excellent use of the English language. While explaining a particular period in Irish History he mentioned the potato blight. Quote "Now about them there Irish--They had this problem with their taters. I call 'em taters -- Some people call 'em pertaters!" He also eloquently expressed his views on muscle toning when he said, "if it ain't pulling, you ain't doing it right!"

Coach Howell was nominated for various awards such as the the most effected change gingler, the most longated syllable pronunciation, and for the longest state of total confusion but he did not receive any of the awards. Our sincerest regrets, good luck next year.

This year's Richard Burton "best acting due to an injury" award goes to **Mr. Walker**. not only did he convince the audience of his leg injury during the P.T.A. Basketball game, he convinced his wife and his doctor -- he was so carried away with his new found acting ability that he walked with crutches for 3 days.

This award for the hottest new sports video goes to **Coach Kirkland** for his special rendition of the Bronco Shuffle--

Walkin' to the left,
Walkin' to the right
Stepin' on the field
Every Friday night.

Running up the middle
Going down the field
"Brad get ball (ARRRR!)"
You know the deal!"

Movin' to the middle
Movin' to the side
"Come on Wes (ARR!)"
This ain't a free ride"

When the lights go down
and his face isn't red
You see Coach Kirkland
Going to bed
He closes his eyes
and he starts to say
"It's all about making
a touchdown today!"

In coming to a close we hope the people who were lacking this special recognition received all of the credit they deserved. We would like to give a special thank you to the coaches for all of their hard work, effort and support.

There will be a big, big effort to get a band to march in the July 4th parade. So, if you can play a band instrument and would be interested in marching there will be an organizational meeting June 6 at 6:15 p.m. in front of the old college gym (beside the high school tennis courts).

Country Club on the go ...

BY CAROL HINTON

If you've been coming to the Country Club activities you know and are enjoying what improvements are being made and what fun is being had. If you haven't then get out there! Did you know the upstairs dining room has been painted (by the Ladies Golf Association) and redecorated with baskets and flowers? It's just beautiful! The Ladies' and Men's Golf Association are going strong and having so much fun on their Friday night scrambles beginning at 5:30. The Ladies' Golf Assn. just had a great Round Robin Scramble with 51 women from Canadian, Memphis, Wellington, Shamrock and 25 of the Clarendon Ladies. It was so enjoyable and they have golfers.

If you've been thinking about taking up the game NOW IS THE TIME! The Junior Golfers are going strong too. Call Eddie Baker at 874-2166 if you have a young child or teen who wants to learn how to play or yourself! We are looking for a Senior Life Saving Certified instructor to teach swimming and care for the pool. We just had a "Spring Fling Auction" which raised money (nearly \$5,000) to make the pool area

"the fun place to be" for you and your families all summer long.

It will open Memorial Day when we kick off our Membership Drive with a bang! A Free picnic with hot dogs, games, an 18 hole scramble and more. So, if you don't want your or your children left out of all the summer activities call a member or 874-2683 and let them know you're interested in joining a great club - Country Club of Clarendon. We promise you a wonderful summer and more!

Junior golf program begins at Country Club

The Greenbelt Junior Golf Association tournaments will start June 7th at Wellington. The area covers a radius of 60 miles surrounding Childress, Texas involving eight towns: Childress, Clarendon, Memphis, Paducah, Quanah, Shamrock, Vernon and Wellington.

The purpose of the organization is to sponsor Junior Golf Tournaments for boys and girls ages 8 through 17, or who still have High School eligi-

bility, so they may play competitive golf, improve their skill, and enjoy the fellowship of other juniors in the Greenbelt area. Each town will sponsor one tournament per year, with the last tournament announcing champions, determined by taking the 5 lowers tournament scores and total strokes.

To be eligible, each boy and girl must attend a three hour course covering etiquette, rules of golf, conduct on the course, dress code, repairing ball marks on greens, divots, protecting the course from other damages by players and cart driving. Other qualifications to be eligible to play are that each junior be a member of the local Junior Golf program of a sponsoring club. The local programs will conduct week long golf schools each year and provide training aids and equipment to help improve their golf game.

Each town will have two members on the Board of Directors who will

SHAWN HERMESMEIER

Hermesmeyer wins

National Football

Award

The United States Achievement Academy announced that Shawn Anthony Hermesmeier has been named a United States National Award winner in football.

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 10% of all American high school students.

Shawn Hermesmeier, who attends Clarendon High School was nominated for this National Award by Mr. Hulon Kirkland, a Football Coach at the school. Shawn will appear in the United States Achievement Academy Official Yearbook, published nationally.

"Recognizing and supporting our youth is more important than ever before in America's history. Certainly United States Achievement Aca-

demy award winners should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the United States Achievement Academy.

The Academy selects USSA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability, and recommendation from a teacher or director.

Shawn is the son of Mr. and Mrs. Johnny Bill Hermesmeier. The grandparents are Mrs. Cleo Farr of Amarillo, Mrs. Frank (Nell) Hermesmeier of Clarendon, Mrs. Raymond (Jettie) Farr of Caddo Mills, and the great-grandson of Mrs. Wilson (Blanche) Gray of Clarendon.

Howell named to Dean's List

Southwestern Oklahoma State University has announced both the President's and Dean's Honor Rolls for the 1988 Spring semester.

A grade of "A" in 15 semester hours of undergraduate work taken during that time results in the students being named to the President's List. There were 97 students that accomplished this.

There were 644 students on the Dean's List after completing 15 semester hours with a grade point of 3.0 ("B") or higher, with no grade lower than a ("C").

Named to the Dean's List was Dyron Lamar Howell of Clarendon.

Scholastic lists for Clarendon College

Clarendon College has just released its Scholastic Lists for the 1988 Spring Semester. Timber Potts of Hedley and Jo Shelley of Clarendon have been named to the President's Honor Roll. In order to qualify for this recognition, a student must earn a 4.0GPA for the semester while carrying at least 12 hours. Also named to the Dean's Honor Roll were Andrea Hall, Kyndle Longan, Judy McCully, and David Smith of Clarendon. These students earned between 3.5-4.0GPA while carrying a full academic load. Our congratulations to these fine students.

BILLIE LEMONS speaks to 5th graders

Lemons visits with fifth grade classes

On Wednesday, May 18, Billie Lemons shared his life with the fifth grade students of Mrs. Jan Campbell and Mrs. Mary Beth Nelson.

He is a big man, both in size and character, and his high, clear, tenor singing voice is usually a surprise to his audience. Billie is a multi-talented man. He attended Texas A&M University on a football scholarship, played football with the Cleveland Browns, and graduated from the Sunset School of Preaching in Amarillo. Currently, Billie drives a bus for Pampa ISD, is pastor of Oklahoma Street Church of Christ in Pampa and sings tenor for the "Harvester 4" quartet.

During the time Billie attended Texas A&M He was active in a group called The Bible Chair. He made a mission trip to Thailand with that organization and these experiences

have continued to influence his decisions. He told the fifth grade students that they should cling to their religion to guide them through life. He stressed the importance of developing their minds as well as their physical skills. "Listen to your teachers, because they care about you. If you do your best then your parents, teachers and you will be proud of what you accomplish," he told the students. "I enjoyed having everyone know me when I played for the Browns. I liked the money. I enjoyed all of the attention I got. In fact, I've enjoyed all of my experiences in life and so should you, because experiences help us grow in character."

At a time when it is not always easy to find people who will devote time to youth, Billie always finds time to share his life successes with others. He not only shared his football career with the students but also sang for them. He told them that his goals in life are to help others and to live a good life in honor to God.

Perhaps the comments of the children best describes the program. Conrad Lucero said, "He might have been the smallest man on the

Cleveland Browns, but he was the best." Amanda Ward liked him, "because he appeared at ease with the class, he didn't rush or get in a hurry, and he seemed genuinely concerned." Kimberly Wooten recalled that he reminded her of a counselor, and E.J. Ramirez liked the way he sang.

"I was surprised when he mentioned quitting football because his coach and he had different ideas about religion," said Tina Hall. Most impressive to Mandy Floyd was not the professional ball, but his empha-

sis on not using drugs and how he became a minister. Julie Altman said, "Since he was a pro-ball player, I was impressed that he was telling kids to really study, not use drugs, not mess up their lives."

Michael McKinney said, "He was nice, understanding, knew things kids should do, and should not do." Added Angie Walker, "Everything he said about life was true." Mrs. Nelson summed up the presentation by saying, "All enjoyed it. It was impressive and inspiring; it was also beneficial to students."

SECOND GRADES delight at annual fair which was conducted by Agricultural teacher Mr. Monty Adams at Clarendon Elementary Campus last week.

Wife of Noble Character

Pro. 31:1

BY EVELYN MESSER

My next door neighbor has more energy and zoom than anyone else I can think of--unless it is Doyle. Maybe the reason I am so impressed is that I have never been very energetic or ambitious. Every time I look out my kitchen window to watch the sunrise and see my neighbor already in her garden I feel a little guilty.

My neighbor is Mrs. Lila Wiggins. She is ninety-one years old--or young as the case may be. She greets each day cheerfully and with a goal to meet. Her plants flourish, while mine die. Her vegetables produce while mine struggle to survive. Her enthusiasm for life, for each day is catching (although I don't get up at 5 o'clock in the morning).

I first met Mrs. Wiggins almost thirty-five years ago. The first time I remember visiting with her, I went to her home in the country to pick up some chickens Doyle had bought for us to put in the locker. She had dressed and packaged them. They were in clear plastic packages: they all looked exactly alike. The packages were thin and flat. (Mine looked like good sized clods when I put anything up). She told me they would stack better and take up less space in the locker. She was right. Since then, I have thought of her whenever I put anything in the freezer.

Lila Wiggins was born October 15, 1896, in Erath County, Texas. She was the fourth of four daughters; the next seven children were boys. One sister lives in Amarillo, and one brother lives in Alvin; the others are gone. She left that home with her family when she was eight years old. She and Mr. Wiggins were married October 22, 1916 at Lakeview.

They moved to Hedley community in 1925. They reared four children and have helped bring up 11 grandchildren, one of whom lived with them much of his life, and he still considers Grandmother's house "home."

Ove the three score plus years she has lived in this area, she has given countless hours and energy to the building of it.

She was a member of the Garden Club and the 1919 Study Club. She helped with the banquets that the Baptist Church gave for the seniors much longer than she had children involved. When her grandson was here, she helped prepare the chickens for the FFA Banquet. (That was when the boys raised the chickens and the mamas and grandmas helped clean them.)

For some sixty years she was an active member of the First Baptist Church of Hedley. As long as she was able, she walked to church after she decided she was not a safe driver--she was not concerned about

herself, but she was fearful of injuring someone else.

When I asked her which improvement that had come in the near centry her life has spanned, she thought a moment and said, "My television because it lets me listen to many good church programs since I can't go to church. Sometimes I listen to five or six."

I can see many of the verses in the last chapter of Proverbs that fit my neighbor well. "Her husband has full confidence in her." Mr. and Mrs. Wiggins were married some sixty years before his death. "She works with eager hands." Mrs. Wiggins is no idler. She has very busy hands. "She gets up while it is still dark. She provides food for her family. She sets about her work vigorously. She watches over the affairs of her household and does not eat the bread of idleness. She is clothes with strength and dignity; she can laugh at the days to come. Her children arise and call her blessed." She has a son, Nookie, who is a resident of Hedley. That son is a busy man, but regularly before he starts his day's work, he comes to see his mother. The grandchildren come to visit her, too. Her other sons too.

When I asked Mrs. Wiggins if I could write about her, she said "Why I've never done anything." She has lived ninety-one and a half years; she has been helping to build this community in whatever way she could; she has been "an ever-present help in time of trouble" to her children; she welcomes each day as it comes; she accepts the limitations that age puts on her physical strength but she doesn't give up. She is a fighter. She seems to savour each day that she lives. She told me, "Ever since Bill died, I have thought I'll not live another year. I was as old as he was. I think each year will be my last." But she doesn't whine.

For her 91st birthday her family--sons, daughters-in-law, grandchildren--took her out to eat; to eat Mexican food which many of us have to forego. (It was also Phillip's birthday so she made him his usual angel food birthday cake.) She had such a full day she didn't feel like coming to a party that night, but she apologized for not making it.

If I live to be ninety, I hope to have enough of my faculties left to totter through the house; I probably will not be concerned about anyone else, and I am certain I will not wield the grubbing hoe or spade the garden. Never done anything! Would there were more people of such fiber!

Young people and (old people) could learn some very good rules of living from this little lady who still trips across the yard in a way that I envy (almost).

**Deuteronomy 6:7-9
JUST LIKE US
BY JON LEGGITT**

We are inclined to look upon the characters of the Bible as spiritual supermen and superwomen, people who performed mighty acts for the Lord's kingdom with little effort and with little hindrance from the weaknesses of the flesh that plague us ordinary folks. But one does not have to dig too deeply to see otherwise. God often refers to Himself in the Bible as "the God of Abraham, Isaac, and Jacob." He seems not to be ashamed to be identified with these three. But all three suffered notable failures and demonstrated, at times, glaring deficiencies of spiritual character—just like us. Abraham has been called—and quite properly—"the father of the faithful". But he found it difficult to

believe the wonderful promise that he and his wife, Sarah, would have a child in their old age, and that that child would be the first of innumerable descendants. At Sarah's insistence, he took Hagar, Sarah's Egyptian maid, in order to "help" the Lord fulfill His promise of offspring, a decision that reaped an ill harvest for generations. Abraham battled with doubt—just like us.

Isaac had a less-than-perfect family situation because of his obvious preference of one son (Esau) over the other (Jacob) (Genesis 25:28). This created a competition, hatred, and jealousy between the brothers which lasted many years.

Moses was gripped with doubts and fears as he fought the Lord's call to deliver Israel from Egypt. His insistence that he could not possibly be such a deliverer because of stuttering brought a sharp rebuke from the Lord: "And the Lord said unto him. Who hath made man's mouth? Or who maketh the dumb, or deaf, or the seeing, or the blind? Have not I the Lord? Now therefore go, and I will be with thy mouth, and teach thee what thou shalt say" (Exodus 4:11-12). But the Lord offered to use Aaron, Moses' brother, as the deliverer's mouthpiece—clearly second best, but all Moses could accept at that time. So often we miss God's best because we argue too long.

Similarly, we find Gideon whining, complaining, shrinking in a most cowardly fashion from the Lord's call to lead Israel against the Midianites before finally accepting the promise, "Surely I will be with you, and you shall defeat Midian as one man" (Judges 6:16).

And who could possibly have been a more reluctant missionary than Jonah? We find him running from God right into the belly of the whale, running to God for his life, running with God briefly as he delivers the prophetic message to Nineveh, and then running ahead of God in anger and judgementalism when Nineveh repents.

David is described in the Word as a man after God's own heart, but he committed adultery with Uriah's wife Bathsheba, then arranged Uriah's

death on the battlefield to cover up the fact that Bathsheba's child could not possibly have been Uriah's. Hear David as he brokenly prays in the fifty-first Psalm, "... Do not take the Holy Spirit from me. . . ." He knows—just like us—that God's anointing is the only secret of his ability and success.

Thomas the apostle loved the Lord so very much, as evidenced by his statement in John 11:16 that the disciples should go with Jesus to Lazarus' house in Bethany, even though the religious authorities there wanted to kill Jesus. "let us also go, that we may die with Him," the devoted but gloomy Thomas said. But in spite of all his gloom and pessimism, in spite of his statement that has caused his name to be synonymous with doubt—"Unless I shall see in His hands the imprint of the nails... I will not believe" (John 20:25), Jesus singled Thomas out after the resurrection to assure him that He was alive, to assure Thomas that he was still loved, and to sustain him as an apostle.

All of this is not said to glorify our weaknesses, or to say that God looks the other way when we fall short of the mark. It is to say that the Bible is very honest about its heroes. They were often weak, fallible, error-prone people—just like us. But they were also people who discovered that God's work done by His power produces His results. This should be a tremendous comfort and encouragement to us. Just as we share their failures and shortcomings, so we can share in the remedy of their problems. Speaking of the great heroes of the faith, the writer of the book of Hebrews says, "... Out of weakness (they) were made strong, waxed valiant in fight. . ." (Hebrews 11:34). Give your weakness to the Lord, claim this beautiful promise, and watch what He will do with your life!

MR. AND MRS. TOM SHADLE celebrate their 65th wedding anniversary

May is National Trauma Month May 22-29 is Texas Trauma Week

TRAUMA - preventable injuries - is the leading killer of people under 44 in Texas and across the nation. Texas Department of Health reports that in 1986 there were 4,440 accidental deaths of people ages 1 to 44 in Texas. May 22 through 29 is Texas Trauma Awareness Week and Gene Weatherall, Chief of the health department's Bureau Emergency Management, has urged local emergency medical services to bring attention to the fact that trauma is preventable. "Motor vehicle accidents, burns, drownings, gunshot injuries - none of these has to happen", says Weatherall. "EMS and ambulance firms provide important public service when they help to educate families and children about preventing accidents and trauma."

Here are some specific trauma prevention suggestions:

MOTOR VEHICLE ACCIDENTS: Use seat belts, do not drink and drive, maintain safe driving speeds, buckle your baby.

DROWNING: Swimproof yourself and your kids - make sure they can swim and discourage swimming alone. Do not let small children be unattended near water. Do not go into a rapidly flowing creek or river.

BURNS: Install smoke alarms at home and have an evacuation plan in case your home catches fire. Teach children how to "STOP, DROP, and ROLL" if their clothes catch fire.

CHOKING: Children most often choke on small pieces of food or candy; adults most often choke on food when partying and drinking accompanies eating.

GUNSHOT INJURIES: Keep guns locked up, and lock ammunition separate from weapons. Horseplay with weapons is deadly. When hunting, be sure of your target! Enroll your children as soon as they are old enough in a gun safety course.

Pat Robertson Paramedic of Clarendon EMS says that if accidental injuries do occur you still have time to prevent death in 95% of the accidents. "Make sure any injury victim can breathe, stop any bleeding, and make sure there is a pulse. Direct pressure over a wound is the

best way to stop bleeding and CPR may help someone who is not breathing. Using the Heimlich Maneuver, simple abdominal thrusts, can dislodge what may be causing a child or adult to choke. These simple skills - CPR, controlling bleeding, and preventing choking are the basic skills anyone can use to help a trauma victim." For more information on these lifesaving skills, contact one of your local Paramedics or write Associated Ambulance Authority - P.O. Box 1240 - Clarendon.

Local paramedics are: Pat Robertson, Phillip Vargas, Becky Lane and Jo Dee Mincey.

"TRAUMA does not have to kill your young" says Becky Lane/Paramedic "we just need to work at preventing accidents."

Farmers have one week left to comment on proposed changes

Farmers and others interested in the environment have just one week left to comment on proposed changes that will guide U.S. Department of Agriculture conservation programs through 1997. The public comment period on the proposals closes June 4.

Harry W. Oneth, head of the USDA's Soil Conservation Service in Texas, said that interested persons may review the proposed conservation programs in local SCS or Agricultural Stabilization and Conservation Service Offices.

"Opportunity for public review of proposed changes in USDA's conservation activities is required by the Resources Conservation Act of 1977," Oneth said. "Under this law the national conservation program is regularly updated to meet new conditions and needs."

Oneth said that the proposed program emphasizes reducing erosion on the nation's highly erodible cropland and preventing surface and subsurface water contamination by non point pollution.

Interested persons are urged to review and comment on the proposed Program. Responses should be in writing and must be postmarked no later than June 4. Mail to SCS, 101 South Main, Temple, Texas 76501-7682.

Medical Center News

BY VERA JOHNSON

As May is Nursing Home week for all nursing homes, we set aside May 18, 1988 Wednesday 3:00-4:30 p.m.

FRANK AND GERTRUDE REID AND RUTH AND MEL MILLS

to honor our volunteers. We are very proud of all of our wonderful volunteers and the wonderful work they are doing. We haven't words to express our gratitude for each of them.

Marie Hill, registered our honored guests as they arrived, and all were seated.

Vera Johnson told them about

some of the work that is carried out in activities and expressed her appreciation for each one.

Larry White, Administrator, gave the welcome address and expressed his appreciation for all our volunteers then led us in prayer.

Charlie Bairfield gave them a special welcome from all the residents.

Jennie Formway and Ray Blackman led the residents in welcome songs.

Frank Reid, President of our volunteer organization led in a short business session. Few changes were made in officers. We will have a more detailed meeting later. Bro. Bernabe was elected as our chaplain.

Refreshments was served to 14 volunteers and 18 residents. Then we all enjoyed some good singing. We regret that our church pastors were unable to attend, as they do a wonderful work in providing spiritual food each Sunday for our residents. Hope to see more volunteers present next year. God bless all of our volunteers.

MARIE HILL AND ODDIE MOSS

McDaniels attend roundup in Vernon

J.B. and Yvonne Belle McDaniel were in Vernon Wednesday, May 18 to attend the 43rd annual Santa Rosa

Roundup. They took their horses and rode in the gala parade at 3 o'clock Wednesday afternoon. Melva Mauldin and Richard Gearld of Vernon rode with them and carried the flags. They saw many friends as they rode in the parade. They also attended the delicious barbeque served by Vernon Lions Club and saw friends there. Friends also rode the horses in the grand entry of the rodeo.

Yvonne Belle's sister Mildred Hoffman of Gainesville met them in Vernon for the celebration and returned home with them for a few days.

Scott Murray makes honor list at Amarillo College

W. Scott Murray of Clarendon made the Amarillo College Spring Honor List. In order to make the Honor list students had to maintain a 3.4 grade point average or better and carry a minimum of 12 hours of academic credit.

Murray is a commercial electronics major. This is one of the seven industrial technology programs offered at the Amarillo College west campus.

Registration for the first summer session is June 6 with classes starting June 7 for the 5 1/2 week semester. For additional information contact the Registrar's Office.

Outstanding Young Women named

The Board of Advisors for the Outstanding Young Women of America awards program announced that Jennifer Barbee Croslin, Patricia Diane Shields and Patricia Kay Leffew have been selected for inclusion in the 1987 edition of Outstanding Young Women of America.

Now in its 23rd year, the OYWA program is designed to honor and encourage exceptional young women between the ages of 21 and 36 who have distinguished themselves in many fields of endeavor, such as service to community, professional leadership, academic achievement, business advancement, cultural accomplishments, and civic and political participation. Achievements in these areas are the result of dedication, responsibility, and a drive for excellence -- qualities which deserve to be recognized and remembered.

The women listed, along with other Outstanding Young Women throughout North America, were selected after 150,000 nominations were received from political leaders, university and college officials, clergymen, business leaders, as well as from various civic groups and community organizations.

SAVING DREAMS.

As Smart As It Is Simple.

Remember how uncomplicated things used to be? Plunking pennies into a piggy bank, you dreamed great dreams. Before long, you'd saved enough to buy that bright new bike. And then you raced the wind.

It can still be that simple at Montfort Savings. We're back-to-basics people

119 South 6th Street Memphis, Texas 79245 (806) 259-3577

with smart business sense and all the helpful service you need. Dealing with Montfort is as effortless as your old piggy bank, but it's a more enriching experience. We want to help you dream your grown-up dreams.

Montfort Savings. We have financial services as smart as they are simple.

I want to thank all of you who supported me in the recent election, especially those of you who turned out on this past Saturday to vote in the run-off. Your continued support will be appreciated.

GEORGE STRAIT

LaGrone lives out a dream

If it was anyone's dream to meet George Strait - it was Jake LaGrone's. A lot of determination and quick thinking helped make this dream become reality for Jake on March 20, 1988 in Portales, New Mexico. The fact of just meeting George was not the only purpose for his trip all the way from Amarillo to Portales. Jake went with the idea of getting a tape of songs to George written by his cousin, Garre LaGrone and himself.

The day started with Jake setting out for Portales early in the morning in hopes of having a lucky break, but he had no idea of what breaks were to come. Jake arrived at Eastern New Mexico Greyhound Arena to find the state crew preparing for the night's concert. After being run off once, even though he claimed to be a friend of George's, Jake wasn't about to give up. He returned later to find things looking up for him. He was stopped by two security guards who turned out to be college students from Eastern New Mexico University. They were impressed by the tape of Garre Neal and agreed to help Jake get to George Strait. After working with the group of security guards most of the day the man in charge thought Jake was just another student that had been hired.

Strait's buses pulled up shortly after 4:00 p.m. and the band stepped off of their silver eagle. Jake walked up to Benny McArthur, the guitar and fiddle player for George, and introduced himself. Jake explained his story and the plan of getting the tape to George. Benny explained that Jake probably wouldn't get to meet George because he would be rushed in right before the concert and rushed back out when it was over. Benny assured Jake that he would see that George listened to the tape of Garre Neal. As Jake was walking away from the bus two ladies were motioning for him to come over to where they were. The two ladies were Molly Bales and Carol Black and they wanted to present a gift to George, they had made especially for him. They wanted Jake's help to get it to George. Jake told them his story

and how he was also trying to get to George while posing as a security guard. Jake, and the two security guards who were helping him, went to their boss and explained the ladies' request. He got George's road manager Tommy Foote and he escorted them to the hospitality room. About this time the van loaded with food for the hospitality room pulled up. Jake thought this would be the chance to get into the room, hopefully at the same time George was, so he started carrying the food in. At this time, Molly and Carol showed their gift to Tommy Foote. They had made a sculpture out of a plow disc with the engraving of a cowboy, on a horse, tipping his hat entitled "The Cowboy rides Away". Mr. Foote said he would allow the ladies five minutes with George right before the concert. He said he would send a security guard to get them at 8:15 while K. T. Oslin, who was opening for George, was playing. He got their seat numbers and turned to about ten security guards and out of those ten, he pointed to Jake and said he'd be the one to go get them.

He was now one step closer to meeting George. Tommy Foote told him he wasn't allowed to say one word to George when he was in the hospitality room or any other time. At 8:15, as ordered, Jake went and got the ladies. After waiting five minutes in the room Jake heard someone say "welcome George" and a voice replied "glad to be here." It was George Strait. This was when Molly Bales took a quick picture of Jake with George Strait. After George had his picture taken with the two ladies, he was walking out and door when Jake jumped out and shook his hand and said "Tear'em up George!"

Jake also got one last chance to talk to George. After George's last song, when he was shaking the hands of his fans, he walked over to Jake and shook his hand as Jake yelled that there was a tape of Garre and him on his bus and would he please listen to it. George, nodded and walked off. Jake's determination will not end here. He is sending another tape to George with the help of Jamie Deyhle. Garre and Jake will also be spending their summer in Nashville trying to get a break. Lastly, Jake says "Garre is as good as George Strait in his eyes". We wish them lots of luck!

Campbell receives FFA scholarship

Renee Campbell of the Clarendon FFA Chapter has been named the recipient of a \$2,000.00 national scholarship by Manna Pro Corporation as a special project of the National FFA Foundation. The scholarship will be applied toward further education for Renee at the institution of her choice.

Campbell, daughter of Walt and Bobbie Campbell of Clarendon received notice of the scholarship after a national FFA panel judged her application among the best in the nation. Judging criteria included evaluation of Renee Supervised Occupational Experience (SOE) program in high school agriculture, FFA activities, school and community involvement, high school grades and career plans. Renee's FFA

advisor is Monty Adams and Ronnie Edwards.

This is the fifth year such scholarships have been made available through the FFA Foundation by business and industry. The program has experienced rapid growth in the past few years and FFA leaders believe it will continue to expand.

"The first year of the program we awarded 16 scholarships totaling \$14,500. This year, we'll present 210 students with scholarships worth more than \$200,000," said Bernie Staller, executive director of the National FFA Foundation.

"We need to make sure FFA members who want to further their education to attain specific agricultural career goals have an opportunity to do so," said Coleman Harris, national FFA executive secretary. "Tomorrow's agriculture is dependent upon young people who have the education and training to keep American agriculture the most productive in the world."

Dr. Larry Case, national FFA advisor, added, "The agricultural industry is becoming increasingly specialized. Of the 48,000 new job openings in agriculture annually, more than 75% require training past high school. FFA and the high school agriculture program are preparing students for further training in agriscience, business, marketing and a host of other areas."

The FFA is an organization of students preparing for careers in the agricultural industry. FFA activities and award programs complement instruction in high school agriculture by giving students practical experience in the application of agricultural skills and knowledge developed in the classroom. A major emphasis of FFA is the development of personal skills and abilities to prepare young people for leadership roles in agricultural careers.

Concerns About Caffeine

For several years there have been concerns expressed about the possibility of negative, long-term effects of caffeine on the body. Suspected health problems include benign breast lumps in women, behavioral problems in children, heart disease, and cancer of the pancreas.

According to the January issue of the *FDA Consumer*, the U.S. Food and Drug Administration believes that caffeine (in coffee, tea, and soft drinks) is safe. Several human and animal studies have concluded that there is "no association" between coffee drinking and pancreatic cancer. An FDA review has also failed to show any relationship "between benign breast disease and coffee consumption." In addition, the FDA has said that the studies which supposedly reported a link between caffeine and heart disease, were "inconclusive" because the adverse effects reported could have been due to substances other than caffeine, such as tobacco and alcohol.

A 1986 review of caffeine and behavioral problems in children indicated "inconsistent findings" in the various animal studies quoted. Other studies have shown that children tend to be neither more nor less sensitive to caffeine than are adults.

Everyone remembers their history class. History has been one of the basics since modern education began. Students have been lectured and tested over the history of Rome, The Crusades, and the United States. The history of the Class of 1988, however, may make the basic history class very boring indeed.

JOE BILBREY...remember all those times when you were trying to tune in CNN when your parents were not home and all you could get was Hugh Hefner and the girls.

TANYA BELL...remember back in Junior High when you had those amazing psychic powers, what happened to them?

CHARLES CHADWICK...remember when you wore jeans and a T-shirt for 8th grade graduation and had to be rushed home to put on your dress clothes. Did you forget?

LISA BLANTON...do you recall all those hot July nights and those ice cold baths that felt so good. What did Jeff King have to do with it?

DANIEL FORD...remember in 4th grade when you gave Amy Johnson an eyeful when, in your rush, you forgot to put your shorts on for P.E.

SHARON BRIGHT...do you recall a guy by the name of Kent Kerbo and some bushes at the lake. What happened to cause Gary Holland to make such a big deal about it?

DANNY GAINES...remember back in 1st grade when you were showing everyone how strong you were and hit that girl in the head with a rock. Did you feel guilty?

DEBBIE BROWN...Why can you walk down the stairs from the band hall but fall down when you come back up? Inquiring minds want to know.

ARTHUR HARRIS...remember in 8th grade when you had that terrible stomach cramp during the last stretch of the mile relay and fell clutching your stomach in agony while the other teams raced by and the coach screamed at you.

RENEE CAMPBELL...We found out that Renee was finally with a younger man, but we couldn't believe it was Chad Hommel and evidently neither could he.

WES HATLEY...Do you recall the night that you and Shanna were bombarded with a rock from the underground tunnel on Hwy 287 while cruising the drag. Why did Shanna get made and get out? Did the shock take the excitement out of things?

SUE CHAMBLESS...remember when you moved back and tried to take Jeff Hewett away from Brenda. We just hope that Terry doesn't tell you to bug off

like Jeff did.

LAURA COPELIN...remember all those guys that you thought were in love with you. What did you do to scare them all away?

DAVID HICKS...do you recall the wonderful memories that 1986 held for you and your love life. How many was it 47 or 48? MARJ EKLEBERRY...remember the Camero Marj? Why were you and Jenny Gilmore stuck at the Ag barn? We didn't know you had projects at the Ag Farm.

JEFF MILLS...is it true that as a driver's ed instructor in H.S. you had difficulty teaching two students that all four lanes of I-40 were not East-Bound?

AMY JOHNSON...were you parking your car alone or with someone else when your gear-shift broke?

TODD PHILLIPS...remember then night that Jim Shadle's boat pulled out in front of you as you returned from that party. Who got the citation, you or the boat?

JAN KIDD...do you remember in 1st grade when you called someone a bad name and Mrs. Little made you wash out your mouth with soap. Jan, we didn't know you had it in you.

BRAD SHADLE...remember when you used to love to take girls on the Fantastic Journey at Wonderland park. Did you enjoy scaring them or was there another reason?

JENNIFER McANEAR...remember back in junior high when you and Todd Phillips were kissing and you started laughing and bit his tongue. Was he that bad?

APRIL McCARY...remember the night that mad dog bit you? We heard it tore you up pretty bad.

WALT THOMPSON...remember the spin the bottle game at Tiffany's a few weeks ago. What did you use for chips?

D'LISS ROBINSON...remember in your younger days when your mother used to find you eating dog food. What was your favorite, Gravy Train?

KRISTI DEEN...remember that night your freshman year when you took a ride on the Bronco Soul Train at Brent's?

JIMMY UPTERGROVE...remember that girl you were with at the college. We know she was ugly but at least you did it for the team.

CHRISTI KNORPP...remember those nights that you and Clay spent at the cement plant. If you were looking for employment you were a little late because the foreman was gone.

CLINT HUNT...Everyone remembers Clint and Trisha were going together, but everything was always Trisha's idea. Now do you really believe that? We don't.

JOSEPH JARAMILLO...remember the year you didn't wreck in your truck? We don't.

JAMIE GREAVER...do you recall earlier this year when your Mom was out of town and you were supposed to stay at home. Why were you in the ditch with Todd Phillips at 4:00 a.m. I didn't think that the lake was that close to home.

MARK JOHNSON...remember that night at 1:00 a.m. when you rode your sister's Strawberry Shortcake bicycle from the Marina to your beach party with no tires on the rims? We figured your new car would surely be pink.

MARCY HELMS...remember in 5th grade when you went with your boyfriend, Brad Brad-dock and several others went to a skating party in Brad's van? If nothing happened when why do you get so defensive when the subject is brought up?

RACHEL TORRES...remember when you were as tall as your classmates??? We don't.

TWANNA GARLAND...since your histories were so bad, Coach Howell would not pass them, and Mrs. Hayes would

not read them, you can stop biting your nails and worrying because none of them passed. If you want to know about one of the better ones, ask her about the Sophomore party and the guys.

BUFFIE HANCOCK...do you remember in 6th or 7th grade the night that you and Jamie Todd experimented in kissing right after a church supper in our Sunday School room. And we all thought you were such a little angel.

JAY GAGE...remember that long night in 8th grade when you and Jamie Todd worried about that borrowed road sign. Do you still need it?

JEFF KING...remember the night you and Stacy worked so hard cleaning out the back of your truck. Have you every considered opening your own car wash?

LARINDA PETTIT...Did you remember your toy at this years overnight track meet at Electra? did Brook bring that?

SHAWN HERMESMEYER...remember when you were Jeff Mills for a night just so you could have his woman. One would think she was pretty, we heard otherwise.

1988 Prophecy

BY MARK JOHNSON &
SHARON BRIGHT

Sarduchi, the magical genii from an unknown distant land, has granted Mark and myself 3 wishes. Naturally we first wished for wealth but since times are economically difficult he was unable to grant this wish. For our second wish we asked for the ability to foresee the future for ourselves and fellow classmates which he granted. And for our third and final wish we asked that no ill will would come from our friends because of our predictions. He assured us that no bodily harm would come to either of us and he disappeared with a cloud of smoke. And as the smoke cleared we saw the following:

In ten years we see **Jamie Greaver** losing total interest in her horses and taking care of camels in Ali-Tod Phillip's harem on some wild Arabian desert.

In 10 years we see **Shawn Hermesmeyer** getting married on the 18th hole of the golf course. What did spur his sudden interest in golf anyway?

In 5 years, we see **Twanna Garland** becoming game show hostess for **Let's Make A Decision** and still taking orders from her supervisor, **Buffie Hancock**.

In 10 years we see **Joe Bilbrey** in a full body cast after attempting to jump a hill with his Chevy--he just happened to hit a 3-wheeler.

Since **Arthur** has always been supportive for both sides of the Senior meetings, in order to please everyone, in 10 years we

see **Politician Arthur Harris** being the favorite on both the Republican and Democratic Presidential tickets.

We see **Renee Campbell** in 3 years attending A & M with a 4.0 G.P.A. but she is still behind in her homework because the interstate was muddy.

Sometime in the near future we see **Brad Shadle** and **Buffie Hancock** meeting at Wonderland Park to relive 6th grade memories of the Fantastic Journey.

In 10 years we still see **Laura Copell** thinking **Mark Luttrell** wants her for a relationship.

In 6 years we see **Deb Brown** and **Joseph Jaramillo** opening their own Defensive Driving course with the motto "Kill 'em all, Let God sort them out".

In the near future we see **Lisa Blanton** in a hospital because she worried so much that her grandparents and Michael would find out about the time she and Jeff King shared a bucket of ice, she got ulcers.

In 15 years we see **Jay Gage** using his superior mind abilities to take over O'Neil Enterprises while moonlighting on the side as a janitor.

In 12 months we see my cuz, **Amy Johnson**, disgracing the family name by quitting Tech. and moving into a chicken coop to relive fond memories of her favorite plastic pet Momma Chick.

In 4 years we see **Jeff Mills**

going to the National Finals Rodeo and still spectating.

We see **Jan Kidd** in 4 years still living at home and achieving her Ph. D. in Brain Surgery at Clarendon College.

In the next 99 years we see **Walt Thompson** still denying all the ugly girls he was with in his high school days.

In 4 years we see **April McCary** revolving her life around the world's largest mood ring.

If flesh rules the mind, in 3 years we see **Todd Phillips** leading a crooked life.

We see **Rachael Torres** in 12 years receiving the part of lead munchkin in *The Return to OZ*.

In 3 years we see **Jimmy Uptergrove** getting a rainbow mohawk and enjoying new wave music, disproving the theory "Once a cowboy, always a cowboy".

In 5 years we see **Marj Ekleberry** becoming the first human Q-Tip.

The next 10 years hold great things for **Jeff King**. We see his T.V. show *Rodeo Romper Room* topping the rating charts and fascinating millions of ex-Howdy Doody fans.

In 14 years we see **D'Lisa Robinson** making a fortune designing a sleeper which fits under a horse trailer.

In 13 months we see **Clint Hunt** taking **Billy Wiggs'** place as the late night watchman of the drag.

After 3 years of torment because of his last name, **David [Hicksville] Hicks** finds his way back to Clarendon and fulfills his lifetime goal of being a roper.

Two chins, 50 pounds, and 4 years later we see **Wes Hatley** after countless beatings from his girlfriend **Berthinda**, he finally realizes that for the first time he must take his own date home.

In 7 years we see **Kristi Deen** chasing down that one man that she has spent all of her time trying to retrieve--was it **A. Chris Phillips**, **B. Joey Stefanatos**, **C. Jim Whaley**, or **D.** All of the above?

In 15 years we see **Charles Chadwick** accepting the Noble Prize for his invention of the best fence post digging device in the world.

After 10 years in the Army we see **Daniel Ford** going AWOL and truly becoming "Ford at Large!"

In 4 years we see **Jennifer McAnear** becoming resident dorm mother here at Clarendon College because of her ability to know everything about everyone.

In 6 years we see **Danny Gaines** suing the **Gaines Burger** dog food company after he finally realizes the mockery they have made of his name.

In 10 years we see **Walt**

Thompson illustrating the true meaning of "Homewrecker".

In 65 years we see **Tanya Snaggletooth**, **All-gum Bell** still smiling and showing off that single pearly white.

In her gray years we see **Marcy Helms** doing commercial for dependable undergarments because she is so dependable.

As the next 25 years pass we see formerly divorced **Christl Knorpp** having a difficult time raising her 4 rambunctious boys: **John Bear**, **John Howell**, **John King** and **John Sharp**.

We see **Coach Larinda Pettit** teaching both track and drama and keeping a watchful eye on students especially during tests.

In only a few months we see **Sue Chambliss** with her hubby **Terry** managing her own apartment complex located above **Mickey's**, after all isn't this where some of your best memories are, **Sue**?

In 8 months we see **Laura Copellin** doing a promotional for **Rocky Mountain Jeans** with the musical slogan, "Over Hill, over dale, my Rockies will never fail."

Next year at the regional U.I.L. meet we see **Mrs. Stavenhagen** and **Mrs. Hayes** being arrested for misconduct after being reported by the hotel manager.

In less than 1 year we see the junior class all receiving straight jackets because of the undue stress caused by senioritis.

In 2 years we finally see the sophomores reaching the level of maturity that they should have achieved when they were sophomores.

In 3 years we see the Freshmen as seniors, receiving all the privileges we were denied such as: initiation, kid day, no diners club, exemption from semester tests, having more than 10 unexcused absences, longer lunch hours and the list goes on! If we didn't know better we'd think God was on their side.

Since so many of the seniors were emotionally damaged from fear of our own prophecies not being harsh enough, we have thought long and hard about each other's. And now for our prophecies: (look mean at each other!!!)

In future years I see **Sharon Bright** as a very happy, smart, and prosperous beauty who has achieved all of her goals in life.

And I see **Mark Johnson** in future years helping others to break the bonds of society with his love and care for all human kind. (Hugh Each Other!!!)

Now our powers of foretelling the future seem to be fading. We know that the genii helped us to see things that we could have only imagined in a bad dream. And right before the

genii disappeared he reminded us both that this was meant in fun and not to hurt any feelings, and if any were to express our deepest condolences.

Drama

BY AMY JOHNSON &
SHARON BRIGHT

The drama club of 1987-88 consists of Lisa Blanton, Sharon Bright, Renee Campbell, Kristi Deen, Marj Ekleberry, Twanna Garland, Buffie Hancock, Arthur Harris, Joseph Jaramillo, Amy Johnson, Mark Johnson, Aprii McCary, Melissa Milhoun, Larinda Pettit, D'Liss Robinson, and Rachel Torres. This was an eventful year full of unusual excitement. The Halloween play, "The Uninvited Ghost", was the first project of the class. It was set in a haunted house which the teenagers were using for a surprise birthday party. In the end they were the ones who were surprised. As Christmas came around the class once again embarked on another adventure. A family for Christmas, a new employer, unusual choices of women and a nervous young man equal "A Rented Family for Christmas". This play was set in a Christmas time in years past. Some members of the speech classes took parts as carolers and stage crew. A special thank you went out to them from each of the drama students.

In January the group picked the "critical" one-act play. The play chosen was "The Summons of Sariel". This play dealt with the interval between time and eternity. Spirits and people seeking answers were all present. The cast consisted of Sariel-Twanna G., The Spirit-Buffie H., the Clay-Sharon B., the Graduate-Amy J., the Suicide-Marj E., the Young Mother-D'Liss R., the Blind Child-Melissa M., the Old Lady-Larinda P., and the Guardian Angel-Lisa B. The stage crew consisted of Arthur H., Joseph J., Mark J., Renee C., Kristi D., and April M., This was performed in UIL competition the 25th of March. They did a very good job and some awards were given to individual cast members. These members included: Twanna G., Larinda P., and Amy J.,-Honorable Mention and Melissa M.-All Star Cast. The time and effort each student spent on this play is very appreciated.

A special thanks goes out to Katherine Williams for all of the effort and long hours she spent helping each one of us.

ONE ACT PLAY honorable mention Larinda Pettit, Twanna Garland and Amy Johnson, All Star cast Melissa Milhoun.

Bronco Football

This year the Clarendon Broncos began two-a-days under a new head coach, Hulon Kirkland. The Clarendon Broncos went through many new changes during those long, hot practices before the regular season. They set their goals high and it was a very memorable season.

The non-district opponents were Groom, McLean, White Deer, and Childress. Our district foes were Canadian, Wellington, Quannah, Shamrock and Memphis.

The Senior players were Wes

Hatley (Captain), Daniel Ford (Captain), Walt Thompson (Captain), Robb Brewer (Captain), Brad Shadle, Todd Phillips, Shawn Hermesmeier, Clint Hunt, Danny Gaines, Arthur Harris, and David Hicks.

The Broncos thank their loyal fans and the band who have supported them over the years. They would like to give a special thanks to the cheerleaders who have worked so hard. It was a unique experience playing for the Broncos. The graduating Seniors wish the future team and staff the best of luck.

National Honor Society

BY BUFFIE HANCOCK & CHRISTI KNORPP

The National Honor Society is an organization based on scholarship, leadership, character and service. Pre-Lab

BY WES HALTEY & WALT THOMPSON

This year's pre-lab class has worked very hard on learning the necessities of ag-mechanics. These skills will be greatly needed further on in life.

Many long hours were spent rebuilding many various kinds of trailers under the careful guidance of Mr. Monte Adams. Projects built were a potato bin, shelves for the high school vault, and many fence panels for various people around the

community. The lessons we learned in class were used on these projects.

This year's class consisted of four seniors: Clint Hunt, Arthur Harris, Walt Thompson and Wes Hatley. This class would like to thank Mr. Adams for having the patience and concern to teach these valuable skills. The seniors would also like to wish the Ag-department the best of luck in any future assignments.

Cheerleaders

BY CHRISTI KNORPP

Cheerleaders--as Webster's New World Dictionary puts it--are "leaders of cheers". Sponsor Carrie Howell; head Christi Knorpp, Sr.; Tanya Bell, Sr.; Lisa Blanton, Sr.; Mascot Sharon Bright, Sr.; Stacy Graham, Jr.; Linde Bowling, Jr.; and Karen Hill, Soph., might give a much more detailed and illustrious definition.

The 1987-88 Bronco Cheerleaders spent many summer hours learning and practicing cheers in the Panhandle heat, as well as turning their brains for ways to arouse spirit through hall signs, poster,

locker signs and weekly game cheers.

A dunking booth during the Fourth of July festivities, a two-day car wash in August and a Jr. High Cheerleading Clinic held towards the end of summer, helped provide funds to send us to an NCA camp at Texas Tech University in June.

A colorful Balloon release gave an, "up, up and away" at the first football game, followed by a spectacular Homecoming with a few new exciting partner stunts, pyramids, and gymnastic stunts incorporated into

Traditions were broken and hopefully some new ones were made. Memories of pep rallies, cold Friday night football games, camp and most of all a special friendship shared, will not be forgotten.

A special thanks to Carrie Howell for her enduring patience and to the Broncos and Lady Broncos for a spirit-filled year of efforts. Good luck to next year's cheerleaders.

Our grads have the key to open the door of success.

Track

BY CHRISTI KNORPP

What distinguishes the 1988 Lady Bronco track team is that they, coach included, have a whole theory of the way everything would be done. One feels it the first day she is in the organization. It stretches all the way down to the freshmen. The Lady Broncs may not always do things the right way, but they do them the Bronco way. And in the end, that is just as good.

The 1988 track season began and ended on a high note. Early out the Lady Broncs rallied to an overall team victory at the Whirlwind Relays in Floydada.

Finishing in the top five at many meets the Lady Broncs carried out an impressive show all the way to April 15 in Wellington where the District 2-2A track meet was held. Here many outstanding individual performances were made, giving the team a secure base to pull out an easy District Championship.

These girls placing either first or second in an event advanced to the Region 1-2A meet in Big Springs, April 28-29. They were Seniors, Jamie Greaver-1st Shot-35¼;

Larinda Pettit-1st Discus-118'5"
Christi Knorpp-2nd-1600 meter run-6:03; Juniors, Tina Alexander-2nd Discus-103'3"; Sophomores, Andrea Edwards-1st 3200 meter run-12:37 and 1st 1600 meter run 5:53; Stacy Smith-2nd Shot-34'2¼" and 2nd 880 relay; Freshman, Krystal Havens-1st 100 hurdles 0:17.26 and 880 relay; Showanda Weatheron 880 relay.

Others participating at this meet who did score points but

did not qualify for regionals were Senior Marcy Helms; Sophomores Tammie Hommel, Freshmen Katrina Leathers, Shawn Butler, Audra Hoggard, Shonda Phillips and Oleta Lane.

At Regionals in Big Spring, Medalists were Jamie Greaver, third place in the shot put and Larinda Pettit, 1st place in discus.

At the state track meet in Austin Larinda placed sixth in discus.

FFA New Horizons New Leaders

Clarendon F.F.A. underwent many changes in 1987-88 that broadened the learning experience and developed new skills.

The calendar year began with a curriculum change from four one year Vo-Ag classes to a system of Agricultural Science semester courses. This program has been successful by having more interest areas offered and the semester courses allowed more student to participate in F.F.A.

Along with various other projects this year, a greenhouse was erected by the members to help further studies in the new classes.

1987-88 also brought another first for Clarendon F.F.A.--a female president, Renee Campbell. Renee Campbell served as chapter president, Joseph Jaramillo-Vice President, April McCary-Secretary, Joe Bilbrey-

Treasurer, Arthur Harris-Reporter, Jason Klinnert-Sentinel, Todd McAnear-

Student Advisor, and Richard Graham-Chaplain.

1988 U.I. L. Literary Event

Participation in U.I.L. Literary events provides students the opportunity to better themselves and be recognized in areas such as Oral Reading, Journalism and Expository writing, Typing and Accounting, Number Sense, and Science.

It has been a long standing tradition at CHS to be well represented at U.I.L. meets at the District, Regional, and State levels and 1988 has been no exception. Nineteen students traveled to Canadian to compete at District in the various contests and represented Clarendon well.

Participants in the various contests were as follows:

Prose and Poetry Interpretation-Sharon Bright, Marj Ekleberry, Amy Johnson, and Arthur Harris.

Spelling-Marcy Helms, Joseph Jaramillo, and Andrea Edwards.

Journalism and Writing-Jay Gage, Renee Campbell, Christi Knorpp, Amy Johnson, Joe Bilbrey, Roger Estlack, Linde Bowling, Marj Ekleberry and Tina Alexander.

Number Sense-Lynn Wiggs, Jimmy Hobbs, and Andrea Edwards and (Alternate-James Lampier).

Clarendon F.F.A. was well represented by teams in Leadership, Show, and Judging, with a judging team qualifying for State. Many individuals placed animals at Ft. Worth and Houston and the Donley County Stock Show was a success.

Renee Campbell and Arthur Harris represented Clarendon at the Greenbelt District Sweetheart Banquet and Talent contest. Arthur Harris won the Talent Contest and advanced to Area, where he was elected to an Area I office.

This year has been busy and filled with hard work, as well as adapting to the new changes. Although it may seem that in some areas the F.F.A. members were less active this year, many goals have been accomplished which were important to the future of agricultural studies at Clarendon High School. New leaders have emerged and the Future Farmers of America is expanding toward New Horizons.

Typing-Brandi Vargas and Kayla Hunt.

Accounting-Tanya Bell and Todd Phillips.

Science-Jimmy Hobbs and Roger Estlack.

Qualifying for Regionals were the following people: Marj Ekleberry, won 3rd in Prose and Sharon Bright was Second Alternate; Arthur Harris placed 1st in Poetry and Amy Johnson was First Alternate, Renee Campbell placed 1st in News-writing and second in Editorials, Joe Bilbrey won 1st in headlines and Roger Estlack was first alternate.

Clarendon was very well represented at the Regional meet by these students and Big Springs, Texas, set the scene for three 1988 Regional champions from Clarendon. Arthur Harris won 1st in Poetry, Marj Ekleberry, first in Prose, and Renee Campbell, first in News-writing.

These three represented Clarendon well at the State U.I.L. meet in Austin. Arthur Harris and Marj Ekleberry placed 7th in Poetry and Prose respectively, and Renee Campbell placed third in News-writing for a bronze medal.

Hard work deserves to be rewarded. We know yours will serve you well as you embark on a new life... may you find what you seek!

Future Homemakers of America

BY JENNIFER McANEAR &
D'LISS ROBINSON &
LISA BLANTON

The Clarendon Chapter of Future Homemakers of America is an organization of students having been enrolled in some Home Economics course and wishing to further activities. The group has high ideals all of which aid society.

The FHA's activities began with the selling of Tom Watson products by each member. Each member was required to sell a certain amount in order to meet the required amount for the Sweetheart Banquet. The Sweetheart Banquet was held on February 6, 1988. Several of the members began decorating the High School cafeteria the day before. This year's theme was "The Time of My Time,"

which everyone definitely had. The entertainment consisted of Arthur Harris, Kristi Deen, Mark Johnson, Brook Grisham, Michael Moore, and Jeff King. The members chose a sweetheart, Lisa Blanton, a beau, Michael Moore, and four princesses, Jennifer McAnear, D'Liss Robinson, Jan Kidd and Larinda Pettit. A dance was held following the banquet.

Earlier in the year each girl participated in "Guardian Angel Week." Each girl drew a football boy, a manager or a coach. Throughout the week each girl secretly decorated their lockers, and gave them candy, etc. The angels were revealed at the last pep-rally and they presented their person with a cake.

In February Mrs. Butts, Mr. and Mrs. Fern Berry, and Mrs.

Ronnie McAnear took ten members to Lubbock for the F.H.A. District Convention. The meetings started Friday night and lasted until 10:00 p.m. The next morning the group split up and each, with a partner, went to discussions over different subjects. The members then went to the mall and came home late Saturday night.

The 1987-88 officers were Jan Kidd, President; D'Liss Robinson, Vice President of Encounters; Jennifer McAnear, Vice

President of Programs and Projects; Lisa Blanton, Secretary/Treasurer; Kristal Hill, Parliamentarian; Bridget Bland, Historian. The sponsor was Mrs. Butts, who has definitely helped our organization grow again. This year's senior members were Jennifer McAnear, D'Liss Robinson, Larinda Pettit, and Lisa Blanton who have been active members for four years, and Jan Kidd, who was a member for two years.

Presidents of each class, organization, and other representatives were chosen to become members of the student council. They included Crystal Havens-Greenhand President, David Beard-Sophomore President, Tina Alexander-Jr. President, Jan Kidd-F.H.A. President, Jay Gage-Senior President, Katrina Leathers-Freshman President, Christi Knorpp-NHS President, Amy Johnson-Spanish Club President, Marj Ekleberry-Annual

Editor, Sharon Bright-Annual Editor, FTA President, Renee Campbell-FFA President and Gayla Davidson-Sponsor.

The primary task for the organization this year was to establish a constitution in which guidelines were set for the council. This had to be approved by the school board before the council could become recognized.

The council met periodically to draft the constitution and discuss issues that were pertinent to the student body of Clarendon High School. Plans for years to come include regular meetings and projects throughout the school year.

The Student Council would like to thank Gayla Davidson on her hard work in organizing and sponsoring this organization.

April McCary. Juniors were Linde Bowling, Cleta Calloway, Jenifer Davis, Stacy Graham, Kristal Hill, and Christie McAnear. The sophomore was Karen Hill. Manager Lynn Wiggs and Coach Nancy Kirkland.

This year the Lady Broncos achieved a closeness among themselves. Throughout the bad and good times a lot of true friendships evolved. These are not only dear friends, but teammates that worked together as a team. Each member made many contributions and sacrifices to represent the Lady Broncos to the best of their ability.

Although the record may not show our achievements, each and every member learned something about themselves as well as basketball.

We would like to give thanks to all the people who helped and supported us throughout this year. We would also like to extend a special thank-you to Coach Nancy Kirkland for sticking with us through the thick and thin. Not only was she a coach, but also a friend; she cared for us not only as a team, but as individuals.

As we bring this year to a close, we would like to wish next year's Lady Broncos Good Luck and we'll be behind you all the way!

Congratulations

1987-88 Bronco Band

BY DEBBIE BROWN

The 1987-88 Bronco Band started the year with much determination and hard work. The support we received from our new leader, Mr. Hankins was overwhelming and greatly appreciated. The Band was blinded during early morning practices and attacked by mosquitos during the night marching practices. The Band has been determined to excel in ratings from years past, and this year we have. In Marching Contest we received a III and in Concert Contest we received two III's-for Concert and Sight-reading. All the members did

an outstanding job both in their personal and group performances.

The 1987-1988 Band Officers were President-Jay Gage, Vice Pres.- Joe Bilbrey, Sec./Treas.- Andrea Edwards, Reporter-Lynn Wiggs, Freshman Rep.- Crystal Havens. The 1987-1988 Flag Corps included-Head, Christi McAnear, Athena Bell, Crystal Havens, Shonda Phillips, Jennie Porter, and Brandy Vargas, with Twanna Garland as twirler. The Band King and Queen were Jay Gage and Christi Knorpp.

Annual Staff

The annual staff consisted of a few dedicated members who made this year's annual especially successful. The members included: Marj Ekleberry and Sharon Bright-general directors and editors, Jeff King-student advisor, Tina Alexander-public relations, Roger Estlack-financial advisor, Joe Bilbrey, Tully Leffew and Wil (Pickle) Byrlin-extras, and Betty Veach-director and advisor.

This year was the first year that annual staff has been in a class during the day. It has allowed the members to spend

more time on the annual and make it better than ever.

The annual staff sponsored the Beauty and Brawn pageant for the 1987-88 year. The Pageant was a huge success thanks to the hard work and help from F.T.A. members.

A special thanks is given to Miss Veach. She sponsored the class while having fun. The class was an adventure that no member will forget. The laughs and good times made for the difficult times while we all banded together to show what our school really needed-team-work and friendship.

Go forth,

a waiting

Susan Phelps Byars

I'm glad it's over, but I'll miss all of the times that my friends and I have had. We have all had some good times and bad times, but I think the ones we'll always remember are the good ones. I just want to say goodbye (but not forever) to all of my friends. Keep in touch.

Scheli Holland

During the past thirteen years, I've learned so much. I've learned to help people. I've learned to help myself. I still have so much to learn. The memories of the experiences I have had at HHS will help me to prepare for the future. I'll remember them and the people who made them possible always.

Shawn Bright

I would say I've seen all things while I've been here at Hedley the past seven years. I'll remember everything about Hedley, but the fondest to me is the interaction between friends, or something like that.

Cheryl Glover

My years at Hedley High School have been very successful. I've had many hard times, but the things I will remember the most are the good times. I could never have made it this far without my teachers and friends. Basketball and my friends are what I will miss the most.

Amy Osborne Lambert

I've had some good times here at HHS. It is going to be really hard to leave. Our senior class is more like a family. You can't split up a family. If I had it to do all over again, I wouldn't change a thing.

Steve Mullins

I grew up here at Hedley and attended HHS all of my school years. I will remember EVERYTHING about HHS, no exceptions, good or bad. The thing I will remember the most is the closeness and the friendship I shared with the graduating class of 1988.

Carol Glover

The years that passed weren't so grim,
It went so fast, it's almost dim,
I reached the goals I set out to attain,
Now all I'll have is the memories that remain,
We've all grown so close, there will be sorrow when we part,
But we'll all think of how it was from the very start!

Tina Shields Davis

I will always carry with me the knowledge that I have gained from HHS, and I will also remember the teachers that took the time to teach me. But I think the thing I will carry with me the most is the memories of the good times I had with my friends. All of us have grown closer and closer through the years, and we will continue to grow closer as the years pass. I want to thank my friends for being true and for being there when I needed a helping hand. Thanks, guys!

Karen Crump

My few years at HHS have gone quickly, but during this brief time, I have many fond memories to take with me into the future. I have made many good friends here, students and teachers, who I will never forget. I would like to wish everyone the very best in the future.
