## Programs Scheduled Climaxing 1937-38 Clarendon School Session

### June 13-14-15 Dates Set For The News' Annual Cooking School

#### 120 GRADUATES TO RECEIVE DIPLOMAS

#### JOINT BACCALAUREATE SERVICES FOR HIGH SCHOOL AND COLLEGE SUNDAY

School days will be just a musical rhyme to approximately 66 seniors of Clarendon High School and Clarendon Junior College Monday and Tuesday nights when Superintendent H. T. Burton and Dean R. E. Drennan completes the yearly ceremony of handing out diplomas earned by many years of study and endeavor.

Already the preliminaries are shaped up and the programs prepared for the final "go-round" as the seniors will end their careers in Clarendon's high educational institutions.

First exercises for the week will be the Baccalaureate Services to be held Sunday, May 22, at 8:00 p. m. at the First Methodist Church.

Rev. Robt. S. McKee will deliver the Baccalaureate Sermon to graduates of the Clarendon High School and Clarendon Junior College in a joint service.

The program is as follows:

Processional—Marche De Fete, Barrell.

Anthem—"Praise Ye The Lord," Mrs. Ralph Kerbow, Charlotte Ingram Word and the graduating classes under the direction of Mrs. Millard Word.

Invocation—Rev. E. D. Landreth, pastor of the First Methodist Church.

Hymn, scripture reading, announcements.

Sermon—Rev. Robt. S. McKee, Hymn, benediction.

Recessional—Festival March, Teلمان, Mrs. Ralph Kerbow.

Commencement exercises for Clarendon Junior College will be held at the College Auditorium, Monday, May 23 at 8:00 p. m.

Judge A. J. Folley, associate justice of the Amarillo court of civil appeals, will be the principal speaker. Dean R. E. Drennan will award the diplomas to 17 graduates.

The remainder of the program is as follows:

Processional—Mrs. Allen J. Bryan.

#### Donley Joins In Flood Control of Upper Red River

#### Assurance that farmers and landowners of Donley county would cooperate with other counties in this area in the possibilities of flood control and irrigation projects in the Upper Red River Flood Control and Irrigation District were given District Judge A. S. Moss, Memphis, and O. E. Beavers, Lakeview, who were in Clarendon Friday in the interest of the program.

A public hearing was held in Childress Monday by representatives of the war and agricultural departments and was attended by interested parties from a half dozen counties of the eastern part of the Panhandle.

The war department is interested in the need for and the possibilities of a flood control and irrigation dam on the upper reaches of Red River, while the department of agriculture is seeking information on waterflow retardation and soil erosion prevention.

#### 2.70-INCHES RAIN HERE THIS WEEK

TWO STRIPS OF HAIL IN COUNTY DURING RAIN WEDNESDAY AFTERNOON

Crop prospects were brightened in Donley county this week as three rains for a total of 2.70 inches of moisture was received throughout the county.

A slow rain fell Sunday night, measuring .30-inch, three-fourths of an inch was received Monday night and 1.05-inches Wednesday afternoon and night.

Farmers are all smiling over the excellent moisture that added new life to wheat that in some parts of the country was drying up for lack of moisture.

Cotton planting will get underway as soon as the ground dries enough for field work.

Hail was reported to have fallen during the rain Wednesday afternoon, in two spots, three miles east of Clarendon and a strip east of Hedley. The damage has not been ascertained this morning.

#### FARM-TO-MARKET ROAD IS PLANNED

THREE OR FOUR MILES HARD SURFACED ROAD SOUTH ON 88 PLANNED

Division Engineer W. J. Van-London was in Clarendon the latter part of last week making a brief survey, preliminary to having one of his staff work out final details on the construction of a few miles south of Clarendon under the farm-to-market roads appropriation of the federal government.

The route will follow largely the present Clarendon-Brice road for the three or four miles which can be hard-surfaced on the \$24,000 available. Indications are that the route will come on the present cemetery road into East Clarendon where it will junction highway 5, near the Clarendon Gin.

In the interest of safety the new state requirement is a minimum width of 120 feet. This is in line with recent highway practices and developments.

Engineer Carmichael arrived here Monday and has begun his detailed survey on which the project will begin just as soon as the federal funds are available, after July 1.

This step is regarded here as the beginning of work on Highway 88 south to Turkey, as covered by a recent re-designation secured from the state highway commission, with the understanding that construction and maintenance awaited allocation of funds.

Mrs. M. J. Hunt, mother of John and Ernest Hunt, left Monday for Stratford where she will visit her daughter, Mrs. Cartwright. Mrs. Hunt is 81 years of age, and this is her first trip out of Donley county in seven years.

#### FIFTH AUCTION SET FOR JUNE 7

#### FINAL SALE OF SERIES WILL BE GALA EVENT FOR FARMERS AND TRADERS

Donley County's fifth and final Monthly Auction Sale of the New series will be held Tuesday, June 7, and a fine array of livestock, farm implements and miscellaneous items are expected to be paraded before buyers from every section of the county and nearby areas.

Every farmer and trader in the county is invited to bring to the Fontayne Elmore Trade Lots anything he has to sell, and all items will be sold to the highest bidder by M. L. Putman, auctioneer.

The monthly events, sponsored by 27 Clarendon business firms have proven successful as a market maker, and plans are being made to make the final sale a gala event in trade circles.

Everyone seeking farm tools or livestock is invited to be present as most everything in the farm line will be offered for sale.

The feature attraction of the sales is the elimination of auction fees. Everything is sold without any cost to the seller or buyer, whatever.

#### Poppies Will Be Sold Here May 28

Preparations for the observance of Poppy Day, Saturday, May 28, are being completed by the Aubyn E. Clark Unit of the American Legion Auxiliary, Mrs. G. G. Reeves, Unit President, announced today.

Arrangements are being directed by Mrs. Ralph Andis, chairman of the Poppy Day committee, assisted by a large corps of workers from the unit. Plans are being developed to distribute memorial poppies in every part of the city.

#### HOPPER FIGHT TO BEGIN IN EARNEST

SIX CAR LOADS OF BRAN IS ALLOTTED TO DONLEY CONTROL

Farmers in Donley county will start in earnest in the fight against grasshoppers in the next few days or as soon as the weather warms up and clears up. Both plants in Hedley and Clarendon are open and ready to serve farmers wanting poisoned bran.

According to H. M. Breedlove, county agent, the hopper infestation is expected to be worse than in years.

Breedlove states that in a telephone conversation with Mr. R. R. Reppert, state leader in grasshopper control of College Station, this county will be allotted 6 car loads of bran which will arrive in the near future. There is plenty of bran on hand at the present time in both plants to give each farmer all the bran that he wishes.

The Clarendon plant was opened Monday in a building across the street from the Antro Hotel.

The program is being handled this year the same as last year with the farmer furnishing half of the bran, or an equal amount of ground bundles or cotton seed hulls to be put with the bran furnished by the government. For producers who do not have ground bundles, cotton seed hulls will be available and molasses can be obtained at the plants to be mixed with the poison.

#### COUNTY CANDIDATES MUST FILE BEFORE JUNE 18TH

County and precinct candidates must file with the County Chairman of the Donley County Executive Committee by June 18th, of they expect to get their names on the official ballot for July 23.

W. P. Cagle, County Chairman, has asked the News to carry this information again since so many seem confused about the limit on filing. Candidates are required to pay their proportionate cost of the primary, according to schedule set by the County Executive committee, as usual.

#### Clarendon Honor Students Named

Miss Maxine Ellis, daughter of Dr. and Mrs. T. H. Ellis, was this week named valedictorian of the 1938 graduating class of Clarendon High School. She has a scholastic average of 96 for the four years.

Miss Jane Kerbow was named salutatorian with an average of 93.

Honor students of the Junior High school are Miss Maxine Robertson with an average of 96.6, and Miss Mae Fern Rowden with an average of 91.6-7.

#### FIRST DISPATCH AIR MAIL MADE

CITY INCLUDED ON FEEDER ROUTE FROM AMARILLO TO WELLINGTON

More than 368 air mail letters were picked up here today by airplane and carried to Amarillo as the city's part in celebration of Air Mail Week, May 15-21. During the week feeder planes will reach into every part of the nation for mail pick-ups.

A Waco Cabin plane piloted by Carl Bentsen of Amarillo landed on the Peebles farm east of town at exactly 12:55 p. m., and was met by Postmaster Forest Sawyer who delivered the pouch containing air mail letters from Clarendon. A pouch of air mail was also left here by the plane.

All the letters bore a special cachet stamp showing the city of Clarendon in its geographical position within an outline of the United States.

Before landing here Air Mail was picked up at Claude, from here the plane will fly to Memphis, Childress and Wellington.

From Wellington it will make a direct flight to Amarillo where all letters will be dispatched on the regular east and west commercial air lines.

#### Band To Continue Work This Summer

The Clarendon Band will continue during the summer as a result of plans formulated by Ray Robbins, bandmaster, and the chamber of commerce, the local sponsoring organization. The band has made vast strides in improvement the past year. The subject has been certified for affiliation by the state department of education. Honors were added to the band's list recently when it was the official band for the District 2-T Lions Club Convention at Lubbock.

A drive is being made at the present time by the band committee of the chamber of commerce to enlarge the band fund in order to provide for the work and provide a few new uniforms.

#### CLARENDON F. F. A. CHAPTER HAS MOST OUTSTANDING AREA PROJECT PROGRAM

Selection of the Clarendon Future Farmers of America chapter as having the outstanding project program in Area I during the current school year has been announced by O. T. Ryan, Area Supervisor of vocational agriculture.

This is an enviable prize and each member of the chapter will share in the honors.

A financial report of the local projects has been requested to be sent to Austin where it will be compared with the financial reports of the other nine areas in the state. The winner in the state contest will be sent to Washington, D. C. to compete for national honors.

The financial summary of the years shows that cows for milk production, pigs for pork, and sows for pig production are the most profitable enterprises engaged in on the basis of amount of investment, J. R. Gillham, chapter sponsor said.

A summary of the projects show that 21 boys fed 3,200 broilers for a net profit of \$461.90; 21 boys cared for 27 sows during farrowing periods for a net profit

#### SECOND COOKING SCHOOL COMING

#### COOKING SCHOOL IN MOTION PICTURE FORM AGAIN TO INTEREST WOMEN

The Clarendon News has scored again! This newspaper has just been successful in securing the new Motion Picture Cooking School, "Star in My Kitchen," which will be presented at the Pastime Theatre, Monday, Tuesday and Wednesday, June 13, 14, 15.

Mark the days on your calendar because every woman—and man—in the community is hereby extended a cordial invitation to see, absolutely free, this fascinating picture which weaves helpful, intelligent lessons on cooking and home-making into a humorous and romantic plot.

The motion picture cooking school is a brand new idea. First conceived last year, it has met with acclaim from women throughout the country, who like the happy combination of sparkling entertainment and close-up cooking instruction. Seats in the back row are as good as those in the front row—the motion picture permits everyone to hear and see every trick in frosting a cake, making a pie, or cooking bananas.

"Star in My Kitchen" was produced in Hollywood, and the audience will recognize many of the rising young actors and actresses who take part in it. Women young and old will appreciate the humaneness of the romantic story, in which home problems are approached from an entirely new angle.

The Motion Picture Cooking School has graduated beyond the demonstration course in the wide variety of household equipment assembled in clear view of the audience. All of the practical equipment is seen in active use, and because "seeing is believing," the audience will soon learn that pies and cakes and salads can make them "stars in their kitchens."

It will be a real cooking class, just as though the model kitchens were right on the stage, and all of the popular features of the old-type cooking school are retained: free recipe sheets, the atmosphere of congenial informality, the wise counsel, the hints on clever short cuts, and the distribution of daily gifts and real surprises.

Accept the invitation of The Clarendon News and plan to join your neighbors in the Pastime Theatre, June 13, 14, 15.

Mrs. C. W. Galloway returned to her home in Hot Springs, N. M., last Friday after visiting with friends in Clarendon.

Mr. and Mrs. W. B. Haile left Tuesday morning for Rogers, Ark., on a visit. They will be gone a week.

## 1938 WILL TEST DONLEY FOR OIL

Following the news story in last week's issue of The News, there has been consummated one drilling contract for an oil test in the Hedley country, and pressure is on to complete the details on the test projected North of Salt Fork in the Goldston community.

For years there has been a lull in the search for oil in Donley County, but with deeper tests contemplated in every drilling contract, there is little doubt that 1938 will give Donley a thorough testing for oil production. More contracts will follow—and production is coming.

There's oil in Donley, as in most other Texas counties. 1938 is the year when we will find it.

## ARE YOU A COMMUNITY BUILDER?

There is no better type community builder than the person who buys all his supplies at home that can possibly be obtained from his home merchants.

Consider the service you render to the community prosperity, the community stability and progress, the community wealth, by trading at home. Your dollars spent with the home merchant builds the community, provides taxes and makes it possible for you, yourself, to make a living where you live. If everybody spent their money away from home, you'd soon have to move somewhere else, for there would be nothing solvent and permanent in the home community.

Give us more community builders. Are you one?

## GAINS FOR THE GOODNIGHT MEMORIAL

Reports from the organization working for the necessary funds to mark in a suitable manner the grave of Col. Goodnight at Goodnight, Texas, show that people of the Panhandle country are responding to the project in no perfunctory way.

The Panhandle folk will finance this Memorial, because it is worthy, because they feel that in thus honoring one who labored so effectively for the civilization and progress of the west, they honor themselves.

If you haven't made your contribution to the fund, do so now, while the lists are still open. Any sum from one dollar will be accepted and you will always be happy that you had a part in so worthy a Memorial to a Pioneer so deserving.

## BILL MILLER MAY BE RIGHT

Bill Miller, whimsical and free-spoken editor of the Spearman Reporter, last week consumed nearly a page of his interesting newspaper to review the "dam business" here in the Panhandle, and to suggest that Hansford County launch a campaign to establish "Worm Camps" in that vicinity since all the "dam fishing sites" had been allocated by the Panhandle Water Conservation Authority and "Big Brother Amarillo" to certain other counties in the Panhandle.

Bill is right. Hansford or some other county must get ready to provide the worms, if all the fishing proposed to is to be done here in the Panhandle.

It takes bait to get the "dams", just like it does to get the fish, Bill. Hansford and certain other counties just didn't have the right bait.

WILTED!

## A NATIONAL RELIGIOUS EPOCH CONSUMMATED

The merger of the three Methodist bodies of the United States was made effective at Birmingham on April 29th, when the General Conference of the Southern Methodist Church ratified the plan of union which had previously been accepted by the Northern Methodist and Protestant Methodist Assemblies.

This union of the three great branches of Methodism is a national epoch, which is world-wide in its scope, for it effects mission fields throughout the world, and with the Methodists of England now in one body, opens the way for a world-union of the children of John Wesley.

More than this, the American merger of Methodists, is the greatest example of union of religious bodies in the history of Christianity for two thousand years, and offers an example of give-and-take on sectarian positions and peculiarities, which may open the way for the crossing of denominational lines in organic union of churches within the next fifty years.

Naturally, the Methodists could not consistently do much talking about church union with sister communions, until they themselves had gotten together. There is a march of Providence in the union of Methodists and it may be forgiven those optimists who hope for and envision the final union of all protestantism as brotherly love and Christian charity develop in the days to come.

Let us hope for that day—which will be a better day in the life of this nation and the world at large.

## NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

AUSTIN—"You can't sell watermelons to folks who are still wearing overcoats," sagely remarked Lt. Gov. Walter Woodul, who this week was serving his 19th term as Acting Governor of Texas, during the absence in California of Gov. Allred. Woodul was commenting upon the usual slowness with which the apathetic Texas Democracy is warming up to the 1938 campaigning season. The politicians are all suffering from the same trouble. Even in the Governor's race, the public's interest has been so slow to warm up that Ernest Thompson and Bill McCraw, leading candidates, have been filling only skeletonized engagement schedules, appearing at a few barbecues, community celebrations, and civic club meetings, and delaying their programs of daily campaign itineraries until after June 1. The unusually cool weather, economic complications which have finally begun to make Texas feel the recession, and much rain which has kept the farmers in their fields between showers, trying to catch up on their spring work, and difficulty in raising campaign funds, are causes to which the hotel lobby political experts around Austin are attributing the late opening of campaign fireworks.

## AID OUT LAND OFFICE

The Race for Land Commissioner, while not usually regarded as a major post, is attracting attention throughout the state this year, and promises to develop into a healthy political fight. Land Commissioner Bill McDonald, incumbent seeking a second term, is the target for three opponents, and the policy of McDonald in leasing state school lands on a low cash and high royalty basis, instead of the traditional low royalty and high cash bid plan, is the issue. McDonald stoutly defends his policy while land grabbing and vacancy hunting are also hot issues.

Out of the west comes Morris Browning, son of a distinguished legislator and former lieutenant governor of Texas, as a candidate for Commissioner, pledged to end vacancy racketeering, and offering a constructive plan whereby the legislature can validate the titles to patented State lands in the names of present holders, while at the same time, protecting the State school funds against loss of their interests in valuable

## ALLRED STILL ACTIVE

The withdrawal of Gov. Allred from active participation as a third term candidate did not take the Governor out of politics by any means, and behind the scenes, reports here indicate, Allred is moving pawns in an effort to aid several candidates, seeking also to pay off some political scores

land vacancies near oil producing areas. Citizens and newspapers in West Texas and South Texas, where vacancy hunters have operated extensively, are tremendously interested in this race, and from them, Browning claims strong support. He pledges a personal examination of every vacancy application, in the light of his knowledge as an expert surveyor. Other opponents of McDonald include Bascom Giles of Austin, a former employee for 17 years of the Land Office, who bears the endorsement of former Commissioner Walker. A fourth candidate is Larry Mills of Dallas. All the opposition plans to use records of the Senate investigation of McDonald's office held this Spring, as the basis for campaign material.

## NOTES

No flattery of the intelligence of Texas voters is implied by the activity of the type of politician who brings out an obscure, unknown candidate with a name similar to that of some prominent candidate, in the hope that the people are so dumb they cannot distinguish between the two, and may elect their man, believing him to be somebody else. Examples this week include the announcement of "Vernest O. Thompson," a filling station employee of Dallas, who announced for governor, admitting he was put in the race by a Gladewater oil man. He is listed in the city directory at Dallas as "V. O'Neal Thompson" . . . a similar entrant is "James A. Ferguson," of Bell-county, said to be a cousin of Jim Ferguson, who hopes his name and the ignorance of his fellow citizens may, by some miracle, make him Governor of Texas . . . Regents of the University of Texas meeting Saturday, have narrowed their choice for a new \$17,500 a year president to six candidates, it was reported, but it may be several months yet before a final selection is made.

## Creamery Butter Production Gains

AUSTIN—Reports to the University of Texas Bureau of Business Research from representative groups of creameries, cheese factories, and ice cream plants, indicate an increase during March of 40.2 per cent in creamery butter production over March last year, a gain of 55.6 per cent in cheese production and a rise of 40.3 per cent in ice cream production. "With the rapid readjustments which are now taking place in land utilization under the direction of the Agricultural Adjustment Administration the statistics on livestock and livestock products are assuming increasing significance as a measure of changes in agricultural activity," the Bureau's report said.

A good cry, it is said, will really wash one's eye out. The inability of many persons to cry is due to nonfunctional tear ducts.

New York's first elevated railway was opened in 1868.

The attention of the bidders is directed to the required special provisions covering subletting or assigning the contract, the selection of labor, and hours and conditions of employment.

Except as otherwise specified, the minimum wages paid to all laborers, workmen, or mechanics employed on this contract shall be one (\$1.00) dollar per hour for "Skilled Labor," Fifty (50c) Cents per hour for "Intermediate Grade Labor" and Forty (40c) Cents per hour for "Unskilled Labor."

Attention is directed to the special provisions, included in the proposal to insure compliance with the requirement of House Bill No. 54 of the Forty-Third Legislature of the State of Texas.

Type of Laborer, Workman or Mechanic	*Prevailing Minimum Per Diem Wage (Based on an Eight (8) Hour Working Day	Prevailing Minimum Hourly Wage Rate
Skilled Labor	\$8.00	\$1.00
Intermediate Grade Labor	\$4.00	.50
Unskilled Labor	\$3.20	.40

For the classification of particular positions under the above types of Laborers, Workmen, or Mechanics, see the Required Special Provisions.

\*The above prevailing minimum wage rate shall govern on this contract. Overtime and legal holiday work shall be paid for at the regular governing rates.

A local employment agency from which the Contractor shall obtain employment list will be designated prior to the award of contract. Plans and Specifications available at the office of W. J. Van London, Division Engineer, Amarillo, Texas, and State Highway Department, Austin. Usual rights reserved. 19-2tc

**MARTIN**

(By Billie Ruth Bulman)

The High School Trip  
The Eighth and Ninth grades and the teachers enjoyed the

week-end by taking a trip in the School bus, leaving last Friday afternoon about 3:00 o'clock. The group spent Friday night about 18 miles south of Claude. Saturday morning they went to Amarillo and visited the Helium Plant which was very interesting and they also had the privilege of going through a large air liner, which was also very exciting. The Radio Station was interesting too. They went to the Palo Duro Canyon Saturday night and camped there until Sunday at noon. On their way home Sunday evening, they visited the Museum at Canyon. 25 pupils and teachers had a splendid time, although they were tired and sleepy Monday.

**Torn From Homes by Tornado, Electric Refrigerators Still Provide Ice, Food Protection**

FOLKS who spend good money for a refrigerator are buying a specific Service. In addition, their purchase should give them a guarantee of Safety. The folks who many years ago bought the two electric refrigerators pictured above bought both Service and Safety. A recent tornado in a small West Texas community proved this point. Buildings crumbled around them and the wind tossed them into the street like a fretful child discarding a toy. But—these electric refrigerators operated perfectly when picked up and connected to an electric socket the following day. That IS Service! There was no damage resulting from refrigerant fumes. That IS Safety!

### CARD OF THANKS

We wish to thank everyone for the beautiful floral offerings and the many favors accorded us during the recent illness and death of our mother.

The Waldron Family

### CARD OF THANKS

We have chosen this method of expressing our sincerest gratitude and appreciation for the many and varied acts of kindness and neighborly thoughtfulness in the last illness and death of our beloved wife, mother and relative, Mrs. C. C. Oakley. Especially would we remember the undertaker for his careful and efficient services. Words alone will never convey the fullness of our hearts as we think over your words and deeds of sympathy, but in our prayers we shall always remember each and every one, as we pray that you and yours be blessed as we were when your sorrow comes. God bless you every one.

Sincerely,

C. C. Oakley,

## Settle-Bradford Rites Read Sunday

A solemn and impressive ring ceremony was performed at the H. C. Brumley home Sunday afternoon, May 15, at four o'clock, uniting in marriage, Mrs. Jo Veta Bradford, daughter of Walter Wilson of this city and H. B. Settle, Jr., son of Mr. and Mrs. H. B. Settle of Quitaque. Only relatives and close friends of the couple attended the ceremony.

The sun room of the Brumley home was beautifully decorated with yellow iris combined with greenery which formed an appropriate tableau for the recitation of the nuptial vows which were said by Rev. J. Perry King, Baptist Pastor.

The bride was beautiful in a sheer frock of grey and rose with grey accessories. Her bouquet was of talisman roses.

Mrs. O. D. Mayo attended the bride as matron of honor. She wore a frock of navy blue and rose which was completed with a yellow corsage.

Mr. O. D. Mayo acted as best man.

Little Miss Shirley Brumley of Paducah was ring bearer and little Miss Charlotte Bradford was flower girl. Both were beautifully dressed in dresses of pink dotted swiss.

A reception was held at the Brumley home following the ceremony for the members of the bridal party and guests. The dining table was laid with a Normandy lace cloth and was decorated with yellow roses and fern and centered with a lovely decorated cake on which stood a miniature bride and groom. Ice cream and cake was served.

Immediately following the ceremony the couple left for Amarillo where they will make their home.

Attending the ceremony were Mr. and Mrs. H. B. Settle, Quitaque, Mr. and Mrs. Gene Youree, Quitaque, Mr. and Mrs. R. Z. Taylor, Blair, Okla., Mrs. C. A. Wilson, Blair, Okla., Mr. and Mrs. J. W. ## Garden Glances Presented weekly by the Garden Club

"America the beautiful lies in the hands of the gardeners"

The patter of rain drops on the roof has been as enjoyable to the dirt gardeners as music to a musician. The cold winds had left the grass crisp and bruised the blooming annuals and shrubs. However, the delphiniums, clumps of coreopsis, pinks, snapdragons, and various other colorful plants are colorful and gay since the rains.

Should you drive along the street north of the Junior High ball grounds, glance at the several mesquite bushes. Some of the children have admired them with their delicate fern-like foliage and their bright green coloring that contrasts with the surrounding trees and shrubs.

Don't neglect to look into the back yard of the Odos Caraway home. It is a beauty spot that readily outranks many illustrations we see of famous spots in the garden magazines.

Have you ever noticed the old tree just over the back yard fence at the Rathjen's that is overgrown with English ivy? This is a picturesque way of beautifying some of our old locust trees.

This gardener has attempted to run them but the results are six-o-v.

The gardeners will likely do some real work in the next few weeks with the bird choruses and rain to encourage them.

## Pathfinders Have Closing Program

With the Women's Club Rooms gaily bedecked with bouquets of garden flowers, The Pathfinder Club was entertained Friday afternoon, May 13, by Mrs. Marvin Warren and Mrs. Van Kennedy, in the concluding meeting of the club year.

Being the last meeting of the year all business was attended to during which the club voted to give \$5.00 to the college student making the highest grade in English during the year.

Mrs. J. R. Porter acted as leader during the afternoon and an interesting program entitled "A Kipping Pageant" was presented. In the program different styles of Kipling's writings were portrayed. "To the True Romance," Mrs. Mollie E. Gray; "Something of Myself," Miss Temple Harris; "Lispeth," Mrs. A. T. Cole; "Mandalay," Mrs. J. R. Porter; "A Matter of Fact," Mrs. Nathan Cox; and "Recessional," Mrs. Sella Gentry.

Mrs. B. L. Jenkins gave a very interesting and comprehensive report on the Federated Club Meeting in Childress.

A refreshing ice course was served to approximately thirty members and to Mrs. R. S. McKee and Mrs. Ralph Kerbow, guests.

The club adjourned to meet September 23, 1938.

## Miss Pearson Is Honored

When Miss Claudine Pearson arrived at the home of Miss Fannie McGowan Friday evening, May 13, she found a group of her friends had gathered to surprise her with a party on the occasion of her birthday.

After various games were played, refreshments, carrying out a green and white color scheme, were served to the honoree, Miss Claudine Pearson, Miss Billie Lou Gilbert, Misses Ruby and Zoy Fronabarger, Miss Ruby Lee, Miss Shirley West, Miss Margaret Easterling, Miss Thyra Haley and the hostess, Miss McGowan.

## Mr. Peabody Given Birthday Supper

Friends and relatives gathered at the Peabody home, west of Clarendon, Tuesday evening, May 17, at seven thirty o'clock and honored Asa Peabody with a surprise birthday supper.

The table was centered by a beautiful bouquet of honeysuckle and a lovely white angel food cake on which was written "Happy Birthday." Supper was served picnic style, after which conversation and games of forty-two were enjoyed. The younger set played ring games.

Those present were Mr. and Mrs. Clarence Peabody and family, Mr. and Mrs. Carl Peabody and family, Mr. and Mrs. Marvin Peabody and family, Mr. and Mrs. Charlie Hall and family, Mr. and Mrs. Luther Hall, Mr. and Mrs. Curtis Jones, Mr. and Mrs. J. D. McAdams and little grandson, Mr. and Mrs. Guy Pierce and family, Mr. and Mrs. Noel Harvey and family, Mr. and Mrs. Glen Adkins, Mr. and Mrs. Carl Pitman, Mrs. Alan Hopper of Denton, Mrs. Saunders and Mrs. Skaggs of Pampa, and the honoree and family.

## Mr. and Mrs. Gregory Entertain Friends

Mr. and Mrs. C. C. Gregory entertained a group of their friends at their home in the Latson Apartments Monday evening.

Mixed parlor games provided entertainment throughout the evening after which the hostess served light refreshments to Mr. and Mrs. Willard Skelton, Mr. and Mrs. George Wayne Estlack, Mr. and Mrs. Price Whitlock, and the host and hostess.

## Mrs. Paul Slaton Entertains Club

Mrs. Paul Slaton was gracious hostess to the members of the Contract Club at her home Tuesday afternoon.

Following the games, lovely gifts for high score awards went to Mrs. Basil Kirtley who was high for guests and to Mrs. W. W. Noblett who was high for club members.

Dainty refreshments were served to Mrs. U. J. Boston, Mrs. Basil Kirtley, Mrs. Forest Taylor, Miss Penelope Blocker, and Mrs. Floyd Lumpkin, guests, and Mrs. H. M. Breedlove, Mrs. W. W. Noblett, Mrs. George Norwood, Mrs. Tom Murphy, Mrs. Lee Bell, Mrs. Sam Cauthen, Mrs. H. F. Harter, and the hostess, Mrs. Slaton, members.

Ira Merchant and Jack Merchant went to Dallas Friday where Jack underwent medical treatment. They returned to Clarendon Sunday.

## Jr. H. D. Club Meets In Regular Session

The members of the Clarendon Junior Home Demonstration Club met in regular session at the Woman's Club Rooms last Thursday afternoon, May 12.

Roberta Jennings, club president, presided in the chair during the short business meeting during which plans were made for the all day meeting which will be held at the club rooms, Thursday, May 26.

An interesting demonstration on how to prepare "pineapple scallops" was given by Hattie Palmer. During the social hour, the hostess, Dale Holland, served delicious refreshments to Mesdames Gracie Ayers, Mattie Ballew, Martha Bain, Viola Bones, Lucille Chesshir, Irene Cox, Dale Holland, Roberta Jennings, Razel Lusk, Hattie Palmer, Marie Patterson, Frankye Taylor, Mary Wallace, and Florene Wood.

## Mrs. Fred Russell Has Birthday

Miss Louise Russell honored her mother, Mrs. Fred Russell with a surprise party at the Russell home Tuesday evening. The occasion was in celebration of Mrs. Russell's birthday.

Games of forty-two were enjoyed throughout the evening after which a lovely birthday cake, decorated with the words "Happy Birthday Mom," was cut and served with ice cream and iced tea to Mr. and Mrs. Dan Brazil, Mr. and Mrs. G. G. Ayers, Mr. and Mrs. Roy Blackman, Miss Eula Naylor, Dick Chunn, Mr. and Mrs. Russell, Miss Lucille Wallace and Alvis Don Reeves.

The honoree was the recipient of many nice gifts.

W. H. Phelps, former resident of Clarendon, but now with the Galbraith Steel and Supply Co., of Lubbock, was in the city Tuesday on business.

### THANKS

The staff of the Broncho Range and members of the student body of Clarendon High School and Junior College wish to express again their appreciation and thanks to Mr. Braswell and the Clarendon News for giving space for the school paper.

### SENIOR PERSONALITIES

Marie "Pat" Morris is five feet ten inches tall, has beautiful blue eyes and decidedly brunette hair. Her hobbies are dancing and swimming and she is proficient in each. She has played on basketball and volleyball teams for four years. Her ambition is to be a dancing teacher. "Pat" came here from Ashtola in her Junior year. She has gone to school one year at Spearman and Ashtola respectively.

Truett Holtzclaw or "Horse" has been one of Clarendon's outstanding athletes both on the gridiron and the track. He is about five feet ten inches tall with blond curly hair and blue eyes. He is noted for his non-studiousness and affability. Last year he represented Clarendon at Pampa in the Shot-putting event. His hobbies are fishing and hunting and his ambition is to make a lot of money without working very hard to do so.

Mary Katherine Hardin is five feet four inches tall; she has sparkling brown eyes and brown hair. She doesn't know what she wants to be when she grows up. Her hobby is collecting empty .22 shells. She enjoys dancing and horseback riding but doesn't like to swim. She attended Chamberlain school in her Freshman year and was on the basketball team there. She has entered interscholastic spelling for the past three years. She plans to attend C. J. C. next year.

Billy Cooke, who was voted the handsomest and the best dressed boy by the student body, is nearly six feet tall, has coal-black hair, heavy black eyebrows, brown eyes, and long black eyelashes. He has played football for two years, also basketball, and he has been on the track team. He enjoys dancing and is the only Senior boy who can tap dance. He also likes to swim and incidentally, plays championship golf. Lawrence Heckman, the other

half of the Sloan-Heckman team, is about five feet ten inches tall, has brown hair and blue eyes. He is noted for his beautiful penmanship and his ability to really "twang" a guitar. He has played basketball and has been on various track teams.

Royce Lummus is another tall Senior boy, being somewhat over six feet tall. He is noted for his typing ability and his candid cameras. He possesses, perhaps, the smallest camera in school. He played the part of an artist in the Senior play.

Durwood McCracken or "Crack" is one of the smallest boys in the Senior class being five feet six or thereabouts. He has blonde hair and blue eyes. He enjoys swimming and dancing. He is noted for his wise-cracking and wit. He is often seen in the company of a certain popular little sophomore girl.

Jack Reeves is about five feet seven inches tall, has brown hair and brown eyes. He entered debating this year and got to represent Clarendon in the District Meet at Pampa. He enjoys fishing and swimming. He played football this past year and was a letterman. He is to be a speaker on the commencement program. Jimmy Gene Thompson is the other debater. He is about five feet eight inches tall and has brown curly hair and brown eyes. He wears glasses and is noted for his excellent grades. He has been an honor roll student throughout his high school days. He is quite artistic, being a professional sign painter. He is also on the commencement program as a speaker.

Marie Adams is about five feet five inches tall. She is noted for her good-natured smile. She is another Ashtola girl who attended C. H. S. She has greenish eyes and light brown hair. Her outstanding trait is her friendliness.

Dollie Hall is about five feet three inches tall with light brown hair and gray eyes. Her ambition is to be a good school teacher. She has entered spelling for three years and is noted for her conscientious work. She is good natured and friendly and is well-liked by all.

Reba Higgins came to Clarendon from Midway. She is about five feet six inches tall, has blue-green eyes and light brown curly hair. She enjoys dancing and is noted for her quiet good naturedness.

Johnny Rhodes is another Senior girl noted for her friendliness. She is about five feet five inches tall, has blue eyes and light brown hair that is immaculate in appearance. She has played basket ball and volleyball and enjoys swimming. Her ambition is to be a good stenographer. She plans to continue her education here next year.

Dorthea Riley is five feet five inches tall, has green eyes and light brown hair. She is good natured and likes to talk. She was chosen for a part in the Senior play but due to conflicting duties resigned the part to Inetha Collier.

Lottie Rolls is one of the taller girls in the Senior Class. She was one of the star players on both the basketball and the volleyball teams. She has brown eyes and dark brown hair and a twin

brother named Otis.

Mary Charlotte Word is about five feet five inches tall, has blue grey eyes and dark brown hair that she wears in short curls. She plays the piano and also sings. She came to Clarendon from Canyon in her Junior year. She likes to swim, dance and is also a candid camera fan. She had a part in the Senior Play, and is often seen in the company of a certain tall dark and handsome Senior boy.

C. B. Warren, Jr., or just "Ludie," came here only this year from Hobart, Oklahoma, but he has entered into the spirit of things with a will, and it has made him one of the most popular boys in C. H. S. He is about five feet ten inches tall, has brown eyes and dark brown hair. He played football and was a letterman and also played basketball. He likes to swim, ride horseback, dance or almost anything with a lot of action to it.

James Harry Welch has lived and gone to school in Clarendon all his life. He is about five feet six inches tall, has brown eyes and dark brown wavy hair. He is one of the few boys in the class who work down town while they are going to school. James Harry studies hard and is one of the most conscientious students in the class.

Max Rampy is the tallest boy in the Senior Class, actually, the tallest boy in C. H. S. He is well over six feet tall, has dark brown, almost black, hair, brown eyes, and bushy dark eyebrows. He is a member of the Clarendon High School Band. He is noted for his quiet, unassuming manner, and is well liked by everyone.

Allen Pittman, one of the Senior boys who didn't dress up on Kid Day, is about five feet eight inches tall, has dark brown hair and brown eyes. He is noted for his lack of study and his wit. He is good natured and friendly and wears cowboy boots to school a lot.

Well, this is the last report that yours truly will send to press, as this will be the last issue of the Broncho Range until next year, when again you will be bored with the same sort of amateurish tripe that yours truly has so conscientiously smeared this sheet with during the past three years. However, we, the Seniors of 1938 hope that you Seniors to come will only have as much fun, work, and joy as we have had, and that you will forever keep the name of Clarendon High School unsullied.

### KID DAY

The dignified Seniors cast aside their dignity for one day and dressed as kids on Thursday, May 12. Some of them entered very much into the spirit while others did not.

Inetha Collier and Durward Mcracken were chosen as the most "kiddishly" dressed. Inetha acquired some large brown freckles and lost a tooth for the day, and wore a hair bow and a short dress. Durward was dressed as a small boy going fishing. He wore overalls rolled up and carried a pole. He was barefooted with one toe wrapped up. A can for worms, uncombed hair, and a black eye, with the addition of a water gun completed his interpretation of

what makes a kid.

Mary Charlotte Word wore a checked yellow dress and a blue sunbonnet tied around her neck. She also had a few freckles, a hair bow, some teeth absent, and pulled a small wooden dog by a string.

Rayburn Smith wore a skull cap and short pants. He also went barefooted and had a sore toe. His shirt tail was out and he carried a sling shot.

Frances Morris and Mildred Atteberry wore their hair braided in two braids with a bow on each.

Ray Palmer wore a hat which tied under his chin and a large rope for suspenders. His trouser legs were pinned up to his knees and held by large safety pins. Garters held his socks up and added to his costume.

Jane Kerbow wore a short green jumper dress and a green hair bow. She acted her part so well that Mr. Payne made her stand in the corner in arithmetic class.

Jelly McGowan wore a very small hat perched on top of his head and Junior Warren wore his hat turned down all around.

Lucille Nidever and Letha Warren wore their hair in small curls all over their heads and held the curls back with a ribbon. They carried dolls.

Ethelyn Drennan was in the mood to play and carried a ball, one jack, and two little balls connected with a handle which she twirled around.

Practically all of the boys had their shirt tails out; most of the girls carried dolls, including Shirley Temple and the Dwarfs; and nearly everyone had a sucker or some gum or both. Some of the seniors did not cooperate, but taken as a whole the day was a success.

### ASSEMBLY

The last assembly of the school year was held Thursday at the fifth period. Since it was Kid Day for the Seniors, all of them marched across the stage and the audience by its applause picked out the best kids, boy and girl. These were Inetha Collier and Durward McCracken.

Mrs. B. L. Jenkins, incoming president of the Pathfinder Club, was present and made a talk about the student loan fund maintained by the club which is available for any worthy student attending C. J. C. She urged that the students take advantage of this fund.

Dorothy Kerbow played a piano solo and Peggy Wood accompanied by Raymond Wood sang two songs. Mr. Drennan made several announcements in closing.

### HONOR STUDENTS DESIGNATED

The honor students of the 1938 classes of C. H. S. and the Junior High School, they are Maxine Ellis with an average of 96 for four years, and Jane Kerbow with an average of 93. The honor students of the Junior High are Maxine Robertson with an average of 96.6 and May Fern Rowden with an average of 91.6.7.

Thomas Perkins was a business visitor in Amarillo Tuesday.

### CLASS PROPHECY

By Rayburn Smith  
From The Clarendon News of May 5, 1958

The most momentous occasion probably ever held in Clarendon was the banquet and reunion held by the 1938 senior class of C. H. S. Friday and Saturday. The headquarters of the group were at the Shelton Hotel, owned and controlled by Miss Edith Shelton, a member of the class. Without a doubt this was the most unusual most extraordinary affair of its kind ever held in this hotel. The celebration being that every member of the class of 1938 were present, every single one—every married one with his or her better half.

The News thinks that since this is such a remarkable occurrence that it is appropriate to print the records of part of these people. The following is a record of some of the things that the members of the class have done, are doing and are going to do.

Of course it is useless for us to print the record of Mrs. Anne Bunin Holtzclaw, the president of the class, but it might be well to review it. Mrs. Holtzclaw went to Oxford, being one of the few women to attend that institution. From there she moved to New York where she worked with the American Museum for several years. She is now in Argentina with her husband. Truett is the miracle doctor of Argentina that we have read so much about in our papers.

Ralph Grady, vice president of the class, is head of the CIO and is stationed in Washington to look after the rights of the committee. He is a very good friend of Senator Robert Kyle of Arkansas. Kyle is the present Senate Balloney Leader.

Mrs. Frances Noble is with her husband on a large peanut ranch in New Mexico. Mrs. Noble is the former Francis Grady and is known as the best tractor driver in the southwest.

Junior Warren is connected with the Chicago Tribune. He was the mystery reporter who covered the Hudgins school election. Mr. Warren reports that he intends to go to Africa to get a story from Tarzan.

It is with great sorrow that we announce that Homer Speed has just been officially warned by the Society For the Prevention of Cruelty to Dumb Highways that he cannot go to Memphis anymore.

Dolly Hall, the former Countess De Bunk, has announced her engagement to the ex-heavy weight champion of Goodnight, Max Wolson. Max has also made a name for himself in the fields of poetry writing and ball room dancing.

Frances Morris Autry brought her husband from the studio and ranch to the reunion under force, but now Gene says that he is having a bucking good time.

Juanita Estes and June Harrison are in Chicago running a swimming academy. June won the Swimming Olympics held at Claude last year.

Jack Gardenshire, a truck driver in Los Angeles, is working for 19th Century-Wolf in his Spare time. Speedy Swift and his wife,

Lucille Nidever Swift are selling Royal Typewriters in this section of the country.

Mr. and Mrs. Jimmy Thompson are running a large hardware store at Windy Valley. Mrs. Thompson was formerly Marie Adams.

James Welch, also an inhabitant of Windy Valley is Depot agent there.

Wanda Rolls and her sister-in-law, Lottie Rolls run the Busy B Cafe on the great White Way in New York City.

Jimmy Watters and his wife, Mildred Atteberry run the largest Phillips Service Station in Jericho.

Kenneth Sloan and his wife, Mary Charlotte Word have a regular program over the CBS every Monday. Another member of their program is Jo Word. She sings two songs a week and it is reported that she even makes more than Lawrence and Charlotte.

Mrs. Christine Knox, once elected class beauty, is now a missionary to Little America. She is associated with Bishop Kermit Sloan of the Methodist Church, East.

Durward McCracken, Superintendent of the Public Schools of Texas announced that he will run for a third term. Mr. McCracken has been very successful in his efforts as Superintendent and has succeeded in taking English IV out of the public schools.

Miss Kathleen Ryan, who surprised the class by staying single, is now connected with Mann's Bakery. She gives the pies their crust.

Allen Pittman, Sheriff of Donley county, has made himself famous the world over for his brave capture of Baby Ray Palmer. Palmer is now on parole from the state pen where he was serving a life term. Governor Troy Rampy let him come to the reunion.

Miss Jane Hillman has just married Count Fritz Katsonjamer. They are moving to Treasure Island Sunday and it is reported that Dorothy Riley will accompany them as Jane's private maid.

Mr. and Mrs. Earl Shannon are

now running a Dine and Dance parlor at Wayside. It is reported that Earl's income was in the higher brackets last year. Mrs. Shannon, formerly Inetha Collier, is the social leader of Wayside.

Jack Reeves is a lumberjack for the Pacific Coast Lumber Co., and is stationed at Death Valley. Jack was run out of Clarendon by a few people that he had been telling things on.

Beaty Hillman is known as Chick. He owns a large, run-down chicken farm at Englewood, Colo. He has won many prizes with his birds this last year, beating the famous Tampkey. Beaty says that he owes his success to the great J. R. Gillham.

Reba Higgins is teaching school at Bray, Texas. She has told her best friends that she expects to be elected principal next year.

Royce Lummus is running a photo shop in Amarillo. He has taken pictures of all the class and will have them on sale soon.

Mrs. C. G. Stricklin and Mrs. Mollie E. Gray were Amarillo visitors Tuesday.

Miss Vada Waldron, Local Missionary Writes News of Her Trip to Argentina

(Editors Note—At the request of The Clarendon News, Miss Waldron wrote the following interesting letter, telling of her outbound trip to Argentina where she is stationed as a Missionary for the Southern Baptist Church.

Calle Maipu 104, Godoy Cruz, Mendoza, Argentina, S. A., April 12, 1938.

To The Clarendon News:

We had a lovely sea voyage coming to Argentina. Due to rather calm sea almost all the way, we were able to arrive in Buenos Aires one day earlier than we had expected. We sailed from New Orleans, Louisiana, December 11th, and our first stop was in Rio de Janeiro, Brazil December 28th. We were there about 24 hours. This is a beautiful harbor and is very interesting going in and out. We had an enjoyable sight-seeing trip over part of the city. That was the time of year for it to be very hot there, but it had rained just before we arrived and we were comfortable

while we were there. Our next stop was for 12 hours in the port of Santos, Brazil, and while there we had a trip over part of Santos and then across mountains to Sao Paulo, Brazil, about 50 miles away. On this trip we saw many beautiful and interesting things. Having arrived in Montevideo, Uruguay on Sunday January 2, we had the privilege of attending three different religious services. We were in this port 24 hours and we saw much of the city. We set sail again January 3, and landed in Buenos Aires, Argentina, January 4. Here we also had a very interesting sight-seeing trip in this city. We visited with Missionaries in Rio de Janeiro, Montevideo and Buenos Aires.

I came on train from Buenos Aires to Mendoza (20 hour trip) and arrived here January 9th. I am delighted with Mendoza. It is a real pretty and interesting place, I think. The population of Mendoza is 75,700 and the population of Godoy Cruz is 26,000. These two join, but they have separate city governments. Be-

cause of such a small amount of rainfall in this province, this would be almost a desert around here were it not for the wonderful irrigation system they have using the melted snow from the mountains. We are only six miles from the Andes Mountains; we often see snow on some of the peaks even though it has been summer here.

These people love parks and they have several here. One of them is especially large and beautiful, and there are so many things of interest in it; the largest cactus garden in South America, and one of the largest in the world, is in this park. Another thing of much interest is the "Cerro de la Gloria," a high hill on which is erected a very large monument in memory of General San Martin and his army who freed Argentina from Spain and then went across and helped to free Chile.

There are many beautiful trees and flowers here. The principal kinds of trees are weeping willows, cottonwoods, pepper trees, elm, catalpa, eucalyptus, poplars, locusts, oleanders, magnolias, palms and several varieties of evergreens. They have about every kind of flower here that is grown there and a few other kinds besides. I surely have enjoyed the delicious fruits, and there has been such an abundance of them. The principal kinds are peaches, pears, plums, apricots, apples, cherries, grapes and olives. Also some English Walnuts and almonds are grown here. Since this is a noted grape growing section, there are many, many vineyards as one would expect. I was told that there are 20 main varieties of these grapes. The Cantaloupes are especially delicious, but the watermelons are not so good.

The main animal life around here are dogs, rabbits, horses, cows, goats, sheep and guanacos.

There are still seen a few remains of the earthquake in Mendoza in 1861 when 10,000 people were killed.

Of course I do not know many of the people here yet, but the few that I do know and the others whom I have met seem to be very friendly.

We are having autumn now and will soon have winter while you are having spring and will soon have summer. I am sure that everything is pretty and green there now.

With best wishes to each and everyone, I am,

Sincerely,  
Vada Waldron

**Oakley Services Are Held Sunday**

Funeral services for Mrs. Lela Lois Oakley were conducted Sunday afternoon at the First Baptist Church by Rev. J. Perry King.

Mrs. Oakley died Saturday at her home in the northwest part of town.

Interment was in Citizens Cemetery under the direction of the Buntin Funeral Home.

Mrs. Oakley was born Feb. 3, 1893 in Montague county, Texas, the daughter of Mr. and Mrs. Robert Brown Johnson.

She is survived by three daughters and one son, Mrs. C. A. Johnson, Goldston; Agnes Oakley and Mrs. C. O. Collins, Clarendon; and A. B. Oakley, Dimmitt. Mr. Oakley died nine years ago.

**Cow Dies, 5 Sick On Hopper Poison**

One cow was lost by J. E. Hunt, Jericho, from eating grasshopper poisoning week before last. Five others became sick but are expected to recover.

The poison was found in two sacks near a draw some distance from the house by Sheriff Guy Pierce, who made an investigation. It was first believed that the poison had been placed in the field, but officers, after examining the sacks, partially rotted, expressed the belief the sacks were unintentionally thrown at the side of the road, and were later carried by flowing water inside the fence on the Hunt pasture.

The two sacks were just a few feet inside the pasture.

**Clarendon May Get \$85,000 Postoffice**

Although Clarendon lost her preferred place last fall for a federal postoffice building in the regular appropriations, she got her name on the list of 94 eligible Texas projects for construction under the new program. An associated press dispatch from Washington released Sunday carried the news.

The House Appropriations Committee, introducing the new spending-lending bill, has included ninety-four Texas post office buildings in the list of projects eligible for construction under the proposed \$60,000,000 appropriations for new Federal buildings.

The committee explained the Postmaster General and Secretary of the Treasury would select from the list the projects actually to be constructed, and said the new building program is not confined to the 1,694 projects on the list. The estimated total cost of the listed projects is \$171,436,000.

The two department heads, the committee said, had authority to add new projects to the list and to determine an equitable distribution of the projects throughout the country.

**Hopper Spreader Made By Chenault**

H. M. Breedlove, county agent, has announced that Mr. Chenault, who owns a blacksmith shop at Lelia Lake has made a grasshopper poison spreading machine to distribute the poison over the fields. The poison spreader is constructed by taking the rear end out of an automobile chassis and inserting a shaft into the gears. The shaft goes up to a flat dial with fins which serves as a spreader which is directly under the poison hopper. The mechanical poison spreader will spread several hundred acres a day and distributes the poison evenly over the land. This machine will be on display at Lelia Lake Saturday morning.

Announcement has been made that the O. S. Cutbirth variety stock will be sold at auction at the store May 23. The store was closed about two weeks ago and bankrupt pleadings were filed by the owner.

Mr. and Mrs. A. A. Mayes and Mrs. Eva Rhode were in Lawton, Oklahoma, Tuesday.

**OLD INVOICE OF SULPHUR SHIPPED TO GOODNIGHT FOUND IN OLD BUILDING**

Looking through a bundle of old papers in the vacant building just north of the City Gas Co., Wednesday, W. O. Maxey came across an invoice of special interest in that it billed Fleming & Bromley, former operators of the old Clarendon Drug Co., for 200 pounds of sulphur shipped to Col. Charles Goodnight, Dec. 14, 1908.

The shipment was made by the E. R. Roach Drug Co., of Amarillo direct to Col. Goodnight at Goodnight, Texas.

The two sacks of sulphur cost the drug store \$5.80.

**PARSONS BROS. STORE FRONT IS REMODELED**

Work was started Monday morning on remodeling the building front at Parsons Bros., tailor shop.

According to Homer Parsons, manager, the two show windows will be remodeled, the front will be stuccoed and made modernistic in every detail. The front will be finished in white.

The old awning has been removed and will be replaced by a small awning over the entrance.

**C. L. POLK CALLED TO LUBBOCK ON BROTHER'S DEATH LAST SATURDAY**

C. L. Polk of Clarendon was called to Lubbock Sunday by the death of his only brother, S. J. T. Polk, 62, who died of a heart attack. Mr. Polk says the funeral service was most impressive and the tributes paid the deceased for his many Christian virtues was a great comfort in the loss of so worthy a citizen.
