Plans Launched For Annual Clarendon July Fourth Celebration

NEWS INVITES COUNTY WOMEN

WILL BE PRESENTED 10:00 A. M. MONDAY, TUESDAY WEDNESDAY NEXT WEEK

The New Type Motion Picture Cooking School will enter into its second year of presentation Monday when The Clarendon News opens the doors of the Pastime Theatre to the women of Clarendon and Donley County for the first showing of "Star in My Kitchen," a full length feature picture that will provide three days of fine entertainment and education in culinary art.

The cooking school will continue for three days and will be held each morning at 10:00 o'clock. Doors of the theatre will open at 9:30 o'clock.

The housewife of today viewing "Star in My Kitchen," will obtain first hand the latest wrinkles in preparing appetizing dishes for the entire family, as well as obtaining latest knowledge of modern and up-to-date recipes using products manufactured by advertisers in the picture and which can be obtained at all grocery stores in Clarendon.

Again this year there will be daily gifts awarded. The gifts are valuable, useful and will be appreciated by winners in the daily drawings immediately following the cooking school.

Everyone attending the cooking school will receive a folder containing all the recipes prepared in the school.

AIR-CONDITIONING UNITS BEING INSTALLED HERE

With the coming of hot weather, air-conditioning has come forward as an addition to the comforts of homes and offices. Two business houses in Clarendon have put in air-conditioning units. Nadine's Beauty Parlor has installed a small fan controlled unit which lowers the temperature of the beauty parlor. The Donley County State Bank had an air-conditioner installed this week. It is of the type which is on the outside of the building. Parsons Brothers Cleaners will install an air-conditioning machine in their newly decorated and remodeled building. Lee Muse has had an improved air conditioner put in his cafe for this season. The Pastime Drug has also installed a small air-cooling unit. These air-conditioners will greatly increase the comfort of both employees and customers of these firms during the summer months.

Units have also been installed by J. A. Warren office, Norwood Pharmacy and Bryan Clothing Co. Mr. W. B. Haile has installed an air conditioner, in his home, similar to that in the beauty parlor.

TO START FRIDAY ON KUTEMAN TEST

Actual drilling of the wild cat oil well on the Mrs. Nellie Kuteman farm, about one and one-half miles south of Hedley, will get underway in about two or three weeks, according to H. C. Robinson and C. B. Jones, oil operators of Oklahoma City, who arrived in Clarendon Wednesday to complete plans for the test. Rig builders will arrive at the site tomorrow to begin construction of the derrick. The test will be drilled to 3,500 feet if production is not found before that depth, they said. The well will be known as The Robinson & Jones, Nellie Kuteman No. 1.

Clarendon Group Joins Fiesta Crowd

A good-sized delegation from Clarendon attended the Top O' Texas Fiesta in Pampa Thursday. The band, under the direction of Ray Robbins, went to play and march in the parade. Misses Nell Cook, Peggy Word, Ruth Cornell, Anna Moores Swift, and Barbara McDonald of Waco, rode on the float that depicted Clarendon as a school and cultural center.

Numbers of other Clarendon people attended the Fiesta Thursday, which was officially designated as Clarendon Day.

Boy's Clubs Get Registered Pigs

Two registered boar pigs to be used in promoting club work in Donley county were received this week. The pigs were purchased by the Lions Club, which each year is instrumental in promoting to a large degree boys club work in the county.

A Poland China of which pigs from the same breeding were grand champions of the Tri-State Fair last year and the club division of the 1937 Fort Worth Fat Stock Show, will be in charge of Ray Isham.

A Duroc Jersey was obtained from A. & M. College will be under the care of Joe Williams, who showed the grand champion barrow of the 1938 Donley County Fat Stock Show.

CANDIDATE'S RALLY

Politics are getting warmer as practically all candidates for precinct, county and district offices gathered at Skillet tonight for an old fashioned candidate's rally and special entertainment features.

A rally at which several candidates for governor are expected to speak has been scheduled for June 17 at Hedley. The program will be held at night.

AMARILLOAN BUYS GOODNIGHT RANCH

11,500-ACRE RANCH PROPERTY ESTABLISHED BY COL. GOODNIGHT 50 YEARS AGO

Mrs. Mattie Hedgecoke, of Amarillo, who Wednesday signed a contract for the purchase of the Goodnight ranch, about 18 miles northwest of Clarendon in Armstrong county, said she has no plans at this time for the development of the property or for its operation.

The contract is for the purchase of the 11,500-acre ranch property from the Great Southern Life Insurance Co., Houston, who acquired it from J. I. Staley, a Wichita Falls oil operator, about 15 years ago. The consideration was not announced.

Mrs. Hedgecoke is the daughter of the late J. A. Whittenburg, pioneer cattleman of the Plains area. Mr. Whittenburg owned extensive oil properties in Hutchinson county.

Completion of the deal for purchase of the Goodnight ranch is contingent, Mrs. Hedgecoke said, upon legal approval of the title to the property.

Colonel Goodnight established the ranch just 50 years ago, after he and John George Adair, of England, had divided their properties. The two were the founders of the famous JA Ranch in 1876. Upon division of their properties, Col. Goodnight moved to the property that bears his name. With him he took a herd of buffalo from the JA ranch, and the offspring of this herd are now on the property.

SALES BOOSTED TO \$4,500 FOR SERIES

RENEWAL OF FALL SERIES OF EVENTS MEETING WITH COUNTY APPROVAL

The fifth of a new series of monthly auction sales conducted in Clarendon by 27 Clarendon business firms and The Clarendon News was held here Tuesday before a good crowd of farmers, stockmen and traders.

M. L. Putman, Donley county auctioneer, cried out bids for the final event for the summer that boosted the total sales for the entire series to more than \$4,500.

Many farmers were working in their fields and were unable to attend the Tuesday sale. Their presence and spirited bidding of farm implements, livestock and miscellaneous items would have increased the total amount to more than \$5,000.

Sponsorship of the free monthly events has been responsible for providing a spring market place for farmers and traders of this trade area, and has served to stimulate interest in a third series of monthly or semi-monthly events for the Fall months. Many regular attendants have expressed themselves in favor of such a move during Fall, saying that the sales brought additional trade to Clarendon merchants as well as providing a market place for livestock and miscellaneous items about the farm that could be turned into ready cash.

Renewal of auction sales during Fall is expected to receive unanimous approval throughout the county and trade territory.

Students who returned home this week from the University of Texas are Martin Kelley, Charles Walker, Elery Watson, and Robert Nichols.

A. A. Mayes was a visitor in Altus, Oklahoma Sunday.

Colonel Bently was for many years Superintendent of schools at Alpine and McAllen and taught in Texas Christian University, Savoy and Van Alstyne. He was high man in a three-man race for State Superintendent of Texas in 1920, being nosed out in the second primary by the late S. M. N. Marrs. He was a member of the Texas Textbook Commission under former Governor Pat M.

ADDED MOISTURE RECEIVED HERE

.65-INCH IN SEVERAL SHOWERS RECEIVED SINCE SUNDAY; RAINS GENERAL

Intermittent showers in the county since Sunday have added materially to moisture on all farm and ranch lands in this area.

Heavy clouds assuming storm proportions have hovered in this region during the late afternoons of each day this week.

Rains in Clarendon up to today have measured .65-inch.

A light shower Sunday night measured .15-inch and late Monday afternoon a total of .03-inch was received. Better than one inch was received at Hedley.

Tuesday night precipitation here measured .05-inch.

Heavier showers were received here Wednesday for a total of .42-inch. It was reported that Goldston had a heavy rain Wednesday morning and one at Brice Wednesday night.

Mr. and Mrs. Whitfield Carhart of Greenville, former residents of Clarendon, are visiting in the home of Mr. and Mrs. F. E. Chamberlain, and other relatives this week.

Neff.

Col. Bently was born in Cooke County near Valley View, Texas, and went to Lakeland, Florida, fourteen years ago where he has since practiced law. He has successively served as a Colonel on the Staff of Governor of Florida, State Commander of the American Legion, Florida Governor of Rotary, and President of the Florida State Aviation Association.

Col. Bently is the son-in-law of Mr. and Mrs. E. F. Bryan, formerly of Clarendon, now of Amarillo, he having married Edythe Bryan.

Goodnight Memorial Bids Will Be Asked

Bids on a Texas Granite Monument, a bronze plaque and iron fence for the grave of Col. Charles Goodnight, will be called for soon, W. H. Patrick, chairman of the Goodnight Memorial Fund, said today.

"Response to the committee's plea for contributions to the memorial fund have been very gratifying," Mr. Patrick said. "I believe we will soon be able to say our work has been finished, and as soon as the money is available we want to start erection of the monument."

The committee's goal is \$1,000. Contributions to date have totaled something over \$500.00, with Wesley Knorpp adding \$5.00 the past week.

Survey of Dairy Cattle Is Made

A survey of the number of dairy cattle was made by six groups of interested Clarendon businessmen Monday morning.

The survey, revealing an average of five to six dairy cattle to the farm, was taken for the purpose of getting a definite conception of the potential dairy cattle industry with a view to improved marketing of dairy products in the county.

A majority of the farmers were enthusiastic in their expressions of the value of the dairy industry to themselves and to the county as a whole.

EXAMINE TAX ROLLS

Mayor W. H. Patrick and City Commissioners W. B. Haile and H. McElvany have been busy this week examining the city tax roll preparatory to the sitting of the city equalization board.

Dates the equalization board will be in session have not been announced.

SONG-FEST FOR LIONS PROGRAM

LOCAL CLUB ENTERS INTO SONG PROGRAM TUESDAY ELECTION NEXT WEEK

With President Burton in the chair, the Clarendon Lions Club had a jolly program Tuesday at noon at the Clarendon Hotel, when the program period was turned into a songfest, with Lions Merchant and Drennan leading. Visitors for the day were Whitfield Carhart of Greenville, S. Allen-thorp of San Francisco and Lion R. L. Thompson of Amarillo.

Lions Bert Smith and J. T. Patman were in their places again after two week's vacation in the Rockies and Illinois, respectively. Lion Gillham announced the Clarendon participation in the "Top O' Texas Fiesta" at Pampa Thursday, Friday and Saturday of this week. A Clarendon float will be in the big parade and the C. H. S. Band will take its place in the parade Thursday, along with many Clarendon people who will attend.

ROYAL ARCH CHAPTER ELECTS NEW OFFICERS

Friday evening, June 3, the annual election of officers in the Royal Arch Chapter lodge of Clarendon was held.

Van Kennedy was elected High Priest; George Green, King; H. Mulkey, Scribe; W. H. Patrick, Treasurer; and R. C. Weatherly, Secretary.

Appointive officers will named at a later date, and the work of the Chapter will proceed with renewed interest among Clarendon Masons.

COMMITTEE BUSY ON DAY'S PLANS

CLASS SINGING, BASEBALL, BAND CONTEST, FIDDLER'S CONTEST, PRIZES

Clarendon invites the people of Donley County and surrounding territory of the Panhandle to come and enjoy its Fourth of July Celebration, set for Monday, July 4th, and plans are under way to make it one of the largest affairs seen in these parts for many years.

Under the general direction of J. R. Gillham, secretary-manager of the Clarendon Chamber of Commerce, a committee is busy with the details of program and entertainment.

Beginning at ten o'clock on the morning of the Fourth, the program will open with a class singing contest, and it is reported that nearly every community in the county will have an entry to compete for the cash prizes. Last year this was one of the popular features of the Celebration, and since nearly every community needs money for some local project in school or church, these prizes will no doubt bring out the keenest competition ever had in Donley county.

A special Independence Day Baseball game will be offered at 2:30 in the afternoon between Cross Roads and Memphis, two of the competing teams in the Hall County League, many Donley County players being members of the first named hard-hitting aggregation. A small admission fee will be charged.

A majority of the bands of the Panhandle will be in Clarendon on July Fourth to add color and music to the big celebration, according to plans drafted and invitations issued by the local committee. Bands from Canyon, Memphis, Shamrock, Pampa, Childress, McLean, Wellington and Amarillo are being invited with inducements which will make it worth their while to participate in the program for the day and be a part of the Giant Massed Band Concert shortly before dusk.

The Old Fiddlers will try again to settle the troublesome question as to who can best play "Ole Sallie Goodin" and "Turkey in the Straw," with some cash money hung up to make it interesting to the musicians as well as the hundreds who will cheer on their favorites.

Candidates for state office, as well as those in District and County races will be on hand to add to the welcome hand-shakes and admit just how they are best fitted for the jobs they are asking for.

Family reunions will add to the pleasures and attendance of the day, and facilities will be offered those who care to bring a basket dinner, to make it a real picnic affair.

Next week full plans will be announced and the cash prizes in the various events outlined, as all hands are busy making the plans dovetail for the greatest Clarendon Fourth of July Celebration you ever saw.

CANDIDATES INVITED TO ASHTOLA RALLY

The News has been asked to announce that a pie supper and candidate rally will be held at the Ashtola School House on the night of June 24. All candidates are invited to be present to support their candidacies. Everyone is invited to participate in the affair.

Mrs. B. P. Brents returned to Clarendon today after having visited her parents, Mr. and Mrs. T. E. Wright of Leonard, the past two weeks.

Another Cooking School Invites You

The Clarendon News is proud to present to the housewives of Clarendon and Donley County a motion picture cooking school, "Star in My Kitchen," which will be shown at the Pastime Theatre, Monday, Tuesday and Wednesday of next week.

Seats are available at 9:30 A. M. The picture will begin promptly at 10:00 A. M.

Last Fall the News presented its first motion picture school, "The Bride Wakes Up," which was highly successful in every detail, providing entertainment as well as cooking and homemaking instructions.

This year the new cooking school picture is an improvement over the one last Fall and additional features are added. Many new recipes are presented by the cast of feature actors that will provide highlights during the school.

Many useful gifts have been selected for daily awarding of prizes.

The first requirement of a good cooking school is to secure the best medium for demonstrating culinary experts. We feel we have been fortunate in securing the motion picture type cooking school as it is gaining in popularity throughout the nation as the best medium of culinary instruction.

The second requirement of a good cooking school is to have whole-hearted cooperation from the merchants. The merchants of Clarendon have participated in the school in a fine way heretofore, but we believe their cooperation will set a new high this year.

The third requirement of a good cooking school is interest. We know that interest is high in Clarendon and Donley County and we know also that a real and lasting benefit will accrue to all women who attend each session of the school.

Let us urge that every woman in the county, every woman's organization, every club, "clear the decks" for Monday, Tuesday and Wednesday. Let nothing interfere with your enjoyment of this year's cooking school.

ATTORNEY GENERAL'S RACE APPEARS SIMPLE

As one of the major races in the Democratic primaries of 1938, the contest for Attorney General of Texas, appears to be one of the simplest to be decided. It is simple in that respect, not because of the vast difference in ability of the candidates, but because of the fact that one candidate is so far out in front, that there is little possibility of a run-off.

There are several good men in the race for Attorney General, but Walter Woodul, present Lieutenant Governor of Texas, has established himself in the hearts of the voters of this state for his able, conscientious public service as a state senator and lieutenant governor, as well as acting-governor, that his chances are being conceded for a win in the first primary over his younger, less-known opponents.

Walter Woodul has always voted for the objectives of West Texas—he is that broad-gauged—and The News is happy that this hard-working public servant seems well on his way to a victory in the first primary, for he deserves it.

NEED IS CONSUMPTION, NOT PRICE FIXING

The cotton farmers of the South, have no more able, active and consistent friend than Peter Molyneaux, editor of The Texas Weekly, who has fearlessly stood against the heresy of the federal administration in its blind efforts to control the price of cotton by the futile continuation of acreage reduction, instead of breaking down the tariff walls as promised in the Democratic platform of 1932 and bending every effort to restore world markets lost to foreign competitors, who from year to year increase their acreage as we reduce ours.

In a recent radio address Mr. Molyneaux delivered powerful blows against a federal policy that would discriminate against the South in the proposed wage-hour law, and continue the policy of acreage reduction ignoring the continued loss of our world cotton markets—the two looming as the greatest double-menace the Southland has had to face since the Carpetbagger scourge.

Mr. Molyneaux said in closing this memorable address: "From the very beginning it has been perfectly clear to any unbiased person who took the trouble to examine all the facts that what was happening to American cotton was that its markets were being destroyed and that consumption of American cotton outside the United States was declining at an alarming rate. That was what was the matter from the beginning. And it is what's the matter now. In such a situation there was only one way to deal with the cotton problem. It was a problem of declining markets and declining consumption. And the object to be sought was that of checking this decline and of restoring markets and consumption. The way to deal with it was to get the facts as to the cause of this decline, and then to do whatever was necessary to restore markets and restore consumption.

"But during more than five years nothing of that kind has been attempted. From the very first, Congress and the administration have directed their attention and their effort, not to restoring consumption, but to fixing prices. They have sought in the case of cotton, as of everything else, to restore money values, instead of to restore trade and production and consumption. They have sought to put up money wages, to put up prices, to put up values generally, in terms of depreciated dollars, instead of to increase

consumption, to increase trade, to increase production and thus to multiply jobs and restore real prosperity. And their methods of doing this have been restricted and coercive, when what has been needed all along is greater freedom.

"My friends, we are not going to recover in this country until we reverse this process. You don't have to worry about wage levels, or price levels, so long as you are increasing the exchange, the consumption, and the production of goods. If the proper methods to promote and further these are adopted, wages and prices will take care of themselves. But when you tinker with such devices as the fixing of wages by law or attempt to control prices by restricting production, you are bound to get into trouble."

TAX OPPRESSED PEOPLE DEMAND RELIEF

A wave of public demand is rolling up for tax revision. Especially strong is the demand for repeal or at least modification of those two "job-killing" taxes—the undistributed profits tax and the capital gains tax.

This tax correction is overwhelmingly approved by the nation's business leaders, economist, publicist and newspapers. The opponents of this relief are those who are apparently oblivious of the influence of unsound, punitive taxation on industrial development and employment. They stubbornly seek the retention of these taxes which have been so largely responsible for the present slump in business.

Every person in this country has a stake in this fight. Every person will be affected by its outcome. Our public servants who are courageous enough to fight for tax reform, are doing so in the interest of jobs, spending and stimulated business. They deserve the whole-hearted thanks of a tax-oppressed people.

FACISM'S MISSION IS TO DESTROY

"The mission of fascism, of which its leaders openly boast, is not to fulfill the promise of the modern world but to destroy it. . . Its strength lies in its capacity for demoralization."—Lewis Mumford.

HUSBANDS LIST THEIR CHIEF "PET HATES"

HUSBANDS like their wives to be beautiful, but they hate to see behind the scenes, according to a group of New York businessmen who volunteered their "pet hates" in a recent check.

Here are some of the subjects on which they get most violent:

- Dishpan hands
- Stocking runs—snaky seams
- Funny hats
- Excessive make-up
- Slips and straps that show
- Overplucked eyebrows
- Girdle hitching
- Frowsy hair
- Breakfast frumpiness
- Public repairs

Luckily, their own wives don't always do all the things they hate—at least, not any more!

Avoid Dishpan Hands

The clever ones have learned, for instance, how to avoid "dishpan hands." They use Lux for all their dishes. It doesn't

The mother of a family often spends as much as an hour and a half a day doing dishes, so mild suds are important. Redness and roughness may be caused by the harsh alkali in strong soaps. Substituting fast-dissolving Lux flakes that contain no harmful alkali safeguards the skin, saves time.

FOOD MAGIC IN IMAGINATION

FOOD ITSELF CATCHES POWER TO AWAKEN

There is a magic something about food—a quality that, conceived in the imagination of the cook is in subtle and devious ways expressed until food itself catches the power to awaken and delight in those who look and partake. To sit down to a dinner bereft of it is indeed a sad proceeding. Unnecessary, too, cultivating the thousand and one tricks that make food tempting is the smart housewife's delight, her play to the gallery, so to speak.

Making some meat and fish—everyday ordinary varieties—appetizing is what I call "putting on the parsley." For parsley is the most widely used garnish there is. However, a sprig of parsley for every drab dish is not the whole story. Food must be brought to its delicious point of discrimination and ingenuity. No parsley, early, fresh and green though it may be, ever made up for an ill-cooked roast.

Just consider two effects: a dinner of this fare can give—pot roast, potatoes, carrots, and bread and butter. Picture it first with no interest taken in it except as sustenance and you will find it rather dreary.

But if you sear the pot roast to a dark brown with slices of onion and a fraction of a clove of garlic in the pan, then boil it slowly for hours in a small amount of water to which the juice of canned tomato is added to flavor, it will take on an entirely different aspect. Just try it sometime. Then serve it on your very best platter, if it is silver, all the better, and pour part of this rich gravy around it. Top the meat with parsley and serve the extra sauce separately.

There is nothing quite so good with a pot roast as a baked potato, sprinkled with a bit of paprika, done to a turn, popped open and butter. The carrots, if cut in lattice shape with the wiggly cutter that does it so quickly, or in slender strips, are pleasantly dressy. A compote of watermelon pickle, a dish of celery curl and

Narcissus Is Favorite Indoor Bloom

Paper-White Narcissus.

The season of gardening for flat dwellers is at hand. Paper-white narcissi, Chinese lilies, hyacinths and daffodils, which are easily brought into flower indoors, are all obtainable. During the winter, flowers may be grown from bulbs with little trouble.

Paper-white narcissi will come to flower in six weeks if the bulbs are placed in a shallow bowl with gravel to hold them upright and the bowl is kept full of water. Hyacinths will flower if placed in glasses full of water so modeled that a shoulder holds the bulb at top of the glass, while ample space is left below for roots to develop.

ripe olives, bread sticks and butter balls bring to the dinner table an air of festivity.

No good cook will allow expensive cuts of meat to come to the table in mediocre fashion. A crackling brown is the fundamental decoration for roasts, steaks, chops. This crispy brown may be enhanced, but not made up for by parsley. For the sake of variety on different occasions, use water cress, mushrooms, triangles of toast or strip of pepper.

As important as making the most of meat dishes are the touches the clever chef has for the fish. Wedged shaped pieces of lemon and parsley are necessities if you wish to astonish your guests with a bit of broiled fish. Hard-boiled eggs and paprika give zest to a cream sauce served with the kinds of fish that are broiled, such as cod, salmon, haddock and red snapper.

A creamed fish becomes more unusual when served in French scallop shells topped with buttered bread crumbs.

Right Temperature Is Factor In Broiling Of Steaks Successfully

In one of his stories, O'Henry, the famous writer, whimsically described the proper method for broiling a steak in this manner: "Simply place the steak in your pocket and walk slowly through a red hot kitchen. Then by the time you reach the other side, the steak will be done."

Temperature has always been an important factor in broiling steaks. Years ago, the accepted view seemed to be that a high temperature was necessary to broil a good steak but now this theory has been completely changed and according to Inez S. Wolson, home economist, this change is thoroughly justified, for a lower temperature produces a more evenly done, juicy steak without having the charred and sometimes burned exterior so often the result of a very high temperature.

Not only is a more satisfactory steak produced, but it is much easier since only one turn-

ing is necessary. The steak is placed far enough from the flame or heating element that by the time it is nicely browned on top, it will be half done; then it is seasoned with salt and pepper, turned and allowed to broil until done.

The temperature may be controlled in two ways, by placing the steak the proper distance from the heat, or by reducing the heat itself. If the oven regulator is turned to "high," the steak should be placed so that the top of it is at least three inches from the flame or heating element. In case it is necessary to place the steak closer to the heat, then reduce the amount of heat in proportion.

To make a satisfactory broiled steak, the steak, of course should be a tender one in the beginning. Steaks which are suitably cooked by this type of cooking are Porterhouse or T-bone, club or Delmonico and sirloin steaks. These should have a good fat covering over the outside and plenty of marbling; that is, plenty of fat flecked through or even more, even if it means the lean. It is better to have a steak cut thick for broiling, one inch choosings and smaller in area, for then the outside can be nicely browned while the inside is juicy and evenly rare if that is the way

you prefer. A steak one inch thick at the lower temperature requires approximately 15 minutes for broiling, a steak one and one-half inches thick requires 20 to 25 minutes for broiling to the medium stage.

Ground beef may also be broiled with complete satisfaction. It may be molded into the shape of a Porterhouse steak and broiled in exactly the same way and at the same low temperature as a steak.

WHERE DO FRECKLES GO WHEN OTHINE IS USED? It's Amazing to Many

Ashtola Mothers-Daughters Banquet

The members of the Ashtola Needle Club honored their daughters with a Mothers and Daughters banquet, Thursday evening, June 2, at the Ashtola School house.

Since pink and green are the club colors they were used very attractively in the crepe paper decorations. The tables were lighted with pink and green candles and small attractive bouquets of roses, phlox, petunias, fern, etc. placed at intervals along the center of each table. The place cards were small, white envelopes, with the name on the outside and the menu and program on the inside. The favors were small clusters of pink roses partly enclosed in white lace paper doilies and tied with pink and green ribbon.

Forty-two people were served including about twenty-one club members. Each member took her daughter or a guest. The guests from other communities included Mrs. Primrose of Martin, Mrs. Gee Leathers and daughters, Virginia Gee and Vernell of Lelia Lake, Mrs. Earl Holly of Olton, Mrs. E. W. Cole of Windy Valley and Mrs. Edith Harvey of Clarendon.

The interesting program that was rendered is as follows:

Offering of Thanks—Mrs. M. S. Swinburn.
Toastmistress—Mrs. J. R. Brandon.

Welcome to visitors—Mrs. H. A. Rhoades.

Toast to Daughters—Mrs. Van Knox.

Response—Vera Barker.
Piano Solo—Mary Lois Hayter.
Skit—Jessie J. Tomlinson and Christine Knox.

Toast to Mothers—Mrs. L. T. Shelton.

Response—Mrs. D. W. Tomlinson.

Piano Solo—Charline Knox.
Reading—Lanell Reid.

Song—Mamie Barker, Mrs. C. G. Cobb and Mrs. C. C. Barker.
Skit—Gladys Holley.

Friendship Club In All-Day Session

The Friendship Club held a special all-day meeting on Tuesday, June 7, at the home of Mrs. Newton C. Smith. The club met for the purpose of quilting a quilt for Mrs. Smith. Each member brought a covered dish, and a covered-dish luncheon was enjoyed at the noon hour. Those present were:

Mesdames C. R. Skinner, Ailene Skinner, J. E. Mongole, Lindsay, Eva Womack, J. D. Stocking, Glen Williams, N. C. Smith, Teel, L. Ballew, members; and Mesdames A. L. Chase, Paul Smithy, and Helen Jeters, guests.

Rythmaire Club Enjoys Dance

The Rythmaire Club entertained Tuesday June 6, with a regular dance at the opera house. The Philadel Orchestra from Vernon provided the music for approximately ninety members and guests. The dance especially honored the students home from college. A number of out-of-town guests and members attended the affair. This dance was one of the most enjoyable that the Rythmaire Club has held. The orchestra was one of the best that has played in Clarendon for some time.

Women Urged To Attend Cooking School Sessions

Sam M. Braswell, editor of The Clarendon News, and the entire staff extends to every woman of Clarendon and Donley county—including members of every woman's club or other organization—a special invitation to attend the motion picture cooking school "Star in My Kitchen" which will be presented each day at 10:00 a. m., Monday, Tuesday and Wednesday of next week.

The News' editor says this cooking school is one of the finest features that has ever been contracted for Clarendon women. Other editors who have presented the cooking school said, "the women expressed a preference to this type of cooking school rather than the old type," and "scores of women saw the cooking school picture each day it was presented."

Dorcas-Althean Class Meets Thursday

The Dorcas Althean class of the First Baptist Church met in the home of Mrs. Walter Clifford with Mrs. Clifford and Mrs. Regan Bryan as hostesses on Thursday, June 2. The class met for the purpose of quilting a quilt. The hostesses served a delicious ice course to the following:

Mesdames H. T. Burton, teacher, Dick Lanham, Wilson, Mann, Carl Peabody, Bryan Armstrong, Eva A. Hill, Ralph Keys, Sam Cauthen, Coester Talley, U. P. Patterson, Verna Lusk, Rhodes, Walter Lowe, Clyde Douglas, members and Mrs. A. T. Cole and G. G. Kemp, guests.

C.H.D. Club Quilts At Meeting Friday

The Clarendon Home Demonstration Club met at the club room Friday, June 3, with Mrs. A. Hahn as hostess. The Vice-president, Mrs. C. D. McDowell, presided over the business meeting. Members answered the roll call with monthly reports.

Quilting occupied the time of the fourteen members and visitors present. Refreshments were served by the hostess to the following: Mrs. W. B. Ayers, guest, Mesdames G. A. Anderson, A. H. Baker, C. L. Benson, John Black, A. L. Chase, W. A. Davis, J. C. Estlack, A. G. Lane, C. D. McDowell, A. W. Simpson, Ed Speed, W. D. Van Eaton, Elmer Harp, members.

Former Clarendon Girl Weds

Miss Doris Mace, daughter of Mr. and Mrs. Frank Mace of 813 E. Alabama St., Amarillo, and Mr. Edd Burke son of Mr. and Mrs. W. H. Burke of Eden, Texas, were united in marriage Tuesday, May 31, at Canyon, by Rev. Hicks, pastor of the First Baptist Church in the Pastor's home.

They were accompanied by Miss Letha Warren of Clarendon and Mr. Lloyd Buchanan of Canyon. After a wedding dinner at the Buchanan home in Canyon, they left immediately for Oklahoma City and other points.

Mrs. Burke attended school in Clarendon up to 1927, later graduating from Amarillo High School in 1936 classes. Mr. Burke is a valued employee of the Roberts Grain & Seed Co. of Farwell, Texas, where they will make their home.

1930 Needle Club With Mrs. Carpenter

The 1930 Needle Club met Tuesday, June 7 with Marguerite Carpenter as hostess in her home. Needlework and conversation furnished the afternoon's diversion. Lynn Kirby and Nellie Hunter received birthday and anniversary gifts.

The hostess served delicious refreshments to the following members: Nora Decker, Lynn Kirby, Josie Peabody, Mabyon Andis, Francis Hilliard, Mozelle Wright, Mildred Ritter, Hazel Lusk and Alice Bain.

The club will meet next with Nora Decker on June 21.

Mrs. Chamberlain Hostess 1922 Club

Mrs. R. A. Chamberlain was the gracious hostess to the members and guests of the 1922 Club Tuesday afternoon. The group was first entertained at a delightful luncheon at Mrs. Bigger's and then went to the home of Mrs. Chamberlain where they spent the afternoon playing bridge.

In the games, Mrs. James Trent had high score for club members, Mrs. C. G. Stricklin high for guests and Mrs. Odos Caraway cut high for consolation.

The following members and guests were present:

Mesdames Whitfield Carhart of Greenville, C. G. Stricklin, C. T. McMurry, A. L. Chase, Fred Chamberlain, and Kelley Chamberlain, John Sims, Sella Gentry, J. B. McClellan, Odos Caraway, Arthur Letts, T. H. Ellis, James Trent.

Mrs. Bill Bentley and Children. Nell and Bobby, of McLean Spent Thursday Night with Mrs. Bentley's Mother, Mrs. O. W. Latson.

The members of the McMurry family, the children and grandchildren of Mr. and Mrs. W. J. McMurry of Archer City, will gather Saturday at the ranch home of C. T. McMurry for their annual reunion.

Church Societies Meet In Circles

The Presbyterian Auxiliary met in circles Wednesday. Circle Number Two met with Mrs. Ruth Kennedy in her home for a study of the book "Return to Religion" by Dr. Henry Link. Seven members were present.

Circle Number One met with Mrs. W. G. Word in her home. The devotion was led by Mrs. J. H. Howze. Ten members were present.

The Women's Missionary Society of the Methodist Church held their circle meetings Wednesday.

Circle One met with Mrs. M. S. Parsons; Two with Mrs. W. A. Davis; Three and the Belle Bennett Circle met jointly with Mrs. L. Ballew. All of the circles studied their mission lesson on "Rural Churches in America."

The circles will meet again next Wednesday for their Mission study.

The Baptist society met in four circles. The Vada Waldron Circle met with Mrs. U. Z. Patterson and studied the last chapter of their Mission book, "Tepee Trails." The Rex-Ray circle met with Mrs. Marvin Warren, the West Circle with Mrs. Major Hudson and the East Circle at the Church.

The Ladies' Aid of the First Christian Church met at the church Wednesday for their regular Bible Study. Mrs. Humphries led the study in the absence of the president. A short business meeting followed the lesson. Ten members attended. The Bible study will be held next week at the church at three o'clock.

Campfire Girls Enjoy Outing

The Campfire Girls went to the Country Club Tuesday afternoon for an outing. They spent the night at the club, sleeping in the

clubhouse and returned Wednesday afternoon. They occupied their time in swimming, hiking and cleaned their Campfire Lodge across the road from the club. They took most of their meals picnic style, but cooked their own breakfast. The group was chaperoned by Mrs. J. R. Porter. Those who went were:

Annie Ree and Helen Francis Porter, Naomi Morris, Louise and Janice Westmoreland, Mary Nell Keys, Mary Frances Word, Emma Jean Speed, Marilyn Sawyer, Frankie Hommel, Peggy, Jo and Mary Charlotte Word, sponsors.

Mrs. B. F. Kirtley left Sunday for Hubbard City.

Mrs. S. A. McCarroll and daughter, Katherine, and Miss Lois Willoughby of San Angelo, are visiting Mrs. McCarroll's brother F. A. White and family.

Mrs. Mollie E. Gray, Mrs. J. E. Tucker and Vernon Tucker returned Saturday from Greenville where they spent several days visiting relatives.

Mrs. H. F. Harter and young son, William Murphy, were removed to their home Monday from the Adair Hospital.

Ruth Patman returned Thursday night from Oklahoma where she visited Mrs. Fred Wewerka.

THE AWFUL PRICE YOU PAY FOR BEING NERVOUS

Quivering nerves can make you old and haggard looking, cranky and hard to live with—can keep you awake nights and rob you of good health, good times and joy. What you should try is a particularly good woman's tonic—and could you ask for anything whose benefits are better proved than that world-famous Lydia E. Pinkham's Vegetable Compound? Let its wholesome herbs and roots help Nature calm your shrieking nerves, tone up your system, give more energy and make life worth living again.

DO YOU KNOW—

That the famous Trinidad Lake of pitch is only three inches lower now than at the time of its discovery, although three hundred million tons of pitch have been dug out of it. The large holes made today are invariably filled in again tomorrow as by magic.

An Easier, Better Way to Make Cookies

Delicious for picnics and for serving with frosty drinks

Crisp, tender, home-baked cookies make a hit with everyone. In summer especially, they are a grand addition to the picnic lunch. They are just the thing to serve with frosty drinks, too—at afternoon bridge or on a hot evening. With fresh fruit or frozen desserts, they solve the dessert problem easily. And in the fall, children love them in their lunch boxes.

Just Drop Dough on Baking Sheet

But who wants to spend time tediously rolling out cookies these hot summer days? It also takes skill and patience to roll and cut the soft, "short" batter so essential to good cookies. That is why women are enthusiastically welcoming this easier way to make better cookies. Try this new method once and you'll never go back to the old way. It's so simple, too. Just drop cookie dough from a spoon or pastry bag on the baking sheet, leaving space

Stamp Cookies into Thin Rounds

between. Let stand a few minutes. Then press into shape with the bottom of a glass covered with a damp cloth. Occasionally dip glass in water and pat towel to remove excess moisture. No tedious rolling! No messy cutting! And the last cookies in the batch don't get tough from added flour and extra handling! This is so much simpler than the old method that you can fill your cookie jar with tender, tempting cookies in no time!

Here's a wonderful recipe for old-fashioned cookies. They are called—

Aunt Jane's Sugar Cookies

- 1 cup Spry 1 egg, well beaten
1 teaspoon salt 5 cups sifted flour
1 teaspoon vanilla 4 teaspoons baking powder
1/4 teaspoon soda 1 cup milk
2 cups sugar

Combine Spry, salt, vanilla and soda. Add sugar gradually and cream well. Notice how smoothly

Cool Cookies and Pack in Jar

and easily Spry creams with the sugar. Add beaten egg and mix thoroughly. Sift flour with baking powder. Add to creamed mixture, alternately with milk, mixing well. Drop on greased baking sheets from teaspoon or press through a pastry bag. Let stand a few minutes, then flatten by stamping with a glass covered with a damp cloth. Bake in moderately hot oven (375° F.) 12 to 15 minutes. This recipe makes 8 dozen. Let baked cookies cool slightly on baking sheets, then remove with spatula to wire rack to finish cooling. Store in a covered container. Your family will love these rich, crisp, tender cookies! Notice how fine-flavored they are. A purer, all-vegetable shortening like Spry does not disguise the delicate flavor of other ingredients—it enhances their goodness!

LIBRARY NOTES

(By Mrs. C. A. Burton)

In the year 1344, Richard De-Bury, in the first English book on the joys of reading, written more than a hundred years before the invention of printing said, "Books are the masters who instruct us without rods or ferules, without hard words and anger, without clothes or money. If you approach them, they are not asleep; if investigating you interrogate them, they conceal nothing, if you mistake them, they never grumble, if you are ignorant they cannot laugh at you. The library, therefore, of wisdom is more precious than all riches and nothing that can be wished for is worthy to be compared with it. Whosoever therefore acknowledges himself to be a zealous follower of truth, of happiness, of wisdom or even of the faith, must of necessity make himself a lover of books." Could it all be said better today? And as true as when said in this book which was one of the earliest published, in 1474.

A few new books have arrived since our list was given you: "Swift Lightning" and "The Gold Hunters" by Garwood; "Touchdown" by Sherman, a splendid ball story for the boys; "The Bobby Twins at Spruce Lake," and "The Bobby Twins Wonderful Secret"—one of the much-loved series for our younger readers; "The Little Lane Prince," a long-lost classic for the children by Miss Marlock; "The Radiant Tree" by Temple Bailey; a

new copy of "Huckleberry Finn" have worn out several copies already: "Keating" by Jan. D. Abbott; "God and My Father" by Clarence Day.

Many and favorable have been the comments on this last, Henry Seidel Canby, one of the foremost critics of this country says, "A little book, but priceless. Many good judges have felt that the author's earlier book, "This Simian World," was one of the few American satires that should be on every library shelf. There is deeper feeling and also a more penetrating judgement in "God and My Father." Lee Wilson Dodd says of it, "One would search far to find as much humor, shrewdness, character, ironic wisdom and sheer good writing in an equal number of pages." And the Saturday Review of Literature says, "Altogether delectable in its wit, its humor, and its gracefully phrased satire." Clarence Day's death in December of 1935 came when he was at the height of his power and success. Though he had been an invalid for more than 35 years, he had made his sufferings a minor aspect of his life, and humor, his charm and his wisdom have shone throughout his writings. We have his "Life With Father," "Life With Mother," and this little volume, "God and My Father" on our shelves.

The publishers of L. M. Montgomery's "Anne of Green Gables" have issued a silver anniversary edition of this incomparable story. They say that twenty-five years ago they published it—a new book by a new writer. Immediately entries, editors, statesmen, hu-

morists, poets, and the great public lost their hearts to the charming Anne. Mark Twain hailed the red headed heroine as "the dearest and most moving and delightful child of fiction since the immortal Alice." The book immediately leaped into the ranks of the best sellers—and has remained there, through the years, more than a million copies having been sold in the United States and Canada. It has been translated into many foreign languages including Dutch, French, Polish, Norwegian, and Swedish. The motion picture of the story has been as popular as the printed version. We have the three other books of the "Anne" series, "Anne of Avonlea," "Anne of the Island" and "Anne's House of Dreams." Besides these we have several other charming books by the author, L. N. Montgomery.

The Pulitzer Prize winner in poetry was awarded to Marya Zaturenska for "Cold Morning Sky." With the publication of her first book, "Threshold and Hearth" which won the Shelly Award in 1934, critics were quick to predict a brilliant future for her. Miss Zaturenska is Mrs. Horace Gregory in private life. Her poetry is inspired with a purpose and a consistency of attitude that is very reassuring. Premier Benito Mussolini recently appointed Luigi Federzoni novelist and critic who turned to politics and Fascism, as president of the Royal Academy of Italy to succeed Gabrielle d'Annunzio, who died the first of March. This appointment has been interpreted as having more political than literary significance.

A recent gift from Mrs. June Taylor is a Manual of Athletic Requirements from the U. S. Naval Academy. It will prove very interesting to one interested in athletics.

University Men Use Short Wave Radio Daily Communication

AUSTIN—Short wave radio is used by two former students of the University of Texas, one of whom is now an instructor at that institution, to keep in daily communication with each other. Dr. F. Burton Jones, University instructor in pure mathematics, and his brother, Wayne Jones, a graduate fellow in physics at Harvard University, talk to each other at least once every day by means of home-made short wave broadcasting sets.

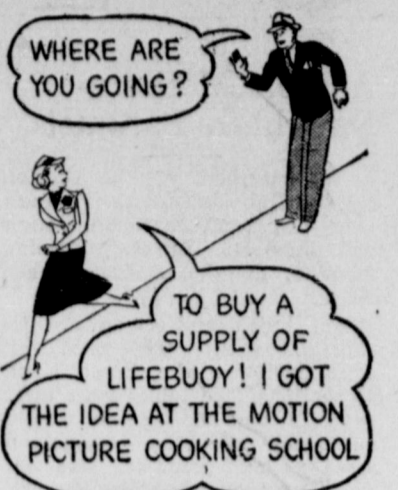

Dr. Jones also has weekly communication with another University of Texas ex-student, Frederick Bieseke, who is attending Brown University. These two contacts are the only ones he makes regularly, but he frequently establishes contact with other amateur radio operators.

There are some thirty thousand radio amateurs in the United States, he added. While many of these are professionally connected with the radio industry in some way, there is a large number who, like himself, have developed a hobby to a high degree of proficiency. Among them are doctors, dentists, members of the coast guard, business men of all kinds and representatives of innumerable other occupations.

There is little to differentiate the two sets these "Texas-exes" have built from other amateur sets, Dr. Jones said. The one his brother has in Boston is perhaps the more unusual, since he is able to transmit in any frequency in the amateur band. So interested in the experiment were Harvard officials that they not only gave him permission to install the set in one of the University buildings, four stories high, but assigned a "roof man" to aid him in setting up his aerials.

Both of the Joneses are grad-

uates of the University, Burton having obtained his bachelor of arts degree in 1932 and the doctor of philosophy in 1935, while Wayne received the bachelor of arts in 1935 and the master of arts in 1936.

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

AUSTIN—The temperature of the weather and the Governor's race both mounted this week, as Ernest Thompson charged in a Lockhart speech that Attorney General Bill McCraw "bungled" the Lone Star gas rate case in the Supreme Court, and pledged himself to a continuation of the fight to cut gas rates for a million Texas consumers.

"VERNEST" OUT OF LUCK

There was every indication that "Vernest O. Thompson," the Dallas filling station employe who seeks a place on the ballot, will not get his name on the ballot—at least not that way. Influential members of the State Democratic Executive committee, of which Myron Blalock, of Marshall, is chairman, were preparing this week-end to adopt a "resolution of policy" declaring the committee will not certify any candidate whose name is entered "with palpable intent to defraud the voters, and make a joke of the Democratic executive committee."

the highway at Hillsboro has for several years, proclaimed his name as "John Garner, Blacksmith," but so far he has not announced as a candidate for any office.

THAT MAN ALLRED, AGAIN

The story that Jimmie Allred will be named a Federal judge for the Southern Texas district was revived with vigor here this week, and various insiders claimed absolute confirmation of the report, carried many months ago in this column. Chief speculation here was whether Allred, if named, would resign in time to permit Lt. Gov. Walter Woodul to serve as governor for a while prior to the July primary.

TWO MORE PRESS AGENTS

Newest recruits to Attorney General Bill McCraw's record-breaking staff of publicity men this week were North Bigbee, former oil editor of the Dallas News, and Ed Kilman, political writer of the Houston Post.

QUEER POLITICAL LINEUP

The hotel lobby political experts this week were getting a chuckle out of the action of Walter Woodward, ex-senator, and ex-president of the State Bar Association, who held an open house at his office for Bill McCraw, and later introduced McCraw at a speaking in Coleman, Woodward's home town.

Woodward is said to have gotten a prompt protest over the Coleman incident from several members of the Senate who are supporting Thompson, and indicated he was "duped" by the McCraw press-agents into a very unhappy position.

CROWLEY'S CONTRIBUTION

The chief effect which Washington Candidate Karl Crowley has had on the Texas gubernatorial race, according to other candidates, has been to make it very tough for all the candidates to raise campaign funds.

George Bourland is at home from Annapolis for a brief visit before joining the U. S. S. Pensacola at Seattle, Washington, June 30.

East Texas Boast Becomes Reality

When a man living down in East Texas boasts to his friends and neighbors that on his trip into West Texas he wants to kill a rattlesnake and see cattle being branded, that is a fond wish most East Texans have. But when he carries out his boast, that is something to go home and tell his friends about, especially when those things have been experienced for the first time.

Fourteen Now In Race For Governor

AUSTIN—Democratic candidates for state-wide offices mounted to 57, one of the largest totals in history, before arrival of the filing deadline last Monday.

The latest to pay their \$100 filing fees were Lewis C. Foster 42-year-old Fort Worth hat salesman, who hopes to be state treasurer and George H. Allen, Tyler veterinarian, who will run for commissioner of agriculture.

Vann Kennedy, secretary of the state Democratic executive committee, said filings placed in the mails and registered before last Monday at midnight would probably be accepted.

Gubernatorial candidates numbered 14, which was greater than ever before. They were James A. Ferguson of Belton, Clarence R. Miller and Vernest O. Thompson of Dallas, Marvin P. McCoy and Joseph King of Houston, Atty. Gen. William McCraw, Railroad Commissioner Ernest O. Thompson, S. T. Brogdon of Stephenville, Clarence E. Farmer, Karl Crowley and W. Lee O'Daniel of Fort Worth, Tom F. Hunter of Wichita Falls, P. D. Renfro of Beaumont and Thomas Self of Crockett.

Foster, the third candidate for treasurer, rivals in shortness of stature incumbent Charley Lockhart, who stands three feet, nine inches. The hat salesman gets about very spryly on crutches.

will leave with his parents Wednesday morning for Salt Lake City, Utah.

Mr. and Mrs. Seaton, Mr. and Mrs. Derrick and Pearl, and Mrs. Robinson called in the Potter home Sunday afternoon.

Mrs. Gaither spent Thursday night in the Pat Longan home after coming to the doctor here, who advised her to go to Dallas for an operation.

Mrs. Seela Hill, Mrs. Hill of Memphis, Miss Lula Barnes and Patterson of Tulsa were dinner guests in the J. M. Potter home Friday.

Mrs. Della Johnson has the sympathy of all because of the death of her mother at Crosbyton on June 2. Granny Nalls made her home with Mrs. Johnson for two years and has many friends that will be sorry to hear of her death.

Mr. and Mrs. Leroy Tidrow and baby, Mrs. Tunnell and Maxine of Dallas visited friends and relatives here this last week.

Winfield Moseley was a dinner guest in the Pat Longan home Saturday.

Among those who entered summer school in Canyon this week are Mrs. Eva A. Hill, Dora Lucille Pierck, Beatrice Hardin, Nellie Grady, Mrs. Mae Prewitt, Mrs. Edwin Eanes, Newton Smith, and F. L. Behrens, Jr., who has been reelected a teacher at Giles.

Latest Ideas in Home-Making To Be Combined with Entertainment in Film Presented at Local Theatre Next Week

HOME-MAKERS TO BE WELCOMED AT THE PASTIME THEATRE, JUNE 13, 14, 15

Lock the doors and come to town! The Clarendon News' Motion Picture Cooking School entitled "Star in My Kitchen" will be the real community attraction for three days at the Pastime Theatre starting June 13.

This fascinating and different cooking school is open entirely free to every woman in reach, and The Clarendon News as well as Clarendon merchants extend this last invitation to join in the home-making lessons and jolly entertainment for at least one day.

The Motion Picture Cooking School will be a practical rally of home makers to contribute fresh perspective for the "same old job" the monotonous day-in-and-day-out job, yet the most important business in the world. Just as men have their annual conventions, where they listen to lectures from specialists, local women will have their convention

to consider home-making problems.

Just as fresh inspiration for the old job is one of the by-products of the familiar cooking school, which represents a lecturer in a model kitchen, so are new ideas and keen incentive born in the film class for home-makers, with its novel approach and modern setting.

No "false-front" camera-beautiful kitchens satisfied these specialists. They insisted on working in complete, compact, modern kitchens, which actually reflect more scientific ingenuity and careful planning than any living room. Recognizing the demands of home experts, the producers of "Star in My Kitchen" signed all-star kitchens, with an all-star cast, adding a continual procession of close-ups, so that every seat in the Pastime Theatre is a good seat for this amazingly pictured home-making course.

Everyday happenings have been dramatized in the plot of "Star in My Kitchen." Behind the sparkling humor and suspense that are

so necessary to screen stories was a deliberate plan—an ambition determining to carry instruction, inspiration, and worthwhile home news to women in every community.

The camera took its time and it took its closeups, so that every person in the Pastime Theatre will have a "large as life, and twice as natural," view of each operation. There will be no orchestra circle at this entertainment, since the back row guests of The Clarendon News will have an equal chance to peer into the mixing bowl, not overlooking the final work in baking, roasting, French-frying, or freezing.

For this is no half-hearted demonstration. Each delicious dish will be completed and shown with such realism that there are sure to be hungry "ohs" and "ahs" from the audience. If any stray husbands get into the theatre they are certain to ask "when do we eat?"

Keeping up-to-the-minute on fresh discoveries to ease the home manager's burdens, is one of the jobs of the household specialists who supervised the demonstrations in this profitable cooking school. Because they have devoted years of training and study to home problems, these capable experts know how to help other house-

keepers to run their homes more smoothly, interestingly and economically. Under the flow of their enthusiasm and creative skill, a well-cooked meal becomes elevated from "just a job" to an artistic achievement, requiring skill and imagination.

Not only does this picture show new dishes, styles, and interesting ways to serve everyday meals and party feasts, but it demonstrates how to make intelligent use of the ingenious mechanical servants that take the guess-work out of house work.

What about recipes? Naturally every guest of the Clarendon News will want to test these tantalizing cures for menu monotony. Free recipe sheets will be distributed daily. And other things will be given away—valuable gifts that will find long and useful life in many a home.

Guests at the school will want and remember the friendly local firms and nationally-known products that are helping The Clarendon News in this community undertaking.

Does your house run you? It so, why not accept The Clarendon News' invitation to join the neighborly cooking school party, starting Monday, June 13, at 10 a. m.

Remember the dates and opening hour: Monday, Tuesday, and

"Sweet thoughts running 'roun' mah mind," as Auntie Bella would say, "look who's here!" It's Auntie Bella herself, who presides over Mike Anders' kitchen in "Star in My Kitchen," and who provides many a laugh for women attending the cooking school.

Sixty-one persons, the largest number in five years, paid taxes on net incomes of \$1,000,000 or more last year, the U. S. Treasury Department has reported.

Wednesday, June 13, 14 and 15. Doors open at 9:30 a. m., school begins promptly at 10:00 a. m.

STRIKING TESTS REVEAL HOW RECENTLY IMPROVED SOAP WASHES CLOTHES SHADES WHITER

THERE are many discoveries that are far less exciting, but few of greater importance in making life more enjoyable than the discovery of "scrubless" soap. One of the most outstanding of the "save work" soaps is the granulated soap, Rinso, which has helped so greatly to do away with the hard work of washday.

A new principle

For years Rinso has given millions of women whiter, brighter washes without scrubbing or boiling. It has done this by producing rich, lively suds that soak out the dirt—gently and safely leaving out imbedded particles—and leaving to the housewife the comparatively easy job of scrubbing a few stubborn edges, rinsing and hanging out a dazzling white and much brighter wash.

The effectiveness of Rinso suds has been so marked that the makers of 33 famous washers have long recommended this soap above all others.

A further advancement

Recently the makers of Rinso announced that they had improved their soap. By actual test it was proven that the New Rinso gives, cup for cup, over 25% more suds than the old. These suds are longer-lasting and faster-acting, too. The New Rinso gives suds that last nearly

one-third longer than ordinary suds. What a blessing that is in hard water areas!

The discovery of New Rinso may not rate a mention in the history books, but to millions of women it means better washday results. economy, freedom from hard work washdays.

eggs, if the quality is dependable than they will for winter eggs. Any fairly fresh store egg is good in the winter, and some women will buy common store eggs then rather than pay extra for infertiles or others of known quality. It will not take long to learn who will quit you to get a lower price. Don't lose patience with them but put them on your extra list and supply them only after you have supplied all your faithful customers.

A farmer ought to get a market price for the quality of eggs he produces, but even with private customers he cannot expect more than a few cents for delivering them at the door. Grocers deliver and they are able to get infertile eggs which they can guarantee to be good. Give your customers some special incentive for buying from you. Keep your prices in line with the retail market, make your quality perfect and deliver promptly. Be judicious about extending credit.

How shall we persuade hens to lay during the hot weather? They must have some rest and we might as well recognize that fact. But we can keep them from all resting at one time. They do not all begin to lay on the same day, and they ought to lay about the same number of eggs per hen, and the daily average of the flock ought to be about the same all during the summer. This average will be much lower than the peak of spring production, and you have a chance to select your very best customers and cut off the slow payers or otherwise undesirable customers simply for the very good reason that you do not have the eggs to sell.

Hens comfortable. They need shade and a cool place to wallow in the dust. They do not want to take too much exercise but they must be induced to eat plenty of good egg-making ration. Don't give them anything especially fattening or heating and do not let them have too much sloppy feed. If they are full of watermelon they will neglect the mash. Give them buttermilk, but be sure it is put in a clean vessel and that they do not leave any to attract flies. Remove the milk feeder from the yard and clean it after every feeding for the sake of sanitation.

Hens must be kept in good health before they can be expected to lay. If the premises are kept sanitary they are not likely to get any disease and will not need any medicine. Keep charcoal where they can get it and use a little permanganate of potash in their drinking water about twice a week. Use just enough to color the water lightly. There are several reliable poultry remedies on the market; use these with judgment. To prevent limberneck destroy all refuse on which maggots can live.

Rid the poultry quarters of lice and mites and use a good insect powder on the hens themselves. These insect pests are our meanest enemies against summer egg production because they annoy and sap the strength of the hens. Keep fighting them.

Produce eggs of quality you can guarantee; work up a list of good customers and then be faithful about delivering on time and you will have no difficulty in disposing of all the eggs you have at the best price the market affords. These same customers will buy butter, fryers and surplus vegetables. Try them when you have something nice you do not want to use at home, and bring home some extra money.

Housewife Can Make Kitchen Happy If She Gets Interested

Just as the evening of a well-spent life brings its lamp along with it, so does the cooking of a really interested housewife who attends the Clarendon News Cooking School keep on ascendency in bringing kitchen happiness to her home.

There is fashion aplenty. Ways to dress up good wholesome ordinary food in manners that will tease the appetite graciously and make friends with all the digestive organs of humanity and there is plenty of fun, frolic, pastime and wholesome entertainment in learning all about it. The opportunities to learn how to prepare the newest dishes, dress them in their very prettiest forms and shapes, and of which are valuable additions to the kitchen of the most modern housewife; the manner and dispatch, sheared of all vexations, worry, and toil-some burdens, of planning meals of every kind, comes in with a value hard to determine; and particularly the new mode of preparing and fixing the newer salads, is indeed a secret bit of happy housewifery, to be prized by anyone; to say nothing of the valuable household hints available.

Most surely, the readers of the News under whose auspices the cooking school comes, are inviting a pleasant time of cooking.

Typical Weekly Food Cost From \$2 To \$3 a Person

What is reasonable food cost per person per week? The Bureau of Home Economics in a study of levels of living found wide differences in food expenditures of the country over. Only nonrelief white families were included in the study.

Some families spend less than \$1 per person per week for food. Others spend that much or more

Stockings Most Expensive Single Item in Clothes Budget

by Ruth Dennis

AN INQUIRING REPORTER asked six women, picked at random, to name the most expensive single item in their clothes budget. Five promptly answered: "Stockings!" Small wonder, when American women spend \$300,000,000 a year on stockings!

Even the New York State Department of Labor, working out a minimum budget for women who work, allowed 20 pairs of stockings a year—a new pair every two and a half weeks.

Making even a 4-thread stocking last that long is a problem for some girls. Frequent runs are the most common complaint.

Two girls may start with the very same stockings, yet one will often get twice as long wear.

Here's an important factor: the way they're washed! Stockings should be washed in lukewarm Lux suds after each wearing.

Lux guards elasticity, on which the life of a stocking depends. When the silk is "lively," it gives under strain without breaking easily, then springs back into shape. When this elasticity is weakened, as it may easily be by rubbing or by harsh soaps, runs are apt to pop!

per day. Leaving out the most lavish fourth and the least lavish fourth of the families, representative homes in the two middle groups reported food expenditures between \$2 and \$3 per person per week.

What sort of diets were obtained at these levels of living? At the \$2 spending level, about one-seventh of the families for the whole country obtained first-rate diets, but as many as one-third had diets which, if long continued, would undermine health and vitality. Fewer than one-tenth of those who spent as much as \$3 per person per week for food were buying very poor diets.

About one-fourth were obtaining first-rate diets which would promote physical well-being. Apparently with more money to spend, families are more likely to make wise food choices, says Dr. Hazel Stieberling, who directed the dietary study.

Levels of living, she believes, could be raised by wiser spending. Although additional income would help, better food choices would enable many to achieve adequate diets without increasing their food expenditures.

Texas ranked fifth among the states in building construction in 1937.

Preparation of Food Occupies Much Time Of West Tex. Women

West Texas farm women and 4-H club girls are spending much of their time in the preparation and preservation of food for their families this fall, according to reports from county home demonstration agents in that area.

"I plan for the foods I can to supplement my garden products," states Mrs. Bemmo Eckert, food supply demonstrator of the Stonewall home demonstration club in Gillespie county, "therefore, I grow fresh vegetables in my garden the year around." Mrs. Eckert has canned 347 1.2 quarts of vegetables valued at \$69.50 which include 19 different varieties of vegetables, fruits, preserves and meats.

Infertile Eggs Always Bring Good Prices In Summer; Hot Weather Care of Paying Flock

BY HENRY FIELD
Written Especially For The Semi-Weekly Farm News

Strictly good eggs are the only kind fit to eat and the only kind worth trying to sell. Fresh eggs will keep several weeks in the summer if they are kept in a cold place, but not all of us have sufficient refrigerator space to store eggs in quantity. A fertile egg will not keep three days in hot weather without showing a spot if it is stored at room temperature, but we must not sell eggs that are not good.

As a first aid in keeping eggs good retire every rooster from associating with the layers. He likes to strut around and show off, and then cackle when they do their work, but he does not help produce good eggs for table use. It is best to market all old or inferior cock birds early in May and be rid of them permanently, as they will never be needed again. It will be much to the advantage of the breeding stock to introduce younger and better male birds in the fall.

If a fine young cock is worth keeping he is worth keeping right. Build him a pen where he will have room to exercise and keep him in good condition with proper feed. He will not grow restless if a few hens are kept in the pen with him. Their eggs should be used at home and it is good management to bring off a few litters of chicks in the fall for winter fryers. September chicks will grow well as a rule.

Summer eggs rarely bring a good price if sold at the country store. This is hard on the producer but the merchant can't be blamed. He does not have enough local trade to sell his eggs because most of his customers produce their own eggs. If he waits for a peddler wagon to take up his supply he can't get a good price simply because he knows many of the eggs he takes are fertile and probably several days old when he gets them.

The only way to get a good price for summer eggs is to produce infertile eggs and sell them to a buyer who is willing to pay a premium for them or else find

enough customers to whom you sell direct.

An enterprising farmer who lives near a large town can easily find customers and if he does his part he can keep them. Housewives everywhere hate bad eggs but they used to think they had to expect three or four bad ones in every dozen of store eggs during hot weather. Now since so many poultrymen make a specialty of infertile eggs the town women have learned to buy them and will pay extra for them.

Make sure all your eggs are either infertile or not over two days old when you set out to establish an egg route. If you have friends in town so much the better. Sell them a few dozen and guarantee them to be fresh; but if they are not infertile insist that they be kept in a refrigerator until used. Agree to replace any bad ones found when you return at the end of the week. Of course your word about bad eggs, but if you know your eggs are all right you will soon find out whether you want to keep a customer.

When a woman finds a reliable person from whom to buy eggs she never hesitates to spread the good news among her friends. At a recent club meeting a member hurried away with the excuse that she did not want to miss her egg woman, and added: "I have been getting eggs from the same family for five years and have never gotten a bad one."

That chance remark added five customers to that egg woman's list. Fortunately she had a flock of pullets just coming into production. After the first two months she never had to look for new customers because she always had a waiting list. She soon got all her customers concentrated into one neighborhood and so her deliveries were made quickly. She made her rounds regularly and was never late without a very good reason, and her customers were careful to be at home, confidently expecting her on time.

Regular customers are willing to pay even better for summer
