State Economy Recovering

Local Conditions Strong

State Comptroller Bob Bullock reports that the Texas economy is finally improving. "We're seeing another month of strong sales figures, and that's good news for Texas."

Texas collected \$74,999,884.36 in April, a 13.07% improvement over last year. Sales were up 7.83% over the comparable year-to-date figures for last year.

Donley County performed well, but close to the state average. The county reported April sales 7.09% above April 1989, with YTD figures up 3.26% above last year. The City of Clarendon was up 6.96% and 3.41%. Hedley did not report any monthly collections for April 1990, off (-)6.77% for YTD figures. Howardwick appears to be thriving, up 8.35% for April and 8.09% YTD.

Area counties were generally bright, too. Armstrong (Claude) was up 18.46% and down (-)2.0%. Carson reported up 40.20 for month and 4.25% for the period. Childress was up 32.67% for the month, but only managed -1.48% for 1990-to-date.

Collingsworth (Wellington) was up 40.62% and 4.68%. Gray raked up 3.75% and -1.44%.

Hall County gained overall, but from mixed results. The county averaged 13.33% for April but -4.21 YTD. Turkey seems live and thriving at 24.62% and 11.27%. Poor Memphis performed about as poorly as any community in the region, with a moribund -2.58% and -6.70%.

Hemphill (Canadian) was up and down, 13.4% for April, -2.92 YTD. Motley County was a statistical oddity. It averaged -6.51 and (+) 1.10, but the figures for Matador were (+)36.76 and -5.96 while Roaring Springs reversed that pattern with -34.38 and (+)9.30.

Amarillo's two counties (Potter and Randall) reported 63.43/11.27% and 4.67/1.95% respectively.

Wheeler chalked up 9.99% and 2.92%.

Figures comparing 1989 and 1990 are encouraging, but in most area towns, the period 1987-1989 was depressed. While the improvement was welcome, continued growth is badly needed.

Clinic To Be Held July 9th

The Breast Cancer Screening Program of the Don and Sybil Harrington Cancer Center and High Plains Baptist Hospital of Amarillo will continue community outreach clinics for early detection of breast cancer.

Funding is available through the Texas Cancer Council for screening mammography for Texas residents qualifying for financial assistance.

Early detection of breast cancer is the major goal of cancer control for each woman seen in the clinic. The clinic provides low cost screening which includes a breast exam by a Registered Nurse trained in breast cancer detection, teaching of breast self examination, and a mammogram.

Currently, the most effective method known to win the battle against breast cancer is early detection. Early detection is best done by following the guidelines recommended by the American Cancer Society for breast cancer screening for women who have no signs or symptoms of breast cancer. The guidelines are:

1. Learn and perform breast self examination every month.

2. Have a physical examination of the breasts every year.

3. Have a mammogram according to the recommendations by age.

Age 35 to 40-One baseline mammogram

40 to 50-A mammogram every 1 to 2 years

Over 50-Yearly mammograms

A clinic designed to meet the needs of low income women will be held in Clarendon on Monday, July 9, 1990, from 10:00 a.m. until 3:00 p.m., in the Old Courthouse at 300 South Sully. Exams are done by appointment only. For more information about the clinic or to make an appointment, please call the Harrington Cancer Center at their toll free number, 1-800-274-4673. Locally, for more information, contact Robbie Hill at Panhandle Community Services (874-2573) or Cheryl Pickard at the Donley County Extension Office at 874-2141.

Rehearsals Set

Rehearsals for the Miss Donley County Pageant have been set for June 14th and 15th at 7:00 p.m. at the Harned Sisters Auditorium. All ticket stubs and money must be turned in by the contestants at the June 14th rehearsal.

June 15 is dress rehearsal and all contestants must attend the rehearsal to be eligible for the pageant. Contestants only will be allowed in the auditorium during rehearsals.

RONALD THOMAS ANDERLE

Ronald Thomas Anderle and Leo Gregory Anderle, sons of Dr. Margaret Thurmond - Anderle and Greg Anderle of Amarillo, born March 25, 1990.

LEO GREGORY ANDERLE

Ronald weighed four pounds and eleven ounces and was 17 and 1/2 inches in length while Leo weighed four pounds seven ounces and was 18 and 1/2 inches in length.

Booth Space For Rent

The Donley County 4-H Clubs are once again sponsoring booth space for rent on the Courthouse Lawn on July 4, 1990. Spaces are \$10.00, and all proceeds go to the 4-H'ers. For further information, contact the Donley County Extension Service Office at 806/874-2141. They are open until 5:00 p.m. each day.

REV. STEVE WOODARD & FAMILY
Missionaries to Visit
Clarendon

Reverend Steve Woodard, a recently appointed Assemblies of God missionary to Mexico, will be speaking at First Assembly of God, corner 5th and Mc Clelland, on Sunday, June 17th at 11:00 p.m., according to Reverend J.W. Brown, pastor.

While this will be the Woodwards' first assignment as a full-time missionaries, Steve and his wife, Sheri, were both involved as young people with the Assemblies of God's Ambassadors in Mission (AIM) program. Sheri participated in short-term AIM outreaches in Honduras and Jamaica. Steve went to Mexico with AIM. Together, Steve and Sheri served as sponsors on an AIM mission to Germany. Steve's involvement with Royal Rangers, and Assemblies of God scout organization for boys, also took him to Australia and New Zealand. Most recently, Steve and Sheri worked on a missions construction project on Mexico.

For 10 and 1/2 years Steve was an associate pastor at First Assembly in Amarillo, Texas. In this capacity, he was involved in Christian education, children's and youth ministries, T.V. production, and a bus outreach. Sheri worked with the church's children and in the music program.

Pageant To Be Held

Make your plans early this year to attend the Miss Donley County Pageant on Saturday, June 16 starting at 7:30 p.m. in the Harned Sisters Auditorium on the Clarendon College campus. The judges for the pageant this year will be Geoff Bynum from KVII Channel 7, Donna Cordova from KVII Channel 7, and Mary Hazelwood from Kimberly Quality Care. The entertainment will include Dan Hall from Clarendon, Amanda Godfrey from Memphis, Heather Wilson from Wellington, Anabeth Williamson from Amarillo, Jim Shadle from Clarendon and Londa Crump from Hedley.

Tickets are \$2.00 for adults and children under 12 free. They can be purchased in advance from any Miss Donley County contestant or at the door.

Cancer Drive Completed

The Donley County American Cancer Society residential drive for 1990 was a big success. Cinda Courtney, co-ordinator, wishes to thank all the people involved with this year's event.

A tremendous thank you goes to the residential neighborhood captains. Howardwick, headed by Margaret Wells, raised \$495.00. The communities of Naylor, represented by Irene Jones, and Martin, led by Linda Kay Bell, and Lelia Lake, represented by Susie Shields, collected a total of \$467.00. Mary Ruth White chaired the Hedley drive and raised \$382.00. Clarendon's residential total was \$1,234.00. Neighborhood captains were Betty Boston, Phoebe Ann Buntin, Cindy Shelton and Billie Terry. A grand total of \$2,578.00 was collected from the Donley County residents, and the contributions are greatly appreciated!

Carol Grady, publicity chairman, and Barbara Cospier, treasurer, are to be commended for their hard work put into this year's campaign. Hopefully, the 1991 residential drive will be just as successful.

County Insect Problems

You may have noticed the migration of large numbers of moths lately around your lawn, trees, and maybe even fields. According to area Entomologists, the moths are likely *melipotis indomita* (Walker) and *Bulia deducta* (Morrison) and in the larvae stage they are generally called mesquite cutworms. The larvae have been known to strip the foliage from large areas of mesquite. They are not known to attack other trees or vegetables. Large numbers of one or both of these larvae develop in some years. In May and June of 1984, very large populations of *Bulia Deducta* stripped the foliage from mesquites over a wide area of the Rolling Plains.

A good portion of the cotton crop in Donley County is planted and the majority of it is already up and growing. There have been some cotton disease problems that have caused many fields in the Hedley area to be replanted. Now with cotton up and going insect problems are of major concern throughout the rest of the growing season.

Cotton producers can expect thrips to be moving in from wheat and spring grasses. In dry years, they often move in heavy numbers. Rain this spring should have reduced thrips levels and provided hosts other than cotton. Where heavy thrips movement is observed into cotton, control measures should be applied when there are five thrips or more per plant. Don't hesitate with treatments because after thrips have damaged small plants, control measures do not improve the situation. Rapidly growing cotton plants are not as adversely affected by thrips as plants growing slowly due to cool or dry conditions.

Boll Weevil trap numbers to date are much lighter than in previous years. It may still be a little early to tell, but the dry, cold temperatures in December of 1989 may have substantially reduced overwintering weevil populations. This seems to be the case all around the state.

Cotton producers will also want to be on the lookout for two other moth species that might be found in cotton. The white-lined sphinx hornworm and the salt-marsh caterpillar have been found in cotton fields in counties east of Donley County. Both of these species will feed on cotton and can cause damage if they are in very abundant numbers. These two species may also feed on other field crops and vegetables.

For more information on insect problems and control, contact the Donley County Extension Office.

Blue Corn Finds Market Niche

It seems everything comes in decorator colors, even corn -- blue corn that is.

But blue corn is not some genetically engineered product designed to look pretty. Blue corn occurs naturally; the Spanish explorer Coronado found the Pueblo Indians planting it back in 1540.

The traditional blue corn tortilla is the backbone of the blue corn market, but processors have introduced many new products such as blue corn chips, muffins, pancake mixes and even blue corn flakes. The grain has a coarser, sweeter and nuttier taste than other types of flour corns.

Arrowhead Mills in Hereford, Texas, has been processing and milling blue corn for five years.

"At first we thought blue corn would be a fad, but it is here to stay," said Arrowhead Mills President Boyd Foster. "Blue corn makes up 8 to 10 percent of our

sales and constitutes \$750,000 in revenue sales each year."

Agronomist Cloyce Coffman with the Texas Agricultural Extension Service said the niche market is very small.

"The quantity demanded at this point by consumers is very low in comparison to feeder corn because the market size itself is small," he said.

Coffman said farmers should have an outlet for their market before they plant. "It is important for producers to have a contract with a processor before planting, because blue corn is such a specialized product," he said. "Your average country elevator just won't accept blue corn like regular feeder corn."

Arrowhead Mills processes about 1 million pounds of blue corn each year, and Foster said the firm's biggest selling product is the pancake mix.

MR. & MRS. RICKEY MARTINEZ

Woodard-Martinez Wed

The First Baptist Church of Hedley was the site as double ring wedding vows were exchanged between Kelley Elizabeth Woodard and Rickey Martinez at 3:00 Saturday, April 7th with Reverend Lewis Ellis, former pastor, officiating. A three-tiered brass candelabra and two floral arrangements of mauve and country blue silk flowers formed the background. The unity candle on a brass stand, was accented with mauve and country blue flowers. Pauline Estes of Wellington, organist, provided the music. The bride's sister Lee Ann Carmichael served as matron of honor. She wore a mauve lace over pink satin tea length dress and carried a bouquet of country blue silk flowers. Ramona Woodard, niece of the bride served as the candle lighter. She wore a country blue lace over blue satin tea-length dress. The brides wedding gown was made of regal satin overlaid with ivory lace. The dropped waist was accented with a band of ivory satin and a big bow on the back. The hemline was high-low and tea-length. Her bouquet was a cascade of ivory silk roses accented with mauve and

country blue. The groom wore black tails with a black tie and cummerbund and a mauve boutonniere. The best man was Sheldon Duncan of Denton. He wore a black tuxedo with a mauve tie and cummerbund.

A reception followed the ceremony in the Fellowship Hall. The three tiered ivory wedding cake was decorated with candles and mauve silk flowers on the top tier. On the second stood a porcelain wedding figurine surrounded by flowers. The cake and punch were served by Donda Marsh of Canyon and Ramona Woodard of Clarendon. The brides table was covered with an ivory lace cloth over pink. The groom's table held a coffee service, German chocolate cake and chocolate horseshoe embossed with the wedding date. Serving was the groom's sister. A 1982 graduate of Hedley High School, the bride is the daughter of Mr. and Mrs. Bill Lowe of Pampa and the late Jack Woodard. She is currently employed by Furr's Supermarket in Canyon. The bridegroom, son of Mr. and Mrs. Juan Martinez of Wellington is a 1982 graduate of Wellington High School. He is also a graduate of TSTI in Amarillo. He is currently employed by Western International in Amarillo. Following a honeymoon trip to Dallas the couple will reside in Amarillo.

Because Some New Mexicans Cared ...

Several New Mexico towns have built a tourist industry on sections of I-40 that carry fewer than 10,000 vehicles per day. In Clarendon, more than 10,600 cars and trucks per day pass between our two bank buildings. What have you done today to help develop tourism in Donley County?

**MICHAEL STRICKLAND
Local
Grandson
Graduates**

by Eddie Strickland

Eddie Strickland flew with the Strickland's only son, De Juan Strickland of Onida South Dakota to attend Michael's graduation-the only Strickland grandson.

Dr. Michael De Juan Strickland was graduated from the University

of Texas Medical School at San Antonio, Texas on Sunday, June 3, 1990 at 7:30 p.m.

Graduation exercises and program were in the auditorium of the Trinity Church. The main speaker for the graduation was a member of President George Bush's Cabinet.

Immediately afterwards, there was a beautiful outdoor reception in the moonlight among the flowers, fountains and trees while all shared in such great joy that no one of the doctors offered to serve any sick person that night even after they were urged to "lay down" their own lives for even one poor little suffering soul.

On Monday, De Juan and Eddie took Michael to lunch together with his sister, Karen Strickland, who is a teacher in Houston then immediately headed back to Amarillo for home here in Clarendon and in Onida, South Dakota.

Dr. Michael De Juan Strickland is not the first Dr. Strickland to practice in Clarendon. Mrs. Ruby Dell Estlack told me of two Strickland doctors, Drs. Gy and Mark Strickland, brothers who took care of her father in 1934.

Dr. Michael Strickland left immediately for Pittsburgh, Pennsylvania to the home of his cousins, Mr. and Mrs. James Russell, Jr., an

attorney of law there. Michael and Russell grew up as very close knit cousins as they spent much time together in their Stricklands grandparents home.

Michael is to do his internship in Pittsburgh.

Graduates**

Janet Elizabeth Risley of Clarendon was among 129 students receiving their Bachelor's degree in Lubbock Christian University's Spring Graduation ceremonies.

Janet graduated with a Bachelor of Science in Secondary Education. She is the daughter of Mr. and Mrs. Maurice Risley.

Janet was a member of the Alpha Chi National Honor Society, where she served as Vice-President. She was also a member of the National Dean's List and Who's Who. She was named Academic All-District in Track and was a member of Women's Track and the District XVI Champion Cross Country Team.

Lubbock Christian University is a Liberal Arts institution dedicated to providing a quality education in a Christian atmosphere.

The university offers 29 bachelor's degree programs with an average enrollment of more than 1,000 students. LCU combines large university quality and small college personal attention.

**Reception To
Be Held**

George W. Bush will visit Clarendon on behalf of U.S. Congressional candidate Dick Waterfield. Bush will participate in a 2:30 p.m. reception for Dick and his wife Gail at the Clarendon Community Center on Thursday, June 21st. The reception will be hosted by T.M. and Genevieve Caldwell and Jenks and Tandy Boston. Refreshments will be served. Everyone is invited to attend. For more information call 874-2513 or 874-3792.

**Local
Chairman
Attends
Convention**

Donley County Democratic Chairman Jean Taylor and delegate Dean Hill attended the State Democratic Convention in Fort Worth.

Upon entering the convention, we visited with the Texas Teachers Caucus. Then we picked up our credentials and it was on to the Labor Union Caucus and Texas Democratic Womens' Caucus. At all the meetings, we heard Ann

Richards speak on the issues that concerned each group. After visiting as many booths and caucuses as possible, the 31st Senatorial District had our own. The meeting was opened by our State Committee Woman, Clarendon's own Brenda Barrett.

Bill Sarpalius and Bryan Poff addressed the group and then we got down to our business.

At 6 o'clock, the convention opened with the keynote speaker, Senator Lloyd Bentsen. Those of us from our district were so proud when the Senator mentioned our own Congressman Bill Sarpalius by name twice in talking about our leaders in Congress. And of course, we were very proud when the fourth speaker and the only Congressman to speak was Bill Sarpalius. He spoke on the rural concerns, the total cutting of all funds for R.E.A. for rural telephone co-ops, more cuts for rural hospitals.

Bill also spoke about Lithuanian independence, how a tiny country who the communists in taking over killed 1/3 of the population and 380,000 at one time, was only asking to be recognized. And how every President since 1938 had refused to recognize the communists until now.

The next morning at the Convention, we had as our speaker, Ann Richards. Ann was introduced by an honors student. Ann spoke over 35 minutes of her hour speech on education. Ann pointed out that the honors student had received his education, a strong background from 13 computer languages to sports from the public education system. Miss Richards went on to talk about what we must do in Texas to have a bright future.

We were pleased to have met and talked to all the democratic candidates for state-wide offices.

ments under the direction of Robertson Funeral Directors of Clarendon.

Mr. Bryan died at his home in Claude on Tuesday, June 5, 1990 after a sudden illness. He was born October 1, 1911 in Braithwaite, Oklahoma and was married to Elaine Prough on August 5, 1934 at Gotebo, Oklahoma. He had worked most of his life as a mechanic and worked for 35 years for Davis Brothers Chevrolet in Claude before his retirement. He was a former mayor of Claude and was one of the organizers of the drama "Texas" which is held in Palo Duro Canyon. He had lived in Clarendon for 10 years before moving to Claude in 1951. He was a member of the Church of Christ in Claude.

Survivors include his wife, Elaine Bryan of Claude; two daughters, Bonita Gayle Mayorga of San Antonio, Karen Virginia Goodin of St. Louis, Missouri; one son, James Bryan of Amarillo; three brothers, Alvin Bryan of Edmond, Oklahoma, Gid Bryan of Altus, Oklahoma, William Jennings Bryan of Hobart, Oklahoma; five granddaughters; and two great granddaughters.

Casket bearers were Gerald Ray, W.T. Sullivan, E.J. Britten, Paul Rutherford, Jim Hubbard, Cecil Hubbard, John Knierim, and Kenneth Banister.

The family requests that memorials be to High Plains Childrens Home in Amarillo.

**V.F.W. Ladies
Meet**

The Ladies Auxiliary to the V.F.W. Post #7782 met Thursday night, June 7th, for the purpose of installing the officers for the coming year. Following a brief business meeting, Mrs. Betty Dykes, President for District 13 installed the following: President - Josie Burgess; Treasurer - Ann Bunyan; Secretary - Lola Bartel; Guard - Billie Taylor; Conductress - Carmen Wright; Senior & Junior Vice Presidents - Ellie Wilkinson and Wanda Dromgoole; Trustees - Ilene Davidson, Mary Beth Nelson, and Nita Graham.

Other members present were Nova Neuhaus, Jean Baten, Pauline Cross, Irene Vinson, and Elinor McKee.

Museum Meeting Held

The Saints' Roost Museum Board of Directors met in a

called meeting on Wednesday, June 6th. The treasurer reported that \$5000 had been received from the City of Clarendon, which is most needed and appreciated. This is a result of the bed tax and will be used in a manner to promote tourism for Clarendon.

Plans for the annual Fourth of July free meal and open house at the museum were discussed and finalized.

The museum will be open a portion of each day, Wednesday, July 4th through Sunday, July 8th as follows: Wednesday, July 4 - 10 a.m. to 5 p.m.; Thursday, July 5 - 1 p.m. to 5 p.m.; Friday, July 6 - 1 p.m. to 5 p.m.; Saturday, July 7 - 1 p.m. to 7 p.m.; Sunday, July 8 - 1 p.m. to 5 p.m.

Sloppy Joes, homemade ice cream and cake will be served Saturday evening from 6:00 p.m. to 7:00 p.m. at no charge.

Also, this year a \$50.00 Savings Bond will be given as a door prize. The drawing will be held at 7:00 p.m. on Saturday and you do not have to be present to win.

Plans for various exhibits are being made and we will have more on that later. Everyone please plan to attend.

Medical Center News

Residents of Medical Center had our monthly meeting Tuesday, June 5th, 1990 at 10:30 a.m. We all gathered in the dining

room for our regular a.m. activity. Charlie Bairfield called our meeting to order and asked our Activity Director Vera Johnson to lead us in prayer. Then he asked our recording secretary to read our last minutes. The residents approved the minutes as being correct. Then Vera Johnson explained the June activities calendar to us. The residents voted their approval. Jeannie Formway led us in planning our meal of the month. We decided to have ham or barbecue chicken, corn-on-the-cob or cream corn, green beans or red bean-tossed salad, and for dessert coconut or pumpkin pie. This meal will be served later in the month. Charlie then asked for the motion of adjournment. Peggy Hidran made the motion and Sybil Rattan seconded the motion. The meeting closed. We all played some bingo games and later we had our noon meal.

The residents that were present were: Nora Leathers, Hollie Coleman, Edna Tina, Threacle Foster, Joy Robinson, Roy Blackman, Andy Robertson, Peggy Hudson, Sybil Rattan, Love Stanley, Lois Percival, Lucille Luttrell, Veda Mahoffey, Ernest Kent, and Charlie Bairfield. Jeannie Formway, Vera Johnson and Charlie Bairfield were directing the meeting.

We would all like to give our thanks to Charlie for leading the meeting in a very businesslike way with the proper order.

Surprise Dinner Held

Preceding the regular stated meeting a "Surprise Spaghetti Dinner" was held in honor of District Deputy Grand Matron Mrs. Jerry Sheppard of Pampa Chapter No. 65 and Deputy Grand Matron Mrs. Tena Powell, Clarendon Chapter No. 6, Dist. II, Sec. V, with 39 members attending and one guest Marianne Nelson, daughter of Mrs. Vivien Hunter.

Those involved in the food preparation were - Carol Grady and Pat McCombs, Salad, Ethelyn Grady and Rachael Butler, French Bread, Frankie Henson and Polly Sarich, Spaghetti Sauce and Polly Sarich, Italian Tortoni for dessert. Chapters represented were: Paducah #506, Hedley #413, El Monti, California, Livingston

Chapter No. 172, Pampa No. 65 and Top O' Texas No. 1064 and Clarendon Chapter No. 6.

During the meeting WM Polly Sarich and WP John Sarich presented DDGM Jerry Sheppard and DGM Tena Powell with gifts of cloth woven baskets. Both the DDGM and DGM spoke of the Fellowship of Eastern Star members and the joy generated among them. Then the WP John Sarich was honored with a gift of an engraved letter opener, and WM Polly Sarich was honored with a gift of a beautiful beaded belt, compliments of the DGM, Tena Powell, Frankie Henson and members of Clarendon Chapter No. 6.

WM Polly and WP John spoke of the gratitude they have felt for the attendance and work of all the members during the past year and of the many remembrances and events they will always have to look back on.

Mrs. Ruth Hancock will be Worthy Matron and Mr. Billy Powell will be Worthy Patron for the 1990-91 year, which everyone is looking forward to.

Public Notice

TO ALL FORMER AND CURRENT INTRASTATE WIDE AREA TELECOMMUNICATIONS SERVICE (WATS/800) SUBSCRIBERS:

Southwestern Bell Telephone Company has instituted a Class Action Lawsuit seeking judicial approval of a settlement reached in Docket No. 7297, an inquiry of General Counsel of the Public Utility Commission of Texas into possible overcharges which occurred between September, 1976, and February, 1987, due to rounding practices, on bills of intrastate WATS/800 customers sent by Southwestern Bell and other telephone companies which concur in Southwestern Bell's tariff. The suit is styled "Southwestern Bell Telephone Company, Plaintiff, vs. MCI Telecommunications Corporation, A Member of the Class of Texas Intrastate WATS and 800 Service Customers Who Paid Overtime Charges From September 1976 Through February 1987, Defendant," and identified as Cause No. 471,460 in the 126th Judicial District Court of Travis County, Texas.

Pursuant to the settlement, while not admitting liability, Southwestern Bell, the other local exchange telephone companies in Texas, and AT&T Communications of the Southwest, Inc. have agreed to pay refunds to those WATS/800 customers who paid overtime charges attributable to the rounding practices for intrastate WATS/800 services at any time between September, 1976, and February, 1987. The refunds will be based upon either the actual or estimated amount of overtime charges attributable to such rounding practices. An exact refund will be determined for customers able to produce copies of their WATS/800 service bills. For customers who do not have copies of their WATS/800 service bills to establish actual overtime charges paid, an average refund of \$4.53 to \$5.95 per WATS/800 service line per month will be applied. All claims will be subject to verification. The refunds will also include interest at the rate of 7.80% per annum.

Claim Forms And Additional Information

Those customers who think they may be entitled to a refund or who desire more information must call 1-800-782-3026, 8:30 a.m. - 4:30 p.m., Monday through Friday, or write to WATS Refund Pool Administrator, One Bell Plaza, Room 670, P. O. Box 650376, Dallas, Texas 75265-0376, to request a WATS Refund Information Package. The WATS Refund Information Package will contain further information regarding the lawsuit and eligibility for a refund, a description of documentation required to support a customer's claim for refund, and a refund claim form to be filled out and submitted requesting a refund. REQUESTING A WATS REFUND INFORMATION PACKAGE DOES NOT OBLIGATE YOU IN ANY WAY.

All claims for a refund must be received by the Refund Pool Administrator by Friday, October 5, 1990, and all rejections of the settlement (that is, requests for exclusion from the class action lawsuit) must be received by the Court by Wednesday, September 5, 1990. Only those who respond by filing a claim or by filing a rejection of the settlement, as explained in the WATS Refund Information Package, will receive notice of future developments in this proceeding.

Persons who wish to obtain further information may also contact the Public Utility Commission, Public Information Division, at (512) 458-0257 or (512) 458-1221, teletypewriter for the deaf.

Dear Editor,

I received the following letter from Bill Sarpalius.

Dear Mr. Russell:

Enclosed is a copy of correspondence received from the United States Postal Service in response to the request made in your behalf concerning modifications to the post office building in Clarendon.

We were pleased to note that the Clarendon post office is scheduled for improvements to make it accessible to the handicapped by June of 1990.

Thank you for bringing this matter to our attention. If we may be of assistance in another matter, please contact us. We are pleased to be of service to you.

Sincerely,
Bill Sarpalius
Member of Congress

The reply from the United States Postal Service:

Dear Congressman Sarpalius:

This is in response to your February 16 letter on behalf of one of your constituents, concerning the accessibility of the Clarendon Post Office.

The Postal Service is committed to making its programs and services available without discrimination to persons with physical handicaps. Accordingly, individuals who have accessibility problems may contact the postmaster, or station or Branch manager for any special assistance they may need.

Our continuing policy for facilities not covered by the Architectural Barriers Act is to consider, case-by-case, customer-requested building modifications and other actions to improve accessibility based on customer need and economic feasibility.

Your constituent mentions the lack of door delivery in Clarendon. Postal Service policy provides two delivery options: centralized

delivery or curbside delivery. Depending on safety and cost factors, receptacles may be grouped at central locations or in various other configurations. Door delivery is no longer an option in individual cases of hardship.

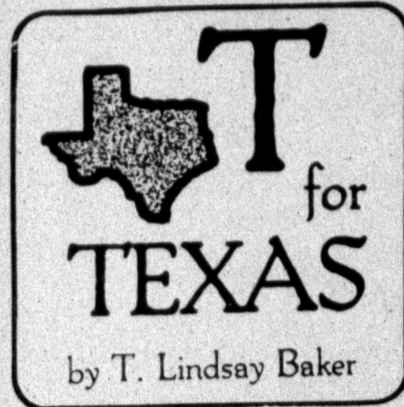

Clarendon Postmaster Bob McCombs reports that rural delivery service to curbside boxes is provided in Clarendon by four highway contract routes. It is possible your constituent may qualify for a delivery extension if he meets the required criteria. The principal criteria are that an average of one mile of travel added to the route, including and necessary retrace, and roads generally should be public, maintained in good condition and passable for vehicles throughout the year. Where necessary, adequate turnaround space must be provided for the carrier's vehicle. Extensions of service on private roads will not be made along private driveways.

Should your constituent wish to apply for a delivery extension, we suggest he contact Mr. McCombs who will be pleased to assist him in completing the application.

If I may be of further assistance, please let me know.

Sincerely,
James V. Hitaffer
Representative
Office of Government Liaison

This is just more proof that if you get into politics, all at once the voters are not able to think for themselves and that you must never tell them the truth. The Post Office will make a big project out of this when all is needed is to remove that bagworm bush and cut the curb. That is about a 90 minute job.

The First Hilton Hotel

T. Lindsay Baker

When you live somewhere, you tend to take things for granted. The phenomenon is the same anywhere from Monahans to Nacogdoches or from London to Bombay.

Just because the old Mobley Hotel in Cisco, Tex., was the first hotel purchased by Conrad Hilton of the Hilton Hotel chain, this distinction didn't make it special to most people for decades. From a cheap hotel, the two-story red brick structure in time became a convalescent home and finally an empty hulk where Main Street crossed the Texas and Pacific Railway tracks in Cisco.

The Mobley wasn't shabby when Conrad Hilton bought it back in 1919. A recently returned veteran from World War I, he traveled to Cisco in Mid-May of that year to negotiate the purchase of a local bank, only to discover that the deal had fallen through. Disgusted, Hil-

ton walked from the bank back to the railway station, hoping to return home to New Mexico that evening.

The next train was not scheduled until the next day, however, so Hilton had to find a place to spend the night. Walking the short distance from the station over to the Mobley, he found its lobby filled with overflow workers from the nearby Ranger Oil Field, each one of them clamoring for an 8-hour time slot in one of the rooms. By the time that Hilton had worded his way up to the registration desk, the manager called out, "Full up for today."

The night's inconvenience proved to present a great opportunity for Hilton, for that evening he visited with the hotel owner about his amazing business. After Hilton expressed possible interest in buying the hotel, the owner replied, "Fifty thousand and you can have my bed tonight." After dickering the price came down to \$40,000, and within a week Conrad Hilton had become a hotel owner.

Knowing that Cisco offered alternate eating establishments and realizing that his real money was to be made in renting spaces for sleeping, Conrad Hilton cancelled meal service and divided the dining room into twenty more tiny rooms, each with a bed and bureau, and he rented each of the additional rooms for three 8-hour shifts daily.

"If you were a worker in the oil boom," Don Shepard of the Cisco Chamber of Commerce explained to me, "you had a little box there on the wall for your linens. The oil field workers got clean linens twice a week. You'd take them to your room and then when you left you'd put them back on your box."

J.V. Heysler, 68-year-old justice of the peace at Cisco, told me that he remembered best the stone goldfish pond that still stands just east of the building. It was filled with water and had a little fountain that squirted water into the air to aerate the pond for the fish.

"We'd sit on the steps that they had around it, and we'd roll our papers there."

After the hotel stood derelict for several years, the City of Cisco with the assistance of the Hilton Foundation purchased the old Mobley Hotel in the mid-1980's and undertook a complete restoration of the building. Retaining the original exterior, the city rebuilt the interior to serve as a community center.

Although the funds for the acquisition and restoration of the building came from the Hilton Foundation, not everyone in Cisco thought that the money was necessarily well spent. Justice of the Peace J.V. Heysler, who had folded boyhood newspapers beside the goldfish pond at the hotel, asserted to me, "I thought it was ridiculous to put \$1 1/2 million into it, but that's just my opinion."
Personally, I'm glad they did it.

MISSION-Cont'd From P. 1

The Woodward's involvement in missions projects as well as their contacts with missionaries through the First Assembly has culminated in their appointment in Mexico. Steve and Sheri will be coordinating discipleship training programs in Mexican churches. The Assemblies of God has designated the 1990s as the "Decade of Harvest". Training Mexican Christians to grow in the Lord and reach their world is an important part of meeting the evangelistic goals of the decade.

Mexico is a land of great need. Most of its 88 million citizens live in poverty. Spiritually, the country is in darkness. While 97% of the people claim Roman Catholicism as their religion, much religious practice is purely traditional. The hearts of the Mexican people need to be reached with the gospel.

The public is invited to hear Steve and Sheri on Sunday, June 17. The challenge to evangelize the world can only be met by the collective participation of Christians committed to doing what they can to equip missionaries for service.

Relief for PMS Symptoms

PMS stands for premenstrual syndrome -- a group of emotional, physical, and behavioral symptoms that affect many women. Specific symptoms include, but are not limited to, depression, anger, irritability, breast tenderness, headache, bloating, and changes in normal sleep patterns and appetite. Nondrug approaches to PMS include dietary changes, exercise, stress reduction techniques, and family member support.

Prescription medicines: Progesterone and oral contraceptive medicines have been used to modify or delay the menstrual cycle. Pain relievers such as naproxen and mefenamic acid decrease the production of prostaglandins -- substances which may be in excess when PMS symptoms occur. Diuretics such as spironolactone may help control the bloating and breast pain that often occur just prior to menstruation. Tricyclic antidepressants such as nortriptyline may help ease premenstrual depression.

Nonprescription medicines: Aspirin, acetaminophen, and ibuprofen provide relief of pain. Pyridoxine (vitamin B-6) is included in some nonprescription medicines based on the theory that this vitamin suppresses the production of prolactin, a hormone found in high levels in some PMS sufferers.

Hedley News

The community was grieved at the passing of two of its own recently. Helen Wood Solomon passed away in Amarillo on May 31 following a lengthy illness. Helen grew up in Hedley, married Kenneth Solomon, also well known to Hedleyans, in 1967, and was a beautician. Helen always had a bright smile and a wonderful sense of humor. She will be missed.

Then, on Wednesday, June 6, Hedleyans were shocked at the passing of long-time resident W. B. "Nookie" Wiggins. Nookie was an active member of his church, served ably for several terms on the City Council, and supported the school and community in too many ways to enumerate. He, too, will be sorely missed.

Full obituaries may be found elsewhere in this issue.

In other news, Hedleyans were delighted to learn that Methodist pastor Terry Tamplen has been reassigned as pastor of the Hedley and Clarendon United Methodist Churches. Bro. Tamplen is a great credit to his church and to the community, and we wish him well as he begins his third year with the two congregations. The Hedley congregation held a special supper meeting Monday evening to hear a full report of the recent Midland

sessions of the Northwest Texas United Methodist Conference.

Manford Snelson was injured last Wednesday morning in Childress when a tractor ran over his foot. Swelling in the ankle and foot had subsided somewhat by Sunday. We wish him a speedy and painless recovery.

Several area residents reported seeing funnel clouds in and around Lelia Lake last week. Fortunately, none seem to have done any damage. Keep your ears tuned to radio or television as the clouds, so common this time of year, continue to roll.

Angie Boliver, daughter of Jimmy and Sharon Boliver, celebrated her sixteenth birthday at home in Amarillo this Saturday with a party of friends and relatives. Among the guests were grandmothers Joyce Boliver of Hedley and Marie Johnson of Clarendon, and Pauline and Jon Leggett of Hedley.

Pastor Rob Lackey and family are vacationing in Oklahoma City this week. Gracie Burkhalter rode with them to visit her daughter Rhonda, who has been quite ill lately.

David Holt has reopened the garage at Highway 287 and Main Street. We wish him well in his new enterprise.

Craig Kennedy, his wife Nancy, and six-month-old son Dustin, and Craig's sister Misty have been visiting home folks recently. Craig is

stationed at Loring Air Force Base near Caribou, Maine. They arrived in Hedley on Wednesday, May 30, and were in the area until Sunday, June 10.

brothers, Jeff Wiggins and Owen Wiggins, both of Pasadena; and 10 grandchildren.

The family requests memorials be to Rowe Cemetery.

Obituaries

W.B. Wiggins

W.B. "Nookie" Wiggins, 69, died Wednesday, June 6, 1990.

Services were at 2 p.m. on Friday, June 8 in the First Baptist Church with the Rev. Rob Lackey, pastor, and the Rev. Bryan Knowles, a retired minister from Clarendon, officiating. Burial was in Rowe Cemetery by Spicer Funeral Home of Memphis.

Mr. Wiggins, born in Hall County, had lived in Hedley more than 60 years. He married Geraldine Land in 1940 at Hedley. He was a member of the Masonic Lodge for 48 years. He was a Baptist.

Survivors include his wife; three sons, Bill Wiggins of Wheeler, Bobby Wiggins of Lakeview and Phillip Wiggins of Hedley; two

Helen Solomon

Funeral services for Helen Nell Solomon, 42, of Fritch, were held Sunday, June 3rd at 2:30 p.m. at the First Baptist Church in Hedley with Rev. Rob Lackey officiating. Burial was in Rowe Cemetery in Hedley under the direction of Spicer Funeral Home.

Mrs. Solomon passed away May 31 at St. Anthony's Hospice in Amarillo.

She was born August 31, 1947 in Memphis, daughter of Joe and Flossie Hill Wood.

She was married to Kenneth Solomon February 28, 1967 in Claude. She was a beautician and at one time worked in Memphis at Dorothy Stargel's Beauty Shop.

She is survived by her husband, Kenneth of the home in Fritch; one

daughter, Robin Lynn McPherson of Fritch; a son, Kenneth Lewis Solomon of Fritch; one granddaughter, Whitney Lynn; her mother, Mrs. Flossie Wood of Hedley; a brother Joe Wayne Wood of Panhandle; four sisters, Joy Stone of Childress, Kathy Bennett of Amarillo, Jane Wood of Hedley and Jean Stafford of Hedley.

The Clarendon News

sitting in my usual window seat in first class, having my favorite drink. I was returning home from the Middle East after a very trying week of top-dollar negotiations with the Arabs; I was very tired. Well, I guess I had fallen asleep but it didn't seem much like a dream. I normally don't sleep on my flights home, it leaves me restless and irritable. My customary routine would involve getting my notes together and planning my strategies on dealing with the oil companies. But sleep I did. It was unusually quiet on the plane that morning. I had reserved most of the cabin to try and get some work done; I was a very wealthy and influential man.

I dreamed--if it was a dream--that I was suddenly in the desert standing in the hot sun. Many men surrounded me with little whips and quirts. The men were talking in Arabic, but even though I speak fluent Arabic, I couldn't understand them. Up ahead was a giant stone structure with a narrow gap between two pillars. Walls skirted it on either side. I looked around for my briefcase and was met with the shock of my life! Someone brought one of those whips across my lower back, the pain was excruciating. I turned and tried to yell at the man, but when I did, the most horrible noise came out of my mouth; It shocked me so! I looked down at my feet they were...they were...hooves! I was a camel! I couldn't believe it! Then the men began pushing me toward the stone structure. I had no choice but to go. The load on my back was extremely heavy and the thirst was unbelievable.

I was led to the gap in the two pillars. I put my head through, the men were pushing madly. Two of

the men were arguing with the guard about something, they wanted me to go through the gap; I couldn't! The more I tried the worse it got. I was hanging up on something. Then one of the men started striking me with a rod, it was terrible. And the thirst! I could smell the water on the other side; I longed for it! I cried to the men: It's the load on my back! The load! Can't you see? It's too big! But they wouldn't listen. The pain and fear overtook me! I fell to my knees.

I awoke trembling. My clothes soaked with perspiration. Everything was as before: my feet were human, I had hands, and I could speak. I asked the flight attendant for a glass of water and gulped it down. I wanted to pray for the first time in years but couldn't remember how. I thought of the little New Testament church that my family and I used to attend. I thought of my teen-aged son whom I hadn't talked to in months. I thought of my wife. And I kept thinking--almost screaming--to myself: the load! Lighten the load! And then I remembered my Sunday-School days many years ago. I remembered a verse: "...How hardly shall they that have riches enter into the kingdom of God! For it is easier for a camel to go through the needle's eye, than for a rich man to enter into the kingdom of God. Luke 18:24,25"

I'm back here in my little New Testament church now. I'm so happy! My son is being baptized tonight! I was baptized six weeks ago. I gave my life, including money, to Jesus Christ and He helped me lighten the load. I feel like a new man! I'm sorry--I shouldn't be bothering you like this,

being a visitor. I just can't stop talking about my Lord. And you know that verse I just quoted? Well just two verses down from that says: "...The things which are impossible with men are possible with God." Isn't that Great?!

BLUE CORN-Cont'd From P. 1

"Blue corn products sell well because of its unique color and distinctive flavor," Foster said. "We sell products all over the United States, but the Los Angeles area is our biggest market."

Foster says farmers like to grow blue corn because it is a non-hybrid corn, unlike regular hybrid corn. This means farmers can carry over seed from one year to the next without having to purchase more.

Foster estimates that Texas produces 8 to 10 million pounds of blue corn each year.

Blue corn is often grown organically. It is best adapted to deep, well-drained, sandy loam soils with plenty of organic matter. Field preparation is the same as other types of corn. Depending on the soil type, seeds should be planted 1 to 2 inches deep and 9-12 inches apart on 36-inch centers under full irrigation.

Road Race Set

The Clarendon Chamber of Commerce is sponsoring the first Annual Saint's Roost Road Race on July 4th! There will be a 5K (3.1 miles) race for ages 15 and above, and a 1 mile run for 14 and under. The 1 mile and 5K will start at 9:20 a.m. and 10:00 a.m. respectively. Both races will begin and end in front of the courthouse. Awards will be given to boys and girls separately in the following divisions. In the 1 mile, the age groups are: 10 and under; 11-14. The top 5 boy and girl finishers in each division will receive an award. In the 5K the age groups are: 15-19; 20-29; 30-39; 40 and over. The top 3 male and female finishers in each division will receive an award. The entry fee is \$5.00 and entry forms can be picked up at Greene Dry Goods from June 27th until race day!

Property Tax Protest and Appeal Procedures

The law gives property owners the right to protest actions concerning their property tax appraisals. You may follow these procedures if you have a concern about:

- *the value placed on your property;
- *exemptions that may apply to you;
- *cancellation of agricultural appraisal;
- *whether your property is taxable;
- *which local governments should be taxing your property; or
- *you think the appraisal district has done something else that adversely affected you.

Your Appraisal District staff urges you to review the value records of your property at any time prior to the day of the Appraisal Review Board Hearings tentatively set for July 13, 1990, in the Donley County Courthouse Annex. Some protests result from errors or misconceptions which we are pleased to correct.

Review by the Appraisal Review Board: If you can't resolve your problem informally with the appraisal district staff, you may have your case heard by the appraisal review board.

The appraisal review board (ARB) is an independent board of citizens that reviews problems with appraisals and other concerns listed above. They have the power to order the appraisal district to make the necessary changes to solve problems. If you file a written request for an ARB hearing (called a notice of protest) before the deadline, the ARB will set your case for a hearing. You'll receive written notification of the time, date, and place of the hearing. The hearing will be informal. You and the appraisal district representative will be asked to present evidence about your case. The ARB will make its decision based on the evidence presented. You can get a copy of a protest form from the appraisal district office at the Donley County Courthouse Annex, P.O. Box 1220, Clarendon 79226; phone 806-874-2744.

Note: You shouldn't try to contact ARB members outside of the hearing. The law requires you to sign an affidavit saying that you haven't done so before the ARB hears your case.

Review by the District Court: After it decides your case, the ARB must send you a copy of its order by certified mail. If you're not satisfied with the decision you have the right to appeal to district

court. If you choose to go to court, you must start the process by filing a petition within 45 days of the date you receive the ARB's order. If the appraisal district has appraised you property at \$1,000,000 or more, you must file a notice of appeal with the chief appraiser within 15 days of the date you receive the ARB's order.

More information: You can get more information by contacting your appraisal district at the Donley County Courthouse Annex, P.O. Box 1220, Clarendon 79226; phone 806-874-2744. You can also get a pamphlet describing how to prepare a protest from the appraisal district or from the State Property Tax Board, 4301 Westbank Dr. Bldg. B, Suite 100, Austin, TX 78746.

Deadline for filing protests with the ARB

(the deadline is postponed to the next business day if it falls on a weekend or holiday)

Usual deadline: On or before May 31 for 30 days after a notice of appraised value was mailed to you, whichever is later.

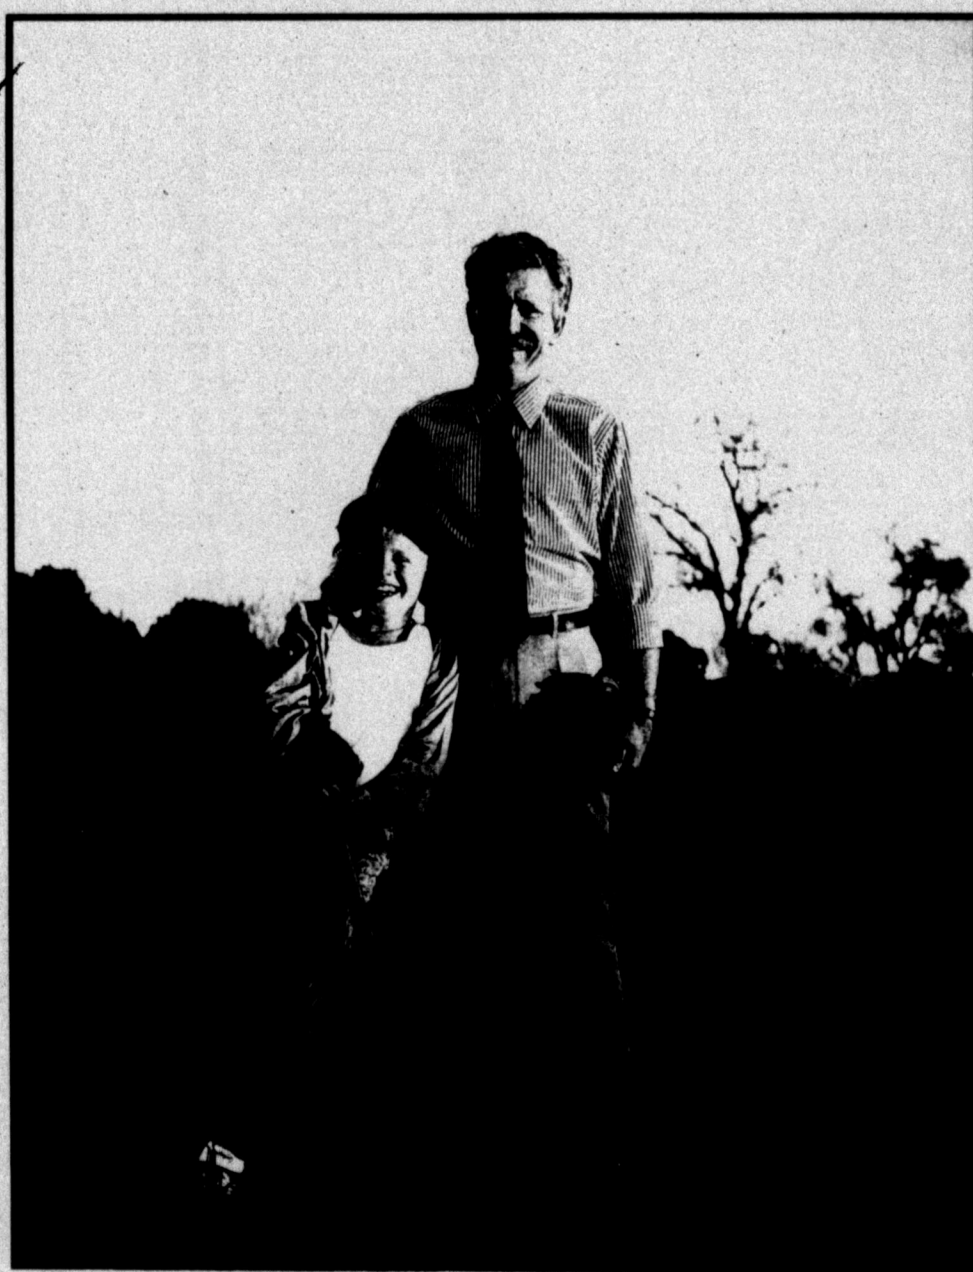

Late protests (if you miss the usual deadline for good cause. Good cause is some reason beyond your control, like a medical emergency. The ARB decides whether you have good cause.) Before the day the appraisal review board approves records for the year. Contact the appraisal district for more information.

Special deadlines: Change of use (if the appraisal district has informed you that you are losing agricultural appraisal because you changed the use of your land) Before the 30th day after the notice of the determination was mailed to you.

ARB changes (if the ARB has informed you of a change that increases your tax liability and the change didn't result from a protest you filed) Before the 10th day after the notice of the determination was mailed to you.

If the assessor discovers taxable property that was not taxed in prior years mandated by law, the assessor shall appraise the property and send notice of its appraised value each year to be taxed. The owner has 30 days after the notice to file protest with the appraisal review board.

If you believe the appraisal district or ARB should have sent you a notice and did not, you may file a protest until the day before taxes become delinquent (usually February 1). The ARB decides whether it will hear your case based on evidence about whether a required notice was mailed to you.

A game of catch on a warm summer evening. Spending time together, just the two of you. A pat on the back. These are the things that last. The things that feel good. And once you find them, you want to hold on to them forever, Haggar has a feel for the way you live.

THANK YOU

The Patching Club House Fundraiser was a great success. The board of directors wishes to thank all those volunteers and club members for the past two weekends of hard work.

The Bake Sale items were works of art and the delicious food brought in during both weekends gave the workers the fuel we needed to complete the course.

Repairs made by the local carpenters greatly improved our clubhouse. Cleo Russell, the clothes racks are the finest in town and thanks to you, Alvin Hicks and Larry Hicks, our doors and lights operate as they should. Mike McAnear worked high on the roof, repaired the kitchen table, trimmed trees, as did the other men and hauled it all away.

Special thanks to our very special friend, Zell Sorelle, for inspiring us to start workdays. So much more needs to be done and we sincerely appreciate your efforts toward renovation of the Patching Club. We would also like to thank everyone who brought garage sale items and helped with our garage sale.

Our heart felt thanks goes out to all of those who sent flowers, cards, food, memorials and their love and prayers over the loss of our father or grandfather. We want to especially thank the nurses and staff at the Nursing home for all the love and tender care they gave our Dad during his stay with them. We will never forget it. He loved each and everyone of you. We can never really repay you, so we will just say thank you from the bottom of our hearts.
