

Centennial Countdown - Donley County - First 100 years

Editors Note: In hopes of collecting information about early settlers, if you know ANYTHING about those mentioned in this article, please send it in detail—clearly, concisely, and mail or give it to Ernest Kent, Box 82, Clarendon, who has agreed to be a collecting point.

Clarendon, Old and New
By HOBART EBEY STOCKING

108 Berry, Stillwater, Okla. 74074

Any one person can lay out a town and name it. That one can even organize a town in a political sense, holding all offices himself. Organization of a county is more serious business. It requires people, more than one. Within the area of the County-to-be were a number of ranches. In those days, ranches needed cowhands. When their employer said VOTE, cowhands voted. The new County was named for Stockton P. Donley, member of the U.S. Supreme Court. It is improbable Justice Donley had even remote interest in a new political entity far out in an unsurveyed wilderness of more Indians than cowboys and more cows than either. The loan, gift, of his name is the sole trace of Justice Donley in history of the ninety-nine years of the real estate bearing it. People in Austin or Clarendon, perhaps both, were aware no political wrong is done in naming anything permanent after non-durable politicians.

Doubtless all the property owners voted in the organization election of 1852, save, perhaps Cornell College. Several among them became office-holders: County Judge, G.A. Brown; County Clerk, D.H. White; County Treasurer, W.D. Kimball; Assessor and Tax Collector, J.T. Oney; Sheriff, J.D. Wilson; County Surveyor, James H. Parks. County Commissioners were three: Charles Goodnight (of Goodnight-Adair JA Ranch); Lee Dyer (his brother-in-law), and I.B. Nails.

To the newly organized County, eleven others unorganized (presumably for lack of population) were attached to it for legal purposes—trial of cases, laws, law enforcement. As County seat and site of County court, the new town and All-County Hotel were host to outsiders when court was in session. The Hotel could not have been much, but it was adequate to house Judges H.H. Grisby and Newton P. Wells from the distant settlement of Canadian, and Judge J.W. Browning and Lawyer Temple Houston from Mobeetie. Houston was the son of Sam Houston one-time President, Republic of Texas.

First Church in Clarendon on Salt Fork was Methodist, of lumber hauled by wagon from Wichita Falls. It housed also the first school in which W.H. Allen was the teacher. In his honor it was named "Allenton Academy". Alongside the church was a frame (called a "tower" by some writers) suspending an iron bell, pride of the community.

Carhart, town proprietor, had attended the Philadelphia Centennial of 1876.

Among the many bells that caught his eye and imagination was a large iron bell. Captain Under it explained that in more dangerous times on some frontier of the Quaker State, the bell had summoned the settlers of the area to their almost silent meetings. By 1876 there were no dangerous frontiers in Pennsylvania. Minister Carhart explained to owners of the historical bell that he was a minister-missionary in a far-away place, where the bell, now a silent memento of history, might again cheer the faithful yet living the difficult life on the frontier that long ago had passed westward from Pennsylvania. The bell-owners refused to part with the relic. Later, in change of heart, they offered it to Carhart as a gift if he would pay the freight. He could, and did, to Dodge City by rail and thereafter by wagon to the budding frontier community destined never to blossom. For eleven years it rang a message of cheer to all except reluctant students. What happened to the bell in 1887 when the town moved south to the railroad (and saloons, four) is not known. But it was last reported (in the 1930-ies) pealing from the tower of the Northern Methodist Church in Dalhart, Texas. It must have been a quiet life, ill-becoming one that survived on the frontier in the land of the Iriquois of the east and, again, in the southwest in the land of the Comanches of the prairies.

BILLIE CHRISTAL PRESENTS proclamation to: (l to r) John Young, Ann David, Bobby Boston, Mrs. Vera Lewis and Young, Jenks Boston, Betty Boston, Frank Derrick, Betty standing in front Claire Boston.

A PROCLAMATION

One of the oldest ranches in the Panhandle of Texas, the RO Ranch, was established in 1878 by three English brothers, Alfred, Vincent and Bernard Rowe. After buying out his brothers, Alfred Rowe began raising Herefords, and one of the Panhandle's first ranches to do so. Alfred Rowe deeded when the Titanic sank on the voyage to the U.S. from England by colliding with an iceberg. Later Rowe's widow sold the ranch holdings to W.J. Lewis, who began work on the ranch in 1896 at the age of 14 years. Lewis later bought the Shoe Bar Ranch and the Shoe Nail Ranch, managing the ranches himself, as did his son, W.J. Lewis Jr. who became a partner in the expanding ranching and cattle operation. After the elder Lewis's death in 1960, and his son's death a year later, Frank Derrick, who was raised on the Lewis ranches, and whose father worked on the ranch for 65 years, became general manager, a position he still holds; and

WHEREAS; Lewis Ranch employees were awarded first place in the Budwiser Ranch Roundup, held in Wichita Falls, Texas on August 21st. and 22nd., 1961, competing against eleven top ranches in Texas; and

WHEREAS; Lewis Ranch won the Traveling Trophy sculptured by Tex Graham as all around ranch, and

WHEREAS; Lewis Ranch won Ten Trophy Steins out of thirteen, and

WHEREAS; Lewis Ranch won Second Place Trophy in Chili Cook-Off of Texas, and

Be it therefore resolved: The Commissioners Court of Donley County, State of Texas, does hereby Proclaim the Third Week in September, from 21st. through 26th., 1961, as the Lewis Ranch Week, recognizing these great achievements and honor to Donley County.

Signed and approved the 14th day of September, 1961.

New hatching of boll worms

County Agent Ronald Gooch has reported that the boll worm hatch is exceedingly heavy especially in the Ashtola area. He urges all farmers to get out into their

fields and check on the worm hatch. Some fields may need to be sprayed again to stop the growth of this new hatch of worms.

Bronchos play Stinnett in homecoming game Friday

The Clarendon Bronchos, fresh from two victories over Fritch and Quanah, are getting in a position to make a strong defense of its District 2-AA crown. The Bronchos are smoothing out the offensive wrinkles and building an extremely physical defense, while averaging 414 yd per game and allowing 126 yd per game. The Bronchos are building strong systems on both sides of the line of scrimmage.

As the Bronchos enter the third game of the season, they will be facing the Stinnett Rattlers, a team that has played two District-2-AA teams. Wheeler (0-7) and Canadian (0-13). The mistakes have held the Rattlers to a low output. They have a new coach and new systems to learn. These are strong factors in a season and we feel that they are slowly getting these straightened out.

The Rattlers have a team that is full of size, quickness and speed. They will average 210 along the front on offense and have the pre-season all-state running back in Tim Harris. On defense the line is larger and the linebackers are able to cover real well.

The Rattler will employ the Wishbone and Splitbacks on offense and the 5-3 defense, similar to Quanah. Leading the team will be Tim Harris (6'0-185 lb RD) Fred Kelly (6'3", 185 lb SE); Ronnie Harvill (6'3"-220 lb TKL); Ron Dodson (6'2"-200 lb, TE); Tommy Gibson (5'11"-155 lb, QB). Defensively, the leaders are Kelly at LB; Harvill at TKL; Earnest Noble (6'0-240 lb-NB); Reedy

Contares (5'10"-160 lb);

Mike Gaddis (6'0-190 lb TK).

The Bronchos had several leaders this week. We feel that John Braxton (LB) is really doing well, along with Billy Perry (NG); Mark McAnear (off guard); Scott

Newland (DE); Bobby Weatheron (RB/DB); Brad McGuire (DT); Brad Woodman (DB).

We are looking forward to this week the improvement excitement of homecoming, another good team to play.

All of the Broncho teams are in action this week.

8th at Wheeler-6:00 Thursday.

J.V. at Wheeler-7:30 Thursday.

Bronchos play 8:00 Friday, Homecoming.

THE OUTDOOR ENTERTAINMENT COMMITTEE is going to convert this building into a Community Center.

Community Center benefit dance Friday

Plans have been discussed by the Outdoor Entertainment Committee to convert the old building next to the dance slap at the rodeo arena into the Clarendon Community Center. All of the advantages and disadvantages as well as renovating problems are being considered by the Committee, but this location is certainly the most logical for the new proposed Clarendon Community Center.

To help the hard working Outdoor Entertainment Committee achieve this goal, all three local chapters of the Beta Sigma Phi Sorority have combined efforts, talents and work to bring about the Harvest Hoedown Benefit Dance to be held Friday from 9 p.m. until 1 a.m. as a homecoming celebration and benefit dance.

Tickets are \$5 a person but the check may be a tax deduction since it is going for a charitable cause. All proceeds will go toward the Clarendon Community Center project that the Outdoor Entertainment Committee is working on.

Music will be provided by West Texas Express and the weather is guaranteed to be nice. That is a Panhandle guarantee, you understand.

There will be a refreshment basket near the bandstand with tickets of \$1 a piece available. There will be no refreshments allowed on the dance floor, however.

The game will be over around 10:00 so plan on bringing your sweetheart to the dance and kick up your heels until the wee hours of the morning.

A worthy cause is seldom as much fun as this dance will be.

Rain Report

Hedley and Ashtola reported a good 1" of rain from Sunday's deluge. Windy Valley only had 1/4" but with all of the spraying and past rains, that might have been plenty. We are all grateful that we don't live in Amarillo about now.

A fund for Archie Archuleta at Farmers State Bank And Trust Co.

Daniel Archuleta, father of one year old Jason and husband to Pat, has had open heart surgery Friday. He has already had three by-passes and been confined in the CCU at High Plains Baptist Hospital for several days. All of these expenses plus those of the doctors and medicine have run well over \$10,000 a figure the family can not easily adjust to since there was no insurance to help defray the costly expenses.

The Texas Rehabilitation Center will finance the open heart surgery and take care of the costs of this surgery

and recovery. Pat, working in her beauty shop, will find it all she can do to keep the family in groceries.

Friends of this fine family have started a Hospital Fund for Daniel Archuleta at the Farmers State Bank and Trust Co. Anyone interested in donating to this struggling family may go to the bank and speak with any of the tellers who will see to it that your deposit is taken care of. If you wish, you may take your donations to either Shirley Hall or Linda Robertson who will deposit the donation for you.

The Archuleta family appreciates the prayers and cards and visits they have received during this trying time in their lives. It is particularly wonderful when the members of a small community will pull together to help one of their own during times of distress.

Have You ordered your homecoming mum?

...the old sprayer can be fixed, there will be two sprayers to help to keep these pesky (slap) mosquitoes killed off. As it is, when the new sprayer, ordered from Curtis DYNA Products, Corporation in Westfield, In-

...the spray is safe for pets, children and on food. Rain will not dilute it, in fact, Weatherly said that "the best kill we ever had was when it rained right after we sprayed."

Man/Woman partnership Gold Tournament slated

Men and women can enter a tournament designed to match the combined skills and handicaps of both sexes this coming Saturday. The cost for registration will be \$50.00 for the team. This cost covers the use of the golf cart, however.

If you can find a partner whose skills will compliment your own, be certain to get your entry in prior to Friday afternoon. Tee time is 12:00 Saturday.

Jerry Thompson says that the greens are in good shape, "they are playing better than two or three weeks ago," but there are lots of weeds that have presented a minor problem. They will be mowed down in time for the big event Saturday, however.

Scout Troop 433

Over Friday night and Saturday, September 11 and 12 two Scouts from Troop No. 433 received their Ordeal in the Order of the Arrow at Camp M.K. Brown. They were Richard Richardson, and Tim Cole. After the Ordeal, Ricahrd Richardson was elected as vice chief of our chapter.

Thanks to James Thomas, Asst. Scoutmaster, who took the boys over and stayed for the Ordeal. Thursday, September 24 at the First Christian Church at 7:30 p.m. there will be a film or slide presentation on Atomic Energy. Merit Badge 81 all scouts and parents are invited to attend.

AUTO SHOW

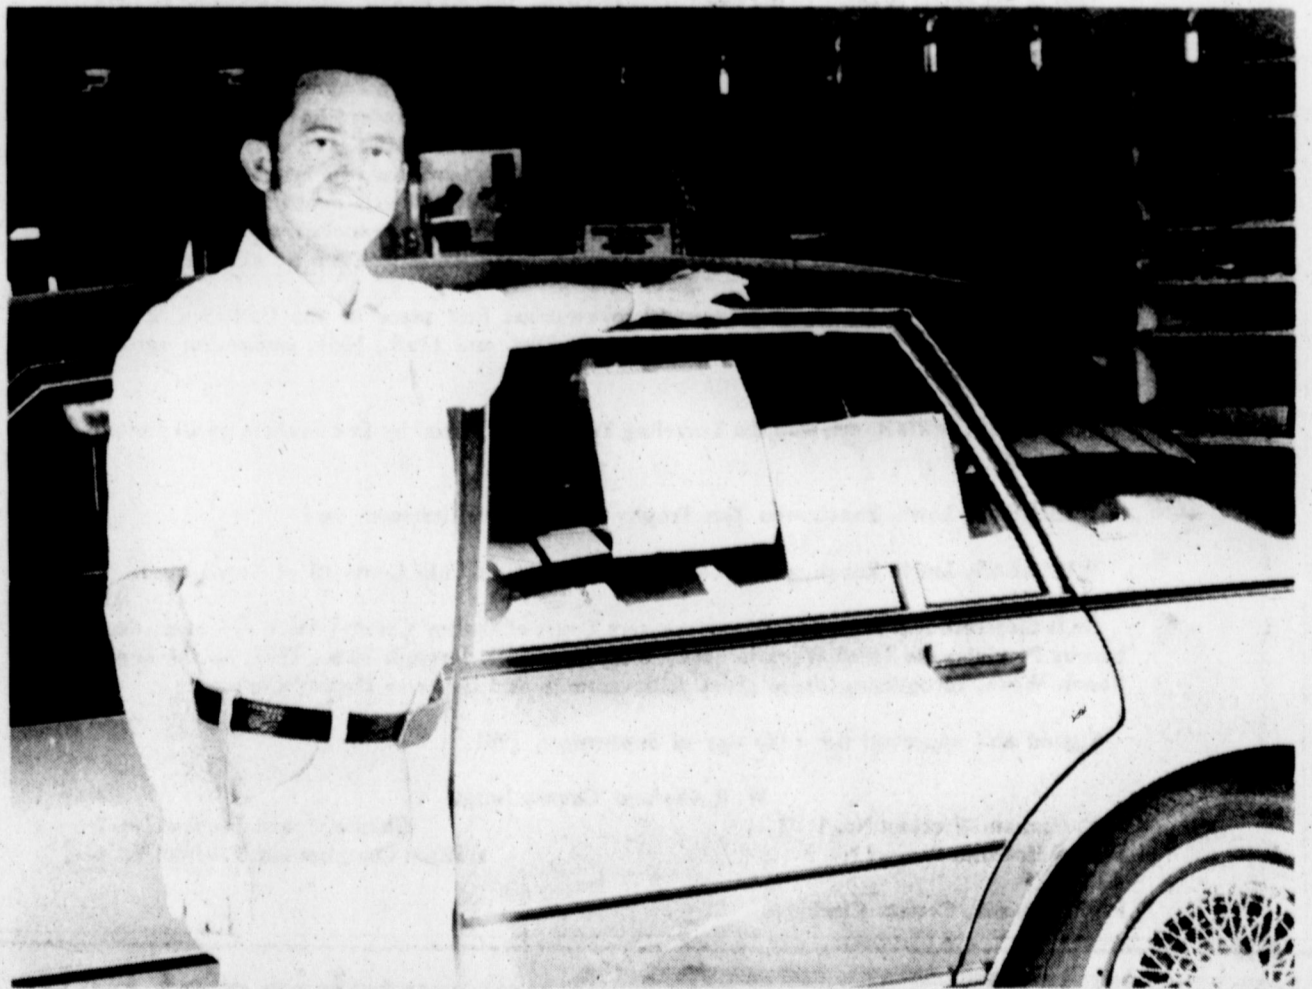

CHAMBERLAIN MOTOR CO. salesmen Fred Clifford, James McKinney and Darell Harper will be helping you select that 1982 car at their open house Sept. 25th and 26th.

Chamberlain Motor Co. to host open house Sept. 25th and 26th

Stop by to see the new Buick, Pontiac, Oldsmobile, Cadillac and GMC at Chamberlain Motor Co.

September 24th at the showroom of Chamberlains. The 1982 models will be on display and there will be many salesmen eager to

discuss the finer details of the new models. The open house begins at 8 a.m. and will continue until 8 p.m.

GENE ALDERSON WILL BE MORE than happy to have you drop by his showroom.

Alderson Chevrolet to have new car showing

The official public announcement day for the 1982 Chevrolet Caprice, Impala, Monte Carlo, Malibu and light duty truck models

is September 24th. However, since the factory will apparently not have sufficient quantities of new vehicles supplied to the deal-

er by September 24th, the local announcement will probably be delayed for a week or two. Look for more information on this in next weeks paper.

WALLACE MONUMENT

The Omnibus Reconciliation Act of 1981, signed by the President August 13, 1981, established a user fee for effective October 1, 1981 for cotton classing services provided for producers by USDA.

The proposed fee is 60 cents per sample. Producers will be billed on a monthly basis for each sample submitted by a licensed gin or warehouse with a completed cotton classification memorandum, CN-117 (green card). Gins may agree to assume responsibility for collecting the fee as a service to their customers. This will greatly facilitate the billings and keep cost of the classing service as low as possible.

Cotton samples classed for producers prior to October 1, 1981, will be free of charge, the same as previous years. The 60 cent fee will be charged for all cotton classed for producers beginning October 1, 1981, and the first bills will be mailed at the end of October 1981.

As in the past, samples must be drawn by a licensed gin or warehouse and forwarded directly to the Marketing Services Office. The name and complete address of the producer must be

entered on the green card if the producer is to be billed. The Omnibus Reconciliation Act directs USDA to provide the classing service to producers for a fee that

when consistent with proceeds from the sale of samples will remain, as nearly as practical, the cost of providing the service including administrative and supervi-

isory costs. The Secretary is also directed to take necessary action to insure that the government cotton classification system continues to provide an official quality de-

scription of the United States cotton crop. Any additional questions concerning user fees should be directed to the local Marketing Services Office.

Ranching more than strumming a guitar

Ranching is a lot more than strumming a guitar on the front porch, as four Texas Tech University students found out this summer.

Mending fences, greasing windmills, branding and dehorning cattle were all part of their unromantic tasks.

That's the type of hands-on experience an agricultural sciences professor, Dr. Fred C. Bryant, was aiming at when he established the first working ranch internship program available in the western states.

"Most of the students when they graduate are hired by state and federal agencies to work with ranchers on a daily basis," Bryant explained. "More and more, students are coming from urban areas and don't understand ranchers, but have to give them management advice." The program, which has

been in organizational stages for two years, solicits students who want to learn the ins and outs of ranch life and teams them up with interested ranchers.

John Lovell, a Clarendon rancher who worked with Texas Tech intern Richard Smith this summer, supported Bryant's enthusiasm for the program.

"It allowed me to have an extra hand in the summer when people are hard to find," Lovell said.

The 60-hour work week, driving tractors and mending fences at the Lovell ranch, taught Smith "the important things people don't usually know," Lovell noted.

Ranchers participating in the program will be honored at the annual Agriculture Council Pig Roast November 19 at Texas Tech. The ranch-

ers include Lovell and Jim Robinson, both of Clarendon, James Hefly of McLean and Dr. Henry Martinez of Amarillo, owner of a McLean ranch managed by Tim Fitch.

"We wanted to make students aware of the day-to-day operations of a ranch as well as improve relations with the ranching industry," Bryant said.

Students in the program were given room and wages. In return they were expected to work six days a week from sunrise until after sunset. The hard work, Bryant added gave the students a working knowledge of ranching not available in textbooks.

A screening committee made up of Bryant and two additional faculty members will select 1982 ranch interns in January. Student and rancher pairings will be announced by March 15, 1982.

"We'd like to place 10 to 15 students next summer," Bryant said. "We'd also like to get ranchers from New Mexico involved."

Attention Martin Quilters!

Time to quilt! We meet this Thursday, September 17, at Raenell Shadle's home on the JA Ranch.

Our June meeting completed one quilt for Cheryl Phillips at Jondell Moffet's home. Members present: Hazel Edens, Flossie Reynolds Mary Lee Noble, Dixie Ward, Janan Koontz, and Eunise Land.

Guests: Cheryl, Chris, and Deana Phillips of Petersburg, Amanda Ward, Nathan and Amy Koontz, Brendan and Lana Moffett.

The Martin Quilters lost a dear sweet friend this summer. We will all miss Zuella Sanders. She is a warm memory in all our hearts.

Spanish Class offered at CC

Clarendon College announces an addition to its evening Fall Schedule of courses. SPANISH 233 Conversational Spanish, will be offered on Wednesday evenings from 7:00 to 10:00 p.m. Interested persons should contact the college before September 18 to enroll.

Attention Episcopalians and Presbyterians

A church school will begin every Sunday morning at 9:45 a.m. at the Presbyterian Church in the basement. The teachers will be: Mrs. Draggon, Kindergarten and Nursery; Mrs. Stavenhagen, primary age; Mrs. Taylor, Junior High and Mrs. Turner, Senior High. Please bring your children to these exciting new classes.

Foreign Investments

THE WALL STREET JOURNAL of August 27, 1981 reported the following with regard to foreign investment in the United States.

Foreign direct investment in the U.S. increased 20.2% last year to \$65.48 billion, the Commerce Department said.

In 1979, foreign investment rose 28.2% to 54.46 billion.

The figures reflect the book value of foreign investors' equity in and net loans outstanding to U.S. business in which the investors own at least 10% of the voting stock or the equivalent.

Earlier this week, the department reported that U.S. investment abroad increased 14.3% last year to \$213.47 billion, after rising 14.8% in 1979 to \$186.76 billion.

The report on foreign investment in the U.S. showed that investment by individuals and corporations from nations that are members of the Organization of Petroleum Exporting Countries rose nearly 50% last year to \$576 million, after increasing only 5.2% in 1979 to \$385 million.

Investments from European Common Market nations rose 11.7% last year to \$37.85 billion, after rising 29.2% in 1979 to \$32.35

NEW DRUGS FASTER

According to a recent article in *New York Times*, the 1980s may be a decade in which many new drugs are placed on the market in the United States. Currently, it takes up to \$70 million and at least three years to develop and market a new drug. Federal regulations are a major reason for the great expense and the long time period. For this major reason, the United States lags behind European countries in marketing new drug products. This has been called the "drug lag".

With President Reagan cutting back many federal regulations, drugs may be available to the public in less time and at less expense to the pharmaceutical industry (expense that is passed on to the consumer in the cost of the new drug product).

Prior to 1963, pharmaceutical companies had only to prove that their products were not harmful. In 1959, for example, 65 new drugs were approved by the government. In 1981, only 12 were approved...primarily due to the rigid federal regulations.

Many drug manufacturers have already announced that they will be increasing their budgets in the areas of research and development. This is the first step toward new drug production.

FALL SALE

WIN AN OIL WELL

Enter Champion Spark Plugs "Win Your Very Own Oil Well" Sweepstakes.

How's this for a grand prize: a real, producing oil well. Or \$50,000 cash. That's what you can win when you enter Champion's "Win Your Very Own Oil Well" Sweepstakes.

Just pick up an official entry form with all the details from one of the participating Champion retailers listed below, or request one by sending a self-addressed, stamped envelope to: Champion "Win Your Very Own Oil Well" Sweepstakes, P.O. Box 85, New York, NY 10046.

Void where prohibited, and you must be 18 years old or older to enter it. No purchase necessary of course. But we do hope our sweepstakes will remind you to get a gas-saving tune-up soon. Because a tune-up with fresh Champion spark plugs can save, on the average, 1 to 2 gallons per tankful. And that's the best way we know to beat the high cost of driving - day after day.

Entries must be received by midnight, December 31, 1981.

FOR BETTER MILEAGE, TUNE UP WITH CHAMPION.

COLOR IN WITH KRYLON

Choose from more than 50 Decorator Colors!

Getting a professional look with Krylon® Spray Paint is child's play. It's especially quick-drying to help avoid runs and drips and give a smooth, tough, glossy finish. You can be highly creative in your color combinations, too, because there are over 50 colors to choose from. Look around the house and garden - you'll be amazed how many familiar objects are just waiting to be colored in with Krylon. 13 Oz. can.

219 each
Krylon Spray Paint
For the do-it-yourself professional finish.

PUBLIC NOTICE
CONSTITUTIONAL AMENDMENTS
SPECIAL ELECTION
NOVEMBER 3, 1981

PROPOSITION NO. 1
ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would allow the legislature to authorize cities, towns and other taxing units to grant exemptions from ad valorem taxes on an unproductive, undeveloped or blighted area in order to encourage its development. The amendment would also allow the legislature to authorize a city or town to issue bonds or notes to finance this development and to pledge future increases in ad valorem tax revenues from the property in such areas to repay these bonds or notes.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize cities, towns, and other taxing units to encourage the improvement, development, or redevelopment of certain areas through property tax relief and the issuance of bonds and notes."

PROPOSITION NO. 2
ON THE BALLOT

House Joint Resolution 117 proposes a constitutional amendment that would authorize a person to receive a patent to land from the Commissioner of the General Land Office under certain conditions. Application for the patent must be made within five years from approval of the amendment. The land must be surveyed, public free school land not previously patentable. The person must have a properly recorded deed to the land, which he acquired without knowledge of the patent defect and which title he and his predecessors in interest have held for at least 50 years. The person and his predecessors in interest must have continuously claimed the land and paid the taxes for at least 50 years. This amendment does not apply to beach land, submerged land, or islands. An applicant may not use this provision to

resolve a boundary dispute. This amendment will not apply to land which has been determined to be state-owned by a court of competent jurisdiction or that has a productive state mineral lease on the effective date of the amendment.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the commissioner of the General Land Office to issue patents for certain public free school fund land held in good faith under color of title for at least 50 years as of November 15, 1981."

PROPOSITION NO. 3
ON THE BALLOT

House Joint Resolution 38 proposes a constitutional amendment that would enable the legislature to grant to a state finance management committee the authority to manage state funds. Funds constitutionally dedicated to specific purposes would not be subject to committee management. The committee would be composed of the Governor, Lieutenant Governor, Speaker of the House of Representatives, Chairman of the Senate Finance Committee, Chairman of the House Appropriations Committee, Chairman of the Senate State Affairs Committee, and the Chairman of the House of Representatives Ways and Means Committee.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to allow the legislature to grant to a state finance management committee the power to manage the expenditure of certain appropriated funds."

PROPOSITION NO. 4
ON THE BALLOT

House Joint Resolution 6 proposes a constitutional amendment that would provide that one-half of the surplus tax revenues

above the spending limit provided by Article VIII, Section 22, of the Texas Constitution would be placed in a Water Assistance Fund to be used as provided by law, including projects for water development and conservation, water quality enhancement, and flood control purposes or any combination of these purposes.

The amendment also provides \$500,000,000 of the general credit of the state to guarantee bonds issued in commercial markets by local political subdivisions, including cities, counties, and special districts. The amendment allows amounts to be established to decrease or retire state debt, which is defined as that debt secured by the full faith and credit of the state. The amendment would raise the interest that could be paid on authorized, but unissued, bonds guaranteed by the full faith and credit of the state from 6% to 12%.

PROPOSITION NO. 5
ON THE BALLOT

House Joint Resolution 49 proposes a constitutional amendment that would exempt livestock and poultry from taxation. Currently, farm products in the hands of the producer and family supplies for home and farm use are exempt.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to provide for the inclusion of livestock and poultry with farm products as exempt from taxation."

PROPOSITION NO. 6
ON THE BALLOT

House Joint Resolution 81 authorizes the governing body of a county, city, school district or other political subdivisions to exempt from taxation a portion of the market value of a residence homestead. The portion exempted may be as much as 40% for 1982-1984; 30% for 1985-1987; and 20% for 1988 and after. The amount of an exemption may not be less than \$5,000 unless the legislature by general law prescribes other monetary restrictions on the amount of the exemption. An eligible adult is allowed to receive other applicable exemptions provided by law. An exception is made where ad valorem tax has previously been pledged for the payment of debt.

The amendment further directs the legislature to require that notice be given to property owners of a reasonable estimate of tax on their property in certain situations.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing a political subdivision to provide property tax relief for owners of residence homesteads and changing certain property tax administrative procedures."

PROPOSITION NO. 7
ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment that would authorize the Veterans' Land Board to issue and sell an additional \$250,000,000 in bonds increasing the Veterans' Land Fund's total bond issuance authorization from \$700,000,000 to \$950,000,000. The amendment would increase the maximum interest payable by the state on these bonds from 6% to 10% and permit an even higher rate, if specified by the legislature.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance of additional bonds to finance the veterans' land program and to increase the maximum interest rate allowable on veterans' land fund bonds."

Estate Planning Seminar

"Every estate plan, every will, every trust, every existing form of co-ownership of property, every designation of life insurance beneficiaries or of qualified plans, every buy-sell agreement, every gift program and indeed every estate and personal financial planning arrangement and instrument will have to be re-examined and re-evaluated and possibly revised to reflect these changes," says Sidney Kess, author of an article in "An Estate Planning Review."

The Donley County Program Building Committee and Agricultural Extension Service is sponsoring a seminar to be conducted by an estate planning firm based in San Antonio.

The seminar will be held in Clarendon at Clarendon College in the Administration Classroom Building, room 102 on Tuesday, September 29th, from 6:30 P.M. until 9:30 P.M. Those who wish to attend are requested to notify Ronald Gooch's office at 874-2141 by September 22nd.

Senior Citizens Calendar of Events

HURRY! LIMITED TIME ONLY!

This dependable energy saving Frigidaire Laundry Pair can handle big family-size loads — up to a full 18 pounds.

See a Demonstration TODAY!

Washer offers dependable cleaning power — even lets you conserve hot water and detergent

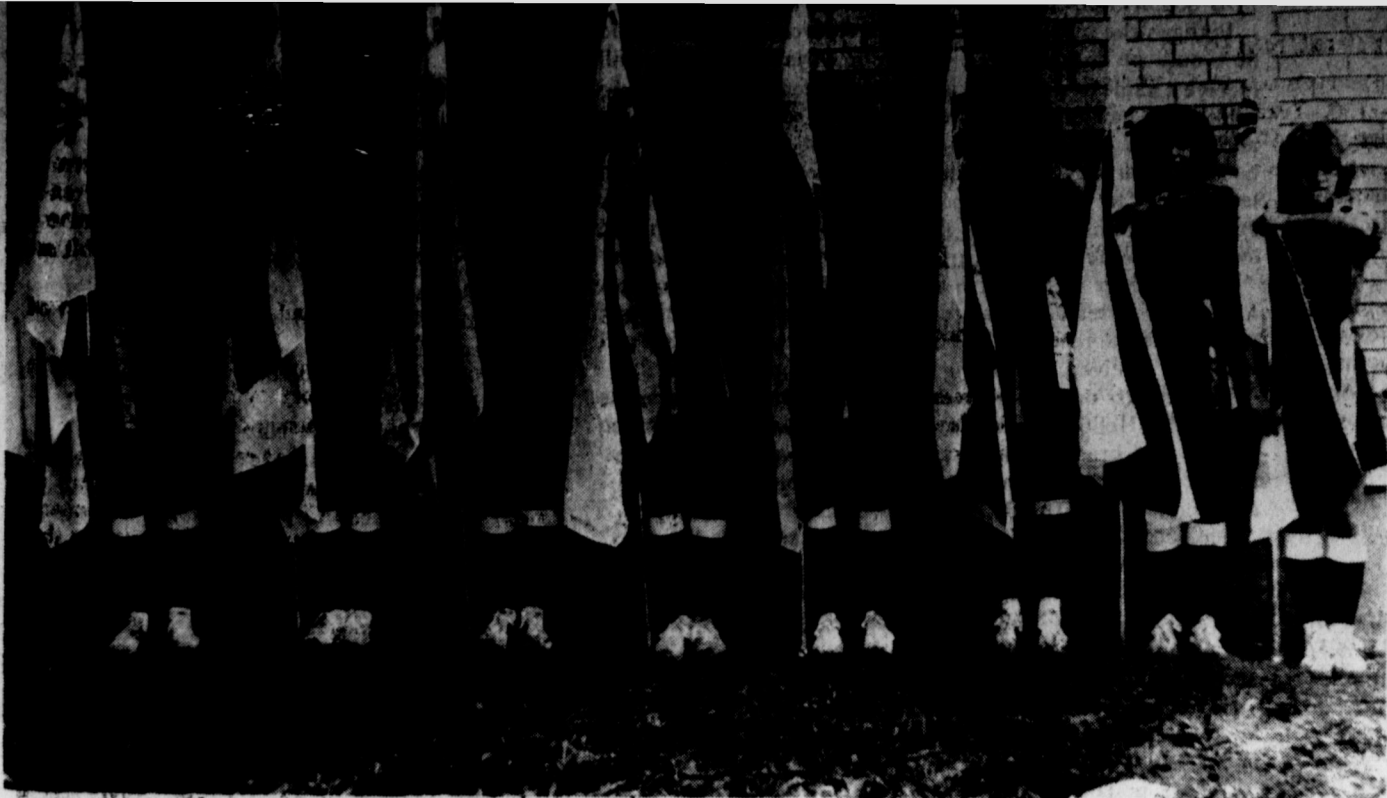

- No need to waste hot water. This Frigidaire Washer features a Water Level selector that lets you match the amount of water to the size of your washload.
- Depend on Frigidaire to keep lint from settling back on your clothes with the Lint Filter which snaps in and out for easy cleaning.
- New horizontal cleaning action passes clothes under the recirculating filter 8 to 14 times each cycle. The new system is equally effective for small, average or large loads.

Dryer puts big drying capacity within easy reach

- For easy loading and unloading, the big oversize door opening — one of the largest in the industry — is positioned a comfortable 18 inches off the floor.
- For efficient drying, without hot spots that can damage fabrics, Frigidaire gently pulls air through your clothes.
- For big-family wash loads this Frigidaire dryer provides gentle fabric care for up to 18 pounds of laundry.

BRONCHO FLAG CARRIERS ARE: [l to r] Tomi Michels, Kay Bell, Tammi Swinney, Diane Havens, Windy McCombs, Kim Formway, Stella Robinson and Tiah Robinson.

Broncho Flag Girls receive new flags

When the flag girls tried out for the corps at the WTSU Band Camp this summer, it was pointed out to them that the huge size of their flags was a hinderance to their performance and limited them in the style of routines they could use. Accordingly, the band parents purchased new flags for the girls of the standard length staff and the girls are proudly showing them off in the accompanying photo.

The girls have two sets of uniforms. The one they are wearing in the photo is the Pep Rally Uniform. It is a box pleated skirt of maroon and white with a bib that sports the letter "C". The blouse is a maroon and white check. The knee socks are maroon and white with white tennis shoes and have

a maroon strip on them.

The Field Uniform is worn whenever they perform with the band during half time. It is a white satin blouse with a maroon skirt and vest. They wear white Dallas Cowboy Boots.

While each of the girls is a bona fide member of the band and must play with the band in the bleachers during the game, they abandon their instruments for their flag poles for their half time performances.

We congratulate the girls in their dedication and performance. We also congratulate the mothers for being so supportive in helping create these beautiful uniforms. Mrs. Joyce Thomas also spent many hours helping sew uniforms.

Bronchos rout Quanah Indians

By SPENCER HAYES

The Clarendon Broncos, aided by Bobby Weatherton's 179 yards rushing, tore through the Quanah Indians, 35-8, while winning their second consecutive victory without a loss.

Weatherton led an awesome ground game that rolled up 359 yards rushing. The defense was stingy, yielding only 163 total yards, including only 11 on the ground.

The score was definitely lopsided, but the game didn't start that way. The Broncos took the opening kickoff and drove steadily downfield, seemingly with no trouble, until a fumble gave the Indians the ball at their own 20 with almost 8 minutes left in the quarter.

Quanah struck back fast, hitting a pass that took them all the way to the Clarendon 25 yard line. But the Indians could muster no yardage on the next four plays, turning the ball over on downs after losing 15 yards. The Broncos then marched down the field 60 yards to score on a 3 yard run by Hosea Hearn. Weatherton booted the PAT to make it 7-0 with 2:59 left in the quarter.

After a change of possessions, Quanah took the ball at their own 10 and connected on 2 long pass plays and 2 good runs to leave them 5 yards from paydirt. After six plays and a pass interference call against the Broncos, the Indians punched the ball over the goal line. Then came a fake PAT kick that gave the Indians an 8-7 lead with only 4:30 left in the half.

The Broncos then drove all the way back down to the five yard line before fumbling the ball away. Fortunately, Quanah coughed it right back up as Brad McGuire fell on the errant pigskin. Hosea Hearn dove into the end zone for the score that put the Broncos ahead to stay with only 1:25 left in the half. Brad Thompson followed with a 2-point pass to Weatherton making the score 15-8. Hearn was the game's second leading rusher on the night, finishing with 72 yards on 17 carries and two touchdowns, bringing his season total to 191 yards on 28 carries.

At the start of the second half, the Indians took the kickoff and started from their own 15. They could get no yardage and punted without getting a first down. The Broncos took possession at their own 45 and romped on the Indian defense as Weatherton scored on a 27-yard option play. Weatherton picked up his 179 rushing steps on 26 carries. On the season, Weatherton has 261 yards on 42 carries for an

average-per-carry of 6.2.

After the kickoff, the Quanah offense stalled at the hands of the Bronco defense once again. The defense, spearheaded by John Braxton, Billy Perry, and Scott Newland shut off the Indians the whole second half, allowing them only three first downs. Amazingly, the Quanah offense could collect only 11 yards rushing in 29 rushing plays. The Broncos crushed the Indians for six quarterback sacks.

The ball switched hands several times again before a coffin-cornet punt placed Clarendon at its own 2. Then, in a time-consuming 4th quarter drive, the Broncos brought the ball back to the Quanah 20 before losing it on a fourth down. But again the Indian offense choked; and punted. Hosea Hearn returned it to the Quanah 40, where the Broncos pieced together a 40-yard drive topped by Brad Thompson's 8-yard run, making the score 27-8 with 4:13 remaining to play. Commented Thompson after the game, "That was the first TD I'd ever made in high school by running—I didn't know what to do!" He finished with the best rushing day of his career—6 for 52 yards.

After the kickoff, the Broncos got the ball on yet another Quanah punt, but were faced with a punting situation when Brad Thompson connected on a pass off a fake punt to John Braxton. That set up a 27-yard strike to Junior Crump, who sat waiting in the end zone, sending the Bronco fans into ecstasy.

Ironically, the Broncos won by the same score in which they were drilled by Quanah last year.

Head Coach Ted Allen seemed very pleased with his troops, which showed the new I-formation look often. He stated that beating Quanah was a good step in Bronchos' goal of "playing more than 10 games." Allen seemed pleased especially with the play of offensive linemen Mark McAnear and Jeff Helms, and tight end Ray Crump. Braxton led the team in tackles with 16, followed by Perry with 11 and Newland with 9.

Tomorrow, the Broncos take on the Stinnett Rattlers in their homecoming game and the last home game in six weeks. Stinnett would like nothing better than to spoil the Clarendon homecoming like Clarendon scolded them last year. Game time is set at 8:00 p.m.

It's a Fact!

Lasers—Light Amplification by Stimulated Emission of Radiation—are powerful enough to be used for cutting holes through metal—yet delicate enough to be used in surgical operations. They now can be found even in the American office.

One new application for lasers is IBM's 6670 Information Distributor, which links word processing and data processing. It transmits and receives documents electronically over ordinary telephone lines and uses a laser printer to produce originals with typewriter-like quality. The versatile machine condenses oversized computer printouts to letter size and can print on both sides of a page.

The 6670's laser printer can produce multiple sets of documents, at speeds of up to 1,800 characters a second. That's the equivalent of approximately 36 pages a minute.

FARM - RANCH LAND OWNERS

On site review is now being done in all of rural Donley County. It is being done to comply with recent law aimed at having local property taxes based on current equitable values. The purpose is to verify land use and quality; also, all rural homes, barns, and other buildings will be measured and classified.

Estimates of value of land and buildings will not be complete until January 1982 so as to coincide with the madatory January 1 rendition date for ad valorum tax values in Texas.

During the rendition period [January 1--April 30, 1982] you are invited to review the appraisal record of your property as you render personal property. The combined Appraisal and Tax Office will be located in the Court House Annex.

JOHNSONS OASIS

...in the area of the girls town. She ... for the girls and began searching for ... in the name of Tom Dunagan who donated ... for Mrs. Anthony to build ... they moved down to the location.

At the present time, Whiteface Girls Town has capacity for 50 girls ranging from ages 6 to 18. Because of the fire last year, the administration building and some of the cottages were burned. This has reduced the capacity of Whiteface Girls Town considerably. When they have enough money, they will build three more cottages and the Town will house over 80 girls.

In addition to Whiteface, there are three other Girls Towns in Texas. One is located near Borger, one in Austin and there is one in New Deal that is designed as a "half-way" house for the older girls, 18 years old, who must leave Girls Town. They have a refuge here until they find their way in the world. Borger Girls Town will hold an open house Saturday, September 19. It would be well worth the trip to drive up there and visit the girls and see how they live and learn.

The girls attend the local schools. They may participate in any and all of the activities at the schools, making them part of their community. Their "home life", however, is quite different.

The girls have a very austere life since funds are so tight. Although the Towns are state regulated, they receive no state funding. They exist totally from donations and the support of the Lions Clubs International. This means that there is never enough money left for clothing allowances or decorations, hobbies, or the other frills and frosts of life. While the girls don't starve to death, the only time they get

beef or pork when it is donated to them. They try to give the girls milk three times a week and fruit juices twice a week. The grocery bill is staggering and they don't eat like most of us even at that.

In addition to a high grocery and utility bill, the gasoline bill for the Towns is phenomenal. The girls are encouraged to participate in all school and church activities so there are many trips up and down the road from the cottages to the towns.

With all of these limitations and restrictions on budgeting, the girls do without many things we take for granted. They need toothpaste, panties, slippers, jewelry, make up, toys, hobby supplies such as latch hook, paints, yarn and even glue.

The Girls Towns also need things like dishes, rugs, linens, pots and pans. All of the things you might need around the house, they are also in need of.

How do you donate such heavy things like clothing, dishes, and supplies? This, fortunately for us here in Clarendon, is easy. We can package up all of our goodies, put them in a box labeled with name and address and bring them to Mrs. Molita Greer at 203 E. 4th, across the street from the Senior Citizens Community Center. Mrs. Greer can then see that the boxes get to Whiteface and the treasured "gifts of love" will be distributed to the girls.

When things like lingerie arrive, they are sorted, mended, sized and put in a little "store". The girls receive an \$8 a month allowance. They then may purchase these items, they might be priced at only 5c, but nevertheless, they are priced. This teaches the girls the value of the dollar, the value of items and gives them incentive to budget their money.

When your gift item has arrived, you will receive a receipt the number of items you sent for income tax purposes. Girls Town lists the number of items but leaves the cost for

do would be to sponsor a girl from Girls Town. You will receive a name of a girl and all of the particulars such as age, coloring of hair and eyes, favorite colors, sizes, likes, dislikes and hobbies. Then, for her birthday and Christmas or just because, you may send cards and gifts to her. She will send letters back to you and soon you will have developed a very special relationship with a girl crying out for attention and love from someone who cares about her and her desires.

Molita Greer has spent 8 to 12 hours a day sewing slips, nighties, panties and bras to send to the girls. The highest reward she can receive is the heartfelt thanks from a little girl who has received something hand made just for her.

Here is just one of the many letters of thanks Molita has received: "Hello! I would like to write and say thanks for the panties and bras. I'm sure it took up alot of your time, so thanks even more. I'm sure everyone could use them. I appreciate it alot. Thanks again! Love, Ginger Gail Wiggins."

Did you know that there are not enough slips for the girls? Here is a letter from Mrs. Wanda Cooper, coordinator for the Girls Towns. "We have never had such lovely slips. The girls have always had to trade around when they had dresses that absolutely required one. I want them to always have one available and you have made that possible."

As Christmas time arrives, think about the girls that don't have enough lingerie, that are without jewelry, make up or hobby supplies. Think how exciting it would be for a girl to receive a personalized gift or card.

For further information, contact Molita Greer at 874-3311 or call Girls Town USA at 1-806-229-6361. Give yourself the joy of giving.

Indians planted stringbeans along with the corn crops. Corn, wheat and cotton deplete the land of its natural nitrogen. Bean plants replace this loss naturally. Only lately have non-Indian farmers learned to do this.

BIVEN
Elmonette And Paul Biv

The descendants of James E. Deaton and Joseph L. Watson gathered in Clarendon, September 5 and 6 for a family reunion which was held at the Lions Hall.

Family members residing in Texas who attended were: Herman and Edna Deaton from Gainesville; Homer and Hettie Deaton of Frisco; Hubert and Phyllis Deaton; Kenneth, Paula, Kevin, Kim and Karla Deaton all of Amarillo; Della (Deaton) Allen; Ruby (Deaton) White; Gene Doris, Kim and Mark White; Pam Jack all of Clarendon; Emma Lee Moreman of Dalhart; Sonny, Barb, Kenneth and Donnie Dawkins of Claude; Jay and Nell White of Borger; Janara, Troy and Cassie Talbott; Terry Boaz of Dallas; David and Della Spivey of Grand Prairie; Vesta Watson of Chico; Hazel (Watson) Clayton of Bryson.

Those who attended from Oklahoma were: Chet and Juanita Grant of Hooker; Dillard and Janice Grant of Turpin; Rick, Teresa and Joshua Wages of Woodward; John and Darlene Johnson of Edmond.

Those who attended from Kansas were: Ricky and Randy Grant; Herb, Ola, Bart, Brent and Bridget Howie; Dana Hill; Robert Grant; and Mike Russell all from Liberal; Kenneth and Fannie Lea Russell; Charlene and Michael Kopper of Sublette; Eugene and Gladys Reece of Dodge City; Bobbie and Charles Landberg of McPherson.

Those from Alabama were: Ronny, Debbie and Meredith Lauderdale of Adamsville; Nina and Nelda Lauderdale of Sumiton.

Two sisters came from California. They are: Millie Wright of Trona and Thelma Downing of El Sobrante.

James Allen and Ursula Maier attended from Colorado Springs, Colorado.

Jim and Viola Grant of Alden, New York traveled the farthest. Jean Williams of Salt Lake City, Utah also attended. Vesta Watson, age 86 and her sister, Hazel Clayton, age 84 traveled by bus from Decatur for this special occasion.

Shotgun Season, Lions offer one!

Duck season is upon us, dove season and teal season are here. What would you give for a lovely, beautiful, well balanced, collector type, exclusive Rueger over and under 20 Ga. shotgun? Would \$1 a ticket sound like too much?

The Clarendon Lion's Club has purchased such a shotgun and will be selling tickets for the beautiful hunting weapon until October 1 when the drawing will be held. It is a gun valued at \$700.00 and truly a treasure to own and a delight to shoot.

Contact any Lion and purchase a book full of tickets. This is a chance of a life time. Pheasant season is coming up as well as turkey time. Wouldn't your chances of bringing home a full game bag be better if you traded in that old worn out gun that never did shoot worth a hoot for this prize? You betcha!

Mu Gamma Chapter met

The Mu Gamma Chapter of Beta Sigma Phi met September 8th in the home of Jamie Deyhle. We discussed the selling of tickets for the Harvest Hoedown Dance at the slab with the band West Texas Express.

The members attending were: Melissa Hatley, Jaci McAnear, Anna Beth McNabb, Bobbie Thornberry, Melinda McAnear, Janice Knorpp, Carolyn Myers, Mickey Fowler, Alice Courtney, Leslie Schnauffer, Jamie Deyhle, and Donna Knorpp. These members enjoyed delicious hors d'oeuvres served by the social committee.

The next time beef round steak is on special plan at least one of the weeks menus around this satisfying casserole.

BEEF STEAK OVEN DINNER

- 2 lb beef round steak, cut 1/2" thick
- 2 TBS cooking oil
- 2 tsp salt
- 1/8 tsp pepper
- 1/2 C water
- 4 C thinly sliced cabbage
- 1 1/2 C grated carrots
- 1 C rice
- 1 med. onion, chopped
- 1 can (10 1/2 oz) cream of celery soup
- 1 C water
- 2 tsp soy sauce
- 1/2 C shredded cheddar cheese

Cut steak into thin slices 2 to 3" long and brown in oil. Pour off drippings. Season meat with salt and pepper, add water, cover tightly and cook slowly 30 min.

POOR MAN'S STEAK DIANE

- 1/4 C finely chopped onion
- 6 TBS oleo
- 2 tsp oil
- 2 lbs round steak or chuck steak cut 1/2" thick, trimmed and cut into serving size.
- 1/4 C Worcestershire sauce
- 1/4 C sliced mushrooms
- 2 TBS lemon juice
- 1 TBS chopped parsley
- 1/2 tsp garlic powder

In a large skillet, saute onion in 2 TBS oleo, add the oil until onion is translucent. Meanwhile, moisten steak with water, sprinkle evenly with tenderizer and pierce deeply with a fork. Do not use salt.

CRACKED PEPPERCORN STEAK

- 1 beef bottom round steaks 1 lb each, 1" thick, trimmed
- 1 1/2 tsp unseasoned natural meat tenderizer
- 1/2 C cracked black peppercorns
- 3 TBS oleo
- 1/4 C beef broth
- 1/4 C red wine (may substitute 1/4 C beef broth for wine)
- 3 TBS whipping cream
- 1 tsp prepared mustard

Moisten steak with water, sprinkle evenly with half the amount of tenderizer and pierce deeply with fork. Use no salt. Press peppercorns firmly into steaks on both sides.

FIRST AID FACTS

No Wound is Minor

All minor wounds require basic first aid treatment. Even the tiniest cut, if left unattended can result in a dangerous infection.

In order to prevent a minor wound from becoming a major medical problem, you might like to make these simple rules standard operating procedure in your home.

CLEANSE all wounds with mild soap and water, making sure to wash your own hands first

TREAT with first aid cream or a topical antibiotic

COVER the wound with a sterile gauze pad dressing or Band-Aid to prevent contamination or reinjury

TAPE the dressing securely with first aid tape

Change the bandage frequently and check for signs of infection. Swelling or inflammation of the wounded area, chills or fever are usually signs of trouble. You should contact your doctor immediately if you suspect an infection.

A word of caution! If the wound is more serious than a minor cut, scrape or abrasion, get immediate medical attention to avoid complications.

JEREMY CLARK SHIELDS

Mr. and Mrs. Johnny Clark Shields of Clarendon are proud to announce the arrival of a baby boy born September 10, 1981, in Memphis. Jeremy Clark weighed 4 pounds and was 17 1/2 inches long. Grandparents are Mr. and Mrs. Buster Shields of Clarendon, Mr. and Mrs. James Alvin McAnear of Brice, and Mrs. Retha M. Clark of Fort Worth.

Great grandparents are Mr. and Mrs. H.H. Shields of Lelia Lake, Mr. and Mrs. James A. McAnear, Sr., of Clarendon, Mr. and Mrs. Johnnie D. Linville of Hedley, Mrs. Mary Sanderson of Fort Worth, Mr. and Mrs. Cotton Sursa of Clarendon, and Mrs. Sadie Wilson Foust of Clarendon.

Michael James

Dr. and Mrs. Brian Tucker of Sherman announces the early arrival of a son Michael James, born at Baylor Hospital in Dallas on September 7. He weighed 2 lbs. 6 1/2 oz. and is in good condition. Michael has a brother, Carl who will soon be three. He is visiting relatives in Houston at this time.

Grandparents of the boys are: Mr. and Mrs. James Tucker of Clarendon and Mr. and Mrs. John Ronayne of Borger.

With rising food and energy prices, freezers provide an easy and economical way to save money. Here are some tips from Whirlpool home economists that can help you get the most from your freezer:

- Keep the freezer fairly full and keep door openings at a minimum.
- Use air-tight packaging and wraps designed specifically for freezing. Food quality and flavor can be lost through improper wrapping.
- Cook in larger quantities than you need and freeze the excess for later use.
- Use your frozen foods. A steady turnover of food into and out of the freezer makes the best use of food, electricity and space.
- Organize freezer contents by type of item and label each package with contents and date. This lets you find foods quickly and reduces the time the door needs to be kept open.

ENERGY SAVING WAYS!

With FREEZERS Strawberries from the garden in mid-winter? For unexpected company, a quick casserole that was made a month ago? A variety of meats and vegetables on hand without a trip to the market? All these items and more can be available to you, right in your own kitchen, thanks to modern day freezers.

State Comptroller Bob Bullock Friday said persons and businesses who buy and sell items subject to the state's sales and use tax should be aware of changes in the law that are now in effect.

He said persons who have issued a resale certificate or an exemption certificate to acquire an item can now donate the item to a non-profit charity, religious or educational organization and not be liable for the sales tax on the item.

"This means a merchant can take items from inven-

tory and give them to any organization that's exempt from the sales tax and the merchant doesn't have to report the gifts as taxable purchases when they file their sales tax return," Bullock said.

Bullock pointed out that the Legislature expanded the categories of organizations that qualify for an exemption from sales tax if they are exempted from federal taxes by the Internal Revenue Service.

Provided the organization has a letter from the IRS saying it is exempt from federal taxes, Bullock said the categories now exempt from the state's sales tax include:

--Organizations such as Rotary, Optimists, Kiwanis, Junior Chambers of Commerce, Lions and Garden Clubs and some property owner associations that are exempt from federal taxes under Section 501 (c) (4) of the IRC.

--Fraternal societies such as Masons, Elks, Moose, Knights of Columbus, De Molay and the Eastern Star that are exempt under Section 501 (c) (8) or Section 501 (c) (10) of the IRC.

--Organizations formed to benefit veterans such as the Air Force association, American Legion, Veterans of Foreign Wars and Disabled American Veterans that are exempt under Section 501 (c) (19) of the IRC.

Bullock said another change in the state law affects the amount of tax due when a person has issued either a resale or an exemption certificate to purchase an item and then uses the item for personal benefit for some period of time.

Instead of tax being due on the purchase price of the item, the amount of tax due will be equal to the amount that would be due if the person had rented the item for the period of time it was used for personal benefit, he said.

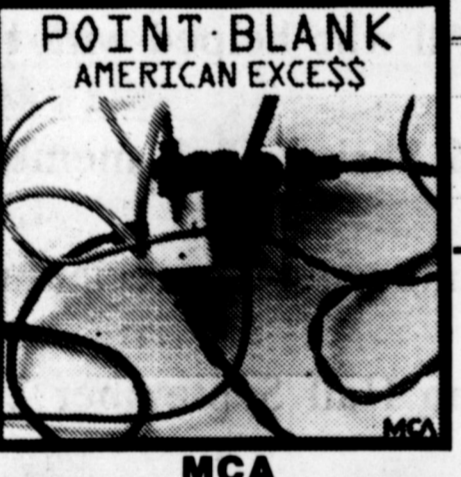

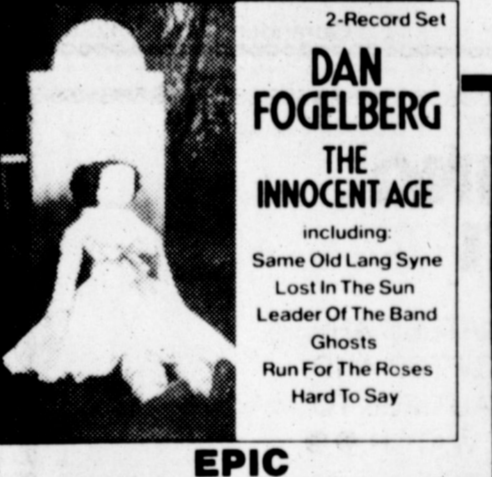

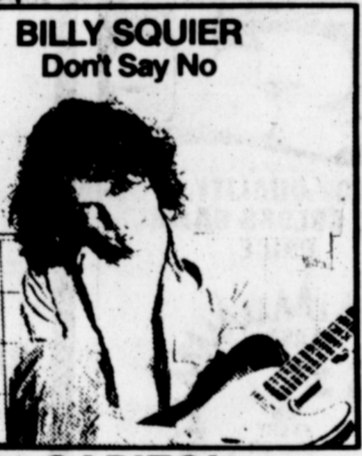

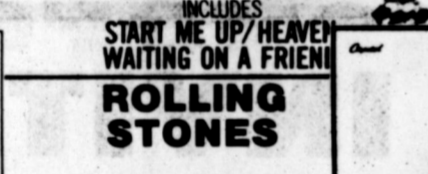

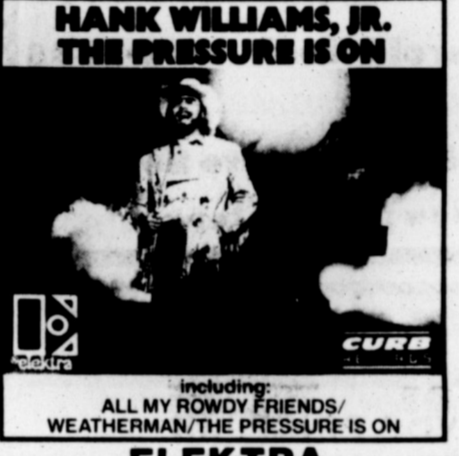

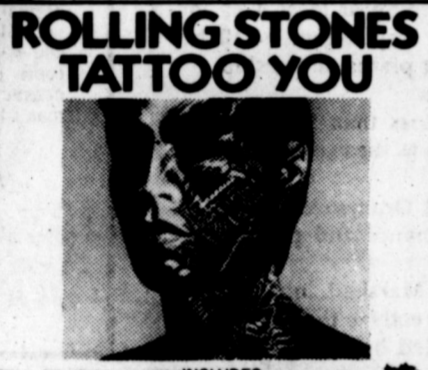

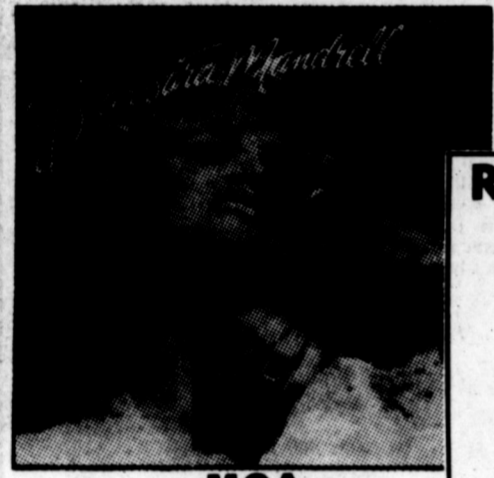

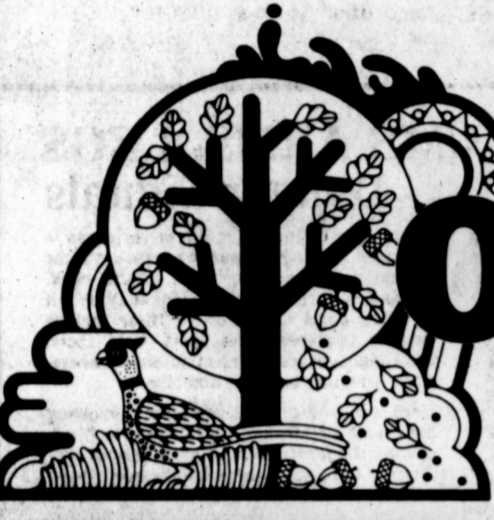

FIREMEN ACTED QUICKLY to put out the fire that destroyed the P. T. Taylor home.

Each gram of protein you consume has about four calories. Each gram of carbohydrate, four calories; each gram of fat, approximately nine.

CHARLIE'S GROCERY & MARKET

One church of Christ had a worship service Sunday night, rendered by a group of young folks from Amarillo, also a group of young folks from Clarendon and Memphis. After church a big picnic was enjoyed by all, the congregation, followed by a song fest.

Lois Beach and her sister Irene Hill of Martinez, Calif. visited the Hall County Convalescent home Monday morning. Among those visited was Willie Johnson. She seemed to feel a bit better than she has for quite some time.

Visiting the Preston Gilbreths this past Friday was Billy Dennis of Stanford. He was formally from Quail. He finished school and then went to A&M with Richard Gilbreth. Visiting Sunday was Mrs. Otto Russell and

Lois Beach is going with her sister Irene Hill to Colorado to visit relatives.

Mr. and Mrs. B.C. Stone visited Willie Johnson Sunday and took her a little snack. She enjoyed it very much.

Cecil Hummcutt and his four grandchildren, also Andy Dephy and his daughter from Amarillo came by Mrs. Jack Reids for a short visit. They had been on a over night camping trip, fished some but got rained out at 2 p.m.

Mr. and Mrs. R.L. Stone of Lake Jackson visited Friday with their parents Mr. and Mrs. Ansil Adamason and Mr. and Mrs. B.C. Stone. They were on their way to Canadian for a few weeks work before going back to Lake Jackson.

Myrtle Kirkpatrick and Elsie Shaw visited with Willie Johnson Sunday afternoon, she is feeling better.

Mrs. Myrelene came home

Jack Reid.

Mr. and Mrs. Jim Hudson visited Friday with Mr. and Mrs. Pete Messer.

Mrs. Lucy Bishop will be 90 years young on Tuesday, Sept. 15th her daughters are Mrs. Alice Lacy of Quanah and Mrs. Wanda Tilger of Amarillo. They invite all her long time Hedley friends and acquaintances to visit her Mama Lucy on her birthday. She lives in the Medical Center Nursing Home in Clarendon. If you are unable to attend, it would be nice to drop a card in remembering her Hedley friends wishing her a happy birthday and more she has been missed at Hedley the last few years.

Mr. W.L. Steward from Saint Jo is in Hedley visiting his brother and family Mr. and Mrs. Paul Steward, he also visited with Mrs. Jack Reid Sunday afternoon.

Mrs. Alice Johnson from Memphis visited with Omie Simmons Monday and other friends.

Sunday W.P. Gilbreth visited with his parents and took his daddy to a family reunion at Wellington. His mother was unable to attend.

Mr. and Mrs. Nel Owens and Mr. and Mrs. Paul Owens from San Bernardino Calif.; Mr. and Mrs. Frank Gardner from Glendora, Calif. visited with Mr. and Mrs. Otis Owens. They also attended Otis and Nittie's Golden Anniversary Sunday 13th. Mr. and Mrs. Powlen, Clay, three children from Amarillo are here with the Owens family. They had a nice weekend shelling, and canning peas.

Friday afternoon late Hedley had some over 1 inch of rain in 20 minutes with high winds. Just a young flood.

Elsie Shaw and Jack Reid visited Sunday afternoon with Myrtle Tate out north on the farm. She and her daughter were down from Borger.

Burt and Kate Stone made a business trip to Amarillo

Omie Simmons, Beth Moore, and Kate Stone visited with Willie Johnson Thursday afternoon. She seems better. She is able to be up some now. She is still in a wheel chair at the convalescent home in Memphis.

Her Hedley friends are hoping she will soon be able to walk again. Myrelene Sargent is back home from the Memphis Hospital.

Mr. and Mrs. L.E. Moore visited with his mother Beth Moore Saturday afternoon.

Brother Tipton and wife from Denton were visiting in Hedley Sunday. They attended the Owens Anniversary. He was once Pastor here at the First Baptist Church. Hedley friends were happy to see them.

I would like to apologize to Mrs. Lucy Bishop's daughter Alice and Wanda that the news about their mother Lucy's Birthday September 15. She was to be 90 years old. It was sent in with the Hedley News, but for some reason we had no Hedley News this past week. Maybe the mail did not go out on Labor Day. I am very sorry, I regret it. I want to again apologize.

Graveside services were held at Hedley last week for Clarence Rushell from Amarillo. He was a resident of Hedley some years ago. Sympathy is extended to the family from Hedley friends.

Mrs. Geredene Wiggings is in an Amarillo hospital. Her Hedley friends are hoping that she has a speedy recovery.

Mrs. H.I. Garrison has gone to Oklahoma for a visit with her daughter while her broken leg improves.

Myrtle Kirkpatrick and Dick Moore made a business trip to Memphis Monday.

On Saturday, Sept. 12, the O.F. Messer family celebrated family birthdays with a dinner in their home in Hedley. Mrs. Lillie Messer will be 78 on Thursday, September 17.

Mr. and Mrs. Jim Hudson, Krista and Bryan of Amarillo came to help Mrs. Messer celebrate. Doyle and Lyndon Messer of Hedley were also present for the meal and Evelyn came later to give good wishes.

September is birthday month for the Messer family starting September 7-with Mike Hines, Mike, Angela, and Ashton were at the Doyle Messer home for dinner on Monday.

September 13 is Doyle's birthday. He was joined by his parents for dinner at the home on Sunday. Then comes Lillie Messer's birthday on the 17th, Stuart Messer's birthday ends the line with a birthday on September 22.

Hedley received another inch of rain Sunday night.

Xi Lambda Xi meeting

Monday evening, ladies dressed as Cleopatra, Scarlet O'Hara, School Marms, and lots and lots of teenie boppers from the 50's poured into Peggy Anderson's home where the hostess was dressed in a squaw dress.

After the opening ritual and regular business meeting, Carol Bryant presented an interesting program on the American Woman and her heritage. She unrolled a mural showing the lot of woman from Eve (the perfect woman) up to the current lady of today. Carol encouraged all of those attending to write a goal to perfect themselves and it will be sealed and stored away until the end of the year when we will all review them and see if we have come any closer to being the "perfect woman."

Fresh, homemade donuts and spudnuts were served with a hot cinnamon tea punch by Peggy Anderson and Katie Dvorak to: Charlene Mays, Betty Veach, Carol Bryant, Pat McCombs, Ann Harper, Gloria Gage, Frankie Henson, Francis Johnston, Susan Henson, Donna Mann, Janie Finch, Genella Eads, Genevia Summers, Maurine Butts, and Priscilla Greene.

Editors Note: The following article is from the August 1981 edition of "The Dispatch", the company newsletter published by Amarillo Medical Services (AMS). It is being reprinted here by special permission of Editor Wayne Barnhouse who is a Paramedic with AMS.

Those of us who work in fairly well populated areas tend to become pampered by the proximity of ALS (Advanced Life Support) service and high-gear, in-hospital care. Indeed, there are probably few who would be willing to place themselves in the position of servicing a large stretch of territory, with limited manpower and long distances to be traveled. Clarendon, being the only full complement ALS between Amarillo and Childress-120 miles worth-has the unenviable lot of being in just that position.

Frustrating as it may sound, the Clarendon people are very supportive of the Associated Ambulance Authority. Co-owned by the City, Donley County, and the Donley County Hospital District, the Authority has yet to be refused any request to these entities for the purchasing of necessary equipment. Such support allows the Authority to continue servicing the needs of its citizens, and to do so with a high level of quality.

The authority is staffed by volunteer personnel consisting of 2 Paramedics and 7 EMTs, 5 of which are certified instructors. Coupled with the close working relationship of the Fire Department and law enforcement, Clarendon boasts an average response time ranging from 2 minutes daytime, to

5 minutes at night. Excellent times as these for a volunteer service are indicative of the sincere attitude prevalent throughout the system. These are especially important when one considers the size of the area being served. With the closest hospital being 26 miles away, pre-hospital care becomes even more the vital link in the chain of emergency medicine, and time the critical factor. Although there are 2 physicians in Clarendon to back up the field personnel during the day, the evening hours force the crews to exercise their skills to the utmost. Realizing the time element involved in transporting a patient, the crews endeavor to minimize the injuries as quickly as possible. Thus, the need for such rapid response times.

With such expertise available to the over 4,000 citizens of Donley County, the type of emergency medical care provided ranks among the highest, and the populace is obviously well protected by professionals seeking to care for their neighbors. In spite of the large 'range' they have to cover, the crews on board the units strive to cut down the time factor and aid the sick and injured in the best fashion possible.

Just as these professionals realize their responsibility to the community, so the community realizes its responsibility to support them; for they are serving the people's needs. The Clarendon EMT training fund was initiated by the local women's club and, in July of 1981, the bank donated a portable demand valve unit.

Monetary support, however, is not the only type shown by

Award. Such an attitude as this is the key to the success of the cause of EMS. It is not an easy road, and we need the efforts of both the EMS providers and their community—and hope they continue providing such professional care. The difficult part is immediately, the impossible takes a little longer. Clarendon EMS Philosophy.

Clarendon EMS Assn. meeting

The Clarendon Emergency Medical Services Association will hold its regular monthly meeting on Monday, September 21, 1981 at the Medical Center Dining Room. The time of the meeting will be 7:30 p.m.

Mrs. Linda Massey, Executive Director of Panhandle Emergency Medical Services Inc., will be the special guest. Her plans are to discuss EMS in the Panhandle and the goals and objectives for the coming

year. A program is scheduled to be presented by Joe Rice, Paramedic and Asst. Fire Chief of the Canyon Fire Department.

This meeting is open to the public and all citizens of the community interested in EMS are invited to attend. Medical personnel throughout the community are especially urged to attend this important meeting.

For further information, contact Paramedics Pat Robertson or Phillip Vargas.
