Man Charged with Attempted Murder

A 28-year old Clarendon native is in jail charged with attempted murder after the brutal beating of a young woman Tuesday night. Stanley McCampbell is charged with attempting to murder Lashel Calloway, 18, of Clarendon. McCampbell turned himself in early Wednesday morning.

According to the allegation, the young woman was riding around with a friend when McCampbell stopped their car and forcibly threw the woman into his own vehicle. He then drove to the pond east of Greenbelt lake and beat the young woman with a pool cue until the cue was broken into splinters. He then took her to a different area on the lake and beat her with a lug wrench. Finally he threw her into Kelly Creek, reportedly thinking she was dead.

The victim later waded ashore and walked several miles through the rough brush to FM 3257 where a passing motorist picked her up and brought her into town just before 8:00 a.m. Clarendon EMS transferred her to Amarillo immediately. She was treated first for hypothermia. At press time she was listed in serious condition at Northwest Texas Hospital.

The incident was investigated by the Donley County Sheriff's Department and by Doug Wright, investigator for the district Attorney's office.

APRIL 14, 1935 was a dirty day in Donley County history, as the picture of Ashtola shows. Recent dust storms have been less severe. Droughts may occur in West Texas in cycles of approximately every thirty years. Conditions are not nearly as dry now as the dirty thirties, but a fire hazard exists throughout the Texas Panhandle and much of Oklahoma. An Open Letter

Re: Bill designed to abolish our Judicial District

House Bill 2160 was filed on March 7, by Senfonia Thompson, a Houston, Harris County, State Representative. The bill, if passed by both Houses of Congress and signed by the Governor, will abolish the 100th Judicial District now made up of Carson, Childress, Collingsworth, Donley, and Hall Counties and presided over by the Honorable John Forbis. Not only would we lose our District Judge, but the bill would abolish the offices of our District Attorney, Adult Probation Department, Juvenile Probation Department, and our Court Reporter.

Only Houston would benefit by the adoption of House Bill 2160. The five counties of our existing District (100th Judicial District) and the twelve other West Texas and Panhandle Counties whose Judicial Districts would absorb our counties, all would suffer.

House Bill 2160 calls for moving Carson County to the 84th

District, now made up of Ochiltree, Hansford, and Hutchinson Counties. Childress and Hall Counties would be added to the 110th District, now composed of Briscoe, Floyd, Dickens, and Motley Counties. Donley and Collingsworth Counties would be moved to the 31st District, now composed of Lipscomb, Hemphill, Wheeler, Gray, and Roberts Counties.

As presently constituted, those of us in Donley County are never more than an hour away from our District Judge, District Attorney, and other District-wide officials. If moved to the 31st District, Donley County would be one of seven counties competing for the services of a single judge, District Attorney, etc., and could be over 140 miles away from where he or she may be when needed. Not only would the bill abolish dozens of jobs in our district, but it would increase the cost and delay the time involved in providing legal services to our residents.

House Bill 2160 is an abomination. It is another attempt by a big city representative to feather her nest, take jobs from our district, weaken our political power, diminish our access to justice and increase our costs of living and doing business in the West Texas - Panhandle area. Please contact your State Representative, State Senator, and Governor and urge them to take all steps necessary to assure the defeat of House Bill 2160.

Sheriff's Report Submitted

The Sheriff's Department reported a busy month in March. The deputies worked long and hard.

Six youths were arrested for Minor in Possession of Alcohol. Four of these were also charged with evading arrest. Five people were arrested for driving while intoxicated.

There is one motion to revoke probation, one arrest for driving with license suspended, and one charge of theft by check.

Four people were arrested for public intoxication. Seven people were served warrants of various kinds.

Three were arrested for "unauthorized use of a motor vehicle". One burglary suspect was taken into custody. Two people were accused of criminal trespass. One male was jailed for official oppression.

There were 32 arrests, five accidents, 10 papers served, 32 ambulance calls and 12 fire calls. The department logged 112 activities.

Commercial Licenses Needed

AUSTIN--DPS Director, Colonel Joe Milner, cautions that the Texas truck and bus industries are going to find themselves without properly licensed drivers on April 1, 1992 if they do not contact their nearest DPS Driver License office to schedule commercial driver's license testing as soon as possible.

The DPS began issuing CDL's on September 17, 1990. However, as of March 29, 1991, only 50,000 CDL's has been issued--an average of only 370 licenses per day. "Texas has approximately 962,000 commercial drivers who must be tested before their current license expires or April 1, 1992, whichever date comes first," Colonel Milner said. In order to license the remaining 912,000 CDL drivers before the deadline, the DPS must average testing and issuing licenses to 3,648 drivers each working day.

More than two-thirds of the drivers hold Class A and B licenses that will not expire until after the April 1 deadline. However, after that date the drivers cannot legally drive a commercial motor vehicle

Crusade to Start

The American Cancer Society Crusade for Clarendon will begin April 15 and run through April 30. Crusade Chairman is Carol Grady. The goal for Donley County this year is \$3,400.00.

Mrs. Grady asks that anyone who is missed by one of the workers, please respond to material left in the door.

In 1990, the Society reached 2,839 youths and 1,813 adults with educational materials. Last year there eight patients in the county who benefited from patient services. The largest category of expenditures in Texas went for research, followed by education and patient services.

This year in Texas there will be 59,000 new cases of cancer diagnosed and 27,500 deaths. With these figures it should be obvious that the battle against cancer is very important. The American Cancer Society asks that you please give generously.

ACS Gives Warning

ACS urges all donors to ask questions before writing a check to a charity. The American Cancer Society and the National Charitable Information Bureau (NCIB), a charity-rating agency located in New York, have both developed a set of guidelines for donors to follow:

*Check to see if the organization's fund-raising efforts are cost-effective. The NCIB stipulates that a charity should not spend any more than 30% of one dollar on fund-raising. The American Cancer Society spends 13%.

Center's 16th Birthday with 115 folks signing the Big Birthday card that we will frame and hang on our wall. We had 3 of the charter members present: Mabel Elmore, Tennie Smith and Della Allen. I called on Jean Baten, past director, to relate and share some of her six years with us. Ruth Mills who was the first Director was out of town and unable to share the occasion with us. I gave a brief history of some highlights of happenings from April 1, 1975, when the Center was chartered. I had been doing some interesting research from the news clippings that are in the many note books that have been kept to date and are here for anyone to browse thru. Only regretted that there wasn't time enough to share more. Mary Lee Longan and Trina Judd baked chocolate sheet cake and decorated it for the occasion. We served ice cream along with the cake as a special treat.

Monday night dance practice is enjoying good participation. Come down and join in the fun and exercise each Monday evening from 7 til 9 p.m. Tuesday, April 2nd Carmen Wright checked 30 Blood Pressures. We really appreciate Carmen's time and expertise to do this as a community service. She will be back on April 16th from 9 a.m. til 1 p.m. along with Kimberly Care's Blood Sugar Clinic which will be from 9 a.m. til 12:00 noon.

Big thanks to Don & Annie Wooten for going to Amarillo on Wednesday for a grocery pickup at the High Plains Food Bank for our Center.

Thanks to Earl Irwin, Howardwick, for bringing the Center several boxes of excellent reading material consisting of mostly magazines.

Saturday night, April 6th, Elmo Fortenberry took a van load of folks to the Caprock Jubilee which is held the first Saturday evening of the month.

The Golden Spread Hearing Aid Clinic will be here at the Center on Thursday, April 18th from 10 a.m. til noon. This is a community service.

Public Notice

Southwestern Bell Telephone Company has filed two separate applications with the Public Utility Commission of Texas to introduce two new optional directory services. One service is Directory Assistance Call Completion (DACC) and the other service is Multiple List Directory Assistance (MLDA).

DACC is an optional service that provides customers the option of having their Directory Assistance call completed to the requested number (when they call Directory Assistance for a number) by either the Directory Assistance operator or a mechanized audio response system.

The proposed rates* for fully-automated DACC calls are: \$.30 if the call is sent paid or billed to a calling card, \$1.00 if the call is collect or billed to a third number and \$.25 from a coin telephone.

The proposed rates* for semi-automated (operator assisted) DACC calls are: \$.85 for calls that are sent paid or billed to a calling card, \$1.20 if the call is collect or billed to a third number and \$2.60 for a person-to-person call.

Multiple List Directory Assistance (MLDA) allows the customer to request more than two listing requests per call to Directory Assistance. Customers can either call on "demand" and receive up to 10 listings, or schedule an "appointment" and receive the assistance of a Directory Assistance operator for as long as required. The rates for "demand" MLDA are \$.30 per listing request (after applicable allowances), with a maximum of 10 listing requests per call. The rates for "appointment" MLDA are \$1.00 per minute, with a 15-minute minimum.

The optional services DACC and MLDA are intended for use by both residence and business customers. Those persons who qualify for exemption of Directory Assistance charges because of visual or physical handicaps will be able to use DACC and "demand" MLDA free of charge. If approved by the commission, DACC and MLDA will be available beginning May 13, 1991. First-year projected revenues for DACC are approximately \$9.6 million. First-year projected revenues for MLDA are approximately \$1.7 million.

Persons who wish to comment on these applications should notify the commission by May 3, 1991. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or you may call the Public Utility Commission Public Information Office at (512) 458-0256 or (512) 458-0221 teletypewriter for the deaf.

Southwestern Bell Telephone

*The charges for DACC are in addition to the charge for the Directory Assistance Listing (if applicable) and/or any local or intra-LATA toll charges that would apply to the completed call.

MRS. BENJAMIN PERRY

Bentley and Perry United

Vanessa Bentley and Benjamin Perry were united in marriage, March 23, 1991, at 2 p.m. The double ring ceremony was performed by Reverend Spence Miller, brother-in-law of the bride, assisted by Reverend Bob Fagan. The ceremony was held at the Memorial Baptist Church in Lubbock, Texas.

The bride is the daughter of Joe Bentley of Lubbock and Ethel Bentley of Wolfforth, Texas. Parents of the groom are John and La Quitta Perry of Lubbock. Ben is the grandson of Jean Baten of Clarendon, Texas.

Escorted down the aisle by her father, the bride wore a gown of white satin. Her gown featured a high neckline accented by pearls and sequins, fitted bodice with short puffed sleeves. The skirt of flowing satin with an undershirt of lace accented with satin bows. The train began with a large satin bow and ended with pearls, sequins and lace.

Maid of honor Janice Bentley of Wolfforth, sister of the bride, wore a tea length dress of pink moire'd chintz. Bridal attendants were Amanda Miller of Dewey, Arizona, niece of the bride and Lauri Perry of Lubbock, sister of the groom. They wore lavender and pink floral chintz tea length dresses with lace collar and bow. All wore white hats with pink ribbon and bow; they carried a fan corsage of pink and lavender flowers.

The best man was John Perry of Lubbock, the groom's father. Groomsmen were Terry Bentley of Lubbock, brother of the bride and Marc Fagan of Lubbock.

Flower girl was Lindsay Miller of Dewey, Arizona, niece of the bride. She wore a dress identical to the maid of honor with a floral ring headpiece of pink and lavender and carried a basket accented with pink and lavender flowers. She dropped pink rose petals.

Ring bearer was Seth Miller of Dewey, Arizona, nephew of the bride. Soloist was Sheri Miller of Dewey, Arizona, sister of the bride. Pianist was Joan Rutledge of Lubbock. Favorite tapes of the bride and groom were played through-out the ceremony.

Registering the guest was Shelia Bentley of Lubbock, sister-in-law of the bride. Guest were seated by J.J. Jones of Dallas and Gary Vaughn of Lubbock.

Following the ceremony, a reception was held in the fellowship hall to honor the newlyweds. The brides table featured a three tiered cake trimmed with pink and lavender over a lavender fountain.

The groom's table also carried out the brides colors of pink and lavender and featured a double heart chocolate cake.

Serving at the reception were cousins of the bride, Trista Seeten, Sabrina Seeten, and Chanda Jones.

A rehearsal dinner was hosted by the groom's parents at the Western Sizzlin Steak House in Lubbock, Texas, Friday night, March 22nd, following the rehearsal. Other parties preceding the wedding included a bridal shower on February 17, 1991, and a grooms tool shower on March 10, 1991.

The bride is a graduate of Frenship and a Nursing student at South Plains College.

The groom is a graduate of Monterey High School and employed by Lydick Roofing.

The couple will reside in Lubbock, Texas after a wedding trip to San Angelo, Texas

Prescription Drug Studies: Four Phases

There are four steps or phases of testing that all prescription drugs must undergo before they are approved by the United States Food and Drug Administration (FDA) for general use by physicians and other prescribers. Before phase one the drug must be tested in animals. This process determines whether or not the drug is safe and effective in test animals. It may take as much as two to three years to determine drug safety in nonhuman subjects.

Phase one is the first testing of the drug in humans. During this phase, researchers look at how the drug is absorbed, stored, distributed, and eliminated. Side effects are checked for in this phase. Phase two tests for the effectiveness and the safety of the drug in humans. Phases one and two are conducted on groups of up to 300 individuals and may take up to three or four years to complete.

During phase three, the drug is evaluated in as many as 3,000 subjects. This is the last phase required by the FDA. If the drug is approved, it may be promoted and prescribed. Phase four studies occur after the FDA has approved the drug for routine use. According to a recent study at Tufts University, it takes, on average, 12 years and \$231 million to conduct the first three phases of study leading to approval by the FDA.

Wolfe Completes Training

Coast Guard Seaman Apprentice Christopher L. Wolfe, whose wife, Brandie, is the daughter of John Earl Morrow of Clarendon, was recently graduated from the Coast Guard recruit training.

Wolfe attended the eight week training at the Coast Guard Training Center, Cape May, N.J. Among the subjects he studied were first aid, Coast Guard history and seamanship, communications, damage control, fire fighting, and physical conditioning.

FmHA Announces Program

The Farmers Home Administration is launching a new program to help local farmers obtain credit from local lenders, according to Neal S. Johnson, FmHA State Director for Texas. Known as the Interest Assistance Program, it provides strong incentives for commercial lenders to make loans to farmers who otherwise could not qualify.

Under the new program, FmHA will pay up to 4 percentage points of interest for farmers to help them qualify for FmHA guaranteed loans. "If a creditworthy farmer can't cash flow with a guaranteed bank loan at regular interest rates, we can pay part of that interest for him until he can," Johnson said.

The Percentage of interest FmHA will pay depends on the financial condition of the farmer. FmHA will pay only the number of points necessary to help the farmer cash flow with a small reserve.

An FmHA guaranteed loan is made by a bank, PCA, or other lender with an agreement from FmHA that if the loan goes bad, FmHA will compensate the lender for up to 90 percent of its loss. "That guarantee plus the new interest assistance," Johnson said, "should greatly increase availability of farm credit through the private sector."

The program, made law in late 1990, was put on a fast track, so as to assist farmers in time for the 1991 planting season," Johnson added.

According to Johnson, the level of interest assistance will be adjusted each year, based on a review of the borrower's need for continued assistance. In addition, a borrower must be able to project a positive cash flow, including a 10 percent debt-service reserve to qualify for assistance. This is the same rule for guaranteed farm loans not receiving interest assistance.

Additional details about the Interest Assistance Program can be obtained from any FmHA county or district office or from the FmHA state office at 101 South Main, Suite 102, Temple, Texas 76501.

ASC-from p.1

*Check to see if the organization produces an annual report. This report may be helpful to inform the contributor how much money the organization spends on research, fund-raising and other expenditures.

*Find out what are the organization's administrative costs. The NCIB recommends that these costs should not exceed 15% of the budget. The American Cancer Society's Administrative costs are among the most effective at 3%.

*Learn if the group has a solid management and an identifiable Board of Members. It's important that the Board consists of several medical and scientific professionals.

ACS can be identified by its copyrighted Sword of Hope symbol. The Society works with more than two hundred thousand volunteers in the Texas and approximately 2.3 million volunteers nationwide.

According to Carole Grady a Donley Unit Volunteer, ACS and other highly respected charitable organizations rely on the generosity of the public in order to continue their work. "If the public knows exactly where it's charitable dollars are going and contributes wisely, we'll all benefit," Carole said.

Residents of Donley County who want to be certain that the money they donate to cancer research is used in the most effective way, should be aware of look-alike cancer organizations.

Genevieve Caldwell, President of the American Cancer Society Donley Unit said, "When you contribute to a charity, it makes good sense to find out exactly where your money is going and how it will be spent. Contributors have the right to know if their donations are being spent in an efficient way."

The term look-alike is used because some organizations may include words such as, "National," "Society," "Institute," "Research," or "Foundation" in their names in an attempt to be mistaken for organizations like the American Cancer Society (ACS) or The Federal Government's National Cancer Institute (NCI). Look-alikes may actually spend an overwhelming proportion of the donations they receive on their fund-raising and administrative expenses. ACS relies primarily on volunteer-run fund-raising.

According to Genevieve, ACS distributes approximately 84% of its income in Texas to actual cancer control programs. This includes 24% to public education, 20% to patient services, 8% to Professional Education and 32% to research.

Genevieve emphasized that there are many reputable organizations that sponsor legitimate cancer research and offer services to cancer patients. "We do not want to discourage people from contributing to other organizations but would just like them to take note of how their funds are being distributed," she added.

Rural Development Council Organized

The Adults and Scouts of Troop 433 wish to thank Bud White and Jimmy Kuhn for the cooker made and placed at the Scout Camp on the Greenbelt Lake. The Scouts used the cooker for three meals at the Easter Campout.

More than fifty representatives from Federal, state and local government and the private sector have joined together to organize the Texas Federal Rural Development Council.

Its purpose is to provide an institutional framework within which Federal government resources from state and local governments, private sector organizations, non-profit and charitable groups, to promote rural development in Texas.

One of its first tasks is to inventory Federal government resources that are available to address rural development needs, renew and catalogue other resources available to the public, private, and non-profit sectors, and identify potential partnership opportunities among the various organizations involved with rural development.

The council will assess rural economic development problems in various regions of the state and develop a strategy to achieve long-term rural development throughout Texas in collaboration with state, local, and private sector organizations.

Thirty members of the Texas Federal Rural Development Council representing federal, state, and private sector organizations attended the National Rural Economic Development Institute in New Orleans on March 3-7, 1991. The Institute was sponsored by a Federal grant for participants from the eight pilot states.

Pageant Scheduled

The "Miss Bulldog" beauty pageant will be held Wednesday, April 17th at 8:00 p.m. in the Clarendon College Fine Arts building. The contestants will consist of college males modeling the latest fashions of today. They will be judged in the categories of sportswear, formal wear, and individual interviews with a separate competition for the most talented. Prizes will be awarded to the 1st, 2nd, and 3rd places donated by the local area merchants. There will be an admission fee of 2 dollars, half price for senior citizens, and preschool children entering free. This show is sponsored by Phi Theta Kappa with all proceeds going to PTK honor fraternity.

The Lions Tale

The Clarendon Lions Club held its regular meeting at noon on Tuesday, April 12, 1991 at the Lions Hall with 25 present. Lion Hicks led the prayer and we enjoyed a delicious Bar-b-que dinner. Boss Bernabee called the meeting to order. Lontamer Henson introduced our guests including San Thompson, Chamber of Commerce mgr., who was the guest of Lion Chambliss. A brief treasurers report was given by Lion Chambliss and Lion Todd Knorpp gave a bingo report. The Boss Lion introduced Lion Ed Thames who is a candidate for reelection to the board of directors of the High Plains Eye Bank and Lion Rick Garrett who is a candidate for Lt. Governor for our district. Both men spoke briefly on behalf of the candidacy. Meeting adjourned.

Musical Workshop Scheduled For Children

The Children's Music Department of the First Baptist Church will be hosting a children's day of music workshop on April 13, 1991. This will be a workshop for children to experience Hands-on playing time with many different musical instruments used in the worship services of our community churches. These will include handbells, organ, xylophones, guitar and other stringed instruments.

First Baptist Church has invited guest clinicians to come and tell the children about the instruments and guide them in playing them. The guest clinicians include Ben Karnes, an organist from Wellington; Olive Benard, a harpist and music teacher from Amarillo; and Jo Welty, a music teacher from Amarillo. Debbie Roberts, director of the handbell choir of the First United Methodist Church in Clarendon will lead the section on handbells. John Wesley Thomas, of First Baptist Church will lead the section on string instruments, Jennie Mandragon of the Nazarene Church will lead a section of activity songs.

Lunch will be provided by the community churches. There is no charge to attend.

Our day of music will conclude with a concert featuring our guest clinicians and an all-City choir of children attending the workshop. The concert will be televised on Channel 8 at 4 p.m., Saturday, April 13, 1991.

Registration will begin at 9:30 a.m. at the First Baptist Church. This should be a fun day of learning

for the children of our community churches.

If you would like to attend, please call Johurta Helms - 2528; Beverly Martindale - 5178; or the First Baptist Church at 3833.

Concert is open to the public. There is no admission charge.

Hedley News

Three men traveling eastbound in a rented car were stopped for a seatbelt violation just east of Hedley late Thursday afternoon by a Department of Public Safety trooper. The officer became suspicious, and radioed for assistance. A DPS officer from Clarendon, the Hall County Sheriff's Department, and Hedley Constable Blackie Johnson were among those answering the call. The car was searched, and a little over three pounds of cocaine, valued at \$150,000, was discovered. The three men, one from Los Angeles, and the other two from Jackson, Mississippi, were taken to Clarendon and arraigned before Justice of the Peace W. W. Lovelady. The trio were still in Donley County Jail as of late this weekend.

Blackie transported two of the men from the arrest site to Clarendon. He said that it was not unusual for those dealing in drugs to carry weapons and huge sums of money. No firearms were found, and the three had only about \$1500 among them. They were quiet and cooperative, Blackie stated.

About 1:30 Saturday morning, Blackie was called to the Ronny Hill residence, where a car had left the street, run up into the yard, and hit a parked car. The driver, a Hispanic male, left the scene, but was later apprehended and charged with DWI. He remains in Donley County Jail at this writing.

Gladys Howell, her daughter June Tofte, and Joyce Boliver traveled to Lubbock Thursday for a visit with former Hedleyan Billie Hunsucker. Mrs. Howell and June went on to Levelland to visit relatives; Joyce remained in Lubbock with Billie. The three returned to Hedley on Saturday. June planned to fly back to her home near Portland, Oregon, on Tuesday of this week. Billie is doing well, Joyce reported.

Floy Barrow is visiting daughters this week in Irving, Jacksboro, Denton, and Childress.

Dr. Thor Ulstein from Bergen, Norway, attended both wor-

ship services at First Baptist Church this Sunday. Dr. Ulstein is a frequent houseguest of Interim Pastor and Mrs. Jimmy Howard. Dr. Ulstein gave several members a crash course in Norwegian following the morning service. He said that the Norse alphabet is more phonetic than the English alphabet, making Norwegian an easier language to learn, but he was impressed with the richness of English. Dr. Ulstein (the name sounds much like "Houston") will be visiting the Howards until early May.

Funeral services for Aubrey Robertson, 74, were held at 10:00 a.m., Monday, April 8, in First United Methodist Church of Lakeview. Mr. Robertson passed away Saturday, April 6. He was a lifelong resident of Hall County, and was a brother of Dot Messer of Hedley.

Doorposts

"Thunderstorm Watch Is in Effect for..."

by Jon Leggett

Boiling black-tinged-with-green clouds dominate the western horizon like a fluid mountain range. Brilliant yellow-white streaks leap incredible distances from thunderhead to earth. Rumbles lower than the lowest C on a pipe organ herald the approach of the living wall. The low rumbles are replaced by ever-sharper, frightening claps. A strong gust of wind puffs up a strange mix—an advance dust-choke, then the heaven-scent of water, water which can now be seen a curtain blotting out the lower part of the cloud-tower, washing out the fire of the setting sun.

Three long blasts on the siren down at the fire station announce that this is a big one. It's spring again, and a potentially dangerous thunderstorm is bearing down upon the community. It's time to think about taking cover.

We live on the southwestern fringe of the most tornado-susceptible area on earth. We often hear, at this time of year especially, about precautions that should be taken in preparation for a major thunderstorm. We know that the storms are going to roll. We should know that any thunderstorm, even a small one, is theoretically capable of producing a tornado.

We should also know that certain places—beneath trees, antennas—are to be avoided to minimize the danger of lightning strikes, and that certain places such as autos and trailer houses are decidedly unsafe should a tornado appear.

Still, year after year, storm casualty figures pile up, and year after year we are told that most of those casualties could have been avoided. Some, it seems, will invariably seek the shelter of a tree during an electrical storm. Some are determined to face a tornado with only their cars for protection. Some persist in trying to ride out the storm in flimsily-built structures. Storm forecasting gets better and better, yet much of it is simply ignored.

We should know better. Why do we do such things? Why don't we listen?

"It can't happen to me."

God never ceases warning His creation of that day when Jesus Christ will again literally and physically enter into the affairs of men. Those warnings are repeatedly made through the Word, through the preaching of thousands of ministers, and through the witness of millions of saints. And, like the repeated weather warnings, they are often ignored.

Again we ask, "Why?" "That religious stuff is not for me," one was heard to say recently. One wonders if "that weather stuff" is not for him, either. But, like it or not, stormy weather will come, and like it or not, God will have absolute sway over the affairs of men. Our indifference to it, our hostility to it, our utter disbelief, our belief that such things are many years away, our simple carelessness in such matters, our tendency to hide our heads in the sand hoping it will go away—none of these things will alter the workings of God's Will on this earth.

And just as, through experience and better technology, we become more adept at forecasting storms, we should learn from experience that end-time events could be very, very near. "When his (the fig tree's) branch is yet tender,

and putteth forth leaves, ye know that summer is nigh," Jesus said in Matthew 24:32. Many prophecies have been fulfilled in modern times. It's time to watch and listen!

There were well over three hundred prophecies in the Old Testament pertaining to the first appearance of Jesus. Every one was fulfilled to the smallest detail. The prophet Daniel, through the Spirit's leadership, predicted the very day of Christ's crucifixion. A God who knows the future like that, and shares that information with His creation, that it might weather the coming storm, is certainly worth listening to.

Are you frightened by the many storm watches we experience? Thunderstorms can be frightening—even deadly—but open eyes and ears can greatly lessen

their danger. Remember, too, that were it not for thunderstorms, West Texas would be virtually desert; they provide the bulk of the moisture in our area. The storms can bring a curse; they almost always provide a blessing.

Christ is coming back! The Word guarantees it. His return will bring unparalleled disaster to those who are not ready. He will bring unimagined blessing to those who watch. "...Lift up your heads; for your redemption draweth nigh" (Luke 21:28).

There will be an Armed Forces Day parade on Friday, May 17, at 3 p.m. to honor Donley County's Desert Storm soldiers. Please plan to participate by wearing red white and blue and don't forget your yellow ribbons.

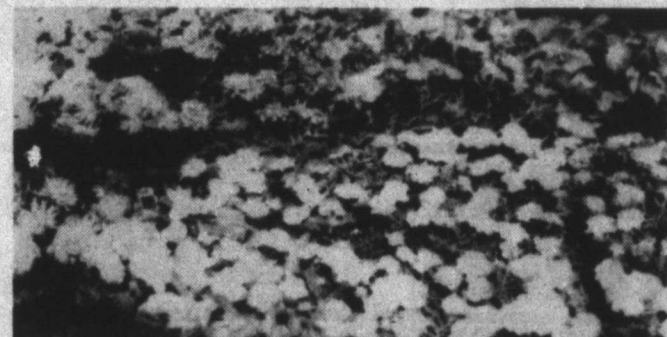

LICENSES—from p. 1

without a CDL. The drivers will be given credit for each full year of validity on their present Texas driver's license when obtaining a CDL. The cost of the CDL is \$40. There is no fee for making application of taking as many tests as are necessary to qualify for the CDL.

"Drivers operating vehicles exceeding 26,000 pounds or transporting hazardous materials must obtain the new CDL," Colonel Milner indicates. Also drivers who drive busses designed to carry 16 or more passengers (including the driver) must have a CDL. Drivers of school and church busses are included. There are some exemptions: farmers (within 150 miles of their farm), military personnel, recreational vehicle drivers, emergency vehicles operators, and fire fighters when operating fire-fighting vehicles or equipment.

"The DPS can test at the truck or bus company if the company has at least 15 drivers available for testing," Colonel Milner said. The DPS official believes that the DPS Driver License offices will have long lines of commercial drivers waiting to be tested as of April 1, 1992 unless drivers began applying in large numbers immediately.

Buyer Beware!

If an ad sounds too good too be true, it probably is!

No newspaper can investigate every classified ad that is submitted for publication. Editors therefore encourage readers to be suspicious of ads that sell "inside information", "secrets" or fantastic money-making opportunities. Advertisers from distant cities may be hard to find if the buyer is dissatisfied.
