## Clarendon Welcomes Thousands For July 4th Celebration Monday

### PLANS READY FOR TOP ATTENDANCE

#### FIREWORKS DISPLAY ADDED AS NIGHT ATTRACTION AT CITY PARK

One of the most elaborate and extensive celebrations held in several years will take place in Clarendon Monday, July 4th. Bands, baseball, singing, rodeo, fireworks—these are the outstanding attractions for the day, but there will be many other besides. Delegations from almost every town within a hundred-mile radius of Clarendon have been assured, as well as many other out-of-town visitors.

The booster trip Monday, headed by Ralph Andis, was quite successful. Although the group was unable to go to Shamrock and Childress on account of the bad roads, they covered every other town in their itinerary. Circulars were distributed, the Clarendon band played, and J. R. Gillham, secretary of the Chamber of Commerce, made a talk at every stop. Nineteen cars of Clarendon boosters went on the trip.

The following program has been officially made out for the day:

10:00 a. m.—Band music by local and visiting bands.

10:30—Singing contests—group singing from communities with cash prizes of \$20, \$10 and \$5.

1:00 p. m.—Trades League drawing. Approximately \$400 in the pot.

1:30—Baseball — Memphis vs. Crossroads.

2:00—Band Parade and contest.

3:00—Rodeo.

5:30—Old Fiddlers Contest with \$5, \$3, and \$2 cash prizes to the winners.

7:15—Band music.

9:30—Fireworks display at city park.

Bands from Childress, Amarillo, Canyon, Memphis and Pampa have been promised already and there will probably be others.

Entries from most of the communities in the county in the singing contest have been received and all of these entries have been practicing a great deal for the contest.

The Trades League drawing will be the last one in this series.

The baseball game promises to be close and fast, as the two teams, Memphis and Crossroads, are the leading teams in the Hall County League and there are many good players on both.

The rodeo, the outstanding attraction, is that run by Arch Watson and J. O. Goodger of Claude. It includes ten head of wild buffalo, as well as plenty of wild broncs and steers. The usual calf roping, bronc riding and steer riding together with goat roping and buffalo breakaway contests will be held. Three cash prizes will be given in each event except steer riding, which will have only one. A small entry fee ranging from \$1.50 to \$2.50 will be charged in each event except steer riding which will not have a fee. Outstanding cowhands from all over the Panhandle are expected to compete and there will be thrills and spills galore for everyone. The rodeo will be held three blocks south of the of the South Ward and Junior High Schools.

The Old Fiddler's contest will attract most of the best fiddlers of the area to compete for the cash prizes.

A special added attraction which will climax the day's calendar will be a fireworks display at the City Park at 9:30 p. m.

Everyone is invited to come to Clarendon on July 4th to find entertainment, meet friends and relatives, and generally make July 4, a day to be long-remembered.

### Jack Rutherford Dies In Automobile Wreck

Word has been received here of the accidental death of Jack Rutherford, former resident of Clarendon, on the road between Gallup and Grants, New Mexico, Sunday. His death occurred in a car wreck caused by a tire blowing out.

Rutherford was employed by a garage in Grants and presumably was taking a car to Gallup after repairing it, at the time of his death.

Rutherford is the son of Jim Rutherford who formerly owned a saddle shop here. He is survived by his wife and three children and a number of relatives in El Paso. His body was taken to El Paso for burial.

### FREEMAN'S BODY IS FOUND MONDAY

#### SECOND ORGANIZED SEARCH FOR BODY OF FREEMAN CHILD FAILS

The body of Bert Freeman, Lelia Lake Flood victim, missing since the night of June 15, when his car was swept into East Lelia Lake Creek by a four-foot head-rise caused by an estimated 12 to 14-inch rain, drowning Freeman his wife and their three-year-old son, Billy Dean, was found Monday morning at 7:00 o'clock by W. B. Christal, on his place north-east of Lelia Lake as he was going to a field to repair a fence.

The body was found in a small pool of water on a side creek about 100 yards from the main stream of East Lelia Lake Creek, at a point about a mile down stream from where the bodies were carried into the stream.

Freeman's body, badly decomposed was recovered by a group headed by Sheriff Guy Pierce.

Identification was made possible by papers and a letter in a bill-fold. One identification card read, "Bert Freeman, News-Globe, Amarillo." Freeman, who was employed as a stereotyper for the Wichita Falls Publishing Co., formerly worked on the News-Globe.

The body of Mrs. Freeman was recovered from Salt Fork about 13 miles north of Hollis, Okla., about 100 miles from Lelia Lake Sunday, June 19, four days after the tragedy. Burial services were held last Thursday at Crosbyton, former home of Freeman.

Funeral services for Mr. Freeman were held Wednesday afternoon at Crosbyton. He is survived by his parents, Mr. and Mrs. I. V. Freeman and family of that city.

### Equipment Arrives For Hedley Oil Test

Oil well equipment has been going through Clarendon to the Robinson and Jones, Nellie Kuteman No. 1 south of Hedley this week. Eight to ten truck loads were taken to the site Tuesday and Wednesday. The water and gas lines are being laid this week and building materials were expected to be on the site so that immediate construction of the rig will be begun soon. Water is being piped about a quarter of a mile and gas about half a mile to the well site.

It was announced in Clarendon this morning that all equipment was expected to be on the site by Friday and that they would spud in Sunday.

Probably ten more truck loads of equipment were expected in today and Friday.

### Turkey Banker To Plainview

Information has been received in the city that R. V. Payne, president of the Farmers and Merchants State Bank at Turkey for several years, has assumed management of the Hale County Bank of Plainview.

Mr. Payne, husband of the former Miss Mary Jo Chamberlain of Clarendon, and well-known in Clarendon, will continue for the present, management of the bank at Turkey, returning there each week for the transaction of business.

### JA RANCH BUYS TOP PAINTER HEREFORD

The JA Ranch purchased Painter's Domino 807, top animal in the internationally known Painter herd of Herefords in Roggen, Colorado, this week. The estate of Mrs. C. Adair which runs the JA paid \$1,050 for the animal which is an offspring of the famed Prince Domino. The Painter herd is being sold out this week.

### INJUNCTION FILED TO GAIN CUSTODY OF CHILD

An injunction was filed recently by W. B. Webb to prevent L. B. Taylor from obtaining custody of his son for two months during the year, as ordered by Judge A. S. Moss in the spring term of District Court. Webb charges that conditions have so changed since the judgement that he is justified in getting the injunction. Another hearing on the matter will be held in the October term of District Court.

## RESPECT the FLAG

By ALVIN M. OWSLEY

When you see the Stars and Stripes displayed, son, stand up and take off your hat.

Sombody may titter. It is in the blood of some to deride all expression of noble sentiment. You may blaspheme in the street and stagger drunken in public places, and the bystanders will not pay much attention to you; but if you should get down on your knees and pray to Almighty God or if you stand bareheaded while a company of old soldiers marches by with flags to the breeze, some people will think you are showing off. But don't you mind! When Old Glory comes along, salute, and let them think what they please! When you hear the band play "The Star Spangled Banner" while you are in a restaurant or hotel dining room, get up even if you rise alone; stand there and don't be ashamed of it, either.

For of all the signs and symbols since the world began there is none other so full of meaning as the flag of this country. That piece of red, white and blue bunting means five thousand years of struggle upward. It is the full-grown flower of ages of fighting for liberty. It is the century plant of human hope in bloom.

Your flag stands for humanity, for equal opportunity to all the sons of men. Of course

we haven't arrived yet at that goal; there are many injustices yet among us, many senseless and cruel customs of the past still clinging to us, but the only hope of righting the wrongs of men lies in the feeling produced in our bosoms by the sight of that flag.

Other flags mean a glorious past, this flag a glorious future. It is not so much the flag of our fathers as it is the flag of our children and of all children's children yet unborn. It is the signal of the "Good Time Coming." It is not the flag of your King—it is the flag of yourself and of all your neighbors.

Don't be ashamed when your throat chokes and the tears come, as you see it flying from the masts of our ships on all the seas or floating from every flagstaff of the Republic. You will never have a worthier emotion, reverence it as you would reverence the signature of the Deity.

Listen, son! The band is playing the national anthem—"The Star Spangled Banner!" They have let loose Old Glory yonder. Stand up—and others will stand with you.

This tribute to the flag is offered to the country in appeal to all men and women of all races, colors and tongues, that they may come to understand that our flag is the symbol of liberty and learn to love it.

### LIONS SEAT NEW OFFICIAL STAFF

#### CEREMONY MARKS ANNUAL INSTALLATION OF PRESIDENT AND STAFF

With appropriate ceremonies the Clarendon Lions Club celebrated its annual installation of officers at its regular weekly luncheon Tuesday noon at the Hotel Clarendon. Retiring President H. T. Burton asked Lion Braswell to conduct the installation since Past Dist. Gov. Ralph Randal had been forced to decline the club's invitation to be present for that duty.

W. H. Patrick, well-known banker of Clarendon, headed the new corps of officials for the fiscal year, all of whom were elected two weeks ago in the annual election. Lion Patrick assumed the gavel and expressed his appreciation of the work of Retiring President Burton and his staff, and invited the help and co-operation of the officers and members in the task of maintaining and extending the record of assistance to every worth-while project in the community. The new president asked all the standing committees to continue their duties until a new list of committees is announced.

Mrs. Dusted Rhodes visited the club and expressed the thanks of the Skillet school and community

### City Park To Be Cleaned Up For 4th

The Park Committee is working this week to get the park cleaned up for use on the fourth by pick-nickers and for the fireworks display to be held there. Since the rains, the weeds have heavily covered the park and obstruct pick-nicking.

Fifteen yards of rock from the highway north of the river have been hauled to the city park by the city and county trucks this week to be used in building an addition to the terracing. Thirty five more loads remain to be hauled.

for the framed Moral Code for Youth presented by the Lions Club. J. A. Brewer of Memphis and Fred Roberts of Pampa were also introduced as out-of-town guests. Clyde Benton Douglas was a local guest.

Lion Gillham made report on the plans for the Fourth of July Celebration, and reported on the progress of the NYA project which is soon to be established in Clarendon through the co-operation of the County, the women's clubs, and the Chamber of Commerce. He said there was still need of several dressers and bedsteads to furnish the house and asked for donations or loans of this type furniture.

### TOMLINSON RITES HELD SATURDAY

#### FORMER RESIDENT OF DONLEY COUNTY DIES AT KILGORE HOME

Funeral services were held Saturday afternoon at the Church of Christ for William Albert Tomlinson, 43, Kilgore, who died of a heart disease after a short illness.

Services were conducted by H. V. Crumley, minister of the Church. Interment was in Citizens Cemetery under the direction of Buntin Funeral Home.

Pallbearers were Bert Ayers, Quinn Aten, John Gerner, C. C. Carter, Earl Meyers and Bert Smith.

Mr. Tomlinson, who was employed as a lease man and pumper for an oil company at Kilgore, resided in Donley county since 1908 until he moved away nine years ago.

He was born March 4, 1895 at Clarkville, Texas, the son of Mr. and Mrs. Sam R. Tomlinson. He was married May 10, 1917 to Miss Blanche Rowland. He was a Mason and has affiliated with the Church of Christ in 1918.

### NYA PROJECT IS APPROVED HERE

#### HOME WILL PROVIDE EMPLOYMENT FOR 44 GIRLS OF DONLEY COUNTY

At an open meeting Friday, June 24, the commissioners' court agreed to pay the rent and utilities for the proposed NYA project home for girls. The project will be sponsored by the local chamber of commerce with the help of a number of the local women's clubs.

The home will be held in the old Arthur Letts residence.

The project will provide a home for 44 girls each month; 22 girls will be cared for each two weeks, and then the other 22 girls will live in the home for two weeks. The two groups will alternate each two weeks. Three days of each week will be spent running a canning plant on a toll basis for the benefit of those having materials to can. The remainder of the time will be spent in home economics training under the direction of the home supervisor, a graduate home economist.

Each of the girls who live and work in the home will receive \$17.86 for the six days work in addition to the training they will receive under the direction of the home economist. Each girl will be required to pay her board and for materials for her home economy approximately \$3 for the two weeks. The girls must be between the ages of 18 and 25 and meet certain other requirements.

A number of bedsteads, springs, dressers, chairs, tables and dishes are needed to complete the furnishing of the home. The materials will be repainted and finished as a part of the girls training. It is very necessary that a number of the above materials be received to furnish the home. It is not necessary that they be given to the home, but if the owner wants them back they can secure them at the end of the project which will run for six months. Anyone having bedsteads, dressers, bed springs, tables, chairs or other materials which they would be willing to lend or give to the project will please contact the Chamber of Commerce office or the officials of some of the women's clubs.

The home supervisor will arrive shortly after the 1st of July, and the project is slated to start between July 15th and 15th.

### CARROLL CREEK BRIDGE REPAIRS BEING MADE

Repairs on the Carroll Creek bridge on the road to the Country Club are being rapidly made. The west approach and one post of the bridge were washed out in the rain storm on June 15. The The Austin Bridge Co. of Dallas are contractors for the job. Speed Brothers of Clarendon are doing the concrete work on the bridge. This bridge is in John Hermes-meyer's precinct.

Mrs. T. H. Ellis and Maxine went to Amarillo Monday. Betty Younger who has been visiting her grandmother, Mrs. W. H. Martin, returned home with them.

### \$5 MONTH RAISE FOR DONLEY WPA

#### LOCAL WORKERS WILL BENEFIT BY NEW WAGE ORDER IN SOUTH

Wages of unskilled WPA workers in Donley County have been increased from \$21 to \$26 according to announcement made June 26, by Harry Hopkins, WPA Administrator under the direction of President Roosevelt. This raise will guarantee a minimum wage of a dollar a day for these workers. The increase will mean a very much larger government payroll for Donley county, as most of the WPA workers here are under the classification of unskilled.

The new wages effect approximately 500,000 workers in thirteen Southern States. The wage increase followed close upon the heels of the passage of a national wage-hour bill by Congress and an address by President Roosevelt at Gainesville, Ga. in which he said that prosperity would be delayed so long as southern industrialists paid their employees a bare living wage.

Mr. Hopkins said that the government had felt for some time that the wages in certain sections of the country were below a minimum standard of living, and that while they were still inadequate he felt that the \$5 a month increase would bring these people somewhat nearer the standard. He said that since there seemed to be a beginning upturn in business this was an opportune time to create the much needed additional purchasing power in the lower income brackets.

### Absentee Voting To Begin July 3rd

Absentee voting in Texas will begin on Sunday, July 3rd, and continue until July 20th. Those voters who expect to be away in July 23rd may go to the County Clerk's office and mark their ballots at any time between those dates. Voters who are already gone, that is moved, can vote by sending a signed application together with their poll tax receipt and fifteen cents in postage, which is required by law, to the County Clerk who will mail them a ballot which must be returned on or before July 20.

All voters who are or expect to be absent on July 23 should go to the county clerk and obtain their ballots.

### DONLEY COUNTY MUSEUM TO BE OPENED JULY 4TH

The Donley County Museum, located in the old girl's dormitory across the street from the high school will be open on July 4th at 10:30 a. m. and from 2:00 until 5:00 in the afternoon. The museum will be of special interest to old-timers and residents of this and other counties as it contains many relics of the pioneer days in this county.

Since it will be open the Fourth, the museum will not be open Friday of this week as it usually is.

### Marker For Old Clarendon Cemetery To Be Dedicated July 4—If It Arrives

For many months a committee appointed by the Lions Club has been at work on the securing of a Texas Centennial Marker for the Old Clarendon Cemetery, at the brow of the hill just north of Salt Fork Bridge on Highway 88, six miles north of Clarendon.

Since the site of old Clarendon is off any public road and in a ranch pasture, the committee, after conferring with the owners, decided that no arrangements could be perfected for a marker at the old townsite, so turned their efforts to getting the marker on the right-of-way of Highway 88 just south of the old Cemetery.

By a fortunate chance meeting with L. W. Kemp, the leading spirit in landmark monuments for the State Board of Control, the committee secured the last available granite marker possible

Kilgore; and three sisters, Mrs. H. R. King and Mrs. D. M. Cooke of Lelia Lake, and Mrs. L. B. Chunn of Plainview.

from funds provided under the Texas Centennial movement.

Dedication of the Old Clarendon Cemetery monument will be held on the location worked out with the highway department, on the evening of July 4th at 7:00 o'clock, with Judge J. R. Porter as master of ceremonies. Judge Porter is chairman of the committee appointed by the Lions Club and Sam M. Braswell is the other member.

Former residents of old Clarendon, the High School Band, the Women's Clubs and the Lions Club of Clarendon will attend and participate in the short ceremony, with Mayor W. H. Patrick making the dedicatory address. All Donley County citizens and visitors to Clarendon's Fourth of July Celebration are invited to be present at the ceremony.

Sam M. Braswell has letters from Mr. Kemp and Col. John V. Singleton promising that the monument will be in place for the ceremony, and every hope is held that it will be on hand for that occasion.

## FEDERAL CASH IS URGED UPON US FOR RECOVERY

Would \$75,000 to \$100,000 building program in Clarendon be of immediate help to our local economic condition?

Would you favor reaching out for that much cash to promote some worthwhile building projects in Clarendon?

We rather think you would, because we believe we would—and folks are about the same.

Congress has completed legislation just signed by President Roosevelt which turns millions of dollars into public building channels with the purpose of employment and increased business throughout the nation.

Clarendon has two needed building projects that would qualify for the federal funds, if we want them in a positive, persistent way. There may be other projects, but we mean business we can try out on the two mentioned below and see how we like the resultant stimulation of local business and the facilities that we get in the projects themselves.

No. 1 Project—Public Swimming Pool. This is mentioned first because there is the foundation already here upon which to base the application and in which there is already enough investment to provide what local funds would be required. We refer to the old gymnasium foundation just north of the College, where the grounds and concrete work are worth several thousand dollars on a project of this sort. The News believes that a local swimming pool would be better operated by the school board for profit than by any local person—and the school needs the profit. \$25,000 would do the job handsomely.

No. 2 Project—City Auditorium, Sales Pavilion and Stock Arena. The city has the ideal site for such a combined building on the block at the end of Kearney Street business section. The block is so valuable that it would no doubt stand the sum required locally for such a useful project to Clarendon and the community at large. This project would likely range \$50,000 upward.

Now, two projects such as these would bring a renewed activity to the entire community. Every business in town would respond and unemployment in this area would be materially lessened.

There are a dozen persons in Clarendon who will put over these or similar projects. These same twelve will put them over or keep them from going over. Public opinion is funny, that way.

Clarendon, like every other town in the nation is so largely responsible for her condition remaining the same, that it will not behoove any of us to groan and complain about our low economic condition, while we refuse to cooperate in securing the spending of large funds in our town—funds that are urged upon us for the sake of recovery.

Let's get these two projects, or some just as good, on the desk of the proper agencies at an early date—and let's not let the pressure off until we get the cash and the "green light" to "go."

### IT MUST BE CHECKED

Receipts of the State government from all sources, for the fiscal year ending in 1937, showed an increase of around \$27,000,000 over the preceding year.

Receipts for the current fiscal year promise to show an even greater increase—perhaps more than \$30,000,000.

## OH, FOR ANOTHER ST. PATRICK!

## JUST HUMANS

By GENE CARR

"Now, What Is It?"  
"They're Goin' T'loss th' Dog Up T'see If He Comes Down Meads or Tails. They Want T'see Who Will Be First at th' Bat!"

That should mean, not merely that we will need no new State taxes but that some existing rates can be reduced.

But up to now, the State has managed to spend its growing receipts, no matter how rapidly they mounted. Indeed, it has managed to spend more than the increase.

That is why there has been a constant demand for new taxes, and why new taxes have not solved the State's fiscal problems. New taxes never will solve them so long as we allow the State's business to be conducted in a way diametrically opposed to that in which a careful citizen conducts his own.

The careful citizen takes stock of his means and then fits his expenditures to them. The State figures out what it would like to buy and then goes looking for the money.

Because every item of the State's spending is asked for in the name of public service and has the endorsement of some group, large or small, of officials and citizens, it is difficult to check the process of continuous over-spending. But it can be checked, and it must be, if the State is not to become an oppressor, instead of a protector of its people.—The Austin Times.

### CLARENDON'S MOTORCADE ADVERTISING

One of the best motorcade advertising trips ever made by Clarendon or any other town in this section was made Monday when near a hundred local boosters accompanied by the High School Band took to the road and visited a dozen neighboring towns inviting them to Clarendon's Annual Fourth of July Celebration and Rodeo.

There's something about getting such a party together that peps up the entire community from whence they originate—and they inject smiles and friendliness in towns visited, which makes it a double good.

Clarendon's motorcade Monday did the community a lot of good, and insured a big, happy friendly attendance here on July 4th.

## Statewide Results In Political Poll

WHARTON, TEXAS, June 30—Frank Shannon and Carl S. Shannon, publishers of The Wharton Spectator, announce in their newspaper today the results of a statewide poll of daily and weekly newspapers showing the relative strength of candidates for governor, attorney general and lieutenant governor.

Shannon stated: "Questionnaires were sent to the publishers of all daily and weekly newspapers. A tabulation of 167 replies received to date shows Attorney General William McCraw far in the lead in the governor's race, with Colonel Ernest O. Thompson in second place, Tom Hunter running third and Lee O'Daniel for fourth position.

"Lieutenant Governor Walter Woodul assumes an impressive lead in the race for attorney general and on the basis of tabulated returns stands an excellent chance to win the nomination without a run-off. Gerald C. Mann of Dallas is in a secure position for second place with Ralph Yarborough holding a slight advantage over Bob Calvert for third position and Lewis Goodrich trailing.

"In the lieutenant governor's race, Coke Stevenson was shown to be far in the lead with Senator G. H. Nelson securely in second place and Pierce Brooks and Smith contesting closely for third position. "More than half of the voting population of Texas is included in counties from which returns were received.

"In tabulating the returns, the first primary figures in the 1936 races for governor, attorney general, and lieutenant governor were used as a guide."

Shannon called attention to the fact that the average date of return in the newspaper poll was June 21. "One of the gubernatorial candidates, W. Lee O'Daniel was off to a late start and the poll, therefore gives little indication as to his strength or weakness," he pointed out.

## GOLDSTON NEWS

(Mrs. M. Grant)

There was not a very large attendance at Sunday School last Sunday because of so much rain and bad roads. We had lots of rain last week which washed and damaged the crops badly.

Mr. and Mrs. Dee Blanks came in from Fort Worth Saturday where they have been visiting relatives and are now visiting with her parents, Mr. and Mrs. W. L. Goldston.

Mrs. Monty Garrison and children of Vernon have been visiting the past few days with her parents, Mr. and Mrs. Frank Elmore.

W. A. Grant and family of Austin visited last week with his parents, Mr. and Mrs. G. R. Grant.

Mr. and Mrs. Clarence Meas spent Sunday in Amarillo visiting a brother-in-law that has been in a hospital there for six weeks.

Sunday guests in the A. J. Garland home were Mr. and Mrs. Ed Lovell of Amarillo and Mrs. Reid of Ashtola.

**LIBRARY NOTES**

(By Mrs. C. A. Burton)

Our readers are greatly enjoying our new books, and we add these to the list: "Northwest Passage," Kenneth Roberts; "Tell Us About Texas," Mrs. Grover C. Johnson—a collection of Texas stories which our younger readers will greatly enjoy; "Janny," Jane D. Abbott; "The Vanishing Shadow," Margaret Sutton; "The Bobsey Twins at the Circus," and the "Bobsey Twins on an Airplane Trip," by Lawrence Lee Hope. It is unnecessary to tell the children what the Bobsey Twins books are.

The New York Herald Tribune Books for Sunday, June 26, gives as the four leading best sellers, "The Yearling," Marjorie Kinnan Rawlings, "The Citadel," A. J. Cronin, "The Mortal Storm," Phyllis Bottome, "Northwest Passage," Kenneth Roberts.

Elizabeth Maddox Roberts has returned to Kentucky after a winter in Florida where she has been working on a new novel. Her books, "The Great Meadow" and "Buried Treasure" are on our shelves.

Sinclair Lewis is to appear as an actor in his story, "It Can't Happen Here" at Cohasset, Mass. this summer. He has rewritten parts of the story for the stage version.

Booth Tarkington is to spend two weeks at Kinnebankport, Maine during the "Booth Tarkington Drama Festival" there in August supervising and staging "Seventeen" and "Clarence," two of his stories which are being staged by the Garrick Players. We have nearly all of both Sinclair Lewis' and Booth Tarkington's books on our shelves.

Both the book-reading and play going public will be interested to know that Metro-Goldwyn-Mayer and David O. Selznick have reached an agreement by which work will soon begin on "Gone with the Wind" with Norma Shearer as Scarlett and Clark Gable as Rhett Butler. Although we have two copies of "Gone with the Wind," we still have a waiting list on each of them.

Amarillo had the honor this past week of having in her midst for three days an author of note as well as professor of journalism in Dartmouth College, Eric P. Kelley. Mr. Kelley spends his summers traveling and gathering material for his books and is now on his way to Santa Fe where he plans to continue his research on the Indian. His interest in Indian life has been stimulated by the fact that Dartmouth was founded as an Indian College and he has been associated with the College since 1927. It was in 1929 that he received the John Newberry award for his story "The Trumpeter of Krakow" this award being given each year for the most distinguished contribution to American literature for children.

The occasion of his writing this story was an invitation from the Kosciuszko Foundation to deliver a series of lectures at the University of Krakow in 1925. During Mr. Kelley's stay there the plot for the story took shape. In Krakow, as far back as man can remember, a trumpet signal has been blown every hour from the lofty parish church of St. Mary the Virgin. Making his hero a trumpeter on this tower in about 1462, he interweaves the hero's personal fortunes with the most momentous issues in Poland's politics. Because of his friendship with the people of Krakow, Mr. Kelley was sent one of the ancient trumpets that had been used for centuries. He has been given signal honors by the Polish government because of his literary work there. These include the Pilsudski Medal, the Silver award of the Polish Red Cross and the Polish Gold Cross of Merit. He has written seven books including his John Newberry Prize, "The Trumpeter of Krakow." His latest book, "At the Sign of the Golden Compass," will be published in September.

The Newberry award for 1938 was given to Kate Seredy for "The White Stag" at the meet-

ing of the American Library Library Association in Kansas City this month, and at the same time Caldecott award was given Dorothy Lathrop for the most distinguished American picture book for children. Frederick Melcher, editor of Publisher's Weekly, is the donor of both awards, the Caldecott having been offered this year for the first time. The first award of the Newberry Medals was in 1922 to the Newberry Medals for his "Story of Mankind." It has been an annual award since, the winner last year being Ruth Sawyer for "Roller Skates."

The two young women so honored this year, Miss Seredy and Miss Lathrop, are both well-known as writers and illustrators. Miss Lathrop illustrated Rachel Field's "Hitty, Her First Hundred Years" which won the Newberry award in 1929. Miss Seredy illustrated Carol Ryrie Brink's "Caddy Woodlawn," which won the Newberry award in 1936. She has also illustrated her own books, "The Good Master" and "Listening." These awards were made at the meeting of the Section for Library Work with Children of the A. L. A.

**CARD OF THANKS**

We want to thank our many friends who came to our relief with love and friendship in the saddest hours of our lives. We will never forget the many sweet words of comfort spoken to us when it seemed our sad hearts would break. Please let us hear you as you have shown your love for us. Your words of cheer still soothe our sad hearts. Yours, never to forget,  
Mrs. W. A. Tomlinson

**LUMP SUMS AT 3 1/2 PER CENT**

Lump sums amounting to 3 1/2 per cent of wages received by workers since December, 1936, and up to attainment of age 65 or death, provided the work has been in employment covered by the Federal old-age insurance program, are now being paid by the Social Security Board. For details, communicate with the Social Security Board, 1012 Oliver-Eagle Building, Amarillo.

Mr. and Mrs. Campbell Craddock and Mrs. Jennings of Nashville, Tenn., visited Mrs. Milt Mosley last week. The Craddocks are cousins of Mrs. Mosley.

**A "Hot Political Wager Is Made"**

Politics is really warming up. Monday of this week two politically minded gentlemen were chatting in the Clarendon News office over the situation and relative votes certain candidates for governor of Texas might expect in the first primary. J. M. Simpson, Amarillo traveling man, and a long student of Texas politics argued that W. Lee O'Daniel would lead in the first primary, while Chairman W. P. Cagle of the Donley County Democratic Executive Committee, an observer of reputation himself, maintained that Col. Ernest Thompson would land in the lead on July 23.

Then the good friends got warmed up and a wager was mentioned and quickly accepted. The final upshot of the matter was that Judge Simpson bet a carload of Hummingbird feathers on his "hoss," and Chairman Cagle backed his "nag" with a two-bushel sack of possum tails. Then came the question of delivery after the 23rd, and both quickly claimed "range delivery" in case he lost.

"Range delivery" makes a big difference in such an extraordinary bet, but at that The News sees no particular harm in that sort of wagering, anti-wagering as we are. We'll see, just how this strange bet comes out.

**THE AWFUL PRICE YOU PAY FOR BEING NERVOUS**

Quivering nerves can make you old and haggard looking, cranky and hard to live with—can keep you awake nights and rob you of good health, good times and joy.

What you should try is a particularly good woman's tonic—and could you ask for anything whose benefits are better proved than that world-famous Lydia E. Pinkham's Vegetable Compound? Let its wholesome herbs and roots help Nature calm your shrieking nerves, tone up your system, give more energy and make life worth living again.

More than a million women have reported benefit—why not let Pinkham's Compound help YOU, too, to go "smiling thru" trying times like it has other grateful women for the past 3 generations? IT MUST BE GOOD!

## AT THE FIRST BAPTIST CHURCH

There Is Always Worship Fellowship—Service

There is nothing in all the universe that will take the place of God in our hearts and lives. There may be, and has been, a substitute for gold, but there is no substitute for God. We render our best in service only as we give our best to God. Low-grade ambition never lead to high-grade achievements. Great loyalties have blessed the world. Work that is done half-heartedly is never more than half done. We need to take a full complete surrender of ourselves to the Lord, so that the world may know what God can do with lives so dedicated. Affections set on things above will exalt life with its lights and delights, its friendships and fellowships, its privileges and purposes, its loyalties and laughters, its fun and frolic, its fidelities and infinites, its meaning and mission, its songs and solitudes. Life that is lived in God will linger longer and be happier and take on new meaning day by day as we journey to the great unknown. Let us rightly relate our lives to God. Church going will help greatly. Do not neglect that great privilege and duty.

Thank you for your presence and helpfulness in the regular services at the Baptist Church next Sunday.

J. Perry King, pastor.

## MISSIONARY TO SPEAK AT PRESBYTERIAN CHURCH

Mrs. Rowena Dickey McCutcheon, a missionary to Africa, will be the guest of the Presbyterian Church Sunday. Mrs. McCutcheon is living in Sherman on furlough from Africa because she has been very ill with an attack of "sleeping sickness."

She is a granddaughter of the founder of the Presbyterian Church in Clarendon, and a niece of another former pastor of the Church, W. P. Dickey. She will be here on her way to the Presbyterian Conferences at Ceta Canyon next week.

## MEMPHIS GETS NEW HOSPITAL

MEMPHIS—Dr. O. R. Goodall and Dr. J. A. Odom have purchased the Kennedy hotel property at the corner of Main and Ninth streets. The 36 room building is being reconditioned and will be converted into a new and modern hospital.

Dr. Odom, who has been operating a hospital at Eighth and Mendon streets here for a number of years will merge this institution with the new one.

The hospital will have 16 beds to begin with and will be modernly equipped throughout.

Dr. Goodall, is a graduate of Baylor University, served his internship in a hospital at Fort Worth and has been engaged in the practice of medicine and surgery here during the last several years.

The new institution will be open for business within a few weeks.

## Billie Cooke Three Under Par At Vernon

Billy Cooke, 18-year-old Clarendon golfer, qualified with a three below par 67 to become probable medalist in the Hillcrest Invitation tournament at Vernon. Cooke played the first nine in 36 but came back with a blazing 31 to lower his score.

Over forty golfers have qualified for the tournament, among them a number of former Greenbelt champions. Qualifying in the tournament will continue until Friday.

## AMARILLO DELEGATION TO COME HERE ON JULY 4TH

A good-sized delegation from Amarillo will come to the July 4th observance here, it has been promised. The Amarillo High School Band will accompany them. This trip is a return of the many trips the Clarendon band and delegations have made to events in Amarillo.

Mr. and Mrs. Jra Merchant returned Friday from a trip to Wicket and Carrizozo, New Mexico, where they took Mrs. Merchant's mother, Mrs. Mary Stegall, who has been visiting her son, Keith Stegall, in Wicket. Janet Stegall of Wicket came with them and will visit her grandmother, Mrs. A. L. Chase.

Lois Marie Taylor is visiting in Vernon this week.

Mrs. Florence Hvass and children, Lucille and Charles, of Lubbock are here visiting relatives.

## ST. JOHN BAPTIST EPISCOPAL CHURCH

Rev. Newton C. Smith, Rector

Third Sunday after Trinity.  
Holy Communion at 8:15 a. m.  
Please note the early hour of this service. There will be no other services during July as the rector will be out of the city on vacation.

## Furniture For NYA Needed

A number of bedsteads, dressers, tables and chairs must be secured to furnish the NYA home for the girl's residence project. The material may be old or new, anything one might have, as the girls will rework and refinish the old materials as part of their projects. If you have anything that might be used at the home, call either the chamber of commerce office or the officials of any of the women's clubs. The materials will be used for a period of six months and returned to the owners at that time.

Mr. and Mrs. Carl Miller of Amarillo were in Clarendon Tuesday.

Newton C. Smith and Arthur Chase, students of Canyon, spent the week-end here with their parents.

Mrs. B. F. Kirtley and son Basil returned this week from a vacation trip to Hubbard.

## Garden Club Has Picnic Monday Night

Instead of the regular meeting of the Garden Club Monday, Mrs. George A. Ryan entertained the members and their husbands and a number of guests with a picnic in her home Monday night. The guests were received at the gate by Mr. and Mrs. Ryan and conducted on a tour of the yard.

A table was placed beneath a large cottonwood tree from which the delicious picnic supper was served to the guests who were seated at small tables about the yard. Following the supper, a round table discussion was held on yard beautification in West Texas.

Those enjoying this delightful affair were: Messrs. and Mesdames H. C. Brumley, M. P. Gentry, Joe Goldston, W. W. Taylor, Bernard Morris, J. H. Howze, George Ryan, Dr. and Mrs. T. H. Ellis, Mrs. A. L. Chase, members; and Messrs. and Mesdames P. B. Gentry, Claude Moore of Pittsburg, Louie Merrell of Memphis, Mrs. R. L. Bigger, Mrs. J. R. Porter, Mrs. Minnie Dyer, Misses Vera Noland, Berkeley Ryan, Janet Stegall, Jane O'Neal of Lubbock, Messrs. Alfred McMurtry, William Lewis, Carroll Hudson and Elbert O'Neal, Lubbock, guests.

## Kill Kare Klub Guest Mrs. Draffen, Sims

The Kill Kare Kneedle Klub was entertained Thursday afternoon by Mrs. Eva Draffen and Mrs. W. B. Sims in their home.

The house was decorated with bouquets of roses and dahlias. Needlework and conversation occupied the afternoon. Dainty refreshments were served by the hostess to:

## Colorado To Gulf Highway Route

Culminating twenty-five years of organized effort to secure an all-weather road over the shortest possible route between Colorado and the Texas gulf coast, the Colorado-to-Gulf Highway Association, according to J. R. Gillham, secretary of the Clarendon Chamber of Commerce, is now engaged in a campaign to attract additional tourist trade over this route.

The above strip-map has been prepared as a first step in this movement to focus attention on "the shortest all-paved highway" between Denver, Colorado and the Texas gulf coast. Every city in Texas, New Mexico and Colorado traversed by the Colorado-to-Gulf Highway has been furnished a copy of this map.

The association will soon begin the distribution of 100,000 strip-map folders in some fifty towns and cities along this route. Distribution will also be made in nearby cities where important highways intersect this route which are potential feeders of the Colorado-to-Gulf route.

These folders will carry scenic views along the route that will be of interest to tourists. Local citizens who contemplate a vacation this summer, either on the gulf coast with its marvelous bathing resorts or in the scenic mountain resorts of Cool Colorado should contact their local chamber of commerce to learn when the strip-map folders will be available. Attention is called to the fact this route traverses a section of the country with such a wide variety of climate and diversity of tourist interest that "Colorado-to-Gulf" may be used both in winter and summer.

## Milton Shaver Runner-Up In Senior Classic

Out of several entrants from Clarendon in the annual senior golf tournament at Amarillo this week, Milton Shaver is the only one to win a trophy. Shaver was the runner-up in the fifth flight, and came home with a beautiful modern golf bag, with all the gadgets, as the prize.

For a senior event the going was exceptionally tough and the Clarendon men all gave fine exhibitions, but were nosed out in their efforts to annex any flight or tournament championships.

## JOHN KNORPP ON BALLOT FOR COUNTY ATTORNEY

The name of John Knorpp, a recent law graduate of the University of Texas, and an employee of the Donley County State Bank, was added to the county democratic ballot by the county committee last week as a candidate for county attorney.

Bill Cooke made the second flight with a qualification of 91, Wesley Knorpp was in the third with a 97; Frank Whitlock landed in the fourth with 102; while Milton Shaver was in the fifth with 106.

News of Interest to Donley Farmers

Prepared by Extension Service Texas A. & M. College

AGRICULTURAL LEADERS TO ATTEND SHORT COURSE, 13-15

COLLEGE STATION — The Short Course for adults, held at Texas A. & M. College during the period July 13-15, will present a program in which national, state and local leaders in agriculture and home economics have equal parts. Roy Snyder of the Extension Service, general chairman, has announced.

Co-operation between county commissioners' courts, farmers and ranchmen, and county agricultural agents in soil conservation will be discussed on July 13 by W. M. Burnett, San Marcos, Hays County, and Howell Cobb, Grady, McCulloch county, both county judges; E. E. Kirby, Lampasas, Lampasas county, and E. Wilson Loftin, Big Lake, Reagan county, county commissioners; Manse Hoggett, ranchman of Mertzon; Fred W. Rosenkoetter, farmer of Gilmer; and R. C. Highley, conservation contractor of Amarillo.

H. H. Williamson, director of the Texas Extension Service, will review conservation work in Texas, and M. R. Bently, extension agricultural engineer, will present the record of Texas counties using county owned machinery for conservation work.

In the same way, the cotton discussion of July 14 will be led by H. A. Wischkaemper, secretary of the Lonetree One-Variety Cotton Association of Victoria county; Julius Wittliff, chairman of the Copland One-Variety Cotton Association of Williamson county; G. A. Vestal, president, Quanaah Cooperative Society; R. A. Graham, president, NETEX Cooperative Gin Association, Greenville; and J. W. Jennings, farmer of Floydada.

The afternoon session will also be devoted to cotton, and will be featured talks by Burriss Jackson, Hillsboro, president of the Texas Cotton Improvement Committee; P. K. Norris, Washington, D. C., marketing specialist of the U. S. D. A.; and several members of the A. & M. College faculty.

The morning of the last day of the Short Course, July 15, will be given over to a review of the economic situation facing Texas agriculture, and will include talks by Dean E. J. Kyle of the A. & M. School of Agriculture and J. R. McCrary, Calvert, president of the Texas Cooperative Council.

Sectional meeting on various phases of agriculture, including wildlife, pasture and range management, entomology, poultry, dairying, swine, sheep and goats, and similar subjects will be held during the afternoons.

Home Demonstration club members and farm wives will follow a similar procedure in their meetings. Sletis Clinton, Minden, and Ruth Foshee, Greenville, 1936 and 1937 winners of the Texas Home Demonstration College scholarship award for 4-H Club girls, will be speakers.

Jane Alden, stylist of Chicago, will take part in the program, as will Mozelle Craddock, Texas Technological College, Lubbock; Ethie Eagleton, North Texas Agricultural College, Arlington; Paul Goesser, National Livestock and Meat Board, Chicago; Mrs. L. M. Hogsett, Fort Worth; Mrs. Jennie Moore, Houston, Mrs. Ellen S. Quillen, Director Ditte Memorial Museum, San Antonio.

Will Scott Richter, Dallas Architect, E. O. Rogers, social science teacher, Bridgeport; Mrs. Virginia Sharborough, University of Texas; Mrs. M. A. Snider, Muleshoe; Mrs. F. R. Starr, Houston; Barbara Van Huelen, Washington, Farm Credit Administration; Mrs. J. C. Merka, Bryan, and members of the A. & M. faculty.

General Sessions for both men and women will be held in the mornings, with Dr. T. O. Walton, president of Texas A. & M. College; Hon. Harry Brown, Assistant Secretary of Agriculture; Con. Mrs. Mattie Lloyd Wooten, Dean of Women, Texas State College for Women as speakers.

Group singing will be led by Walter Jenkins, Houston, song leader for Rotary International, and Nell Parmley, Austin, State Director of Music.

The evening entertainment series will feature an address by C. W. Wharburton, Washington, U. S. D. A. director of the Extension Service; M. M. Harris, editor, San Antonio Express; demonstrations of sound movie trucks; and musical items.

The Texas Home Demonstration Association will make the Short Course the occasion for its annual meeting, as will the Texas Certified Seed Breeders, the Texas Agricultural Writers, Texas Agricultural Experiment Station Workers, and the Texas Cooperative Institute.

McCraw so thoroughly as a showman and a crowd-getter that the McCraw drive went into the doldrums and has been there for two weeks.

The Thompson forces, meanwhile were cockily confident, asserting that their following had constituted a serious-minded group of voters who don't "go" for showmanship, and ballyhoo, and that they have suffered but little defection to either McCraw or O'Daniel. "When the bands get through playing and the circus closes up," said one shrewd politician, "the folks will cast their ballots for a candidate with a record, who originated a platform, and has discussed problems and issues of state government throughout the summer."

So the reader can take his choice—and he'll find plenty of support for either viewpoint in the hotel lobbies around the headquarters in Austin.

AUSTIN EXCITED

They declare the people are disgusted with the conventional politicians, and the O'Daniel boom is a spontaneous protest by the people, with characteristics similar to the uprising of the people in the Roosevelt Democratic victory in 1932. Austin, the hot-bed of politics, talks more about the O'Daniel movement than any other section of Texas, and some of the political experts here are quite hysterical over the situation but cooler heads point to O'Daniel's essential weaknesses—a complete lack of governmental experience or knowledge, a silly platform embracing the Ten Commandments, a will promise to pay all aged \$30 a month, and a lack of serious interest in his State government so complete that he didn't pay his poll tax. As one veteran here put it: "The boys and girls who paid \$1.75 for their ticket to the show, sure resent seeing a guy come in and sit in a box seat on a free licence of knowledge, a silly platform pass."

ANOTHER RACE WARMS UP

Nobody was paying much attention to other State races, with interest in the gubernatorial situation intensified by the O'Daniel boom. But in the Attorney General's race Judge Ralph Yarborough made slashing attacks at Houston and elsewhere upon the record of Lt. Gov. Walter Woodul who is admittedly in the top spot for this important race. Woodul declined to answer, but his friends raised the point that Yarborough's candidacy, while holding office as a district judge, is in direct vio-

lation of the Texas Bar Association's code of ethics, which forbids a judge to run for another office while holding a bench seat. Woodul's backers this week cited an "unprejudiced" newspaper survey of many communities, showing the Houstonian with a wide lead.

PENSION POSSIBILITIES

This column has pointed out on several occasions that voters will do well to remember, in listening to promises of all the candidates, that there are three branches of the State government, and that the greatest of these is the Legislature. Wild pledges of reform and largess to aged or other groups can only be fulfilled if the Legislature says so. The present legislature has demonstrated a conservative attitude toward payments of benefits out of the State treasury, as is shown by defeat of measures to liberalize pensions, and failure to provide funds for aid for blind, dependent children, and to put up the State's share of the school teachers' pension fund.

TURNOVER IS SMALL

There may be considerable turnover in the make-up of the next house, but not as great as in some other recent years. But in the Senate, there will likely be no great change of policy, because only one half of the Senate is up for re-election, and only about half the senators whose terms expire have serious opposition. The successful candidate for Governor may recommend what he is now promising, but it is a cinch that \$30-a-month pensions for everybody over 65 are NOT going to be voted by the Legislature. It is likely reasonable grants will be provided for blind and children and for teachers, since the people have approved these measures. Some liberalization of pension payments, with reduction of expense of operating the pension bureau, may also be approved. But the Senate has the last word, and the new Senate is not going to differ radically in its beliefs from the one now in office.

'You're a Sweetheart' Sunday, At Pastime

Music by McHugh & Adamson. Comedy by Andy Devine, Ken Murray and Oswald the stooge. Dancing by George Murphy and Alice Faye. Romance by the same. Which, if you add it up, makes a swell musical comedy.

Time was, not so long ago, when a stage or screen producer threw together most anything, injected a couple of songs and called it a musical comedy. It wasn't necessarily musical, nor was it necessarily comedy.

But, today, Hollywood has emerged with a true musical comedy formula, as true, or even truer, to form than the current presentations on Broadway. It emerges a true, screen form, which is a delight to see and to hear.

Exemplified in "You're a Sweetheart," opening Sunday at the Pastime Theatre, this new type of screen entertainment is both musical and comical. It embraces top-grade musical, dancing, comedy and specialty talent, performing against a true musical background plot.

Alice Faye sings five songs during the production, and leads two dancing choruses in unique formations and steps perfected by Carl

Randall, dance director at Universal studios. With George Murphy, now recognized as one of the most skillful and pleasing dancers on the screen, she does two dance numbers.

Mrs. W. A. Frazier and son, Jeff, and daughter, June, left Friday for a weeks trip to Carlisbad, N. M. and other points.

BY JULIAN CAPERS JR.

AUSTIN—Two schools of political thought, each including experienced, thoughtful observers, have sprung up here during the past two weeks regarding the W. Lee O'Daniel boom for governor. One holds that the O'Daniel movement to be a "freak" that will die out as rapidly as it sprung up, with O'Daniel's best efforts probably landing him in third or fourth place at best. Its adherents argue the hill-billy band is the big attraction, and that the novelty will wear off before the election. They also argue that "lots of folks go to a medicine show who don't buy any medicine," and contend that past political history has proved that big crowds frequently don't mean big votes, citing the campaign of elder Joe Bailey for governor, and various campaigns of Jim Ferguson, as examples.

SOME ARE WORRIED

The other school takes the O'Daniel phenomenon very seriously, and openly believes the thing may develop into a runaway movement that might land the Fort Worth radio entertainer in the Governor's chair, or at least in the runoff primary. They point out that a man appearing for years on a radio program builds up a close personal relationship with thousands of voters who may never have seen him, and who know or care very little about what he knows or thinks about governmental problems. Bill McCraw, for several years when he was District attorney of Dallas, made a weekly radio talk on legal questions, governmental problems and similar subjects, and smart insiders count this as one of the major factors in the defeat by McCraw, a comparatively unknown politician then, of an experienced State official with a State-wide following, for Attorney General in 1934.

HAS HURT McCRAW

Whatever else he has done or may do in his campaign, O'Daniel has crippled the McCraw campaign seriously. The attorney general started out as the master showman, who capitalized for months on his hearty hail-fellow, well-met attitude, his funny stories and his wise-cracks. Then O'Daniel came along, and outdid

McCORMICK DEERING—the ONLY Cream Separator with STAINLESS STEEL DISCS with Electrically Welded Stainless Steel Spacers

Stainless Steel Discs—this amazing improvement in cream separators is another triumph for McCormick-Deering. Here is a cream separator that brings to your milk room the same positive assurance of cleanliness, sanitation, and safety that you demand of kitchen equipment.

Stainless Steel Discs are absolutely rustproof. They are made of tough, strong, closely grained metal that will stay the same for years—there is no soft coating to wear away. As a result, the bowl in the McCormick-Deering will remain in balance a great deal longer than one having ordinary tinned carbon-steel discs.

Call on us for a demonstration—see this latest and greatest achievement in McCormick-Deering Cream Separators.

### Pig Iron and Watch Springs

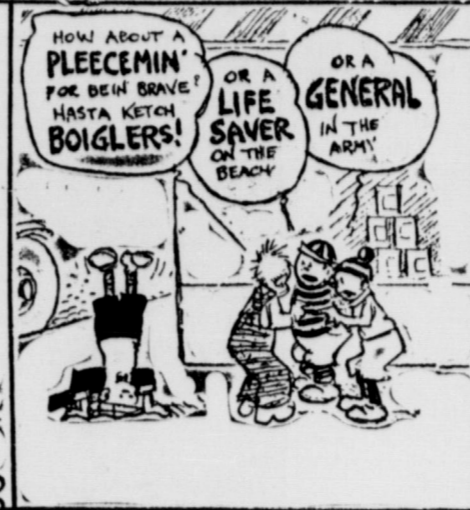

By T. C. RICHARDSON, Secretary  
Texas Breeder-Feeder Association

is a classic illustration of the skill which tells us that a ton of watch spring is worth several thousand times the value of a ton of pig iron or steel from which they are made. The same transformation, though such spectacular proportions occur every day on the farm. A ton of hay is a truck load worth a few dollars, and if it is far the ride will cost more than the hay. Feed the hay to a cow, the butterfat it produces is worth several times as much as the ton of hay and will sell for a dollar a bushel would be a price for barley, but Green

Creager of Wilbarger county sold 100 bushels of barley for \$300. It wasn't a rare and valuable variety for seed—just the ordinary barley. worth on the grain market at that time somewhere around 60 to 75 cents. It is no mystery and no fable. Mr. Creager had some pigs which had grown up on sudan grass pasture and skim milk. He ground the barley and fed it to the pigs; it sold for \$300 in the form of pork. Just another case of the bar steel and the watch springs.

Ten acres of "careless" weeds in Willacy county, Texas, old for about \$300 cash in 1919. A bunch of cows grazed it for three months with no other feed, and the cream

A few don'ts for the 4th of July celebration would not be amiss.

1. Don't be careless in handling explosives.
2. Don't look into firecrackers which have failed to explode.
3. Don't drive recklessly and at excess speeds.
4. Don't overdo in swimming, especially in water of unknown depth.

terest rates. The Congress passed the legislation over his veto. It thus became a law, notwithstanding the action of the President in vetoing it.

It was my privilege to make the motion and lead the fight which the measure was passed over the veto of the President. I felt and still feel that these low interest rates should be continued.

These are the lowest farm interest rates that have prevailed in this country, and they mean much to the entire Southwest.

### TO THE VOTERS OF DONLEY COUNTY—

Just a word of explanation as to why I am not seeing every voter in the county on my campaign for sheriff: In the past few weeks the washing rains have wrought such havoc on my farm and with my crops that it has been absolutely necessary for me to stay on the job, and I am still not up with my work.

I will see every voter, if at all possible, but if I do not please do not feel that I am willfully neglectful and careless about soliciting your vote. I want your vote for sheriff and take this method of again urging my candidacy before the people of Donley County.

Sincerely yours,  
M. (Milt) W. Mosley.  
(Political adv.)

Mrs. Milt Mosley and Mrs. Hugh Riley went to Big Spring Monday after receiving a wire that Mrs. Jiggs Mosley was seriously ill there.

produced brought the owner of the cows \$100 a month, better than \$3. a day! The transformation did the trick. The weed-grown ten acres of oil field paid the owner more than any ten acres he had in cotton, and cotton was worth 35 cents a pound that year. If he hadn't had the cows, if the cows hadn't that miraculously alchemy, the ten acres would have paid no rent, he would have been short \$300 for three months milking chores, and the whole community would have been \$300 less well off at the end of the year.

These are extreme cases, but facts nevertheless. Why sell pig iron when you can make watch springs of it? Eggs and milk, meat and wool are but the refined forms of grain and forage. Several acres of crops can be

wrapped in a steer's hide; a good cow, well fed, will produce milk or butter-fat equal to her own value every year, and raise a calf beside; a ewe will raise a lamb worth as much on the market as his dam in half a year and pay for the privilege in wool.

Feed crops, whether of grain or roughage, are worth no more for productive purposes after a long ride by truck or train than when they are on the farm where they grew. Clearly then the farmer who turns them into finished products right on the ground has a distinct advantage in the economy of production; and economy of production is the first step toward profitable sale.

It is never true economy to stint the feed of growing animals and fowls which are to be sold. Rather the farmer, thinking in

terms of selling his feed to the best advantage, tries to get as much of it as possible into meat, milk or eggs. It is also sometimes good economy to buy whatever is necessary to make up a good balanced ration if the farm does not supply it. In other words, corn alone will fatten a hog, but with a protein supplement, it will go farther and fatten better.

Young fowls and young animals make most rapid gains in weight and weight is primarily what we sell, but the young need more highly concentrated feeds than the old. It is not true economy to try to make baby beef with hay or fit turkeys for market without grain. Both weight and quality decide the price, and both must be kept in mind, especially in the latter part of the finishing period. The rule among successful feeders to "keep 'em growing fast when young and crowd 'em with everything they need and will take before you go to town with 'em."

### 'No Accidents' Would Mean Glorious Fourth

AUSTIN, June 30—It would be a glorious Fourth of July if no accidents occurred to mar the joy of celebrating our one hundred and sixty-second anniversary of independence, declared Dr. Geo. W. Cox, State Health Officer. It is most unfortunate that a day of joy and celebration leaves in its wake one of sadness and sorrow in many homes.

It is not alone the wounds received from explosives that increase our death toll. Injuries from automobile accidents, splinters, nails, and other penetrating wounds in which dirt may be carried into the skin, heighten the hazard of tetanus, or lockjaw as the disease is commonly called.

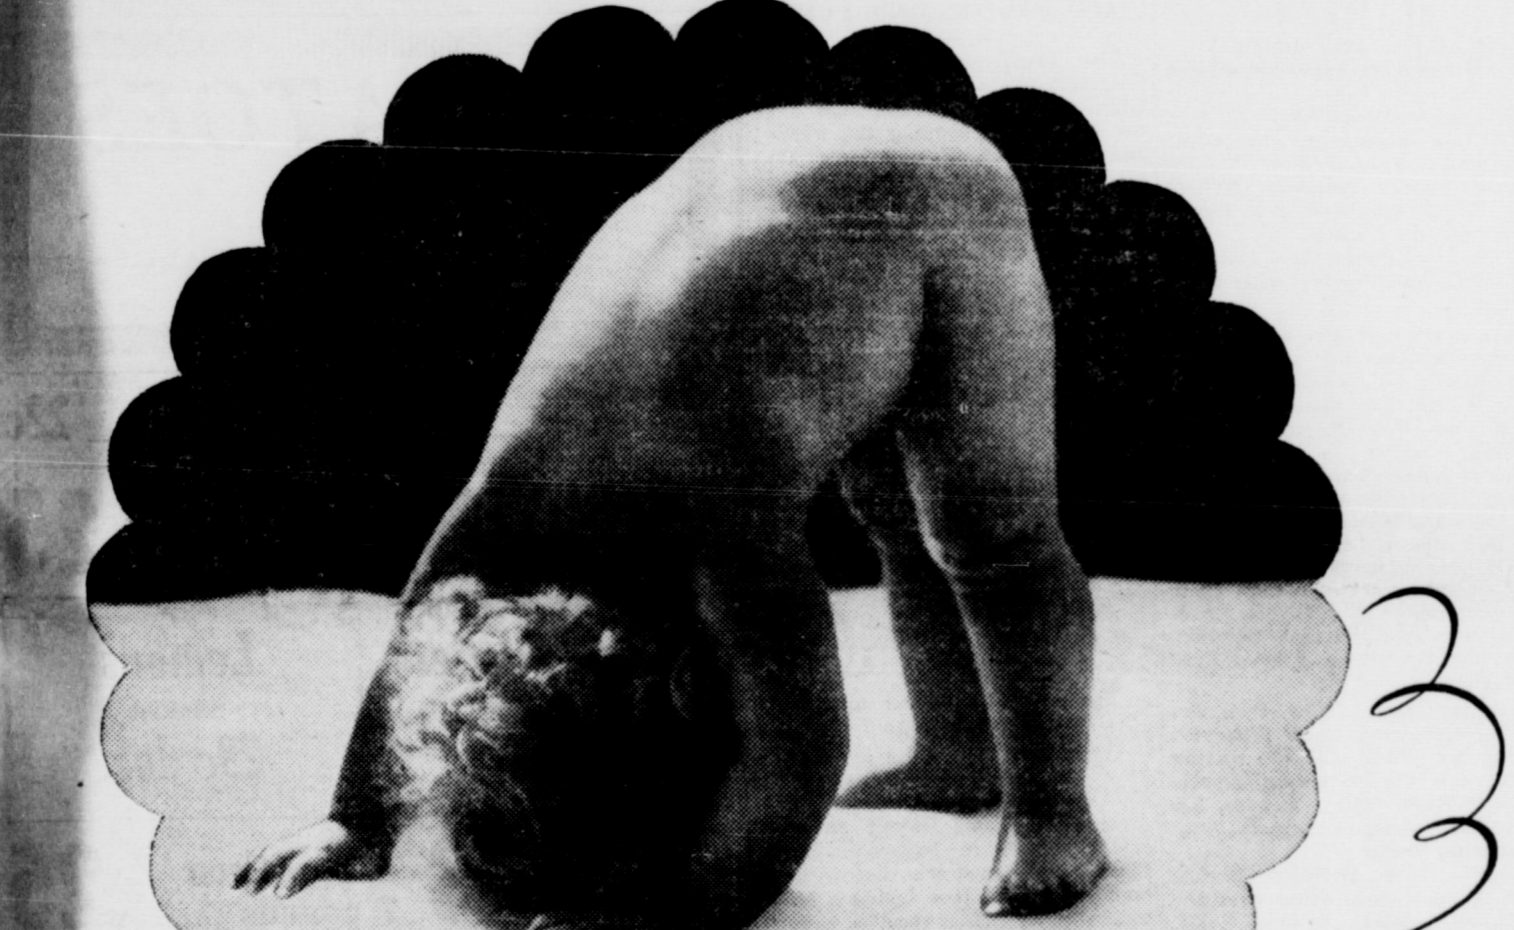

Tetanus is fatal in a large portion of cases. Fortunately we have tetanus antitoxin as a means of preventing the disease. Antitoxin must be administered promptly following the accident. Treatment

# Oh, if your Engine only could

OF COURSE, you can't leave your engine standing on its head every time you park, but you can have it OIL-PLATED. And OIL-PLATING not only goes clear up inside your engine, but stays there — for hours — weeks — months — even while the engine is right-side up at a standstill! Now why is that better?

Well, this exclusive OIL-PLATING — formed in your engine solely by patented Conoco Germ Processed oil — is always up there ready to lubricate before other oils could even begin to circulate. Therefore, every start you make finds cylinders,

rings, bearings and other parts self-lubricated in advance. The action of the patented Germ Process has kept them continuously charged with oil, or OIL-PLATED.

They cannot "start dry," and thus you are rid of engine enemy No. 1. Good platings don't evaporate either, or lose their grip during Summer spurts. You can tell that about OIL-PLATING by noting how Conoco Germ Processed oil maintains the oil-level. Head in at Your Mileage Merchant's. Continental Oil Company

CHEESE FACTORY MAKES 13 ROUTES FOR MILK PICK-UP

Coleman county now has a unique industry, a cheese factory, owned by the Central Foods Products. Opened May 15 in Coleman, the new factory is extending its services throughout the entire county and into adjoining counties by establishment of 13 milk routes.

V. W. Boyer, manager, and E. Knudson, owner of the Coleman plant, state that farmers of the county are giving the new county firm a great deal of cooperation. Thousands of dollars worth of equipment have been placed in the old creamery building where the plant is located.

COMMITTEE TO PLACE MARKER AT TOWNSITE

A committee composed of Jerome Stocking, Harold Bugbee and J. C. Estlack Wednesday made arrangements to place a marker on Eagle Hill overlooking Old Clarendon. The monument is to be placed on the spot where the old flag pole once stood. It is hoped to have the marker in place by the fourth.

Sam M. Braswell went to Plainview Wednesday to install the newly elected officers for the Plainview Lions Club, returning here in the afternoon.

Continued Rainfall Hinders Replanting

Rains continued this week and the latter part of last week to prevent replanting of crops by farmers. 2.10 inches of rain fell Saturday afternoon at 3:00 o'clock and there were heavy showers Friday Monday and Tuesday.

For those farmers who have finished their planting, the rains were of much benefit in bringing up te crops, and those whose crops were not washed out or hailed out during the recent storms, were benefited somewhat also. None of the rains were damaging to roads or bridges beyond making them rather rough and muddy. The dams were not obviously strained by the additional rainfall.

Sheriff Asks For Quiet July Fourth

"I am asking the people of Clarendon and Donley county to observe July 4th in a safe and sane manner. Special efforts will be made to keep down the shooting of fireworks and eliminate drunken driving, and I ask the people of Donley county to cooperate in this movement," Sheriff Guy Pierce said Wednesday morning.

A large crowd will be in the city to observe Clarendon's 4th of July Celebration and Rodeo. Pierce has been promised the services of two state highway patrolmen and possibly a third one, to look after the traffic problem and minimize law violations.

Special Bread For Picnic Sandwiches

PLAIN bread is just the thing for the hearty sandwich part of the picnic menu. But don't forget that many grown-ups and all children like sweet sandwiches, too—and for these you should have a bread which harmonizes with the filling. In fact, these fancy breads are perfectly delicious made into bread and butter sandwiches, without a filling. Here are a couple of recipes which will arm you for any occasion—indoors or outdoors:

**Chef's Nut Bread**  
3 cups sifted flour  
3 teaspoons double-acting baking powder  
1 teaspoon salt  
1/2 cup sugar  
1 cup chopped nut meats  
1 egg, well beaten  
1 cup milk  
4 tablespoons melted butter or other shortening  
Sift flour once, measure, add baking powder, salt, and sugar, and sift again. Add nuts. Combine egg,

**Fruit Bread**  
3 cups sifted flour  
4 teaspoons double-acting baking powder  
1 1/2 teaspoons salt  
1/2 cup sugar  
3 cups graham flour  
3/4 cup candied orange peel, thinly sliced  
2 eggs, well beaten  
1 1/2 cups milk  
4 tablespoons melted butter or other shortening  
Sift flour once, measure, add baking powder, salt, and sugar, and sift again. Combine graham flour, orange peel, and nuts, and add to flour mixture. Combine eggs, milk, and shortening; add to flour mixture and blend. Bake in two greased loaf pans, 7 x 3 x 2 1/2 inches, in moderate oven (350° F.) 1 hour, or until done.

Clarendon Band Will Get Pampa Trophy

Notice has been received by Ray Robbins, director, that the Clarendon band will be presented with a trophy won at the Top O' Texas Fiesta in Pampa June 9. The trophy will probably be presented at the band contests here at the fourth of July celebration.

The Clarendon band was highly complimented on its marching form and playing in the Pampa parade in which many top bands, including Amarillo, Shamrock, and Pampa bands, participated.

JEROME PRICE WILL CELEBRATE BIRTHDAY

July 4th is not only the birthday of the United States of America; it is also the birthday of one of Clarendon's better known citizens, Jerome Price claims the 4th as his natal day. He is expecting to celebrate in a big way this year with a cake and a gift from his sister, as well as taking in all the events here.

Blanche Elizabeth Patterson of Fort Worth is visiting her cousin Mrs. Simmons Powell.

PARKING LANES REMARKED BY CITY HERE WEDNESDAY

White car parking lanes were marked off on Clarendon business streets Wednesday by Chief of Police A. J. Brown and a crew of workmen.

The old markers had become faded and new markers will facilitate parking problems in the business district.

Cars Damaged In Wreck Monday

The automobile driven by W. E. Hardin sustained a damaged right rear fender, a damaged tire and hub cap, Monday afternoon in front of Pierce's Book Store when the car driven by Mrs. Clyde I. Price collided with Mr. Hardin's car. The Price car received a broken bumper as it hung on the fender of the Hardin car.

Mrs. Price was driving away from the curb on the north side of the Donley County State Bank and Mr. Hardin was driving east in Highway 370.

Mrs. L. E. Merrell of Memphis spent the week-end with her mother, Mrs. John Sims.

Bro. Stovall delivered a very interesting message to the people that were present for Sunday School Sunday morning. There were 55 present and new literature was distributed.

Cora Lee Jordan spent Saturday night and Sunday with Doris Bailey.

Mrs. Gray and son of Houston are now visiting her parents, Mr. and Mrs. J. H. Easterling.

L. B. Hartzog spent Saturday night with Pete Morrow.

Those visiting in the George Bulman home Sunday were, Mr. and Mrs. Carl Peabody and daughter, Mr. and Mrs. J. F. Cannon, Mr. and Mrs. Lloyd Moreland and family, Mr. Sam Pool, Mr. and Mrs. Richard Cannon, Frank Cannon, Pete Morrow, L. B. Hartzog, Winston Wood, Melba Christie, Geraldine Rampy, and Mrs. Fred Easterling.

Mr. and Mrs. Rufus Pool are leaving this week for the harvest where Mr. Pool will be cutting wheat for the coming month.

Kitty Ruth Baley had as her guest last week, her cousin from Spearman, Texas.

Charlie and Dorothy Parker from Quail were visiting over the week-end in the C. A. Jones home.

Mr. J. D. Wood received word from Bro. McClung that he could not be here until the night of August 15 to start the meeting.

It seems that it just can't quit raining long enough for the farm-
