Community Christmas Tree and Carol Sing Is Announced Here

COMMUNITY TREE AND CAROL SING WILL BE DEC. 22

M'DOWELL CLUB AND CHAMBER OF COMMERCE SPONSORS, COURTHOUSE

The McDowell Music Club with cooperation of the Chamber of Commerce will sponsor a community Christmas program on the courthouse lawn Thursday, December 22, at 6 p. m. The lawn will be lighted and a large tree, beautifully decorated will be placed in a conspicuous place. The program will be announced by heralds who will give a two-part announcement to be written by Mrs. Millard Word. Chorus girls in vestments will come down the steps of the courthouse bearing lighted candles and singing "O Come All Ye Faithful." The citizens will join in and sing two verses of this song.

Two verses of "Silent Night" and "Joy to the World" will then be sung and the heralds will make another proclamation. A prayer will be offered by one of the ministers of the town and the band will play softly.

This Christmas tree will be different. Instead of receiving gifts, each person will bring a gift which will be placed upon the tree when the band had finished their music. These gifts which may be food, clothing, toys, fruit or candy, will be turned over to the Goodfellows to be used in their Christmas baskets. Even one or two potatoes or apples or oranges or a bar of candy or a jar of vegetables will be most acceptable.

The tree and program is for the entire county. Mrs. J. H. Howze, president of the McDowell Club, announced. Everyone is invited to come and participate in the observance of the Christmas spirit as a group. It is an excellent opportunity for each and everyone in the county to do his share toward remembering others and joining in the age-old custom of singing the beloved carols.

Groups in all of the town schools are working on the carols so that they may lead the group.

100 MILES TREES TO BE PLANTED IN COUNTY

SHELTERBELT APPLICATIONS RECEIVED DAILY; QUOTA ALMOST FILLED

The Prairie States Forestry Project, a division of the U. S. Forest Service, will plant 100 miles of shelterbelt in Donley county during the winter, according to W. J. Grigg, shelterbelt assistant in charge of the local project.

The 100 miles of trees will amount to approximately 80,000 trees, Grigg said, and that it would probably take the crew until March 15 to complete it. It is expected that planting will start next Monday.

The heeling bed for the temporary storage of the trees is located in the first block south beyond the business section on Kearney street, and stock will be taken thence to place of planting.

There are 40 species of trees, all natives of the Texas Panhandle, to be planted in rows ten feet apart, Grigg explained. The trees will be run in a direction horizontal to prevailing winds, whereby they will tend to keep the high winds from plowing into the topsoil and depleting it.

The government furnishes the trees, all the labor for setting out the trees and for fencing where it is necessary, and the farmer has only to prepare the ground for planting and to cultivate the trees.

Grigg stated that their quota of 100 miles of planting was better than 50 per cent filled and that interested parties should get in touch with him at the City Hall where the shelterbelt office is maintained. He said that they would take applications as long as they came in, but after the quota was filled the balance would have to wait until next planting season. Upon application, the ground will be examined and upon its approval it will be put on the list for this year's planting.

Goodnight Host To Basketball Tournament

A two-day basketball tournament to which boys' and girls' teams from Clarendon, Borger, Claude, Lelia Lake, Wayside, Groom, Hedley, Kaffir, Phillips, Allanreed, Lakeview and McLean have been invited will be played at Goodnight Friday and Saturday, December 16-17.

Approximate trophies will be awarded the tournament winners in both boys' and girls' divisions, according to T. E. Helcomb, superintendent of the Goodnight school and tournament director.

FFA Boys Exhibit Three-Fourths of Bird Entries

Twenty-eight F. F. A. members exhibited poultry in the recent Greenbelt Poultry Show. The local agriculture group prepared the building for the show, set the coops, received a majority of the entries, placed them, fed and watered them, checked out the birds, and removed the equipment and cleaned up the building.

Over three-fourths of the poultry exhibited in the show was owned by the 28 youths exhibiting their project birds. The group plans to brood out a large number of poultry again this coming spring for broilers, egg production and show.

Mrs. Eva Hill of Canyon spent the week-end here with friends.

LIONS HEAR PLANS FOR COMMUNITY CHRISTMAS TREE

HUMOROUS QUESTIONS AND ANSWER QUIZ ENTERTAINS CLUB

With President W. H. Patrick presiding, the Lions Club of Clarendon enjoyed an interesting meeting Tuesday at the regular weekly luncheon at the Hotel Clarendon.

Lion D. O. Stallings reported on the group meeting at Pampa Wednesday night of last week, when District Governor Burleson visited this area. Clarendon Lionsism was represented by President Patrick, Lions Stallings, Caraway and Braswell. The next quarterly group meeting will be with the Miami Lions Club.

Announcements were made of the Community Christmas tree and sing sponsored by ladies' clubs and Chamber of Commerce, to be staged in Clarendon on Dec. 22. The Lions were invited to give their co-operation and presence to the program.

Lion Gentry presented a program of humorous questions and answers quiz much to the delight of the membership.

Local Schools To Close Dec. 23 For Holiday Vacation

The schools in the Clarendon Independent School District will be dismissed Friday, December 23, for the Christmas holidays. Work will be resumed on Monday, January 2. This will give the students and teachers opportunity to take a vacation after Christmas.

Mr. and Mrs. Hays Robbins and daughter, Frankie Ann, have returned from Lovelland where they have been since the latter part of August.

program for next year, however, individual cotton acreage allotments have not been received, but are expected to be here by the 10th of December.

George Claughton, Texas Agricultural Conservation Association chairman, said farmers in 72 counties already have received their individual cotton allotments as of the first of this week, and the rest, which includes Donley county will receive theirs before the polling date, December 10th.

Everyone who produced cotton in 1938 is eligible to vote, he said. As in the past, balloting places have been provided in centrally located places, designated by the county committeemen.

Hedley Man Shot Accidentally On Kelly Creek

Joe Walker, of Hedley, was accidentally shot while working with a geology crew on Kelly Creek this week.

A farm boy, who was practicing with a 22 target, shooting shorts, shot in the direction of the crew without knowing that they were working in the vicinity. The bullet pierced Walker in the left shoulder blade but he was not seriously injured. The shell was fired a distance of about 300 yards and had almost lost its velocity.

Walker was brought to Clarendon where he received first aid.

BYERS SCHOOL IS AGAIN WINNER IN POULTRY JUDGING

Byers High School, with a total of 1,176 points, captured the vocational agricultural poultry judging contest held here Saturday in connection with the annual Greenbelt Poultry Show which closed a two-day exhibition.

The win marked the second straight Greenbelt victory in as many years for the Byers team. One more victory will give Byers permanent possession of the cup. Talia was second with 1,127 points and Silverton was third with 1,103. Other finishers in order named were Friona, Pampa, Claude, Memphis, Quitaque, Miami and Lakeview.

The winning team was paced by E. Reese who was also high point man for the show with 418 points. E. Dawson of Talia was second with 386 and T. Brooks of Silverton was third with 381.

Premiums and ribbons were presented to the prize winners Saturday afternoon to mark the close of the most successful Greenbelt exhibit ever held, J. R. Gilham, secretary, said.

With 550 fowls entered, the show established a new record.

Fifty Attend District Meeting Tuesday, Palmer Host

Fifty pastors and laymen from churches in Clarendon District gathered here Tuesday at 10 o'clock for a meeting with Presiding Elder Geo. T. Palmer, at the First Methodist Church. This was the first meeting of the pastors for the conference year, and was also the occasion for the business meeting of the district stewards who set the apportionments for general and district benevolences and the elder's salary.

General discussion was heard on the laymen's work, the missionary cause of the church, and other organization activities.

At the noon hour Presiding Elder Palmer was host to the group in a luncheon in the basement of the church, served by the women of the Missionary Society of the local church.

BOX AND PIE SUPPER

There will be a box and pie supper at the Skillet Creek school house Wednesday night, December 14. Everyone is invited.

Six-Bit Want Ad In News Sells Two Houses

Several days back a certain Clarendon man placed a classified ad in the Clarendon News to sell two houses for wrecking purposes. The ad ran two issues, the agent came around, paid off and stopped the ad, for he had sold both houses for cash.

That's a modern-day success story right here at home. Yes—you guessed it—the moral is ADVERTISE IN THE NEWS.

Train Accident Damages FW&D Water Tower

Fort Worth and Denver railroad officials here reported an estimated several thousand dollars damage caused by steam shovel equipment swinging wide as a freight train passed the depot about 3 o'clock Sunday morning.

According to railroad employees, the dip of the steam shovel swung to the left of the east-bound train, striking the water tower, demolishing the spout and greatly damaging the tank and tower. Other damages was done in the yards before the train could be halted.

Lockhart's 363,135 Votes Leads Texas Ticket In Election

Charley Lockhart, diminutive state treasurer, led the Texas state ticket in the recent November elections, a tabulation just revealed shows.

Lockhart captured 363,135 votes, throttling his GOP opponent, J. M. Killough, down to 1,003. G. A. (Gerry) Sadler, for railroad commissioner, was next high with 362,093 votes, while his Republican opponent, C. A. Milligan, garnered 8,265 ballots.

Incidentally, the final tabulation showed that the constitutional amendment to eliminate the provision against dueling in the oath of office was carried by only 91,453 to 71,595.

AWARDS WILL BE GIVEN FOR BEST DECORATIONS

BEST SHOW WINDOWS AND HOMES WILL BE JUDGED IN CONTEST

Silver loving cups will be awarded to the store and the residence having the windows and home most appropriately dressed up for Christmas. The cups will be rotating trophies and any individual store or home will have to win them for three years before they become the permanent property of winners.

Many stores and homes have already begun decorations, and holiday colors and lights are prominent in the business section of town.

The show windows and homes will be judged by out-of-town judges on either the 19th or 20th and awards will be made at the annual Chamber of Commerce banquet to be held the latter part of January.

Benefit Show To Help Lettermen Get Sweaters

Members of the Broncho football squad are selling tickets this week for a benefit show at the Pastime Theatre, for Wednesday and Thursday, December 14 and 15.

The screen show will be "Drums," which, according to Mr. Homer Mulkey, is one of his best pictures for this year, and an extra attraction will be boxing on the stage both nights, by winners in the F. F. A. boxing tournament.

The proceeds of this show will go toward buying the football lettermen's sweaters, and everyone is urged to buy a ticket.

ENTRIES LARGEST IN HISTORY OF POULTRY SHOW

551 BIRDS ENTERED BY 53 INDIVIDUALS EXHIBITORS FROM 4 COUNTIES

Saturday afternoon brought to a close the most successful poultry show ever held in Clarendon, when the Greenbelt Poultry event closed. Five hundred and fifty-one birds were entered in the show by 53 individual exhibitors of Donley, Hall, Gray and Armstrong counties. Approximately \$100 in merchandise and cash was distributed to the winners in the show.

R. B. Galloway, poultry specialist of the Hardeman-King Feed Mills, judged the show Friday, December 2nd. The judging was completed Friday night. Mr. Galloway stated that the local show was probably the largest in this territory outside of the Tri-State Fair Poultry Show.

Lights for the show were furnished by the West Texas Utilities Company, extra coops were borrowed from Memphis, and Shamburger Lumber Company furnished the boards for floors in the coops. The show was held in the building formerly occupied by the Clarendon Furniture Store.

SALE OF 42,000 ACRES OF JA RANCH RECORDED

HUGE TRANSFER TO AMARILLO WOMAN PENDING FOR MONTHS

Mrs. Mattie Hedgecocke of Amarillo, prominent ranch woman with extensive interests in Texas, Oklahoma and New Mexico, has purchased a 42,000-acre section of the widely known JA Ranch.

The deal consists of what is known as the Pleasant, Puckett and Jackson Jog strips. Pleasant Creek runs through the range land, which is unimproved except for two or three cow camps and a single house. The land is in the beautiful Palo Duro Canyon country.

Purchase of the 42,000-acre strip hardly dented the vast JA holdings, there being some 373,000 acres left. The JA is the property of the estate of Mrs. Cornelia Adair, of which M. H. W. Ritchie is administrator. The purchase was made through Mr. Ritchie, grandson of the late Mrs. Cornelia Adair, who developed the JA holdings.

Mr. Ritchie came to the Panhandle from England several years ago and has made his home at the JA Ranch headquarters at Paloduro in Donley county.

Purchase price of the land was not made public, although the ranch deal is one of the largest made in the Panhandle in recent years.

Mrs. Hedgecocke plans to stock the ranch pastures with a high grade of Hereford cattle. She already has about 750 head of white faces on the property, and she is moving other cattle immediately to the ranch from her Buffalo Springs pasture north of Dalhart in Cimarron county, Okla.

Between 1,500 and 2,000 head of high grade cattle will be run on the property, all of which is good grass land. The pasture is in Armstrong county about 15 or 20 miles south of Claude.

Several outlying strips of the JA Ranch have been advertised for sale during the past year and small tracts have been sold.

Besides the Armstrong property, Mrs. Hedgecocke owns ranch lands in Hutchinson county, Texas, Cimarron county, Okla., and DeBaca county, N. M. She also has leased pastures elsewhere on which she runs high grade cattle.

COUNTY TEACHERS BANQUET AT LELIA TUESDAY NIGHT

MOTION PICTURE DEMONSTRATION FEATURES PROGRAM

The teachers of Donley county held their monthly meeting Tuesday night at Lelia Lake in the form of a banquet served by the Home Economic girls there.

Bill Todd of the Chamberlain school is president of the organization. Raymond Wilson, superintendent of the Lelia Lake school was toastmaster of the occasion.

Wilson won the \$100 prize given for the best stunt of the evening. He won it for a story he told. The feature of the evenings' program was a demonstration of how motion pictures may be successfully used in education which was given by a representative of a company which sponsors such equipment.

Mrs. J. H. Howze and Miss Anna Moores attended and presented the community sing and Christmas tree. It was almost unanimously voted to participate in this as urged by President Todd. Fifty persons were present for the affair, and the Martin school will be host to the next meeting.

Mrs. G. W. Ebey of Fort Worth spent the week-end with her sister, Mrs. J. D. Stocking, en route to Virginia, where she will spend the winter with her son.

DONLEY FARMERS TO VOTE ON QUOTAS

BALLOTING PLACES PROVIDED IN CENTRALLY LOCATED PLACES

COLLEGE STATION. — The promise of the AAA workers that farmers would know details of the 1939 farm program prior to December 10, referendum data on cotton marketing quotas, continues to hold good.

Because legislative delays threw the program late for 1938, farmers last year were obliged to vote on cotton quotas in "pig-in-the-poke" fashion, without knowing how many acres they would be allowed to plant for compliance with marketing phases of the cotton program.

County Agent H. M. Breedlove of Donley county, has already held meetings over the county explaining the details of the farm

CHRISTMAS DECORATIONS ARE ELOQUENT

The News believes that there is no more fitting outward observance of the Christmas holiday season, than bright and attractive lighting displays, by night, and holly, evergreen and tinsel by day.

To drop into a Texas city, large or small, in the month of December and find the streets gaily lit in holiday colored lights, the stores and residences colorful in decorations of the season, is to our way of thinking one of the most eloquent testimonials of the cheer and good-will of its people, possible to employ.

Let Clarendon again break into joyous and colorful acclaim for the happy Yuletide season, by night and by day—and what is most important, let us cultivate the Christmas spirit in our daily walks of life. Christmas decorations are eloquent—if they proclaim the cheer of Christmas in the hearts of the people.

FARMERS WILL LIKELY VOTE FOR MARKETING QUOTAS

There is scarcely any doubt but what Texas farmers, along with those of other states, will vote on Dec. 10th, to endorse the proposed government marketing quotas under the AAA, although most well-informed people believe that such an endorsement is far from an endorsement of the farm program in its regimenting proclivities. The truth is, that most farmers are bitterly disappointed at the continued downward trend of agriculture, the constant recurrence of "crises" which calls for still further reduction in acreage and production, and the evident bewilderment of a group of governmental officials who know next to nothing about the problems of the Southern farmer.

Yes, the farmers will likely cast a majority for the quotas—because they don't see anything better in sight for them at the present time, but very likely building up an honest resentment which at some more opportune time will contribute to the utter routing of those who have through ineptitude contributed to their economic stress.

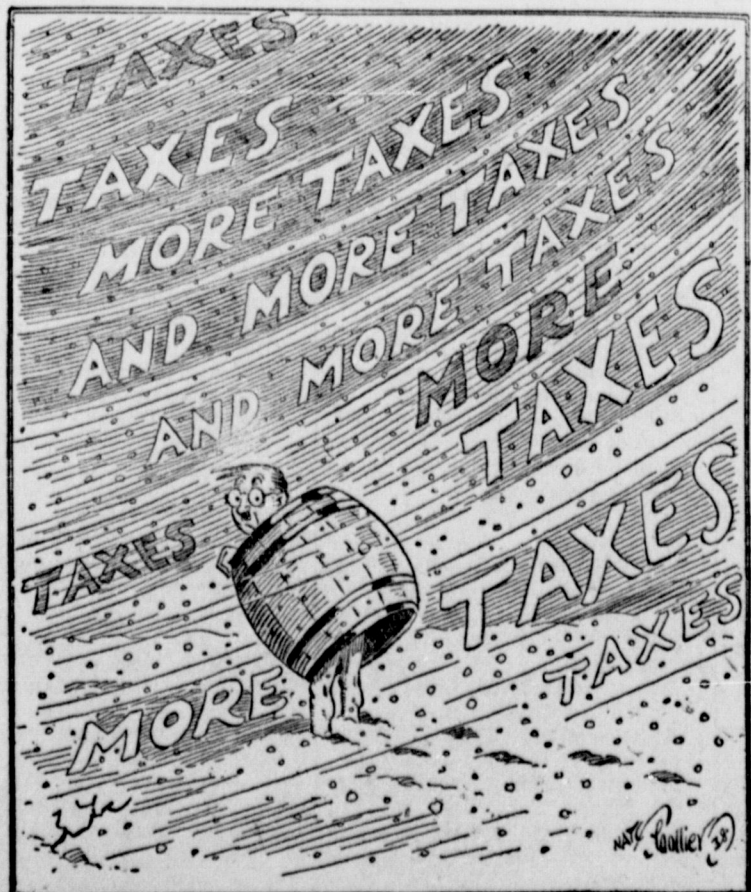

SOME LEGISLATORS SHOULD KEEP SHIRTS ON

Just a little amusing is the hot rage manifest by certain Texas members of the Legislature and Senate over the appointment of a group of advisors by Governor-Elect W. Lee O'Daniel. That is, it would be amusing, were it not for the thought that such exhibitions of temper come as a positive discount to the poise and wisdom of men elected by the people in the hope of securing some measure of ability in coping with the problem of state government in Texas.

Mr. O'Daniel told the people as a candidate that he would be the governor of all the people, if elected, and would seek the advice of men and women of varied experience. He is doing, therefore, the unusual thing in early carrying out a campaign promise, and will transmit to the legislative houses such suggestions as he may find worthwhile from contact with his advisors.

There is no effort to over-ride the Legislature, and it ill becomes one of that exalted body to exhibit pettiness about a business-like approach to the job of working for the good of Texas. Let senators and legislators "keep their shirts on." There'll be enough to worry and fret over when the 1939 sessions get down to business.

The Snow Storm

GOOD ADVICE FOR WELLINGTON FANS AND OTHERS

Editor Deskins Wells propounded such keen philosophy in his "Didactics" column in the Wellington Leader last week, in cautioning the jubilant football fans in his victorious city, that The News thinks many other folk are entitled to the benefits of his advice. Wellington was lean for years in the matter of football victories, and now is living on the fat of the land from the continued triumphs of her juggernaut which has swept the district and bi-district championships, and now is set for a possible regional flag. This situation is understandable to Clarendon, Memphis and Shamrock, who now are humble in the lower brackets of the district rating.

Read Editor Wells' philosophy—it's good for more than football:

"Friday Wellington plays a bi-district game for the second time in its history. We might as well enjoy this sort of thing while we can. On the average a town doesn't collect a group of players like the 1938 Rockets except about once in every ten years. In other years this thing has happened to Memphis, Clarendon and Shamrock. The past two years is the only time it has happened to us. Superlative coaching plus a fine group of home grown boys is the answer. Let's take our fun while we can find it, for within a year or two we may discover ourselves to be as disgruntled as Shamrock and as disillusioned as Amarillo. Unless somebody falls down, this is Wellington's year. In winning let us use a graciousness that will serve as a foundation for philosophy when we are losing."

A TRIBUTE FROM CHARLES DICKENS

I am certain that there are not in any branch of manual dexterity so many remarkable men as might be found in the printing trade. For quickness of perception, amount of endurance, and willingness to oblige, I have found the compositor pre-eminent. The printer is the friend of intelligence, of thought; he is the friend of liberty and of freedom of law; indeed, the printer is the friend of every man who is the friend of order—the friend of every man who can read.—Charles Dickens.

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

AUSTIN.—The "kitchen cabinet"—a group of citizen-advisors who will tell the governor how to run the state—has long been a dream of certain candidates who aspired to the state's highest office. Tom Hunter was the first to make the kitchen cabinet a campaign issue, way back when he made the first of his many unsuccessful races for governor. This week the kitchen cabinet became a reality, as a group of 34 Texans—mostly business and professional executives who have made outstanding successes of their own lines—sembled at Fort Worth for a secret conference, closed to the press, with Gov. Elect W. Lee O'Daniel.

The governor-elect announced personnel of the cabinet with considerable publicity, pointing out to those selected that their choosing was without political significance or pressure. The list includes heads of utility corporations,

major oil companies, educational institutions wholesalers, an independent merchant, a labor paper editor, a hotel man, and the wife of a tenant farmer.

The committee will not be without some expert political advice, however, should the need arise. After the original list was announced, O'Daniel added the name of Captain J. F. Lucey of Dallas. Capt. Lucey, an oil man and asphalt refiner, was national campaign manager for Herbert Hoover in his pre-convention campaign in 1920, and again in 1928, he was manager for Hoover in five Southwestern states, including Texas, which the Republican nominee carried, for the first Republican victory in a Texas national election since the Civil War.

PENSION PLAN STILL DARK

Out of his conference with this group, O'Daniel may formulate some plan of raising money to pay promised pensions, for submission to the Legislature, although he has said he will not reveal his program in advance of his first message to the solons. State Auditor Tom King, competing an audit of the pension fund's operations for the year,

Methodist Leaders In Texas Gather in Interest of Orphans Home

Presiding Elder George T. Palmer of the Clarendon district, second from left on the second row above, was one of those attending a presiding elders conference and inspection of the Methodist Home at Waco the first

week in December. The group were guests of Superintendent Hubert Johnson and the Waco presiding elder, Dr. John Rentfro, fourth and fifth in the first row. The home, depending solely upon contributions from Methodists of Texas and New Mexico—

who are making their pledges this month toward its \$125,000 budget for 1939—supports 405 children, training each in a vocation by which he may support himself after graduation. It is one of the largest and best rated orphanages in the South.

revealed that to pay even \$15 a month to all Texans over 65, estimated to number 284,742, will cost a total of \$91,250,000 annually, or about \$42,000,000 more than the present pension cost. About 113,000 pensioners now on the rolls receive an average of \$13.76 per month each. At present, Texans pensions 392 persons per 1,000 over 65, being out-ranked by only four states, Oklahoma, Utah, Colorado and Montana in percentage of aged pensioned. Only two states—Illinois and California—actually pension a larger number of aged persons than Texas.

JOURNALIST URGES FORCE

Isaac Marcossou, noted author, lecturer and student of world affairs, who has interviewed virtually every important world political figure for 20 years, commented on the position of the United States in Latin-America while in Austin for a lecture. He praised the proposal by Senator Clint Small and other Texas legislators to seek adoption of a resolution asking the State Department to take more aggressive action on Mexican seizure of land and oil properties belonging to Americans.

"Mexico is like the European dictatorships," he said. "She respects on force, and that is what the United States should use. The problems never will be satisfactorily solved under this fantastic Good Neighbor policy."

BENEFIT AIDS REFUGEES

A generous gesture to aid the thousands of European Jews who are suffering medieval persecution in European states were the benefit performances held this week in the 137 Interstate

theatres of Texas, Arizona and New Mexico. The benefit shows were 100 per cent for the cause named, all expenses being paid by the theatre circuit, and the entire gross receipts going to the sufferers. The plan was typical of Karl Hohlitzelle, whose wide-spread charitable and civic contributions are usually masked behind his extreme modesty, and given little or no publicity. Bob O'Donnell, Hohlitzelle's able associate, worked out details of the circuit-wide benefit performances.

ECONOMY MOVE BALKED

Austin observers were slightly amused, after all of the economy talk has been going around, when Railroad Commissioner Lon A. Smith, and Commissioner Elect Jerry Sadler were offered a "showdown" on a real economy move this week, and backed away hurriedly. Smith and Sadler have been filling the newspapers with announcements of the firing of various appointees of retiring Commissioner C. V. Terrell, and the appointment of their successors. Thompson quietly submitted a list of 45 employees, including some named by himself, some by Terrell and some by Smith—whose salaries total over \$8,000 a month—and suggested they be let out as an economy measure and their salaries saved.

Smith hurriedly announced he thought it would be "bad taste" to act on the matter, with Sadler not yet in office, and the matter was dropped.

NAMES AND NEWS

Secretary of State Ed Clark and Railroad Commissioner C. V. Terrell will join the ranks of those practicing law in Austin after January 1, Clarke probably

in partnership with Everett L. Looney, a former assistant to Governor Allred when the latter was attorney general. Official launching of the Garner-for-president boom was staged Monday at Detroit, Garner's old home, with Roy Miller, of Corpus Christi, Garner's close political friend, directing the show. Bascom Giles, new land commissioner-elect, made a hit with the Senate economy committee when he asked for a budge of \$13,000 less than the current figure for his first year in office, as a contribution to the economy movement. The Senate economy committee will recommend appropriation bills with each employe and each salary listed separately, so the governor may abolish any job he sees fit, by vetoing the salary appropriation for that particular place, without killing the entire bill. The Supreme Court will pass finally upon the highly controversial Polk county vacancy suits, which were a campaign issue in the land office and other races this summer. The court agreed to review the decision of the Beaumont Court of Appeals, which ruled in favor of the land holders, and against vacancy claimants.

Cotton Rescue Is Plea Voiced By J. E. McDonald

State Commissioner of Agriculture J. E. McDonald, who has been crusading for a change in the federal farm program, reappeared in Dallas Monday and submitted the two-price, domestic allotment plan as the only salvation for the cotton farmer.

Addressing the Agricultural Club in the Jefferson Hotel, Mr. McDonald said the cotton industry is headed for the poorhouse unless present AAA regulations are lifted and a new program instituted. The domestic allotment which he advocates, briefly, has two principles:

1. The cotton farmer would be given a subsidy by act of Congress on that part of his cotton consumed domestically, which added to the street price, would give him a parity price. The latter, he explained, is a price the farmer should receive for his commodities that would give him enough income to buy the industrial products he uses.

2. Over and above the cotton consumed domestically, the farm-

er would be allowed to produce all he wished to be exported, but this would be sold at the prevailing world price.

By comparison, the parity price of cotton is about 16 cents, the world price about half as much. "Texas must have this program, because it is an exporting state," the commissioner said.

"The new deal farm program is destroying our foreign market by reducing acreage. When production control began in 1933 foreign buyers were growing only 11,000,000 bales. Now they produce 19,000,000. Texas is the big loser.

"I warned Secretary of Agriculture Wallace back in 1934, but he said I was unduly alarmed. The trouble is those Washington men don't know our problems. They don't know cotton from a Jimson weed."

New freight cars on order by the railroads of this country at the beginning of 1938 totaled 7,947 compared with 25,592 one year ago.

To build one modern locomotive, employment is provided equivalent to the work of fifty men for one year.

Democrats of 25 States Hail Garner As Nominee for President in 1940

Western democracy, as represented by top party leaders, looks to Vice President John N. Garner as the logical Democratic standard bearer for president in 1940, E. B. Germany, state Democratic chairman, said when he returned from Chicago.

He attended a conference called by Postmaster General James A. Farley, national Democratic chairman, to meet with national committeemen and women and state chairmen of Middle Western, Western and Southwestern states.

The traditional Jackson Day dinners will be held over the nation Jan. 7, Mr. Germany was informed. Dinner invitations will go to those contributing \$25 or more to the National Democratic treasury. Dallas probably will be the scene of the Texas dinner, but the place has not been selected.

Mr. Garner was the only Democrat spoken of as the possible nominee for president by party leaders of the twenty-five states represented at the conference, Mr. Germany said.

"These men and women thought Garner would get the votes of their states in the 1940 convention," he said. "Understand, Farley never mentioned anything about the 1940 prospects. The matter came up as we sat around waiting our turn to talk to Farley. And Garner was pronounced as their favorite without my bringing up the subject.

"Who will be the vice presidential nominee was the only thing that seemed to be worrying them. Garner was mentioned as the logical choice for president."

President Roosevelt was not mentioned as a third-term possibility, Mr. Germany said. The attitude of the party leaders from the West seemed to be that Mr. Roosevelt is not to be considered unless he injects himself into the picture, due to the tradition against a third-term for the president.

Mr. Germany's findings on Garner's popularity in the section west of the Mississippi are considered significant, in view of the belief that the Middle West will be the real battleground in the 1940 elections. Mr. Germany said he was pleasantly surprised at the unanimity with which Garner was hailed as the 1940 party leader.

Jackson Day dinners will be in charge of the Democratic committee in Texas and other states, Mr. Germany was told. Andrew Jackson's birthday is Jan. 8, a Sunday, so the dinners will be held on the day before.

Only one dinner will be held in Texas. Mr. Germany said he asked Farley to designate Dallas as its location. The affair will honor contributors to the national campaign fund. For each \$25, the donor will be given a ticket. Mr. Germany pointed out that the affair is not a \$25-a-plate dinner but an invitational affair to which only contributors will be invited. The setup will be the same as last year.

President Roosevelt will deliver a Jackson Day address which will be broadcast and picked up at the Texas dinner. The speaker for the Texas dinner will be picked by the national committee. Vice President Garner has been eliminated as a possible speaker by the fact he will be in Washington for the congressional session. Gov.-Elect W. Lee O'Daniel will attend, wherever the Texas dinner is held, Mr. Germany said.—Walter C. Hornaday in Dallas News.

THE AWFUL PRICE YOU PAY FOR BEING NERVOUS

Quivering nerves can make you old and haggard looking, cranky and hard to live with—can keep you awake nights and rob you of good health, good times and jobs.

What you may need is a particularly good woman's tonic—and could you ask for anything whose benefits are better proved than famous Lydia E. Pinkham's Vegetable Compound? Let its wholesome herbs and roots help Nature build up more physical resistance and thus help calm your shrieking nerves, give more energy and make life worth living again.

More than a million women have reported benefit—why not let Pinkham's Compound help YOU, too, to get "smiling lines" trying times like it has other grateful women for the past 3 generations? IT MUST BE GOOD!

Increase Shown In Livestock Premiums

FORT WORTH.—Showing substantial increase in prize money with the addition of a draft horse, jack and mule class, the 1939 premium lists of the Southwestern Exposition and Fat Stock Show, March 10 to 19, are being mailed this week to several thousand breeders, county agents, vocational agriculture teachers, and others interested in livestock breeding and development throughout the Southwest.

Premiums approximating \$30,000 are divided between Hereford, Shorthorn, Aberdeen-Angus herds, and dairy, swine, champion steers and carlot fat steers, boys' livestock show, draft horses, jacks and mules.

Livestock judging contests will again be a feature of the show. In recent years the general livestock judging contest for senior agricultural colleges has attracted

teams from the major agricultural colleges of the nation and has grown into a contest second only to that held at the International Livestock Exposition in Chicago annually. 4-H Club and vocational agricultural activities will again be a feature of the 1939 exposition.

"We are expecting an outstanding livestock show this year," said Secretary-Manager Davis of the Southwestern Exposition and Fat Stock Show. "The top herds of America, attracted to the World's Fair Exposition at San Francisco in February will route themselves into the winter live-

stock shows in Denver, Ogden, Tucson, and into Fort Worth for our show, March 10 to 19."

Why shouldn't I come right out with it? If people want to switch they will. Using Conoco Bronz-z-z they don't want to, and why should they? Just suppose it is 20 degrees colder today and they bought their Special Winter Blend Conoco Bronz-z-z yesterday. Just the same, they can start right up, and they won't lose out on mileage, either—because their Conoco Bronz-z-z is refinery-adjusted according to all the weather records ever made here at this exact time of year. Probably most of my customers don't even think of that, because they just know they can start. That's all—they start. That's what everybody wants—quick-starting—and so that's what I've got here... quick-starting Conoco Bronz-z-z.

GOLDSTON NEWS

(Mrs. M. Grant)

We are having nice weather most of the time and most all are nearly through picking cotton.

There were not very many at Sunday school as some had company and some were gone other places.

Uncle Semer Baggett is visiting old friends here this week. It was decided Sunday to have a Christmas tree and plans are being made.

Mr. and Mrs. W. L. Goldston visited relatives in Clarendon last Sunday.

Several from here attended quarterly conference at Ashtola last Sunday.

Mrs. Monty Garrison and daughter from Vernon visited her parents, Mr. and Mrs. Elmore over the week-end.

Mr. and Mrs. Clyde Hudson are moving to New Mexico this week and last Friday night the community gave them a farewell party at the school house. A large crowd attended. All kinds of games were played and they were presented with a friendship quilt, also a handkerchief shower. Mr. Hudson received 34 and Mrs. Hudson received 39 after which a plat; luncheon was served to all. Every one seemed to have a very pleasant time. We all wish them good luck.

World's most modern tractor

Again MINNEAPOLIS-MOLINE steps ahead and OPENS THE DOOR to a revolutionary advance in farm tractors. OPENS THE DOOR and seats the farmer in a cab as comfortable as that of his modern automobile. Of course, the MM is more than a tractor with a cab—it's a "COMFORTRACTOR" with a cab as much a part of it as the cab on an automobile. There are comfortable cushion seats for two in the roomy air ventilated and temperature controlled cab with a hot water heater in cold weather and air circulation in hot weather. COMFORTABLY seated away from the dust and elements, the farmer has at his command FIVE SPEEDS forward—from a crawl to 40 M. P. H. Gears can be shifted "on the go". The variable speed governor is controlled like a footfeed. Before the operator are the speedometer, ammeter, oil pressure gauge, and water temperature gauge. Almost any convenience he may name is at his command including such luxuries as a radio and a cigar lighter. A self-starter and powerful electric head lights obey his touch. For night work there is a powerful spot light controlled from the cab that can be turned in any direction. Naturally, POWER and UTILITY have not been sacrificed to modern conveniences, and the new Special DE LUXE Model MM Tractor promises performance records as astonishing as its comfort features. SAFETY, TOO, has been a watchword—the Cab is made of Steel. Safety glass has been used throughout. Vision is excellent.

SOCIETY

DORCAS ALATHEAN CLASS ENTERTAIN HUSBANDS

The members of the Dorcas-Alathean class of the First Baptist Church entertained their husbands Monday night with a lovely Christmas party at the club-rooms.

The guests were welcomed into the beautifully lighted and decorated rooms by Mesdames H. T. Burton and Walter Lowe. The party was begun by carol singing by the entire group. The lights were then lowered while Mesdames U. Z. Patterson, Elvis Burch, Carl Peabody and Robert Miller sang "Silent Night" softly, followed by a prayer by Rev. J. Perry King.

A delicious two-course dinner was served, after which progressive "42" was enjoyed throughout the evening. Gifts were given out later. The class presented a gift to Mrs. H. T. Burton in appreciation of her work as teacher and a quilt made by the class was given Rev. and Mrs. J. Perry King. The delightful affair was closed with carol singing.

Those present were Messrs. and Mesdames Ralph Andis, Darrell Ballew, Louie Thompson, Carl Peabody, Byron Armstrong, Marvin Warren, R. W. Moore, Guy Pierce, Henry Tatum, U. Z. Patterson, Verna Lusk, Elmer Palmer, McHenry Lane, H. A. Harrison, Bill Bromley, Marvin Land, H. T. The Pathfinder club will hold an open house program Friday night at the Baptist Church at 7:30 p. m. to which the public is cordially invited. The hostesses for the meeting will be Mesdames J. W. Evans, H. T. Burton, R. Y. King, C. B. Morris and C. A. Burton. A Christmas motif will be used throughout the program.

The following program will be given: Leader, Mrs. Dishman; "Silent Night," audience; Scripture reading; sextette, "Our King," Rolette, Mesdames Heath, Word, Thompson, Warren, Braswell, Dishman; "He Shall Feed His Flock," Mrs. Howze, from the Messiah; "Come Unto Him," Mrs. Heath; story, Mrs. Cox; sextette, "Hark, Hark My Soul," Mesdames Heath, Powell, Word, Warren, Howze, Braswell; "O, Little Town of Bethlehem," audience.

MUSEUM CONTINUES TO ADD EXHIBITS

The Donley County Museum continues to open its doors to the public on Monday afternoons. The following additions to the exhibits have recently been made: A sandal wood fan was presented by Mrs. J. W. Evans. A picture of the house where Stephen C. Foster wrote "My Old Kentucky Home" was given by Mrs. J. T. Sims. Mrs. Cap Morris gave an old kerosene oil lamp and a strip of rag carpet for the pioneer bedroom. A hearth-stone from the home of J. C. Scoggins which was erected in 1890 near the J. A. ranch was placed in the Museum by Rev. Arthur Scoggins when he was here recently.

Mrs. L. S. Bagby, custodian of the Museum, is eager to secure as an exhibit a Confederate uniform and will be glad to receive one complete or in part. A cedar churn bought in Quincy, Ill., in 1870, and used continuously until 1936, by the Herzmeyer family was given by them to the Museum this week.

JR. ART CLUB HAS CHRISTMAS PROGRAM

The Junior Beaux Art Club enjoyed a Christmas program at their regular monthly meeting Thursday afternoon at the club rooms. Mrs. Jeanice Weatherly, Jo Word and Frances Grady were hostesses for the afternoon.

The meeting was opened with the group singing Christmas carols. Jo Word and Frances Grady read two poems by Homer Charles Speed, "Time" and "The Hitchhiker." Ethelyn Drennan told a Christmas story.

Following the program, a Christmas tree with exchange of gifts was enjoyed. During a business session, results of the art exhibit were discussed. About \$18 was taken in from this and will be used to purchase pictures for the grade school.

Delicious refreshments were served by the hostesses.

METHODIST PASTORS ARE HONORED AT RECEPTION

The new Methodist pastors and their families were honored Wednesday night with a reception at the church, given by the members. Those honored were Rev. and Mrs. George Palmer, Rev. and Mrs. H. C. Gordon, Rev. and Mrs. J. A. Walker and Rev. and Mrs. Porterfield of Amarillo, assistant pastor of the San Jacinto church. Mrs. Porterfield is the daughter of the Gordons. Others in the receiving line were Judge and Mrs. J. R. Porter, Mr. and Mrs. Sam M. Braswell and Densil Davis.

The rooms were attractively decorated with growing plants and the serving table was in green and silver. Misses Mildred Martin and Mantie Graves presided over it. An enjoyable program of songs, readings, piano solos, and conversational games was given. A large crowd attended during the evening.

1936 NEEDLE CLUB HAS CHRISTMAS PARTY

The member of the 1936 Needle Club enjoyed a Christmas party Tuesday at the home of Mrs. Mozelle Wright with Mrs. Mildred Ritter as assistant hostess.

Games of Chinese checkers were played during the afternoon. Christmas gifts were exchanged. The house was colorfully decorated in seasonal scheme.

A salad course was served to guests, Mesdames Fred Russell, Elvis Burch; members, Mesdames Josie Peabody, Marguerite Carpenter, Frances Hilliard, Nadine Whitlock, Betsy Landers, Maggie Hunt, Hazel Lusk, Nora Decker, Mabel Andis, Glen Kirby.

"THE YEARNING" IS BOOK CLUB REVIEW TUESDAY

The best-selling novel, "The Yearning," by Marjorie Rawlings was reviewed for the Book Club Tuesday at their regular meeting by Mrs. Mary Thornberry. Mrs. Beatrice Anrobus led the program. The book is the story of a young boy in the Florida swamps.

A short business meeting preceded the study.

Refreshments were served by the hostess, Mrs. Jennie Dale Porter and Mrs. Sammie Stewart to three guests, Mesdames J. T. Patman, J. H. Morris and W. C. Dickson of Memphis. The following members were present: Mesdames Lena Morris, Laura Penick, Alta Lane, Virginia Bryan, Edith Ballow, Edith Maher, Jo Knorpp, Dorothy White, Dewey Clifford, Clotzel Ray, Thelma Bairfield, Janie Lowry, Jewel Grady, Lelia Mac Smithy, Dalene Bagby, and Misses Edgar Mae Mongole, Temple Harris, Charlotte Molesworth.

MORROW-EASTERLING

Mr. Roy Morrow and Miss Margaret Sue Easterling were married Saturday night by Rev. J. Perry King. He is the son of Walter Morrow of Ashtola and the bride's parents are Mr. and Mrs. J. C. Easterling of Martin. She is a graduate of Clarendon High School and attended Junior College. She will complete a beauty course in Amarillo. He is employed at Hommel's.

SENIOR ART CLUB STUDIES MUSIC

The Senior Beaux Arts Club held its regular meeting in the club rooms Friday afternoon. The program for the afternoon was ably led by Mrs. Frank White. She gave an interesting exposition of Indian music. Mrs. Millard Word gave an extensive history of Indian music and illustrated themes of its by excerpts played on the piano. Mrs. W. G. Word sang two songs by Cadman, the noted interpreter of Indian music, "At Dawning," and "In the Land of the Sky-Blue Water."

Mrs. George Bagby was received into membership.

A Christmas motif carried out in the refreshment plates which were served by hostesses, Mrs. M. R. Allensworth and Miss Temple Harris.

KILL KARE KLUB ARE GUESTS OF MRS. HARRIS

Members of the Kill Kare Needle Klub were guests of Mrs. Harris at their regular meeting Thursday afternoon. The usual sewing and conversation occupied a pleasant afternoon.

One guest, Mrs. R. E. Miller, was present and the following members, Mesdames Lon Rundell, Eva Draffen, W. B. Sims, W. A. Massie, J. Perry King, F. A. White, Sam Lowe, W. A. Land, J. R. Bartlett and Misses Etta and Ida Harned.

FIRST BAPTIST CHURCH There Is Always Worship—Fellowship—Service

Jesus did not come into the world to make life easy; he came to make men great. The Christian religion is not easy nor popular, because it is in direct conflict with the world. Had Joseph yielded to temptation and taken the easy path he could have stayed out of jail, but he never would have ruled Egypt. No monuments have ever been erected to people who were satisfied to just drift along. Men were born to be leaders, not slaves. The trend of the day is toward slavery and dictatorship. Our liberties are being taken away from us because of our inactivity. We must be alert and active if we would achieve life's leadership. We must take the blocks which fall across our paths and build houses of them instead of giving up and pining away in the midst of a seeming impossibility. Pioneering is not a thing of the past for the Christian and Christianity. It has just begun. Those who remain steadfast now, and lift high the standard of Christian living will be the world's heroes tomorrow. Do not treat

lightly your church relationship. The First Baptist Church will be happy to have you in all of her services Sunday.

EDITOR'S CORNER

Up to this year the lettermen of CHS have been required to buy their own sweaters and letters. That is not a very good plan as anyone can buy a sweater that wanted to while some of the lettermen were not able to do so. The sweaters and letters have already been ordered this year they are coming C. O. D., and as yet we don't have the money to get them out of the express office. Mr. Mulkey is giving us a benefit show the 15th and 16th of this month. That will help a lot if the student body and patrons of the Bronchos will buy tickets to that show. It is a good show and certainly for a worthy cause. Here's your chance boys to get a date with that girl that you haven't had the nerve to ask for a date up until now. Take her to the show with the tickets you buy from the football boys.

BAND TO PLAY CONCERT

A concert will be given by the Clarendon High School Band in the College Auditorium Thursday night at 7:30 p. m. The band is composed of over 35 members. They will be assisted by several students of Mrs. Bryan. A wide variety of numbers will be offered by the band along with several solos. The town and the students of the school are invited to attend.

CHS Has Pair of Self-Made Twins

C. H. S. students can well say that they have a set of self-made twins in their midst. The twins are Rowena Smith and Imogene Mayo. There is only five months and four days difference in their ages, Imogene being the older.

Both girls were born on Clarendon farms, not a great distance apart. They entered the first grade together and have been together almost continually since. They both make excellent grades, and practically the same ones.

Press Club Sent Journalism Book

The Press Club held its regular meeting after school Monday. The subject of the program was newspaper story leads. This was discussed by Glenna Deal, Billie Horton and John Burton King.

A bulletin on the principles of journalism together with a letter was received from Avis Lee McElvany, who is a former editor of the Broncho Range and is now a senior in the University of Missouri school of journalism. The letter follows:

I noticed on last week's Broncho Range an account of the Press Club meeting and it just dawned on me that you might like to have one of our Deskbooks for those interested in journalism as a profession. It might even make an interesting subject for one of the meetings. This little book is the Bible of every student in jay school. It is the only text used in reporting, copy-reading, and news classes. Before the first semester is over, the average student can quote long passages from it. The really remarkable thing about it is that everything in it is something we already know and yet these things, simple as they seem, are the very foundations of good journalism. The Journalist's Creed on the front page was written by Walter Williams, who founded the School of Journalism and served as dean until he died in 1928, I think. I hope you can use the book and that some of the "writers" will find it interesting. Sincerely yours, AVIS LEE M'ELVANY.

The two pupils in Mrs. Headrick's room who won the picture show awards are Jo Veta Maxey and Clyde Price, Jr. Alveda Martin is a new pupil in Miss Polk's room. She moved here from California. The pupils in Miss Cross's room are planning a Christmas play. Thomas Holligan is to be Santa Claus. All the children that have been absent from this room have returned. This room is studying letter writing. Here is the best letter written, by Mary Helen Tankersley.

Clarendon, Texas, Dec. 2, 1938.
Dear Juanita:
How are you getting along? I wish you could come to see me sometime. We would have a good time. What are you going to get for Christmas? I liked to go to the clubroom and look at the picture. I like school. Do you like school? I have never been a pig. I hope I never will be a pig.
Your friend,
Mary Helen Tankersley.

In Miss Stephen's room Donna Rae Bryan made a free hand poster representing Christmas. This room is planning a Christmas play.

All the pupils in Mrs. Prewitt's room who have been picking cotton have returned. There is a new pupil in this room. Gayle Ferguson is a new pupil in Miss Mongole's room. A Christmas play is being planned in this room. Most of the pupils who have been absent were back Monday morning.

Mrs. Hart's room won the picture presented by the Beaux Art Club. Fourth and Fifth grade boys had a football game Thursday afternoon. The score was 6 to 6. Mrs. Penick's room have added four new books to their library. Gene Gordon is a new pupil in this room. Frankie Ann Robins went to the Beaux Art Club exhibit last week.

HEARD

That Lella Ruth Buchanan is bashful. That Elmer Joe Hays is mother's little helper, a real good cook, and quite a ladies' man. Joe, how do you do it? Yvonne Smith saying, "Well, just guess what I did last night?" Charlie Murphy said he wanted a date with a blond senior girl. That Memphis is gaining favor in Clarendon. Well, well, well. How about that, Dona?

GOSSIP BY ALERT REPORTER

Captain Colie Huffman is now captain of the powerful Katrinka. Billy Headrick's dream girl has at last been discovered. Confidently it's Shirley Temple. Commander J. Grady sometimes gets very tired — when he does Sergeant R. Palmer takes over. We wonder why Forrest Adamson makes such a hit with women. Why Max Wilson is known as a squeezed lemon. What chance a man has at school if he is not the proud possessor of a pair of boots. What is it that Root Reed has that we haven't got?

LISTENING IN ON ASSEMBLY

A bit of Christmas spirit entered into the assembly program last Friday. Mrs. W. G. Word announced that a community Christmas tree would be held this year on the courthouse lawn. A number of Christmas songs, "Up On the Housetop," "Jingle Bells," "It Came Upon the Midnight Clear," and "Silent Night," were also sung. One of the chief highlights of the program occurred when Mr. Drennan, in telling about the broadcast from Amarillo Thursday, declared that there was no body in the studio when they broadcast. Was it remote control or just another of those unsolved mysteries?

June McMurtry was asked to play the piano solo she had played the day before, but she substituted "Stardust." Not that anybody minded the substitution. After a talk to the students by Mr. Burton, followed by some announcements, chiefly one concerning the benefit show to be held to help buy the football sweaters, the curtain rung down on another assembly program.

GOSSIP BY THE ALERT REPORTER

Marie Bain and Root Reed are really that way about each other. Ethlyn is really jealous. L. B. Hartzog is our new "Country Sheik." Raymond Woods is still having heart trouble. James Hott was voted the silliest boy in school last week. Jack Reeves was a close second. We wonder why Ray Palmer dislikes apples.

Warren Hardin has a serious attack of love. We believe that the object of it is Zackie Salmon. Joe Hays is often heard muttering the following to himself: "That red-headed woman is killing me." Jimmy Lumpkin asked that the following be run in the BR: "I am tall, dark and handsome. I am an agreeable person, even if I am dumb. I am very lonely and want a blond companion."

Why is Dan Boston always sorry because he visits Joe Hays too long in the first period study hall. Is it because he thinks maybe he'll get to visit again someday?

Are we juniors just naturally dumber than either the sophomores or seniors, or was it because our home room is a study hall that Mr. Drennan put that slogan on the board. Does Jack Rogers really go to sleep or does he just doze in Miss Cope's civic class. How many watches has Weldon Warren promised to buy for the girls? You are gonna have to get a better payin' job than a soda skeet, Weldon.

Has anybody watched J. D. Campbell make all those funny little marks? Do you reckon he's really learning to play the clarinet. We still see some Juniors with a literature book in one hand talking to themselves. We just can't seem to get that Lincoln, the Man of the People over with.

Joan Smith reading love letters. Dona Adams at school on time. Allen trying to learn to count. Several students writing to Santa Claus. Billie Latson dodging chalk. A beautiful diamond on June's finger.

Take Time To Make Time

By T. C. RICHARDSON, Secretary
Texas Breeder-Feeder Association

These long winter nights may be so used as to save time and labor next summer when the growing season demands that every hour and every stroke of work be made to count. There will be no time for thoughtful planning then, but thoughtful planning now will pay large dividends later. Whether there is a government program or not, and whatever government program may be in effect in 1939, forehanded farmers lay out the major lines of their year's operations ahead of planting season.

In every community may be found farmers who thrive better than their neighbors under the same conditions, and in every case, whether or not they consciously sit down and map out a system of farm management, it will be found that their thrift is not luck, but good judgment in making the best possible use of their facilities and utilizing the available labor to a better advantage. In its simplest terms good farm management is "man use plus land use."

Certain crops call for a peak of labor at the same time, and if they are not to suffer from neglect, labor has to be hired. This is a cash outlay which must be deducted from the gross profits from saleable products, reducing the farmer's own net returns proportionately. Good farm management plans for spreading the operator's own labor over a longer period, and this involves crop diversification. Crop diversification to be successful demands livestock to utilize the feed crops, and livestock grow, multiply and produce while the operator sleeps.

By planning ahead, a succession of grazing crops to be harvested by the livestock themselves may be provided, and under normal conditions some sort of green grazing may be had throughout the year in most of the Southwest. This is well illustrated on the W. F. Glenn farm, Grayson

county, Texas, where sheep and cattle graze the year round. The cotton and corn fields are grazed in fall, volunteer oats sometimes are also available. Fall sown wheat and oats furnish grazing throughout the winter, rye grass takes up where the grain fields leave off, and by the time rye grass seeds die down, native pastures and Sudan grass are ready to furnish summer grazing.

There is more to planning, however, than pastures, and one of the most constructive moves toward more profitable farming in the Southwest is the county planning programs worked out by farmer committees with the technical help of extension, experiment station, and vocational education forces.

In the State Fair at Dallas a striking exhibit was that of Hill county (Texas) which showed the enhanced returns from practical and scientific planning and set a goal for the planning of every farm in the county by 1940. Doubtless other counties have adopted a similar program, and where they have, the farmers who first cooperate will be that much ahead of their neighbors.

It is not necessary, however, to wait until there is a county-wide planning program, and the individual farm family, after all, must plan according to its own resources and abilities. Helpful bulletins can be had from the agricultural colleges on request, and they will well repay careful study during these long winter nights when there is plenty of time to read and digest the information they supply.

County agents, vocational agriculture teachers, the Farm Security Administration will help those who wish to help themselves by planning ahead.

Vegetables contain vitamins that are necessary for body building, good digestion, and appetite. They regulate body processes and safeguard against infection.

Rubber was so named by Joseph Priestly, the English scientist, who in 1770 discovered its usefulness for erasing pencil marks.

LIBRARY NOTES

(By Mrs. C. A. Burton)

The New York Herald Tribune "Books" for the past week gives first place as a best seller to "Rebecca," by Daphne du Maurier, followed by "All This, and Heaven Too," by Rachel Field, with "The Yearling," taking third place and "My Son, My Son," by Howard Spring coming next. We have just placed this in our library the past week. Laura Krey's "And Tell of Time," which we purchased when it first came out is still a leader. "The Citadel" and "Gone With the Wind" are still on the list, too, while Anne Morrow Lindbergh's "Listen, the Wind," leads the non-fiction. S. S. Van Dyne has a new murder story, "The Gracie Allen Murder Case," and Francis Brett Young presents his public with a new story, "Dr. Bradley Remembers." Mazo de la Roche of "Jalna" fame has a new book also, "Growth of a Man."

In California 48 of the 58 counties in the state have county-wide, well supported libraries. Texas, with her 254 counties has 22 county libraries. The Texas county library law is based on the California law and the agricultural and industrial conditions are similar, so the possibilities of Texas libraries are similar. But when will we catch up? However, progress is being made along library lines. The Texas Libraries Bulletin mentions with justifiable pride the new \$275,000 library building of Texas Tech at Lubbock which was ready for occupancy as school opened; the \$100,000 library building recently completed at the College of Mines at El Paso into which the 27,000 volumes of their library has been moved; the \$40,000 county library building of Tom Green county, which was the gift of Mrs. Sol Mayer of San Angelo; and the \$7,500 Emmy Faust Memorial Library in New Braunfels. This was the gift of Mrs. Emmy Faust, a daughter of the late Herman Seele, the first German school teacher west of the Mississippi river.

And coming nearer home the daily papers this week announce the beginning of a library building at Borger which is a branch of the newly acquired Hutchinson county library. The Borger building will be an abode of Spanish style, housing an auditorium, meeting rooms and kitchen in addition to the library and will be built with WPA help.

It is predicted by those who claim to be in the know "that Sinclair Lewis will not prove a success as an actor, even though he is said to have been fairly successful in his two summer appearances in his production, 'It Can't Happen Here,' given in two New England theaters." He has announced his intention of starring in a new play which he has written, called "Angela Is Twenty-Two." It is the story of a doctor who falls in love with one of his patients. Mr. Lewis, who, it is said, likes to be called Red, explains that the play is "a love story which is a pentagon rather than a triangle." It takes place in a fair-sized American city not designated. His "Dodsworth," "Main Street" and "Elmer Gantry" have all proven popular as dramatizations.

Mr. Lewis' wife is Dorothy Thompson, popular political columnist and lecturer and they live in a beautiful home in Bronxville.

Watch Your Kidneys

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—to remove impurities that, if retained, may poison the system and upset the whole body machinery. Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder may be burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

DOAN'S PILLS

A new book by William Allen White, Topeka's veteran newspaper man and author, is "A Puritan In Babylon—the Story of Calvin Coolidge." Mr. White presents Coolidge as an honest, courageous, and yet bewildered man, whose virtues were those needed for another era than the period of gorgeous prosperity during which he was president. He is described as "small-town individualistic, rural to the core, living within a wall of harsh Puritan reticence; a shrewd and cautious man but not a strong one."

Another book which is getting the attention of the critics is "That's My Story," by Douglas Corrigan or "Wrong Way Corrigan." It is described as an epic of youth, life, adventure, the story of the young man who caught the imagination of an admiring world with his amazing "wrong way flight." As the title shows, it is an autobiography in which he tells the story of his boyhood, his dreams, his hardships and accomplishments. Still another book which is as

interesting as fiction is "Queen Victoria's Daughters," by E. F. Benson. E. F. Benson's father was Archbishop of Canterbury during Queen Victoria's reign and because of this background and because of English history, both past and present, and his personal contact with England's great, Mr. Benson is specially fitted to write the story of Queen Victoria's daughters. "Through her oldest son, Victoria secured a dynasty of England. Through her daughters she became the grandmother of Europe, supplying three major thrones with an emperor, an empress and a queen of whom the first and last are now exiles from their former realms, Germany and Spain, and the second was murdered with her entire family by the revolution that initiated a new social order in Russia."

Mr. Benson, in his volume, recounts the lives of the five princesses from their birth, telling of their education, along the lines laid down by their father, their

personal dispositions, their pleasures, and their love, mingled with awe, for the mother who was also their queen. The eldest daughter, Princess Victoria, married Frederick, Crown Prince of Prussia. The second daughter, Alice, married the Grand Duke of Hesse. She died young from diphtheria contracted while nursing her husband and children who were ill of the disease. Her daughter married Tsar Nicholas II, and was the last Tsarina of Russia. Princess Helena married Prince Christian of Schleswig-Holstein, Princess Louise became Duchess of Argyll and Princess Beatrice married Henry of Battenburg, and their daughter became Queen of Spain.

Sinclair Lewis' son, Wells Lewis, who is a senior at Harvard, has written a first novel called "They Still Say No," which will be published next spring.

Monte Harris, editor of the San Antonio Express and champion of state aid for libraries, will speak to those interested in library work in the 31st Senatorial District on Dec. 17th, in a meeting in An-

arillo. Howard Spring, author of "My Son, My Son," is a critic for the London Evening Standard and is writing another novel. He has written his publishers, the Viking Press, that the Atlantic Monthly will publish "Heaven Lives Above Us," in three installments, beginning in January. It is an account of Mr. Spring's childhood.

A. H. BAKER RITES HELD TUESDAY AFTERNOON

PIONEER CAUGHT LAST OF WILD BUFFALO ON TEXAS PLAINS

Funeral services were held Tuesday afternoon, Dec. 6, for A. H. Baker, 69, credited with having roped the last wild buffalo on the Texas Plains.

Services were held at the First Presbyterian Church, conducted by Rev. Robt. S. McKee, assisted by Rev. J. Perry King.

The body arrived early Monday night from Mineral Wells where Mr. Baker died Sunday night after a long illness.

Mr. Baker came to Texas from the Oklahoma land rush after filing on a section where the present town of El Reno now stands. Arriving in Sherman county as its second citizen, he caught and sold wild mustangs and gathered buffalo bones for his livelihood before returning to his native Missouri because of his father's ill health.

Baker's next stop was in Hutchinson county and he filed on land on the banks of Dixon creek, which he held until August, 1916. He recalled how the mother pool of oil flowed on his old homestead, and how one of his pals skipped with his entire remuda while they were in Oklahoma's no-man's-land. After walking seven miles to obtain a horse, Baker followed the thief by "cutting trail" to Colorado, where he recovered the animals.

Baker was born April 11, 1869, at Grand Prairie, Mo., and returned to his native state to marry his school-day sweetheart in 1896.

The deceased was a former district clerk and drug store owner here, and was engaged in the real estate business at the time of his death.

He is survived by his widow; two daughters, Mrs. Marion Cox

J. G. McDUGAL DIES SUNDAY IN MEMPHIS HOSPITAL

HEDLEY FOUNDER AND BANK PRESIDENT FOR TWENTY-FIVE YEARS

J. G. McDougal, 66, Hedley banker, died Sunday morning in a Memphis hospital after a major operation and serious illness.

McDougal had lived in Donley county about 37 years. He was a co-founder of the town of Hedley and had been prominent in civic affairs there and in the county. He was founder of the Security State Bank of Hedley and was president of it for 25 years.

McDougal was born Jan. 12, 1872. He moved to the Indian territory from Kemper county, Miss., in 1890 and to Texas in 1901. He married Miss Mattie Pyle about 30 years ago. She died in August this year.

Funeral services were conducted from the First Baptist Church in Hedley at 2 p. m. Monday, with the pastor, Rev. M. E. Wells, officiating. Interment was in the Hedley cemetery.

Survivors include three brothers, Dr. L. L. McDougal of Boonville, Miss., T. S. McDougal of Wasilla, Alaska, and S. E. McDougal of Guntown, Miss., and one son, Tom McDougal of Hedley and two grandsons.

Mr. and Mrs. Dick Lanham announce the birth of a daughter at the Adair Hospital Wednesday.

Mrs. Ida Couch has returned home from Memphis.

of Panhandle and Mrs. Henry Tice of Mineral Wells, and one son, Robert, of Los Angeles.

Pallbearers were W. A. Land, J. C. Estlack, C. J. Douglas, A. J. Parker, Roy Clayton and A. L. Chase.

Interment was in Citizens Cemetery.

There is no
More Human Place
than a

BANK

In spite of the large amount of business it must complete in a day, and in spite of its usual marble and metal, brick or stone appearance, the average bank is an exceedingly human place.

Bank accounts are storehouses of hopes, ambitions and safeguards. Checking facilities are more than conveniences—necessities, in fact—to going businesses and to those individuals whose health or occupation makes it impossible for them to get around to pay bills in person. Safe deposit boxes alone could tell a powerful story of treasured keepsakes, memories, homes protected by insurance.

All in all, a bank is closely mingled with the lives of the men and women who make it their financial home. This bank is one where you are as wholesome as in your own home.
