## Farmers And Traders Prepare For Third Monthly Auction Sale

### TRADE TERRITORY INTEREST GROWING

INCREASING VOLUME OF MISCELLANEOUS ITEMS AND LIVESTOCK NOTED

Clarendon's big event, the Third Monthly Auction Sale sponsored by 26 participating Clarendon merchants will be held Tuesday, April 5, at the Fontayne Elmore trading lots located at the rear of the Gulf Service Station.

All farmers and traders are urged and invited to attend the sale. The auctioneering of items is done free to the public. Auction fees have been eliminated in the sales for the benefit of Donley county people.

All the seller has to do is bring anything he wishes to sell to the trade lots and it will be auctioned off to the highest bidder.

More than \$800 in miscellaneous items and livestock went under the hammer at the first sale. More than \$600 was received by farmers and traders for items at the second sale despite a down-pour of rain that eventually cut short the sales.

Many out of town buyers and sellers have indicated they would be here for the big day Tuesday. Through advertisements and news stories printed exclusively in The Clarendon News the sales have been attracting much attention and has been instrumental in bringing a large crowd to Clarendon one day each month. Participating advertisers offer unusual bargains on Auction Days and invite the people to make their stores their headquarters.

### Suspended Sentence In Drunk Driving

Clyde Osborne entered a plea of guilty to drunk driving in district court here Monday morning, and was assessed two years in the penitentiary, suspended, and revoking of his driver's license for a period of six months, by District Judge A. S. Moss.

Osborne was arrested in the Martin community by Sheriff Guy Pierce and his deputy.

### Local School Finances Presented To Citizens For Consideration

In 1930 the property valuation in the Clarendon Independent school district for school purposes was \$4,300,000. Teacher's salaries at that time were as follows: The South Ward and Junior High School teachers received \$110.00 per month, the high school teachers received \$150.00 per month and the college teachers received \$200.00 per month.

For the past several years, the property valuation for school purposes has declined rapidly and reached a new low last year of \$2,300,000. The loss in revenue by this decline has been offset by reducing the teacher's salaries. The teacher's salaries for the past several years have been as follows: South Ward and Junior high school teachers \$85.25 per month, high school teachers \$100.00 per month and college teachers \$133.00 per month.

When the budget was made out last August, we discovered that our expenses were \$7,000 more than our income and that was counting tax collections at 100 per cent. There were actually about 80 per cent collections leaving between four and five thousand dollars uncollected. This left a deficit for this year of about \$11,000.

The tax assessor reports that the people of this district are turning in their property from 20 to 50 per cent lower than the valuation of last year and that it looks like the property valuation will be somewhere between \$1,500,000 and \$1,800,000. Teacher's salaries cannot be reduced any lower because they are far below the average salaries paid in this section of the country now; neither can other operation expenses be cut any lower since they have been reduced to a minimum. The question is, what shall we do? Shall we do away with some of the departments, for example, home economics, vocational agriculture, and the band? Or shall we do away with half of the teachers in the lower grades and crowd from 50 to 65 pupils in one room for one teacher to try to teach? Or shall we do away with the College, which is self supporting, and try to do away with a part of

### SIX ANNOUNCE FOR SCHOOL TRUSTEES

CITY COMMISSIONERS ASK FOR RE-ELECTION IN CITY ELECTION TUESDAY

Very little interest is expected to be manifest in the city election to be held Tuesday, April 5, as only the present incumbent's names, W. B. Haile and Homer McElvany, appear on the ballot as prepared by the city secretary.

Six names appear for the three places to be voted on in the school trustee election Saturday, April 2, which is expected to create much interest.

The terms of J. R. Porter, F. E. Chamberlain and W. W. Taylor expire this year, and J. R. Porter is the only one of the three up for re-election. Mr. Taylor and Mr. Chamberlain will retire from the board.

Names appearing on the ballot as prepared by the secretary of the school board include J. R. Porter, Allen Bryan, Van Kennedy, Geo. E. Norwood, J. Roy Bartlett and Cap B. Morris.

### Cotton Loans Must Be Paid Before Sale

If a farmer has cotton under a 1937 Commodity Credit Corporation loan he may receive a cotton price adjustment payment at the rate in effect on June 30, 1938, regardless of whether or not the cotton has been sold, according to advice received by County Agent H. M. Breedlove, from Geo. Slaughter, chairman of the Texas Agricultural Conservation Committee, College Station.

If a farmer has cotton under such a loan and desires to sell it, the loan must be paid in full before the cotton is sold, Slaughter said.

"However, a farmer does not have to sell his cotton, to qualify for a cotton price adjustment payment," he pointed out. "Cotton not sold before July 1, 1938, will be considered to have been sold on June 30 whether it was under a loan or not. The date of sale controls the rate of payment."

### CLEAN-UP WEEK TO BE OBSERVED HERE

CITY TRUCK WILL PICK UP RUBBISH ON TELEPHONE REQUEST TO CITY HALL

Mayor W. H. Patrick this week urged the people of Clarendon to assist city officials in observing State Clean-Up Week, April 3-10, by disposing of unnecessary rubbish and accumulation of winter's debris.

Property owners are urged to collect all trash and rubbish and pile it in the alleyways, where it will be picked up by a city truck. Property owners must telephone the city hall, No. 432, so the truck driver will know the rubbish is ready to be picked up.

Dr. Geo. W. Cox, State Health Officer, in a public announcement states that the accumulation of winter's debris represents a distinct menace to the health of adults and particularly little children, and urges everyone to clean up their houses and yards during this week.

"Flies help spread typhoid fever, dysentery, diarrhoea, tuberculosis, anthrax and cholera. They breed, live and feed in filth. To prevent their increase all refuse should be disposed of at once, garbage kept in covered containers, privies made sanitary and houses screened," he said.

Marvin Hall, state fire insurance commissioner, said, "This will be an excellent opportunity to dispose of unnecessary rubbish, combustible materials, and inflammable goods or solutions which naturally accumulate around the house or store. Those and other hazards, can be removed or reduced to the direct benefit of all concerned."

In pointing out the statements made by these state officials, Mayor Patrick said that, "we cannot afford to jeopardize Clarendon's good fire and health record. Clean-Up Week will be an appropriate time for us to eliminate any hazards or conditions that might start or spread a fire or endanger our health."

Clean-Up Week is being observed throughout the state under a proclamation issued by Governor James V. Alfred.

### COLLEGE NIGHT UNION SERVICE

CJC PRESENTS ANNUAL "COLLEGE NIGHT" SERVICE SUNDAY EVENING

Clarendon patrons and friends of the Junior College and city schools are invited to attend a "College Night" service Sunday evening at the First Baptist Church at 8 o'clock.

This is an annual event in Clarendon, but the program this year is the most important one ever held by reason of a crisis facing the local schools, so the News is joining in a special effort to bring out a record attendance. Several of the churches are dismissing their evening services to join in this community program, which promises to be one of very greatest interest. Judge J. R. Porter, member of the school board, will make the address of the evening.

Come early to get a good seat and enjoy the following program: Invocation --- Rev. R. E. Austin  
Congregational Song --- America  
Announcements --- Mr. Burton

### Campbell Served With Injunction

An injunction restraining Johnny Campbell from possessing liquor at his residence for the purpose of sale was served by the sheriff's department Monday.

The injunction was made returnable October 2, and was issued by District Judge A. S. Moss on a complain made by E. Y. King, county attorney, and John Deaver, district attorney.

Officials said that violation of the injunction would be in contempt of court and subject the property to padlocking proceedings.

### CHORAL CONCERT TO BE PRESENTED TUESDAY EVENING AT COLLEGE AUDITORIUM BY PAMPA HI A CAPELLA CHOIR, AUSPICES LIONS CLUB

Sponsored by the Clarendon Lions Club, as a part of their cultural program of citizenship, the Pampa High School A Capella Choir will be presented in concert Tuesday evening, April 5th, at the College Auditorium beginning at 8:00 o'clock. Of special interest to Clarendon music lovers is the fact that Miss Helen Martin, former local musician and popular club worker, is the director of the choir, which has won high recognition in the Panhandle this season in a number of successful appearances.

The wives of the Lions Club members will feed the visiting singers at the Home Economics Club Room in the High School at 7:00 o'clock, under the direction of Mrs. Odos Caraway, who is the chairman of the ladies for this pleasant event.

The Lions Club is distributing 400 tickets free to music loving and interested friends, which will insure comfortable seats to the audience, first come first served. Besides the individual Lions from whom the free tickets may be secured, the Clarendon News, the First National Bank, the Rexall Store, and Dean R. E. Drennan has a small supply for those who have not secured admission to this musical event of the season. Since there is such a demand for the tickets those who have them and find they cannot go are asked to turn them in to Mr. Drennan, Mr. Braswell or Mr. Louie Thompson by noon Tuesday, so they may be provided those who want seats and have not been able to get tickets.

### Lions Hear Extension Chairman, Warning Of Local School Need

Clarendon Lions Club at its Tuesday luncheon heard Dr. Hicks outline the work of the club extension committee, and then Boss Lion Burton give a resume of the tax situation which threatens the standing of the Clarendon school system. Several Lions joined in the discussion with the result that the membership got a definite idea that something must be done to provide more tax revenue if the Clarendon Schools are to retain their present high standing.

L. L. Wallace was elected to membership in the club and after a number of announcements the club adjourned.

### COLLEGE PRESIDENT VISITS CITY MONDAY

Dr. Law Sone, president of Texas Wesleyan College of Fort Worth, and well known in the Panhandle, visited briefly at the News office and with local friends Monday afternoon, en route home from Gruver where he had been to visit his parents.

### MITES SUNDAY FOR PIONEER RESIDENT

MRS. W. P. NICHOLS HAD BEEN RESIDENT OF DONLEY COUNTY SINCE 1913

### 1.10 INCH RAINFALL IS RECEIVED HERE

SLOW FALLING MOISTURE IS AID TO RANGELAND AND FARMS IN COUNTY

Rainfall totaling 1.10 inches was received in Clarendon Saturday and Sunday that was a boon to farmers and ranchers.

Slight showers Saturday measured .18 inch, and continued scattered showers throughout Sunday and heavier rainfall Sunday night added .92 inch precipitation, according to Joe Goldston, weather recorder, to boost the total for the month to 1.88 inch.

Many farmers have been waiting for moisture before plowing. Ranchers report this moisture will be a great aid to range land. The rain was general throughout most of the Panhandle, with heavier rains reported further south on the Ft. Worth & Denver.

The remainder of Donley and most of the neighboring counties received about the same amount of moisture as did Clarendon.

### Mrs. Carrie Sawyer Dies In California

Mrs. Carrie Sawyer, a former pioneer settler of this county, died of a heart attack at her home in Los Angeles Friday night.

Mrs. Sawyer was the widow of the late Robert Sawyer, pioneer lumberman and rancher. She settled in Donley county in 1882. Her husband established the first lumber yard at Clarendon and the family resided here for more than 30 years. At the time of her death she still owned the Sawyer Ranch here.

She is survived by four sons, four daughters and two brothers. The sons include Forest and Southern of Clarendon, Henry of Los Angeles, and Robert Sawyer, Jr., of Dallas. Daughters are Letitia, Josephine, Elizabeth and Ruth of Los Angeles. H. D. Ramsey, a brother, lives at San Antonio and Forest Ramsey, another brother, resides at Altus, Okla.

### 19,000 Pounds On Truck Is Too Much

Verle Roy, truck driver for a Ft. Worth produce firm, was fined \$15 and costs in Justice Court Tuesday following his arrest near Lelia Lake by Highway Patrolmen George Pierce and Bill Robinson for hauling a load in excess of 7,000 pounds.

According to Roy's testimony nearly 19,000 pounds of potatoes were in the truck. He was required to unload his excess.

### Grand Jury Reports Lack Of Observance Butcher - Hide Laws

The district court grand jury in its report to Judge A. S. Moss last week, along with eight bills of indictment, told Judge Moss that it had been reported there was a total failure, in many instances, on the part of those engaged in butchering and slaughtering of animals for sale and on the part of those dealing in hides, to observe the laws of the state.

A summary of the butcher and hide laws was given in the report asking law officers to file complaints on violations, and here given in brief form:

Butchers and those engaged in slaughtering or butchering must make bond to the county judge, descriptions of animals must be kept; must file name with county clerk; must obtain bill of sale with each animal; must keep a record of all animals purchased; slaughtered animals hides and ears must be inspected by an inspector or magistrate within 20 days, etc.

Dealers in hides must obtain a bill of sale from the seller; etc.

Those persons slaughtering animals must also make regular reports to the Commissioner's Court of all animals killed, descriptions, bills of sale and brand markings.

### ASSISTANT COUNTY AGENT LEAVES FOR EAST TEXAS

Mr. and Mrs. Claude Moore left Wednesday for Pittsburg, where they will make their home. Mr. Moore, who has served Donley county as assistant county agent since November, 1936, has been transferred to Cass county as assistant county agent, which is a promotion in the extension Service field.

Col. Goodnight had expressed his wish that the same kind of a Texas granite monument be used as was placed at the head of his first wife, and the relatives here in the Panhandle want to see that wish carried out, with what other plaque or bronze marker the committee might agree on and the funds would justify.

### DO YOU KNOW—

That the saying "Knowing the Ropes" comes to us from the days when sailing ships alone roamed the seas. The first requirement of a sailor was that he "knew the ropes" which controlled the sails and not until he did was he considered a full-fledged seaman.

## LIBRARY NOTES

(By Mrs. C. A. Burton)

A dozen little new books for our tiny-wee readers are on our shelves—books with the cleverest little pictures you ever saw.

The larger number of the women's clubs of the town responded to the library's plea for help and are giving us a dollar per month for books. Some of them paid their contribution in a lump sum. Could they but see the eagerness with which a new book is greeted by our little people, our teen age boys and girls and by our adult readers as well, they would feel repaid.

Recently a meeting was called in Amarillo by A. R. Curry, state supervisor of the WPA Library project. Mr. Curry has had wide experience in library work, having served as librarian in Texas Christian University and in the Rosenberg Library of Galveston. He said in this meeting, "Texas fails to realize that the vast majority of people who are not in school are dependent on public libraries for educational reading matter. The importance of the public library in making the people of America fit for democracy, cannot be overestimated. The A. L. A. standard for libraries is one dollar per capita annually. In commenting on this fact Mr. Curry stated that Texas ranks 37th among the states in the matter of public libraries, and that the price of two packages of cigarettes per capita would give adequate support to libraries. This is worth thinking about—even in Clarendon. The large majority of our people have never contributed the price of a package of cigarettes to our library during the many years it has been serving our people and adding untold benefit to the cultural life of the community.

A drive on illiteracy has been organized by the WPA educational directors in five western states. "Bookmobiles" consisting of automobile libraries will carry books to all outlying districts where book borrowing facilities do not exist.

The winners of the National Book awards for 1937 have been announced by Lovick Pierce, member of the National Book Award committee, and manager of the Cokesbury Book Store in Dallas. "On Borrowed Time," Lawrence Watkin's novel, was chosen as "The Bookseller's Find." This award is given to the most deserving book which failed to receive adequate recognition. "The Citadel," A. J. Cronin's story about doctors, was named as the favorite novel, while "Madame Curie" by Eve Curie, received the award for nonfiction. The award for the most original book went to Carl Crow for his book about the Chinese people, "400 Million Customers."

A first prize of \$500 in the Federal Writers' Project Contest, conducted by the magazine, "Story" has recently been awarded to Richard Wright, a young negro writer for a story called "Five and Claud," selected from a group of stories called "Uncle Tom's Children."

The Bureau of Prisons of the U. S. Department of Justice plans to distribute copies of Dale Carnegie's "How to Win Friends and Influence People" to all Federal prisons, including Alcatraz, Atlanta, and Leavenworth penitentiaries.

The 126th anniversary of the birth of Charles Dickens was observed by a dinner at Hotel Brevoort, New York, at which Edward P. Stevens of the Pratt Institute Free Library was the chief speaker, giving some of the highlights of Dickens' career. His birthday was Feb. 7th. In December a dinner was held in New York at which Mrs. Ernest B. Hawksley, granddaughter of Charles Dickens, and Washington Irving, a Princeton junior, were guests, celebrating the 100th anniversary of the beginning of the friendship between Charles Dickens and Washington Irving.

On the last day but one of December, one of the best known literary figures in this country, Don Marquis, died in New York in poverty, aged 59. He had been ill for six years, and although he had made a large fortune, the expense of these years of illness had left him in poverty. At the time of his death, his friends were planning a benefit for him. Marquis originated and for many years conducted the famous Sun Dial, N. Y. Sun column, widely known for its characters of Archery, the philosophical cockroach, and Mehitabel, the amorous alley cat. He

was also known and loved as a writer of poetry, short stories, and plays. His play, "The Old Soak," ran on Broadway for two years and earned him \$85,000.

Boris Shumiatsky has been removed as head of the Soviet motion picture industry for attempting to inject "political propaganda and sex interest into a film version of Robert Louis Stevenson's "Treasure Island."

Margery Sharp, author of "The Nutmeg Tree," came over from England for a visit to the U. S. early in February. Her story is listed as one of the late additions to the current library favorites by the libraries of twenty-seven cities. The two highest listed are still "The Citadel" by A. J. Cronin, and "Northwest Passage" by Kenneth L. Roberts, while Dale Carnegie's book and "Madame Curie" continue to lead in non-fiction in these public library reports from twenty-seven of the largest cities in the U. S. One of the children's books leading is "Heidi" by Johanna Spyris, "Gone With the Wind" continues to hold fourth place.

Mr. and Mrs. Rufus White were in Shamrock Wednesday night on business.

## SCRUTINIZE THE CONGRESSIONAL CANDIDATES

Hon. Marvin Jones, long-time incumbent, is a candidate for re-election as congressman from this district. Hon. Jas. O. Cade, prominent attorney of Amarillo, is a candidate for congressman from this district.

Mr. Jones has a long record of service to this district and the nation as a whole, and there are many who will feel disposed to return him to his post. Mr. Cade has announced an attractive and thought-provoking platform, and many will feel that it is time to change servants at Washington.

Clarendon and Donley County have in recent months had several reasons why they should not care to vote for Mr. Jones' re-election. After they have carefully weighed Mr. Cade's platform they may or may not feel that he is the man to support.

The News urges that Donley County and Panhandle folk generally scrutinize with great care the record of the candidates, their platform promises, the needs of their particular communities, and make their decisions founded upon reason and judgment, remembering that no poorer weapon is offered the voter than prejudice. Let your scrutiny be thorough.

## A FREE TIP FOR KARL CROWLEY

If Federal Employee Karl Crowley, should ask our opinion, which is very unlikely, we would proffer a little tip—entirely free—on his impending candidacy for governor of Texas. We should say, "Mr. Crowley take a free tip from us—when and if you decide to enter the race for governor of Texas, don't, whatever else you may do, resign your present position with the postal department."

From certain indications in Texas for the past several years, there seems to have sprouted an idea in some quarters that an avowed representative of the New Deal administration could come down to Texas and wield a lot of influence, and so he could—provided he didn't try to use that influence to get votes for a state office. Texas is certainly behind most of the ideas, good and bad, of the New Deal, but somebody is due for a rude awakening, if they think Texans will allow some ambitious federal office holder to attempt to bludgeon them into voting for him on account of his connection with the federal government—even if he resigns just before he asks their suffrage. Texans are interesting that way.

Take a tip, Karl—don't resign your social security in Jim Farley's department of the federal establishment.

## THERE ARE JUST TWO REAL CONTENDERS

Texas politics has shown a strange stubbornness this year in the candidacies, declared and potential, for the governor's office. From the very early start there has been two real contenders—and only two. Bill McCraw and Ernest Thompson took the lead from the jump, and no power of the present governor's famed forces, the Fergusons, nor any other combination has been able to divert attention, threaten the well-known lead of the twain, nor get any sort of encouragement in nosing either out of positive leadership.

There are two real contenders—McCraw and Thompson—and one or the other is going to be winner when the smoke of battle passes on July 23rd. There may have been just as good or better men in the list of possibilities, but the two are natural contestants, and no one has been or will be able to oust them from the position of No. 1 and No. 2 in the Texas primaries for 1938.

A vote for anybody else is certain to be a wasted vote. Take your pick and back your judgment—you can't miss the winner far, if you pick Bill or Ernest.

## JUST AS TRUE IN TEXAS

News comes from Western Kansas that the years of drought and low prices on farm crops have restored the cow and hen to their rightful place of power in agricultural economy; that they are providing a living for the careful farmer and proving stabilizing influences in an era that has driven the "factory type" tiller of the soil to leave it.

Twenty-five years ago the place held by the cow and the hen was not news, for no farm was without these furred and feathered contributors to the labor of wrestling with the soil for sustenance. Every farm wife considered her hens and roosters, her coops and henhouses, as logical adjuncts to her kitchen. They were food at home, money in town.

Now these faithful and productive friends of the farmer, his mainstays throughout most of man's recorded history, are restored to the high favor in Kansas—and no doubt all the other farm states—that they deserve. The farmer who is awoken by moaning in his pastures and cawing and cackling in his poultry runs does not starve.—Christian Science Monitor.

## ISN'T IT THE TRUTH?

"Recent events in Europe have offered one consolation to observers on this side of the Atlantic—the consolation of being on this side of the Atlantic."—Business Week.

## NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

AUSTIN—Serious disruption of the State's highway building program is threatened by the growing "license plate racket" which is being practiced in several small counties, according to Highway Commission Chairman R. L. Bobbitt, and the legislature is expected to be asked to take steps to correct the situation which makes the racket possible.

The background for the "racket" is the law which permits counties to keep all of the first \$50,000 of license fees they collect, half of all collected between \$50,000 and \$175,000, and remit to the State all above \$175,000. Some of the smaller counties issue script in payment for various supplies, and this script sells at a discount. Then, when license time approaches, racketeers buy up the script at a discount, and swap it to the small counties issuing it for full value in return for less than listed price. The discount to the owner of a large fleet of trucks, for instance, represents a substantial saving to the car owner, as well as a large profit to the racketeer. The practice of licensing cars or trucks in a county in which the owner is not an actual resident is a criminal offense, but the Highway Department apparently has had little success in obtaining prosecution of the violators, since county officials are usually party to the scheme. The practice, Bobbitt has estimated, cost the Highway Department \$700,000 last year, and the loss this year may exceed \$1,000,000. He declared the State cannot go through with its planned highway maintenance and improvement programs unless it obtains the full sums to which it is legally entitled, and upon which its budget is made, from the license source. Officials of San Jacinto county recently went so far as to obtain in their local courts, a temporary injunction against the Highway Commission, forbidding them to interfere with the license racket there. The Department retaliated by refusing to ship any more license plates into that county.

Developments in the Governor's race were few this week, as Bill McCraw and Ernest Thompson reported they were drafting their platforms, and three possible second string candidates—Harry Hines, highway commissioner; James E. Ferguson, mouthpiece for "Ma," and Karl Crowley, the Washington prospect—indicated they will decide soon whether to get in or out. Hines, appointee of Gov. Allred, is said by his close friends as pretty sure to enter. Ferguson has said his wife is not yet to be counted out, but his carefully guarded statements leave most observers here with the impression she will not run. Crowley, after a visit to Austin where he conferred with Allred and then with Ferguson, and is reported to

have received only polite advice that the postmaster vote doesn't amount to much in Texas, went into seclusion again to try to make up his mind about his candidacy. He has made three spectacular trips to Texas by plane from his official desk as solicitor of the Postoffice Department in Washington, within recent months, each time with the announced intention of making up his mind whether to run.

## MAY AFFECT RUNOFF

Chief effect of the entrance of one or more of this group of candidates probably will be upon the possibility of a runoff between McCraw and Thompson. If none of the trio enters, many doubt whether the present field of second string candidates, including Clarence Farmer of Fort Worth, the pensions-for-everybody candidate, can muster sufficient votes to block a majority for McCraw or Thompson in the first primary. The statisticians believe there will be in excess of 850,000 votes cast for Governor, and they estimate Farmer's maximum vote at 70,000 to 100,000. Thus, if no further candidates with substantial followings are entered, it is quite possible McCraw or Thompson could win without a runoff—which would be a distinct novelty in Texas for a Governor running for a first term.

## NOTES

Walter Woodul, lieutenant governor, made formal announcement for Attorney General this week, and continued the vigorous campaign he has been making for many weeks. . . . Bob Calvert, speaker of the House, and opponent of Woodul, visited West Texas counties and was cordially received. . . . Judge C. V. Terrell, Railroad Commission chairman, opened a North Texas headquarters in Dallas, from whence Marion S. Church, Dallas attorney will direct Terrell's campaign against seven opponents, mostly from North and East Texas. . . . Judge E. M. Grimes of Taylor was named organization Chairman for the campaign of W. E. James, former assistant superintendent, who seeks to unhorse State Superintendent of Education Woods, who "fired" James and is asking voters for a fourth term. . . . Secretary of State Ed Clark garnered many nice press clippings with a flying trip to Washington to tell the Senate Judiciary sub-committee Texans oppose the O'Mahoney bill to require a Federal license of corporations doing interstate business. . . . Announcement of Senator Morris Sheppard, of Texas, in Washington, that he will seek re-election in 1942, sets some kind of a record for early tossing of the hat into the ring. . . . Politicians here interpreted it as an answer to some of the rumors that have been going around that the group of younger statesmen including Allred, McCraw, Thompson and others, might have a try at the seats of Sheppard and Tom Connally later on. . . . Another term in the Senate would give Sheppard an all-time record of 46 years continuous service in Congress.

## Parade of Stars in "Goldwyn Follies"

The most amazing array of stellar talent ever assembled in a single production is presented in Samuel Goldwyn's magnificent Technicolor musical extravaganza, "The Goldwyn Follies," which begins a three day engagement at the Pastime Theatre, April 3, 4 and 5.

Drawing from every field of entertainment to augment a screen cast headed by Adolphe Menjou, The Ritz Brothers, Andrea Leeds, Ella Logan, Jerome Cowan and The Gorgeous Goldwyn Girls, the producer secured radio's Edgar Bergen and "Charlie McCarthy," Phil Baker and Kenny Baker; grand opera's Helen Jepson and Charles Hullmann; the dance's Zorina and George Balanchine's

American Ballet, and the musical stage's favorite comedian, Bobby Clark.

The first entertainment in his 25 years of picture-making to carry his name, "The Goldwyn Follies" also marks Goldwyn's swing to the color standard.

Mrs. O. W. Latson has returned home after a visit with relatives at Mt. Pleasant, Dallas, Tyler.

AT THE FIRST BAPTIST CHURCH

There Is Always Worship Fellowship—Service

During Christ's personal ministry on earth He was hailed by the doctors, lawyers, and educators as a teacher sent from God. He was pre-eminently that, as well as the Savior of mankind. Our whole social order is based on the teachings of Christ and will stand or fall on the same. The program of Christ, teaching, healing and preaching, is the most far reaching undertaking the world has ever known. The ultimate aim of each is to rid the world of ignorance, disease and sin. We are making progress, but are far short of the goal. It is a great battle, one that challenges every ounce of energy in those who care. It is exhilarating to those who are in the fight with victory looming large and bright on the horizon of life. People sin against themselves when they fail to support such undertaking.

The First Baptist Church is happy to be host to the churches of the city in the Sunday evening service, as we unite in a program of helpfulness to and for, Clarendon Junior College, and in the interest of the public schools. Judge J. R. Porter is to deliver the address after a splendid program arranged by the College. Let all of our citizenship join in this opportunity and privilege. J. Perry King, pastor

CHURCH OF CHRIST

H. V. Crumley, Minister

In spite of the rain, there was a goodly number present at all the services last Lord's Day. God has always required people to show their faith in obedience to His commands. It is pleasing to note that not a few did just that last Lord's Day. Even in the midst of a down pour of rain, a fine crowd came to hear Mr. Crumley speak at Lelia Lake in the afternoon. We are thankful. The subject for this coming Lord's Day sermon will be, "The Mission of the Body of Christ." All are invited to attend and learn.

Cleo Hubbard, manager of the Goodnight Ranch at Goodnight, was a business visitor in Clarendon Monday.

Our congregation will join in the community service at the First Baptist Church Sunday night sponsored by the Clarendon Junior College. We are very glad to cooperate in this matter and to give our support to the College. We urge our people to attend this service.

Anyway they are over and that's that. We are going to be late finishing our month's work, having so much else on hand.

From any other cause on earth we would have been disappointed Saturday for having to postpone the track events, however in this country we are always glad to give rain the right-of-way.

We are looking forward to next Saturday literary events. There will be entries from our school in almost every event and we hope to capture a goodly share of the honors.

The six graders were all very busy Monday with standardization tests.

## Garden Glances Presented weekly by the Garden Club

"America beautiful lies in the hands of the gardeners."

Have you neglected to observe the gorgeous display made by the red bud trees along the boulevard leading to College Hill? There are red buds blooming on quite a few private lawns. Among these are some very showy ones in Mrs. Stallings' and Mrs. Will Hayters' yards.

The lilacs are exceptionally beautiful and more abundant than ever before in our town. There is a white one in Mrs. John Potts' yard that rivals those of milder climate. And some purple ones with their graceful plumage are very noticeable on Mrs. George Ryan's and Mrs. Mark Stricklin's lawns as well as in many others.

Forsythia and spirea have added their beauty to many lawns here recently. Mrs. Harry Brumley's and Mrs. Mengole's lawns have been colorful with these blooming shrubs.

Hundreds of the early purple and white iris will be in bloom here this week, but they are not easily seen by the passerby. Like the iris, the violet and pansy borders are not noticeable from the street but they each add their beauty to Clarendon lawns.

### ON OUR BOOK SHELF

Northwest Passage tells of the adventures of Langton Towne and his relationship with Major Rogers, leader of Rogers' Rangers. Major Rogers was the leader of the best troupe of fighters in the English Army during the French and Indian War. He knew more about Indians and their methods of fighting than any other white man in America. His great triumph was the capture of the French-Indian settlement, St. Francis. On the return trip, the Major saved his men from starvation by digging roots for them and instructing them to eat them during ten days that he needed to get food from Number Four.

Langton Towne's ambition was to become an artist. Because his friends, his family, and his sweetheart scorned his plans, he joined the Rangers just before the trip to St. Francis. He became the Major's private secretary. And his feeling toward the Major was akin to worship.

Not only is the early American scene portrayed, but much is given about England and London. Historical incidents in the book are accurate. The pleasant enjoyment of reading the book is supplemented by its historical value.

### COLLEGE PLAY SUCCESS

The play, "Dotty and Duffy," given by the C. J. C. Curtain Club, was a success financially and as a play. Between forty and fifty dollars was raised, and everyone who attended the play remarked that it was the best ever given by the organization. The cast was carefully selected and each character acted his part well. The story of the play was very funny, bordering on the silly at times, and the characters at no time let the fun overlap the plot.

### PERSONALITY PARADE

Personalities described last week were: Dorothy Jean Bogard, Winston Nippert, and Phebe Ann Buntin.

Number one this week is a short blonde Junior boy, who is very well-known and well-liked. He is full of mischief and wise-cracks and it is noted for being studious. Although not a football player, he wears a sweater most of the time.

The College girl described this week is a Freshman. This is her first year in Clarendon, but she has become very popular. She is tall and thin with short dark hair and blue eyes. She is quite intelligent and very friendly and a lot of fun.

This is a Junior boy, who is going to school here for the first time. He is fairly tall, with blond curly hair and blue eyes, and very dark lashes and eyebrows. He is an outstanding F. F. A. boy, having one of the championship calves. He is noted for his changeable voice, and his not-so-good typing.

### ASSEMBLY

High school assembly was held Friday, March 25, at the sixth period. The program opened with everyone singing "The Eyes of Texas" and "Let Me Call You Sweetheart." Mr. Drennan had the latter sung by first the boys, then

## GOSSIPOLGY

### FOOLISH FLASHES

Why doesn't Mr. Larimer trust the typing pupils the fifth period and open up the room?

Did Bingham kiss Theresa in the play or not?

The responsibility for the banquet is about to get Charlie down. Just watch that worried look on his face.

Why is everyone so anxious to go to Memphis to put on the program?

Is it going to be necessary for Randall to sell one of the cows so that Nell can be queen?

What is Gerald's characteristic activity? Everyone in English described it in their themes.

Have you heard? That Joe Neil Ballew was once a banker. Although he sometimes denies his former position, we have heard from usually reliable sources that it is true. His salary, by the way, was six-bits a week.

Have you seen the Senior pictures? Some of them are not very well liked by their owners, but on the whole they are fine specimens of future headlines.

Have you heard or do you know why the Juniors don't go ahead and have the party they have been planning for so many weeks? That Clarendon is about to lose a few of its high school boys. (For a few days at least). You see district court is in session.

That Bob Kyle is about to steal the show with his part in the Senior play. That is, he has been keeping the other actors holding their sides during rehearsals. That Charlie is nearing his goal (100) in the go-for-match collection? He ought to be through in a year or two. That Kodaking season is here the girls, and then the faculty. We found that we have a very musical faculty. The program closed with a piano duet, "Dark Eyes," played by Mrs. Millard Word and Maxine Ellis, following which a few announcements were made.

## JUNIOR HIGH AND SOUTH WARD NEWS

Miss Cross's and Miss Mongole's rooms presented a Dutch program at the Parent-Teachers Association Thursday afternoon. Miss Mongole's room won the dollar for having the most parents present.

The winners in Declamation in Miss Stevens' room are: Bert Barnes, Jimmie Dean Howze, Delene Blair, and Ardith Warren. The winners in story-telling are Delene Blair and Jimmie Dean Howze.

Several teachers have been absent because of illness, including Mrs. Headrick and Miss Sirman with the flu, and Mrs. Lane with a sprained wrist.

The pupils who will represent Junior High School in spelling in the Interscholastic Meet are Jerry Kerbow and Iva Ruth Gibbs.

The Junior High School held their eliminations in track Wednesday, and following are the results:

High Jump  
1st, Jack Lackey; 2nd, George Henry Vineyard; 3rd, Murrell Landreth.

50-Yard Dash  
1st, Murrell Landreth; 2nd, John Burton King; 3rd, Robert Summers; 4th, George Henry Vineyard.

Broad Jump  
1st, Raymond Johnson; 2nd, ...

again? Several C. H. S. students have been out to the wide open spaces to pose before the lens. That the week of May the 13th is just a month and a half away? Will we be glad? "Well you guess," say the Seniors.

### ECHOES

It looks as if Jack Reeves must exhibit his pipe regardless-- Eugene Putman must be improving. Even the coach is calling him Sam Baugh.

Frances Hott is looking lovelier every day. Who is the lucky fellow?

We wonder whose ring Dorothy Rhoades is wearing?

Our sophomore girls are pretty good sports. Most any of them take second choice with a smile. Why does Joan Smith have to be warned before crossing a bridge.

## PEEPS AT SENIOR PERSONALITIES

Phoebe Ann Buntin, president of the Senior Class of 1938, is approximately five feet six inches tall and weighs about one hundred and ten pounds. Her eyes are gray and she has dark brown curly hair. She is considered one of the best dancers in the class, and has entertained with several dances in her home during the past year. She is a devotee of Contract Bridge, and enjoys basketball. She was elected to the office of Class Reporter in her Freshman year, has spelled on many Interscholastic Spelling teams and also was a member of the Debating Team in her Freshman year. She is noted for her good grades and her ready wit and outstanding personality makes her one of the most popular girls in the Senior class.

(Continued next week)

George Henry Vineyard; 3rd, John Burton King; 4th, Herman Higgins.

100-Yard Dash  
1st, Murrell Landreth; 2nd, George Henry Vineyard; 3rd, John Burton King; 4th, Robert Summers.

### CLUB RECEIVES PINS

The members of the college Science Club received their pins Friday, March 25. These pins are small gold diamond shaped with six points. The outside border has small scrolls engraved on it and in the center the club name is inscribed in Greek letters, Sigma Delta Chi.

### BASKETBALL TEAM RECEIVES JACKETS

The jackets ordered by the C. J. C. Basketball team and other students came Thursday. The jackets are made of silver and green satin and have a Bulldog applied on the left. They are quite dazzling and the envy of most of the girls, who are hoping to get to wear them (a few anyway) soon.

## "JUST A-RIDIN'"

Oh, for me a horse and saddle  
Every day without a change;  
With the desert sun a-blazin'  
On a hundred miles o' range.

Just a-ridin', just a-ridin',  
Desert ripplin' in the sun,  
Mountains blue along the skyline,  
I don't envy anyone.

When my feet are in the stirrups  
And my horse is on the bust;  
When his hoofs are flashin' lightning  
From a golden cloud of dust;  
And the bawlin' of the cattle  
Is a-comin' down the wind,  
Oh, a finer life than ridin'  
Would be might hard to find.

Just a-ridin', just a-ridin',  
Splittin' long cracks in the air,  
Sittin' up a baby cyclone,  
Routin' up the prickly pear.

—top JUST A-RIDIN'.

The Texas cowboy ends every "ridin'" day with a pot of coffee brought to steaming fragrance by the embers of his camp fire. The chances are more than even that, today, he fills his pot with Admiration, because this Texas coffee has become the largest selling brand in the state. Such sales can mean only one thing—people LIKE it. And whether you buy it at a commissary or at your corner grocery, Admiration is fresh, delivered to the point

of sale direct from one of the roasting plants, by fast truck. You, too, should try Admiration... it's the thing in Texas.

This is one of a series of advertisements finding inspiration in the authentic, original cowboy ballads. Selections are from the John A. Lomax collections.
