Mrs. Charlie Foster were hosts last week end for the Williams-Oldham reunion at their home in the Giles community. The two days were spent in visiting, picture taking, and eating.

Mrs. Lula Hendrix celebrated her 77th birthday on Sunday with a birthday cake and candles.

Those who came and enjoyed being together were: Mrs. Ina Warren of Dell City, Texas; Mr. and Mrs. D. C. Powell, Mr. and Mrs. E. Lyles, Charles, Larry and Joe Lyles, Nancy Latimer, all of Turkey; Mr. and Mrs. Monroe Scroggins of Longview; Mr. and Mrs. B. V. Brummett of Pampa; Mrs. R. L. Williams of Cleburne; Mr. and Mrs. Johnnie R. Williams, Johnnie Karen Williams of Childress; Mary Katherine Williams of Amarillo; Mr. and Mrs. Charles Foster of Hedley.

Others attending included Mrs. Lillie Burton of Sweetwater; Mrs. Armenta McArthur of Houston; Mrs. Nadine Goodwin of Paducah; Mrs. Lula Hendrix of Waco; Mrs. Bessie Waymick of Ranger; Mr. and Mrs. Bob Oldham and Mrs. Joy Somerville and sons of Canyon.

Guests of the family were Mrs. R. R. Stotts and Mrs. G. T. Foster of Memphis, and Mrs. T. T. Fain of Canyon who is 93 years old and was an inspiration to all present.

## HIGHWAY PATROL REPORTS JULY RURAL ACCIDENTS

The Texas Highway Patrol investigated five accidents on rural highways in Donley County during the month of July, according to Sergeant Vernon Cawthon, Highway Patrol supervisor of this area.

These crashes resulted in two persons injured and an estimated property damage of \$1,970.00.

The rural traffic accident summary for this county during the first seven months of 1969 shows a total of 26 accidents resulting in no persons killed, 18 persons injured, and an estimated property damage of \$15,880.00.

Mr. and Mrs. Jim Hinkle, Mr. and Mrs. R. B. Hinkle, Roy and Belinda of Tahoka, Dr. Amy Hinkle of Muncie, Indiana, Mr. and Mrs. Jay F. White and Aaronda of Phillips, Mrs. Gertrude Nance of Carlsbad, N. M., Mrs. Beatrice Street of Dallas, Mrs. Lela Roberts of McLean and Mr. and Mrs. Loyd Reid visited in the Hinkle home during the week.

# Capital NEWS

By VERN SANFORD

AUSTIN, Tex.—Legislature is roaring through the final full week of a called special session with accomplishment of its major goals—adoption of a budget and a tax bill—in sight.

Senate scored a major breakthrough on its tax bill after a four hour floor debate and days of gloomy predictions of a deadlock.

Here are how tax bills passed by the House and Senate stackup, pending conference committee adjustment:

**Senate**—An increase in the sales tax rate from three to 3.25 per cent with the levy extended to beer-liquor and telephone-telegraph services; four cents a pack increase in the cigarette tax, from 11 cents to 15 cents; 50-cent raise in corporation franchise tax rate (to \$3.25 per \$1,000) with base for computing the tax expanded to include 25 per cent of out-of-state sales; boost in the natural gas production tax from seven to eight per cent and addition to a new documentary stamp tax of 50 cents per \$500 value on land transfer documents.

**House**—An increase in the sales tax rate to 3.5 per cent; a new service tax of the same amount on telephone and telegraph, professional entertainment, auto, appliance and jewelry repairs; parking, laundry and dry cleaning; a five cents a pack raise in the cigarette tax and a 10-cent transactions levy on sale or purchase of stocks and other securities.

Total yield of the House bill was calculated at about \$325 million. Senate bill originally was figured at \$300 million, but a delay in its effective date may reduce the take sharply.

Senate bill would share with those cities levying a local option sales tax the new income from tax on telephone and telegraph

and alcoholic beverages. House bill did not propose such sharing from services levy.

Differences in the \$1.2 billion Senate and \$1.1 billion House general revenue budgets also are being hastily adjusted.

### Welfare Benefits To Rise

Proving that what comes down eventually will go up, state welfare benefits will increase September 1.

Aid to Families with Dependent Children (AFDC), sharply reduced May 1 due to fund shortages, will rise at least 50 per cent.

Maximum grants to the aged also will increase from \$110 to \$125 a month. Aid to the disabled maximums will go up from \$84 to \$100 and aid to the blind from \$96 to \$110.

Increases were made possible by voters' August 5 adoption of the constitutional amendment to raise the welfare spending ceiling from \$60 million to \$80 million a year.

Public Welfare Board authorized an increase in AFDC to 75 per cent of budgeted family needs. AFDC checks were reduced May 1 to 50 per cent of budgeted needs.

New level of assistance will represent a 30 per cent increase over the average AFDC grant as of Jan. 2, 1968, effective date of a federal requirement that by last July 1 amounts used to determine needs in the AFDC program must reflect regular cost-of-living increases.

### Private Club Rules Stand

An Austin district court has refused to block Texas Liquor Control Board from enforcing new rules for private clubs effective September 1.

Club operators asked the Board for a delay pending their appeal, but the Board said its rules appear clear enough and will be enforced pending an adverse

court order. Primarily at issue are sections of the rule which would require that club guests be personally introduced by a regular club member or accompanied by a member and that bills incurred be sent to and paid by a member. Latter would ban cash sales by clubs.

LCB member Joe Burkett Jr. of Kerrville told complaining club operators they may be needlessly "gun-shy." Agency, said Burkett, is not interested in making unwarranted arrests and prefers a "warning system" to a "complaint system."

"The Board has no desire to be punitive," said Chairman Tom Gordon of Abilene. "But it is our duty to enforce the Texas liquor control law . . . and that is precisely what we intend to do."

### Appointments

Gov. Preston Smith named Joe Frazier Brown of San Antonio as executive director of Criminal Justice Council in his office. Council met last week to consider \$1.1 million in action grants to implement the state's war on crime.

Smith appointed to the new Polygraph (lie detector) Examiners Board San Antonio Police Sgt. Gene Ralph Danish; Hyden Allen Albert of Austin, supervisor of Texas Department of Public Safety polygraph section; Bobby Harvel Musser of Houston; James Davidson Williams of Dallas; William Dodge Starcher of Lubbock and Lee Estes Wheeler of Fort Worth.

Dr. Billy R. Walker, Ph.D., of Abilene was named Saturday as superintendent of San Angelo Center for Mentally Ill and Mentally Retarded. He has been assistant superintendent of Abilene State School since 1967.

DPS promoted to Texas Ranger captains Sgt. Bill Wilson of Austin and Sgt. J. F. (Pete) Rogers of Houston. Wilson will command Company B in Dallas, and Rogers Company C in Lubbock.

### Attorney General Rules

State Board of Insurance can consider insurance company investment income in setting auto coverage premium rates, Atty. Gen. Crawford C. Martin has

held in a new opinion. But Martin said he could offer no advice as to whether the Board should take investments into consideration in rate making.

In other recent opinions, Martin held that: New theft-of-fish law may be enforced by Parks and Wildlife Department officers if the offense is committed in their presence or view and fish taken from the fish farm have value in excess of \$200. Otherwise, enforcement lies with regular peace officers.

Dinmitt Feed Yards Inc., a custom cattle feeding lot, is not obligated to furnish to county tax assessor a list of the names of those owning cattle located within its confines on January 1.

### Water Study

Rep. Bill Clayton of Springlake introduced a resolution creating a legislative-citizens study committee to take a full look at the Texas Water Plan, now that the voters refused to approve the \$3.5 billion state bond issue to help finance the 50-year water program.

Committee would be composed of three private citizens, three senators and three representatives. They would investigate other possible ways of financing the state water plan. Opponents of the bond issue raised the question that the effect of 67 reservoirs and two large canals on the ecology of the state had not been given enough consideration by the Texas Water Development Board. Committee would hold hearings over the state on that.

Recommendations would be made to the Legislature in 1971, thus making it possible for a new election to be held that year or in 1972 on a finance plan.

### Short Snorts

Land Commissioner Jerry Sadler claims sites of three Spanish shipwrecks off Padre Island—which may contain valuable treasure as did earlier sites explored—have been plundered by "pirates."

Coordinating Board, Texas College and University System, sold \$14,000,000 worth of bonds authorized by the voters Aug. 5, at 5.41 per cent interest to provide money for students planning to enter college in September.

State Board of Insurance has warned insurance companies from "tacking on" unnecessary provisions to automobile policies after learning that some companies have been "declining" to write policies unless applicants purchased "additional coverages which provide no substantial benefits to them" since this, in effect, is "requiring a premium in excess of that prescribed by the Board" and a "violation of the automobile premium rating laws."

About 10,000 Texans are driving "illegally" because they have circumvented the state's safety responsibility law, according to Southwestern Insurance Information Service.

Mr. and Mrs. L. O. Christie spent Saturday night with Mr. and Mrs. Shug Noble and attended the Christie family reunion at Thompson Park.

Mr. and Mrs. Don Lyles of Amarillo spent Sunday with Mr.

and Mrs. Eldon Lyles and Melinda.

The most critical time for newly planted trees and shrubs is during the first summer. Because of the reduced root system, many plants have difficulty getting established. This is especially true in areas where rainfall has been abundant, then suddenly it turns hot and dry before the roots are well established. Rather than frequent watering, give the plants a thorough soaking to a depth of 8-12 inches. Allow the soil to dry in the upper two inches before watering again. A mulch over the root area will aid in moisture conservation and keeping soil temperature down.

**PETROLEUM DISTRIBUTORSHIP**  
**FOR MAJOR OIL COMPANY**

**AVAILABLE FOR DONLEY-ARMSTRONG COUNTIES**

We want to expand our marketing facilities in Donley-Armstrong counties. We want a distributor to serve our dealer accounts and consumer business with gasoline, oils and industrial lubricants.

To complement the petroleum products, we have the finest lines of tires, batteries and accessories.

Company will furnish warehouse, storage tanks, petroleum inventory. Distributor must furnish small investment and stand rigid credit investigation.

The CHAPARRAL is manufactured by the Aeronutronic Division of the Philco Electronics Company.

### OUTDOORS IN TEXAS

By Vern Sanford

If you're not a bass fisherman you soon will be after reading Grits Gresham's excellent book on that subject. He will whet your appetite to try it, then tell you how to do it.

Grits is an outdoor writer and photographer of national prominence. He's a Louisianan who has fished the country over. You've seen his stories and pictures in numerous sports magazines and many, many times in Outdoor Life. Grits is not only an ace photographer but he's also tops as an angler.

So if you want a short-course in how to do it and what to do it with, from one who really knows, get a copy of the "Complete Book of Bass Fishing."

Truly a "complete book"—it deals with not only the fabulous black bass but also the ever popular whites and the Kentucky spotted bass. Complete it is . . . with pix of the numerous bass catching lures and how to work them instructions.

It's more than 250 pages tell how to "read the water," locate these elusive critters and take them from the lakes, rivers, ponds and streams . . . day or night.

You'll be thinking like a fish when you finish Grits Gresham's most interesting and informative book on bass fishing.

Saw Grits at the National Sports Show in Houston and he happily reported that the book-stores are already sold out. But he hastened to add that he has copies at his home. So, if you're interested—and man you should be—if you don't already have a copy—write Grits Gresham at 942 Williams Avenue, Natchitoches, La. 71457. Include a check for \$5.95 and if he's not out fishing somewhere, or taking some of those superb photos, you will get a copy of his masterpiece by return mail.

And, you'll thank us for suggesting it, for this informative compilation of valuable tips and illustrations is something you'll read and reread time and time again.

### Social Security News

Q. I received mother's benefits until I remarried about a year ago. I am now getting a divorce. May I apply again to receive mother's benefits? My youngest child is five years old.

A. Yes. Since you still have in your care a child under 18 entitled to benefits, you can apply to get mother's benefits.

Bring a copy of your divorce decree when you come in to file your claim.

Q. I am now receiving social security disability benefits. Will I get less money when I am age 65?

A. No. If you receive disability benefits until you are age 65, your benefit will be automatically changed to a retirement benefit at the same dollar amount.

Q. Recently I lost my social security card. How do I get another one, and what will it cost me?

A. You can drop by any post office or social security office and obtain an application for a social security number. We will

issue you another card with your original number on it. There is no charge for this service.

Q. I am receiving student benefits under social security. I mailed a form to your payment center last month showing I intended to go to school again in September. Is it also necessary to report this to the local social security office?

A. No. The reporting card you sent to our payment center is all you need to do at the present time.

Freedom is Washington at Valley Forge; Lincoln pardoning prisoners; Ike praying on a bench before "D Day."

### The Way To Lower Insurance Rates

When all the conversation about insurance is done, one fact remains foremost—the only way to lower insurance rates is to (1) lower the cost of repairs to automobiles and cost of hospital and medical costs for treatment of the injured, and (2) lower the frequency of accidents.

August R. Buchel, president of the Association of Texas Fire & Casualty Companies, pointed out that unfortunately both costs and frequency soared beyond reasonable expectations last year resulting in a 17 per cent inadequate insurance rate.

Testimony given before a committee of laymen appointed by Gov. Preston Smith to look into insurance rates has been told that whereas in the past garages maintained what is known as a large crash manual giving the cost of replacement parts and cost of labor made appropriate page changes every three or four months as necessary; the entire manual is now being reprinted every month due to the rapid change in prices.

"The same repair job that cost \$389.72 in January 1967 cost \$641.42 in 1968; and rose to \$683-

53 in January 1969. What's even more significant, the same repair job went to \$741.58 by July 1969," Buchel pointed out.

In Harris County labor costs have jumped 40 per cent in the last three years, with 20 per cent of the increase coming in the last 15 months. At the same time, the same number of cars that produced 17,800 claims in 1967 at an average cost of \$300, produced 19,000 claims in 1969, costing \$331 each.

In Dallas, there was some reduction in frequency of accidents, but the average claim cost jumped from \$288 in 1967 to \$320 in 1968.

"Insurance companies cannot long continue to provide protection at 1969 costs, at 1968's inadequate rates, based on 1967 experience. It hardly seems appropriate that so much discussion is going forward as to whether a 14.8 per cent increase recommended by the State Board of Insurance is "too much" when the facts are that a 17 per cent increase is needed," the Dallas insurance executive pointed out.

Other factors involving higher 1969 prices paid for out of 1968 premiums include a general increase of 25 per cent in wrecker charges and increased storage fees now up from 50 to 100 per

cent in most cities.

"To complicate the costs even more, the former practice of allowing insurance companies a discount on parts of from 15 to 20 per cent due to volume buying has been discontinued completely in some areas and reduced to 10 per cent in the few areas where such practice is continued," Buchel observed.

"The strain of overloading the costs while unduly restricting premiums to inadequate levels cannot help but have a serious impact on the insurance companies and their ability to provide insurance to all those who seek it," Buchel concluded.

### FILE YOUR SOCIAL SECURITY CLAIM EARLY

Want to be sure your first social security check reaches you on time when you retire? According to Travis C. Briggs, social security district manager, here is how you can do it.

File your claim early. You are allowed to apply for benefits as much as three months before your first check is due. The earlier you apply during those three months, the better, Briggs said everyone is urged to go to the office early to allow ample time to resolve any problems or questions before payment is due.

Be sure to take your social security card with you. The number on it is the key to your benefit payments. Don't rely on your memory or anything else. The number has to be accurate.

Take last year's W-2 form or tax return and be sure you know how much you have earned this year. There may not have been enough time for your earnings last year and this year to get on your official record so the local social security office will put them on record for you if you bring evidence of them.

Next, bring something to prove your age. Best evidence is an original birth certificate or a baptismal record made before

you were age 5. If you don't have either of these records, bring your delayed birth certificate, an old insurance policy, an early school record, a marriage record, or early census record. If you have more than one of these records, take them all. Generally, the older the record, the better it is.

Briggs said it generally takes six to eight weeks to process a claim for benefits, but it might take longer if you have to secure this information after your claim is filed. Call 376-5151 or visit the office at 1006 Adams if you want more information on how to speed up your claim. The Amarillo office is open from 8:15 a. m. to 4:30 p. m. Monday thru Friday staying open until 6:30 p. m. on Thursdays.

Friends of Buford Howerton will be sorry to learn he is seriously ill in Groom Hospital.

The Federal Food and Drug Administration is about to cancel a permit for irradiated bacon, reports Extension specialist Gwendolyn Clyatt. Their reasons: FDA data failed to show conclusively that irradiation produces a safe product and that pork products appear to produce harmful effects when fed to laboratory animals.

### Danger In Use Of Ag Chemicals; Caution Urged

Don't relax your guard when using agricultural chemicals. They can enter the body by ingestion, through the respiratory system and in many cases thru the skin, explains County Agent Ronald Gooch.

A person, he notes, would not knowingly eat a chemical such as a pesticide; however, failure to remove contaminated clothing and to thoroughly wash prior to eating can result in the ingestion of the chemical on food handled by an individual.

Absorption of the chemical thru the respiratory tract can also occur when one is exposed to chemicals in the form of dusts, sprays or vapors, explains the county agent. Adequate ventilation will serve to reduce the degree of exposure and the use of a respiratory protection device is a must in many cases if use hazards are to be minimized, emphasizes the county agent.

He suggests that protective clothing be worn at all times when chemicals are being used. Their use will help prevent contact of the chemical with the

skin, either directly or indirectly, or as a result of spillage, exposure to sprays or dusts or indirectly thru contacts with surfaces, equipment and utensils exposed to chemicals.

To prevent accidental poisonings, Gooch offers these suggestions: Read, understand and follow the container instructions, use protective clothing and respirators as directed on the labels, keep soap and water available at all times, they are valuable protective aids; if chemicals are spilled on the skin or clothing, remove the clothing and wash the affected area thoroughly with soap and water; launder the contaminated clothing separately and keep chemicals in safe storage. Empty chemical containers should be disposed of in accordance with label instructions.

Always remember, points out the county agent, the safe use of agricultural chemicals is largely in the hands of the person using them.

Mr. and Mrs. Clifton Elliott visited her mother, Mr. and Mrs. W. R. Wilkerson.

Mrs. Ben Andis and Miss Louise Bell of Amarillo visited Mrs. Edith Longan Thursday.

Texas Aeronautics Commission has given approval to Rio Airways to operate a commuter service to major South Texas cities and approved a request of King Airlines of Wichita Falls to double the size of the aircraft it uses in its commuter service between Wichita Falls and Dallas. Texas Council for Liquor Control, made up of industrial leaders, has formed to support liquor law enforcement.

Robert McLellan, undersecretary of U. S. Department of Commerce, will address the Legislature August 19 to launch Texas Industrial Commission's "E" Awards for promoting sales of American products abroad.

Water Rights Commission is investigating a complaint from landowners downstream from Stamford's city lake that Stamford is not releasing water into Paint Creek as required by the city's permit from the Commission.

To preserve autumn leaves, press them with a warm iron to set the color. Then soak the pressed leaves in a solution of one part glycerin to nine parts water, suggests Extension housing specialist Bonny Lay. When thoroughly soaked, remove and press between blotters. These leaves will remain flexible.
