When, Where, and How Taxes Are to be Paid

Taxes due on a return filed for the calendar year 1942 may be paid in full at the time for the filing of the return or before March 15, 1943. The tax may, at the option of the taxpayer, be paid in four equal installments instead of in a single payment, in which case the first installment is to be paid on or before March 15, the second on or before June 15, the third on or before September 15, and the fourth on or before December 15, 1943.

district in which is located the taxpayer's legal residence or principal place of business in the United States, then to the collector of internal revenue at Baltimore, Maryland.

In the payment of taxes a fractional part of a cent is to be disregarded unless it amounts to one-half cent or more, in which case it shall be increased to one cent.

The tax due, if any, should be paid in cash at the collector's office, or by check or money order payable to "Collector of Internal Revenue." In the case of payment in cash, the taxpayer should in every instance require and the collector should furnish a receipt. In the case of payments made by check or money order, however, the canceled check or the money order receipt is usually a sufficient receipt.

Mrs. G. T. Palmer has returned home from a visit with her daughter, Mrs. Ernest Shepherd and family at Vernon.

Mr. and Mrs. Geo. McCleskey spent the week end visiting relatives at Weatherford.

21 Million War Ration Books Two Now Ready For Distribution

Approximately 21 million War Ration Books Two are now in the hands of nearly 800 local war price and rationing boards in Louisiana, Texas, Arkansas, Oklahoma, Kansas and Missouri, ready for distribution to consumers during the coming week.

It is a gargantuan task that will require the patience and cooperation of every consumer and every business man. It will require the help of thousands of volunteers—school teachers, civilian defense workers, local rationing board volunteers and other public-spirited citizens.

Despite the immensity of the task, despite the long hours that many have worked on the program, and despite the inevitable complicated angles, the registration procedure for the consumer is a simple 10-minute task.

So, just remember, if your neighbor comes home with a "red hot tip" that they are going to start rationing clothes tomorrow, you remind him that it takes months to print 130,000,000 ration books and it takes months to print

other necessary forms. The problem of distribution itself is one of tremendous magnitude. The authority to ration anything must first be given the Office of Price Administration by the War Production Board, which determines where our shortages are and where they are likely to be.

Scare-buying of clothes during the past week only serves to emphasize the fact that we should quit listening to rumors. People on the Home Front should understand that the American people are not going to starve and they are not going to be without clothes.

The rationing of shoes, which began on Feb. 9, was ordered because for several months civilians have been buying shoes at a rate faster than manufacturers could make them and at the same time keep our soldiers and our sailors supplied—and the armed services, which require a huge number of shoes, come first.

Under the shoe rationing plan, three pairs of shoes will be made available during the next 12 or 13 months to every man, woman and child in the country.

WAAC Enrollment Falling Short Of Present Demand

A West Texas woman, now a 1st Lieutenant in the Women's Army Auxiliary Corps and stationed at Fort Des Moines, wrote the following to a Lubbock WAAC Recruiting Officer:

"Every few days new calls from all points of the nation with new jobs for WAACs. The demand far exceeds the present enrollment. We are mighty proud of the response West Texas girls have given the call of their country and we know they will continue to heed the call until, through our united efforts, Victory is ours."

Texas as usual are in the front ranks doing the job. Governor Stevenson has urged Texas women to heed the call of our country. Texas has between 300,000 and 400,000 men in the service of Uncle Sam.

The West Texas United States Army Recruiting and Induction District has been asked to furnish 534 WAACs by March 31st. Donley County has been assigned a quota of 6 women. To date Donley County has enrolled 3 of this quota.

Women desiring information concerning enrollment in the Women's Army Auxiliary Corps should contact the nearest American Legion Post or any U. S. Army Recruiting Station. Complete information may also be had by writing to the U. S. Army Recruiting Office in Lubbock.

Miss Shirley West left Saturday night for New Orleans where she will visit her brothers who are in the service.

Mrs. Jack Killough has returned from Amarillo where she has been for her health in care of a doctor.

Careless Farmers Are Saboteurs

Schenectady, N. Y., Feb. 14—Farmers who are careless in 1943 will be sabotaging the food production program, J. E. Long, superintendent of safety for the Delaware and Hudson Railroad Company, Albany, N. Y., declared in a General Electric Farm Forum address here.

One-fourth of all occupational accidental deaths happen on farms, according to Mr. Long, who was president of the National Safety Council from 1933 to 1935. "Farm families everywhere must realize that it is patriotic to prevent accidents—that they are really helping win the war every time they prevent an accident to a man or a machine."

"Thus it becomes immediately apparent why we cannot afford 16,500 accidental deaths among farmers and their families, which was the total for 1942."

Mr. Long, at present a member of the national executive committee of the National Safety Council, also said that special care should be taken at railroad grade crossings, where nearly 2000 people were killed last year.

That Extra Something! ... You can spot it every time
Andre Kostelanetz, in "The Pause That Refreshes On The Air", broadcast every Sunday afternoon for Coca-Cola, brings you music with distinction. His listening audience is counted in millions. It's the extra touch Andre Kostelanetz gives to music that gives this program a character all its own. Coca-Cola, too, won distinction by giving folks something extra in refreshment.
Raise a frosty bottle of Coca-Cola to your lips. Where else than in Coca-Cola itself will you find this unique taste? It more than quenches thirst. It adds refreshment... refreshment that goes into energy.
Fifty-seven years of experience and skill, with choicest ingredients—create a quality in Coca-Cola that never loses the freshness of its appeal.
* * *
Wartime limits the supply of Coca-Cola. Those times when you cannot get it, remember: Coke, being first choice, sells out first. Ask for it each time.
Intermission for musicians means a trek to the Coca-Cola cooler. These artists look to the pause that refreshes for quick energy, complete relaxation. Ask your musician friend what drink he prefers!

ASSETS.
Having been told that a man having as many as four kids was exempt from an income tax if he didn't make over two thousand

the past year, a local man who has eleven, is dunning Uncle Sam for pay, on the same score. He said: "If the old Uncle figures that one kid exempts a man for \$350, he owes me for eight of them and it will take \$2800 to square him."

HISTORY.
It is said that Hitler's war is the biggest thing of the kind ever started in a saloon.

BUSTED ORGAN.
Gen. Picolo of Italy has been kicked out of the war council. Just another guy to find out that he has played his last tune.

OLD FOGEY.
The Old Apostle is passing another milestone this week. Sunday, he got a number of reminders, all of them worth while. The things he appreciates most are

those made by little hands. There is a volume of affection wrapped up in even a tiny handkerchief when it is made by a wee granddaughter. How old? Anywhere from 18 to 81. It all depends on how the old man feels when the question is brought up. After all, it has been wonderful to have lived all these years in the best part of the world among the best people that God ever made. Give me

the old-time westerner every time.

VERBOSITY.
The source of most troubles in the world can be found in the fact that somebody talked too much.

OUR WEAKLY POME.
Mrs. Farmer came to town To do week-end buying. She took change in savings stamps, Just to keep 'em flying.

GENEROUS.
It is estimated that the country weekly of sober mind and thought gives 25 percent of its space and effort to the prosecution of the all-out war. There is included in the week's all-out aid to bond sales, enlistments, scrap drive, Red Cross, Salvation Army, U.S.O., WAACS, to say nothing of the Boy Scouts, church and school promotions. Your Donley County Leader considers this opportunity to help as a special privilege, rather than a duty. There will be no slacking all the way down the line to full and complete surrender—"unconditional surrender of the enemy."

Now then, folks, thanks a lot for the kindly remembrances of a simple birthday of a plain American. You made it a gladder day, and a much happier day. Thanks too, for the letters. It all goes to help one keep up courage. This would be a dreary old world if one had to sit down and think. Just think that nobody cared.

MIDWAY
Mrs. John Goldston

Mr. and Mrs. Glen Williams and daughters Misses Jane and Mary Ellen were dinner guests in the J. A. Meaders home Sunday. Leslie Pickering who is in the navy arrived here the past week on a furlough. Ida Mae Williams spent the week end with Betty John Goldston. Mrs. Gamble was in the hospital in Clarendon several days the past week. She is reported some improved but still confined to her bed at home. Loyd Moreland is improving, having part of the cast removed from his leg the past week. Dick Tomlinson Sunday night and Monday. (Too late for last week's issue)

We farm people are wondering just how this farm labor program is going to work out. We heard over the radio one senator had a plan. He said the farm people would have to get up earlier and work a few hours later than usual. Now we just wonder if this Senator has ever gotten up at four in the morning, 365 days out of the year, carried a lantern to see how to milk the 4, 6 or 12 cows, feed a bunch of hogs and hens, serviced his tractor or harnessed his team and off to work in the field at whatever was to be done at that season—before the City man had had his two cups of coffee—then when darkness began to form, come in, milk, feed, etc., finishing about ten o'clock that night, as the farm people do; if so how many more hours out of the six left of the 24 would he work?

Midway farmers are having their corn shelled this week. Beginning at the W. K. Davis home, the sheller will go on to the Goldston farm, then to the Jones, where work will have to stop until the corn is gathered out of the field. On account of labor shortage, the farmers have had a time getting their corn gathered, and on the Jones farm, the farmers have had to go in and gather the crop as no other labor could be found.

Sgt. Marvin Jones of Lubbock was here over the week end, attending to business and visiting his mother.

Sgt. Marvin Jones and mother visited in the W. K. Davis home Sunday morning.

Mr. Davis is looking after the gathering and shelling of the corn for Sgt. and Mrs. Jones.

Mr. and Mrs. Herbert Johnston moved to their farm at Goldston the past week. H. E. and Mr. Johnston spent Friday night with the Longans, while moving.

Mr. and Mrs. Cecil Beach of Plainview and Mrs. Elizabeth Evilsizer of Amarillo spent the week end in the Longan home.

Mrs. A. B. Stephens and baby, who has been visiting her mother returned to her home with Mr. and Mrs. Beach Sunday.

Mrs. Evilsizer remained over for a week with her sister, Mrs. Longan.

Mrs. Longan is improving after a spell of illness.

Odus Koontz is staying with his sister, Mrs. Swinney in Clarendon. Odus is ill with rheumatism fever, and will not be able for months to work.

Mr. and Mrs. Nelce Robinson entertained Sunday with a birthday dinner. Guests were Mrs. Edith Longan, Mr. and Mrs. Cecil Beach, Mrs. Evilsizer, Mrs. A. B. Stephens, Mr. and Mrs. J. C. Longan of Hedley, Miss Bobby Watts of Ashtola.

Mr. and Mrs. Ben Andis of Amarillo were supper guests in the Roberson home Sunday eve.

Guests in the John Goldston home Sunday for a birthday dinner were Mr. and Mrs. LaVern Goldston and boys Freddy, Jimmy and Jerry of McLean, Mr. and Mrs. Gene Chamberlain and son Johnny of Memphis. Afternoon guests were Mr. and Mrs. John Chamberlain and Ben. Mrs. Will Chamberlain and daughters.

Mr. and Mrs. Gene Chamberlain and Ben Chamberlain went to Amarillo Sunday afternoon, Gene Chamberlain going to the hospital for a tonsil operation on Monday.

Loyd Moreland is slowly improving. The Dr. removed part of the cast last Friday.

Mr. and Mrs. W. D. Higgins, Marguerite Cole and son, Mr. and Mrs. Dick Tomlinson and Mr. and Mrs. John Goldston visited with Mr. Moreland Friday evening.

Betty John Goldston spent Sunday night with Ida Mae Wiedman. Mrs. Everett Stevenson visited Mrs. Edith Longan Wednesday.

Mr. and Mrs. Anderson are moving to Clarendon soon.

Luis Stone, who was drafted some time back, has arrived home. He was given a medical discharge, having been in the hospital ever since he was inducted into the army.

Johnny Chamberlain spent from Sunday through Tuesday with his Chamberlain grandparents.

Mr. and Mrs. Hefner and Mr. Quattlebaum went to Amarillo Thursday.

Mr. John Naylor and daughter and Miss Vada Waldron visited the Gene Chamberlains in Memphis last Friday evening.

Mrs. Hefner is ill this week, having had medical treatment in Amarillo Thursday.

Mr. and Mrs. George Bulman and Mr. and Mrs. Richard Cannon of Martin visited in the Loyd Moreland home Sunday.

Mr. Cannon of Clarendon spent Saturday night with his daughter Mrs. Loyd Moreland and family.

The Midway Quilting Club has disbanded for the duration, and the Midway ladies have taken up Red Cross sewing. Twelve pair of mens pajamas were made the past week. Two quilts are being quilted this week and the ladies plan on meeting at the Midway school house next Thursday and quilting two quilts. Every lady in the community is asked to come. A covered dish lunch will be served. Ladies to make pajamas were Mrs. W. D. Higgins (3), Mrs. Dick Tomlinson (3), Miss Katie Meaders (2), Mrs. Bob Williams (2), Mrs. John Goldston (2), Mrs. Glen Williams and Mrs. W. K. Davis are piecing the quilts. Any lady having a surplus of feed sacks are asked to donate as many as they like for lining for quilts. Miss Molesworth says they make much nicer linings than the material she can buy.

Texas History Writing Contest For Young People Announced By The Texas State Historical Association

The Texas State Historical Association has announced a first prize of \$25 and a trip to Austin with all expenses paid for the winner of the 1943 Texas History Writing Contest. Seven other prizes are also offered. Contest entries may deal with any topic in Texas history, but contestants are urged to work on some subject related to their community or local history. Papers may deal with cattle, oil, military, economic, political, or biographical subjects. Professor J. Frank Dobie will serve as Chairman of the Judge's Committee.

"Any boy or girl in Texas under twenty-one years of age may become eligible for competition," stated H. Bailey Carroll, Editor of "The Junior Historian," the magazine of the Association which is written almost exclusively by young Texans.

April 1, 1943, is announced as the closing date of the contest. All interested are invited to write for further information to The Junior Historian, University Station, Austin, Texas.

A new Zealand radio expert would like to come to Texas for further training after the war, Dr. A. L. Chapman, University of Texas authority on education by radio, has reported. Ian K. Feed Wheat Sales Soar In Texas

College Station — Texas livestock producers already have asked for two-thirds as much feed wheat since January 10 as they purchased during 1942.

According to sales and offers from Commodity Credit Corporation, they have indicated need for 607,000 bushels compared to 975,000 bushels under last year's program which got underway February 6, 1942.

Sales to producers range from Dallam and Sherman counties in the Panhandle to El Paso county in the west to Trinity county in the southeast, according to P. C. Colgin, commodity loan specialist for the AAA in Texas.

Prices during February are from 88 cents to 96 cents per bushel delivered at county shipping points with the wheat being delivered in bulk capacity carload lots, of 1500 bushels or more to the car.

In most cases, feed wheat sales are being made to producers through regular grain, milling and feed trade channels but some farmers are making purchases directly through CCC, the loan specialist said.

Producers, naturally, can expect to pay a reasonable amount above cost of handling, labor, sacks and storage when purchased through channel trades. Especially is this true, Colgin said, when purchased by producers in small quantities.

Since feed wheat practically is equivalent to corn in feeding value, principal users include producers of hogs, dairy and beef cattle and poultry.

"Junaks" on Review

THOUSANDS OF POLISH CHILDREN, many of whom have lost their parents, are the wards of the new, powerful Polish Army which is now being organized in the Middle East. The Army takes care of their schooling and has organized the "Junaks," a group like the boy scouts. Here high Polish and British officials review the "Junaks," chuckling over their baggy pants made for full-grown soldiers.

BEHIND THE SCENES IN AMERICAN BUSINESS
By John Craddock

County Agent Warns Against Grass Fires

All persons of Donley county are cautioned against throwing away lighted cigarettes or matches says county agent H. M. Breedlove. This is one of the precautions that can be taken in guarding against grass fires on ranches in Donley county.

"We have had two grass fires in the last two weeks," Breedlove said, "and we must be very careful to preserve the grass on the ranches because this is very important to the war effort."

The two fires were on the John Bugbee ranch and C. T. McMurry ranch. Town people turned out and fought the fires and helped to get them under control before they got too far along. Breedlove asks that all people in the county keep a sharp look for grass fires and when they are noticed on the ranches to call his office or residence and local people in town will be called together to go help the ranchers fight the fires. The fire department in Clarendon sounds the alarm and advises the people on whose ranch the fire is burning.

"It is very important that when one of these grass fires are started that everyone possible come and help put out the fire," Breedlove said. "Be sure to report the fire to the county office as soon as it is sightless persons, 66 who are deaf, 101 with organic heart ailments, 80 with one arm missing, one with no arms, 96 with spine curvations, 112 epileptics, 42 partially incapacitated by infantile paralysis.

County Agent Warns Against Grass Fires

All persons of Donley county are cautioned against throwing away lighted cigarettes or matches says county agent H. M. Breedlove. This is one of the precautions that can be taken in guarding against grass fires on ranches in Donley county.

"We have had two grass fires in the last two weeks," Breedlove said, "and we must be very careful to preserve the grass on the ranches because this is very important to the war effort."

The two fires were on the John Bugbee ranch and C. T. McMurry ranch. Town people turned out and fought the fires and helped to get them under control before they got too far along. Breedlove asks that all people in the county keep a sharp look for grass fires and when they are noticed on the ranches to call his office or residence and local people in town will be called together to go help the ranchers fight the fires. OLD AGE ASSISTANCE ROLLS SHOW SMALL INCREASE

The Old Age Assistance rolls made a net change of only 70 persons added during January, as compared with a net increase of 809 during the previous month, the State Department of Public Welfare announced today. The rolls now number 183,362. The average payment this month will be \$20.62, an increase of thirty-one cents over the January average. Payments during February will total \$3,780,203 from state and federal funds.

During January 1,284 old people were removed from the rolls because of death and 678 because they were no longer in need or failed to meet other eligibility requirements. Those added to the rolls totaled 2,032.

Several factors combined to keep the old age rolls virtually static in January. The death rate, always high in late winter and early spring among the aged, was unusually high in January. Also, the department shifted emphasis from new investigations to reinvestigations in order to validate current grants in compliance with its agreement with the Social Security Board and this resulted in an unusual number of denials based on change of financial status. Increased earnings, soldier's allotments, and property and farm income were mainly responsible for bettered circumstances. In addition, it was pointed out, trends have always revealed that the psychological effect of a cut is to discourage new applications and the current cut is running true to form.

Blind assistance rolls made a net increase of 74, bringing the total on the rolls up to 4,180. The average Aid to the Needy Blind

payment for February will be \$23.40, as compared with \$23.30 during January.

Aid to Dependent Children rolls continue to decrease as they have since December when the program was reorganized because of insufficient funds.

CIVIL SERVICE NOTICE

Crop production specialists, soil conservationists and historical specialists to increase the nation's supply of natural rubber and vegetable oil, to protect plant and

soil resources and to select and preserve significant records top the list of civilian war service jobs announced by the U. S. Civil Service Commission, Mr. Elmer G. Hayes, local civil service secretary reported, today.

Salaries range from \$2600 to \$8000 plus additional compensation for overtime for these positions. Crop production specialists who go to Central and South America to administer research stations and plantations in remote and primitive areas will receive 25% more for foreign service.

Appointees will be selected on the basis of previous training and experience, Mr. Hayes, emphasized.

Women interested in employment as a printer's assistant, \$1791 a year, in the Bureau of Engraving and Printing, Treasury Dept., Washington, D. C. should file their applications with the Commission's Washington office by March 23, 1943. No previous experience is necessary. Applicants will be given a written test.

Complete information about all of the positions may be obtained from Mr. Hayes, at the post office.

"UNCLE SAM HAS FIRST CALL ON US"

For the war's duration the Gulf South has become an arsenal... of men, weapons, war materials, fuel, and food. All of this region's rich resources are at the disposal of Uncle Sam and our fighting forces. Their needs come first!

We know, as all America knows, that no matter what the price of Victory may be, defeat is infinitely more costly. Our entire organization, joined with all America, is willing to pay Victory's price. Our more than 3,000 employees feel their responsibility to their country more keenly than ever before. They are determined that no dictator shall rob America of her precious heritage.

Because of the greatly increased demands for Natural Gas and because building of pipe lines must be curtailed to save every ounce of precious steel, all of us can help speed Victory by careful use of this vital war production fuel.

Our employes are investing 10% of their earnings in War Bonds. We proudly fly the Treasury "T" Flag.

"TOWN AND FARM IN WARTIME"

A Weekly News Digest

Stabilization Highlights

Highlights of recent significant economic stabilization orders include: (a) President Roosevelt's order that the 48-hour work-week be generally adopted. (b) Economic stabilization director James F. Byrnes' program stipulating that there shall be no increase in wages except to rectify "gross inequities" and "substandard" wages. Mr. Byrnes also said that changing the parity formula would affect farmers adversely in the long run; that farm and dairy workers who had gone into industry should be urged to return to agriculture and that recalcitrants should be deprived of their deferred draft status. All Americans

were urged to obey price controls and rationing regulations as part of their contribution to winning the war. High taxes, Mr. Byrnes said, are absolutely necessary, but he believes firmly in limiting profits to prevent exorbitant costs to consumers and government alike.

Elmer Davis to Broadcast

Elmer Davis, Director of the Office of War Information, will broadcast a weekly round-up of news on Friday evening at 9:45 (CWT) over the NBC, CBS, and Blue networks. Mutual will rebroadcast the program on Sunday afternoons for the benefit of workers who cannot listen to it on Friday nights.

Rules For Discharging Men of 38

Men over 38 years old will be discharged from the Army according to these rules and requirements: (1) At least 38 years old. (2) Enlisted or inducted on or before Feb. 28, 1943. (3) Has submitted voluntary request for discharge to his commanding officer

(must be before May 1, 1943). (4) Has submitted statement from responsible person showing that he will be employed in essential industry, including agriculture. (5) Release of soldier must not seriously affect the efficiency of his unit.

Shoes Rationed

Some kinds of shoes are not covered by the rationing order that went into effect Feb. 9. Unrationed are soft and hard-soled slippers and bedroom slippers; infants' soft-soled shoes; ballet slippers; ordinary waterproof footwear; gaiters; work, dress, clog, and toe rubbers, and lumberman's overshoes.

Those rationed (one pair per person between now and June 15, obtainable through Stamp 17 of War Ration Book One) include all types of boots and shoes made in whole or in part of leather, and all rubber-soled shoes.

Shoe stamps are transferable; can be used by any member of the family. In emergencies local ration boards will issue a shoe purchase certificate.

Victory Gardens

Victory gardens—18 millions of them—will be needed in 1943 to help meet expanding food production goals. Farmers are pushing for the biggest food production in history under handicaps of labor and material shortages. A victory garden is every family's direct contribution to the war effort.

V-Mail for Sailors

Your V-mail letter to a sailor will have a better chance of getting to him without delay now, for the Navy has expanded its V-Mail services. Four new V-mail stations have been sent abroad. Small, portable machines that can be quickly set up in remote areas will now be available to speed up the delivery of V-mail to sailors.

Recruit Farm Help

Labor to help with production and processing in canning areas will be recruited in a campaign beginning immediately, says the U. S. Dept. of Agriculture. County agricultural agents, the U. S. Employment Service, the Office of Civilian Defense and local operators of canning plants will all cooperate. Urgency of the situation makes necessary the help of local clubs, businesses, churches, and schools.

Food And Transportation Facilities Very Vital To Nation's Life

Commenting on a constant flow of commodities supplied by the railroads and agriculture, i.e. food and transportation, as being "absolutely essential to the welfare of our nation," Russell G. East, of Richmond, Ind., general agricultural agent of the Pennsylvania Railroad, said in a General Electric Farm Forum address that if railroads were allowed to cease operations for 48 hours "every city of any great size in the United States would be without an adequate supply of the more perishable foods."

"Nor could the production of poultry and dairy products in the great producing area of the northeast continue long, for the bottom of the feed bin is seldom over five or six days out of sight unless replenished," Mr. East continued. "Should farmers cease operations during the planting season, wheels of industry throughout the country would soon be forced to stop."

Agriculture and railroads have ahead of them the great task of producing more food and more transportation with plants for which provisions have not been made for much expansion, due to the necessities of war, according to Mr. East. He said they must complete for labor and materials with industries whose costs are subordinated to speed.

"Farm machinery, locomotives, cars and trucks wear out, and it is not easy to get materials for their repair or replacement," the speaker pointed out. "Nevertheless, both agriculture and the railroads are going 'all out' for the war program no matter how destitute of physical resources they may be after it is all over."

"Both rail and farm equipment will be badly depleted as will also be soil fertility." "Occupying as they do the front ranks of importance, these two industries are interdependent during peace or war," Mr. East concluded. "One without the other would be lost, and the country would be lost without either."

Mr. and Mrs. Roy Barns of Denver, Colo. are visiting his mother, Mrs. Lillie Barns.

"I told you so"

Hindenberg was a soldier who had little taste for politics... and little love for Hitler, forced on him as Chancellor.

This shrewd old Prussian summed up Germany's defeat: "America's brilliant, if pitiless, war industry had entered the service of patriotism and had not failed it... They understood war."

Now history is repeating itself. America's war industry again is pouring out the weapons of war—meeting production goals that seemed fantastic at first.

Back of this fast-growing military power is electric power, turning the machines that turn out everything from bullets to battleships under the American system of free enterprise... a way of life

where free men are encouraged to invent, invest, create and produce.

And everybody benefits—something the little rabble-rousing dictator will never understand... until, perhaps, in some shadowy hereafter he hears his old commander mutter: "I told you so."

Along this same vein were the prophetic words of Thomas A. Edison who, late in life, said: "... Electric development has only well begun. Electricity will have an even greater part to play in the world's future, granted that it is can unfettered, with full opportunity for largest possible individual initiative and energy..."

By "unfettered" he meant freedom from political bureaucracy and socialistic control which throttles individual initiative and enterprise.

His successors in the electric field have done a great job in carrying out his prophecy of an even greater future for electricity. But unless it remains "unfettered," his voice, too, may be heard: "I told you so."

Ration News—

(Continued from Front page) the ration calendar and keep them. It just might be the means of saving many precious points and stamps. This point rationing is just like any new game, it looks a whole lot more confusing from the outside than it does after you get started, but like all games if you want to be one of the best players you learn the rules early and abide by them.

Point Rationing Calendar Rationed foods are frozen—Midnight, February 20. Registration for Book 2—Begins Wednesday afternoon, Feb. 24, and all day the 25, 26, and 27th. Posting of point values—Some time during freeze period. Food purchasing begins—March First.

First step in preparing for point rationing by housewives will be the filling out of a Declaration form listing the number of eight-ounce or larger cans of rationing foods on hand February 21. So that will be the first date circled in red on kitchen calendars.

These Declaration forms will be available at grocers and will be printed in various newspapers so that they may be clipped out and used. On them will be listed the cans of rationed foods, of eight ounces or more, in excess of five cans for each person in a family group, and the amount of coffee the applicant for War Ration Book 2 had on hand on Nov. 28, 1942.

For each can of rationed food over five cans per person listed on the housewife's Declaration when she goes to apply for War Ration

Book 2, one eight-point stamp will be removed from the new book. For each pound of coffee in excess of 1 pound for each person in a family unit on the base date, one stamp will be removed from War Ration Book 1.

The fact that an applicant for War Ration Book 2 may have a large quantity of canned rationed goods on hand will not indicate that that person is a hoarder, and the removal of stamps for excess supplies is not done as a penalty. The stamps are removed only to even up supplies and give everyone an even start. Stamps will be removed equally from all books in a family group, so that each book will retain some small-denomination stamps for use during the remainder of the ration period.

Home-canned foods will not be included in the stocks of foods listed on housewives' Declarations. Neither will canned olives, canned meat, and fish, pickles, relish, jellies, jams and preserves, spaghetti, macaroni and noodles.

Services Today For Mrs. Lella Anderson

Subsequent inspections for C book holders will be once in every three months. "T" ration book holders must have first official tire inspections by Feb. 28, 1943. Subsequent inspections for T book holders will be once every 60 days, or every 5,000 miles, whichever comes first.

TIRES—If official tire inspector recommends a tire replacement or recap, apply to local ration board for tire or recap ration certificate. Tires and recaps will be rationed to all on the basis of tire inspections and county quotas available with most essential mileage to come first.

Other Rationing

Eligible purchasers needing new automobiles, bicycles, typewriters, rubber footwear and other commodities or which sales might be restricted should see their local ration board.

Last Rites Held For Mrs. Henderson

UNIVERSITY STUDENT FROM TEHRAN, IRAN

A trip half-way round the world was no obstacle for Gholam Hossein Soroosh, new student at the University of Texas, when he began looking for a place to take his college studies.

Soroosh flew by army plane from his home in Tehran, Iran, to Natal, Brazil, and from there to Texas. He hopped off in Denton for a few days to make the acquaintance of a student at the Texas State College for Women, Miss Peggy Lipscomb, of Dallas, with whom he has been corresponding for four years. He enrolled at the University as a freshman engineer.

Frank Whitlock is at Mineral Wells for medical treatment.

Jane Williams of Tellerville visited her parents Mr. and Mrs. Glen Williams the week end.

TO THE PRODUCERS OF DONLEY COUNTY:

Walter J. Flynt, Secretary Donley County ACA

Feeders who will have a feed shortage some time in the near future will be advised that under the feed wheat program, wheat may be purchased for the feeding of livestock or poultry at 91c per bushel. This wheat may be ordered in carload lots (if ordered in carload lots be sure to order early as it takes some time to get rail wheat) or may get wheat from any one of the surrounding wheat producing counties. The wheat will be the same price whether delivered by rail or bought at the bin. There is no differential taken off or put on for freight.

The purpose of this program is increased livestock production for the great need of the war effort as well as to get a lot of wheat out that is choking the present storage situation.

We have received complete instructions regarding the Grain Sorghum Goal for Donley for 1943. The County goal is 68,705 acres, and we have a Soy Bean Goal of 200 acres. This County goal will be broken down into farm goals by the County Committee on basis of previous allotments of grain sorghum and then will be entered on farm plan sheets and taken to the field. While in the field, farmers may request an upward or downward

adjustment in the goal to meet the situation on each farm, regarding labor, machinery, or adaptability. Whatever goal is set up for the farm and accepted by the operator must be met, that is 90% planted, or a deduction of \$15.00 per acre will be made and if more of 90% goal is planted, payment will be made at the rate of \$8.00 per acre up to 110% of the goal.

Committeemen will be called in beginning next Monday, February 22, to be educated as to how to sign up the farm plan sheet and war board plan sheet. As soon as each committeeman has had a day's schooling, he will be ready to go into the field with the sheets to get farmers to sign up in any way or plan to get the sheets signed up with the least possible travel and expense. Committeemen will be urged to do a thorough job rather than a quick job.

As well as signing up the War Board Plan Sheets and Farm Plan Sheets, these committeemen will have blanks to sign up for cotton crop insurance for 1943. If you are interested in this phase of the program, you may be signed up without having to come to the County Office.

Frank White Sr. visited the week end in San Angelo with his son and wife, Mr. and Mrs. Harold White and sister, Mrs. Sam McCarroll.
