Tulia Cops Nab Donley Pickup

[The following article was kindly sent to *The Clarendon News* by *The Tulia Herald*, where it ran July 15.]

The timing was all wrong last Wednesday morning for a suspected pickup thief. A clerk at [the Tulia] Allsup's ... notified the Tulia Police Department dispatcher of a suspicious subject and vehicle. The driver, a 22-year-old Anglo female, possibly was under the influence of alcohol or drugs.

While an officer was questioning the suspect in a parking lot, an alert came over the police department teletype from Donley County of a white 1992 Ford pickup which had just been reported stolen. The suspect in the theft matched the description of the woman being detained in Tulia.

The TPD dispatcher relayed this information to the officer, who placed the woman under arrest. She resisted and attempted to break free from the officer.

After being subdued, she was transported to the [Swisher] county jail, where a controlled substance was found in her purse.

The woman was charged with unauthorized use of a motor vehicle, resisting arrest and possession of a controlled substance.

Recovered with damage, the pickup was returned to its owner.

Lt. Abdon Rodriguez said the woman not legally intoxicated and the officer had no grounds to charge or detain her before receiving the teletype message.

FFA Attends State Meet

Several Clarendon FFA officers attended the 65th Texas FFA Convention. The convention was held in Corpus Christi, July 13 through 16.

The Convention theme was "FFA 2000: Navigating New Waters". Christel Green, Clint Green, Lisa Hill, Donny Howard, and Ty Lewis left Clarendon at 5:00 a.m. Monday, July 12. Chaperoning the FFA officers were agriculture advisers, Mr. Ronnie Edwards and Mr. Hoss Pickard.

Tuesday, FFA members registered. Voting delegates were Christel Green and Lisa Hill. Tuesday afternoon Christel Green and David Green received their Lone Star Farmer Degree. Since David was unable to attend, Lisa Hill accepted his degree. The Lone Star Farmer Degree is the highest degree that a member can receive from the State of Texas. After the session was adjourned, the group hit the beach.

Wednesday, a Corpus Christi Council Member welcomed the Texas FFA. The 1992-1993 Western Region Vice President, Denis Degner of the Hillboro FFA Chapter, greeted the Texas FFA. The national officer candidate election was held. John Foppe gave a keynote address. Foppe learned at an early age that our only real handicaps are those mental and emotional ones which prevent us from participating fully in life. The fourth of eight sons, John was born without arms. John is an enthusiastic young man with a message for all to hear. He began speaking when he was sixteen years old in response to an emerging need for young motivational speakers who could address youth groups. Since that time he has developed into a professional speaker addressing thousands of people from all walks of life. After the keynote address, the session was adjourned. The Clarendon chapter again hit the beach.

Thursday the FFA elected State Officers. They gave out scholarships and the meeting was adjourned. That afternoon the Clarendon FFA officers toured the USS Lexington and the Texas State Aquarium. Then they returned to the hotel to prepare for fun night.

Fun night begins with a talent team contest. The group voted after watching all ten areas. A run off was held between the top three teams and a tie-breaker was held between the two finalists. The 1993 Talent Team winner was from the Mary Carroll Chapter in Area X.

After the talent contest everyone went to the coliseum for the dance. The dance was very crowded and had very little ventilation. The atmosphere was hot. The Clarendon FFA officers returned to their hotel. They left Corpus Christi about 6:00 a.m. Friday morning and arrived safely in Clarendon around 7:00 p.m. they met many people and were able to talk to old acquaintances. The Clarendon FFA officers had a great time and are very excited about new techniques to motivate Clarendon FFA Members.

Blood Pressure to be Checked

Beginning August 4, Shepherd's Crook Nursing Agency will be offering free blood pressure checks at B&R Thriftway every Wednesday afternoon from 2:00 to 4:00, and free blood pressure checks will also be held the third Tuesday of each month from 2:00 to 4:00 at Clarendon College in the Bairfield Building.

Are You Up-to-Date?

When the 911 Emergency System first went into operation in Donley County, there was a big effort to get everyone to sign up so that emergency personnel could find anyone in the county in case of emergency.

Now those files are getting somewhat out-of-date. People move in, people move out or perhaps just move down the road. So anyone who has moved, changed phone numbers, developed a new medical condition or had any other changes, should fill in the form on page 5. Mail it in or drop it by the Sheriff's Department. It could save your life.

Of course, anyone who did not fill in a form before, should do so now. It may be easy to say, "Oh, everybody knows where I live!", but chances are, that is not true. It is not smart to bet one's life when the person responding to the call may just move to town himself. He may not know where the John Doe family lives, and may not know where the Bill Smith family lives either.

Fill in the form. If you live in town, make sure there are street numbers on your house that can be easily read from the street, even at night. And check to make sure your street has street signs.

Sure it's a bother. But it could be a matter of life or death.

PANHANDLE PETE MOVES IN WITH THE SELLS! Steve and Robin Sell were the lucky winners of Panhandle Pete on July 3rd. Clarendon Junior High Twirlers Chandra Ford, Jessica Rogers and Lela Deyhle delivered the new addition to the Sell family with many thanks. The Twirlers would also like to thank the many hopefuls that helped send them to camp by buying raffle tickets. Congratulations Steve and Robin and thanks to all.

Clarendon to Help Flood Victims

The Clarendon Ministerial Alliance is sponsoring a City-wide Garage Sale to benefit flood victims in southwestern Missouri. The Salvation Army will distribute the benefits.

The effort needs donations, including good used furniture, kitchen appliances, costume jewelry, good children's clothes, baby items and tools. Cash donations will also be accepted. All appliances must be in good working order.

The Garage Sale will be held a Thursday, August 19, from noon to 6:00 p.m. and on Saturday from 9:00 a.m. to 6:00 p.m. at the Clarendon Lions Hall.

Anyone who wishes to donate to the garage sale can take items by the Lions Hall on August 9 to August 13, or make arrangements to have the items picked up by calling Wilbert Bernabe, 874-2827, or Roberta Pitman, 874-2385 or Billie Shaffer at 874-3287.

Mrs. Shaffer said, "Please help these people by donating your garage sale items. All donations will be appreciated."

Young Burglar Apprehended

The Donley County Sheriff's Department solved two cases of shoplifting and a burglary Friday night when they took a juvenile into custody. The youth had stolen three watches from Henson's and a bracelet from Bivens Pharmacy. Late Friday, he broke into a residence and stole about \$90 in cash. He was arrested soon after, and most of the goods were recovered.

In other matters, Jerry Lucero was arrested for terroristic threats. He reportedly was fined, assessed courts costs (for a total of approximately \$1,300) and released with a sentence of 40 hours of community service.

One non-local man was arrested for DWI on Highway 70 North. Officer Burch of the Texas Department of Public Safety investigated three accidents, including a roll-over. Apparently the drive went to sleep while driving through the county.

THE SIDEWALK in front of the G.B. Burton Memorial Library was a busy place during the T-shirt painting session on July 20.

Burlin Receives Awards

While maintaining a 3.5 GPA, Wil Burlin of Clarendon received the following awards from the Journalism Department of Amarillo College for 1993 Spring Semester: Award for Journalistic Excellence for outstanding service on 1992-1993 Publication Staff, Award for Best Artwork for AC Current 1992-1993, Award for best Layout for AC Current 1992-1993, Award for Outstanding Second-Year Journalism student, Award to Editor AC Current for Outstanding Service 1992-1993.

Wil is the son of Bill Burlin of Portland, Maine and Judy Burlin of Clarendon and grandson of Roberta Pittman of Clarendon and Mr. and Mrs. C. William Burlin of North Chatham, Massachusetts.

Wil plans to attend the University of Texas at Austin in the fall and pursue his studies in Mass Communications and Architecture.

LGA Partnership Held

Clarendon Ladies Golf Association hosted their annual 2-Lady Partnership Saturday, July 24, 1993. 42 ladies from Canyon, Amarillo, Silverton, Stratford, Memphis, Perryton, Childress, Claude, McLean and Clarendon tee'd off at 9 a.m. Play was followed by a delicious chicken dinner and prize presentations with the following taking top honors: First Flight: 1st Donna Cain-Linda Collins 69, 2nd Linda Foxhall-Tina Garcia 70, 3rd Billie Don Watkins-Wanda Nazworth 71; Second Flight: 1st Ruby Holmes-Debbie Barron 73, 2nd Ouida Gage-Billie Chauveaux 75, 3rd Harlene Smith-Jeanette Dudley 76; Closest to the pin, Tina Garcia; Longest Putt, Maxine Hardin. Clarendon Ladies Golf Association Championship will be held September 25 and 26. To be eligible you must be a member of LGA and have played at least three rounds of 18 holes during this year with another LGA member.

Merchants to Meet

The Clarendon Merchants Association will meet Monday, August 2, 1993 at 7:00 p.m. Please note that the meeting place has been changed from JAMZ to the Burton Library.

Physicals Given

Physicals for all football players will be given August 3, from 7:30 a.m. to 9:00 a.m. at the Field House.

Birthday Celebrated

Mr. and Mrs. J.C. Vance of Melvern, Arkansas, Mr. and Mrs. Charles M. Vance and Mrs. H.H. Rodgers of Howardwick planned a surprise birthday party over the phone for H.H. Rodgers 86th Birthday. Others that attended was a grandson, Gary Lacy and his family, a granddaughter Edie Kirkland, and she brought her musical instruments and played some music. Neighbors also came, Mr. and Mrs. Gene Johnson and Gail Pierce. The folks from Arkansas come in on Wednesday afternoon and left Saturday morning. They all had a great time.

SOS Coming

A new program to help those who might otherwise "fall through the cracks" will meet in September. The new effort, called "Society of Social Services" is designed to help people who do not qualify for Medicaid or Social Security or Welfare. It provides a forum for agencies to cooperate to help those in need.

For further information, call Shepherd's Helping Hands at 874-3858. Details of the September meeting will be released later.

How Hot Was It?

The weather has been a topic of conversation all across the country this year, and Donley County has been "talking weather" for the last week or so.

So far as is generally known, no one tried to fry eggs on the sidewalk or similar feats, but from Friday through press time, the weather was hot! Highs were 98o Friday, 100o Saturday, 104o Sunday.

It looked like it might rain for a short time Sunday, but no precipitation developed.

Gene Alderson said, "I'm enjoying the nice warm weather," but some local citizens were not so positive.

Low temperatures sank all the way into the high sixties and low seventies late in the week.

McCoy to be Sworn In

David M. McCoy, formerly District Attorney for the 100th Judicial District, will be sworn in as the new District Judge. The ceremony will take place Sunday, August 1, at 2:30 p.m. at the District Courtroom in Childress. The 100th Judicial District includes Clarendon, Wellington, Memphis and Childress.

McCoy's appointment was popular with many people. Quite a number of citizens in the region had written letters, called or otherwise made their feelings known to the Governor's Office in Austin.

McCoy succeeds Judge John Forbis, who was widely respected through out Texas and beyond. Forbis recently announced that he would retire on July 31.

McCoy is expected to continue the tradition of this district in getting cases moved through the courts efficiently and as rapidly as is consistent with good procedure. Not all districts have such a reputation.

The ceremony is open to the public.

Pep Squad Needed

Any 6th, 7th, or 8th grade persons who would be interested in participating in the Junior High Pep Squad will need to meet Thursday, August 29th at 3:00 in Mrs. Perryman's room. They are excited about the upcoming year and would like anyone who wants to show their spirit and support for the Colts to join them.

Engagement Announced

Mr. and Mrs. Ronnie Beck of Spearman announce the engagement of their daughter, Melissa, to Ross Donahue. Donahue is the son of Mr. and Mrs. Ray Donahue of Spearman. The couple plans to be wed August 14, at the Church of Christ in Spearman.

The bride-elect graduated from Spearman High School in 1989. She graduated in 1991 from Frank Phillips College in Borger. She attends Panhandle State University in Goodwell, Oklahoma where she plans to graduate in December with a degree in accounting. Her grandparents are Marie Beck of Spearman and Rosa Mears of Clarendon.

The prospective groom graduated from Spearman High School and attended Angelo State University in San Angelo. He now

owns his own business in Spearman, Donahue Ditchin. The groom's grandmother is Katie Bruner of Bowie, Texas.

Howardwick Lions Club

by Jaunita Meador

Howardwick Lions Club held its regular meeting Saturday, July 24, 1993 at 6:00 p.m. after the opening ceremonies, twelve members and five guests enjoyed a delicious meal prepared by the members.

Lion Trudy Davis called the meeting to order. She thanked the Lions for the delicious food. She stated Boss Lion Cherry was attending a family reunion in Vernon this weekend. She welcomed the guests Jack and Jackie Stafford from Hedley; Woodrow and Eunice Floyd from Memphis and Bob Stafford from Hedley.

Lion Trudy Davis thanked

Lion Nell Derr for cleaning the kitchen and putting new shelf paper and everyone gave her a big hand.

Lion Nell Derr reported Lion John McCauley had surgery and

was doing as well as expected. After a brief business meeting, Lion Trudy Davis adjourned the meeting with this thought "you have reached Middle age, when all you exercise is caution".

Responsible behavior is the best way to stay safe and have fun on the nation's waterways this summer.

Set Course for Water Safety

(NAPS)—More than 70 million people will be enjoying themselves this year boating on ocean waves, sailing on inland lakes, fishing on

secluded rivers or just cruising through harbors.

In many respects, the rules of responsible boating are the same as for driving a car. Boat operators should stay alert, keep an eye on nearby boaters and swimmers, employ defensive driving techniques and assign a designated skipper.

Remember, the combination of wind, noise, glare and motion on a boat can cause fatigue, and alcohol may intensify the fatigue. Additionally, most people don't know that it takes one-third the amount of alcohol consumed on land to make a person intoxicated on a boat, notes Hunt Anderson, chief of boating education for the U.S. Coast Guard in Washington, D.C.

For the boat operator, there's added stress. The operator can be held legally responsible for the safety of his or her passengers and should insist on responsible behavior.

"People should know that whether they're on the road or on the water, a designated skipper—just like a designated driver—makes sense," says Yvonne Lumsden-Dill, director of industry affairs for Miller Brewing Company.

Her firm has become more involved in programs to promote responsible conduct in recreational boating and has been recognized by

WILLIAM AND FLORETTA NEAL of Amarillo and Bertha Knight of Groom drove to Clarendon July 16th to pick up Leslie and Dora Neal and went to Memphis for lunch to celebrate Leslie and Dora's 60th Wedding Anniversary.

the boating community and the National Marine Manufacturers Association for its efforts, she adds and offers this checklist of ways to stay watchful on the water:

1. Take a safe boating course. Look to the U.S. Coast Guard Auxiliary for a free course.
2. Be aware of boating laws.
3. Know how to swim. Courses are offered by the American Red Cross and the YMCA.
4. Always carry safety equipment. Make a safety checklist, including a personal flotation device for each passenger.
5. Stay alert in crowded waters. Slow down and be aware that you are responsible for the effects of your boat's wake. Know which craft has the right-of-way.
6. Employ defensive driving techniques. Respect other boaters.

7. Designate a skipper who will abstain from alcohol in order to safely drive the boat and its passengers to shore.

8. Make sure non-alcohol beverages are available. Moderation and good sense are the keys to a safe and enjoyable boating experience for all.

9. Use extreme caution near swimmers and water skiers. Waves can be deceiving and can hide people in the water.

10. Be aware that rapid changes in the weather may occur. Check weather forecasts before and during any excursion.

11. Report reckless behavior of other boaters to authorities.

12. Encourage others in your boating party to follow safety procedures. You'll all have a better time.

DONNIE AND BETTY PHILLIPS with their new grandson Brayden Wayne and new granddaughter Tennessee Renee

prizes. We are accumulating nice, useful things for our parties and etc.

Thanks to some of our fund raiser proceeds, we now have a new set of tires mounted on the Ford Van. Needless to say, we will feel much safer going on out of town trips now after our scary experience with the blow out on the way to Palo Duro Canyon.

Claude Thomas drove the Ford Van and took a group of folks to Mobettie, Texas, Saturday, July 24th to attend the Bluegrass Festival. They really had an enjoyable day of music and food along with visiting and renewing acquaintances.

The Senior Citizens Dance Club had an enjoyable outing on Saturday morning, July 24th, by rising very early to meet out at Bar-H Dude Ranch for a hearty, delicious cowboy breakfast. It was so interesting to watch Frank Hommel and family cook the complete meal over an open fire. I think I ate more than my share of the biscuits, too. Hats off to Frank for doing such a great job.

Charles Penix worked off that cowboy breakfast later that morning by weeding the new grass area east of the Center. Thanks Charles for taking the time to do that tedious task.

BACK TO SCHOOL

Reference Service Helps Teachers Look into Ponds

(NU) - Let's say you're a teacher and you want to get the school year off to a great start with an outdoor science unit. The Fish and Wildlife Reference Service would like to make a suggestion? How about that pond right down the street from your school?

But don't limit your discussion to the fish. After all, there may be hundreds of creatures living in that tiny body of water.

The Fish and Wildlife Reference Service can give you scientific data on each of them and help you interpret the information so it's understandable and interesting to children.

The reference service collects information produced by state and federal fish and wildlife agencies and makes the information available to the public.

But teachers get some special services. For instance, Fish and Wildlife Reference Service staffers can

lead in-service workshops, help teachers create manuals and lesson plans, and more.

The service also has a collection of educational materials, including brochures, lesson plans, posters and videos, prepared by state fish and wildlife agencies.

While the reference service cannot give you a copy, staffers can tell you how to contact the producing agencies. Or, you can study the materials in the FWRS reading room.

For more information on the FWRS's special services for teachers, call 1-800-582-3421. In the Washington, D.C., area, call 301-492-6403.

Protect Yourself Against Crime

(NU) - As crimes against motorists increase, traffic safety experts at AAA Auto Club South say your safety depends on you.

"The more vulnerable you are, the more likely you are to become a victim," says club Vice President Kevin Bakewell.

Here are some ways to reduce that vulnerability.

- Always keep your doors locked and your windows up.
- Hold your keys in your hand as you approach your parked car. You're most vulnerable as you're entering and leaving your car, so a quick entry or exit is important.
- Check the back seat before getting into the car, even if the doors were locked.
- If your car breaks down, lock yourself in and turn on the flashers until the police arrive.
- If you have a flat tire in a dark or dangerous place, do not stop. Drive slowly to the nearest

well-lighted, populated area.

- Always park in a central, well-lighted and populated place. Try to park so you'll approach the driver's side when you return.

- Avoid short cuts through unfamiliar or unsafe areas.

- If you notice a suspicious person near your car, walk in a different direction toward a public place and seek help.

- Beware of people in civilian clothing driving unmarked cars with flashing lights. Don't roll down your window or get out of the car. Ask for a uniformed officer or marked police car.

- If your car is rammed from behind and the hit seemed deliberate, don't stop, but motion the driver to follow you. Proceed slowly to the nearest gas station, restaurant or other populated area.

- Never follow a stranger who offers to help you find your way on an unfamiliar road or street.

Want a new house?

A coat of paint can do wonders even on an old house. It almost makes it look new again.

And why not try some bright new colors?

Your neighbors will appreciate it. And our town will reflect our pride in our community.

Obituaries

Harvey Wilson Jones
Funeral services for Harvey Wilson Jones, age 72, were held at 2:00 p.m. on Friday, July 23, 1993 in the First Baptist Church with Rev. Truman Ledbetter, Pastor, officiating. Interment was in Union Hill Cemetery in Lakeview with arrangements under the direction of Robertson Funeral Directors, Inc.

Mr. Jones died at 3:00 a.m. on Wednesday, July 21, 1993 in St. Anthony's Hospice in Amarillo following a lengthy illness. He was born April 15, 1921 in Kerrville, Texas and had lived in Wellington most of his life before moving to Clarendon in 1959. He married Norma O. Coleman on June 24, 1950 at Clovis, New Mexico. He was a retired maintenance technician for the Texas Department of Highways and was a US Army veteran of World War II. He was a member of Clarendon Veterans of Foreign Wars Post #7782 and a member of the First Baptist Church in Clarendon.

Survivors include his wife, Norma O. Jones of Clarendon; two

sons, Sam Jones of Clarendon, J. Lynn Jones of Harlingen; one brother, Howard Jones of Wellington; and one Niece, Judy Jones of Austin.

Casket bearers were Jim Tucker, Gene Alderson, Mutt Graham, John Judd, Sam Lowry, and B.J. Land.

Honorary bearers were employees of the Texas Department of Highways.

The family requests that memorials be to St. Anthony's Hospice: PO Box 950, Amarillo, Texas 79176-0950.

Survivors include his wife: two daughters, Kim Bowen of Dallas and Cari McCurry of Littlefield; his parents, Mr. and Mrs. Earl Tollett of Borger; three brothers, Allen Tollett of Houston, Jimmy Tollett of Cleburne and Jeff Tollett of San Antonio; and two grandsons.

The family request memorials be to the Hodges Cancer Center at Methodist Hospital in Lubbock.

The Lion's Tale

by Gene Alderson

The Clarendon Lions Club held its regular meeting at noon on Tuesday, July 13, 1993, at the Lions hall with 14 members and 4 guests in attendance. Following a delicious chicken-fried steak dinner, Vice-President Garland called the meeting to order and led the Pledge of Allegiance. Lion Bentley gave the prayer.

Program Chairman Smith introduced Jacque Morgan who is the County Supervisor for the Farm Home Administration. She gave the program on some of the different types of loans which the FHA can either provide directly or can guarantee to a financial institution.

Types of loans which may be considered include housing (new construction or existing housing) housing complexes for certain groups such as the elderly, and up to \$5,000 for housing repairs for the elderly. The agency also makes farming operation loans, loans for fire trucks and ambulances. Some loan rates may be as low as 1%.

At the conclusion of the program, the meeting was adjourned.

Thomas Earl Tollett
Thomas Earl Tollett, age 55, died Sunday, July 25, 1993 in Lubbock. Services were at 2:00 p.m. Tuesday in First Baptist Church with Dr. Steve Buckland, pastor, officiating. Burial will be in Littlefield Memorial Park by Hammans Funeral Home.
Mr. Tollett, born in Clarendon, graduated in 1962 with a bachelor of arts degree in chemical engineering from Texas Technological College. He graduated from Texas Tech University School of Law in 1971. He married Sarah Thompson in 1959 at Lubbock. He was an attorney and served as the Lamb County Democratic Party chairman for 14 years. He was past president of the Littlefield Noon Lions Club and Littlefield Chamber of Commerce and Agriculture. He was a member of the First Baptist Church in Littlefield.

BUG WATCH

Kodak has confirmed that Photo CD Access for Windows, the software required to view and manipulate photos, and Photo CD Access Developer Kit for Windows will not reconstruct some "Poster" resolution images (2048 by 3072 pixels). High-contrast images are most likely to be affected by this problem, which causes streaks to appear across the image at that resolution.

Kodak has posted a fix for the problem on the CompuServe Multimedia forum; a disk version of the fix is also available from Kodak free of charge.

BUSINESS MATTERS

Program brings Main Street back to life

I live in a small Texas town. Our town square has deteriorated over the past 10 years. Where can we get help in the restoration of our downtown area - both the buildings and the economy?

In most small Texas cities, the downtowns are in a serious state of decline. Better mobility, suburban housing, and the growth of local and regional shopping centers and malls have greatly reduced the traditional role of Main Street as the principal center of economic activity.

Over the past 12 years, a new philosophy for revitalizing central business districts has evolved. The concept is simple: rehabilitation of existing structures capitalizing on the unique character of the buildings, coupled with development of progressive marketing and management techniques. The preservation and rehabilitation of historic commercial buildings provides a downtown area image and encourages area merchants and building owners to reinvest in downtown.

The Texas Main Street Program of the Texas Historical Commission works to bring this proven approach of downtown revitalization to towns across the state. Each year the program accepts applications for official designation to the program from cities with populations under 50,000. Up to five cities are selected annually. The cities are required to fund a full-time program manager who is employed by the city and reports to the city manager. Cities under 5,000 population qualify for the program by employing a half-time Main Street manager. A similar program is also provided for historic commercial neighborhood areas and manageable downtowns of cities over 50,000 population. Up to three urban areas are designated each year.

The Texas Main Street Program works with each of these communities for three years, providing start-up assistance and developing more local initiative and expertise in the second and third year. Training and supervision of the local program manager is provided, as well as professional assistance and supervision in design, restoration, marketing, parking, and other areas where the community does not have local expertise.

The Main Street Program also recognizes "self-initiated Main Street cities." Self-initiated cities employ a full-time program manager trained by the Main Street Program. They receive limited assistance in the form of periodic Main Street staff visits, merchandising and display assistance, participation in Main Street training sessions, and help in finding professionals to provide required design, marketing, parking, and other assistance. In the first 12 years of the Texas Main Street Program, more than \$266 million was reinvested in the downtowns of the official and self-initiated cities, moving 1,819 new businesses to cities' downtowns, and creating 5,884 jobs. If you would like more information about the Main Street Program, contact the Texas Historical Commission at 512/463-6092.

UNDER THE DIRECTION of Mrs. Mary Beth Nelson, puppeteers Courtney Christel, of Lake Jackson, Texas, Courtney Newhouse, April Hommel, and Sara Newhouse, all of Clarendon presented a puppet show for the Summer Reading Club at the G.B. Burton Memorial Library on Tuesday, July 20.

Barbecue Bonanza: Great Taste, Easy Clean Up!

(NAPS)—It's barbecue time and suddenly friends and family members who usually avoid the kitchen are offering to grill dinner. As men have always known, grilling is the quick, easy and fun way to cook outdoors. But since preparation and cleanup aren't confined to the kitchen, it's easy to create a man-sized mess. PAM® Cooking Spray offers some tips that will cut the mess down to size:

- End the struggle of food and sauces sticking to the grill. Before lighting the coals or heating the grill, apply a coat of PAM to the unheated rack. This will make cleanup easier, eliminating the need to deal with crust-on barbecue sauce or runaway marinades.
 - Eliminate sticking by first spraying shish-ka-bob skewers with PAM.
 - Cooking in foil pouches? Spray first with PAM to keep food from sticking to foil.
- Try these great recipes developed by the PAM Test Kitchen. For additional tips and recipes, call 1-800-PAM-4-YOU or write to PAM Nutrition and Educational Services Department, 685 Third Avenue, New York, NY 10017.

TEXAS STYLE STEAK

- 1 pound boneless sirloin steak (1-inch thick)
- 1 1/2 teaspoons granulated sugar
- 1 1/2 teaspoons ground coriander
- 1 1/2 teaspoons salt
- 1 teaspoon white pepper
- 1 tablespoon garlic powder
- 1 tablespoon chili powder
- 1/4 teaspoon cayenne pepper
- PAM® No-Stick Cooking Spray

Trim excess fat from steak. Combine seasonings and lightly rub both sides of steak with spice mixture. Spray meat generously on both sides with PAM. Cover and refrigerate overnight. Spray unheated

grill rack with PAM. Place steak on grill when coals are ready; 5 minutes on each side for medium or until desired doneness. Makes 4 servings.

BARBECUE KABOBS

- 1/2 cup vegetable oil
- 1/4 cup soy sauce
- 1/4 cup sherry
- 1/4 cup firmly packed brown sugar
- 3 tablespoons Gulden's® Spicy Brown Mustard
- 1 clove garlic, pressed
- 2 pounds chicken, skinned, boned and cubed
- 1 pint cherry tomatoes
- 2 green peppers, cut up; parboiled
- 2 medium onions, cut up
- 8 ounces fresh mushrooms, cut in half
- PAM® No-Stick Cooking Spray

Combine oil, soy sauce, sherry, sugar, mustard and garlic; add chicken. Marinate meat 4 to 5 hours or overnight, turning or flipping once. Spray skewers with PAM; alternately thread pieces of meat, tomatoes, peppers, onion and mushrooms; brush with marinade. Spray unheated grill rack with PAM. Place kabobs on grill when coals are ready; about 10 to 15 minutes, turning occasionally. Makes 8 servings.

CAR CARE CORNER

Hot News About Changing Oil

(NAPS)—Even though the temperatures are high, there's no need to let your car get you hot under the collar. Here are some facts about motor oil that might make hot weather driving a more temperate experience.

Contrary to popular belief, changing oil is not weather related. It is always a lot hotter inside your engine than out. So the outside temperature neither increases nor decreases the need to change your oil. And with today's all-season, multigrade oils you don't have to change grades when the weather warms up.

But oil is your engine's vital coolant, so continue to change the oil according to the way you drive. For town traffic and on country roads, this means you should change your oil at least every 3,000 to 4,000 miles. Also, it's best to change your oil and filter before any long journey, particularly summer vacation trips when you don't want any problems.

Check oil and air filters when your car is exposed to dusty roads.

Dear Editor,

After two centuries, it is easy to forget the most revolutionary result of the American Revolution. Our nation was founded upon the notion that each citizen has an equal right and responsibility for determining how his country should be governed. Aristocracy, monarchy, oligarchy and in the modern age, socialism and communism all rest upon a different notion: that someone else knows better than mere citizens what is best for our country.

Today, however, most of us do feel as if we are being ruled by bureaucrats and career politicians. No mere citizen, these modern day mandarins suggest, could understand the complexities of their own government. Instead of ordinary citizens governing themselves with common sense, we have career officials and special lobbyists managing the system to benefit themselves. They pass laws that apply to us, but not to them. And they grant themselves privileges at our expense.

Long ago, Thomas Jefferson warned that "a legislature legislating for its own interests" is corrupt. Today, self-interested governing is the hallmark of American government. Ensuring one's own re-election dominates the political process.

The adoption of the sixteenth amendment in 1913 made possible dramatic changes in the federal government. It authorized to raise and spend previously unimaginable amounts of money. Since then, in domestic matters, budgetary politics have nearly replaced principled politics. Instead of debating matters of principle, Congress spends most of its time inventing new rationales for the spending of money.

Rather than setting government priorities and living within our nation's means, legislators dole out benefits to those interest groups willing to reciprocate by helping them stay in office. Instead of approving new spending only when it clearly serves a national interest, legislators scratch each other's backs in deals that are typically never disclosed to the public. Accommodating legislators trade their votes to one another and support each other's sacred cows. Legislators can easily rationalize: Spending that benefits me and my constituents must also be good for the American economy as a whole.

CAROL HINTON, center, gives help in T-shirt painting to members of the Summer Reading Club.

No wonder the federal budget has spiraled out of control, and that interest on national debt is by itself the largest individual item in the federal budget. So long as state and federal budgets serve as the main engine of the re-election express, there will be no budgetary restraint in state capitals or Washington. Restraint can only be imposed from outside.

Four basis reforms are needed to make government set spending priorities instead of just spending more and more. First, to control spending we need enforceable limits tied to economic growth. Second, we need similar limits on tax increases (such as, a supermajority vote requirement in legislative bodies or a vote of the people). Third, we must have a limit on federal and state legislative terms, including limits on the ability to use incumbency to leap frog up the ladder of public offices. Fourth, voters should insist that they be given the power of initiative and referendum in those states, like Texas, where they do not already have that power.

In some states, reform is happening. Using the initiative process, the voters can impose effective limits on terms, taxes, and expenditures at the state level. Just last year, Coloradans passed an initiative requiring a vote of the people before an level of government can increase taxes. In the last two years, the voters in more than a dozen states have even used their initiative power to impose term limits on members of Congress elected from their states. And at least 29 of the 34 necessary state legislatures have passed resolutions demanding a national constitutional convention solely for the purpose of passing an amendment to the U.S. Constitution forcing Congress and the president to balance the federal budget.

A crisis in participatory democracy lies in the root of Americans' alienation from their own governments. America took a wrong turn on history's highway when public service became a career for some rather than a

responsibility for us all. To wrest our government from entrenched career politicians, institutional reform has become a necessity.

Tex Lezar, a Dallas lawyer, is President of the Texas Public Policy Foundation.

Do Allergies Affect Your Eyes?

(NAPS)—Most of us would list the common symptoms of allergies as coughing, sneezing and a runny nose. Did you know that many common eye discomforts are also caused by allergies? Test your Eye-Q about allergies by answering the following questions.

1. Itching, excessive tearing, mucus buildup and redness, of the eyes can all be symptoms of allergies. T or F?
2. Allergies are a concern only in the spring and summer months. T or F?
3. Children with allergies eventually outgrow them. T or F?
4. Air-conditioning can relieve some allergy symptoms. T or F?

ANSWERS

1. True. Many people suffer from eye discomfort as a result of allergies to ragweed and pollen from other plants.
2. False. While irritation from ragweed and other common irritants such as pollen from plants, trees and grasses is present only

at certain times of the year, many people suffer from allergies to animal dander (from pets), dust, and smoke which can be present year round.

Eye drops can provide relief

from eye discomfort caused by allergies. Ross Laboratories recommends a unique formula: Clear eyes® ACR, which clears mucus buildup and provides relief from the itching and redness caused by minor eye irritations associated with allergies, while soothing and moisturizing your eyes.

3. True and False. While some children eventually outgrow allergies, others do not. And some people experience the onset of allergies after reaching adulthood, having had no symptoms as a child.

4. True. But it's the filtering provided by air-conditioning, and not the chilled air that provides the relief. Air-conditioning provides filtering of pollen from the air, reducing the pollen count and thus providing relief.

COIN FACTS & FIGURES

World War II 50th Anniversary Commemorative Coins Available

World War II 50th Anniversary Commemorative Half Dollar.

(NAPS)—Many coin collectors, veterans and their families are excited about the United States Mint's announcement that World War II 50th Anniversary Commemorative Coins are now available.

The coins, issued five decades after the historic conflict, remind us of the heroic sacrifices so many Americans made to ensure freedom for millions throughout the world.

Public Law 102-414, signed by the President on October 14, 1992, authorizes the Mint to produce Gold Five Dollar, Silver One Dollar and Clad Half Dollar Coins

symbolic of the United States' involvement in World War II. As specified by the law, the gold coin is emblematic of the Allied victory and the silver coin is emblematic of the battle of Normandy. The design of the clad coin pictured above, though not specified by law, is emblematic of all branches of the armed services who participated in the War.

The coins are available individually and in sets. The program also included two limited editions of 50,000 each—the Young Collector's Edition and the World War II 50th Anniversary Coin and Victory Medal Set. However, both of those sets have already sold out, indicative of how popular these coins will be with coin collectors and the general public.

The World War II 50th Anniversary Commemorative Coins may be ordered in any of 11 separate options. Prices begin at less than \$ 10.00.

For more information about the World War II 50th Anniversary Commemorative Coins, call 1-800-892-9944.

CAUTION: HAZARDOUS WAIST.

Excess fat increases your chances of high blood pressure and diabetes. Which increase your risk of heart disease. Good reasons to start a waist disposal program today.

You can help prevent heart disease and stroke. We can tell you how. Call 1-800-AHA-USA1.

Thank You

Thank You,

We would like to thank the Clarendon Fire Department for the prompt response and outstanding job in responding to the fire call at our house. Clarendon is very fortunate to have such a well trained, qualified and caring fire department.

Thank you,
 Jim Shelton family

Thank You,

Words can never express our gratitude for your prayers, calls, visits, food, flowers and cards during Trudy's hospitalization and surgery. May God richly bless each of you.

Freland and Trudy Davis
 Carrie Thomas

Thank You,

The Clarendon FFA Chapter would like to thank everyone for supporting their organization, through bake sale purchases, raffle ticket purchases, and donations, members of the FFA Officer team were able to attend the 65th Texas FFA Convention. Thank you. The Clarendon FFA appreciates your support.

Legal Notice
 THE STATE OF TEXAS
 County of Donley
 TO: ALEX BARRON, ADDRESS UNKNOWN, Respondent(s)

GREETINGS:
 YOU ARE HEREBY COMMANDED to appear before the Honorable District Court, 100th Judicial District, Donley County, Texas at the Courthouse thereof, in Clarendon, Texas, by filing a written answer, at or before 10 o'clock a.m. of the Monday next after the expiration of forty-two days from the date of service of this citation then and there to answer the Petition of ADELINA FLORES BARRON filed in said Court on the 14th day of July, 1993 against ALEX BARRON, Respondent(s) and said suit being numbered 5181 on the docket of said Court, and Entitled;

IN THE MATTER OF THE MARRIAGE OF ADELINA FLORES BARRON VS ALEX BARRON AND IN THE INTEREST OF NO CHILDREN the nature of which suit is a request to END THE MARRIAGE RELATIONSHIP

The Court has authority in this suit to enter any judgment or decree dissolving the marriage and providing for the division of property.

ISSUED AND GIVEN under my hand and seal of said Court at Clarendon, Texas, this 21st day of July 1993.

Faye Vargas, Clerk
 100th District Court
 Donley County, Texas
 P.O. Drawer U
 Clarendon, Texas

IMPORTANT NOTICE

YOU HAVE BEEN SUED. YOU MAY EMPLOY AN ATTORNEY. IF YOU OR YOUR ATTORNEY DO NOT FILE A WRITTEN ANSWER WITH THE CLERK WHO ISSUED THIS CITATION BY 10:00 A.M. ON THE MONDAY NEXT FOLLOWING THE EXPIRATION OF FORTY-TWO DAYS AFTER YOU WERE SERVED THIS CITATION AND PETITION, DEFAULT JUDGMENT MAY BE TAKEN AGAINST YOU.
