Tax Deferral Available

Texans aged 65 or older can postpone paying delinquent and current property taxes on their homesteads by taking advantage of a tax option called "over-65 deferral." The elderly home-owner simply signs a deferral affidavit at the Donley County Appraisal District office.

This special form of tax relief can also halt a lawsuit already filed to collect delinquent property taxes on an older Texan's homestead, according to SoRelle, chief appraiser of the Donley Appraisal District. To stop a delinquent tax suit, SoRelle said, the over-65 homeowner files the deferral affidavit with the court in which the suit is pending.

"This law means that, if the proper affidavit is on file, an older homeowner cannot lose a homestead because of delinquent taxes," SoRelle said.

Once a homeowner files an over-65 tax deferral affidavit with the appraisal district, no taxing unit can initiate or pursue a suit for delinquent taxes as long as that person owns and lives in that homestead.

SoRelle stressed, though, that tax deferral for the elderly only postpones paying delinquent taxes on the home-stead, it does not cancel them. During the deferral period, taxes and delinquent interest continue to add up, he said. "When the elderly taxpayer no longer owns or lives in the home, those accrued amounts become due. Taxing units can then sue to collect all the deferred tax and interest."

While a penalty may not be imposed on the delinquent taxes during the deferral period, the filing of the deferral affidavit will not forgive penalties which were already due. Also, an additional penalty associated with referring the account to a delinquent tax attorney may be charged if taxes remain delinquent more than 90 days after the deferral ends.

Forms for filing a tax deferral affidavit are available at the appraisal district office. "The homeowner should fill out the form and have the signature witnessed by a notary public," SoRelle said. For more information, taxpayers may contact the Donley County Appraisal District, Drawer 1220, Clarendon TX or phone 806-874-2744.

Pain Relievers: Non-Narcotic and Narcotic

Mild to moderate pain such as occasional headache frequently is relieved through the use of one of several excellent nonprescription medicines. Such products usually contain aspirin, acetaminophen, or ibuprofen. Prescription pain relievers are classified as narcotic or non-narcotic. Sometimes narcotic and non-narcotic pain relievers are given together or they are combined in the same tablet or capsule.

Non-narcotic pain relievers requiring a prescription include pentazocine, propoxyphene, and the large group of nonsteroidal antiinflammatory agents which include tolmetin, mefenamic acid, sulindac, indomethacin, piroxicam, and naproxen. Medicines in the last group primarily are used for relief of pain associated with arthritis. They work by inhibiting the production of substances called prostaglandins.

Narcotic pain reliever medicines include morphine, codeine, hydromorphone, and meperidine. Many narcotics are derived from the opium plant. These powerful medicines relieve pain by acting on the brain and altering the way pain is perceived. In many instances, severe, chronic pain will not respond to any type of pain reliever other than a narcotic. Other medicines which may be given with non-narcotics and narcotics to help relieve pain include antidepressants, anticonvulsants, corticosteroids, and amphetamines.

Postmaster Bob McCombs has for many years been in charge of placing an American Flag at the grave of local veterans on Memorial Day. This year the local Veterans of Foreign Wars Post 7782 will assist him in honoring those departed veterans. A memorial breakfast will also be provided free to the public on Memorial Day, Monday May 25th from 7 to 9 AM at the Post Home on highway 287 next to Dr. Gilkeys. You are invited to come and share in this memorial to our Veterans. Some Veterans graves are not marked however markers are available from Bob McCombs or Connie Dromgoole. The VFW appreciates the support of Clarendon and the surrounding communities and is looking forward to serving you a good old western style chuck wagon breakfast Memorial Day Morning.

Security Abstract

By Danny Smith and Kristi Shultz

After being forced to read 1984 by Mrs. Hayes, I accidently fell asleep in English class and began dreaming.

When I say Danny hit the desk, I tried to wake him up, but he was out cold.

Well, while I was unconscious, I dreamed that I was in the Museum of the future, which showed all the Seniors at different points in their futures.

I heard him talking in his sleep and I wrote down everything he saw. In two years we see Amber Dunham opening a hotline for victims of sister abuse.

In 4 years we see Shane Ashcraft throwing clayducks to the hunters for a career.

In 15 years we see Larry Jarmillo playing the violin and listening the classical music.

In 2 years we see Phil Jarmillo still trying to get Trixter to play at graduation.

In 5 years we see Regina Watson holding down a job and keeping a set of twins while Clifton finishes school.

Due to his recent auto collision, Robert Lee makes the phrase "If you get hit, hit'em back" popular.

In 40 years we see Grandma Chrisy White still up at the college bringing milk and cookies every night to the cowboys.

In 15 years we see Lani Douthit being surgically removed from her parents.

In 8 years we see Maria Lucero hosting MTV's Heavy Metal updates.

In 20 years we see Stanley Wilson starring in his own Rambo movies.

In 15 years we see Ron Winters off the coast of Miami selling guns.

We see Luis Serrano taking his discrimination case against Mr. Apel to the Supreme Court.

In 2 months we see Holgar Trabant still trying to get to Florida in Jodi's old car.

In 5 years we see Kim McAfee inventing a protective mask for volleyball players.

In 20 years we see Cindy Hermesmeier hosting seminars on patience and peace.

In two years we see Scharla Miller becoming an old married woman...wait a minute she already is.

In 4 years we see Luis Comacho at the 1996 Olympics winning the sprint relay.

In 10 years we see Lee Gage as the president of the 60's restoration society, organizing the 10th Annual Peace Festival at Kincaid Park.

In 50 years we see Brandon finally popping the question, but Suzette Henson is too old to hear it.

We see Steven Davis running for President but losing by one vote because Megan Williams, once again didn't vote for him.

We see Lori Howard leaving her quiet personality and becoming a backup singer for 2 Live Crew.

Toni Breitling, in the future, gets married and settles down in San Angelo in her parents house.

In 10 years we see Danny Smith finally accomplishing his dream by coming back to Clarendon and becoming the new English teacher.

In 10 years we see Stephen Bivins erasing the disease of chicken pox from the face of the earth.

We see Kristi Shultz opening a donut shop, selling "Donuts, Holes, and a whole lot more."

In 10 years we see Jodi Kidd trying to make up her mind on which guy to marry.

In 20 years we see Christie Helms married to a cowboy raising 14 kids and 100 cows.

This summer we see Victor Ruiz sill waiting for the Olympics in Madrid.

In 1 year we see Nathan Lowrie's love life crushed when all the cowboys come back to college.

In 3 years we see Scott Hankins being expelled from college because he finally let someone see his paper.

We see Chance Fletcher in 25 years, in his world renown status after writing his best seller, "1000 Things To Do When You're Home Alone on the Weekends."

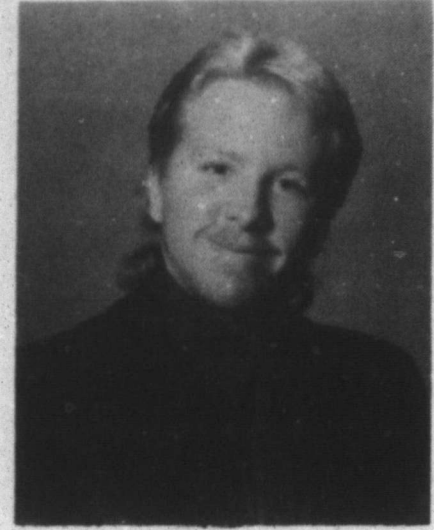

In 5 years we see Dennis Miller win the Tour De France, finally proving cycling is profitable.

Later tonight we see Buddy Howard trying to live up to his great dancing reputation.

We see Brad Williams writing a best seller called "One Reason I Left Home."

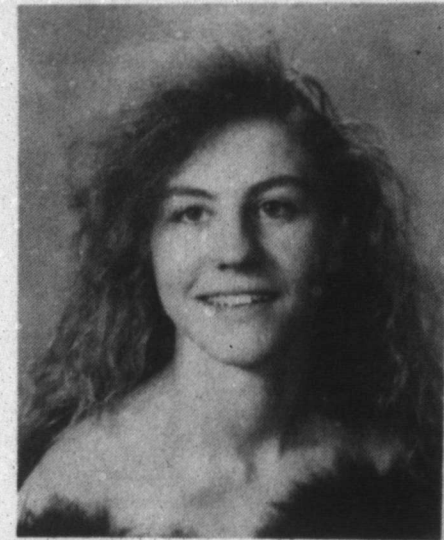

In 5000 years we see Bryan Black finally learning all his line for "The Pirates of Penzance."

The '91 Broncos

by Bryan Black

The '91 Clarendon Broncos may not have had as many victories on the scoreboard as they did as a team. During the season we saw a team band together and encourage each other.

The Broncos experienced their first win against Boys Ranch. It was a very exciting game. At half-time the score was 14-0. The Broncos came back in the last quarter to beat Boys Ranch 22-21. The Broncos stuck it out and fought all the way to the top.

The Broncos late defeated the Highland Park Hornets. This way truly a big game for the Broncos because of the rivalry started last season.

The Broncos then defeated the White Deer Bucks with the chilling score of 7-0. The game was very interesting because there was an abundance of snow covering the ground.

Although the Broncos had only three wins in the record books, the '91 Broncos never gave in to defeat. The Broncos were led by Senior Captains Bryan Black, Chance Fletcher, Lee Gage, and Buddy Howard. The coaching staff consisted of Head Coach Mike Smith and his staff Lonny Hines, J.R. Compton, Monty Chapman, and Jimmy Duncan.

The Seniors would like to wish the '92 Broncos a bigger and better season next year!

HATS OFF TO OUR GRADS

1991-1992 Student Council

by Bryan Black & Brad Williams

The Student Council for this year has been very successful in obtaining their goals. Throughout the year the Student Council has sponsored many activities that have benefitted our school. The first day of school started out with an assembly sponsored by the Council. We explained and discussed the week's activities to the student body. The week began with Big Brother/Big Sister day. This was a program that was aimed at helping the incoming freshmen class feel welcome to high school. At the end of the week we had a B.Y.O.B (Bring Your Own Banana) party after the scrimmage. We strived to teach the students the dangers of drug abuse and drunk driving. Hopefully many people will benefit from these activities.

The Student Council also set a goal to be acknowledged as an outstanding Student Council. This goal was obtained when they were recognized as an Outstanding Student Council in the State of Texas at the state convention at Austin. Also they received the Council Safety Award.

The 1991-1992 officers include: Brad Williams - President; Bryan Black - Vice President; Danny Smith - Secretary; and Lani Douthit - Treasurer. Other members include: Chance Fletcher, Kristi Shults, Kelby Leflew, Tessa Fletcher, Lisa Hill, Carrie Shields, Donita Black, and Janice Melton.

FTA

by Suzzette Henson

The Future Teachers of America group is upheld at Clarendon High School in order to give students, who are planning to teach, an insight into the teaching field. This year our membership increased tremendously with a total of about twenty seven members. Out of the twenty seven, nine were seniors. These students were as follows: Suzzette Henson - President, Danny Smith - Treasurer, Brad Williams - Reporter, Bryan Black - Historian, Lani Douthit - Historian, Buddy Howard - Parliamentarian, Toni Breittling, Stephen Bivens, Lee Gage, and Jodi Kidd. Our sponsor was Ms. Betty Veach who received the "Advisor of the Year Award" at the State Convention. Ms. Veach will be leaving this year, and the FTA chapter would like to tell her thanks for everything she has done.

With the hardworking group this year, we earned enough money with our fundraisers to fulfill the obligation of the chapter and had enough money left to give a \$ 150.00 scholarship. On the District XVI level we had Danny Smith As President and Krista Percival as Historian. With these students as district officers we got several towns to join back on the district level. This year we, as a group, have achieved more than we ever have in the past four years.

Annual Staff

by Danny Smith

This year, the 1992 Broncos made some remarkable improvements and set new standards for the years to come. The Annual Staff consists of Danny Smith, Kelby Leffew, Amy Koontz, Johnny Turnaville, and Miss Betty Veach as advisor. With shaky finances, the group pulled themselves out of debt by selling ads to the local businesses to be placed in the annuals. Every deadline was met and the supplement is now being produced. The Annual Staff also sponsored the Beauty and Brawn pageant, and raised funds for their expenses.

Unfortunately, Miss Veach will be leaving the Annual Staff and taking her place will be the experienced and capable new sponsor Mr. Apel. The Annual staff will be acquiring a darkroom and the members are looking forward to using it. The Annual Staff would like to thank all its patrons, The Clarendon News, Maggie Stewart, and the students of CHS who made 1992 a successful year.

Golf

by Nathan Lowrie & Lee Gage

The boys golf team competed in the district meet this year at Clarendon Country Club with little practice, but with a competitive attitude. Although they didn't place high enough to advance to post-district tournaments, they did have a lot of fun and saw many young hopefuls do well. This should set the stage for next year. With a young team they may compete better and with a bit of luck they may reach the regional tournament.

The senior members were pleased with the efforts and wish the under-classmen luck in upcoming years.

Members of the golf team were Nathan Lowrie, Lee Gage, Holger Trabant, David Green, Michael McKinney, Jeremy Hicks, and Todd Lindley.

Drama

by Lani Douthit

Drama has had a wonderful year of acting. This drama class has put on five plays this year, which include the following: "Frankenstein Slept Here", "Baddest Angle Band", "A School for Husbands", and Clarendon High Schools first musical, "Pirates of Penzance". To say the least the drama group has worked very hard, especially on the one act play, "A School For Husbands". They brought back two awards: All Star Cast - Danny Smith; Honorable Mention - Lani Douthit. The actors in this years play were: Danny Smith, Nathan Lowrie, Christie Helms, Lani Douthit, Brad Williams, Jodi Kidd, Kelli Keown, Buddy Howard, and Chance Fletcher. We would like to thank Mrs. Williams for her time and help during the plays, and all the parents who believed in us from the start. On behalf of the Drama Class we would like to close the final curtain by saying farewell and good luck to next years Drama Class.

A big congratulations goes to Bobbie Havens who made it to state in two events. Good Luck next years team.

Varsity Boys Track

by Nathan Lowrie & Stephen Bivens

The Bronco had a very successful and surprising year. The Broncos won all but three meets they participated in this year including the district championship. This was a very exciting and positive note to end the year.

Clarendon was represented at the regional meet with seven advancing members. Considering the number of people on the team that scored points ant district (11) this is a very high percentage. Senior members: Shane Ashcraft in both shot and Discuss; Nathan Lowrie in both the 110 and 300 hurdles, long jump and also the triple jump; Junior members: Ron Suiter in the 200m and the 300m relay; Brice Fletcher in the 1600m relay; Spencer Smith in the 400m and 1600m relays as well as the 400m dash. Sophomore members: Billy Wilson in the 400m and 1600m relays as well as the high jump and the triple jump; Ricky Smith in the 400m and 1600m relay as well as the high jump. The Bronco competed well to bring a respectable 2nd place finish at the Regional meet. We also advanced three members to the state meet in Austin. Senior Citizens News

by Nova Newhouse

Thanks to Ellie Wilkinson and Eda Wallin for supplying the Center with beautiful fresh floral arrangements again last week. Thanks ladies for sharing them with us.

Monday Night Dance practice is in full swing enjoying good participation. The Tuesday night Dance on May 12th enjoyed another good crowd with music furnished by Paul & the Country Boys of Pampa.

With the up-coming Texas Silver-Haired Legislature election next Tuesday, May 26th, we enjoyed having candidate, Maggie Gaines, Childress, come to have lunch with us and speak to us about the origin of the TSHL and the purpose of the group which is to promote good government of all Texans through active participation in public affairs providing an avenue through which older citizens may serve as public and private sectors, boards and commissions, provide services that will compliment other senior citizen groups, organizations and agencies. They develop a nonpartisan forum for OLDER TEXANS to discuss senior citizen issues, debate those issues and establish legislative priorities for the Texas Legislature to consider in our behalf. There are six candidates running for the panhandle area at large. Our Center is one of the election sites with election day to be on Tuesday, May 26th. We have absentee ballots for those who may be unable to come down to vote. Please plan to vote for these people as they are the major voice for all Senior Citizens in our region.

The Hearing Aid Clinic will be held this Thursday, May 21st here at the Center from 10:00 a.m. until 12 noon.

Reminder: Birthday/Anniversary Supper next Tuesday evening at 6:00 p.m. With weather permitting "Minnie Pearl" and companion will bring us a delightful program. Bring a dish and come down for the fun.

DPS Report

The last bell has rung for the school year. Students are happy summer vacation is here and the fun begins. Many children forget the rules of safety as they have their minds on having fun for the summer.

Major V.J. Cawthon, Regional Commander of the Texas Department of Public Safety, is asking all Texas motorists to drive with extra care this time of year. He said, "Long trips across our state can be very stressful on all occupants in the car. Frequent rest stops should be used to let the children run off some or their excess energy. Remember, to protect everyone in your car by using your safety belts."

Major Cawthon also reminds us to be extra careful to keep alert while driving in residential area. Children seem to forget about the traffic around them and run into the roadways unexpectedly, not realizing that oncoming cars are in the area. Since, the younger children do not know the law, it would be wise to always expect the unexpected and be prepared to give them the right of way.

Major Cawthon said, "In order to make this an accident free summer vacation, motorists need to take a more mature attitude towards safe driving. Let's all remember to slow down a little and live a lot by driving defensively each and every day of this summer while school is out."

National FFA Award Given

A nationwide search among the country's best and brightest students yielded a local winner. Recognizing the need to award excellence, the National FFA Organization recently announced that Brad Williams of the Clarendon FFA is the recipient of a \$1000 scholarship. The scholarship is sponsored by NC+ Hybrids as a special project of the National FFA Foundation. Williams will use the scholarship funds to pursue a degree in Veterinarian at West Texas University and Texas A & M University.

Williams, son of Mr. and Mrs. Don Williams, of Clarendon, Texas receive notice of the scholarship after a national panel judged Williams' application among the best in the nation. Judging criteria included evaluation of Williams' Supervised Agricultural Experience program in agricultural education, FFA activities, school and community involvement, high school grades and career plans. Williams' FFA advisor is Ronnie Edwards and Hoss Pickard.

Local, state and national activities and award programs provide opportunities for students to apply knowledge and skills acquired through agricultural education. FFA members strive to develop agricultural leadership, cooperation and citizenship.

Homemakers Club Meets

The May 11th meeting of the Laker was in the form of a luncheon. Husbands and guests were invited to join and partake of all the good food that the members had prepared.

Those present were Cheryl Pickard, County Ext. Agent and Becky Jackson, Secretary to the County Extension Agent, H.E., Loal Bartle, Alma Bingham, Huell Bingham, LaVerne King, Weldon King, Margaret Ann Pettit, C.I. Pettit, Lela Whitehead, John Sarich and Polly Sarich.

Apology

As *The Clarendon News* was being put together last week, angry parents complained to the staff because the paper had not notified them that the Awards Assembly was coming. The paper hurriedly put together an apology.

Unfortunately, some of that apology could be read in a way that was not intended by the author.

The second paragraph was intended as a statement of policy. The paper has tried—and will continue to try—to give academic accomplishments coverage equal to that given athletics. That was what was meant by "interscholastic events".

However, the University Interscholastic League also sponsors academic contests, and the phrase could be construed as a slight of

Get To Know Your Cotton Plants

By Tim Trimble

If you're a cotton grower and you're not plant mapping, chances are you're guessing about some of the most important crop management decisions.

Plant mapping, or plant monitoring as it's often called, is such a reliable guide to what your cotton needs to produce more fiber that it has gained widespread support across the U.S. Cotton Belt.

Plant monitoring will help you manage your crop inputs so you get the most lint with the highest quality.

Ideally, plant mapping should be done weekly. Usually the time required to map a field is 10 to 20 minutes. Even if you don't have time for a complete plant map every weekly, plant mapping will teach the observation skills needed to read the crop's progress.

Each plant stage, from pre-squaring to late bloom, will be mapped on a field by field basis. Focus on early crop stages because you can use the information you gather for immediate production decisions.

It's a good idea to record your plant monitoring on paper for comparison throughout the season. Plant mapping kits to make it easier are available free of charge through our office or from the National Cotton Council or the Extension Office.

This mapping program bases management decisions on fruit retention at the first position (the one closest to the main stem) on fruiting branches. If we lose first position fruit at lower nodes -- from the money-making positions -- it doesn't matter what's happening at other positions.

Fruit retention is the single most controllable and important factor in yield.

In addition to fruit retention, plant mapping helps us look at the crop's growth potential, called plant vigor.

The plant vigor index indicates the "horsepower" of the plant -- growth potential that is going to be expressed in vegetative or reproductive growth. By comparing height vs. number of nodes we ask the question "How tall is this field for its age?"

If vigor is low or not increasing, the cause should be identified and corrected because low vigor cotton is not capable of producing top yields. High vigor plants may need to be restrained with a plant growth regulator to avoid excess leaf and stalk that can shade bottom fruit and delay maturity.

What To Look For

As you map plants at various times of the season, you'll be looking for different plant structures. I'll describe some of these so you'll know what you're looking for.

Nodes are the places on the plant mainstem from which branches and leaves grow. Even after a leaf falls off, the node will still leave a bump on the mainstem.

Vegetative branches grow at the lower end of the stalk or mainstem. Vegetative branches grow straight, just like the mainstem.

Fruiting branches grow in a "zig-zag" pattern, changing direction slightly at each fruiting site. I point out this difference so that if you've lost all the squares off your first fruiting nodes, the "crooked" look will keep you from mistaking them for vegetative branches.

Abortions are locations on fruiting branches where the squares or bolls have shed. Abortions can be recognized by the small scar on the top of the fruiting branch with two small leafy projections on either side.

The terminal of the plant is simply the top.

Northrup Promises Enforcement of Federal Law

Assistant U.S. Attorney Tanya Northrup promised strong enforcement of federal laws designed to create drug-free and gun-free zones around schools during a visit to Clarendon.

Ms. Northrup joined Clarendon Independent School District Superintendent Jeff Walker, and Clarendon High School Principal Solomon Kepley in unveiling a sign at Clarendon High School on May 14, 1992 noting the 1,000-foot zone around the campus.

Ms. Northrup's appearance was part of a day-long effort by the U.S. attorney to inform educators and law enforcement officials about the new law, which took effect last year.

Passed by Congress in 1990, the law makes it a federal offense to knowingly possess drugs or firearms on a school campus or within 1,000 feet of the school.

The drug conviction carries a mandatory one-year jail term if the criminal activity is committed at the school, plus any sentence the person receives could be doubled. People convicted of carrying guns on or near a campus face a five-year term and a possible \$5,000 fine.

"We will enforce the statute," Ms. Northrup said. "We will vigorously prosecute violators in federal court, and those caught with drugs and guns within the zone will serve their sentence in federal prison where there is no early parole. We take this statute very seriously."

Clarendon's superb academic UIL teams. No put down--of any kind--was intended.

The newspaper has nothing but respect for the UIL teams and for their caring and hardworking faculty sponsors. These students and teachers have done an outstanding job of representing this community throughout the state. They are a credit to Clarendon. The paper appreciates their efforts and has tried to publish their accomplishments.

The policy of *The Clarendon News* is to give every student as much encouragement and support as possible. The paper would like to do what it can to foster confidence and a positive self-image in all of our young people.

The paper sincerely apologizes to any student or teacher who was offended. Nothing negative was intended.
