Donley County Pig Show Here Saturday

CHS Bronchs Open Grid Season Here Friday Night With LeFors

TWO DIVISIONS WILL COMPETE

APPROXIMATELY 80 PIGS ARE EXPECTED TO BE EXHIBITED IN SHOW

The second annual Donley County F. F. A. and 4-H Club pig show will be held Friday and Saturday, Sept. 16 and 17, according to J. R. Gillham, secretary of the local Chamber of Commerce.

Approximately eighty pigs are expected to be exhibited in the show. They will be divided into two classes, feeder pigs and fat pigs.

The pigs will be placed in the pens Friday afternoon and the judging will start Saturday morning at 8 o'clock.

There will be ten money places for singles in each class, three money places for litters in each group and five money places for groups of three.

J. P. Smith, Claude Vocational Agriculture instructor, and former member of Texas Teachers' livestock judging team, will judge for the show.

Johnny Leathers, L. B. Hartzog, Max Rumpy, Gene Putman, Odell Davis, Rex and Earl Shannon, Carl and Russell Morris, Floyd and Leland Lewis, Pete Morrow, Horace Green, Ray Isham and Carroll and Clyde Peabody will show approximately an equal number of Hampshires, Durocs and Poland Chinas.

The premium list is being worked up at this time and is expected to reach approximately \$75.

Meat Canning By NYA Begins Monday

Meat canning for the citizens of Donley county will begin next Monday morning, Sept. 19th, at the NYA Home in Clarendon according to Miss Burleson, supervisor of the home.

Customers will receive 70 per cent of the meat, while 30 per cent goes to relief, according to the schedules set up by the NYA authorities.

The NYA Home is housed in the old Letts residence at the corner of Barcus and Goodnight streets, and customers will be served in order of their appearance.

Miss Burleson says this is the changing period for the personnel of the home, and that while there are only 13 girl residents at the present time, next week will find the full quota again present.

Mrs. Dick Marsh and daughters, Kay and Margaret Carolyn of Gorham, Kan., are visiting her parents, Mr. and Mrs. W. H. Patrick.

Mrs. Marion Stevens and daughter, Carolyn, returned to their home in Wichita Falls Sunday after a visit with her parents, Mr. and Mrs. E. M. Ozier.

County To Have Display At Fair

Plans are now ready for the Donley County Exhibit at the Tri-State Fair to be held at Amarillo, Sept. 19-24, according to County Agent H. M. Breedlove.

Breedlove said the exhibit would be taken to Amarillo Sunday and it would cover all farm industry in Donley county.

Any farmer who wants to send some article with the exhibit is asked to get in touch with the county agent as soon as possible, as the exhibit must be in readiness before Sunday.

CLARENDON WILL INVITE SINGERS

C. NEWT. WALDRON, PRESIDENT DONLEY CO. ASSOCIATION WILL MAKE BID

The 1939 annual session of the Texas-Oklahoma District Singing Convention will be invited to convene in Clarendon, according to plans perfected this week by the local Chamber of Commerce directors.

C. Newt. Waldron, president of the Donley County convention will present the invitation of this city at the 1938 meeting of the Texas-Oklahoma district association in Wellington early in October.

The district convention of singers for the Eastern Panhandle of Texas and Western Oklahoma is one of the most active district organizations among singers of the Southwest, and huge crowds always attend their meetings.

Clarendon has never entertained the association and there is lively hope here that the invitation to be presented by President Waldron will find favor when the delegates vote on the 1939 place of meeting at Wellington now in a few weeks.

It is hoped that a large attendance of Donley county singers will be on hand to push Clarendon's bid for the big meeting next year.

Mr. and Mrs. C. D. Church of Long Beach, Calif., spent the week-end with their daughter, Mrs. Carroll Knopp and family.

Tax Rate Set At 75c For Next Year

At the regular meeting of the Donley County Commissioners Court Monday, the tax rate for the year 1938 was set at 75c per \$100 valuation.

This rate was set to conform with the county budget adopted at the August meeting of the commissioner's court, and is the same as it has been for the past few years.

A special tax rate for Road District No. 1 was set at 40 cents per \$100 valuation in that district.

Compliance For Year Nears Close

According to H. M. Breedlove, county agent, compliance for the year of 1938 is practically to a close. Breedlove stated that the administrative expense of handling the program in the county for 1938 would vary very little from that of 1937.

Handling of 1937 subsidy papers and wheat insurance, even though included in the 1938 budget will not be deducted from any checks as a part of the administrative expense. In other words, Breedlove explained, the expenditures out of the budget are not all charged as administrative expense to the program due to the fact that some were allotments sent to the county for the handling of various phases of the program.

This statement was made by Breedlove, due to the fact that many producers have been of the opinion that, due to the vast amount of work that has had to be done in connection with the program, possibly the deduction from the checks for administrative expense would be a rather large amount. However, this is not true and the administrative expense deduction, as stated above, will vary very little from 1937.

Marketing Quota Cards Now Ready

Marketing quota cards for cotton to be sold in 1938 are now ready at the county agent's office, according to statement made by H. M. Breedlove Wednesday afternoon.

Breedlove said it was not necessary for the producer to have these cards until he started planting, but it was necessary to have them when he sold his cotton because they show that he complied with the 1938 program, and that cotton can be sold free of tax.

Rains This Week Total 1.5 Inches

Temperatures fell the first of the week after 1.5 inches rainfall during the week-end and many expressed belief that feed and cotton crops were greatly benefited by the moisture.

The rain followed several weeks of hot, dry weather in which crops suffered in most sections of the Panhandle.

Rains were reported over most sections of the Panhandle Saturday and Sunday and clouds hung low all day Monday with heaviest fall of moisture during some parts of the day.

Forecasts were that the high temperatures were over for the summer and they were borne out Wednesday morning when temperatures were low enough for many Clarendon people to wear light wraps.

FRED BUNTIN HOME AGAIN

Fred Buntin is home from Carlsbad to the delight of many friends. He is looking well, having gained weight, and Mrs. Buntin says he has an appetite hard to satisfy.

Bert Smith is in Dallas with his mother who is seriously ill there.

FARMERS URGED TO PLANT TREES

PLENTY TIME TO APPLY BEFORE PLANTING BEGINS NEXT WINTER

Farmers of this area were urged to make application at the county agent's office for shelterbelt plantings this winter at two meetings held in the county last week, in which the shelterbelt project was explained to attending farmers.

County Agent H. M. Breedlove conducted one meeting at Clarendon and one at Hedley, at which shelterbelt officials stressed the value of the shelterbelt to the type of soil in this county and Panhandle.

There is plenty of time to make application, Breedlove stated, because the planting will not take place until next winter, and farmers should take plenty of time to think the plan over.

After applications are in, officials of the shelterbelt will check over the land and determine what kind of trees are best suited to the type of soil.

W. Allen Luey, motion picture specialists who has spent quite some time taking pictures of the shelterbelts over the states for the U. S. Department of Agriculture, recently took several scenes of the Childress district and stated that the Childress district should be congratulated on the fine showing and good survival. Reports show that trees planted in nearby districts and counties last year had as high as 90 per cent survival.

Farmers with foresight are eager for shelterbelts, realizing that they afford a security the benefits of which will increase from year to year.

Breedlove stated that these two meetings were only the beginning and that others would be held later on. He stressed that interested parties should study the matter from every angle and then come to his office and make application.

FFA JUDGING TEAMS TO ENTER TRI-STATE FAIR

Poultry and dairy judging teams will represent the local chapter of the F. F. A. at the Tri-State Fair judging contests in which over 30 teams are expected to compete. Joe Williams, Beatty Hillman, Junior Speir, Carl Morris, Troy Rumpy, Odell Davis, Russell Morris, Pete Morrow and Horace Green are working for places on the team.

Though the group has been busy preparing exhibits for the show and preparing for the annual pig show they hope to be able to place in the contests. The poultry team ranked second in the 1937 contests.

\$127,000 In Subsidy Checks Received Today

Five hundred and fifty-eight checks totaling \$127,000 were received by the county agent this morning covering a partial shipment of subsidy payments to be paid to Donley county farmers who complied with the 1937 program.

H. M. Breedlove, county agent, stated that these were only a partial shipment and that a large number of checks were expected in a few days.

These checks are based on 60 per cent of the producers base cotton production at 3 cents per pound.

GAS RATE HEARING SET FOR SEPT. 20

ENTIRE CITY COMMISSION TO BE IN ATTENDANCE AT AUSTIN MEETING

Judge Olen Culberson, examiner for the State Railroad Commission notified the City Commission the past week that a gas rate hearing would be held at Austin next Tuesday, Sept. 20, and requested representatives from Clarendon to be present, according to Mayor Tom F. Connally.

Mayor Connally stated that the entire City Commission expected to attend, and expressed a desire to bring home some results.

This hearing is a continuation of the fight for lower gas rates since 1933 when a city ordinance was passed to that effect and was appealed by the City Gas Company.

LIONS FALL MEET TUESDAY EVENING

PAMPA AND McLEAN DELEGATES JOIN CLARENDON LIONS IN GROUP MEET

Over fifty Lions from Pampa, McLean and Clarendon sat down to dinner here Tuesday evening at the Clarendon Hotel for a group meeting with delegates from Miami and Wheeler absent.

President W. H. Patrick of the local club presided over the entertainment period, which was featured by the appearance of the "Hungry Five," Clarendon's Little German Band, the singing of Neil Wilkins and the playing of Noel Clifton of McLean and the "back-passing" of the Pampa group, which finally developed into a questionnaire on various details of Lionism with fines for those unable to answer correctly, with Group Chairman Bourland of that city conducting.

Reports from the three clubs were heard in details during the business session of the group, showing strong membership levels, many and varied activities, with club finances in strong position. Pampa won the meeting of the group for the next quarter.

Lion Patrick addressed the meeting briefly on the accumulative benefits of Lionism in its helpful activities throughout the land.

A survey revealed that there were five Master Key members in the group; two from Pampa and Clarendon and one from McLean.

Fine fellowship featured the meeting, and Tailtwister Buddy Knorpp collected many dimes as fines from the festive Lions in attendance.

Delegates from Pampa were: Roy S. Bourland, Frank Culberson, Arthur Teed, J. S. Wynne, F. E. Leech, Judge Sherman White, Roy McMillan, Ed Tracy and Fred M. Roberts. From McLean: C. A. Cryer, Boyd Meador, Edward Crews, Neil Wilkins, Noel Clifton and Dr. A. W. Hicks.

Mrs. Ruth Teat spent Friday in Amarillo.

Plans for C. C. Reunion Underway

Plans are rapidly being formulated for the reunion of ex-Clarendon college students this fall. Much interest has been shown in the affair by exes in all parts of the country, and already a good attendance is assured.

It has been planned to appoint a committee in each nearby town to create interest in that vicinity.

These committeemen will gather here soon for a meeting to make out a program for the two days' gathering which will probably be held Nov. 11 and 12.

Mr. Clyde I. Price, chairman of the local committee on the affair asks that all citizens of Clarendon send him the names and addresses of their families and friends who attended Clarendon College at any time during its 40 years existence. If people know that their friends will be present, they are more likely to attend. Many letters from all parts of the state have been received by Mr. Price giving addresses and evincing interest.

Mr. Price is also anxious to obtain copies of names of those who have copies of the school paper, "Clarco," which was published during the last six or eight years of the Methodist school.

LARGE GROUP TO EXHIBIT POULTRY

PROSPECTS FOR 300 CHICKENS FOR DONLEY EXHIBIT AT TRI-STATE FAIR

Prospects that the goal of 300 chickens for the Donley County exhibit at the Tri-State Fair in Amarillo, Sept. 19-24, will be reached are excellent as plans progress for the show. More entries have been promised than ever before at a similar date.

A majority of poultry owners plan to take their own chickens, but a truck will be used to haul those of persons desiring to send their birds. F. F. A. members will send approximately 200 chickens by truck, and the first truck load will be carried to Amarillo Sunday morning. Chickens will be received here all day Saturday for shipment.

A building will be secured in which to store the birds, and the location will be given at the Clarendon Hatchery Saturday. The second truck load of chickens will be gathered Sunday and Monday and carried to Amarillo before 6 p. m. Monday. There will be no charge for the hauling of chickens either to or from Amarillo.

Black Leghorns will be exhibited by Beatty Hillman, Russell Morris will exhibit White Orpingtons, Carl Morris, Columbian Wyandottes; Herman Mooring, Blue Andalusians; Pete Morrow, Light Brown Leghorns, Earl Barker; Dark Brown Leghorns, Junior Speir, Rhode Island Whites; Lee Phelan, R. C. Rhode Island Reds; Cleo Woods, Buff Cornish; Sam Tankersley, Partridge Rocks; C. L. Cobb and J. F. Cannon, Silver Laced Wyandottes; J. L. Cox and E. V. Quattlebaum, Rhode Island Reds; Wagne Morris and Mrs. J. M. Acord, Black Minorcas; Claude Primrose, White Langshans; Q. Aten, White Giants; Bill McDonald, Lamona and White Giants; Homer Speed, Columbian Rocks; Horace Green, Light Barded Rocks; Johnny Grady, Speckled Sussex; J. R. Gillham, Black Leghorns, White Minorcas and Black Giants; Bill Alexander withdrew his Lamona from the entries.

Any other parties desiring to send their chickens to the fair by truck may send them free of charge, provided they pay their own entry fee and bring the birds to Clarendon and receive them on their return from Amarillo, on Sept. 24.

The birds are fed and watered free of charge during the week they are in Amarillo.

Thayer and Randall Acord left Thursday for the University of Texas where Thayer will work on his M. A. in Electrical Engineering and Randall will study Mechanical Engineering this year.

CITIZENS ASKED TO ASSIST BAND

NEEDS FUNDS FOR TRIPS, WILL GO TO AMARILLO NEXT WEEK

Plans have been worked out further for the tax days which will be sponsored by the parents and members of the Clarendon Band Friday and Saturday of this week.

On Friday a canvass of individuals will be made to obtain monthly subscriptions to the band fund. A concert will be given downtown on both days. On Saturday, the band members in uniform and their mothers will be stationed on various street corners to get donations from those who care to give them. These will be given some sort of tag to mark them as a donator to the band.

The merchants and Chamber of Commerce have loyally supported the band, but many other people who could help the band are now being given a chance to do their part. The bands is badly in need of funds. New instruments and money for trips this year are the goals for the money obtained in the drive this week. Everyone is urged to contribute to the band.

The band will make one of their most important trips of the year next week when they go to Amarillo to represent Clarendon at the Tri-State Fair. In order to make this trip, the band must have funds. They are practicing every day on the football field so that they will be able to march between halves with pep squad at the football games this fall. The band has improved its playing greatly this summer and is now a real band.

Again, it is asked that the people of Clarendon support the band. Loan or give an instrument if you have one which is not in use. Become a monthly subscriber or give a dollar or so Saturday on tag day.

Legionnaires To Install Officers

The Aubyn E. Clark Post No. 126 of the American Legion will have installation of officers at the next regular meeting, Sept. 20th.

L. E. Thompson, local hardware dealer, will be installed as post commander for the coming year. Thompson will succeed B. C. Antrobus.

Other officers to be installed are as follows: First vice commander, Ralph Andis; second vice commander, Nathan Cox; adjutant, R. M. Chunn; chaplain, Walter Clifford; sergeant-at-arms, Tom Tucker; service officer, C. J. Douglas; historian, Jerome Stocking; liaison officer, B. C. Antrobus.

W. O. Hommel, Dr. M. L. Stricklin and Van Kennedy will be the executive committee for the next year.

Officers to be installed were elected at the meeting of the Legion last month.

Mrs. Eunice Fish of Long Beach, Calif., is visiting in the home of her cousin, D. F. Wadsworth and family.

COACH DECLARES "TEAM IS READY"

FOOTBALL SPIRIT IS HIGH HERE AS FIRST TEST APPEARS

Friday night at 8 o'clock the Clarendon High School Bronchos will meet LeFors, their first foe of the football season in a non-conference game.

The Bronchos are in good shape according to Coach Emil Hutto, and are expected to show the Pirates a real fight. The Clarendon High boys have been training for about a month, first attending a two-weeks encampment near the Country Club where the boys were put in shape and endurance strengthened.

Following the encampment, the boys have been given rigid training every afternoon during the school week, and scrimmages with two or three neighboring towns have given the boys the "feel" of the game, and the needed confidence in their own ability.

A bad break for the Bronchos came this week, however, when Durwood Mears, regular right guard for the team, had to stay in bed from an attack of rheumatism, which will cause him to be out of the game for a while.

The probable starting line-up for the game Friday night will be as follows:

LE, J. H. Green; LT, Dempsey Robinson; LG, Bob McWhorter; C, H. L. Lane; RG, Fisher Johnson; RT, Coley Huffman, RE, Junior Speir; LH, Boyce Pierce; QB, Waldron Melton; RH, Beryl Longan; FB, Johnny Grady.

The spirit of the boys is high as the time for the first game nears, and businessmen give the boys much encouragement to "get in there and fight" Friday night.

This game with LeFors will not be a conference game. The games with Lakeview, Memphis and Wellington will be only conference games to be played by the Bronchos this year.

The first game of the season is expected to draw a large crowd and everyone is urged to get out and support the Bronchos in their first grid meet.

There will be the usual admission charge.

Deeds Prepared For Right-Of-Way

Deeds are now prepared and ready for signatures of property owners located along the site of the proposed Farm-to-Market hard-surfaced road that will extend from the intersection of Highway 370 at the edge of Clarendon to a point approximately four and one-half miles on Highway 88, south, according to S. W. Lowe, county judge.

Work was progressing this week in securing signatures of landowners in that district for the right-of-way and Judge Lowe stated that all interested parties make inquiries at his office.

Donley citizens living in that part of the county are fortunate in being able to secure a hard-surfaced road by their property, which will not only add to their convenience in coming into Clarendon and other points, but will add to the value of their land.

Vesper Service Sunday Afternoon Will Honor Site of First Church Building Erected By Methodists

Special Vesper Services will be held at 6 p. m. Sunday afternoon on the site of the old Methodist Church just south of the Clarendon Hotel. The band will play two hymns, some brief remarks and a prayer will mark this service.

On the way to the present Church the crowd will pause for a brief moment on the sight of the Old North Methodist Church, just south of the Court House, where a letter will be read from the minister who lead in the building of this church in 1888. The letter was received this week by Mr. P. A. Buntin.

The crowd will then move on to the Church for an hour of fellowship before preaching services at 7:30 o'clock. Everyone is invited to attend.

THE CLARENDON NEWS

Entered as second-class matter, November 8, 1909, at the post office at Clarendon, Texas, under the act of March 8, 1879.

TRAFFIC HAZARDS FOR THE KIDDIES

With the opening of schools all over the county there comes a tremendous increase in traffic hazards for the kiddies. Here in Clarendon at peak periods, morning, noon and afternoon, the hazard is increased several hundred fold as the gay, carefree children dash to and from home, without too much thought of danger.

This brings again a tremendous load of responsibility to the auto driver. We must do most of the avoiding of accidents for the precious little ones of our community.

Let us drive every day so that no blighting accident to tender life and limb be on our souls.

GIVE OUR BRONCHO GRIDSTERS EARLY BACKING

Friday evening at College Field, Clarendon's CHS Bronchos opens the current football season with a battle with the LeFors Pirates, and that announcement ought to bring a tingle of anticipation and determination to every local football fan.

Of course, you could wait until the Bronchos had won a few games before you got enthused enough to get out of your shell and demonstrate your loyalty by your presence at the games, but if you should do that you have inadvertently contributed to a hazard that the Bronchos wouldn't get off to a good start. You don't want to do that.

The News believes that Clarendon loyalists will be on hand Friday night to give the Bronchos a big hand and constant support in their very first appearance. That's the way to get the job done in a satisfactory and happy victory manner.

Be there Friday night, and let your presence be felt with vocal emphasis. "Yea-a Bronchos."

"RECESSION" RENDERS PUBLIC SERVICE

Even "recessions" have silver linings occasionally. The one from which the country seems to be currently emerging should lay bare to the public gaze one grave fact, namely, the rising expenditures of the federal government.

Until recently record tax receipts tended to narrow the spread between income and outgo, creating an illusion of decreased expenditures. For example, fiscal 1938 showed a federal deficit of only about a billion and a half, compared with a record deficit of nearly four and a half billions in 1936. This led many persons to believe that the bureaucrats were actually practicing some of the economies that they constantly preach—all of which was just so much hot air.

Expenditures have risen steadily for the past eight or nine years. Today the regular annual budget of the federal government is perilously close to \$9,000,000,000. What the recession with its consequent falling off of tax receipts, together with new "emergency spending" reveals, is an estimated deficit for 1939 of at least \$4,000,000,000. By the end of this fiscal year the federal debt will touch another of its periodical "all time highs" of more than \$40,500,000,000.

The "experts" differ as to just how big a debt burden the country can stand without suffering a chaotic collapse.

If the recession awakens the "average citizen" to the true state of the nation's fiscal affairs, it will have indeed rendered a public service.

DROP THAT AXI

JUST HUMANS

By GENE CARR

"How's Business, Ol' Timer?"

FIGHT FOR CLARENDON AND DONLEY

In these days of keenest competition cities and counties must take notice of the attacks that come from without and within, if they are to make headway against the stream of adversity.

Citizens of Clarendon and Donley County are a bit prouder of their heritage and citizenship, probably, than are any other people in this great Southwest. This is a very fine trait of local patriotism, but there is one drawback to it all, if we become too satisfied about our situation and position. An inertia can weigh down the progressive urge until competition easily gets the breaks, and defeat in many worthwhile projects will be certain.

Clarendon and Donley county are wonderful in situation, character, assets, and possibilities—let us fight for them as we have never fought before. Such aggressive loyalty will pay rich dividends.

"NAMES IS NAMES"

It seems that we are to have "Marvin Jones Dam" forming "Marvin Jones Lake" up on the Canadian—and that is a fine idea, and the proposed project is something all good Panhandle folk will pull for attainment.

There is something for consideration, however, in the matter of names, when it comes to securing a dam here in the Panhandle country—especially if the dam is to be one of practical flood control and water conservation.

The News came to the suspicion that Donley's proposed dam on Carroll Creek—the one that WPA and Conservation engineers declared was the most feasible and practical in the Panhandle area—lacked something potent in its concept. We possibly overlooked the matter of a suitable name for the project, and have, therefore, seen it sidetracked for other projects no more, if not less worthy.

The News would like to suggest that Donley, and other counties on the outside lookin' in, sit down and review the situation and get some monickers for their projects that have pulling power. Let's see—there are some good names not yet pre-empted. Think these over: "Franklin Dam," "Eleanor Dam," "Carl Hinton Dam," "John McCarty Dam," "Jim Farley Dam," "O'Daniel Dam," "Final Dam."

There's gold in them there dams.

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

AUSTIN.—His program for industrial development of Texas is apparently ranked next to pensions in the mind of the gubernatorial nominee, W. Lee O'Daniel, judging from interviews he has given since his nomination. Fortunately, this subject is not, as O'Daniel seems to think, an unexplored field. A wealth of scientific data has been accumulated both in and out of Texas on the problem of industrialization of the state. Some of it has been compiled by experts who have spent years in such work. A great deal of money has been spent by private industrial corporations, by utility concerns, by Chambers of Commerce, the state planning board, and other interested groups. The best engineering talent available has been procured. The findings of all these groups have been substantially in agreement. They have not been optimistic in regard to a quick development of large industries in Texas.

HERE ARE BASIC FACTORS

Here are the requirements for the location of industry generally in any given place:

An available nearby market for the product manufactured. Available raw materials. Available trained labor supply. Available fuel and power.

The greatest of these requirements by far, is the first. And that is the reason why manufacturers in the East find it more profitable to ship the vast resources of raw materials produced in Texas to eastern and northern centers, and ship the manufactured product back to Texas to supply this market, more cheaply than they can manufacture here.

Texas, with its vast area, is thinly populated, compared to northern and eastern market areas, and it is surrounded by states similar situated. Production facilities in this country have far outstripped distribution machinery. The nation today is equipped with existing factories which are tooled to produce nearly twice the requirements of the present facilities. Economic conditions, of course, have affected the power of the nation to assimilate goods. But the fact remains that a single large shoe factory, for instance (since O'Daniel has used shoes as an example), could produce in a few months all the shoes that Texans buy in a year. It could not market the shoes it must make during the rest of the year profitably in other territory, in competition with eastern factories, which were located in those market areas.

FREIGHT STRUCTURE WALL

The Southwestern freight rate structure, which has been built up by the federal regulatory authorities over a period of years since the days when an arbitrary advantage was given to Southern

and Western railroads on the theory that with light volume it cost more to operate them, forms an artificial barrier against industrial development in the Southwest.

There is, of course, a certain limited field in which it is profitable to manufacture near the source of raw materials. Notably, the processing of petroleum is the outstanding development along this line. The petroleum refining industry, using water transportation from Gulf ports to offset high rail freight rates, has become Texas' leading industrial development. It employs many thousands, at high average wage rates and is prosperous.

But the conditions fit only a few similarly specialized industries, and those who profit from development of these industries have not overlooked Texas. As a matter of fact, the great industrial organizations of the East, such as the DuPont enterprises, the Mellon interests, General Motors, etc., have assembled over a period of years a library of data bearing upon possibilities of industrial development in Texas that far exceeds in volume and accuracy any figures available in Texas. Several of these organizations keep industrial engineers on duty in Texas, studying constantly the development of industrial opportunities. They are not slow to take advantage of such opportunities, as they develop.

A REAL OPPORTUNITY

The best opportunity for industrial development in Texas lies in the local organization and financing of small industry units, designed to supply local markets with certain classes of goods, mostly perishables, which are financed with Texas capital. Big Eastern capital is not interested in such enterprises, and Texas capital has always been reluctant to seek this field of investment, because it is hazardous.

OTHER ELEMENTS

There are a dozen other elements which enter into the picture. One is the traditional location and association of groups of allied industries. Nobody will build a wool scouring plant in Texas, for instance, because investigation shows that he couldn't sell his scoured wool. The wool ADD NOBODYS BUSINESS—scouring plants are located around Boston, where the output is sold to the woolen fabric manufacturers. For a hundred years, these industries have been allied. Interlocking ownership, family association, banking connections—all ten to keep the wool scouring industry centered around the New England mills that consume the scoured wool. A Texas plant would be regarded as an interloper, and the mills just wouldn't be interested in taking its output.

Cotton goods is marketed traditionally through the brokers in the East. It goes into the market, unlabeled. The output of a dozen mills is mingled and sold in one lot. A Texas department store recently tried to buy some cotton goods from a Texas mill, to feature in a "Texas Made" sales event. Its managers found the mill couldn't supply it, because it

had a long contract to sell all of its output to a New York broker. If it had sold a thousand yards to the Texas store, it would have furnished material for some nice advertising for the store for a day or two. But the broker wouldn't have been interested in handling the mill's output after that—and the mill has to ship the goods it manufactures all the year, or shut down.

WHAT DALLAS DID

The greatest opportunity for business development in Texas lies in the attraction of sales offices, warehouses stock, small branch houses, assembly plants and similar small units of eastern concerns here. They will come if a profitable market is shown them. The Dallas Chamber of Commerce spent \$500,000 over a three-year period advertising in national magazines and newspapers to this group. They brought more than 800 new concerns to Dallas in three years, and are still getting returns from the investment, several years after the advertising fund was all spent.

Gov.-Elect O'Daniel is likely to find the realization of a quick, sweeping industrial development of Texas more difficult to realize than his pensions-for-everybody program.

LOCAL DEALER OBSERVES NATIONAL FURNITURE WEEK

The Clarendon Furniture Store will join national furniture dealers in observing National Furniture Week, Sept. 17-24, by conducting the store's first furniture sale. J. Frank Smith, owner of the Clarendon Furniture Store announced this week.

In an advertisement in this issue of the News, the Clarendon store is calling special attention to several items that are especially priced down for National Furniture Week.

DO YOU KNOW—

That the bowie-knife—the heavy sheath knife of the early Western States—is called after Col. James Bowie, of Texas. He wrought the blade from a worn-out file with which he had already killed his man.

© McClure Newspaper Syndicate

CARD OF APPRECIATION

At this early opportunity may we express our sincerest thanks and appreciation to our friends and neighbors who so graciously ministered to us in our recent sorrow. May a kind Providence deal even so with you and yours when called to pass through the shadows. Mrs. Bertha Benson and children.

PRACTICE OF STRIP CROPPING WIDELY USED

This year, more farmers than ever before have used strip cropping to protect their fields from soil erosion, according to a report from the Soil Conservation Service.

A nation-wide survey by the Service reveals that almost 1,000,000 acres of agricultural land were planted to alternate strips of open-tilled and close-growing crops. Strip cropping, developed as an erosion-control measure only a few years ago, is now practiced in almost every state.

Strips of legumes or other close-growing crops — between strips of corn, cotton, tobacco and other open-tilled crops on sloping fields—slow down surface water with its load of soil in suspension. The denser vegetation filters out the soil particles and large quantities of water soak into the soil.

Strip cropping is most effective with contour cultivation, rows running around the hillside instead of straight up and down which also retards erosion. Each horizontal furrow and narrow scratch is a miniature dam to retard run-off.

THE NEWSPAPER BUSINESS

The editor of the Register, like other newspaper men, knows that running a newspaper is, more or less, the business of the public. When it comes to what shall be printed what views shall be expressed, and what shall be played up or down, it is very much the public's business, but when it comes to paying the freight and keeping the journal operating it is much less the public interest.

The only source of revenue that the publisher of the paper has comes from selling its advertising space and subscriptions. It is extremely rare that anybody asks us for a free subscription, but it is an everyday occurrence for some one to come in with a request for free advertising, which they naively call a "notice."

The advertising price of the Register is fixed at what we believe is a fair price. It is necessary in order that the business pay its bills. Of course, we assume that a certain average amount of space will be sold for this purpose in each issue, and reserve the rest of the paper for news, which we print for the benefit of the advertiser as well as the reader, because a newspaper pulls for advertisers when its reading matter pulls the reader.

Seldom does a local advertiser ask for free space. If he has he has done so without understanding that space in a newspaper is just as much a commodity as a can of beans on the grocer's shelf. On the other hand, there are numerous advertisers outside the town who assail us regularly with insistent demands for free publicity. In justice to everyone we try to treat them all alike, and publicity matter continues to fill our wastebasket every day.—Wilbur (Kan.) Register.

Ernest Kent transacted business in Amarillo Wednesday.

Rev. and Mrs. R. E. Austin left Monday for a week's vacation before going to Enid, Okla., where they will attend school this year.

Mrs. Albert Fremin of New Orleans, La., is visiting in the home of her sister, Mrs. Jerome D. Stocking.

County Superintendent G. W. Kavanaugh spent the first part of the week in Austin on official business.

Miss Isabel Wright left Saturday for a three week's vacation in Dallas and other places.

Mrs. Carl Peabody spent the latter part of the week in Vernon with her brothers.

Carl Peabody, Joe Bownds, Glen Churchman, Glen Atkins, Mac Butler left Wednesday morning for a five-day fishing trip at Diversion Dam near Electra.

A. J. Williams of Vevay, Ind., left Monday after a short visit with his brother, Henry Williams, and old friends here. Mr. Williams was formerly a merchant in Clarendon.

THE CLARENDON NEWS is the most widely read newspaper in the Donley County trade territory.

PLEASE!

Every copy of The Clarendon News mailed with a wrong address is returned to us by Uncle Sam at the rate of 2c each. During the course of a few months time this runs into money, and we are requesting our readers to immediately notify us of any change in their address. If you know address will be changed a week before hand, write us then. It will prevent you from missing a copy of the paper and will save us 2c for each copy we send to the wrong address. Please!

T. C. U.'s Beef Trust

Texas Christian University football teams have long been noted for their strong forward walls. The 1938 edition of the Horned Frogs will be no exception. Here are four of the "little boys" who will see a lot of action: Capt. Hale, 245 pounds; Allie White, 200; Forrest Kline, 225; and Bob Cook, 200.

Mrs. Jack Killough is in Mineral Wells this week for medical attention.

Mrs. E. P. Shelton returned Friday from Dallas where she visited her parents last week.

Mrs. Joe Kennel of San Antonio is visiting her sister, Mrs. Ed Dishman.

James Bartlett left Wednesday for Austin to attend the University this year.

SOCIETY

MRS. J. A. McMURTRY IS HONORED AT TEA FRIDAY

Mrs. J. L. McMurtry honored her daughter-in-law, Mrs. J. A. McMurtry, with a lovely tea Friday afternoon at her home.

Mrs. J. L. McMurtry, Mrs. J. A. McMurtry and Miss LaVerne McMurtry were in the receiving line to greet the guests. Mrs. C. T. McMurtry poured tea from a lace-covered table centered with lovely garden flowers. Misses June McMurtry, Mary Charlotte Word, Jo Word, and Ethlyn Drennan served in the dining room.

During the tea-hour Mrs. Mildred Word played a number of piano selections.

Guests who called during the afternoon were Mesdames Meredith Gentry, Ira Merchant, George Bagby, Kelly Chamberlain, Tom Murphy, George Norwood, Floyd Lumpkin, Simmons Powell, B. F. Kirtley, Forest Taylor, Sam Dyer, Jerome Stocking, Bill Carroll, Francis Brown, H. F. Harter, Allen Bryan, Carroll Knopp, John Knopp, Harold Bugbee, Guy Stricklin, Ruth Kennedy, Frank White, Rufus White, Sam Cauten, Joe Bounds, J. H. Miller, Ralph Andis, Floyd Benson, Price Whitlock, Forest Sawyer; Misses Geraldine Pratt, Berkley Ryan, Vera Noland, Eugenia Noland, Mildred Martin, Charlotte Molesworth, Nettie Sims, Mary Cooke, Mantie Graves and Lottie Lane.

CLARENDON FACULTY ENTERTAINED FRIDAY

The members of the faculty of the Clarendon schools were entertained Friday night with a lawn party by Mr. and Mrs. Joe Goldston and Mr. and Mrs. C. J. Douglas in the lovely garden of the Goldstons.

The evening was pleasantly spent in conversation and various table games. The hosts served ice cream and cake to about 25 people.

MRS. BLOCKER HOSTESS TO BLUE BONNETT CLUB

MRS. BLOCKER HOSTESS TO BLUE BONNETT CLUB

The opening meeting of the Bluebonnet Bridge Club was held last Thursday afternoon with Mrs. John Blocker hostess at her ranch home at 2:30 o'clock.

In the bridge games which were enjoyed throughout the afternoon, Mrs. J. L. McMurtry won high score for members, Mrs. J. B. McClelland high for guests, and Mrs. Sella Gentry drew high consolation.

Delicious refreshments were served to Mesdames W. H. Patrick, J. L. McMurtry, C. T. McMurtry, George Ryan, R. L. Bigger, A. R. Letts, members; and Mesdames James Trent, Charles Bairfield, R. A. Chamberlain, T. E. Ellis, Odos Caraway, H. M. Breedlove, U. J. Boston, Sella Gentry, L. A. Bagby, guests.

KILL KARE KNEEDLE KLUB MEETS WITH MRS. LOWE

Mrs. S. W. Lowe was hostess to the Kill Kare Kneedle Klub Thursday afternoon at her home. The guests enjoyed fancy needlework and conversation on the porch during the afternoon.

A short business meeting was held and new officers were elected. Mrs. H. C. Brumley was chosen as president to succeed Mrs. W. A. Land. The club sent Mrs. Land a lovely basket of flowers. The club voted to elect three new members.

METHODIST YOUNG PEOPLE ENJOY PICNIC TUESDAY

Eighteen members of the Methodist Young People's department enjoyed a picnic at Troublesome Canyon Tuesday night.

The evening was spent in hiking and playing games. A delicious picnic supper was served to the group.

DONLEY COUNTY MUSEUM GIVEN RELICS, PICTURES

The Donley County Museum has recently added to its growing collection some very interesting relics. Mrs. W. H. Davis has presented a large bell that long ago called to dinner the farm hands on her father's farm in Collin county. Mrs. C. W. Bennett has given a mastodon's tooth, and also some teeth of a little prehistoric horse, all found in the famous beds near Clarendon. Mr. J. C. Estlack has loaned a specimen which is an imprint of an oak leaf in Pliocene volcanic ash, also found in Donley county, and a weapon purchased by Phifer Estlack from a Mexican soldier at Monterey who served under President Cardenas of Mexico in a recent uprising in that country.

Mr. Sam Braswell has donated three framed photographs of the new memorial stone marking the first Donley county cemetery, near the site of Old Clarendon. The pictures show five survivors of Old Clarendon, Mrs. J. B. McClelland, Mrs. Sella Gentry, Mrs. S. E. Atteberry, Mrs. R. L. Bigger and Mr. W. W. Taylor, as well as Judge J. R. Porter.

Mr. Sam Braswell and Mayor W. H. Patrick, who participated in the dedication exercises. Another gift from Mr. Braswell is an enlarged framed check for the twenty-one thousand dollars paid to the Clarendon Methodist College in 1925 by the citizens of Clarendon for the purpose of raising the standard of the college to senior rank.

FRIENDSHIP CLUB IN FIRST MEETING

The Friendship Club had its first meeting of the fall season Tuesday. Mrs. N. C. Smith was hostess to the group at her home.

Mrs. C. R. Skinner, president, presided over the meeting. Fancy needle work and conversation pleasantly occupied the afternoon. The club embroidered dish-towels for the hostess.

METHODIST YOUNG PEOPLE ENJOY PICNIC TUESDAY

Eighteen members of the Methodist Young People's department enjoyed a picnic at Troublesome Canyon Tuesday night.

The evening was spent in hiking and playing games. A delicious picnic supper was served to the group.

Golden Jubilee Programs Are Souvenirs of Methodist History

A 12-page brochure, with color of gold is the pleasing plan of the souvenir programs for the Golden Jubilee celebration of the local Methodist church which begins Sunday, Sept. 18th, and runs through the week, closing Sunday evening, Sept. 25th.

The booklet is made up of historical and chronological data covering the fifty-year period of the church's existence, 1888-1938, and carries the names of hundreds who have contributed to the work of the church in the years past and gone.

A limited number of these expensive souvenir programs was printed and will be distributed first to those who reserved copies

for themselves and their families, then first come, first served as long as they last. Under the plan the programs sell for 50 cents, which will defray the cost of the books and the incidental expenses of the celebration. J. T. Patman is the financial secretary of the occasion and to him requests for books may be made. They will be in his hands Friday or Saturday of this week.

A copy will be placed in the Donley County Museum as a milestone to the progress and work of the Clarendon Methodist church, one of the conspicuous moral forces in this community through the years.

Easter Vacation Dishes

Although the Easter holidays may not call for the elaborate meals of Thanksgiving and Christmas, they do demand that women be prepared for an emergency. Children are home from school or college; friends pay an Easter visit. Novel breakfast, luncheon and dinner dishes are eagerly sought by the perfect hostess. Here are a few suggestions:

Brazil Nut Apricot Bread For Easter Breakfast
1/2 cup dried apricots
1 egg
1 cup sugar
2 tablespoons melted butter
2 cups flour
3 teaspoons baking powder
1/2 teaspoon soda
1/2 cup orange juice
1/2 cup water
1 cup chopped Brazil nuts
1/2 teaspoon salt

Lamb Chops With Orange (Serves 6)
6 lamb, veal or pork chops
Melted butter
Sliced Navel oranges
Salt, pepper and paprika
Trim fat from thick chops and slip in melted butter. Oil broiler well and broil chops 8 minutes. Turn and place a thick slice of peeled orange on each chop. Broil 8 or 10 minutes longer. Sprinkle generously with the seasonings. Serve hot.

Peach Shortcake
1 package lemon rennet powder
1 pint milk

LES BEAUX ARTS CLUB WILL HOLD FLOWER SHOW
The News has been asked to announce that the Les Beaux Arts Club will hold its annual flower show and exchange Saturday Oct. 1 at the club room. Everyone who has extra plants may bring them and exchange with others for plants they do not have. The Garden Club will have a special exhibit of garden flowers at the show. Prizes will be given for the best plants in each variety.

MISS HELEN GREEN RETURNED SATURDAY FROM DALLAS WHERE SHE HAS BEEN STUDYING AND WORKING FOR THE PAST YEAR. SHE WILL BE EMPLOYED BY JUDGE J. R. PORTER.

EMILY ENGLE OF ABILENE WAS A GUEST IN THE HOME OF HER AUNT, MRS. W. M. PATMAN, THIS WEEK.

CHRISTIAN ENDEAVOR HONORS AUSTINS
The members of the Young People's Christian Endeavor of the First Christian Church held a special meeting Sunday night in the honor of Rev. and Mrs. R. E. Austin who left Monday. An interesting program was given and afterwards a short social hour during which the group expressed their appreciation of the Austins. About 30 members and visitors of the Christian Endeavor were present.

JR. H. D. CLUB MEETS THURSDAY

The Junior Home Demonstration Club met in regular session Thursday, Sept. 8, at the club-room with Mesdames Marie Patterson and Hattie Palmer as hostesses.

The president, Mattie Ballew opened the meeting with a prayer. A business meeting was held. The program was then turned over to Dale Holland who gave a demonstration of desserts. She demonstrated Floating Island.

The hostesses served a salad course to Mesdames Viola Bones, Gracie Ayers, Roberta Jennings, Mattie Ballew, Ruth Killough, Dale Holland, Lucille Chessir, Hazel Lusk, Mary Wallace, Clara Ballew, members, and Dollie Wilson, guest.

The club will meet next on Sept. 22, at the club room with Mesdames Mattie Ballew and Gracie Ayers as hostesses.

CHRISTIAN ENDEAVOR HONORS AUSTINS

The members of the Young People's Christian Endeavor of the First Christian Church held a special meeting Sunday night in the honor of Rev. and Mrs. R. E. Austin who left Monday. Sings Way Into Congress Race

Stuart Hamblen and wife and daughter and pets

Stuart Hamblen, son of Rev. and Mrs. J. H. Hamblen of Abilene, of Los Angeles, Calif., who is a popular radio entertainer won the Democratic nomination for congress from the eleventh district of California in the recent primary, according to a story in the Abilene Reporter-News.

This was the first time Hamblen had ever run for a political office. He won over several other candidates, but will have to face the Republican nominee in the

general November election. The new congressman stated he "figures the government needs more plain, ordinary Americans and a heap more boss sense—that's why I done run."

Hamblen is a former resident of Clarendon and student in the Clarendon Colleg. His father was pastor of the Methodist church here for several years. They also lived in Crowell. He has a wife and daughter.

CORRECTION

In last week's issue of the News, in the Martin News, there was an item about a fishing party down near Bowie, but through an error there was a mistake in the names of those listed. The names should have been: Messrs. George Kavenaugh, Walter Morrow and U. G. Pittman.

Mrs. Rufus White shopped in Amarillo Saturday.

Advertisement for STAR AT BAT! featuring a baseball player and STAR BLADES FOR GEM AND EVER-READY RAZORS. The ad includes the text: 'Dependable hitting makes him a star performer at bat! Dependable edges make Star Single-edge Blades star performers on your face! Made by the inventors of the original safety razor.' and '4 FOR 10¢'.

Presenting Clarendon Junior College

By DOROTHEA WATSON

The faculty and student body of Clarendon Jr. College is very proud to announce the enrollment for the 1938-1939 session has been increased considerably over that of the few previous years.

Each year, more people realize that the Junior College is truly an advantage to the youth of this city, community and surrounding counties.

They know it is an advantage, but they do not know exactly what opportunities are offered in this school, and they should know.

Each week, throughout the school year, there is to be a series of articles describing the various departments of Clarendon Jr. College.

We shall endeavor to prove to you that our college is truly an advantageous one.

Rev. L. L. Swan, of Hutchinson, Kan., former rector of the Episcopal church here, was in Clarendon the first of the week visiting old friends. He called at the News office and stated during his visit here that he and Mrs. dSwan thoroughly enjoy the paper and read all of it every week. Rev. Swan has visited in Amarillo and will spend the latter part of this week in Childress.

The Broncho Range

C. J. C.

Devoted to the Students of Clarendon High School, Junior College and Junior High School

CJC Welcomes Out-of-Town Students

HEDLEY, LELIA LAKE, MEMPHIS, OTHER PANHANDLE TOWNS REPRESENTED

Ye olde school bells are ringing, and C. J. C. students are settling down to work. We hope. The enrollment is considerably larger than it was last year and it's still increasing. We have a number of new out-of-town students and hope to have still more.

Hedley has contributed more students than any other town. They are Eugene Bell, Clay Plunk, Jo Wells, Craig Johnson, Wallace Riffle, Theima Tate, Calvin Reed, and Forrest Adamson.

Other new students are: Glenn and Alma Bruce, Memphis; Marie and Alma Bruce, Memphis; J. R. Bain, Aline Beatrice Morton, J. R. Naylor and Lloyd Hefner, all of Lelia Lake; Mrs. Evelyn Hutto, Canyon; Nancy Miller, Astola; Darleen and Jackie Salmon, Brice; Belva Robertson, Quitaque; Sylvia Goodson, Lamar; Joe Charles Spradlin, Alanreed; Neil Wright, Leonard; Laura V. Drew, Shamrock; Shirley Mae Swan, Wheeler, and Evelyn Rush, Mobeetie.

Lalar Belle Wilkerson and Haskell Phelps attended high school here for a while, but moved away. Lalar Belle attended school at Seymour and Haskell at Cheyenne, Wyoming. We are glad to have them back with us.

These new students may feel rather lost at first, but let's hope they soon get adjusted and begin to feel some of that good old college spirit.

BR

PRESS CLUB ORGANIZED

The first meeting of the 1938-39 Press Club was held Monday afternoon. Discussion was directed mainly to improving and enlarging our school page. The entire club pledged their support to the Broncho Range. This page has always been one of the best and is rated high, but this year Press Club members intend to make it the best.

An open election was held and the following officers were elected: Rayburn Smith, president; Billie Horton, vice president; Billy Latson, reporter. Other members are Jack Reeves, Jimmy Thompson, Maxine Ellis, Jeanne McDonald, Gail Adams, Homer Charles Speed, Theresa Bain, Mildred Barker, Marie Bain, Raymond Hay, Miss Headrick is sponsor of the club.

BR

NOTICE

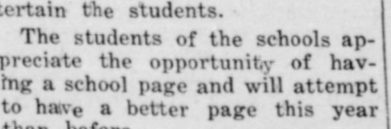

The Clarendon News has been selected to present the school page. The Broncho Range for the students of the Clarendon Junior College, Clarendon High School, and grade schools. This page is entirely written and edited by students in high school and college. It provides news to the citizens about what is going on in school and gives an opportunity to develop writing talent as well as entertain the students.

The students of the schools appreciate the opportunity of having a school page and will attempt to have a better page this year than before.

That the costly fur, ermine, worn by royalty is nothing more than the lowly weasel. A large portion of the supply comes from Northern Canada, although pelts are also imported from Russia and Siberia

WHERE DO FRECKLES GO WHEN OTHINE IS USED?

It's Amazing to Many

For nearly 30 years Othine has been "chasing freckles" and lightening sun-tanned skin. Where do the freckles and tan go? They mildly flake away with the nightly use of this dainty cream. Satisfy yourself, as thousands do each year. The use of one jar must please you. . . or your money will be refunded. Your local druggist has Othine . . . or he will gladly get it for you.

Students' Vacations Make Summer Fun

The summer of '38 was a season filled with many vacations for CHS and CJC students. However, Clarendon was never at a loss for boys and girls to be seen working, dancing, swimming, or piling in rattling Fords, enjoying the freedom of the summer months.

Pauline Riley went sight-seeing in Wyoming. She visited Bull Lake Dam, one of the world's largest. Denver and Colorado Springs were points of interest on the return trip.

Marjorie Beverly's vacation deserves much attention. Perhaps she is the only one in our fair city to visit Nowhere, and do lots of Nothing.

Francis Hott went to Dallas and Fort Worth. She enjoyed outdoor sports, a fishing trip, and a sight-seeing tour of the two cities.

Mary Kathryn Hardin spent her vacation in California cities. She returned through Arizona, where she visited Grand Canyon. Her tour also included Salt Lake City and Denver, Colo.

Wanda Nell Smith, now recovering from a recent appendectomy operation, was another California vacationist. She visited Long Beach, Coconut Grove, China Town in Los Angeles and important public buildings. Grauman's Chinese Theater, made famous by our motion picture stars was one of the most interesting places seen by Wanda Nell. She is one of the few to see film stars such as Robert Taylor, Barbara Stanwyk, Mae West and others. At San Pedro she watch a ship come in. She also went through a museum in Los Angeles that has the finest and largest collection of any in the world.

Lois Marie Taylor made frequent trips to Vernon where she enjoyed swimming, motor-boating and a fishing trip. She was shown a good time there by friends and relatives.

Edith Shelton went to the State Fair in Pueblo, Colo. After a brief visit there, she went to Eagle Nest, N. M., on a fishing trip.

Billie Lou Gilbert went to Yellowstone National Park, and the Frontier Rodeo Celebration at Cheyenne, Wyoming. The Capitol of Wyoming and Colorado were included in her vacation.

Rose Lee Ellis went to El Paso, Carlsbad, Cavern, and Jaurez, Mexico.

Gail Adams claims she went to the South Sea Islands. He planned being gone only three weeks, but a bevy of beautiful belles refused to let him go until he taught them "The Big Apple."

Schedules Are Set, Class Work Starts

After a week of flurry and hurry, the students in CJC and CHS have found their places in class and started to work. A number of new classes have been made necessary due to the crowded conditions. There are now three sections of Math. 113 and two sections of Eng. 113. Most of the classes both in high school and college have a capacity of students and some have more than can be readily handled but they will have to continue as they are.

A great deal of trouble has come from arranging an extra period for those college classes which meet on Tuesday and Thursday. The English History class meets during the noon hour on Monday for lack of another time.

In the high school, there are more students registered in Latin I and Physics than there have been in many years. In almost every period, two study halls are necessary and all are crowded. The library is filled most of the day by the high school and college pupils.

A new sound in the college building is that of the band playing during school hours. This year the band room has been moved to the dormitory and practices every day at 1 o'clock. They have been out on the football field this week marching and preparing for the football game Friday night at which time they will parade between halves with the pep squad.

All in all, the school seems to be getting settled down and everyone is ready to enjoy knowing and working with new and more classmates. Of course, there are still those "smart" upper-classmen who think the high school Sophs and college Frosh are ever so foolish to be so serious and study so much, the very first weeks of school, but both of them will soon know better.

BR

Mr. and Mrs. Karl A. Adams of Sunray spent the first of the week with friends here.

EDITOR: Jeanne McDonald. CONTRIBUTOR: Rayburn Smith, Jack Reeves, Billie Horton, Maxine Ellis, Billy Latson.

Editor's Corner

Clarendon has been in the past noted for its football spirit. This year the students don't seem to be very much interested in the outcome of the games. For the last two or three years our boys haven't done so well. One can't blame the supporters for not being enthusiastic over them, but this year the boys are shaping up much better than they have before.

They had a hard month of spring training last April and a two week training camp just before school started. They are putting in long hours of scrimmage and skull practice every day. There are several boys in from the rural schools who are all playing this year, too. All in all with the able assistance and guidance of their coach, the material they have, and the practice they are putting in, it looks like the Bronchos are going to come back.

That is they are coming back if they get the support of their fellow students. They have already been given all of town. They need our backing to help make the task easier. They want to hear our yells of approval and our encouragement from the sidelines. It just makes it easier to carry on when we are there.

Bring your dates to the game. Have a good time while helping your boys to victory. And then after the game you can truthfully say: "We won."

BR

THE RETURN OF MR. X

School days, school days, oh those golden rule days—means paper page and paper page means articles and articles mean writers. Mr. Rayburn Smith, newly elected head of the C. H. S. Press Club, cornered me the other morning and said, "X, you gotta help us put this paper on the map, on the journalistic side of the world. I want you to write a column about anybody, any place or anything." I jumped up with my usual characteristic energy and said, "Sure pal, I'll be glad to. Anything to help anybody, that's my motto."

Now I'm feeling blue. What am I going to write about. I can't gossip because it's too early in the season for gossiping. I can tell the world how beautiful Lois Marie Taylor is; how friendly Ethelyn Drennan is; how crazy I am; and that I've got everything including my socks bet on the Bronchos, and boys you better win cause I want to keep on attending school.

So with what I've got above maybe I had better close until later and then you and me and everybody else can get together and pitch the old hot scandal in the cozy insides of the old Clarendon News. So until then, with lots of love, I remain your old dark correspondent who thinks us boys can pitch the hot woe better now than later on. Good-bye folks.

The names Lois Marie Taylor and Ethelyn Drennan were used through the courtesy of George Moore.

Broncs In Fine Shape for Game

The Clarendon Bronchos have really got that old school spirit this year. All of them are training hard and really staying in condition. They have several brilliant plays and can operate them almost perfectly.

The boys will go into a tough schedule Friday, but they are eager to get started and win the games.

We are very proud of their beginning, and sincerely hope we can be equally proud of their finish.

J. Matheson of Hedley was in town on business Tuesday

Mr. and Mrs. R. V. Payne and daughter, Susan of Plainview, were guests Sunday of Mr and Mrs. F. E. Chamberlain.

F. F. A. MEMBERS TO ATTEND AMARILLO FAIR

Forty Clarendon F. F. A. members will attend the opening day of the Amarillo Tri-State Fair, Sept. 19. The trip will be made by truck with each member paying his proportionate part of the trip, which will cost each member approximately 25 cents.

A number of the members will compete in judging contests in Amarillo; the remainder will take notes of interest of county, F. F. A., livestock, and poultry exhibits. The local group will leave the college building at 8:30 a. m., and return to Clarendon at approximately 3:30 p. m.

F. F. A. MEMBERS HAVE BUSY WEEK

Selecting heads, grains, vegetables, seeds; selecting and preparing poultry, and preparing an educational exhibit for the Tri-State Fair have all served to make this a very busy week for the local F. F. A.

In addition to the above work the group is also preparing for their annual pig show. Pigs are being built, and the pigs are being groomed for the show. The winnings pigs will be trucked to Amarillo Sunday morning to compete in the Amarillo fair.

BR

The report is out that Frank Cannon is a very studious Soph. It seems that Frank wanted to know what Mrs. Goldner meant by putting a minus 4 after his book reports. He didn't know that he must have 4 points in each type of reading. That's not so bad though. Just think of the one J. D. Swift pulled in the library his first week in Senior High. They say Speedy still pulls a big boner now and then.

It seems that Gordon Williamson likes his own company. He talks to himself in English class. Rachel Logan is the big problem this year. She has quite a few lads on the string. That is, it's quite a few for her—two I mean.

Speaking of problems, Johnnie Grady is at it again, too. He is trying to break all the little girls' hearts. Lalar Belle Wilkerson said when interviewed on the subject: "He's a sight."

Say, have you met that girl from Brice, Jackie Salmon. By the way, she wants to see the Clarendon-Lakeview game—just in case you wanted to know.

They tell me Russell Morris fell again Wednesday, but Miss Cope wasn't around to pick him up this time.

I think the BR will carry a little band news next week. They say that there is lots of news connected with the band members.

EX-STUDENTS VISIT ON CAMPUS DURING OPENING

A number of ex-students of CJC visited on the campus during the first week of school in order to greet classmates.

Among those seen were: Fern Martin, Fannie McGowan, Robert Nichols, Elery Watson, Winston Nippert, Allen Patman, Peggy Word, Dorothy McCormack, Howard Strawn, Otis Rolls, Gerald Noble, Jesse Cornell, LaVerne McMurtry.

High School Girls Organize Pep Squad

Twenty-four high school girls met Monday afternoon and organized a Pep Squad for the 1938 football season. Lois Marie Taylor and Yvonne Smith were chosen as leaders for the squad. Plans were made for holding a pep rally every Thursday night during the season. A stunt was worked out and will be given Friday night between the halves of the game.

As several members ride the bus, they have arranged to practice at the noon hour.

The girls show much enthusiasm over the prospects for a good group this year. They are eager to support the team and offer a good means for every girl and boy in school to show his or her pep by joining.

FLOYD COUNTY WPA WORKERS ASK QUICK ACTION ON CROP CONTROL IN PETITION TO A. AND M. COLLEGE

A petition which he says will be forwarded as soon as he has had a little more time to see the people between WPA jobs is, being circulated in Floyd county this week by E. A. Russell, an ex-farmer and presently on the WPA rolls, urges the authorities "begs, pleads and petitions" the authorities at A. and M. college to "get something done about this crop control that we have in force now."

"It is keeping many, many people off the farm who have followed farming most of their lives," the petition recites. "But this is not the worst of it, the number of people that are being thrown out of land to work—move to town and get on the WPA—at wages which are not enough to permit the head of the house to ever get where he or she can be self-sustaining."

Something more than two hundred names had been signed to the petition the first of this week, when Mr. Russell had to quit carrying it to resume work for the WPA, but he said he planned to get some more names before the petition went to the authorities at A. and M. college. The list at that time had about 40 names indicated as WPA workers, and business men, farmers, real estate dealers, had signed the petition freely. One signature indicated the signer as a business man and land owner "but will be compelled to sell land if farm program continued." Several local officials' names are on the petition, also.

Addressed to A. and M. College, Agricultural Department, College Station, Texas, the petition in full recites:

"We, the undersigned citizens of Floyd county, do hereby beg,

plead and petition you to use all the authority, strength and influence you can command to get something done about this crop control that we have in force now."

"It is keeping many, many people off the farm who have followed farming most of their life, but that is not the worst feature about it, the number of people that are being thrown out of land to work whereby they might produce something to support themselves, thereby forcing them to feel to the one and only refuge which to go to town and get on the WPA or some other public job at wages which are not enough to permit the head of the house to ever get where he or she can be self-sustaining."

"Further our relief rolls are increasing every day almost, but how can this situation be improved unless the gate is opened to where we who want back on the farm can have the pleasure of doing so."

"As to the rehabilitation farming there are very little of that done here for it is impossible to rent land. The landlord seems to need and want all the plow up money he can get."

"There are multiple hundreds of acres of good land subject to very little or no erosion, which is lying idle or producing nothing to be consumed by so many needy who would take pride in living by the tilling of the soil."

"It is absurd to think that we can have a decrease in the relief rolls and expenditures under such farm act as we have now. Therefore, we earnestly plead with you to give this a serious thought for we are deeply concerned about the matter."—Floyd County Hesperian.

REG'LAR FELLERS

American News Features, Inc.

"Do It the Easy Way"

By T. C. RICHARDSON, Secretary Texas Breeder-Feeder Association

The fall litter of pigs is the second semi-annual dividend the sow pays if she is well cared for and bred on time. By the time the pigs are weaned they will weigh more than the average 2-year-old sow, which amounts to the sow doubling her own weight in potential pork every six months. It is becoming common for litters to weigh a ton at six months of age, and two ton-litters a year are equivalent to multiplying the sow's weight 12 to 15 times.

Of course this does not always happen under even the best management—in fact it never "happens" at all. It is the result of a definite purpose which is achieved only the exercise of good judgment, close attention and care.

Generally speaking a fall litter as a good in the Southwest as a spring litter, requires little more attention after the critical farrowing period is over and the pigs begin to eat, than does a litter farrowed in the spring. If—and this is a pretty "if"—green pastures, water, and dry sleeping quarters are provided.

Exercise and sunlight are as essential as food to the health of pigs, and our open winters permit hogs to live a more natural life than in the North, where expensive houses with glass windows still leave much to be desired in the way of healthful conditions. We are so accustomed to raising hogs out of doors that we scarcely appreciate the great advantages the Southwest offers over the barbarous and expensive methods which the northern swine breeder cannot escape.

At this time of year the pastures and fields of the Southwest are still green and there are gleanings of grain which pigs will save while getting sunlight and exercise. Many a corn or grain sorghum field, pea, peanut or sweet potato patch has enough waste to make as much pork as the family will need, and which the pigs will thankfully work.

When the waste grain has been cleaned up and pastures are still

green, grain can be supplied in a self-feeder, enclosed in a creep to keep the sow out. Grain will go faster while the pigs are suckling than at any other time in their lives and it is poor economy to stint them. A self-feeder large enough for an ordinary litter can be built with very little expense of lumber and time, and filling it once or twice a week does away with the double-daily chore of hand feeding. When the elements of a good ration are always accessible to hogs they take care of their needs better than the owner can, and, instead of being wasteful, as people are sometimes inclined to think, the self-feeder method is more economical of feed (as well as time) than doling feed out by hand.

Protein supplements and mineral mixtures are not always necessary when hogs are on good pastures, but it is worth while to let the hogs decide. Put the protein supplement in the self-feeder (in a separate compartment from the grain) and if the hogs don't need it they won't eat it. Mineral mixtures are so cheap and easy to prepare there can be no good reason for withholding it, and again, if the animals are getting plenty of minerals in pastures that in the box will last indefinitely.

Water should be accessible at all times. The hog's stomach is small, and he cannot "tank up" once or twice a day, and still do his best in digesting his feed. The pasture and self-feeder method of producing pork is best and most economical from every standpoint. As "Hico" Eudaly says in his trench silo talks, "Do it the easy way and you'll like it."

How foul to the senses the old-fashioned hog-pen recalls it to view; Its fly swarming slop-trough, its muddy lollibly— The cob-cluttered hog-pen which my boyhood once knew.

WELLINGTON WILL BALLOT ON BONDS

WELLINGTON — Tax paying citizens of this city will go to the polls on Saturday, September 24, to vote on a bond issue of \$90,000 to be used in installing a municipal light and power plant. The special election was called by the city council at a regular session earlier in the week.

The decision to call an election came after the council rejected an offer of the the West Texas Utilities company for a reduced rate in Wellington. The reduction in question has been accepted by Childress, Memphis and a number of other towns served by the company.

Thus far the city council has made no formal statement regarding rates they propose to charge, the expected revenue from the plant and the length of time it would take to retire the bond issue.

The Low Down FROM HICKORY GROVE

Old jokes or new jokes or any kind of a joke, I like them. If they are old enough, I have forgotten them, and they are new again. And anyway, nobody ever got indigestion from a joke.

And my neighbor, he is kinda comical at times, and I guess he thinks maybe I am a good guy to try his jokes on, so he says Jo, did you hear about the felle who sold his 10 thousand dolla dog—and I says no.

Well, he says, this dog it looke like 2 bits but the feller held his price at 10 thousand—but he didn't tell him. And then one day he rushed home and he said, I sold the dog. But when he was pinned down he said it was not exactly 10 thousand in cash—it was a kind of trade—he got 2 nice five thousand dolla cats.

So I says, were the cats sure enough worth five thousand—and our neighbor, he took a long breath and he looked out the window and far away and he says Jo, I see now why some of our elections turn out so funny.

Yours, with the low down, JO SERRA.

LIBRARY NOTES (By Mrs. C. A. Burton)

According to the reports from the public libraries of 25 cities for the three summer months the book most in demand continued to be A. J. Cronin's "The Citadel," Marjorie Kirman Rawling's "The Yearling," coming second, and Kenneth Roberts' "Northwest Passage" being third.

However the report of the leading book sellers of the country for the week ending Sept. 2, gave "The Yearling" first place, "My Son, My Son," by Howard Spring, second, "The Citadel" fourth, and "Northwest Passage" eighth place. Third place in this list was given to the new book of which we spoke last week, "And Tell of Time," the latest Texas story by a Texas author, Sara Krey—a vivid, graphic story of reconstruction days in Texas. The reviewers have been most enthusiastic in their praise. Charles Lee in the Boston Herald says "Many will hail it for the Pulitzer Prize and some will call it the American novel." Kenneth Horan in Chicago Journal of Commerce says: "Make no mistake; this is a great historical novel. Fine reading that never eases its broad sweep." And San Francisco Call Bulletin says: "There is beauty and strength in this book and wisdom for all times." Already there have been three printings totaling 35,000. We have a copy on our shelves.

"The Importance of Living," by Lin Yutang continues to lead in non-fiction in both the lists of which I have referred.

Kenneth Roberts' new book is entitled "March to Quebec; Journals of the Members of Arnold's Expedition." It is a volume of 650 pages containing 13 of these journals written by men who made that tremendously heroic march to Quebec in 1775, with Benedict Arnold whom Kenneth Roberts staunchly defends. Of this book a critic says: "A writer has reached pre-eminent status indeed when he can put his name on a bundle of his source materials and find the reading public avidly interested. Kenneth Roberts can afford to sponsor such a book just now: 'Northwest Passage,' published all of 14 months ago, is high on current best-seller lists, and so is the pretty miscellany 'Trending Into Maine.' The trick of having two books simultaneously praiseworthy by American standards of value has been turned most infrequently." In this connection it is interesting to note that a New York firm is advertising for first editions of any of Kenneth Roberts books. We have a waiting list on our copy of "Northwest Passage." But we also still have a waiting list on our two copies of "Gone With the Wind."

Hugh Walpole has a new novel, "The Joyful Delaneys," which is being a best-seller in England. An American edition will be published this month. We have quite a number of Hugh Walpole's stories on our shelves including his last year's best-seller, "A Prayer for My Son."

Another WPA Federal Writers' project which will be completed this fall is the 1939 "Almanac for New Yorkers," the third in the series. It will contain 192 pages, and will embody all the features of the two preceding volumes and will have in addition a 30-page section devoted to the 1939 New York World's Fair.

An interesting bulletin which came to the library this week was "Report On Economic Conditions of the South Prepared for the President by the National Emergency Council." This report was asked for by President Roosevelt in June, the request being made to Lowell Mellett, executive director of the National Emergency Council. In his request the president states that the economic unbalance in the nation as a whole is largely due to economic conditions in the South, growing out of the South's problems, some of which are labor and employment and the related problem of protecting women and children, the problems of farm ownership, farm tenancy, farm income, taxation, education, housing and health.

The report covers 15 topics and was prepared with the aid of an advisory committee of leading Southern citizens from each of the 13 Southern states. These men

include governors, college presidents, planters, heads of large business concerns—every avenue of life in the South is represented, and the report is certainly very informative. An accompanying letter from Ray E. Lee, state director of the National Emergency Council states that his office will be glad to furnish copies of the report to any one interested.

Jesse Stuart, Kentucky hill-billy poet and author of "Beyond Dark Hills" recently returned from a tour of 25 countries telling "How good America is." His Guggenheim fellowship money made this world tour possible.

Mussolini's newspaper recently warned its readers against buying books by John Dos Passos and Ernest Hemingway, American anti-Fascists, some of whose works have been translated into Italian. However, we have no such restrictions and you may enjoy books by both authors from our shelves.

George Bernard Shaw is quite tired by the accusation by the press that he condemns democracies and admires dictatorships and says he would like to know how much is being paid by Hitler and Mussolini to make the accusation. It may be the result of his declaration in his new "Geneva," that "man is a failure as a political animal." The latest acquisition to our

By Gene Byrnes

own library is a five-volume set: Macfadden's "Encyclopedia of Physical Culture." Since we had nothing of this kind we are much pleased to have these.

Mrs. Fred Patching of Goodnight spent Tuesday here.

THE AWFUL PRICE YOU PAY FOR BEING NERVOUS

Quivering nerves can make you old and haggard looking, cranky and hard to live with—can keep you awake nights and rob you of good health, good times and joy. What you may need is a particularly good woman's tonic—and could you ask for anything whose benefits are better proved than famous Lydia E. Pinkham's Vegetable Compound? Let its wholesome herbs and roots help Nature build up more physical resistance and thus help calm your shrieking nerves, give more energy and make life worth living again. More than a million women have reported benefit—why not let Pinkham's Compound help YOU, too, to go "smiling thru" trying times like it has other grateful women for the past 3 generations? IT MUST BE GOOD!

ANNOUNCEMENT EXTRAORDINARY! This Amazing New 1939 Super-Service Aladdin Mantle Lamp

Just Arrived... Many Beautiful New Models and Designs in Aladdin lamps and Shades

You'll get a real thrill looking over our new 1939 line of Aladdin Kerosene Mantle Lamps—just arrived. Never before have we shown as beautiful an array as these latest Aladdins present. Now's the time to make your selection while line is complete.

Aladdins available in table, hanging, floor and bracket styles fitted with enchanting, decorated, Whip-o-lite Shades in choice of many attractive designs, colors. And what a light they give—Oh, boy, Oh, boy—you'd never believe it possible unless you actually saw one "do its stuff". So why not drop in here, and let us show you just how much you're missing by using that old style kerosene lamp. There's no obligation, you know.

Aladdin Table Lamp as above with 14" Whip-o-lite Shade and 14" Tripod. \$6.70

Hollywood Stars To Appear At Tri-State Fair, Sept. 19-24th

Movie stars from Hollywood will be at the Tri-State Fair in Amarillo every day during the week, Sept. 19-24.

Movita, Spanish dancer, who had a part opposite Clark Gable in "Mutiny On the Bounty," will appear Tuesday and Wednesday. Lloyd Nolan, Jack Randall, singing cowboy, Boris Karloff and others will attend the exposition during the week.

W. Lee O'Daniel and his Hillbillies, as already announced, will officiate at the opening Monday morning.

Bands from every section of the tri-state area again this year will be at the fair and the organizations bringing the largest delegations will be given liberal cash prizes.

Enthusiasm is high among the exhibitors and this year's exposition promises the finest display of prize products, especially in the Hereford department, fair officials say.

Much money has been spent in obtaining high class entertainment—Beutler Brothers rodeo with champion performers, "Cavalcade of Hits," insured against rain by the Fair Association and the Highly Sheeley Midway.

Mrs. J. D. Browder and daughters, Maud Estelle, Geraldine and Bessie, returned to their home in Fort Worth, after spending the summer with her mother, Mrs. R. A. Chamberlain and on their ranch near Memphis.

O'Daniel Smile Approves Plan

W. Lee O'Daniel, governor-nominate, likes the idea of viewing a cross section of the business and industrial life of Texas by visiting the State Fair of Texas. He and his famous Hill Billy Band will be honor guests of the Fair Saturday, October 15, which has been named W. Lee O'Daniel Day. He will appear in several buildings and broadcast at noon from the Castle of Foods and during a mammoth rally in the Cotton Bowl at night. He is pictured seated, right, going over plans for the day with Otto Herold, seated left, president of the Fair. Standing, left to right are Granville W. Moore, chairman of the Food Industries Committee, sponsors of the Castle of Foods; Rex V. Lentz, managing director of the Castle of Foods; and Julius Schepps, member of the Junior Board of Directors of the Fair.

WPA SEWING ROOM HOLDS SUCCESSFUL OPEN HOUSE

A very interesting and lovely open house was held last Thursday from 4 until 8 p. m., at the home occupied by the WPA sewing room project under the direction Mrs. J. M. Acord.

The house was attractively decorated with garden flowers. Most attractive was the cutting table with large bowls of yellow marigolds at either end. Smaller vases of pastel flowers were used in other parts of the house. The guests were received by Mrs. Chenuit who presided over the guest book where those present registered.

The work was displayed in a pleasing manner so that the patterns, and materials and finishing were easily seen. Exhibits of wearing apparel, quilts, curtains and rugs were shown. Wooden cabinets made of cigar and fruit boxes stained and carved are nice furnishings in the house. The guests enjoyed examining the work and commended the good quality and appearance of the work and the efficient management of Mrs. Acord.

The following women presided over these departments:

Baby department, Mrs. Kilgore; high school girls' wardrobe, Mesdames Haley and Bryant; men's department, Mrs. Buchanan; quilts Mrs. Hall; large cabinet, Mrs. Whitsell; smaller cabinets, Mrs. Mayo; rugs, Mrs. Fronabarger; girls dresses, Mrs. White; colored women's work, Mrs. Vinson.

Delicious refreshments of punch and cookies were prepared and served by Misses Callie Walters, Ethel Holman, Ruth Whitsell, Genola Sisson, Edith Vinson and Georgella Ray, assisted by the colored women, Mattie Williams, Fannie Johnson and Lula Jones to 103 guests.

CIVIL SERVICE EXAMINATION ANNOUNCED

The United States Civil Service Commission has announced an open competitive examination for the positions named below:

Senior stenographer, \$1,600 a year, junior stenographer, \$1,440 a year, senior typist, \$1,440 a year, junior typist, \$1,260 a year, for appointment in Washington, D. C., only. Applicants must have reached their 18th but must not have passed their 53rd birthday.

Closing dates for receipt of applications for this examination are: October 3 from states east of Colorado and October 6 from Colorado and states westward.

Full information may be obtained from Norma Rhode Chamberlain, secretary of the U. S. Civil Service Board of Examiners at the post office in this city.

Miss Anna Moores Swift will return to Baylor University Sunday where she will resume her studies. Miss Swift is majoring in art is studying under Mr. Edmund Kinzinger.

BRONCHO RANGE STARTS IN NEWS THIS WEEK

The Broncho Range, school page of the Clarendon Junior College, Clarendon High School and ward schools will start this week on page six of the Clarendon News. The page is published every week during the school year. The writing and editing is done by students in the high school and college.

It gives news of the school to patrons and students alike.

OKLA. PASTOR PREACHES AT BAPTIST CHURCH

Rev. P. B. Langley, pastor of the First Baptist church of Harts-horne, Okla., preached Sunday at the Baptist church here both at the morning and evening services. Rev. Langley and Mrs. Langley were here visiting his sister, Mrs. W. T. Lowe over the weekend.

Sam M. Braswell, Director.

WHAT NEXT?

THE MERCHANDISE MART

'LETS HIM DOWN EASY'

It isn't unusual for philanthropists to establish hospitals and shelters for dogs—to devote large sums of money to institutions that will further the security and well-being of man's best friend. Here is an endowment of ingenuity that can give comfort to greater numbers of dogs than are served by these institutions, especially those that have a penchant for sudden starting and stopping. This simple gadget attached to a leash acts as a shock absorber neutralizing sudden jars and jolts. Not only does it protect the dog from the effect of its own impetuosity, but it serves as a shock absorber for the dog-walker as well.

Cheese Production In Texas On the Up

AUSTIN. — A substantial increase in the manufacture of American cheese in Texas occurred during July as compared with the corresponding month last year, while creamery butter production was slightly above a year ago, according to the University of Texas Bureau of Business Research. Ice cream production continued the margin of decline from a year ago noted in previous reports.

Reports from representative groups of establishments show an increase in production of creamery butter of 2.3 per cent over July last year, while the increase in cheese production was 17 per cent. Ice cream manufacture was down 7.8 per cent.

"The ratio between cost of feed and price of milk continues favorable for milk production, accounting for the continued increase of cheese and butter production over a year ago," the report said. "But ice cream consumption continues on a power level because of the decline in urban pay rolls."

Travel TEXAS
