CLARENDON, DONLEY COUNTY, TEXAS, JANUARY 20, 1938

A Common Paper for Common People

VISITING SPEAKERS, ENTERTAINERS TO FEATURE C. OF C. BANQUET MONDAY

Dr. Bradford Knapp, President of Texas Technological College, To Be Principal Speaker; Judge Sherman White And Pampa Quartet Included In The Program

Out of town speakers and performers will be featured on the program at the annual chamber of commerce banquet Monday night, January 24, it was disclosed this morning. Dr. Bradford Knapp, President of Texas Technological College, Lubbock, will be the principal speaker with Judge Sherman White, and a male quartet of Pampa also highlighting the program. Guests from Amarillo, Pampa, Wellington, McLean, Claude, Hedley, Memphis, Childress and Quall have been invited, according to the secretary, J. R. Gillham.

Arrangements have been made by J. T. Patman, chairman of the arrangement committee, to hold the banquet in the basement of the First Christian Church at 7:15. Tickets are now on sale by J. T. Patman, Clyde Douglas, Ralph Andis and J. R. Gillham and every one in Donley County is urged to attend.

Three directors will be elected to fill the places of President Frank White Jr., J. T. Patman and L. E. Thompson, retiring directors. Ballots have been printed including candidates names.

A printed program at the banquet will give a resume of the activities of the chapter for the past year and an outline of the proposed projects for the coming year.

Two Local Lumber Yards Robbed Friday Night

Two local lumber yards were entered Friday night and the thieves made off with \$7.85 cash, two pairs of pliers and 25 cents in stamps, it was revealed by the sheriff's department yesterday.

Sheriff Guy Pierce said he expected an arrest soon.

The cash was taken from the W. M. Cameron Lumber Company's safe which was not locked. Entrance was gained by tearing off a screen and prying open a window.

Breaking a window in the Foxworth-Galbraith yard, the thieves obtained the pliers and stamps.

Clues gathered at the two yards indicated the work of the same persons.

County's Agents Will Be On Air In Amarillo Saturday

Featuring farm and ranch work in Donley County, the county agent's office here is sponsoring a radio program over station KGNC, Amarillo, Saturday morning from 6:30 to 7 o'clock. H. M. Breedlove said this morning.

Charlie Bairfield will give an address on the range program in Donley County. Herman Dodson will talk on NYA assistance given the county agent and T. F. Connally will give a discussion on Donley County.

String music will be given by Sloan and Heckman, two Donley County youths.

Frank White, Manager Local Hatchery, is Honored At Fort Worth

Attending the Texas Furina Dealers convention in Fort Worth this week, Frank White Jr., manager of the Clarendon Hatchery, was honored by the president of the company for being one of the thirteen who, out of 210 dealers, achieved outstanding sales of Furina products.

White was accompanied to Fort Worth by his wife, and brother, Glenn White.

Funeral Services Held For Grandson of C. F. Bogard Here Today

Donald Ray Rhodes, 3-year-old son of Mr. and Mrs. Avis Rhodes of Kermitt and grandson of C. F. Bogard of Clarendon, will be buried in Clarendon this afternoon at 4 o'clock. Funeral services will be held at the First Methodist Church with the Rev. E. D. Landreth, in charge.

Donald Ray died of pneumonia Tuesday, January 18 in Kermitt. He was born September 22, 1934.

Pioneer Cattleman Dies In Amarillo

C. T. Word, Father of W. G. and Millard of Clarendon Succumbs Monday

AMARILLO, Jan. 19.—Judge C. T. Word, 80, prominent pioneer cattleman and landholder of the Panhandle Plains and father of W. G. Word, Donley County Clerk and Millard Word, manager of the Jack Roack ranch near Clarendon, died at his home in Amarillo Monday night after a brief illness.

During an active lifetime in the cattle business, Word acquired vast holdings in Potter, Swisher, Moore and Donley counties. His holdings once reached over 100,000 acres in six counties. During his prime, he was recognized by cowmen of this section as being a stock authority.

C. T. Word was born at Goliad, Texas, Sept. 22, 1857. He was one of the first ranchers on the Panhandle to devote his interest to the building and maintaining of high grade Hereford cattle.

Survivors include four sons: W. G. and Millard of Clarendon; Harry and Walter of Amarillo; two daughters, Mrs. G. C. Wescott and Miss Lola Word of Amarillo.

Commissioner Reeves Makes Formal Announcement

G. G. Reeves has authorized the following brief announcement of his candidacy for commissioner Precinct No. 2, Donley County.

In asking the people of Precinct No. 2 for re-election to the office I have held for the past three years, I want each one of you to know that I deeply appreciate your support in the past. If you approve my work as a commissioner, I will be very grateful for your vote and influence in the coming election.

I am conscientious, when I tell you I have done my best to serve you economically and as efficiently as I knew how.

Respectfully,
G. G. Reeves.

Lelia Lake Church of Christ To Hold Meeting

The Lelia Lake Church of Christ have announced a revival meeting opening Monday night, January 24, at the Lelia Church. Elder C. McClung of Fort Worth will be in charge of the services.

Everyone is invited to the meeting which will last approximately 10-days.

School Board Makes Appeal To Taxpayers

Through an advertisement in this issue of the Leader, the Board of Trustees of the Clarendon Independent School District explain the situation of school finances, and outline their plan of action.

For a more complete explanation, turn to page six and learn the Board's side of the question of imperative need.

Lelia Lake Methodists Hold Services Sunday

A fairly good attendance was noted at the Methodist church in Lelia Lake Sunday, reports the pastor, Rev. S. H. Salley. All those interested are urged to attend every service.

Rev. Salley began his work as supply minister here in November, succeeding Rev. W. T. Lackey, who was transferred to Vernon. He began preaching in 1928 while a schoolboy, and had his first experience in the Sweetwater district at Colorado City.

County Cage Title Race Starts Here Tonight

HELDLEY, Jan. 19.—The schedule for the county championship basketball race has been released with each team, Clarendon, Hedley and Lelia Lake, playing two games each in the round robin tournament.

The schedule: Jan. 20, Lelia Lake at Clarendon; Jan. 21, Clarendon at Hedley; Feb. 4, Hedley at Clarendon; Feb. 8, Lelia Lake at Hedley; Feb. 11, Clarendon at Lelia Lake.

2,000 Baby Chicks To Feature F. F. A. Spring Project

Stucco House Leased And Electric Brooder To Be Used In Care of Chicks

Featuring poultry in their spring project, 2,000 baby chicks will be brooded by approximately 15 F. F. A. Club members, J. R. Gillham, advisor, said yesterday.

The chapter has leased a stucco building and an electric brooder will be used in caring for the chicks. The building will be divided into two parts and the yard into two divisions in order to care for chicks of widely varied ages.

The brooding program is being used in connection with the program for better chickens throughout the county. Several new varieties will be introduced to the county by the F. F. A. boys.

Among new breeds will be Columbian Wyandottes, Blue Andalusians, Speckled Sussex, Lamona's, White Giants, New Hampshire, White Orpingtons, Black Leghorns, Light Brahamas, Houdans, and Buff Cornish.

Approximately 200 broilers will be grown as a group F. F. A. project. Fryers for the Father and Son Banquet to be held in April will be furnished from the group and the remainder will be sold on the market.

Hedley Ready For Title Bout By Whipping Bronchos 24 to 21 In Second Go

Serving notice that they are primed to defend their county basketball title, the Hedley Owls finished with a rush to take a second warm-up game from the Clarendon High School Bronchos here Friday night by 24 to 21.

The Owl-Broncho tilt topped the three game card which showed an 18 to 16 win for the Hedley girls over the local high school sextet. Gunn, Hedley; and Kathleen Ryan, Clarendon were luminaries in the play.

Closing the night, the Clarendon Junior College All-Stars romped away with a 56 to 18 victory over the Hedley All-Stars.

George Moffett Is Making Race For Senate

Representative George Moffett of Chillicothe has announced his candidacy in the Twenty-third senatorial district. Ben G. O'Neal of Wichita Falls, present incumbent, is asking for reelection.

Mr. Moffett, owner of the Clarendon Motor company here, has made a fine record in the House of Representatives during the eight years that he has served his people. He believes, along with a large number of warm supporters, that he is entitled to a promotion.

Allred Gives Political Dope On Candidates

If you read "The Rest of the Record" by Governor James V. Allred as published in the Leader each week, you will get a bit of political history on each of the candidates. This issue carries some important information that every voter should know, and most every voter wants plenty of information.

LATE ORDERS BOOST TREE PROGRAM TO 65 HOMES; PLANTING IS OUTLINED

By J. R. Gillham

Sixty-five Donley County homes will be beautified with trees as a result of the Chamber of Commerce and Vocational agriculture department tree planting program.

Calls for trees Saturday resulted in the hurried ordering of an additional 200 bringing the total to 2,000. The Chinese Elm continued to be by far the most popular tree with over 1100 being ordered. Green ash, honey locust, black walnut, Bois D'arc, desert willow, and tamarix were the other varieties ordered.

The trees will be delivered in Clarendon Thursday, January 20, and will be distributed at the City Hall Friday and Saturday, January 21 and 22nd. Those having ordered are asked to call for the trees Friday and Saturday if possible.

Car Stolen, Burned Here Saturday Night

Taken Near Lelia Lake; Driven To Martin And Stripped

Officers of the sheriff's department yesterday disclosed that an automobile, owned by Roy Darnell of the Windy Valley community, was stolen and burned here Saturday night.

The car was stolen near Lelia Lake, driven to the Martin community, stripped of tires and ignited, the officers said. It was demolished by the blaze.

Darnell drove the automobile to the Luther Butler home near Lelia and accompanied the Butler's into Clarendon. Upon returning about 11 o'clock the car was missing.

Darnell notified the authorities who a few minutes later received a call saying an automobile was burning near Martin.

Sunday Was Rally Day At Lelia Baptist Church

Members and friends gathered at the First Baptist church in Lelia Lake last Sunday in what amounted to a "rally day" of renewed interest, it is reported.

Two conversions and two additions were made to the church. The Sunday school classes have been studying "God's Plan of Giving," collections having doubled since the study was started, and all debts paid.

The pastor preached at this church morning and evening and at Naylor in the afternoon Sunday. An all-day service will be held at the church in Lelia next Sunday, the 23rd. The public is cordially invited to attend this worship. A visiting speaker is announced for this day.

Two Negroes Charged With Tire Theft Here

Andrew Jackson, Shamrock, and Red Wells, Clarendon, (both colored) were arrested by officers of the sheriff's department on charges of theft of a tire Thursday.

Jackson pleaded guilty and was fined \$1 and cost in county court. Wells' trial was postponed.

The two men stopped at the Ellis filling station, on the east pavement to buy gas. While one entered the station to talk over purchasing a battery, the other allegedly took the tire.

Wells was taken into custody here and told officers he knew only that his companion was named Jackson and that he had left for the South Plains. Remembering seeing the car, the officers traced Jackson to Shamrock where he was arrested.

Grandmother Bailey Eldest of Donley's Women

Affectionately known as "Grandma Maggie Bailey," Donley's oldest lady citizen is 92 years of age, still able to get around very well, thank you. She resides north of Hedley and is the grandmother of Mrs. Tommy Bain. She has a number of relatives in this section where she has resided for some thirty years.

Mrs. Bailey attended the semi-centennial celebration here in July.

BELL, HUTTO HOLD SPOTLIGHT AT HIGH SCHOOL FOOTBALL BANQUET

New Clarendon Coach Promises Bronchos Their Share of Victories; Superintendent H. T. Burton Pledges Cooperation, Grassed Field And Transportation

Bain Is Candidate For Commissioner In No. 4

At the request of friends and neighbors, I am offering myself as a candidate for County Commissioner of Precinct No. 4. I am a native son of Donley County, aged 35 years, and I have always tried to be a good law-abiding citizen. If elected to fill this office, I shall deem it an expression of faith on the part of the voters and I shall exercise my best judgment in discharging the duties of the office. I expect to deal fairly and impartially with each person and section of the precinct if elected. I shall remember that I am merely a representative of the people and shall always try to keep the best interest of the people in general in mind.

I am making this race on my own merits and will be glad for the voters to look into the record of my past life.

Your vote and influence will be greatly appreciated.

T. W. (Tommy) Bain

9 More Days to Make Your Poll Tax Payment

If you must buy a poll tax to vote in all the elections this year, do so before midnight of January 31st. After that, if you have real estate, you will have to pay anyway, but can't vote.

A person who has become 21 years of age since January 1, 1937 and before January 1, 1938 will be required to secure an exemption certificate prior to January 31, 1938 in order to vote in the elections of 1938.

A person who will become 21 years of age after January 1, 1938 and prior to the elections of 1938 will be allowed to vote without securing an exemption certificate for the elections of 1938.

A person who was 60 prior to January 1, 1937 can vote in Donley County without securing an exemption certificate. This is due to the fact that only in towns of 10,000 or more an exemption is required.

Methodist Revival Under Way With Large Crowds

Ever increasing crowds at the Methodist revival are being held by the very effective preaching of the Rev. H. C. Smith of Amarillo, whose style of preaching is making him the reputation of the rapid fire speaker. His preaching is very sincere and straightforward. Those who are waiting until later to get into the services are missing a real spiritual blessing.

The music is being led by a choir of volunteer singers from various churches, singing the old hymns and choruses that the people love. All the singers of the community are invited to come and assist in the music.

District Attorney Is Seeking Second Term

The Leader carries in this issue the formal announcement of Hon. John Deaver of Memphis asking for a second term as district attorney of the 100th judicial district.

Mr. Deaver served during the administration of Judge Fires and now with Judge Moss. He bases his claims solely upon his merits as set out in his formal announcement.

Glenn White Chosen Head of Shamrock Hatchery

Glenn White, son of Mr. and Mrs. F. A. White of Clarendon, who for the past 11-years has been connected with an oil company in San Angelo, has accepted a position with the Shamrock Hatchery as manager.

The Hatchery at Shamrock is connected with the Clarendon Hatchery.

Mr. and Mrs. White are visiting here before going to Shamrock.

Football programs in colleges and high schools are justified because of their material aid, physically and mentally, Matty Bell, head coach of Southern Methodist University told over 100 persons at the High School grid banquet at the Clarendon Hotel here Tuesday night.

Bell said athletic scholarships offered college educations, for boys, which otherwise would be unattainable. "The same thing applies to your high schools," he said, in pointing out the advantages of players being furnished means of transportation from outlying communities.

Bell paid tribute to players of light stature who are "willing to pay the price," take the hard knocks and comeback with determination. He cited his 1937 Mustangs whose spirit almost carried them to a Southwest Conference championship.

Hits Sidewalk Coaches

Leveling a barrage at "sidewalk coaches," the speaker told Broncho candidates to not listen to anyone but the coach, saying the coach in charge is the only one that knows whether or not you are playing your position correctly.

The S. M. U. coach also showed motion pictures of the S. M. U.-Baylor game and the S. M. U.-Arkansas game. He pointed out blocking, tackling and plays.

County Agent H. M. Breedlove, who was guard for Bell at A. & M., introduced the speaker. Breedlove also introduced Carl Moulden, Berger coach, his teammate and A. & M. football captain. Moulden was all conference tackle and All American mention in 1931.

Hutto Talks

Although Bell was the principal speaker, the focal point of interest locally was on Emil Hutto, recently elected to coach the Bronchos next fall. In a rapid fire speech, Hutto pleased the group by promising them their share of the victories. Asking for cooperation from businessmen, Hutto bluntly called for a grassed field, promising 50 per cent better blocking and tackling on good turf. He also asked for means of transportation for community boys, saying he would use his car every afternoon.

Bagby Is Elected Director Of Dallas Insurance Co.

Formal announcement is being made today of the election of Geo. B. Bagby of Clarendon to the board of directors of the United Fidelity Insurance company of Dallas.

Mr. Bagby has represented the company here for the past ten years. During that time, he has led the field as a producer repeatedly for several years. His position in the official family sees his selection as chairman of the Agents' Advisory Board, an honor merited by his excellent record with the company covering the ten year period.

Cotton Check List Still Good

During December, a number asked that their names be kept on the list until their cotton checks arrived. Those who made arrangements are being carried on the list until the arrival of the cotton checks which is expected any day now. Several have called or 'phoned in to inquire how long their "credit" would last provided the checks are late in arriving.

Be sure to renew your subscription promptly, otherwise we will infer that you have changed your mind and drop you from the list. The old rate of \$1.50 a year applies for those who made arrangements and are being carried on the list at this time. Your credit is good until the cotton checks arrive if it takes until July to get them here.

COMMUNISM IN CALIFORNIA.

It is said that more and more of the men and women of the motion picture colonies in California are becoming communists. A frequent change of mates under present laws entails a lot of time and expense. With the change of several mates, children in many incidents become a liability to those who do not choose to "marry to stay married."

Under communism, marriage laws would not exist. Unwanted children would be cared for by the state. Mate changing and births under communism would be all hotsy-totsy. That's why it is said the colony folks out in California's motion picture colonies favor communism.

CANADA HOGGED THE DEAL.

News print mills in Canada, mostly owned by corporations of the States, are up against a tough spot. During the past year, prices went sky high. Mills were equipped to turn out unlimited quantities of paper. Now it appears that newspaper publishers have cut down their purchases to an economic status that threatens ruin to one of Canada's largest industries. Production has been reduced thirty per cent since January 1st.

Materials are being assembled for a three million dollar paper manufacturing plant at Lufkin, Texas. Another mill costing eight million dollars is being erected near Mobile, Alabama.

Newspaper publishers in a meeting at Fernandina, Florida last week secured pledges for stock in a mill to be erected in some location in Florida near pine forests and water ways.

It all begins to look like Canada lost out by hogging everything in sight. It is being freely predicted that within two years, millions of dollars will be spent in the South for newsprint.

THAT PRESIDENT BALL STUFF.

Asked this week if the Leader would back a President's Ball affair, the party was informed in the negative. Warm Springs, Georgia is too far from tax. We have more than one worthy institution right here in Texas. The Scottish Rite Hospital for Crippled Children at Dallas has built a wonderful name for helping the children crippled through infantile paralysis. The percent of cures is on a parity with any institution in the nation. Restorations have been many, some of them right here in old Donley county. The Dallas hospital is worthy of our contributions, the capacity being taxed to the limit at all times. Those too poor to pay are transported to and from the Dallas hospital by railroads free. Not only that, one person may accompany the crippled child without any charge. Those too poor to pay, are treated free at the hospital and given the same care and attention as the children coming from wealthy homes. More than \$36,000 was contributed to the cause the past year. A million is needed to care for the helpless cripples in Texas. It means an escape from a living death to our little folks. It means hope, happiness and opportunity. Your donation will be appreciated. But do it now.

DO WE NEED AN UMPIRE?

Some years ago when the big league baseball folks could not get along agreeably, they asked Judge Kenesaw Mountain Landis to take over the job of general umpire. He resigned his position as judge, and all through these years the Judge's decisions have become law among the baseball fraternity.

As the Panhandle develops, more and varied interests of the several sections naturally conflict. There are times when the serenity of our section is fractured by blasts of accusations, all to the detriment of the peace, dignity and financial betterment of all of us.

Is it possible that a man might be secured from an outside source who could umpire the Panhandle? He would have to be a genius, but he could be had at a price. He could be another Landis in a different role.

IGNORING THE ENEMY.

All during the process of figuring some way to help the farmer to help himself, one of the most important enemies of the producers has been studiously overlooked. That gang of leeches is no one but the speculators.

In growing any farm commodity, a bunch of gamblers on a stock market set the prices. Do these gamblers really gauge their prices according to supply and demand? Hardly. In the matter of cotton, several million bales of linter bales that are practically worthless, are carried over each year to depress the cotton market. This trash is included in the "carry over" each year.

Then on top of the gamblers in farm product prices, the farmer is harassed by the packing house trust, the machinery trust, the spinners trust, the millers trust, and in each

is found a monopoly equal to the paper trust that has a strangle hold upon the newspaper publishers at this time.

Why doesn't the government authorities give the consumers a square deal instead of talking about doles, subsidies and various other charitable means that would increase our taxes and get us nowhere?

AUTO STRIKES HURT NEWSPAPERS.

The lack of auto advertising the past few months in the weekly and in many of the daily newspapers is attributed to auto strikes. John L. Lewis, head of the CIO's is directly charged with trying to start a fire under the whole scheme. The auto workers never have struck for higher wages, because they are the highest paid skilled workers of any class of workmen. But Lewis wants more dues-paying members, hence induces strikes for recognition of his union—the CIO.

Workmen opposed to strikes and lockouts that work a hardship upon their families, refer to Lewis as John Louse Lewis, Beetle Browed Lewis, etc.

It's a pity that some of these fellows can't slip up on Lewis and start a prairie fire in his eyebrows.

SPILLING THE BEANS.

Once upon a time not so long ago either, there was a meeting being held in a town for the purpose of trying to find out "why the town did not progress." Every verbose brother present was urged to speak to the subject of "What can be done to get this town going." All went along in the usual way of killing time until one old boy got up and fired his blast all in one sentence when he said: "This town needs a few well-placed fires and a few well-placed funerals."

"THE REST OF THE RECORD"

BY JAMES V. ALLRED
 Governor of Texas

As this is written I have just returned from Bismarck, the capital of the State of North Dakota, where I spoke at the Jackson Day dinner. I found many enthusiastic Democrats there, and according to all reports the people are overwhelmingly behind President Roosevelt, just as they are in this State.

Incidentally, when I saw the President in Washington recently he appeared to be in the best health and happiest spirits of any time I have ever seen him. He seemed to appreciate it when I told him that the people of this State were behind him almost 100 per cent.

"Pay your poll tax!" That should be the slogan of all good citizens from now until February first.

One of the most important offices filled by vote of the people is that of Lieutenant-Governor. Generally little attention is paid to it by the voters, but it is a powerful office.

The Lieutenant-Governor presides over the State Senate and appoints the various senate committees. This is especially important when a conference committee is appointed. The Lieutenant-Governor's rulings can generally determine whether a bill is to pass or not pass. For this reason you can see how important it is.

Several candidates are being discussed, though none have made a formal announcement. Among them are:

1. Senator Will D. Pace, of Tyler, who is chairman of the State Affairs committee, where all the tax bills died during the regular session of the legislature. At the beginning of the regular session Senator Pace voted against race track gambling but later switched to the other side and voted with the gambling crowd all the way during the remainder of the regular session; and even in the special session when the race track gambling law was repealed.

2. Coke Stevenson, who was twice elected speaker of the House by the Ferguson forces; and whose ruling as speaker first made it possible to legalize race track gambling.

3. Senator Wilbourne Collie, who voted for repeal; and

4. Senator G. H. Nelson, of Lubbock, who introduced the bill to outlaw race track gambling and successfully pushed it through.

This is part of the records of those who have been discussed as candidates. If definite announcements are made I shall be glad to give you "the rest of the record" as to the records of these gentlemen from time to time.

Regardless of whom you expect to vote for, for Governor, for Lieutenant-Governor, or for any other office—"Pay Your Poll Tax!"

Mr. and Mrs. J. H. Hurn and their little granddaughter, Mary Iadel Cox, were in the Mobeetie country Monday looking after the Hurn land holdings.

38-Year Old Man And 14-Year Old Girl Wed

PAMPA—A marriage of a 38-year old man and a 14-year old girl, both of Kingsmill, was performed last week by Justice of the Peace Charles I. Hughes. The groom was R. E. Kirby, the bride, Zelma Mae Armour.

The bride is a foster-daughter of the groom's sister, County Clerk Charlie Thut was informed.

Age of the groom was given by him as 38 when he obtained the license from County Clerk Charlie Thut; that of the girl as 14 years, two months, by Maggie Armour, who made an affidavit to that effect.

A south Texas service station has extended its usefulness to include the cleaning of eye glasses, but draws the line on rendering the same service to false teeth.

The way to a man's heart may be through his stomach, but the most direct route to a woman's heart is through a nifty automobile.

One of the occasions for a "knock-down-and-drag-out" in the Kansas City strike at the Ford plant was started in a peculiar manner. A well dressed picket was walking up and down in front of the main office. Some one on the Ford side of the argument hired a negro woman to walk along side the man carrying in her hands a banner in red letters that read, "Just Married."

A drunken woman was taken off the train at Grand Saline when she was seen to be throwing money out the car window. She was charged

with impersonating a government official.

Blue Bug Bessie says the meek women do the cooking for a church affair, but the talkative ones do the bossing.

While attending the Tri-State fair in Amarillo last fall, I just got to thinking that right here is over a million dollars invested in entertainment for the folks. Why forty years ago I had a big day in Amarillo on five cents worth of cotton candy, and saw more drunks and fist fights that night than they now have in six months.

BABSON'S PRAISE OF CHEMICALS IS TOPIC FOR TEXAS

Nomination of chemicals as the "industry of the year" for 1938 by David Babson, famed economist, emphasizes the desirability of cultivating these industries' development in Texas, which has many natural attractions to offer them, says a report of the All-South Development Council.

Babson, whose previous predictions as to the nation's pace-setting industries scored bulls-eyes with selection of building construction in 1936 and aviation in 1937, chose the chemical industry for leadership in 1938, basing his choice on its "research progress, all-inclusive diversification, conservation management, and its protection against war, inflation, politics and labor."

Because of her wealth of the raw materials, both mineral and agricultural, used in chemical manufacturing and in the fast-expanding chemical process and synthetic materials industries, the report points out, Texas could logically be in the forefront of this sort of progress. A program of state "salesmanship" to industry, it said, could bring great gains for Texas in this field provided it were backed by a cooperative rather than antagonistic official attitude toward business.

As it is, although Texas products such as petroleum, sulphur, gas, salt, lime, clays, carbon black, potash and coal tar are prime bases of the chemical industry, the state accounted for little more than half of one per cent of the nation's chemical manufacturers values in the most recent official census. Louisiana, whose \$7,324,036 output in that listing almost doubled Texas' \$3,849,071, has in the last year added, under its "welcome to industries" plan, \$5,540,000 worth of new and expanded chemical plants.

In addition to these mineral assets, the report notes, Texas has pine forests, ability to grow virtu-

ally all of the cellulose-containing plants now finding new industrial uses through current discoveries of the "chemical age," and of course a monumental supply of cottonseed and linters, a prime source of cellulose used in plastics.

While recognizing that "a new plastic or a novel synthetic substitute for rubber or leather puts romance into the industry," the Babson statement points out that the chemicals industry's leadership is based on more fundamental reasons, that chemistry is the "father of all industries," and that it has "built up a vast back-log of demand for industrial essentials."

Vocational Agriculture Boys Get Brooder

Resulting from efforts by J. R. Gillham, advisor, the vocational agriculture department of the Clarendon High School has been presented with an electric brooder by the Purina Mills.

The brooder will be used by VA members for brooding chicks. Chicken raisers have long real-

ized the importance of proper brooding, Gillham said, and the F. A. boys feel they will be able to reduce their losses to a minimum with the aid of the brooder.

This announcement of interest to his friends in Clarendon and Donley County is being published without Mr. Bagby's knowledge.

We Welcome
GEO. B. BAGBY
 to our
BOARD
 of DIRECTORS

We are pleased to announce that George B. Bagby has been elected to the Board of Directors of the United Fidelity Life Insurance Company. As a board member he will join hands with the other community leaders listed below in directing the affairs of the Company which for ten years he has so ably represented. The invitation to the board was extended to Mr. Bagby because of his sterling character and his proven business ability; and especially be-

cause of his untiring efforts and unselfish devotion to the interests of his policyholders. He has caught the vision of life insurance in a manner which makes him an outstanding life insurance counsellor not only of his Community and State but of the entire Country.

George B. Bagby
 Vice-President and General Manager.

Editorial

The age old human trait of letting tomorrow take care of itself, and trusting to luck as a preventive of all trouble and ill-fortune doubles back on us occasionally.

Why must children suffer disease, and death from causes for which science has contributed millions in dollars and countless days in field and laboratory research in the perfecting of a known preventive for most of our dangerous ailments?

Actually cost, we know, has nothing to do with the lack of inoculations to disease—actual care-

lessness does.

Tragedy, the only warning sufficient to cause the average person to stop and think has brought these facts to light in our particular case. Less than twenty per cent of our school has been vaccinated or has taken serum against either smallpox, typhoid fever or diphtheria.

One doctor bill or funeral expenses covering one case of either of these three diseases will pay for the inoculation of every pupil in school.

Negligence very often cannot be bought off at any price.

In Pathfinder, not so long ago, we read of a woman bacteriologist of Columbia University who has prepared a serum that, while not

total immunizes the patient, has proven highly effective in softening the effect of measles and wards off its after math, (which in case you have never heard are eye and ear trouble, meningitis, bronchial trouble and tuberculosis)

However, in spirit of money spent, research expanded, preventives perfected, those being perfected and a statistical fact that four to six percent of three-quarters of a million cases of measles alone in the United States each year result in death, we vaccinate less than twenty percent!

Figure five percent of three-quarters of a million, add to that any small percent you wish of the other three diseases; to this total add a million regrets and heart-aches and several million dollars in doctor bills and funeral expenses; balance the sum total of all this against an ounce of prevention and a pound of carelessness and you will wonder why we are classed as intellectual.

Society

Mr. and Mrs. G. W. Kavanaugh entertained the Martin community at his home Tuesday night with a domino party. Everyone reported a very nice time.

The Better English Club social committee reports that the next social will be Friday night.

Sport

The Martin Eagles met the Goldston ball teams at Goldston last Friday afternoon. We are proud to say that both our teams won. The boys scores were 14 to 12. The girls scores were 24 to 11. We look forward to our next game with at least a world of hope.

Class Report

Miss Polk visited the Canyon Museum Sunday and got a small model of the mounted buffalo there. The children are to study the buffalo and are to write stories about it. This is to be the second grade English class and the first grade Reading class. The first grade class are selecting pictures of pets and are making a pet book. They are still studying the Eskimos.

5th and 6th Spelling

The fifth and sixth grade spelling contest ended last Friday. In the fifth grade the prize was one by Helen Joe Bulman who had missed only seven words in three months. Lamar Mason had missed only 4 words but had been absent one week. Therefore the prize went to Helen.

In the sixth grade Josie Davis and Kathaleen Brinson tied for the prize, each having missed 20

words in three months.

Both classes have started a new contest with much enthusiasm.

Charles Davis was reading orally and came to the word "slender". He could sound the letter "s", but then he would stall on the rest of the word. His instructor, trying to help him out a bit said, "now Mrs. A. is fat, but Miss Polk and I are—". Charles thought a minute, then his face brightened and he exclaimed, "Aw, I know, it's stingy."

We are correlating the study of thrift with the study of the life of Ben Franklin. Maxims from "Poor Richard's Almanac" have suggested thrift posters which are exemplifications of the originality of the students, and these posters, along with brief sketches of Franklin's life are on display in our room.

Current Events

Mr. and Mrs. Byrd Neill and family and Mrs. H. H. Neill of McLean spent the week end in the W. F. Shannon home. Mrs. H. H. Neill remained to spend a few days with them.

Mr. Hartzog reports that his son, Larry is doing much better and expects to be home this week. We shall be very glad to have him and Mrs. Hartzog back.

Miss Polk and Miss Crawford spent Sunday in Amarillo and Canyon, visiting the Museum and hearing Gypsy Smith preach.

Payments Under 1937 Agricultural Conservation Program Now Under Way

COLLEGE STATION—Payments under the terms of the 1937 Agricultural Conservation Program are being made in considerable volume, according to Geo. Slaughter, Wharton, chairman of the Texas Agricultural Conservation Committee.

The conservation program terminated two months later than was the case in 1936 when the final date for compliance was October 31. Farmers had until December 31 to carry out conservation practices in 1937.

First payments went to farmers in Brazos, Morris, and Jasper counties, Slaughter said. The state AAA office on the campus of Texas A&M College is auditing 2,000 applications for grants a day, and is equipped to handle as many as 3,000 a day if the volume received from the field justifies.

In spite of the fact that the compliance date fell two months

later, the program as a whole is further along than in 1936, according to Slaughter. He pointed out that 167 counties had been approved for final adjustment as compared with 52 on the same date in 1937, and that some 99,000 applications for grant have been typed and returned to the counties. On the same date in 1937, this figure stood at 36,000.

The fact that the expenses of administering the program within the counties must be deducted from the payments going to farmers makes it impossible to make payments to any one county until at least 75 percent of the applications from that county have been received by the state office, Slaughter said.

Around 36 million dollars will be distributed among approximately 200,000 Texas farmers under the 1937 agricultural program, Slaughter estimated.

Dealers Hold Meeting Here All Day Thursday

A dealer meeting and school of instruction held here Thursday brought dealers in Allis-Chalmers products from McLean, Shamrock, Pampa, Hedley, Memphis, Wayside and Claude to Clarendon.

Four factory men were here to explain features of the machinery.

Local distributors for Allis-Chalmers is the firm of Brumley & Rundell.

Mr. and Mrs. Marvin Land and children of Portales spent the week end here with relatives and friends.

Clarendon's Schools

Are Going to Keep Open

We, the members of the school board were elected to carry on your schools—our schools—and are faced with the necessity of providing funds to do the job. Under the law we have levied sufficient taxes to pay all costs, and now your part is to pay your taxes. You owe it to yourself and you owe it to the great majority of people living in the Clarendon Independent School District, who have paid and are paying their school taxes, and who demand from this board that our schools run the full nine months' period.

\$41,262.00 Delinquent Taxes Due

Besides the current 1937 taxes due by Jan. 31st, there are \$41,262.00 delinquent taxes due the school. The board has tried by every fair means to collect this tax money, and have seen all local means fail. There is not now enough money in sight to carry the schools through February. The schools must run, so we have decided to place the collection of delinquent taxes in the hands of an outside collection agency, who will have no local friendships or ties to hamper them in the task.

Penalties After January 31st

In years past we have been lenient in the matter of penalties provided by law, as a help to people facing the hard financial situation. We cannot longer pass these penalties by and be fair to those who are paying their taxes. The properties of the district stand for the taxes lawfully assessed and all penalties added for delinquencies.

Pay Your Taxes Before January 31st to Avoid Penalties

Remember that penalties on 1937 unpaid taxes are added at the rate of one per cent per month, until July 1, 1938, when the penalty is increased to eight per cent and interest charges at the rate of one-half per cent per month are added.

We Are Facing Our Responsibility And Ask You to Face Yours

Our school system is the greatest asset we have in the Clarendon school district. If our schools suffer, our Junior College will fall along with it. The education of our children NOW at their tender age is a matter we cannot shift to some other day. The law is plain as to the duties of the school board. We have decided to face the issue, as any other elected board must do. The property here must bear the load.

We thank you heartily for all co-operation in years past and gone, and we solicit your early meeting of all obligations due the district. If there was any easier way out to carry on our schools we would use it. Arrange to pay your current and delinquent taxes before the penalty date and give evidence of your deep interest in the children of this district.

Bronchial Coughs Need Creomulsion

Just a common cough, a chest cold, or a bronchial irritation of today may lead to serious trouble tomorrow. They may be relieved now with Creomulsion, an emulsified Creosote that is pleasant to take. Creomulsion is a medicinal combination designed to aid nature in soothing and healing infected mucous membranes by allaying irritation and inflammation and by aiding in loosening and expelling the germ-laden phlegm.

The Medical Profession has for many years recognized the beneficial effect of Beechwood Creosote in the treatment of coughs, chest colds and bronchial irritations. A special process was worked out by a chemist, for blending Creosote with other ingredients and now in Creomulsion you

get a real dose of genuine Beechwood Creosote which is palatable and can even be taken frequently and continuously by both adults and children.

Creomulsion is one preparation that goes to the very seat of the trouble to help loosen and expel the germ-laden phlegm. When coughs, chest colds and bronchial troubles—due to common colds—hang on, get a bottle of Creomulsion from your druggist, use it as directed and if you are not satisfied with the relief obtained, the druggist is authorized to refund every cent of your money. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief that you want. (Adv.)

A RECORD OF YOUR SUCCESS

The Bank Book is the little book that tells a big story. In it is the record of your success, and after a period of systematic savings, the most interesting story imaginable. Savings are the foundation stone upon which you build your future. Those who save, and who protect their honor, are those who succeed in the long run. Banks welcome them both as depositors and borrowers.

It takes hard labor, and sometimes rigid self-denial, but the end is worth the price. Let us help you write a big record of success in the little book.

CHURCH OF CHRIST
H. V. Crumley—Minister.
The blessed Jesus saw much in this old world to weep over. More than that he saw much to pray over, but not one time did he see any one to hold in contempt. The woman that was found in adultery was not looked upon with contempt but rather with pity. In that great heart of his, Christ found no room for contempt for Judas the man that betrayed him, but rather pity

for a fallen creature that love money more than he did the heavenly Father and his son.

There is a vast difference between contempt for the sinner and pity for him. The form is the attitude of the self-righteous, the latter the spirit of Christ.

THE NARROW TRAIL

God made the lonely mountains
And trees up there so high,
He made a beautiful rainbow
And placed it in the sky.

He made the stars that wink at you;
The plains all white with snow;
'Twas he who made the little streams
That ripple as they flow.

He made the fields of golden grain;
He made the desert, too;
He made the flowers that nod their heads
And bend with silver dew.

He made the desert cactus bloom;
With flowers that bend and nod;
He made a straight and narrow trail

That will lead you up to God.

Twentieth Century-Fox at last brings Johanna Spyri's beloved "Heidi" to the screen with SHIRLEY TEMPLE starred in the title role. The famous story that waited for its star is a picture for which Shirley will always be remembered.

Shirley Temple More Glorious Than Ever Before in Johanna Spyri's Beloved "Heidi"

Shirley Temple as "Heidi!"

Millions the world over have been enthralled by the warmth, the tenderness and the charming beauty of Johanna Spyri's beloved story of Heidi and all the colorful folk who lived and laughed and loved high up in the Swiss Alps, just beneath the stars. Translated into all languages and read everywhere, it is a story that had to wait for its star before it could be brought to the screen. The Twentieth Century Fox production of "Heidi" starring Shirley Temple, coming Sunday, Monday and Tuesday to the Pastime Theatre, is the picture for which she'll be remembered always. "Heidi" brings a Shirley Temple more glorious than has ever been known, in the picture she was asked to make by thousands of fans who wrote to the Twentieth Century-Fox studios. Bringing love to hearts filled with hate, and a twinkle to eyes filled with tears, 'Heidi' tells of an embittered mountain-top exile, brilliantly portrayed by Jean Hersholt, reclaimed from his fierce hatred of the world, of a young girl who finds the strength and courage to walk again, and of the little heroine who brings everyone new zest for life.

Arthur Treacher and Helen Westley play prominent roles in the story, and Pauline Moore, Thomas Beck, Mary Nash, Sidney Blackmer, Mady Christians and Sig Rumann are also featured in the cast.

Written into the faithfully transcribed screen play by Walter Ferris and Julien Josephson are two dance sequences that present the first star of the screen at her greatest. "In Our Little Wooden Shoes," the specially composed song by Lew Pollack and Sidney D. Mitchell, gives Shirley a gay and charming interlude in the warmly dramatic story.

It was in "Wee Willie Winkle" that she made her first attempt at a straight dramatic role, an attempt so successful that Darryl F. Zanuck, Twentieth Century-Fox

production chief, decided to make "Heidi" in the big-picture tradition set by the Kipling classic.

Remaining unspoiled in the midst of it all, Shirley was wide-eyed with elation when she was assigned the role and wanted to be assured that all the things that made "Heidi" so colorful to her would be retained in the picture.

"Heidi" has sold millions of copies and is on the prescribed reading lists of schools all over the world. Ideally cast and gloriously played, it makes a picture that its many readers long have hoped to see.

Raymond Griffith served as associate producer, and the special dance sequences were staged by Sammy Lee.

There is Always Worship Fellowship :: Service

The burdens of life are too heavy to be borne alone. The problems are too complex to be solved without supernatural help. The responsibilities are too great to be undertaken without the co-operation and helpfulness of friends. The opportunities are too glowing and fascinating to be passed by unnoticed. In fact life is so challenging that one needs to seek the best relationships, the highest ideals, the noblest ambitions, the most cultured and refined fellowship to get its supreme superlative. One who has had experience and knows whereof he speaks is happy to believe that no other relationship affords as many fine qualities for the making of the right kind of a life, and the happiest existence, and the furnishing of the finest fellowship, as ones relation to God and his church. Make much of your church services as you worship God and have fel-

lowship with good friends.
Regular services at the Baptist Church Sunday morning and evening. Be good to your better self by being in your place in your church, and rededicating and reconsecrating your best efforts to the highest and more worthwhile things in life.

To the Voters of the 100th. Judicial District:

I wish to submit myself as a candidate for reelection to the office of District Attorney. In doing so I feel that I know a majority of the citizenship of the district, but some I have not had the pleasure of meeting and to these I submit the following brief summary of my life: I was born and reared at Memphis, in Hall County, where I still live and attended the public schools there. I attended Trinity University for three years and quitting in my senior year, served overseas with the Second Army Division for eleven months and coming home earned the money that put me thru the University of Texas Law School.

While serving you I have had the full cooperation of the Court, the Sheriffs and other Officers, the County Attorneys and Clerks and I am grateful for the whole hearted cooperation had from those who served on Petit and Grand Juries.

In asking your consideration for reelection I can offer as a promise, only a continuation of the record already made in the office, with possibly my working tools sharpened by the additional knowledge which experience should bring. I have tried at all times to prosecute and never to persecute. It has been my desire to discharge the duties of the office efficiently, honestly and fairly. You are interested only in the results of these efforts. Any record made for efficiency will be reflected on the Minutes of the District Court in the counties served and the percentage of convictions there shown. Any record for fairness and honesty you will find written in the hearts of those I have served and served with. To these two sources I refer you as well as to the results of any other inquiries you should care to make and I know the results of these inquiries will and should control your verdict.

It is my desire to see every citizen of the district before the Primary in July, but until I may see you in person, I take this method of requesting your consideration.
Respectfully submitted,
John Deaver.
