Lucky Bucks Auction set for December 19th

The Chamber of Commerce has set the date for the Lucky Bucks Auction.

The Auction will be held on Saturday, December 19th at 3:00 on Main Street. Area merchants donate hundreds of dollars of merchandise to be put up for auction.

Beginning Saturday November 14th participating merchants will be giving away "Donley County Dollars" with each purchase of \$10.00 or more, dollar for dollar in \$10.00 increments.

Bidders will not be allowed to pool money at the auction. This is not fair

to others who have made all their purchases in Donley County and are not allowed a chance in bidding. Therefore, this will make it more fair for everyone.

You will have to use your "Donley County Dollars" to bid on the merchandise. Real money will not be accepted.

There will also be a special auction section for children 18 and under. Let's all support our area businesses and shop locally during this holiday season.

Episcopal Church celebrates 100th birthday

A Centennial birthday celebration will be held Sunday, November 8 at St. John the Baptist Episcopal Church in Clarendon.

This unique church was designated as the oldest church continuously in use in the Texas Panhandle by the Texas Historical Commission. For 100 years this faithful congregation has held church services every Sunday.

The first service was held in November 1887 at the ranch home of J.B. McClellan. The present church site was donated in 1891 by Isaac Carhart. The present building was

erected and consecrated in 1893. Bishop A. C. Garrett consecrated the church.

Holy Communion and Confirmation of new members will be held Sunday at 11:00 a.m. with the Right Reverend Sam Hulsey, bishop of the Diocese of Northwest Texas, officiating. Assisting Bishop Hulsey will be the reverend Ned Creswell, vicar of St. John the Baptist.

The Episcopal Church welcomes all christians who receive communion in their own churches to share the sacrament and celebrate the birthday of St. John the Baptist.

Calvary Baptist to hold revival

November 8-11

The Calvary Baptist Church in Clarendon will be in Revival this Sunday, Nov. 8-11. The services start this Sunday morning at 10:00 a.m. and 11:00 a.m. The services Sunday night through Wednesday night are at 7:00 p.m. each night. We have a goal of '180' in Sunday School on Nov. 8. We will be having a big Church dinner at the church following this Sunday mornings services. We certainly want to extend an invitation for everyone to come and enjoy these days of revival with us.

Rev. Mike Haley from the Hillcrest Bible Baptist Church in Arkansas City, Kansas will be our guest

Immunization

Clinic November 23

Donley County Community Action will have their November Clinic on Monday, November 23 from 10 a.m. until 1 p.m. at their office in the old courthouse for immunizations offering vaccines that give protection against several childhood diseases. This protection is against polio, diphtheria, lock jaw (tetanus), whooping cough (Pertussis), measles, rubella and mumps. The Texas Department of Health is charging money to help with the cost of keeping the clinic open. The amount of money charged will be based on family income and size, and the ability to pay.

CLEO RUSSELL-Pirate

Costume Contest

The third annual Halloween Adult Costume Contest was held Friday, and contestants were judged by Hal and Donna Davis, who own and operate KLSR Radio Station in Memphis. A judges stand was set up in front of the library and witches, pirates, clowns and an array of other traditional Halloween costumes were paraded throughout the day.

Three costumes were chosen to be the best. The Davises stated, "We made our choice on originality, all of the costumes were special and we enjoyed judging them very much."

The three winners were: Sandra Eads, dressed as a Raisin; Cleo Russell, as Captain Hook, the pirate and Mindy Choate as the loveable skunk. They were awarded a gift certificate redeemable at any Chamber of Commerce member store.

Others who entered the contest were: John Adams, an elephant; Sharon Adams, Raggedy Ann; Nadine Hawes, Clown; Mike Spier, Boxer; Carol Hinton, witch; Sandra Shields, Clown; Gayle Hill, Charlie Chaplin; Jo Crabtree, Space Cadet; Jerry Alexander, Bull Fighter; Elmonette Bivens, Gypsy Fortune Teller; John Rattan, Old Time Cow-

History book nearing half way mark

The Donley County Family History Book is nearing the half way mark to achieving its goal of printing 500 books. If you have not reserved your book or wrote your history, you need to do so as soon as possible.

Although the book will not be finished in time for Christmas giving, we have gift certificates, if you would like to give one to someone for Christmas.

Although we have not as yet put a deadline on getting the histories and making reservations, we are thinking about trying to have them finished by July 4. It will take the publisher about six weeks to print the book after it has been completed and into his office. This gives us approximately six or seven months to complete the book.

Twirling Contest

Xi Lambda Xi is sponsoring a Pageant and Twirling Festival Saturday, November 7th at the old gym. Admission will be \$2.00 for adults and 75 cents for children. The public is invited and encouraged to attend and urge these girls on. Clarendon has 14 girls entered so come on out and show your support.

Broncos graze on Clover

By RICHARD GRISHAM

Friday night CHS Broncos sent the Shamrock Irish home more blue than green after pounding out a 27-0 win in District 2-2A football game. Shamrock, while favored to win by ten points, had little success in stopping the versatile offensive game the Broncos ran against them. Clarendon amassed 329 total yards against Shamrock who could only muster 156 yards of their own.

Clarendon's running game was led by running back Danny Gaines who ran for 101 yards and a touchdown. Broncs defensive attack was sparked by Shawn Hermesmeyer who had three interceptions. Fine defensive plays were also made by David Hicks and Brook Grisham who intercepted passes to save touchdowns and keep the shutout in tact. The Broncos defesive line accounted for numerous QB sacks and little gains with standout performances made by Michael Moore and Cory Pounds.

Clarendon's scoring came in the last three quarters of play. In the second quarter on a 1 yard run by Daniel Ford that had followed a well orchestrated drive led by quarterback Wes Hatley. Hatley who threw for 70 yds on 6 completions also did his share of smart ball carrying to help the cause. The point after Fords T.D. was good on a kick by Jason

Slavin. First half scoring was completed by a 3 yard pass from Hatley to Danny McCampbell with the point after by Slavin good - score at intermission 14-0 Broncos.

Clarendon scored in the third quarter on Gaines' 3 yard run that capped off a 93 yard drive from CHS own 7 yd line. The P.S. was no good. The scoring was completed by a 1 yd plunge into paydirt by Brad Shadle in the fourth quarter. The kick by Slavin was good. Final score 27-0 Broncos and a total team effort at that. "Great Game Guys!"

Broncos to play

last game

Hear ye! Hear ye! Hear ye! Come one come all to CHS Broncos final game of the 1987 season, 7:30 p.m. Friday night at Cyclone Stadium in Memphis, Texas. Come and see those Ramblin Broncos snuff the Cyclones. Come out and support the Maroon and White. "Get'em Guys!"

Scouts selling popcorn

The Cub Scouts and Boy Scouts of Clarendon will be selling Trail's End Gourmet Popcorn through Monday, November 16. The delicious popcorn is available in handy reusable plastic buckets or in 5 convenient microwave bags in double-safety sealed boxes. A bucket produces over 63 quarts of world's best popcorn and each microwave bag produces nearly 2 1/2 quarts of taste-tempting, butter-flavored gourmet popcorn that you can enjoy right from the bag. Each sell for \$5.00 which will help the boys' Council and their local Pack!

Trail's End Popcorn makes a great gift and is also on the Weight Watcher's recommended diet for those concerned with counting calories!

So when the blue and gold uniform knocks at your door, please consider this truly delicious product he offers, as well as the extremely fine young man behind the uniform trying to earn money for his Pack!

If you are not contacted by a Scout and would like to try our popcorn or

President proclaims Nov. 11 as Veterans Day

President Reagan has proclaimed November 11 as Veterans Day and has called upon all Americans to recognize "the hardships and sacrifices demanded from and faithfully accepted by the millions of men and women who have defended our land in war and in peace."

This year's Veterans Day theme is "Veterans, You are America." and the President urged Americans to let veterans know that their service is not forgotten, that their sacrifices are appreciated, and that America salutes its defenders.

Veterans Administration chief Thomas K. Turnage, who serves as Chairman of the Veterans Day National Committee, said, "The foundations of American independence, liberty, and freedom were built and preserved by those who served." Turnage will preside at the 34th annual Veterans Day observance at Arlington National Cemetery, which begins with the tradition of honoring the Unknown Soldier on the 11th hour of the 11th day of the 11th month with a Presidential Wreath

Laying Ceremony

It was at that hour on November 11, 1918, that the world celebrated the end of World War I hostilities, and which later became known as "Armistice Day." In 1954, Congress renamed it Veterans Day to honor all those who have served in America's armed forces.

In his proclamation, the President said, "Our observance of Veterans Day this year, the Bicentennial of the Constitution, reminds us in a special way of the service men and women who have made liberty's cause their own. Our fundamental charter lives on because through the years countless brave Americans have gladly willed to 'provide for the common defense.' No one is more responsible for securing 'the Blessings of Liberty to ourselves and our Posterity' than our veterans."

The proclamation calls on Federal, State, and local government officials to display the U.S. Flag and to encourage and participate in patriotic activities nationwide and to support the observance of Veterans Day with

suitable commemorative expressions and programs.

Various Veterans Day observances will be held throughout the nation at many of the VA's 111 national cemeteries.

Light Up America on Veterans Day

"The Veterans Administration wants all veterans to 'light up America on Veterans Day' by driving through the day on November 11 with their headlights on," said Stephen L. Lemons, Director, Waco VA Regional Office.

"The 'light up America' program, initiated by national veterans service organizations, is intended to symbolize the camaraderie and mutual concern of the nation's 27.4 million veterans," said Lemons.

The Veterans Administration wholeheartedly endorses this national gesture and asks all veterans to "light up America" on Veterans Day.

Clarendon Firebelles

The Clarendon Firebelles had their regular meeting on September 1st. In lieu of a program, Pat Robertson from the fire department discussed the upcoming events that involved the Firebelles.

President welcomed everyone, Tammy led us in prayer. Minutes were read and approved. Treasurer's report was given and approved.

The Labor Day Weekend was discussed.

Signs of Revival in the Home:

1. Submitting together: The revived family yields its will to God's will, to His leadership and control (James 4:6,7; Ephesians 5:17). Unity under God's direction cements all other relationships and allows family members to submit to each other (Ephesians 5:21). This is the strength of humility, the primary ingredient in true revival (II Chronicles 7:14).
2. Sorrowing together: The revived family is sensitive to God's voice, grieving and repentant whenever His will is not obeyed—"For I will declare mine iniquity; I will be sorry for my sin" (Psalm 38:18). Parents help children to recognize the seriousness of sin so that repentance is both quick and sincere; and they set the example by admitting their own failings: "I was wrong. Will you forgive me?"
3. Seeking together: Revival comes to a family when they are eager to "pray and seek" God's face (II Chronicles 7:14). This is not only a seeking that is relegated to the traditional family altar. This is moment-by-moment acknowledgement of God's involvement in the family. This is recognizing "teachable

moments" all day long (Deuteronomy 6:6,7) to acquaint the family with the Word, ways and will of God.

4. Standing together: The revived family has pledged itself to family commitments that are born out of biblical convictions. There is a steadfast pursuit of godliness that is reflected in the entertainment, literature, and environment the family chooses for its home. There is also a commitment to standing alone, if necessary, in order to obey clear-cut biblical commands (Joshua 24:14,15; Psalm 101:2,3).

5. Singing together: Revived family members allow the melody in their hearts to spill out into their home (Psalm 100:2). An attitude of praise not only marks a Christ-centered home; it also leaves a powerful impact on children.

6. Smiling together: A revived family not only makes music, it also laughs... and plays... and relishes the joys and victories our Saviour has secured for us (Psalm 126:3).

MATT McNABB OF Quanah and Chris Downer of Clarendon Top Winners in Clarendon College Saddle Roping.

College saddle roping big success

Beautiful autumn weather blessed Clarendon College's Rodeo P.E. Saddle Roping series during October. This event created much interest with about 65 teams of local college students participating. Over 110 students are enrolled in Coaches' Kelvin Sharp and Jerry Gage's Rodeo P.E. classes this fall. The Saddle Roping was set up to take three days with the ropers with most points averaged and accumulated over the series to take prizes. Winners of each day's roping also received a prize.

Chris Downer of Clarendon with 68 high points won the coveted Saddle to be made by Texas Saddlery. Matt McNabb of Quanah was close behind with 67 points to win a breast collar. Matt also was a high day roper and received a new rope for that effort. Mark Jiron of Bosque Farms, New Mexico with 63 points also won one of the breast collars. Frank Sisneros of Santa Rosa, New Mexico and Darryl Perryman of Matador tied for the rope bags given as 4th place prize. Randy Davis of Farwell and Lee Logan of Hale Center were rope winners for individual day high

scores. This first Saddle Roping was very well received by the students and will be repeated next semester.

Great American Smokeout scheduled for Nov. 19

The American Cancer Society sponsors the Great American Smokeout each year on the third Thursday in November, to encourage smokers to test their willpower for just one day. This year marks the 11th annual Smokeout celebration. Last year, almost 24 million smokers quit or cut down for the day. If you use tobacco, you are urged to be a quitter of the best kind.

The Great American Smokeout on November 19, 1987 isn't just for smokers. Local volunteers with the Donley Unit of the American Cancer Society hope ALL tobacco users will give themselves a day off from their habit that Thursday. Too many young people, especially young people, think chewing tobacco and dipping snuff are safe alternatives to smoking. The fact is these products are not harmless substitutes, and many users are unknowingly risking their health for a dip or chew.

No matter what your tobacco habit, it is, the Great American Smokeout is your day to pass it up.

4-H Horse Program builds character, leadership

The care and training of a horse can build character, leadership, and responsibility and that's what the 4-H horse program is all about.

Owning a horse is a big investment in time and money, and training it is a big undertaking that requires a lot of hard work, says Terry Floyd, county 4-H program coordinator with the Texas Agricultural Extension Service, the Texas A&M University System. However, the effort can help a 4-H member grow and develop into a responsible citizen.

Specific objectives of the 4-H horse program are these:

1. To acquire skills in horse management by owning a horse or pony and being responsible for it.
2. To appreciate riding as recreation.
3. To learn horsemanship skills and understand breeding, training and raising horses as a business.
4. To acquire safety skills to

prevent injury to persons and animals.

5. To promote love for and humane treatment of animals.

6. To develop sportsmanship, cooperation, decision-making ability and public speaking skills through participation in demonstrations, tours, judging and exhibits.

4-H'ers with horse projects can compete at various horse shows held annually and can qualify for district and state competition. Those who excel in the project can qualify for awards provided by the American Quarter Horse Association, including six expense-paid trips to the National 4-H Congress in Chicago each fall and six scholarships at the national level.

Further details about the 4-H horse program as well as other 4-H projects and activities are available at the county Extension office.

The Savings Really Add Up

with WTU's Energy Saving Plan!

Energy Savings

Your energy savings will really add up when you qualify your home for WTU's Energy Saving Plan. You'll save money in energy bills for years to come when your home meets the energy-efficiency standards of the Energy Saving Plan.

Cash Allowances

WTU's Energy Saving Plan will now pay you larger cash allowances for installing energy-efficient equipment in your home. Consider a central system electric heat pump:

WTU WILL PAY YOU:
\$500⁰⁰ per home
With a Seasonal Energy Efficiency Ratio (SEER) of 8.0 and above.

To qualify for the cash allowances, your home must meet the E.S.P. requirements and be served electricity by WTU.

Resale Value

An E.S.P. Home will have a better resale value than other homes on the market, because it offers home owners lower energy bills. Energy bills are an important consideration for most families, so your E.S.P. Home will fit into a prospective home buyer's budget easier than a non-E.S.P. Home.

E.S.P. Book

The new E.S.P. Book clearly outlines all of the programs, cash allowances and requirements of the New and Improved Energy Saving Plan. The E.S.P. Book also has specific information on insulation, air infiltration control, energy-efficient equipment and much more!

Pick up your FREE copy of the new E.S.P. Book at any WTU office, and start adding up your savings today!

IT'S JUST LIKE A DIAMOND.

You know it's an imitation. But what about the many people today who have decided they are just like a banker? From stockbrokers to retailers, from credit unions to insurance men, to savings and loans, they all seem to be saying, "You don't need a banker, we'll do just as well!" Oh, no they

won't. Because no one else has the banker's hundreds of years of banking experience behind them. Nor do they enjoy the kind of trust that bankers do from the majority of Americans.

So why settle for an imitation when you can have a real banker at our Full Service Bank?

THE ONLY PLACE YOU'LL FIND A BANKER IS THE BANK.

What wonderful Fall weather we have enjoyed these past few weeks. When I lived in town this time of year the folks sat on the porch after supper and we kids played "kick-the-can" in the yard or street until it was too dark to see. There was still time to get lessons when we went in. I can't even recall the rules for kick-the-can and nobody sits on the front porch anymore or hangs clothes on the backyard line visiting across the fence. You don't know much about your neighbors anymore. We used to swat flies on the front porch for Camp Fire beads and swap joys and concerns with real people rather than TV programs.

Not everybody can hear to know that the wild geese have been going over noisily in droves so high you can't see. The leaves are really letting go-we have been enjoying turnips and mustard greens. The turnips are thanks to Billy Jack who rustled up the seed. Since we lost Frank White they couldn't be purchased locally.

I can't believe how secure I felt with the gates all wired up in two places and the pups inside the yard with Lindsey "Hossie". He romped and consumed almost as many milk pellets as the pups and we all enjoyed the warm weather. Then the first day he was gone coming into the back door I heard a snake rattle. I hollared for "Hossie" and ran for a shovel, so afraid the snake would get away. Harice beat me there with a hoe but never could hear the rattle. His eyes are better than his ears now. If I could get that man to move that fast when I say "move a couch" I would have it made! The couch I moved myself was full of cotton seed dropped out of cuffs and socks this morning telling me that the local gin is running. Somebody used some defoliate as "Jack Frost" has not done his job for us yet.

1987-88 COLT CHEERLEADERS left Jodie Kidd; top to bottom Dorcas Osburn, Laura McAnear, Krista Percival, Christy Smith-Head; right Lydia Black.

Melba and Lloyd Risley went to a auction at Vernon and on to Jacksboro to spend the night enroute to the funeral of James McGregor, the husband of Helen Risley. Helen preceded him in death several years ago. Maurice and Mary Neil Risley and Clara Lohoeffer also attended the funeral.

Lloyd and Melba Risley had business in Amarillo Thursday and stayed to attend the dinner theater play called "Green Tomatoes". A bus load of Clarendon Senior Citizens arrived making them feel right at home.

Royce Hall's daughter, Joyce Steward from Roanok, Virginia, flew in for a visit. Mr. and Mrs. Duane Naylor of Thalia and Mr. and Mrs. Richard Naylor, Erin and Michael of Amarillo along with many of the local Naylor and Halls came to enjoy lunch Sunday with the Royce Halls and their guest.

Evelyn Tolbert came home this week. James let a high lift jack throw him across the ditch and knock him cold. It injured his rib cage and his hand. The girls have been helping with Evelyn's care.

Florine and Bill Bennett enjoyed a early Thanksgiving and a family reunion when her sister came from Bloomfield, Calif., enroute to Florida. Mr. and Mrs. W.H. Butler from

Graham, Bud Butler, Mrs. Fred Butler and Lonnie and Betty Parr of Amarillo came to enjoy the occasion with the Bennetts and their guests. J.D. and Vonnie Bell McDaniel were there Sunday afternoon.

Bill Bennett visited with his son, Jimmy Bennett in Amarillo Monday before Jimmy had to return to Canada to teach the Canadians how to build helicopters.

Warren and Ruby Jewel Hardin made a trip to Odessa last week to see Joyce and Bobby Watkins and their daughters, Mary and Shirley and their families.

Thursday Paula Gravin brought Brooke and Kurby to get their Halloween costumes that Ruby Jewel had made for them. The girls won the contest once again this time as angels. Ruby Jewel will have to claim a little credit in spite of the angelic models. Who else would be ingenious enough to make angels wings out of freezer plastic, organdy, unflavored jello and glitter? Even with halo askew that costume is bound to be a winner!

Gary and Marcia Davis, Cary Sue and Kriss Ann had lunch with Mr. and Mrs. Skeet Brown Sunday. Monday night Skeet and Eileen went to Groom to have supper with Gary and Marcia and watched the Cowboys play.

Saturday night Mary Ruth and Harold White went to Wellington for a fish fry at the home of John and Geneva Thomas.

On Sunday Mary Ruth had a birthday dinner for Harold. Those who attended were Gary, Renee, Carrie, Heather and Landon Shields from Lelia Lake, Jim, Maria and Courtney Cabbell, John and Geneva Thomas, and Rosa White all from Wellington, Jim and Jo Helen Cabbell from Los Alamos, New Mexico, Charlene and Don Keith Wells from Amarillo.

On Wednesday Helen Lamberson's cousin from Bowie, Texas visited with Helen and J.T. They are Harvin and Hazel Cleveland. Helen's sister, Betty Hicks, from Amarillo also joined them. On Thursday Helen, Betty,azel and Harvin went to Lelia Lake to visit with Earnest and Shirley Lamberson.

We had lots of ghosts and goblins running around Hedley on Halloween night. They all seemed to be having lots of fun. There were really some cute ones this year.

Mrs. D.K. Hall has been ill for several days. She went to Memphis, Tuesday to the Doctor and had to go back on Monday. Our best wishes to Beulah for a speedy recovery.

The Hedley Homemakers had a great time at their Haunted House on Halloween night. They had a real good turn out with everyone having a great time. Thanks to all the members for a real good time enjoyed by everyone.

The Turkey shoot that was held Sunday by the Lions Club was lots of fun and they had a good turn out.

Last Tuesday afternoon Slat and Peggy DeBord took Grace Stucky, Pauline Kaufman and Dorothea Crawford for a nice drive along the creek on their farm. The ladies had a real nice time.

Peggy Watt spent last week in Morton spoiling her new granddaughter, Mariah, and slightly used grandson, Langly.

Guy Watt spent the weekend in Amarillo with Harry and Cheryl Rowley, Robb and Jeff. He and Robb went to Morton Sunday and brought Peggy home. They admired Guy's new niece.

House Interior Subcommittee adopts Boulder Amendment providing impact assistance for Vega, Hereford

A House Interior subcommittee approved an amendment authored by 13th District Congressman Beau Boulter that would provide impact assistance for communities and special districts affected by possible site characterization during the search for the nation's first nuclear waste repository.

The Subcommittee on Energy and the Environment's action would establish a blue-ribbon panel to review the manner in which the Department of Energy (DOE) has handled the site selection process. The commission would have up to twelve months to report its findings back to Congress with any possible recommendations.

According to Congressman Boulter, the Department of Energy would be prohibited from purchasing any land in Deaf Smith County for six months after the commission has issued its findings. A prohibition on the drilling of an exploratory shaft, part of the site characterization process, would also be in effect.

The Boulter amendment, offered by Committee member Barbara Vucanovich of Nevada, enjoyed the support of Interior Chairman Morris Udall, with whom Boulter has met with repeatedly to discuss possible effects of site characterization on Vega. The amendment would allow school, hospital, water and other

state-authorized district to be compensated for the impacts of site characterization. In addition, localities would also be offered payments in lieu of lost taxes.

Boulter estimated that his amendment may result in as much as \$10.3 million in compensation payment alone for the Vega Independent School District.

Funds used for mitigation of damages will be taken from the Nuclear Waste Fund, created by the original Nuclear Waste Policy Act of 1982.

"Clearly this type of adjustment was needed," Boulter said, "and I am grateful for the chairman and members of the subcommittee's overwhelming support for this amendment."

"With regard to Vega, it has outstanding facilities and its school system has an outstanding academic reputation," Boulter noted. "But the school system is already busting at the seams, and the effects of the influx of DOE workers is already being felt. It will only get more severe if site characterization actually takes place."

The bill, including Boulter's amendment, is set for a vote before the full Interior committee where Boulter predicts a comfortable passage.

Fall Fruit tree service controls diseases

Fall is often the time when fruit tree care is forgotten or neglected, but it's a critical time for controlling many peach and plum tree diseases to insure a good crop next year.

With the arrival of fall, there's often a tendency to forget our peach and plum trees that served us so well last summer, notes County Extension Agent Ronald Gooch.

Gooch says that applying a copper fungicide now can stop or reduce three of the major diseases that attack peach and plum trees in Texas. These are peach leaf curl, bacterial leaf spot and bacterial canker.

Puckered and distorted peach tree leaves that were either bright red or light green in diseased areas last spring were due to peach leaf curl fungus. The only time to effectively control this disease is in the fall with a copper-containing fungicide.

Timing of the fall spray is critical for effective control and for avoiding tree damage, Gooch explains. Copper is a metal and may cause severe defoliation unless applied correctly.

He advises spraying when 70 percent of the leaves fall off the tree. Spraying too early will cause leaf shed or cause the spray to be ineffective later.

Fungicides containing chlorothalonil can also be used for the control of peach leaf curl.

Texas men turning 26 reach an important milestone

Men who turn 26 during the remainder of 1987 will be reaching an important milestone according to the Selective Service System.

Young men born in 1961 were required to register with Selective Service in July of 1980 when President Carter reinstated the registration requirement. These men turn 26 in 1987. Selective Service does not have the authority to accept a young man's registration after he has reached his 26th birthday.

Harold Doyle, Texas Selective Service State Director, warned that, with few exceptions, a man who fails to register before turning 26 will permanently forfeit his eligibility for federal student financial aid, job training benefits and most federal employment. Additionally, non-registrants face possible prosecution as felons.

Texas has registered nearly one million men since 1980.

Bacterial leaf spot and bacterial canker can be partially controlled by fall spraying with a copper fungicide, but not fungicides containing chlorothalonil, Gooch notes. But again, it's important to spray at the right time to prevent foliar burn with the copper fungicide.

Bacterial leaf spot affects both fruit and foliage. The infection causes fruit to crack and leaves develop angular spots which drop out. Bacterial canker will kill trees slowly. Infected trees will have gum or wax forming on the main trunk and main limbs.

Fall spraying is important to the health and production of fruit trees, Gooch says because there's no other time when peach leaf curl of trees can be controlled.

Prussic acid poisoning in livestock

A killing frost will be hitting Donley County before long, and this could lead to prussic acid poisoning in livestock grazing certain pasture grasses and forage, County Extension Agent Ronald Gooch points out.

Although many plants contain the toxic material that causes poisoning, those causing the highest mortality in livestock when grazing after they have been frozen and wilted are Johnson and Sudan grasses and sorghum or hybrids of these.

The most dangerous time as far as the grazing of these plants is concerned is following frost when the plant material begins to wilt, emphasizes Gooch. Livestock should not be allowed access to the wilted material until it has dried completely. This usually takes three or four days of good sunlight. New plant growth usually becomes nontoxic and can be grazed within 10 days to two weeks following a rain.

As far as prussic acid poisoning is concerned, the poison acts rapidly and can kill animals within minutes. In most acute cases, animals become affected within 10-15 minutes after eating toxic material and can die in two to three minutes. Symptoms may include a brief period of stimulation followed by depression and paralysis. Signs of colic may be present. Stupor (loss of sensibility), difficult breathing and frequent convulsions may result. Death is caused by suffocation since oxygen remains in the blood and is not exchanged to the tissues. This also caused the blood to appear bright red.

To prevent prussic acid poisoning in livestock, Gooch outlines these steps: 1) Allow plant material affected by frost to dry thoroughly before grazing. This may require a week or more of good sunlight. 2) Feed animals hay or a supplement before turning them in on plants that may contain prussic acid. Animals that are not hungry will not be affected as seriously by toxic material since their intake will be limited. 3) Remove all animals from the pasture if one in the herd shows any signs of poisoning. 4) Call a veterinarian immediately if an animal appears to be poisoned. An antidote to treat affected animals is highly efficient if given early. This product is available to veterinarians. 5) Have suspect plant material checked by the Texas Veterinary Medical Diagnostic Laboratories at College Station or Amarillo. Local veterinarians will be able to submit samples for you.

The overall key to prevent prussic acid poisoning in livestock is to be aware of plant materials that may cause poisoning and then to keep cattle from grazing such plants until a safe period has passed, points out Gooch.

It could be a great beginning for you.

Start something great.

Start reading the Bible.

Do you realize that most people spend more time reading their TV guide than they do reading the Bible?

No, not watching TV — just reading about the programs in the daily and weekly TV guides.

Yet the Bible has more to offer — more excitement, more mystery, more intrigue, more history, more action, more romance and more helpful information for coping with day-to-day living than all the TV listings and the programs they represent, combined. (It's been estimated that the average person spends about 3 hours a day watching TV.)

Have you missed what the Bible has for you? Read a few chapters tonight. It could be the start of something big in your life. Maybe you'd like to study with others who are discovering what the Bible offers. We meet regularly. Why not start your beginning with us?

Storing and handling "boxed" drinks

The aseptic packaging of drinks has some consumers wondering about safely storing and using these products, says a Texas A&M University Agricultural Extension Service specialist.

According to nutritionist Marilyn Haggard, aseptic packaging involves sterilizing the product and container separately. Then the product and package are brought together in a sterile environment where the container is filled and sealed.

Aseptic packaging is now used for a variety of products, including boxes for juice or milk and foil pouches for

juice and fruit drinks.

The aseptically packaged milk does not have to be stored in the refrigerator, and can sit on your shelf for up to 6 months. While it's safe and wholesome, aseptically packaged milk does have a slightly different taste, which is often described as "richer" than regular milk, even after it's been chilled.

Haggard notes that aseptic juice boxes or pouches can be a special convenience for sack lunches.

The cartons can be stored overnight in the freezer without the multi-layered packaging tearing as the freezing expands. Then if you pack the frozen carton in a lunch, it should thaw, but still be cool by lunch time.

The aseptic juices have a shelf life of 6-8 months, and like canned food, should be rotated so those bought first are used first.

Shriners Hospitals for Crippled Children...A Heritage of Helping

By PATSY LEFFEW

When the Shriners opened their first orthopaedic hospital more than sixty years ago, they committed themselves to caring for crippled children. Today, that heritage continues with 22 Shrine Hospitals for crippled children. There are now 19 orthopaedic hospitals and 3 burn institutes helping to carry out the Shriners mission.

Although most orthopaedic conditions are usually not life threatening, the treatment is often ongoing and very expensive. The parents of guardians of an orthopaedically handicapped child could find themselves in a position where they have to endure and/or ignore the child's affliction. Because Shriners provide all the necessary care for free, though, this decision is never necessary, and the child is afforded every opportunity to develop to his full potential.

Texas is fortunate to have both an orthopaedic hospital in Houston and a burn institute in Galveston. The mission for the Houston Unit is to provide care for children afflicted with congenital orthopaedic deformities, problems resulting from orthopaedic injuries and diseases of the bones, joints and muscles. Both inpatient and outpatient care are given to children from infancy to the 18th birthday. This care is given **WITHOUT REIMBURSEMENT FROM THE PATIENT, THE PATIENT'S FAMILY, INSURANCE OR GOVERNMENT FUNDING.**

There is no consideration as to race, color, creed, sex, sect or national origin.

Children come from the State of Texas, the northern border cities of Mexico and States surrounding Texas that find it more convenient to bring patients here than to one of the

18 other orthopaedic hospitals operated by the Shriners.

The members of the medical staff serve without reimbursement so that funds received can be spent to provide additional services for the children. Because the medical staff are so carefully screened, they are some of the most outstanding physicians available. Their dedication to the care of crippled children is evidenced by their donation of time, energy and expertise. The consulting staff represents a broad spectrum of specialties, i.e., neurology; urology; pediatrics; plastic, thoracic and cardiovascular surgery; radiology; ophthalmology; etc.

An Outreach Clinic is provided in the Rio Grande Valley because of the number of children from that area who need the help the Houston Unit provides.

If inpatient treatment is required, the child is admitted to the hospital.

Surgical procedures ranging from a simple heel cord lengthening to a complicated microvascular nerve transplant taking many hours are provided. Inpatients receive casting, traction, physical and occupational therapy, etc., as required.

Teachers are provided to in-patients through the Houston ISD to assure that children keep up with their schooling while undergoing care. There are Child Life Therapy and Activities of Daily Living programs to assure adjustment to physical handicaps. The staff becomes the patient's family away from home, providing a loving atmosphere in which the child is nurtured and encouraged in self-reliance and appreciation of their own self worth.

If you know a crippled child who needs help, contact your local Shrine Club or call toll-free: 1-800-282-9161...HELP A SHRINER HELP A CRIPPLED CHILD.

SIX YEAR OLD Erica Lewis and mother Julie talk with a visiting Shiner from Khiva Temple in Amarillo. Within 2 months after first surgery. We have been treated wonderfully," state Julie Lewis.

Margaret Smith completes six ink drawings made into Christmas cards

Margaret Smith, well known local artist, has completed six more ink drawings, which have been made into Christmas cards, making her collection to 12 different cards. These cards are printed and sold at The Print Shoppe in packages of 12 cards and envelopes for \$5.00.

Margaret, specialties are quail, pheasants, and turkeys. Her wildlife

paintings are well known in this area.

Margaret recently returned from exhibiting some of her work at the Country Crafted Texas Program sponsored by the Texas Department of Agriculture and the Texas Farm Crisis Hotline, which was initially funded by a grant from the Meadows Foundation of Dallas.

This program is intended to help

rural artists and artisans increase sales of their goods through the distribution of a free promotional directory listing 324 rural craftsmen from 136 Texas counties to the general public and to commercial buyers.

The program also sponsors promotional exhibitions, including the State Fair exhibit. The fair display features 200 handmade items from artists and artisans from all over Texas.

TDA has released the copies of the first Country Crafted Texas Directory, and has distributed another 1,000 copies to members of the public who have sent in written requests for the directory, and is distributing directories to the public at the Fair. A total of 2.8 million

visitors are expected at this year's fair, which ran through October 25.

To be eligible for a listing in the directory, an artist or artisan must live and work in a community of under 25,000 population and must produce original work. No commercial patterns or kits are permitted for craft items.

The directory lists artists and artisans by medium, including glass, metal, leather, ceramic, apparel, fiber art, fine art and baskets. Anyone wanting more information on the program may write or call Country Crafter Texas, Office of Farmer Assistance Programs Texas Department of Agriculture, Box 12847, Austin, Texas 78711 or 512-463-7679.

Rural Carrier Examination to open Nov. 9

Donald S. Bloyd, Sectional Center Manager/Postmaster, Lubbock, TX, has announced that the Rural Carrier Examination will be open from November 9, 1987 through November 20, 1987, for the Littlefield, TX Area, the Pampa, TX Area, and the Booker, TX office.

The Littlefield Area register will cover the following towns: Abernathy, Amherst, Anton, Farwell, Levelland, Littlefield, Morton, Muleshoe, Shallowater, and Sudan. The Pampa Area register will cover Follett, Miami, Mobeetie, Pampa,

Perryton, Shamrock, Wellington, and Wheeler. The examination for Booker, TX will cover the Booker office only.

Persons who are interested may apply at the offices listed above, and in Lubbock and Amarillo between November 9, 1987 and November 20, 1987. No applications will be accepted prior to or after these dates. Starting salary for the Booker, TX office is \$8.63 per hour. Starting salary for the Littlefield Area and Pampa Area offices is \$18,834 per year.

We would like to invite our friends to join us in an early celebration of the 80th birthday of this handsome young man - JOE BOWNS - on Sunday, November 8th, from 2:30 till 3:30 at the Senior Citizens Center.

The Friendship Quilting Club

The Friendship Quilting Club met in the home of Louise Aten Tuesday, October 13 in an afternoon meeting. A nine patch quilt belonging to Mary Hudgins; a sister of Louise's, was quilted on. A business meeting was called by the President, Annie Thomason and minutes read by Doris Denny in the absence of the Sec. Thelma Rudder. New officers were elected which were Edna Dishman President, Florence Bennett Vice President, and Thelma Rudder Secretary and Treasurer.

It was decided to accept an invitation from Ernest and Shirley Lamberson of Windy Valley to visit their remodeled home there and their beautiful antique furniture and other antique things. This will be sometime in January.

Delicious refreshments of sandwiches, cake, pecan pie, coffee and tea were served to members: Grace Ayers, Florene Bennett, Bradus Ballew, Edna Dishman, Irene Jones, Yvonne Belle McDaniel, Mary Lee Noble, Annie Thomason, Doris Denny, Sadie Shields, Jane Stephens, one visitor, Madlyn Jones of Howardwick, Mary Hudgins of Brice co-hostess, and the hostess Louise Aten.

The next meeting will be in the home of Irene Jones, Tuesday afternoon November 10.

Migraine Treatment

Of all headache types, migraine is often the most excruciating. The word *migraine* comes from the French derivative of a Greek word meaning "half of the head"—the typical pain location in most persons. Most physicians agree that a diagnosis of migraine includes acute head pain associated with gastrointestinal symptoms (e.g., nausea, vomiting, diarrhea, bloating).

Migraine headaches may begin during early childhood and almost always before age 40. Headaches occur less frequently with age. Women experience this headache type more frequently than men and usually near the time of the menstruation. Many women notice relief after menopause or during the second and third trimesters of pregnancy. Estrogens and oral contraceptives sometimes worsen symptoms.

There is no one medicine that is universally effective in preventing or relieving migraine "attacks." Many medicines have been used to help prevent migraine including ergot alkaloids, beta-blockers, calcium antagonists, anti-inflammatory agents, and antidepressants. Most prescription and nonprescription pain killers have been used in attempts to relieve migraine pain.
