If preachers have faith
enough to believe it is possible
to bring His Kingdom on earth,
or are in earnest about its
being brought, they are obliged
to know it must be through
justice, and justice worth any-

Washington, D. C, Aug. 22 1899,—Fair tonight and tomorrow.

Santa Fe and P V

President E. P. Ripley, of the Santa Fe railway, confirms the information that the Pecos Valley Railroad company has paid the debts incurred in building the extension from Roswell to Amarillo last year. The Santa Fe company was the creditor, but no sooner was the line in operation than such an immense cattle business sprang up that President Hagerman easily placed bonds enough in New York to clear the obligation to the Santa Fe by redeeming pledged stock, and made the Pecos Valley an independent line with no danger of being absorbed by the creditor company. The relations of the two companies, however, continue to be friendly, as a traffic arrangement exists and they exchange business. The Santa Fe still has a contract that will permit it to run trains over the Pecos Valley road when an extension is made from any point on the former's line to the route from Roswell to Amarillo. President Hagerman declares it is not for sale and a Santa Fe official says the latter company is not seeking to buy. President Hagerman deserves the success that has come to the Pecos Valley railway. He was finally able to do the work without sacrificing his own interests.—New Mexican.

What the world needs is a freedom in all legitimate lines of life with which no government has the power to interfere. It is quite as bad to have one's own government interfere with his right to pursue happiness in his own way as it is for some other government to do so. When the eyes of the free citizen are fully opened no professional lawmaker on earth will dare cross him on any legitimate line of private business.—Dallas News.

Fort Worth, Aug. 20.—In the hotel lobbies today resident and visiting cattlemen were engaged in the discussion of the probable successful outcome of the Loving cattle syndicate. It was the consensus of opinion

that the organization of the syndicate would be completed in the near future and when perfected the value of Texas cattle would be enhanced over present prevailing prices by at least \$2 per head.

RIGHT OR WRONG?

[From The Public.]

The rights of men the world ignores
And prates on subjects light,
While vain attempts have oft been made

We change what's wrong to right.

The wrong sits in her chair of state—
Hoary with age is she—
And men respect her and submit
Unto the powers that be.

We have received time-honored wrongs

From tyranny's dark night—
But time on time cannot transform
A wrong into a right.

And shall we venerate the wrong
Because with age 'tis grey,
Pay aged Sin our reverence
And grant her leave to stay?

And all that's vile and evil here—
Unfair, unjust, impure—
Because so long allowed to be
Must we forer endure?

No; let us for the right stand firm
And lift our banner high,
Take Truth and Justice for our guides
And bid oppression fly.

Then will the light of heaven illumine
The earth as well as sky;
Then will the hand of Justice rule,
And power of wrong deny

Then will the kingdom from above,
For which men daily pray,
Established be upon the earth,
For evermore to stay.

A STATEMENT

Several people interested in the formation of a permanent Fair and Racing association have approached me with reference to perfecting an organization. While I heartily share the opinion of these gentlemen with regard to the feasibility and profitableness of such a move, I have been deterred from taking any active measures toward that end owing to the indifference manifested by a goodly portion of our business men. As secretary of the temporary organization I called three different meetings which were so lightly attended that no business could be transacted.

Recently I have talked with a number of citizens of this and adjoining counties who are enthusiastically in favor of the enterprise and who, with out exception, volunteered to take stock in the association. This encouragement, together with favoring circumstances that have since arisen, has induced a number of us to call a meeting for Wednesday night at the Amarillo hotel, when data and a plan of organization will be presented which will convince the most skeptical that we can organize immediately under most favorable auspices.

However, it will require united effort on the part of everybody to make this enterprise the success its merits deserve. Do not stay at home relying on your neighbor to fill your place. There is a place for each of you, and your very presence will add that much to the enthusiasm of the meeting.

If such towns as Quanah and Plainview have big fairs, with thousands in attendance, it behooves Amarillo to ask the question, why have we nothing of the kind? Ours is by far the best located town on the plains for the establishment of a yearly Fair, Races and Cowboy Reunion that would be of national reputation.
