GREAT, AND NEAR GREAT.

What's become of them—these people and things whose existence became so extraordinary for a brief time just a short time ago that they made headlines—and got their pictures in the paper?

"Crack-Down" Hugh S. Johnson, chief ramrod of the blue eagle days of the Nazi NRA had a pants cleaner prosecuted in New Jersey, and a chili vendor fined in Oklahoma, but today Hugh Johnson is howling over the radio for a patent medicine. That medicine's principal ingredient is quinine. Is there any significance in that fact?

FORWARD MARCH!

It should have been with few regrets that we saw 1937 steal away into oblivion. He arrived a husky youngster, but instead of encouraging a steady growth, he became a guinea pig. He became the victim of experiments. Shots of dole were put under his hide until he was muscle-bound and he became an old man before the year was half gone. He was hobbled with strikes. He was fed on fear. He died a quibbling physical wreck.

Now husky 1938 has arrived. He got here in the nick of time to find us sorry for our sins and anxious to help us. Perhaps he won't become just another guinea pig. We've done our experimenting and are now ready to rear him in a sane, sensible fashion.

BUILDING AT HOME.

The country around a town always determines the size and prosperity of a town, provided the town has no payrolls, and Clarendon hasn't.

If the rural element, upon whom this town has to depend for practically everything becomes more prosperous, then the town will prosper. No amount of banquets and cheap talks of a "principal speaker" will ever get us over otherwise. We need a better produce and cream market, our rural friends state, more than any one thing right now.

The greatest stride taken for the benefit of this town was during the past year when our merchants, or at least most of them, adopted the plan of "tell 'em and sell 'em." Prices were reduced to the lowest level possible in keeping with a good quality of merchandise. The trade territory was made acquainted with this fact through legitimate newspaper advertising. Customers from over a large trade territory were consequently attracted to Clarendon where fair bargain prices were steadily obtainable. It is believed at this time that the practice will be continued through the coming year, judging from the splendid results obtained during 1937.

Towns often benefit more by what is "not" done than by what is attempted to be done in the wrong manner.

NO SANTA CLAUS.

Through many years a lot was said and much attempted otherwise, but nothing was done about Donley county highway building. When the change was made on the State Highway Commission by appointment through Governor Allred, the Commission adopted a new policy. That policy was to permit counties to furnish the right-of-way, and the state and federal government would construct the highway. The County Commissioners of this county accepted the offer and the highway was constructed.

No one should feel indebted to either the state or the federal government because the money spent on the highway work is merely a "part" of the tax money paid in by this county in the past.

Only those who voted down bond issues in the past when bond voting for highway construction was a mania, are due any credit. Taxes right now have advanced 300 percent or more in Donley county during the past 8 years simply because the sale value of property is only about a third of what it was eight years ago. By rights, taxes should be a third of what it was in 1929 right now. Some might say it is impossible to reduce taxes, but it is better to reduce taxes than not to collect, or to chase the people out of the country because of their inability to pay the rate.

Taxes in San Jacinto addition of Amarillo on paved streets, or on the paved streets within a block of their junior college in Wichita Falls, is less than for the same property in Clarendon.

We might do some very effective missionary work in Clarendon and make it possible for more people to live here or build homes here. As a matter fact we have all been looking for Santa Claus to come from without and rejuvenate our town when we should get the job done ourselves. We are all to blame for the condition of the town, and partly for the condition of the rural sections. Snyder, Texas had a Santa Claus bring in money and put on a great show, but the town was later sold to satisfy the debt.

**"THE REST OF THE RECORD"**  
 BY JAMES V. ALLRED  
 Governor of Texas

The Secretary of State recently invoked the "tramp" corporation doctrine, the effect of which was to discontinue the policy of granting permits to "tramp" corporations for the transaction of business in the State of Texas.

"Tramp" corporations as defined by Edward Clark, Secretary of State, are corporations whose charters have been obtained in a foreign state by citizens of the State of Texas for the purpose only of transacting business in Texas and with no bona fide intention of transacting business in the state from which their charter was obtained. It was felt that the practice of granting permits to foreign corporations of such nature was a discrimination against those corporations incorporated in Texas because the stockholders of the "tramp" corporations are not required to comply with the capital stock requirements as prescribed by the Constitution and laws of this state for domestic corporations. Such foreign corporations also found it easier to evade the jurisdiction of the state courts.

Under the "tramp" corporation doctrine, a charter obtained under such circumstances from another state confers no rights upon the corporation and is not within the rule of comity between states which permits corporations chartered within one state to transact business in another.

At the present time a total of approximately 300 "tramp" corporations are now doing business in Texas. Under the policy invoked by the Secretary of State, such corporations will be requested to surrender their permits and organize corporations under the laws of this state. Since these corporations had paid their franchise taxes up to May, 1938, they will not be expected to surrender their permits and form as domestic corporations until the end of the present fiscal franchise tax year. It would be an unfair demand upon these corporations to request the change to be made at a time which would cause them to pay a double franchise tax for a part of the taxable year.

Under this new policy, the Attorney General will be requested to file suits against those corporations which fail to comply with the law or which may be exempt from the "tramp" corporation rule and any money which may be tendered by such corporations to the Secretary of State for 1938 franchise taxes will be held in suspense pending disposition of such suits.

It is expected that this new policy not only will eliminate the present discrimination against domestic corporations and bring the corporations under closer jurisdiction of the state courts, but it will increase the revenues to the state by the additional incorporation fees under Texas laws.

Doubtless the policy will arouse some opposition on the part of those who have been operating under the old rule, but its invocation should be received with favor by the stockholders of domestic corporations who have had to comply with the capital stock requirements of this state while in a sense competing with those of the "tramp" corporations who escaped the requirements of the Texas law.

**Still Coughing?**

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm. Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

**Doggone Female Dog**

Out in Seattle, a pet dog found evidence that won a divorce recently for Mrs. Ida D. Paget from Claude Paget, business man. Mrs. Paget testified that her pet female dog romped gaily into her room with a letter beginning "My Darling," and signed "Gladys," which had fallen from her husband's pocket. The judge admitted the dog's evidence and granted the divorce.

"After this date I will not be responsible for any debts contracted by any one other than myself." J. A. Drake.

The next week appeared this one:

"He isn't even responsible for his own debts." Mrs. J. A. Drake.

**The Stranger**

A fellow hangs around my house, a stranger I can't understand; Sometimes he sneaks like a mouse, Often he's big and grand.

Often dumb, next moment bright; Sometime jolly, then he's sad. Some days he rears, wants a fight—His manners are awful bad.

He's but one in a class, Holding a perpetual position. This comrade of the looking glass—My General Disposition!

This from the Rev. Irl R. Hicks almanac, issue of 1892: "After all, the best way in the world to cure the itch for money is to scratch for it."

**Tough Beef, Maybe**

The biting edge of this remark is the fact that the United States exported to Britain in 1936 some 41,797,000 teeth for \$1,201,000.

**The Pioneer Mother**

They are the salt of the earth that has never lost its savor. She was and is the queen of the household. The family may not have a lot of this world's goods, and university degrees may be few if any among them. In the community, they enrich by living, their name is a synonym for integrity, and in her remote section of the country, where neighborliness is a necessity as well as a pleasure, they rank without challenge as "Good Neighbor Number One." The Golden Rule is something they seldom mention, but never fail to live. Family affection is deep and abiding, often under a barrage of good-natured banter that is pleasant to hear.

A visit to that welcoming home was a thing to look forward to for weeks, back in the early Panhandle days. The visit was treasured for years. Hospitality had the flavor

of older days, and never was there so much honor paid to guests with so much freedom enjoyed. Visitors in number always meant renunciation for some of the household, perhaps for all, for there was no guest room, and the facilities were necessarily limited.

Picture the beds made upon the floor in a long row for the little folks before the blazing fireplace. The mother of the home always made the last round at night, tucked cover in at the edges and inquired of the grown-ups if there was anything she could do that would add to their comfort.

Too often in the mad rush of today, that same mother may be sitting awaiting the last day. Eyes that have seen the drama of a lifetime surge and ebb; eyes that have grown dim with working, watching and waiting; with laughter and with grieving. Eyes that have yearned with tender care over the oncoming generation may have seen themselves pushed with gentle ruthlessness aside. And now she dwells apart, though not alone, in a world peopled with memories, and listen for the melody of a friendly voice that means her only contact with the ceaseless flow of human endeavor, aspiration and passion; of triumph and disaster about them.

A recent visit took me into the home of one of those dear old pioneers whose conservation supplied the theme for the above. Though she could not read it for years, she called my attention to a beautiful poem which she had framed and hung on the wall many years before. The title read: "The Halo of the Years." The first stanza:

Why grieve that time's final etching round the eyes  
Thus marks the field where  
mirth has vanquished fears,  
Or mourn, since silvered hair but glorifies

A head that boasts the halo of the years?  
A very beautiful poem written by Mrs. Laidly Rudasill. I shall visit this dear old lady again, copy the poem and print it in full—sometime.

What couple has the largest number of children without a death in the family? Meaning of course a couple living in Donley county, though the children need not be born here or even living here. This is a compliment to some old couple and they will get a prize. What do you know about it?

### Editorial

While the spirit of making and breaking resolutions is young, we the student body of Martin resolve to make ours public, so that the breaking of them will become more difficult.

Our resolutions, which by the way are only one, is expressed in our pledge. This pledge shall be

the guiding hand to all our efforts for 1938. Its contents, taken practically from the beautiful philosophy of the life of Edgar A. Guest and built partially of our own idea of success, express our combined belief in what it takes to reach a goal.

Our aim in publishing these columns is to please the reading public of the entire county as well as our own community. Our profits shall be in experience gained and in meeting with the approval of our readers of 1938.—Ed.

### WASHING & GREASING

We wish to introduce to the public the most thorough and complete Washing and Lubricating & Cleaning job that can be had.

You get what you pay for instead of paying less and getting a cheap job. All we ask is your satisfaction or your money will be cheerfully refunded.

### Society

The Better English Club enjoyed a social at the school house last Wednesday night. Everyone played games until nine o'clock, then hot chocolate, sandwiches and cake were served and everyone went home. All reported a very nice time.

Miss Irma Fay Moreland of the Midway community and Mr. Fred Easterling of Martin were united in marriage January 8, at the home of Rev. Landreth of Clarendon.

### Sport

The Martin Eagles met the Giles Indians at Hedley last Thursday night. Both Martin teams were defeated. Both boys and girls are improving greatly in their playing. We hope to bring the scores higher next time.

### Class Report

The primary room is progressing rapidly in their study of Eskimos and making igloos of clay. Their reading classes are also progressing in their contest. Jimmie Nell Parker and Herman Moore are ahead in the first grade. Mary Ruth Shannon, Nelson Christie and Billie Jack Jordan are ahead in the second grade.

Thomas Gainsborough and his picture, "The Blue Boy" are being studied in the Intermediate room this week. The children are to write a short story about this picture and they will select the one they think is best. The one selected will be put on the bulletin board.

The fifth grade students are having a skating contest and some of them are finding it difficult to keep from falling. Helen Bulman and Lamar Mason are leading, and skating neck to neck this far, with Lavern Marshall running a close second.

Mr. Lu McClellan reports that his pupils are beginning an art class. They are fixing various Indian decorations for their rooms. The spelling contest for both the 6th and 7th grades end next week.

### The High School Room

The student body of the High school room has voted for a one and half hour noon period, cutting out recesses entirely. This is believed, will be more convenient in that it gives us more time for class work without recess interruptions and more continuous time at noon to work at athletics. It also helps to eliminate crowds and confusion at the drinking fountains when the bells ring.

### Current Events

We are proud owners of an indoor drinking fountain. Exactly where it came from or how it got there no one knows, but lo and behold, we looked on the steps this morning and there it was. Mr. Hartzog thinks we will have it installed by the middle of the week.

Mr. Harry Hartzog spent the week end at Canyon where his son, Larry is undergoing treatment for ear infection.

### Grand Jury Backbone Needed Says Texas Traffic Department

Backbone in grandjury rooms will do more than anything else to cut down Texas' disgrace traffic death toll which for 1938 is starting off higher than for 1937. That is an assertion of the State Department of Safety in Austin this week.

"It is almost impossible to get an indictment for drunken driving, officials of the department said. "Grand jurors ignore it unless a fatal accident has resulted."

Recently a member of the Colorado state patrol visited in Dalhart said jail and penitentiary sentences instead of fines were the only answers to drunken driving.

### TO WHENDY

To see your tall a woggin'.  
And kind of nice, when leaving, too  
To know your heart's a draggin'  
You're just a crazy little dog.  
But darned if you ain't smart.  
You seem to catch my every mood  
With understanding heart.  
So, here's to you, you funny pup,  
Your kind I recommend,  
You've been a lot of fun to me,  
But most of all, a friend.

### Clarendon Motor Co. Has Attractive Truck Line

The Chevrolet National Truck Week Show opened today, attracting large numbers of users of commercial vehicles to the Clarendon Motor Co., where the local show is being held.

On exhibit is one of the biggest and most interesting displays of trucks and commercial cars ever shown in Clarendon consisting of units included in the new 1938 line of Chevrolet haulage and delivery equipment.

An outstanding feature of the exhibit is the wide variety of truck sizes offered by Chevrolet. Five different chassis or wheelbase lengths give the prospective purchaser a highly desirable choice of equipment, permitting the selection of units that fit the particular kind of haulage or delivery service employed. As was pointed out by Mr. Noblet of the Clarendon Motor Co., "By the addition of extra chassis sizes, Chevrolet in its 1938 line, has given to operators a wider range of capacities each designed to give more economy for the work it was designed to do. The truck user whose haulage or delivery needs can be better handled by a 3/4 ton job than by a one-ton unit is now able to buy the exact size needed."

"Our new Chevrolet line includes 1/2-ton, 3/4-ton, one-ton and 1 1/2-ton sizes, in addition to lighter commercial cars, and we are receiving much favorable comment from visitors to our show as a result of the wide-range choice of equipment that Chevrolet offers."

### A TRAMP'S LECTURE

A tramp asked for a drink in a saloon. The request was granted and when in the act of drinking the preferred beverage, one of the men present exclaimed:

"Stop! Make us a speech. It is poor liquor that doesn't loosen a man's tongue."

The tramp hastily swallowed down the drink, and as the rich liquor coursed through his blood strengthened himself and stood before them with a grace and dignity that all his dirt and rags could not obscure.

"Gentlemen," he said, "I look tonight at you and myself, and it seems to me I look upon the picture of my blighted manhood. This shambling figure once walked proudly as yours, for I was a man in the world of men. I, too, once had a home and friends and position. I had a wife as beautiful as an artist's dream, but I dropped the priceless pearl of her honor and respect into a cup of wine, and, like Cleopatra saw it dissolve and then quaffed it down in the brimming draught. I had children as sweet and pure as the flowers of spring, and saw them fade and die under the blighting curse of a drunken father. I had a home where love lit the flame upon the altar and ministered before it. But I put out the fire, and darkness and desolation reigned in its stead. I had aspirations and ambitions that soared as high as the morning star, but I broke and bruised their beautiful forms and strangled them that I might hear their cries no more. Today, I am a husband without a wife, a father without a child, a tramp without a home, and a man in whom every good impulse is dead. All have been swallowed up in the mealstrom of drink."

The tramp ceased speaking. The

### Increase Seen In 1938 Farm Machinery Price

WASHINGTON, Jan. 8.—The Department of Agriculture in a report issued Friday predicted that farm machinery prices would increase next year due to greater costs of manufacture.

Tractor prices had declined 7 per cent from 1929-33, but since then increases have raised prices of tractors to a level 3 per cent above 1929. The current higher wages and materials are likely to be reflected in some further price increases on farm machinery. Higher prices of automobiles for the 1938 models already have been announced by most manufacturers.

Increasing use of pneumatic tires on farm tractors and field machinery and the appearance of mowers, planters, cultivators and harvesting machinery that may be attached direct to tractors are two of the major developments in the farm machinery field. These quickly-attachable machines are often in larger units than those previously bought by farmers and are made to operate at higher speed and to be operated by one man, relieving labor requirements on farms.

It is probable, department economists said, that more tractors will leave factories in 1938 on rubber tires. As a result of higher prices of rubber-tired equipment, an increase in the proportion of such machines will increase the average price paid by farmers in 1938, irrespective of price movements of identical items.

glass fell from his nervous fingers and was shattered into a thousand fragments on the floor. The swinging doors were pushed open and shut again, and when the little group looked up, the tramp was gone.—Ex.

### County Hoopers to Start Title Race This Month

With the Hedley Owls setting in the hot spot of county champions, the title whirl will get underway about the last of this month.

A schedule has not been released but Clarendon coach Emil Hutto said a round robin tournament would be used to decide the county title.

Hutto said the schedule would be released at an early date and each club, Clarendon, Hedley, and Lella Lake would play 6 games

### Hedley Owls Serve Notice As Threat In County Go

Serving notice as a decided favorite in the forth coming county basketball championship, the Hedley Owls whacked the Clarendon High school cakkers 29 to 8 at Hedley Tuesday night.

Leading 19 to 0 at halftime, the Hedley hoopmen coasted on to win by ringing 10 more points in the last frame. The Clarendon crew gathered in all their counters after the rest period.

 It has been said that, "Love makes the world go around". Perhaps this is so, but this one thing is certain, love will cause the Child of God to work. Faith alone is not pleasing in the sight of God. Jam-

es says, "Faith without works is dead, being alone." Paul says that the thing that avails in Christ Jesus is, "Faith that works by love." A faith that shows itself, being prompted by love for God, is the only faith that avails. When faith is coupled with love for God then, and only then, will a child of God work as he should. A faith that does nothing is dead and no love is to be found there.

We are in the midst of one of the most interesting seasons of the year. A time when more resolutions are made and revelations are revealed than any other period of the year. Inventory reveals the status of the business man. Mid-term exams makes known the standing of every pupil in school. The farmer by this time knows where he will farm and is making plans for the 1938 crop. The professional person is planning the program for the years activities. Every phase of life is being re-adjusted so as to fit into the future of the year just ahead. As we plan, may we not forget our church program. May we put first things first, knowing that we have the eternal promise of untold blessing in the doing of it. Our religious relationship ought to enter into every plan and purpose of our lives. Without it our plans may result in utter failure and disappointment. We need to be undergirded by the feeling of security that will come with the proper recognition of God in all of our undertakings. Give your church a large place in your planning for this year. Regular services Sunday morning and evening at the Baptist Church. It is always a great joy to meet you in all of the services.

## Those Entitled To Security Benefits

Only a few of the persons in this territory who are eligible to file claims for lump-sum payments under provisions of the Social Security Act have done so, declared Dewey Reed, manager of the Amarillo office of the Social Security Board, who spent Monday in Clarendon interviewing employers, workers, and others interested in the old-age insurance program of the Federal Government.

Lump-sum benefits are payable now to workers in covered employments who have reached the age of 65 since January 1, 1937. Lump-sum payments are also being made to estates of covered workers who have died since December 31, 1936, and before reaching age 65. The payment in either case is 3 1/2 per cent of the wages received for work performed in covered employment since December 31, 1936, and prior to death or attainment of age 65.

"Employers," Reed said, "are requested to check their records to ascertain whether or not there are persons in their employ who may be eligible to file claim for such benefits." Reed asserted that many persons who have reached the age of 65 and particularly relatives of workers who have died, are not aware of their eligibility to file claims, and suggested that employers assist them by advising them of potential benefits to which they may be entitled.

Beginning in 1942, monthly retirement benefits will be paid to qualified workers upon attainment of age 65. The amount of such payments will be based on the wages received by the individual from employment covered by the Social Security Act since December 31, 1936, and prior to attainment of age 65. In order to qualify for a monthly retirement benefit, an individual must have worked in

## FAMOUS NAMES STUD THE CAST OF CROSBY FILM

As impressive a cast as you will see in many a moon of movies has been assembled by Paramount for its new comedy with music, "Double or Nothing," which opens Sunday at the Pastime Theatre.

With Bing Crosby and Martha Raye in the star positions, the cast includes such popular entertainers as Andy Devine, Mary Carlisle, William Frawley, Fay Holden, Samuel S. Hinds, William Henry and others and also has specialty bits from that famed comedy team the Calgary Brothers, the noted eccentric dancing team of Amos and Arno, Alphonse Berg, Tex Morrissey, Frances Faye and Ed Rickard.

In addition there is an aggregation of some seventy-five beautiful girls and handsome young men known as the "Sing Band." This group uses no musical instruments yet "plays" popular music by imitating the various instruments of a dance orchestra so closely that it is impossible for the human ear to tell the difference.

The "Sing Band" renders several new musical hits written expressly for "Double or Nothing" by the song writing teams of Johnston and Burke, who gave the world "Pennies from Heaven," Sam Coslow and Al Siegel, and Ralph Freed and Burton Lane.

"Double or Nothing," which is a gay and irresponsible story of four persons vying with a crooked lawyer to get a million dollar legacy, is the first film in which Martha Raye plays a star role away from Bob Burns. It is also the first Crosby picture in which Bing uses the same feminine romantic lead for the second time. The honor falls to lovely Mary Carlisle who appeared opposite Bing for the first time in the smash hit "College Humor."

"Double or Nothing" is an original story by M. Coats Webster and was directed by Ted Reed, the man who "discovered" Miss Carlisle in the recent surprise hit "Sailor Beware."

covered employment in each of five calendar years after 1936, and prior to attainment of age 65, and have earned a total of \$2,000 from such employment.

"For the benefit of those who have not yet established social security accounts," Reed said, "account numbers may now be obtained upon application to the Amarillo office, located at 6th and Polk, Amarillo." He invited the public to make use of the facilities of the Amarillo office, which has been set up for the convenience of employers and workers in this territory. Those desiring to file claims also were requested to communicate with the office at Amarillo.

### Building Owned By Local Man Burns In Memphis

MEMPHIS, Texas, Jan. 9.—Fire of unknown origin which early today destroyed the Palace Theatre and the adjoining, unoccupied building, owned by W. J. Greene of Clarendon, caused a loss estimated at \$50,000.

Loss on the theatre building, owned by Hollis Boren, was placed by Boren at \$25,000. The theatre was recently modernized and was one of the most popular amusement centers in Hall County.

The Green building loss was estimated at \$15,000.

A fine of \$1 and cost was assessed a Naylor Community youth in County Court here this week on charges of theft.

According to Sheriff Guy Pierce, the youth admitted taking articles belonging to the Thompson Hardware Company in Hedley from a company truck.

Another youth, also of the Naylor community, who allegedly was an accessory, was cleared for lack of evidence.

**N. F. L. A. Has \$1,003,800 In Loans Here**

The Clarendon National Farm Loan Association has 182 federal loans, representing approximately \$807,800 and 110 commissioners' loans, representing \$196,000 in this section, it was disclosed at a meeting of the organization at the court house here Tuesday afternoon.

At the meeting, all officers were re-elected to act for another term. They are Odos Caraway, president; C. B. Morris, vice president; C. E. Killough, secretary-treasurer; C. H. Bugbee, R. W. Moore and Henry Williams, directors.

**Services Held For Ruby Dickerson Wednesday**

Funeral services for Ruby Geneene Dickerson, 3-year-old child of Mr. and Mrs. W. A. Dickerson of Ashtola, who died of diphtheria at her home at 2 o'clock, Tuesday afternoon, were held at the Citizens Cemetery Wednesday morning at 10 o'clock. The Rev. S. H. Salley officiated at the ceremony.

Ruby Geneene was born June 29, 1934.

Isadore Mellinger attended the shoe convention in Fort Worth this week.

**FORD PRICES INCLUDE STANDARD EQUIPMENT**

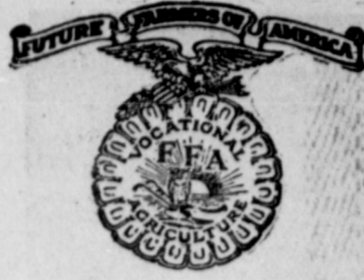

The policy of including the cost of standard equipment in advertised prices of Ford V-type 8-cylinder cars and trucks has been adopted by Palmer Motor Co., according to an announcement by Doss Palmer of the local Ford dealership. All prices are now quoted in advertising are for cars equipped and ready for the road. Formerly items now included as standard equipment were classified as accessories and an extra charge made for them.

"For example," explained Mr. Palmer, "advertised prices for the new standard line of Ford V-8 cars include, as standard equipment, front and rear bumpers and guards, spare wheel, spare tire and tube, tire lock and band, headlight beam indicator, one tail light, one windshield wiper, one sun visor, cigar lighter and twin electric horns. No additional charge is made for these items of equipment. Thus equipped, the base price of the standard Ford V-8 line is \$707.00, delivered in Clarendon, tag extra, which is the price of the 60 horsepower coupe ready for the road."

Similarly the de luxe line of V-8 cars is equipped with twin tail lights, two windshield wipers, two sun visors, twin electric air horns, cigar lighter, de luxe steering wheel, clock, glove compartment lock, chrome wheel bands, in addition to front and rear bumpers and guards spare wheel, spare tire and tube, tire lock and band and headlight beam indicator.

J. A. Warren and Walter Wilkinson were in Amarillo Saturday.

Misses Rhoda and Julia Wiedman, Mrs. Joe Terry, Claude Pyle and Miss Opal Pyle were in Lubbock Sunday. Miss Pyle returned to Lubbock where she is employed by the Pope Dry Goods company.

**Quail Members Visit**

Six members of the Quail F.F.A. Club were in Clarendon Tuesday inspecting local F.F.A. projects. The Quail members are making plans to buy spring pigs for breeding gilts and were most interested in that phase of work.

The Quail club was headed by Kenneth Allen, president, and Pete Dowell secretary of the chapter.

**Team to Enter Contest**  
The Clarendon F.F.A. judging team will compete in the annual White Deer Poultry Contest, January 29. Claude won the silver loving cup presented to the winner by White Deer last year in a warmly contested event with the Clarendon boys placing only a few points below the winners.

The locals feel that they have an excellent chance to cop the contest after winning the Memphis contest and ranking high in their intramural contest.

**Attend Quail Banquet**  
Homer Speed, Carl Morris, and J. R. Gillham represented the local chapter at the first annual F.F.A. Father and Son Banquet held at Quail January 5. 96 members, fathers and guests attended the banquet. All of the schools in the Memphis F.F.A. District were represented with the exception of Kirkland.

Accomplishments of the chapter were summarized and plans for the future were outlined by members of the chapter. The menu featured meat from a project lamb fed by one of the chapter members.

**Local F. F. A. Meeting**

The first regular meeting in 1938 was held by the local F. F. A. chapter in its chapter room at the college, Thursday night, January 6. Plans for the first F. F. A. Father and Son Banquet were laid. Homer Speed reported on the work of the scrapbook committee and urged all members to get in their pictures.

Rev. J. Perry King spoke to the group on leadership and making the best of what one has in pioneering. His talk was one of the most popular ever presented to the local chapter.

**Business Heads Feel That Prosperity Is Returning**

WASHINGTON, Jan. 12—After conferring with President Roosevelt Tuesday night, five of the nation's leading industrialists forecast closer co-operation between government and business in combating the trade recession.

Alfred P. Sloan of General Motors, who acted as spokesman, said the business situation is showing signs of improvement, adding that there was a better feeling than there was a month ago.

Ernest T. Weir, of National Steel Corp., who has fought vigorously against the New Deal, was optimistic about the future business outlook. "I think you are absolutely right in assuming that business is a shade better," he said.
