Broncos blast Shamrock 34-7

The Clarendon Broncos defeated the Shamrock Irish Friday night 34-7 in Shamrock.

The ground attacks of the Broncos ate up 320 yards and eighteen first downs and five ball carriers gained good yardage.

The Broncos were quick to take the lead as Robert Youngblood intercepted an Irish pass and returned it 25 yards to set the Broncos up on the Irish 25 yard line. James Ariola made 3 yards on the first place and Leland Howell made 4 yards on second down. Ariola made a first down at the Irish 15 yard line. Daniel Ford made 5 yards, and then went the final 10 yards as Howell ran the option to perfection. Howell cut up the field and optioned off the Irish cornerback and Ford breezed into the end zone with 8:21 left in the first quarter. Dan Nichols added the point after to make the score 7-0.

The Broncos weren't through for the first quarter as they took over on their 45 yard line and moved the distance in seven plays. Howell covered the last 34 yards on the quarterback keeper. Howell stepped into the end zone untouched as he teamed up with Ariola on a beautiful fake up the middle as the Irish were still tackling Ariola ten yards up field. Nichols added the point with 4:01 left in the first quarter. The first quarter ended with the Bronco defense controlling the Irish.

In the second quarter, the Broncos took over on their 35 yard line and then came the Randy Crump show. Randy bulled his way 40 yards on six carries. Crump scored from the one and Nichols added the point with 4:40 left in the half to make the score 21-0. After a Bronco turnover the Irish scored on a pass play late in the half. The teams went to the dressing rooms with the Broncos on top 21-7.

The second half started with both teams turning over the ball. The Broncos took over late in the quarter on their own 30 and moved the seventy yards in three plays. Ford made twenty yards around left end and Marcus Smith made two yards and then Smith went 48 yards on a run in which he ran through two Irish and then out ran them to the goal line. Nichols added the point to bring the score to 28-7 with 2:42 left in the quarter. Smith slowed with a leg injury nearly all season showed he could carry the ball as he went 37 yards on his next carry, but the Bronco treat died inside the five on a fumble. The Broncos kept the Irish in the hole and Russell Alexander and Clay Sharp put the rush on the punter and he only kicked out to his 15 yard line. Once again, Ford teamed with Howell on the option, and Ford scored from the 12 yard line. Nichols missed the kick to make the score 34-6 with 11:15 left in the game.

The rest of the game was scoreless as the Irish never treated to score.

Smith led the Broncos with 111 yards on 5 carries. Howell had 80 yards on 7 carries. Ford had 56 yards on 9 carries. Crump had 44 yards on

Broncos travel to Wellington Friday

The Clarendon Broncos will try to improve their 1-2 district record at Wellington Friday night at 7:30. Wellington also has a 1-2 district record. The Broncos are 3-5 on the year as Wellington is 4-4.

PTA meets Tuesday, Nov. 5th

The regular meeting of the Clarendon PTA will be Tuesday, November 5th at 7:00 p.m. in the school cafeteria. The program will be brought by Dr. Kay Hennard of Amarillo College. Her topic "Enriching Your Child's Education" should be an interesting one, so everyone is urged to attend. Also, the PTA's annual fund raiser will be in November. We will hold the stew supper November 26th from 5 to 7 p.m.

NOTICE

Due to unforeseen circumstances, the Colt Mothers will not have the concession stand on October 31, 1985. If you were scheduled to work, please mark it off your calendar. Thanks.

8 carries, and Ariola had 28 yards on 8 carries. The Bronco line blocked well and were led by offensive player of the week Mike Murry. Other Broncos blocking well were Don Brogdon, Mike Hook, Steven Phillips and Neal Bellah.

Steven Phillips and Russell

RUSSELL ALEXANDER

Alexander were named defensive players of the week. Phillips had 7 solo tackles and 8 assisted tackles. Alexander had 2 solo and 6 assisted tackles.

The Broncos travel to Wellington Friday night to take on the Sky-rockets at 7:30.

Attempted Breakin at The Print Shoppe

Saturday night the witches and goblins kept the sheriffs office hopping. It is good to know that they only reported egg throwing and marking up of windows. No reports of any injuries or any serious damages.

The sheriffs department may have interrupted a burglary at The Print Shoppe early Monday morning. Alert sheriffs deputy Charles Blackburn noticed a ladder in the shadows against The Print Shoppe building about 2:45 a.m. After investigating they found that the air conditioner had been moved and an attempt had been made to enter the building through the vent. Apparently they were scared off by Deputy Blackburn. No one was found on any of the roofs in that block.

Clarendon JV blanks Childress 20-0

Last Thursday the Clarendon Junior Varsity football team crushed the Childress freshmen 20-0 at Bobcat Stadium. The Broncos defensive unit controlled the Bobcat offense in the first half to about 40

yards offense. The Bronco offense also took control gaining about 100 yards and scored on a fifty yard drive that was capped by a 20 yard scamper by Arthur Harris. A pass play for the two point conversion

failed. The score at the half was in Clarendon's favor 6-0.

In the second half the Bobcats were totally dominated by the Broncos. The defensive unit led by Wes Hatley, Brad Shadle and Walt Thompson shut down their opponents, giving up less than 50 yards. The other defensive players that played outstanding were Billy Wiggs, Chris Ward, Craig Wright, Monte Hollar, Jake LaGrone, Mike Moore, Todd Phillips, Jason Klinert, Danny Gaines, Richard Graham and Shawn Hermesmeier.

The specialty teams played well giving the offense good field position throughout the game. Brad Shadle punted the ball over for 50 yards and Craig Wright recovered a fumble.

In the third quarter, the Broncos scored on a halfback pass play from Brad Shadle to Jake LaGrone that went 65 yards. A Brad Shadle two point conversion run made the score 14-0. On the next offensive possession the Bronco offense marched about 50 yards to score. A pass from Wes Hatley to Arthur Harris went 18 yards for the score that gave the Broncos a 20-0 lead. Wes Hatley completed seven of ten passes for about 65 yards with completions to Todd Phillips, Shawn Hermesmeier, Jason May, Jake LaGrone, and Monte Hollar. The other outstanding offensive players were Richard Graham, Danny Gaines, Derek Howard, Billy Wiggs, Chris Ward, Michael Moore and Craig Wright and Brad Shadle finished the night

with over 100 yards rushing. The Bronco offense had 281 yards total offense.

Other Broncos that played well were Danny McCampbell, Randy Gaines and Jason Green.

This Thursday the Bronco Junior Varsity hosts the Wellington Skyrockets at Bronco Stadium. Come on out to the game and watch the Broncos prove that "the crew is through!"

LeMesa health program offered

Looking for an affordable, sensible, liveable plan for changing your lifestyle?

LeMesa is a program of serious education and practice in fitness, weight control, nutrition, stress and time management and healthful living for adults. It is designed and conducted by specialists with the Texas Agricultural Extension Service who want to help you revitalize and improve your life, looks, and health.

The program will be held at the Texas 4-H Center on the shores of Lake Brownwood in two time frames: a thorough week-long session from January 20-25 and two intensive weekends, January 24-26 for singles and January 31-February 2 for couples.

Participants will have the opportunity to "get away from it all" and concentrate on themselves and their health. Each day will include at least four hours of various exercise and four hours of instruction for men and women in areas of nutrition, food and drug interaction, color and wardrobe, hair and make-up trends, stress and time management, personal diet consultation and other areas. Each participant will receive an individual stress test and consultation with the doctor and dietitian.

The families of the participants are also invited to a support and motivation session on the final day of the program.

LeMesa, a new concept in fitness, offers maximum benefits for a minimum price. Contact your County Extension Agent Terry Floyd at 874-2141, for more information and registration details.

Making money with stocker cattle

An area Stocker Cattle Management Clinic will be held in Pampa, November 6, at the Clyde Carruth Livestock Pavilion, according to County Extension Agent Ronald Gooch. The Pavilion or Show Barn is located on the east side of Pampa just north of the rodeo arena.

This clinic offers cattle operators classroom information as well as practical demonstrations on how to do it, as well as what some sick animals look like internally. Cowboys doing the doctoring of sick cattle can benefit a lot from the program.

The day-long clinic begins at 9:00 a.m., and will conclude at 3:00 p.m. Registration is from 9:00 to 9:30 with coffee and donuts furnished. At 9:30 a.m., "Cost Effective Management of Stocker Cattle" will be discussed by Dr. John McNeil, Extension Beef Cattle Specialist, Amarillo.

At 10:30 a.m., "Effective Treatment of Shipping Fever" will be discussed by Dr. Larry Hollis, Technical Services, Syntex Animal Health and former Case Coordinator, Texas A&M Vet. Medical Diagnostic Lab, Amarillo. At 11:30 a.m., Dr. Roger Wyatt, Immuno Modulator Labs, Inc., Stafford, Texas, will discuss

"Interferon's Role in a Cattle Health Program."

A free barbeque lunch will be provided at noon by program sponsors for everyone in attendance. In order to help plan for the noon meal, please call in for advance reservations by November 5. Call the Donley County Extension Office at 874-2141, or the Gray County Extension Office at 669-7429.

The afternoon part of the program will involve live animal demonstrations. At 1:00 p.m., the topic is "Do It Right While They're in the Chute." Cattle will be utilized to demonstrate the proper method of utilizing several products and how to apply certain animal health skills for a more effective treatment program.

The final session will start around 2:00 p.m., and is titled "What You Can Learn From a Necropsy," by Dr. Larry Hollis and Dr. Dee Griffin, Staff Veterinarian, Pioneer Hi-Bred International. A few cattle afflicted with various ailments will be necropsied to show the relation between physical symptoms and pathology of various diseases.

All interested cattlemen are invited to attend this meeting coordinated by the Texas Agricultural Extension Service.

MOLLIE DICKSON

Mollie Dickson active at 92

By PEGGY WATT

When Mollie Dickson officially retired at 91 years of age, she didn't sit down and grow old. She kept going on almost as before. She still volunteers some of her time to the Hedley Senior Citizens Association and to the United Methodist Church of Hedley.

Mollie Dukes was born to James Franklin and Sally Smith Dukes on October 20, 1893 in Limestone County, Texas. The family moved to Jack County when she was still a child. There she became friends with Lillie Dickson. After the Dickson family moved to Donley County, the two girls remained friends and corresponded through the mail. Before long Lillie's brother John added his letters to the post. After six years of writing to each other, John Dickson caught the train at Hedley and journeyed to Jackboro where they were married by the county judge on December 26, 1911. The next day they caught the train and came home to Hedley. Among those who met the train was Beulah Wall,

now Mrs. D.K. Hall.

John and Mollie moved to Rowe, where they lived until they bought a farm just to the north or Rowe. Their daughter Jewel was born in the first house they lived in, in 1912. After moving to the Rowe store, their twin daughters Mae and Fay were born. They bought their farm in 1915 and Opal was born in 1916, Golden in 1919. Their only son J.M. was born in 1922.

The years were good during their life on the farm. During this time Mollie cooked for the Hedley Lions Club and later was head of the first school cafeteria in the Hedley School System. She recalls one year when the snow was so deep they couldn't get their car out of the driveway and John walked with her across the fields into town and to the school.

In the early 50's they tore the barn down on the farm and build a cafe in Hedley and moved to town. It was called the 'Owl Cafe' and J.M. painted the Owl above the front door. John and Mollie ran the cafe until his death. When Mollie sold her cafe to Lois Lair she didn't retire. She began working for the Green Thumb Program, looking after the elderly people in town. She officially retired on January 1, 1985, at the age of 91, two months, and 11 days.

Since then she's been busy with her hobbies. She has made 43 housecoats, crocheted close to 50 afghans, 4 bedspreads, and more tablecloths than she can count. She's made enough quilts for each of her children and grandchildren and more.

During her years as a farm wife she belonged to the County Home Demonstration Club and helped can thousands of jars of blackeyed peas, corn, beans, and jam and jelly.

'I guess I've picked a trainload of wild plums and made jelly out of them and there was nothing my children loved better than a plum cobbler. It wasn't unusual for them

to bring 20 children home with them after church on Sunday. They knew their friends were welcome and when I saw them coming, I'd trot down into the cellar and open a few more jars of whatever there was handy.'

During the early days in Rowe Mollie helped Dr. Webb with many babies. "If he needed me, I was always glad to go and help."

Asked about the years she's been given, Mollie said, "I've been blessed by the Lord with good health all my life, both physically and mentally. I guess I'm in as good health as I was when I came here almost 74 years ago. Of course, I can't get around as fast as I could then, but all things considered, I think I'm in pretty good shape."

Mollie's children see after her very closely. Her daughter Jewel lives in town with her husband Brownie Quisenberry. Opal Thomas is a widow and lives in Amarillo. Mae is married to Robert Thornberry and they also live in Amarillo as does daughter Golden Johnson. J.M. and his wife Ida Lou live in Panhandle. Daughter Fay was killed in an automobile accident in 1934.

Blessed with 7 grandchildren, 15 great grandchildren, and 1 great great grandchild, Mollie feels as if her life is full.

"The children come often and so do the grandchildren. And Brownie, bless him, he comes every day and sees about me. He's just like a son to me. I sure love him."

John and Mollie were living at Rowe when the Methodist Church was built in Hedley. John got a job helping haul the sand used in the mortar for the bricks. When the church was finished, Mollie joined and has been a member since. Her grandfather Smith was a circuit riding Methodist preacher.

Mollie is a member of the United Methodist Church of Hedley, the Hedley Senior Citizens Association, and the Rebekah Lodge #149 in Clarendon.

Ernest Lamberson to have open house

Mr. and Mrs. Ernest Lamberson of Lelia Lake would like to invite everyone to their open house November 3rd between the hours of 2 and 5 p.m.

To find the Lamberson home, you turn right at the Paymaster Gin in

Lelia Lake and go south to the end of the paved farm to market road. Then turn right one fourth of a mile and turn right again into a lane leading to the house. The Lambersons will put up signs to direct you to their open house November 3rd.

Lelia Lake Friendship Club

The Lelia Lake Friendship Club met with Edna Dishman in the afternoon, October 9th. One quilt was finished. Lovely refreshments were served.

Present were Florene Bennett, Yvonne Belle McDaniel, Mary Lee Noble, Annie Thomason, Jane Stevens, Lucille Luttrell, Bradis Ballew, guest.

Their next meeting will be November 13 with Wanda Wilson. This is their Thanksgiving meeting. Bring a covered dish that will go with turkey and dressing and pumpkin pie.

They plan on quilting so bring a thimble.

"Small Town" fights for way of life

The people of Clarendon are facing yet another important battle in an ongoing fight for our treasured "small town" way of life. This is a fight which may not be apparent to many citizens.

The economic difficulties which the local business community has suffered in recent months are symptomatic of this fight for survival. However, residents have the opportunity to do something to help their community. "Shopping at home" may never be more important than it is this year.

Texas has suffered statewide: business is down, unemployment is up. Most rural areas and small towns, like Clarendon, have been hard hit and are fighting for survival.

We can no longer be complacent. Clarendon is also fighting for survival, but Clarendon can survive and more, succeed, but it is going to take the concern and effort of all its citizens.

Everyone should do as much of their shopping as possible at home this year for several reasons.

1. Local sales keep the dollars at home where they turn over and over again, providing jobs and income for many persons. Those who complain about the town needing more jobs and better pay, and who then shop out of town, are only contributing to the very problem they're complaining about!

2. The local sales tax comes back into the city budget to help it provide and maintain essential services. Shopping out of town decreases the amount received by the city for use on those essential services.

3. A steady volume of local sales helps to assure that the local merchants will stay in business and be able to offer a greater and better selection of merchandise. Shopping away from home only means they can offer less and less, or perhaps, close altogether.

4. Local prices are generally competitive with those elsewhere, and usually beat others when you consider the cost of gasoline and service out of town.

5. Clarendon is a fine community to live and raise a family in. One reason is a good school system. A system supported by tax dollars from a local tax base. If local businesses close and property values decrease that tax base will be eroded and the

schools will have to suffer or taxes will have to increase.

6. Lost jobs, sales tax, and tax base can only mean that the quality of life in Clarendon will decline and our young people will be forced to go elsewhere as they seek careers and livings. Studies have shown that 75 to 80 percent of new jobs come from expansion of existing businesses. Building up our local businesses by patronization should be a number one priority.

Clarendon businesses are making a real effort to attract and deserve local resident's patronage. Seasonal sales, promotions of various kinds, in-store sales and numerous other events are evidence of their willingness to compete.

Clarendon merchants are trying to do their part in the community's continuing fight for survival, trying to be competitive, trying to be generous, and trying to be of service. They have long ago realized the importance of the local economy to the quality of life and have invested heavily in it, in some cases everything they have.

Clarendon residents should recognize that commitment to the fight, and do their part to help the town succeed by shopping at home.

Hedley Class of 75

reunion being planned

Efforts are being made to organize a 10 year reunion for persons that attended classes at Hedley Independent School starting in 1964 and graduating in 1975. Anyone interested in attending or the whereabouts of anyone that has attended please contact Bryan Hill at the High School, 856-3661.

The Clarendon-Donley County Chamber of Commerce will be taking \$1.00 donations on this Texas Sesquicentennial Winchester Commemorative Carbine. The carbine is to be given away May 22, 1986 when the Wagon Train arrives. You do not have to be present to win. To purchase a donation ticket contact the Chamber of Commerce office 874-2421 or the Clarendon Press 874-2259.

This Model 94 Winchester Carbine in .38-S&W caliber has an 18 1/2" barrel with gold plated barrel bands and receiver. The receiver is roll engraved with scenes from Texas history and from the present with

original engraving done by Genovelli of Italy, master engraver known worldwide for his unique skill. The rear-sight is partridge and the front sight is post. The Carbine style stock and fore-end are satin finished select walnut checkered with a unique spade pattern.

This Texas Sesquicentennial Winchester Commemorative Carbine is the first ever made in this caliber and barrel length even though the .38-S&W was one of the original 94 calibers. The gold plated medallion embedded in the butt-stock shows the Winchester Wagon being pulled four-up by mules and has 1936-TEXAS-1986 and SESQUICENTENNIAL outlines

along with the Texas Sesquicentennial and The Texas Wagon Train logos.

Etched in gold on the barrel near the receiver is "1936-TEXAS-1986" adding to the collectability and value of this rifle.

The Texas Sesquicentennial Winchester Commemorative Carbine comes packaged in an art "sleeve" surrounding protective styrofoam. The art "sleeve" is reproduced from an original oil painting by Mr. B. Herd of Dallas, Texas and depicts events from Texas rich history and heritage.

Serial Numbers of the Texas Sesquicentennial Carbine are TEX-1

through TEX-15,000. A number of this issue have been reserved for presentation to various mayors, museums, and public officials as part of the Texas Sesquicentennial Celebration.

Production is strictly limited to figures stated and no more will ever be produced.

Lacey Leigh Eads

Lindsey Erin would like to announce the arrival of her new baby sister, Lacey Leigh. She arrived October 2 at Amarillo's Northwest Texas Hospital. She weighed 6 pounds 11 ounces and was 19 inches long.

Lindsey and Lacey are the daughters of Eddy and Sandra Eads. They are the granddaughters of Jack and Genella Eads of Clarendon.

This is another one of the pen and ink drawings by Margaret Smith. It can be made into a Christmas card, note pad, or stationary. Come by The Print Shoppe and have someone on your list a note pad made for Christmas.

Alpha Upsilon Epsilon

Alpha Upsilon Epsilon met Monday, October 28, 1985, at 7:30, at the Patching Memorial Club House.

The meeting was called to order by president Judy Bland. The meeting began with a discussion of a house warming shower for Sandy Sliger. Those members who attended the area convention in Dumas told other members of the great fun they missed out on.

Members discussed some tentative dates for upcoming holiday get-togethers and meetings. Judy Bland then gave a program of friendship, how to keep old friends and make new ones. Hostesses Fuzz Mooring and Kitty Proctor served refreshments of finger sandwiches, chips and dip.

Those attending were Judy Bland, Sandra Eads, Sandra Shields, Patsy Leffew, Leslie Schnauffer, Melody Price, Wanda Hill, Kitty Proctor, Terri Floyd, Fuzz Mooring, Trish Floyd, Terry Floyd, Theresa McClellan, Jackie Leeper, Jana White, Stacy Mooring.

4-H News

The Donley County 4-H Club held its monthly meeting Monday, October 21, at 7:30 p.m., at the Clarendon College cafeteria.

The members signed up to sell pecans and bean supper tickets. The pecans can be purchased from any 4-H'er for \$4.00 per 1 pound bag. The annual 4-H bean supper will be November 8 before the Clarendon/White Deer football game. Tickets can be purchased for \$1.50 (K-8th) and \$2.50 (9th-Adult).

After the business meeting, refreshments and a Halloween costume contest were enjoyed by all. Winners of the contest were: Spookiest - Christina Hommel; Funniest - Wil Burlin; and Most Original - Price Nixon. All winners received a gigantic Almond Hershey Bar.

Watt's Happening in Hedley

by Peggy Watt

Clyde and Mildred Hoggard have been busy. Last Sunday they attended a birthday party for their great grandson Benjamin Beasley, who was one year old. The party, hosted by Benjamin's parents Allen and Melissa Beasley, was held in the Bronze Room of the First National Bank in Memphis.

Later in the week Clyde and Mildred attended to some business in Childress. I think the business concerned Clyde's fiddle.

On Sunday, their son Bobby Hoggard and grandchildren Audra, Bill and Candi spent the day with them.

Etta Mae Cherry is in Amarillo for medical treatment. She'll be staying with one of the children or grandchildren while the treatments are going on.

Mr. and Mrs. Leon Foster enjoyed the company of two of his nieces Clyde and Betty Morgan of Levelland and Wanda Cornell of Clarendon Saturday.

Earnest Hoggatt of Phoenix, Arizona and Ed and Ruby Lovelady also of Phoenix, Johnny and Mary Katherine Hoggatt, John, James and Mary of Tulsa, Jim Kennedy and Jimmy of Quail, and Mr. and Mrs. Elmo Kennedy all enjoyed Sunday dinner with Bud and Betty Hoggatt this week. Earnest Hoggatt is Bud's brother, and Mrs. Lovelady is Betty's sister. Jim's wife, Bonnie, is in Stinnett visiting her mother for a few days. Son Bill is with her.

Johnny and Edie Fisher have returned from a trip to Virginia. They have been visiting Edie's mother Mrs. Nell Land and sisters Geraldine Wiggins and Dorothy Hopper.

If you haven't noticed Ruby McKee's flowers, you should take the time to look at them. She lives across the highway from the post office on main street Hedley. Ruby always has one of the prettiest yards in town. She and my mother spent more hours in their yards than most people spent awake. Their efforts were worth the time and energy used. Some people can make things grow and others can't. I probably couldn't cultivate weeds if I tried.

On October 20, Mollie Dickson was honored with a party celebrating her 92nd birthday at the home of her daughter Mae and Robert Thornberry in Amarillo.

Those enjoying the occasion were Golden Johnson, Opal Thomas, J.M. and Ida Lou Dickson, and Linda and Fred Cooper, Cory and Kendra.

Martha Vaughn and Norman and Judy Burke of Amarillo were recent visitors in the home of L.D. and Darlene Ball. Martha and Norman are Darlene's sister and brother.

Ruby Bardwell attended a Moose Convention in Dallas last week. She told me who she went with, but I have forgotten their names. I do remember that they lived in Dumas, I think.

Woodrow and Ora Pearl Farris were in Amarillo last week for Woodrow to see the doctor. Ora Pearl told me the doctor was pleased with the way Woodrow was getting along.

He felt well enough for Woodrow and Otis to go to the sale in Wellington Thursday.

I talked to Mary Kay Clubb a few days ago, and she told me she was really enjoying the cosmetology class she's taking at Clarendon College.

Leroy and Opal Hartwell, James and Nonie Hartwell of Amarillo, and Phillip and Arletta Cobb, Shawn and Sandy Cobb and Randall of Wellington visited their grandmother and mother Mrs. Nora Hartwell Sunday. She told me she went to the kitchen while the rest of the family watched the Dallas Cowboys play football. I always root for whoever they are playing. Actually, I don't watch any football on the TV. The only game I ever watched was two or three years ago when J.C. and Helen Woody took us to see the Clarendon-Childress football game. I didn't know any more when the game was over than I did when it started. All I knew for sure was that Clarendon won and I only knew that because Helen told me.

Jack and Sue Nivens and J.T. and Helen Lamberson, Kenneth and Dorothy Brinson, Woodrow and Ora Pearl Farris, and Fain and Pauline Cross for supper Sunday night of last week.

Mrs. Lizenbee and her daughter June of Waco spent several days visiting friends in Hedley recently. They stayed with Kate Stone. Mrs. Lizenbee is the widow of a former pastor the Baptist Church here.

Willie Mae Winters came last week and took her mother Mrs. Kate Stone to Amarillo for a check up with her doctor.

Mrs. Cassie Owens was able to return home last week after spending some time in the Rehabilitation Center in Amarillo. She also had eye surgery while she was in Amarillo. Most of her children were with her over the weekend. I saw Jim and

Peggy Owens, Merle, Berle and Linda. Doug and Kay and T.E. and Faye Naylor. All of her children except Merle and Faye live in Amarillo. And Sam of course but if he was here I didn't see him. When I talked to Faye, she told me her mother was so happy to be home again. I know she is. I know how I feel when I've been gone from home for just a day.

Mollie Dickson returned home after visiting with some of her children. I don't know exactly which ones she visited, but I think it was Opal Thomas. Anyway, it was good to have Mollie back in church. We missed her when she's gone.

Pie Adamson was treated to a going away party Friday. Everyone had a good time but there were some tears shed by some of the partygoers. Pie moved to Canadian Saturday and everyone will miss her. Virginia Browder read a poem she has written. Punch and cookies were served to the guests and Pie was presented with a money tree made by Juanell Carson. Hostesses for the event were Helen Lamberson, Juanell Carson, Virginia Browder, Sue Weatherly, Ora Pearl Farris, Margaret Holland, and Opan Evans.

I'm crying as I try to write this. I have just returned from the funeral services for Nettie Alexander. For as long as I can remember, Nettie has been one of the best friends my family has had. For more than fifty years she has been the best friend of my mother. They had lived across the street from each other for half that time. I can't grieve for her, but I feel so sorry for myself and for all her other friends. She will be missed by everyone who knew her. The entire town sends their love and prayers to her family.

The basketball teams are getting ready to begin the 1985-86 season. The Lady Owls will scrimmage Memphis at home on November 4th. The Owls will travel to Phillips to scrimmage Channing on November 5th.

Several members of both boys and girls teams are currently ineligible to play. Hopefully their grades will be up to passing by the time the season opens.

DENTAL PRODUCTS

Almost 10% of our adult population has no teeth. But tooth loss is not the inevitable consequence of growing older. Gum disease is responsible for 70% of tooth loss in the United States. Here's what you can do to prevent tooth loss:

1. **FLOSS:** Flossing your teeth each day removes harmful plaque from beneath the gumline. Hardened plaque irritates the gums and causes them to pull away from the tooth.

2. **BRUSH:** Many dentists agree that

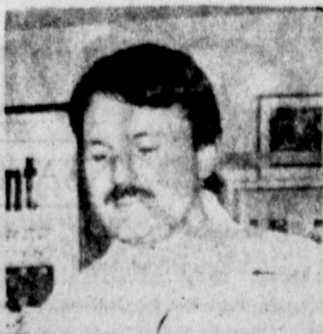

brushing the teeth and gums reduces the potential for developing gum disease.

3. **CONSIDER "C":** If your gums tend to become inflamed and sore, the addition of vitamin C to the diet may be helpful.

4. **VISIT YOUR DENTIST:** Your dentist can remove plaque missed even with conscientious flossing and brushing.

Your pharmacy is a "dental health center." Your pharmacist stocks many of the products you need to keep your teeth where you want them - in your gums.

SPOTLIGHT On Teen's

GOING STEADY Party II

Someone has said that going steady is like a tourniquet. It cuts off the circulation.

That seems to be the main rule of the game. Two young people who agree to go steady mean by that they will only date each other and no one else. The girl will not accept dates with other boys. The boy will not request dates with other girls. Whenever a dating function comes along, it is understood that they will date only each other or stay home.

In most cases there is also an exchange of some token of value. The boy may give the girl his high school class ring. Of course it does not fit her so she may wear it on a chain around her neck. Sometimes the girl wraps part of the ring with angora thread so she can wear it upon the third finger of her left hand. The girl may give the boy her class ring and if he can he may wear it on the pinkie of his left hand.

The exchange of the rings is a pretty general practice across the country. In some cases the parties use friendship rings. These are usually simple silver bands which are figured identically. Some steady couples exchange identification bracelets. Some use fraternity pins

or similar objects. The idea is to signify to one and sundry that this one belongs to somebody else.

It is quite common that the partners to a steady relationship exchange photographs. These are often expensive studio prints. There is usually an understanding that if the relationship is broken up the pictures and other gifts will be returned.

In many areas of the country there is a further means of identification of steady couples. Clothing manufacturers have helped along this line by making available for boys and girls identical sweaters, shirts and jackets. Often a couple will wear such clothes on dates as a sign that they are going steady.

While we are on the subject of wearing apparel, we should mention also athletic award sweaters and jackets. If the girl is fortunate enough to land the football hero as her study, usually means that she will possess and wear whatever awards come to him through his physical prowess. It may mean that if she is small and he is huge, she will have to roll up the sleeves and the bottom of the sweater may hang down nearly to her knees but she'll wear it.

THE PRIORITY OF THE HOME

All of us recognize there are some things more important than others. Some streets in Clarendon are more important than other streets, though all are within the bounds of the same community. The same thing is true in connection with cities. As much as we love our own city and are proud to be citizens of it, we know it is not as important as many other cities. Their are members of the human body which are more important than other members. If I were compelled to lose an eye or a finger it would not take me the fraction of a moment to decide which had to go. Both are a product of God's creative wisdom, yet one is more essential than the other by the nature of the case.

In the Word of God there are certain truths more important than other truths. While all are equally inspired, not all are equally essential. Regeneration is infinitely more important than Baptism. The lamb of God as the antitype takes precedence over all the Old Testament types, though they were ordained by God. Shadows have their place but fall in insignificance compared with the substance. So it is with Christ and those things which foreshadowed His person and His appearing.

The single most important institution in society is the "Home". I am one hundred percent for the "Church". I am for (in most cases) the institution of "Government". However without solid families these other God-ordained institutions will fall. The stability of a nation and a church is in exact proportion to the sanctity of the home, and when home life becomes cheap, national life and churches begin to crumble.

(More on the home next week.)

4-H Food and Nutrition update

The Donley County 4-H Food and Nutrition Project members and leaders have really been working hard these days in preparation for the Donley County 4-H Food Show, November 16. Each of the three project groups meet every Thursday afternoon. The objectives of the 4-H Food and Nutrition Project are: to learn to include basic foods from each food group in their daily diet; understand the principles of nutrition as they relate to health, physical fitness, and appearance; learn about the wide variety of foods which may be included in their diet; understand scientific principles of nutrition; acquire and demonstrate skills in planning, purchasing, preparing and serving tasty, attractive and nutritious meals and snacks.

The following 4-H'ers and leaders are participants in the Food and Nutrition project for this year: Seniors - Christie McAnear, Christina Leathers, Trina Judd, Lesia Fuston, and Allene Leathers, leader; Juniors - Laura McAnear, Katrina Leathers, Sheri Hall, Kimberly Altman, Kim Hodges, Scharla Leeper, Matt Drager, Amanda Ward, Suzy Hall, leader, and Dixie Ward, leader; Rookies - Kim Stavenhagen, Mandy Floyd, Michael Marsh, Kimberly Wooten, Julie Altman, and Price Nixon, Lisa Shields, leader, Pat McAnear, leader and Lesia Fuston, junior leader.

All Food and Nutrition Project members and leaders will want to remember the Food and Nutrition workshop November 2, from 9-12 at Clarendon College in Room 102.

One thousand dollar reward for information concerning the above describe property, and the soil bank. I know that has been a long time but maybe there is someone that was in the Tax Office at that time. There was one hundred and seventy acres in cultivation when the Soil Bank was in.

Now I was told by someone that I trusted at that time that I was too late. I want to know if it was in the Soil Bank, who put it there, what they collected?

By Naomi Green

Clara and Doss Finley enjoyed a visit this weekend with their daughter-in-law Mrs. Ruth Finley of Austin and her mother Fannie Morris of Colorado City.

Skeet and Aline Brown made a business trip to Amarillo Saturday. The Davis family, Gary, Marcia, Cary Sue and Kriss Ann came Sunday to their home for a visit. Cary Sue spent the night as Gary was returning Monday to help Skeet with some work.

Mary and Christel Green attended a Jr. Girl Scout field trip with the entire Guivera Council during the weekend. Two charter buses took 78 girls and 12 adults to the Oklahoma City zoo, the Kilpatrick Center and to Red Rock Camp at Bengfer for housing.

Johnny, Kay and Claudette Marie Spivey of Ralls visited with his parents the Claude Spiveys over the weekend.

Clara Finley, Florine Bennett and Glenda Patterson were guests of Naomi Green at the Pathfinder Fall Tea Friday afternoon.

Sunday a week ago Mr. and Mrs. Claude Spivey were in Mangum,

Okla. for the funeral of Claude's cousin Weldon Spivey.

Katherine, David, Clint and Lindsay Green were in Dallas for the weekend with the Charles Dunn, Marty, the Bob Gammon family and Kim Phillips.

Mr. and Mrs. Dane Perdue visited Kathryn, Steve and Tyler Scott in Amarillo over the weekend.

Tena Powell was among others who attended the 103 Grand Chapter of Texas Eastern Star at Fort Worth this past weekend. Others to represent Chapter #6 of Clarendon were Frankie and Redell Henson, Polly and John Sarich, Lela Whitehead, and Opal James. Polly Sarich, deputy worthy matron, is planning the school of instruction for the coming year to be held in Clarendon Masonic Lodge Tuesday, November 19th. Frankie Henson is the district deputy worthy matron. They got rained on but it did not dampen enthusiasm.

Alvin and Elene Ward of Memphis spent Sunday night with their daughter Derline Graham and the three of them went to Amarillo Monday for business and pleasure.

Clarendon College business department awards Abraham Scholarships

The Malouf and Iris Abraham Business Department Scholarships have been awarded to the following Clarendon College students for the 1986 spring semester: Troy Skarke of Canyon, Ruth Ann Dennis of Canadian, Audrey Holman of Childress, Ernest Cadenhead of Shamrock, Tracy Thomas of Shamrock, Leitha Blackwell of Clarendon, Melody White of Boise City, Oklahoma.

These \$150 and \$300 scholarships are awarded to Clarendon College students based on financial need, academic excellence, general attitude toward learning, and desire to excel in the business world after completing their education. We commend these students for the attributes they possess that qualified them for this prestigious award given through the business department at Clarendon College.

Johnny, Kay and Claudette Marie Spivey of Ralls visited with his parents the Claude Spiveys over the weekend.

City Minutes

The Board of Aldermen of the City of Clarendon met at 7:00 p.m. on October 22, 1985 in the Board Room at City Hall.

Members present were Mayor James L. Kuhn, Aldermen Richard Bell, Steve Smith, Loyd McCord, James Sharrar, and Gene White.

Others present were City Secretary Donna Edwards, Jim Roberts, and City Attorney Jim Shelton.

*Minutes of the October 8, 1985 meeting were read and approved.

*Motion carried to declare the month of November 1985 Alzheimer's Disease Awareness Month. **PROCLAMATION**

Whereas more than two million Americans, 70,000 Texans, are affected by Alzheimer's Disease, which is a surprisingly common disorder that destroys certain vital cells of the brain;

Whereas Alzheimer's disease is the fourth leading cause of death among older Americans;

Whereas Alzheimer's disease is responsible for 50 per centum of all nursing home admissions, at an annual cost of more than \$20,000,000,000;

Whereas one-third of all American families one parent will succumb to this disease;

Whereas Alzheimer's disease is not a normal consequence of aging; and

Whereas an increase in the national awareness of the problems of Alzheimer's Disease may stimulate the interest and concern of the American people, which may lead, in turn, to increased research and eventually to the discovery of a cure for Alzheimer's Disease. Now therefore,

We, Mayor and Aldermen of the City of Clarendon, Texas do hereby proclaim the month of November 1985 as Alzheimer's Disease Awareness Month in Clarendon, Texas, and urge all citizens to acquaint themselves with the elements of this debilitating disease, recognize the need for emotional support for the family and friends, and offer assistance when needed to the Panhandle Chapter, Alzheimer's Disease and Related Disorders Association.

Given under our hands and seal of office this 22nd day of October 1985.

*Increased Annis Stavenhagen's hours to 30 per week.

*Accepted sealed bids on the Caterpillar dozer to be opened at the November 12, 1985 meeting.

Accepted a bid of \$800 from Earl Morrow to stucco the back of the library building.

*After City Attorney Jim Shelton approved the contract submitted by Donley County motion carried to sign the contract for the 1985-86 fiscal year.

Purchased a used pickup from Eddie Floyd if it checks out acceptably.

4-H Cooking Class

By KIM HODGES

This week the class made a cheese omelet. Suzie Hall and Dixie Ward, instructors of the class, assisted the students in making the omelet. Catrina Leathers made a menu to help show our group how to plan a meal, if you have to cook one. She said that you need to have different colored foods to make it look more appetizing. Don't have your food all the same sizes, have different color, shape and you should have a well cooked meal. Later on we ate snacks and then we made a menu and later left.

Notice for Celebrate Clarendon students

Special notice for Celebrate Clarendon! class. Remember the November 5th class will meet at the City Library at 7 p.m.

NOTICE

Clarendon College cafeteria manager Kris Harris announces a special menu change Thursday, October 31 complete with Halloween decorations. Carved baron and beef and baked ham will be served with additional Halloween delights. Cost for visitors will be \$4.50 and dinner will be served from 5:15-6:30.

Letter To Editor

Dear Editor:
 Now that the first public school grading period is over and Texans are assessing the value of the new "pass-play" rule, I would like to take this opportunity to stress the gains we are making in the classroom.

Approximately 85 percent of varsity athletes statewide passed all their courses, while the overall pass rate was considerably lower. What this means is that our athletes are winning on and off the playing field. Why is their percentage pass rate higher than the average? Because the coaches, whose own performance is evaluated each week when their teams compete, worked with their players in tutorials and helped them make the grade. My office advocated this kind of teamwork in a "play book" mailed each Texas coach, and I think we have found a winning formula that produces results.

As parents, teachers, coaches and students, we can improve the pass rate during the second grading period if we extend the same attention and "scholastic coaching" given our varsity athletes to every child experiencing difficulty in the classroom.

Discovering this key to academic achievement is no less significant to Texans than the discovery of the Spindletop oil gusher. Educated minds are the "oil and gas" of Texas' future, and we must work harder -- and encourage our young people to work harder -- to better prepare for the challenging jobs of the future. The real issue for our children and grandchildren is not going to be "no pass-no play." The real issue is going to be "no learn-no earn."

This is no time to retreat from educating reform. It took courage to raise the standards, and it's going to take courage to stick to them. I think the vast majority of Texans want this state to have the best schools, and I remain committed to seeing Texas achieve that goal.

Yours truly,
 Mark White
 Governor of Texas

THE 1985-86 MEN'S BASKETBALL Team of Clarendon College: Standing, Rocky Victor of Dora, NM; Damon Delfosso of Lake Charles, La; Joe Torres of Lubbock; O'Neil Dawkins of Trench Town, Jamaica; LaVert Blande of Louisville, Ky; Vincent Mason of Sapulpa, OK; Darrin Russell of White Deer; Virgil

Reagins of Goree, TX; Tim Patterson of Montgomery, Ala.; and Shawn Road of Dumas. Seated are Coach Joe Mondragon, Tim Moore of Lorain, Ohio; Jeff Hatfield of Fritch; and Roderick Davis of Dallas. The season opener of the 1985-86 Bulldog teams will be Monday, November 4 with West Oklahoma State of Altus at

the Clarendon College gym at 6 p.m. for the women's game and 8 p.m. for the men's game. Both teams have done very well in their pre-season scrimmages and look forward to an outstanding season. Plan now to enjoy an evening of top rate college basketball at the low cost of \$2.00 adults and \$1.00 students.

PATHFINDER CLUB

The Pathfinder Club met October 25, 1985 for Guest Day. Hostesses were Mrs. Clarence Hamilton, Mrs. H.A. Green, Mrs. C.J. VanZandt, Mrs. Heckle Stark.

Handsome fall bouquets of flowers were arranged by Carol Hinton, Mrs. Hamilton's daughter. The tea table had a hand-woven orange and gold cloth brought from Denmark, owned by Mary Bray, a gift from a friend.

Mrs. Joe Robinson presided at the meeting, introducing Margaret Harper, the guiding hand of the Texas Heritage Foundation of Palo Duro Canyon Outdoor Drama fame.

Mrs. Harper told of plans to bring in new members for the Texas Panhandle Heritage Foundation, which is a non-profit organization to publicize the outdoor drama of Texas Panhandle history. The Meadows Foundation of Dallas is happy to encourage this endeavor by a matching grant. Patty Bryant gave her teenage daughter's reaction to the outdoor drama. She showed slides of scenes from the show.

The tea table was Texas style. Fall refreshments, a generous pecan and pumpkin cakes topped with whipped cream, and coffee, were served. After refreshments, Fuzz

Mooring, High School speech teacher, read three modern poetry selections. These were upbeat and refreshing especially "Modern Cinderella."

Seventeen guests and eighteen members enjoyed the fall guest day program. Guests were Rachael Butler, Dorothy Hall, Betsy Landers, Florine Bennett, Clara Finley, Glenda Patterson, Gladys Sawyer, Mai Johnston, Viola Bones, Naomi Phelan, Billie Vaughan, Leona Henson, Gladys Hommel, Genevieve Caldwell, Margaret Harper, Patty Bryant and Fuzz Mooring.

Congressman Beau Boulter Reports from Washington

A CHANCE TO BALANCE THE BUDGET

Right now, our national debt is at about \$2 trillion, and there are no signs of it going anywhere but up. We, as a nation, are gambling with our economic future. The inability of the Congress to control spending, and the continuing pressure from special interest groups that propels that spending, are jeopardizing the future for our children.

With this in mind, if someone presented you with a plan to balance the nation's budget by 1991, would you be interested? Well, when I had the opportunity to cosign legislation last week that will provide us with a balanced budget within six years, I jumped at the chance. This is a plan that can work. This is a plan that can protect the future of this country from the plight of deficit spending.

Last week I had the honor of chairing a hearing on the "Gramm/Rudman Emergency Deficit Reduction Act of 1985." At that time I had the chance to question the nation's chief economic expert, James Miller, Director of the Office of Management and Budget, about the realistic possibilities of our having a balanced budget by 1991. He said it can be done, and that the plan, originally offered by Texas Senator Phil Gramm, was a good way to do it.

Let me explain just how this plan would work. Each year the Congress and the President would be required to come up with a budget that reduces the deficit by a specific amount — approximately \$36 billion. If they don't make the necessary reductions in spending, automatic across the board spending reductions by a uniform percentage go into effect.

Social Security is exempted from any cuts.

Granted, that is a very simple ex-

planation. I should also add that there is an escape clause in the event of either war or recession. However, there is also a provision that once the law is enacted, it may not be waived or amended unless Congress passes, and the President signs, a bill changing the procedures and requirements.

This legislation is tough, but this nation's spending problems demand it. Dr. John Albertine, President of the American Business Conference put it this way: "In this era of single issue politics... it is hard to have the political willpower to cut spending. It's like asking someone living in a candy store to go on a diet. But the Gramm-Rudman amendment is tough medicine — it's akin to wiring that dieter's jaw shut."

Some opponents of the legislation say that the only way to solve the deficit is to raise taxes. If we start taking more money out of the pockets of the American public and American corporations, we are going to dry up American economic growth to the point of disaster. The ONLY way to deal with the deficit is to cut back on our voracious spending appetite.

The Gramm-Rudman Emergency Deficit Reduction Act of 1985 will do that. It will force the Congress to set spending priorities that the American people approve of. And, it will force those who want to spend on pet programs and special interests to take the political heat for cutting other programs to make up for their spending.

Right now, this legislation is in a conference committee made up of members from both the House and Senate. The Senate, by a three to one vote, approved the act. It is now up to the conference to act boldly and give the American people what they want, and need — a balanced budget by 1991.

EXEMPLAR DEGREE Xi Lambda XI [L-R] - Nova Mooring, Denise Grady, Pat McCombs, Becky Hill, Maurine Butts

PLEDGE RITUALS [L-R] Fay Vargas, Judy Anderson, Lisa Shields, Kathy Hommel

RENEE BETTS - Xi Lambda XI Pledge Ritual

On October 14, 1985 in the home of Susan Henson, two degree rituals were performed. Susan Henson conducted the Exemplar Degree - 5 ladies were eligible - Pat McCombs, Nova Mooring, Becky Hill, Maurine Butts, and Denise Grady. It was a beautiful candlelight service with piano music provided by Betty Veach and Carol Hinton.

Following the Exemplar Degree, the table was set up for the Pledge Ritual. The following pledges received their pin and badges: Fay Vargas, Judy Anderson, Kathy Hommel, Lisa Shields, and Renee Betts. Doris Ekleberry was the officiating officer.

Following the rituals Doris Ekleberry, president, presided over the business meeting.

The Opening Ritual was repeated by all sisters present.

Betty Veach, recording secretary, read the minutes of two meetings, and they were approved. Roll was called. Twenty-three were present, 3 were absent.

President Doris Ekleberry mentioned getting some correspondence from International Headquarters concerning insurance. Everyone should have received this correspondence individually.

Roxanne Strickland was welcomed back from her leave of absence.

Susan Henson, vice president, reported that 10 cases of pecans should be here by November 18th.

Maurine Butts needed to get information on new pledges and draw for their secret sisters.

Maurine Butts will have a purse party on Wednesday, October 23. Everyone is invited.

Maurine also invited everyone to a Halloween Carnival on October 26 at Maurine's home between 8:00 and 8:30. Come dressed as someone with "Suppressed Desire."

Taking a booth at the Halloween Carnival at the Community Center on October 26. No action taken.

The next meeting was discussed. Genella Eads needs to change with someone. It was discussed going to Clarendon College dinner theatre. Leslie Schnauer's drama class is performing a dinner theatre Nov.

ber 14, 15, 16, 17 at the Country Club. Carol Hinton made a motion that the next meeting be going to dinner theatre, seconded by Betty Veach. Motion passed. It will be checked on!

Our program was conducted by James Ivey Edwards, art instructor at Clarendon College, and a very accomplished painter. Mr. Edwards gave a slide presentation of how to make a mold for a sculpture. It was very interesting. He also spoke of the excellent art department at Clarendon College. We appreciate the talents of Mr. Edwards and believe Clarendon is fortunate having Mr. Edwards.

All sisters joined hands and repeated the closing ritual and the mizpah.

Refreshments were served by Susan Henson, Suzette Henson and Fay Vargas.

The gift raffle was won by Doris Ekleberry.

Present were Maurine Butts, Becky Hill, Pat McCombs, Beth Walker, Betty Veach, Carol Hinton, Genella Eads, Susan Henson, Charlene Mays, Sandra Mooring, Roxanne Strickland, Barbara Cosper, Carol Grady, Doris Ekleberry, Pam Fletcher, Judy Anderson, Fay Vargas, Nova Mooring, Denise Grady, Lisa Shields, Kathy Hommel, Jan Campbell, and Renee Betts.

1926 Book Club

The 1926 Book Club met at 4:00 p.m. at the Patching Club House on October 15, 1985. Hostesses, Hazel Monroe and Viola Bones, served delicious refreshments.

President Frieda Tucker presided over the business meeting.

The minutes were read by recording secretary Betty Veach, and they were approved.

President Tucker brought everyone's attention to now nice the silver creamer and sugar looked with the rest of the tea service. It was a memorial gift.

Treasurer Pauline Morris gave a brief report of the club finances.

The Nomination Committee is working on a slate of officers for 1986-87.

President Tucker introduced our program. Helen Green, Edgar Mae and Mabel Mongole gave a talk and a slide presentation of the Palo Duro Retirement Village near Canyon, Texas. It was interesting and informative.

All business being concluded, the meeting was adjourned. The next meeting will be at Dorothy White's home on November 5th with Mary Hazel VanZandt and Thelma Bairfield hostesses.

Present were Jessie Adams, Viola Bones, Carolyn Hamilton, Glenda Hawkins, Pauline Heath, Norma Jones, Hazel Monroe, Pauline Morris, Susie Shields, Frieda Tucker, Betty Veach, Dorothy White.

YOUTH AGAINST CANCER

Ten high school students met Monday night, October 21 to form a YAC (Youth Against Cancer) group. This group is associated with the American Cancer Society and involves itself with the Great American Smokeout, fund raising and public education.

Kim Sharrar will serve as chairman of the group, Christi Knorrp as vice-chairman and Twanna Garland as secretary. Other members pre-

sent include Tanya Bell, Jennifer McAnear, Janet Risley, Tricia Clifford, Amy Johnson, Clay Sharp and Dan Nichols. Diane Chamberlain YAC welcomes any high school student who enjoys this area of public service. The group discussed plans for the ninth annual Great American Smokeout -- a day when smokers are encouraged to kick the habit for 24 hours.

Q: I live in an apartment where my neighbor and I share an enclosed porch. The landlord says we cannot lock the door because the porch is public property. She says she needs to get on the porch. Are we entitled to put a lock on the door to keep our belongings safe? Is it really public property since my neighbor and I rent it with our apartments?

A: The porch is not "public property," but it clearly is "private property." The critical question, however, is whether or not you and your neighbor leased the porch with your apartments. If the porch was part of the property covered by your lease, there is an implied covenant of quiet enjoyment of the premises which prohibits the landlord from interfering with your use of the porch. Therefore, assuming there is nothing in a written lease agreement about a lock, and further assuming that the landlord intended to lease the porch with your apartments, you are entitled to lock the porch door.

Q: I have claustrophobia and was recently trapped in an elevator for over two hours. There was a number posted by the elevator phone for emergencies, but it did not work. The phone was out of order. I was so upset by this experience I missed a day of work. Do I have any recourse against the owners of the building for not having a functional phone so I could call for help?

A: You can sue the building owners for negligence in not maintaining the telephone. If you proved there was negligence, you would also have to prove the amount of your damages. This would involve medical testimony that you suffer from claustrophobia and you experienced physical or psychological injury as a result of the negligence. Consult a civil trial attorney to discuss this type of personal injury suit.

Q: When I divorce, can I automatically resume using my maiden name without court proceedings?

A: As part of the divorce, the Court will usually grant a woman's request to restore her former name. This is a routine part of the final decree, and unless the Court finds it harmful to the children, the name change will be effective on the date of divorce. You need the Court order, however, to prove the name change on your employment and credit records and for social security and identification.

Q: I am a state employee. I am interested in campaigning actively for some persons running for public office, but I have been told that state employees may not do so. I feel this is violation of my right as a citizen. What can I do?

A: A number of federal and state statutes outline to what extent a state employee may become involved in political activities. For example, fire department and police department employees are not permitted to take an active part in any political campaign in uniform or on duty. A state statute prohibits employees of the Department of Human Resources from exercising their official authority or influence for political purposes, although any employee retains the right to vote as he pleases and may express his opinion as a citizen on all political subjects. There are federal laws limiting state employees' involvement in federally-funded state programs. Ask your supervisor or agency head if any statutes regarding political activities apply to you. Generally, however, all public employees retain the right to express opinions on political subjects and candidates.

Send your questions to "You and the Law," State Bar of Texas, P.O. Box 12487, Austin, 78711. Answers may appear in columns in hypothetical terms; personal answers not possible.

Many business people and professionals have no idea that they -- and all they've worked for -- are exposed to costly private lawsuits.

In fact, the very hallmarks of success -- from yachts to handsome homes -- make business people tempting targets.

Civil lawsuits have increased from an estimated 10 million in 1967 to projected 14 million for 1982. By 1979, the average award in a fatal accident case was over \$350,000.

Yet the standard homeowners insurance policy typically provides liability coverage of only \$100,000. So a major lawsuit might endanger savings, a home, even future earnings.

Knorrp Insurance believes that people with important assets should consider personal liability umbrella policies. These policies will not protect against liabilities incurred in business -- but they will close some of the gaps that other types of coverage leave open.

Knorrp insurance umbrella policy offers as much as \$10 million in protection -- and a million dollars in coverage costs as little as \$100.

HUD secretary announces over \$8 million in Project Self-Sufficiency demonstration award to Amarillo agency

The Secretary of Housing and Urban Development, Samuel R. Pierce, Jr., recently announced a pilot demonstration award to Panhandle Community Services for a program called "Project Self-Sufficiency."

The Project Self-Sufficiency demonstration is a coordinated approach to breaking the poverty/dependency cycle among low income single parents. The program focuses on the special needs of low income families by involving the cooperative efforts of local governments and local public and private resources.

Johnny Raymond, Executive Director of Panhandle Community Services, indicated that Project Self-Sufficiency combines housing assistance, which HUD allocates to the communities, with child care, personal and career counseling, transportation, basic education, job training and placement provided by local public/private partnerships. Mr. Raymond also indicated, "that the application for the project had been co-sponsored by the County Judge serving in the Texas Panhandle. Their collective support and commitment to the program's goals had a great deal to do with the selection of Panhandle Community Services for the pilot project."

The \$8 million budget authority from HUD to the housing department of Panhandle Community Services, is to provide decent and affordable housing that will offer stable living conditions for the selected participants. HUD's stated purpose is an attempt for the local agency to leverage these monies for the overall program goals that involve far more than just housing.

There were more than 2,000 applications submitted for the grant; from that number 108 sites were selected for participation from across the nation. The largest single award in the nation was made to Panhandle Community Services. The agency serves the 26-counties of the Panhandle and will make a concerted effort over the next few months to solicit applications from motivated, single parents with dependent children who are interested in achieving Self-Sufficiency.

CONSTITUTIONAL AMENDMENTS

PROPOSITION NO. 1 ON THE BALLOT

Sections 1 and 2 of House Joint Resolution 6 propose a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$980 million of Texas Water Development bonds.

The additional bonds to be issued will be dedicated for deposit in the Texas Water Development Fund, with \$190 million of those bond proceeds to be used for water supply loans and facilities acquisition and with \$400 million of those bond proceeds to be used for state participation in the acquisition and development of facilities for storage, transmission, transportation, and treatment of water and wastewater. Of the remaining bonds authorized, \$190 million will be dedicated for use in water quality enhancement projects, and \$200 million will be dedicated exclusively for flood control projects.

The amendment would also allow the legislature to provide for the creation, administration, and implementation of a bond insurance program to which the state pledges up to \$250 million of its general credit to insure payment of the principal of and interest on bonds or other obligations issued by political subdivisions of the state for water conservation, water development, water quality enhancement, flood control, drainage, recharge, chloride control or desalination. Unless authorized to continue by a two-thirds vote of the members of each house of the Legislature, the bond insurance program will expire on the sixth anniversary of the date on which this section becomes a part of the constitution. Bond insurance issued before expiration of the program will not be affected by such expiration.

The amendment would authorize the legislature to create and appropriate money to special funds in the state treasury to make grants, loans, and other financial assistance available to governmental entities for certain enumerated water planning purposes. Also, the legislature would be permitted to extend the benefits of constitutionally approved water projects to nonprofit water supply corporations.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the issuance of an additional \$980 million of Texas Water Development Bonds, to create special water funds for water conservation, water development, water quality enhancement, flood control, drainage, subsidence control, recharge, chloride control, agricultural soil and water conservation, and desalination, to authorize a bond insurance program, and to clarify the purposes for which Texas Water Development Bonds may be issued."

PROPOSITION NO. 2 ON THE BALLOT

Section 3 of House Joint Resolution 6 proposes a constitutional amendment that would allow the Texas Water Development Board to issue and sell Texas agricultural water conservation bonds in an amount not to exceed \$200 million, if authorized to do so by a two-thirds vote of the members of each house of the legislature. The Texas agricultural water conservation bonds would be general obligations of the State of Texas, and would be paid from the first money coming into the state treasury in each fiscal year. The amendment would allow Texas agricultural water conservation bonds to be issued and sold only for four years after the date on which this Act becomes a part of the constitution.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance and sale of \$200 million of Texas agricultural water conservation bonds."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 54 proposes a constitutional amendment that would permit the legislature to authorize a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property if such relocation or replacement is done in conjunction with or immediately following the relocation or replacement of water mains serving the property. Any legislative enactment permitting the expenditure of funds for such purposes would authorize the city or town to fix a lien on the property, with the owners' consent, for the cost of relocating or replacing the water laterals, and would provide that such cost shall be assessed against the property, with repayment by the property owner to be amortized over a period not to exceed five years at the rate of interest set by law. Such liens could not be enforced until after five years from the date the liens were affixed.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the legislature to enact laws permitting a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 21 proposes a constitutional amendment that would authorize the use of the proceeds from the sale of permanent school fund land to acquire other land for the permanent school fund. Currently, the constitution requires that proceeds from the sale of such land be invested in certain bonds and other securities.

appear on the ballot as follows: "The constitutional amendment authorizing proceeds from the sale of land dedicated to the permanent school fund to be used to acquire other land for that fund."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 89 proposes a constitutional amendment that would enable the legislature to regulate the provision of health care by hospital districts by determining

the services the district must provide, by setting requirements a resident must meet in order to qualify for services, and by determining any other relevant provisions necessary for providing health care to residents.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the legislature to regulate the provision of health care by hospital districts."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would enable the State of Texas to enter into an agreement with another state to confine inmates from the state of Texas in penal or correctional facilities of the other state.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to permit state prisoners to be placed in penal facilities of another state pursuant to an interstate agreement."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 27 proposes a constitutional amendment that would authorize the commissioners court of Chambers County to divide Chambers County into not less than two and not more than six justice precincts. Under current constitutional law, Chambers County may be divided into not less than two and not more than five justice precincts.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing Chambers County to be divided into two to six precincts."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would grant an additional \$500 million in bonding authority to the Veterans' Land Board for the veterans' housing assistance program. Under the current constitution, the Veterans' Land Board is authorized by Article III, Section 49-b-1 to issue and sell not more than \$800 million in bonds, \$500 million of which may be used for the Veterans' Housing Assistance Fund. This amendment would increase that authorization to permit the issuance and sale of up to \$1.3 billion in bonds, \$1 billion of which would be used for the Veterans' Housing Assistance Fund. In addition, the amendment would remove the current definition of "veteran" from the constitution and permit the legislature to redefine "veteran" as the changing times and circumstances require.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing \$500 million in additional bonding authority for the veterans' housing assistance program and changing the definition of those veterans eligible to participate in the veterans' land program and the veterans' housing program by authorizing the legislature by law to define an eligible veteran for the purposes of those programs."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 72 proposes a constitutional amendment that would permit the legislature either to enact a statute or to attach a rider to the General Appropriations Act to require prior approval of the expenditure or emergency transfer of any funds appropriated by the legislature to state governmental agencies.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to protect public funds by authorizing prior approval of expenditure or emergency transfer of state appropriations."

PROPOSITION NO. 10 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds, the proceeds of which would be deposited in a fund to be known as the farm and ranch finance program fund. The fund would be administered by the Veterans' Land Board and would be used to make loans and provide other financial assistance for the purchase of farm and ranch land. The amount of bonds outstanding at any one time would be limited to \$500 million. The principal and interest that becomes due on such bonds in each fiscal year would be paid from amounts remaining in the interest and sinking fund at the close of the prior fiscal year, with the balance due to be appropriated from treasury revenues in the fiscal year when such amounts become due.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance of general obligation bonds to provide financing assistance for the pur-

chase of farm and ranch land."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 16 proposes a constitutional amendment that would define indictments and informations as instruments charging a person with the commission of an offense, and would delete certain technical requirements as to the form of writs and processes.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the manner in which a person is charged with a criminal offense and to certain requirements applicable to state writs and processes."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 10 proposes a constitutional amendment that would grant the Texas Supreme Court and the Texas Court of Criminal Appeals jurisdiction to answer questions of state law certified from federal appellate courts. In addition, the two courts would promulgate rules of procedure relating to the review of those questions.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment granting the Supreme Court of Texas and the Court of Criminal Appeals of Texas jurisdiction to answer questions of state law certified from a federal appellate court."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 14 proposes a constitutional amendment that would create a board with responsibility for the reapportionment of judicial districts, subject to legislative approval. The amendment would provide for the continued power of the legislature to provide for judicial reapportionment, and would provide that reapportionment will be the responsibility of the Legislative Redistricting Board if the Judicial Districts Board fails to make a timely reapportionment. The amendment would provide for the creation of judicial districts smaller than a county in counties where the creation of such districts has been approved by the voters at a general election. The amendment would provide for more than one judge for a judicial district. The amendment would rename supreme judicial districts as courts of appeals districts. The amendment would provide that the jurisdiction and terms of court of district and county courts may be as provided by law. The amendment would provide for the jurisdiction of justice courts, which may have additional jurisdiction as provided by law. The amendment would provide for rules of judicial administration and civil procedure to be promulgated by the Supreme Court, and would provide that the legislature may delegate additional rule making power to the Supreme Court or to the Court of Criminal Appeals. The amendment would provide that courts and judges in existence at the time of its adoption remain in existence until otherwise provided by law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the reapportionment of the judicial districts of the state by the Judicial Districts Board or by the Legislative Redistricting Board, and providing for the administration and jurisdiction of constitutional courts."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 27 proposes a constitutional amendment that would abolish the office of County Treasurer in Andrews County and transfer the powers and duties of that office to the County Auditor. The amendment would also abolish the office of County Treasurer in El Paso County if, at the statewide election at which this amendment is submitted to the voters, a majority of the voters who vote in El Paso County favor the amendment. The functions of the office of El Paso County Treasurer will be performed by a person employed or designated by the El Paso County Commissioners Court. The amendment also provides for the abolition of the office of County Surveyor in Denton, Randall, Collin, Dallas, El Paso, and Henderson counties upon approval of such abolition by a majority of the voters who vote on the question at an election called by the commissioners court of the county. If the office of County Surveyor is abolished in any county, the commissioners court may employ or contract with any qualified person to perform the duties of the office.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for:
(1) the abolition of the office of county treasurer in Andrews County and El Paso County;
(2) the abolition of the office of county surveyor in Collin, Dallas, Denton, El Paso, Henderson, and Randall Counties."
