Clarendon College will host Teenage pageant

May 15, 16 and 17 Clarendon and Clarendon College will be hosts for the North Texas National Teenager Pageant with 92 contestants entered. This will be the second time they have hosted a teenage pageant. In 1975 the state pageant was held here.

Since 1975 the Texas National Teenager Pageant has been held in Ft. Worth, until this year when the state pageant, because of geographical size, is divided.

All of north Texas is to be represented in the pageant with the area from Gruver, near the Oklahoma line, to Lubbock and Wichita Falls included in the teenage representation.

The young ladies will be housed on campus at Clarendon College and will receive their meals at the college cafeteria during the time of the pageant.

With parents and supporters an additional 250 to 300 persons will be in Clarendon for the three days. This will give them a chance to see the college campus, shop the stores, visit Greenbelt Lake and drive about Clarendon. From the accounts of other visitors our town has an aura of history and timelessness to those who come from the bustle of metropolitan areas.

With city motels filled the over-flow will go to nearby towns, but during the day much of Clarendon will be on display.

Registration will be on Friday, May 15. Early Saturday the girls will be busy with a variety of preparations including personal interviews with the judges. Each contestant will present an essay on What is Right about America.

Saturday afternoon the Clarendon Chamber of Commerce will host a reception for contestants and their parents at the Clarendon Country Club.

Saturday night the beauty contest will be held with the finalists being the top ten contestants.

Sunday brunch in the Clarendon College Cafeteria will conclude the activities

for the North Texas National Teenage Pageant.

We extend a cordial invitation to the contestants, families and friends who may be visitors in Clarendon for the pageant and hope you will make a return visit.

Outdoor Entertainment Ass'n Offers Box Seats

Clarendon Outdoor Entertainment Association is about to complete construction of new bleachers on the south side of the Rodeo Arena. They will be completed for the annual July 4th celebration which includes the traditional rodeo in Clarendon.

The construction is being done by Bailey East & Son, of Clarendon and the bleachers replace the old concrete block and wood structure that was used for many years. The new structure is all metal and should give trouble free service for many years of Rodeos in Clarendon.

These new bleachers have made available an additional twenty (20) box seats, which rodeo fans have been asking for, and which are now available on a first come basis at \$65.00 per box seat. This entitles the box owner to all three nights of the rodeo performances and includes six (6) tickets for each night to get through the gate.

In this way the box seat can be shared if someone can not be present at all three nights of the rodeo performances. If like many persons guests will be in your home during the July 4th holiday what better way to entertain

them than in your own box seat at the rodeo.

If you are interested in one of these new box seats please contact Jack A. Moreman, P.O. Box 68, Clarendon, Texas 79226 or phone 806-874-2071 at night.

Thanks

Thank you, Broncho Mother members and community supporters. Your loyal support and hard work during the entire year and for the All Sports Banquet has been appreciated more than you can know.

FLY CONTROL

Two species of flies are costing U. S. livestock producers about \$225 million annually, according to studies in Illinois and Nebraska.

The two species - the stable fly and housefly - are most threatening to feedlot cattle, dairy cattle and swine, says Dr. John Campbell, an entomologist with the university of Nebraska.

The bloodsucking stable fly reduces weight gains in feedlot cattle and milk production in dairy cattle, Campbell says. Houseflies may contribute directly to animal production losses in dairy cattle and swine, but create most of their damage through disease transmission, the entomologist says.

A prudent fly control program is a good investment, according to Campbell.

"For insect control, every dollar spent to obtain control will gain you \$4 to \$8 in return," Campbell says. The best fly control program for stockmen is a two-step ap-

proach, he says: Sanitation, first, followed by application of insecticides.

Determine where your major fly breeding problems are, and if possible, clean up or reduce breeding areas.

Clean up any combination of spilled grain, feed, moisture and manure - the ideal fly breeding environment. Also, make certain waterers don't leak and contribute to the breeding environment.

"Once you've done this, it's still necessary to use insecticides. Attack the adult populations," Campbell says.

Ideally, an insecticide for spraying livestock premises would have both knockdown (immediate kill) and residual qualities, Campbell says.

The new synthetic pyrethroid products are much safer and much more effective than the ones we've used in the past.

When implementing a fly spray program in barns and livestock premises, any spray can be made more effective

by knowing where and when to spray the insecticides.

Do your spraying when flies are resting, because it's much easier to control them when they're concentrated in a small area, he suggests.

During the day, stable flies prefer sheltered shade, but not dark interiors. Stable flies tend to rest on the building fronts and shady areas or vegetation during the hot part of the day.

During the heat of the day, both stable flies and houseflies may seek shady areas such as surrounding trees. An application of insecticide in the trees at this time can be an effective control measure.

Houseflies actually are easier to spray at night, the entomologist says. They're a little like chickens, they roost somewhere at night - inside a building on the walls or ceiling, or under the eaves of a building.

If you choose to spray at night, choose a warm evening. Most insecticides work

better at temperatures over 65 degrees Fahrenheit.

Spent wisely, the investment in fly control will more than pay for itself. The key to effective control is the two-step program. "If you apply a double technique to it - one: sanitation; two: the judicious use of insecticides - you can come up with a very adequate fly control program," he says.

Senator Bill Sarpalius Reports

Sarpalius Sponsored Bill

West Texas State University and the Panhandle - Plains Historical Society got a boost when Governor Bill Clements signed Senate Bill 467 into law Wednesday. The bill, sponsored by Senator Bill Sarpalius and Representative Bob Simpson, authorizes the society to receive a \$3.25 million grant from the Harrington Foundation.

The bill was Sarpalius' first to be signed into law. The grant will finance an addition to the Panhandle - Plains Historical Museum.

Now about 166,000 square feet, the museum will expand to more than 241,000 square feet after the improvements are complete.

"This legislation was a joint effort by Bob Simpson and me. We are both very proud of the museum and we

were glad to be able to help it," Sarpalius said.

Also present at the signing ceremony were Sherm Harriman, president of the panhandle - Plains Historical Society; George Arrington, a member of the society's executive committee; former legislator Tom Christian, past president of the society; and William C. Griggs, executive director of the society and director of the museum.

The act went into effect immediately after the governor signed it. Sarpalius said construction on the new museum wing could begin as early as next summer.

There is a bill in congress that would allow taxpayers to tape record interviews with IRS agents and the bill's sponsor, Congressman Jim Collins of Texas, says this right is needed to ensure equitable treatment of taxpayers during audits.

The taxpayers' Bill of Rights mandates two other procedures involving taxpayer/IRS interviews: first, the interview is to be conducted at a reasonable time and place for the taxpayer; and second, the IRS agent must warn the taxpayer of his or her right to remain silent, that any statement may be used against them, and that they have the right to an attorney.

"The three provisions in my bill are designed to give the honest, confused taxpayer some safeguards when faced with the often-times frightening experience of an audit," Collins said.

Under the current IRS code, and as stated in the IRS manual, if a taxpayer requests to record an examination "...the matter should be immediately referred to the group manager for his/her approval. If approval is granted, the manager will arrange an appropriate time and location in an Internal Revenue office where equipment is available to make the Service's recording."

"Right now each local IRS manager decides whether or not to allow the taxpayer to record an interview. I think the taxpayers should always have the right if they so choose and my bill will make it law instead of changeable IRS policy," Collins said.

The taxpayers' Bill of Rights, H.R. 2389, is currently in the Ways and Means Committee of the U.S. House of Representatives. The Collins Bill now has 45 cosponsors.

The Blue Planet

Earth, the blue planet, covered by clouds and seas, presents itself as an impressive body to anyone viewing it from a vantage point in space.

This rather small planet carries as its passengers all the life known to exist in the entire solar system. Earth alone has the requirements and balances necessary to the living organisms which inhabit our home. But earth hasn't always been like this, nor will it always be.

To understand better this

celestial body on which we travel through space we need to go back to the beginning, as scientists understand the beginning, take a look at the world then and at its changes as it evolved into its present status.

Visitors to the Don Harrington Discovery Center planetarium in Amarillo will be able to take this journey through time and space in comfort as planetarium passengers on weekend excursions scheduled Saturday evenings at eight and Sunday afternoons at three. Doors open an hour before show time for visitors to see the many interesting health and science exhibits on display. Special group showings can be arranged. The Blue Planet is scheduled through the month of May.

Drugs and drug sundries accounted for nine percent of Americans' total expenditures for health care in 1978, according to economist Simon Rottenberg. Nonprescription medicines accounted for less than three percent of total health care expenses.

our lives

By MANBUCKERT
Have you noticed that things seem to happen in multiples? For instance, when Gerald Ford was president and had his gall bladder removed half the country followed suit. I walked around feeling guilty because I hadn't "given" mine. I mean you were a nobody if you still had your gall bladder.

Lately, everybody I know is either having their teeth pulled or getting new dentures. I've actually been cut out of whole conversations because I didn't have anything to contribute to the subject of having a berry seed under your bottom plate.

"Most women get excited over diamonds and furs," friend Jane bubbled as we were having coffee. "And here I am, excited over getting a new set of teeth." "You too?" I groaned. "I didn't know you wore dentures."

"Since I was 27," she spooned the sugar. "Believe me, I wouldn't trade back."

She had me wavering there for a little bit. Her teeth were so natural looking that I thought I might just get me some bright white ones. Then I could be in on the teeth talk.

But - I started remembering some incidents. There was the time I sat chatting with an elderly gentleman in the waiting room at the dentist's office. "My wife is getting her teeth today," he said proudly. "She's so thrilled."

She came out looking exactly like she was trying to keep a set of jacks complete with ball behind her lips. "They look nice, Annie!" he gushed. I'll never quite forget the long cold look she gave him before garbling, "Shut up, John."

Then there was that young guy at work who called one morning to tell me he would be out of service for awhile.

themselves as professional police officers and there have been no problems.

Reasons why a person joins the reserve program varies from person to person. Many do it as a community service. Some people join service clubs such as the Lions or Kiwanis. But other people like the "excitement" police work can provide, while they also are being of service to the community.

Some may simply be frustrated cops. They can not afford for one reason or the other to leave their present

assignment or profession and start out at a policeman's base pay. In a reserve program, they can keep their present job and still do what he may want if he could afford it.

One reservist said "I wanted to help the community. I have got kids growing up here. They don't have enough police officers. I look at doing this as being an asset to my children". The reservists in quote has three children at home.

The reservists need not only the backing of the police

department, but also of their families and employers.

"Normally its acceptable to my family as long as it doesn't become too frequent." "They been very supportive, the kids think it's great their dads a cop, believe it or not."

"Sometimes Momma likes it, sometimes she doesn't." You know how that goes. But most of the time she's behind me. There's no doubt in my mind the program is worth while to me. I feel it's something this Community and others need and the reservists and the reserve program need your support.

BRONCHO ALL SPORTS BANQUET was well attended.

"Goin' to the dentist to get my lowers," he said. "I'll call in when I'm back in the truck." Forty-five minutes later he reported in. "I'm back," he said glumly.

"Got your teeth in?" "Nope. They're in my pocket." "Get those boogers in there!" I said cheerfully. "The sooner the better."

"What do YOU know!" he barked. "I gotta cut my tongue out before they'll fit."

And last, but not least, I remember when Daddy got his. He came in late one night and thinking everyone in the house was asleep, pitched his teeth in a glass of water and snapped, "Get in there, you blankety-blanks

and **EAT ONE ANOTHER UP!**"

Well, I wanted to show some interest, so I called Jane the day she was to get her new dentures. "How do you like your new teeth?" I asked.

"Like them!" she exploded. "Are you out of your

head? I've chewed a gap in my lip that will require plastic surgery before I can ever wear lipstick again."

Being one of the crowd no longer entices me. As long as I'm able I'll go around bearing my old fangs, smiling and telling people, "I still have my gall bladder."

Ladies Golf

Of course some of our members went through the winter playing golf and coming to luncheons, but now we've been reorganizing and preparing for the summer season.

Officials for this year are: Lea Tyler, president; Billie Chauveaux, vice president; Claudia Thompson, tournament chairman; Frances Skelton, playday chairman; Kathryn Cain, secretary; Avis Benson, treasurer; Evelyn Moore, historian; and Maxine Hardin, reporter.

The first extra activity was a "tee-off" tournament and party on March 26. A scramble started at 1:30. The winning team was Claudia Thompson, Diane Chamberlain, Nell Barnhill, and Evelyn Moore. Coming in second were Dorothy Breed-

love, Lea Tyler, Mable Dean, Porter and Lois McVicker. The golfers then went upstairs where they were joined by "non-golfers" for refreshments and visiting.

On April 9, our ladies hosted the Greenbelt Scramble. Golfers came from Childress, Memphis, Shamrock, Wellington and Canadian. Thirty six in all. In the scramble, Diane was on the winning team, Dorothy on the second team and Frances on the third. The rest of us just had fun. After golfing, we went upstairs for dinner and the distribution of prizes to the winners.

On May 6, we go to Childress for Greenbelt Scramble and May 14 we will host Panhandle Ladies Playday. Golfers from Pampa, Ross Rogers, Huber, Phillips and Clarendon.

There is one God, and one mediator between God and men, the man Christ Jesus.

The beginning of respect for God is to appreciate Who He is. One of the evidences of that appreciation is the keeping of the third commandment in Exodus 20:7. "You shall not take the name of the Lord your God in vain, for the Lord will not leave him unpunished who takes His name in vain." It seems that this affliction of the misuse of the name of God is not confined to the ignorant, nor middle class, and certainly the well educated are not restricted in their use of the Lord's name in vain. For one year up north I taught school in High School and during my work period graded papers in the teachers work room. Some with Masters degrees and flawless English were the most guilty breakers of this third commandment.

The Lord gave evidence of this by further discription of Himself in Exodus 34:14. "for you shall not worship any other God, for the Lord, whose name is Jealous, is a jealous God." Respect for God then has an idea that I must not incite the anger of this jealous God who made me and sustains me and has given me the privilege to have dominion over even the larger live things He made because He gave me that right.

In addition to respecting His Name and not inciting His jealousy my respect for God must find my fear of Him as a source of wisdom as in Job 28:28, "And to man He said, 'Behold, the fear of the Lord, that is wisdom; And to depart from evil is understanding.'" In this time of the Grace of God by which we are saved this fear might be motivated more by love than dread, but there is that awful thought that I am God's by creation and He can do what He will with me. Then when I become His by Grace through faith in the Lord Jesus Christ I must realise that He will deal with me as described in Heb. 12:6-7 "My son, do not regard lightly the discipline of the Lord, nor faint when you are reproved by Him; for those whom the Lord loves He disciplines, and He scourges every son whom He receives. It is for discipline that you endure; God deals with you as with sons: for what son is there whom his father does not discipline?"

In conclusion my I point you to the following verse in Hebrews 12 which indicates that those without the chastening of God when they sin have evidence that they are not really His children. He loves His own and He will come into their conscience and guide them away from sin, to claim I John 1:9 and find forgiveness.

If you have no respect for God, will you please find Him and an answer to your need for you, like all need him.

Fun After 50 met

Saturday, May 2, 1981 was the meeting of Fun After 50 with Woodrow Argo, program chairman showing slide of the North Sea activities of Phillips Petroleum Company. The slides showed coastal areas of England, Scotland and Holland and were most interesting to the 30 persons present.

A covered dish lunch was served at noon and everyone enjoyed the food and good company.

The next meeting will be June 6, at the Lion's Club Hall.

Met

The Board of Aldermen of the City of Clarendon met in regular session on April 21, 1981, in the Board Room, City Hall at 7:00 p.m.

Members present were: Mayor Shirley Clifford, Aldermen James Kuhn, Leonard Selvidge, Lloyd McCord, W.W. Lovelady, and Richard Bell.

Others present included City Secretary Bill Weatherly, City Attorney Jerry Courtney, Robert Erdmann, Linda Welch, Wayne Boling, James Hayes, Walt Knorpp, and Bob Davis.

Minutes of the April 7, 1981 meeting were read and motion was made by Alderman W.W. Lovelady, seconded by Alderman Richard Bell to approve said minutes. Motion carried.

Mr. Hayes informed the new members of the Board that the State of Texas, acting through TAC, has a program for the airport at a cost-share of 80% of the cost of resurfacing to be paid by the State. The other 20% to be divided equally between the County and City. The amount to be included in the 1981-82 Budget. The City's part (10% or \$11,050.00) was approved by the Board at the February 6, 1981 meeting. Mr. Hayes asked the Board to approve the action of the February 6, 1981 meeting.

Motion was made by Alderman Kuhn to include in the 1981-82 Budget 10% of Item One or the amount of \$11,050.00 for paving the airport. There being no second, motion was denied.

Motion was made by Alderman Bell, seconded by Alderman Lovelady not to include in the 1981-82 Budget 10% of Item One or \$11,050.00 for paving the airport. Motion carried by 3 ayes and 1 no.

An ordinance amending and changing a franchise ordinance enacted by the City of Clarendon, Donley County, Texas, on May 3, 1972 and being partly styled, "An ordinance granting to Lone Star Gas Company, a corporation, its successors and assigns, a franchise to furnish and supply gas to the general public in the city of Clarendon, Donley County, Texas"; and providing for a modification of the definition of the terms "Service lines" and "yard lines" referenced in Section 4 thereof.

Motion was made by Alderman Lovelady, seconded by Alderman Bell, to sign a contract making Kidder, Peabody & Co., Inc., the Financial Advisors for the City of Clarendon. Motion carried.

Mr. Wayne Boling gave the Board figures on the proposed rate increase Lone Star Gas is asking for. Clarendon's proposed rate would be \$3.75 residential and \$7.00 commercial. The Board extended their time on the rate decision until July 15, 1981.

Motion was made by Alderman Selvidge, seconded by Alderman Lovelady to accept the bid of Mr. Junior Putman of \$5000.00 for the sale of a R-40 Ditch Witch to the City. Motion carried.

Motion was made by Leonard Selvidge, seconded by Alderman Bell, that the Reserve Officers act only in supplementary capacity to the regular police force and in no case shall assume the full time duties of regular police officers. If this rule is not obeyed, they shall disband. Motion carried.

There being no other City business at this time, the meeting was adjourned. Motion carried.

Question: Will the proposed improvements make good pressure available to all water users.

Answer: With the adequate water supply at Greenbelt Lake the new 8" lines would bring good supply to the city with the new lines on the edge of the town in all directions, encircling the town.

They invite your crazy questions

if Sunday mornings give you the blahs

If you attend any church on some regular basis, this invitation is not for you. But if Sunday mornings give you the "blahs," maybe the Episcopal faith offers something you've been missing. It is a bit different... and very personal.

You might enjoy learning the reasons behind some of the Episcopal ways of doing things. There'll never be a better opportunity than the next Inquirers' Class at the church near you. No one twists your arm to "join" anything. That's strictly up to you... only after you've heard the full story and both your head and heart say "Go!"

Those Crazy Episcopalians

You'll find a group of people there who share your own feelings and doubts. Great time to join in asking that "Crazy Episcopal minister" some crazy questions.

Who knows? He may surprise you with some very sane answers... instead of "pie in the sky."

If these articles have struck your imagination and you think you might be interested. Please contact the Vicar at 874-2231. He will be starting an inquirers class May 12, 7:00 p.m. at the Mission Hall of St. John the Baptist Episcopal Church, 3rd and Park St. No down-payment required.

Les Beaux Arts Club meeting

May 1, at 11 a.m. the Les Beaux Arts Club met in the Patching Memorial Club House for a picnic as the program of the day at Sandy Camp. The picnic took place in the club house after the business session. Anna Beth McNabb, president opened business with the club collect. The roll was called and the reports of the secretary and the treasurer heard. A letter of appreciation from Onita Thomas was read and a committee was appointed to purchase some art object as a memorial for Betty Leathers. Leona Henson, was elected to represent the club as

member-at-large of the Patching Club House Board. It was also voted to make a contribution to the Art Department of Clarendon College. The incoming president, Bobbie Thornberry named those to serve on committees for the club year 1981-1982. The picnic was then enjoyed and the hostesses Vera Lewis and Betty Boston served dessert of homemade icecream and brownies to Elmonette Bivens, Mary Bray, Catherine Cain, Edith Carter, Diane Chamberlain, Thelma Clements, Theda Hardin, Maxine Hardin, Leona Henson, Anna Beth McNabb, Ruth Robinson, Polly Sarich, Gladys Sawyer, Lucy Saye, Anna Moores Simmons, Bobbie Thornberry, Dorothy White, Virginia Browder and Mary Thornberry.

HEALTHY ON

By KATHY DVORAK
Here it is spring at last and some nice cool spring weather, I would like to dip into my soup and sandwich files to get some great ideas for this rainy weather, but I can't find them. Let me find something that will help you through these muggy days and maybe cool your insides and lighten your waistline as well. Then, if you want to, you can add a sandwich for the other members of the family who don't need our slimming salads.

GUACAMOLE SALAD
2 soft avocados, peeled and seeded
1/4 tsp seasoned salt
1 TBS lemon juice
1/4 tsp Worcestershire sauce

1 head of lettuce
2 tomatoes
1/2 C shredded cheese
1 can pitted olives, chopped
2 stalks celery chopped
1 bunch of spinach, pulled into small bite sized pieces
Make your tossed salad by cutting the ingredients into the size you prefer. Mash avocados with a fork, blend in the seasonings and top your fresh salad with this colorful topping. Makes 2 cups.

ANTIPASTO RAFTS
2 heads iceberg lettuce
Italian Dressing, recipe to follow
8 mushrooms, thinly sliced
2 med. tomatoes, thinly sliced into wedges
1 small red onion, thinly

sliced and separated into rings
24 slices salami
2 hard boiled eggs, quartered
16 pimiento-stuffed olives
1 jar (6 1/4 oz) quartered marinated artichoke hearts (may be optional)
1 can rolled anchovy filets (optional)

Core, rinse and thoroughly drain lettuce. Chill in plastic bag or plastic crisper. Prepare dressing.

Cut each head of lettuce crosswise into inch thick slices to make four rafts. Slice end pieces for tossed salads. To make individual rafts, take lettuce on salad plate. Arrange 1 thinly sliced mushroom, 3 tomato wed-

ges, 2 olives and 2 artichoke quarters. Garnish with anchovy if you want or sprinkle bacon bits on top.
ITALIAN DRESSING
1/2 C oil
1/2 C red wine vinegar
1/4 tsp salt
1/4 tsp dry mustard
1/8 tsp white pepper
1 minced garlic clove
Mix, shake well and chill. Makes 1 Cup.

EGG SALAD
tossed salad ingredients
4 scrambled eggs
1/2 C shredded cheddar cheese
1/2 C picanti sauce

Prepare tossed salad, reserving tomatoes if you use them. Scramble eggs with cheese and picanti sauce. Mix eggs while still warm, into salad. Add tomatoes. You may like to drizzle some Italian dressing or vinegar and oil on top. I add more picanti.
