## Nature Sings Requiem Over Human Tragedy

By DICK COOKE  
Local Editor representing  
the LEADER who assisted in  
the search for the bodies of  
Mr. and Mrs. Bert Freeman  
and son, Billie Dean, 3, swept  
into East Lelia Lake creek  
from the highway bridge by  
flood waters late Wednesday  
night of last week.

Birds chirping musically on the  
railroad bridge supports, and  
Thursday's bright morning sun  
enhancing the greenery of the  
small, sturdy willows, belied the  
chaos wrought by nature when in  
a burst of fury she sent tons of  
angry foaming water swirling  
down East Lelia Lake creek the  
night before, to claim the lives of  
Mr. and Mrs. Bert Freeman and  
their 3-year-old son.

We stood near the almost new  
car, now battered and bruised as  
must be the victims, somewhere in  
the far reaching expanse of low-  
lands that were mad mill races of  
muddy water only a few hours be-  
fore.

I rode on the last ambulance  
from the Buntin Funeral home  
here with Byron Scott as the  
driver, and we reached the scene  
of the tragedy only a short time  
after the general alarm, but hun-  
dreds of awe stricken people had  
arrived before us. Scott borrowed  
a bathing suit and searched the  
pools near the bridge.

Already many persons were  
prying into tangled debris, but the  
search did not reach a concen-  
trated effort before nightfall. Scott  
and the Rev. Vic W. Allen, beloved  
Lelia Lake Baptist pastor, headed  
the hunt near the bridge with tire-  
less energy.

Following an appeal by Sheriff  
Guy Pierce, hundreds of Donley  
County citizens combed the banks  
of the creek Friday. I saw one  
banker, submerged to his chin,  
dragging a barbed-wire snare in a  
deep pool.

Two-hundred and fifty CCC en-  
rollees from Memphis joined the  
hunt Friday, and with shovels  
pried each drift and sand bar along  
the 8 miles of winding stream to  
where it emptied into Salt Fork.

One by one, mute bits of evi-  
dence of the tragedy were en-  
countered. Shreds of a woman's  
dress, a belt buckle, a bottle of  
medicine, a woman's slipper and  
probably the most pathetic, a  
small blanket and a baby's toy  
gun.

Sunday, American Legion post  
at Wellington turned out in full  
force with five car-loads for a  
ground party and 16 horsemen, to  
work Salt Fork river from the  
bridge (where the ill-fated Denver  
engine plunged during the flood)  
toward Lelia Lake.

Dry and hot from digging into  
sand drifts and twisted debris, the  
Clarendon party was given food  
and water from cans of ice near  
Quail where they met the Well-  
ington party. Residents along the  
river from the creek to Quail, Mc-  
Knight and Wellington joined in  
the hunt with women and children  
taking a part. Every cove, every  
mound and every pool was gone  
into with minute care.

Time and again the party traced  
an odor; sometimes for as long as  
an hour, only to unearth a dead  
rabbit, a snake or some other ani-  
mal drowned in the flood.

One huge muskrat was found by  
Cecil Killough of Clarendon after  
its peculiar odor had spurred hopes.

Volunteers from Dalhart to  
Wichita Falls and as far down as  
Crosbyton, the home of the Free-  
man's, aided in the hunt. Parties  
were also on hand from Panhandle  
and Groom.

Boy Scouts from McLean with a  
number of dogs were along the  
river Monday under the direction  
of Donley County Sheriff Guy  
Pierce and Collingsworth sheriff,  
Claude McKinney of Wellington.  
Pierce and McKinney concentrated  
their efforts on the Hollis district  
Sunday and Monday.

The Clarendon party returned  
home when the sun was hovering  
over the western hills, ending the

### HOPPER DAMAGES CLOTHING STOCK

Ravages of the grasshopper  
is not confined entirely to field  
and pasture crops can be proven  
by Allen J. Bryan of the  
Bryan clothing company here.  
Mr. Bryan had on display  
Monday a suit of expensive  
clothing in his stock on which  
one sleeve had been seriously  
damaged by a "jumbo" grass-  
hopper. Two large holes had  
been eaten in the sleeve when  
the hopper was discovered on  
the job. It is believed that the  
canny hopper hitchhiked into  
the beautifully kept store on  
the clothing of some one.

### Plans Go Forward For 4th of July

Many Towns Will Send Bands  
For Contests

The most bands ever assembled  
in Clarendon will be here for the  
4th of July celebration, J. R. Gill-  
ham, secretary of the Chamber of  
Commerce said today.

Promises of cooperation on the  
part of neighboring towns assures  
many bands, Gillham said.

Prizes will be awarded to the  
best performing band at the end of  
the band contest to be held in the  
afternoon. Thirty-five dollars will  
be awarded to winners in the group  
singing contest. Twenty, ten, and  
five dollars will be awarded to the  
winners of the first three places.  
Ten dollars will be awarded to the  
winners in the old fiddlers contest.  
Five, three, and two dollars will  
be awarded to the winners of the first  
three places in the contest which  
will be held at 5:30 p. m., under  
the direction of P. E. "Dude" Gentry.

The baseball game between  
Crossroads and Memphis promises  
to be a stellar attraction. Memphis  
is leading the Hall County League  
at the present time. The game will  
be called at three o'clock.

The various committees will  
meet at the city hall on June 28th  
at 1 p. m. for a final check-up on  
plans for the celebration. The an-  
nual booster trip will be made  
June 27th.

### Cafe Owner On Vacation Tour of Northwest

Lee Muse and family left Wed-  
nesday on an extended vacation  
tour of the northwest country.  
They expect to visit Yellowstone  
National Park and other well  
known scenic sections before re-  
turning.

4th day of nerve wracking labor  
with the bodies doomed to spend  
at least another night in the tone-  
some sands of the creek or the  
river.

For one of the biggest tests in  
all of Donley County my nomination  
goes to Mrs. K. K. Day of Lelia  
Lake who surrendered her home to  
the relatives of Mr. and Mrs. Free-  
man during their five days of try-  
ing hours, near the scene of the  
tragedy.

To D. R. Davis of the City Gas  
Company, goes my nomination for  
possessing the most grit and de-  
termination. Davis contributed four  
full days of hard labor along many  
miles of the creek and was instru-  
mental time and again in spur-  
ring interest when the sun got  
hot and blisters began showing.

## MEMBERS PAROLE BOARD MEET IN HUNTSVILLE SAT.

Donley County Members Are  
High In Praise of Way  
Prison Is Managed

Attending the state convention  
of county Parole Board members  
in Huntsville Friday and Saturday  
were chairman Homer Mulkey and  
L. E. Thompson. Other members  
of the county board were unable to  
attend.

Speaking of the affair, Mr.  
Mulkey states that the prison din-  
ing room served two meals, the  
products of which were produced  
on the prison farm with the ex-  
ception of such foods as cannot be  
produced in the north temperate  
zone.

They inspected the hospital, pris-  
on wards and met hundreds of  
No. 1 prisoners. He states that the  
two large buildings recently com-  
pleted, were constructed of ma-  
terial produced by prisoners, and  
constructed by them. The only  
hired help was the general fore-  
man.

Prisoners put on a two-band en-  
tertainment and minstrel show for  
the pleasure of the visitors.

Of the hundreds paroled, only  
about five percent of that number  
had to be returned to prison, and  
the offenses were minor infractions  
of the parole rules, Mr. Mulkey  
said.

Near two hundred members of  
the various county parole boards  
over the state looked over the  
prison system and declared the  
management, production of cattle,  
hogs, horses, mules and farm pro-  
ducts first class. The shoe and  
clothing factory to supply the pris-  
oners was an interesting sight,  
Mr. Mulkey stated, the women pris-  
oners producing clothing for more  
than six thousand inmates.

Governor James V. Allred, father  
of the voluntary county parole  
board system, was present and  
made the opening address and "got  
a big hand" from everybody.

### Committee Sets Filing Fees For County Candidates

Filing fees for county office  
seekers were set Monday at a  
meeting of the local Democratic  
committee, W. P. Cagle, chairman  
said today.

Without an opponent, Mrs. Curtis  
Thompson, county treasurer,  
must pay the full \$60 assigned for  
her office as must Walker Lane,  
District Clerk pay \$49.

The office of county superinten-  
dent is incumbent until 1940, and  
there is no candidate for county  
attorney, Cagle said.

Assessment for each candidate is  
as follows: Judge, \$29; sheriff, \$25;  
tax assessor and collector, \$50;  
clerk, \$31; commissioner, \$60 to  
be divided equally among candi-  
dates in each precinct.

### Attorney General Rules How Minors May Vote

Were you a minor prior to Feb-  
ruary 1, 1938? If so, it may not  
mean that you cannot vote, accord-  
ing to a recent ruling of the At-  
torney General given County At-  
torney R. Y. King.

The ruling:  
All those who became 21 years  
of age on or after February 1,  
1938, may vote by securing from  
the local tax collector a certificate  
of exemption, and vote in any  
and all elections this year. But the  
Certificate of Exemption is absolutely  
necessary.

### Howard Family In Reunion At Childers

Attending their fourth annual  
reunion, there were 109 members  
of the Howard family present.  
From this section were Mr. and  
Mrs. W. P. Howard and Mr. and  
Mrs. J. O. Howard of Lelia Lake.

Grandchildren from Lelia in at-  
tendance were Mr. and Mrs. Bern-  
ice Howard and family, Mr. and  
Mrs. Wm. Woods and family, Mr.  
and Mrs. Boner Howard, Mr. and  
Mrs. Foy Howard and daughter.

JUDGE RALPH YARBOROUGH  
SERVICE TO WEST TEXAS

The citizenship of West Texas  
benefitted many millions of dollars  
through accomplishments of Dis-  
trict Judge Ralph Yarborough of  
Austin while serving as Assistant  
Attorney General, he declared in  
Clarendon Monday in his race for  
Attorney General.

"My successful fight against  
strippage, whereby the pipelines  
were paying for only 98 per cent  
instead of 100 per cent of the oil,  
added many thousands of dollars  
a year to the revenues of the pub-  
lic schools and to the University of  
Texas but it also increased the in-  
come of land-owners and independ-  
ent oil men throughout the state,  
including West Texas, of course,"  
Yarborough said.

"Because the price paid for West  
Texas oil several years ago was be-  
low what it should have been in  
comparison to oil produced else-  
where, when my fight to raise the  
price into line succeeded, it meant  
many thousands of dollars to the  
public lands are in West Texas but  
it also had the incidental effect of  
helping West Texas landowners  
and independent oil men."

When New Mexico was blocking  
the construction of Red Bluff dam,  
Yarborough was ready to file suit  
in the United States Supreme  
Court but New Mexico withdrew  
its objection to the great Pecos  
project, he said.

West Texas school children,  
teachers, trustees and taxpayers  
benefitted along with those of the  
rest of the state, Yarborough de-  
clared, when he recovered \$1,073-  
500 for the public schools in one  
case and millions of dollars in min-  
eral rights for the schools in other  
suits which he handled while As-  
sistant Attorney General.

Emphasizing that his work had  
benefitted all parts of the state,  
Yarborough said he had recounted  
phases of particular interest to  
this region because the occasion  
signaled the formal opening of  
his West Texas campaign. He  
spoke of having worked as a tank-  
builder in the Borger oil field while  
earning money to complete his  
education and of three years and a  
half spent in the practice of law in  
El Paso before moving to Austin  
to accept an Assistant Attorney  
General's position.

### Flood Control Dams Will Be Strengthened By City

A contract for cement reinforc-  
ing of the Sims dam of the Claren-  
don flood control works, was let  
this week by the city to Speed  
Brothers, W. B. Halle, commis-  
sioner announced.

Halle said all dams in the system  
would be strengthened by the city  
with possible help from WPA  
labor.

Last weeks torrential rains weak-  
ened all the dams, Halle said.

### Kendall Says Worst Flood In Over 40 Years

While here Saturday, Frank  
Kendall, resident of Donley county  
for some forty years, stated that  
the flood last week in the Lelia  
Lake area was the worst he had  
yet seen by far. Mr. Kendall has  
been a merchant of Hedley for  
some thirty years, resided in Claren-  
don prior to that time, and first  
located on land northeast of town  
during his pioneer days.

## Funeral Services For Lelia Lake Flood Victim Are Today

To Be Held In Crosbyton  
For Mrs. Bert Freeman

Funeral services will be held this  
afternoon at 2 o'clock in Crosby-  
ton for Mrs. Bert Freeman, 25, one  
of the three victims of the Lelia  
Lake flood last week.

Rev. V. W. Allen, Lelia Lake  
Baptist pastor, who aided in the  
search for the bodies, was asked by  
the families to officiate.

D. T. Heath, Clarendon, long  
time friend of Mr. Freeman, and  
Mrs. K. K. Day who housed the  
relatives during the search will at-  
tend.

The body of Mrs. Freeman was  
recovered from the sands of Salt  
Fork river near Hollis, Oklahoma,  
Sunday, 62 miles from where she,  
her husband and 3-year-old child,  
Billie Dean, perished when their  
car was swept from the highway  
bridge near Lelia.

Mrs. Freeman was taken over-  
land this morning by the Buntin  
Funeral home here where the body  
has been held since Sunday.

#### Search Ends

After a seven-day search, 400  
CCC boys, farmers and others  
Tuesday night abandoned the  
search for the bodies of Bert Free-  
man and his small son, who were  
swept to death in flood waters of  
the East Lelia Lake Creek.

#### Similar Tragedy Recalled

The Freeman tragedy recalls a  
similar one that occurred a few  
years ago when a car of Memphis  
young people was swept from this  
bridge, causing the death of Patty  
and Nina Deaver, daughters of the  
late Judge T. H. Deaver.

The young women, who were re-  
cent graduates of the State Uni-  
versity, were returning from Ama-  
rillo with their brother, John De-  
aver, now district attorney, and  
Mrs. Deaver (then Miss Emma  
Foxhall), when their car was  
swept from the bridge at this  
spot by flood waters.

### Canyon School to Continue NYA Student Privileges

Worthy students who must work  
their way through college should  
write Prof. C. A. Murray, West  
Texas State College of Canyon for  
application blanks at once. The  
National Youth Administration  
seeks to aid worthy students only  
who would otherwise be unable to  
attend college.

### Council Elects Officers Friday Night

Clarendon Council No. 152 R. &  
S. M. will hold installation cere-  
monies tomorrow night. Those  
elected to office last Friday night  
were Elmer Palmer, T. I. M.; Joe  
Horn, D. T. I. M.; Nolle Simmons,  
C. of W.; W. H. Patrick, treasurer,  
and R. C. Weatherly recorder. The  
first and last two men above nam-  
ed were re-elected.

### Chamberlain Farmer Has First Clarendon Wheat

T. C. Isham on the Caraway  
farm south of Clarendon, produced  
the first wheat for market here  
this year when he brought the  
first load to town Monday.

The wheat tested 60, and was  
sold for 62 cents per bushel. The  
average production for this wheat  
is 20 bushel.

## NYA HOME RESIDENCE PROJECT MAY BE AVAILABLE FOR DONLEY COUNTY

Government Payroll For Canning Plant Would Reach Above  
Nine-Hundred Dollars Monthly

### MACHINE OPERATOR SETS RECORD

What is believed to be a re-  
cord on a typesetting machine  
was made by Alfred D.  
Estlack, chief operator and  
machinist in the Leader plant  
Friday. He set 24 pages or, the  
entire college catalog copy,  
24-ems wide without a single  
typographical error. Some of  
the copy was reprinted, some pen  
and some pencil written. An  
Inter-type C machine is used.  
On an average weekly run on  
the Leader copy, typewritten  
and pencil copy, he has set as  
many as 30 to 37 12-em gal-  
leys without a typographical  
error, often correcting spelling,  
phraseology and punctuation  
necessary as he sets. He keeps  
the machine "hung" turning  
out around two galleys an  
hour.

## HEDLEY PIONEER IS BURIED TUES.

Prominent Mason Had Served  
Three Years As Peace  
Justice

P. C. "Penn" Johnson, 67, Hed-  
ley Justice of the Peace, died at  
his home there at 7:35 Monday  
night following a long illness.  
Funeral services were held at the  
First Baptist Church in Hedley  
Tuesday afternoon at 3 o'clock.  
The Rev. V. W. Allen, Lelia Lake  
pastor, and the Rev. B. J. Osborn,  
officiated.

Pallbearers were R. Land, J. K.  
Culwell, W. C. Payne, C. E. John-  
son, T. W. Bain and W. W. Wig-  
gins.

In charge of the flowers were  
Mrs. Edd Todd, Mrs. E. M. Glass,  
Mrs. J. B. Masterson, Mrs. W. C.  
Bridges, Mrs. Will Scales, Mrs. L.  
E. Thompson, Clarendon and Mrs.  
F. M. McQueen and G. C. Elder.

Mr. Johnson had been in failing  
health for two months but was  
confined to his bed only one week  
before death. He began sinking  
rapidly Sunday.

He was completing his first  
term as justice of precinct 3 al-  
though he had served for three  
years. His election came in 1936  
after a year in office when he was  
appointed following the death of  
L. A. Stroud.

Mr. Johnson is survived by his  
wife, in Hedley; one son, W. P.  
Johnson of Los Angeles; one bro-  
ther and three nieces.

Interment was in the Citizens  
cemetery of Clarendon with the  
Hedley and Clarendon Masonic  
Lodges in charge.

### Ashtola to Hold Candidate Rally Friday Night

Candidates will be given an op-  
portunity to meet a large number  
of voters at the Ashtola school the  
night of the 24th. A pie auction  
will be held to raise funds with  
which to pay on the school lighting  
fixtures.

Other forms of entertainment  
has been provided. The public is  
cordially invited to share in the  
enjoyment of this community af-  
fair.

The Donley County commis-  
sioners court in special session Fri-  
day, will be asked by a group of  
local business men to endorse a  
NYA canning plant for Clarendon,  
which, according to information,  
would result in a \$915 monthly  
government payroll besides furn-  
ishing canning for farmers, em-  
ployment for local girls, and elimi-  
nate many relief orders now being  
given by the county.

The sponsors must guarantee  
any expense over \$384 paid by the  
girls from the \$915 in salaries.  
This amount will go for rental,  
utilities and material used by the  
girls in connection with home  
economics work.

Forty-four girls will be used  
monthly with 22 in each shift of  
two weeks. They will be housed in  
the cannery during the two weeks  
of work and will be supervised by a  
government appointed home eco-  
nomics instructor who will train  
the girls domestically when not  
actually working.

For two-weeks work, each girl  
will receive \$17.86 from which she  
must pay \$8 or \$9 to the sponsors  
for room, board and materials to  
be used in sewing projects. Canning  
will probably be under the same  
set up as it was formerly.

According to J. R. Gillham, sec-  
retary for the project, the home  
should be self supporting and spon-  
sors are asked by the government  
only in event that expenses should  
run slightly over the quota for the  
first few months.

Gillham said the A. R. Letts  
former residence in South Clarendon  
would probably be chosen for the  
home. The house can be rented  
for \$20 monthly, he said. The city  
has promised to contribute water,  
Gillham added.

Only one NYA Home Residence  
project will be established in this  
district, which is comprised of 26  
counties.

### School Officials Maintain Down Town Office

The office in the Farmers State  
Bank building formerly occupied  
by Henry Williams, has been leased  
by the Clarendon Independent  
School District Officials. It has  
been thoroughly refurnished, air  
conditioned, new furniture install-  
ed, and altogether is one of the  
most beautiful and best arranged  
offices in the city. This should be  
a valuable asset to the School  
Board in the transaction and  
necessary attention to the business  
of the schools. The office is in  
charge of A. L. Chase.

### Club Boys Are Preparing For Calf Shows

Hoping to repeat for the club car  
load lot of calves in the Amarillo  
Fat Stock show next year, 4-H and  
F.F.A. boys are already feeding  
approximately 30 calves and at  
least 15 more will be on feed be-  
fore September 1, J. R. Gillham  
said yesterday.

Besides taking first in the car  
load division, Donley County boys  
had first, second and fifth in the  
group of five at the Amarillo  
show.

### Clarendon And Lefors Will Meet In Golf Here Sunday

Clarendon golfers will meet Le-  
fors in an inter-city match here  
Sunday afternoon.

The Lefors club cancelled last  
Sunday's engagement scheduled for  
the oil city's course because of the  
Pampa city tourney.

Clarendon will return the match  
Sunday week, the following Sun-  
day.

### Hospital Notes

J. L. Williams, JA ranch cowboy,  
was admitted to the Adair hospital  
this week with light fracture.  
LaVern Goodman, who under-  
went an appendectomy last week,  
is recovering rapidly.

**TEMPLE OF TRUTH**  
By the Apostle

In many respects life is speeding up, but it still takes six reels to kill a moving picture bad man, when it used to require only two.

Aunt Snozzle says it will be a better world when uncle Snozzle finds out it pays better to fall down on a job than to sit down on it.

Opportunity is the only thing that has a right to knock. You haven't.

**And That Was News.**  
A young man whose first job was that of reporter on a newspaper was having trouble writing his stories. All his efforts seemed to find their way into the trash basket.

One day the City Editor called him and said: "Look—you don't know what the public is interested in, you don't sense what news really is. For example, if a dog bites a man, that isn't news. But if a man bites a dog, that's news."

The next day the reporter submitted a story under the following headline: "FIRE PLUG BREAKS—WETS DOG!"

In describing the ages of the male sex, Ima Fizzle says that when a boy gets too big to allow his Ma to wash his neck, he's looking around to make a dame fool of himself for life.

The Scotch women are said to boil their husbands shirts with the potatoes to save starch.

Member way back when a fellow never cared anything about having his 'picher took' until some girl requested it of him?

**Winchester Wedding.**  
Mountaineer: "Doc, I want you to look at my son-in-law. I shot him yesterday and hit him in the ear."

Doc: "Shame on you for shooting at your son-in-law."  
Mountaineer: "Well, he wasn't my son-in-law when I shot at him."

The fellow who "feels like 30 cents" these days is classed as a very wealthy man.

**Our Weakly Pome.**  
The World is fine;  
Her beauty sings,  
And the human mind  
Makes a mess of things.

After all is said and done, a soldier should be a guardian of peace, and not an instrument of war.

You can't judge a man by his funeral. Some Chicago thugs were attended by several thousand on the march to the cemetery, and the

flower bill went well into several thousand dollars.

Patience is put to the test at the party when some bozo bobs up after being told that he is witty.

Some women are so busy with their social affairs that the husband amounts to little more than an interruption.

It's an easy matter to pretend to be something that the public knows you are not.

Hastoon Yazzie, in looking over the cute pictures of national lawmakers in the daily as they adjourned last week, says it all re-

minds him of a mule. "They just don't seem to give a dam for anything or anybody."

There is so little interest being taken in politics this season that arguments are never heard. In any manner, what's the value in winning an argument and losing a friend?

Fred Lynn, better known as Phillip Lynn, returned home in Phoenix, Arizona Friday after attending school here the past half term, securing his diploma.

Mr. and Mrs. E. H. Noland and daughters, Vera and Eugenia, visited in Tulla Sunday.

Mrs. Buel Sanford, Mrs. L. S. Skelton and Mr. and Mrs. Willard Skelton were in Amarillo Monday.

Among the many musical numbers sung by Bobby are two, "Hawaii Calls" and "Down Where the Trade Winds Blow," written for this production by Harry Owens, author of the popular "Sweet Leilani."

## Breen Picture Brings Varied Entertainment

A pleasing combination of all the elements necessary for screen success insures the entertainment qualities of "Hawaii Calls," Bobby Breen's latest musical starring vehicle for RKO Radio, which comes to the Pastime Theatre on Friday and Saturday, June 24-25th.  
The background itself is one of unusual beauty, since the story is laid in the semi-tropical beauty of the Hawaiian Islands. Many of Honolulu's most famous spots, including the harbor, Waikiki Beach and the Royal Hawaiian Hotel, are scenes of the action in various parts of the story. The comedy element of the picture is ably cared for by the grim-visaged Ned Sparks and by Irvin S. Cobb, writer and entertainer. Tense drama comes from a plot involving the attempted theft of government naval secrets. Instrumental music is supplied by the orchestra of Raymond Paige, one of radio's outstanding conductors. Foremost of the picture's attractions is the silvery voice of Bobby Breen himself, who is heard in five songs during the progress of the story.

Mrs. Verne Wisdom of Panhandle visited Mrs. Pauline Watters here Tuesday and Wednesday. June Atteberry accompanied Mrs. Wisdom home.

**"JUST LIKE HIS DAD"**

"Well, what are you going to be, my boy?"  
When you have reached manhood's years;

A doctor, a lawyer, or actor great,  
Throgs moving to laughter and tears?"  
But he shook his head, as he gave reply

In a serious way that he had;  
"I don't think I'd care to be any of them;  
I want to be like my dad!"

He wants to be like his dad! You men,  
Did you ever think, as you pause  
That the boy who watches your every move

Is building a set of laws?  
He's moulding a life you're the model for,  
And whether it's good or bad  
Depends on the kind of example set

To the boy who'd be like his dad.  
Would you have him go every-  
where you go?  
Have him do just the things you do

And see everything that your eyes behold  
And woo all the gods you woo?  
When you see the worship that shines in the eyes  
Of your lovable little lad.

Could you rest content if he gets his wish,  
And grows to be like his dad?  
It's a job that none but yourself can fill;  
It's a duty to show him the road to tread

Ere he reaches his manhood's door.  
It's a debt you owe for the greatest joy  
On this old earth to be had;  
The pleasure of having a boy to raise

Who wants to be like his dad! —Anon.

**SAVE WITH KEROSENE**  
ECONOMICAL MODERN

HERE'S the fastest selling oil range Perfection ever made—a range you can buy with confidence that no other range offers such a combination of BEAUTY, DEPENDABILITY, ECONOMICAL OPERATION, and DURABILITY, regardless of the kind of fuel used. Before buying a range of any kind, check these advantages of this fine new Perfection:

- 1. COOKING AND BAKING ABILITY**—With its fast, clean High-Power burners you get instant control and the exact degree of heat you want. And with its "Live-Heat" oven you are assured of perfect results because of the great volume of constantly circulating heated air.
- 2. ECONOMY**—Kerosene is the easy-to-get, low-cost fuel, and this Perfection range can be used ANYWHERE, and
- 3. DEPENDABILITY**—If you do not know from personal experience about the dependability of Perfection products, you probably have neighbors or friends who have used a Perfection stove for a quarter of a century or longer—ask them. And then learn how much faster, cleaner and more convenient the present High-Power Perfection burners are.

With this range in your kitchen, many times in the years to come you'll be thankful for the elbow-high oven that saves stooping and heavy lifting, and for the two-gallon oil reservoir which requires filling only half as often as with most ranges. Other models of Perfections with one to five burners, if preferred. Liberal trade-in allowance on your old stove. Easy terms.

 Clarendon, Texas:

My dear Sir:  
 Please allow us to give expression to the many citizens of your city and county who have been so wonderful in their expressions of interest and in their sympathy proved by their untiring efforts in helping us try to find the bodies of our loved ones swept away in the flood near the village of Lelia Lake, last Wednesday night. This to include the CC Camp men who have shown such marvelous endurance and willingness in their efforts for us.

Your help given and interest shown shall call out our lasting gratitude through the years. Our God will reward you as you deserve with His graciousness.

### AT THE FIRST BAPTIST CHURCH

J. Perry King, Pastor  
 There is Always Worship Fellowship :: Service

Life, the abundant life as we find it in Christ, is the challenge which confronts us today as we live in the world with its collapse of social standards, appalling economic maladjustments, and intellectual bewilderments. Christ pulls life together, puts meaning into it, runs purposes through it, and puts horizons around it. Without Christ life is atheized, paganized, and demoralized. With Christ life is lifted to levels of love and immortalized, christianized, and civilized. We are not living in a day of idealistic dreams; we are living in a day of realistic drama. Storms, tragedies, grasshoppers, crop failures, financial bankruptcy, political insecurity, social sorrow, and religious indifference beset us on every side. But it was in days akin to these that a handful of Christians, under the command blazing and burning from the lips of our Lord, went out to establish Christianity in the heart of a pagan world and amidst the ruins of a collapsed empire and wrecked civilization. Christians have grown strong grappling with stark, tragic times. The order has been from tribulation to triumph; from despair to deliverance; from darkness to light. We get our optimism facing pessimism. Our hope leaps out of despair. Great days are ahead for us if we follow him who is the giver of all life. What a challenge!

The Baptist Church is always happy to minister to those who come into her services. Delightful hours may be spent there morning and evening next Sunday.

 Roll easily and quickly through your harvest with an Oliver Row Crop "70" pulling and driving an Oliver Grain Master Combine. It's just one more job in the busy year-around schedule of the "70", and as the lucky owner of the outfit you'll know the "70" has everything, does everything and is a beauty to operate as well as to look at. You'll discover its great economy, easy-handling and fast working speeds that get jobs done in a hurry at lowest cost.  
 Smooth, lively, 6-cylinder "70" power is ideal for operating small combines or similar power take-off jobs, and belt work such as driving a 2236 thresher. The steady overlapping power of six cylinders means more effective delivered power for such work. Power take-off and belt pulley speeds depend directly on engine speed, and are independent of tractor travel. Finger-tip control of all operations, from the comfortable driver's seat, and automatic steering mean easier driving, time-saving operation. The Oliver Variable Speed Governor Control enables you to use only the fuel needed for the work.  
 Oliver builds the "70" in two fuel types for maximum fuel economy—the "70" EC with high compression engine for gasoline, and the "70" ED with engine designed for kerosene or distillate. Pick your fuel and your "70". Get modern low-cost tractor power. See us today about a demonstration.

**"TO NON-HOME OWNERS"**  
 What have you done the past few years towards owning a home of your own; have you given any consideration of planning for the future, having a home for your old days, or are you depending on some one else furnishing you a place to live when you grow old?  
 Why not start planning now, to build the home you need and have always wanted, a home that is modern up-to-date, conveniently arranged, compact with no wasted space, something that will be everlasting, and something you will be proud of in years to come, not just a lot of money wasted, but a home all fixed up just like you want, then when you spend some time working in the yard, planting flowers and shrubs, build a back fence, or do some painting or repaper a room, you know you are doing it for yourself and not the other fellow; if you have never tried this, you are missing something, which is real living, ask a home owner.  
 What are you planning to do the next few years towards owning your own home; are you going to do as you have in the past, let the years go by, and still not have a home, or in a few years from now, will you be enjoying the best investment you ever made, the comforts of a real home. Start now - - let us help you; our service is free, and we will be too glad to assist you in every way we can towards owning the home you have always wanted, the place where most happiness is spent.
