Preceding the presentation of the play, the captivating indoor pastime in a public way will be the "Baby Show" in which entries from over the county have been made.

The admission price to the entire entertainment will be ten cents for the kiddies and twenty-five cents for adults.

### Woman Jailer Plays Big Part In Negro Hunt

Mrs. Guy Pierce, the Panhandle's only woman jailer, Sunday night was again called to duty when she according to her husband, alone assembled the posse.

When notified of the crime, the sheriff left the jail hurriedly telling his wife to call a posse. She was kept busy at the telephone for hours calling local men and officers throughout the Panhandle.

In a statement to the Leader this morning, Sheriff Pierce said that he wished to thank all local officers, American Legion members, rangers, highway patrolmen and others that assisted in the man hunt.

### FORMER RAILROADER ILL

Mr. Harve Cline, for many years a bridge builder on the Denver, is confined to his home through illness. His trouble is said to be caused from an ulcerated stomach.

### Bronchos Win From Canadian By 7 to 6

CANADIAN, Nov. 2.—A battling band of Bronchos from Clarendon high school Friday night outought the Canadian Wildcates here to gather in an inter-district conflict 13 to 7.

McDowell scored in the first quarter with Grady and Allison carrying the mail for Clarendon in the second and fourth periods. Huffman converted from placement for the extra point for Clarendon.

### NEXT TUESDAY IS ELECTION DAY

In Texas where the democrats rule the roost, the general election balloting is always light. Primary nominations are tantamount to election. Those who won in the elimination contest of July, and surely the second drag in August, are most sure of election.

In the governor's race, republican Alexander Boynton is making little progress. Many will vote for him because O'Daniel is said to favor horse racing and liquor sales by the drink.

No matter whom you favor, it is your duty to vote, Tuesday, November 8th is your last chance this year to express your opinion. It may not amount to a great deal in your personal opinion, but express it.

### Stuttering Sam of Movie Fame To Be Featured In Show Here Tuesday Nite

The Clarendon High School band will feature Stuttering Sam and his company, Amarillo radio entertainers, in a benefit program at the College Auditorium here Tuesday night at 8 o'clock.

Besides his radio entertainment on the Cal Farley program, Stuttering Sam has also gained fame as a movie actor. Singing, dancing and comedy will be included on the program.

Admission will be 10 and 25 cents, Ray Robbins announced.

### ATTEND PRESS GATHERING

Upon the invitation of Rotarian publisher David M. Warren of Panhandle, a large number of publishers of the Panhandle were his guests at a Rotary luncheon and program in Panhandle Friday.

J. Claude Wells of the Memphis Democrat was accompanied from here by Sam Braswell and J. C. Estlack.

### Mulkey Attends Convention In Oklahoma City

Motion picture stars galore were in evidence at the convention Monday, Mr. Mulkey states. Among them were Mickey Rooney, Majorie Weaver, Brian Donlevy and a host of others. The occasion was a convention of the Allied Motion Picture Theatres.

### MINERAL WELLS FOLKS HERE

Mr. and Mrs. Henry Tice of Mineral Wells came up Friday for a visit with the lady's parents, Mr. and Mrs. A. H. Baker. Mr. Tice, who was ill for a long time is sure looking fine, at least a thousand percent better.

### Barkett Store Observing It's Second Anniversary

Following the annual custom of the firm, the Barkett department store will begin the firm's second anniversary sale Friday. A full page advertisement for the firm appears in this issue. You are cordially invited to look over the bargains offered. Mr. Barkett states that his anniversaries are a big selling event each year.

### W. P. Cagle Is Improving Following Operation

Latest advices from the hospital in Ft. Worth indicate that Mr. Cagle is on the mend following a major operation Monday. Mrs. Van Kennedy, his daughter, has returned home. W. P. Cagle, Jr. of San Pedro, California is with his father.

### Broncs Badly Need Winner From Groom

Victory Would Help Toward Pre-Season Goal of 500%

A determined Clarendon High school football squad will meet the Groom Tigers in a non conference game at the College Field here Friday night.

Trailing slightly below the 500 percentage rating for the season, a win means a lot for the Broncs if they are to boost their standing over the half way mark.

A victory in both the Groom engagement and the final Vega encounter will give the Ponies a rating of 582 percent, 82 points above the pre-season hoped for average.

The actual season's rating shows the Bronchos have won 2, lost 3 and tied one for 417 percent.

The Groom eleven is no set-up and the locals may find themselves hard pressed for a victory. The powerful Panhandle Panthers—a club that's rated as strong as Wellington—only drubbed the Tigers 39 to 0, 20 points less than Clarendon's lacing at the hands of Wellington.

### JR. HI GRID ENDS

Following the cancellation of the Clarendon-Memphis game last Thursday, the Clarendon Junior High school gridlers closed their season for the winter. The juniors hung up a splendid record of four games won and only one lost for the season.

### Brother of Mrs. Newton C. Smith Dies Wednesday

The Rev. and Mrs. Newton C. Smith left today for Henrietta, Texas to attend the funeral of Mrs. Smith's brother, Charles Scheer, who died in a Philadelphia hospital yesterday after a long illness.

The funeral services will be held Friday.

### GIN DAMAGED

Fire damaged the Smith Bros. gin in Clarendon last Saturday night to the extent of approximately \$400 when matches in the cotton cleaner ignited. The blaze was quickly extinguished.

### C. A. BRYAN IMPROVING

Reports from the bedside of Mr. Bryan, aged 89, indicates that he is definitely mending following an illness of several days.

### Man Dies By Road Side Near Martin

Heart Attack Fatal When Auto Is Stopped To Fix Flat Tire

W. M. Howard, 45, Denver, Colorado, died by the side of the highway near Martin Tuesday afternoon about 1 o'clock, while the car was stopped to fix a flat tire.

Howard, a retired factory worker was traveling with his guardian, Miss Stella Herrington; Miss Nola Womnack and C. Sedgwick all of Denver and Miss Marie Braswell of Houston. They were enroute from Denver to Liberty, Texas.

According to Miss Womnack, the victim had been suffering from coal gas for the past 9 years and was in very ill health.

The body was shipped to Liberty last night.

There are no survivors.

### Ginning Report Affected By Late Planting

Due to the floods of June, much of Donley's best cotton land was planted late. Up to October 18, 2-245 bales were ginned in Donley county as compared to 2,873 in 1937, according to a report of the federal cotton census.

### PLANS MADE FOR LARGE DONLEY CO. POULTRY EXHIBIT

Officials Hope Entry List Sets New Record

Officials of the Green Belt Poultry Show, are making plans for what they believe will be the largest and best show in the history of the event. Last year the show reached a new level of 447 birds, but the goal has been set at 500 birds for this year. More interest has been manifested in local circles in poultry shows than ever before with 375 Donley birds being entered in the Tri-State Fair and 72 birds in the State Fair of Texas.

An attempt is being made to secure R. B. Galloway, of Amarillo to judge the local event. Mr. Galloway has judged the show in former years and his judgement has met with uniform approval.

Work on the premium list will begin at an early date. Both merchandise and cash awards will feature the list. Ribbons have been ordered, and other arrangements are being made for the show.

A large number of varieties than ever before are expected to be exhibited. Blue Andalusians, black and white giants, rose and single comb Rhode Island reds, black and white minores, black, buff, light and dark brown leghorns, lamons, partridge, light, and dark barred rocks, speckled sussex, buff and white orpingtons, columbia and white wyandottes, columbian rocks, Rhode Island whites, white and black langshans, white, buff, and dark carnish, and various specimens of bantams are expected to be on exhibit at the show for the enjoyment of local poultry lovers.

### NEW FORD CARS GO ON DISPLAY

New 1939 Models Will Be Shown Friday and Sat.

According to an advertisement of the Palmer Motor Co. in this week's issue of the Leader, the new Ford cars for 1939 will be shown to the public Friday and Saturday for the first time this year. "Something new in Ford design and perfection awaits the public," states Mr. Doss Palmer, local Ford dealer. "It is just what the people have been waiting for," he says.

In designing and manufacturing this car Henry Ford has reached the peak of perfection in beauty and quality for 1939. The new body lines, the soft springy seats, and real hydraulic brakes are just a few of the many new additions of the 1939 models.

"More words could not describe the beauty and quality of these new cars," Mr. Palmer says. "You must see for yourselves to believe," he states.

In order to insure that everyone has a chance to view and inspect the new Ford cars without lack of time intervening, Mr. Palmer states that they will remain open a certain length of time both nights, and invites the public to come to their opening days and see what Henry Ford says is his crowning achievement after 35 years of automotive production.

### BRUTES IN HUMAN FORM

(An Editorial)

Man-made laws do not always prevent crime, but they do provide a penalty. Compliance with our laws in Donley county in the past has established a reputation for this section of a high order of citizenship. Very wisely our lawmakers provided the supreme penalty for certain crimes. The screams of ravished womanhood sounds the death knell for the brute in human form—by law. The stamina and strength of character of a Donley county jury may be depended upon to mete justice to the malefactor. In this dark hour when men's souls are being tried under stress of resentment, the orderly process of law is deemed best. Wisdom, valor, character and other Godly graces go into the melting pot of public opinion, Donley county's citizenship fully realizes that our laws must be upheld. If this brutal wrong could have been righted by human hands, that act would have been accomplished Sunday night. But it can't. It is never too late to mete justice to the transgressor. And that shall be done with swift justice.

### SPEAKERS CHOSEN FOR C. C. REUNION

Plans Almost Completed For Gathering Nov. 11-12

Program committee chairman Clyde I Price Sunday announced that Jess Stanford of Hereford would respond to the welcoming address when ex-students of Clarendon College—the first college in the Panhandle—gather here for a reunion Nov. 11-12.

H. T. Burton, superintendent of schools at Clarendon, will deliver the welcoming address.

Price said letters received from almost every state in the union indicated at least 1,500 ex-students will attend the reunion.

The reunion will commemorate the fortieth anniversary of Clarendon College, which was founded in 1898. In 1927 the institution was closed and Clarendon Municipal Junior College established.

### Local Ford Men Attend Showing of New Fords At Oklahoma City

Doss and Elmer Palmer of the Palmer Motor Co. attended the annual Ford meeting of the Oklahoma and Texas Panhandle district at Oklahoma City Monday of this week. Approximately 1250 salesmen and dealers were in attendance to view the new Ford cars for 1939.

Feature of the meeting, in addition to the new Ford V-8, Deluxe Ford V-8, Lincoln Zephyr and Lincoln models, was the unveiling of an entirely new Ford automotive product, the Mercury 8, which fits into the Ford line between the DeLuxe and the Lincoln-Zephyr.

Models of the new Ford cars were presented to the salesmen and dealers on the municipal auditorium stage through a veil of vari-colored lights that burst into panoramic splendor as the new car came into full view showing its natural color and body lines.

"Everything points to a banner year for 1939," Mr. Palmer stated. "We were treated royally throughout the program for the day, which included talks, a sound motion picture and a swell banquet," he added. Both men returned home highly enthused and well pleased over the meeting and showing of the new 1939 models.

### DR.'S PARTNER DIES

Dr. M. L. Stricklin was notified Tuesday that his 14-year partner, while practicing in Groesbeck, had died suddenly.

### A. H. Baker Shows Little Improvement

Information today shows little change in the critical illness of Mr. Baker, former district clerk and Panhandle citizen for more than a half century. He has been ill at his home for some two weeks.

### Brother of R. L. Bain Dies In San Antonio

Henry H. Bain of San Antonio, brother of R. L. Bain of Clarendon, died at his San Antonio home Tuesday. Services will be held in San Antonio Thursday afternoon. Bain was a long time Methodist minister in the San Antonio district.

### SPECIAL OFFICERS ARE DETAILED TO INSURE FAIR, SPEEDY TRIAL

Attendance at Trial Will Be Limited And All Entrants to Courtroom Searched. Every Precaution Will Be Taken

### Present Radio Program On Amarillo Station

Speakers on the A&M extension program at Amarillo Saturday were G. G. Reeves who spoke on terraces and other methods used in this county in soil conservation methods. J. C. Estlack spoke on methods and progress of wild life protection. A paper written by W. H. Patrick gave an account of the cattle industry. Mr. Patrick was unable to appear on the program in person. Music was furnished by Lawrence Heckman and Kenneth Sloan. The program was directed by county agent H. M. Breedlove.

### Elmer Palmer Receives Honor As Used Car Salesman In Panhandle District

Out of approximately 1000 Ford salesmen in the Oklahoma and Texas Panhandle district, Elmer Palmer of the Palmer Motor Co. was the only man from Texas to receive the distinction of having sold more used cars for the month of September than his quota called for. Through his efforts in accomplishing this goal he was awarded a membership in the "Bulldoggers Club" which has a membership total of 40 members. It was one of fourteen new members to be initiated into the club at Oklahoma City Monday night.

### Variety of Wild Game Seen In New Mexico

While on a visit to that rough section of country west of Socorro a few days ago, Mr. and Mrs. Bill Todd report seeing plenty of deer, antelope and turkey. They visited with Mr. and Mrs. Enoch Darnell, and were accompanied by Miss Mildred Pittman.

Mr. and Mrs. Todd have charge of the Chamberlain school which again opened Monday after being closed for a month for cotton gathering.

### World War Veteran Visits Sister Here

John Whisnand, native resident of Lancaster, Dallas county, is visiting here with his sister, Mrs. G. A. Anderson and husband. Mr. Whisnand served over seas during the world war under Col. Ernest O. Thompson.

### BACK FROM CALIFORNIA

Returning from an extended visit with relatives in California, Mrs. C. A. Burton is very enthusiastic over her experiences on the Pacific coast. She spent some time with a son in Bakersfield, and with two aunts at Long Beach.

### MUSEUM SIDELIGHTS

The Donley County Museum will be open to the public during the two days, Nov. 11 and 12 of the college home-coming. Mrs. L. S. Bagby, chairman of the Museum board, is especially desirous of obtaining any kind of group picture of the old Methodist college to place on display for the two days mentioned. If any one has such a picture, please bring it to Mrs. Bagby for this occasion, and it will be returned immediately thereafter.

The board wishes to express appreciation to Mr. and Mrs. W. W. Taylor for the gift of a heater for the museum. This heater has been installed, thus furnishing comfort during the winter months.

The drive for membership in the museum will begin Saturday Nov. 5th. It is hoped that responses will be hearty and full.

Morris Norman, 20-year old smug, pretentious, Illinois negro in a jail cell in Amarillo, is today awaiting the outcome of an indictment charging him with criminal assault of a Clarendon white woman here last Sunday night.

The attack occurred early Sunday night as the women, Mrs. T. Jones, 67, and her sister, Miss Cora Farris, 46, were returning home from church. Mrs. Jones was allegedly knocked unconscious by the negro who then attacked her sister.

Hysterical and bloody, the women staggered to the home of Walter Green. Green notified George Bulla a neighbor who called sheriff Guy Pierce.

A hastily formed posse aided by

A Donley County grand jury Wednesday returned a true bill against Morris Norman, 20-year-old Chicago negro farm hand, charging him with rape in connection with the Sunday night assault against two Clarendon white women at the edge of the negro section here.

The indictment carries the death penalty.

District Judge A. S. Moss announced the trial will be held at 10 o'clock. The jury will be empaneled from a special venire of 50 citizens.

Moss also stated that only a limited crowd would be admitted to the trial.

Meanwhile rumors of angry muttering through out the county led Sheriff Guy Pierce to announce that all precautionary measures would be taken to protect the prisoner, now in the Potter county jail, at Amarillo. Pierce said Texas rangers, highway patrolmen and special officers would be assigned to keep peace in the courtroom and at the jail while the prisoner is here.

Texas rangers, highway patrolmen, and other Panhandle officers, quickly gathered and combed the negro residential section.

Norman was captured about 2 o'clock at the home of Albert Boyd where he was rooming. He was peacefully sleeping when the officers entered, but upon questioning, readily admitted his guilt.

Shoe prints with the heel leaving a pattern of crosses on the ground led to the negro's apprehension.

Termed the most brutal attack in the history of the southland, Norman, with no show of remorse on his ebony hued face, signed a lurid written confession before officers, following his arrest only a few hours after the crime.

In the statement Norman stated in substance that he was angry with a negro woman and had gone to the clump of trees at the City dump ground to look for her. He said he passed the two white women, then turned around and came back.

"When they got to the trees I (See NEGRO, Page 8)

### Brother of Local Woman Dies Wed.

### Ab Clinton Harrison Is Heart Attack Victim

A. J. "Andy Jack" Strickland of the Curry County Herald of Brownsville transacted business here over the week end.—Pampa Press.

Thanks, friends for the publicity. Sometimes we newspaper men get bawled out for mistakes in names, initials, or one thing then another, and people remark that all newspapers are full of mistakes. Just take for instance the short four line item above, and we can see why people ache about newspaper mistakes. In the first place our name is Stricklin and not Strickland; this is the Terry County Herald; the town is Brownfield, and not the Mexican border city, and in the fourth place, we were not in Pampa on business. We were visiting our daughter, Mrs. Herman Trigg. And so on and so forth.

For over one-half century CAMERON'S BUILDING SERVICE has remained supreme. This Home of the Month is designed with every thing considered to make a Home a real pleasure to own. Progress in design since 1926 has made this 1938 Model Home not only cheaper but also far better than the 1926 model. You no doubt have ideas of your dream house. We will be glad to consult with you and design a Home for you to suit your individual taste. Our service to you includes everything, planning, consultation, financing, the complete home ready to move into.

**F. H. A. Plan of Financing**  
How Much Should we spend for a home? The general rule is to pay from two to two and one-half times your annual income for the complete HOME. HOW Much money do we have to have before we start? You must make a down payment of at least 10% of the cost or value of both the house and lot. If you already own a lot this may cover all or part of the down payment. You pay the loan like rent. This Home of the Month is worth \$2480.00 if placed on a lot worth \$300.00 you could get a loan of 90% of the total or \$2500.00 and pay in monthly payments as illustrated.

**TEMPLE OF TRUTH**  
 By the Apostle  
 \*\*\*\*\*

Cars often skid off the highways into homes in East Texas. A negro in Longview set iron posts along the curbing in front of his home after a car rushed through the walls and smashed his effects into smithereens. Down in Shreveport they are a bit bolder. Autos are run into the better homes and treated as a joke. After a brand new Austin had crashed into a parlor, the driver inquired the direction to the New Orleans highway. Two couples were playing bridge, but one fellow took time to give the following directions: "Turn around in front of the piano, take a left turn at the gold fish bowl, bust through the front door and keep right down the walk until you drop off the curb. Turn to the right and you can't miss it."

Since the old-fashioned dance call for a square appeared in this column last week, some of the more simple elders want a line-up on present-day "grapples." Now here is the way it appears to an old clogger:

Grab your partner by the hair, Hug her tight like a bear. Slide with a shoulder shrug Into a wiggling bunny hug. Go wiggling round the hall, Hold her tight! She may fall! Back off, make your bows, Wobble to meet like two cows. Squat and stomp into a grapple You are doing the Big Apple. (or sompin')

There is this also to say: When one travels the straight and narrow way, one meets no drunken drivers.

Bachelor Bill says that a man is like a lamp wick. He gets trimmed a lot of times before he has the right flame.

**Mud Slingers.**

You have often heard it said, Or at least the same you've read: "And may the best man win"; This is true in many a case. But watch a politician's face And see a nice, broad grin.

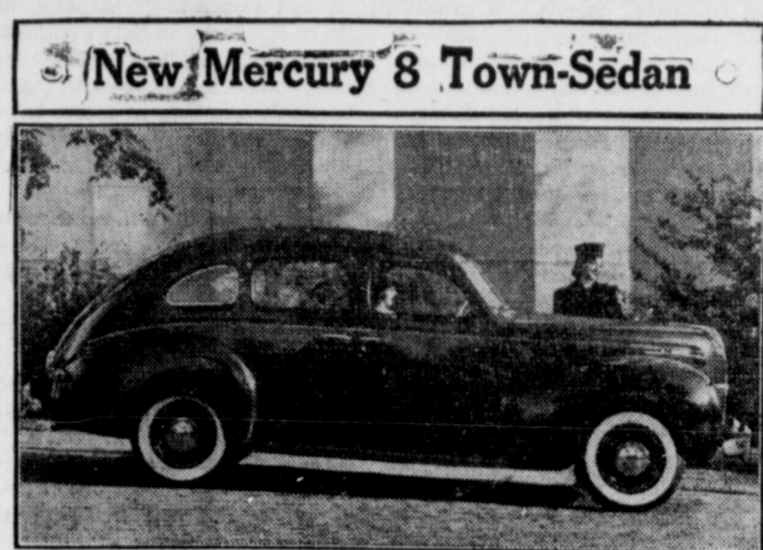

"Best men" often fear to face Mud that's hurled in such a race To land a nice big plum; They feel the cost is far too great And just because they hesitate, The job goes to a bum.

A deficit is something you have less of than you had when you had nothing.

When a man was arrested for drunken driving in Lubbock because he had half a pint in his pocket, he told the judge: "That's nothing! I have on a wool hat but that doesn't mean that I own a sheep ranch!"

Red Kian thought a cedar chest was a disease when Imy Fizzil began talking about Christmas presents.

Those who excuse themselves up on the score of being temperamental usually are 98 percent temper and 2 percent mental.

**New Mercury 8 Town-Sedan**

THIS Mercury 8 town-sedan is one of the four body types of the newest car in motordom. It is a big car, with 11 1/2-inch wheelbase and measuring more than 16 feet from bumper to bumper. Its V-8 engine develops 95 horsepower. Brakes are hydraulic enabling the driver to slow down or stop quickly with light pedal pressure. The town-sedan is the "flagship of the Mercury fleet." Both seats hold three passengers comfortably. Interior appointments are luxurious. There is an exceptionally large luggage compartment. White sidewall tires are extra.

Inventor Jim Heckman is about to perfect a fountain pen with a blotter concealed in the cap. The blotter is also a miniature dictionary. Two helps in a heap is Jim's motto!

If all of us had a finer sense of humor rather than rumor, this would be a better place in which to live.

You won't live to be "90" if you look for it on the speedometer!

One of the strongest believers in

advertising is a woman living near Little Rock, Arkansas. She spent \$1.60 advertising for a husband, and got him. She then enlisted him in Uncle Sam's army where he died. She is being paid \$10,000 in life insurance on monthly payments. Sure advertising pays!

While in the Billboard Center of the Panhandle Saturday, a man told me that he moved his flock in-

to the outer edge of Amarillo to escape annoyance. Imagine his consternation next day to find that he was on the routes of six ice cream peddlers each equipped with bells and horns!

Some fellows in boosting themselves refer to their "college bred" experience. Not a bad idea unless he simply means a four-year "loaf" on his father's "dough."

**HALLOWEEN PARTY**

Miss Nova Cook entertained the Goldston school children with a "spook infested" Halloween party Saturday afternoon from 2:30 until 4:00.

The house was decorated with life-sized reproductions of skeletons, ghosts, witches, black cats and similar designs. A costumed witch told the fortunes of each child.

Children attending the party were Gene Eanes, Billy Smith, Joyce Dingler, Annesse Rattan, Bernice Rattan, Louise Veazey, Lucille Dale, Dwayne Hudson, Daphne Roberson, Frances Dingler, Sylvia Faye Morgan, Joyce Eanes, John Rowe, Junior Patterson, Ruby Jewel Dingler, and Joe Wayne Dill.

**HARMONY CLASS**

The Matrons Harmony class met Thursday October 27th with Mrs. Nathan Cox, hostess, assisted by Mrs. E. C. Antrobus, Eleven members were present.

Games of forty-two and Chinese checkers were played. After a short business session, refreshments of pumpkin pie, tea and coffee was served.

Those present were Mesdames, Sam Braswell, Ben Andis, Homer McElvany, Claude McGowen, O. C. Watson, Victor Smith, Cap Morris, Joe Holland Jr. H. Bones, Mrs. H. T. Stuart, visitor.

**HALLOWEEN PARTY AT BAPTIST CHURCH**

Mesdames Joe Goldston, J. Perry King, Marvin Warren, Cap Lane, Sam Cauthen, Bill Bromley entertained the Intermediate department at the Baptist Church Tuesday evening with a Halloween party. Everything in the Halloween colors that makes places look spooky were used in decorating the church. The Halloween games were played and lots of fun was had by all. Dainty refreshments were served to 36 members.

**HALLOWEEN PARTY IN PICKERING HOME**

One of the most enjoyable affairs of the year for the young people was the Halloween party in the home of Mr. and Mrs. W. M. Pickering Saturday eve when Leslie Pickering entertained a number of friends, with Mr. and Mrs. Pickering and Mr. and Mrs. Edwin Eanes assisting.

Highlights in the evening's entertainment were fortunes punched from a punch board and read aloud; a contest of volley ball played with large balloons from which everyone emerged breathless. Next every guest was led one by one through the hall of death where the remains of the old witch haunted even the bravest. Her eyes, hair, teeth, hand, and heart were touched by all while walking among her rattling bones and hear-

ing her dying moans and groans. The house rang with the echo of screams. Partners matched numbers and assembled to proceed on a treasure hunt which led through brush, up driveways, around the fish pond, through flowers, trees, etc., until the treasure, consisting of candy corn was found and dug up and devoured by the searchers. The party reached its height in a trip to the moon. After reaching the moon each traveler was made to jump back to earth. Guitar, french harp, and organ music was enjoyed together with singing at intervals during the evening. Appetites relished refreshments of cake and punch.

The party ended with music and Home Sweet Home, after which the guests departed, having enjoyed a very delightful evening.

**MIDWAY QUILTING CLUB**

The Midway Quilting Club met with Mrs. Everett Stevenson as hostess Thursday. A lovely covered dish dinner, which consisted of baked chickens and gravy, green beans, potatoes, English peas, vegetable salad and fruit salad of several varieties, pies, cakes and canned peaches with coffee and hot chocolate was enjoyed.

One quilt was finished and another mostly quilted. Guests for the day were Mrs. Grant, Mrs. Clyde Hudson, and Mrs. Hudson of Goldston, Mrs. J. A. Meaders, Miss Katie Meaders, and Mrs. Stone. Ten members were present. The club will meet with Mrs. Bill Bromley Thursday, November 10th.

**ANNUAL FLOWER SHOW**

Mesdames Walter Taylor, Lon Rundell and C. C. Powell were invited as judges of the annual flower show held in Pampa Friday of last week.

These ladies report a very beau-

tiful and interesting display of flowers in a large variety arranged in classified form. The table center pieces, church decorations and other arrangements of merit were featured, and some very exquisite Dahlias and roses worthy of mention.

After the judging the ladies were escorted to the Schneider Hotel where they enjoyed a lovely luncheon.

**JUNIOR H. D. CLUB**

# PIGSKINS ARAGRAPHS

By DICK COOKE

And this is really a headache!!! In the guessing contest this week, two tied for first, three for second.

Besides tying for first the two contestants had to go and get the exact total of 39 points for the Clarendon - Canadian, McLean - Shamrock battles.

So to J. R. Gillham and H. L. Lane go a deadlock for the Bryan Clothing Co. prize and Douglas & Goldston prize; to Gene Butler, G. W. Estlack and Alex Cooke go a tie for the cleaning and pressing at Shaver and Whitlock. That's all I can do about it boys, you'll have to battle it out between yourselves.

We've got to make it a bit tougher this week, so here it is: Wellington vs. Memphis; Clarendon vs. Groom; White Deer vs. Claude and Amarillo vs. Borger.

### CARD OF THANKS

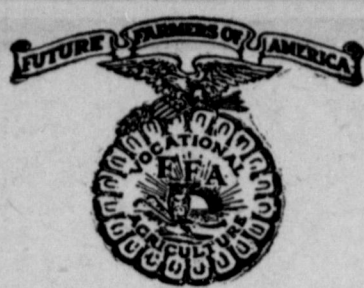

We wish to thank the opportunity to thank the members of the Clarendon fire department and all those assisting in extinguishing the fire at the gin Saturday night. Smith Bros. Gin. By Bert Smith.

### CLASS B SCORES

Clarendon 13, Canadian 7. Lefors 14, Perryton 26. McLean 19, Shamrock 0.

### FROST FORECAST

The weather bureau at Amarillo reports a likelihood of frost in this section before morning, and freezing weather tomorrow over northern Panhandle counties.

### Project Program

Increased interest and enthusiasm are evident in the project program of the local F.F.A. members for 1938-1939. Every member has at least three projects and they show a wider scope than ever before. Purebred sows and pigs for pork production are the most popular projects for the year, but this is easily accounted for by the fact that the local group is entered in the Texas Swine Breeders Swine Production Contest for F.F.A. Chapters. Calf feeding and broiler production are other highlights of the feeding program encouraged by cheap feed.

Ten boys are feeding 20 calves for beef; 10 boys will feed 1800 broilers; 7 boys have 405 hens for egg production; 27 boys have 148 acres of grain sorghum for feed; 8 boys have 10 cows for milk production; 36 boys have 49 registered sows and gilts for pig production; 37 boys have 325 pigs for pork for spring and a large number will also feed for fall shows; 5 boys have 18 acres of wheat for grain production; 4 boys and the F.F.A. chapter will have 35 lambs for mutton; six boys have 35 acres of cotton for lint; 2 boys have heifers for development, and 1 boy has a cow for calf production.

The local chapter has fifty paid up members for the largest active membership in its history. The group meets regularly twice monthly and has an average at-

tendance for the year of 95 per cent.

### Pest Eradication

The local "aggie" classes are sponsoring a pest eradication program for its members which started October 28th. Rabbits, owls, hawks, rats, mice, prairie dogs, roadrunners, crows, and a number of other pests are included in the contest. Members are required to bring evidence of their pest destruction to be checked by their group captains. Each of the pests count a certain number of points. The contest will end on December 15th.

The five winning members, based on a point system will be awarded F.F.A. emblems by the chapter. The first place winner will receive a chenille emblem with CHS and his initials attached; the second place winner will receive a leather emblem; the other three winners will receive felt emblems. Each emblem will have the letter CHS and the boy's initials attached.

### Pigs for Feeding

In the past week and within the next two weeks, 40 aggies have and will have treated over 300 pigs for stomach and intestinal worms of various sorts. This is the first step after weaning in the preparation of the pigs for feeding for the spring show. Each aggie feeding pigs for the spring show is encouraged to treat his pigs. The treatment fulfills the requirements for one of his supervised practice jobs and adds approximately 20 points to the second six weeks grade.

In one individual case during the summer of 1938, one aggie member found that 14 cents worth of worm medicine given to a pig caused the pigs to weigh more than one hundred pounds more than his litter mate, not wormed, but fed in the same pen and from the same feeder and the same amount of feed.

### Donley Youths Sponsoring Registered Hog Program

Applications for registration this week sent the number of registered gilts and sows owned by Clarendon F.F.A. members well over the 40 mark.

Elbert Horton, Cecil Hickman, Maschl Cole, Ray Isham, Jr. Spier, Russell Morris, Carl Morris and Joe Williams each made application for registration of one or more gilts. L. B. Hartzog, Herman Higgins, Clyde Peabody, Howard Gibbs, Wayne Naylor, Lee Christie, Johnny Leathers, Billy Goodman, and Earl Barker expect to register one or more gilts each in the near future.

Earl and Raymond Shannon, W. H. Nelson, Homer Hardin, Gene Putman, J. W. Goodman, Ray and Roy Bulls, Wayne Morris, Frank Mahaffey, Forest and Freeman Helton, Carrol Peabody, Max Wilson, Ray Isham, Max Rumpy, J. T. Alexander and Allen Pittman each already own one or more registered sows or gilts. The registered females are evenly divided among the Hampshire, Poland China, and the Duroc Jersey breeds.

The local Aggie group owns registered Hampshire, Duroc, and Poland China boars. The local lions club assisted in the purchase of two of the above males to encourage club work in the county.

### Aunt Sallie Buchanan Has Another Birthday

Thousands of "cousins" writing for the special page in Farm & Ranch during the past half century will be glad to know that Mrs. S. E. Buchanan, beloved "Aunt Sallie" of Cousins Page and the Household, reached her 98th birthday the 18th of this month. She continues to make her home in Dallas.

## THRILL FOLLOWS ON THRILL IN FILM "TOO HOT TO HANDLE" SAT. PREVUE

Five major thrills, reminiscent of five great news events, provide the background for the new Clark Gable-Myrna Loy picture, "Too Hot to Handle," coming to the Pastime Theatre Sat. Prevue, Sun. and Monday.

They include the aerial bombing of Shanghai, the crash of a famed aviatrix's plane on a round-the-world flight, the explosion of a mystery munitions ship, the disappearance and rescue of an American flier held as white god by natives in the South American jungles, and a pitched battle between the New York police and a notorious two-gun gangster barricaded in a tenement flat with a "tommy-gun."

A story of newsreelmen, Clark Gable and Walter Pidgeon play rival newsreel cameramen and Myrna Loy portrays the daring aviatrix. They are supported by Walter Connolly who plays Gable's boss and Leo Carrillo as Gable's sound man.

For the picture, a section of bombed Shanghai was recreated, a plane was crashed and burned, a 315-foot liner was burned at sea while two hundred expertswimmers were rescued from the turbulent sea, a New York street was erected for the gun battle, and a picture expedition was sent into the Dutch Guiana jungles to film a tribe of one thousand Negroes who had never before seen a white man.

On a round-the-world flight, Miss Loy crashes her plane in Shanghai. A keen rivalry begins to obtain her flying services for rival newsreel companies. She joins Gable's company on condition it finances her to find her missing brother, believed to be held prisoner by jungle natives. Meanwhile, Miss Loy and Gable scoop the world with a newsreel of a burning liner. Gable and Pidgeon finance her expedition and the brother is rescued. Back in

New York, Miss Loy rushes into Gable's arms during a gun battle.

### Car Loadings Continue To Show Decrease

The Santa Fe Railway System carloadings for the week ending October 22, were 24,204 cars compared with 26,058 for the same week last year. Received from connections were 6,543 cars compared with 7,861 during a similar period last year. Total cars moved were 30,747 compared with 33,919 in the same week of 1937. The Santa Fe handled a total of 29,321 cars in the preceding week of this year.

# The Fords Tell Their Plans

## for 1939

IF WE KNEW anything better we could do for the country than make good motor cars, we would do it.

By every one doing his best in the job he thinks most useful, this country is going to regain its momentum. We have tried to do our best in our job.

When business was suddenly halted in its recovery more than a year ago, we determined that we should keep going anyway, if not at full-volume motor car production, then at getting ready for greater motor car values that would help future production.

### EXPANDING FOR THE FUTURE

We began to build 34 million dollars' worth of new plants and equipment. We felt that if we could not employ all our men building motor cars, we would employ as many as we could building better production facilities.

We were told, of course, that this was no time for expansion, that a wiser business policy would be to "hold everything"—which means, stop everything. But no one ever got anywhere standing still.

Besides, we are not defeatists. We do not believe this country has seen its best days. We believe this country is yet in the infancy of its growth. We believe that every atom of faith invested in our Country and our People will be amply justified by the future. We believe America is just beginning. Never yet have our People seen real Prosperity. Never yet have we seen adequate Production. But we shall see it! That is the assurance in which we have built.

Business is not just coming back. It will have to be brought back. That is now becoming well understood in this country; for that reason 1939 will be a co-operative year. Manufacturers, sellers and buyers will co-operate to bring back the business that is waiting to be brought back.

This construction program is almost completed. It has increased activity and payrolls in a number of related industries. It has given us better facilities for building better cars and trucks, and eventually our new tractor which is being perfected.

### THIS MEANS MORE VALUE

The current program has provided a new tire plant, which will turn out a part of our tire requirements... a new tool and die plant that will help us cut the cost of dies... and a steel-press plant that will enable us to make more of our own automobile bodies. These are in addition to the plants we already had for producing glass, iron, steel, plastics, and many other things.

We don't supply all our own needs, of course, and never expect to. The Ford engine is one thing

Henry and Edsel Ford, on the occasion of the 35th anniversary of the founding of the Ford Motor Company, June 16, 1938

that no one's hand touches but ours. Of nearly everything else we use we build some quantity ourselves, to find, if possible, better and more economical ways of doing it. The experience and knowledge we gain are freely shared with our suppliers, and with other industries.

We take no profit on anything we make for ourselves and sell to ourselves. Every operation, from the Ford ships which first bring iron ore to the Rouge, is figured at accurate cost. The only profit is on the finished result—the car or truck as it comes off the line. Some years, there is no profit for us. But we see to it that our customers always profit. A basic article of our business creed is that no sale is economically constructive unless it profits the buyer as much as or more than the seller.

Our new plants have helped us build more value into all our cars for 1939. That means more profit on the purchase to the purchaser.

We have not cut quality to reduce costs.

We simply will not build anything inferior.

### NEW TESTING EQUIPMENT

While we were putting up new plants to produce cars, we constructed new equipment to test them. The first weather tunnel of its kind ever built for automobile research went into operation at our laboratories this year.

It makes any kind of weather to order. The weather it delivers every day would take months to find in Nature. Our cars are weather-tested to give you good service in any climate anywhere.

In other tests, every part of the car is punished unmercifully. Then our engineers tear it down to see if they can find abnormal wear or any sign of weakness.

The money we spend on tests saves you money on repairs. And your family car is safer and more dependable when we put it in your hands.

### THE NEW CARS

We have two new Ford cars for 1939—better cars and better looking—but we also have an entirely new car.

It's called the Mercury 8. It fits into our line between the De Luxe Ford and the Lincoln-Zephyr. It is larger than the Ford, with 116-inch wheelbase, hydraulic brakes, and a new 95-horsepower V-type 8-cylinder engine.

We know that our 1939 cars are cars of good quality. We think they're fine values in their price classes.

With new cars, new plants, new equipment, the whole Ford organization is geared to go forward.

### CHURCH OF CHRIST

H. V. Crumley—Minister  
"Five duties of a christian life."  
This will be the sermon subject for this Lord's day worship hour. There are many commands that a christian must do and many duties

to be performed, but in this lesson we will discuss only five of them. The text will be found in I Cor. 16:13-14. It reads, "Watch ye, stand fast in the faith, quit ye like men, be strong, let all that you do be done in love." Read it as well as the context, then come and hear it discussed.

The Ladies Bible class will meet at the church building at 2:45 pm. Remember the change of time and be there.

### AT THE FIRST BAPTIST CHURCH

J. Perry King, Pastor

There is Always Worship Fellowship :: Service

Men and women who are characterized by their loyalties to the higher and nobler things in life fill places in the world that are supreme. Christianity has been called by its founder, the light of the world and the salt of the earth. There is no fault to be found with Christ nor Christianity. The fault is in failing to be loyal to the high ideals which Christ said would save society. Now, as never before, ought Christians to be loyal to Christ. This is the time when christian living will mean as much or more as in the first century. The men and women today who dare to be christian will forget themselves into immortality while those who run with the hare and the hound will drop into oblivion. Let us make this our day the greatest of all days by living up to the possibilities, opportunities, and demands of the time. It can be done. Regular services Sunday at the

Baptist Church. Your presence will make us happy, and when you make somebody else happy you will find that you feel better yourself.

### Presenting Clarendon Junior College

By Dortha Watson

This week, or any week, we shall endeavor to impress upon your minds the importance and meaning of education. The Clarendon Jr. College offers two courses of education. The first, known as Psychology for Students of Education is to be explained this week.

It is a course designed to give a general introduction to education and to present the fundamental principles of psychology which underlie learning and teaching. The field of elementary education is emphasized.

In the broadcast sense, education is the production of useful changes in human beings. These changes may be classified into three divisions: changes in knowledge, in skill and in ideals. Probably all changes wrought in human beings which in any sense are educational, fall under these three heads. Obviously then, education is the most essential business of the human race; for the welfare of the race depends upon education as it depends upon nothing else. Which changes are useful and which are not is a question that cannot be answered as easily as it would seem at first glance. The term useful should not be limited narrowly to the things

which are immediately applicable in making a living, but should include all changes which will broaden and enrich the life of the individual.

Psychology has been defined as the science of mind, the science of consciousness, and the science of behavior. After analyzing these three definitions, we find that they all sum up into one: the science of behavior. By behavior is meant the activity of the man or animal as it can be observed from the outside.

Thorndike has defined the purpose of education thus: "The aim of education is, as we have seen, to change human beings for the better, so that they will have more humane and useful wants and be more able to satisfy them."

Psychology is without doubt the fundamental of all education; thus, it is a most essential course.

#### Mrs. Davis is Enjoying Much Better Health

Badly afflicted with rheumatism and high blood pressure, Mrs. W. S. Davis of near Ashtola, was accompanied to Milling Sanatorium at Mineral Wells by Mr. Davis about the first of September. Mrs. Davis remained until October 11th and returned home greatly improved in health with no indications of her old trouble. Mr. Davis stated Saturday. The many friends of this fine old couple will be pleased to hear of their good fortune.

#### GILBERTS TO CELEBRATE

Mr. and Mrs. C. C. Gilbert will observe their golden wedding anniversary at their home here tomorrow. These fine citizens have been residents of the Panhandle for around forty years.

James Smith left Wednesday to take a position in Cheyenne, Okla.

#### NEGRO—

grabbed them both but it was too much for me to handle so I hit the older woman with my left fist and knocked her down. I dragged the other into the trees and then went back and dragged the old woman into the trees."

Norman's confession went on in minute detail of the revolting crime hidden by the trees of the dirty junk littered dump. It also carried an admission that he made the woman submit to horrible sex abuses upon the threat of death.

Concluding the confession, Norman said that before he got through, the older woman had recovered, and was kneeling and praying out loud.

"I helped them to their feet and went on back to town," he said.
