COUNTY AGENT URGES COOPERATION IN GRASSHOPPER WAR

CLARENDON TO PAY HONOR TO WORLD WAR DEAD BY WEARING POPPIES SAT.

American Legion Auxiliary To Have Charge of Sale Paying Tribute to the 50,000 Americans Killed and Aiding The Many Disabled War Veterans

Clarendon will pay honor to the World War dead May 28 by wearing the little red poppy of Flanders Fields. The day will be Poppy Day here and throughout the United States.

The day is the approximate twentieth anniversary of the beginning of large scale participation of American troops in the World War.

Yearly, poppies are sold by the Auxiliary to further welfare work of disabled veterans, their families and the families of the dead.

The memorial flowers are made by disabled soldiers, working in government hospitals and in convalescent workrooms maintained by the American Legion Auxiliary.

"The poppy was chosen as the memorial flower for the war dead because it grew where they fell," Mrs. Andis said.

Early May 28, the Poppy Day forces of the American Legion Auxiliary will go into action, offering paper replicas of the wild poppies of France and Belgium to be worn in tribute to the war dead.

The Auxiliary is expecting the most general observance of Poppy Day since the custom of wearing poppies in remembrance of the dead was started at the close of the war.

FORMER GROCERY OWNER VISITS HERE

Mr. and Mrs. Sullivan Cooper and children of Erick, Oklahoma visited in Clarendon this week.

Lions Club To Buy Registered Boars To Aid Club Work

Furthering the local F.F.A. and 4-H Club "better swine" program, the Clarendon Lions Club this week voted to purchase two registered boars to be used in connection with the boys projects.

The plan was recommended by the boys committee, C. B. Morris, J. R. Bain, Charles Lowry and J. R. Gilliam. It was unanimously adopted by the club which has been very active in sponsoring boys work throughout the year.

One of the boars, a Poland China, will be bought from James Harley Gunter of Claude, who showed the grand champion pig at the 1937 Tri-State Fair. The pig will be kept by Ray Isham on the Odos Caraway farm east of Chamberlain school. Club boys will be charged \$1.50 for breeding services with charges to others \$2.50.

The second boar, a Duroc Jersey, will be purchased from the Texas A.M. Extension Service farm and will be placed with Joe Williams. The same breeding rules will apply to both pigs.

75 Needy Children Are Fed Daily During School Year

Approximately 75 needy children were fed daily in the local school community kitchen during the 1937-'38 term, it was estimated by sponsors last week when the lunch room was closed for the summer.

Around \$400 in cash contributions by clubs and individuals and generous food, milk and bread donations by merchants fell short of maintaining a balanced budget, it was reported by the club sponsors who said there were still outstanding debts.

Interest Grows In V.A. Hampshires, Poland Chinas Are Most Popular Breeds

Interest in the F.F.A. "Improved Hog Program" has more than doubled during the past year according to J. R. Gilliam, F.F.A. adviser. The Hampshire is proving to be the most popular breed among the boys, with a large number of Poland-Chinas and Duroc Jerseys being used.

A total of 47 bred gilts and sows are now owned by the local vocational agriculture boys on a total of 40 farms. The gilts and sows are bred to farrow fall pigs. All of the gilts and sows are either registered or subject to register.

Earl and Raymond Shannon, L. B. Hartzog, Jr. Spier, Harice Green, Darrel Bailey, Earl Porter, Johnny Leathers, Ray and Roy Bulls, Gene Putman, Frank Mahafey, Odell Davis, Clyde and Carrol Peabody, already have their Hampshire stock, and W. H. Nelson, Homer Hardin, Wayne Morris, J. T. Flinchum, Forest and Freeman Helton, and Billy and Durwood Mears will get their gilts next week.

Herman Mooring, Ray Isham, Joe Frank Heathington, Jesse Russell, Max Rampy, Carl and Russell Morris, Maschil Cole, Jr. Hartzog, Allen Pittman, and Darrel Bailey have Poland Chinas. Max Wilson, Joe Williams, Pete Morrow, and Herman Higgins own Duroc Jerseys.

A number of other club boys are buying weaning size gilts to raise for brood sows as a result of the scarcity of bred gilts.

Sows for pig production and pigs for pork showed a greater percent profit than any other projects during the past year and a large number of boys are planning to feed more hogs during the coming year.

C. H. Williams, Perryton Vocational Agriculture Instructor, and a number of his students were in Donley County Saturday, May 20, buying registered gilts and pigs for their project work. The Perryton group bought three registered bred gilts and four registered gilt pigs from the Elba Ballew Hampshire Farm. Williams expressed himself as being unusually pleased with the quality of the animals he found on Ballew's Farm.

In the past year the quality of Donley County hogs has been publicized to a new high point. Claude White Deer, McLean, Samnorwood, Lakeview, Silverton, and the Perryton F.F.A.'s have all bought foundation stock from local F.F.A. members and hog breeders.

Grandson of Local Couple Awarded Scholarship

Billy Martin, sophomore in Amarillo College, has been awarded a scholarship by the University of Southern California.

Martin is one of ten Junior college graduates in the United States to receive this honor. The scholarship was awarded upon the basis of his work in Amarillo College. There was no examination.

Martin is a student in the engineering department of the college. He is a graduate of Amarillo High School, class of 1936. He is the son of Mr. and Mrs. W. N. Martin of Pleasant Valley. He is also the grandson of Mr. and Mrs. D. W. Clampitt of Clarendon.

Mr. and Mrs. Clampitt were in Amarillo Monday night to attend the graduating exercises of the Junior College, where their grandson was one of the graduating class.

Mrs. L. S. Bagby left last week for an extended visit with a brother in South Carolina. Mrs. Bagby will also visit in North Carolina and the Virginias.

City Joins In War Against 'Hoppers'

The City of Clarendon has joined the war against grasshopper invasion and will aid besieged residents by distributing poison upon property within the city limits upon the request of the owner, according to a statement issued by Mayor W. H. Patrick yesterday.

Will Distribute Poison Free In Clarendon

"It has come to the attention of the City Commission that a great many grasshoppers are appearing this spring and in order to do every thing we can to eliminate this pest, the City Commission will endeavor to have grasshopper poison distributed on the property of anyone in the City limits of Clarendon, who desire to poison grasshoppers."

Negro Runs But Hat Fits; Robbery Mystery Cleared

When the hat fit, Herman Langston, (colored) admitted he was the man that had attempted to rob the Clarendon Ice Plant office Sunday. He escaped after a tussel with James Trent, manager, but he lost his head piece in the affray.

The negro's hand was in the cash register when Trent entered the office. A short wrestling match ensued with the colored boy escaping but leaving his hat. Officers of the sheriff's department investigated the colored section and when a fit for the hat was secured, the man admitted his attempted theft. He was given a 10-day jail sentence in Justice court Monday in lieu of a fine.

Broncs Grid Card Is Still Incomplete

Only Seven Games Listed For 1938 Schedule

The Clarendon High School Bronchos will meet at least four of their football opponents on foreign soil this fall, it was revealed by the incomplete schedule released yesterday by coach Emil Hutto.

Out of the seven listed on the nine game card, three are at home with four road trips.

With the recent "split district" ruling, the Ponies will have only three conference tilts unless they can jump the high hurdles of Lakeview, Memphis and Wellington and play for the district championship.

Should the Bronchos get past Lakeview and Memphis, they will be playing Wellington for the section championship here on October 21st.

The Card Sept. 16—Lefors here. Sept. 23—Lakeview here. Sept. 30—Open. Oct. 7—Mobeetie there. Oct. 14—Memphis there. Oct. 21—Wellington here. Oct. 28—Canadian there. Nov. 4—Open. Nov. 11—McLean there.

SAM POOL VISITS HERE

Sam Pool of down in the Houston country arrived here Saturday for a visit with Mrs. J. A. Pool and family and other relatives and friends. He formerly resided here for many years, farming east of town for a number of years; later he ran the street sprinkler here and attended the streets.

Hospital Notes

Patients in the Adair Hospital this week are all showing rapid improvement it was announced late this morning.

Oscar Guenn, admitted for observation last week, was released and returned to his home in Alanreed Sunday.

Max Rhea, who has been receiving treatment for a fractured pelvis, is expected to be released in the near future and Jimmie Anderson, daughter of Mr. and Mrs. J. B. Anderson, is recovering rapidly.

No new patients have been admitted this week.

CITY TO HAVE FLOAT AT PAMPA FIESTA

Portraying the city as a school town, a float representing Clarendon will be entered in the Top 'O Texas Fiesta to be held in Pampa June 9th and 10th, it was announced this week.

The float will be constructed free by Pampa. Local high school and college students will ride on the float.

Sunday's Showers Add .80 of Inch

Sudden hard showers Sunday boosted the total moisture received in Clarendon for May to 3 1/4 inches. Hail accompanying both downpours did only minor damage.

Only .22 of an inch was received early Sunday morning when blinding rain and hail struck with an intense thunderstorm about 3:30. Sunday afternoon's precipitation was measured at .60 of an inch. A few trees were uprooted by the afternoon's strong gail.

The total for this section for the entire year now stands at 8.54 inches.

Social Security to Be Outlined Over Radio

America's social security program will be outlined in three addresses over the national hook-up of the Columbia Broadcasting System on May 26, June 2, and June 9. An invitation is extended to all Texans interested in unemployment compensation to tune in any CBS station for these programs.

The fifteen minute programs will begin at 5:45 p. m., central standard time, and the first and last will be interviews. Their respective subjects are "Cooperation of States and Nation in payment of Unemployment Compensation"; "Help Those in Need"; and "Social Security - Everybody's Business."

They will be given by George E. Bigge, Mary Dewson, and Frank Bane, all members of the Social Security Board in Washington.

TRANSFERRED HERE

Bill Riddle of Childress, a long time resident of Clarendon, was here on business Monday. Mr. Riddle is agent for the Universal Life Ins. Co. at Childress, but is being transferred to Memphis and Clarendon territory. He will reside in Memphis.

MINISTER VISITS HERE

Minister and Mrs. B. L. Moberg and daughters Mary Alice and Wilma are visiting their daughter and sister, Mr. and Mrs. Frank Heath and son this week.

Clarendon Golfers Fall In Greenbelt

All Clarendon golfers have fallen by the wayside in the Green Belt Golf Association's annual tournament as the final in all flights were reached today at the Cole Creek Country Club in Shamrock. Grover Austin, Pampa, and Frank Mitchem Jr., Shamrock will meet in the 36 hole championship match. Johnny Austin, Pampa, and Ollie Askins, Sayre, will play for the first flight honors. Askins defeated Paul Greene, Clarendon, 1 up on 19 holes in the semi-finals yesterday afternoon.

Dude Gentry with a 74 was the only Clarendon entrant to make the championship bracket. Paul Greene and Billie Cooke with 75 1/2; Ira Merchant, 77; M. P. Gentry, 81 and Bill Cooke Sr., 82, all found the second division.

Dude Gentry was eliminated in the first round by J. D. Mickle 5 and 4. Merchant, M. P. Gentry and Bill Cooke Sr., defaulted their first match. Billie Cooke downed Bob Holt in the first round but defaulted the second while Paul Greene went all the way to the semi-finals by downing Bruce Gibson, Vernon, Carl and Harrison, Memphis before losing to Askins.

L. S. (City) Walker was elected president of the association and all directors were retained.

Band Member Asked To Meet June 1st

Ray Robins, director of the Clarendon High School band, asked yesterday that all students interested in summer band work meet with him at the Junior High School Wednesday, June 1st.

Those interested in the recorder band will meet at 10 o'clock the morning of June 1, and all others are asked to be at the building at 2 o'clock in the afternoon. Regular practice nights throughout the summer will be held on Mondays and Tuesdays at 8 o'clock.

Robins said several trips were planned for the summer, including the Top 'O Texas Fiesta in Pampa.

With the grasshopper plague promising to be devastating in Donley County, as well as throughout the Panhandle, County Agent H. M. Breedlove this week is urging all farmers to cooperate in a concentrated fight against the pest.

Thousands of dollars in crop values will be lost in this section unless the menace is curbed, experts have estimated.

"Farmers who have noticed any grasshoppers around turnrows or in pastures should start poisoning at once," Breedlove asked, pointing out that the poison is more effective when the pests are small and unable to fly.

Two mixing plants are operating in Donley County at present, one at Hedley and one in Clarendon. Syrup and hulls are available at the stations. No limit is set on the amount of poison issued and everyone may obtain as much as he feels he will need.

The state highway department is cooperating in the war, and poison will be spread along highways. Breedlove said.

According to the agent, the mixture should be broadcasted and not placed in piles or rows. Scattering is more effective and eliminates all danger to livestock.

Mechanical spreaders have been made and may be seen at the Chenuit Blacksmith shop in Ledia Lake. These will be available to farmers. Breedlove stated.

"Although the hoppers are small and hard to see, now is the time to strike in what will be our greatest fight against infestation," the agent said in conclusion of a statement to farmers. "We must start early and get complete control of the situation before it is too late," he stressed.

Banks To Close Monday For Decoration Day

All three Clarendon banks will be closed Monday in observance of decoration day, W. W. Taylor of the First National said this morning.

Patrons wishing to transact business before Tuesday should call at their bank not later than Saturday.

Wheat Insurance Rates Are Listed

Federal Crop Guarantee Figures Now Available At County Agent's Office

Crop insurance which will guarantee wheat growers three-fourths of an average crop in 1938, will cost farmers here an average of 1.5 bushels per acre, according to H. M. Breedlove, County Agent.

For insurance guaranteeing one-half the average crop, the rate will average .7 bushels per acre.

Rates for individual producers are fixed by the average per acre loss in this county during a 10-year period. The cost is also fixed on the year-to-year variation in yield.

The figures farmers need to calculate their insurance premiums will be available from forms of the federal adjustment programs, and producers who participated in the adjustment programs may obtain figures from the county agent's office. Farms with figures not available will be appraised, Breedlove said.

The wheat insurance representative in Donley County is Ernest Lamb of Jericho.

In spite of the rainy weather and sickness Sunday, we had 43 out for Sunday school. We hope we all will be able to be back next Sunday.

Among the southern states, only Florida, with 30.7 percent of her farms without chickens, and Mississippi, with 15.4 percent poultry-less farms, rank below Texas.

Texas compares favorably with other southern states with her average of 48 chickens per farm on the farms that have poultry. Only Oklahoma, with an average of 50, exceeds Texas in the list of southern states. Representative states from other sections of the nation show Kansas with an average of 97, Oregon 61, Ohio 87, and Maine 55. These figures, McCarthy stressed, include commercial flocks.

"The nutrition experts of the Extension Service tell me that the average farm family of five needs

a flock of 50 hens," McCarthy pointed out. "Certainly we would like to see more hens on all farms in the state and we would also like to see higher and more efficient production."

The average hen on Texas farms produced less than 63 eggs in 1935, the year of the census. Meanwhile in 1938 the 3,926 demonstrators, including 1,092 adults, 1,352 4-H club boys, and 1,584 club girls who kept records and cared for their flocks under the direction of county agricultural and home demonstration agents, had an average production of 170.8 eggs per hen.

The 1938 average was the highest that has been recorded since Extension Service poultrymen began the demonstrations in 1930. In 1935, while the average production over the state was 62.4 eggs per hen, demonstrators' flocks produced at the rate of 159.7 eggs.

 Roll easily and quickly through your harvest with an Oliver Row Crop "70" pulling and driving an Oliver Grain Master Combine. It's just one more job in the busy year-around schedule of the "70", and as the lucky owner of the outfit you'll know the "70" has everything, does everything and is a beauty to operate as well as to look at. You'll discover its great economy, easy-handling and fast working speeds that get jobs done in a hurry at lowest cost.  
 Smooth, lively, 6-cylinder "70" power is ideal for operating small combines or similar power take-off jobs, and belt work such as driving a 22x36 thresher. The steady overlapping power of six cylinders means more effective delivered power for such work. Power take-off and belt pulley speeds depend directly on engine speed, and are independent of tractor travel. Finger-tip control of all operations, from the comfortable driver's seat, and automotive steering mean easier driving, time-saving operation. The Oliver Variable Speed Governor Control enables you to use only the fuel needed for the work.  
 Oliver builds the "70" in two fuel types for maximum fuel economy—the "70" HC with high compression engine for gasoline, and the "70" KD with engine designed for kerosene or distillate. Pick your fuel and your "70". Get modern low-cost tractor power. See us today about a demonstration.

## CLARENDON H. D. CLUB

The Clarendon Home Demonstration Club met in an all day meeting in the home of Mrs. W. A. Davis Friday May 20, with fourteen members and two visitors present. Each lady brought a covered dish and a delicious luncheon was served at the noon hour. Vice president, Mrs. McDowell presided over the business meeting. Members answered the roll call naming the States and capitals.

The ladies quilted a quilt for the hostess, and it being her birthday, presented her with a shower of gifts.

Club adjourned to meet with Mrs. M. A. Hahn at the Club Room June 3, 1938.

Guests for the day were Mrs. Couch and Mrs. McWhorter. Members, Mesdames G. A. Anderson, John Black, A. L. Chase, H. J. Edgington, M. A. Hahn, C. D. McDowell, A. W. Simpson, W. D. Van Eaton, Mattie Hudson, G. W. Antrobus, Elmer Hayes, Misses Etta and Ida Harned and the hostess, Mrs. W. A. Davis.

## FAMILY REUNION

Mr. and Mrs. Tom Bugbee held a family reunion at their ranch home Sunday, but due to the rainy weather, some of the family were unable to attend.

Those present were Mr. and Mrs. W. H. Patrick and daughter Elgin, Mr. and Mrs. John Bugbee, Mrs. Mary C. Bugbee and daughter Mary Isabelle of Long Beach, Calif., Mr. and Mrs. Pete Long of Long Beach.

## MAMIE BARKER HONORED ON THIRTEENTH BIRTHDAY

Mamie Barker was honored with a lovely birthday party Saturday afternoon at 2:00 given by her sister, Mrs. Doyce Graham. Thirteen of her friends gathered to celebrate her thirteenth birthday. As the guests assembled they wrote a birthday wish in the birthday book which was presided over by Earldine Wilson. The afternoon was spent in delightful relay games.

Dainty refreshments were served to the following guests: Charline

and Billy Jean Knox, Wilma Henson, Imogene and Earldine Wilson, Nova Lee Barker, Billy Ray Graham, Clovis Cheatwood, Earl Barker, Russell Morris, Bobby Marshall, Redelle Henson, and the honoree and hostess.

## 1937 BRIDGE CLUB

This Club met with Mr. and Mrs. Gilmer Ayers at their home Monday evening. In the games, Price Whitlock won high score prize for men, Mrs. U. Z. Patterson high prize for ladies and Leamon Wallace low.

A lovely two course refreshment was served following the games.

Guests, Messrs. and Mmes. Price Whitlock, Roy Blackman, Verna Lusk, U. Z. Patterson; members, Messrs. and Mmes. Elmer Palmer, Geo. Wayne Estlack, Willard Skeleton, Leamon Wallace, Alfred Estlack and the hosts, Mr. and Mrs. Ayers.

## DINNER PARTY GIVEN FOR LELIA SENIORS

In honor of the Lelia Lake High School seniors, their sponsors and faculty members, Misses Lois Johnson, Majorie Harlan and Geraldine Pratt, entertained with a lovely dinner party at the home of Jim Christal.

A green and orange color scheme was carried out in house decorations and favors. The "senior" theme was arranged in place cards and prizes in the after-dinner games.

Enjoying the occasion were Marie Bain, Madelyn Cruse, Aline Morton, Alvis Darnell, Thelma LaFon, Lloyd Hefner, Melvin Skinner, J. R. Naylor, Wallace Riffle, Mr. and Mrs. Raymond Wilson, Mrs. Nilla Cook, Buren Carr and the hostesses.

## THE GARDEN CLUB

The Garden Club met Monday, May the twenty-third with Mrs. Joe Goldston as hostess. Mrs. Goldston received her guests on the lawn where they enjoyed seeing the numerous beauty spots of artistic furnishings in secluded corners that can not be seen from the street, and also many varieties of blooming plants.

After this pilgrimage the guests entered the living room which was charmingly decorated with bowls of cut flowers and a gorgeous pot plant.

The program consisted of roll call answered by state flowers, a description of some of the past and present "Famous Gardens of Old Mexico" given by Mrs. U. J. Boston, and an informational talk on

Constance Bennett and Brian Aherne form the delightful co-starring team seen this week on the Pastime screen in "Merrily We Live," the uproarious story of one of the daffiest families ever pictured on either stage or screen. Others in the stellar comedy cast include: Billie Burke, Alan Mowbray, Patsy Kelly, Ann Dvorak and Tom Brown.

## "Back Yard Landscaping," by Mrs. Cap Morris.

A delicious refreshment course was served to Mesdames Walter Taylor, Lon Rundell, Tom Goldston, Cap Morris, Jim Patman, A. L. Chase, Lee Bell, Ben Prewitt, Cliff McDowell, Harry Brumley, J. Perry King, Bill Ray, J. H. Howze, and hostess, Mrs. Joe Goldston.

## ASHTOLA NEEDLE CLUB

The Ashtola Needle Club met with Mrs. W. T. Hayter in her Clarendon home, Thursday, May 19th.

## LET US SPRAY

By Donald F. Rose

Winter's nearly past and done; Let us spray! Buds are swelling in the sun; Let us spray! Sap is rising from the root; Leaves and blossoms start to shoot; If we hope to pick the fruit, Let us spray!

Johnny, go and get your gun; Let us spray! Time the battle was begun; Let us spray! Death to every insect thug! Death to beetle, blight, and bug! Slaughter every slimy slug! Let us spray!

Insects are the farmer's foe; Let us spray! Aphs and Curculio, Let us spray! Every sort of deadly germ, Coddling moth and cankerworm, If we want to make them squirm, Let us spray!

**HUDSON NATION-WIDE ECONOMY TEST**

Automobile owners making nation-wide self-observed economy test on Hudson 112 cars—Inset shows one type of gas mileage indicator. Another similar device is shown mounted on the car under test.

In an announcement appearing in over 1700 newspapers throughout the United States, the Hudson Motor Car Company is making public a nation-wide economy test for car owners. There will be a contest feature to the economy test, which begins May 22 and runs until June 18 inclusive.

The cars are to be driven over measured routes by private owners who will make their own readings

and observations by means of mileage measuring devices provided by Hudson dealers.

One of the major purposes of the Hudson Motor Car Company in making the test is to get actual mileage readings on the new Hudson 112 in the hands of average owners throughout the country. The Hudson company is enlisting the assistance of newspapers to carry out the plan—the method being selected as the speediest method of reaching the

largest number of average car users.

In connection with the contest, three new Hudson 112's will be presented to the winners each week. The car owner takes his demonstration ride in a 112 model, makes his own observation on gasoline mileage and other features and then writes a 50-word statement. The combined circulation of the newspapers in which the advertising announcing this contest will appear, totals over 30,000,000 readers.

Mrs. Margaret V. Thompson, Guardian of Jimmy Eugene Thompson and Curtis E. Thompson, Minors.

**RAILROADS BOOST TEXAS BUSINESS**

Texas benefited substantially from the expenditures of the railroads in 1937 for materials, supplies, fuel, new equipment and payrolls, it is revealed in a special study which has just been completed by the Bureau of Railway Economics of the Association of American Railroads.

Railway purchases in Texas last year totaled \$23,074,728, the report shows. Of this sum, \$23,070,759 was spent for materials, supplies, and fuel, while \$3,969 went for new equipment (not including that built in company shops). These purchases were made in 603 towns and cities located in 190 of the 254 counties of the state.

Wages paid to railway employees in Texas during 1937 amounted to \$79,286,059.

The review discloses that, for the nation as a whole, the railroads last year paid \$1,133,361,468 for the more than 70,000 different items which they use. Materials, supplies and fuel cost \$966,383,000 and expenditures for all new equipment (except that constructed in railway shops) totaled \$166,978,468. More than 12,000 towns and cities located in 2,638 of the 3,072 counties of the United States derived direct benefits from this large volume of railroad buying.

In 1937, the country's rail carriers also distributed \$1,983,990,485 in wages to their employees, the report says.

Melvin Cook has purchased the SoRelle old home place in the Southwest part of town and will remodel same for their home.

Mr. and Mrs. Allen Bryan and sons visited in the E. F. Bryan home in Amarillo this week.

The soul of all improvement is the improvement of the soul, and it is only a keen sense of need that stimulates the soul to continuous and repeated efforts. Continuous and repeated efforts is the only method by which the soul will be improved. The Christian calling is a high calling. The direction is up hill. One cannot be self-satisfied and grow in grace and in the knowledge of the Lord. A constant continuous effort is not irksome if improvement is being made. It is delightful. It brings joy and constitutes a challenge. Therefore, people should be constant and continuous and persistent in their church relationship. The influence of a Christian who is not happy is worse than the influence of one who is not a Christian. Christian people ought to be happy, and the only way to be happy and keep happy is to be continually at work for the improvement of the soul and the advancement of Christ's kingdom in the hearts of mankind. Let nothing but a providential hinderance keep you from your church services.

Regular services at The Baptist Church Sunday. It always delights our souls when you come.

"America beautiful lies in the hands of the gardeners"  
 The recent rains have so enhanced the beauty of all the lawns that a mere glance in passing them will be a feast to the flower lovers. The back yard fences over run with masses of roses are noticeable at dozens of homes, and hedges of roses are to be seen on various lawns, so that it is hardly possible to enumerate them. Infact, it seems there are so many more than usual that we can almost get the discouraging winds of the past.

The gorgeous clumps of coreopsis are two feet high in places, and such huge blossoms! These and the blue delphiniums are to be seen frequently together, and the annual baby breath with the pink delphiniums. Then many of the flower borders consist of verbenas and annual phlox just now.

The lily pools can not be clearly seen from the street, but many of the Clarendon people have studied the arranging of their pools to fit in beautifully with their landscaping. Some of the most beautiful lily blossoms are noticeable in the pool at the Bill Greene home.

The lawns are such a delight to the observer at present, that ones time can not be wasted by viewing them.

### IDLE IN TWO STATES GET \$2,765,904

SAN ANTONIO, May 25.—Benefit checks worth \$2,765,904.25 to unemployed workers in Louisiana and Texas have been issued by unemployment compensation agencies of those states during the first four months of 1938, Oscar M. Powell, regional director of the Social Security Board, said Friday. Powell said in Texas 231,304 checks, amounting to \$2,061,583.65, had been returned to the unemployed, "who are thus enabled to provide themselves with food, rent, clothing and services, without having to appeal to relief agencies."

The Texas average of \$8.91 per check was slightly higher than in Louisiana where 108,854 checks valued at \$704,320.60 had been issued.

### W. Lee O'Daniel Pays Fee In Governor's Race

AUSTIN, May 20.—W. Lee O'Daniel, Tarrant county business man, today paid his \$100 filing fee as a candidate for governor.

O'Daniel informed the secretary of the Democratic executive committee his platform was the "Ten Commandments"; his motto "The Golden Rule," and his slogan "less Johnson grass and politicians and more smokestacks and business men."

Mrs. Harry Moore and babies of Amarillo came down Monday to visit her parents, Mr. and Mrs. J. A. Warren and to be present at the Graduating Exercises of the High School.

### FSCC Plans To Purchase Potatoes To Remove Low Grade From Market

COLLEGE STATION, May 26.—The Federal Surplus Commodities Corporation has launched a purchase program to remove low grade potatoes from the market, according to word received from the AAA by J. F. Rosborough, horticulturist of the Extension Service of Texas A&M College. The program will supplement the Marketing Agreement and Order which went into effect on May 12 for potatoes in five Gulf Coast states. A continuing agreement for potatoes from 13 southern states is also being considered by potato growers and handlers.

### Killings Rise With Summer Heat, Expert Declares

Don't provoke your homicidal friends during the summer advises R. T. Harbo of Washington, D. C., administrative assistant of the Federal Bureau of Investigation. Harbo said that people are more likely to commit murder in hot weather than at any other time.

Harbo further advised husbands not to taunt or tease their wives unnecessarily.

"If you examined the records of 100,000 killers at large," he said "you probably would find that more of them are women than men."

"Last year there were 12,000 murders," he said.

"We have records of 13,600 kidnapers, extortionists and bank robbers. Of 2,800 who were paroled, 36 per cent were arrested while on parole and 40 per cent were arrested soon after their paroles expired. And two-thirds of those re-arrested after being paroled were guilty of rape, murder and other such crimes."

Guy Kerbow of Pampa was at home the first of this week.

Mrs. W. W. Noblet and Katherine Cole were in Amarillo Tuesday.

**"I Made a Meter Test of Electric Cookery and it ACTUALLY SAVED \$1.14 A MONTH on Fuel and Electric Bills Over a Three-Month Period"**

## ..Proof that Electric Cookery Costs Less

**Interview with Mrs. McFall:**  
**Q.** First of all, Mrs. McFall, are you pleased with your electric range?  
**A.** Indeed, I am!  
**Q.** Would you recommend it to other women as the coolest, fastest, cleanest and most economical method of cookery you've ever used?  
**A.** Yes. During the 14 years I've been keeping house I've used most of the other types. After making this test, I know that electric cookery is cheaper as well as cooler, faster and cleaner.  
**Q.** With five in your family, how many kilowatt-hours did the meter show your range used on a monthly average during the test period?  
**A.** 109 kilowatt-hours per month.  
**Q.** You get a special low electric cookery rate on this current, don't you?  
**A.** Yes. All over 50 kilowatt-hours cost only 2 1/2¢ each. Since this same low rate applied to lights and refrigeration, too, we actually reduced our average previous fuel and electric bills by \$1.14 a month.  
**Q.** You mean, then, that by using electric cookery, with its lower rate, and by reducing your consumption of other fuel, you had a cooler, cleaner kitchen by far and it actually cost less money?  
**A.** Believe it or not, that is true!  
**Q.** Were there any other savings you noted?  
**A.** Well, during the test period my records showed an average-per-month saving of \$3.83 in groceries and incidentals connected with cooking. I give the electric range credit for that, too.  
**Q.** Then your savings totaled \$4.97 per month—practically enough to make the monthly payments on an electric range?  
**A.** Yes. But I am prouder of the fact that cooking has been made easier for me and that my kitchen is so cool and clean!

**PUTTIN EXTRA ACRES ON LEGS**

By T. C. RICHARDSON, Secretary  
Texas Breeder-Feeder Association

Under the farm law of 1938 every farm is divided, like Gaul, into three parts. They are, briefly, the soil depleting, neutral, and soil conserving acreage, and proportion allotted to each division varies from county to county and farm to farm. The principal cash crops classified as "soil depleting" are governed by specific terms of the law and the regulations thereunder, and are eligible for benefit payments. The "soil conserving" crops also designated by law and regulation, may be grazed or fed to the normal number of livestock on the farm without penalty, and when turned under for soil improvement, also earn benefit payments. This takes care of the family milk cows and work stock already on the farm.

The "neutral" or "general crop" acreage is subject to no restrictions of use whatever. It can be planted in any crop desired except those on which the farm has a definite allotment, such as cotton, wheat, rice or peanuts. It is this acreage that offers the greatest potentialities for increased and stabilized farm income, if properly used. Some of this—a very limited amount on the whole—will go into truck or other intensive crops for sale. Good judgment of course will dictate the use of liberal production of food crops to be used at home.

Most of this acreage, however, will have to go into feed crops of one kind or another. In the cotton belt this can easily result in such a large feed crop that the cash markets will be swamped, and the producer will scarcely get harvesting costs, much less pay for his labor and the use of the land in production. We have all seen milo sell at \$2 to \$5 a ton for heads, oats at 20 cents a bushel or less, corn at 35 cents, which does not represent day wages for harvesting and hauling to town. Since all feed

crops must in the end go into livestock or poultry, it stands to reason that the consuming animals and fowls should be brought to the feed instead of shipping the feed to them elsewhere. A truck or railroad ride does not increase the meat or milk-making capacity of a ton of hay or a bushel of grain. The farmer who grows the feed can therefore produce animal products on the farm at a lower cost, and whatever the price of eggs, meat, milk or wool, sells his feed to a better advantage in concentrated form than as a raw material.

Farms already set up with the livestock and poultry to consume their feed crops, and the facilities for handling them, will follow their usual practices with no interference from the law. Those not so circumstanced may be temporarily embarrassed in making the necessary readjustments to utilize this acreage to the best advantage. Fencing and water supplies must be provided when livestock are introduced, and the livestock must be procured. When the feed is grown and properly stored financing can usually be found, either through private banks or the Production Credit Associations, for the purchase of livestock.

The final effect of the readjustments of cropping practices under the new law will be a better balanced farming system, the spreading of risks, more days of profitable employment in the farming year, the conservation and improvement of the soil, higher acre yields of the cash crops as a result of rotations and manuring, and a better standard of rural life in the South. Wise farmers are making the most of the opportunity to get away from the one-crop system with government benefits to help in making the change.

the Pastime Theatre with Constance Bennett of the former hit once again cast in a comedy portrayal, this time co-starred with Brian Aherne who recently scored in the title role of "The Great Garrick."

The new picture, based on a screen play by Eddie Moran and Jack Jevne, was directed by Norman Z. McLeod, director of "Topper" and other film successes, and its supporting cast reads like a "Who's Who" of Hollywood celebrities.

Prominently cast are Billie Burke, Alan Mowbray, Patsy Kelly, Ann Dvorak, Tom Brown, Bonita Granville, Marjorie Rambeau, Phillip Reed, Calrence Kolb, Marjorie Kane, Paul Everton and Willie Best.

The action of "Merrily We Live" revolves around the antics of the Kilbourne family, as mad, fantastic and carefree a group as were ever assembled under one roof. Each is a rugged individualist, but together they present a united front that is bewildering to their sedate and conservative suburban neighbors.

The new picture marks the first co-starring appearance of Miss Bennett and Aherne.

Ted Williams, formerly with the Norwood Pharmacy here, and two sons, visited in Clarendon this week.

Mrs. Ralph E. Randel of Panhandle was in Clarendon for the week-end.

**FIRESTONE Gives You This High Quality Tire at This New Low Price**

Because Firestone saves money by controlling and securing rubber and cotton at the sources and by efficient manufacturing and distributing. These savings make possible extra values at lower prices. You get:

**High Quality**—First choice rubber and selected cotton that conform to Firestone's high standards and rigid specifications.

**Long Mileage**—Safe, silent tread design made of tough, slow wearing rubber that assures long mileage. Sturdy bars and rugged notches give protection against skidding.

**Blowout Protection**—Nine extra pounds of rubber are added to every 100 pounds of cord by the Firestone patented Gum-Dipping process. Every fiber of every cord in every ply is saturated with liquid rubber which counteracts internal friction and heat that ordinarily cause blowouts.

**Puncture Protection**—Firestone's patented construction of two extra layers of Gum-Dipped cords under the tread protects against punctures.

**New Low Prices**—Never before have all these safety and economy features been combined in a tire priced so low.

Don't take chances on your holiday trip. Come in today. Let us put a set of these large size, rugged, long wearing tires on your car—remember, you save 25%.

**DISTRICT CHURCH CONFERENCE HELD**

**300 Present At Meeting In McLean Last Week**

McLEAN, May 25.—About 300 representatives of the Methodist churches of the Clarendon district attended the district conference held in the First Methodist Church at McLean last week.

Dr. T. S. Barcus of Clarendon, presiding elder of the district, presided over the meeting and led the morning devotional. His subject was "The Certainty of Christian Experience."

Dr. Tom Brabham, president of McMurry College at Abilene, spoke in the interest of Christian education. Mrs. T. S. Barcus reported on the children's work in the district. Mrs. C. A. Cryer of McLean on the work of the Woman's Missionary Societies, and Mrs. J. M. Porter of Wheeler represented the Golden Cross Society. Rev. Orin W. Carter of Memphis brought the message at the preaching hour.

Delegates from the Clarendon district to the Northwest Texas conference meeting in Memphis in November were elected as follows: Judge H. B. Hill of Shamrock, John Forbes of Wellington, Mrs. C. A. Cryer of McLean, Mrs. Nida Green of Heald, Mrs. W. Purviance of Pampa, J. R. Porter of Clarendon, Mrs. J. W. Story of McLean, F. B. Hudson of Quail, Sam Braswell of Clarendon and Mrs. J. M. Porter of Wheeler. Alternates elected included Mrs. W. C. Dickey of Memphis, Paul Stauffer of Shamrock, Guy Beasley of Shamrock, Mrs. W. H. Gray of Clarendon and Charlie Ward of Pampa.

Sam Braswell of Clarendon was elected District Lay Leader with John Forbes of Wellington and Judge H. B. Hill of Shamrock as his assistants.

The 1939 meeting of the district conference will be held in Wheeler.

Those spending the week end in the home of Mrs. C. A. Burton and attending the graduation exercises were Linwood Betts of Borger, Mr. and Mrs. Earnest Betts and family of Clovis, N. M.

during March and April and the winning regions will be honored with the Newton visitors who will present to the Texas organizations, a recent survey, also a new advertising program recently launched by The Maytag Company.

The winning dealers and their salesmen in a recent contest will be awarded Maytag medals of merit and will have honor seats at the banquet, stated Mr. Frank Heath, dealer in Clarendon and Amarillo.

The first of a series of six meetings will be held at the Amarillo Hotel in Amarillo, where the Maytag dealer organizations from the Northwest and Panhandle Regions will welcome the Newton visitors, with approximately 150 dealers and salesmen in attendance. A banquet for the entire group will be served at six o'clock.

From Amarillo, Mr. Maytag and his entourage will go to Big Spring for a similar meeting; thence to Brownwood, Corpus Christi, Port Arthur, and finally to Dallas for a meeting of the North and Central Texas Maytag organizations at the Baker Hotel on Monday, June 6th.

**CLUB NOTES**

Chairman, Gillham, of the Boys Work Committee, reported for the committee, recommending an appropriation of \$45.00 to purchase two registered boats for the F.F.A. Boys under certain restrictions as per report filed. It was understood that only the profits net be placed in the Boys Work Fund.

The transfer from the Panhandle Club of Lion Bill Riney was accepted.

In response to the request from the Beaux Arts Club that a representative of the Lions Club be appointed to the Park Committee, Lion Lowe was appointed.

Chairman Drennan, of the Health and School Committee, called on Lion Burton, who gave a most interesting and informing talk on the condition of the local schools and the benefits accruing therefrom to the community. This occasioned further discussion and remarks from several of the Club members.
