Hopes Grow For Lower City Gas Rate Following Mass Meeting

DONLEY FARMERS TO AID PROGRAM

COMMITTEE IS NAMED TO STUDY DONLEY NEEDS IN VARIETY SELECTION

"Cotton farmers of Texas now have their choice of continuing present methods of planting nearly every known variety of cotton with constantly reduced acreage through loss of markets, or of meeting foreign competition with quality cotton production on a one variety basis." E. A. Miller of College Station told a group of landowners, cotton growers and business men in a cotton improvement meeting at the Cozy Theatre Tuesday afternoon.

Miller is agronomist with the Texas A. & M. extension service, and was here with F. E. Litch, cotton gin specialist, at A. & M. to assist in the current drive to standardize production of better cotton in the Panhandle area.

"Foreign competition is staring us squarely in the face, and Texas farmers must produce better cotton if they wish to remain in the picture," Miller continued. "Low-grade cotton is a drag on the market and hurts the whole cotton industry. The only reason why some spinners still buy it is because they can get it at a big discount. That explains the low price you are getting this fall."

Mr. Miller said also that the rapid development of rayon products offers a serious threat to cotton, and that only long-staple cotton of good quality will be able to hold a place in the market.

Mr. Litch emphasized the importance of slow and careful ginning to prevent cutting of staple and urged that development of a single variety in a given section should be followed through uniform seed selection and uniform ginning.

Following the meeting, a committee of Donley county farmers was named to study the one-variety cotton program for this area, and will proceed in their work through close study of tests and experiments conducted by A. & M. experiment stations, on long staple, short season and drought resisting cotton for the Panhandle.

Committee members include: W. A. Poovey, Ashtola; Walter Morrow, Martin; H. C. Brumley, Clarendon; Wilson H. Gray, Goldston; J. A. Patterson, Whitefish; C. F. Weaver, Skillet; W. P. Howard, Lelia Lake; R. E. Mann, Hedley; A. E. Ransom, Giles; J. M. Potter, Midway; Jess Styles, Bray; C. L. Goins, McKnight; R. W. Moore, Chamberlain; O. L. Jacobs, Hudgins; and Harvey Shaw, Windy Valley.

H. M. Breedlove said that people are expected to realize the importance of one variety cotton through the fact that 90 per cent of Texas cotton is exported and that it is imperative that Texas cotton be stabilized for foreign sales. One variety cotton is more profitable for this area he added.

Legion Auxiliary To Sponsor Play

First rehearsals for the stupendous home talent production, "Coast to Coast," which is being sponsored by the American Legion Auxiliary and directed by Miss Kay Ashby, will be held tonight at 7:30 at the American Legion Hall.

The play, a hilariously funny three-act comedy will be presented Nov. 18 and 19 at the College auditorium.

There will be snappy dances, catchy tunes, beautiful voices and many attractive chorus girls.

Every effort is being made by Miss Ashby and the committee to secure the finest dramatic and musical talent in Clarendon for use in the play.

THREE UNINJURED IN WAGON MISHAP

COLORADO CAR CRASHES INTO COTTON WAGON MONDAY NIGHT

Two Colorado men escaped injury, Ralph Sutton received only minor bruises, Sutton's cotton wagon was completely demolished and a horse was so badly hurt it will probably die as a result of an accident Monday night just west of Clarendon on Highway 5.

A DeSoto coach in which A. W. Bayers, Jr., Denver, and Miles Dulaney, Alamosa, Colo., were riding crashed into the rear of the cotton wagon in which Sutton was bringing a load of cotton to a Clarendon gin.

When the crash occurred the wagon was thrown into the air, wrecking it; the car's front fenders were smashed, the bumper broken, the wagon coupling pole was driven through the car radiator, and the horse was dragged more than 100 feet, officers said. Sutton told officers he was driving on the right side of the highway.

Lions And Ladies Enjoy Fifteenth Anniversary Of Club "Charter Night"

The Clarendon Lions Club celebrated the fifteenth anniversary of its "Charter Night" last Thursday evening at the Home Economics Demonstration Dining Room at Clarendon College, and following its custom the wives, sisters and sweethearts of the membership were guests of honor.

Presided over by President H. T. Burton, the program was a composite of numbers brought by members of the Paducah Lions Club, headed by Deputy District Governor Byron A. Schatz, and numbers by the Lions Club local "Pepper-Uppers," directed by Lion Ray Robbins.

The dining hall and reception rooms had been tastefully decorated by the girls of the Home Economics department under the supervision of Miss Berry, instructor, and there was a fine spirit of informal comradeship from the first arrival until the last guest had departed.

A splendid menu with baked turkey and dressing as the main "piece de resistance" pleased the merry-makers and proved the ability of the young embryo housekeepers in the culinary arts.

Miss Annette Phillips brought the first number from the Paducah Club—a piano solo so artistically performed that the audience demanded and graciously received an encore, which proved the unusual ability of this talented young pianist, being recognized as one of the best in West Texas. Then came a number not on the program, but which proved most popular with the assembly.

Program Chairman Drennan introduced the two peerless fishermen, of West Texas—Ed Carlock of Paducah, who fills in by operating a newspaper and farm when he isn't in the mountains casting for trout; and Harley True Burton, school man, Lion president, but above all—fishing expert. The number was introduced as a "Catch as Catch Can, Fish-Lying contest"—and did those Lions strut their stuff. For fifteen minutes they both rang the bell with tall fish stories never before allowed public recital. Popular decision was lost in the cheering that followed the bout.

Next was an accordion number

SATURDAY BEST FALL TRADE DAY

FLOW OF COTTON MONEY INCREASES BUSINESS OF CLARENDON STORES

Fall business reached a new peak in Clarendon Saturday as cotton pickers, cotton producers and Halloween celebrators crowded the streets from early afternoon until late at night.

One dry goods store reported the best business since it was established here. Other stores reported the best day they have had in several years, while stores of Clarendon reported big increases in fall trade.

One grocery store sold completely out of several items, and one butcher said a 455 pound dressed beef in his show case was sold out before night.

Other merchants gave like reports. Fair weather throughout the past week permitted cotton pickers to get in full time and as a result Clarendon merchants felt the biggest flow of cotton money this fall. Pickers and producers alike were taking advantage of the full week's labors and buying food, clothing, farm implements, furniture and other household needs.

Farm Grants Signed For Donley County

Applications for grants in the Soil Conservation farm program were received in Clarendon this week and were signed up the first part of the week, and are being turned to College Station to the State Board of Review, where they will be checked and checks to pay producers will arrive in Clarendon very soon, according to H. M. Breedlove, county agent.

Committeemen were at designated places over the county to assist the farmers in signing their applications.

A barn on the Moody Kennedy farm near Lelia Lake was destroyed by fire of undetermined origin early Saturday night.

A large quantity of feed was in the barn, including 5,000 bales of hay, all of which was burned.

With the backing of such a large group of boosters the Bronchos will in all probability show their metal and give the long time Broncho rivals a terrible wallop as the season's final gesture.

"Clarendon has a fine school system, the students are delightful and show a good school spirit," W. L. Vaughn, head of the demonstration school department of West Texas State Teachers College, Canyon, said Wednesday, following a visit to the Clarendon schools in company with Miss Ruth Cross, head of the physical education department of the college.

The two college officials are making a tour of schools in Armstrong and Donley counties this week as a part of the get-acquainted program of the college and to check up on teaching activities of former students of W. T. S. T. C.

The Claude and Goodnight schools were visited Tuesday, and visits will be made at Hedley and Lelia Lake.

District Judge A. S. Moss will reopen court Monday morning for hearing criminal cases remaining on the docket, court attaches said Wednesday.

FFA CLUB TO HAVE BUSINESS DADIES

Members of the local FFA will have "business daddies" as a result of a decision of the Clarendon Lions Club to sponsor the boys' work as a project, according to J. R. Gillham, club instructor.

The purpose of the individual sponsorship is to better the relationship between the boys, their parents, and the business men and to lend encouragement and aid to worthy boys to assist them in carrying out worthwhile projects.

Various members of the Lions Club will sponsor one boy, and will visit with the boy a number of times throughout the year, will inspect his project, and encourage the boy in his various projects.

Each boy, will upon learning the identity of his "Daddy Lion," visit his sponsor and inform him as to the nature of his project and the work he expects to accomplish.

Young Mr. Knorpp had studied law in California and later at Jefferson Law School at Dallas, making good records at both schools.

Mr. Knorpp plans to make a connection with a firm of lawyers in some larger West Texas City, and will make detailed announcement of his plans later.

Green Belt Poultry Association To Meet

A meeting of the Green Belt Poultry Association will be held Saturday afternoon at 3:30 o'clock to set a date and to make plans for the annual Green Belt Poultry Show.

The meeting will be held at the Clarendon Hatchery.

Donley County poultry fanciers have made rapid strides the past few years in winning ribbons at poultry shows, having won top honors for three successive years at the Tri-State Fair, which attests the good quality poultry raised in Donley county.

All members of the association and others interested in poultry are invited by the officials to attend the meeting Saturday.

LAKEVIEW WINS OVER CLARENDON

VISITORS FEATURE LONG PASSES AND RUNS TO EASILY OUTPLAY BRONCS

The Lakeview Eagles flew into College Field Friday night, took the Clarendon Bronchos in their talons and ran up a score of 60 to 6 for the visitors in a game made spectacular with long runs and hard plunging.

It was an easy victory for the visitors who showed excellent form in both offensive and defensive plays. Long passes accounted for several of the Eagle tallies. Other markers were made with long end runs the Bronchos were unable to overcome.

The locals put up a strong fight, and rallied after Green intercepted a pass and galloped 45 yards to register the lone Broncho touchdown. Cooke, Longan and Palmer were injured in hard tussles with the Eagles and had to be carried to the side line. Their injuries were not serious.

GAS RATES MATTER AIRED AT MEETING

SATURDAY AFTERNOON MEET AT CITY HALL HERE LARGELY ATTENDED

Politics and business were pretty well mixed here Saturday afternoon at the City Hall, when near a hundred local home owners and gas users attended a mass meeting called by the City Commission to consider ways and means to secure a lower gas rate for Clarendon.

Col. E. O. Thompson, chairman of the Texas railroad commission, was present at the request of Mayor W. H. Patrick, who presided over the meeting, and made an address, in which he offered to send a corps of department engineers and appraisers free of cost to the city. An appraisal of the City Gas Co., property, "used and useful" in the distribution of gas here, will be furnished the city commission who will then set the rates to be charged, as now provided by law. There is a possibility that a rate set here by the city commission in 1933 will be put in force, if the appraisal justifies. Col. Thompson pointed out that after all overhead and operating costs had been counted in, any gas company in Texas was to be allowed a 7 or 8 percent net return on the appraised investment.

Under this plan of procedure, Clarendon gas users may get a lower rate than that contracted for by the gas company at the end of the ten year period. The commission had made it plain that the State was interested in seeing that both the people and the gas company got fair treatment in the matter of rates and returns.

With Colonel Thompson were Olin Culberson, director of the utility division for the railroad commission and O. S. Owsley, one of the commission's chief auditors.

The Amarillo member of the railroad commission, who earlier last week was honored by his home town at a banquet, said the Clarendon mass meeting was quite interesting.

"The railroad commission was asked by Clarendon, through city officials—W. H. Patrick, mayor—what to do about their gas rate," explained Colonel Thompson. "The city entered into a contract with the Upham Gas Company in 1927 for fuel at the 70 cents a thousand for the first 10 years and then the rate was to be 60 cents less 10 per cent for prompt payment. The 10-year period elapsed last May, but the rate has not been lowered, although some of the consumers have quit paying the full amount."

Several speakers at the meeting mentioned the well-known candidacy of Col. Thompson for the governorship in next year's primaries, and he had the satisfaction of hearing expressions of appreciation for his past services and frank pledges of support in the 1938 gubernatorial race.

The meeting served to clarify the questions involved in the dispute here over a lower gas rate, and most went away feeling assured that some relief would be had at a near date.

GROWTH OF THE CHURCHES

Submitted as a "direct contradiction of pessimists who claim that the churches have lost ground," the annual statistical report just made public by The Christian Herald reveals that religious groups are growing at a rate almost twice as fast as the nation's population.

The total membership of religious bodies in the United States reached 63,493,06 last year, a gain of 837,404 over 1935, the report shows. The increase is 1.33 per cent, while the net gain in total population was only .71 per cent.

For many years church membership has been increasing faster than the general population. For the 10-year period 1926-36, the average annual percentage gain in church membership was 1.65, as against a population rise of .98 a year. These figures bear eloquent witness to the continuing vigor of our churches.—The Houston Chronicle.

FOR LASTING PEACE

Thoughtful people of this nation gravely cheer the announcement of President Roosevelt that this nation stands for lasting peace. The President points to the Chinese-Japanese situation, and to the Spanish condition where Italy and Germany are openly sponsoring a war against the loyalists of that unfortunate nation. Americans do not wish to be embroiled in another world war. The citizens of this nation would greatly regret to see the time come when boys and men would be forced to go abroad to fight a foreign foe. Chances are that should such a thing happen again that this nation would be left to pay the bill, as in the case of the world war. War is the most terrible thing in the world; the most wasteful; the most foolish; yet nations are sometimes forced into war against their own will. If America is forced into another world war, it will most certainly be against the will of most of the people of this nation.—Canyon News.

ONE FOR RIPLEY

A curious and perhaps unprecedented situation has arisen in San Francisco where two great publicly owned bridges spanning the Bay have recently been built. Before the day of the bridges, San Francisco commuters were served for two generations by a picturesque ferry system which carried passengers and automobiles from the city to all other Bay points. The ferry system, privately owned and publicly regulated, represents private investment, and must pay its own way in addition to heavy taxes. The new competition of the tax-free bridges caused the ferries to lose the great bulk of their passengers. Finally they sought and obtained permission to reduce their fares from 50c to 30c a trip.

Now the publicly owned and tax-exempt bridges complain that the low ferry rates are cutting into the bridge business and they are asking that the ferries be forced by law to raise their charges.

To quote the San Francisco Chronicle: "We are familiar with instances in which public ownership, by using the public credit, escaping taxation and falling back on taxpayers to pay deficits, has driven private ownership to the wall. In this instance it is argued that private ownership can be compelled to charge rates high enough to drive away business, go into bankruptcy and leave a monopoly to its public ownership competitor."

Here is an entirely new theory of rate making which asks, in effect, that publicly owned businesses, backed by the

situation can be amended only by the people.

Power for Mischief

Have we any protection against the danger of an all-powerful central government?

In his inaugural address in 1861, Lincoln said: "By the frame of the government under which we live our Constitution, this same people have wisely given their public servants but little power for mischief; and have, with equal wisdom, provided for the return of that little to their own hands at very short intervals."

Our Constitution divides our government into three independent branches, limits the power of each branch and provides that this power be "returned to the hands of the people" by periodic elections of Congressmen, Senators and the Executive. These stipulations cannot be altered by Congress or the Executive or the Courts, as our Con-

money of all the taxpayers, be allowed to destroy a private company to escape competition. It demands that where a private business takes patronage from publicly owned businesses, the former should be forced to increase its charges to the point where it loses all its trade. One main argument for the establishment of the publicly owned bridges was to reduce ferry fares for the public—they have succeeded and the public is profiting—what are they kicking about? This is one for Ripley of "Believe It Or Not" fame.

"IF I HAVE FOUR NICKELS"

Finding that some of the boys at Proctor Academy were playing the slot machines, the headmaster, Dr. J. Halsey Gulick, went to police headquarters, secured a confiscated machine and set it up in the mathematics room. He then had the mathematics instructor work up a problem involving the law of arithmetical probability to be solved by playing the machine with "phony" money.

The boys learned that a player hits the jack pot once in 4000 times — at a nickel a throw, that meant it would cost about \$200 to win \$5. They learned also that the next highest payoff was once in 2000 plays—it cost \$100 to win \$1.

The boys soon gave up gambling.—The Rotarian.

A POST OFFICE

Scarcely a week goes by but what one reads of some small city in Texas getting ready to build a post office. Electra is one of the small cities near Wichita Falls, but bids are being prepared for a \$75,000 post office.

Memphis completed a good post office a year or two ago. Canyon has just completed one. Borger and Pampa, although much larger places have their new post offices. Panhandle should not stand by and make no effort to get a post office. It should be a splendid civic improvement to have a \$30,000 to \$50,000 post office in Panhandle. It is time for Panhandle to start the ball rolling. Find out from Congressman Marvin Jones what Panhandle must do to have a post office.

Cities that are no more important to Uncle Sam than Panhandle are being recognized with good post offices.—Panhandle Herald.

Mineral Survey Completed In 48 Texas Counties

AUSTIN, Texas—Mineral surveys have been completed in 48 of the 254 counties of Texas, according to Dr. E. H. Sellards, director of the Bureau of Economic Geology at The University of Texas. This project is being carried on by the Works Progress Administration under the sponsorship of the University Bureau. Labor is employed by the WPA, and, as the scientific aspect of the project, a trained geologist is placed in charge of each region. Principal developments have been the locating of clay and road material deposits.

"Perhaps the most important outcome of the surveys thus far, geologically speaking, has been the discovery of fossil plants from the Dakota formation in Dallam County, the most northeasterly county in the Panhandle," Dr. Sellards said. "This is the first outcropping of this formation ever found in Texas, and proves that it extends much further south than heretofore supposed. A formation fitting at the base of the upper Cretaceous period, the Dakota is prevalent in the Rocky Mountain region. Texas geology presents quite a complete Cretaceous period, but this is the first indication that the Dakota formation reaches into this State."

LIBRARY NOTES

(By Mrs. C. A. Burton)

A few books on our shelves: "Green Light" by Lloyd C. Douglas; "The 1937 World Almanac"; "Seven League Boots" by Richard Haliburton, and two little books, "The Constitution of the United States," and "Presidents of the United States," "Harsh Voices" by Rebecca West, has been ordered.

"Reading the Magic Highway to Adventure" is the theme of Children's Book Week, which will be Nov. 14th, to 20th. Wonderful offerings of books are being presented by the publishers.

The daily press brought the statement this week that Rev. Charles William Gordon, better known to millions of readers as Ralph Connor, author of "The Sky Pilot" and many other books had died at his home at Winnipeg, Canada, at the age of 77. Dr. Gordon was a Presbyterian minister, and during the World War served as chaplain to the Cameron Highlanders in France. As the result of his experiences there he wrote his great war story, "The Sky Pilot in No-Man's Land." Because of his outstanding service the British Government sent him on a speaking tour of the U. S. in 1917. His first book, which won the hearts of his readers everywhere, was "Black Rock." This was followed by "The Sky Pilot" which has sold more than 1,000,000 copies. He wrote "The Man from Gulgarry," "Gulgarry School Days" and many other stories, most of which are on our shelves.

The Cokesbury Book Store of Dallas will again hold a Book Parade, the last week in this month. They state that their purpose is to bring together for three days the book buyers, book lovers and book writers of the region. Many writers of national reputation have been invited to be present and a number of New York publishers will attend to discuss their publications. Texas and Southwestern authors are being invited to speak on their books. The public is invited to meet them and attend the program. Such gatherings should prove very significant to Texas and the entire Southwest in a literary and educational way. It indicates the growing interest of this section in its own literature as well as general interest in things literary.

In line with the above is the statement of the recent sale by P. L. Turner, a Dallas publisher, to Harper and Brothers of New York, of the copyrights to "White Fire," "Flame in the Wind," "Silver in the Sun," "Songs for Courage" and "Miss Humpety Comes to Tea," volumes of poems by Grace Noll Crowell of Dallas. These will be published in New York along with "Light of the Years" and "This Golden Summit," the two volumes of Mrs. Crowell's poems which are already under the Harper imprint. The representative of Harper's stated that the large sales of those two volumes had made them sense the popular appeal of her poems. Probably not many of us have realized that a Texas poet had given the

reading public that many books of poetry. The twentieth anniversary of the Soviet Union will be celebrated by the releasing in the United States in November of three books of Soviet plays. They are "The Last Plays of Maxim Gorky," "Life Is Calling" and "Four Soviet Plays." "Madame Curie," a biography of the discoverer of radium, by her daughter, Eve Curie, is to be published in this country the last of this month. Vincent Sheehan was the translator. Walter Prescott Webb's new book, "Divided We Stand," will be published within the next week. Mr. Webb teaches American History at the University of Texas. He is the author of "The Texas Rangers" and "The Great Plains," both of which were most appreciatively received. Another Texas writer has given us another Texas book, "Gone to Texas" by Major John W. Thomason, Jr. It is a story of the Lone Star State during the period immediately following the Civil War—during the time of Federal Military occupation. The author-artist has enlivened the story with picturesque sketches of his characters. The grandson of Bret Harte and his wife, Kit and Geoffrey Bret Harte have lately published "Island in the Sun," the story of their year's honeymoon on the Italian island of Itschia.

GOLDSTON NEWS

(By Mrs. G. R. Grant)

Everyone is enjoying the nice weather we have been having for sometime. Cotton pickers are working hard and getting out lots of cotton.

The Hallwoc'en party Saturday night was well attended. Mrs. Brock's Sunday school class entertained the other classes. There was a lot of ugly faces. They served so many nice things we could scarcely get around all of them. A number of nice games were played and all enjoyed a very nice evening.

Victor Smith Loses A Tooth In Play Sunday

Victor Smith, 12, son of Mr. and Mrs. Rayburn Smith, had the misfortune Sunday to run unexpectedly into a clothes line while at play with other boys, suffering the loss of an upper tooth, cuts in the mouth and a scalp wound, which required a couple of stitches.

The young man is recovering rapidly from the painful experience and will play just as hard hereafter, even if a bit wary of a clothes line.

The twentieth anniversary of the Soviet Union will be celebrated by the releasing in the United States in November of three books of Soviet plays. They are "The Last Plays of Maxim Gorky," "Life Is Calling" and "Four Soviet Plays."

AT THE FIRST BAPTIST CHURCH

There Is Always Worship Fellowship—Service

One of the great arts of worthy living is to see things in their relative importance. Many people fail in what is worthiest in life because they never seem able to grasp the difference between things that are really great and really little. It is a great thing to know a trifle when one meets it. When the decisive moment comes it is equally great to seize it and use it with every power of manhood. The difference between success and failure is the ability to recognize things in their relative magnitude and act accordingly.

Church going will help the habit of serious thought and increase one's perception as to what is right and wrong and help to rightly relate things in true proportion. Sunday was made for the great things of life and the glory of God. Use it rightly for religious purposes and note the feeling of satisfaction that will fortify your faith in God and man.

Regular Sunday school and Training services at the Baptist Church Sunday at 9:45 and 6:15 as usual. No preaching service morning nor evening, the pastor being at the Texas Baptist convention in El Paso.

—J. Perry King, pastor.

Clarendon Methodists In Strong Pull To Bring Reports Out In Full For Annual Conference At Quannah

Led by the pastor, Rev. E. D. Landreth, and Chairman of the Board of Stewards, J. R. Porter, Clarendon Methodists are engaged in a mighty effort to bring all reports up in full by Sunday, Nov. 7th, in anticipation of the Annual Conference at Quannah on Nov. 17th.

At a meeting of the board, Monday evening following a dinner tendered them by Judge and Mrs. Porter at the Porter home, it was found that the budget lacked \$775 in order to cover all obligations, while something over \$200 is lacking to meet the conference benevolences. Stewards are this week working in teams of two in an effort to secure the needed funds, and all church members are urged to make payment on their obligations by Sunday morning, when a further report will be made.

Quannah becomes mecca for approximately 250 Methodist ministers and 100 laymen, Nov. 17 when the 28th annual session of the Northwest Texas Conference convenes for a five-day meet. Bishop Hiram A. Boaz will preside for his eighth consecutive time.

Outstanding features of the session will be the assignment of ministers for the ensuing 12 months, the selection of three new presiding elders to succeed incumbents who have served their quadrenniums. Incumbents who retire from the eldership are: Rev. C. A. Long, Abilene district; W. M. Pearce, Lubbock district; W. C. Hinds, Perryton district.

Bishop Hiram A. Boaz, who will preside at the Quannah session has served it as president eight years, but will be replaced after this session. The bishop with his nine presiding elders comprises the cabinet which makes the appointment of ministers for the new year. Since its first session in 1910 at Clarendon, the Northwest Texas has met four times each at Clarendon and Abilene, three times at Plainview, twice at Vernon, Sweetwater, Lubbock, Amarillo, and once each at Big Spring, Childress, Stamford, Memphis, Quannah, Canyon, Pampa and Houston.

Memphis is the only place so far which has extensively requested the 1938 session, though Lubbock will probably be a contender.

Three jars, one for each candidate, are placed on a table in the office. Lively competition among class boosters has been exhibited throughout the week.

Museum Notes

The Donley County Museum, located in the old dormitory building, had twenty-five visitors last week and seventeen this week. Most of these were high school and college students. 1809 persons have registered in the museum since its opening.

A collection of guns including a hunting horn, a pistol used in 1890, a powder pouch and a powder flask used in the 1870's and the lower jaw bone of an alligator and several marine fossils were given to the museum this week.

Mr. W. B. Haile has loaned the museum an unusual bed. It is a three-quarter size bed with a trundle bed attached to it. This bed will be used in the pioneer bedroom which the museum is attempting to furnish. Anyone who has an old dresser which was used about fifty or sixty years ago is asked to loan it to the museum for use in this room.

The museum also needs some showcases for its collection of articles. At present there are six of these cases, all of which are full, and as new articles are constantly being added, it is necessary to obtain more cases to house them.

SIDELIGHTS AND HIGHLIGHTS

Who's here, Who's here, Why its Mr. X back again and under a new name, with gossip and tattles from all over the campus.

First some commandments that thou should obey.

1. Thou shalt not chew gum except in the typing room.

2. Thou shalt leave a room with the floor clean of candy wrappers and peanut shells.

3. Thou shalt laugh at all teachers jokes.

4. Thou shalt not spark on the school ground.

Strolling around the campus I saw some occurrences that are now happening every day, namely: Howard Strawn putting on his best act of bumming a cigarette.

That Russell kid acting silly as usual.

C. Lane telling others how certain things should be done.

And a namely bunch of young girls riding around in an old Model A roadster.

If you ever get a little slip of paper from Mr. Larimer and don't know what its for, ask Gail Adams, he knows.

BR

IF YOU KNEW . . .

That Oscar Buttler seems to know how to get typing paper when his supply gets low—that Dempsey Robinson claims that he is not in love—that Gail Adams is not so fast, but he gets more typing done than any one in the class—that Elgin (Red) Risley likes walking sundaes—that several high school and college boys are jealous of a certain clerk in Lowe's Grocery—that the Seniors, who wicked about the dollar deposit for the class rings, will kick when they have to dig up about \$8 more—that Carl Morris forgot to fall down as he entered Miss Cope's third period study hall, Friday—that the reason for Mary Charlotte Word's queer behaviour lately is that some one has her heart (you guess who)—that Bill Cook would like to know how to get along with his folks—that Vivian (Evidently) Veazey's favorite pastime is filling her car with singing girls and driving down main street—that Joe Williams' sheep caused his absence from school two days last week—that yellow chrysanthemums were the vogue, Friday—that Truett Holzclaw has been robbing the cradle (says June)—that Ethelyn's and Rayburn's talking in history class has spread to the typing class—that Yvonne Smith almost broke the door of Earl Porter's car when she caught her fingers in it Saturday night—that Mrs. Mac fixes flats—WOULD YOU BE SURPRISED?

WHO'S WHO

RUTH CORNELL

Personal characteristics: petite pretty, vivacious, brown-haired, blue-eyed, that is, a model coed. Her philosophy of life is embodied in the words found in Act II, scene 2, lines 322-326 of "Hamlet," and she remembers her philosophy everytime she sees Gerald Nobles.

Her most engaging feature is an infectious little laugh she carries about with her to reveal her dimples. It seems an index to charming manners and a kind heart. No wonder girl-friends and boy-friends alike vote her cute. Her hobby is taking a back seat in English—or maybe she likes the neighborhood in that locality. Her favorite color is red cooled with gray; her favorite expression is: "Most people in my place would be conceited, but I'm not" (and she isn't).

Her aim in life is to be able to sing with Deana Durbin on Broadway—Her greatest sorrow up to now is getting set in a game of Forty-two.

CHURCH OF CHRIST H. V. Crumley, Minister

The sermon lesson for the morning service Sunday will be, "The cost of Discipleship." It costs one something to be a disciple of Jesus. It costs us, self-denial, love of the world, cross-bearing, and suffering. The question is, Are we willing to pay the cost? Are we willing to give it all up to follow Jesus? Jesus paid the cost to make us His Disciples, are we willing to do our part?

The evening service will begin at 7 p. m. A warm welcome awaits you always in all ways.

NOBODY'S BUSINESS BY JULIAN CAPERS JR.

AUSTIN—"Who killed the Cock Robin tax bill?" was the favorite topic of conversation in Austin this week, in the wake of the special session, which ended with out any action toward raising revenue.

The record is fairly clear. The House and Senate conferees wrote an omnibus bill, increasing tax rates on natural resources, corporation franchises, public utility gross receipts, cement manufacture, and stock and commodity exchanges, which would have yielded between \$3,000,000 and \$4,000,000 of new revenue. It allocated funds as follows:

For old-age assistance \$300,000 from additional revenue provided the general fund, plus \$1,600,000 to pay off the loan of the pension fund from a Dallas bank.

For teachers retirement fund, \$750,000.

Aid to needy blind, \$300,000.

Aid to dependent children \$750,000.

The bill would have re-allocated school funds—after this year—back to the one fourth provided by the constitution, leaving undisturbed the larger school revenues for this fiscal year, to insure payment of the \$22 per capita apportionment.

It eliminated entirely the \$5,000,000 reduction in appropriations which the Senate had passed, and it also eliminated the provision in the House bill demanding that the ability of children to support their parents should not be taken into consideration in determining the eligibility of the old folks for pensions. That provision proved the stumbling block that killed the bill, when the House, on motion of Bryan Bradbury of Abilene, voted to instruct its conference committee to stand pat and demand its inclusion.

RELIBERALIZATION REJECTED

This would have thrown the old age pension rolls wide open again, and the Senate conferees declined to accept it. Efforts to get the House to withdraw from its position failed utterly, when the "pensions for everybody" bloc joined by the "no taxes" group, resulted in a clear majority and voted to stand pat.

A record vote was had on motion of Bond, of Fairfield, to instruct the House conferees to sign the conference report. It was defeated, 56 to 75. "No" votes were: Adkins, Alexander, Amos, Bell, Boethel, Boyer, Bradbury Burton, Callan, Carsow, Cathey, Celaya, Colquitt, J. C. Davis, M. M. Davis, Davison, Dean, Derden, Dickison, Dollins, Donahey, England, Felty, Fielden, Fox, Fuchs, Gibson, Hankamer, Hanna, Hardin, C. L. Harris, Fred Harris, Hartzog, Hefflin, Huddleston, Jackson, B. T. Johnson, S. A. Jones, W. E. Jones, Kieth, Kenyon, King, Knetsch, Lanning, Leyendecker,

Lucas, Mann, McConnell, McFarland, McKee, McKinney, Monkhouse, Morse, Nicholson, Oliver, Tolbert Patterson, Petsch, Pope, Ragsdale, Reader, Jasper Reed, Rhodes, Rutta, Scheuermann, Sewell, Skaggs, Stinson, Tennant, Thornton, Vale, Waggoner Weldon, Westbrook, Winfree. Absent were Anderson, Cagle, Farmer, Herzik, Keefe, Little, Loggins, London, McDonald, Metcalfe, Newton, Palmer, Shell, H. Smith, Morris, Stevenson and Tennyson. All others voted "aye."

Some reduction in pension payments during the next few months may result, although little credence is placed in the statements made while the session was on that pensions might be suspended. These are regarded as being made largely for political effect, and few believe the politicians will go far as to cut off the only means of existence of 113,000 old people, even to carry a political point. The bank holding the State's notes for the \$1,600,000 borrowed earlier, has indicated its willingness to work with the Board of Control in handling the debt on some extension basis. Meanwhile, members of House and Senate and the Governor were continuing their exchange of publicity shrapnel, seeking to lay the blame for failure of the session on each other. Sen. Will D. Pace of Tyler pointed out clearly how the professed friends of needy aged are using them as a political football, when he said:

"The Senate backed down from its economy amendment that would have saved the taxpayers \$5,000,000 and provided more than \$2,000,000 for old age pensions and we had a right to think the House would take the rest of the bill. *** Those who are entitled to pensions would receive much larger amounts if it were not for the avarice of those not entitled to them, who want the law thrown open so they can get money that rightfully belongs to the needy. If the pension rolls were cleared of imposters, the aged who are entitled to help would get more of it and it is to their interest to be against a reliberalization of the law."

WAIT FOR VERDICT

Meanwhile, two groups were anxiously awaiting news of the attitude of the folks back home. They were the special interest lobby and the politicians. The lobby was divided in its opinion. The conference bill carried moderate tax increases, and some of the lobbyists feel it would have been better to take reasonable tax increases. Now they feel pretty certain the fight must be waged all over again in February or March, at another session. This could have been avoided, some feel, for at least another 14 months until the next regular session, if the conference bill had passed. Others, cheered by their success in cutting down the Governor's \$15,000,000 tax plan to \$4,000,000, believe they have less to fear in future sessions.

Whether Allred will seek a third term was the subject of many rumors. Some had it the Governor might try it, on a unicameral legislature issue. There was even a rumor that Sen. Tom Holbrook, the Galveston conservative, who led the economy fight, might be a candidate. But the political results of the session will only be apparent when the sentiment of the folks back home is thoroughly sounded out.

Distribution Of Census Cards To Be Made Nov. 16

PROMPT RETURN OF CARDS TO ASSURE SUCCESS OF CENSUS IN THIS AREA

Report cards to be used in a national census of unemployment have been received at the Clarendon post office, Forest Taylor, postmaster, said early this week.

The 2,200 census report cards received in Clarendon will be placed in all mail boxes and one delivered to every home located within one mile of the post office, Nov. 16, with instructions for them to be completed and deposited at the post office by midnight Saturday, November 20. From Clarendon they will be sent to Washington for final tabulation of the census.

The importance of the census is given to the nation in a message from the President of the United States, and which is printed on one side of the questionnaire cards.

The message from the President, addressed to ever worker, is as follows:

"If you are unemployed or partly unemployed and are able to work and are seeking work, please fill out this report card right away and mail it before midnight, Saturday, Nov. 20, 1937. No postage is needed.

The Congress directed me to take this census. It is important to the unemployed and to everyone in this land that the census be complete, honest, and accurate. If you give me the facts I shall try to use them for the benefit of all who need and want work and do not now have it."

"MEMPHIS WEEK" ON GRIDIRON HERE

WHIRLWINDS TAKE COLTS IN TWO GAMES; CYCLONES PLAY FRIDAY.

This week is "Memphis Week" in Clarendon football circles. Two junior teams from the neighboring city played Clarendon junior teams Tuesday afternoon, providing a thrill to spectators that is seldom seen for low weight divisions. Senior teams will play Friday.

The first game, played by boys of less than 100 pounds was exciting and rough and wound up with the Memphis Whirlwind squad taking the 7-0 score.

The second game, played by boys who weighed over 100 pounds also went to the visitors by a score of 18-0.

The Colts showed fine spirit during both games that were full of fumbles and wild passes, but were undaunted by defeat.

The Memphis senior team, the Cyclones, will meet the Bronchos here Friday night for a battle that football observers say might lift the locals from the cellar position. The game will be played on College Field under the lights at 7:30 o'clock.

RED CROSS DRIVE OPENS HERE NOV. 10

BOOTHS TO BE SET UP IN CITY; CAMPAIGN TO CLOSE THANKSGIVING

The annual Red Cross drive for membership in Donley county will open Nov. 10. Mrs. Allen Jefferies announced today, with committees to work in every community of the county. Booths will be set up here and assistants will

work at Lelia Lake, Hedley, Jericho, Ashtola and McKnight. The campaign will close Thanksgiving Day, and officials of the county committee expect to make 1937 a banner year for increased membership.

The local chapter operates solely from funds derived from this drive, Mrs. Jefferies said, and renders aid on numerous occasions to communities stricken with floods, fire, epidemics, explosions and other forms of disaster. This week, Oct. 31 to Nov. 6, has been proclaimed state health week by Gov. James V. Allred, and Nov. 10 has been designated Red Cross Day in Texas, by the governor.

Local participation in the annual Red Cross drive will assure success in reaching the quota, \$300, set for this area.

City Is Changed Old Timer Says

"Many changes in the business interests of Clarendon have taken place in 37 years," R. W. Talley said Tuesday while telling friends of his coming to Clarendon from Young county, Nov. 2, 1900.

When he arrived, board walks were prominent about the city, and paved streets were unheard of in the West.

He said that W. H. Patrick and Crockett Taylor are the only men now identified with business institutions who were in business when he arrived in the city. "Yes," he concluded, "many changes have taken place in 37 years."

Mr. and Mrs. James Trent left Tuesday for an extended vacation in Hot Springs, Ark.

GAS CHARGE SUIT SET FOR NOV. 15

SUIT ENTERED TO TEST VALIDITY OF 1937 GAS FRANCHISE FOR CLARENDON.

The suit filed in Justice Court October 14 by County Attorney R. Y. King to test the validity of the Clarendon gas franchise contract will be heard Nov. 15, King said Wednesday.

The suit, filed against the City Gas Co., was for 18 cents, the difference between a monthly gas bill figured at 70 cents, and a 60-cent reduction basis, as contracted for in June, 1927, the reduction to have been given gas accounts in Clarendon 10 years after the franchise was given the company.

A second suit, filed by King in behalf of G. F. Lane will be heard at a later date, the county attorney said.

Misses Wilma Dee Smith and Hope Reed of Abilene Christian College spent the week-end with Miss Smith's parents, Mr. and Mrs. D. Smith.
